ET Intelligence Group: In times of higher stock market volatility and uncertain economic scenario, it will be a prudent strategy to focus on companies that have reported higher profits and improving operating profitability.

According to the latest ETIG analysis of the ET 500 list, there were 20 companies that reported higher net profit in the first-half of FY25 compared with the profit for the entire previous year. It implies that the bottomline growth is driven by improving operating performance. The com-

panies listed here were culled out from the broader samples and had either shown a steady margin or an improvement in the six months to September 2024 compared with FY24 profitability.

For instance, Bharti Airtel reported ₹7,753 crore in net profit for the first-half of FY25, exceeding the total net profit of ₹7,467 crore in the previous fiscal year led by higher tariffs. It was able to retain the EBITDA margin at around 52% for the period.

Vedanta has been reaping benefits of lower cost of production, volume growth and favourable prices across segments. It reported the highest ever half-yearly EBITDA of ₹19,773 crore excluding other income in the six months to September 2024. The EBITDA margin improved to 27% from 24% in FY24.

For Zomato, net profit in the first-half of FY25 increased to ₹429 crore from ₹351 crore in FY24 helped by improved operating leverage.

Strike Rate for Cement Deals may Slow a Tad

Experts say acquisitions to bolster cos' presence will continue this year though deal sizes could be smaller

Nikita Periwal

Mumbai: India's cement industry is expected to sustain its consolidation momentum in the New Year after a busy 2024 marked by buyouts of several companies in the world's second-largest cement market.

Experts said the consolidation move would be sparked by the rush among cement producers to defend their turf while actively seeking market share expansion.

Spearheaded by the two largest producers UltraTech Cement and Adani Cement, 2024 saw four large deals covering about 34 million tonnes capacity. India currently has a total annual capacity of 641 million tonnes of the building material.

Experts believe the trend of acquisitions to bolster presence and reach in the highly region sensitive cement business will continue in 2025 though deal sizes could be

comparatively smaller

"It may not be as aggressive as what happened in 2024, but some form of consolidation will continue," said Parvez Qazi, analyst at Nuvama Institutional Equities.

Key deals in 2024 included the buyout of Penna Cement and Orient Cement by Adani Cement. Aditya Birla Group-owned UltraTech Cement acquired South India-based India Cements, ending the year with taking a small promoter stake in Meghalayabased Star Cement.

Adani Cement, India's second largest cement producer, aims to have a capacity of 140 million tonne by 2028, while market leader UltraTech Cement plans to surpass 200 million tonnes capacity by 2026-27.

While deals in 2024 were focused on the southern markets, which comprise nearly a third of domestic cement production, 2025 could see companies expand into other regions as well. Some which are likely to be acquired by larger cement producers include Jaiprakash Associates and Heidelberg Cement, experts said.

"If you look at Jaiprakash Associates whose assets are currently under NCLT, someone will definitely want to take over those assets because they are in the central region which is doing well," said an analyst, requesting anonymity.

Earlier this year, ET reported that the Adani Group is in talks to acquire the Indian operations of Germany's Heidelberg Materials. The year is also expected to see an improvement in government spending on infrastructure, aiding volume growth

for cement makers.

The year will also likely see a rebound in cement sales, which was impacted in 2024 due to general and state elections and extreme weather conditions, and a high base of the previous year, experts said.

2025 OUTLOOK: Face headwinds from high valuations, domestic demand issues, and global uncertainties

SUNDAR SETHURAMAN Mumbai, 1 January

Indian equity benchmarks logged gains on the first trading day of 2025, marking the seventh consecutive first session of a calendar year when the indices ended in the green. The BSE Sensex rose by up to 617 points during the session but pared its gains to close at 78,507, an increase of 368 points, or 0.5 per cent. The National Stock Exchange Nifty, on the other hand, ended the session at 23,743, a rise of 98 points, or 0.4 per cent. The gains were broadbased, with the Nifty Midcap 100 advancing 0.4 per cent and the Nifty Smallcap gaining 1.02 per cent.

Most of the Sensex gains on Wednesday were contributed by HDFC Bank, which rose 0.6 per cent. Larsen & Toubro, up 1.6 per cent, and Mahindra & Mahindra, which gained 2.5 per cent, were the other major contributors to the Sensex's performance.

Though the benchmark indices ended 2024 with gains of over 8 per cent, the year was marked by turbulence in the second half, which eroded much of the gains achieved in the first nine months.

The benchmark indices had surged by as much as 20 per cent on a year-to-date basis in September. However, a sharp sell-off by foreign portfolio investors (FPIs) — initially due to stimulus measures in China and later due to disappointing earnings — dampened sentiment.

Markets are expected to remain listless at the beginning of 2025, facing headwinds from expensive valuations, structural issues in domestic consumption demand, uncertain policy measures from the incoming US administration, and heightened geopolitical tensions.

"We note three headwinds for the Indian market in the short term: expensive valuations across caps and sectors barring financials, even as

Tamil Nadu cancels smart meter tender awarded to Adani Energy

PRESS TRUST OF INDIA

Chennal, 1 January

The Tamil Nadu Power Distribution Corporation has cancelled a global tender floated for procuring smart meters, citing the high cost quoted by Adani Energy Solutions Ltd (AESL).

The tenders were floated as four packages in August 2023 for providing the smart meters under the central government's revamped distribution sector scheme.

AESL, a BSE-listed firm was the lowest bidder for package 1 of the tender covering eight districts, including Chennai, and involved installation of over 8.2 million smart meters, a source said. The tender was cancelled on December 27, 2024, as the cost quoted by AESL was reportedly higher. A re-tender is likely to

be floated. Tenders for three other packages were also cancelled, he said without divulging further details.

The government's move comes in the wake of the controversy surrounding industrialist Gautam Adani, promoter of the Adani Group over allegations of being part of a scheme to pay over \$250 million (about

\$2,100 crore) bribe to Indian officials in exchange of favourable terms for solar power contracts.

Indian equity benchmarks logged gains on the first trading day of 2025, marking the seventh consecutive first session of a calendar year when the indices ended in the green. The BSE Sensex rose by up to 617 points during the session but pared its gains to close at 78,507, an increase of 368 points, or 0.5 per cent. The National Stock Exchange Nifty, on the other hand, ended the session at 23,743, a rise of 98 points, or 0.4 per cent. The gains were broadbased, with the Nifty Midcap 100 advancing 0.4 per cent and the Nifty Smallcap gaining 1.02 per cent.

