रिडेवलपमेंट पर असमंजस में धारावीकर

15 अप्रैल तक निवासियों को दस्तावेज जमा करने का निर्देश

■ मुंबई (सं). धारावी पुनर्विकास परियोजना के तहत झुग्गी वासियों की पात्रता निर्धारित करने के लिए धारावी पुनर्वास प्राधिकरण और नवभारत मेगा डेवलपर्स प्राइवेट लिमिटेड (एनएमडीपीएल) द्वारा सर्वेक्षण किया जा रहा है. यद्यपि सर्वेक्षण अपने अंतिम चरण में है, फिर भी कई लोगों ने सर्वेक्षण पूरा नहीं किया है या दस्तावेज जमा नहीं किए हैं. इसलिए ऐसे झोपड़पट्टी धारकों को अपने दस्तावेज जमा करने के लिए 15 अप्रैल तक की मोहलत दी गई है. डीआरपी और एनएमडीपीएल ने धारावी में मार्च 2024 में सर्वेक्षण शुरू किया था. इस दौरान शुरुआत में धारावी के निवासियों सर्वेक्षण का भारी विरोध किया था. हालांकि, बाद से सर्वेक्षण में तेजी आई है और एक वर्ष में 63,000 झोपड़ियों का सर्वेक्षण पूरा किया गया तथा 89 हजार झोपड़ियों को नंबर दिए गए हैं. अब सर्वेक्षण कार्य तेज हो गया है और डीआरपी की योजना अगले कुछ दिनों में सर्वेक्षण

पूरा करने की है. जबकि धारावी में कई झुग्गीवासी सर्वेक्षण के प्रति अभी भी उदासीन हैं और दस्तावेज जमा नहीं कर रहे हैं. चूंकि अपील के बावजूद ऐसे झोपड़ी मालिक आगे नहीं आ रहे हैं, इसलिए अब इन झोपड़ी मालिकों को अपने दस्तावेज जमा करने के लिए समय सीमा दे दी गई है.

डीआरपी ने जारी किया बयान

डीआरपी के बयान के अनुसार, यह स्पष्ट किया गया है कि दस्तावेज जमा करने की समय सीमा 15 अप्रैल, 2025 तक बढ़ा दी गई है, तथा जिन लोगों ने अपने दस्तावेज जमा नहीं किए हैं, उनसे आग्रह किया गया है कि वे आगे आएं और सर्वेक्षण में भाग लें. हालांकि डीआरपी ने पहले चेतावनी दी थी कि जो लोग सर्वेक्षण में भाग नहीं लेंगे, उन्हें पुनर्वास योजना के तहत आवास लाभ से वंचित कर दिया जाएगा.

हमारी कुछ मांगें हैं...

15 अप्रैल तक की डेडलाइन घोषित किए जाने से धारावी के निवासी असमंजस में हैं. क्योंकि इसमें दस्तावेज जमा करने की अंतिम तिथि स्पष्ट रूप से बताई गई है. धारावी बचाओ आंदोलन ने अब सवाल उठाया है कि क्या जो झुग्गीवासी समय सीमा के भीतर दस्तावेज जमा नहीं कर पाएंगे. उनके घरों से वंचित कर दिया जाएगा? हम धारावी के पुनर्विकास के विरोधी नहीं हैं. लेकिन हमारी कुछ मांगें हैं, हम मांग करते हैं कि उन्हें पूरा किया जाए. और

एयरपोर्ट पर फेंके गए मृत नवजात शिशु की मां मिली

मुंबई. मुंबई एयरपोर्ट पर कूड़ेदान में मिले नवजात शिशु के शव मामले में पुलिस ने बड़ी कामयाबी हासिल की है. बीते सप्ताह सामने आए इस सनसनीखेज मामले में रविवार को पुलिस ने आरोपी लड़की को ढूंढ़ निकाला. जांच में चौंकाने वाला खुलासा हुआ कि आरोपी एक 16 वर्षीय नाबालिग छात्रा है. इस मामले में पुलिस ने किशोरी को गर्भवती बनाने वाले उसके प्रेमी युवक के खिलाफ पॉक्सो एक्ट और बलात्कार की धाराओं में केस दर्ज किया है. जांच के दौरान किशोरी की मां ने बताया कि वे अपनी बेटी के साथ रांची जाने वाली थीं, लेकिन सात माह की गर्भवती होने के कारण ट्रेन यात्रा जोखिम भरी हो सकती थी. इसलिए उन्होंने फ्लाइट का विकल्प चुना. हालांकि, मुंबई एयरपोर्ट पर किशोरी को अचानक प्रसव पीड़ा हुई, जिसके चलते वह शौचालय गई और वहीं गर्भपात हो गया. नवजात पूरी तरह विकसित नहीं था, जिसे घबराहट में कूड़ेदान में फेंक दिया गया. सीसीटीवी फुटेज में युवती पीड़ा से परेशान नजर आई थी. मेडिकल जांच के बाद उसे उसकी मां के साथ रिहा कर दिया.

सिडको करेगी 26 किमी एलिवेटेड कॉरिडोर का निर्माण

45 मिनट में पूरी होगी एयरपोर्ट से ठाणे की दूरी

■ **ठाणे,** (सं). उप मुख्यमंत्री एवं वित्त मंत्री अजित पवार ने बजट पेश करने के दौरान ठाणे -नवी मुंबई एलिवेटेड रोड निर्माण की घोषणा की थी. अब इस पर काम शुरू हो गया है. नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे को सीधे ठाणे को जोड़ने के लिए 26 किलोमीटर लंबी एलिवेटेड सड़क निर्माण का प्रस्ताव ससिडको ने तैयार किया है. इस परियोजना पर लगभग 8000 करोड़ रुपये खर्च अपेक्षित है. इसके लिए एक एक वित्तीय सलाहकार की पहचान की गई है. सड़क निर्माण के बाद 45 मिनट में ठाणे से हवाई अड्डा तक पहुंचा जा सकेगा.

जून में शुरू होगा नवी मुंबई हवाई अड्डा

■ गौरतलब हो कि नवी मुंबई एयरपोर्ट जून महीने में शुरू हो जाएगा. अटल समुद्र सेतु मुंबई को नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे से जोड़ता है. लेकिन ठाणे से नवी मुंबई तक जाने के लिए ठाणे-बेलापुर रोड और पाम बीच रोड ही है.

■ दोनों मार्गों पर हमेशा ट्रैफिक जाम रहता है. जिसको देखते हुए सिडको ने ठाणे शहर को सीधे हवाई अड्डे से जोड़ने के लिए 26 किलोमीटर लंबी सड़क का प्रस्ताव तैयार किया है.

■ इस एलिवेटेड कॉरिडोर के लिए विस्तृत परियोजना रिपोर्ट तैयार की जा रही है. नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे तक मुंबई एवं ठाणे जैसे प्रमुख क्षेत्रों के बीच संपर्क बढ़ाने के लिए, सिडको और मुंबई महानगर क्षेत्र विकास प्राधिकरण ने प्रमुख बुनियादी ढांचा परियोजनाओं की शुरुआत की है.

पटनी चौक से शुरू होगी सड़क

एक अधिकारी ने बताया कि नए कॉरिडोर का उद्देश्य हवाई अड्डे की ओर जाने वाले यात्रियों को सुविधा प्रदान करना है. यह सड़क ठाणे के पटनी चौक से शुरू होगी और ठाणे-बेलापुर रोड के समानांतर 17 किलोमीटर की दूरी तय करते हुए वाशी तक जाएगी. वाशी से एयरपोर्ट तक 9 किलोमीटर का हिस्सा एक डबल-डेकर एलिवेटेड रोड होगा. पटनी चौक और वाशी के बीच पर्यावरण संबंधी अड़चनें कम हैं, लेकिन वाशी से एयरपोर्ट तक कोरिडोर का दूसरा चरण मैंग्रोव और सीआरजेड वाले क्षेत्रों से होकर गुज़रता है.

कई पुलों और सड़कों के निर्माण की योजना

इस मार्ग की 8,000 करोड़ है. सिडको अधिकारी के मुताबिक मंजूरी, भूमि अधिग्रहण और पर्यावरणीय मंजूरी पूरा होने की समय सीमा निर्धारित करने में महत्वपूर्ण भूमिका निभाएगी. इस एलिवेटेड कॉरिडोर के अलावा, सिडको ने नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे तक पहुंच को बेहतर बनाने के लिए कई सड़कों और पुलों की भी योजना बनाई है.

एक पाप छिपाने के लिए दूसरा पाप

कॉलेज छात्रा ने फेंका कूड़ेदान में नवजात!

एयरपोर्ट के टॉयलेट में हुई थी डिलिवरी

सामना संवाददाता / मुंबई

मुंबई एयरपोर्ट पर हैरान कर देने वाली घटना सामने आई है। कॉलेज की एक नाबालिग छात्रा ने एक पाप को छिपाने के लिए दूसरा पाप किया, लेकिन उसका गुनाह छिप न सका और वह पुलिस के हत्थे चढ़ गई। पुलिस ने छात्रा के साथ उसकी मां को भी गिरफ्तार किया है। असल में एक हफ्ते पहले मुंबई एयरपोर्ट के टॉयलेट के कूड़ेदान में नवजात शिशु की लाश मिली थी। पुलिस छानबीन में जो सच्चाई सामने आई वह बेहद हैरान कर देने वाली है। मृत नवजात शिशु की मां १६ वर्षीय कॉलेज छात्रा है। वह पालघर की रहने वाली है। पुलिस के मुताबिक, छात्रा ७ महीने की गर्भवती थी। नाबालिग छात्रा का एक लड़के के साथ प्यार का चक्कर था। इस बीच वह गर्भवती हो गई। उसने अपने परिवार से यह बात छिपाए रखी, लेकिन ज्यादा दिनों तक राज छिप न सका और छात्रा के गर्भवती होने की बात जब उसकी मां को पता चली तो बेटी की करतूत से मां हैरान हो गई। काफी देर होने के चलते उनके पास सिर्फ डिलिवरी करवाना ही एक चारा बचा था। पालघर में या मुंबई में यह डिलिवरी होती, तो सबको पता चल जाएगा। बदनामी के डर से मां ने रांची जाकर डिलिवरी करवाने की सोची। छात्रा और उसकी मां मुंबई एयरपोर्ट से फ्लाइट पकड़ने वाली थी। दोनों वहां पहुंचीं, लेकिन छात्रा के पेट में अचानक दर्द होने लगा। छात्रा की मां को अंदेशा हुआ कि दर्द प्रसव का है तो वह फौरन बेटी को टॉयलट में ले गई, छात्रा का प्रसव हो गया।

नई बिजली दर लागू होने के बाद भी टाटा से महंगी ही रहेगी अडानी की बिजली!

बिजली आपूर्ति शुल्क 18 प्रतिशत होगा कम

सामना संवाददाता / मुंबई

राज्य विद्युत नियामक आयोग ने बिजली की नई दरें लागू की हैं। इससे उपभोक्ताओं को सस्ती दर पर बिजली मिलने की उम्मीद है। आयोग द्वारा निर्धारित नई दर लागू होने के बाद भी टाटा, बेस्ट की अपेक्षा अडानी की बिजली महंगी ही रहेगी। यानी उपभोक्ताओं को अडानी की अधिक दर वाली बिजली लेनी पड़ेगी।

बता दें कि अडानी पॉवर ने ९६,७९३ करोड़ रुपए खर्च का प्रस्ताव पेश किया था, इसके बदले में आयोग ने ८३,९५८ करोड़ रुपए के खर्च को मंजूरी दी। अगले ५ वर्षों में अडानी की बिजली आपूर्ति की वर्तमान प्रति यूनिट औसत दर १०.०६ रुपए से घटकर ७.७९, ७.२४, ७.०८, ७.५ और ७.५१ रुपए हो जाएगी।

महावितरण को सता रही राजस्व घाटे की चिंता!

आयोग द्वारा बिजली दरों में कटौती करने और एक अलग अंकगणित पेश करने से महावितरण को इस बात की चिंता सता रही है कि अगले ५ वर्षों में उसे कितना राजस्व मिलेगा। अधिकतम बिजली मांग को कम करने के उद्देश्य से शाम ५ से रात १० बजे के बीच स्मार्ट मीटर (टीओडी) रखने वाले वाणिज्यिक और औद्योगिक ग्राहकों को २० प्रतिशत अधिक दर के प्रावधान के कारण स्मार्ट मीटर लगाने के अभियान में कठिनाइयों के संकेत हैं।

महावितरण को हो रहे घाटे को पूरा करने के लिए कंपनी ने बिजली दर तय करने की मांग की थी। महावितरण की परिकल्पना थी कि मुख्यमंत्री सौर कृषि वाहिनी योजना सहित गैर-पारंपरिक ऊर्जा परियोजनाओं से सस्ती बिजली मिलेगी और बिजली दरें कम हो जाएंगी। लेकिन इस साल से राज्य विद्युत नियामक आयोग ने घरेलू, औद्योगिक और वाणिज्यिक ग्राहकों के लिए बिजली दरों में कमी कर दी है और महावितरण को अगले ५ वर्षों तक राजस्व की समस्या का सामना करना पड़ेगा।

अडानी पॉवर कंपनी की दर

यूनिट	वर्तमान दर	नई दर
०-१००	६.४०	६.३८
१०१-३००	९.१०	९.६३
३०१-५००	११.१०	११.०३
५०० प्लस	१२.४०	११.९८

टाटा पॉवर की बिजली दर

इसी तरह टाटा पॉवर कंपनी ने ४,९६० करोड़ रुपए के बिजली दरों में बढ़ोतरी का प्रस्ताव दिया था, जिसमें से ४,५९१ करोड़ रुपए को आयोग ने मंजूरी दे दी है। इस वर्ष औसत बिजली आपूर्ति शुल्क १८ प्रतिशत कम हो रहा है और ७.५६ रुपए प्रति यूनिट होगा और ५ वर्षों में घटकर ६.६३ रुपए हो जाएगा।

यूनिट	वर्तमान दर	नई दर
०-१००	५.३३	४.७६
१०१-३००	८.५१	४.७६

है। यानी पांच साल बाद भी अडानी की बिजली टाटा आदि कंपनियों से महंगी रहेगी।

महावितरण ने ४८ हजार करोड़ के घाटे का दिया था प्रस्ताव

इस संबंध में महावितरण के स्वतंत्र निदेशक विश्वास पाठक ने मीडिया से बात करते हुए कहा कि महावितरण ने लगभग ४८ हजार करोड़ रुपए के घाटे का प्रस्ताव पेश किया था। लेकिन आयोग ने गणना करके ४४ हजार करोड़ रुपए का राजस्व अधिशेष दिखाया है। महावितरण ने अनुमान लगाया था कि 'मुख्यमंत्री सौर ऊर्जा' योजना के माध्यम से अगले साल से सस्ती सौर बिजली उपलब्ध होगी।।

सिडको करेगी 26 किमी एलिवेटेड कॉरिडोर का निर्माण

45 मिनट में पूरी होगी एयरपोर्ट से ठाणे की दूरी

■ **ठाणे,** (सं). उप मुख्यमंत्री एवं वित्त मंत्री अजित पवार ने बजट पेश करने के दौरान ठाणे -नवी मुंबई एलिवेटेड रोड निर्माण की घोषणा की थी. अब इस पर काम शुरू हो गया है. नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे को सीधे ठाणे को जोड़ने के लिए 26 किलोमीटर लंबी एलिवेटेड सड़क निर्माण का प्रस्ताव ससिडको ने तैयार किया है. इस परियोजना पर लगभग 8000 करोड़ रुपये खर्च अपेक्षित है. इसके लिए एक एक वित्तीय सलाहकार की पहचान की गई है. सड़क निर्माण के बाद 45 मिनट में ठाणे से हवाई अड्डा तक पहुंचा जा सकेगा.

जून में शुरू होगा नवी मुंबई हवाई अड्डा

■ गौरतलब हो कि नवी मुंबई एयरपोर्ट जून महीने में शुरू हो जाएगा. अटल समुद्र सेतु मुंबई को नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे से जोड़ता है. लेकिन ठाणे से नवी मुंबई तक जाने के लिए ठाणे-बेलापुर रोड और पाम बीच रोड ही है.

■ दोनों मार्गों पर हमेशा ट्रैफिक जाम रहता है. जिसको देखते हुए सिडको ने ठाणे शहर को सीधे हवाई अड्डे से जोड़ने के लिए 26 किलोमीटर लंबी सड़क का प्रस्ताव तैयार किया है.

पटनी चौक से शुरू होगी सड़क

एक अधिकारी ने बताया कि नए कॉरिडोर का उद्देश्य हवाई अड्डे की ओर जाने वाले यात्रियों को सुविधा प्रदान करना है. यह सड़क ठाणे के पटनी चौक से शुरू होगी और ठाणे-बेलापुर रोड के समानांतर 17 किलोमीटर की दूरी तय करते हुए वाशी तक जाएगी. वाशी से एयरपोर्ट तक 9 किलोमीटर का हिस्सा एक डबल-डेकर एलिवेटेड रोड होगा. पटनी चौक और वाशी के बीच पर्यावरण संबंधी अड़चनें कम हैं, लेकिन वाशी से एयरपोर्ट तक कोरिडोर का दूसरा चरण मैंग्रोव और सीआरजेड वाले क्षेत्रों से होकर गुज़रता है.

कई पुलों और सड़कों के निर्माण की योजना

इस मार्ग की 8,000 करोड़ है. सिडको अधिकारी के मुताबिक मंजूरी, भूमि अधिग्रहण और पर्यावरणीय मंजूरी पूरा होने की समय सीमा निर्धारित करने में महत्वपूर्ण भूमिका निभाएगी. इस एलिवेटेड कॉरिडोर के अलावा, सिडको ने नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे तक पहुंच को बेहतर बनाने के लिए कई सड़कों और पुलों की भी योजना बनाई है.

Adani Green eyes $2 bn for its largest RE project

Anirudh Laskar

anirudh.l@htlive.com

MUMBAI: Adani Green Energy Ltd plans to sell shares to global investors to raise about $1.4 billion in the first quarter of FY26, two people familiar with the matter said, as part of a $2 billion fundraising to power its solar and wind energy projects in India. The rest will be raised through local bank loans, the people cited above said on the condition of anonymity, adding the company plans to mobilise a total of $4-5 billion across FY26.

If Adani Green manages to raise $1.4 billion by selling shares, it would be its largest equity capital raise ever. The company is working on various solar and wind energy projects across India, aiming to capitalize on the country's efforts to achieve net zero status by 2050.

Shares of Adani Green closed 1.1% down at ₹949 on the BSE on Friday, having risen from ₹774 on 28 February.

"Interest rates in the international bond market are high at 7-9%, which is why the group now prefers to raise capital through equity and vanilla debt from Indian lenders. Rates in the domestic market are still better even though the tenures of debt maturities are a bit shorter, which can be worked out," the person said, adding shares may be issued on a private placement basis to offshore global private equity and pension funds, mostly from the US and Canada.

Most of the funds may be used for Adani Green's solar project in Gujarat's Khavda. ISTOCKPHOTO

Most of the funds may be used for Adani Green's solar project in Gujarat's Khavda, designed to be the world's largest single-location renewable energy project across 538 sq. km. The project currently has 2.4 GW operational capacity, and targets to raise it to 30GW by 2029.

"The group has access to international markets and diversified sources of funding with elongated maturities up to 20 years," the second person added.

Queries emailed to an Adani group spokesperson remained unanswered.

The last major sale of AGEL equity shares was in June 2023 when the promoter entities sold some of their stakes in Adani Green Energy and flagship Adani Enterprises to raise $1 billion to prepay debt. In January 2024, Adani Green raised ₹2,337.51 crore through a preferential allotment of warrants to Ardour Investment Holding.

Adani Green is holding roadshows to attract investor interest for the fund-raising. In a February presentation to potential investors, Adani Green said it is the only company to have strategic sites of 2,50,000 acres for solar and wind plant development and over 5 GW for PSP (pumped storage projects) development backed by "comprehensive geotechnical studies, and a fully prepared evacuation infrastructure". It said AGEL's operational capacity addition achieved a CAGR of 41% in last five years against an industry CAGR of approximately 13%, and is on track to achieve its stated target of 50 GW by 2030. The company's run-rate Ebitda or operating income at the end of FY24 stood at ₹10,462 crore.

According to the Adani presentation, India is expected to see peak demand of 388 GW by FY32 from 250 GW in FY25 due to increasing demand from data centres, higher GDP growth, rising manufacturing demand, deepening electrification, rising penetration of consumer goods and fast urbanisation.

Adani Green eyes $2 bn for its largest RE project

MUMBAI: Adani Green Energy Ltd plans to sell shares to global investors to raise about $1.4 billion in the first quarter of FY26, two people familiar with the matter said, as part of a $2 billion fundraising to power its solar and wind energy projects in India. The rest will be raised through local bank loans, the people cited above said on the condition of anonymity, adding the company plans to mobilise a total of $4-5 billion across FY26.

If Adani Green manages to raise $1.4 billion by selling shares, it would be its largest equity capital raise ever. The company is working on various solar and wind energy projects across India, aiming to capitalize on the country's efforts to achieve net zero status by 2050.

Shares of Adani Green closed 1.1% down at ₹949 on the BSE on Friday, having risen from ₹774 on 28 February.

"Interest rates in the international bond market are high at 7-9%, which is why the group now prefers to raise capital through equity and vanilla debt from Indian lenders. Rates in the domestic market are still better even though the tenures of debt maturities are a bit shorter, which can be worked out," the person said, adding shares may be issued on a private placement basis to offshore global private equity and pension funds, mostly from the US and Canada.

Most of the funds may be used for Adani Green's solar project in Gujarat's Khavda, designed to be the world's largest single-location renewable energy project across 538 sq. km. The project currently has 2.4 GW operational capacity, and targets to raise it to 30GW by 2029.

"The group has access to international markets and diversified sources of funding with elongated maturities up to 20 years," the second person added.

Queries emailed to an Adani group spokesperson remained unanswered.

The last major sale of AGEL equity shares was in June 2023 when the promoter entities sold some of their stakes in Adani Green Energy and flagship Adani Enterprises to raise $1 billion to prepay debt. In January 2024, Adani Green raised ₹2,337.51 crore through a preferential allotment of warrants to Ardour Investment Holding.

પાલઘરની 16 વર્ષની વિદ્યાર્થિનીની મુંબઈ એરપોર્ટના ટોઈલેટમાં પ્રસૂતિ

- કચરાપેટીમાં નવજાતને ફેંકી ફ્લાઈટમાં નીકળી ગઈ

ભાસ્કર ન્યૂઝ | મુંબઈ

મુંબઈના છત્રપતિ શિવાજી મહારાજ ઈન્ટરનેશનલ એરપોર્ટ પર ટર્મિનલ-2 ખાતે 5 માર્ચે કચરાપેટીમાંથી મળેલા મૃત નવજાતનો ભેદ ઉકેલાતાં ખળભળાટ મચી ગયો છે. પાલઘરની 16 વર્ષની વિદ્યાર્થિની રાંચી જતી હતી ત્યારે એરપોર્ટના ટોઈલેટમાં તેની પ્રસૂતિ થઈ હતી, જે પછી માતા- પુત્રી નવજાતને કચરાપેટીમાં ફેંકીની રાંચી નીકળી ગઈ હતી, પરંતુ પોલીસે સીસીટીવી કેમેરા પરથી આ કંડ પકડી પાડ્યું છે.

આ કિશોરી 7 મહિનાની ગર્ભવતી હતી. તેના પ્રેમી સાથ સંબંધ થકી તે ગર્ભવતી બની હતી. જોકે કિશોરીએ આ વાત પરિવારથી છુપાવી હતી.

ગર્ભવતી બન્યા પછી તેણે માતાને આ વાતની જાણ કરી હતી, પરંતુ ત્યાં સુધી બહુ મોડું થઈ ગયું હતું. ડિલિવરી કરાવ્યા વિના તેમની પાસે છૂટકો નહોતો. જોકે પાલઘર અથવા આસપાસમાં ડિલિવરી કરાવે તો પાડોશીઓને જાણ થતાં બદનામી થશે એવું વિચારીને રાંચીમાં જઈને ડિલિવરી કરવાની યોજના બનાવી હતી.

આથી 25 માર્ચે માતા- પુત્રીએ રાંચી જવા ફ્લાઈટ બુક કરી હતી. જોકે એરપોર્ટ પર પહોંચતાં અચાનક પેટમાં દર્દ ઊપડ્યું. આથી તે ટોઈલેટમાં ગઈ હતી, જ્યાં તેની પ્રસૂતિ થઈ ગઈ હતી. આ પછી નવજાતને કચરાપેટીમાં ફેંકી દીધું અને પુત્રીનાં કપડાં બદલીને બંને રાંચી જવા નીકળી ગયાં હતાં.

જોકે પોલીસે સીસીટીવી કેમેરાને આધારે બંનેને પકડી પાડી હતી. માતાએ કહ્યું કે રાંચી જવાના બે દિવસ પૂર્વે મારી પુત્રી લપસીને પડી હતી, જેને લીધે પ્રસૂતિની પીડા ઊપડી હતી. આથી આસપાસમાં માહિતી બહાર નહીં આવે તે માટે રાંચીમાં જઈને પ્રસૂતિ કરાવવાનું નક્કી કર્યું હતું. જોકે એરપોર્ટ પર પહોંચતાં જ પ્રસૂતિ થઈ ગઈ હતી.

પોલીસ હવે નવજાતને મારીને ફેંક્યું કે મૃત જન્મ્યું તે અંગે તપાસ કરી રહી છે. પોસ્ટમોર્ટમના અહેવાલની વાટ જોવાઈ રહી છે. દરમિયાન આ માતા- પુત્રી વિરુદ્ધ ગુનો દાખલ કરવા સાથે કિશોરી સગીર હોવાથી તેના પ્રેમી વિરુદ્ધ પણ ગુનો દાખલ કરવામાં આવ્યો છે.

Corporate India raises record ₹1.33 lakh cr via QIPs in FY25

Press Trust of India

feedback@livemint.com

NEW DELHI: Indian companies achieved a record-breaking fundraising of ₹1.33 lakh crore through Qualified Institutional Placements (QIPs) in FY25, registering a sharp increase from the previous year, as a booming stock market fuels aggressive capital raising.

India Inc has raised ₹1,33,251 crore till March 31, marking an 87% increase from ₹71,306 crore garnered in FY24, according to data compiled by Prime Database.

Companies leveraged buoyant equity markets to strengthen balance sheets and fund expansion, a key driver of the surge in QIP fundraising, analysts said.

As per the data, 85 companies have tapped the capital markets with QIP issues till March 31, 2025 as compared with just 64 companies during the last financial year.

"FY25 witnessed the highest-ever QIP fundraising in the history of Indian capital markets, both in terms of volume and value," Neha Agarwal, MD & Head of Equity Capital Markets at JM Financial, told *PTI*.

Agarwal attributed the surge in QIPs to a broader trend of corporates strengthening their balance sheets through deleveraging, driven by buoyant capital markets.

A total of 85 companies have tapped capital markets with QIP issues till Mar 31. ISTOCKPHOTO

"With equity emerging as the preferred avenue to raise capital, corporates are driving accelerated growth and expansions by leveraging both organic and inorganic opportunities," she said.

QIP is one of the quickest products to raise funds from institutional investors. It is designed for listed firms and investment trusts, which allow them to mobilise funds quickly from institutional investors without the need to submit any pre-issue filings to market regulators.

Major contributors to the record-breaking QIP fundraising include conglomerate Vedanta Group and food delivery major Zomato, which raised as much as ₹8,500 crore each.

They were followed by Adani Energy Solutions and Varun Beverages, which raised ₹8,373 crore and ₹7,500 crore, respectively.

Other significant QIP transactions during FY25 include Samvardhana Motherson International at ₹6,438 crore, Godrej Properties at ₹6,000 crore and ₹5,000 crore by Prestige Estates Projects.

In addition, state-owned lender Punjab National Bank, Bank of Maharashtra, UCO Bank, Indian Overseas Bank, Central Bank of India, and Punjab & Sind Bank collectively raised capital more than ₹14,000 crore during the year.

JSW Energy, Brookfield India Real Estate Trust, Torrent Power, and Bharat Forge were also among companies that raised capital through the QIP route to bolster their financial reserves.

Meanwhile, JM Financial has maintained its leadership in managing QIPs during FY25.

કંડલા પોર્ટ પર સતત બીજા દિવસે દુર્ઘટના, હવે જેટી પરની ક્રેનમાં આગ

ક્રેનમાંથી આગની જ્વાળાઓ બહાર ફેંકાતા દોડધામ

ભાસ્કર ન્યૂઝ | કંડલા

દીનદયાલ પોર્ટ,કંડલાની 8 નંબરની જેટી પર લાગેલી ક્રેનમાં એકાએક આગ ભભૂકી ઉઠી હતી, જેના કારણે લોકોમાં દોડધામ મચી ગઈ હતી. જોકે પોર્ટના અગ્નિશમન દળે પરિસ્થિતિ કાબુમાં લીધી હતી.

પોર્ટ પર સતત બીજા દિવસે દુર્ઘટના બની હતી. શનિવારે જેટી નં. 1 પાસેનો ઢાંચો ડૂબી ગયો હતો, તો રવિવારે સવારે 7 વાગ્યે જેટી નં. 8 પર કાર્યરત લિબર ક્રેનમાંથી આગની જ્વાળાઓ નીકળવા લાગી હતી. આ આગ ત્યારે લાગી જ્યારે આ જેટી પર હરક્યુલીસ નામક કોલસો ભરેલું જહાજ લાંગરેલું હતું અને તેમાંથી કોલસાનું અનલોડિંગ કરાતું હતું. આગ લાગી એટલે ક્રેન પરના અને આસપાસના લોકો દોડીને દૂર જતા રહ્યા હતા, અને પોર્ટના અગ્નિશમન દળે ઝડપથી ચાર્જ સંભાળી પાણીનો મારો શરૂ કરી દીધો હતો. પરિણામે કલાકમાં આગ કાબુમાં આવી ગઈ હતી અને કોઈ જાનહાનિ કે મોટું નુકસાન થયું ન હતું. સૂત્રોએ જણાવ્યું કે ક્રેન આગમાં સંપૂર્ણ ખાખ થઈ જતી હોય છે પરંતુ પોર્ટના અગ્નીશમન દળના કર્મચારીઓએ ક્રેન પણ બચાવી લીધી હતી.

હાઉસિંગ, ઈન્ફ્રા સેક્ટરની વેલ્યુ ચેઈનને કબજે કરવાની લડાઈ... સિમેન્ટ, પેઈન્ટ,વાયર-કેબલ એવી પ્રોડક્ટ્સ છે, જેનો વપરાશ ત્યારે જ વધે છે જ્યારે લોકો આવકમાં વૃદ્ધિની અપેક્ષા રાખે છે

અર્થતંત્ર અને શેરબજારના પંડિતો ભારતની ગ્રોથ સ્ટોરીમાં માનતા હોય કે ન માને, દેશના કેટલાક મોટા કોર્પોરેટ હાઉસ ચોક્કસપણે તેમાં વિશ્વાસ કરે છે. વિસ્તરણ અંગે અદાણી અને આદિત્ય બિરલા ગ્રુપના તાજેતરના નિર્ણયો આના સંકેત આપે છે. ક્ષમતા વિસ્તારવા અને સિમેન્ટ સેક્ટરમાં બજારહિસ્સો વધારવા માટે આ બંને જૂથોએ આક્રમક રીતે અન્ય કંપનીઓને હસ્તગત કરી છે. હવે તેઓ સાથે મળીને નવા ક્ષેત્રના વાયર-કેબલ માર્કેટમાં પ્રવેશ્યા છે. આ પહેલા પેઈન્ટ સેક્ટરમાં ધમાકેદાર એન્ટ્રી કરીને બિરલા ગ્રુપે આ માર્કેટમાં સ્પર્ધાને એક નવા સ્તરે લઈ ગઈ. કોર્ન્યુન બિઝનેસ ઈનસાઈટ્સ અનુસાર આ સકારાત્મક ગ્રોથ છે. સિમેન્ટ, પેઈન્ટ, વાયર-કેબલ એવા ઉત્પાદનો છે જેનો વપરાશ ત્યારે જ વધે છે જ્યારે લોકો આવકમાં વૃદ્ધિની અપેક્ષા રાખે છે. ચાલો સમજીએ કે શા માટે અદાણી અને આદિત્ય બિરલા ગ્રૂપ આ ક્ષેત્રો અંગે આક્રમક વલણ છે.

બિલ્ડીંગ મટિરિયલ્સ: આ માર્કેટમાં મોટા કોર્પોરેટ ગૃહોનો રસ કેમ વધી રહ્યો છે?

વાયર-કેબલ: માર્કેટ 2 વર્ષમાં 2.5 ગણું વધ્યું

- વાયર-કેબલ માર્કેટ 2023માં રૂ. 74,500 કરોડનું હતું. રિસર્ચ ફર્મ મોર્ડોર ઈન્ટેલિજન્સ અનુસાર તે 2025માં રૂ. 1.8 લાખ કરોડ સુધી પહોંચી શકે છે. હવે વાર્ષિક ધોરણે 9% CAGR વધી રહ્યું છે. આ હિસાબે આગામી 5 વર્ષમાં આ માર્કેટ 2.8 લાખ કરોડ રૂપિયા સુધી પહોંચી જશે.
- દેશમાં ઉર્જાનો વપરાશ વધી રહ્યો છે. હવે ઘરોથી લઈને કારખાનાઓ અને વાહનો સુધી દરેક વસ્તુનું ઈલેક્ટ્રિફિકેશન થઈ રહ્યું છે. આ કારણે દેશના વિદ્યુત ઉદ્યોગમાં વાયર અને કેબલનો હિસ્સો લગભગ 40% છે.

પેઈન્ટ: ફાસ્ટ ગ્રોથ મેન્યુફેક્ચરિંગ ઈન્ડસ્ટ્રી

- ભારતમાં પેઈન્ટનો વાર્ષિક બિઝનેસ 70 હજાર કરોડ રૂપિયાનો છે. છેલ્લા 10 વર્ષોમાં આ ઉદ્યોગ વાર્ષિક 10-12% વૃદ્ધિ પામ્યો છે. તદનુસાર, તે સૌથી ઝડપથી વિકસતા ઉત્પાદન ઉદ્યોગોમાંનો એક છે. મધ્યમ વર્ગની વધતી આવક વચ્ચે ઝડપી શહેરીકરણ તેનું સૌથી મોટું કારણ છે.
- બર્જર પેઈન્ટ્સ ઈન્ડિયાના એમડી અભિજીત રોયના જણાવ્યા અનુસાર 5 વર્ષમાં પેઈન્ટના વેચાણમાં વાર્ષિક 13-14%નો વધારો થયો છે. ઓક્ટોબર-ડિસેમ્બરમાં માંગ સુસ્ત રહી. પરંતુ આ મંદી સમગ્ર એફએમસીજી સેક્ટરમાં જોવા મળી હતી.

સિમેન્ટ: ભારત વિશ્વનો બીજો સૌથી મોટો ઉત્પાદક, ક્ષમતા દર વર્ષે 3.5 કરોડ ટન વધી

સિમેન્ટના વૈશ્વિક વાર્ષિક ઉત્પાદનમાં ભારતનો હિસ્સો 7% છે. દેશની વર્તમાન સિમેન્ટ ઉત્પાદન ક્ષમતા વાર્ષિક 69 કરોડ ટન છે. દર વર્ષે 35 મિલિયન ટનનો વધારો થાય છે. ડેલોઈટ ઈન્ડિયાનો અંદાજ છે કે ભારતનું સિમેન્ટ માર્કેટ 2030 સુધીમાં 600 મિલિયન ટન સુધી પહોંચી જશે. ICRAના AVP અને સેક્ટર હેડ (કોર્પોરેટ રેટિંગ્સ) તુષાર ભારમ્બેએ જણાવ્યું હતું કે, 'દેશમાં સિમેન્ટનું વેચાણ ઓક્ટોબર 2024 અને માર્ચ 2025 વચ્ચે વધવાની અપેક્ષા છે.'

બિરલાની વ્યૂહરચના શું છે, અદાણી ગ્રુપ તેનો કેવી રીતે સામનો કરી રહ્યું છે?

આદિત્ય બિરલા ગ્રૂપ: ઘર બનાવવા માંગો છો, તો 8-10 વિક્રેતાઓને બદલે એક જગ્યાએ કોલ કરવાની સુવિધા આપશે

કુમાર મંગલમ બિરલાની આગેવાની હેઠળ આદિત્ય બિરલા ગ્રૂપ એક કન્સ્ટ્રક્શન ઈકોસિસ્ટમ બનાવવામાં રોકાયેલ છે. બિરલા ઓપસ (પેઈન્ટ), વાયર-કેબલ અને એડ્હેસિવ્સ સિમેન્ટના એક સાથે વેચાણ માટે 'બિરલા પીવોટ' B2B ઈ-કોમર્સ પ્લેટફોર્મ લોન્ચ કર્યું. 2024માં તેણે એક હજાર કરોડની આવક હાંસલ કરી. બિલ્ડર કે સામાન્ય માણસે ઘર બાંધવા માટે 8-10 અલગ-અલગ વિક્રેતાઓને બદલે માત્ર એક જ જગ્યાએ ફોન કરવો પડશે. જૂથના સારા સંબંધોનો ફાયદો થઈ શકે છે.'

અદાણી ગ્રુપ: વીજળી પોતાની, વિતરણ માટે પોતાના કોપરમાંથી કેબલ પણ તૈયાર કરશે

અદાણી ગ્રુપે વાયર-કેબલ સેક્ટરમાં પ્રણીતા ઈકોકેબલ્સ નામની કંપની શરૂ કરી છે. તે ગ્રૂપની પેટાકંપની કચ્છ કોપર સાથે 50:50નું સંયુક્ત સાહસ છે. કચ્છ કોપર દેશની સૌથી મોટી ગ્રીનફિલ્ડ કોપર રિફાઈનરીનું નિર્માણ કરી રહ્યું છે. આ એક ખાસ વ્યૂહરચનાનો ભાગ છે કારણ કે તાંબુ એ તમામ પ્રકારના કેબલની જીવનરેખા છે. પોતાની પેદાશનું ઉત્પાદન કરીને, જૂથ બજારમાં તેની કિંમતોને વધુ સારી રીતે નિયંત્રિત કરી શકે છે.

રૂ. 5.5 લાખ કરોડનું બિરલા ગ્રૂપ બિલ્ડિંગ સોલ્યુશન્સ પ્રોવાઈડર બનવા માગે છે.

કેબલ સેક્ટરમાં તેના પ્રવેશથી પાવર, ગ્રીન એનર્જી, પોર્ટ અને ઈન્ફ્રા બિઝનેસને ફાયદો થશે.

जयपुर.चेन्नई. जयपुर से चेन्नई के लिए उड़े एक यात्री विमान की चेन्नई एयरपोर्ट पर रविवार सुबह साढ़े पांच बजे इमरजेंसी लैंडिंग करवाई गई। इसकी वजह प्लेन का एक टायर का फटना बताया जा रहा है।

जानकारी के अनुसार स्पाइसजेट की एक फ्लाइट शनिवार को रात 2 बजकर 10 मिनट पर 200 यात्रियों को लेकर जयपुर से चेन्नई के लिए रवाना हुई। कुछ देर बाद एयरपोर्ट के एप्रेन स्टाफ को रनवे पर टायर के रबड़ का बुरादा दिखाई दिया। इसकी सूचना उन्होंने एयरपोर्ट के एयर ट्रैफिक कंट्रोल यूनिट को दी। उसने यह जानकारी उस वक्त वहां से अलग-अलग समय में रवाना हुई तीन फ्लाइट के पायलट को दी। इनके बाद इन फ्लाइट के पायलट ने सुरक्षित लैंडिंग के लिए टायर पर दवाब नहीं आए इसलिए हवा में फ्यूल टैंक को आधा खाली किया। जिससे फ्लाइट का वजन कम हो गया। पायलट ने भी चेन्नई एयरपोर्ट के एटीसी को इसकी सूचना दी और फ्लाइट की इमरजेंसी लैंडिंग की परमिशन मांगी। जिसके बाद पायलट ने फ्लाइट की सुरक्षित लैंडिंग करवाई।

रहे। फ्लाइट के सुरक्षित लैंड होने के बाद उन्होंने राहत की सांस ली।

घटना के बाद जांच के आदेश: घटना के बाद विमानन अधिकारियों ने टायर फटने के कारणों की जांच के आदेश दिए हैं। विशेषज्ञों की एक टीम इस बात की समीक्षा कर रही है कि तकनीकी खामी, रखरखाव में चूक या किसी अन्य कारण से यह घटना हुई?

जयपुर...

इसके बाद पता चला कि, इसी फ्लाइट का टायर फटा हुआ था। इधर, जयपुर एयरपोर्ट पर इस घटना की जानकारी देने वाले तीन एप्रेन स्टाफ का हौसला अफजाई किया गया। बताया जा रहा है कि फ्लाइट में सवार यात्रियों को जैसे ही घटना की जानकारी मिली तो हड़कम्प मच गया। जब तक फ्लाइट लैंड नहीं हुई तब तक यात्री परेशान

ADANI GREEN PLANS SHARE SALE, BANK LOANS TO RAISE $2 BN IN Q1

Anirudh Laskar

anirudh.l@htlive.com

MUMBAI: Adani Green Energy Ltd (AGEL) plans to sell shares to global investors to raise about $1.4 billion in the first quarter of FY26, two people familiar with the matter said, as part of a $2 billion fundraising to power its solar and wind energy projects in India.

The rest will be raised through local bank loans, the people cited above said on the condition of anonymity, adding the company plans to mobilize a total of $4-5 billion across FY26.

If Adani Green manages to raise $1.4 billion by selling shares, it would be its largest equity capital raise ever. The company is working on various solar and wind energy projects across India, aiming to capitalise on the country's efforts to achieve net zero status by 2050.

Shares of Adani Green closed 1.1% down at ₹949 on the BSE on Friday, having risen from ₹774 on 28 February.

"Interest rates in the international bond market are high at 7-9%, which is why the group now prefers to raise capital through equity and vanilla debt from Indian lenders. Rates in the domestic market are still better even though the tenures of debt maturities are a bit shorter, which can be worked out," the person said, adding shares may be issued on a private placement basis to offshore global private equity and pension funds, mostly from the US and Canada.

Most of the funds may be used for Adani Green's solar project in Gujarat's Khavda, designed to be the world's largest single-location renewable energy project across 538 sq. km. The project currently has 2.4GW operational capacity, and targets to raise it to 30GW by 2029.

"The group has access to international markets and diversified sources of funding with elongated maturities up to 20 years," the second person added.

Queries emailed to an Adani group spokesperson remained unanswered.

The last major sale of AGEL equity shares was in June 2023 when the promoter entities sold some of their stakes in Adani Green Energy and flagship Adani Enterprises to raise $1 billion to prepay debt. In January 2024, Adani Green raised ₹2,337.51 crore through a preferential allotment of warrants to Ardour Investment Holding.

Adani Green is holding roadshows to attract investor interest for the fund-raising. In a February presentation to potential investors, Adani Green said it is the only company to have strategic sites of 2,50,000 acres for solar and wind plant development and over 5 GW for PSP (pumped storage projects) development backed by "comprehensive geotechnical studies, and a fully prepared evacuation infrastructure". It said AGEL's operational capacity addition achieved a CAGR of 41% in last five years against an industry CAGR of approximately 13%, and is on track to achieve its stated target of 50 GW by 2030. The company's run-rate Ebitda or operating income at the end of FY24 stood at ₹10,462 crore.

According to the Adani presentation, India is expected to see peak demand of 388 GW by FY32 from 250 GW in FY25 due to increasing demand from data centres, higher GDP growth, rising manufacturing demand, deepening electrification, rising penetration of consumer goods and fast urbanisation.

बिजनेस एक्सप्लेनर आखिर सीमेंट के बाद देश के दो बड़े कॉरपोरेट दिग्गज बिड़ला और अदाणी केबल-वायर के बिजनेस पर दांव क्यों लगा रहे?

बिड़ला-अदाणी के बीच हाउसिंग सेक्टर की वैल्यू चेन पर कब्जे की लड़ाई... बिल्डिंग सॉल्यूशन प्रोवाइडर बनने की राह पर दोनों समूह

वायर-केबल, पेंट, सीमेंट की खपत तभी बढ़ती है जब आय बढ़ने की उम्मीद हो

भीम सिंह | मुंबई

अर्थव्यवस्था और शेयर बाजार के पंडितों को भारत की ग्रोथ स्टोरी पर यकीन हो या न हो, देश के कुछ बड़े कॉरपोरेट घरानों को जरूर भरोसा है। विस्तार को लेकर अदाणी और आदित्य बिड़ला ग्रुप के हालिया फैसले इसके संकेत दे रहे हैं। सीमेंट सेक्टर में क्षमता विस्तार और बाजार हिस्सेदारी बढ़ाने के लिए इन दोनों ग्रुप ने आक्रामक तरीके से दूसरी कंपनियों के अधिग्रहण किए हैं। अब ये एक साथ नए सेक्टर वायर-केबल मार्केट में उतरे हैं। इससे ठीक पहले पेंट सेक्टर में धमाकेदार एंट्री करके बिड़ला ग्रुप ने इस बाजार में प्रतिस्पर्धा को नए स्तर पर पहुंचा दिया। फॉर्च्यून बिजनेस इनसाइट्स के मुताबिक, ये पॉजिटिव डेवलपमेंट हैं। खास तौर पर इसलिए कि सीमेंट, पेंट, वायर-केबल ऐसे प्रोडक्ट्स हैं, जिनकी खपत तभी बढ़ती है जब लोगों को आय बढ़ने की उम्मीद हो। आइए समझते हैं कि इन सेक्टरों को लेकर अदाणी और आदित्य बिड़ला ग्रुप क्यों आक्रामक रुख दिखा रहे हैं...

बिल्डिंग मटेरियल्स: क्यों इस बाजार में बढ़ रही बड़े कॉरपोरेट घरानों की दिलचस्पी?

वायर-केबल: 2 वर्ष में बाजार 2.5 गुना हुआ

- 2023 में वायर-केबल मार्केट 74,500 करोड़ का था। रिसर्च फर्म मोरडोर इंटेलिजेंस के मुताबिक 2025 में यह 1.8 लाख करोड़ तक पहुंच सकता है। अब सालाना 9% सीएजीआर से बढ़ रहा है। इस हिसाब से अगले 5 साल में यह मार्केट 2.8 लाख करोड़ तक पहुंच जाएगा।
- देश में ऊर्जा खपत बढ़ रही है। अब घर से लेकर फैक्ट्रियां और गाड़ी तक, सभी चीजों का इलेक्ट्रिफिकेशन हो रहा है। इसके चलते देश की इलेक्ट्रिकल इंडस्ट्री में करीब 40% हिस्सेदारी वायर और केबल की हो गई है।

पेंट: तेज ग्रोथ वाली मैन्युफैक्चरिंग इंडस्ट्री

- भारत में पेंट का सालाना कारोबार 70 हजार करोड़ का है। बीते 10 साल यह इंडस्ट्री सालाना 10-12% बढ़ी है। इस हिसाब से ये सबसे तेज ग्रोथ वाली मैन्युफैक्चरिंग इंडस्ट्री में शुमार है। मध्यम वर्ग की बढ़ती आय के बीच तेज शहरीकरण इसकी सबसे बड़ी वजह है।
- बर्जर पेंट्स इंडिया के एमडी अभिजीत रॉय के मुताबिक, 5 साल में पेंट बिक्री सालाना 13-14% बढ़ी है। अक्टूबर-दिसंबर में डिमांड सुस्त रही। लेकिन ये सुस्ती पूरे एफएमसीजी सेक्टर में दिखी। अब ये बाजार फिर रफ्तार पकड़ रहा है।

सीमेंट: भारत दुनिया का दूसरा बड़ा उत्पादक, हर साल 3.5 करोड़ टन बढ़ रही क्षमता

सीमेंट के वैश्विक सालाना उत्पादन में 7% हिस्सेदारी भारत की है। देश की मौजूदा सीमेंट उत्पादन क्षमता सालाना 69 करोड़ टन है। हर साल 3.5 करोड़ टन की बढ़ोतरी हो रही है। डेलॉय इंडिया का अनुमान है कि 2030 तक भारत का सीमेंट मार्केट 60 करोड़ टन तक पहुंच जाएगा। इक्रा के एवीपी और सेक्टर हेड (कॉरपोरेट रेटिंग्स) तुषार भारंबे ने कहा, 'अक्टूबर 2024 से लेकर मार्च 2025 के बीच देश में सीमेंट की बिक्री बढ़ने की उम्मीद है।'

क्या है कुमार मंगलम बिड़ला की रणनीति, इसे कैसे काउंटर कर रहा अदाणी ग्रुप?

आदित्य बिड़ला ग्रुप: घर बनाना हो तो 8-10 वेंडरों के बजाय 1 जगह कॉल की सुविधा देगा

कुमार मंगलम बिड़ला के नेतृत्व वाला आदित्य बिड़ला ग्रुप एक कंस्ट्रक्शन इकोसिस्टम तैयार करने में जुटा है। बिरला ओपस (पेंट), वायर-केबल और अल्ट्राटेक सीमेंट की एक साथ बिक्री के 'बिड़ला पाइवट' बी2बी ई-कॉमर्स प्लेटफॉर्म लॉन्च किया। 2024 में इसने एक हजार करोड़ का रेवेन्यू पार किया। किसी बिल्डर या आम आदमी को घर बनाने के लिए 8-10 अलग-अलग वेंडरों के बजाय सिर्फ एक जगह कॉल करना होगा। आईसीआईसीआई सिक्युरिटी ने की रिपोर्ट के मुताबिक, 'हमारा मानना है रियल एस्टेट डेवलपर्स के साथ ग्रुप के अच्छे संबंधों का लाभ अल्ट्राटेक को मिल सकता है।'

अदाणी ग्रुप: बिजली अपनी, वितरण के लिए अपने ही कॉपर से केबल भी तैयार करेगा

अदाणी समूह ने वायर-केबल सेक्टर में प्रणीता इकोकेबल्स नाम की कंपनी शुरू की है। ग्रुप की सहायक कंपनी कच्छ कॉपर के साथ यह 50:50 का जॉइंट वेंचर है। कच्छ कॉपर देश की सबसे बड़ी ग्रीनफील्ड कॉपर रिफाइनरी बना रही है। यह खास रणनीति का हिस्सा है क्योंकि कॉपर सभी तरह के केबलों की लाइफ लाइन होती है। उत्पादन खुद करके ग्रुप बाजार में इसकी कीमतों पर बेहतर नियंत्रण और भरोसेमंद सप्लाई चेन बना सकती है। इससे बिड़ला की तरह वैल्यू चेन में बेहतर मौजूदगी हासिल करने में मदद मिलेगी। ग्रुप पहले से देश की दो बड़ी सीमेंट कंपनियों- अंबुजा सीमेंट और एसीसी का मालिक है।

5.5 लाख करोड़ के बिड़ला ग्रुप की मंशा बिल्डिंग सॉल्यूशंस प्रोवाइडर बनने

केबल सेक्टर में आने से ग्रुप के पावर, ग्रीन एनर्जी, पोर्ट व इन्फ्रा बिजनेस को लाभ होगा।

Ambuja Cements strengthens water security in rural Solan through comprehensive measures

SHIMLA: Ambuja Cements, the cement and building material company of the diversified Adani Portfolio, is strengthening water security for communities across villages of Solan district with its comprehensive water conservation initiatives. The Company, through its CSR arm, in partnership with NABARD, has revived 27 drying springs and restored traditional irrigation systems, known as kuhls, ensuring a steady water supply for rural communities. Through this partnership, the construction of 48 check dams, 48 ponds, and 34 water storage tanks has secured water availability for over 1,576 agrarian households, directly benefiting 5,100 individuals from the communities. Solar-powered lift irrigation further enhances efficiency, reducing dependency on the erratic rainfall of the region. Ambuja Cements is making life easier for thousands of farmers and their families by improving water availability. The Company's efforts are helping communities manage water better, reduce water shortages, and ensure steady irrigation for farming, securing their future for years to come.

भव्य शोभायात्रांनी नववर्षाचे स्वागत

वाद्ये, मर्दानी खेळांनी वेधले लक्ष

मुंबई, ता. ३० : गुढीपाडव्यानिमित्त मुंबईसह उपनगरांमध्ये भव्य शोभायात्रा काढून नववर्षाचे स्वागत करण्यात आले. ठिकठिकाणी नक्षीदार रांगोळ्या, भव्यदिव्य गुढी, चित्ररथ, बाईक रॅली, पारंपरिक वेशभूषेत सहभागी झालेली तरुणाई, सेलिब्रिटींची उपस्थिती अशा उत्साहपूर्ण वातावरणात गुढीपाडवा साजरा झाला.

शिवसह्याद्री फाउंडेशनच्या वतीने 'आम्ही वरळीकर' या संकल्पनेतून भव्य गुढीपाडवा शोभायात्रेचे आयोजन रविवारी (ता. ३०) करण्यात आले होते. पंधरावे वर्ष असलेल्या या सोहळ्याचा उत्साह अनोखा होता. सकाळी ८ वाजता परंपरागत वाद्यांचा गजर, मर्दानी खेळ, आकर्षक गुढ्या आणि विविध देखाव्यांसह ही शोभायात्रा मोठ्या जल्लोषात पार पडली.

यावर्षीच्या शोभायात्रेचे विशेष आकर्षण म्हणजे आपल्या मराठी भाषेला मिळालेला अभिजात दर्जा. या गौरवाच्या निमित्ताने शोभायात्रेत सहभागी प्रत्येक शालेय विद्यार्थी आणि महिलांना उपयुक्त मराठी पुस्तके भेट म्हणून देण्यात आली. तसेच मराठी लेखक, कवी आणि पत्रकार यांचा विशेष सन्मान करण्यात आला. वारकरी भजनी मंडळांचा भक्तिमय गजर, महिला लेझीम पथकाने सादर केलेले विलोभनीय प्रदर्शन, साई पालखी सोहळ्याची भव्य मिरवणूक, ऐतिहासिक शिवराज्याभिषेक सोहळ्याचे भव्य चित्ररथ, रामायणातील राम-सीता यांच्या जीवनदर्शनाचा देखावा या विविध देखाव्यांमुळे इतिहास, भक्ती आणि संस्कृती यांचा अनोखा संगम पाहायला मिळाला. शोभायात्रा जांबोरी मैदानातून सकाळी ८ वाजता सुरू झाली आणि डॉ. जी. एम. भोसले मार्ग येथे संपूर्ण उत्साहात पार पडली. आमदार, खासदार, नगरसेवक व मराठी सिनेकलाकारांची उपस्थिती लाभली. शिवसह्याद्री फाउंडेशनचे अध्यक्ष संजय कदम म्हणाले की, गुढीपाडवा हा मराठी संस्कृतीचा अभिमानाचा दिवस आहे. यंदा मराठीला अभिजात दर्जा मिळाल्याच्या निमित्ताने आम्ही या शोभायात्रेत विविध ऐतिहासिक, धार्मिक आणि सांस्कृतिक देखावे सादर केले.