Most of the Sensex gains on Wednesday were contributed by HDFC Bank, which rose 0.6 per cent. Larsen & Toubro, up 1.6 per cent, and Mahindra & Mahindra, which gained 2.5 per cent, were the other major contributors to the Sensex's performance.

Though the benchmark indices ended 2024 with gains of over 8 per cent, the year was marked by turbulence in the second half, which eroded much of the gains achieved in the first nine months.

The benchmark indices had surged by as much as 20 per cent on a year-to-date basis in September. However, a sharp sell-off by foreign portfolio investors (FPIs) — initially due to stimulus measures in China and later due to disappointing earnings — dampened sentiment.

Markets are expected to remain listless at the beginning of 2025, facing headwinds from expensive valuations, structural issues in domestic consumption demand, uncertain policy measures from the incoming US administration, and heightened geopolitical tensions.

ndian companies are expected to raise more funds this year through qualified institutional placements (QIPs) of shares to finance capital-intensive projects, which could prove critical in shoring up the economy.

As many as 27 companies secured board approvals last month for raising funds from institutions, data from Prime Database showed. More companies including Shakti Pumps India Ltd and Azad Engineering Ltd are expected to secure board approval for QIPs shortly.

QIPs allow companies already listed on stock exchanges to raise funds from domestic markets to finance key projects. But even as fundraising via QIPs reached record levels in 2024, private capital expenditure remained sluggish, forcing the government to spend huge amounts, especially on infrastructure.

As of 28 December, Indian companies had raised ₹1,37,560 crore across 95 QIPs in 2024, against ₹54,350 crore from 45 issues a year earlier, as per Prime Database.

Capacity of wheat silos to triple in three years

SANDIP DAS New Delhi, December 31

THE GOVERNMENT IS aiming to build 9 million tonne (MT) of wheat silos capacities over the next three years, from a current level of 2.8 MT of state-of-theart grain storage facilities.

The Food Corporation of India (FCI) has invited bids for the construction of 2.5 MT of modern wheat storage facilities under through the public-private partnership (PPP) model.

Sources told FE that by February 2025, contracts for building this state-of-the-art grain storage facility would be awarded while 35 silos with a cumulative capacity of over 2.8 MT have been in operation.

In addition, contracts for constructing over 3.5 MT of modern storage facilities across 80 locations have been awarded to private entities. These will likely to be ready in next two years. "In the next couple of years total wheat silos capacity would be close to 9 MT," an official said.

This is part of a ₹9,000 crore project to build wheat silos with 9 MT of capacity, where FCI would store grain. These silos are spread around 250 locations across Punjab, Haryana, Madhya Pradesh, Uttar Pradesh, Rajasthan, Gujarat, Maharashtra, Bihar, West Bengal, Jammu, Uttarakhand and Kerala.

Sources said several private entities, including Adani Agri Logistics, KCC Infrastructure, National Collateral Manage-

ment Service, Om Metals Infra project have been awarded the contracts. The corporation will use these silos for storage of wheat through a lease of 30 years with private entities. Bidding parameters include fixed storage charges by the FCI to private entities on a per-tonne, per-year basis. Currently, the silos are being built under the design, build, fund, own and transfer (DBFOT) mode, under which the FCI owns the land, and via the design, build, fund, own and operate (DBFOO) model, under which land belongs to private entities.

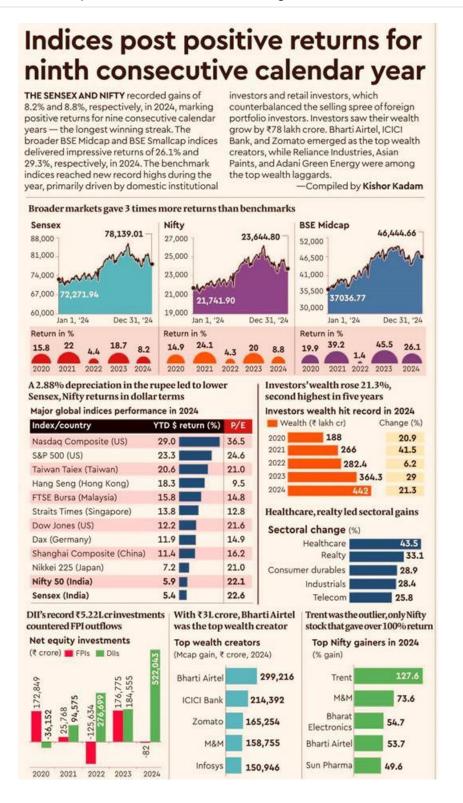

In 2005, under a pilot project to modernise storage infrastructure, the construction of 0.5 MT of wheat silos at 20 locations under the build, own and operate (BOO) model was carried out by Adani Agri Logistics.

The estimated cost of construction of 1 MT silos is around ₹1,000 crore.

NEW DAWN. Sensex, Nifty climb over 0.4 per cent in broad-based rally; auto and capital goods stocks shine

Anupama Ghosh Mumbai

The equity markets kicked off 2025 on an optimistic note, with the benchmark indices closing higher, led by strong gains in auto stocks and capital goods sectors. The BSE Sensex ended 368.4 points or 0.47 per cent higher at 78,507.41 while the NSE Nifty50 gained 98.1 points or 0.41 per cent to close at 23,742.90.

momentum, with the Nifty Next 50 gaining 259.6 points or 0.38 per cent to close at 68,247.95. The Nifty Midcap Select index added 27.45 points or 0.21 per cent to end at 12,934.75.

"The recovery was broadbased while the sustainability of the trend will depend on the earnings growth in Q3, where the expectation is positive on a q-o-q basis," said Vinod Nair, Head of Research at Geojit Financial Services.

He added that an uptick in core sector data and prospects of increased government capex spending aided sectors like capital goods, industrials, auto and power.

Success of cross-border energy trade depends on terms decided: Energy Adviser to Bangladesh

bl.interview

Richa Mishra Hyderabad

Fouzul Kabir Khan, Adviser, Ministry of Power, Energy and Mineral Resources, Government of Bangladesh, feels that cross-border trade is a win-win for all.

Khan, who is in the thick of developments happening in Bangladesh's energy space, believes that the market will mature only when the energy exchanges become more dynamic.

In a telephonic conversation, he shares his thoughts on the regional energy trade as well as the developments in Bangladesh's energy space.

Edited excerpts:

Given the recent geo-political and domestic developments across many countries, what is the future of cross-border trade in electricity?

Success of cross-border trade largely depends on the terms decided. It is mostly good for the countries involved. We would like the

cross-border trade to expand to Nepal, Bhutan, India and beyond.

Countries and their political leaderships will realise that regional energy trade could be a win-win situation for all. This realisation will bring greater understanding as far as the energy trade is concerned.

Recently, Nepal, India and Bangladesh signed a tripartite agreement to facilitate crossborder electricity trade. Do you think it will be impacted by geopolitical issues?

According to the agreement, Nepal will export its surplus electricity to Bangladesh via India from June 15 to November 15 every year.

India will make arrangements to supply electricity from Nepal to Bangladesh. In the first phase, Nepal will export 40 MW of hydro-electricity to Bangladesh via Indian territory.

It will work only seven months every year, mostly during summer.

I hope it will continue without any hassle. I do not see any problem because we have had proper negotiations, which would ensure that all three countries benefit from the agreement. Besides, there is room for further expansion.

Do you think a common grid (integrated grid) has a future?

My sense is that it might need some more time before it becomes a reality.

There are challenges such as putting up infrastructure for an active energy exchange.

India has a full-fledged power exchange but Bangladesh, for example, is yet to have one. There are market issues that will need to be addressed before energy exchanges are established. Besides, there are technological issues as well.

Talking about infrastructure, tariff also plays a role. For example, the Indian market is price sensitive. How will the tariff issue work?

Yes, there is a constant need for reviewing tariff. We should be continuously looking for a reduction in tariff. One way to make cheap power available is to move towards solar energy as its prices are coming down and it is not sensitive to the volatility of international fuel or gas prices.

I can tell you there are a lot

of opportunities for making cheap power available.

For example, in Bangladesh, there are a lot of wasteful expenditures that could be cut down. Also, if you promote solar and other renewable sources of energy, you can ensure cheaper tariff as well as curb cost-cutting of the utilities.

I think we should be able to provide an affordable tariff to both domestic and industrial consumers.

Is Bangladesh reviewing the tariff? And has the payment issue with power producers been streamlined? What is the status of the ongoing investigations into the projects, including that of Adani?

As you are aware, our fiscal situation has improved and even our foreign currency reserves are better placed now. We are most likely to go for tariff renegotiations not only for imported supply but also for domestic supply.

This would also help us better manage our finances and stabilise the purchase price of electricity. Pakistan has recently revised tariff.

Yes, investigations are going on currently.

Tamil Nadu annuls smart meter project tender awarded to Adani

Our Bureau Chennai

The Tamil Nadu Power Distribution Corporation Ltd (TNPDCL) has cancelled the global tender for smart electricity meters, where the Adani Group had emerged as the lowest bidder (L1) for one of the four packages, citing high costs quoted by Adani Energy Supply Ltd.

As a result, Tamil Nadu is likely to remain behind several other States in smart meter installation.

TNPDCL plans to go in for retendering, which could delay the installation by at least six months, according to sources.

RDSS PROJECT

The State energy utility launched a ₹19,000 crore smart meter installation project under the Central government's Revamped Distribution Sector Scheme

(RDSS), aiming to install 3.03 crore smart meters across Tamil Nadu.

The selected contractor would be responsible for installation, communication set-up, integration and maintenance for 10 years.

The tender covered four batches with varying meter quantities. Four companies participated, and Adani emerged the lowest bidder.

However, Adani's quoted price exceeded the TNPD-CL's budget and was higher than prices in neighbouring States, even after reductions. Consequently, the tender process was cancelled.

FIN MPLICATIONS

Currently, Tamil Nadu is behind at least 15 other States in smart meter installations. As of December 11, 2024, only around 1.4 lakh smart meters have been installed, including 1.3 lakh consumer meters — though none under RDSS, for which Tamil Nadu has the highest allocation of 30 million metres.

States are required to install smart meters for consumers, distribution transformers (DT) and feeders, with the Centre approving 19.79 crore consumer meters, 52 lakh DT meters and 1.88 lakh feeder meters.

A State that fails to meet the RDSS target will face financial implications, such as reduced central financial assistance and non-allowance of additional borrowing powers. adani

Air India Express in growth phase: CEO

V1 RISE TRANSFORMATION. It aims to expand domestic footprint in tier-II and III cities, regional international travel segment

Rohit Vaid New Delhi

The Tata Group-owned Air India Express is firmly in the growth phase of its transformation programme. 'V1Rise' is to scale up its reach as well as capacity, the airline's chief executive Aloke Singh told businessline.

Air India Express is guided by a five-year transformation programme — 'V1Rise' — to make the airline into a major player in the domestic market while having a sizeable share in the regional international travel segment.

"In many ways, it (V1Rise) is equivalent to Air India's 'Vihaan.ai' programme, serving as a comprehensive

transformation strategy for the airline," he said, adding that it has three distinct phases, "synchronise, scale and soar".

"With the integration and merger of AIX Connect and Air India Express completed in October, the synchronise phase is behind us. We are now firmly in our growth phase, the scale-up of the airline's fleet and network."

businessline was the first to report about the 'V1Rise' programme in October.

According to Singh, the 'scale' phase is seeing a rapid growth of the airline's fleet.

"We are already at 90 aircraft and will end this fiscal year with over 100. We have increased our network footprint and started more than

35 new routes and several stations such as Agartala, Port Blair, Jammu and Bangkok, amongst others," he said.

"As we scale up and as synergies with the AI group begin unlocking, we will soon be in the soar phase of our journey with a profitable, strong short-haul international and pan-India domestic network," Singh said.

In FY24, the airline (AIX Connect and Air India Express combined) carried over 46,000 passengers per day on average, with a domestic market share of about seven per cent.

"This represented a 20 per cent growth over the previous year. In December, we carry on an average of 63,000 passengers daily, domestic and international together; our domestic market share has grown to nine per cent," he said.

"In the current year, we estimate a robust growth of 25 per cent over the previous year."

DIRECT CONNECT

Singh pointed out that the airline has adopted the strategy to directly connect tier-II and III destinations to international locations.

"Our connectivity from tier-II and III cities directly to such markets is particularly interesting. We have just announced Bangkok services from Pune and Surat, and we are seeing very good traction. We will launch many such routes," he said.

"There are routes such as Delhi-Dubai and Mumbai-Dubai that are better served by Air India, while Goa, Jaipur, and Surat to Dubai, or Delhi and Mumbai to Sharjah, are better suited to our business model."