वर्तमानपत्रे वाचण्याचा संदेश

'मराठी वाचा, मराठी बोला, मराठी लिहा' हा संदेश प्रभावीपणे देण्यासाठी अंधशाळेच्या विद्यार्थ्यांनी असे फलक शोभायात्रेत प्रदर्शित केले. हा उपक्रम मराठी भाषेच्या जास्तीत जास्त प्रसार आणि वृद्धीसाठी एक महत्त्वाचे पाऊल ठरले.

कुर्ल्यात हिंदू सणांवर आधारित चित्ररथ

घाटकोपर (बातमीदार) : कुर्ला पश्चिमेत गेल्या १७ वर्षांपासून हिंदू नववर्ष स्वागत यात्रेचे आयोजन केले जाते. यंदा हिंदू सणांवर आधारित चित्ररथ बनवण्यात आले होते. हिंदू महिन्यांच्या दिनदर्शिकेचे प्रकाशन करण्यात आले. परंपरागत ढोल पथके, शिवकालीन शस्त्रकला प्रात्यक्षिके, लहान मुलांचे मनोरे व लेझीम, पंजाबी, भांगडा नृत्य, दाक्षिणात्य चेंडा वाद्य पथक तसेच पारंपरिक वेषात मोठ्या संख्येने नागरीक यात्रेत सहभागी झाले होते. सर्वेश्वर मंदिर, शिक्षक नगर, गौरीशंकर मंदिर आणि जयभवानी चौक या चार ठिकाणांहून सकाळी दहा वाजता शोभायात्रेला सुरुवात झाली. दुपारी १२.३० वाजता भारत सिनेमा येथे चारही शोभायात्रा एकत्र आल्या. भारत सिनेमा येथे 'हिंदू दिनदर्शिका' या संकल्पनेवर आधारित सुंदर देखावा साकारण्यात आला होता. यंदाचे वर्ष हे राजमाता पुण्यश्लोक अहिल्याबाई होळकर यांचे त्रिशताब्दी वर्ष आहे. यानिमित्त भारतातील पहिले महिला गोविंदा पथक कुर्ल्यातील गोरखनाथ मंडळाने थर लावून मानवंदना दिली. रा. स्वयंसेवक संघाला १०० वर्षे पूर्ण झाल्याबद्दल चित्ररथ यात्रेत सहभागी झाला होता. मुंबई उपनगरचे पालकमंत्री मंगल प्रभात लोढा यांनी यात्रेत उपस्थिती लावून कुर्लेकरांना शुभेच्छा दिल्या. तसेच प्रसिद्ध कलाकार हिंदुस्तानी भाऊ यांनी नववर्ष यात्रेला भेट दिली. त्यानंतर कुर्ला स्थानकादरील जागृत विनायक मंदिरात आरतीने यात्रेची सांगता करण्यात आली.

गुढी पुस्तकांची, गुढी ज्ञानाची!

मालाड (बातमीदार) : वाचन संस्कृती जोपासण्यासाठी यंदाही गोरेगाव येथे भाकर फाउंडेशन सेंटरच्या वतीने पुस्तकांची गुढी उभारण्यात आली. ॲड. दीपक सोनावणे, भाकर फाउंडेशन यांनी मुलांमध्ये वाचन संस्कृती वाढावी, यासाठी गुढीपाडव्यानिमित्त हा उपक्रम राबवला. गुढी पाडव्याचे औचित्य साधून पुस्तकांचे महत्त्व नागरिकांना सांगण्यासाठी पुस्तकांची गुढी उभारण्यात आली. परिसरातील विद्यार्थी सहभागी झाले होते.

रील्समधून उलगडली प्रभादेवी

प्रभादेवी (बातमीदार) : गुढीपाडव्याच्या निमित्ताने आयोजित केलेल्या रील्स स्पर्धेच्या माध्यमातून प्रभादेवी सिद्धिविनायक मंदिर, प्रभादेवी माता मंदिर, प्रभादेवी सर्कल, प्रभादेवी स्थानक या विषयावर स्पर्धकांनी अप्रतिम सादरीकरण करत संपूर्ण प्रभादेवी उलगडली. प्रभादेवीकर हिंदू नववर्ष गुढीपाडवा शोभायात्रा समितीच्या वतीने नववर्षाचे स्वागत करण्यासाठी प्रभादेवी परिसरातून शोभायात्रेचे आयोजन केले होते. या वेळी प्रभादेवी परिसरातील नागरिकांनी पारंपरिक पेहराव करत ढोल-ताशांच्या गजरात शोभायात्रेत नववर्षाचे मोठ्या जल्लोषात स्वागत केले. लहान मुलांसाठी वेशभूषा स्पर्धेचेदेखील आयोजन केले होते. यात दोनशेहून अधिक मुलांनी सहभाग घेत शोभयात्रेचा आनंद घेतला. रील्स व वेशभूषा स्पर्धेतील विजेत्या स्पर्धकांना रोख रक्कम आणि सन्मानचिन्ह देऊन गौरविण्यात आले.

धारावी परिसरातील शोभायात्रांना प्रतिसाद

धारावी (बातमीदार) : धारावीतील महाराष्ट्र सांस्कृतिक उत्सव, आम्ही धारावीकरतर्फे मराठी नववर्षानिमित्त शोभायात्रा काढण्यात आली होती. संत कक्कया मार्गावरील कवडे चाळ, धारेश्वर क्रीडा मंडळ येथील शंकर मंदिराजवळून शोभायात्रेस सुरुवात होऊन ९० फुटी रस्ता, संत रोहिदास मार्ग, काळाकिल्ला, मुकुंदनगर, धारावी मुख्य रस्ता, दगडी बिल्डींग येथून फिरून संत कक्कया मार्गावर शोभायात्रेची सांगता करण्यात आली. मराठी व अन्य भाषिकांनी सहभाग घेतला होता.

कांदिवली परिसर भगवामय

मुंबई : गुढीपाडवा शोभायात्रेमुळे कांदिवली पूर्वेतील पोयसर परिसर भगवामय झाला होता. प्रभू श्रीरामचंद्र की जय, छत्रपती शिवाजी महाराज की जय असा जयघोष, पारंपरिक वाद्यांचा निनाद, फटाक्यांची आतषबाजी, जागोजागी पुष्पवृष्टीने स्वागत अन् भगवे झेंडे, भगवे फेटेधारी नागरिकांच्या गर्दीने पोयसर परिसर फुलून गेला होता. चौका-चौकात लहान मुला-मुलींचे नृत्य, साहसी मैदानी खेळांची प्रात्यक्षिके, महिलांचे समूह नृत्य, लेझीम पथक, वारकरी, वासुदेव यांचा फेर टिपण्यासाठी गर्दी होत होती. सामाजिक मंडळांनी जागोजागी नागरिकांसाठी सरबत व अल्पोपहाराची सोय केली होती. आकर्षक सजावट केलेल्या भव्य ट्रॉलीवर छत्रपती शिवाजी महाराज, झाशीची राणी लक्ष्मीबाई, विठ्ठल-रुक्मिणीचा देखावा व भव्य रथात प्रभू श्रीराम, लक्ष्मण आणि सीता माई अशा चित्ररथाने सार्वांचेच लक्ष वेधून घेतले.

मुंबई : भूषण प्रतिष्ठानने केईएम रुग्णालयात अन्नदान केले.

अन्नदान करून नववर्षाचे स्वागत

शिवडी (बातमीदार) : गुढीपाडवा व मराठी नवीन वर्षाचे स्वागत करण्यासाठी भूषण प्रतिष्ठानच्या वतीने रविवारी (ता. ३०) परळ पूर्वेतील केईएम रुग्णालयात रुग्ण व त्यांच्या नातेवाइकांसाठी अन्नदान व गोड पदार्थांचे वाटप करण्यात आले. सर्वांना नूतन वर्षाच्या शुभेच्छा देऊन रुग्णांना चांगले आरोग्य लाभो, यासाठी प्रार्थना केली. या वेळी भूषण प्रतिष्ठानचे संस्थापक अध्यक्ष भूषण पवार उपस्थित होते.

Stand on Adani unchanged, says Cong after Soren meet

ASRP.Mukesh
@timesofindia.com

Ranchi: Two days after Jharkhand CM Hemant Soren met business tycoon Gautam Adani, Congress on Sunday reiterated that its stance on Adani Group remains unchanged, even as JMM welcomed anyone willing to invest in the state. Opposition BJP has taken potshots at JMM and Congress for their earlier 'attacks' on Adani Group, calling them mere poll gimmicks meant to mislead voters.

Congress' Jharkhand affairs in-charge, K Raju, said, "The entire party stands by Rahul Gandhi's stance on this (Adani) issue... Congress's fight is against any specific person, but against the methods adopted to secure projects — rail, ports, airports... Our leader opposes the manipulation of stock markets by this (Adani) company. It's a broader fight against Modi govt's preferential treatment of a few capitalists." Raju's statement came after his meeting with the CM on the last day of his five-day visit to the state.

એરપોર્ટના ડસ્ટબિનમાંથી મળી આવેલા ભ્રૂણનો કેસ સૉલ્વ થયો

મુંબઈના છત્રપતિ શિવાજી મહારાજ ઇન્ટરનેશનલ એરપોર્ટના વૉશરૂમના ડસ્ટબિનમાંથી મંગળવારે એક ભ્રૂણ મૃત અવસ્થામાં મળી આવ્યું હતું. આ બાબતે સહાર પોલીસે તપાસ કરતાં મહિલા અને તેની ૧૬ વર્ષની દીકરીનું આ કારનામું હોવાનું બહાર આવ્યું છે.

સહાર પોલીસે આ સંદર્ભે કેસ નોંધી એ મૃત ભ્રૂણ કોનું હતું એ બાબતે તપાસ ચાલુ કરી હતી. તેમણે એરપોર્ટ પરના ક્લોઝ્ડ સર્કિટ ટેલિવિઝન (CCTV) કૅમેરાનાં ફુટેજ અને બધી જ એરલાઇનના પૅસેન્જરના લિસ્ટ કઢાવી તપાસ શરૂ કરી હતી જેમાં એક મહિલા અને તેની ૧૬ વર્ષની દીકરી ઝડપાઈ ગઈ હતી. એરપોર્ટ પર ટીનેજરને મિસકૅરેજ થઈ જતાં વૉશરૂમમાં ભ્રૂણનો નિકાલ કર્યા બાદ મા-દીકરી રાંચી ચાલી ગઈ હતી. પોલીસે તેમને નોટિસ મોકલાવી હતી અને બન્ને પાછી આવ્યા બાદ તેમની પૂછપરછ કરવામાં આવી હતી.

ઘટના સાથે સંકળાયેલી ૧૬ વર્ષની ટીનેજર પર પાલઘરમાં રહેતા તેના સંબંધીએ બળાત્કાર કર્યો હતો જેના કારણે તે ગર્ભવતી બની હતી. હવે એ સંબંધી સામે પ્રોટેક્શન ઑફ ચિલ્ડ્રન ફ્રૉમ સેક્સ્યુઅલ ઑફેન્સિસ (POCSO) હેઠળ કેસ નોંધી વધુ તપાસ ચલાવાઈ રહી છે.

મા-દીકરીને પણ નોટિસ મોકલવામાં આવી હતી અને ત્યાર બાદ ટીનેજરની મેડિકલ ટેસ્ટ પણ કરવામાં આવી જેમાં ટીનેજરને મિસકૅરેજ થયું હોવાનું જણાઈ આવ્યું હતું. ટીનેજરના એ વ્યક્તિ સાથે સંબંધ હતા. પરિવાર રાંચી એક કંક્શનમાં હાજરી આપવા જઈ રહ્યો હતો ત્યારે તેને એરપોર્ટ પર જ મિસકૅરેજ થઈ ગયું હતું.

Adani, Aditya Birla groups enter wire and cable industry after cement

Adani, Aditya Birla groups enter wire and cable industry after cement

PRESS TRUST OF INDIA ■ New Delhi

After cement, billionaire Gautam Adani's group and Kumar Mangalam Birla's Aditya Birla Group are set for a face-off in the wires and cable business with both conglomerates announcing forays into the high double-digit growth sector.

In less than a month, both groups — who have been fiercely competing in the cement sector by snapping smaller players — announced their entry into the wires and cables segment, which is dominated largely by unorganised players and some smaller companies.

The entry of the two big players will intensify competition in the wires and cables industry, which posted 13 per cent compound annual growth rate (CAGR) in revenue between FY19 and FY24 and is migrating towards an organised branded market.

This was evident as sensing disruption from these deep pockets, share prices of listed players in the wires and cable segments slumped a day after March 19, when Adani Enterprises informed bourses of entering the segment.

Share price of Polycab India, a leader in the segment, and KEI Industries reported 52-week lows on March 20.

Similarly, shares of Havells also went down five per cent and while Finolex Cables was down 4 per cent the next day.

Terming wires and cables "ideal segment for a new entrant with deep pockets", JM Financials has said, "This is an industry where no single player commands more than 15 per cent share in wires and 20 per cent in cables."

The industry comprises nearly 400 players, ranging from SMEs to large enterprises, with revenue of ₹50-400 crore, it said.

This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'

According to global brokerage Jefferies, the India cable and wire industry, which stands at ₹80,000 crore (₹56,000 crore cables and ₹24,000 crore wires), has an "attractive opportunity".

"There is enough room for a new player in the cable and wire industry", as it is growing by double digits, and 30 per cent of the industry is still unorganised, analysts at Jefferies said.

Motilal Oswal Financial Services said the demand for cables and wires remains strong, with a stable long-term growth outlook. "Industry is estimated to grow at a multiplier of 2x of real GDP (12-13 per cent), whereas key players Polycab, KEI, Havells, and Finolex Cables have largely outpaced the industry. We estimate the overall C and W industry size to reach ₹1,30,000 crore in FY29," said Jefferies.

Adani Enterprises, through its step-down subsidiary Kutch Copper Ltd (KCL) earlier this month formed a JV , Praneetha Ecocables in partnership with Praneetha Ventures, which will manufacture and sell metal products, cables and wires.

The move comes almost a month after Aditya Birla Group's flagship firm UltraTech Cement, on February 25, announced the extension of its footprint in the construction value chain through the wires and cables segment with an investment of ₹1,800 crore over the next two years.

UltraTech has also proposed to set up a greenfield plant near Bharuch in Gujarat which is expected to be commissioned by December 2026. This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'.

Interestingly, both Aditya Birla and Adani have a presence in the copper businesses, which is the mainstay of the wires and cables industry. Aditya Birla's Hindalco, a leader in aluminium and copper production, may also provide synergy to its wire and cable business.

Similarly, Adani's Kutch Copper also provides synergy for its cables and wires business.

Analysts at Jefferies said:" The company's entry into this segment is part of the forward integration project for the copper arm of AEL and possibly backward integration for the captive group transmission business.This announcement is very preliminary, and the project could take 3-4 years to come online."

Now, both groups are moving towards adjacencies as Aditya Birla is expanding its footprint in the construction value chain through the wires and cables segment. With cement, decorative paints and now wires and cables, it is on its strategy to become a complete construction solution provider.

Adani Group had entered into the cement business in September 2022, after acquiring Ambuja Cement from Swiss firm Holcim for USD 6.4 billion (about ₹51,000 crore).

It is the second largest cement producer and challenging India's top cement maker UltraTech, through series of acquisitions and brownfield expansions. It has done three major acquisitions - Penna Industries, Sanghi Industries and recently announced CK Birla group firm Orient Cement.

सीमेंट के बाद अब तार और केबल क्षेत्र में प्रतिस्पर्धा करेंगे अडाणी और बिड़ला समूह

नई दिल्ली (भाषा)।

अरबपति उद्योगपति गौतम अडाणी की अगुवाई वाला अदाणी समूह और कुमार मंगलम बिड़ला का आदित्य बिड़ला समूह सीमेंट के बाद अब तार एवं केबल कारोबार में आमने-सामने होने के लिए तैयार है। दोनों ही समूह दहाई अंकों की वृद्धि वाले इस क्षेत्र में उतरने की घोषणा कर चुके है।

एक महीने से भी कम समय में दोनों समूहों ने तार और केबल क्षेत्र में उतरने की घोषणा की है। इन दोनों समूहों की प्रतिस्पर्धा की वजह से सीमेंट क्षेत्र की छोटी कंपनियां पहले ही काफी पीछे छूट गई है। वही तार और केबल उद्योग में असंगठित और छोटी कंपनियों का दबदबा है। दो बड़े समूहों के इस क्षेत्र में कदम रखने से तार और केबल उद्योग में प्रतिस्पर्धा तेज होने का अनुमान है। इस क्षेत्र ने वित्त वर्ष 2018-19 से 2023-24 के बीच राजस्व में सालाना आधार पर 13 प्रतिशत की वृद्धि दर्ज की है। यह क्षेत्र अब एक संगठित ब्रांड बाजार की ओर बढ़ रहा है।

अडाणी द्वारा 19 मार्च को इस क्षेत्र में उतरने की घोषणा के एक दिन बाद सूचीबद्ध तार और केबल कंपनियों के शेयरों में गिरावट आई है। इस क्षेत्र की अग्रणी कंपनियों पॉलीकैब इंडिया और केईआई इंडस्ट्रीज के शेयरों का मूल्य 20 मार्च को 52 सप्ताह के निचले स्तर पर आ गया।

Adani Enterprises, through its step-down subsidiary Kutch Copper Ltd (KCL) earlier this month formed a JV , Praneetha Ecocables in partnership with Praneetha Ventures, which will manufacture and sell metal products, cables and wires.

The move comes almost a month after Aditya Birla Group's flagship firm UltraTech Cement, on February 25, announced the extension of its footprint in the construction value chain through the wires and cables segment with an investment of ₹1,800 crore over the next two years.

UltraTech has also proposed to set up a greenfield plant near Bharuch in Gujarat which is expected to be commissioned by December 2026. This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'.

Interestingly, both Aditya Birla and Adani have a presence in the copper businesses, which is the mainstay of the wires and cables industry. Aditya Birla's Hindalco, a leader in aluminium and copper production, may also provide synergy to its wire and cable business.

Similarly, Adani's Kutch Copper also provides synergy for its cables and wires business.

Analysts at Jefferies said:" The company's entry into this segment is part of the forward integration project for the copper arm of AEL and possibly backward integration for the captive group transmission business.This announcement is very preliminary, and the project could take 3-4 years to come online."

Now, both groups are moving towards adjacencies as Aditya Birla is expanding its footprint in the construction value chain through the wires and cables segment. With cement, decorative paints and now wires and cables, it is on its strategy to become a complete construction solution provider.

Adani Group had entered into the cement business in September 2022, after acquiring Ambuja Cement from Swiss firm Holcim for USD 6.4 billion (about ₹51,000 crore).

It is the second largest cement producer and challenging India's top cement maker UltraTech, through series of acquisitions and brownfield expansions. It has done three major acquisitions - Penna Industries, Sanghi Industries and recently announced CK Birla group firm Orient Cement.

Adani, Aditya Birla groups enter wire and cable industry after cement

PRESS TRUST OF INDIA ■ New Delhi

After cement, billionaire Gautam Adani's group and Kumar Mangalam Birla's Aditya Birla Group are set for a face-off in the wires and cable business with both conglomerates announcing forays into the high double-digit growth sector.

In less than a month, both groups — who have been fiercely competing in the cement sector by snapping smaller players — announced their entry into the wires and cables segment, which is dominated largely by unorganised players and some smaller companies.

The entry of the two big players will intensify competition in the wires and cables industry, which posted 13 per cent compound annual growth rate (CAGR) in revenue between FY19 and FY24 and is migrating towards an organised branded market.

This was evident as sensing disruption from these deep pockets, share prices of listed players in the wires and cable segments slumped a day after March 19, when Adani Enterprises informed bourses of entering the segment.

Share price of Polycab India, a leader in the segment, and KEI Industries reported 52-week lows on March 20.

Similarly, shares of Havells also went down five per cent and while Finolex Cables was down 4 per cent the next day.

Terming wires and cables "ideal segment for a new entrant with deep pockets", JM Financials has said, "This is an industry where no single player commands more than 15 per cent share in wires and 20 per cent in cables."

The industry comprises nearly 400 players, ranging from SMEs to large enterprises, with revenue of ₹50-400 crore, it said.

This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'

According to global brokerage Jefferies, the India cable and wire industry, which stands at ₹80,000 crore (₹56,000 crore cables and ₹24,000 crore wires), has an "attractive opportunity".

"There is enough room for a new player in the cable and wire industry", as it is growing by double digits, and 30 per cent of the industry is still unorganised, analysts at Jefferies said.

Motilal Oswal Financial Services said the demand for cables and wires remains strong, with a stable long-term growth outlook. "Industry is estimated to grow at a multiplier of 2x of real GDP (12-13 per cent), whereas key players Polycab, KEI, Havells, and Finolex Cables have largely outpaced the industry. We estimate the overall C and W industry size to reach ₹1,30,000 crore in FY29," said Jefferies.

Adani Enterprises, through its step-down subsidiary Kutch Copper Ltd (KCL) earlier this month formed a JV , Praneetha Ecocables in partnership with Praneetha Ventures, which will manufacture and sell metal products, cables and wires.

The move comes almost a month after Aditya Birla Group's flagship firm UltraTech Cement, on February 25, announced the extension of its footprint in the construction value chain through the wires and cables segment with an investment of ₹1,800 crore over the next two years.

सीमेंट के बाद अब तार और केबल क्षेत्र में प्रतिस्पर्धा करेंगे अडाणी और बिड़ला समूह

नई दिल्ली (भाषा)।

अरबपति उद्योगपति गौतम अडाणी की अगुवाई वाला अदाणी समूह और कुमार मंगलम बिड़ला का आदित्य बिड़ला समूह सीमेंट के बाद अब तार एवं केबल कारोबार में आमने-सामने होने के लिए तैयार है। दोनों ही समूह दहाई अंकों की वृद्धि वाले इस क्षेत्र में उतरने की घोषणा कर चुके है।

एक महीने से भी कम समय में दोनों समूहों ने तार और केबल क्षेत्र में उतरने की घोषणा की है। इन दोनों समूहों की प्रतिस्पर्धा की वजह से सीमेंट क्षेत्र की छोटी कंपनियां पहले ही काफी पीछे छूट गई है। वही तार और केबल उद्योग में असंगठित और छोटी कंपनियों का दबदबा है। दो बड़े समूहों के इस क्षेत्र में कदम रखने से तार और केबल उद्योग में प्रतिस्पर्धा तेज होने का अनुमान है। इस क्षेत्र ने वित्त वर्ष 2018-19 से 2023-24 के बीच राजस्व में सालाना आधार पर 13 प्रतिशत की वृद्धि दर्ज की है। यह क्षेत्र अब एक संगठित ब्रांड बाजार की ओर बढ़ रहा है।

अडाणी द्वारा 19 मार्च को इस क्षेत्र में उतरने की घोषणा के एक दिन बाद सूचीबद्ध तार और केबल कंपनियों के शेयरों में गिरावट आई है। इस क्षेत्र की अग्रणी कंपनियों पॉलीकैब इंडिया और केईआई इंडस्ट्रीज के शेयरों का मूल्य 20 मार्च को 52 सप्ताह के निचले स्तर पर आ गया।

नवी मुंबई, ता. ३० : आपल्या कर्तृत्वाने सातासमुद्रापार यशोशिखर गाठणाऱ्या यशस्वी महिला म्हणजे समाजासाठी आदर्शवत व्यक्तिमत्त्वेच. 'घे भरारी उंच तू, तुझेच सारे हे ऋतू...' हा मंत्र अंगी बाणवत विविध क्षेत्रांत उंची गाठणाऱ्या महिला अर्थात 'वर्किंग वूमेन' खऱ्या अर्थाने समाजाचे सशक्तीकरण करीत आहेत आणि म्हणूनच अशा नारीशक्तीच्या कार्याचा गौरव होणे

वाशीतील 'आयलीफ बँक्वेट'मध्ये शनिवारी (ता. २९) आयोजित करण्यात आलेल्या 'वर्किंग वूमेन कॉन्क्लेव्ह'साठी विशेष तयारी करून आलेल्या महिलांनी सकाळपासूनच गर्दी केली होती. कर्तृत्ववान महिलांचे विचारधन ऐकण्याची उत्सुकता त्यांच्या देहबोलीतून जाणवत होती. आदिती तटकरे यांच्याबरोबरच कल्याण डोंबिवली महापालिकेच्या आयुक्त इंदुराणी जाखड, आमदार मंदा म्हात्रे आणि मनीषा कायंदे, 'जेएनपीए'च्या महाप्रबंधक मनीषा जाधव, 'आम्ही उद्योगिनी प्रतिष्ठान'च्या संस्थापिका अध्यक्ष मीनल मोहाडीकर, 'वीणा वर्ल्ड'च्या व्यवस्थापकीय संचालिका वीणा पाटील, सामाजिक कार्यकर्त्या ऋता आव्हाड, प्रसिद्ध अभिनेत्री प्रिया बेर्डे अन् प्रार्थना बेहेरे प्रमुख पाहुण्या म्हणून परिवेदला उपस्थित होत्या. विविध क्षेत्रांतील मान्यवरांच्या हस्ते त्यांच्या कर्तृत्वाचा गौरव करण्यात आला.

'महिला अडचणींवर मात करून स्वतःचे अस्तित्व तयार करण्याचा प्रयत्न करीत असते. अशा कर्तृत्ववान महिलांच्या कार्याची दखल घेऊन त्यांना पुरस्कार देण्याचा कार्यक्रम म्हणजे एक पुरस्कार मिळाल्यामुळे आता त्यांची जबाबदारी आणखी वाढली आहे. आता प्रशासकीय, राजकीय, सामाजिक, आरोग्य इत्यादी क्षेत्रांत काम करणाऱ्या महिलांनी अधिक चांगल्या पद्धतीने काम करणे गरजेचे आहे. 'सकाळ'ने महिलांसाठी हक्काचे व्यासपीठ निर्माण करून दिले आहे. महिलांसाठी दोन दिवस खूप महत्त्वाचे असतात. एक म्हणजे त्यांचा वाढदिवस आणि दुसरा म्हणजे महिलादिन. हे दोन दिवस महिलांना स्वतःच्या अस्तित्वाची जाणीव करून देतात, असे त्या म्हणाल्या.

'वर्किंग वूमेन कॉन्क्लेव्ह'ची सुरुवात राज्यगीत 'जय जय महाराष्ट्र माझा...'ने झाली. 'अँडल्स फाइन स्पोर्ट्स'च्या मुलींच्या गटाने गणेशवंदना सादर केली. कार्यक्रमाचे सूत्रसंचालन प्रसिद्ध कवी आणि अभिनेता संकर्षण कऱ्हाडे यांनी केले. कार्यक्रमाला उपस्थित असलेल्या प्रमुख पाहुण्या मंदा म्हात्रे, मनीषा कायंदे, इंदुराणी जाखड, ऋता आव्हाड, वीणा पाटील, मीनल मोहाडीकर, मनीषा जाधव, प्रिया बेर्डे आणि प्रार्थना बेहेरे यांच्याशी त्यांनी दिलखुलास गप्पा मारल्या. दोन सत्रांत पार पडलेल्या चर्चासत्रात मान्यवर महिलांनी आपापल्या क्षेत्रातील अनुभव मांडले आणि त्यातून यशोशिखर कसे गाठता याचे मर्मही उलगडून दाखवले. उपस्थित प्रेक्षकांनीही टाळ्यांचा कडकडाट करीत त्यांच्या कार्याचा यथोचित गौरव केला.

कार्यक्रमाच्या ज्वेलरी पार्टनर 'कालिष्का'च्या प्रमुख प्रियांका घारे यांनी मान्यवरांना गिफ्ट हॅम्पर देऊन त्यांचा सन्मान केला. अदाणी समूह कार्यक्रमाचे मुख्य प्रायोजक होते. बँकिंग पार्टनर बँक ऑफ महाराष्ट्र, व्हेन्यू पार्टनर 'आयलीफ बँक्वेट'चे प्रतिरा आंबेकर आणि फोटोग्राफी पार्टनर तेज किरण यांचे कार्यक्रमाला सहकार्य लाभले. या वेळी टार्गेट मीडिया अँडव्हर्टायझिंग एजन्सीचे तौसिफ पटेल, आदित्य

'जेव्हा तुमच्या कार्याची दखल घेऊन सन्मान केला जातो, तेव्हा तुमची जबाबदारी अधिक वाढते. महिला सक्षम झाली तरच ती आदर्श समाज घडवू शकते,' असा विश्वास त्यांनी व्यक्त केला.

'वर्किंग वूमेन कॉन्क्लेव्ह'ची सुरुवात राज्यगीत करून देतात, असे त्या म्हणाल्या.

उद्योजक होण्याच्या असंख्य संधी उपलब्ध असून, त्यांचा फायदा महिलांनी घेतला आहे. सर्वसामान्य उद्योगिनींसाठी व्यासपीठ निर्माण व्हावे, यासाठी १९९७मध्ये 'आम्ही उद्योगिनी' या संस्थेची स्थापना केली. तिच्या माध्यमातून महाराष्ट्राबरोबर गोव्यामध्येही प्रदर्शने भरवतो. दुबई, मॉरिशसमध्येदेखील आमच्या संस्था आहेत.
- मीनल मोहाडीकर, संस्थापिका, आम्ही उद्योगिनी प्रतिष्ठान

महिलांना प्रोत्साहित करण्यासाठी कोणी येणार नाही. त्यामुळे त्यांनी स्वतःच पुढाकार घेऊन स्वतःचे अस्तित्व निर्माण केले पाहिजे. ज्या वेळी महिलेला आरशामध्ये बघितल्यावर आई, बहीण अन् मुलींच्या पलीकडे आपण एक स्त्रीसुद्धा असल्याची जाणीव होईल, त्या वेळी ती सक्षम होईल. सरकारमध्ये काम करीत असताना महिलांना अधिकाधिक प्राधान्य देण्यासाठी मी प्रयत्न करीत आहे.
- आदिती तटकरे, महिला आणि बालविकास मंत्री

मी वयाच्या १८व्या वर्षापासून सिनेसृष्टीत काम करते आहे. मला शिकवण्यासाठी कोणी गुरू नव्हता. मी स्वतःच अभिनय शिकले. आताच्या पिढीला प्रशिक्षण दिले जाते. त्यासाठी क्लासेस आहेत. त्यामुळे त्यांच्या अभिनयात एक सफाईदारपणा येतो. त्या वेळी सिनेसृष्टीत काही सुविधा नव्हत्या. खूप परिश्रम करावे लागले.
- प्रिया बेर्डे, अभिनेत्री

राजकारणात मी रामजन्मभूमीचा विषय सुरू असल्यापासून कार्यरत आहे. ज्या वेळी राजकारणात भाजपचे अस्तित्व नव्हते तेव्हापासून मी भाजपबरोबर होते. आता शिवसेनेबरोबर आहे. राजकारणाचे स्वरूप रोज बदलत असून, प्रवक्ता पद ही तारेवरची कसरत आहे. यामध्ये काय बोलावे यापेक्षा काय बोलू नये, हे महत्त्वाचे असते.
- मनीषा कायंदे, आमदार व शिवसेना नेत्या

'वीणा वर्ल्ड'मध्ये ४१ वर्षांचा प्रवास झाला आहे. ४० वर्षांमध्ये आमचा तीन वेळा जन्म झाला आहे; पण आमचा प्रवास हा सुरूच आहे. 'वीणा वर्ल्ड'ची पहिली टूर ही महिलांचीच होती. त्यातूनच आमचा प्रवास सुरू झाला. महिलेने जर महिलेला साथ दिली तर महिला उभी राहते आणि यशस्वीदेखील होते.
- वीणा पाटील, व्यवस्थापकीय संचालिका, वीणा वर्ल्ड

पूर्वी राजकारण हे सामाजिक हेतूने केले जात होते; पण आता ते सोयीनुसार केले जात आहे. राजकारणात काम करताना एखाद्याला अडचणीच्या काळात मदत मिळवून दिल्याचा आनंद वेगळाच असतो. राजकारणात विरोधक असलाच पाहिजे. तरच प्रगती करता येते. महिलेला घरात् काय लागते हे माहीत असते, म्हणून ती चांगला राज्यकारभार करू शकते.
- मंदा म्हात्रे, आमदार

'सकाळ माध्यम समूहा'च्या माध्यमातून राबवण्यात आलेली 'वर्किंग वूमन अवॉर्ड' संकल्पना अनोखी आहे. परिषदेदरम्यान विविध क्षेत्रांत काम करणाऱ्या महिलांचे अनुभव ऐकायला व अनुभवायला मिळाले. हा अतिशय चांगला उपक्रम होता.
- भाग्या आव्हाड, सामाजिक कार्यकर्त्या

पंधरा वर्षांपासून मी सिनेसृष्टीत आहे; पण अजून शिकत आहे. मी मनोरंजनासाठी काम करीत असून, त्यासाठीच माझा जन्म झाला आहे, असे मला वाटते. माणसाला जीवनात जे आवडते ते त्याने करावे. त्यातूनच तो आनंदी राहणार आहे.
- प्रार्थना बेहेरे, अभिनेत्री

महिलांकडून घरात तसेच कार्यालयातही कामाच्या अपेक्षा असतात. ज्या महिला काम करून घरी दोन पैसे घेऊन जातात त्यांना घरात सन्मान असतो. पण एका महिलेला आई म्हणून जे काम करावे लागते ते सर्वात कठीण असते.
- इंदुराणी जाखड, आयुक्त, कल्याण डोंबिवली महापालिका

जेएनपीए बंदरात १९९३पासून मी काम करीत आहे. हे बंदर जगभरात २६व्या क्रमांकावर आहे. जेएनपीए बंदरातून अनेक महिलांसाठी रोजगार उपलब्ध करून देण्यात आला आहे. बंदरातर्फे सीएसआर फंडातून महिलांच्या आरोग्याच्या दृष्टीने कार्यक्रमही घेण्यात येतो. महिलांनी शिक्षण घेतलेच पाहिजे. अखेरपर्यंत शिकत राहायला हवे. महिला शिकल्या तर त्या आर्थिकदृष्ट्या सक्षम होतील. आर्थिकदृष्ट्या सक्षम असतील तर त्या शारीरिक अन् मानसिकदृष्ट्यादेखील तंदुरुस्त राहतील. प्रत्येक स्त्रीने दिवसातला एक तास तरी स्वतःसाठी द्यायला हवा. आपले छंद जोपासायला हवेत. - मनीषा जाध्यव, महाप्रबंधक, जेएनपीए

आमने-सामने होंगे अदाणी व बिड़ला

अब तार और केबल क्षेत्र में होगी प्रतिस्पर्धा

■ दिल्ली, न्यूज एजेंसियां. अरबपति उद्योगपति गौतम अदाणी की अगुवाई वाला अदाणी समूह और कुमार मंगलम बिड़ला का आदित्य बिड़ला समूह सीमेंट के बाद अब तार एवं केबल कारोबार में आमने-सामने होने के लिए तैयार हैं. दोनों ही समूह दहाई अंकों की वृद्धि वाले इस क्षेत्र में उतरने की घोषणा कर चुके हैं. एक महीने से भी कम समय में दोनों समूहों ने तार और केबल क्षेत्र में उतरने की घोषणा की है. इन दोनों समूहों की प्रतिस्पर्धा की वजह से सीमेंट क्षेत्र की छोटी कंपनियां पहले ही काफी पीछे छूट गई हैं. वहीं तार और केबल उद्योग में असंगठित और छोटी कंपनियों का दबदबा है.

दो बड़े समूहों के इस क्षेत्र में कदम रखने से तार और केबल उद्योग में प्रतिस्पर्धा तेज होने का अनुमान है. इस क्षेत्र ने वित्त वर्ष 2018-19 से 2023-24 के बीच राजस्व में सालाना आधार पर 13 प्रतिशत की वृद्धि दर्ज की है. यह क्षेत्र अब एक संगठित ब्रांड बाजार की ओर बढ़ रहा है. अदाणी समूह द्वारा 19 मार्च को इस क्षेत्र में उतरने की घोषणा के एक दिन बाद सूचीबद्ध तार और केबल कंपनियों के शेयरों में गिरावट आई है. इस क्षेत्र की अग्रणी कंपनियों पॉलीकैब इंडिया और केईआई इंडस्ट्रीज के शेयरों का मूल्य 20 मार्च को 52 सप्ताह के निचले स्तर पर आ गया. इसी तरह हैवेल्स का शेयर भी पांच प्रतिशत टूट गया. अगले दिन फिनोलेक्स केबल्स में भी चार प्रतिशत की गिरावट आई. तार और केबल को 'गहरी जेब वाले नए प्रवेशकों के लिए आदर्श क्षेत्र' बताते हुए जेएम फाइनेंशियल्स ने कहा यह एक ऐसा उद्योग है, जहां कोई भी अकेली कंपनी तार कारोबार में 15 प्रतिशत और केबल कारोबार में 20 प्रतिशत से अधिक हिस्सेदारी नहीं रखती है. उद्योग में लगभग 400 खिलाड़ी शामिल हैं, जिनमें एसएमई से लेकर बड़े उद्यम शामिल हैं, जिनका राजस्व 50 से 400 करोड़ रुपये के बीच है.

മേഘയുടെ മരണം

ഐബി ഉദ്യോഗസ്ഥനെ കണ്ടെത്താൻ പ്രത്യേക സംഘം കൊച്ചിയിലേക്ക്

തിരുവനന്തപുരം

വിമാനത്താവളത്തിലെ എമിഗ്രേഷൻ ഇന്റലിജൻസ് ബ്യൂറോ ഉദ്യോഗസ്ഥയായ മേഘ (24) ട്രെയിൻ തട്ടി മരിച്ച സംഭവത്തെതുടർന്ന് സുഹൃത്തായ ഐബി ഉദ്യോഗസ്ഥൻ സുകാന്ത് സുരേഷ് ഒളിവിൽ പോയതായി പൊലീസ്. സംഭവത്തിൽ പേട്ട പൊലീസ് എസ്എച്ച്ഒ പ്രേംകുമാറിന്റെ നേതൃത്വത്തിൽ പ്രത്യേക സംഘം കൊച്ചിയിൽ എത്തി അന്വേഷണം നടത്തും. രണ്ടു പേരുടെയും ബാങ്ക് വിവരങ്ങൾ ശേഖരിക്കാനുള്ള നടപടി പൊലീസ് ആരംഭിച്ചിട്ടുണ്ട്. ഐബി ഉദ്യോഗസ്ഥന്റെ ഫോൺ ട്രാക്കിങ് ആരംഭിച്ചിട്ടുണ്ട്.

ഇയാളെ ചോദ്യം ചെയ്യാൻ പേട്ട പൊലീസ് വീട്ടിലും ഓഫീസിലും അന്വേഷിച്ചെങ്കിലും കണ്ടെത്താനായിട്ടില്ല.

മലപ്പുറത്തെ സുകാന്തിന്റെ വീട്ടിൽ പൊലീസ് സംഘം എത്തിയിരുന്നു. എന്നാൽ, വീട് അടച്ചിട്ട നിലയിലാണെന്നും പൊലീസ് പറയുന്നു. കൊച്ചിയിൽ സുകാന്ത് ജോലി ചെയ്യുന്ന ഐബി ഓഫീസിലും പോയിരുന്നു. എന്നാൽ, മേഘയുടെ മരണം നടന്ന് അടുത്ത ദിവസംമുതൽ ഇയാൾ അവധിയിലാണ്. മൊബൈൽ ഫോണും സ്വിച്ച് ഓഫ് ചെയ്ത നിലയിലാണ്. തുടർന്ന് സുകാന്ത് ഓഫീസിലെത്തുകയാണെങ്കിൽ പേട്ട പൊലീസിൽ ഹാജരാകണമെന്ന് ആവശ്യപ്പെട്ട് നോട്ടീസും നൽകിയിട്ടുണ്ട്.

മേഘുടെ മരണത്തിനു പിന്നാലെ സുകാന്തിനെതിരെ ആരോപണം ഉയർന്നിരുന്നു. മേഘയും സുകാന്തുമായുള്ള പണമിടപാട് രേഖകളും പൊലീസ് ശേഖരിച്ചിരുന്നു. മേഘയുടെ ശമ്പളമടക്കുമുള്ള തുക മുഴുവൻ ഇയാൾ കൈക്കലാക്കിയിരുന്നതായാണ് ബന്ധുക്കളുടെ ആരോപണം.

Cong: Our fight is against spl treatment of few capitalists

Ranchi: Two days after Jharkhand CM Hemant Soren met business tycoon Gautam Adani, Congress Sunday reiterated that its stance on Adani Group remains unchanged, even as JMM welcomed anyone willing to invest in the state, reports **ASRP Mukesh**.

Opposition BJP has taken potshots at both JMM and Congress for their earlier 'attacks' on Adani Group, calling them mere poll gimmicks meant to mislead voters.

Congress' Jharkhand affairs in-charge, K Raju, said, "The entire party stands by Rahul Gandhi's stance on this (Adani) issue. We have always maintained that neither Congress nor Rahul ji's fight is against any specific person, but against the methods adopted to secure projects — rail, ports, airports — you name it."

"Our representatives oppose the manipulation of stock markets by this (Adani) company. It's a broader fight against Modi govt's preferential treatment of a few capitalists," Raju added.

Hemant Soren's grand welcome to Adani at his official residence caught many by surprise, including JMM's ally Congress, and triggered political speculation

Raju's statement came after his meeting with the CM on the last day of his five-day visit to the state.

Hemant's grand welcome to Adani at his official residence caught many by surprise, including JMM's ally Congress, and triggered political speculation. However, Raju attempted to put all rumours to rest by saying, "Even our allies share the same perspective on this matter. There is no difference of opinion among us."

However, JMM spokesperson Manoj Pandey said, "Our party has already made it clear that anyone willing to invest in the state and contribute to the well-being of our people is always welcome. Our govt is also committed to ensuring that Adani Group's power plant in Godda benefits our people by delivering the promised electricity."

प्रत्येकाने वीज बचतची सवय लावून घेणे गरजेचे

'महाराष्ट्र वीज नियामक आयोगा'कडून वीजदरामध्ये कपात करण्याचा मोठा निर्णय घेण्यात आला आहे. येत्या दि. १ एप्रिलपासून, नवे दर लागू होणार आहेत. परिणामी वाढत्या वीजदरांमुळे त्रस्त झालेल्या राज्यातील सर्वसामान्य नागरिकांसह औद्योगिक, वाणिज्यिक क्षेत्रातील वीज ग्राहकांना मोठा दिलासा मिळणार आहे. 'महाराष्ट्र वीज नियामक आयोगा'ने येणारे आर्थिक वर्ष २०२५-२६ ते आर्थिक वर्ष २०२९-३० साठीच्या बहुवर्षीय दर प्रस्तावाला मान्यता दिल्यामुळे, दि. १ एप्रिल रोजीपासून राज्यात विविध ठिकाणी वीजपुरवठा करणाऱ्या 'महावितरण' व 'अदानी' कंपनीचे वीजदर सरासरी दहा टक्के, टाटा कंपनीचे १८ टक्के, तर बेस्टचे वीजदर ९.८२ टक्क्यांनी कमी होणार आहेत. टाटा पॉवरच्या वीजदरात पुढील पाच वर्षांमध्ये, २८ टक्क्यांपर्यंत कपात होऊ शकते. पुढील पाच वर्षांत सौरऊर्जा, पवनशक्ती ऊर्जा इत्यादी अपारंपरिक क्षेत्रातील स्वस्त वीज उपलब्ध होणार असल्याने, वीजदर कमी होणार आहेत. असे असले तरी वीज दरातील कपातीमुळे हुरळून न जाता, प्रत्येक जबाबदार नागरिकाने स्वतःला वीज बचतची सवय लावून घेणे गरजेचेच आहे. घरातील टीव्ही, पंखे आणि विजेचे दिवे गरज नसेल, तेव्हा आवर्जून बंद करावेत. विजेचा अनावश्यक वापर टाळावा. आपण एक युनिट वीज सहजतेने खर्च करतो. पण, त्या एक युनिट विजेची निर्मिती प्रचंड खर्चिक असते. वीज ही राष्ट्रीय संपत्ती आहे. एक युनिट विजेची बचत म्हणजेच, एक युनिट विजेची निर्मिती आहे हे विसरता कामा नये.

अडाणी ग्रीन की सब्सिडियरी का सोलर पावर प्रोजेक्ट शुरू, खावड़ा में 37.5 मेगावाट बिजली बनाएगी

टोटल कैपेसिटी बढ़कर 13,737.8 मेगावाट हुई

नई दिल्ली। अडाणी ग्रीन एनर्जी लिमिटेड की सब्सिडियरी कंपनी अडाणी रिन्यूएबल एनर्जी फिफ्टी सेवन लिमिटेड ने गुजरात के खावड़ा में 37.5 मेगावाट का सोलर पावर प्रोजेक्ट शुरू कर दिया है। इस प्रोजेक्ट के शुरू होने के बाद कंपनी की टोटल रिन्यूएबल एनर्जी कैपेसिटी बढ़कर 13,737.8 मेगावाट हो गई है। इसकी जानकारी अडाणी ग्रीन ने 29 मार्च को दी।

एक दिन पहले AGEL ने अपनी सब्सिडियरी कंपनी अडाणी रिन्यूएबल एनर्जी होल्डिंग ट्वेल्व लिमिटेड के जरिए राजस्थान में 400 मेगावाट का एक सोलर एनर्जी प्रोजेक्ट हासिल किया था। उत्तर प्रदेश पावर कॉरपोरेशन लिमिटेड ने कंपनी को यह प्रोजेक्ट दिया है।

कंपनी इस प्रोजेक्ट से राज्य को 2.57 रुपए प्रति किलोवाट-घंटे की दर से 25 सालों तक बिजली देगी।

अडाणी ग्रीन एनर्जी का दिसंबर तिमाही में नेट प्रॉफिट 85 प्रतिशत बढ़ा

अडाणी ग्रीन एनर्जी का प्रॉफिट वित्त वर्ष 2025 की तीसरी तिमाही में 85 प्रतिशत बढ़ गया। अक्टूबर-दिसंबर तिमाही में कंपनी का मुनाफा 474 करोड़ रुपए रहा। पिछले साल की इसी तिमाही में ये नेट प्रॉफिट 256 करोड़ रुपए था।

अडाणी ग्रीन एनर्जी का शेयर शुक्रवार को 1.24 प्रतिशत की गिरावट के साथ 948 रुपए पर बंद हुआ था। पिछले एक महीने में कंपनी के शेयर ने अपने निवेशकों को 22.42 प्रतिशत का रिटर्न दिया है। हालांकि, पिछले छह महीने में शेयर 50 प्रतिशत और बीते एक साल में 49 प्रतिशत गिरा है। कंपनी का मार्केट कैप 1.5 लाख करोड़ रुपए है।

Huge temp difference between two Mumbai areas shows what's in store for Indian cities this summer

A difference of 13°C in temperature within a 7km radius sounds hard-to-believe. It is the new normal, as witnessed in average temperature difference in March between Mumbai suburbs Ghatkopar (33°C) and Powai (20°C). Heat islands like Ghatkopar are complex urban phenomena – microclimate zones within cities – that urban planners are well aware of. Yet, planners, builders or regulators, let alone city govts, barely see the rash of over-construction in Ghatkopar or any similar cityspace as a crisis. An analysis of 14 cities in 13 countries long established that heat-retaining infra, such as concrete buildings and roads, poor vegetation, and localised pollution drive the difference in temperatures – about 12°C between an urban sprawl and a rural area. Powai's artificial lake built in 1800s to boost Mumbai's water supply, is still a lake, even if its water isn't potable. Ironically, overbuilt Ghatkopar, near Bombay airport, is the gateway to Western Ghats.

Every year IMD's heatwave warnings are starting earlier and over wider regions. UHIs, heatwaves and climate change have a complex interplay. By 2050, 68% of global population will be urban. Between 2018 and 2050, India, China, and Nigeria will account for 35% of growth in world urban population. UHI's linked with shrinking green cover, impermeable surfaces – cement & asphalt roads, parking lots – and buildings that slow winds and trap heat. Heatwaves today are more frequent, last longer and are more severe. Urbanisation-linked emissions contribute to climate change – a 2013 study showed just 100 cities account for 20% of global carbon footprint.

None of this is new. But where are the master plans that take into account impact of urbanisation on the environment? Where's the sense of urgency? Tree cover for shade and heat insulation has direct impact on energy consumption. Almost every city govt across India today is obsessed with ill-conceived "beautification drives". Trees are the answer but from Mumbai to Delhi to Mussoorie, trees are felled to build and build. As for the cement poured into our cities, we've baked heat stress into our future.

वाहन बिक्री और पीएमआई आंकड़ों पर रहेगी बाजार की नजर

मुंबई, 30 मार्च (एजेंसियां)। अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप के कई देशों को संभावित टैरिफ में छूट दिए जाने के संकेत से हुई लिवाली की बदौलत बीते सप्ताह आधी फीसदी से अधिक के उछाल पर रहे घरेलू शेयर बाजार की अगले सप्ताह वैश्विक रुख के साथ ही मार्च में वाहनों की बिक्री एवं पीएमआई आंकड़ों पर नजर रहेगी। बीते सप्ताह बीएसई का तीस शेयरों वाला संवेदी सूचकांक सेंसेक्स 509.41 अंक अर्थात 0.7 प्रतिशत की तेजी के साथ सप्ताहांत पर 77414.92 अंक पर पहुंच गया। इसी तरह नेशनल स्टॉक एक्सचेंज (एनएसई) का निफ्टी 168.95 अंक यानी 0.72 प्रतिशत की छलांग लगाकर 23519.35 अंक पर बंद हुआ। समीक्षाधीन सप्ताह में बीएसई की दिग्गज कंपनियों के विपरीत मझौली और छोटी कंपनियों के शेयरों में बिकवाली का दबाव रहा। इससे मिडकैप 300.45 अंक अर्थात 0.72 प्रतिशत की गिरावट लेकर सप्ताहांत पर 41531.12 अंक और स्मॉलकैप 658.68 अंक यानी 1.4 प्रतिशत लुढ़ककर 46638.13 अंक पर आ गया। विश्लेषकों के अनुसार, चालू वित्त वर्ष का अंतिम सप्ताह मजबूती से शुरू हुआ लेकिन अमेरिका के ऑटोमोबाइल पर टैरिफ की घोषणा के बाद निवेशकों की धारणा कमजोर पड़ने से यह सपाट बंद हुआ। विदेशी एवं घरेलू संस्थागत निवेशकों से लगातार निवेश के बावजूद, बाजार अपनी रफ्तार बनाए रखने में नाकाम रहा। भारतीय रिजर्व बैंक (आरबीआई) की मौद्रिक समीक्षा नीति की आगामी बैठक में संभावित दर कटौती को लेकर बढ़ते आशावाद के कारण बैंकिंग शेयरों ने लचीलापन दिखाया। हालांकि, टैरिफ और उनके संभावित प्रभावों की चिंता के चलते ऑटोमोबाइल और फार्मा क्षेत्रों का प्रदर्शन कमजोर रहा। बढ़ते व्यापारिक तनाव के कारण निवेशकों ने सुरक्षित निवेश विकल्पों की ओर रुख किया, जिससे सोने की कीमतें रिकॉर्ड स्तर पर पहुंच गईं। आने वाले सप्ताह में टैरिफ संबंधी स्पष्टता मिलने की उम्मीद है, जिससे निवेशक उनके वैश्विक अर्थव्यवस्था पर प्रभाव का आकलन कर पाएंगे। इसके अलावा बाजार शनिवार तक समाप्त होने वाली भारत-अमेरिका द्विपक्षीय व्यापार बैठक पर भी ध्यान केंद्रित करेगा। अगले सप्ताह महत्वपूर्ण आर्थिक संकेतकों में अमेरिकी रोजगार के आंकड़े और भारत का पीएमआई शामिल हैं, जो अपने-अपने क्षेत्रों की आर्थिक स्थिति पर प्रकाश डालेंगे। इस बीच, निवेशकों की नजर मार्च में वाहनों की बिक्री के आंकड़े और कंपनियों के 31 मार्च को समाप्त होने वाले वित्त वर्ष एवं उसकी अंतिम तिमाही के परिणाम पर रहेगी। विश्व बाजार की तेजी के बीच स्थानीय स्तर पर विदेशी संस्थागत निवेशकों (एफआईआई) और घरेलू संस्थागत निवेशकों (डीआईआई) का निवेश बढ़ने से सामेबार को शेयर बाजार लगातार छठे दिन चढ़कर बंद हुआ। सेंसेक्स 1078.87 अंक की छलांग लगाकर 77,984.38 अंक और निफ्टी 307.95 अंक की मजबूती के साथ 23658.35 अंक हो गया। अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप के कई देशों को संभावित टैरिफ में छूट दिए जाने के संकेत से मंगलवार को स्थानीय स्तर पर हुई चौतरफा लिवाली की बदौलत उछाल पर रहे सेंसेक्स और निफ्टी ने बाद में जोमैटो, इंडसइंड बैंक, अडानी पोर्ट्स, रिलायंस और मारुति समेत बीस दिग्गज कंपनियों में हुई मुनाफावसूली के दबाव में शुरुआती तेजी गंवा दी। सेंसेक्स 32.81 अंक की बढ़त लेकर 78,017.19 अंक और निफ्टी भी 10.30 अंक बढ़कर 23668.65 पर बंद हुआ। अमेरिकी टैरिफ की अनिश्चितता के बीच ऊंचे भाव पर हुई जबरदस्त मुनाफावसूली के दबाव में बुधवार को शेयर बाजार में कोहराम मच गया। सेंसेक्स पिछले लगातार सात दिन की तेजी के बाद 728.69 अंक गोता लगाकर 77,288.50 अंक और निफ्टी 181.80 अंक की गिरावट लेकर 23486.85 अंक पर बंद हुआ।

প্রতারণার অর্থ কাতারে পাঠাতে সাহায্য, মুম্বইয়ে গ্রেপ্তার অভিযুক্ত

নিজস্ব প্রতিনিধি, কলকাতা: কাতারে ইভেন্ট ম্যানেজমেন্টের কাজের আড়ালে বিদেশে বসে বেআইনি কল সেন্টারের টাকা 'পার্ক' করা চলছিল। জমা করা হচ্ছিল কাতারের বিভিন্ন ব্যাঙ্কে। এমনকী ক্রিপ্টো কারেন্সিতেও বদল চলছিল। পুরো কাজটাই করছিল কলকাতার বাসিন্দা এক যুবক। অসুস্থ মাকে দেখে সে ফিরে যাচ্ছিল কাতার। মুম্বই থেকে কাতারগামী বিমান ধরার আগেই সেখান থেকে লালবাজারের হাতে গ্রেপ্তার হয় অভিযুক্ত জেরেথ স্টিফেন জোহান্স। তাকে কলকাতায় এনে রবিবারই ব্যাঙ্কশাল আদালতে তোলা হয়।

কয়েকদিন আগে ট্যাংরা এলাকা থেকে একটি বেআইনি কল সেন্টার চালানোর অভিযোগে কয়েকজনকে গ্রেপ্তার করেছিল লালবাজার। উদ্ধার হয় নগদ টাকা, এটিএম কার্ড এবং কমপিউটারসহ বিভিন্ন সামগ্রী। ধৃতদের জেরা করে জানা যায়, কলকাতায় বসে আমেরিকার নাগরিকদের প্রতারণা চলছিল। বিদেশিদের বলা হতো তাদের শাখা আছে কাতারে। সেখানে ব্যাঙ্ক অ্যাকাউন্ট রয়েছে। ওই অ্যাকাউন্টে টাকা জমা করতে বলা হতো। সেখানে এই অ্যাকাউন্টগুলি খুলেছে কলকাতার রিপন স্ট্রিটের বাসিন্দা জেরেথ। ট্যাংরার বেআইনি কল সেন্টারের কিংপিনদের সঙ্গে তার যোগাযোগ রয়েছে। তাদের কথামতোই সে এই অ্যাকাউন্ট খুলে প্রতারণার টাকা জমা করছে। এরপর তা আবার পার্ক করছে অন্য অ্যাকাউন্টে। এই টাকার একটা অংশ সে তুলে নিয়ে হাওলা করে কলকাতায় পাঠিয়ে দিচ্ছে। বাকিটা ক্রিপ্টোতে বিনিয়োগ করছে। পুলিস জেনেছে, সে কাতারে ইভেন্ট ম্যানেজমেন্টের কাজ করে। তার নামে গ্রেপ্তারি পরোয়ানা জারি হয়। তদন্তকারীদের কাছে খবর পৌঁছয় অভিযুক্ত কলকাতায় মাকে দেখে ফিরছে কাতার। কলকাতা বিমানবন্দর থেকে সে মুম্বই বিমানবন্দরে নামবে। সেখান থেকে ফ্লাইট ধরে চলে যাবে দোহা। সেইমতো লালবাজারের গোয়েন্দারা পৌঁছে যান। বিমান থেকে নামতেই তাকে ধরা হয়। অভিযোগ, সে কলকাতার একাধিক কল সেন্টারের প্রতারণার টাকা এভাবে পার্ক করত। এর বিনিময়ে ভালো টাকা কমিশন পেত সে। সে কাদের টাকা পার্ক করতে সাহায্য করেছে ধৃতকে জেরা করে জানার চেষ্টা করছে পুলিস।

বিত্তশালীদের হাতে জিডিপি-র এক তৃতীয়াংশ

মুম্বই, ৩০ মার্চ: ভারতের জিডিপি-র এক তৃতীয়াংশই রয়েছে ২৪৮ জন বিত্তশালীর হাতে। উপদেষ্টা সংস্থা হুরুনের রিপোর্ট জানাচ্ছে, গত এক বছরে এই ব্যক্তিদের সম্পদ ১০ শতাংশের বেশি বেড়ে হয়েছে প্রায় ৯৮ লক্ষ কোটি টাকা। আর এই তালিকায় সবচেয়ে দ্রুত এগিয়েছেন গৌতম আদানি। এক বছরে ১ লক্ষ কোটি বেড়ে তাঁর সম্পদের পরিমাণ দাঁড়িয়েছে ৮.৪ লক্ষ কোটি টাকা। এক বছরে ১৩% সম্পদ কমা সত্ত্বেও এখনও তালিকার শীর্ষে মুকেশ অম্বানী। তাঁর সম্পত্তি ৮.৬ লক্ষ কোটি। দেশে বেড়ে চলা আর্থিক বৈষম্য নিয়ে সতর্কবার্তা আসছে বিভিন্ন মহল থেকে। জিনিসপত্রের চড়া দামে নাজেহাল হচ্ছেন সাধারণ মধ্যবিত্ত। মূল্যবৃদ্ধির সঙ্গে বেতন বৃদ্ধির ফারাক থাকছে বলেও অভিযোগ উঠছে। তখন এই রিপোর্টে ফের সেই অসাম্যের ছবিটাই তুলে ধরছে বলে মত সংশ্লিষ্ট মহলের।

হুরুনের সমীক্ষা জানাচ্ছে, দেশে ধনীদের তালিকায় মহিলা বিত্তশালীদের মধ্যে শীর্ষে রয়েছেন রোশনী নাদার। তাঁর সম্পদের পরিমাণ ৩.৫ লক্ষ কোটি টাকা। সব মিলিয়ে এই ২৪৮ জন প্রথম সারির বিত্তশালীর মধ্যে এক বছরে সম্পদ বেড়েছে ১৭৫ জনের। এমনকি গড় সম্পত্তির অঙ্কে এই প্রথম চিনকে টপকে গিয়েছে ভারত। যেখানে চিনা ধনকুবেরদের হাতে গড়ে ২৯,০২৭ কোটি টাকা আছে, সেখানেই ভারতীয় বিত্তশালীদের ক্ষেত্রে তার অঙ্ক ৩৪,৫১৪ কোটি টাকা।

जयपुर से उड़े स्पाइसजेट प्लेन का टायर फटा

चेन्नई एयरपोर्ट पर इमरजेंसी लैंडिंग, क्रू-मेंबर सहित 200 पैसेंजर सवार थे

■ दिव्य राष्ट्र

जयपुर। जयपुर से चेन्नई गई स्पाइसजेट की फ्लाइट की इमरजेंसी लैंडिंग करवाई गई। घटना रविवार (30 मार्च) सुबह की है। चेन्नई एयरपोर्ट से मिली जानकारी के अनुसार टायर में खराबी की सूचना एयर ट्रैफिक कंट्रोल को मिली थी। इसके बाद अलर्ट जारी किया गया है प्लेन को सुरक्षित उतारा गया। फ्लाइट में क्रू-मेंबर सहित 200 लोग सवार थे। दरअसल, फ्लाइट एसजी - 9046 ने शनिवार देर रात 1 बजकर 55 मिनट पर जयपुर से चेन्नई के लिए उड़ान भरी थी। ढाई घंटे बाद फ्लाइट के पायलट को पता चला की फ्लाइट की टायर में खराबी है। इसके बाद पायलट ने एयर ट्रैफिक कंट्रोल यूनिट से संपर्क कर चेन्नई में फ्लाइट की इमरजेंसी लैंडिंग की अनुमति मांगी। सूत्रों के अनुसार पायलट को लैंडिंग से पहले ही पता चल गया था कि फ्लाइट का टायर नंबर दो क्षतिग्रस्त हो गया है। इसके बाद पायलट ने एयर ट्रैफिक कंट्रोल यूनिट को बताया- टायर के कई हिस्से हो चुके हैं। ऐसे में फिलहाल फ्लाइट की नॉर्मल लैंडिंग संभव नहीं है। इसके बाद फ्लाइट को इमरजेंसी लैंडिंग की परमिशन दी। सूत्रों के अनुसार इस पूरे घटनाक्रम के बाद एयरलाइंस कंपनी ने फ्लाइट के टायर में आखिरी वक्त पर आई प्रॉब्लम की जांच के

आदेश दिए हैं। इसके लिए एक एक्सपर्ट टीम का गठन भी किया गया है। यह टीम इस बात का पता करेगी कि आखिर किस स्तर पर गलती हुई है। क्या प्लेन के रखरखाव में किसी कमी के चलते तो यह हादसा नहीं हुआ है। किसी और तरह की लापरवाही की वजह से यह हादसा हुआ है। जयपुर एयरपोर्ट पर 11 जुलाई 2024 को स्पाइस जेट की क्रू मेंबर ने केंद्रीय औद्योगिक सुरक्षा बल के एएसआई को थप्पड़ मार दिया था। क्रू मेंबर एयरपोर्ट पहुंची थी। आरोप है कि इस दौरान उसने बिना जांच के अंदर घुसने की कोशिश की। इस पर एएसआई ने उसे रोका और स्क्रीनिंग कराने के लिए कहा। क्रू मेंबर ने महिला स्टाफ नहीं होने का हवाला देकर मना कर दिया। इसपर महिला स्टाफ बुलाने की बात कही तो वह भड़क गई और बहस करने लगी।

ડસ્ટબિનમાં મૃત શિશુ -મૂકી ગયેલાં માતા-પુત્રીની ભાળ મળી

ફ્લાઈટ પકડતાં પહેલાં કસૂવાવડ થતાં એરપોર્ટના ટોઈલેટમાં મૃત શિશૂ મૂકી દીધું હતું

મુંબઈ, તા.૩૦

મુંબઈ એરપોર્ટના ટોઈલેટમાં આવેલ કચરાના ડબ્બામાં થોડા દિવસો પહેલાં પોલીસને એક મૃત નવજાત શિશુ મળી આવ્યું હતું. પોલીસે આ ઘટના બાદ ગુનો નોંધી તપાસ આદરી હતી. દરમિયાન પોલીસે આ કેસની તપાસ આદરી શંકાસ્પદ માતા- પુત્રીને શોધી કાઢયા હતા.

પાલઘરની ૧૬ વર્ષની તરુણી પર બળાત્કાર થયા બાદ સગર્ભા બની હતી, રાંચી ફ્લાઈટમાં બેસવા આવ્યાં ત્યારે કસૂવાવડ થઈ

પોલીસ સૂત્રોનુસાર ૧૬ વર્ષની સગીરા ઘટના સમયે સાત મહિનાની ગર્ભવતી હતી અને મુંબઈથી રાંચી પ્લેનમાં જતા પહેલાં તેને એરપોર્ટ પર કસુવાવડ થતા તેની માતાએ નવજાત મૃત શિશુનો ટોઈલેટના ડસ્ટબિનમાં નિકાલ કરી દીધો હતો. પોલીસે આ ઘટના બાદ વધુ તપાસ હાથ ધરી તેઓ મુંબઈ આવતા નોટિસ જારી કરી છે. પોલીસે જણાવ્યું હતું કે સગીરા પર પાલઘરમાં બળાત્કાર થયા બાદ તે સગર્ભા બની હતી.

આ સંદર્ભે વધુ વિગતાવુસાર મુંબઈ એરપોર્ટના ટી-૨ ટર્મિનલના એક ટોઈલેટમાંથી પોલીસને એક મૃત શિશુ ડસ્ટબિનમાંથી મળી આવ્યું હતું. સહાર પોલીસે વધુ તપાસ હાથ ધરી આ કેસમાં શંકાસ્પદ એક મહિલા અને તેની ૧૬ વર્ષની સગીરા પુત્રીને ઓળખી કાઢી હતી.

પોલીસે આ બાબતે વધુ વિગત આપતા જણાવ્યું હતું કે ૧૬ વર્ષની સગીરા સાત મહિનાની ગર્ભવતી હતી અને એરપોર્ટ પર તેની કસુવાવડ થઈ ગઈ હતી. જેના પગલે તેની માતાએ એરપોર્ટના ટોઈલેટના ડસ્ટબીનમાં ગર્ભનો નિકાલ કરી દીધો હતો. આ ઘટના બાદ પોલીસ અધિકારીઓએ વધુ તપાસ હાથ ધરી બન્ને રાંચીમાં શોધી કાઢયા હતા. આ બન્ને મુંબઈ પાછા ફર્યા બાદ તેમને નોટિસ જારી કરવામાં આવી હતી.

પાલઘરના એક પુરુષ દ્વારા સગીરા પર બળાત્કાર ગુજારવામાં આવ્યો હોવાનો આરોપ છે. જેના કારણે તે ગર્ભવતી થઈ હતી. આરોપી વિરુધ્ધ પોકસો સહિતની અન્ય કલમો હેઠળ ગુનો નોંધી વધુ તપાસ ચલાવવામાં આવી રહી છે.

આ ઘટના બાદ પોલીસ શંકાસ્પદને શોધવા માટે એરપોર્ટના સીસીટીવી

સ્ટોક ટ્રેન્ડ

જયેશ ચિતલિયા

નવા નાણાકીય વર્ષ માટે નવી આશા કરતાં જૂની અનિશ્ચિતતા વધુ

ટ્રમ્પસાહેબની ટ્રબલ ચાલુ રહેવાની હોવાથી માર્કેટની વોલેટિલિટી પણ ચાલુ રહેશે

નવું નાણાકીય વર્ષ ચાલુ થઈ રહ્યું છે, પરંતુ નવા વર્ષમાં નવી આશા કરતાં અનિશ્ચિતતા વધુ ઊભી છે. ટ્રમ્પ સરકાર ન પોતે જંપીને બેસશે, ન બીજા દેશોને જંપીને બેસવા દેશે. તમામ અર્થતંત્રોની ગ્લોબલ અસરો વચ્ચે શેરબજારની રિકવરીની ગાડી આગળ વધશે કે નહીં એ સવાલ સાથે ઇન્વેસ્ટર્સ વર્ગે ઇન્વેસ્ટમેન્ટ પ્લાનિંગ કરવાનું રહેશે. હવે પછી કરેક્શનની ગાડી ધીમી પડવાની અને રિકવરીની ગાડી વેગ પકડવાની ઉમ્મીદ છે, જેનો આરંભ ટૂંક સમયમાં રિઝર્વ બેન્કનાં પગલાં અને સંકેતોથી થશે. જોકે ટ્રમ્પનો ડ્યુટી-અટેક પણ માથે ઊભો છે

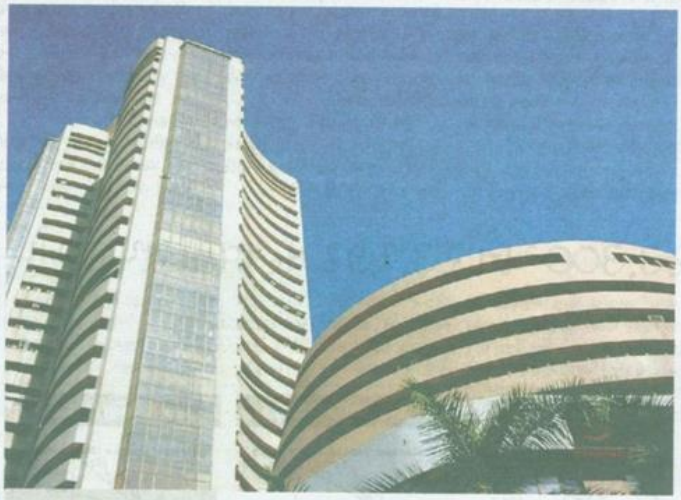

નાણાકીય વર્ષ ૨૦૨૪-'૨૫ પૂરું થયું. અડધું વર્ષ તેજમય અને અડધું વર્ષ મંદીમય રહ્યું કહી શકાય. ખાસ કરીને ટ્રમ્પના આગમન પહેલાં સર્જાયેલા સંકેતોથી અને આગમન બાદ જાહેર થયેલાં પગલાંને લીધે શેરબજારમાં નિરાશાનો ટ્રેન્ડ શરૂ થયો હતો. FIIની એકધારી આક્રમક વેચવાલીએ અને ભારતીય અર્થતંત્રની ધીમી પડેલી આર્થિક વિકાસની ગતિએ બજારને પટકવા માટે નક્કર કારણો આપ્યાં હતાં. ડૉલર સામે રૂપિયાની નબળાઈ અને ભારતીય કૉર્પોરેટ અર્નિંગ્સની નબળાઈ પણ કારણ બની હતી. આમ પણ શરૂના છ મહિનાની તેજીએ અતિરેક કર્યો હતો જેથી માર્કેટે કરેક્શન મોડમાં જવાનું જ હતું, એને કારણો મળી ગયાં. હાલ યુએસ-ટ્રમ્પ ફૅક્ટરની અનિશ્ચિતતા માથે ઊભી છે અને રહેશે એવો તાલ છે, છતાં રિકવરીનો સમય શરૂ થયો છે એવી આશા સાથે લાંબા ગાળાનું રોકાણ આયોજન સિલેક્ટેડ સ્ટૉક્સ મારફત અને મ્યુચ્યુઅલ ફન્ડ્સની યોજનાઓ મારફત પ્લાન કરવાનો ઉત્તમ સમય ગણાય.

કરેક્શનને બ્રેક - રિકવરીને મળ્યો ટ્રેક

તાજેતરના દિવસોમાં જોવાયું કે ભારતીય શેરબજારે કડાકા-ભડકા કરેક્શનની ગાડી ધીમી પાડી દીધી છે યા કહો કે બ્રેક લગાવી દીધી છે અને એને સ્થાને રિકવરીની ગાડી શરૂ કરી દીધી છે. ટ્રમ્પસાહેબના ટ્રેડ ટેરિફના નિર્ણયો ગ્લોબલ સ્તરે તો અસર કર્યા કરશે અને ભારતને પણ ચોક્કસ બાબતે અસર કર્યા વિના નહીં રહે. આ અસરો સેક્ટરવાઇઝ પણ હોઈ શકે અને ઓવરઑલ સેન્ટિમેન્ટ પર પણ થઈ શકે. બાકી આપણી સરકારે આર્થિક વિકાસને વેગ આપવા પર ધ્યાન આપવાનું છે જે આપણી માર્કેટને વેગ આપવામાં અને વિદેશી રોકાણપ્રવાહને દેશમાં લાવવામાં-વધારવામાં સહાયગામી બનશે.

રીટેલ ઇન્વેસ્ટર્સની ગતિવિધિ

ભારતીય માર્કેટમાં લાંબા સમય બાદ એવું જોવા મળ્યું કે સપ્ટેમ્બર ૨૦૨૪થી અને નૉનપાત્ર પ્રમાણમાં ડિસેમ્બર ૨૦૨૩થી રીટેલ ઇન્વેસ્ટર્સ નેટ વેચવાલ બન્યા. છેલ્લા છ મહિનામાં આ માર્ચનું બજાર મજબૂત અને રિકવરીલક્ષી રહ્યું હોવા છતાં રીટેલ રોકાણકારોએ પ્રૉફિટ બુક કરવાનું પસંદ કરી વેચાણ ચાલુ રાખ્યું હતું. આ સમયગાળામાં, ખાસ કરીને માર્ચમાં રીટેલ ઇન્વેસ્ટર્સ દ્વારા આશરે ૧૦,૫૦૦ કરોડ રૂપિયાનું નેટ વેચાણ રહ્યું. જોકે સ્થાનિક સંસ્થાકીય રોકાણકારો આ સમયમાં નેટ બાયર્સ બની રહ્યા અને ફૉરેન ઇન્વેસ્ટર્સે નેટ સેલર રહ્યા હતા.

રીટેલ ઇન્વેસ્ટર્સમાં મહત્તમ પગારદાર વર્ગ રહ્યો, જેઓ ટૅક્સ બચાવવા માટેનાં સાધનોમાં રોકાણ કરવા અથવા ટૅક્સ હાર્વેસ્ટિંગ (પ્રૉફિટ-લૉસ એડ્જસ્ટ કરવા) માટે નફા-નુકસાનને બેધ્યાન કરી શૅર્સ વેચતા રહ્યા. અલબત્ત, માર્કેટની વોલેટિલિટી પણ રીટેલ રોકાણકારોને કંઈક અંશે ડરાવીને બજાર બહાર લઈ ગઈ. છેલ્લા છ મહિનાના લાંબા કરેક્શનના સમયગાળામાં રોકાણકારો માર્કેટને છોડી બહાર નીકળતા ગયા, જ્યારે કે નવા રોકાણકારો તો આવતા જ અટકી ગયા. આમાં પણ સ્મૉલ અને મિડકૅપ સ્ટૉક્સમાં ભારે માર ખાનાર રોકાણકારો વધુ હતા. ફૉરેન ઇન્વેસ્ટર્સની એકધારી આક્રમક વેચવાલીએ પણ નાના રોકાણકારોને વેચાણ તરફ વળી જવા મજબૂર કર્યા હતા, કારણ કે તેમનો વિશ્વાસ ડગમગી ગયો હતો. જોકે માર્ચના અંત ભાગમાં નવો અને પૉઝિટિવ ટર્ન જોવા મળ્યો એ લાખો રોકાણકારો પોતે ઉતાવળ કરી યા ખોટા ગભરાઈ ગયા એવું ફીલ કરવા લાગ્યા હતા.

રિકવરીની ધીમી શરૂઆત

આ સમય ગાળામાં રૂપિયામાં પણ રિકવરી જોવાઈ, યુએસ ઇકોનોમી નબળી પડી, યુએસ ફેડ તરફથી વ્યાજદર ટાળવામાં આવ્યો, સોનાના ઊંચકાતા ભાવો જોઈ રોકાણકારો ગોલ્ડ ઇન્વેસ્ટમેન્ટ તરફ પણ વળ્યા. વિશ્વની સેન્ટ્રલ બૅન્કો પણ સોનાની રિઝર્વ વધારતી ગઈ. આમ ઇક્વિટીઝ સામે સોનામાં વધુ ચળકાટ જોવામાં આવ્યો. FII ધીમે-ધીમે પાછા ફરવાના શરૂ થયા, પરંતુ નાના-રીટેલ રોકાણકારો સાચવીને આગળ વધી રહ્યા છે, તેમને જોખમ કરતાં સલામતી વધુ પસંદ પડી રહી છે જે તેમનો બેઝિક સ્વભાવ છે.

સપ્તાહમાં રિકવરી અને કરેક્શન બન્ને રહ્યા

અગાઉના તેજમય સપ્તાહ બાદ વીતેલા સપ્તાહમાં સોમવાર અને મંગળવારે પણ રિકવરીનો દોર ચાલુ રહ્યો હતો, જે મંગળવારે ઢીલો પડ્યો અને બુધવારે કરી કરેક્શનનાં દર્શન કરાવ્યાં. જોકે આ કરેક્શનનું કારણ ટ્રમ્પ સરકારની ટેરિફ બાબતની અનિશ્ચિતતા જ હતું. ચોક્કસ સેક્ટર પર એની અસરની સંભાવનાને ધ્યાનમાં રાખી સંબંધિત સેક્ટરના સ્ટૉક્સ તૂટ્યા હતા. આ ઉપરાંત સપ્તાહ લાંબી તેજી બાદ સ્માર્ટ રોકાણકારો પ્રૉફિટ લેવા પણ સક્રિય થયા હતા. વળી કુંભના ભાવની વૃદ્ધિ તથા રૂપિયાની કરી નબળાઈ પણ કરેક્શનનું પરિબળ બની હતી. ગુરુવારે માર્કેટ સાધારણ રિકવરી સાથે આગળ વધ્યું, જેનો અર્થ એ કરી શકાય કે એનું સેન્ટિમેન્ટ આશાવાદી બન્યું છે. ટ્રમ્પની ટ્રબલ વચ્ચે પણ રોકાણકારોનો વિશ્વાસ પાછો ફર્યો છે, ભય ઘટ્યો છે, હિંમત વધી છે. જોકે શુક્રવારે પુનઃ કરેક્શન જોવાયું અને માર્કેટ સાધારણ નીચે બંધ રહ્યું. મજાની વાત એ ગણી શકાય કે FII નેટ બાયર્સ બની રહ્યા છે. આ ટ્રેન્ડ સામે પડકાર ટેરિફ ટ્રબલ અને એને કારણે સર્જાતી અનિશ્ચિતતાનો છે.

વિશેષ ટિપ

શેરબજારને સહારાબજાર કહેવાય છે, પરંતુ એને સહારાવાળા જાતું ગમતા નથી એથી જ સટોડિયાઓ અહીં વધુ કમાતા નથી. બાય ચાન્સ, ઊંચું કમાઈ લે તો ઊંચું ગુમાવી પણ દે છે. ખરું સંપત્તિસર્જન શિસ્તબદ્ધ લાંબા ગાળાના રોકાણકારો કરે છે.

૨૦૨૪-'૨૫નું વર્ષ રોલર-કોસ્ટર

નાણાકીય વર્ષ ૨૦૨૪-'૨૫ (એપ્રિલથી માર્ચ) પર નજર કરીએ તો ભારતીય ઇક્વિટી માર્કેટમાં સપ્ટેમ્બર સુધી સતત નવી ઊંચાઈ બનાવતું રહ્યું હતું, પરંતુ સપ્ટેમ્બર બાદ હેવી કરેક્શનનો આરંભ થયો જે માર્ચ સુધી ચાલતો રહ્યો જેમાં ફૉરેન ઇન્વેસ્ટર્સનું એકધારું વેચાણ તેમ જ કૉર્પોરેટ અર્નિંગ્સનો ઘટાડો અને ટ્રમ્પના ટેરિફ વિશેના નિર્ણયો નકારાત્મક કારણ બન્યાં હતાં. આમ વર્ષ આખું રોલર-કોસ્ટરનું બની રહ્યું હતું, છતાં સેન્સેક્સ અને નિફ્ટીએ પાંચ ટકા જેવું વળતર આપ્યું કહી શકાય. આમ પૉઝિટિવ વળતરનું આ સળંગ બીજું વર્ષ હતું. નિફ્ટી બેન્ક ઇન્ડેક્સનું વળતર ૧૦ ટકા જેટલું રહ્યું, મિડકૅપ ઇન્ડેક્સ સાત ટકા અને સ્મૉલકૅપ ઇન્ડેક્સે પાંચ ટકાથી વધુ વળતર આપ્યું હતું. સેક્ટરવાઇઝ જોઈએ તો નિફ્ટી ફાઇનૅન્શ્યલ સર્વિસિસમાં ૧૯ ટકા, જ્યારે મેટલ અને કાર્મામાં ડબલ ડિજિટ વળતર છૂટવું હતું.

બે મહિના સતત વેચાણ કરી રોકાણ પાછું લઈ ગયા બાદ આ માર્ચમાં FII નેટ બાયર્સ બની રહ્યા જેમાં રિઝર્વ બેન્ક રેટ-કટ કરશે એવો આશાવાદ પણ કામ કરી ગયો હતો અને વેલ્યુએશન પણ વાજબી સ્તરે આવતા ગયા હોવાનું કારણ પણ નિમિત્ત બન્યું. અન્યથા માર્ચના પ્રથમ હાફમાં તેઓ નેટ સેલર્સ હતા.

આ ૧૦ સ્ટૉક્સ પર નજર રાખી શકાય

દરમ્યાન ગ્લોબલ બ્રોકિંગ હાઉસ ગોલ્ડમૅન સેક્સ દ્વારા ૧૦ ભારતીય સ્ટૉક્સ માટે ઊંચા વળતરની ધારણા-આશા વ્યક્ત કરાઈ છે. આ સ્ટૉક્સમાં એચડીએફસી બેન્ક, એયુ સ્મૉલ ફાઇનૅન્સ બેન્ક, જ્યુપીએલ, ઇન્ડિગો, મેક માય ટ્રીપ, અદાણી પોર્ટ્સ, ટાઇટન, મહિન્દ્ર-મહિન્દ્ર, પાવર ગ્રીડ, અપોલો હૉસ્પિટલનો સમાવેશ થાય છે. આ કંપનીઓમાં બ્રોકરેજ હાઉસિસના મતે ગ્રોથની અને બહેતર વળતરની સંભાવના ઊંચી છે.

जयपुर में विमान का टायर फटने से मचा हड़कंप

महानगर नेटवर्क

जयपुर

राजस्थान की राजधानी जयपुर से चेन्नई जा रहे विमान का टायर फटने से यात्रियों में हड़कंप मच गया। हैरान कर देने वाली बात ये है कि इस घटना के बारे में करीब ढाई घंटे बाद पता चला। इसके बाद चेन्नई एयरपोर्ट पर विमान की इमरजेंसी लैंडिंग करवाई गई। एयरपोर्ट अधिकारियों के मुताबिक स्पाइसजेट के विमान SG-9046 ने शनिवार देर रात जयपुर एयरपोर्ट से चेन्नई के लिए उड़ान भरी थी। इस दौरान विमान में क्रू-मेंबर सहित 200 लोग सवार थे। लेकिन, आसमान में उड़ते विमान का अचानक एक टायर फट गया। इस घटना के बारे में पायलट को करीब ढाई घंटे बाद पता चला, जब विमान चेन्नई एयरपोर्ट पर उतरने वाला था। इस बारे में पता चलते ही यात्रियों में भी हड़कंप मच गया। तभी पायलट ने एयर ट्रैफिक कंट्रोल यूनिट से संपर्क किया और इस बारे में अवगत कराया।

पापाराजी के सवाल पर भड़कीं पलक

बॉलीवुड एक्ट्रेस पलक तिवारी को जब मुंबई एयरपोर्ट पर पापाराजी ने अनन्या पांडे कहकर पुकारना शुरू किया तो वह इरिटेट गईं। एक्ट्रेस का एयरपोर्ट से यह वीडियो सोशल मीडिया पर वायरल है। उन्हें बार-बार अनन्या पांडे का जिक्र आने पर परेशान होते देखा जा सकता है। पापाराजी विरल भयानी ने यह वीडियो अपने ऑफिशियल इंस्टाग्राम अकाउंट पर पोस्ट किया है जिसमें फोटोग्राफर पहले तो एक्ट्रेस से रुकने के लिए कहता है और फिर कई बार उनके एक ही सवाल पूछता है कि आपको पलक कहें या अनन्या कहें?

शुरू में तो पलक तिवारी ने पापाराजी की बात को नजरअंदाज किया लेकिन फिर बार-बार यही सवाल पूछे जाने पर अनन्या पांडे नाराज हो जाती हैं और बोलीं, रहमेश ऐसे क्यों बोलते हो आप लोग?र एक्ट्रेस को नाराज होता देख एक फोटोग्राफर ने उनका मूड लाइट करने के लिए उनकी अपकमिंग फिल्म 'भूतनी' से जुड़ा सवाल किया। वर्क फ्रंट पर पलक जल्द ही फिल्म भूतनी में काम करती नजर आएंगी। फिल्म की स्टार कास्ट में संजय दत्त, मौनी रॉय, सनी सिंह, आसिफ खान और बी-यूनिक जैसे नाम शामिल हैं। फिल्म 18 अप्रैल 2025 को सिनेमाघरों में रिलीज होगी। इसका ट्रेलर सलमान खान की सिकंदर के साथ 30 मार्च से थिएटर्स में दिखाया जाएगा। दिलचस्प बात यह है कि पलक तिवारी ने अपना बॉलीवुड डेब्यू सलमान खान की ही फिल्म 'किसी का भाई किसी की जान' मूवी के जरिए 2023 में किया था।

स्पाइस जेट की फ्लाइट की इमरजेंसी लैंडिंग

नवज्योति, जयपुर। जयपुर से चेन्नई जा रही स्पाइस जेट की फ्लाइट की चेन्नई एयरपोर्ट पर इमरजेंसी लैंडिंग कराई गई। यह विमान रात 2 बजे जयपुर से रवाना हुआ था और सुबह 5.45 बजे चेन्नई में लैंड हुआ। लैंडिंग के दौरान टायर बर्स्ट होना बताया जा रहा है। लैंडिंग से पहले विमान ने चेन्नई एयरस्पेस में कई चक्कर लगाए। पायलट ने एयर ट्रैफिक कंट्रोल से इमरजेंसी लैंडिंग की अनुमति मांगी थी। करीब आधे घंटे तक होल्ड पर रहने के बाद विमान को सुरक्षित उतारा गया। फिलहाल घटना के कारणों की जांच की जा रही है। यात्रियों की सुरक्षा को लेकर कोई खतरा नहीं बताया है।

दुबई की फ्लाइट देरी से रवाना

जयपुर से दुबई जाने वाली फ्लाइट रविवार को देरी से रवाना हुई। इसके चलते यात्रियों को परेशानी का सामना करना पड़ा। स्पाइस जेट की फ्लाइट जयपुर से सुबह 8.55 बजे दुबई जाती है। यह फ्लाइट रविवार को सुबह 9.45 बजे दुबई के लिए रवाना हुई। गौरतलब है कि नए शेड्यूल लागू होने के पहले दिन ही फ्लाइट देरी से रवाना हुई।

जयपुर एयरपोर्ट पर नया समर शेड्यूल लागू

जयपुर एयरपोर्ट पर रविवार से फ्लाइट्स का नया समर शेड्यूल लागू हो गया। पहले दिन में सुबह 9.30 से शाम 6 बजे तक फ्लाइट संचालन बंद रखने का प्रस्तावित नोटम अगले साल तक के लिए स्थगित कर दिया गया। हालांकि एयरलाइंस पहले ही अपने शेड्यूल को अंतिम रूप दे चुकी थीं, जिससे रविवार को अधिकांश फ्लाइट्स नहीं चलीं। जानकारी के अनुसार 15 अप्रैल तक दिन में फ्लाइट्स की संख्या फिर से बढ़ने लगेगी। मई में रोजाना लगभग 75 फ्लाइट्स संचालित होंगी, जिससे यात्रियों को राहत मिलेगी। एयरपोर्ट प्रशासन के इस फैसले से समर ट्रैवल सीजन के दौरान यात्रियों को बेहतर सुविधाएं मिलेंगी और उड़ानें सामान्य रूप से जारी रहेंगी।

जयपुर से चेन्नई जा रही स्पाइसजेट फ्लाइट का टायर फटा

चेन्नई में इमरजेंसी लैंडिंग हुई, बाल बाल बचे 200 यात्री

जयपुर: क्रू मेंबर सहित 200 यात्रियों को लेकर उड़ान भर रहे विमान के टायर फटने की खबर मिलते ही प्लेन में हड़कंप मच गया। देर रात करीब दो बजे स्पाइसजेट का विमान जयपुर से उड़ान भरकर चेन्नई की तरफ रवाना हुआ था। तभी एयर ट्रैफिक कंट्रोल की तरफ से विमान के चालक दल को जानकारी मिली कि फ्लाइट का टायर फट गया है, इसके बाद विमान की इमरजेंसी लैंडिंग कराई गई। 1 बजकर 55 मिनट पर प्लेन टेक ऑफ हुआ तो करीब ढाई घंटे बाद जानकारी मिली की फ्लाइट का टायर फट गया है। इसके बाद प्लेन के चालक दल ने इमरजेंसी लैंडिंग के लिए चेन्नई में अनुमति मांगी। चूंकि चालक को अंदाजा हो गया था, इसलिए चालक दल ने इमरजेंसी लैंडिंग की अनुमति मांगी। इसके बाद सुरक्षा के सभी मानकों को ध्यान में रखते हुए चालक दल शेष पृष्ठ 4 पर...

जयपुर से चेन्नई जा रही...

ने फ्लाइट को लैंड कराया। फ्लाइट चेन्नई एयरपोर्ट पर सामान्य ब्रेकिंग का उपयोग करके सुरक्षित उतार ली गई। विमान उतरने के बाद उसकी जांच हुई तो पाया गया कि दूसरे मेन पहिए के टायर से एक परत गायब हो गई है। अधिकारियों ने राहत की सांस ली कि किसी भी तरह का कोई बड़ा हादसा नहीं हुआ।

पहले भी इस तरह की घटनाएं सामने आती रही हैं। आपको बताते चलें कि बीते शनिवार राजस्थान के राज्यपाल हरिभाऊ बागड़े के हेलीकॉप्टर में उड़ान भरने के बाद कुछ ऊपर जाने पर एक धमाका हुआ था। घटना जयपुर की थी। हालांकि धमाका छोटा था और उसमें से धुआं निकलते ही पायलट ने अपनी सूझबूझ और समझदारी का परिचय दिखाते हुए उसे लैंड करा लिय था। और इसमें कोई हताहत नहीं हुआ था।

अब तार और केबल क्षेत्र में प्रतिस्पर्धा करेंगे अदाणी, आदित्य बिड़ला समूह

नयी दिल्ली: अरबपति उद्योगपति गौतम अदाणी की अगुवाई वाला अदाणी समूह और कुमार मंगलम बिड़ला का आदित्य बिड़ला समूह सीमेंट के बाद अब तार एवं केबल कारोबार में आमने-सामने होने के लिए तैयार हैं। दोनों ही समूह दहाई अंकों की वृद्धि वाले इस क्षेत्र में उतरने की घोषणा कर चुके हैं। एक महीने से भी कम समय में दोनों समूहों ने तार और केबल क्षेत्र में उतरने की घोषणा की है। इन दोनों समूहों की प्रतिस्पर्धा की वजह से सीमेंट क्षेत्र की छोटी कंपनियां पहले ही काफी पीछे छूट गई हैं। वहीं तार और केबल उद्योग में असंगठित और छोटी कंपनियों का दबदबा है। दो बड़े समूहों के इस क्षेत्र में कदम रखने से तार और केबल उद्योग में प्रतिस्पर्धा तेज होने का अनुमान है। इस क्षेत्र ने वित्त वर्ष 2018-19 से 2023-24 के बीच राजस्व में सालाना आधार पर 13 प्रतिशत की वृद्धि दर्ज की है।

भारतीय कंपनियों ने क्यूआइपी से 1.33 लाख करोड़ जुटाए

नई दिल्ली, प्रेट्र: भारतीय कंपनियों ने वित्त वर्ष 2024-25 में शेयर बाजारों में तेजी के दौरान पात्र संस्थागत आवंटन (क्यूआइपी) से रिकार्ड 1.33 लाख करोड़ रुपये जुटाए।

प्राइम डेटाबेस ने कहा कि भारतीय कंपनियों ने क्यूआइपी के जरिये इस वित्त वर्ष में 1,33,251 करोड़ रुपये जुटाए हैं, जो वित्त वर्ष 2023-24 में जुटाए गए 71,306 करोड़ रुपये से 87 प्रतिशत अधिक है। आंकड़ों के मुताबिक, 31 मार्च, 2025 तक 85 कंपनियों ने क्यूआइपी जारी कर पूंजी बाजार में प्रवेश किया है, जबकि पिछले वित्त वर्ष के दौरान केवल 64 कंपनियों ने ही ऐसा किया था। वेदांत समूह और जोमैटो ने सबसे ज्यादा 8,500-8,500 करोड़ रुपये जुटाए। उनके बाद अदाणी एनर्जी साल्यूशंस और वरुण बेवरेजेज ने क्रमशः 8,373 करोड़ रुपये और 7,500 करोड़ रुपये जुटाए।

हेमंत-अदाणी मुलाकात को लेकर राजनीति चरम पर, कांग्रेस-भाजपा ने एक-दूसरे पर मढ़े आरोप

रांची में हेमंत सोरेन के साथ चर्चा करते गौतम अदाणी। जागरण

कांग्रेस नेता राहुल गांधी उद्योगपति अदाणी को मोदी सरकार से जोड़कर अक्सर राजनीतिक हमले करते रहे हैं। मुख्यमंत्री हेमंत सोरेन भी कई मौकों पर केंद्र सरकार को अदाणी के पक्ष में बताते रहे हैं। गत दिनों अदाणी समूह के प्रमुख गौतम अदाणी ने रांची स्थित सीएम आवास में मुख्यमंत्री हेमंत से बंद कमरे में मुलाकात की है। इसके बाद विपक्षी दल भाजपा ने राज्य सरकार में शामिल झामुमो और कांग्रेस से सवाल पूछना प्रारंभ कर दिया है।

दूसरी ओर, कांग्रेस अपने स्टैंड पर कायम है। प्रदेश कांग्रेस प्रभारी के.राजू ने कहा कि हम आज भी उसी स्टैंड पर कायम हैं। अदाणी को लेकर जो बातें राहुल गांधी ने कही हैं, उसमें कोई परिवर्तन नहीं है। हमारे सहयोगी दलों में भी इस मुद्दे को लेकर कोई वैचारिक भिन्नता नहीं है। राहुल गांधी अदाणी के व्यवसाय के विरोध में नहीं, बल्कि अदाणी को गलत तरीके से राष्ट्र की संपत्ति देने का विरोध करते रहे हैं। इधर, भाजपा प्रदेश महामंत्री और राज्यसभा सदस्य आदित्य साहू ने कहा है कि गठबंधन में शामिल दोनों दलों और इनके नेताओं की नकारात्मक राजनीति बेनकाब हुई है। विकास विरोधी बयानबाजी कर राहुल देश में अराजक माहौल बनाना चाहते हैं। हेमंत से अदाणी की मुलाकात से अगर राज्य में निवेश का माहौल बनता है तो इसका स्वागत होना चाहिए। लेकिन, झामुमो और कांग्रेस बताए कि अबतक इसका विरोध क्यों करते थे। कहा कि मुख्यमंत्री हेमंत सोरेन को बताना चाहिए कि कांग्रेस नेता राहुल गांधी जिस तरह अदाणी के बारे में झूठ बोलते रहे हैं, क्या अब वह उसे नकार रहे हैं।

बजट सत्र में उठा था अदाणी को जमीन देने का मुद्दा : विधानसभा के बजट सत्र में कांग्रेस विधायक दल के नेता प्रदीप यादव ने गोड्डा स्थित अदाणी के पावर प्लांट को जमीन आवंटन में संताल परगना टिनेंसी एक्ट का उल्लंघन बताया था। इसके बाद गठबंधन सरकार ने अदाणी को दी गई जमीन के सौदे की जांच के लिए मुख्य सचिव की अध्यक्षता मे कमेटी बनाने का निर्देश दिया था। हेमंत सोरेन और गौतम अदाणी की मुलाकात के बाद भाजपा गठबंधन सरकार पर जनता से झूठ बोलने और जनता को बरगलाने का आरोप लगा रही है।

अब तार और केबल क्षेत्र में प्रतिस्पर्धा करेंगे अदाणी व आदित्य बिड़ला समूह

नयी दिल्ली. अरबपति उद्योगपति गौतम अदाणी की अगुआई वाला अदाणी समूह और कुमार मंगलम बिड़ला का आदित्य बिड़ला समूह सीमेंट के बाद अब तार एवं केबल कारोबार में आमने-सामने होने के लिए तैयार हैं. दोनों ही समूह दहाई अंकों की वृद्धि वाले इस क्षेत्र में उतरने की घोषणा कर चुके हैं. एक महीने से भी कम समय में दोनों समूहों ने तार और केबल क्षेत्र में उतरने की घोषणा की है. इनकी प्रतिस्पर्धा की वजह से सीमेंट क्षेत्र की छोटी कंपनियां पहले ही काफी पीछे छूट गयी हैं. वहीं तार और केबल उद्योग में असंगठित और छोटी कंपनियों का दबदबा है. दो बड़े समूहों के इस क्षेत्र में कदम रखने से तार और केबल उद्योग में प्रतिस्पर्धा तेज होने का अनुमान है.

सीमेंट के बाद अब तार और केबल क्षेत्र में प्रतिस्पर्धा करेंगे अडाणी और बिड़ला समूह

नई दिल्ली (भाषा)।

अरबपति उद्योगपति गौतम अडाणी की अगुवाई वाला अदाणी समूह और कुमार मंगलम बिड़ला का आदित्य बिड़ला समूह सीमेंट के बाद अब तार एवं केबल कारोबार में आमने-सामने होने के लिए तैयार है। दोनों ही समूह दहाई अंकों की वृद्धि वाले इस क्षेत्र में उतरने की घोषणा कर चुके है।

एक महीने से भी कम समय में दोनों समूहों ने तार और केबल क्षेत्र में उतरने की घोषणा की है। इन दोनों समूहों की प्रतिस्पर्धा की वजह से सीमेंट क्षेत्र की छोटी कंपनियां पहले ही काफी पीछे छूट गई है। वही तार और केबल उद्योग में असंगठित और छोटी कंपनियों का दबदबा है। दो बड़े समूहों के इस क्षेत्र में कदम रखने से तार और केबल उद्योग में प्रतिस्पर्धा तेज होने का अनुमान है। इस क्षेत्र ने वित्त वर्ष 2018-19 से 2023-24 के बीच राजस्व में सालाना आधार पर 13 प्रतिशत की वृद्धि दर्ज की है। यह क्षेत्र अब एक संगठित ब्रांड बाजार की ओर बढ़ रहा है।

अडाणी द्वारा 19 मार्च को इस क्षेत्र में उतरने की घोषणा के एक दिन बाद सूचीबद्ध तार और केबल कंपनियों के शेयरों में गिरावट आई है। इस क्षेत्र की अग्रणी कंपनियों पॉलीकैब इंडिया और केईआई इंडस्ट्रीज के शेयरों का मूल्य 20 मार्च को 52 सप्ताह के निचले स्तर पर आ गया।

Kapil inaugurates ISSO Swimming Regional C'ships at Adani International School

AHMEDABAD, MAR 30

ADANI International School on Saturday hosted the International Schools Sports Organization (ISSO) Swimming Regional Championships with cricketing legend and former World Cup-winning captain Kapil Dev gracing the occasion to inaugurate the event.

Adani International School became the first institution in Gujarat to host an ISSO regional event, which saw participation from as many as 115 young swimmers from U9 and U11 age categories representing seven international schools from the state.

"I had an amazing time at Adani International School, inaugurating the ISSO Swimming Regional Championships.

The sports facilities here are outstanding, and it is heartening to see Adani International School actively promoting a strong sports culture in the city through initiatives like this.

Efforts like these will shape India's future sporting champions. I congratulate the Adani family and extend my best wishes for their invaluable contribution to Indian sports," said the 1983 World Cup-winning captain at the event.

ISSO provides students with a platform to compete in various sports while promoting sportsmanship and teamwork. Through nationwide events, ISSO plays a crucial role in developing grassroots sports in India.

On Saturday, Adani International School not only brought the first ISSO regional event to Gujarat but also emerged as the overall champions with a total of 106 medals - 19 gold in individual, 36 gold in relay, 22 silver in individual, 8 silver in relay, and 21 bronze in individual - along with 284 points.

Expressing his gratitude, Sergio Pawel, Head of School, Adani International School, added, "Hosting Kapil Dev at our campus was an absolute honour. Watching him explore our sports facilities and interact with our students was truly a special moment. His humility and genuine interactions left a lasting impression on us, our students, and their parents. We extend our heartfelt thanks to him and hope he enjoyed his time at Adani International School.

"Hosting Gujarat's first ISSO regional event further strengthens the Adani Group's vision for sports development and aligns perfectly with our mission of providing students with the best sporting experiences." –IANS

Our stance on Adani Group unchanged, reiterates Congress

ASRP.Mukesh
@timesofindia.com

Ranchi: Two days after Jharkhand CM Hemant Soren met business tycoon Gautam Adani, Congress on Sunday reiterated, that its stance on Adani Group remains unchanged, even as JMM welcomed anyone willing to invest in the state.

Opposition BJP has taken potshots at both JMM and Congress for their earlier 'attacks' on Adani Group, calling them mere poll gimmicks meant to mislead voters. Congress' Jharkhand affairs in-charge, K Raju, said, "The entire party stands by Rahul Gandhi's stance on this (Adani) issue. We have always maintained that neither Congress nor Rahul ji's fight is against any specific person, but against the methods adopted to secure projects — rail, ports, airports — you name it. Our leader opposes the manipulation of stock markets by this (Adani) company. It's a broader fight against Modi govt's preferential treatment of a few capitalists."

Raju's statement came after his meeting with the CM on the last day of his five-day visit to the state.

Hemant's grand welcome to Adani at his official residence caught many by surprise, including JMM's ally Congress, and triggered political speculation. However, Raju attempted to put all rumours to rest by saying, "Even our allies share the same perspective on this matter. There is no difference of opinion among us."

চাকা ফেটে অবতরণ

মাঝ-আকাশে বিপত্তি স্পাইসজেটের একটি যাত্রিবাহী বিমানে। রাজস্থানের জয়পুর থেকে তামিলনাড়ুর চেন্নাইগামী বিমানটির চাকা ফেটে যায়। বিপদ বুঝে পাইলট যোগাযোগ করেন চেন্নাই বিমানবন্দরের সঙ্গে। জরুরি ভিত্তিতে অবতরণের অনুমতি চান। বার্তা পেয়েই রবিবার সকাল ৬টা নাগাদ সেটিকে জরুরি অবতরণের ব্যবস্থা করানো হয়। যাত্রীরা সুরক্ষিত আছেন বলে জানানো হয়েছে। জানা গেছে, মাঝ-আকাশে যান্ত্রিক সমস্যা দেখা দিলে পাইলট মনে করেছিলেন বিমানটির ল্যান্ডিং গিয়ারে সমস্যা হচ্ছে। তাই তিনি তাড়াতাড়ি সেটি অবতরণের সিদ্ধান্ত নেন। এদিকে বিমানবন্দরে অবতরণের পর পরীক্ষা করতে গিয়ে দেখা যায়, স্পাইসজেটের ওই বিমানের ২ নম্বর চাকাটি ক্ষতিগ্রস্ত হয়েছে। পাইলটের তৎপরতা এবং বিমানবন্দর কর্তৃপক্ষের দ্রুত সাড়া দেওয়ার কারণে বড় ধরনের দুর্ঘটনা এড়ানো গিয়েছে। চলতি মাসের প্রথম দিকে হায়দরাবাদ বিমানবন্দরে অবতরণের সময় রানওয়েতে মুখোমুখি হয়ে পড়ে দুটি বিমান। সেবারও পাইলটের দক্ষতায় অল্পের জন্য বড়সড় দুর্ঘটনা থেকে রক্ষা মেলে।

सोलापूरहून गोव्यासाठी पहिले उड्डाण

'डीजीसीए'कडून वेळापत्रक जाहीर, मुंबईच्या उड्डाणाला मात्र विलंब

सकाळ EXCLUSIVE

■ **प्रसाद कानडे** : सकाळ वृत्तसेवा

पुणे, ता. ३० : गेल्या सहा महिन्यांपासून सोलापूरची विमानसेवा अनिश्चितेच्या गर्तेत घिरट्या मारीत होती. मात्र आता अनिनिश्चितचे 'ढग' बाजूला सारून विमानसेवा उड्डाणाच्या दिशेने झेपावणार आहे. 'डीजीसीए'ने सोलापूर विमानतळाचा पहिला 'समर शेड्यूल' जाहीर केला आहे. यात सोलापूर ते गोवा व सोलापूर ते मुंबई या दोन सेक्टरचा उल्लेख केला आहे. मात्र सोलापूर ते मुंबई सेक्टरसाठी विमानसेवेची निविदा प्रक्रिया अद्याप पूर्ण झालेली नसल्याने सोलापूर - मुंबई विमानसेवेला आणखी काही महिने लागण्याची शक्यता आहे. तत्पूर्वी सोलापूर - गोवा ही विमानसेवा सुरु होणार आहे. एप्रिल अखेरीस अथवा मेच्या पहिल्या आठवड्यात गोव्यासाठी उड्डाण होण्याची शक्यता आहे.

'फ्लाय ९१' या विमानकंपनीच्या एटीआर - ७२ या विमानाला 'डीजीसीए'ने (नागरी विमान वाहतूक महासंचालनालय) नुकतीच मंजुरी दिली. 'डीजीसीए'ने जाहीर केलेल्या समर शेड्यूल मध्ये दाबोलीम (गोवा) ते सोलापूर दैनंदिन विमानसेवेचा उल्लेख केला आहे. प्रसिद्ध केलेला समर शेड्यूल हा २५ ऑक्टोबरपर्यंत असणार आहे. याच शेड्यूलमध्ये सोलापूर - मुंबई विमानसेवा सुरु होण्याची शक्यता आहे.

सोलापूर - मुंबई या सेक्टरवर अद्याप कोणती विमान कंपनी सेवा देणार हे अधिकृतरीत्या ठरलेले नाही. यासाठी महाराष्ट्र विमानतळ विकास कंपनी निविदा प्रक्रिया राबवीत आहे. 'एमएडीसी'च्या वरिष्ठ अधिकाऱ्यांनी दिलेल्या माहितीनुसार दोनहून अधिक कंपन्यांनी यात सहभाग घेतला आहे. येत्या १५ दिवसांत निविदा प्रक्रिया पूर्ण होईल. त्यानंतर या सेक्टरवर व्हीजीएफ अर्थात 'व्यवहार्यता अंतर निधी'साठी राज्य सरकारच्या कॅबिनेट मंत्री मंडळाच्या बैठकीत हा प्रस्ताव ठेवून त्याला मान्यता मिळाल्यावर सोलापूर ते मुंबई विमानसेवा सुरु होईल. सोलापूर विमानतळावरचा इंधन प्रश्न देखील मार्गी लागला आहे. सोलापूर विमानतळावर दोन 'बाउझर' उपलब्ध झाले आहे. या द्वारे विमानाला 'एटीएफ' (एव्हिएशन टर्बाईन फ्युएल)चा पुरवठा केला जाईल. यासाठी हिंदुस्थान पेट्रोलियमशी करार झाला असून, पुण्याहून आवश्यकतेनुसार हे 'बाउझर' सोलापुरात दाखल होतील.

तुमचा पैसा तुमचा स्टॉक

डॉ. अजित जोशी

गॅसमधील गुंतवणूक...

बाजारात चढ-उतार असले, तरी काही गोष्टींची मागणी सतत कायम राहते.. ते म्हणजे इंधन. गेल्या काही वर्षांत स्वच्छ आणि प्रदूषणरहित इंधनाची आवश्यकता लोकांच्या लक्षात आली आहे.

चित्र : एआय

नैसर्गिक गॅस वितरित करणाऱ्या कंपन्यांना अधिकाधिक महत्त्व येत आहे. यात प्रामुख्याने दिल्ली परिसरात सीएनजी वितरण करणारी 'इंद्रप्रस्थ', गुजरातमध्ये कार्यरत असलेली 'गुजरात गॅस', मुंबईत कार्यक्षेत्र असलेली 'महानगर गॅस लिमिटेड' आणि देशातील अनेक भागांत वितरण करणारी 'अदानी टोटल गॅस' या चार कंपन्या आहेत.

खरे तर गेल्या वर्षी ऑक्टोबरमध्ये या क्षेत्राला एक धक्का बसला. 'एपीएम' म्हणजेच सरकारने ठरवलेल्या किमतीनुसार जो गॅसपुरवठा या कंपन्यांना होत असे, त्याचे प्रमाण कमी केले गेले. साहजिकच आपल्याला आवश्यक तो पुरवठा या कंपन्यांना बाहेरून अधिक महाग दराने घ्यावा लागला आणि यातून नफ्यावर परिणाम झाला. त्यामुळेच या कंपन्यांच्या किमतीत मोठी घट झाली. जानेवारीत सरकारने 'एपीएम' प्रमाणात थोडी वाढही केली; शिवाय या क्षेत्राची भरपूर मागणी आणि बिझनेस सायकल कमी जास्त झाले, तरी होणारा किमान परिणाम, यामुळे कमी झालेल्या किमतींत या कंपन्या आकर्षक करू शकतात.