The airline's primary focus is on growing its domestic footprint in tier-II and III cities. "Two-thirds of the total domestic market is between metros and nonmetros, which also happens to be the fastest-growing segment," Singh said.

Govt asks corporates to look at sourcing coking coal and copper from Mongolia

NEW FRONTIER. SAIL, Vedanta, Adani among key players directed by the Centre to explore potential ventures

Abhishek Law New Delhi

At least six Indian companies have been directed by the Centre to investigate potenventures, including sourcing coking coal and critical minerals, such as copper, in Mongolia. Some of the companies include Vedanta (including Sterlite), Adani and Hindalco for copper ore and concentrates while JSW and SAIL are exopportunities around coking coal.

Multiple officials from key Ministries told businessline that suggestions had been made to tap third-party logistics partners for ensuring transport of copper and coking coal from the land-locked central Asian nation that shares borders with Russia and China.

KEY RESOURCE

Coking coal is a key steelmaking feedstock, with India - the world's second largest crude steel-maker — being a major importer. In case of copper, the demand for which is seen as a key economic indicator, the country is heavily reliant on imports. the matter said the Mines Ministry had earlier this year asked Adani and Hindalco to look at business opportunities in Mongolia with relation to getting copper ores and concentrates; while the Steel Ministry had initiated talks for coking coal sourcing by State-run Steel Authority of India Ltd (SAIL) and JSW the country's largest steelmaker. Some teams - across Ministries, along with business house representatives - had visited Mongolia to explore opportunities and take-up business collaboration possibilities.

Due to some logistical challenges, Vedanta and Indo Gold Ltd, both experienced in overseas copper mining, were also seen as two probable companies that can explore opportunities there. Another official said, the logistics issue came up during meetings. Mongolia is landlocked with the country primarily using Chinese ports to ship minerals. Some steel-makers have also sought setting up coalwashing operations in Mongolia. "Officials have suggested using third-party logistics as a possible solution and all possibilities are being explored," the source

At present, the preferred route for copper movement in Mongolia is through Tianjin (in China).

तमिलनाडु विद्युत वितरण निगम ने अदाणी एनर्जी सॉल्युशंस लिमिटेड (एईएसएल) को जारी स्मार्ट मीटर खरीदने की वैश्विक निविदा को रह कर दिया है। केंद्र सरकार की पुनरीक्षित वितरण क्षेत्र योजना के तहत स्मार्ट मीटर उपलब्ध कराने के लिए अगस्त 2023 में चार पैकेज के रूप में निविदाएं जारी की गई थीं। एक सुत्र ने बताया कि बीएसई में सुचीबद्ध कंपनी एईएसएल ने चेन्नई सहित आठ जिलों को 'कवर' करने वाली निविदा के पैकेज-1 के लिए सबसे कम बोली लगाई थी। इसमें 82 लाख से अधिक स्मार्ट मीटर लगाने का काम शामिल था। हालांकि 27 दिसंबर 2024 को यह निविदा रद्द कर दी गई, क्योंकि एईएसएल द्वारा उद्धत लागत कथित तौर पर अधिक थी। उन्होंने कहा कि दोबारा निविदा जारी किए जाने की संभावना है। सूत्रों ने बताया कि तीन अन्य पैकेज के लिए भी निविदा रद्द कर दी गई।

इस साल निफ्टी 50 कंपनियों में 92 लोगों की जान गई

अमृता पिल्लै मुंबई, 31 दिसंबर

नैशनल स्टॉक एक्सचेंज के निफ्टी-50 सूचकांक में शामिल कंपनियां वित्त वर्ष 2024 में अपने औद्योगिक परिचालन के दौरान मौतों की घटनाओं को रोकने में विफल रहीं।इस दौरान 92 लोगों की जान गई जो पिछले वर्ष दर्ज मौतों से अधिक है। निफ्टी 50 कंपनियों में से (बैंक, वित्तीय सेवाएं और प्रौद्योगिकी कंपनियों को छोड़कर) 29 के ही कार्यस्थल पर मौतों से संबंधित लगातार तीन साल के आंकडे उपलब्ध हैं।

बिजनेस रेस्पोंसिबिलिटी ऐंड सस्टेनेबिलिटी रिपोर्ट के आंकड़ों से पता चलता है कि इन 29 कंपनियों ने 92 मौतों की सूचना दी। इन कर्मियों की मौतें वित्त वर्ष 2024 में अपने व्यावसायिक काम के दौरान एक या ज्यादा हादसों में हुईं। इन आंकड़ों में प्रत्यक्ष और ठेका श्रमिक दोनों शामिल हैं। 2022-23 में इन्हीं 29 फर्मों के यह संख्या 75 थी और 2021-22 (वित्त वर्ष 2022) में 180 थी। वित्त वर्ष 2022 में अधिक संख्या का कारण मुख्य रूप से उस वर्ष तेल और प्राकृतिक गैस निगम (ओएनजीसी) में चक्रवात के चलते हुई दुर्घटना में 86 लोगों की जान जाना था।

ईवाई इंडिया में क्लाइमेट चेंज ऐंड सस्टेनेबिलिटी सर्विसेज में पार्टनर ओमेश गुप्ता ने कहा, 'औद्योगिक कार्य स्थलों में परिचालन और परियोजनाओं से जुड़े सुरक्षा जोखिम भारतीय कंपनियों के लिए प्रमुख चुनौती बने हुए हैं। औद्योगिक हादसों की संख्या अभी भी ऊंची बनी हुई है।'

उन्होंने कहा, 'हालांकि कुछ कंपनियों ने लगातार सुधार के लिए मजबूत प्रयास किए हैं। इससे कुछ मामलों में थोड़ी प्रगति हुई है। लेकिन भारत के समूचे कॉरपोरेट जगत को अभी भी काफी प्रगति करनी है और हादसों में किसी की मृत्यु न हो, इस लक्ष्य से उद्योग अभी बहुत दूर है। 29 कंपनियों के हमारे आंकड़े में से 12 ने वित्त वर्ष 2024 में किसी मौत की सूचना नहीं दी। उनमें से, केवल पांच ने तीनों वर्षों में शून्य मौत यानी किसी की जान नहीं जाने की सूचना दी।'

29 फर्मों में से चार कंपनियों -टाटा स्टील, अदाणी पोर्ट्स ऐंड स्पेशल इकनॉमिक जोन (एपीएसईजेड) और कोल इंडिया (सीआईएल) में वित्त वर्ष 2024 में ऐसी घटनाओं में पांच से ज्यादा लोगों की जान चली गई। ये सभी कंपनियां इन्फ्रास्ट्रक्चर और ऊर्जा क्षेत्र से जुड़े काम करती हैं।