महानगर गॅस (MGL), इंद्रप्रस्थ गॅस (IGL) आणि अदानी टोटल गॅस (ATGL) या तिन्ही कंपन्या भारतात नैसर्गिक वायू पुरवणाऱ्या मोठ्या कंपन्या आहेत; पण त्यांची काम करण्याची पद्धत आणि भविष्यातील योजना वेगवेगळ्या आहेत. MGL ही मुंबई आणि आसपासच्या भागात काम करते आणि आता ती आणखी CNG स्टेशन उभारते आहे आणि घराघरात PNG जोडण्या वाढवत आहे. IGL दिल्ली आणि त्याच्या भोवतालच्या NCR भागात काम करते आणि नवे शहरांमध्ये आपली सेवा सुरू करत आहे. त्यांचे ग्राहकांही स्थिर आहेत. याउलट, ATGL ही कंपनी सध्या सगळ्यात आक्रमक पद्धतीने विस्तार करत आहे. ती १३ राज्यांमध्ये काम करत असून, १,८००पेक्षा जास्त CNG स्टेशन उभारण्याची योजना आहे. शिवाय, ती EV चार्जिंग, बायोगॅस आणि ग्रीन हायड्रोजन यासारख्या नव्या क्षेत्रांमध्येही पाऊल ठेवते आहे. MGL ही जास्त स्थिर आणि सुरक्षित गुंतवणुकीसाठी चांगली मानली जाते, IGL ही संतुलित पर्याय आहे, तर ATGL ही मोठी वाढ शोधणाऱ्या गुंतवणूकदारांसाठी अधिक योग्य ठरू शकते.

या सगळ्यांच्या तुलनेत गुजरात गॅस लिमिटेड (GGL) ही क्षेत्रफळाच्या दृष्टीने मोठी कंपनी असली तरी तिचा भर मुख्यतः औद्योगिक ग्राहकांवर आहे. त्यामुळे CNG आणि घरगुती PNG क्षेत्रात तिची वाढ तुलनेत कमी राहिली आहे. कंपनीचे विस्तार धोरण MGL, IGL किंवा ATGL इतके आक्रमक नाही. शिवाय, त्यांचे नव्या राज्यांमध्ये पाय रोवण्याचे प्रयत्न तुलनेने मर्यादित आहेत. सोबतच्या तक्त्यात या चारही कंपन्यांचे काही महत्त्वाचे आर्थिक निकष दिलेले आहेत. हे पाहिल्यावर असं लक्षात येतं, की गुंतवणूकदारांना आणि शेअर होल्डरला मिळालेला परतावा असो किंवा तिमाहीतील विक्री आणि नफ्यातली वाढ महानगर गॅस सर्वांत आकर्षक गुंतवणूक आहे. मात्र ज्या मुंबई आणि महामुंबईच्या परिसरात या कंपनीचा विस्तार आहे तिथे बऱ्यापैकी कंपनी सर्व दूर पोहोचलेली असल्यामुळे वाढीचा स्कोप कमी आहे.

याउलट अदानी कंपनीला तिचा भौगोलिक विस्तार असंख्य वेगवेगळ्या प्रदेशात असल्यामुळे आणि एकूण वाढीच्या दृष्टीने तिची वाटचाल असल्यामुळे नैसर्गिक फायदा आहे. त्यामुळेच महानगर गॅसचा 'पीई' रेशोसुद्धा सर्वांत कमी आहे.

अदानी टोटल गॅसचा 'पीई' रेशो तब्बल १००च्या आसपास आहे. नफा आणि जोखीम यांचे परस्परांशी नाते लक्षात घेता महानगर गॅस जास्त चांगला पर्याय असू शकेल.

মেঘ কেটে ভেসে যাচ্ছে এয়ারব্রাস্ট। সবে নাগপুর এয়ার ট্র্যাফিক কন্ট্রোল (এটিসি) ছেড়েছে তাকে। ককপিট থেকে কম্যান্ডার ফ্রিকোয়েন্সি চেঞ্জ করে ধরলেন কলকাতাকে— 'কলকাতা কন্ট্রোল, এআই সিক্স সেভেন ফাইভ... কামিং ফ্রম মুম্বই.. অ্যাপ্রোচিং কলকাতা... ফ্লাইট লেভেল থ্রি সেভেন জিরো... এসটিমেটিং পয়েন্ট ওসভাস... (আকাশে ল্যাট-লংয়ের হিসেবে এমন বিভিন্ন নামের অনেক অদৃশ্য পয়েন্ট তৈরি করা আছে। এই পয়েন্টগুলোতে পৌঁছে এটিসি-কে রিপোর্ট করেন পাইলট)... টাইম আইএসটি (ইন্ডিয়ান স্ট্যান্ডার্ড টাইম) জিরো সিক্স থ্রি ফাইভ...'।

এটিসি থেকে এল পাল্টা বার্তা— 'এআই সিক্স সেভেন ফাইভ... আইডেন্টিফায়েড... রিপোর্ট অ্যাট জুলিয়েট জুলিয়েট সেরা (জামশেদপুরের কলসাইন)... মেনটেন ফ্লাইট লেভেল থ্রি সেভেন জিরো... ক্লিয়ার টু কলকাতা...'। চলতে থাকে কথোপকথন।

শেষ মুহূর্তে এটিসি থেকে ভেসে আসে— 'এআই সিক্স সেভেন ফাইভ... ক্লিয়ার টু ল্যান্ড... রানওয়ে ওয়ান নাইনার লেফ্ট... উইন্ড স্পিড জিরো ফাইভ নটস...'।

নির্বিঘ্নে মাটি ছোঁয় বিমান। যাত্রীরা মনে মনে পাইলটকে ধন্যবাদ জানিয়ে যে যার পথ ধরেন। মেঘের আড়াল থেকে মেঘনাদের মতো যাঁরা ক্রমাগত স্পুদ ল্যান্ডিং করিয়ে যাচ্ছেন, তাঁরা থেকে যান অগোচরে। তাঁদের কথা কেউ জানতেও পারেন না। তাঁরা এটিসি-র অফিসার। সংক্ষেপে এটিসিও।

সারা বিশ্ব জুড়ে বড় আকাল দেখা দিয়েছে এই এটিসিও-র। কলকাতা থেকে ওয়াশিংটন ডিসি, চিত্রটা মোটামুটি এক। যেখানে ৩০০ অফিসারের প্রয়োজন, সেখানে কাজ করছেন ২২০ জন। ফলে, চাপ বাড়ছে তাঁদের উপরে। যে অফিসার একসঙ্গে ১২ থেকে ১৪টি ফ্লাইট হ্যান্ডল করছিলেন, তাঁকে হ্যান্ডল করতে হচ্ছে ১৮ থেকে ২০টি ফ্লাইট।

আপাত ভাবে যত সহজ মনে হচ্ছে, তত সহজ নয় বিষয়টি। প্রবল মনঃসংযোগের প্রয়োজন। আকাশে বিভিন্ন উচ্চতায়, বিভিন্ন রুটে উড়ে যাওয়া বিমান যাতে একে অন্যের কাছাকাছি চলে না-আসে, সমস্ত বিমান যাতে যাত্রীদের নিয়ে নির্বিঘ্নে নেমে আসে মাটিতে, সব সময়ে তার দিকে চেয়ে বসে থাকতে হয়। কন্ট্রোল রুমে পাশাপাশি বড় বড় মনিটর। তার স্ক্রিনে বিন্দুর আকারে ভেসে উঠছে প্রতিটি বিমানের অবস্থান। সেই বিন্দুগুলির পাশে খুদে অক্ষরে লেখা তার ফ্লাইট লেভেল, ফ্লাইট নম্বর। শিকারের দিকে শেষ মুহূর্তে যে ভাবে তাকিয়ে থাকতে দেখা যায় চিতাকে, তেমন ভাবে মনিটরের সামনে বসে থাকতে হয় এটিসিও-দের। সামান্য ভুলচুক হলেই বিপদ।

আর যত চাপ বাড়ছে, তত ভুলচুকের ঘটনা ঘটছেই। গত ২৯ জানুয়ারি আমেরিকার পোটোম্যাক নদীর উপরের আকাশে একটি কমার্শিয়াল জেট এবং একটি সেনা হেলিকপ্টারের সংঘর্ষে মারা গিয়েছেন ৬৭ জন। তদন্তে জানা গিয়েছে, তখন দুই এটিসিও-র কাজ সামলাচ্ছিলেন একজন। ভুল হয়েছে তাঁর। ভারতের বিমানবন্দর কর্তৃপক্ষের প্রাক্তন এগজিকিউটিভ ডিরেক্টর কল্যাণ চৌধুরীর আশঙ্কা, 'যে ভাবে চলছে, তাতে আরও এমন দুর্ঘটনা ঘটলে অবাক হওয়ার নেই। কনসেনট্রেশনের একটা লিমিট তো থাকবে।'

মার্কিন দেশের চিত্র

আমেরিকায় এটিসিও-দের এই সংকট গত ৩০ বছরের নিরিখে সবচেয়ে খারাপ বলে মনে করা হচ্ছে। যাঁরা কাজ করছেন, তাঁদের উপরে ভয়ানক চাপ। সপ্তাহে ছ'দিন, কখনও দিনে ১০ ঘণ্টা করেও ডিউটি করতে হচ্ছে। সে দেশের এটিসি ইউনিয়নের প্রেসিডেন্ট নিক ড্যানিয়েলস-এর দাবি, এই মুহূর্তে আমেরিকায় আরও তিন হাজার এটিসিও লাগবে। ট্রাম্প সরকার জানিয়েছে, ৩১ বছরের বেশি বয়স হলে এটিসি-র কাজ করা যাবে না। এ ছাড়াও এখন যাঁরা কাজ করছেন তাঁদের বেতন বাড়ানো হয়েছে, ওভারটাইমও করানো হচ্ছে। পরিস্থিতি এতটাই খারাপ যে, ইলন মাস্ক বলেছেন, যাঁরা ইতিমধ্যেই অবসর নিয়েছেন, তাঁরা চাইলে ফিরতে পারেন। কেন এই হাল? নিকের অভিযোগ, কোভিডের সময়ে কর্মী নিয়োগ বন্ধ ছিল। তার প্রভাব এখন পড়ছে।

কলকাতার অবস্থা

এই মুহূর্তে কলকাতায় প্রায় ৩৩০ জন অফিসার রয়েছেন। প্রয়োজন অন্তত ৫৩০ জন। রেডার কন্ট্রোলার ১৫৩ জন। প্রয়োজন ২০০ জনের মতো। এখনও পুরনো বিল্ডিং থেকে অপারেশন চলছে। তৈরি হয়েছে নতুন বিল্ডিং। ২৪ মার্চ থেকে সেখানে পরীক্ষামূলক ভাবে অপারেশন চালু হয়েছে। সেটি পুরো চালু হলে, কিছু দিন দু'টি বিল্ডিং থেকে প্যারালাল অপারেশন চালাতে হবে। তখন সমস্যা আরও বাড়বে। প্রাক্তন এটিসিও অমিত ভৌমিকের কথায়, 'স্ট্রেস বাড়ছে এটিসিও-দের উপরে। অফিসারদের অভাবে যে ভ্যাকুয়াম তৈরি হয়েছে, তা পূরণ করতে তৎপরতা চোখে পড়ছে কই? তা ছাড়া এটা তো যাত্রীদের জীবন-মরণের প্রশ্ন।'

বাড়ছে বিমান

দেশে বিমানের সংখ্যা বাড়ছে। ভারতের বিভিন্ন উড়ান সংস্থাগুলির পক্ষ থেকে ১৭০০ নতুন বিমানের অর্ডার দেওয়া হয়েছে। মনে করা হচ্ছে, তার জন্য আগামী ১৫-২০ বছরে কমপক্ষে ৩০ হাজার পাইলটের প্রয়োজন। তার পাশাপাশি কত এটিসিও লাগবে, তা সহজেই অনুমেয়। একটি বিমান এখন প্রায় পাঁচটা সেক্টর কভার করে। যার মানে, সকালে যে বিমানটি দিল্লি থেকে কলকাতা আসছে, সেটি তার প্রথম সেক্টর। এ ভাবে সারা দিনে সেই বিমানটি কখনও কলকাতা থেকে গুয়াহাটি, গুয়াহাটি থেকে মুম্বই, মুম্বই থেকে বেঙ্গালুরু, বেঙ্গালুরু থেকে দিল্লি যাচ্ছে। যার অর্থ, একটি বিমান বেড়ে যাওয়া মানে সঙ্গে সঙ্গে পাঁচটি সেক্টর বেড়ে যাওয়া। যার চাপ গিয়ে শুধু পাইলট ও বিমানকর্মী নয়, পড়ে এটিসিও-দের উপরেও।

আরসিএস

রিজিয়োনাল কানেক্টিভিটি স্কিম (আরসিএস)-এ ছোট ছোট শহরে নতুন বিমানবন্দরও চালু হচ্ছে দেশে। সেখান থেকে নিয়মিত ছোট ছোট উড়ান পরিষেবা চালু হয়েছে। পশ্চিমবঙ্গে আগে ছিল শুধু কলকাতা ও বাগডোগরা। পরে অন্ডাল ও এখন কোচবিহার থেকে নিয়মিত উড়ান ওঠানামা করছে। পাইপলাইনে রয়েছে মালদা ও বালুরঘাটও। এই ধরনের ছোট এয়ারপোর্ট মানে যে কর্মী কম লাগে, তা নয়। যেমন, কোচবিহারে সারা দিনে একটি উড়ান রয়েছে। সেখানেও শিফ্টে কমপক্ষে পাঁচজন এটিসিও-র প্রয়োজন। প্রথমত অফিসারদের ছুটি ছাড়াও অসুস্থতা থাকে। এখন প্রচুর সংখ্যায় মহিলা এটিসিও আসছেন। তাঁদের মাতৃত্বকালীন ছুটি রয়েছে। এটিসিও-দের 'ওয়াচ ডিউটি টাইম লিমিটেশন' বা ডব্লিউটিটিএল রয়েছে। যার অর্থ, দিনে ঠিক যত ক্ষণ একজন অফিসারের ডিউটি করার কথা, তার থেকে তিনি পাঁচ মিনিটও বেশি ডিউটি করতে পারবেন না। আবহাওয়া ছাড়াও আরও বিভিন্ন কারণে সবেধন নীলমণি উড়ানটি যদি সামান্য দেরি করে এবং তার ফলে ডব্লিউটিটিএল লাগু হয়ে যায়, তা হলে পরের অফিসারকে তৈরি রাখতে হয়। আগের অফিসার তখন কোনও অবস্থাতেই ডিউটি করতে পারবেন না।

ডিজিসিএ-র নিয়ম

২০২২-এ ডিরেক্টরেট জেনারেল অফ সিভিল এভিয়েশন (ডিজিসিএ) নতুন নিয়ম জারি করেছে। বলা হয়েছে, একজন এটিসিও একটানা দু'ঘণ্টার বেশি কাজ করতে পারবেন না। দু'ঘণ্টা কাজের পরে তাঁকে আধ ঘণ্টা বিশ্রাম দিতেই হবে। দু'টি ডিউটির মধ্যে অন্তত ১২ ঘণ্টার ব্যবধান থাকতে হবে। নাইট ডিউটি থাকলে তার পরে কমপক্ষে ৪৮ ঘণ্টা বিশ্রাম দিতে হবে। আর একটানা সাত দিন ডিউটি দেওয়াই যাবে না। এই নিয়মের ফলে, আগে যেখানে দু'জন ডিউটি করতেন, এখন সেখানে তিনজন ডিউটি করছেন। তাতেও সংকট বেড়েছে। নিয়ম বলছে, ডিউটি চলাকালীন একজন এটিসিও একসঙ্গে বড়জোর ১২ থেকে ১৪টি উড়ান বা ফ্লাইট হ্যান্ডল করতে পারেন। বাস্তবে ১৮টির থেকেও বেশি উড়ান সামলাতে হচ্ছে এক একজন অফিসারকে।

দেশের সামগ্রিক চিত্র

এই মুহূর্তে ভারতে রয়েছেন ৪২২০ জন এটিসিও। আর এখন ভারতের আকাশে যত বিমান উড়ছে, তাকে নিয়ন্ত্রণ করতে প্রয়োজন প্রায় ৫,৫০০ জন অফিসারের। তিন বছর আগেও ১,৬০০টি নতুন নিয়োগের ফাইল পাঠানো হয়েছিল। তখন ৩৫০ জনের নিয়োগ প্রক্রিয়া চলছিল। নিয়োগ করলেই তো হবে না। নতুন যাঁরা চাকরিতে যোগ দিচ্ছেন, তাঁদের দীর্ঘ প্রশিক্ষণের মধ্যে দিয়ে এসে তবে কাজ শুরু করতে হয়। কল্যাণ চৌধুরীর কথায়, 'জয়েন করার পরে একজন এটিসিও-কে কন্ডিশনে নিয়ে আসতে কমপক্ষে তিন বছর লাগে। আর একজন এয়িশিয়েন্ট অফিসার তৈরি হতে লাগে প্রায় সাত থেকে আট বছর।' এক বিমানবন্দর থেকে অন্য বিমানবন্দরে ট্রান্সফারও করা হয় অফিসারদের। প্রতিটি বিমানবন্দরে কর্মরত এটিসিও-দের আলাদা রেটিং থাকে। নতুন বিমানবন্দরে বদলি হয়ে আসার পরে সেই রেটিং পেতেও ছ'মাস সময় লাগে।

ফলে, চটজলদি সমাধান প্রায় নেই বললেই চলে। এক সিনিয়র এটিসিও-র কথায়, 'পরিস্থিতি সামলাতে মানসিক ভাবে সুস্থ থাকার আপ্রাণ চেষ্টা করি। অফিসের বাইরে অন্যত্র, নিজেকে অনেক বেশি কমপোজড, শান্ত রাখতে হয়। নয়তো অফিসে এই কনসেনট্রেশন নিয়ে কাজ করা মুশকিল।'

બિઝનેસ એક્સપ્લેનર આખરે, દેશની બે સૌથી મોટી કોર્પોરેટ કંપની બિરલા અને અદાણી સિમેન્ટ પછી કેબલ-વાયર બિઝનેસ પર શા માટે દાવ લગાવી રહી છે?

હાઉસિંગ, ઈન્ફ્રા સેક્ટરની વેલ્યુ ચેઈનને કબજે કરવાની લડાઈ... સિમેન્ટ, પેઈન્ટ,વાયર-કેબલ એવી પ્રોડક્ટ્સ છે, જેનો વપરાશ ત્યારે જ વધે છે જ્યારે લોકો આવકમાં વૃદ્ધિની અપેક્ષા રાખે છે

ભીમ સિંહ | મુંબઇ

અર્થતંત્ર અને શેરબજારના પંડિતો ભારતની ગ્રોથ સ્ટોરીમાં માનતા હોય કે ન માને, દેશના કેટલાક મોટા કોર્પોરેટ હાઉસ ચોક્કસપણે તેમાં વિશ્વાસ કરે છે. વિસ્તરણ અંગે અદાણી અને આદિત્ય બિરલા ગ્રુપના તાજેતરના નિર્ણયો આના સંકેત આપે છે. ક્ષમતા વિસ્તારવા અને સિમેન્ટ સેક્ટરમાં બજારહિસ્સો વધારવા માટે આ બંને જૂથોએ આક્રમક રીતે અન્ય કંપનીઓને હસ્તગત કરી છે. હવે તેઓ સાથે મળીને નવા ક્ષેત્રના વાયર-કેબલ માર્કેટમાં પ્રવેશ્યા છે. આ પહેલા પેઈન્ટ સેક્ટરમાં ધમાકેદાર એન્ટ્રી કરીને બિરલા ગ્રૂપે આ માર્કેટમાં સ્પર્ધાને એક નવા સ્તરે લઈ ગઈ. ફોર્બ્સ્યુન બિઝનેસ ઈનસાઈટ્સ અનુસાર આ સકારાત્મક ગ્રોથ છે. સિમેન્ટ, પેઈન્ટ, વાયર-કેબલ એવા ઉત્પાદનો છે જેનો વપરાશ ત્યારે જ વધે છે જ્યારે લોકો આવકમાં વૃદ્ધિની અપેક્ષા રાખે છે. ચાલો સમજીએ કે શા માટે અદાણી અને આદિત્ય બિરલા ગ્રૂપ આ ક્ષેત્રો અંગે આક્રમક વલણ છે.

બિલ્ડીંગ મટિરિયલ્સઃ આ માર્કેટમાં મોટા કોર્પોરેટ ગૃહોનો રસ કેમ વધી રહ્યો છે?

વાયર-કેબલઃ માર્કેટ 2 વર્ષમાં 2.5 ગણું વધ્યું

- વાયર-કેબલ માર્કેટ 2023માં રૂ. 74,500 કરોડનું હતું. રિસર્ચ ફર્મ મોર્ડોર ઈન્ટેલિજન્સ અનુસાર તે 2025માં રૂ. 1.8 લાખ કરોડ સુધી પહોંચી શકે છે. હવે વાર્ષિક ધોરણે 9% CAGR વધી રહ્યું છે. આ હિસાબે આગામી 5 વર્ષમાં આ માર્કેટ 2.8 લાખ કરોડ રૂપિયા સુધી પહોંચી જશે.
- દેશમાં ઉર્જાનો વપરાશ વધી રહ્યો છે. હવે ઘરોથી લઈને કારખાનાઓ અને વાહનો સુધી દરેક વસ્તુનું ઇલેક્ટ્રિફિકેશન થઈ રહ્યું છે. આ કારણે દેશના વિદ્યુત ઉદ્યોગમાં વાયર અને કેબલનો હિસ્સો લગભગ 40% છે.

પેઈન્ટઃ ફાસ્ટ ગ્રોથ મેન્યુફેક્ચરિંગ ઈન્ડસ્ટ્રી

- ભારતમાં પેઈન્ટનો વાર્ષિક બિઝનેસ 70 હજાર કરોડ રૂપિયાનો છે. છેલ્લા 10 વર્ષોમાં આ ઉદ્યોગ વાર્ષિક 10-12% વૃદ્ધિ પામ્યો છે. તદનુસાર, તે સૌથી ઝડપથી વિકસતા ઉત્પાદન ઉદ્યોગોમાંનો એક છે. મધ્યમ વર્ગની વધતી આવક વચ્ચે ઝડપી શહેરીકરણ તેનું સૌથી મોટું કારણ છે.
- બર્જર પેઈન્ટ્સ ઈન્ડિયાના એમડી અભિજીત રોયના જણાવ્યા અનુસાર 5 વર્ષમાં પેઈન્ટના વેચાણમાં વાર્ષિક 13-14%નો વધારો થયો છે. ઓક્ટોબર-ડિસેમ્બરમાં માંગ સુસ્ત રહી. પરંતુ આ મંદી સમગ્ર એફએમસીજી સેક્ટરમાં જોવા મળી હતી.

સિમેન્ટઃ ભારત વિશ્વનો બીજો સૌથી મોટો ઉત્પાદક, ક્ષમતા દર વર્ષે 3.5 કરોડ ટન વધી

સિમેન્ટના વૈશ્વિક વાર્ષિક ઉત્પાદનમાં ભારતનો હિસ્સો 7% છે. દેશની વર્તમાન સિમેન્ટ ઉત્પાદન ક્ષમતા વાર્ષિક 69 કરોડ ટન છે. દર વર્ષે 35 મિલિયન ટનનો વધારો થાય છે. ડેલોઈટ ઈન્ડિયાનો અંદાજ છે કે ભારતનું સિમેન્ટ માર્કેટ 2030 સુધીમાં 600 મિલિયન ટન સુધી પહોંચી જશે. ICRAના AVP અને સેક્ટર હેડ (કોર્પોરેટ રેટિંગ્સ) તુષાર ભારમ્બેએ જણાવ્યું હતું કે, 'દેશમાં સિમેન્ટનું વેચાણ ઓક્ટોબર 2024 અને માર્ચ 2025 વચ્ચે વધવાની અપેક્ષા છે.'

બિરલાની વ્યૂહરચના શું છે, અદાણી ગ્રુપ તેનો કેવી રીતે સામનો કરી રહ્યું છે?

આદિત્ય બિરલા ગ્રૂપઃ ઘર બનાવવા માંગો છો, તો 8-10 વિક્રેતાઓને બદલે એક જગ્યાએ કોલ કરવાની સુવિધા આપશે

કુમાર મંગલમ બિરલાની આગેવાની હેઠળ આદિત્ય બિરલા ગ્રૂપ એક કન્સ્ટ્રક્શન ઈકોસિસ્ટમ બનાવવામાં રોકાયેલ છે. બિરલા ઓપસ (પેઈન્ટ), વાયર-કેબલ અને અલ્ટ્રાટેક સિમેન્ટના એક સાથે વેચાણ માટે 'બિરલા પીવોટ' B2B ઈ-કોમર્સ પ્લેટફોર્મ લોન્ચ કર્યું. 2024માં તેણે એક હજાર કરોડની આવક ક્રોસ કરી. બિલ્ડર કે સામાન્ય માણસે ઘર બાંધવા માટે 8-10 અલગ-અલગ વિક્રેતાઓને બદલે માત્ર એક જ જગ્યાએ ફોન કરવો પડશે. જૂથના સારા સંબંધોનો ફાયદો થઈ શકે છે.'

રૂ. 5.5 લાખ કરોડનું બિરલા ગ્રૂપ બિલ્ડિંગ સોલ્યુશન્સ પ્રોવાઈડર બનવા માગે છે.

અદાણી ગ્રુપઃ વીજળી પોતાની, વિતરણ માટે પોતાના કોપરમાંથી કેબલ પણ તૈયાર કરશે

અદાણી ગ્રુપે વાયર-કેબલ સેક્ટરમાં પ્રણીતા ઈકોકેબલ્સ નામની કંપની શરૂ કરી છે. તે ગ્રૂપની પેટાકંપની કચ્છ કોપર સાથે 50:50નું સંયુક્ત સાહસ છે. કચ્છ કોપર દેશની સૌથી મોટી ગ્રીનફિલ્ડ કોપર રિફાઈનરીનું નિર્માણ કરી રહ્યું છે. આ એક ખાસ વ્યૂહરચનાનો ભાગ છે કારણ કે તાંબુ એ તમામ પ્રકારના કેબલની જીવનરેખા છે. પોતાની પેદાશનું ઉત્પાદન કરીને, જૂથ બજારમાં તેની કિંમતોને વધુ સારી રીતે નિયંત્રિત કરી શકે છે.

કેબલ સેક્ટરમાં તેના પ્રવેશથી પાવર, ગ્રીન એનર્જી, પોર્ટ અને ઈન્ફ્રા બિઝનેસને ફાયદો થશે.

Flight from Jaipur to Chennai suffers tyre damage, DGCA orders probe

Chennai: A SpiceJet flight from Jaipur to Chennai landed with a damaged main tyre in the early hours of Sunday, **reports Venkadesan S.** The DGCA has since ordered an inquiry.

The incident delayed the airline's inaugural Chennai-Tuticorin service, part of its new summer schedule.

The flight, carrying 82 passengers, was scheduled to continue onward from Chennai to Tuticorin at 6am. However, it took off only around 11am, after the damaged tyre was replaced. Around 74 passengers eventually flew to Tuticorin on the same aircraft.

Tension briefly gripped Chennai airport when the flight was preparing to land. A full emergency was declared, and fire and medical teams were kept on standby. Fortunately, it landed safely and taxied to the bay without incident.

Sources at Chennai airport said the issue was first noticed by the ATC at Jaipur airport shortly after the plane took off.

Stand on Adani unaltered: Cong post Soren meet

Ranchi: Two days after Jharkhand CM Hemant Soren met business tycoon Gautam Adani, Congress on Sunday reiterated that its stance on Adani Group remains unchanged, reports **ASRP Mukesh**.

Opposition BJP has taken potshots at both JMM and Congress for their earlier 'attacks' on Adani Group, calling them mere poll gimmicks meant to mislead voters.

Congress's K Raju, said, "We have maintained that we are not against any person...It's a fight against Modi govt's preferential treatment of a few capitalists." Hemant's grand welcome to Adani caught many by surprise and triggered political speculation.

Adani, Aditya Birla groups enter wire and cable industry after cement

PRESS TRUST OF INDIA ■ New Delhi

After cement, billionaire Gautam Adani's group and Kumar Mangalam Birla's Aditya Birla Group are set for a face-off in the wires and cable business with both conglomerates announcing forays into the high double-digit growth sector.

In less than a month, both groups — who have been fiercely competing in the cement sector by snapping smaller players — announced their entry into the wires and cables segment, which is dominated largely by unorganised players and some smaller companies.

The entry of the two big players will intensify competition in the wires and cables industry, which posted 13 per cent compound annual growth rate (CAGR) in revenue between FY19 and FY24 and is migrating towards an organised branded market.

This was evident as sensing disruption from these deep pockets, share prices of listed players in the wires and cable segments slumped a day after March 19, when Adani Enterprises informed bourses of entering the segment.

Share price of Polycab India, a leader in the segment, and KEI Industries reported 52-week lows on March 20.

Similarly, shares of Havells also went down five per cent and while Finolex Cables was down 4 per cent the next day.

Terming wires and cables "ideal segment for a new entrant with deep pockets", JM Financials has said, "This is an industry where no single player commands more than 15 per cent share in wires and 20 per cent in cables."

The industry comprises nearly 400 players, ranging from SMEs to large enterprises, with revenue of ₹50-400 crore, it said.

This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'

According to global brokerage Jefferies, the India cable and wire industry, which stands at ₹80,000 crore (₹56,000 crore cables and ₹24,000 crore wires), has an "attractive opportunity".

"There is enough room for a new player in the cable and wire industry", as it is growing by double digits, and 30 per cent of the industry is still unorganised, analysts at Jefferies said.

Motilal Oswal Financial Services said the demand for cables and wires remains strong, with a stable long-term growth outlook. "Industry is estimated to grow at a multiplier of 2x of real GDP (12-13 per cent), whereas key players Polycab, KEI, Havells, and Finolex Cables have largely outpaced the industry. We estimate the overall C and W industry size to reach ₹1,30,000 crore in FY29," said Jefferies.

Adani Enterprises, through its step-down subsidiary Kutch Copper Ltd (KCL) earlier this month formed a JV , Praneetha Ecocables in partnership with Praneetha Ventures, which will manufacture and sell metal products, cables and wires.

The move comes almost a month after Aditya Birla Group's flagship firm UltraTech Cement, on February 25, announced the extension of its footprint in the construction value chain through the wires and cables segment with an investment of ₹1,800 crore over the next two years.

UltraTech has also proposed to set up a greenfield plant near Bharuch in Gujarat which is expected to be commissioned by December 2026. This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'.

Interestingly, both Aditya Birla and Adani have a presence in the copper businesses, which is the mainstay of the wires and cables industry. Aditya Birla's Hindalco, a leader in aluminium and copper production, may also provide synergy to its wire and cable business.

Similarly, Adani's Kutch Copper also provides synergy for its cables and wires business.

Analysts at Jefferies said:" The company's entry into this segment is part of the forward integration project for the copper arm of AEL and possibly backward integration for the captive group transmission business.This announcement is very preliminary, and the project could take 3-4 years to come online."

Now, both groups are moving towards adjacencies as Aditya Birla is expanding its footprint in the construction value chain through the wires and cables segment. With cement, decorative paints and now wires and cables, it is on its strategy to become a complete construction solution provider.

Adani Group had entered into the cement business in September 2022, after acquiring Ambuja Cement from Swiss firm Holcim for USD 6.4 billion (about ₹51,000 crore).

It is the second largest cement producer and challenging India's top cement maker UltraTech, through series of acquisitions and brownfield expansions. It has done three major acquisitions - Penna Industries, Sanghi Industries and recently announced CK Birla group firm Orient Cement.

वायर-केबल, पेंट, सीमेंट की खपत तभी बढ़ती है जब आय बढ़ने की उम्मीद हो

अर्थव्यवस्था और शेयर बाजार के पंडितों को भारत की ग्रोथ स्टोरी पर यकीन हो या न हो, देश के कुछ बड़े कॉरपोरेट घरानों को जरूर भरोसा है। विस्तार को लेकर अदाणी और आदित्य बिड़ला ग्रुप के हालिया फैसले इसके संकेत दे रहे हैं। सीमेंट सेक्टर में क्षमता विस्तार और बाजार हिस्सेदारी बढ़ाने के लिए इन दोनों ग्रुप ने आक्रामक तरीके से दूसरी कंपनियों के अधिग्रहण किए हैं। अब ये एक साथ नए सेक्टर वायर-केबल मार्केट में उतरे हैं। इससे ठीक पहले पेंट सेक्टर में धमाकेदार एंट्री करके बिड़ला ग्रुप ने इस बाजार में प्रतिस्पर्धा को नए स्तर पर पहुंचा दिया। फॉर्च्यून बिजनेस इनसाइट्स के मुताबिक, ये पॉजिटिव डेवलपमेंट हैं। खास तौर पर इसलिए कि सीमेंट, पेंट, वायर-केबल ऐसे प्रोडक्ट्स हैं, जिनकी खपत तभी बढ़ती है जब लोगों को आय बढ़ने की उम्मीद हो। आइए समझते हैं कि इन सेक्टरों को लेकर अदाणी और आदित्य बिड़ला ग्रुप क्यों आक्रामक रुख दिखा रहे हैं...

बिल्डिंग मटेरियल्स: क्यों इस बाजार में बढ़ रही बड़े कॉरपोरेट घरानों की दिलचस्पी?

वायर-केबल: 2 वर्ष में बाजार 2.5 गुना हुआ

- 2023 में वायर-केबल मार्केट 74,500 करोड़ का था। रिसर्च फर्म मोरडोर इंटेलिजेंस के मुताबिक 2025 में यह 1.8 लाख करोड़ तक पहुंच सकता है। अब सालाना 9% सीएजीआर से बढ़ रहा है। इस हिसाब से अगले 5 साल में यह मार्केट 2.8 लाख करोड़ तक पहुंच जाएगा।
- देश में ऊर्जा खपत बढ़ रही है। अब घर से लेकर फैक्ट्रियां और गाड़ी तक, सभी चीजों का इलेक्ट्रिफिकेशन हो रहा है। इसके चलते देश की इलेक्ट्रिकल इंडस्ट्री में करीब 40% हिस्सेदारी वायर और केबल की हो गई है।

पेंट: तेज ग्रोथ वाली मैन्युफैक्चरिंग इंडस्ट्री

- भारत में पेंट का सालाना कारोबार 70 हजार करोड़ का है। बीते 10 साल यह इंडस्ट्री सालाना 10-12% बढ़ी है। इस हिसाब से ये सबसे तेज ग्रोथ वाली मैन्युफैक्चरिंग इंडस्ट्री में शुमार है। मध्यम वर्ग की बढ़ती आय के बीच तेज शहरीकरण इसकी सबसे बड़ी वजह है।
- बर्जर पेंट्स इंडिया के एमडी अभिजीत रॉय के मुताबिक, 5 साल में पेंट बिक्री सालाना 13-14% बढ़ी है। अक्टूबर-दिसंबर में डिमांड सुस्त रही। लेकिन ये सुस्ती पूरे एफएमसीजी सेक्टर में दिखी। अब ये बाजार फिर रफ्तार पकड़ रहा है।

सीमेंट: भारत दुनिया का दूसरा बड़ा उत्पादक, हर साल 3.5 करोड़ टन बढ़ रही क्षमता

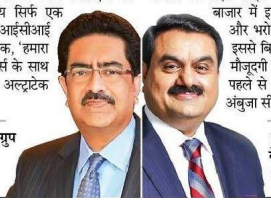

सीमेंट के वैश्विक सालाना उत्पादन में 7% हिस्सेदारी भारत की है। देश की मौजूदा सीमेंट उत्पादन क्षमता सालाना 69 करोड़ टन है। हर साल 3.5 करोड़ टन की बढ़ोतरी हो रही है। डेलॉय इंडिया का अनुमान है कि 2030 तक भारत का सीमेंट मार्केट 60 करोड़ टन तक पहुंच जाएगा। इक्रा के एवीपी और सेक्टर हेड (कॉरपोरेट रेटिंग्स) तुषार भारंबे ने कहा, 'अक्टूबर 2024 से लेकर मार्च 2025 के बीच देश में सीमेंट की बिक्री बढ़ने की उम्मीद है।'

क्या है कुमार मंगलम बिड़ला की रणनीति, इसे कैसे काउंटर कर रहा अदाणी ग्रुप?

आदित्य बिड़ला ग्रुप: घर बनाना हो तो 8-10 वेंडरों के बजाय 1 जगह कॉल की सुविधा देगा

कुमार मंगलम बिड़ला के नेतृत्व वाला आदित्य बिड़ला ग्रुप एक कंस्ट्रक्शन इकोसिस्टम तैयार करने में जुटा है। बिरला ओपस (पेंट), वायर-केबल और अल्ट्राटेक सीमेंट की एक साथ बिक्री के 'बिड़ला पाइवट' बी2बी ई-कॉमर्स प्लेटफॉर्म लॉन्च किया। 2024 में इसने एक हजार करोड़ का रेवेन्यू पार किया। किसी बिल्डर या आम आदमी को घर बनाने के लिए 8-10 अलग-अलग वेंडरों के बजाय सिर्फ एक जगह कॉल करना होगा। आईसीआईसीआई सिक्युरिटी ने की रिपोर्ट के मुताबिक, 'हमारा मानना है रियल एस्टेट डेवलपर्स के साथ ग्रुप के अच्छे संबंधों का लाभ अल्ट्राटेक को मिल सकता है।'

5.5 लाख करोड़ के बिड़ला ग्रुप की मंशा बिल्डिंग सॉल्यूशंस प्रोवाइडर बनने की है।

अदाणी ग्रुप: बिजली अपनी, वितरण के लिए अपने ही कॉपर से केबल भी तैयार करेगा

अदाणी समूह ने वायर-केबल सेक्टर में प्रणीता इकोकेबल्स नाम की कंपनी शुरू की है। ग्रुप की सहायक कंपनी कच्छ कॉपर के साथ यह 50:50 का जॉइंट वेंचर है। कच्छ कॉपर देश की सबसे बड़ी ग्रीनफील्ड कॉपर रिफाइनरी बना रही है। यह खास रणनीति का हिस्सा है क्योंकि कॉपर सभी तरह के केबलों की लाइफ लाइन होती है। उत्पादन खुद करके ग्रुप बाजार में इसकी कीमतों पर बेहतर नियंत्रण और भरोसेमंद सप्लाई चेन बना सकती है। इससे बिड़ला की तरह वैल्यू चेन में बेहतर मौजूदगी हासिल करने में मदद मिलेगी। ग्रुप पहले से देश की दो बड़ी सीमेंट कंपनियों- अंबुजा सीमेंट और एसीसी का मालिक है।

केबल सेक्टर में आने से ग्रुप के पावर, ग्रीन एनर्जी, पोर्ट व इन्फ्रा बिजनेस को लाभ होगा।

Adani Green plans share sale, bank loans to raise $2 bn in Q1

MUMBAI

Adani Green Energy Ltd (AGEL) plans to sell shares to global investors to raise about $1.4 billion in the first quarter of FY26, two people familiar with the matter said, as part of a $2 billion fundraising to power its solar and wind energy projects in India.

The rest will be raised through local bank loans, the people cited above said on the condition of anonymity, adding the company plans to mobilize a total of $4-5 billion across FY26.

If Adani Green manages to raise $1.4 billion by selling shares, it would be its largest equity capital raise ever. The company is working on various solar and wind energy projects across India, aiming to capitalize on the country's efforts to achieve net zero status by 2050.

Recovery in sight?

Shares of Adani Green closed at ₹949 on the BSE on Friday, having risen from ₹774 on 28 February.

Shares of Adani Green closed 1.1% down at ₹949 on the BSE on Friday, having risen from ₹774 on 28 February.

"Interest rates in the international bond market are high at 7-9%, which is why the group now prefers to raise capital through equity and vanilla debt from Indian lenders. Rates in the domestic market are still better even though the tenures of debt maturities are a bit shorter, which can be worked out," the person said, adding shares may be issued on a private placement basis to offshore global private equity and pension funds, mostly from the US and Canada.

Most of the funds may be used for Adani Green's solar project in Gujarat's Khavda, designed to be the world's largest single-location renewable energy project across 538 sq. km. The project currently has 2.4GW operational capacity, and targets to raise it to 30GW by 2029.

"The group has access to international markets and diversified sources of funding with elongated maturities up to 20 years," the second person added.

Queries emailed to an Adani group spokesperson remained unanswered.

Adani Green looks to raise $2 billion to fund its largest RE project

FROM PAGE 1

The last major sale of AGEL equity shares was in June 2023 when the promoter entities sold some of their stakes in Adani Green Energy and flagship Adani Enterprises to raise $1 billion to prepay debt. In January 2024, Adani Green raised ₹2,337.51 crore through a preferential allotment of warrants to Ardour Investment Holding.

Adani Green is holding roadshows to attract investor interest for the fund-raising. In a February presentation to potential investors, Adani Green said it is the only company to have strategic sites of 2,50,000 acres for solar and wind plant development and over 5GW for PSP (pumped storage projects) development backed by "comprehensive geotechnical studies, and a fully prepared evacuation infrastructure".

It said AGEL's operational capacity addition achieved a CAGR of 41% in last five years against an industry CAGR of approximately 13%, and is on track to achieve its stated target of 50GW by 2030. The company's run-rate Ebitda or operating income at the end of FY24 stood at ₹10,462 crore.

According to the Adani presentation, India is expected to see peak demand of 388GW by FY32 from 250GW in FY25 due to increasing demand from data centres, higher GDP growth, rising manufacturing demand, deepening electrification, increasing penetration of consumer goods and fast urbanization. In line with this rising demand, Indian corporates are expected to enhance their renewable energy generation capacity from 162GW at the end of December 2024 to 571GW by FY32.

Most of the funds may be used for the Khavda solar project, designed to be the largest single-location RE project

AGEL told investors at roadshows that India may see 51% power capacity from renewable energy and 49% from other sources by 2032. Currently, only 35% of the overall installed capacity is generated from renewable sources. Within the renewables space, the share of solar energy PV alone is expected to be 67%, while 29% is expected to be from wind energy by FY32. The Adani Group has been working on large funding plans for projects to meet growing power demand. AGEL has a $3.4 billion revolving construction facility to fund its long-term growth plans.

Adani Green's solar, wind and hybrid projects are located in Rajasthan and Gujarat, while its pumped storage projects are coming up in Maharashtra, Andhra Pradesh, Telangana, Tamil Nadu and Uttar Pradesh.

During the roadshows, Adani Green stated that its capital management programme provides deep access to diverse pools of capital, securing large amounts for long durations.

Over the past few years, government policies and global climate commitments have driven massive investments in the renewables space. As a result, companies in the renewable sector are gaining investor attention.

Churchgate-end foot overbridge at Mahim station thrown open

Harbour line commuters finally get direct access to west; structure's closure since 2023 forced them to take detours

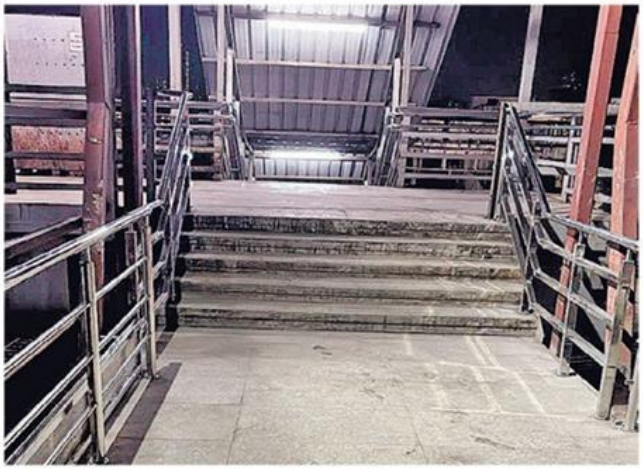

RAJENDRA B. AKLEKAR
rajendra.aklekar@mid-day.com

THE last remaining section of the Churchgate end of the Mahim foot overbridge (FOB), connecting it to the west from the harbour line platforms, was completed on Saturday. The bridge link had been closed since 2023, causing significant inconvenience for commuters.

"The bridge took time to open, and it was a matter of huge inconvenience as this was the only bridge that was not linked to platform one and the west side. So one either had to avoid it or alight from this bridge and take another one to reach platform number one and also to exit. Better late than never, I will say," said George Philips, a resident and commuter.

"This bridge has been linked to the skywalk, and it was problematic that it did not connect to platform one. Those staying in Dharavi and using the skywalk had to take multiple bridges to reach platform one," said A K Rajan, another commuter and local activist.

The foot overbridge at Mahim railway station was opened on Saturday

The reconstructed 22-metre-long foot overbridge at the Churchgate end of Mahim station between platforms 1 and 2 was commissioned and thrown open for passengers on Saturday.

Vineet Abhishek, chief public relations officer of Western Railway, said the old foot overbridge was closed for reconstruction on June 10, 2023, due to corrosion. In its place, a modern, high-strength, stainless steel FOB has been constructed to enhance passenger safety and longevity.

The rebuilt FOB is 22 metres long and six metres wide. It has been constructed at an approximate cost of ₹4.27 crore, using IRS 350-grade stainless steel, ensuring durability and resistance to corrosion. The structural components of stainless steel (JSL make) were fabricated at an RDSO-approved workshop in Cuttack, Odisha, and transported to the work site in Mahim.

Key milestones in the construction process included the launching of the main girders on November 8 and 9, 2024, followed by the casting of the deck slab and staircase between March 15 and 16, 2025.

AN INCREASE OF 87%

Indian Firms Raise Record ₹1.3L cr via QIPs in FY25

PTI

New Delhi: Indian companies raised a record-breaking ₹1.33 lakh crore through qualified institutional placements (QIPs) in FY25, registering a sharp increase from the previous year, as a booming stock market fuelled aggressive capital raising. Corporate India has raised ₹1,33,251 crore in FY25, marking an 87% increase from ₹71,306 crore garnered in FY24, according to data compiled by Prime Database.

Companies leveraged buoyant equity markets to strengthen balance sheets and fund expansion, a key driver of the surge in QIP fundraising, analysts said.

As per the data, 85 companies have tapped the capital markets with QIP issues in this financial year as compared with just 64 companies during the last financial year.

"FY25 witnessed the highest-ever QIP fundraising in the history of Indian capital markets, both in terms of volume and value," Neha Agarwal, MD & head of equity capital markets at JM Financial, said.

Cos leveraged buoyant equity mkts to strengthen balance sheets and fund expansion

Agarwal attributed the surge in QIPs to a broader trend of corporates strengthening their balance sheets through deleveraging, driven by buoyant capital markets.

"With equity emerging as the preferred avenue to raise capital, corporates are driving accelerated growth and expansions by leveraging both organic and inorganic opportunities," she said.

QIP is one of the quickest products to raise funds from institutional investors. It is designed for listed firms and investment trusts, which allow them to mobilise funds quickly from institutional investors without the need to submit any pre-issue filings to market regulators.

The year saw significant participation from real estate, utilities, automobiles, metals, and PSU banks.

Major contributors to the record-breaking QIP fundraising include conglomerate Vedanta Group and food delivery major Zomato, which raised as much as ₹8,500 crore each. They were followed by Adani Energy Solutions and Varun Beverages, which raised ₹8,373 crore and ₹7,500 crore, respectively.

India Inc raises record ₹1.33 lakh crore through QIPs in FY25 amid market boom

'India Inc has raised Rs 1,33,251 crore till March 31, marking an 87 per cent increase from Rs 71,306 crore garnered in FY24'

NEW DELHI: Indian companies achieved a record-breaking fundraising of Rs 1.33 lakh crore through Qualified Institutional Placements (QIPs) in FY25, registering a sharp increase from the previous year, as a booming stock market fuels aggressive capital raising.

India Inc has raised Rs 1,33,251 crore till March 31, marking an 87 per cent increase from Rs 71,306 crore garnered in FY24, according to data compiled by Prime Database.

Companies leveraged buoyant equity markets to strengthen balance sheets and fund expansion, a key driver of the surge in QIP fundraising, analysts said.

As per the data, 85 companies have tapped the capital markets with QIP issues till March 31, 2025 as compared with just 64 companies during the last financial year.

"FY25 witnessed the highest-ever QIP fundraising in the history of Indian capital markets, both in terms of volume and value," Neha Agarwal, MD & Head of Equity Capital Markets at JM Financial, said.

Agarwal attributed the surge in QIPs to a broader trend of corporates strengthening their balance sheets through deleveraging, driven by buoyant capital markets.

"With equity emerging as the preferred avenue to raise capital, corporates are driving accelerated growth and expansions by leveraging both organic and inorganic opportunities," she said.

QIP is one of the quickest products to raise funds from institutional investors. It is designed for listed firms and investment trusts, which allow them to mobilise funds quickly from institutional investors without the need to submit any pre-issue filings to market regulators.

Major contributors to the record-breaking QIP fundraising include conglomerate Vedanta Group and food delivery major Zomato, which raised as much as Rs 8,500 crore each.

They were followed by Adani Energy Solutions and Varun Beverages, which raised Rs 8,373 crore and Rs 7,500 crore, respectively.

Other significant QIP transactions during FY25 include Samvardhana Motherson International at Rs 6,438 crore, Godrej Properties at Rs 6,000 crore and Rs 5,000 crore by Prestige Estates Projects.

In addition, state-owned lender Punjab National Bank, Bank of Maharashtra, UCO Bank, Indian Overseas Bank, Central Bank of India, and Punjab & Sind Bank collectively raised capital more than Rs 14,000 crore during the year.

JSW Energy, Brookfield India Real Estate Trust, Torrent Power, and Bharat Forge were also among companies that raised capital through the QIP route to bolster their financial reserves.

Meanwhile, JM Financial has maintained its leadership in managing QIPs during FY25. As of February, the firm ranked first in terms of the total number of issues, as it handled 15 QIP transactions that collectively raised Rs 38,693 crore (approximately $4.5 billion), as per Prime Database.

The momentum in QIP fundraising was particularly notable in deals exceeding Rs 250 crore. Funds raised through such large-scale QIPs increased from Rs 24,900 crore in FY24 to Rs 38,693 crore in FY25, marking a 55.4 per cent rise.

"JM Financial secured the number one position in FY25 year-to-date in terms of QIP volumes in deals above Rs 250 crore ($30 million), by successfully closing 15 QIP transactions that raised Rs 38,693 crore ($4.5 billion)," Agarwal added.

Echoing similar sentiments, Vinod Nair, Head of Research at Geojit Investments, pointed out that the sustained growth of the Indian stock market from 2020 to 2024, culminated in a 40 per cent surge in the broad market during FY25, has created a strong foundation for the company's fundraising.

Nair noted that promoters and companies have capitalised significantly on the market's upward trajectory, leveraging increased valuations to raise substantial funds through share sales for promoter benefit. PTI

Mumbai's skyline set to soar?

mid-day special » Govt plans to ease height restrictions near airport, but approval hurdles remain

VINOD KUMAR MENON
vinodm@mid-day.com

IF everything goes as planned, the state government may soon issue a notification allowing taller buildings in areas around Mumbai airport, which currently fall under the funnel zones. At present, areas like Vile Parle, Santacruz, and Kurla have height restrictions due to their proximity to the airport's flight landing and takeoff path.

On Wednesday, March 26, Deputy Chief Minister Eknath Shinde, who also holds the portfolio of Urban Development, Housing, and Public Works (Public Enterprises), announced in the Assembly an amendment to the DCPR (Development Control and Promotion Rules – 2034). This amendment will lift height restrictions in funnel zones, allowing redevelopment.

MAR 26
Day announcement was made in Assembly

Though an official government notification is awaited, some experts believe that even if the state government announces the relaxation, a No Objection Certificate (NOC) from the Civil Aviation Ministry and DGCA, which fall under the Central government, will be both inevitable and binding.

Since the Assembly announcement, there has been a wave of excitement among residents of these areas. However, some housing experts caution that it is better to wait and watch, as the announcement could be a political move ahead of the upcoming BMC elections.

But what does this announcement, actually mean, to decode the same, **mid-day** reached out to Advocate Shreeprasad Parab, expert director, Maharashtra State Housing Federation

What is a Funnel Zone?

A funnel zone is an area near an airport where planes take off and land. Because of this, there are strict height restrictions on buildings to ensure flight safety.

Redevelopment challenges

In localities such as Santacruz, Vile Parle, and Kurla, many old buildings require redevelopment. However, due to funnel zone height restrictions, developers cannot construct taller buildings, making redevelopment financially unviable. Since the entire available Floor Space Index (FSI) cannot be utilised, many buildings remain in a deteriorated state, forcing residents to live in unsafe conditions.

What is redevelopment?

Redevelopment involves demolishing old or dilapidated structures and constructing new buildings on the same land. This can be done by private developers or through self-redevelopment, utilising FSI or Transferable Development Rights (TDR) as per the Development Control Regulations (DCR). Currently, Mumbai's DCPR-2034 requires an NOC from Civil Aviation Authorities for any construction in funnel zones due to height restrictions, limiting the use of FSI and TDR.

Advocate Shreeprasad Parab, Expert Director, State Housing Federation

Deputy CM's announcement

On March 26, Deputy CM Eknath Shinde announced a special concession scheme for redevelopment in funnel zones. The scheme allows the transfer of development potential in the form of TDR to other projects, enabling the sale of unutilised FSI. It also provides concessions on open space deficiency premiums and exempts areas like staircases and lifts from FSI calculations.

Ever since the Assembly announcement, there has been a wave of excitement among residents of these areas. But, housing experts caution that it is better to wait and watch, as the announcement could be a political move ahead of the upcoming BMC elections

What is TDR?

TDR (Transfer of Development Rights) allows property owners to transfer or sell unutilised FSI. For example, if a plot in Vile Parle East has the potential for a 10-floor building but height restrictions cap it at six floors, the remaining four floors' FSI can be transferred or sold as TDR. Post recent announcement of the Dy CM and once implemented, the developer/owner of the plot can utilise the unused FSI of four floors, in the form Development Right Certificate (DRC) which mentions the FSI credit or unused in the form of TDR, thereby transferring or selling the Development Right from one plot to another plot or to anyone who is intending to buy such unused FSI for construction, as per the DCPR provisions.

How is TDR Valued?

TDR values range from 65 per cent to 85 per cent of the prevailing market rate, determined by demand and supply. It can be sold to any buyer willing to pay the required amount. TDR functions like a financial asset that can be liquidated when needed.

DGCA approval needed

If a significant portion of flights shift to the Navi Mumbai airport, air traffic patterns may change, leading to a review of height restrictions. However, any modification in height limits will require:

1. DGCA (aviation authority) approval
2. Revised obstacle limitation charts (OLC)
3. Coordination between urban planning, aviation, and local government bodies

Once the Navi Mumbai airport is fully operational and air traffic shifts significantly, there is a possibility of relaxed height regulations.

Future of redevelopment

Housing societies currently unable to proceed with redevelopment due to height restrictions may, after policy approval, utilise available FSI within the restricted height limits while selling the remaining development potential as TDR in the open market. If further height relaxations occur in the future, the unsold FSI can be used for the same project, making redevelopment more viable.

Self-redevelopment

Mumbai faces a severe affordable housing crisis, with skyrocketing real estate prices forcing people out of their communities. Self-redevelopment offers housing societies an alternative to traditional builder-led redevelopment, allowing them to modernise their homes while retaining full control over the project.

Advantages of self-redevelopment

- Higher carpet area for members
- Better amenities and infrastructure
- No builder interference – full control with society members
- Higher profits for members as additional flats can be sold by the society
- Reduced delays compared to builder-led redevelopment
- Government support and loan availability

If self-redevelopment is implemented effectively, it can lead to more sustainable and affordable housing projects, benefiting both existing residents and potential homebuyers.

Suggestions by state federation

The Federation has welcomed the state government's decision to allow TDR sales and has put forward additional recommendations, including:

- Implementing a single-window system for approvals within 30 minutes, including RERA registration for projects.
- Real-time monitoring of projects using cameras, with daily progress updates on an official portal to prevent fraud and disputes.
- Setting up demonstration and educational studios to train societies in green and sustainable construction.
- Directing NCDC or MCDC to provide seed funding for self-redevelopment projects.

बिजनेस एक्सप्लेनर आखिर सीमेंट के बाद देश के दो बड़े कॉरपोरेट दिग्गज बिड़ला और अदाणी केबल-वायर के बिजनेस पर दांव क्यों लगा रहे?

बिड़ला-अदाणी के बीच हाउसिंग सेक्टर की वैल्यू चेन पर कब्जे की लड़ाई... बिल्डिंग सॉल्यूशन प्रोवाइडर भी बनने की राह पर दोनों ग्रुप

वायर-केबल, पेंट, सीमेंट की खपत तभी बढ़ती है जब आय बढ़ने की उम्मीद हो

भीम सिंह | मुंबई

अर्थव्यवस्था और शेयर बाजार के पंडितों को भारत की ग्रोथ स्टोरी पर यकीन हो या न हो, देश के कुछ बड़े कॉरपोरेट घरानों को जरूर भरोसा है। विस्तार को लेकर अदाणी और आदित्य बिड़ला ग्रुप के हालिया फैसले इसके संकेत दे रहे हैं। सीमेंट सेक्टर में क्षमता विस्तार और बाजार हिस्सेदारी बढ़ाने के लिए इन दोनों ग्रुप ने आक्रामक तरीके से दूसरी कंपनियों के अधिग्रहण किए हैं। अब ये एक साथ नए सेक्टर वायर-केबल मार्केट में उतरे हैं। इससे ठीक पहले पेंट सेक्टर में धमाकेदार एंट्री करके बिड़ला ग्रुप ने इस बाजार में प्रतिस्पर्धा को नए स्तर पर पहुंचा दिया। फॉर्च्यून बिजनेस इनसाइट्स के मुताबिक, ये पॉजिटिव डेवलपमेंट हैं। खास तौर पर इसलिए कि सीमेंट, पेंट, वायर-केबल ऐसे प्रोडक्ट्स हैं, जिनकी खपत तभी बढ़ती है जब लोगों को आय बढ़ने की उम्मीद हो। आइए समझते हैं कि इन सेक्टरों को लेकर अदाणी और आदित्य बिड़ला ग्रुप क्यों आक्रामक रुख दिखा रहे हैं...

बिल्डिंग मटेरियल्स: क्यों इस बाजार में बढ़ रही बड़े कॉरपोरेट घरानों की दिलचस्पी?

वायर-केबल: 2 वर्ष में बाजार 2.5 गुना हुआ

- 2023 में वायर-केबल मार्केट 74,500 करोड़ का था। रिसर्च फर्म मोरडोर इंटेलिजेंस के मुताबिक 2025 में यह 1.8 लाख करोड़ तक पहुंच सकता है। अब सालाना 9% सीएजीआर से बढ़ रहा है। इस हिसाब से अगले 5 साल में यह मार्केट 2.8 लाख करोड़ तक पहुंच जाएगा।
- देश में ऊर्जा खपत बढ़ रही है। अब घर से लेकर फैक्ट्रियां और गाड़ी तक, सभी चीजों का इलेक्ट्रिफिकेशन हो रहा है। इसके चलते देश की इलेक्ट्रिकल इंडस्ट्री में करीब 40% हिस्सेदारी वायर और केबल की हो गई है।

पेंट: तेज ग्रोथ वाली मैन्युफैक्चरिंग इंडस्ट्री

- भारत में पेंट का सालाना कारोबार 70 हजार करोड़ का है। बीते 10 साल यह इंडस्ट्री सालाना 10-12% बढ़ी है। इस हिसाब से ये सबसे तेज ग्रोथ वाली मैन्युफैक्चरिंग इंडस्ट्री में शुमार है। मध्यम वर्ग की बढ़ती आय के बीच तेज शहरीकरण इसकी सबसे बड़ी वजह है।
- बर्जर पेंट्स इंडिया के एमडी अभिजीत रॉय के मुताबिक, 5 साल में पेंट बिक्री सालाना 13-14% बढ़ी है। अक्टूबर-दिसंबर में डिमांड सुस्त रही। लेकिन ये सुस्ती पूरे एफएमसीजी सेक्टर में दिखी। अब ये बाजार फिर रफ्तार पकड़ रहा है।

सीमेंट: भारत दुनिया का दूसरा बड़ा उत्पादक, हर साल 3.5 करोड़ टन बढ़ रही क्षमता

सीमेंट के वैश्विक सालाना उत्पादन में 7% हिस्सेदारी भारत की है। देश की मौजूदा सीमेंट उत्पादन क्षमता सालाना 69 करोड़ टन है। हर साल 3.5 करोड़ टन की बढ़ोतरी हो रही है। डेलॉय इंडिया का अनुमान है कि 2030 तक भारत का सीमेंट मार्केट 60 करोड़ टन तक पहुंच जाएगा। इक्रा के एवीपी और सेक्टर हेड (कॉरपोरेट रेटिंग्स) तुषार भारंबे ने कहा, 'अक्टूबर 2024 से लेकर मार्च 2025 के बीच देश में सीमेंट की बिक्री बढ़ने की उम्मीद है।'

क्या है कुमार मंगलम बिड़ला की रणनीति, इसे कैसे काउंटर कर रहा अदाणी ग्रुप?

आदित्य बिड़ला ग्रुप: घर बनाना हो तो 8-10 वेंडरों के बजाय 1 जगह कॉल की सुविधा देगा

कुमार मंगलम बिड़ला के नेतृत्व वाला आदित्य बिड़ला ग्रुप एक कंस्ट्रक्शन इकोसिस्टम तैयार करने में जुटा है। बिरला ओपस (पेंट), वायर-केबल और अल्ट्राटेक सीमेंट की एक साथ बिक्री के 'बिड़ला पाइवट' बी2बी ई-कॉमर्स प्लेटफॉर्म लॉन्च किया। 2024 में इसने एक हजार करोड़ का रेवेन्यू पार किया। किसी बिल्डर या आम आदमी को घर बनाने के लिए 8-10 अलग-अलग वेंडरों के बजाय सिर्फ एक जगह कॉल करना होगा। आईसीआईसीआई सिक्युरिटी ने की रिपोर्ट के मुताबिक, 'हमारा मानना है रियल एस्टेट डेवलपर्स के साथ ग्रुप के अच्छे संबंधों का लाभ अल्ट्राटेक को मिल सकता है।'

5.5 लाख करोड़ के बिड़ला ग्रुप की मंशा बिल्डिंग सॉल्यूशंस प्रोवाइडर बनने की है।

अदाणी ग्रुप: बिजली अपनी, वितरण के लिए अपने ही कॉपर से केबल भी तैयार करेगा

अदाणी समूह ने वायर-केबल सेक्टर में प्रणीता इकोकेबल्स नाम की कंपनी शुरू की है। ग्रुप की सहायक कंपनी कच्छ कॉपर के साथ यह 50:50 का जॉइंट वेंचर है। कच्छ कॉपर देश की सबसे बड़ी ग्रीनफील्ड कॉपर रिफाइनरी बना रही है। यह खास रणनीति का हिस्सा है क्योंकि कॉपर सभी तरह के केबलों की लाइफ लाइन होती है। उत्पादन खुद करके ग्रुप बाजार में इसकी कीमतों पर बेहतर नियंत्रण और भरोसेमंद सप्लाई चेन बना सकती है। इससे बिड़ला की तरह वैल्यू चेन में बेहतर मौजूदगी हासिल करने में मदद मिलेगी। ग्रुप पहले से देश की दो बड़ी सीमेंट कंपनियों- अंबुजा सीमेंट और एसीसी का मालिक है।

केबल सेक्टर में आने से ग्रुप के पावर, ग्रीन एनर्जी, पोर्ट व इन्फ्रा बिजनेस को लाभ होगा।

अदाणी ग्रुप: बिजली अपनी, वितरण के लिए अपने ही कॉपर से केबल भी तैयार करेगा

अदाणी समूह ने वायर-केबल सेक्टर में प्रणीता इकोकेबल्स नाम की कंपनी शुरू की है। ग्रुप की सहायक कंपनी कच्छ कॉपर के साथ यह 50:50 का जॉइंट वेंचर है। कच्छ कॉपर देश की सबसे बड़ी ग्रीनफील्ड कॉपर रिफाइनरी बना रही है। यह खास रणनीति का हिस्सा है क्योंकि कॉपर सभी तरह के केबलों की लाइफ लाइन होती है। उत्पादन खुद करके ग्रुप बाजार में इसकी कीमतों पर बेहतर नियंत्रण और भरोसेमंद सप्लाई चेन बना सकती है। इससे बिड़ला की तरह वैल्यू चेन में बेहतर मौजूदगी हासिल करने में मदद मिलेगी। ग्रुप पहले से देश की दो बड़ी सीमेंट कंपनियों- अंबुजा सीमेंट और एसीसी का मालिक है।

केबल सेक्टर में आने से ग्रुप के पावर, ग्रीन एनर्जी, पोर्ट व इन्फ्रा बिजनेस को लाभ होगा।

वाहन बिक्री व पीएमआई पर रहेगी बाजार की नजर

मुंबई, 30 मार्च (एजेंसियां)। अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप के कई देशों को संभावित टैरिफ में छूट दिए जाने के संकेत से हुई लिवाली की बदौलत बीते सप्ताह आधी फीसदी से अधिक के उछाल पर रहे घरेलू शेयर बाजार की अगले सप्ताह वैश्विक रुख के साथ ही मार्च में वाहनों की बिक्री एवं पीएमआई आंकड़ों पर नजर रहेगी। बीते सप्ताह बीएसई का तीस शेयरों वाला संवेदी सूचकांक सेंसेकस 509.41 अंक अर्थात 0.7 प्रतिशत की तेजी के साथ सप्ताहांत पर 77414.92 अंक पर पहुंच गया। इसी तरह नेशनल स्टॉक एक्सचेंज (एनएसई) का निफ्टी 168.95 अंक यानी 0.72 प्रतिशत की छलांग लगाकर 23519.35 अंक पर बंद हुआ।

साप्ताहिक समीक्षा

समीक्षाधीन सप्ताह में बीएसई की दिग्गज कंपनियों के विपरीत मझौली और छोटी कंपनियों के शेयरों में बिकवाली का दबाव रहा। इससे मिडकैप 300.45 अंक अर्थात 0.72 प्रतिशत की गिरावट लेकर सप्ताहांत पर 41531.12 अंक और स्मॉलकैप 658.68 अंक यानी 1.4 प्रतिशत लुढ़ककर 46638.13 अंक पर आ गया।

विश्लेषकों के अनुसार, चालू वित्त वर्ष का अंतिम सप्ताह मजबूती से शुरू हुआ लेकिन अमेरिका के ऑटोमोबाइल पर टैरिफ की घोषणा के बाद निवेशकों की धारणा कमजोर पड़ने से यह सपाट बंद हुआ। विदेशी एवं घरेलू संस्थागत निवेशकों से लगातार निवेश के बावजूद, बाजार अपनी रफ्तार बनाए रखने में नाकाम रहा।

भारतीय रिजर्व बैंक (आरबीआई) की मौद्रिक समीक्षा नीति की आगामी बैठक में संभावित दर कटौती को लेकर

- **सेंसेकस 0.7 प्रतिशत की तेजी के साथ सप्ताहांत पर 77414.92 अंक रहा**
- **निफ्टी 0.72 प्रतिशत की छलांग लगाकर 23519.35 अंक पर बंद**

बढ़ते आशावाद के कारण बैंकिंग शेयरों ने लचीलापन दिखाया। हालांकि, टैरिफ और उनके संभावित प्रभावों की चिंता के चलते ऑटोमोबाइल और फार्मा क्षेत्रों का प्रदर्शन कमजोर रहा। बढ़ते व्यापारिक तनाव के कारण निवेशकों ने सुरक्षित निवेश विकल्पों की ओर रुख किया, जिससे सोने की कीमतें रिकॉर्ड स्तर पर पहुंच गईं।

आने वाले सप्ताह में टैरिफ संबंधी स्पष्टता मिलने की उम्मीद है, जिससे निवेशक उनके वैश्विक अर्थव्यवस्था पर प्रभाव का आकलन कर पाएंगे। इसके अलावा बाजार शनिवार तक समाप्त होने वाली भारत-अमेरिका द्विपक्षीय व्यापार बैठक पर भी ध्यान केंद्रित करेगा।

अगले सप्ताह महत्वपूर्ण आर्थिक संकेतकों में अमेरिकी रोजगार के आंकड़े और भारत का पीएमआई शामिल हैं, जो अपने-अपने क्षेत्रों की आर्थिक स्थिति पर प्रकाश डालेंगे। इस बीच, निवेशकों की नजर मार्च में वाहनों की बिक्री के आंकड़े और कंपनियों के 31 मार्च को समाप्त होने वाले वित्त वर्ष एवं उसकी अंतिम तिमाही के परिणाम पर रहेगी।

विश्व बाजार की तेजी के बीच स्थानीय स्तर पर विदेशी संस्थागत निवेशकों (एफआईआई) और घरेलू संस्थागत निवेशकों (डीआईआई) का निवेश बढ़ने से सामेवार को शेयर बाजार लगातार छठे दिन चढ़कर बंद हुआ। सेंसेक्स 1078.87 अंक की छलांग लगाकर 77,984.38 अंक और निफ्टी 307.95 अंक की मजबूती के साथ 23658.35 अंक हो गया। अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप के कई देशों को संभावित टैरिफ में छूट दिए जाने के संकेत से मंगलवार को स्थानीय स्तर पर हुई चौतरफा लिवाली की बदौलत उछाल पर रहे सेंसेक्स और निफ्टी ने बाद में जोमैटो, इंडसइंड बैंक, अडानी पोर्ट्स, रिलायंस और मारुति समेत बीस दिग्गज कंपनियों में हुई मुनाफावसूली के दबाव में शुरुआती तेजी गंवा दी। सेंसेक्स 32.81 अंक की बढ़त लेकर 78,017.19 अंक और निफ्टी भी 10.30 अंक बढ़कर 23668.65 पर बंद हुआ।

अमेरिकी टैरिफ की अनिश्चितता के बीच ऊंचे भाव पर हुई जबरदस्त मुनाफावसूली के दबाव में बुधवार को शेयर बाजार में कोहराम मच गया। सेंसेक्स पिछले लगातार सात दिन की तेजी के बाद 728.69 अंक गोता लगाकर 77,288.50 अंक और निफ्टी 181.80 अंक की गिरावट लेकर 23486.85 अंक पर बंद हुआ।

बिजनेस एक्सप्लेनर आखिर सीमेंट के बाद देश के दो बड़े कॉरपोरेट दिग्गज बिड़ला और अदाणी केबल-वायर के बिजनेस पर दांव क्यों लगा रहे?

बिड़ला-अदाणी के बीच हाउसिंग सेक्टर की वैल्यू चेन पर कब्जे की लड़ाई... बिल्डिंग सॉल्यूशन प्रोवाइडर भी बनने की राह पर दोनों ग्रुप

वायर-केबल, पेंट, सीमेंट की खपत तभी बढ़ती है जब आय बढ़ने की उम्मीद हो

भीम सिंह | मुंबई

अर्थव्यवस्था और शेयर बाजार के पंडितों को भारत की ग्रोथ स्टोरी पर यकीन हो या न हो, देश के कुछ बड़े कॉरपोरेट घरानों को जरूर भरोसा है। विस्तार को लेकर अदाणी और आदित्य बिड़ला ग्रुप के हालिया फैसले इसके संकेत दे रहे हैं। सीमेंट सेक्टर में क्षमता विस्तार और बाजार हिस्सेदारी बढ़ाने के लिए इन दोनों ग्रुप ने आक्रामक तरीके से दूसरी कंपनियों के अधिग्रहण किए हैं। अब ये एक साथ नए सेक्टर वायर-केबल मार्केट में उतरे हैं। इससे ठीक पहले पेंट सेक्टर में धमाकेदार एंट्री करके बिड़ला ग्रुप ने इस बाजार में प्रतिस्पर्धा को नए स्तर पर पहुंचा दिया। फॉर्च्यून बिजनेस इनसाइट्स के मुताबिक, ये पॉजिटिव डेवलपमेंट हैं। खास तौर पर इसलिए कि सीमेंट, पेंट, वायर-केबल ऐसे प्रोडक्ट्स हैं, जिनकी खपत तभी बढ़ती है जब लोगों को आय बढ़ने की उम्मीद हो। आइए समझते हैं कि इन सेक्टरों को लेकर अदाणी और आदित्य बिड़ला ग्रुप क्यों आक्रामक रुख दिखा रहे हैं...

बिल्डिंग मटेरियल्स: क्यों इस बाजार में बढ़ रही बड़े कॉरपोरेट घरानों की दिलचस्पी?

वायर-केबल: 2 वर्ष में बाजार 2.5 गुना हुआ

- 2023 में वायर-केबल मार्केट 74,500 करोड़ का था। रिसर्च फर्म मोरडोर इंटेलिजेंस के मुताबिक 2025 में यह 1.8 लाख करोड़ तक पहुंच सकता है। अब सालाना 9% सीएजीआर से बढ़ रहा है। इस हिसाब से अगले 5 साल में यह मार्केट 2.8 लाख करोड़ तक पहुंच जाएगा।
- देश में ऊर्जा खपत बढ़ रही है। अब घर से लेकर फैक्ट्रियां और गाड़ी तक, सभी चीजों का इलेक्ट्रिफिकेशन हो रहा है। इसके चलते देश की इलेक्ट्रिकल इंडस्ट्री में करीब 40% हिस्सेदारी वायर और केबल की हो गई है।

पेंट: तेज ग्रोथ वाली मैन्युफैक्चरिंग इंडस्ट्री

- भारत में पेंट का सालाना कारोबार 70 हजार करोड़ का है। बीते 10 साल यह इंडस्ट्री सालाना 10-12% बढ़ी है। इस हिसाब से ये सबसे तेज ग्रोथ वाली मैन्युफैक्चरिंग इंडस्ट्री में शुमार है। मध्यम वर्ग की बढ़ती आय के बीच तेज शहरीकरण इसकी सबसे बड़ी वजह है।
- बर्जर पेंट्स इंडिया के एमडी अभिजीत रॉय के मुताबिक, 5 साल में पेंट बिक्री सालाना 13-14% बढ़ी है। अक्टूबर-दिसंबर में डिमांड सुस्त रही। लेकिन ये सुस्ती पूरे एफएमसीजी सेक्टर में दिखी। अब ये बाजार फिर रफ्तार पकड़ रहा है।

सीमेंट: भारत दुनिया का दूसरा बड़ा उत्पादक, हर साल 3.5 करोड़ टन बढ़ रही क्षमता

सीमेंट के वैश्विक सालाना उत्पादन में 7% हिस्सेदारी भारत की है। देश की मौजूदा सीमेंट उत्पादन क्षमता सालाना 69 करोड़ टन है। हर साल 3.5 करोड़ टन की बढ़ोतरी हो रही है। डेलॉय इंडिया का अनुमान है कि 2030 तक भारत का सीमेंट मार्केट 60 करोड़ टन तक पहुंच जाएगा। इक्रा के एवीपी और सेक्टर हेड (कॉरपोरेट रेटिंग्स) तुषार भारंबे ने कहा, 'अक्टूबर 2024 से लेकर मार्च 2025 के बीच देश में सीमेंट की बिक्री बढ़ने की उम्मीद है।'

क्या है कुमार मंगलम बिड़ला की रणनीति, इसे कैसे काउंटर कर रहा अदाणी ग्रुप?

आदित्य बिड़ला ग्रुप: घर बनाना हो तो 8-10 वेंडरों के बजाय 1 जगह कॉल की सुविधा देगा

कुमार मंगलम बिड़ला के नेतृत्व वाला आदित्य बिड़ला ग्रुप एक कंस्ट्रक्शन इकोसिस्टम तैयार करने में जुटा है। बिरला ओपस (पेंट), वायर-केबल और अल्ट्राटेक सीमेंट की एक साथ बिक्री के 'बिड़ला पाइवट' बी2बी ई-कॉमर्स प्लेटफॉर्म लॉन्च किया। 2024 में इसने एक हजार करोड़ का रेवेन्यू पार किया। किसी बिल्डर या आम आदमी को घर बनाने के लिए 8-10 अलग-अलग वेंडरों के बजाय सिर्फ एक जगह कॉल करना होगा। आईसीआईसीआई सिक्युरिटी ने की रिपोर्ट के मुताबिक, 'हमारा मानना है रियल एस्टेट डेवलपर्स के साथ ग्रुप के अच्छे संबंधों का लाभ अल्ट्राटेक को मिल सकता है।'

5.5 लाख करोड़ के बिड़ला ग्रुप की मंशा बिल्डिंग सॉल्यूशंस प्रोवाइडर बनने की है।

अदाणी ग्रुप: बिजली अपनी, वितरण के लिए अपने ही कॉपर से केबल भी तैयार करेगा

अदाणी समूह ने वायर-केबल सेक्टर में प्रणीता इकोकेबल्स नाम की कंपनी शुरू की है। ग्रुप की सहायक कंपनी कच्छ कॉपर के साथ यह 50:50 का जॉइंट वेंचर है। कच्छ कॉपर देश की सबसे बड़ी ग्रीनफील्ड कॉपर रिफाइनरी बना रही है। यह खास रणनीति का हिस्सा है क्योंकि कॉपर सभी तरह के केबलों की लाइफ लाइन होती है। उत्पादन खुद करके ग्रुप बाजार में इसकी कीमतों पर बेहतर नियंत्रण और भरोसेमंद सप्लाई चेन बना सकती है। इससे बिड़ला की तरह वैल्यू चेन में बेहतर मौजूदगी हासिल करने में मदद मिलेगी। ग्रुप पहले से देश की दो बड़ी सीमेंट कंपनियों- अंबुजा सीमेंट और एसीसी का मालिक है।

Dharavi locals told to submit verification docus in 2 wks

Mumbai: Dharavi residents have until April 15 to submit their documents for verification to determine if they qualify for free housing in the notified area or rental housing outside it.

Navbharat Mega Developers Pvt Ltd, the special purpose vehicle (SPV) set up to execute the Dharavi redevelopment project, has entrusted the task of survey and verification to Dharavi Redevelopment Project/Slum Rehabilitation Authority (DRP/SRA), also part of the SPV.

On Sunday, DRP/SRA issued advertisements in newspapers urging all those who had stayed away from the survey to come forward and participate. "House, shop, and factory—all of these will be planned and developed as per the state govt's policy," reads the advertisement.

Congress and Shiv Sena (UBT) have opposed the redevelopment project, demanding that all residents be rehabilitated in Dharavi itself. Those opposed to the project being undertaken by the lead developer Adani Realty have resisted submitting their documents. DRP/SRA, which is carrying out the survey, has warned that such households will not be considered for rehabilitation. So far, 95,000 structures have been numbered and 63,000 have submitted documents. These include ground-plus-two structures.

The master plan for the project is expected to be publicised soon. —**Clara Lewis**

Dharavi locals told to submit verification docus in 2 wks

Mumbai: Dharavi residents have until April 15 to submit their documents for verification to determine if they qualify for free housing in the notified area or rental housing outside it.

Navbharat Mega Developers Pvt Ltd, the special purpose vehicle (SPV) set up to execute the Dharavi redevelopment project, has entrusted the task of survey and verification to Dharavi Redevelopment Project/Slum Rehabilitation Authority (DRP/SRA), also part of the SPV.

On Sunday, DRP/SRA issued advertisements in newspapers urging all those who had stayed away from the survey to come forward and participate. "House, shop, and factory—all of these will be planned and developed as per the state govt's policy," reads the advertisement.

Congress and Shiv Sena (UBT) have opposed the redevelopment project, demanding that all residents be rehabilitated in Dharavi itself. Those opposed to the project being undertaken by the lead developer Adani Realty have resisted submitting their documents. DRP/SRA, which is carrying out the survey, has warned that such households will not be considered for rehabilitation. So far, 95,000 structures have been numbered and 63,000 have submitted documents. These include ground-plus-two structures.

The master plan for the project is expected to be publicised soon. —**Clara Lewis**

धारावीकरांना सर्वेक्षणासाठी १५ एप्रिलपर्यंतची मुदतवाढ

डीआरपीने प्रसिद्ध केले निवेदन

मुंबई, दि. ३० (प्रतिनिधी) – अदानी समूहाच्या धारावी पुनर्विकास प्रकल्पाअंतर्गत धारावी पुनर्वसन प्राधिकरण आणि नवभारत मेगा डेव्हलपर्स प्रायव्हेट लिमिटेडकडून (एनएमडीपीएल) झोपडीधारकांच्या पात्रता निश्चितीसाठी सुरू असलेल्या सर्वेक्षणाला आता १५ एप्रिलपर्यंत मुदतवाढ देण्यात आली आहे. याबाबतचे निवेदन आज धारावी पुनर्विकास प्राधिकरणाने प्रसिद्ध केले आहे. निवेदनात ही अंतिम मुदतवाढ म्हटल्यामुळे धारावी बचाव आंदोलन समितीने तीव्र संताप व्यक्त केला आहे.

केंद्र सरकार आणि राज्य सरकारने धारावीकरांना विश्वासात न घेता धारावी प्रकल्प धारावीकरांच्या माथी मारला आहे. अदानीच्या एनएमडीपीएल कंपनीकडून मार्च २०२४ पासून सर्वेक्षण सुरू करण्यात आले असून आतापर्यंत ६३ हजार धारावीकरांचे सर्वेक्षण झाल्याचा दावा कंपनीने केला आहे.

धारावीकरांमध्ये जनजागृती करून आपल्या मागण्यांवर ठाम राहण्यासाठी आणि सरकारकडून होत असलेले दिशाभुलीचे प्रयत्न लोकांसमोर आणण्यासाठी शनिवार, ५ एप्रिलला धारावी बचाव आंदोलन समिती आणि भारत मुक्ती मोर्चा संघटनेकडून धारावीतील बडी मशिद परिसरात सभेचे आयोजन करण्यात आले आहे. या सभेला शिवसेना नेते खासदार अनिल देसाई मार्गदर्शन करणार आहेत.

...ही तर अप्रत्यक्ष धमकी

धारावीकरांचा विरोध मोडून काढून त्यांना आपल्याकडे आकर्षित करण्यासाठी अदानीने गणपती, नवरात्रौत्सवात देणग्या वाटल्या आहेत. क्रिकेट सामनेही भरवले. नोकऱ्यांसाठी मेगा भरतीचे शिबीरही घेतले. मात्र, घराला घर, दुकानाला दुकान ही धारावीकरांची ठाम मागणी आहे. त्यामुळे धारावीकर बधत नाही, असे पाहून अदानीच्या हातातले बाहुले असलेले राज्य सरकार आता निवेदन जारी करून धारावीकरांना अप्रत्यक्ष धमकी दिली आहे. मात्र, सरकारची ही चाल आम्ही यशस्वी होऊ देणार नाही, असा इशारा धारावी बचाव आंदोलनाचे समन्वयक आणि शिवसेनेचे माजी आमदार बाबूराव माने यांनी दिले आहे.

नवी मुंबई विमानतळ ठाण्याशी जोडणार

३६ किमीचा मार्ग प्रस्तावित

नवी मुंबई, (वा.) नवी मुंबई आंतरराष्ट्रीय विमानतळाला अटल सेतूच्या माध्यमातून थेट जोडले गेले आहे, याच धर्तीवर आता ठाणे शहरालाही नवी मुंबई विमानतळाशी जोडण्याचा प्रस्ताव आणण्यात आला असून, सिडकोने यासाठी ३६ किमी लांबीचा मार्ग प्रस्तावित केला आहे. उन्नत मार्गाचा सविस्तर अहवाल तयार करण्यात येत असून, सल्लगारही निवडला जाणार आहे. नवी मुंबई विमानतळ जूनमध्ये सुरू करण्याचे प्रस्तावित आहे.

नवी मुंबई विमानतळाची कनेक्टिव्हीटी मुंबई आणि ठाण्याला जोडण्यासाठी सिडको आणि एमएमआरडीएने काही महत्त्वाचे प्रकल्प राबवण्यास सुरुवात केली आहे. सध्या नवी मुंबई विमानतळाला जाण्याससाठी ठाणे-बेलापूर रोड आणि पामबीच मार्ग हे दोन मार्ग आहेत, परंतु, या दोन्ही मार्गांवर नेहमीच वाहतूककोंडी असते. त्यामुळे सुसाट आणि कोणत्याही अडथळ्याशिवाय नवी मुंबई विमानतळ गाठण्यासाठी मार्ग आखण्यात येत असल्याचे सिडकोच्या अधिकाऱ्यांनी सांगितले.

1 वाशी ते विमानतळ डबलडेकर उन्नत मार्ग

नवीन प्रस्तावित मार्ग ठाण्यातील पटणी चौकापासून सुरू होऊन वाशीपर्यंत विस्तारित होणार आहे. तसेच ठाणे-बेलापूर रोडशी १७ किमी समांतर मार्ग असणार आहे. वाशी ते नवी मुंबई विमानतळापर्यंत ९ किमीचा डबलडेकर उन्नत मार्ग असणार आहे.

2 पर्यावरणीय मंजुरीची गरज

पटणी चौक आणि वाशीदरम्यान पर्यावरणीय अडथळे कमी असले तरी, वाशी ते विमानतळापर्यंत पसरलेला कॉरिडॉरचा दुसरा टप्पा खारफुटी आणि किनारी नियमन क्षेत्र निर्बंध असलेल्या भागातून जातो. बांधकाम सुरू करण्यापूर्वी सिडकोला अनेक पर्यावरणीय मंजुरी मिळवाव्या लागतील.

3 ८ हजार कोटींचा खर्च प्रस्तावित

२६ किमी लांबीच्या या कॉरिडॉरची अंदाजे किंमत सुमारे ८,००० कोटी रुपये आहे. प्रकल्पाचे प्रमाण पाहता, मंजुरी, भूसंपादन आणि पर्यावरणीय मंजुरी पूर्ण होण्याची वेळ निश्चित करण्यात भूमिका बजावतील, असे सिडकोच्या अधिकाऱ्यांनी सांगितले. या उन्नत कॉरिडॉरव्यतिरिक्त, सिडकोने एनएमआयएची सुलभता सुधारण्यासाठी अनेक रस्ते आणि पूल बांधण्याची योजना देखील आखली आहे.

वायुरूप इंधनातील शाश्वत गुंतवणूक

बाजारात चढ-उतार असले तरी काही गोष्टींची मागणी कमी होऊ शकत नाही आणि त्यातली एक म्हणजे इंधन. गेल्या काही वर्षांत स्वच्छ आणि प्रदूषणरहित इंधनाची आवश्यकता लोकांना समजत चाललेली आहे.

नैसर्गिक गॅस वितरित करणाऱ्या कंपन्यांना अधिकाधिक महत्त्व येत आहे. यात प्रामुख्याने दिल्ली परिसरात सीएनजी वितरण करणारी इंद्रप्रस्थ, गुजरातमध्ये कार्यरत असलेली गुजरात गॅस, मुंबईत कार्यक्षेत्र असलेली महानगर गॅस लिमिटेड आणि देशातल्या अनेक भागांत वितरण करणारी अदानी टोटल गॅस या चार कंपन्या आहेत असं म्हणता येईल.

खरंतर गेल्यावर्षी ऑक्टोबरमध्ये या क्षेत्राला एक धक्का बसला. एपीएम म्हणजेच सरकारने ठरवलेल्या किंमतीनुसार जो गॅस पुरवठा या कंपन्यांना होत असे, त्याचे प्रमाण कमी केलं गेलं. साहजिकच आपल्याला आवश्यक तो पुरवठा या कंपन्यांना बाहेरून अधिक महाग दराने घ्यावा लागला आणि यातून नफ्यावर परिणाम झाला. त्यामुळेच या कंपन्यांच्या किंमतीत मोठी घट झाली. जानेवारीत सरकारने एपीएम प्रमाणात थोडी वाढही केलेली आहे. शिवाय या क्षेत्राची भरपूर मागणी आणि बिझनेस सायकल कमी जास्त झालं तरी होणारा किमान परिणाम, यामुळे कमी झालेल्या किंमतींत या कंपन्या आकर्षक करू शकतात.

महानगर गॅस (MGL), इंद्रप्रस्थ गॅस (IGL) आणि अदानी टोटल गॅस (ATGL) या तिन्ही कंपन्या भारतात नैसर्गिक वायू पुरवणाऱ्या मोठ्या कंपन्या आहेत, पण त्यांची काम करण्याची पद्धत आणि भविष्यातील योजना वेगवेगळ्या आहेत. MGL ही मुंबई आणि आसपासच्या भागात काम करते आणि आता ती आणखी CNG स्टेशन उभारते आहे आणि घराघरात PNG जोडण्या वाढवत आहे. IGL दिल्ली आणि त्याच्या भोवतालच्या NCR भागात काम करते आणि नवे शहरांमध्ये आपली सेवा सुरू करत आहे. त्यांचे ग्राहकही स्थिर आहेत. याउलट, ATGL ही कंपनी सध्या सगळ्यात आक्रमक पद्धतीने विस्तार करत आहे. ती १३ राज्यांमध्ये काम करत असून १,८००पेक्षा जास्त CNG स्टेशन उभारण्याची योजना आहे. शिवाय, ती EV चार्जिंग, बायोगॅस आणि ग्रीन हायड्रोजन यासारख्या नव्या क्षेत्रांमध्येही पाऊल ठेवते आहे. MGL ही जास्त स्थिर आणि सुरक्षित गुंतवणुकीसाठी चांगली मानली जाते, IGL ही संतुलित पर्याय आहे, तर ATGL ही मोठी वाढ शोधणाऱ्या गुंतवणूकदारांसाठी अधिक योग्य ठरू शकते.

या सगळ्यांच्या तुलनेत गुजरात गॅस लिमिटेड (GGL) ही क्षेत्रफळाच्या दृष्टीने मोठी कंपनी असली तरी तिचा भर मुख्यतः औद्योगिक ग्राहकांवर आहे, ज्यामुळे CNG आणि घरगुती PNG क्षेत्रात तिची वाढ तुलनेत कमी राहिली आहे. कंपनीचे विस्तार धोरण MGL, IGL किंवा ATGL इतके आक्रमक नाही. शिवाय, त्यांचे नव्या राज्यांमध्ये पाय रोवण्याचे प्रयत्न तुलनेने मर्यादित आहेत. सोबतच्या तक्त्यात या चारही कंपन्यांचे काही महत्त्वाचे आर्थिक निकष दिलेले आहेत. हे पाहिल्यावर असं लक्षात येतं, की गुंतवणूकदारांना आणि शेअर होल्डरला मिळालेला परतावा असो किंवा तिमाहीतील विक्री आणि नफ्यातली वाढ महानगर गॅस सर्वात आकर्षक गुंतवणूक आहे. मात्र ज्या मुंबई आणि महामुंबईच्या परिसरात या कंपनीचा विस्तार आहे तिथे बऱ्यापैकी कंपनी सर्व दूर पोहोचलेली असल्यामुळे वाढीचा स्कोप कमी आहे. याउलट अदानी कंपनीला तिचा भौगोलिक विस्तार असंख्य वेगवेगळ्या प्रदेशात असल्यामुळे आणि एकूण वाढीच्या दृष्टीने तिची वाटचाल असल्यामुळे नैसर्गिक फायदा आहे. त्यामुळेच महानगर गॅसचा पी/ई सुद्धा सर्वात कमी आहे तर अदानी टोटल गॅसचा तब्बल १००च्या आसपास आहे. नफा आणि जोखीम यांचं परस्परांशी नातं लक्षात घेता महानगर गॅस जास्त चांगला पर्याय असू शकेल. मात्र याबद्दलचा निर्णय प्रत्येकाने जोखमीविषयीची तयारी आणि नफ्याची अपेक्षा यानुसार घ्यावा.

International flight fees to soar: AERA clears 500 per cent hike

International flight fees to soar: AERA clears 500 per cent hike

PIONEER NEWS SERVICE ■ New Delhi

Passengers flying internationally from Indira Gandhi International Airport (IGIA) will have to pay a significant fee in User Development Fees (UDF) from April 16, 2025 after the Airports Economic Regulatory Authority (AERA) has approved a huge 500 per cent fee hike for international flyers, which will impact both departure and arrival fees.

Under the new structure, the User Development Fee (UDF) for departing international passengers will rise to ₹650 for economy class and ₹810 for business class. Delhi's IGI airport will be the first in India to introduce differential UDF rates for economy and business class.

Approving the final tariff order for the IGIA for the April 1, 2024 to March 31, 2029 period, AERA said it decided not to change the prevailing UDF of Rs 129 for domestic passengers as they comprise 80 per cent of the total traffic at the airport.

Disembarking passengers will also see an increase, with economy travellers paying ₹275 and business class travellers ₹ 345. Explaining the rationale behind having a differential rate of UDF for the international economy and business class passengers, AERA said it aligns with the 'user pays' principle and reflects the enhanced passenger experience and expanded facilities available and used by international travellers. The watchdog said that airport operator DIAL had proposed a 730 per cent increase in prevailing airport charges.

GMR Airports has said that AERA has accepted various principles of variable tariff plan for the Delhi airport and that the existing aeronautical tariff has been increased around 148 per cent for the fourth control period ending March 31, 2029. The revised tariffs for the fourth control period — April 1, 2024 to March 31, 2029 — will be applicable from April 16, 2025. UDF has been split across both embarking and disembarking passengers.

"The same has been further bifurcated into Domestic and International passengers with a differential rate for economy and business class international travellers," the company said in a regulatory filing late on Saturday.

GMR Airports' subsidiary Delhi International Airport Ltd (DIAL) operates the IGIA in the national capital. "In line with the public consultation paper issued on January 31, 2025, AERA has increased the existing aeronautical tariff by (approx) 148 per cent.

"Against the existing yield per pax of (approx) ₹145 valid under 3rd control period, the nominal yield per pax has been increased to ₹360 throughout the balance four years of control period valid till March 31, 2029," the filing said. The fil-

Delhi's IGI airport will be the first in India to introduce differential UDF rates for economy and business class. The revised tariffs for the fourth control period will be applicable from April 16, 2025

ing also said the landing charges for wide-body aircraft for scheduled airline operators who will operate direct flight to new international destinations have been waived off. This will help encourage more international long-haul flights and in making the airport an hub.

Among other aspects, GMR Airports said AERA has taken cognisance of the TDSA judgement, dated July 21, 2023, wherein certain significant issues have been decided in favour of DIAL. "However, since the said TDSAT order has been challenged by User Development Fee in Supreme Court, AERA has decided to defer the implementation of the said TDSAT order till the matter attains finality in the proceedings before the Supreme Court," it noted.

The company also said that as per Supreme Court judgement, dated July 11, 2022, in the matter of tariff order for the first control period, AERA has given effect in the order towards computation of corporate tax on aeronautical earnings in the present fourth control period of the tariff order.

Delhi handled 73.7 million passengers in Fiscal Year 24. More than 80 per cent of its passengers are domestic. A Parliamentary Affairs Committee had earlier expressed dissatisfaction over the 'arbitrary' rise in User Development Fee and airfares, arguing that the existing framework lacks mechanisms to hold private operators accountable.

By distributing UDF charges between departing and arriving passengers, AERA aims to ensure an equitable burden-sharing model for airport users.

The Association of Private Airport Operators (APAO) has supported DIAL's proposed variable tariff model, calling it a globally recognised approach that balances affordability and financial sustainability. APAO also emphasised the benefits of class-based UDF, peak and off-peak pricing, and competitive landing and parking fees to ensure cost-effective airline operations.

With higher User Development Fee charges, budget-conscious international flyers may consider alternatives to IGIA, such as airports in Mumbai, Bengaluru, or nearby international hubs like Dubai and Bangkok.

Infrastructure upgrades are also underway at IGIA, which handles 1,300 daily flights across three terminals. Since taking over IGIA in 2006, DIAL has invested ₹30,000 crore and contributed ₹25,000 crore in revenue-sharing payments to the Airports Authority of India (AAI), along with ₹192 crore in dividends. However, its accumulated loss stands at ₹2,900 crore as of December 2024.

ठाणे से नए एयरपोर्ट 45 सिर्फ मिनट में पहुंचेंगे

सिडको बनाएगा 26 किमी लंबा एलिवेटेड रोड

NBT न्यूज, नवी मुंबई

नवी मुंबई इंटरनैशनल एयरपोर्ट से पहली उड़ान जून में शुरू करने का लक्ष्य सिडको ने रखा है। इस एयरपोर्ट को मुंबई, ठाणे और आस-पास के इलाकों से बेहतर कनेक्टिविटी देने के लिए सिडको और एमएमआरडीए प्रशासन काम कर रहे हैं। अटल सेतु के जरिए मुंबई को एयरपोर्ट से जोड़े जाने के बाद, अब ठाणे से कनेक्टिविटी के लिए 26 किलोमीटर लंबा एलिवेटेड रोड बनाया जाएगा। इस प्रोजेक्ट के लिए डीपीआर (डीटेल्ड प्रोजेक्ट रिपोर्ट) तैयार कर ली गई है और कंसल्टेंट की नियुक्ति होगी।

फिलहाल, ठाणे से नवी मुंबई एयरपोर्ट जाने के लिए ठाणे-बेलापुर रोड और पाम बीच रोड ही दो विकल्प हैं, लेकिन इन दोनों ही मार्गों पर भारी ट्रैफिक रहता है। ऐसे में, बिना किसी रुकावट के एयरपोर्ट तक पहुंचने के लिए सिडको ने 26 किलोमीटर लंबे एलिवेटेड रोड का प्रस्ताव दिया है। यह सड़क ठाणे के पटनी चौक से शुरू होकर वाशी तक 17 किमी लंबी ठाणे-बेलापुर रोड के समानांतर होगी। फिर वाशी से एयरपोर्ट तक 9 किमी लंबा डबल डेकर एलिवेटेड रोड बनेगा। पूरे प्रोजेक्ट की लागत करीब 8,000 करोड़ रुपये आंकी गई है।

पर्यावरणीय मंजूरियों की चुनौती: पटनी चौक से वाशी तक के रास्ते में ज्यादा बाधाएं नहीं हैं, लेकिन वाशी से एयरपोर्ट तक के डबल डेकर रोड के मार्ग में कई जगह मैंग्रोव्ज और सीआरजेड का इलाका आता है। इनके लिए आवश्यक पर्यावरणीय मंजूरियां लेना सिडको के लिए चुनौती होगी।

वन भूमि के लिए मिली मंजूरी: नवी मुंबई एयरपोर्ट को सभी दिशाओं से जोड़ने के लिए सिडको कई पुल और सड़कें बना रहा है। इस कड़ी में उलवे नदी पर नया पुल बनाने के लिए वन विभाग ने 25 मार्च को 4,859 वर्ग मीटर वन भूमि हस्तांतरित करने की मंजूरी दे दी है। प्रोजेक्ट पूरा होने के बाद ठाणे से नवी मुंबई एयरपोर्ट का सफर बेहद आसान हो जाएगा।

India Inc raises record ₹1.33L-cr via QIPs in FY25

PRESS TRUST OF INDIA

New Delhi, March 30: Indian companies achieved a record-breaking fundraising of Rs 1.33 lakh crore through qualified institutional placements (QIPs) in FY25, registering a sharp increase from the previous year, as a booming stock market fuelled aggressive capital raising.

Corporate India has raised Rs 1,33,251 crore in FY25, marking an 87 per cent increase from Rs 71,306 crore garnered in FY24, according to data compiled by Prime Database.

Companies leveraged buoyant equity markets to strengthen balance sheets and fund expansion, a key driver of the surge in QIP fundraising, analysts said.

As per the data, 85 companies have tapped the capital markets with QIP issues in this financial year as compared with just 64 companies during the last financial year.

"FY25 witnessed the highest-ever QIP fundraising in the history of Indian capital markets, both in terms of volume and value," Neha Agarwal, MD

& Head of Equity Capital Markets at JM Financial, told PTI.

Agarwal attributed the surge in QIPs to a broader trend of corporates strengthening their balance sheets through deleveraging, driven by buoyant capital markets.

"With equity emerging as the preferred avenue to raise capital, corporates are driving accelerated growth and expansions by leveraging both organic and inorganic opportunities," she said.

QIP is one of the quickest products to raise funds from institutional investors. It is designed for listed firms and investment trusts, which allow them to mobilise funds quickly from institutional investors without the need to submit any pre-issue filings to market regulators.

The year saw significant participation from real estate, utilities, automobiles, metals, and PSU banks.

Major contributors to the record-breaking QIP fundraising include conglomerate Vedanta Group and food delivery major Zomato, which raised as much as Rs 8,500 crore each.

They were followed by Adani Energy Solutions and Varun Beverages, which raised Rs 8,373 crore and Rs 7,500 crore, respectively.

Other significant QIP transactions during FY25 include Samvardhana Motherson International at Rs 6,438 crore, Godrej Properties at Rs 6,000 crore and Rs 5,000 crore by Prestige Estates Projects.

In addition, state-owned lender Punjab National Bank, Bank of Maharashtra, UCO Bank, Indian Overseas Bank, Central Bank of India, and Punjab & Sind Bank collectively raised capital more than Rs 14,000 crore during the year.

JSW Energy, Brookfield India Real Estate Trust, Torrent Power, and Bharat Forge were among companies that raised capital through the QIP route to bolster their financial reserves.

सर्वेक्षणात सहभागाची धारावीकरांना शेवटची संधी

कागदपत्रे सादर करण्याची मुदत १५ एप्रिल

लोकसत्ता प्रतिनिधी

मुंबई : धारावी पुनर्वसन प्राधिकरण आणि नवभारत मेगा डेव्हलपर्स प्रायव्हेट लिमिटेडकडून (एनएमडीपीएल) झोपडीधारकांच्या पात्रता निश्चितीसाठी सर्वेक्षण सुरू आहे. सर्वेक्षण अंतिम टप्प्यात आले असताना अनेकांनी त्यात सहभाग घेतला नसल्याने आता कागदपत्रे सादर करण्यासाठी १५ एप्रिलपर्यंत अंतिम मुदत देण्यात आली आहे. त्यामुळे आता कागदपत्रे सादर न करू शकणाऱ्यांना घरांपासून वंचित ठेवणार का, असा प्रश्न विचारला जात आहे.

डीआरपी आणि एनएमडीपीएलने मार्च २०२४ मध्ये सर्वेक्षणास सुरुवात केली.

आणखी किती दिवस वाट पाहणार? सर्वेक्षण पूर्ण करून पात्रता निश्चित करायची आहे. त्यामुळे दिलेल्या मुदतीत धारावीकरांनी कागदपत्रे जमा करावीत, कारण ही शेवटची संधी असेल. - एस.व्ही.आर. श्रीनिवास, मुख्य कार्यकारी अधिकारी, डीआरपी

सुरुवातीला धारावीकरांनी याला विरोध केला. मात्र आता सर्वेक्षणाने वेग घेतला असून एका वर्षात ६३ हजार झोपड्यांचे *(पान ९ वर)*

(पान १ वरून)

सर्वेक्षण करण्यात असून येत्या काही दिवसांत हे पूर्ण करण्याचे नियोजन आहे. मात्र अनेक झोपडीधारक सर्वेक्षणासाठी पुढे येत नसून कागदपत्रे जमा करत नसल्याचे चित्र आहे. त्यामुळे आता डीआरपीने अलीकडेच एक निवेदन जाहीर करून झोपडीधारकांना सर्वेक्षणात सहभागाचे आवाहन केले आहे. यात १५ एप्रिलपर्यंत मुदत देण्यात आली आहे.

सर्वेक्षणात सहभागी न होणाऱ्यांना पुनर्वसन योजनेंतर्गत घराच्या लाभापासून वंचित राहावे लागेल, असा इशारा डीआरपीने पूर्वी दिला होता. मात्र सदर जाहीर निवेदनात यासंबंधीचा कोणताही उल्लेख नसल्यामुळे धारावीकर संभ्रमात आहेत.

याबाबत डीआरपीने स्पष्टीकरण द्यावे, अशी मागणी धारावी बचाव आंदोलनाचे समन्वयक ॲड. राजू कोरडे यांनी केली.

आपला धारावी पुनर्विकासाला विरोध नाही, मात्र काही मागण्यांची पूर्तता आधी केली पाहिजे, असे ते म्हणाले.

अंतिम मुदत म्हणजे एका प्रकारे धारावीकरांवर दबाव आणण्याचा प्रयत्न असल्याचा आरोप कोरडे यांनी केला.

दरम्यान, अधिकाधिक धारावीकरांनी सर्वेक्षणात सहभागी व्हावे यासाठी मुदतवाढ देण्यात आल्याचे डीआरपीचे मुख्य कार्यकारी अधिकारी एस.व्ही.आर. श्रीनिवास यांनी सांगितले.

धारावीत नववर्ष शोभायात्रेचा जल्लोष

धारावी : गुढीपाडव्यानिमित्त महाराष्ट्र सांस्कृतिक उत्सव, धारावीकर, श्री धारेश्वर क्रीडा मंडळ तर्फे धारावीत भव्य नववर्ष शोभायात्रेचे आयोजन करण्यात आले. 'आम्ही सारे एक आहोत' या संकल्पनेवर आधारित निघालेल्या शोभायात्रेत सर्व राजकीय पक्षांच्या पदाधिकाऱ्यांसह तमाम अबालवृद्ध आपल्या पारंपरिक वेशात सहभागी झाले होते. शोभायात्रेत सहभागी झालेल्या शेकडो नागरिकांनी गुढीपाडवा आणि मराठी नूतन वर्षाच्या शुभेच्छा जनतेला दिल्या.

यावेळी शोभायात्रेत घोड्यावर स्वार झालेले छत्रपती शिवाजी महाराज, रथावर आरूढ भगवान श्री राम-लक्ष्मण, सीता, हनुमान, हरिनामात तल्लीन झालेले वासुदेव तसेच पारंपरिक वेश परिधान करून लाठीकाठी, तलवारबाजी करणाऱ्या मुली आकर्षणाचा केंद्रबिंदू होता. धारावीतील रस्त्यावर ठिकठिकाणी लावण्यात आलेले स्टेज, त्यासमोर काढण्यात आलेल्या भव्य रांगोळ्यांची सजावट साऱ्यांचे लक्ष वेधून घेत होती.

या स्वागतयात्रेला धारावी संत कक्कया मार्ग, श्री धारेश्वर मंदिर परिसरापासून सुरुवात झाली. ढोल-ताशांचा गजर, लेझीम खेळणाऱ्या मुलामुलीने मानवी मनोऱ्यावर चढून सलामी दिली. नववर्षाचा जल्लोष करत निघालेल्या शोभायात्रेचे धारावीतल्या चौकाचौकात स्थानिक मंडळांकडून जोरदार स्वागत करण्यात आले. धारावी पोलीस ठाण्याकडूनही शोभायात्रेचे स्वागत करण्यात आले. धारावी ९० फूट रोड-संत रोहिदास मार्गे धारावी मेन रोडवरून संत कक्कया मार्गावरील मातृभूमी क्रीडा मंडळ परिसरातील शिव मंदिराजवळ शोभायात्रेची सांगता करण्यात आली.

धारावीकरांना सर्वेक्षणासाठी १५ एप्रिलपर्यंतची मुदतवाढ

डीआरपीने प्रसिद्ध केले निवेदन

मुंबई, दि. ३० (प्रतिनिधी) – अदानी समूहाच्या धारावी पुनर्विकास प्रकल्पाअंतर्गत धारावी पुनर्वसन प्राधिकरण आणि नवभारत मेगा डेव्हलपर्स प्रायव्हेट लिमिटेडकडून (एनएमडीपीएल) झोपडीधारकांच्या पात्रता निश्चितीसाठी सुरू असलेल्या सर्वेक्षणाला आता १५ एप्रिलपर्यंत मुदतवाढ देण्यात आली आहे. याबाबतचे निवेदन आज धारावी पुनर्विकास प्राधिकरणाने प्रसिद्ध केले आहे. निवेदनात ही अंतिम मुदतवाढ म्हटल्यामुळे धारावी बचाव आंदोलन समितीने तीव्र संताप व्यक्त केला आहे.

केंद्र सरकार आणि राज्य सरकारने धारावीकरांना विश्वासात न घेता धारावी प्रकल्प धारावीकरांच्या माथी मारला आहे. अदानीच्या एनएमडीपीएल कंपनीकडून मार्च २०२४ पासून सर्वेक्षण सुरू करण्यात आले असून आतापर्यंत ६३ हजार धारावीकरांचे सर्वेक्षण झाल्याचा दावा कंपनीने केला आहे.

धारावीकरांमध्ये जनजागृती करून आपल्या मागण्यांवर ठाम राहण्यासाठी आणि सरकारकडून होत असलेले दिशाभुलीचे प्रयत्न लोकांसमोर आणण्यासाठी शनिवार, ५ एप्रिलला धारावी बचाव आंदोलन समिती आणि भारत मुक्ती मोर्चा संघटनेकडून धारावीतील बडी मशिद परिसरात सभेचे आयोजन करण्यात आले आहे. या सभेला शिवसेना नेते खासदार अनिल देसाई मार्गदर्शन करणार आहेत.

...ही तर अप्रत्यक्ष धमकी

धारावीकरांचा विरोध मोडून काढून त्यांना आपल्याकडे आकर्षित करण्यासाठी अदानीने गणपती, नवरात्रौत्सवात देणग्या वाटल्या आहेत. क्रिकेट सामनेही भरवले. नोकऱ्यांसाठी मेगा भरतीचे शिबीरही घेतले. मात्र, घराला घर, दुकानाला दुकान ही धारावीकरांची ठाम मागणी आहे. त्यामुळे धारावीकर बधत नाही, असे पाहून अदानीच्या हातातले बाहुले असलेले राज्य सरकार आता निवेदन जारी करून धारावीकरांना अप्रत्यक्ष धमकी दिली आहे. मात्र, सरकारची ही चाल आम्ही यशस्वी होऊ देणार नाही, असा इशारा धारावी बचाव आंदोलनाचे समन्वयक आणि शिवसेनेचे माजी आमदार बाबूराव माने यांनी दिले आहे.