इनमें से कई कंपनियां प्रत्यक्ष और ठेके पर दोनों तरह से बड़ी तादाद में कर्मियों को रखती हैं। टाटा स्टील के एक प्रवक्ता ने कहा कि कंपनी की कम लोस्ट टाइम इंजरी फ्रीक्वेंसी दर 0.28 है जो 0.78 के वैश्विक इस्पात उद्योग औसत से कम है। एपीएसईजेडऔर सीआईएल को इस संबंध में भेजे गए ईमेल संदेशों का जवाब नहीं मिला है। Business Standard (Hindi) • 01 Jan • Adani Ports and Special Economic Zone Ltd. The Indian benchmark equity indices, BSE Sensex and NSE Nifty 50, witnessed a recovery from intra-day lows but ended the last trading session of 2024 near flatline on Tuesday.

The losses in the market was led by declines in IT and select banking stocks.

The BSE Sensex dropped to a low of 77,561, reflecting global market weaknesses, but rebounded to a high of 78,248 before closing at 78,139, down 0.14 per cent or 109 points.

The National Stock Exchange (NSE) Nifty 50 followed a similar trend, recovering from a low of 23,460 and surging to about 23,690, but ultimately settled at 23,644.80 virtually unchanged.

On NSE, Bharat Electronics Limited, ONGC, Kotak Bank, Trent and Coal india were the gainers, while the Adani Enterprises, Adani Enterprises, Tech Mahindra, TCS, Infosys, and SBI life remained the top losers.

During the trading session on NSE, the IT stocks drag the most, while Health Care and PSU stocks lend the support.

"As we are entering 2025, we can expect possible profit booking in high-performing stocks and indexes for which investors should be prepared. Macro factors like inflation, a weakening rupee, and high unemployment are expected to challenge market stability, with more youth turning to the stock market as a source of income," stated VLA Ambala, Co-Founder of Stock Market Today.

"FDI plays an important role in India's market. However, in 2024 FIIs turned into net sellers with almost Rs. 25,000 crore outflows and counterbalanced DIIs net buying of more than Rs. 5.5 lakh crores.

New Delhi: The 1986-era terminal 2 (T2) of Indira Gandhi International Airport is likely to be closed for a few months around April 2025, when the ongoing repair and restoration of T1—a part of which collapsed last June—is complete and it finally starts getting fully utilised.

While sources say the repair at T2 involves "minor" work in the building and more on the apron side that should take about four-five months, the exact timing of its reopening could well be decided on what impact the upcoming Noida International Airport (NIA) has on traffic at IGIA. In the past also T2 has been mothballed at least twice as T1 and T3 were sufficient to meet the requirement.

The reason: T2 has a capacity to handle 1.5 crore passengers annually (CPA). NIA at Jewar is slated to get operational around mid-2025 with an initial capacity of 1.2 CPA. Unlike Mumbai where the megapolis' CSMIA is already handling passengers beyond its capacity and the Navi Mumbai Airport — which also opens around the same time as NIA — will get all additional flights, Noida Airport

is getting operational when IGIA still has a long way to go before it gets saturated. So the impact NIA has on its traffic is being keenly watched by Delhi International Airport Ltd (DIAL) on both its passenger and cargo. It will accordingly determine the timing of the final stage of IGIA's development — demolishing T2 to make way for a much larger T4 with a capacity of 4 CPA in its place.

"Repair at T1 has begun and is expected to be over by April. A few days after that happens and the expanded T1 is put to 100% use, T2 will be shut for repairs on the building and apron side. There could be a time lag between the two events to factor in any teething troubles at T1, which will be fully operational for the first time after its expansion work is completed," say people in the know.

The revamped TI, which saw its capacity doubling to 4 CPA, was inaugurated in March and it was supposed to get fully operational within a couple of months. However, the collapse of a 2009-era canopy on June 28 saw TI being fully set down and then only the new portion was partially opened a few months later. Now with the repair work targeted to be over by April 2025, that should finally happen this summer.

Biwi bhaag jaayegi: Adani's take on work-life balance

TIMES NEWS NETWORK

Ahmedabad: Adani Group chairman Gautam Adani has offered a playful and witty take on the much-debated subject of work-life balance that has been raging on in the Indian corporate world. Insisting that enjoying one's work is quintessential to achieving work-life balance, Adani quipped in a media interview, "Aath ghanta family ke saath bitayega toh biwi bhaag jaayegi (Wife will run away if eight hours are spent with family)."

Adani said work-life balance is a matter of personal choice. "Your idea of work-life balance should not be imposed on me and my idea of work-life balance shouldn't be imposed on you. Say, someone spends Your work and life are balanced when you do things that you like doing. For us, it is either family or work; we don't have a world other than that. The Adani Group chairman's comments came amid the ongoing debate and discussions sparked by Infosys co-founder Narayana Murthy's suggestion of a 70-hour work week. Murthy has previously spoken about working up to 90 hours a week during his career and has positioned hard work as a responsibility for those who have benefited from govt-subsidised education.

Adani insisted work-life balance is achieved when individuals engage in activities they enjoy. "Your work and life are balanced when you do things that you like doing. For us, it is either family or work; we don't have a world other than that. Our children also notice the same and imbibe it. They are also equally hard working," Adani said in the interview. The head honcho believes that acknowledging one's mortality simplifies life. "Personal character and humility are the most important things. The rest, according to me, is all artificial, including your wealth, etc. What you eat, I eat. What money gives you is the power to decide what and how you can impact by using it. Everyone is passing through the journey of life. Nobody is here to live permanently. When a person understands this, life becomes simple," Adani said.

Ahmedabad: The Indian stock market saw turmoil in recent months, primarily due to a sell-off by foreign institutional investors (FI-Is). However, Gujarat-based corporate heavyweights defied the odds, with some delivering impressive returns of up to 59% in 2024, even as others fell short.

Industry experts attribute this to the better financial health of leading Gujarat firms and their potential to perform well in the coming year.

Hitesh Somani, a Sebiregistered research analyst and founder of a stockbrokingfirm, said, "The performance of Gujarat's top companies in 2024 was a mixed bag. Of the 11 leading firms, six delivered positive returns, while five posted los-

TN cancels tender to Adani Group citing higher pricing

CHENNAI: The Tamil Nadu government's power generation and distribution PSU, Tengedco, has cancelled the global tender for installation of smart meters after negotiations with the lowest bidder Adani Energy Solutions Ltd (AESL) to reduce price failed, officials aware of the matter said on Tuesday.