'इतिहास व्हॉट्सॲपवरून समजत नाही'

म. टा. खास प्रतिनिधी, मुंबई

'इतिहास व्हॉट्सॲपवरून समजून घेता येत नाही. त्यासाठी पुस्तके वाचावी लागतात. विदेशी विद्यापीठांत औरंगजेबावर जेव्हा अभ्यास होतो, तेव्हा त्यांना छत्रपती शिवाजी महाराज वाचावेच लागतात', असे प्रतिपादन मनसेचे प्रमुख राज ठाकरे यांनी रविवारी केले. पक्षाच्याच्या गुढीपाडवा मेळाव्यात ते

मनसेच्या गुढीपाडवा मेळाव्यात राज यांचे प्रतिपादन

बोलत होते.

'शिवाजी महाराजांच्या मृत्यूनंतर औरंगजेब वर्षभरातच महाराष्ट्रात आला. तो २७ वर्षे इथे लढत होता. नरहर कुरुंदकर एके ठिकाणी म्हणतात की, मराठे सर्व लढाया हरत होते. मात्र औरंगजेब एकही लढाई जिंकत नव्हता. याचा अर्थ समजून घ्यायला हवा. त्याच्यासोबत संभाजी महाराज त्यानंतर संताजी, धनाजी, तारारणी असे थोर लोक लढत राहिले. अफगाणिस्तानपासून ते दक्षिणेपर्यंत आणि गुजरातपासून बंगालपर्यंत साम्राज्य असलेल्या या बादशहाला अडीच तीन जिल्ह्यांच्या राज्यात काय रस होता? त्याला शिवाजी महाराजांचा विचार सलत होता', असे राज यांनी नमूद केले.

सध्या इतिहासात प्रत्येक गोष्ट ही जात-धर्माच्या अनुषंगाने पाहिली जात असल्याचे राज म्हणाले. 'मिर्झाराजे जयसिंग आणि उदय भान हे राजपूत होते, तर अफझलखानाचा वकील कुलकर्णी नावाचा ब्राह्मण होता. शिवाजी महाराजांचा वकीलही ब्राह्मणच होता. त्याकाळी प्रत्येकजण कुठे ना कुठे कोणाची चाकरी करत होता. त्यात जातीपाती शोधून आत्ता समाजात विष कालवणे हे काहीजण राजकीय उद्देशापोटी करत आहेत', अशी टीका त्यांनी राजकीय नेत्यांवर केली. धर्माच्या आधारावर कुठलाही देश उभा राहत नसल्याचे मत राज यांनी यावेळी व्यक्त केले. याबाबतीत तुर्कस्तानचे उदाहरण देताना ते म्हणाले, 'त्या देशात केमाल पाशाने शरियत काढून टाकली, धर्माला राजकारणातून हद्दपार केले. आज त्या देशात केवळ पर्यटनासाठी दरवर्षी पाच कोटी लोक जातात व ४०० बिलियन डॉलर्स त्यातून ते कमावतात.' राज यांनी भाषणाच्या सुरुवातीलाच गंगेच्या पाण्यावरून केलेल्या विधानामुळे सोशल मीडियातून त्यांच्यावर झालेल्या टीकेचा समाचार घेतला. गंगा किती प्रदूषित आहे, हे त्यांनी चित्रफित दाखवून समोर आणले. 'आपल्या देशातील असंख्य नद्या प्रदूषित असून त्यात महाराष्ट्रातील ५५ नद्यांचा समावेश आहे. गंगा नदीत प्रेत तशीच फेकून दिली जातात. हे सगळे धर्माच्या नावावर सुरू आहे. हजारो वर्षांपूर्वीच्या परंपरांनी आपले नैसर्गिक वैभव लयाला जाणे चूक आहे. मृत्यूपश्चात लाकाडांवर जाळणे योग्य नसून विद्युतदाहिनीत अंत्यसंस्कार व्हायला हवेत. लाकडांवर जाळल्यानेच देशात मोठ्या प्रमाणावर जंगलतोड होत', असा दावा त्यांनी केला.

बीडमध्ये राखेतून गुंड तयार झाले'

'बीडला संतोष देशमुख यांनाघाणेरड्या पद्धतीने मारले गेले. विंडमिल, प्रकल्पांतील राखेतून पैसा आहे. बीडमध्ये राखेतून गुंड तयार झाले. खंडण्यांना देशमुखांनी विरोध केला म्हणून त्यांना मारले. पण खंडणीच्या विषयाला आम्ही वंजारी-मराठा लेबल लावली. शेतकरी रोज आत्महत्या करतोय, रोजगार निर्माण होत नाहीत. असंख्य मुले मराठवाडा सोडून पुण्यात येत आहेत. पण त्याकडे लक्ष देऊ नका. कारण तुम्हाला जातीपातीत गुंतवले जातेय. जास्तीत जास्त मुख्यमंत्री-आमदार मराठा समाजाचे, मग मराठा आरक्षण का मागावे लागते,' असा प्रश्न राज यांनी उपस्थित केला.

'अदानी हुशार, आम्ही अडाणी निघालो!'

आपल्या भाषणात राज यांनी अदानींना लक्ष्य केले. 'सध्याच्या राजकीय वादात मधल्यामध्ये अदानींना जमिनी मिळत आहेत. धारावीची जागा मिळाली, नवी मुंबई विमानतळ, पालघर आणि इतर जमिनी त्यांना देण्यात आल्या. त्यामुळे अदानी हुशार आणि आम्ही अडाणी निघालो', असा टोला त्यांनी लगावला.

Maharashtra govt's promise to lift height restrictions raises hopes—and doubts

VINOD KUMAR MENON
vinodm@mid-day.com

IS this an attempt to lure the common man before the BMC elections? If not, the state government should walk the talk by amending DCPR-2034 before the elections," said CA Ramesh Prabhu, founder-chairman of the Maharashtra Societies Welfare Association.

Prabhu was reacting to the recent announcement made in the Legislative Assembly on March 26 by Deputy Chief Minister Eknath Shinde, who also holds the Urban Development and Housing portfolio. Shinde expressed the state government's intent to amend the Development Control and Promotion Rules (DCPR-2034) to facilitate redevelopment and lift height restrictions in funnel zones, which include Vile Parle, Santacruz, and Kurla.

Three CMs changed

Prabhu added, "My organisation, MahaSEWA, along with several others—including political leaders like Ashish Shelar and Parag Alavani—has been making representations since 2014 before three chief ministers: Devendra Fadnavis (then and current CM), Uddhav Thackeray (former CM), and Eknath Shinde (former CM and current Dy CM). We had suggested redevelopment concessions for structures in funnel zones when DCPR-2034 was being framed and in subsequent amendments. However, despite numerous presentations, long debates, and committee formations, our recommendations and pleas were never considered."

Not a vote bank

Residents living in old buildings in Vile Parle, Santacruz, and Kurla—areas falling under the funnel zone—do not form a significant vote bank for political parties. Instead, political attention has focused on slum dwellers, whose rehabilitation benefits have increased significantly. "Between 2014 and 2024, slum residents who were initially entitled to 180 sq ft in a rehabilitated project saw their allotment rise to 225 sq ft and later over 300 sq ft. The eligibility cutoff for slum rehabilitation has also been extended multiple times, from 1995 to 2000, then to 2011, and beyond. Meanwhile, flat occupants in the funnel zone have seen their pleas for redevelopment consistently ignored," Prabhu said.

Election jumla?

"It's common for political leaders to create talking points a few months before elections. This time too, a tall promise has been made just ahead of the BMC elections, which oversees one of the richest municipal corporations in India. Is this another election gimmick? If not, the government must amend DCPR-2034 before the polls," Prabhu stated. "If the Deputy CM does not walk the talk before the monsoon session begins, MahaSEWA will bring the affected societies in the funnel zone and stage a protest at Azad Maidan during the next Assembly session. If required, MahaSEWA will even file a public interest litigation in the Bombay High Court," said Prabhu.

Waiting for fine print

BJP MLA Parag Madhusudan Alavani, representing Vile Parle, has been demanding redevelopment relaxations in funnel zones for over a decade. "The deputy CM has made a statement in the Assembly, and a notification is expected soon. We will have to examine the notification to understand the specific concessions and redevelopment norms. Once released, the government will seek public suggestions and objections, which will then be addressed," Alavani said.

Deputy CM Eknath Shinde expressed the state government's intent to amend the Development Control and Promotion Rules (DCPR-2034) to facilitate redevelopment and lift height restrictions in funnel zones, which include Vile Parle, Santacruz, and Kurla

A welcome move, but...

The recent amendment under Section 37 (1AA) of the Maharashtra Regional and Town Planning Act is a welcome move, as it aims to facilitate redevelopment in funnel zones such as Kurla, Vile Parle East, and Santacruz. Given Mumbai's unique airport layout—with cross runways allowing only one active runway at a time—strict height regulations remain essential for aviation safety, says Advocate Godfrey Pimenta, a MahaRERA practitioner and trustee of the Watchdog Foundation.

State must work in tandem

While safety concerns must remain a priority, the stringent restrictions have caused stagnation in redevelopment, frustrating developers and property owners. The requirement for Civil Aviation Authority clearance for structures exceeding 150 metres within 20 km of the airport further complicates matters.

"The state government must coordinate with civil aviation authorities to find solutions that balance safety and urban growth. Advanced aviation technology and efficient zoning regulations could offer a middle ground," Pimenta said.

Civil aviation NOC required

Even after the Navi Mumbai airport becomes operational, cross runways at Mumbai airport will still function due to headwind directions. "Regardless of any state government relaxations, the Civil Aviation Authorities will play a crucial role in granting NOCs, prioritising aircraft safety," Pimenta concluded.

'We had suggested redevelopment concessions for structures in funnel zones when DCPR-2034 was being framed and in subsequent amendments. However, despite numerous presentations, long debates, and committee formations, our recommendations and pleas were never considered'

Stand on Adani unaltered: Cong post Soren meet

Ranchi: Two days after Jharkhand CM Hemant Soren met business tycoon Gautam Adani, Congress on Sunday reiterated that its stance on Adani Group remains unchanged, reports **ASRP Mukesh**.

Opposition BJP has taken potshots at both JMM and Congress for their earlier 'attacks' on Adani Group, calling them mere poll gimmicks meant to mislead voters.

Congress's K Raju, said, "We have maintained that we are not against any person...It's a fight against Modi govt's preferential treatment of a few capitalists." Hemant's grand welcome to Adani caught many by surprise and triggered political speculation.

Adani Green Energy operationalises Khavda renewable projects

TDG NETWORK
AHMEDABAD

Adani Green Energy Limited, through its various wholly-owned stepdown subsidiaries, has operationalized an aggregate 480.1 MW power projects at its mega Khavda renewable energy site in Gujarat.

With the commissioning of the plants, the Adani Group company's total operational renewable generation capacity has increased to 14,217.9 MW, it informed stock exchanges late on Saturday in a filing.

The new plants would commence power generation today -- March 30, 2025.

Adani Green Energy Limited is developing a 30 GW renewable energy plant on barren land at Khavda in Kutch of Gujarat over an area of 538 sq km after which the project would be the planet's largest power plant.

Adani Green Energy Limited will invest about Rs 1.5 lakh crore for the project.

India meets a sizable portion of its energy needs through coal-fired electricity, and renewable energy is seen as an avenue to reduce the dependence on conventional sources of power.

At COP26 held in 2021, India as a whole committed to an ambitious five-part "Panchamrit" pledge. They included reaching 500 GW of non-fossil electricity capacity, generating half of all energy requirements from renewables, to reducing emissions by 1 billion tonnes by 2030.

India also aims to reduce the emissions intensity of GDP by 45 per cent. Finally, India commits to net-zero emissions by 2070.

Adani, Aditya Birla groups enter wire and cable industry after cement

Adani, Aditya Birla groups enter wire and cable industry after cement

PRESS TRUST OF INDIA ■ New Delhi

After cement, billionaire Gautam Adani's group and Kumar Mangalam Birla's Aditya Birla Group are set for a face-off in the wires and cable business with both conglomerates announcing forays into the high double-digit growth sector.

In less than a month, both groups — who have been fiercely competing in the cement sector by snapping smaller players — announced their entry into the wires and cables segment, which is dominated largely by unorganised players and some smaller companies.

The entry of the two big players will intensify competition in the wires and cables industry, which posted 13 per cent compound annual growth rate (CAGR) in revenue between FY19 and FY24 and is migrating towards an organised branded market.

This was evident as sensing disruption from these deep pockets, share prices of listed players in the wires and cable segments slumped a day after March 19, when Adani Enterprises informed bourses of entering the segment.

Share price of Polycab India, a leader in the segment, and KEI Industries reported 52-week lows on March 20.

Similarly, shares of Havells also went down five per cent and while Finolex Cables was down 4 per cent the next day.

Terming wires and cables "ideal segment for a new entrant with deep pockets", JM Financials has said, "This is an industry where no single player commands more than 15 per cent share in wires and 20 per cent in cables."

The industry comprises nearly 400 players, ranging from SMEs to large enterprises, with revenue of ₹50-400 crore, it said.

This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'

According to global brokerage Jefferies, the India cable and wire industry, which stands at ₹80,000 crore (₹56,000 crore cables and ₹24,000 crore wires), has an "attractive opportunity".

"There is enough room for a new player in the cable and wire industry", as it is growing by double digits, and 30 per cent of the industry is still unorganised, analysts at Jefferies said.

Motilal Oswal Financial Services said the demand for cables and wires remains strong, with a stable long-term growth outlook. "Industry is estimated to grow at a multiplier of 2x of real GDP (12-13 per cent), whereas key players Polycab, KEI, Havells, and Finolex Cables have largely outpaced the industry. We estimate the overall C and W industry size to reach ₹1,30,000 crore in FY29," said Jefferies.

Adani Enterprises, through its step-down subsidiary Kutch Copper Ltd (KCL) earlier this month formed a JV , Praneetha Ecocables in partnership with Praneetha Ventures, which will manufacture and sell metal products, cables and wires.

The move comes almost a month after Aditya Birla Group's flagship firm UltraTech Cement, on February 25, announced the extension of its footprint in the construction value chain through the wires and cables segment with an investment of ₹1,800 crore over the next two years.

UltraTech has also proposed to set up a greenfield plant near Bharuch in Gujarat which is expected to be commissioned by December 2026. This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'.

Interestingly, both Aditya Birla and Adani have a presence in the copper businesses, which is the mainstay of the wires and cables industry. Aditya Birla's Hindalco, a leader in aluminium and copper production, may also provide synergy to its wire and cable business.

Similarly, Adani's Kutch Copper also provides synergy for its cables and wires business.

Analysts at Jefferies said:" The company's entry into this segment is part of the forward integration project for the copper arm of AEL and possibly backward integration for the captive group transmission business.This announcement is very preliminary, and the project could take 3-4 years to come online."

Now, both groups are moving towards adjacencies as Aditya Birla is expanding its footprint in the construction value chain through the wires and cables segment. With cement, decorative paints and now wires and cables, it is on its strategy to become a complete construction solution provider.

Adani Group had entered into the cement business in September 2022, after acquiring Ambuja Cement from Swiss firm Holcim for USD 6.4 billion (about ₹51,000 crore).

It is the second largest cement producer and challenging India's top cement maker UltraTech, through series of acquisitions and brownfield expansions. It has done three major acquisitions - Penna Industries, Sanghi Industries and recently announced CK Birla group firm Orient Cement.

અદાણી ગ્રીન એનર્જી ગેલેરીએ રચ્યો ઈતિહાસ, ૭ લાખ લોકોએ લીધી લંડન મ્યુઝિયમની મુલાકાત

લંડનના સાયન્સ મ્યુઝિયમ ખાતે અદાણી ગ્રીન એનર્જી ગેલેરીએ મુલાકાતીઓની સંખ્યામાં ઈતિહાસ રચ્યો છે. અત્યાર સુધીમાં ૭ લાખ લોકોએ લંડનના સાયન્સ મ્યુઝિયમ ખાતે 'એનર્જી રિવોલ્યુશનઃ ધ અદાણી ગ્રીન એનર્જી ગેલેરી'ની મુલાકાત લીધી છે. ઊર્જા અને આબોહવા પરિવર્તનના થીમ પર આધારિત આ ગેલેરી લોકોમાં આકર્ષણ જમાવી રહી છે. ૨૬ માર્ચ ૨૦૨૪ના રોજ લંડનના પ્રખ્યાત સાયન્સ મ્યુઝિયમ ખાતે અદાણી ગ્રુપના ચેરમેન ગૌતમ અદાણીએ 'એનર્જી રિવોલ્યુશનઃ અદાણી ગ્રીન એનર્જી ગેલેરી'નું ઉદ્ઘાટન કર્યું હતું.

ગ્રીન એનર્જી ગેલેરી દ્વારા જારી કરાયેલા એક નિવેદનમાં કહેવામાં આવ્યું છે કે વિગત એક વર્ષ દરમિયાન આ ગેલેરીમાં ૭,૦૦,૦૦૦ મુલાકાતીઓ વિઝીટ

કરી ચૂક્યા છે. આ ગેલેરી દર્શાવે છે કે વિશ્વ કેવી રીતે આબોહવા પરિવર્તનનો સામનો કરવા માટે કાર્બન ઉત્સર્જન ઘટાડીને વધુ ટકાઉ રીતે ઊર્જાનું ઉત્પાદન અને ઉપયોગ કરી શકે છે.

આબોહવા વિજ્ઞાનને સમર્પિત ગ્રીન એનર્જી ગેલેરી વૈશ્વિક આબોહવા પરિવર્તનને મર્યાદિત કરવા માટે ક્લીન એનર્જી તરફ સંક્રમણ કરવાના વ્યહવારુ ઉપાયો સૂચવે છે. "વિન્ડ, સોલાર અને હાઈબ્રિડ રિન્યુએબલ ઊર્જામાં ૧૩ ગીગાવોટથી વધુના ઓપરેશનલ પોર્ટફોલિયો સાથે વિશ્વની સૌથી મોટી રિન્યુએબલ ઊર્જા કંપનીઓમાંની એક છઇઈ-નેટ ઝીરો એમીશન માટે સતત કાર્યશીલ અને સમર્પિત છે.

છેલ્લા એક વર્ષમાં, ગ્રીન ગેલેરીએ વિવિધ સંસ્થાઓ માટે ૪૦ થી વધુ ક્યુરેટરના નેતૃત્વ હેઠળના વિવિધ પ્રવાસોનું આયોજન કર્યું છે. જેમાં ક્લાઈમેટ ચેન્જ કમિટી, મેટ ઓફિસ, વર્લ્ડ એનર્જી કાઉન્સિલ અને યુકે સરકારના અનેક વિભાગોનો સમાવેશ થાય છે. આ મુલાકાતોમાં આબોહવા પરિવર્તનના પડકારોનો સામનો કરવા માટે જરૂરી ઝડપી ઊર્જા સંક્રમણ અને ડીકાર્બોનાઈઝેશન પ્રયાસો અંગેની વિસ્તૃત સમજ આપવામાં આવી છે.

Adani Green Energy operationalises Khavda renewable projects

TDG NETWORK
AHMEDABAD

Adani Green Energy Limited, through its various wholly-owned stepdown subsidiaries, has operationalized an aggregate 480.1 MW power projects at its mega Khavda renewable energy site in Gujarat.

With the commissioning of the plants, the Adani Group company's total operational renewable generation capacity has increased to 14,217.9 MW, it informed stock exchanges late on Saturday in a filing.

The new plants would commence power generation today -- March 30, 2025.

Adani Green Energy Limited is developing a 30 GW renewable energy plant on barren land at Khavda in Kutch of Gujarat over an area of 538 sq km after which the project would be the planet's largest power plant.

Adani Green Energy Limited will invest about Rs 1.5 lakh crore for the project.

India meets a sizable portion of its energy needs through coal-fired electricity, and renewable energy is seen as an avenue to reduce the dependence on conventional sources of power.

At COP26 held in 2021, India as a whole committed to an ambitious five-part "Panchamrit" pledge. They included reaching 500 GW of non-fossil electricity capacity, generating half of all energy requirements from renewables, to reducing emissions by 1 billion tonnes by 2030.

India also aims to reduce the emissions intensity of GDP by 45 per cent. Finally, India commits to net-zero emissions by 2070.

AN INCREASE OF 87%

Indian Firms Raise Record ₹1.3L cr via QIPs in FY25

PTI

New Delhi: Indian companies raised a record-breaking ₹1.33 lakh crore through qualified institutional placements (QIPs) in FY25, registering a sharp increase from the previous year, as a booming stock market fuelled aggressive capital raising. Corporate India has raised ₹1,33,251 crore in FY25, marking an 87% increase from ₹71,306 crore garnered in FY24, according to data compiled by Prime Database.

Companies leveraged buoyant equity markets to strengthen balance sheets and fund expansion, a key driver of the surge in QIP fundraising, analysts said.

As per the data, 85 companies have tapped the capital markets with QIP issues in this financial year as compared with just 64 companies during the last financial year.

"FY25 witnessed the highest-ever QIP fundraising in the history of Indian capital markets, both in terms of volume and value," Neha Agarwal, MD & head of equity capital markets at JM Financial, said.

Cos leveraged buoyant equity mkts to strengthen balance sheets and fund expansion

Agarwal attributed the surge in QIPs to a broader trend of corporates strengthening their balance sheets through deleveraging, driven by buoyant capital markets.

"With equity emerging as the preferred avenue to raise capital, corporates are driving accelerated growth and expansions by leveraging both organic and inorganic opportunities," she said.

QIP is one of the quickest products to raise funds from institutional investors. It is designed for listed firms and investment trusts, which allow them to mobilise funds quickly from institutional investors without the need to submit any pre-issue filings to market regulators.

The year saw significant participation from real estate, utilities, automobiles, metals, and PSU banks.

Major contributors to the record-breaking QIP fundraising include conglomerate Vedanta Group and food delivery major Zomato, which raised as much as ₹8,500 crore each. They were followed by Adani Energy Solutions and Varun Beverages, which raised ₹6,373 crore and ₹7,500 crore, respectively.

Adani, Aditya Birla groups enter wire and cable industry after cement

Adani, Aditya Birla groups enter wire and cable industry after cement

PRESS TRUST OF INDIA ■ New Delhi

After cement, billionaire Gautam Adani's group and Kumar Mangalam Birla's Aditya Birla Group are set for a face-off in the wires and cable business with both conglomerates announcing forays into the high double-digit growth sector.

In less than a month, both groups — who have been fiercely competing in the cement sector by snapping smaller players — announced their entry into the wires and cables segment, which is dominated largely by unorganised players and some smaller companies.

The entry of the two big players will intensify competition in the wires and cables industry, which posted 13 per cent compound annual growth rate (CAGR) in revenue between FY19 and FY24 and is migrating towards an organised branded market.

This was evident as sensing disruption from these deep pockets, share prices of listed players in the wires and cable segments slumped a day after March 19, when Adani Enterprises informed bourses of entering the segment.

Share price of Polycab India, a leader in the segment, and KEI Industries reported 52-week lows on March 20.

Similarly, shares of Havells also went down five per cent and while Finolex Cables was down 4 per cent the next day.

Terming wires and cables "ideal segment for a new entrant with deep pockets", JM Financials has said, "This is an industry where no single player commands more than 15 per cent share in wires and 20 per cent in cables."

The industry comprises nearly 400 players, ranging from SMEs to large enterprises, with revenue of ₹50-400 crore, it said.

This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'

According to global brokerage Jefferies, the India cable and wire industry, which stands at ₹80,000 crore (₹56,000 crore cables and ₹24,000 crore wires), has an "attractive opportunity".

"There is enough room for a new player in the cable and wire industry", as it is growing by double digits, and 30 per cent of the industry is still unorganised, analysts at Jefferies said.

Motilal Oswal Financial Services said the demand for cables and wires remains strong, with a stable long-term growth outlook. "Industry is estimated to grow at a multiplier of 2x of real GDP (12-13 per cent), whereas key players Polycab, KEI, Havells, and Finolex Cables have largely outpaced the industry. We estimate the overall C and W industry size to reach ₹1,30,000 crore in FY29," said Jefferies.

Adani Enterprises, through its step-down subsidiary Kutch Copper Ltd (KCL) earlier this month formed a JV , Praneetha Ecocables in partnership with Praneetha Ventures, which will manufacture and sell metal products, cables and wires.

The move comes almost a month after Aditya Birla Group's flagship firm UltraTech Cement, on February 25, announced the extension of its footprint in the construction value chain through the wires and cables segment with an investment of ₹1,800 crore over the next two years.

UltraTech has also proposed to set up a greenfield plant near Bharuch in Gujarat which is expected to be commissioned by December 2026. This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'.

Interestingly, both Aditya Birla and Adani have a presence in the copper businesses, which is the mainstay of the wires and cables industry. Aditya Birla's Hindalco, a leader in aluminium and copper production, may also provide synergy to its wire and cable business.

Similarly, Adani's Kutch Copper also provides synergy for its cables and wires business.

Analysts at Jefferies said:" The company's entry into this segment is part of the forward integration project for the copper arm of AEL and possibly backward integration for the captive group transmission business.This announcement is very preliminary, and the project could take 3-4 years to come online."

Now, both groups are moving towards adjacencies as Aditya Birla is expanding its footprint in the construction value chain through the wires and cables segment. With cement, decorative paints and now wires and cables, it is on its strategy to become a complete construction solution provider.

Adani Group had entered into the cement business in September 2022, after acquiring Ambuja Cement from Swiss firm Holcim for USD 6.4 billion (about ₹51,000 crore).

It is the second largest cement producer and challenging India's top cement maker UltraTech, through series of acquisitions and brownfield expansions. It has done three major acquisitions - Penna Industries, Sanghi Industries and recently announced CK Birla group firm Orient Cement.

Ambuja Cements strengthens water security in rural Solan through comprehensive measures

SHIMLA: Ambuja Cements, the cement and building material company of the diversified Adani Portfolio, is strengthening water security for communities across villages of Solan district with its comprehensive water conservation initiatives. The Company, through its CSR arm, in partnership with NABARD, has revived 27 drying springs and restored traditional irrigation systems, known as kuhls, ensuring a steady water supply for rural communities. Through this partnership, the construction of 48 check dams, 48 ponds, and 34 water storage tanks has secured water availability for over 1,576 agrarian households, directly benefiting 5,100 individuals from the communities. Solar-powered lift irrigation further enhances efficiency, reducing dependency on the erratic rainfall of the region. Ambuja Cements is making life easier for thousands of farmers and their families by improving water availability. The Company's efforts are helping communities manage water better, reduce water shortages, and ensure steady irrigation for farming, securing their future for years to come.

Deceased IB official's family alleges financial exploitation by colleague

EXPRESS NEWS SERVICE
@Pathanamthitta

THE family of Megha Madhusudhanan, an intelligence bureau official who was found dead near a railway track in Thiruvananthapuram on the morning of March 24, has alleged financial exploitation by her colleague, citing evidence from her bank account statements.

Madhusudhanan, Megha's father, alleged that a major portion of her salary was regularly transferred to the account of Sukanth Suresh, her colleague from Edappal in Malappuram, since May 2024.

"There is evidence of repeated monetary transactions to his account from that of Megha. It can also be seen that after drawing a huge amounts from her salaries, he returned small sums of money," alleged Madhusudhanan, a retired teacher.

He said there were also doubts that Sukanth threatened Megha to extract money.

"In our earlier complaints, we could not provide bank account details as those were not known at the time. We also didn't have details of her phone calls and postmortem examination. More details will emerge after the investigation," he said.

The police confirmed that Sukanth, the last person to call Megha, is absconding and his phone is switched off.

His office and home were searched, but his whereabouts remain unknown. Madhusudhanan criticised the police for failing to keep tabs on Sukanth and over their alleged mishandling of the probe.

Hailing from Karakkakuzhi at Athirumkal in Pathanamthitta, Megha was found dead at Chakka around 9.30am on March 24. She had been posted in the emigration section at Thiruvananthapuram airport, and was the only daughter of Madhusudhanan and Nisha, a collectorate employee.

The family had earlier said Megha had been in a relationship with Sukanth and had talked about marrying him.

They alleged she had been upset for days when he backed out of the relationship and that this led to her taking the extreme step.

The relatives demanded a probe to ascertain whether her suspected suicide was caused by her colleague's withdrawal from the relationship.

"We want to know the truth behind her death. The investigation should reveal the circumstances surrounding her death and whether there was any foul play involved," her uncle, Biju, said.

ADANI GREEN PLANS SHARE SALE, BANK LOANS TO RAISE $2 BN IN Q1

Anirudh Laskar
anirudh.l@htlive.com

MUMBAI: Adani Green Energy Ltd (AGEL) plans to sell shares to global investors to raise about $1.4 billion in the first quarter of FY26, two people familiar with the matter said, as part of a $2 billion fundraising to power its solar and wind energy projects in India.

The rest will be raised through local bank loans, the people cited above said on the condition of anonymity, adding the company plans to mobilize a total of $4-5 billion across FY26.

If Adani Green manages to raise $1.4 billion by selling shares, it would be its largest equity capital raise ever. The company is working on various solar and wind energy projects across India, aiming to capitalise on the country's efforts to achieve net zero status by 2050.

Shares of Adani Green closed 1.1% down at ₹949 on the BSE on Friday, having risen from ₹774 on 28 February.

"Interest rates in the international bond market are high at 7-9%, which is why the group now prefers to raise capital through equity and vanilla debt from Indian lenders. Rates in the domestic market are still better even though the tenures of debt maturities are a bit shorter, which can be worked out," the person said, adding shares may be issued on a private placement basis to offshore global private equity and pension funds, mostly from the US and Canada.

Most of the funds may be used for Adani Green's solar project in Gujarat's Khavda, designed to be the world's largest single-location renewable energy project across 538 sq. km. The project currently has 2.4GW operational capacity, and targets to raise it to 30GW by 2029.

"The group has access to international markets and diversified sources of funding with elongated maturities up to 20 years," the second person added.

MUMBAI: Maharashtra Navnirman Sena (MNS) chief Raj Thackeray on Sunday sounded the bugle for the BMC and local body polls by calling for all Marathi people, irrespective of their caste, to unite in order to save Maharashtra and Marathi from the siege of "others".

While playing the Marathi card at his Gudi Padwa rally at Shivaji park, Raj also urged people not to look at history from a communal perspective. "Shivaji Maharaj was fighting feudalism," the MNS chief said. "Don't look at the caste and religion of the commander or employees of historical figures, as people from all communities worked for different kingdoms. I urge youngsters to stop reading history on WhatsApp. This is a plan to divert you from the real problems of society. →P4

Don't read history on WhatsApp, says Raj, ups ante against 'others'

MNS chief sounds the bugle for local body polls at Gudi Padwa rally in Shivaji Park

MUMBAI: Maharashtra Navnirman Sena (MNS) chief Raj Thackeray on Sunday sounded the bugle for the BMC and local body polls by calling all Marathi people to unite in order to save Maharashtra and Marathi from the siege of "others". Speaking at a rally at the iconic Shivaji Park to mark the occasion of Gudi Padwa, he also declared support to chief minister Devendra Fadnavis on condition that the latter worked for the benefit of Maharashtra and the Marathi manoos.

The MNS chief declared that as people were divided into castes and religions, they did not present a united front as Marathis. "Look at how Tamil Nadu fights for its pride when the central government tries to impose Hindi," he said. "But we are a surrendered society. I have not seen anyone as confused as the Marathi manoos ever."

He Raj Thackeray ordered MNS workers to check all banks and establishments to ensure the use of Marathi. SATISH BATE/ HT PHOTO

Raj said he would not blame the people since financial and social insecurity was responsible for their lack of fight. "Political parties and leaders are dividing you on the basis of caste to divert your attention from the real problems of life such as education, agriculture and employment," he said. "But you should unite as Marathis and once you do that, political leaders will be scared of you."

He ordered MNS workers to check all banks and establishments and ensure the use of Marathi there. "How dare they say they don't understand and speak Marathi?" he demanded. "Marathi is the language of Maharashtra, and everyone will have to respect it. He also said that Marathi youths were not getting jobs and projects because they were awarded to "outsiders".

> I urge youngsters to stop reading history on WhatsApp. This is a plan to divert you from real problems
>
> **RAJ THACKERAY,** MNS chief

Referring to the brutal murder of Beed sarpanch Santosh Deshmukh, he said, "Why are we giving an angle of Vanjari versus Maratha to this murder?" He said that while most of Maharashtra's chief ministers, ministers and MLAs were Marathas, they did nothing for their community.

Raj urged Fadnavis to look after Maharashtra and Marathi and offered him conditional support.

"If you work for the betterment of Maharashtra and Marathi, we will support you. Just do everything with our consent," he said.

The MNS chief also urged people not to succumb to the politics of caste- and religion-based hatred and not to look at history from a communal perspective. He said the tombs of people like Aurangzeb and Afzal Khan, who attacked the swarajya of Chhatrapati Shivaji, should in fact be protected to showcase them as a symbol of Maratha bravery.

"Shivaji Maharaj was fighting feudalism," he said. "Don't look at the caste and religion of the commander or employees of historical figures, as people from all communities worked for different kingdoms. I urge youngsters to stop reading history on WhatsApp. This is a plan to divert you from the real problems of society. The government is giving every project to Adani. He (Adani) is clever and we were adaani (illiterate)."

Raj said that religion should be followed but at home, not on the streets. He gave the example of Turkey which, during the regime of Kemal Pasha, gave up religion-based governance and adopted a secular-modern approach towards governance.

Adani, Aditya Birla groups to now compete in wire & cable industry

Entry of the two big players will intensify competition in the wires and cables industry, which posted 13% CAGR in revenue between FY19-FY24

OUR CORRESPONDENT

NEW DELHI: After cement, billionaire Gautam Adani's group and Kumar Mangalam Birla's Aditya Birla Group are set for a face-off in the wires and cable business with both conglomerates announcing forays into the high double-digit growth sector.

In less than a month, both groups — who have been fiercely competing in the cement sector leaving smaller players way behind — announced their entry into the wires and cables segment, which is dominated largely by unorganised players and some smaller companies.

Entry of the two big players will intensify competition in the wires and cables industry, which posted 13 per cent compound annual growth rate (CAGR) in revenue between FY19 and FY24 and is migrating towards an organised branded market.

This was evident as sensing disruption from these deep pockets, share prices of listed players in the wires and cable segments slumped a day after March 19, when Adani Enterprises informed bourses of entering the segment.

Share price of Polycab India, a leader in the segment, and KEI Industries reported 52-week lows on March 20. Similarly, shares of Havells also went down 5 per cent and while Finolex Cables was down 4 per cent the next day.

"THIS IS AN INDUSTRY WHERE NO SINGLE PLAYER COMMANDS MORE THAN 15% SHARE IN WIRES AND 20% IN CABLES"

Terming wires & cables "ideal segment for a new entrant with deep pockets", JM Financials has said, "This is an industry where no single player commands more than 15 per cent share in wires and 20 per cent in cables."

The industry comprises nearly 400 players, ranging from SMEs to large enterprises, with revenue of Rs 50-400 crore, it said.

According to global brokerage Jefferies, the India cable & wire industry, which stands at Rs 80,000 crore (Rs 56,000 crore cables and Rs 24,000 crore wires), has an "attractive opportunity".

"There is enough room for a new player in the cable & wire industry", as it is growing by double digits, and 30 per cent of the industry is still unorganised, analysts at Jefferies said.

Motilal Oswal Financial Services said the demand for cables & wires remains strong, with a stable long-term growth outlook.

"Industry is estimated to grow at a multiplier of 2x of real GDP (12-13 per cent), whereas key players Polycab, KEI, Havells, and Finolex Cables have largely outpaced the industry. We estimate the overall C&W industry size to reach Rs 1,30,000 crore in FY29," said Jefferies.

Adani Enterprises, through its step-down subsidiary Kutch Copper Ltd (KCL) earlier this month formed a JV , Praneetha Ecocables in partnership with Praneetha Ventures, which will manufacture and sell metal products, cables and wires.

The move comes almost a month after Aditya Birla Group's flagship firm UltraTech Cement, on February 25, announced the extension of its footprint in the construction value chain through the wires and cables segment with an investment of Rs 1,800 crore over the next two years.

UltraTech has also proposed to set up a greenfield plant near Bharuch in Gujarat which is expected to be commissioned by December 2026.

This move is part of Aditya Birla group to expand presence in the adjacencies of the building construction business, in which it has launched paint business under the brand 'Birla Opus'.

Interestingly, both Aditya Birla and Adani have a presence in the copper businesses, which is the mainstay of the wires and cables industry.

Aditya Birla's Hindalco, a leader in aluminium and copper production, may also provide synergy to its wire & cable business.

Similarly, Adani's Kutch Copper also provides synergy for its cables and wires business.

Analysts at Jefferies said:" The company's entry into this segment is part of the forward integration project for the copper arm of AEL and possibly backward integration for the captive group transmission business. This announcement is very preliminary, and the project could take 3-4 years to come online."

Now, both groups are moving towards adjacencies as Aditya Birla is expanding its footprint in the construction value chain through the wires and cables segment. With cement, decorative paints and now wires & cables, it is on its strategy to become a complete construction solution provider.

Key Points

- The industry comprises nearly 400 players, ranging from SMEs to large enterprises, with revenue of Rs 50-400 cr
- 'India cable & wire industry, which stands at Rs 80K cr (Rs 56K cr cables & Rs 24K cr wires), has an attractive opportunity'
- Both Aditya Birla and Adani have a presence in copper businesses, which is the mainstay of wires & cables industry

The last major sale of AGEL equity shares was in June 2023 when the promoter entities sold some of their stakes in Adani Green Energy and flagship Adani Enterprises to raise $1 billion to prepay debt. In January 2024, Adani Green raised ₹2,337.51 crore through a preferential allotment of warrants to Ardour Investment Holding.

Adani Green is holding roadshows to attract investor interest for the fund-raising. In a February presentation to potential investors, Adani Green said it is the only company to have strategic sites of 2,50,000 acres for solar and wind plant development and over 5GW for PSP (pumped storage projects) development backed by "comprehensive geotechnical studies, and a fully prepared evacuation infrastructure".

It said AGEL's operational capacity addition achieved a CAGR of 41% in last five years against an industry CAGR of approximately 13%, and is on track to achieve its stated target of 50GW by 2030. The company's run-rate Ebitda or operating income at the end of FY24 stood at ₹10,462 crore.

Adani Green's solar, wind and hybrid projects are located in Rajasthan and Gujarat, while its pumped storage projects are coming up in Maharashtra, Andhra Pradesh, Telangana, Tamil Nadu and Uttar Pradesh.

Over the past few years, government policies and global climate commitments have driven massive investments in the renewables space. As a result, companies in the renewable sector are gaining investor attention.

Man held with weed worth ₹3 cr at airport

MUMBAI: The Air Intelligence Unit (AIU) of the Customs Department on Saturday night arrested a man at Mumbai's international airport for allegedly having three kilograms of hydroponic weed in his luggage. The contraband was seized and interrogation revealed that the accused is a native of Kerala and was on his way to deliver to a dealer in Bengaluru.

The accused, identified as Mohammed Shareef, worked as an accountant and had a part-time job as real estate broker. He earned ₹20,000 per month. "He was voluntarily involved in the illegal smuggling of drugs. This was his first time," said a Customs official.

Around 11pm on Saturday, he came from Bangkok at Chatrapati Shivaji Maharaj International Airport (CSMIA) by the Thai Lion airline. AIU officers were checking passengers at the airport based on specific intelligence, and nabbed Shareef, who was holding an Indian passport.

No contraband was found with him, but his baggage contained six tightly packed, transparent plastic bags filled with dry leaf substances, said an official. During interrogation the suspect confessed that the substances were hydroponic weed. Samples from the bags were collected and tested positive using a narcotic drug field testing kit. The weed weighed around 3.004 kg, having an international market value of ₹3 crore.

Mohammed Shareef

During interrogation, the accused confessed that he went to Bangkok from Bangalore airport on March 27 to purchase hydroponic weed. From Mumbai, he had planned to travel to Bengaluru to deliver the contraband to the main accused who resides in Bengaluru. He was promised ₹1.5 lakh per kilogram.

During interrogation, the accused said he had taken a loan of ₹1.20 lakh, using which he purchased foreign currencies of 5300 Saudi Riyal and 750 USD before going to Bangkok. He spent over ₹60 thousand rupees to purchase the hydroponic weed. Shareef was arrested under the charges of the Narcotic Drugs and Psychotropic Substances Act on Saturday, produced before the court and remanded in custody.

Elevated road proposed to link Thane with Navi Mumbai airport

SIDDHANT KONDUSKAR
NAVI MUMBAI, MARCH 30

WHILE THE newly inaugurated Atal Setu bridge links Mumbai with Navi Mumbai International Airport (NMIA), the City and Industrial Development Corporation (CIDCO) has now proposed a dedicated 26-km elevated road to connect Thane directly with the airport. The Detailed Project Report (DPR) for this elevated corridor is being prepared, and a financial consultant is being identified for the project.

The new airport is set to be inaugurated in June this year. To enhance connectivity between the airport and key regions like Mumbai and Thane, CIDCO and MMRDA have initiated major infrastructure projects.

"Currently, Thane's access to NMIA is limited to the Thane-Belapur Road and Palm Beach Road, both of which have heavy traffic congestion. The new corridor aims to provide an uninterrupted and faster route for travellers heading to the airport," said a CIDCO official.

The Navi Mumbai airport is set to be inaugurated in June this year. *File*

The road will begin from Patni Chowk in Thane and extend to Vashi, covering 17 km parallel to the Thane-Belapur Road. From Vashi to NMIA, the remaining 9 km stretch will be a double-decker elevated road.

While there are fewer environmental hurdles between Patni Chowk and Vashi, the second phase of the corridor—stretching from Vashi to NMIA—passes through areas with mangroves and Coastal Regulation Zone (CRZ) restrictions. CIDCO will need to secure multiple environmental clearances before proceeding with construction.

The estimated cost of the 26-km corridor is nearly ?8,000 crore. "Given the scale of the project, approvals, land acquisition, and environmental clearances will play a role in determining the timeline for completion," the official added.

Apart from this elevated corridor, CIDCO has also planned multiple roads and bridges to improve NMIA's accessibility.

A key step in this direction was taken on March 25, when the forest department approved the transfer of 4,859 square metres of forest land near Ulwe and Sonkhar creeks.

This land will facilitate the construction of a bridge by removing an existing bund over the Ulwe River, further strengthening the airport's connectivity.

Raj Thackeray calls on people to not get divided on caste basis

ALOK DESHPANDE
MUMBAI, MARCH 30

MAHARASHTRA NAVNIRMAN Sena (MNS) chief Raj Thackeray on Sunday said that the party will not back down on "slapping" people residing in the state if they refuse to speak Marathi.

Addressing the party's annual Gudi Padwa rally at Shivaji Park in Central Mumbai, Thackeray said, "In our Mumbai, they tell us that they cannot speak Marathi... they will get a slap on the face. Don't tell me about the country and all. Every state has its language and it must be respected. In Mumbai, Marathi should be respected."

"From tomorrow, check every bank, every establishment. Check whether Marathi is being used. All of you should stand firmly for Marathi," said Thackeray, adding, "Look at Tamil Nadu. It dared to say no to Hindi. Even Kerala."

Calling on people of Maharashtra to stop getting divided on the basis of caste, the MNS chief said that the rulers of the state are purposely dividing people on caste basis to neglect real issues.

"I appeal to the youngsters of Maharashtra to first stop reading history on WhatsApp and from the caste point of view. This is being done to politically divide you, stop you from coming together as Marathis... it diverts our attention and works like giving lands to Adani are done silently," the MNS chief said, pointing out how industrialist Gautam Adani is running Mumbai airport, building Navi Mumbai airport and doing Dharavi redevelopment. "Adani turned out much cleverer than all of us," he said.

Referring to the recent controversy surrounding the tomb of Aurangzeb, Thackeray said, "We should not destroy the structures of those who were defeated by Marathas. The world should know that we buried them."

"How come everybody is suddenly remembering Aurangzeb? A Hindu who gets woken up by watching film is of no use. You can't read History on WhatsApp, need to read books," Thackeray said, explaining that a 400-year-old history should not become a point of conflict in today's era.

Praising Uttar Pradesh Chief Minister Yogi Adityanath for taking action on loudspeakers, Thackeray said, "When I spoke about it, 17,000 workers faced action. Now CM Fadnavis says loudspeakers should not be used between 10 pm and 6 am. But the issue is about between 6 am and 10 pm. Uttar Pradesh CM Yogi took the action there, but our government has yet not."

Referring to his statement on Kumbh Mela where he had ridiculed drinking the water from river Ganga, Thackeray said, "Those who felt I disrespected Kumbh Mela are fools... It is not about disrespecting Ganga or Kumbh Mela, it is about the quality of water." Showing a video on pollution in the Ganga, Thackeray said that four out of five rivers in Mumbai are dead and the fifth Mithi is on the verge of dying.

Asking Chief Minister Devendra Fadnavis to work for the state following the massive mandate received, Thackeray said, "Devendra Fadnavis give proper attention to the state. If you have good intention, we will support you. We will support you, if you do everything after consulting to us."

Flight makes emergency landing due to tyre damage

The Hindu Bureau
CHENNAI

A SpiceJet flight from Jaipur suffered a tyre damage and made an emergency landing at Chennai airport on Sunday. All 82 passengers on board were safe.

The flight departed from Jaipur around 2 a.m. "After take-off from Jaipur, during the climb, ATC (Air Traffic Control) informed [the authorities concerned] about a piece of tyre found on the runway. The flight continued to the destination as all operations and parameters were observed to be normal by the flight crew. Chennai ATC was informed, and a precautionary landing was carried out," the airline said in a statement.

Officials of the Airports Authority of India (AAI) said that after the flight landed around 5.45 a.m., an inspection was carried out. Officials said wheel number 2 was damaged, and pieces of the tyre were coming out. "As soon as the Chennai ATC was informed of it, support teams, doctors and fire tenders were waiting for the aircraft to offer any assistance in case of an emergency situation, as per protocol. But the aircraft arrived safely and went to the bay with its own power," an official said.

The airline said the aircraft's main wheel tyre had a 'main wheel tyre tread loss', and there was no other damage. "Aircraft landed safely; normal braking was used; and [the aircraft was] parked. During the post-flight walkaround, one layer of ply (tread loss) was found from no. 2 main wheel tyre," the airline said.

Adani Green plans share sale, bank loans to raise $2 bn in Q1

Adani Green Energy Ltd (AGEL) plans to sell shares to global investors to raise about $1.4 billion in the first quarter of FY26, two people familiar with the matter said, as part of a $2 billion fundraising to power its solar and wind energy projects in India.

The rest will be raised through local bank loans, the people cited above said on the condition of anonymity, adding the company plans to mobilize a total of $4-5 billion across FY26.

If Adani Green manages to raise $1.4 billion by selling shares, it would be its largest equity capital raise ever. The company is working on various solar and wind energy projects across India, aiming to capitalize on the country's efforts to achieve net zero status by 2050.

Recovery in sight?

Shares of Adani Green closed at ₹949 on the BSE on Friday, having risen from ₹774 on 28 February.

Shares of Adani Green closed 1.1% down at ₹949 on the BSE on Friday, having risen from ₹774 on 28 February.

"Interest rates in the international bond market are high at 7-9%, which is why the group now prefers to raise capital through equity and vanilla debt from Indian lenders. Rates in the domestic market are still better even though the tenures of debt maturities are a bit shorter, which can be worked out," the person said, adding shares may be issued on a private placement basis to offshore global private equity and pension funds, mostly from the US and Canada.

Most of the funds may be used for Adani Green's solar project in Gujarat's Khavda, designed to be the world's largest single-location renewable energy project across 538 sq. km. The project currently has 2.4GW operational capacity, and targets to raise it to 30GW by 2029.

"The group has access to international markets and diversified sources of funding with elongated maturities up to 20 years," the second person added.

Queries emailed to an Adani group spokesperson remained unanswered.

The last major sale of AGEL equity shares was in June 2023 when the promoter entities sold some of their stakes in Adani Green Energy and flagship Adani Enterprises to raise $1 billion to prepay debt. In January 2024, Adani Green raised ₹2,337.51 crore through a preferential allotment of warrants to Ardour Investment Holding.

Adani Green is holding roadshows to attract investor interest for the fund-raising. In a February presentation to potential investors, Adani Green said it is the only company to have strategic sites of 2,50,000 acres for solar and wind plant development and over 5GW for PSP (pumped storage projects) development backed by "comprehensive geotechnical studies, and a fully prepared evacuation infrastructure".

It said AGEL's operational capacity addition achieved a CAGR of 41% in last five years against an industry CAGR of approximately 13%, and is on track to achieve its stated target of 50GW by 2030. The company's run-rate Ebitda or operating income at the end of FY24 stood at ₹10,462 crore.

Adani Green's solar, wind and hybrid projects are located in Rajasthan and Gujarat, while its pumped storage projects are coming up in Maharashtra, Andhra Pradesh, Telangana, Tamil Nadu and Uttar Pradesh.

Over the past few years, government policies and global climate commitments have driven massive investments in the renewables space. As a result, companies in the renewable sector are gaining investor attention.

Those refusing to speak Marathi in Mumbai will get a slap: Raj Thackeray

ALOK DESHPANDE
MUMBAI, MARCH 30

MAHARASHTRA NAVNIRMAN Sena (MNS) chief Raj Thackeray Sunday said that the party will not back down on "slapping" people residing in the state if they refuse to speak Marathi.

Addressing the party's annual Gudi Padwa rally at Shivaji Park in Central Mumbai, Thackeray said, "In our Mumbai, they tell us that they cannot speak Marathi... they will get a slap on the face. Don't tell me about the country and all. Every state has its language and it must be respected. In Mumbai, Marathi should be respected."

"From tomorrow, check every bank, every establishment. Check whether Marathi is being used. All of you should stand firmly for Marathi," said Thackeray, adding, "Look at Tamil Nadu. It dared to say no to Hindi. Even Kerala."

Calling on people of Maharashtra to stop getting divided on the basis of caste, the MNS chief said that the rulers of the state are purposely dividing people on caste basis to neglect real issues. "I appeal to the youngsters of Maharashtra to first stop reading history on WhatsApp and from the caste point of view. This is being done to politically divide you, stop you from coming together as Marathis... it diverts our attention and works like giving lands to Adani are done silently," the MNS chief said, pointing out how industrialist Gautam Adani is running Mumbai airport, building Navi Mumbai airport and doing Dharavi redevelopment. "Adani turned out much cleverer than all of us," he said.

Speakinhg on the controversy surrounding the tomb of Aurangzeb, Thackeray said, "We should not destroy the structures of those who were defeated by Marathas. India's copper demand to grow 7% on rising consumption in clean energy projects: PHDCCI

India's copper demand to grow 7% on rising consumption in clean energy projects: PHDCCI

According to industry estimates, India's refined copper production is around 555,000 tonnes/year against domestic consumption of over 750,000 tonnes

NEW DELHI: Propelled by growing consumption in the renewable energy sector and infrastructure development, copper demand is likely to rise about 7 per cent in the country in the coming years, according to industry officials.

Policy initiatives such as construction of industrial corridors, housing for all Indians, national highway development projects, and energy transition projects are driving the demand for copper and it is anticipated to increase significantly, PHDCCI President Hemant Jain said.

"Copper demand is expected to rise by 7 per cent in India in coming years. The copper sector is expected to attract private investment, supported by handholding by the government, especially through initiatives such as the PLI and Atmanirbhar Bharat," Jain said.

According to industry estimates, India's refined copper production is around 555,000 tonnes per year against domestic consumption of more than 750,000 tonnes. India imports around 500,000 tonnes of copper a year to meet local demand.

Industry experts have projected that copper demand might double by 2030, greatly enhancing the demand-supply gap and making India dependent and vulnerable to foreign nations.

Transition from fossil fuels to renewable energy will require huge amounts of copper to power the manufacturing of EVs, solar panels, wind turbines, EV batteries, etc, they said.

Domestic conglomerates like JSW Group, Aditya Birla Group, and the Adani Group have committed huge investments in copper production facilities to increase local production amid growing demand for the base metal.

"The criticality of copper as an integral part of the country's decarbonisation strategy is not lost to India Inc. Hence, it is making investments in this mineral, not just to bridge the demand-supply gap but also align its policies with those of the government," former steel secretary Aruna Sharma said.

Given its rising cost in recent times, investment in copper production and smelting makes it also a profitable business, Sharma added.

Industry experts also suggested the government look at leveraging the potential of the local plants that are lying unused. The closure of Vedanta's Sterlite plant at Tuticorin, Tamil Nadu, in 2018, wiped out more than 46 per cent of the country's production of the base metal, making India a net importer of refined copper. Cables and wires: No longer hidden

REWIRING THE COMPETITION. Ultratech, Adani shock with their entry and put the spotlight on this concealed segment

Janaki Krishnan

Cables and wires are not exactly glamorous or exciting. In fact, everyone wants to conceal them from view for added aesthetics. Yet, it is a ₹1-lakh-crore booming market. And now the entry of big players such as cement major Ultratech and the Adani group has placed the sector in the public eye.

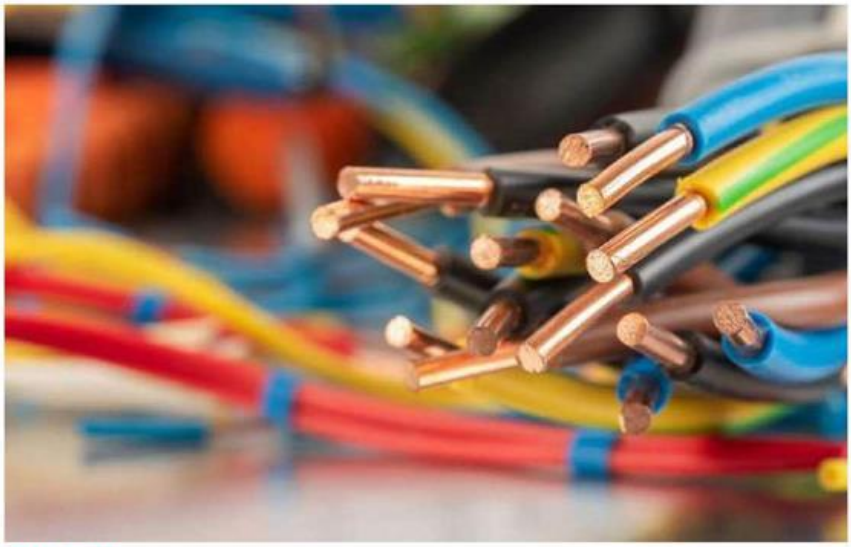

When Ultratech announced a modest ₹1,800-crore venture in this sector in February, it sent the stocks of incumbent players reeling as the industry wondered whether this was its 'paints' moment — a hark back to when the JSW group, Aditya Birla Group and Pidilite entered the paints segment, which was hitherto dominated by one or two players.

But unlike Grasim's massive investment in its bid for the No. 2 slot, Ultratech has been fairly conservative, focusing more on wires than cables. It also said during an analyst call that its capex would not cross the limit announced until 2031, potentially ruling out acquisitions.

Adani's entry has, however, put a different spin on things. Unlike Ultratech's diversification, Adani eyes a downstream expansion of its copper smelter project in Mundra.

Group flagship Adani Enterprises' wholly owned subsidiary Kutch Copper has set up a joint venture company, Praneetha Ecocables,for manufacturing, marketing, and selling metal, products, cables, and wires. The 50-50 joint venture is with Praneetha Ventures Pvt Ltd, a Delhi-based real estate entity.

According to sources, the Adani group is planning a capacity build-up in the segment through an acquisition in the range of $500-700 million, potentially setting the stage for mergers and acquisitions and consolidation in the sector.

SHORT CORD. Demand for cables and wires is driven by real estate, railway, and power sectors, but supply lags ISTOCK

CURRENT PLAYERS

The industry is dominated by the organised players, which have a 70 per cent market share and a strong brand presence.

The market leader is Polycab, with nearly a fourth of the organised market share. Next is KEI Industries, with a share of 12 per cent.

Havells, a well-known brand, has a share of 11 per cent, followed by Finolex Cables and RR Kabel with 8-10 per cent share each.

The top five players together have 60 per cent market share.

The demand for cables mainly comes from the B2B segment, while the demand for wires is mostly from B2C.

ROOM FOR NEW ENTRANTS

The cables and wires sector has been seeing significant demand, driven by the real estate, railway, and power sectors, but supply has been lagging. Companies have planned capacities of around ₹8,000 crore, but these will come up in the next two years.

This has created an opportunity for new entrants.

There is space for new players in the industry, which is seeing 15 per cent compound annual growth rate (CAGR), says Harshit Kapadia, Vice President at Elara Capital.

Revenues of the cable and wire makers will rise 15-16 per cent in FY26, according to Crisil Ratings, with organised players accounting for two-third of the demand. It expects the spending in sectors such as power, railways and real estate to generate a demand for wires and cables worth ₹20,000 crore next fiscal year.

Elaborating on the ability of the sector to accommodate the entry of large players, Achal Lohade, Executive Director, Institutional Equities, Nuvama Research, said that the market size would be ₹1.8 lakh crore by FY31, which is when Ultratech's operations will be fully mature.

On a rough calculation, if the cement company's cables and wires business generates ₹7,000 crore revenue by them, it would mean less than 5 per cent market share.

"So this capacity can be absorbed without too much of a disruption, unless Ultratech chooses to double down on the capex. That's very hard to call at this stage. You don't know what they will do," said Lohade.

Ultratech's plant is expected to come up by FY27 and complete a full year of operations only in FY28.

Within C&W, the wires segment is all about distribution and expanding reach, while the cables segment is driven by approvals, customer relationships and winning contracts by being the lowest bidder.

PRICE WARS?

The entry of large players may also instigate a price war, though perhaps not very aggressive. In the December quarter, margins in the segment were under pressure, forcing many players to introduce 2-3 per cent price hikes, especially in the housing wire segment.

Even among existing players there are some differences in pricing. For instance, RR Kabel sells at a 7 per cent discount to Havells; market leader Polycab sells at 3-5 per cent discount to Havells, according to Nuvama Research.

"There will be some impact on market share, though I am not sure if it will have a significant impact in terms of pricing," said Lohade.

Other analysts said the price wars may not be very aggressive as the segment already operates under slim margins of 10-12 per cent.

The entry of new players is also likely to slow overall growth in the sector to 12 per cent, from over 15 per cent now.

Cables and wires: No longer hidden

REWIRING THE COMPETITION. Ultratech, Adani shock with their entry and put the spotlight on this concealed segment

Cables and wires are not exactly glamorous or exciting. In fact, everyone wants to conceal them from view for added aesthetics. Yet, it is a ₹1-lakh-crore booming market. And now the entry of big players such as cement major Ultratech and the Adani group has placed the sector in the public eye.

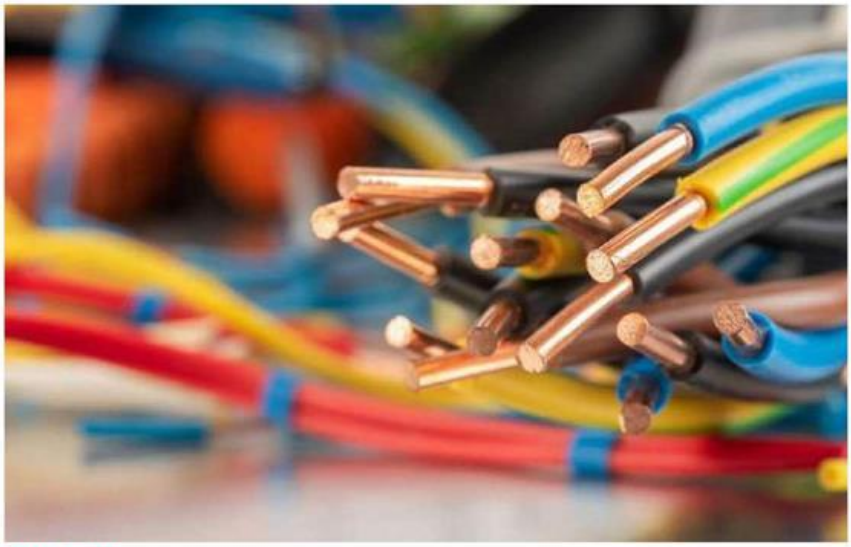

When Ultratech announced a modest ₹1,800-crore venture in this sector in February, it sent the stocks of incumbent players reeling as the industry wondered whether this was its 'paints' moment — a hark back to when the JSW group, Aditya Birla Group and Pidilite entered the paints segment, which was hitherto dominated by one or two players.

But unlike Grasim's massive investment in its bid for the No. 2 slot, Ultratech has been fairly conservative, focusing more on wires than cables. It also said during an analyst call that its capex would not cross the limit announced until 2031, potentially ruling out acquisitions.

Adani's entry has, however, put a different spin on things. Unlike Ultratech's diversification, Adani eyes a downstream expansion of its copper smelter project in Mundra.

The market leader is Polycab, with nearly a fourth of the organised market share. Next is KEI Industries, with a share of 12 per cent.

Havells, a well-known brand, has a share of 11 per cent, followed by Finolex Cables and RR Kabel with 8-10 per cent share each.

The top five players together have 60 per cent market share.

The demand for cables mainly comes from the B2B segment, while the demand for wires is mostly from B2C.

ROOM FOR NEW ENTRANTS

The cables and wires sector has been seeing significant demand, driven by the real estate, railway, and power sectors, but supply has been lagging. Companies have planned capacities of around ₹8,000 crore, but these will come up in the next two years.

This has created an opportunity for new entrants.

There is space for new players in the industry, which is seeing 15 per cent compound annual growth rate (CAGR), says Harshit Kapadia, Vice President at Elara Capital.

Revenues of the cable and wire makers will rise 15-16 per cent in FY26, according to Crisil Ratings, with organised players accounting for two-third of the demand. It expects the spending in sectors such as power, railways and real estate to generate a demand for wires and cables worth ₹20,000 crore next fiscal year.

Elaborating on the ability of the sector to accommodate the entry of large players, Achal Lohade, Executive Director, Institutional Equities, Nuvama Research, said that the market size would be ₹1.8 lakh crore by FY31, which is when Ultratech's operations will be fully mature.

On a rough calculation, if the cement company's cables and wires business generates ₹7,000 crore revenue by them, it would mean less than 5 per cent market share.

"So this capacity can be absorbed without too much of a disruption, unless Ultratech chooses to double down on the capex. That's very hard to call at this stage. You don't know what they will do," said Lohade.

Ultratech's plant is expected to come up by FY27 and complete a full year of operations only in FY28.

Within C&W, the wires segment is all about distribution and expanding reach, while the cables segment is driven by approvals, customer relationships and winning contracts by being the lowest bidder.

PRICE WARS?

The entry of large players may also instigate a price war, though perhaps not very aggressive. In the December quarter, margins in the segment were under pressure, forcing many players to introduce 2-3 per cent price hikes, especially in the housing wire segment.

Even among existing players there are some differences in pricing. For instance, RR Kabel sells at a 7 per cent discount to Havells; market leader Polycab sells at 3-5 per cent discount to Havells, according to Nuvama Research.

"There will be some impact on market share, though I am not sure if it will have a significant impact in terms of pricing," said Lohade.

Other analysts said the price wars may not be very aggressive as the segment already operates under slim margins of 10-12 per cent.

The entry of new players is also likely to slow overall growth in the sector to 12 per cent, from over 15 per cent now.

Cables and wires: No longer hidden

REWIRING THE COMPETITION. Ultratech, Adani shock with their entry and put the spotlight on this concealed segment

Janaki Krishnan

Cables and wires are not exactly glamorous or exciting. In fact, everyone wants to conceal them from view for added aesthetics. Yet, it is a ₹1-lakh-crore booming market. And now the entry of big players such as cement major Ultratech and the Adani group has placed the sector in the public eye.

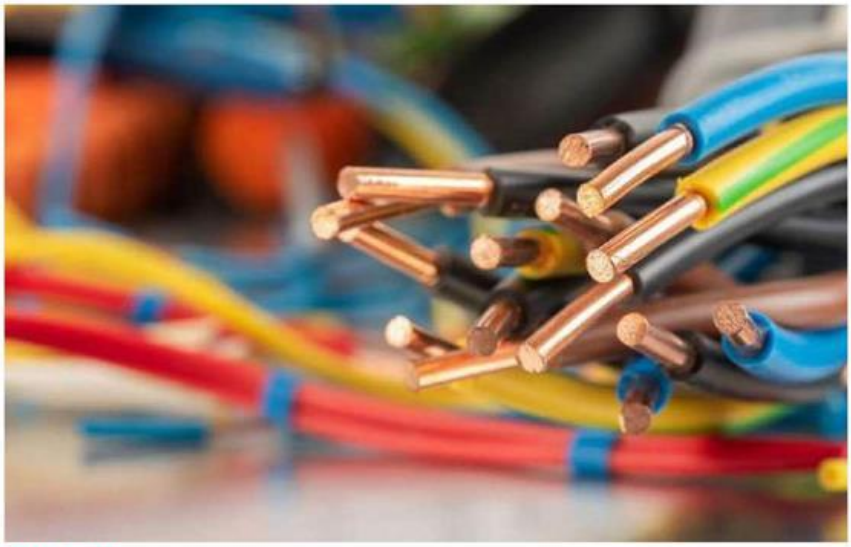

When Ultratech announced a modest ₹1,800-crore venture in this sector in February, it sent the stocks of incumbent players reeling as the industry wondered whether this was its 'paints' moment — a hark back to when the JSW group, Aditya Birla Group and Pidilite entered the paints segment, which was hitherto dominated by one or two players.

But unlike Grasim's massive investment in its bid for the No. 2 slot, Ultratech has been fairly conservative, focusing more on wires than cables. It also said during an analyst call that its capex would not cross the limit announced until 2031, potentially ruling out acquisitions.

Adani's entry has, however, put a different spin on things. Unlike Ultratech's diversification, Adani eyes a downstream expansion of its copper smelter project in Mundra.

Group flagship Adani Enterprises' wholly owned subsidiary Kutch Copper has set up a joint venture company, Praneetha Ecocables,for manufacturing, marketing, and selling metal, products, cables, and wires. The 50-50 joint venture is with Praneetha Ventures Pvt Ltd, a Delhi-based real estate entity.

According to sources, the Adani group is planning a capacity build-up in the segment through an acquisition in the range of $500-700 million, potentially setting the stage for mergers and acquisitions and consolidation in the sector.

The industry is dominated by the organised players, which have a 70 per cent market share and a strong brand presence.

देश में तांबे की मांग 7% बढ़ने की उम्मीद

सवेरा न्यूज/एजैंसी

नई दिल्ली, 30 मार्च : नवीकरणीय ऊर्जा और बुनियादी ढांचा क्षेत्र के लिए बढ़ती मांग के बीच देश में आगामी वर्षों में तांबे की मांग 7 प्रतिशत बढ़ने की उम्मीद है। उद्योग के अधिकारियों ने यह बात कही है। उद्योग मंडल पीएचडीसीसीआई के अध्यक्ष हेमंत जैन ने कहा कि औद्योगिक गलियारों का निर्माण, सभी भारतीयों के लिए घर, राष्ट्रीय राजमार्ग विकास परियोजनाएं और ऊर्जा बदलाव जैसी परियोजनाओं की वजह से तांबे की मांग बढ़ रही है। इसमें उल्लेखनीय इजाफा हो रहा है। जैन ने कहा, 'आने वाले वर्षों में भारत में तांबे की मांग में 7 प्रतिशत वृद्धि होने की उम्मीद है। तांबा क्षेत्र में निजी निवेश आने की भी उम्मीद है। सरकार की उत्पादन से जुड़ी प्रोत्साहन योजना और आत्मनिर्भर भारत से तांबा उद्योग को समर्थन मिल रहा है। उद्योग का अनुमान है कि भारत का परिष्कृत तांबे का सालाना उत्पादन लगभग 5,55,000 टन है जबकि घरेलू खपत लगभग 7,50,000 टन से अधिक है। भारत स्थानीय मांग को पूरा करने के लिए हर साल लगभग 5,00,000 टन तांबे का आयात करता है। उद्योग विशेषज्ञों का अनुमान है कि 2030 तक देश में तांबे की मांग दोगुनी हो सकती है। इससे मांग-आपूर्ति का अंतर बहुत बढ़ जाएगा और भारत को इसके लिए दूसरे देशों पर निर्भर होना पड़ेगा। घरेलू कंपनियों जेएसडब्ल्यू समूह, आदित्य बिड़ला समूह और अदाणी समूह ने तांबा उत्पादन बढ़ाने के लिए भारी निवेश की प्रतिबद्धता जताई है।

ADANI GREEN PLANS SHARE SALE, BANK LOANS TO RAISE $2 BN IN Q1

Anirudh Laskar
anirudh.l@htlive.com

MUMBAI: Adani Green Energy Ltd (AGEL) plans to sell shares to global investors to raise about $1.4 billion in the first quarter of FY26, two people familiar with the matter said, as part of a $2 billion fundraising to power its solar and wind energy projects in India.

The rest will be raised through local bank loans, the people cited above said on the condition of anonymity, adding the company plans to mobilize a total of $4-5 billion across FY26.

If Adani Green manages to raise $1.4 billion by selling shares, it would be its largest equity capital raise ever. The company is working on various solar and wind energy projects across India, aiming to capitalise on the country's efforts to achieve net zero status by 2050.

Shares of Adani Green closed 1.1% down at ₹949 on the BSE on Friday, having risen from ₹774 on 28 February.

"Interest rates in the international bond market are high at 7-9%, which is why the group now prefers to raise capital through equity and vanilla debt from Indian lenders. Rates in the domestic market are still better even though the tenures of debt maturities are a bit shorter, which can be worked out," the person said, adding shares may be issued on a private placement basis to offshore global private equity and pension funds, mostly from the US and Canada.

Most of the funds may be used for Adani Green's solar project in Gujarat's Khavda, designed to be the world's largest single-location renewable energy project across 538 sq. km. The project currently has 2.4GW operational capacity, and targets to raise it to 30GW by 2029.

"The group has access to international markets and diversified sources of funding with elongated maturities up to 20 years," the second person added.

हल्दीराम ने 8,555 करोड़ में टेमासेक को बेची 10% हिस्सेदारी

नई दिल्ली (इं.): सिंगापुर की सॉवरेन इन्वैस्टमैंट फर्म टेमासेक ने हल्दीराम के स्नैक्स डिवीजन में 10% हिस्सेदारी खरीदने के लिए एग्रीमैंट किया है। यह डील 1 बिलियन डॉलर (करीब 8,555 करोड़ रुपए) में हुई है। हल्दीराम ने 30 मार्च को बताया कि टेमासेक ने कम्पनी के मौजूदा शेयर होल्डर्स के 10% हिस्सेदारी को खरीदा है।

दोनों पक्ष कई महीनों से इस डील के लिए बातचीत कर रहे थे। अमरीका की प्राइवेट इक्विटी ब्लैकस्टोन ने भी हल्दीराम में 20% हिस्सेदारी के लिए ऑफर दिया था, लेकिन ये ऑफर कम वैल्यूएशन पर था इसलिए हल्दीराम ने यह डील टेमासेक के साथ फाइनल की है।

लौह अयस्क उत्पादन 4.4 प्रतिशत बढ़कर 26.3 करोड़ टन पर

नई दिल्ली (प.स.): चालू वित्त वर्ष के पहले 11 माह (अप्रैल-फरवरी) में लौह अयस्क का उत्पादन 4.4 प्रतिशत बढ़कर 26.3 करोड़ टन रहा है। खान मंत्रालय ने एक बयान में यह जानकारी दी।

एक साल पहले की समान अवधि में लौह अयस्क उत्पादन 25.2 करोड़ टन रहा था। वित्त वर्ष 2023-24 में लौह अयस्क का उत्पादन 27.4 करोड़ टन था। कुल खनिज उत्पादन में लौह अयस्क का हिस्सा 70 प्रतिशत है।

मैंगनीज अयस्क का उत्पादन अप्रैल-फरवरी की अवधि में 12.8 प्रतिशत बढ़कर 34 लाख टन हो गया, जो पिछले वर्ष की इसी अवधि के दौरान 30 लाख टन था। आलोच्य अवधि में बॉक्साइट का उत्पादन 3.6 प्रतिशत बढ़कर 2.27 करोड़ टन रहा है, जो एक साल पहले समान अवधि में 2.19 करोड़ टन था।

टाटा ऑटोकॉम्प करेगी आर्टिफेक्स में 80 प्रतिशत हिस्सेदारी का अधिग्रहण

नई दिल्ली (प.स.): टाटा ऑटोकॉम्प सिस्टम्स लिमिटेड ने कहा कि वह जगुआर लैंड रोवर समूह के एक हिस्से आर्टिफेक्स इंटीरियर सिस्टम्स लिमिटेड में 80 प्रतिशत हिस्सेदारी हासिल करेगी। हालांकि, कम्पनी ने सौदे की राशि का खुलासा नहीं किया है।

कम्पनी ने बयान में कहा कि इस लेनदेन के पूरा होने पर वित्त वर्ष 2024-25 में 29.6 करोड़ पाउंड का राजस्व अर्जित करने वाली आर्टिफेक्स, टाटा ऑटोकॉम्प (टाको) परिवार में शामिल हो जाएगी।

कम्पनी ने जगुआर लैंड रोवर ऑटोमोटिव पी.एल.सी. समूह की अनुषंगी जगुआर लैंड रोवर वेंचर्स लिमिटेड से आर्टिफेक्स की बहुलांश शेयरधारिता खरीदी है।

ए.जी.ई.एल. की नवीकरणीय ऊर्जा परिचालन क्षमता 14,217.9 मेगावाट हुई

नई दिल्ली (प.स.): अदाणी ग्रीन एनर्जी लिमिटेड (ए.जी.ई.एल.) ने रविवार को गुजरात के खावड़ा में 480.1 मेगावाट की नवीकरणीय ऊर्जा परियोजनाओं का संचालन शुरू कर दिया। इसके साथ ही कम्पनी की कुल परिचालन क्षमता बढ़कर 14,217.9 मेगावाट हो गई है।

कम्पनी ने शेयर बाजारों को भेजी सूचना में कहा कि ए.जी.ई.एल. ने अपने पूर्ण-स्वामित्व वाली अनुषंगी की विभिन्न अनुषंगी कम्पनियों के माध्यम से 30 मार्च को इन परियोजनाओं से बिजली उत्पादन शुरू किया।

इन संयंत्रों के चालू होने के साथ, ए.जी.ई.एल. की कुल परिचालन वाली नवीकरणीय ऊर्जा क्षमता बढ़कर 14,217.9 मेगावाट हो गई है।

कोयला आयात जनवरी में मामूली रूप से बढ़कर 2.14 करोड़ टन पर

नई दिल्ली (प.स.): देश का कोयला आयात जनवरी में 1.23 प्रतिशत की मामूली बढ़त के साथ 2.14 करोड़ टन हो गया जबकि पिछले वित्त वर्ष के समान महीने में यह 2.11 करोड़ टन था।

ई-कॉमर्स मंच एमजंक्शन सर्विसेज लिमिटेड की तरफ से जुटाए गए आंकड़ों के मुताबिक, वित्त वर्ष 2024-25 के पहले 10 महीनों में कोयले का आयात 22.26 करोड़ टन पर स्थिर रहा।

CABLES & WIRES SEGMENT WILL DRIVE SYNERGIES

Birla, Adani to expand grip on construction supply chain

URVI MALVANIA
Mumbai, March 30

WITH THEIR IMPENDING entry into the cables and wires segment, the Adani Group and the Aditya Birla Group (ABG) are strengthening their presence in the building and construction sector, where both already hold leading positions in the cement business. According to analysts, this move will allow both conglomerates to leverage their existing distribution networks and supply chain efficiencies to gain a larger share of the construction materials market.

For ABG, the foray into cables and wires complements its broader building solutions business, which includes cement, adhesives, waterproofing solutions, and paints. Adani, on the other hand, is expected to integrate the new venture with its real estate, power, and infrastructure businesses, creating a seamless supply chain for its projects.

According to analysts, both groups see this as an opportunity to expand their market reach and capitalise on existing customer relationships. "Both have an extensive distribution network through their cement business, which can be leveraged to push cables and wires," said an analyst from a leading brokerage firm. Jefferies, in a report, noted that ABG's expansion is a strategic diversification aimed at capturing a larger share of customer spending while utilising synergies in branding, distribution, and customer base.

JP Morgan also highlighted that ABG's building solutions business, with over 2,500 retail outlets across the country, provides a natural adjacency to the cables and wires segment. UltraTech Cement already markets a range of construction-related products, including dry mix, mortars, industrial grouts, and adhesives. The group's entry into cables and wires ensures a more comprehensive offering to the construction sector, strengthening its control over a larger portion of the value chain.

Both the groups did not respond to FE's queries on the subject. However, UltraTech has said in a statement that it has earmarked a capex of ₹1,800 crore over the next two years for a manufacturing facility in Bharuch, Gujarat. Meanwhile, Adani Enterprises announced a venture under Praneetha Ecocables, a joint venture between its subsidiary Kutch Copper and Praneetha Ventures, without disclosing its capex plans. People familiar with the developments said that Adani's manufacturing unit may take three-to-four years to become operational.

According to Jefferies research, the Indian cables and wires industry is currently valued at approximately ₹80,000 crore, with around 30% of the market still unorganised. The industry is projected to grow at a compound annual growth rate (CAGR) of 12%-13%, reaching ₹1.3 lakh crore by FY29. UltraTech anticipates a 13% CAGR over the next five years, driven by factors such as e-mobility, railway modernisation, metro expansion, and urbanisation.

WITH THEIR IMPENDING entry into the cables and wires segment, the Adani Group and the Aditya Birla Group (ABG) are strengthening their presence in the building and construction sector, where both already hold leading positions in the cement business. According to analysts, this move will allow both conglomerates to leverage their existing distribution networks and supply chain efficiencies to gain a larger share of the construction materials market.

For ABG, the foray into cables and wires complements its broader building solutions business, which includes cement, adhesives, waterproofing solutions, and paints. Adani, on the other hand, is expected to integrate the new venture with its real estate, power, and infrastructure businesses, creating a seamless supply chain for its projects.

According to analysts, both groups see this as an opportunity to expand their market reach and capitalise on existing customer relationships. "Both have an extensive distribution network through their cement business, which can be leveraged to push cables and wires," said an analyst from a leading brokerage firm. Jefferies, in a report, noted that ABG's expansion is a strategic diversification aimed at capturing a larger share of customer spending while utilising synergies in branding, distribution, and customer base.

JP Morgan also highlighted that ABG's building solutions business, with over 2,500 retail outlets across the country, provides a natural adjacency to the cables and wires segment. UltraTech Cement already markets a range of construction-related products, including dry mix, mortars, industrial grouts, and adhesives. The group's entry into cables and wires ensures a more comprehensive offering to the construction sector, strengthening its control over a larger portion of the value chain.

WITH THEIR IMPENDING entry into the cables and wires segment, the Adani Group and the Aditya Birla Group (ABG) are strengthening their presence in the building and construction sector, where both already hold leading positions in the cement business. According to analysts, this move will allow both conglomerates to leverage their existing distribution networks and supply chain efficiencies to gain a larger share of the construction materials market.

For ABG, the foray into cables and wires complements its broader building solutions business, which includes cement, adhesives, waterproofing solutions, and paints. Adani, on the other hand, is expected to integrate the new venture with its real estate, power, and infrastructure businesses, creating a seamless supply chain for its projects.

According to analysts, both groups see this as an opportunity to expand their market reach and capitalise on existing customer relationships. "Both have an extensive distribution network through their cement business, which can be leveraged to push cables and wires," said an analyst from a leading brokerage firm. Jefferies, in a report, noted that ABG's expansion is a strategic diversification aimed at capturing a larger share of customer spending while utilising synergies in branding, distribution, and customer base.

JP Morgan also highlighted that ABG's building solutions business, with over 2,500 retail outlets across the country, provides a natural adjacency to the cables and wires segment. UltraTech Cement already markets a range of construction-related products, including dry mix, mortars, industrial grouts, and adhesives. The group's entry into cables and wires ensures a more comprehensive offering to the construction sector, strengthening its control over a larger portion of the value chain.

Both the groups did not respond to FE's queries on the subject. However, UltraTech has said in a statement that it has earmarked a capex of ₹1,800 crore over the next two years for a manufacturing facility in Bharuch, Gujarat. Meanwhile, Adani Enterprises announced a venture under Praneetha Ecocables, a joint venture between its subsidiary Kutch Copper and Praneetha Ventures, without disclosing its capex plans. People familiar with the developments said that Adani's manufacturing unit may take three-to-four years to become operational.

According to Jefferies research, the Indian cables and wires industry is currently valued at approximately ₹80,000 crore, with around 30% of the market still unorganised. The industry is projected to grow at a compound annual growth rate (CAGR) of 12%-13%, reaching ₹1.3 lakh crore by FY29. UltraTech anticipates a 13% CAGR over the next five years, driven by factors such as e-mobility, railway modernisation, metro expansion, and urbanisation.

Mumbai, March 30

WITH THEIR IMPENDING entry into the cables and wires segment, the Adani Group and the Aditya Birla Group (ABG) are strengthening their presence in the building and construction sector, where both already hold leading positions in the cement business. According to analysts, this move will allow both conglomerates to leverage their existing distribution networks and supply chain efficiencies to gain a larger share of the construction materials market.

For ABG, the foray into cables and wires complements its broader building solutions business, which includes cement, adhesives, waterproofing solutions, and paints. Adani, on the other hand, is expected to integrate the new venture with its real estate, power, and infrastructure businesses, creating a seamless supply chain for its projects.

According to analysts, both groups see this as an opportunity to expand their market reach and capitalise on existing customer relationships. "Both have an extensive distribution network through their cement business, which can be leveraged to push cables and wires," said an analyst from a leading brokerage firm. Jefferies, in a report, noted that ABG's expansion is a strategic diversification aimed at capturing a larger share of customer spending while utilising synergies in branding, distribution, and customer base.

JP Morgan also highlighted that ABG's building solutions business, with over 2,500 retail outlets across the country, provides a natural adjacency to the cables and wires segment. UltraTech Cement already markets a range of construction-related products, including dry mix, mortars, industrial grouts, and adhesives. The group's entry into cables and wires ensures a more comprehensive offering to the construction sector, strengthening its control over a larger portion of the value chain.

Both the groups did not respond to FE's queries on the subject. However, UltraTech has said in a statement that it has earmarked a capex of ₹1,800 crore over the next two years for a manufacturing facility in Bharuch, Gujarat. Meanwhile, Adani Enterprises announced a venture under Praneetha Ecocables, a joint venture between its subsidiary Kutch Copper and Praneetha Ventures, without disclosing its capex plans. People familiar with the developments said that Adani's manufacturing unit may take three-to-four years to become operational.

According to Jefferies research, the Indian cables and wires industry is currently valued at approximately ₹80,000 crore, with around 30% of the market still unorganised. The industry is projected to grow at a compound annual growth rate (CAGR) of 12%-13%, reaching ₹1.3 lakh crore by FY29. UltraTech anticipates a 13% CAGR over the next five years, driven by factors such as e-mobility, railway modernisation, metro expansion, and urbanisation.

International flight fees to soar: AERA clears 500 per cent hike

International flight fees to soar: AERA clears 500 per cent hike

PIONEER NEWS SERVICE ■ New Delhi

Passengers flying internationally from Indira Gandhi International Airport (IGIA) will have to pay a significant fee in User Development Fees (UDF) from April 16, 2025 after the Airports Economic Regulatory Authority (AERA) has approved a huge 500 per cent fee hike for international flyers, which will impact both departure and arrival fees.

Under the new structure, the User Development Fee (UDF) for departing international passengers will rise to ₹650 for economy class and ₹810 for business class. Delhi's IGI airport will be the first in India to introduce differential UDF rates for economy and business class.

Approving the final tariff order for the IGIA for the April 1, 2024 to March 31, 2029 period, AERA said it decided not to change the prevailing UDF of Rs 129 for domestic passengers as they comprise 80 per cent of the total traffic at the airport.

Disembarking passengers will also see an increase, with economy travellers paying ₹275 and business class travellers ₹ 345. Explaining the rationale behind having a differential rate of UDF for the international economy and business class passengers, AERA said it aligns with the 'user pays' principle and reflects the enhanced passenger experience and expanded facilities available and used by international travellers. The watchdog said that airport operator DIAL had proposed a 730 per cent increase in prevailing airport charges.

GMR Airports has said that AERA has accepted various principles of variable tariff plan for the Delhi airport and that the existing aeronautical tariff has been increased around 148 per cent for the fourth control period ending March 31, 2029. The revised tariffs for the fourth control period — April 1, 2024 to March 31, 2029 — will be applicable from April 16, 2025. UDF has been split across both embarking and disembarking passengers.

"The same has been further bifurcated into Domestic and International passengers with a differential rate for economy and business class international travellers," the company said in a regulatory filing late on Saturday.

GMR Airports' subsidiary Delhi International Airport Ltd (DIAL) operates the IGIA in the national capital. "In line with the public consultation paper issued on January 31, 2025, AERA has increased the existing aeronautical tariff by (approx) 148 per cent.

"Against the existing yield per pax of (approx) ₹145 valid under 3rd control period, the nominal yield per pax has been increased to ₹360 throughout the balance four years of control period valid till March 31, 2029," the filing said. The fil-

Delhi's IGI airport will be the first in India to introduce differential UDF rates for economy and business class. The revised tariffs for the fourth control period will be applicable from April 16, 2025

ing also said the landing charges for wide-body aircraft for scheduled airline operators who will operate direct flight to new international destinations have been waived off. This will help encourage more international long-haul flights and in making the airport an hub.

Among other aspects, GMR Airports said AERA has taken cognisance of the TDSA judgement, dated July 21, 2023, wherein certain significant issues have been decided in favour of DIAL. "However, since the said TDSAT order has been challenged by User Development Fee in Supreme Court, AERA has decided to defer the implementation of the said TDSAT order till the matter attains finality in the proceedings before the Supreme Court," it noted.

The company also said that as per Supreme Court judgement, dated July 11, 2022, in the matter of tariff order for the first control period, AERA has given effect in the order towards computation of corporate tax on aeronautical earnings in the present fourth control period of the tariff order.

Delhi handled 73.7 million passengers in Fiscal Year 24. More than 80 per cent of its passengers are domestic. A Parliamentary Affairs Committee had earlier expressed dissatisfaction over the 'arbitrary' rise in User Development Fee and airfares, arguing that the existing framework lacks mechanisms to hold private operators accountable.

By distributing UDF charges between departing and arriving passengers, AERA aims to ensure an equitable burden-sharing model for airport users.

The Association of Private Airport Operators (APAO) has supported DIAL's proposed variable tariff model, calling it a globally recognised approach that balances affordability and financial sustainability. APAO also emphasised the benefits of class-based UDF, peak and off-peak pricing, and competitive landing and parking fees to ensure cost-effective airline operations.

With higher User Development Fee charges, budget-conscious international flyers may consider alternatives to IGIA, such as airports in Mumbai, Bengaluru, or nearby international hubs like Dubai and Bangkok.

Infrastructure upgrades are also underway at IGIA, which handles 1,300 daily flights across three terminals. Since taking over IGIA in 2006, DIAL has invested ₹30,000 crore and contributed ₹25,000 crore in revenue-sharing payments to the Airports Authority of India (AAI), along with ₹192 crore in dividends. However, its accumulated loss stands at ₹2,900 crore as of December 2024.

Onix Renewable to set up 7 GW energy plants

RAGHAVENDRA KAMATH
Mumbai, March 30

ONIX RENEWABLE PLANS to spend nearly ₹25,000 crore to build 7 gigawatt renewable energy capacity and 5 GW solar module and cell capacities in the next three years.

By 2030, the company will build a renewable energy portfolio of 10 GW and looks to invest ₹30,000 crore, its chief operating officer Hardik Adhiya said. He said that about 80% of the projects will be based on solar and the rest will include wind. The company's plans align with the country's target to build a renewable energy capacity of 500 GW by 2030. Onix's larger peers such as Adani Green, ReNew and Tata Power have already build large capacities in green energy. For instance, Adani Green recently said it crossed operational capacity of 13 GW in green energy.

Onix will float IPO to raise about ₹1,000 crore by October this year and tap private investors to fund the projects, Adhiya said, adding they will also raise debt from financial institutions.

The company is also looking to invest another ₹2,500 crore in building 10 GW of solar modules and cells in the next five years, Adhiya said. To begin with, the company will build 2,400 MW of module plants in phases. It plans to start production by May this year. It plans to build 1,200 MW cell plants in Gujarat with an investment of ₹700 crore and start production by December. Currently it has a capacity of 100 MW.

Adhiya said land acquisition has been a challenge in many states and that timely project financing has become an issue as well.

Mumbai, March 30

ONIX RENEWABLE PLANS to spend nearly ₹25,000 crore to build 7 gigawatt renewable energy capacity and 5 GW solar module and cell capacities in the next three years.

By 2030, the company will build a renewable energy portfolio of 10 GW and looks to invest ₹30,000 crore, its chief operating officer Hardik Adhiya said. He said that about 80% of the projects will be based on solar and the rest will include wind. The company's plans align with the country's target to build a renewable energy capacity of 500 GW by 2030. Onix's larger peers such as Adani Green, ReNew and Tata Power have already build large capacities in green energy. For instance, Adani Green recently said it crossed operational capacity of 13 GW in green energy.

Onix will float IPO to raise about ₹1,000 crore by October this year and tap private investors to fund the projects, Adhiya said, adding they will also raise debt from financial institutions.

The company is also looking to invest another ₹2,500 crore in building 10 GW of solar modules and cells in the next five years, Adhiya said. To begin with, the company will build 2,400 MW of module plants in phases. It plans to start production by May this year. It plans to build 1,200 MW cell plants in Gujarat with an investment of ₹700 crore and start production by December. Currently it has a capacity of 100 MW.

Adhiya said land acquisition has been a challenge in many states and that timely project financing has become an issue as well.

Stand on Adani unaltered: Cong after JMM backs Soren meet

Ranchi: Two days after Jharkhand CM Hemant Soren met business tycoon

Gautam Adani, Congress Sunday reiterated that its stance on Adani Group remains unchanged, even as JMM welcomed anyone willing to invest in the state, reports **ASRP Mukesh**. Opposition BJP has taken potshots at both the JMM and the Congress for their earlier 'attacks' on the Adani Group, calling them mere election gimmicks that rae meant to mislead the voters.

Congress' Jharkhand affairs in-charge, **K Raju**, said, "The entire party stands by Rahul Gandhi's stance on this (Adani) issue. We have always maintained that neither Congress nor Rahul ji's fight is against any specific person, but against the methods adopted to secure projects — rail, ports, airports — you name it."

"Our representatives oppose the manipulation of stock markets by this (Adani) company. It's a broader fight against Modi govt's preferential treatment of a few capitalists," Raju added.

Raju's statement came after his meeting with the CM on the last day of his five-day visit to the state.

Hemant's grand welcome to Adani at his official residence caught many by surprise, including JMM's ally Congress, and triggered political speculation. However, Raju attempted to put all rumours to rest by saying, "Even our allies share the same perspective on this matter. There is no difference of opinion among us."

However, JMM spokesperson Manoj Pandey said, "Our party has already made it clear that anyone willing to invest in the state and contribute to the well-being of our people is always welcome. Our govt is also committed to ensuring that Adani Group's power plant in Godda benefits our people by delivering the promised electricity."

કપિલ દેવે કહ્યું, ગોલ્ફને પ્રોત્સાહનની અદાણી જૂથની પહેલ પ્રશંસનીય

અમદાવાદ, તા. ૨૯ (અમારા પ્રતિનિધિ તરફથી) : અમદાવાદમાં બેલ્વેડેર ગોલ્ફ એન્ડ કન્ટ્રી ક્લબ ખાતે અદાણી-પીજીટીઆઇ ગોલ્ફ તાલીમ એકેડેમીનો આરંભ કરવામાં આવ્યો છે. ભારતમાં પુરુષોના વ્યાવસાયિક ગોલ્ફની સત્તાવાર મંજૂરી આપતી સંસ્થા પ્રોફેશનલ ગોલ્ફ ટૂર ઓફ ઈન્ડિયા (પીજીટીઆઇ) સાથે ભાગીદારીમાં અદાણી ગ્રુપની આ પહેલનો ઉદેશ ગોલ્ફની પહોંચને પ્રોત્સાહન અને વિસ્તૃત કરી મુખ્ય પ્રવાહની રમત તરીકેનો દરજ્જો વધારવાનો છે.

અમદાવાદના બેલ્વેડેર ગોલ્ફ એન્ડ કન્ટ્રી ક્લબ ખાતે અદાણી-પીજીટીઆઈ સંયુક્ત ગોલ્ફ તાલીમ એકેડેમીની સ્થાપના પ્રસંગે ભૂતપૂર્વ ભારતીય ક્રિકેટ ટીમના કેપ્ટન કપિલ દેવ હાજર રહ્યા હતા. કપિલ દેવે આ પહેલ માટે અદાણી ગ્રુપને અભિનંદન આપતાં કહ્યું હતું કે, 'આ રીતે ગોલ્ફને પ્રોત્સાહન આપવા બદલ અદાણી ગ્રુપનો આભાર માનું છું. ક્રિકેટ ઉપરાંત દેશમાં અન્ય રમતોનો રીતે પ્રચાર થઈ રહ્યો છે એ જોઈને આનંદ થાય છે. દરેક ટૂર્નામેન્ટ પ્રોત્સાહન આપે છે. સારા લોકો જોડાશે... સારી કંપનીઓ જોડાશે. અમે પણ એ જ ઈચ્છીએ છીએ. અમે ઈચ્છીએ છીએ કે, આવી ટૂર્નામેન્ટમાં મોટા કોર્પોરેટ્સ આવે અને રમતનો પ્રચાર થાય. જેમ-જેમ પ્રમોશન થશે તેમ-તેમ ખેલાડીઓ આગળ આવશે.

તેમણે ઉમેર્યું હતું કે, જો દરેક શહેરમાં આવા તાલીમ કેન્દ્રો હશે, તો આવનારા સમયમાં આપણે સારા ગોલ્ફરો મેળવી શકીશું. ક્રિકેટ છે. કારણ કે, ક્રિકેટ એકેડેમી વધુ છે. હવે અન્ય રમતોમાં પણ આવું જ થઈ રહ્યું છે.

કપિલ દેવે કહ્યું હતું કે, 'અદાણી ગ્રુપે આવતીકાલના સ્ટાર્સને તકો આપવાની જવાબદારી લીધી છે. અદાણી ગ્રુપ ખેલાડીઓને પ્રતિભા દર્શાવવાની વ્યાપક તકો આપી રહ્યું છે. અમે બધાને આ વિશે વાત કરીએ છીએ, પરંતુ અદાણી ગ્રુપે જવાબદારી લઈ ગોલ્ફ ટ્રેનિંગ ક્રિકેટ એકેડમી શરૂ કરી છે, જે અદ્‌ભુત છે. મને આશા છે કે, અહીંથી ઘણા ખેલાડીઓ ઊભરી આવશે અને વિશ્વમાં પોતાનું નામ રોશન કરશે.'

પાલઘરની 16 વર્ષની વિદ્યાર્થિનીની મુંબઈ એરપોર્ટના ટોઈલેટમાં પ્રસૂતિ

■ કચરાપેટીમાં નવજાતને ફેંકી ફ્લાઈટમાં નીકળી ગઈ

ભાસ્કર ન્યૂઝ | મુંબઈ

મુંબઈના છત્રપતિ શિવાજી મહારાજ ઈન્ટરનેશનલ એરપોર્ટ પર ટર્મિનલ-2 ખાતે 5 માર્ચે કચરાપેટીમાંથી મળેલા મૃત નવજાતનો ભેદ ઉકેલાતાં ખળભળાટ મચી ગયો છે. પાલઘરની 16 વર્ષની વિદ્યાર્થિની રાંચી જતી હતી ત્યારે એરપોર્ટના ટોઈલેટમાં તેની પ્રસૂતિ થઈ હતી, જે પછી માતા- પુત્રી નવજાતને કચરાપેટીમાં ફેંકીની રાંચી નીકળી ગઈ હતી, પરંતુ પોલીસે સીસીટીવી કેમેરા પરથી આ કંડ પકડી પાડ્યું છે.

આ કિશોરી 7 મહિનાની ગર્ભવતી હતી. તેના પ્રેમી સાથ સંબંધ થકી તે ગર્ભવતી બની હતી. જોકે કિશોરીએ આ વાત પરિવારથી છુપાવી હતી.

ગર્ભવતી બન્યા પછી તેણે માતાને આ વાતની જાણ કરી હતી, પરંતુ ત્યાં સુધી બહુ મોડું થઈ ગયું હતું. ડિલિવરી કરાવ્યા વિના તેમની પાસે છૂટકો નહોતો. જોકે પાલઘર અથવા આસપાસમાં ડિલિવરી કરાવે તો પાડોશીઓને જાણ થતાં બદનામી થશે એવું વિચારીને રાંચીમાં જઈને ડિલિવરી કરવાની યોજના બનાવી હતી.

આથી 25 માર્ચે માતા- પુત્રીએ રાંચી જવા ફ્લાઈટ બુક કરી હતી. જોકે એરપોર્ટ પર પહોંચતાં અચાનક પેટમાં દર્દ ઊપડ્યું. આથી તે ટોઈલેટમાં ગઈ હતી, જ્યાં તેની પ્રસૂતિ થઈ ગઈ હતી. આ પછી નવજાતને કચરાપેટીમાં ફેંકી દીધું અને પુત્રીનાં કપડાં બદલીને બંને રાંચી જવા નીકળી ગયાં હતાં.જોકે પોલીસે સીસીટીવી કેમેરાને આધારે બંનેને પકડી પાડી હતી. માતાએ કહ્યું કે રાંચી જવાના બે દિવસ પૂર્વે મારી પુત્રી લપસીને પડી હતી, જેને લીધે પ્રસૂતિની પીડા ઊપડી હતી. આથી આસપાસમાં માહિતી બહાર નહીં આવે તે માટે રાંચીમાં જઈને પ્રસૂતિ કરાવવાનું નક્કી કર્યું હતું. જોકે એરપોર્ટ પર પહોંચતાં જ પ્રસૂતિ થઈ ગઈ હતી.

પોલીસ હવે નવજાતને મારીને ફેંક્યું કે મૃત જન્મ્યું તે અંગે તપાસ કરી રહી છે. પોસ્ટમોર્ટમના અહેવાલની વાટ જોવાઈ રહી છે. દરમિયાન આ માતા- પુત્રી વિરુદ્ધ ગુનો દાખલ કરવા સાથે કિશોરી સગીર હોવાથી તેના પ્રેમી વિરુદ્ધ પણ ગુનો દાખલ કરવામાં આવ્યો છે.

भड़की भाजपा ने दागे सवाल

सोरेन-अडाणी की बंद कमरे में 2 घंटे मुलाकात

एजेंसी ▶▶ रांची

उद्योगपति गौतम अडाणी और झारखंड के मुख्यमंत्री हेमंत सोरेन के बीच बैठक हुई। बैठक में झारखंड में खनन अधिकारों को लेकर अडाणी और हेमंत सोरेन के बीच चर्चा हुई। इस मामले पर अब भाजपा ने हेमंत सोरेन के साथ ही कांग्रेस पर जमकर निशाना साधा है।

भाजपा का कहना है कि चुनावों के दौरान जिसके खिलाफ रात-दिन बयान दिए जाते थे, उससे इस तरह अचानक हुई दोस्ती का क्या मतलब है। भाजपा ने कहा कांग्रेस और झारखंड मुक्ति मोर्चा दोनों ही पार्टियों को अडाणी को लेकर अपना रुख स्पष्ट करना चाहिए।

भाजपा नेता ने कहा-यह रिश्ता क्या कहलाता है

भाजपा ने अडाणी और हेमंत सोरेन की मुलाकात पर भाजपा ने सवाल उठाया है। उनका कहना है कि पिछले साल हुए लोकसभा और विधानसभा चुनावों के दौरान गौतम अडाणी पर बयान केवल राजनीतिक लाभ हासिल करने के लिए दिए गए थे। भाजपा प्रवक्ता प्रतुल शाहदेव ने कहा कि इस तरह की बैठकें अच्छी हैं, लेकिन इन बैठकों को सबक रूप में लिया जाना चाहिए। उन्होंने कहा कि कल जिस तरह से सीएम सोरेन ने रेड कार्पेट बिछाकर गौतम अडाणी का स्वागत किया, उससे साबित होता है कि उनकी और उनकी पार्टी के साथ सहयोगियों का विरोध लोगों को गुमराह करने के लिए किया गया है। उन्होंने कहा कि यह सिर्फ राजनीतिक फायदे के लिए किया गया था। मिली जानकारी के अनुसार, अडाणी और हेमंत सोरेन के बीच बंद कमरे में दो घंटे तक बातचीत चली। इस दौरान अडाणी के हजारीबाग के गोंडुलपुरा और गोड्डा के दो कोयला ब्लॉकों में वाणिज्यिक खनन पर चर्चा हुई। यह सभी कोयला ब्लॉक भूमि अधिग्रहण और कानूनी मंजूरी के चलते अभी शुरू नहीं हो पाई हैं। इस मामले पर सोरेन से मुलाकात कर अडाणी ने मुद्दा उठाया और भविष्य के निवेश को लेकर भी दोनों के बीच बातचीत हुई।

ક્રેનમાંથી આગની જ્વાળાઓ બહાર ફેંકાતા બંદર પર ભારે દોડધામ

કંડલા પોર્ટ પર સતત બીજા દિવસે દુર્ઘટના, હવે જેટી પરની ક્રેનમાં આગ

ભાસ્કર ન્યૂઝ | કંડલા

દીનદયાલ પોર્ટ,કંડલાની 8 નંબરની જેટી પર લાગેલી ક્રેનમાં એકાએક આગ ભભૂકી ઉઠી હતી, જેના કારણે લોકોમાં દોડધામ મચી ગઈ હતી. જોકે પોર્ટના અગ્નિશમન દળે પરિસ્થિતિ કાબુમાં લીધી હતી.

પોર્ટ પર સતત બીજા દિવસે દુર્ઘટના બની હતી. શનિવારે જેટી નં. 1 પાસેનો ઢાંચો ડૂબી ગયો હતો, તો રવિવારે સવારે 7 વાગ્યે જેટી નં. 8 પર કાર્યરત લિબર ક્રેનમાંથી આગની જ્વાળાઓ નીકળવા લાગી હતી. આ આગ ત્યારે લાગી જ્યારે આ જેટી પર હરક્યુલીસ નામક કોલસો ભરેલું જહાજ લાંગરેલું હતું અને તેમાંથી કોલસાનું અનલોડિંગ કરાતું હતું. આગ લાગી એટલે ક્રેન પરના અને આસપાસના લોકો દોડીને દૂર જતા રહ્યા હતા, અને પોર્ટના અગ્નિશમન દળે ઝડપથી ચાર્જ સંભાળી પાણીનો મારો શરૂ કરી દીધો હતો. પરિણામે કલાકમાં આગ કાબુમાં આવી ગઈ હતી અને કોઈ જાનહાનિ કે મોટું નુકસાન થયું ન હતું. સૂત્રોએ જણાવ્યું કે ક્રેન આગમાં સંપૂર્ણ ખાખ થઈ જતી હોય છે પરંતુ પોર્ટના અગ્નીશમન દળના કર્મચારીઓએ ક્રેન પણ બચાવી લીધી હતી.

કેરળનો યુવાન બેન્ગકોકથી ફૂડ પેકેટ્સમાં ત્રણ કરોડ રૂપિયાનું ડ્રગ્સ છુપાવીને લાવ્યો

ભાસ્કર ન્યૂઝ | મુંબઈ

છત્રપતિ શિવાજી મહારાજ ઈન્ટરનેશનલ એરપોર્ટ પરથી એર ઈન્ટેલિજન્સ યુનિટ દ્વારા રૂ. 3 કરોડના હાઈડ્રોપોનિક વીડ/ મારિજુઆના નામે ડ્રગ્સ સાથે કેરળના કાસારગોડ સ્થિત બદર મંઝિલનો રહેવાસી 25 વર્ષીય યુવાન મહંમદ અબદુલ્લા કોલમ્બા મહંમગ શરીફ ઝડપાઈ ગયો છે.

થાઈ લાયન એરલાઈન્સ ફ્લાઈટ નં. એસએલ 218માં તે શનિવારે મુંબઈ એરપોર્ટ પર ટી2 ખાતે અરાઈવલ હોલમાં આવ્યો ત્યારે કસ્ટમ્સના અધિકારીઓએ શંકાને આધારે તેની તલાશી લીધી હતી.

જોકે તેમાં કશું જ મળ્યું નહોતું. આ પછી તેની એક અનબ્રાન્ડેડ ટ્રોલી બેગ તપાસતાં તેમાં મેગીનાં પેકેટ્સ, શૂઝ, ચોકલેટ પેકેટ્સ અને કપડાં હતાં. આ ફૂડ પેકટ અને અન્ય ચીજોની નીચેથી છ પારદર્શક એર ટાઈટ પ્લાસ્ટિક પેકેટ્સ મળી આવ્યાં હતાં. આ પેકેટ્સમાંથી 3.004 કિલો હાઈડ્રોપોનિક વીડ્સ/ મારિજુઆના મળી આવ્યું હતું, જેનું આંતરરાષ્ટ્રીય બજારમાં મૂલ્ય રૂ. 3.04 કરોડ થાય છે. આરોપીએ જણાવ્યું કે પોતે અકાઉન્ટન્ટ તરીકે કામ કરે છે અને પાર્ટટાઈમ રિયલ એસ્ટેટ બ્રોકર પણ છે. તે માસિક રૂ. 20,000 કમાતો હતો. તેને ડ્રગ્સ વિશે જાણકારી મળતાં બેન્ગલોરમાં જબ્બીર મીન્નુ નામે તસ્કરને વેચવા માટે બેન્ગકોકથી ડ્રગ્સ લાવવાનું નક્કી કર્યું હતું. આ મુજબ બેન્ગલોર એરપોર્ટ પરથી 27 માર્ચે બેન્ગકોક ગયો હતો.

અમદાવાદ, તા.૩૦

'અદાણી ઈન્વિટેશનલ ગોલ્ફ ચેમ્પિયનશિપ ૨૦૨૫'ના લોન્ચ સાથે અદાણી ગ્રુપ ભારતીય વ્યાવસાયિક ગોલ્ફમાં પ્રવેશ કરવા માટે તૈયાર છે. અમદાવાદમાં બેલ્વેડેર ગોલ્ફ એન્ડ કન્ટ્રી ક્લબ ખાતે અદાણી-PGTI ગોલ્ફ તાલીમ એકેડેમીનો શુભારંભ કરવામાં આવ્યો છે. ભારતમાં પુરુષોના વ્યાવસાયિક ગોલ્ફની સત્તાવાર મંજૂરી આપતી સંસ્થા પ્રોફેશનલ ગોલ્ફ ટૂર ઓફ ઈન્ડિયા (PGTI) સાથે ભાગીદારીમાં અદાણી ગ્રુપની આ પહેલનો ઉદ્દેશ્ય ગોલ્ફની પહોંચને પ્રોત્સાહન અને વિસ્તૃત કરી મુખ્ય પ્રવાહની રમત તરીકેનો દરજ્જો વધારવાનો છે.

અમદાવાદના બેલ્વેડેર ગોલ્ફ એન્ડ કન્ટ્રી ક્લબ ખાતે અદાણી-પીજીટીઆઈ સંયુક્ત ગોલ્ફ તાલીમ એકેડેમીની સ્થાપના પ્રસંગે ભૂતપૂર્વ ભારતીય ક્રિકેટ ટીમના કેપ્ટન કપિલ દેવ હાજર રહ્યા હતા. કપિલ દેવે આ પહેલ માટે અદાણી ગ્રુપને અભિનંદન આપતા કહ્યું હતુ કે, ''આ રીતે ગોલ્ફને પ્રોત્સાહન આપવા બદલ અદાણી ગ્રુપનો આભાર માનું છું. ક્રિકેટ ઉપરાંત દેશમાં અન્ય રમતોનો રીતે પ્રચાર થઈ રહ્યો છે એ જોઈને આનંદ થાય છે. દરેક ટુર્નામેન્ટ પ્રોત્સાહન આપે છે. સારા લોકો જોડાશે... સારી કંપનીઓ જોડાશે. અમે પણ એ જ ઈચ્છીએ છીએ. અમે ઈચ્છીએ છીએ કે આવી ટુર્નામેન્ટમાં મોટા કોર્પોરેટ્સ આવે અને રમતનો પ્રચાર થાય. જેમ જેમ પ્રમોશન થશે તેમ તેમ ખેલાડીઓ આગળ આવશે.