The Adani Group firm had emerged as the lowest bidder for one of the four packages of the tender, floated in August 2023, for installing 8.2 million smart meters in eight districts, including Chennai, Tiruvallur and Chengalpattu, a Tamil Nadu generation and distribution company (Tangedco) official said.

The price quoted by the company was high. So, we decided to cancel the tender process after negotiations with the company to reduce the price failed, the official said, requesting anonymity

been offered to other states like Andhra Pradesh."

On December 28, the PSU also cancelled the tenders for the other three packages floated in August 2023 citing "administrative reasons". "The tenders will be floated again soon," the official said.

The four tenders were floated for installation of 30 million smart meters, replacing the existing digital meters, across the southern state under the ₹19,000 crore Centre-funded Revamped Distribution Sector Scheme (RDSS).

Commenting on the cancellation of the tender, a ruling DMK leader, requesting anonymity said: "We didn't want to give room to any controversies."

Adani Group did not respond to HT's request for a comment on the development.

The development came close on the heels of a political uproar in Tamil Nadu over the Opposition's allegation of a "secret meeting" between chief minister MK Stalin and Adani Group's founder-chairman Gautam Adani in Chennai in July 2024. Stalin and his party, the DMK, dismissed the charge and denied any ties with the business conglomerate.

"Adani did not come to meet me. I have not met Adani either," Stalin told the state assembly on December 10, while replying to the allegation levelled by GK Mani, a leader of the PMK, a BJP ally.

The allegations were made soon after the billionaire industrialist was indicted by a US court over bribery charge.

The Adani Group has strongly denied the allegations as "baseless" and vowed to "seek all possible legal recourse."

City likely to get above average rain this Jan; brace for colder days

Rajanbir Singh

CHANDIGARH: : With the start of 2025, the India meteorological department has issued a long-range forecast for the month of January. As per this, the city is likely to receive above average rain and see below average day temperature.

The forecast, which is pre-pared by using probability mod-els for the whole country, has predicted that there is an up to 45% chance of above average rain this month. The average rain in January is 37.6 mm which is calculated by taking average of past 20 years.

Last year only 1.1 mm rain was recorded in the whole month, which was also there on the last day of the month. Speaking about this, IMD Chandigarh director Surender Paul said, This has to do with western disturbances. This month we have an active WD likely to affect the city around January 5. Further we are expecting another WD in the second week of January as well." With more snowfall in the hilly reaches of Himachal Pra-desh, Paul said that chilly winds will continue for at least the first two weeks of the month. "The first two weeks of January are among the coldest of the year and with some snowfall in Himachal almost daily its effects will also be felt in the plains."

WITH MORE SNOW IN HIMACHAL CHILLY WINDS WILL CONTINUE FOR THE FIRST TWO WEEKS OF THE MONTH: IMD

While the long-range forecast also mentions that the city will have above normal minimum temperature and below normal maximum temperature, Paul said this correlates with rain as rain during the day leads to fall in temperature while cloudy weather and rain at night cause night temperature to increase. A spell of moderate to dense fog is also likely in the city during the start of the month, although as per Paul there are chances of a bit of sunlight on Thursday and Friday during the day.

Severe cold conditions continue for third day

The maximum temperature of the city fell from 11.8 °C on Tues-day to 11.3 °C on Wednesday, 6.9 degrees below normal. This is the third consecutive day with severe cold day conditions in the city. As per IMD, severe cold day conditions are declared when minimum temperature falls below 10°C and maximum temperature falls over 6.5 degrees below normal. Last year also

there was a long spell of severe cold day conditions at the start of the month, and the lowest that the day temperature fell was 9.4°C on January 21. Visibility fell down to 300 meters in the morning at 8.30 am as per the IMD. This is classified as moder-ate fog by the IMD, and visibility was able to improve to 900 meters by 11.30 am but remained below 1,200 meters during the day. The minimum temperature also fell from 9.4°C on Tuesday to 8.7°C on Wednesday, 1.5 degrees above normal. In the next three days, the maximum temperature will remain between ll'C and 15'C while the minimum temperature will remain between 9°C and 12°C.

UT extends LOI to Kolkata firm, gives time to deposit money till January 21

HINA ROHTAKI

CHANDIGARH, JANUARY 1

THE CHANDIGARH Administration has extended the LOI (Letter of Interest) to the power privatisation firm.

While speaking to The Indian Express, Chief Engineer CBOjha said that "the LOI has been extended until January 21".

This means that the firm has got time till January 21 to deposit it's money, which is Rs 870 crore, with the UT Administration.

Only after the money is deposited, the Chandigarh Administration will be handing over the assets of UT power department to the private firm under privatisation.

Ojha added, "In fact by the extended time, even the evaluator shall submit the report."

The UT Administration had floated a tender to appoint an evaluator who will examine the PF and other dues of the incumbent employees of the power department.

There are 1,100 employees in the power department, including outsourced employees.

Recently, the apex court had dismissed the plea of UT powermen against the Punjab and Haryana High Court order, paving the way for privatisation of electricity in Chandigarh.

The Eminent Electricity

Distribution Limited, the firm, has been issued the letter of intent and will be handed over the UT power department.

The firm gave the highest bid in the power privatisation project in 2021. Employees of the power department feel that they will be losing their jobs as power would be privatised.

Has to give Rs 871 crore

The Eminent Electricity Distribution Limited, a Kolkata-based company, had quoted Rs 871 crore against Rs 175 crore reserve price of the project. It is classified as a non-govt company and is registered at Registrar of Companies, Kolkata. Its parent company is the Calcutta Electric Supply Corporation, which is the Kolkata-based flagship company of the RP-Sanjiv Goenka Group, born from the erstwhile RPG Group, under the chairmanship of businessman Sanjiv Goenka.

A total of seven companies had come forward to bid in the race. At that time, these included Adani Transmission Limited, Tata Power, Torrent Power, Sterlite Power, Renew Wind Energy, NESCI (NTPc) and Eminent Electricity Distribution Limited.

Demonstration continues

Meanwhile, the demonstration by electricity employees continued and protests were held in all the offices during the lunch break.

Addressing the rallies, union president Amrik Singh, general secretary Gopal Dutt Joshi and others demanded cancellation of the "decision to sell the electricity department to a private company at a pittance and cancel the LOI issued to the company".