सीमेंट के बाद अब तार और केबल क्षेत्र में प्रतिस्पर्धा करेंगे अदाणी, आदित्य बिड़ला समूह

नई दिल्ली, (भाषा)। अरबपति उद्योगपति गौतम अदाणी की अगुवाई वाला अदाणी समूह और कुमार मंगलम बिड़ला का आदित्य बिड़ला समूह सीमेंट के बाद अब तार एवं केबल कारोबार में आमने-सामने होने के लिए तैयार हैं। दोनों ही समूह दहाई अंकों की वृद्धि वाले इस क्षेत्र में उतरने की घोषणा कर चुके हैं। एक महीने से भी कम समय में दोनों समूहों ने तार और केबल क्षेत्र में उतरने की घोषणा की है। इन दोनों समूहों की प्रतिस्पर्धा की वजह से सीमेंट क्षेत्र की छोटी कंपनियां पहले ही काफी पीछे छूट गई हैं। वहीं तार और केबल उद्योग में असंगठित और छोटी कंपनियों का दबदबा है। दो बड़े समूहों के इस क्षेत्र में कदम रखने से तार और केबल उद्योग में प्रतिस्पर्धा तेज होने का अनुमान है। इस क्षेत्र ने वित्त वर्ष 2018-19 से 2023-24 के बीच राजस्व में सालाना आधार पर 13 प्रतिशत की वृद्धि दर्ज की है। यह क्षेत्र अब एक संगठित ब्रांड बाजार की ओर बढ़ रहा है।

अदाणी समूह द्वारा 19 मार्च को इस क्षेत्र में उतरने की घोषणा के एक दिन बाद सूचीबद्ध तार और केबल कंपनियों के शेयरों में गिरावट आई है।

इस क्षेत्र की अग्रणी कंपनियों पॉलीकैब इंडिया और केईआई इंडस्ट्रीज के शेयरों का मूल्य 20 मार्च को 52 सप्ताह के निचले स्तर पर आ गया। इसी तरह हैवेल्स का शेयर भी पांच प्रतिशत टूट गया। अगले दिन फिनोलेक्स केबल्स में भी चार प्रतिशत की गिरावट आई। तार और केबल को गहरी जेब वाले नए प्रवेशकों के लिए आदर्श क्षेत्र बताते हुए जेएम फाइनेंशियल्स ने कहा, यह एक ऐसा उद्योग है, जहां कोई भी अकेली कंपनी तार कारोबार में 15 प्रतिशत और केबल कारोबार में 20 प्रतिशत से अधिक हिस्सेदारी नहीं रखती है। उद्योग में लगभग 400 खिलाड़ी शामिल हैं, जिनमें एसएमई से लेकर बड़े उद्यम शामिल हैं, जिनका राजस्व 50 से 400 करोड़ रुपये के बीच है।

वैश्विक ब्रोकरेज फर्म जेफरीज के मुताबिक, भारत में करीब 80,000 करोड़ रुपये का तार और केबल उद्योग (56,000 करोड़ रुपये केबल और 24,000 करोड़ रुपये तार) के पास आकर्षक अवसर हैं। जेफरीज के विश्लेषकों ने कहा, तार और केबल उद्योग में नए खिलाड़ियों के लिए पर्याप्त जगह है, क्योंकि यह दहाई अंक में बढ़ रहा है और उद्योग का 30 प्रतिशत हिस्सा अब भी असंगठित क्षेत्र के पास है। वर्ष 2028-29 में इस उद्योग का आकार।,30,000 करोड़ रुपये तक पहुंच जाएगा। मोतीलाल ओसवाल फाइनेंशियल सर्विसेज ने कहा कि तार और केबल की मांग मजबूत बनी होने के साथ दीर्घकालिक वृद्धि का दृष्टिकोण भी स्थिर है।

अदाणी एंटरप्राइजेज ने अपनी अनुषंगी की अनुषंगी कंपनी कच्छ कॉपर लिमिटेड (केसीएल) के माध्यम से इस महीने की शुरुआत में प्रणीता वेंचर्स के साथ साझेदारी में प्रणीता इकोकेबल्स नाम से एक संयुक्त उद्यम का गठन किया, जो धातु उत्पादों, केबल और तारों का निर्माण और बिक्री करेगा। यह कदम आदित्य बिड़ला समूह की प्रमुख कंपनी अल्ट्राटेक सीमेंट द्वारा 25 फरवरी को अगले दो वर्षों में।,800 करोड़ रुपये के निवेश के साथ तार और केबल केबल खंड के माध्यम से निर्माण मूल्य श्रृंखला में अपनी पहुंच का विस्तार करने की घोषणा के लगभग एक महीने बाद उठाया गया है।

ક્રિકેટ દિગ્ગજ કપિલ દેવએ અદાણી ઈન્ટરનેશનલ સ્કૂલમાં ISSO સ્વિમિંગ રીજનલનું ઉદઘાટન કર્યું

અદાણી ઈન્ટરનેશનલ સ્કૂલે શનિવારે ઈન્ટરનેશનલ સ્કૂલ્સ સ્પોર્ટ્સ ઓર્ગેનાઈઝેશન (ISSO) સ્વિમિંગ રીજનલ ચેમ્પિયનશિપની યજમાની કરી, જ્યાં વિશ્વકપ વિજેતા ભૂતપૂર્વ ભારતીય ક્રિકેટ કેપ્ટન કપિલ દેવ ઉપસ્થિત રહ્યા અને ઈવેન્ટનું ઉદઘાટન કર્યું.

અદાણી ઈન્ટરનેશનલ સ્કૂલ ગુજરાતનું પહેલું એવું સંસ્થાન બન્યું, જેણે ISSO રીજનલ ઈવેન્ટનું આયોજન કર્યું. ગુજરાતની સાત ઈન્ટરનેશનલ સ્કૂલ્સમાંથી U9 અને U11 કેટેગરીના ૧૧૫ યુવા તરવૈયાઓએ તેમાં ભાગ લીધો. ISSO વિદ્યાર્થીઓને વિવિધ રમતગમતમાં સ્પર્ધા કરવાની તક પૂરી પાડે છે અને ખેલાડીઓમાં રમતગમતની ભાવના અને ટીમવર્કને પ્રોત્સાહન આપે છે. સમગ્ર દેશમાં યોજાતા આવી સ્પર્ધાઓ દ્વારા ISSO ભારતના ગ્રાસરૂટ રમતગમત વિકાસમાં મહત્વની ભૂમિકા ભજવે છે.

શનિવારે આયોજિત ISSO રીજનલ ઈવેન્ટમાં અદાણી ઈન્ટરનેશનલ સ્કૂલે કુલ ૧૦૬ મેડલ જીત્યા, જેમાં ૧૯ ગોલ્ડ (વ્યક્તિગત), ૩૬ ગોલ્ડ (રિલે), ૨૨ સિલ્વર (વ્યક્તિગત), ૮ સિલ્વર (રિલે), અને ૨૧ બ્રોન્ઝ (વ્યક્તિગત) મેડલનો સમાવેશ થાય છે, અને કુલ ૨૮૪ પોઈન્ટ સાથે ઓવરઓલ ચેમ્પિયન બની. કપિલ દેવએ તેમની મુલાકાત વિશે કહ્યું, "મારે અદાણી ઈન્ટરનેશનલ સ્કૂલે ISSO સ્વિમિંગ રીજનલ ચેમ્પિયનશિપના ઉદઘાટનનો ભાગ બનવાનો આનંદ થયો. અહીંની રમતગમતની સુવિધાઓ અદ્ભુત છે અને સ્કૂલ જે રીતે શહેરમાં એક મજબૂત રમતગમત સંસ્કૃતિ વિકસાવવા માટે પ્રયત્નશીલ છે, તે જોઈને હર્ષ થાય છે. આવા પ્રયાસો ભારતમાં ભવિષ્યના ચેમ્પિયન્સ ઊભા કરવામાં મદદરૂપ થશે. અદાણી પરિવારને અભિનંદન અને ભારતીય રમતગમત માટે તેમની અમૂલ્ય યોગદાન માટે શુભકામનાઓ."

Local, Smaller ISPs Struggle as Jio, Airtel Intensify Broadband Push

Telecom majors' aggressive FWA expansion squeezes local ISPs' revenues and margins

Himanshi Lohchab

Mumbai: Local internet service providers (ISPs) in India are in a state of flux as they struggle to compete with the home broadband push by bulge-bracket telcos—Bharti Airtel and Reliance Jio.

The telcos' latest aggressive moves to grow wireless home connections through fixed wireless access (FWA) — which are cheaper to deploy than fibre — are further pushing the ISPs to the wall as they face erosion of revenue and margins in their fight to keep their ground.

Out of 2,000 ISP licensees, 1,300 are active and the past six months have seen multiple new licenses coming in and cancelling out, amidst a slow consolidation as shrinking margins make it difficult to sustain for smaller players. Even larger ISPs are burning cash, as they need expensive over-the-top (OTT) tie ups to rival the likes of Jio and Airtel. "ISPs are price-takers and not price-makers because they lease bandwidth from the telcos," said Rajesh Chharia, president—ISP Association of India.

"The pricing intensity of telcos alongwith OTT bundling has shrunk our margins lately. Therefore, many news ISPs are finding it difficult to scale and sustain beyond six months." Prateek Jhawar, managing director and head, infrastructure & real assets, at Avendus Capital added that ISPs are facing challenges on multiple counts such as capex limitations, high subscriber churn and inability to achieve economies of scale. "This leads to our view that the broadband space will be dominated by a few ISPs who will consolidate a long tail of local ISPs. The growth tailwinds combined with lack of scale for individual local ISPs will drive the consolidation theme in the sector," he said, adding that it is opportune time for M&A in the sector.

Currently, top ISPs in India include Reliance-backed Hathway, ACT Fibernet, Excitel and Tikona, who are fighting for a share of some 300 million addressable homes for the home broadband market in India.

As of December end India had some 46 million home broadband subscribers (fixed & wireless), and the top players were Jio (17 million), Bharti Airtel (9.2 million), state-run Bharat Sanchar Nigam Ltd (4.24 million) and ACT (2.27 million).

JIO & AIRTEL

Of the 46 million, FWA connections were 5 million, a majority of which were of Jio, and the rest were with Airtel. Most of the FWA connections have come in over the last two quarters, say experts.

Driven by its 5G FWA push, Jio gained almost 2 million home broadband subscribers in Q3FY25. The telco market leader, along with second ranked Airtel, now control 60% of the home broadband market share, according to brokerage firm CLSA. And telcos are becoming even more aggressive with OTT bundling a major differentiating factor for home connections which comes at a higher cost to ISPs. Meanwhile, Airtel also launched IPTV service to 2000 cities last week, a move that ISPs like Excitel are aiming to follow. "These (local) ISPs may just be selling the add-ons at cost and not earn profit from the OTT bundle, but it helps them retain their broadband customers," Jhawar said.

The Big Picture

India had around **46 million** home broadband subscribers (fixed & wireless) as of December-end

उद्योगाची यशोगाथा

माणसांवर विश्वास हाच उद्योगाचा श्वास

अशोक सूर्यवंशी
ashok.suryavanshi
@timesofindia.com

खिशात २०० रुपये आणि मनात उद्योजक होण्याचं स्वप्न घेऊन एक तरुण नाशिकला येतो. आपल्या अंगभूत गुणांच्या आधारावर एकेक करून माणसे जोडून विश्वासरूपी 'भांडवला'वर उद्योगाची पायाभरणी करतो. आपल्या 'पॉझिटिव्ह' विचारसरणीच्या जोरावर ३० वर्षांत उद्योगात मोठी झेप घेणाऱ्या 'पॉझिटिव्ह मीटरिंग पम्प्स'च्या सुधीर मुतालिक यांची ही यशोगाथा...

मुतालिक यांचे मूळ गाव कर्नाटकातील निपाणी. वडील मराठी शाळेत शिक्षक. घरची परिस्थिती बेताचीच. सातवीपर्यंत निपाणी आणि पुढील आठवी ते बारावीपर्यंत अर्जुनी या गावी शिक्षण झाले. स्वप्न होते डॉक्टर व्हायचे. चांगले गुण पडल्याने वैद्यकीय महाविद्यालयात प्रवेशही मिळाला. परंतु, इंजिनीअरिंग केल्याने लवकर 'अर्थ'प्राप्ती होते, म्हणून वडिलांच्या आग्रहास्तव इंजिनीअरिंगला प्रवेश घेतला. सातवीत असतानाच आपण आयुष्यात असं काहीतरी करावे की आपल्या कामाचा ठसा उमटावा, ही शाळेत असल्यापासूनची जिद्द. कराडला गव्हर्नमेंट इंजिनीअरिंग कॉलेजमध्ये मेकॅनिकल करत असताना समजले की, स्वतःचे स्थान निर्माण करणे म्हणजे स्वतःचा उद्योग उभा करणे. मग जीवनात उद्योजक होणे हे एकमेव ध्येय ठरले. त्यावेळी आतासारखी इंटर्नशिप नव्हती. परंतु, मुतालिक यांनी पुणे गाठले आणि खूप प्रयत्न करून थर्मेक्स नावाच्या कंपनीत एक महिन्याचे औद्योगिक प्रशिक्षण घेतले. तेथे प्रथमच डोझिंग पंप पाहिला. ते वर्ष होते १९८९चे. त्यावेळी डोझिंग पम्प बाहेरून आयात केले जात. साहजिकच त्याचा पुरवठा वेळेवर न होणे, सर्व्हिस न मिळणे या गोष्टी होत्या. त्यामुळे या उत्पादनाला खूप स्कोप होता. मुतालिक सांगतात, 'डोझिंग पम्प पाहताच पहिल्या प्रेमासारखे ते माझ्या मनात बसले आणि याचेच आपण उत्पादन करायचे, हे निश्चित केले.'

उद्योग करायचा म्हटल्यावर गावातून शहरात जाणे क्रमप्राप्त होते. त्यासाठी कॅम्पस इंटरव्ह्यूमधून ते पुण्यात किर्लोस्कर कंपनीत आले. डोक्यात अखंड उत्पादन फिरत होते. त्यासाठी मिळालेल्या वेळेत त्यांनी पुण्यातील लघु आणि मध्यम उद्योजकांना भेटण्याचा सपाटा लावला. खरंतर तेव्हा हे सोपं नव्हतं. त्यातही एका नवख्या मुलाला ते का भेटतील? परंतु, प्रयत्न करून ते जवळपास ४० उद्योजकांना भेटले. मुतालिक म्हणाले, 'स्टॅनफोर्ड युनिव्हर्सिटी किंवा इतर कुठल्याही मोठ्या एमबीएपेक्षा जास्त उद्योगाचे शिक्षण मला उद्योजकांना भेटून मिळाले. त्यातून समजले की मला जो व्यवसाय करण्यासाठी मुंबईपासून जवळ असलेल्या शहरात जावे लागेल. मग मी नाशिकची निवड केली.'

नाशिक लहानसं शहर होतं. बॅगेत एक जोडी कपडे, खिशात २०० रुपये होते, परंतु डोळ्यांत स्वप्ने मोठी होती. पैसा, जागा हे भौतिक भांडवल नसले तरी विद्यार्थी परिषदेतून केलेले कार्य, त्यातून माणसे जोडण्याची लागलेली सवय या बाबी येथे कामी आल्या. मित्र-नातेवाईक यांच्याकडून पाच-दहा हजार असे करीत पावणेदोन लाख रुपये जमा केले आणि सातपूर एमआयडीसीत फ्लॅटेड इमारतीत गाळा मिळाला.

विशेष म्हणजे मुतालिक यांना घरून अडथळा आला नाही. ५ जुलै १९९६ला उत्पादन सुरू झाले. सुरुवातीला मालक, मॅनेजर, इंजिनीअर, वर्कर अशा सगळ्या भूमिका एकट्याने पार पाडल्या. उद्योगासाठी नवनवे मार्केट शोधणे महत्त्वाचे होते. सगळ्यात पहिले होते पुणे. तेथे जम बसल्यावर गुजरातमधील वडोदरात चेंबर ऑफ कॉमर्सच्या कार्यक्रमात ते सहभागी झाले. तेथून ओळखी झाल्या आणि ऑर्डर मिळू लागल्या.

आज सुमारे तीन एकर परिसरात मुतालिक यांचे कारखाने उभे आहेत. ते म्हणतात, 'व्यवसाय करणाऱ्याने दररोज किमान १० ग्राहकांना तरी भेटलेच पाहिजे. उद्योग उभा करण्यासाठी माणसे तयार करावी लागतात. मी आदिवासी पट्ट्यातून माणसे आणली, त्यांना तयार केले. त्यांच्यावर संस्कार केले.'

आज पॉझिटिव्ह मीटरिंग पम्प्स कंपनीत डोझिंग पम्प उत्पादनाबरोबरच त्यासाठी लागणारी संपूर्ण यंत्रणाच तयार केली जाते. जगभरातील सुमारे ४० देशांत त्यांची उत्पादने निर्यात केली जातात. तेल आणि वायू उद्योग हा सर्वांत मोठा ग्राहक आहे. भारतातील आयओसी, ओएनजीसी, एचपीसीएल, बीपीसीएल, रिलायन्स, दुबईतील अबुधाबी ऑईल, आफ्रिकेतील अल्जेरियामधील, रशियाची ऑइल कंपन्या, दुसरा मोठा ग्राहक जगभरातील केमिकल इंडस्ट्रीज आणि तिसरा पाणी शुद्धीकरण यंत्रणा. किर्लोस्कर कंपनीप्रमाणे आपलीही कंपनी १००हून अधिक वर्षे या बाजारात पाय रोवून उभी राहावी, असा मानस असल्याचे मुतालिक सांगतात. त्यासाठी त्यांचा मुलगा आणि मुलगीही या उद्योगात जोडले गेले आहेत. उद्योगसंघटनांच्या माध्यमातून उद्योजकांचे प्रश्न सरकारदरबारी मांडण्यासाठी ते प्रयत्नशील असतात. भारतीय उद्योग महासंघाचे ते माजी अध्यक्ष असून, डोझिंग पम्प उद्योगजकांच्या राष्ट्रीय संघटनेचे ते उपाध्यक्षही आहेत. आपल्याला असलेल्या अडचणी इतरांना येऊ नयेत, समाजाला काही परत करणे आवश्यक असल्याने संघटनांच्या माध्यमातून कार्यरत असल्याचे ते सांगतात.

Markets to track reciprocal tariffs on global trade and trends, FII trading in holiday-shortened week: Analysts

#NEW DELHI

The implication of April 2 reciprocal tariffs on global trade, trends in overseas markets and trading activity of foreign investors would dictate equity investors' sentiment in a holiday-shortened week ahead, according to analysts. Stock markets would remain closed on Monday for Eid-Ul-Fitr.

The US has threatened to impose reciprocal tariffs on its key trading partners, including India, on April 2.

"All eyes are now on Trump's April 2 tariff announcement," Prashanth Tapse, Senior VP (Research), Mehta Equities Ltd, said.

Among macroeconomic data announcements this week, PMI (Purchasing Managers' Index) data for manufacturing and services sectors would also be tracked by investors. "With the upcoming holiday-shortened week, market participants will turn their attention to global developments in the absence of major domestic triggers. The implementation of reciprocal tariffs from April 2 and its broader implications on global trade will be closely monitored," Ajit Mishra, SVP, Research, Religare Broking Ltd, said.

"Going forward, the trend in FII flows will depend mainly on Trump's reciprocal tariffs expected on April 2nd. If the tariffs are not severe, the rally may continue," V K Vijayakumar, Chief Investment Strategist, Geojit Investments Limited, said. The change in FII strategy from sustained selling to modest buying which was visible in the week ending March 21 continued with increased intensity for the week ending March 28, he added. Investors would also be tracking the rupee-dollar trend and movement of global oil benchmark Brent crude.

Last week, the BSE benchmark gauge Sensex climbed 509 points or 0.66% and the NSE Nifty went up 169 points or 0.72%. **PTI**

FPIs pour Rs 31k cr in equities in six sessions

#NEW DELHI: Foreign investors have infused nearly Rs 31,000 crore in the Indian equity markets in the last six trading sessions of the month primarily due to attractive valuations, appreciation in the rupee and improvement in macroeconomic indicators. The re-emergence of FPIs as buyers contributed to a smart recovery of about 6% in benchmark index Nifty, reflecting renewed confidence in the market. This latest infusion has also helped reduce the overall outflow for March to Rs 3,973 crore, according to data from the depositories. In comparison to previous months, this marks a significant improvement, as FPIs had pulled out Rs 34,574 crore in February and Rs 78,027 crore in January.

Mcap of top 8 firms climbs by Rs 88,086cr

#NEW DELHI: The combined market valuation of eight of the top-10 most-valued firms climbed Rs 88,085.89 crore last week, with HDFC Bank leading the pack of gainers, in line with an optimistic trend in equities. From the top-10 pack, HDFC Bank, TCS, Bharti Airtel, ICICI Bank, SBI, Bajaj Finance, HUL, and ITC were the gainers, while RIL and Infosys faced erosion from their market valuation. HDFC Bank added Rs 44,933.62 crore, taking its valuation to Rs 13,99,208.73 crore. The market capitalisation (mcap) of SBI jumped Rs 16,600 crore to Rs 6,88,624 crore.

In fresh ₹37k cr lifeline to Vi, govt converts dues into equity

Centre Holding Nears 49%, Promoters To Have 26% Stake

TIMES NEWS NETWORK

New Delhi/ Mumbai: In a fresh lifeline to Vodafone Idea, govt has decided to convert Rs 36,950 crore of spectrum dues into equity, making it the largest shareholder in the telecom company with a holding of almost 49%.

Following the fresh issue of shares to the Centre, promoters' holding will fall from 39% to 26%. Specifically, Vodafone Group Plc's stake in the Indian unit will fall to 16% from 29%, limiting its ability to veto special resolutions. Aditya Birla Group chairman Kumar Mangalam Birla and his affiliated entities' ownership will decrease to 9.4% from 10%.

Despite these changes, in line with the earlier govt decision, the promoters will maintain operational control of the country's third largest mobile service provider, a source told **TOI**.

The latest bailout is seen to be crucial for the company as it will free cash flow, which would have gone towards payment of govt dues, and enable it to invest in capex, especially the rollout of 5G services, where it is absent, barring in Mumbai. Better services would, in turn, help improve the billing per customer. Not only has the company seen its average revenue per user hover at around Rs 160 a month – two-thirds the level of rival Bharti Airtel (Rs 245) and 25% lower than Reliance Jio (Rs 203) – but it has also lost premium customers.

At the end of Dec, Trai data pegged Vodafone Idea's market share at 18%, compared with Reliance Jio's 40% and 33.5% for Airtel.

Govt's move will also reduce the cash outgo as interest is calculated on the outstanding, further pushing up the liability. During a presentation to analysts, the company management had estimated govt dues at around Rs 2.1 lakh crore. In the next fiscal year, it was required to pay close to Rs 30,000 crore to govt towards spectrum and AGR dues, with the amount projected to rise further in 2026-27. These liabilities are, however, expected to come down now.

The latest conversion is also expected to provide comfort to banks, which may offer fresh debt, especially after the recent fund raising by Vodafone Idea.

Govt has been supporting Vodafone Idea as well as BSNL as it is keen to ensure that there are at least three private players and a strong state-run entity to ensure that consumers have enough choice and competition remains healthy amid fears that the sector was turning into a duopoly with Reliance Jio and Bharti Airtel calling the shots.

Although govt will become the largest shareholder, it would still be classified as a public shareholder. In 2022, when the Centre had initially acquired a 33% stake by converting outstanding interest dues to equity, it was exempted from making an open offer to Vodafone Idea shareholders.

WHY SUPPORT FOR Vi IS CRITICAL?

- Reported losses of ₹6,600cr in Dec quarter
- Telco has spectrum dues of around ₹1.4 lakh cr, AGR dues of ₹70,000cr
- Bank debt was ₹2,300cr
- Avg revenue per user of ₹163, much lower than rivals
- 5G service virtually missing from portfolio
- Its market share fell to 18% from 29% 5 years ago

Current shareholding (%)

38.8 Promoters
9.95 Aditya Birla Group
28.85 Vodafone Plc
22.6 Govt

वाहन बिक्री और पीएमआई आंकड़ों पर रहेगी बाजार की नजर

मुंबई, 30 मार्च (एजेंसियां)। अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप के कई देशों को संभावित टैरिफ में छूट दिए जाने के संकेत से हुई लिवाली की बदौलत बीते सप्ताह आधी फीसदी से अधिक के उछाल पर रहे घरेलू शेयर बाजार की अगले सप्ताह वैश्विक रुख के साथ ही मार्च में वाहनों की बिक्री एवं पीएमआई आंकड़ों पर नजर रहेगी। बीते सप्ताह बीएसई का तीस शेयरों वाला संवेदी सूचकांक सेंसेक्स 509.41 अंक अर्थात 0.7 प्रतिशत की तेजी के साथ सप्ताहांत पर 77414.92 अंक पर पहुंच गया। इसी तरह नेशनल स्टॉक एक्सचेंज (एनएसई) का निफ्टी 168.95 अंक यानी 0.72 प्रतिशत की छलांग लगाकर 23519.35 अंक पर बंद हुआ। समीक्षाधीन सप्ताह में बीएसई की दिग्गज कंपनियों के विपरीत मझौली और छोटी कंपनियों के शेयरों में बिकवाली का दबाव रहा। इससे मिडकैप 300.45 अंक अर्थात 0.72 प्रतिशत की गिरावट लेकर सप्ताहांत पर 41531.12 अंक और स्मॉलकैप 658.68 अंक यानी 1.4 प्रतिशत लुढ़ककर 46638.13 अंक पर आ गया। विश्लेषकों के अनुसार, चालू वित्त वर्ष का अंतिम सप्ताह मजबूती से शुरू हुआ लेकिन अमेरिका के ऑटोमोबाइल पर टैरिफ की घोषणा के बाद निवेशकों की धारणा कमजोर पड़ने से यह सपाट बंद हुआ। विदेशी एवं घरेलू संस्थागत निवेशकों से लगातार निवेश के बावजूद, बाजार अपनी रफ्तार बनाए रखने में नाकाम रहा। भारतीय रिजर्व बैंक (आरबीआई) की मौद्रिक समीक्षा नीति की आगामी बैठक में संभावित दर कटौती को लेकर बढ़ते आशावाद के कारण बैंकिंग शेयरों ने लचीलापन दिखाया। हालांकि, टैरिफ और उनके संभावित प्रभावों की चिंता के चलते ऑटोमोबाइल और फार्मा क्षेत्रों का प्रदर्शन कमजोर रहा। बढ़ते व्यापारिक तनाव के कारण निवेशकों ने सुरक्षित निवेश विकल्पों की ओर रुख किया, जिससे सोने की कीमतें रिकॉर्ड स्तर पर पहुंच गईं। आने वाले सप्ताह में टैरिफ संबंधी स्पष्टता मिलने की उम्मीद है, जिससे निवेशक उनके वैश्विक अर्थव्यवस्था पर प्रभाव का आकलन कर पाएंगे। इसके अलावा बाजार शनिवार तक समाप्त होने वाली भारत-अमेरिका द्विपक्षीय व्यापार बैठक पर भी ध्यान केंद्रित करेगा। अगले सप्ताह महत्वपूर्ण आर्थिक संकेतकों में अमेरिकी रोजगार के आंकड़े और भारत का पीएमआई शामिल हैं, जो अपने-अपने क्षेत्रों की आर्थिक स्थिति पर प्रकाश डालेंगे। इस बीच, निवेशकों की नजर मार्च में वाहनों की बिक्री के आंकड़े और कंपनियों के 31 मार्च को समाप्त होने वाले वित्त वर्ष एवं उसकी अंतिम तिमाही के परिणाम पर रहेगी। विश्व बाजार की तेजी के बीच स्थानीय स्तर पर विदेशी संस्थागत निवेशकों (एफआईआई) और घरेलू संस्थागत निवेशकों (डीआईआई) का निवेश बढ़ने से सामेबार को शेयर बाजार लगातार छठे दिन चढ़कर बंद हुआ। सेंसेक्स 1078.87 अंक की छलांग लगाकर 77,984.38 अंक और निफ्टी 307.95 अंक की मजबूती के साथ 23658.35 अंक हो गया। अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप के कई देशों को संभावित टैरिफ में छूट दिए जाने के संकेत से मंगलवार को स्थानीय स्तर पर हुई चौतरफा लिवाली की बदौलत उछाल पर रहे सेंसेक्स और निफ्टी ने बाद में जोमैटो, इंडसइंड बैंक, अडानी पोर्ट्स, रिलायंस और मारुति समेत बीस दिग्गज कंपनियों में हुई मुनाफावसूली के दबाव में शुरुआती तेजी गंवा दी। सेंसेक्स 32.81 अंक की बढ़त लेकर 78,017.19 अंक और निफ्टी भी 10.30 अंक बढ़कर 23668.65 पर बंद हुआ। अमेरिकी टैरिफ की अनिश्चितता के बीच ऊंचे भाव पर हुई जबरदस्त मुनाफावसूली के दबाव में बुधवार को शेयर बाजार में कोहराम मच गया। सेंसेक्स पिछले लगातार सात दिन की तेजी के बाद 728.69 अंक गोता लगाकर 77,288.50 अंक और निफ्टी 181.80 अंक की गिरावट लेकर 23486.85 अंक पर बंद हुआ।

Govt to raise stake in Vodafone Idea to 49%

Conversion of outstanding spectrum auction dues into equity shares worth ₹36,950 crore

FPJ News Service
NEW DELHI

Vodafone Idea has announced that the government will convert its outstanding spectrum auction dues into equity shares worth Rs 36,950 crore, increasing its stake in the telecom company from 22.6% to approximately 49%.

"The Ministry of Communications, in line with the September 2021 reforms and support package for telecom sector has decided to convert the outstanding spectrum auction dues, including deferred dues repayable after expiry of the moratorium period, into equity shares to be issued to the government," Vodafone Idea, said in a filing to the BSE and NSE on Sunday.

The company has been directed to issue 3,695 crore equity shares of the face value of Rs 10/- each at an issue price of Rs 10/- each within a period of 30 days after issuance of necessary order from relevant authorities including from SEBI. The pricing of shares to be allotted has been arrived basis the higher of the volume weighted price of equity shares during last 90 trading days preceding the Relevant Date or 10 days preceding the Relevant Date (the Relevant Date being 26 February 2025), subject to provision of section 53 of the Companies Act, 2013 (i.e. shares cannot be issued at less than the par value). Post the aforesaid issuance of equity shares, the Government of India shareholding in the Company will increase from existing 22.60% to approximately 48.99%. The promoters will continue to have operational control of the company.

IIHL assumes control of RCap as Anil Ambani's firm withdraws petition

PTI
NEW DELHI

Lenders of Reliance Capital have withdrawn petition filed against IndusInd International Holdings Ltd (IIHL) before appellate tribunal NCLAT.

The Committee of Creditors (CoC) of Reliance Capital has informed NCLAT that the resolution plan was completely implemented by IIHL with the transfer of complete payment amounts in terms of the resolution plan.

The CoC sought permission of the NCLAT to withdraw its appeal filed against the NCLT order, in consideration of the completion of the implementation of the resolution plan by IIHL.

While allowing CoC's application for withdrawal, NCLAT noted counsel appearing for the administrator as well as IIHL had no objection towards this. "In the circumstances, the said application stands allowed. Accordingly, the appeal is disposed of as withdrawn. Pending applications, if any, are also disposed of," said a two-member bench comprising Justice Yogesh Khanna and Ajai Das Mehrotra in its order passed on March 24, 2025.

IIHL had emerged as the successful resolution applicant with the highest bid of Rs 9,650 crore in April 2023 for acquiring the troubled financial services firm under the CIRP of the Insolvency and Bankruptcy Code (IBC). However, in terms of the resolution plan and plan approval order, the resolution plan was required to be implemented by IIHL on or before May 27, 2024. This timeline was extended till August 10, 2024.

"During the extended period, steps were taken by IIHL, with cooperation from the Administrator of the Corporate Debtor (RCap) and the CoC towards implementation of the resolution plan and a process note capturing the implementation steps was submitted by IIHL, as agreed upon by the parties and as approved by the CoC," submitted lender's counsel, which was also noted by NCLAT in its order.

वाहन बिक्री व पीएमआई पर रहेगी बाजार की नजर

मुंबई, 30 मार्च (एजेंसियां)। अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप के कई देशों को संभावित टैरिफ में छूट दिए जाने के संकेत से हुई लिवाली की बदौलत बीते सप्ताह आधी फीसदी से अधिक के उछाल पर रहे घरेलू शेयर बाजार की अगले सप्ताह वैश्विक रुख के साथ ही मार्च में वाहनों की बिक्री एवं पीएमआई आंकड़ों पर नजर रहेगी। बीते सप्ताह बीएसई का तीस शेयरों वाला संवेदी सूचकांक सेंसेकस 509.41 अंक अर्थात 0.7 प्रतिशत की तेजी के साथ सप्ताहांत पर 77414.92 अंक पर पहुंच गया। इसी तरह नेशनल स्टॉक एक्सचेंज (एनएसई) का निफ्टी 168.95 अंक यानी 0.72 प्रतिशत की छलांग लगाकर 23519.35 अंक पर बंद हुआ।

साप्ताहिक समीक्षा

समीक्षाधीन सप्ताह में बीएसई की दिग्गज कंपनियों के विपरीत मझौली और छोटी कंपनियों के शेयरों में बिकवाली का दबाव रहा। इससे मिडकैप 300.45 अंक अर्थात 0.72 प्रतिशत की गिरावट लेकर सप्ताहांत पर 41531.12 अंक और स्मॉलकैप 658.68 अंक यानी 1.4 प्रतिशत लुढ़ककर 46638.13 अंक पर आ गया।

विश्लेषकों के अनुसार, चालू वित्त वर्ष का अंतिम सप्ताह मजबूती से शुरू हुआ लेकिन अमेरिका के ऑटोमोबाइल पर टैरिफ की घोषणा के बाद निवेशकों की धारणा कमजोर पड़ने से यह सपाट बंद हुआ। विदेशी एवं घरेलू संस्थागत निवेशकों से लगातार निवेश के बावजूद, बाजार अपनी रफ्तार बनाए रखने में नाकाम रहा।

भारतीय रिजर्व बैंक (आरबीआई) की मौद्रिक समीक्षा नीति की आगामी बैठक में संभावित दर कटौती को लेकर

- **सेंसेकस 0.7 प्रतिशत की तेजी के साथ सप्ताहांत पर 77414.92 अंक रहा**
- **निफ्टी 0.72 प्रतिशत की छलांग लगाकर 23519.35 अंक पर बंद**

बढ़ते आशावाद के कारण बैंकिंग शेयरों ने लचीलापन दिखाया। हालांकि, टैरिफ और उनके संभावित प्रभावों की चिंता के चलते ऑटोमोबाइल और फार्मा क्षेत्रों का प्रदर्शन कमजोर रहा। बढ़ते व्यापारिक तनाव के कारण निवेशकों ने सुरक्षित निवेश विकल्पों की ओर रुख किया, जिससे सोने की कीमतें रिकॉर्ड स्तर पर पहुंच गईं।

आने वाले सप्ताह में टैरिफ संबंधी स्पष्टता मिलने की उम्मीद है, जिससे निवेशक उनके वैश्विक अर्थव्यवस्था पर प्रभाव का आकलन कर पाएंगे। इसके अलावा बाजार शनिवार तक समाप्त होने वाली भारत-अमेरिका द्विपक्षीय व्यापार बैठक पर भी ध्यान केंद्रित करेगा।

अगले सप्ताह महत्वपूर्ण आर्थिक संकेतकों में अमेरिकी रोजगार के आंकड़े और भारत का पीएमआई शामिल हैं, जो अपने-अपने क्षेत्रों की आर्थिक स्थिति पर प्रकाश डालेंगे। इस बीच, निवेशकों की नजर मार्च में वाहनों की बिक्री के आंकड़े और कंपनियों के 31 मार्च को समाप्त होने वाले वित्त वर्ष एवं उसकी अंतिम तिमाही के परिणाम पर रहेगी।

विश्व बाजार की तेजी के बीच स्थानीय स्तर पर विदेशी संस्थागत निवेशकों (एफआईआई) और घरेलू संस्थागत निवेशकों (डीआईआई) का निवेश बढ़ने से सामेवार को शेयर बाजार लगातार छठे दिन चढ़कर बंद हुआ। सेंसेक्स 1078.87 अंक की छलांग लगाकर 77,984.38 अंक और निफ्टी 307.95 अंक की मजबूती के साथ 23658.35 अंक हो गया। अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप के कई देशों को संभावित टैरिफ में छूट दिए जाने के संकेत से मंगलवार को स्थानीय स्तर पर हुई चौतरफा लिवाली की बदौलत उछाल पर रहे सेंसेक्स और निफ्टी ने बाद में जोमैटो, इंडसइंड बैंक, अडानी पोर्ट्स, रिलायंस और मारुति समेत बीस दिग्गज कंपनियों में हुई मुनाफावसूली के दबाव में शुरुआती तेजी गंवा दी। सेंसेक्स 32.81 अंक की बढ़त लेकर 78,017.19 अंक और निफ्टी भी 10.30 अंक बढ़कर 23668.65 पर बंद हुआ।

अमेरिकी टैरिफ की अनिश्चितता के बीच ऊंचे भाव पर हुई जबरदस्त मुनाफावसूली के दबाव में बुधवार को शेयर बाजार में कोहराम मच गया। सेंसेक्स पिछले लगातार सात दिन की तेजी के बाद 728.69 अंक गोता लगाकर 77,288.50 अंक और निफ्टी 181.80 अंक की गिरावट लेकर 23486.85 अंक पर बंद हुआ।

M-cap of 8 of top 10 most-valued firms climbs ₹88,085.89 crore

STATESMAN NEWS SERVICE
NEW DELHI, 30 MARCH

The combined market valuation of eight of the top 10 most-valued firms climbed Rs 88,085.89 crore last week. HDFC Bank led the pack of gainers, in line with an optimistic trend in equities.

On the gaining side were HDFC Bank, Tata Consultancy Services (TCS), Bharti Airtel, ICICI Bank, State Bank of India, Bajaj Finance, Hindustan Unilever, and ITC, while Reliance Industries and Infosys faced erosion from their market valuation.

In terms of ranking, Reliance Industries retained the title of the most-valued firm followed by HDFC Bank, TCS, Bharti Airtel, ICICI Bank, State Bank of India, Infosys, Bajaj Finance, Hindustan Unilever, and ITC.

The market capitalisation (mcap) of largest public sector lender, State Bank of India, jumped Rs 16,599.79 crore to Rs 6,88,623.68 crore while the leader in private sector, HDFC Bank, added Rs 44,933.62 crore, taking its valuation to Rs 13,99,208.73 crore.

ICICI Bank was up Rs 5,140.15 crore to Rs 9,52,768.61 crore and Bajaj Finance went up Rs 1,868.94 crore to Rs 5,54,715.12 crore. The valuation of TCS rallied Rs 9,063.31 crore to Rs 13,04,121.56 crore. However, the valuation of Infosys tanked Rs 9,135.89 crore to Rs 6,52,228.49 crore.

The mcap of ITC soared Rs 5,032.59 crore to Rs 5,12,828.63 crore and that of Hindustan Unilever climbed Rs 2,796.01 crore to Rs 5,30,854.90 crore.

Bharti Airtel's market valuation advanced Rs 2,651.48 crore to Rs 9,87,005.92 crore while Reliance Industries dipped Rs 1,962.2 crore to Rs 17,25,377.54 crore.

Last week, the BSE benchmark gauge climbed 509.41 points, or 0.66 per cent.

On Friday close, Sensex was down 191.51 points or 0.25 per cent at 77,414.92, and the Nifty was down 72.60 points or 0.31 per cent at 23,519.35. Notably, for the Financial Year 2024-25, Sensex and Nifty surged 5 per cent each.

M&E deal activity to gain pace in FY26

VIVEAT SUSAN PINTO
Mumbai, March 30

AFTER A SEASON of big deals in FY25, media and entertainment (M&E) companies are likely to focus their attention on filling up small, but crucial gaps in their portfolio through mergers and acquisitions in FY26.

Segments such as content creation, artificial intelligence (AI), gaming and sports could be areas that M&E companies could look at closely as they eye growth for the future, experts and investment bankers said.

"As media and advertising budgets increasingly shift towards new media avenues, traditional players will need to adopt innovative business models to stay competitive. This evolution is likely to drive traditional media companies to pursue tuck-in acquisitions to capture emerging market trends," said Ashish Pherwani, M&E sector leader, EY India.

Pherwani sees more outbound deals as well as private equity (PE) investments growing in the sector. Regional over-the-top (OTT) platforms may also be acquired by larger companies or see investment from PE firms as consolidation moves from the national to the regional space, experts said.

M&E deal activity to gain pace in FY26

FOR INSTANCE, REGIONAL OTT platforms such as Chaupal (focuses on Hindi content), Stage (offers Haryanvi and Rajasthani content) and Aha (Tamil and Telugu content) have been looking to raise fresh capital from venture capital and PE firms to grow their businesses. Meanwhile, deals in the AI and content marketing space is likely to get a boost after successful acquisitions by companies such Prime Focus and Connekkt Media in recent months.

Mumbai-based Prime Focus, for instance, announced that one of its units, Brahma, had acquired London-based AI content firm Metaphysic in a deal valued at $1.43 billion in February. Connekkt Media, also Mumbai-based, acquired Hollywood content and marketing agency Mob Scene a few weeks ago. Mob Scene is best known for its marketing campaigns for blockbusters such as Barbie, Avatar: Way of Water and Dune: Part Two, among others.

Promoters of both firms said that they were open to more tie-ups and acquisitions in the future. "This acquisition (of Mob Scene) marks a strategic expansion for us into the US and the rest of North America," Varun Mathur, co-founder, Connekkt Media, said. "We will bring their marketing capabilities to our partners across the world. We also continue to scan the landscape for more acquisitions," he said.

Prime Focus founder and global CEO of DNEG, Namit Malhotra, said that Brahma's AI-powered tools could be used across industries such as education, social media engagement and content creation besides entertainment. "Our focus now (through Brahma) is on the next generation of technology tools powered by artificial intelligence. Our eyes will be open to bring anything that will validate what we are doing," he said.

Experts at Grant Thornton Bharat say that newer players are also likely to mark their presence in sectors such as sports and gaming in their quest for growth.

Ahmedabad-based Torrent Group, for instance, said last month that it was acquiring a 67% stake in IPL franchise, Gujarat Titans from Irelia Company, owned by CVC Capital Partners for ₹5,000 crore. The deal, which marks the entry of the Torrent group into cricket, valued Gujarat Titan at ₹7,453 crore. This is 33% higher than its 2021 value when CVC Capital picked up the franchise for ₹5,625 crore.

"There has been a notable surge in sports and gaming deals, as companies look to partake of growth within these sectors," Shanthi Vijetha, partner, due diligence, Grant Thornton Bharat, said.

Besides Torrent Group, Sun Group-led Sunrisers Hyderabad recently picked up a 100% stake in an English cricket franchise called Northern Superchargers, which is part of an eight-team cricket league called Hundred.

The investment was for over ₹1,000 crore. The Sun group is the third investor in Hundred after the Ambani family, who are behind the IPL's Mumbai Indians, and RPSG, in chXarge of the Lucknow Super Giants, also picked up teams in the league.

Our eyes will be open to bring anything that will validate what we are doing," he said.

Experts at Grant Thornton Bharat say that newer players are also likely to mark their presence in sectors such as sports and gaming in their quest for growth.

Ahmedabad-based Torrent Group, for instance, said last month that it was acquiring a 67% stake in IPL franchise, Gujarat Titans from Irelia Company, owned by CVC Capital Partners for ₹5,000 crore. The deal, which marks the entry of the Torrent group into cricket, valued Gujarat Titan at ₹7,453 crore. This is 33% higher than its 2021 value when CVC Capital picked up the franchise for ₹5,625 crore.

"There has been a notable surge in sports and gaming deals, as companies look to partake of growth within these sectors," Shanthi Vijetha, partner, due diligence, Grant Thornton Bharat, said.

Besides Torrent Group, Sun Group-led Sunrisers Hyderabad recently picked up a 100% stake in an English cricket franchise called Northern Superchargers, which is part of an eight-team cricket league called Hundred.

The investment was for over ₹1,000 crore. The Sun group is the third investor in Hundred after the Ambani family, who are behind the IPL's Mumbai Indians, and RPSG, in chXarge of the Lucknow Super Giants, also picked up teams in the league.

M&E deal activity to gain pace in FY26

VIVEAT SUSAN PINTO
Mumbai, March 30

AFTER A SEASON of big deals in FY25, media and entertainment (M&E) companies are likely to focus their attention on filling up small, but crucial gaps in their portfolio through mergers and acquisitions in FY26.

Segments such as content creation, artificial intelligence (AI), gaming and sports could be areas that M&E companies could look at closely as they eye growth for the future, experts and investment bankers said.

"As media and advertising budgets increasingly shift towards new media avenues, traditional players will need to adopt innovative business models to stay competitive. This evolution is likely to drive traditional media companies to pursue tuck-in acquisitions to capture emerging market trends," said Ashish Pherwani, M&E sector leader, EY India.

Pherwani sees more outbound deals as well as private equity (PE) investments growing in the sector. Regional over-the-top (OTT) platforms may also be acquired by larger companies or see investment from PE firms as consolidation moves from the national to the regional space, experts said.

FOR INSTANCE, REGIONAL OTT platforms such as Chaupal (focuses on Hindi content), Stage (offers Haryanvi and Rajasthani content) and Aha (Tamil and Telugu content) have been looking to raise fresh capital from venture capital and PE firms to grow their businesses. Meanwhile, deals in the AI and content marketing space is likely to get a boost after successful acquisitions by companies such Prime Focus and Connekkt Media in recent months.

Mumbai-based Prime Focus, for instance, announced that one of its units, Brahma, had acquired London-based AI content firm Metaphysic in a deal valued at $1.43 billion in February. Connekkt Media, also Mumbai-based, acquired Hollywood content and marketing agency Mob Scene a few weeks ago. Mob Scene is best known for its marketing campaigns for blockbusters such as Barbie, Avatar: Way of Water and Dune: Part Two, among others.

Promoters of both firms said that they were open to more tie-ups and acquisitions in the future. "This acquisition (of Mob Scene) marks a strategic expansion for us into the US and the rest of North America," Varun Mathur, co-founder, Connekkt Media, said. "We will bring their marketing capabilities to our partners across the world. We also continue to scan the landscape for more acquisitions," he said.

Prime Focus founder and global CEO of DNEG, Namit Malhotra, said that Brahma's AI-powered tools could be used across industries such as education, social media engagement and content creation besides entertainment. "Our focus now (through Brahma) is on the next generation of technology tools powered by artificial intelligence. Our eyes will be open to bring anything that will validate what we are doing," he said.

Behind the façade: Ad industry's reckoning

Trust deficit in Indian advertising deepens as CCI investigates anti-competitive practices, opaque pricing and market control tactics

MUMBAI

In an industry known for controlling narratives, Indian advertising is now grappling with one it can't spin. Just days before the Indian Premier League (IPL) kicked off—India's single biggest ad moment of the year—the Competition Commission of India (CCI) launched a sweeping investigation into the heart of the media-buying ecosystem.

On 18 March, CCI officials raided the offices of India's biggest media agencies—GroupM, IPG Mediabrands, Publicis, Dentsu, and Madison—alongside top industry bodies, including the Advertising Agencies Association of India (AAAI), the Indian Broadcasting and Digital Foundation (IBDF), and the Indian Society of Advertisers (ISA). The allegation: price collusion and anti-competitive arrangements that may have distorted how ad rates and media inventories were negotiated, especially around marquee events like the IPL.

Since then, the silence has been deafening. Queries sent to the CEOs of the top agencies yielded no responses. AAAI, too, has not issued a comment. But a confidential advisory from the association to its members reveals the tension. The note—seen by *Mint*—instructed agencies to avoid any form of coordination: no price sharing, no informal chats, and definitely no WhatsApp groups.

The mood across the industry is somewhere between damage- control and denial. "There's discomfort, not panic. But everyone knows this is serious," said a senior executive at a media agency. "You don't see the CCI walk in with court orders and forensic teams unless they're convinced something's off."

Behind the scenes, the forensic arm of the CCI—the office of the Director General—is poring over emails, contracts, rebate structures, and pricing templates. If a prima facie case is established, the fallout could be severe. Agencies could face penalties of up to 10% of their average turnover over the last three years. Senior executives may be held personally liable. Civil suits from clients who feel misled about pricing or discounts could follow.

But beyond the legal implications lies a much larger reckoning.

For years, the Indian ad industry has tiptoed around the uncomfortable truth that media buying is dominated by a handful of global networks—none bigger than GroupM, which alone is estimated to command 45-50% of the media market. That scale has brought operational efficiency, but also opacity. Rate cards are often not what they seem. Rebates are poorly understood by clients. And much of the actual pricing power sits with intermediaries rather than the brands spending the money.

"It's difficult for buyer behaviour alone to remedy extensively collusive supply-side conduct. That's exactly why competition law exists," said Ambar Bhushan, Partner at Bharucha and Partners. "A cartel, simply put, is an agreement between competitors preventing prices from falling—and that hurts consumers."

> Industry under scrutiny as CCI raids leading media-buying firms and industry bodies over alleged price collusion

Bhushan calls it a first-of-its-kind moment in Indian advertising. "The law has always been there. What's different now is its application. This probe may be the first real test of how competition law can reshape the business of advertising," he added.

Raj Nayak, veteran media executive and founder of House of Cheers a media consulting firm and a SaaS platform, believes the investigation has laid bare a structure that has long favoured the biggest players at the cost of diversity and fairness. "Three to four media buying groups control almost 80% of the business, which is not healthy for the industry," he said. "This concentration puts smaller agencies at a significant disadvantage and limits innovation. If the CCI's intervention leads to meaningful reform, it could shift how media is priced and negotiated in India."

Nayak also noted how monopoly-driven volume deals can undermine client interests. "Agency-wide volume discounts often don't benefit large advertisers proportionally. In some cases, they may end up subsidising smaller clients without even knowing it."

The timing of the raids—just before IPL—has sharpened focus. JioHotstar, which is now part of the Disney-Reliance media behemoth, has reportedly priced digital ad slots at ₹8.5 lakh for 10 seconds. With the CCI's glare on how these rates were brokered, advertisers have begun quietly auditing deals, rechecking contracts and rebate disclosures.

Some insiders believe the probe is also about market power. "It's not just about law, it's about control," said a veteran media planner. "Broadcasters want more direct access to advertisers. Agencies want to protect their cut. And the advertisers? They just want clarity on where their money's going."

In Raj Nayak's view, this moment isn't likely to accelerate automation, as some may expect. "It's doubtful this will lead to more programmatic media buying, especially in TV and print. In fact, advertisers may seek more traditional, hands-on approaches—where relationships and direct negotiations ensure clearer accountability," he said. "This is an opportunity to reassess ethical standards, not just adopt tech for the sake of it."

On whether this was IPL-specific or a broader structural issue, Nayak was clear: "This was bound to surface. IPL's visibility may have amplified the scrutiny, but the underlying dynamics were always there. Media owners and smaller agencies have been losing leverage for years."

And that's the heart of it. This isn't just a story about potential collusion. It's about trust. In a business built on creativity, relationships, and perception, the trust deficit is growing.

Everyone—both brands and agencies, platforms—wants accountability, but no one wants to go first.

As one senior executive at a large network agency bluntly put it, "Let's not pretend this came out of nowhere. For years, we've operated in a grey zone—rebates, opaque pricing, backroom deals. Everyone knew, but no one challenged it because the system worked for those at the top. Now that someone's finally lifting the hood, we're all scrambling."

India Inc raises ₹1.33 lakh crore via QIPs in FY25

HEMANT GAUR
New Delhi, March 30

INDIAN COMPANIES ACHIEVED a record-breaking fundraising of ₹1.33 lakh crore through Qualified Institutional Placements (QIPs) in FY25, registering a sharp increase from the previous year, as a booming stock market fuels aggressive capital raising.

India Inc has raised ₹133,251 crore till March 31, marking an 87% increase from ₹71,306 crore garnered in FY24, according to data compiled by Prime Database.

Companies leveraged buoyant equity markets to strengthen balance sheets and fund expansion, a key driver of the surge in QIP fundraising, analysts said.

As per the data, 85 companies have tapped the capital markets with QIP issues till March 31, 2025 as compared with just 64 companies during the last financial year.

"FY25 witnessed the highest-ever QIP fundraising in the history of Indian capital markets, both in terms of volume and value," Neha Agarwal, MD & Head of Equity Capital Markets at JM Financial, told *PTI*.

Agarwal attributed the surge in QIPs to a broader trend of corporates strengthening their balance sheets through deleveraging, driven by buoyant capital markets.

India Inc raises ₹1.33 lakh crore via QIPs in FY25

HEMANT GAUR
New Delhi, March 30

INDIAN COMPANIES ACHIEVED a record-breaking fundraising of ₹1.33 lakh crore through Qualified Institutional Placements (QIPs) in FY25, registering a sharp increase from the previous year, as a booming stock market fuels aggressive capital raising.

India Inc has raised ₹133,251 crore till March 31, marking an 87% increase from ₹71,306 crore garnered in FY24, according to data compiled by Prime Database.

Companies leveraged buoyant equity markets to strengthen balance sheets and fund expansion, a key driver of the surge in QIP fundraising, analysts said.

As per the data, 85 companies have tapped the capital markets with QIP issues till March 31, 2025 as compared with just 64 companies during the last financial year.

"FY25 witnessed the highest-ever QIP fundraising in the history of Indian capital markets, both in terms of volume and value," Neha Agarwal, MD & Head of Equity Capital Markets at JM Financial, told *PTI*.

Agarwal attributed the surge in QIPs to a broader trend of corporates strengthening their balance sheets through deleveraging, driven by buoyant capital markets.

Companies leveraged buoyant equity markets to strengthen balance sheets and fund expansion, a key driver of the surge in QIP fundraising, analysts say

"With equity emerging as the preferred avenue to raise capital, corporates are driving accelerated growth and expansions by leveraging both organic and inorganic opportunities," she said.

QIP is one of the quickest products to raise funds from institutional investors. It is designed for listed firms and investment trusts, which allow them to mobilise funds quickly from institutional investors without the need to submit any pre-issue filings to market regulators.

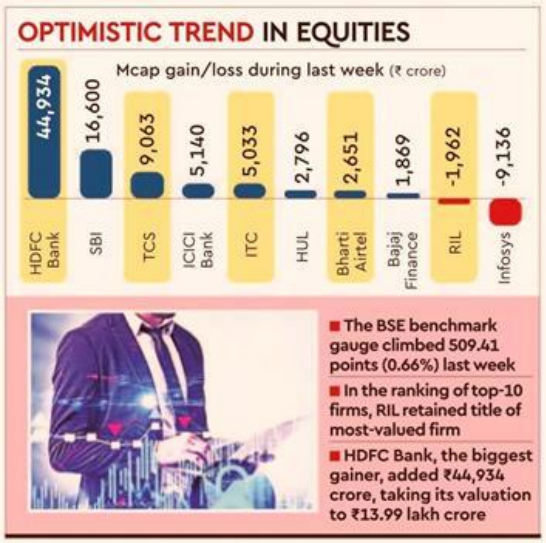

Major contributors to the record-breaking QIP fundraising include conglomerate Vedanta Group and food delivery major Zomato, which raised as much as ₹8,500 crore each.