They alleged that the officials of the administration are "repeatedly flouting the rules and bidding process and are also violating the service conditions of the employees without taking the option from the employees. They are being forcibly handed over to a private company against their will"

Joshi alleged that the administration is going to hand over the department to a private company without deciding the service conditions of the employees and without taking their option.

They questioned that "how can anyone change the government status of the employees without asking them?"

Demanding complete cancellation of privatisation and cancellation of LOI, they warned that the day the department is handed over, a boycott will begin from the same day. adani

Citing 'high costs' by Adani firm, TN scraps smart meter tender

ARUN JANARDHANAN

CHENNAI, DECEMBER 31

IN A setback for the Adani Group, the DMK-led Tamil Nadu government has cancelled its global tender for procurement of smart meters — the Adani Energy Solutions Ltd (AESL) had emeged as the "lowest bidder" for it.

The state government's Tamil Nadu Generation and Distribution Corporation (Tangedco) scrapped the smart meter procurement tender, citing "high costs" quoted by AESL—the lowest bidder for one of the four packages that covered eight districts, including Chennai, Kancheepuram and Chengalpattu.

This package alone involved the proposed installation of over 8.2 million smart meters under the Centre-funded Rs 19,000 crore Revamped Distribution Sector Scheme (RDSS), which is envisaged for installing smart meters for all electricity connections in the state barring the agricultural ones.

The Tangedco officials said the prices quoted by the AESL to bag the tender were "unacceptable despite negotiations to bring down the costs".

All four tenders, floated in August 2023, have been cancelled, including those for the remaining three packages covering other districts, due to "administrative" reasons", sources in the Tangedco said, adding that the government would refloat the tenders soon.

The MK Stalin government's move comes a month after US prosecutors indicted Adani Group chairman Gautam S Adani, his nephew Sagar Adani and six others for allegedly offering Rs 2,029 crore in bribes to Indian government officials for securing "lucrative solar energy supply contracts" with state electricity distribution companies. The Adani Group has dismissed these allegations as baseless. The US indictment has at its centre the Centre-run Solar Energy Corporation of India (SECI).

Seizing on this development, the Opposition INDIA bloc, especially its leading member Congress, has escalated its attacks on the Adani Group. The DMK is a key constituent of the INDIA bloc.

In state political circles, the Stalin government's move to revoke the tenders has been attributed to the allegations surrounding the Adani Group.

Citing 'high costs' by Adani firm, TN Govt scraps smart meter tender

ARUNJANARDHANAN

CHENNAI, DECEMBER 31

IN A setback for the Adani Group, the DMK-led Tamil Nadu government has cancelled its global tender for procurement of smart meters — the Adani Energy Solutions Ltd (AESL) had emeged as the "lowest bidder" for it.

The state government's Tamil Nadu Generation and Distribution Corporation (Tangedco) scrapped the smart meter procurement tender, citing "high costs" quoted by AESL

— the lowest bidder for one of
the four packages that covered
eight districts, including
Chennai, Kancheepuram and
Chengalpattu.

This package alone involved the proposed installation of over 8.2 million smart meters under the Centre-funded Rs 19,000 crore Revamped Distribution Sector Scheme (RDSS), which is envisaged for installing smart meters for all electricity connections in the state barring the agricultural ones.

The Tangedco officials said the prices quoted by the AESL to bag the tender were "unacceptable despite negotiations to bring down the costs".

All four tenders, floated in August 2023, have been cancelled, including those for the remaining three packages covering other districts, due to "administrative" reasons", sources in the Tangedco said, adding that the government would refloat the tenders soon.

move comes a month after US prosecutors indicted Adani Group chairman Gautam S Adani, his nephew Sagar Adani and six others for allegedly offering Rs 2,029 crore in bribes to Indian government officials for securing "lucrative solar energy supply contracts" with state electricity distribution companies. The Adani Group has dismissed these allegations as baseless. The US indictment has at its centre the Centre-run Solar Energy Corporation of India (SECI).

Seizing on this development, the Opposition INDIA bloc, especially its leading member Congress, has escalated its attacks on the Adani Group. The DMK is a key constituent of the INDIA bloc.

In state political circles, the Stalin government's move to revoke the tenders has been attributed to the allegations surrounding the Adani Group.

The CM also pointed out that the Tamil Nadu electricity board had agreements with public-sector entities like the SECI for solar power procurement, not with Adani.

A pilot project conducted in

Chennai's T Nagar in 2018 saw the deployment of 1.1 lakh smart meters under the Smart City initiative, clearing the decks for its rollout across the state.

The tenders' cancellation has also raised questions about the smart meter project's cost-effectiveness. Under the DBFOOT (Design, Build, Finance, Own, Operate, Transfer) model, the Advanced Metering Infrastructure Service Providers (AMISPs) would install and maintain the smart meters, with the Tangedco repaying costs on a per-meter-permonth basis over 10 years.

The AESL, already implementing similar projects in states like Maharashtra and Bihar, was said to have quoted a higher price for Tamil Nadu as compared to other states. "The Adani Group's bid was significantly higher than the Rs 120 per meter per month it quoted elsewhere," Tangedco sources said.

Currently, Tamil Nadu is leading the RDSS initiative with a sanctioned plan for over 30 million smart meters. The installation of smart meters is projected to reduce the state's aggregate technical and commercial losses from 16% to 10%, while enhancing billing efficiency and enabling more effective tariff planning.

An expert who advises the Tangedco on policy said, "The tender cancellation may be all about a cautious approach to avoid allegations of favouritism towards Adani, given the controversies gripping the Group's business practices, both domestically and internationally."

IN FEBRUARY 2024, Chander Prakash Chhabra flew to Malaysia and Singapore for a family vacation — his first international light in nearly 25 years. By the end of that trip, Chiabra, one of the survivors of the IC-st Kandahar Hijack, who came back home on January 1, 2000 after a most traumatic hostage ordeal, had managed to slay the demons of his past. HAPPY NEW YEAR

India's 2024 verdict told both Government and Opposition to reset, rethink. Hopefully, that will happen in 2025

NEW YEAR calls for a new courage, a renewed political imagination. The 2024 Lok Sabha election mandate paved the way for a break with the same old. The Narendra Modi government came back to power but the voters denied it a majority — 0their message to it was that it needed to press the refresh button. The Opposition was given a greater voice but not power — the voters were giving it more space for manoeuvre in which to reboot. Six months later, as they step into the new year, both sides need to ask themselves whether they have taken heed of the voters' unsubtle nudge. Has a government that has entered its third term, despite its reduced numbers and because of them, acknowledged its responsibility to break new ground? Has an Opposition that has climbed out of a long and steep downslide used its hard-won visibility to shore up an alternative more engaging and persuasive? The answer to both these 2024 questions is, unfortunately, no. And therein lies the challenge that 2025 brings.

With its impressive victories in the assembly elections of Haryana and Maharashtra, the second one a comprehensive sweep, the Modi government has the political capital it needs to cushion itself from the short-term blow-backs of the much-needed big moves. And in a year with only two major elections — 2025 will be book-ended by the Delhi and Bihar polls - it has a crucial opening and expanse in which to take its eye off the election calendar. The upcoming budget will be an opportunity it cannot afford to miss to usher in long delayed reforms - on getting government out of business so that it can focus on governance, building knowledge capacities for the future, or on rationalising spending by moving from market-distorting subsidies to cash transfers, and on recognising the limits of cash transfers as stand-ins for enhancing state capacity and delivery. It could be said that with growing pressure on the rupee, with GDP growth slowing down and foreign flows waning, the hard decisions can no longer be deferred. Boldness has arguably been thrust upon the Modi government. It only remains to be seen whether and how it steps up to it. Of course, underlying the economic and governance task will be the fundamental political challenge. Can the Modi-BJP, now a three-time winner, let go of the anger and insecurity that has become for it a source of primal energy? Can it find the confidence and large-heartedness - and the outreach - that can make more credible its claims to "sabka vishwas" in a land of great diversities?

The Opposition's challenge is, if anything, more arduous, So far, after the Lok Sabha verdict which brought it back into the reckoning, the Congress has shown only a risk-averse return to old slogans on caste and not-so-old spectres featuring the Constitution-in-danger or Adani emblazoned on pieces of clothing. For the rest, its face-off with the BJP reeks of a me-too-ness, most conspicuously in its attempts to out-bid the BJP in the lazy politics of cash transfers. In the new year it must make its own ground, find its feet. Let 2025 be the year of ideas and of the imagination. Happy New Year.

MUMBAI, DECEMBER 31

AS MUMBAI steps into 2025, the city is on the brink of a major infrastructure transformation. A fully functional underground metro, India's largest greenfield expressway, which aims to revolutionise road connectivity, and the resurfacing of over 50 per cent of the city's roads are a few ambitious projects set for completion. Mumbai will also see the inauguration of its second airport after 82 years.

A look at the infrastructure projects that would reshape Mumbai's travel landscape in the new year.

Navi Mumbai International Airport

Travellers in the Mumbai Metropolitan Region (MMR) will finally have access to a second airport with the inauguration of the Navi Mumbai International Airport (NMIA) on April 17, 2025. With domestic flights set to commence in May and international services expected by July, NMIA will ease the pressure on the already overburdened Chhatrapati Shivaji Maharaj International Airport.

In its first phase, NMIA will handle 20 million passengers annually, with future expansion plans that will raise capacity to 50 million by 2029. The new airport is expected to improve air travel options and provide much-needed relief to residents of MMR.

ground metro will be fully operational in 2025. The 33.5-km Metro 3 line, which connects Colaba to SEEPZ via Bandra, looks to revolutionise public transport in the city. While some sections opened in 2024, the entire line is set to be completed by the end of 2025, easing the pressure on Mumbai's overcrowded local trains and providing a faster, air-conditioned alternative. The metro's completion will drastically cut down travel times and boost overall connectivity across key areas of the city.

Samruddhi Mahamarg

India's largest greenfield road project spanning 701 km, Samruddhi Mahamarg, will be fully operational by mid-2025, connecting Mumbai and Nagpur via a smooth, high-speed high-way. The final phase, covering 76 km from Igatpuri to Thane, is currently under construction. Once complete, the highway will bypass the challenging Kasara

Chat section, making the Mumbai-Nagpur journey possible in just 8 hours—down from the current 12-hour travel time. The highway's completion promises to bring significant benefits to business and logistics along this crucial route.

International cruise terminal

Mumbai is set to become a major hub for international cruise tourism with the opening of the Ballard Pier Extension (BPX) cruise terminal in 2025. Once completed, BPX will handle up to 500 cruises annually, handling approximately 1 million passengers. This state-of-the-art terminal will elevate Mumbai's profile as a key destination for global cruise liners, boosting the city's tourism sector and further integrating it into the global travel circuit.

Mumbai-Pune Missing Link project

Travel between Mumbai

and Pune will become faster starting June 2025 with the completion of the Missing Link project. A critical segment the Mumbai-Pune Expressway, this new stretch will reduce the distance between Khopoli and Sinhagad Institute by 6 km, cutting travel time by approximately 25 minutes. This project, which includes tunnels and cable bridges, will offer a smoother, quicker route and improve connectivity between the two cities.

SCLR Extension

The Santacruz-Chembur Link Road (SCLR) Extension is expected to be operational by early 2025. This 4.2-km stretch will connect Kurla to the Western Express Highway at Vakola Junction, easing traffic flow through BKC and Vakola. Once open, the extension will significantly reduce congestion in some of Mumbai's busiest areas.

Airoli-Katai Naka Road

A key infrastructure development in the eastern suburbs, the Airoli-Katai Naka Tunnel Road is part of a 33.8-km, sixlane road that connects Airoli to the Kalyan-Shilphata corridor. Slated for completion in 2025, this project will reduce travel time between Airoli and Shilphata.

Panvel-Karjat Rail Corridor

Part of the Mumbai Urban Transport Project (MUTP-3), the Panvel-Karjat Rail Corridor will significantly reduce travel time between Karjat and South Mumbai. Set to be completed by December 2025, the 29.6kilometer corridor will cut down the journey time from 2.5 hours to just 1.5 hours, and enhance access to business hubs like Airoli and Vashi.

New bridges in Mumbai

Mumbaikars will soon bene-

fit from three vehicular bridges: the Carnac Bridge, Vikhroli ROB, and Bellasis Bridge, aimed at easing congestion in some of the city's most crowded areas. These bridges will improve connectivity in the island city and the eastern suburbs. The Carnac and Vikhroli Bridges are expected to open by May 31, 2025, while the Bellasis Bridge is scheduled for completion by October 2025.

Goregaon-Mulund Link Road (GMLR)

Beginning in August 2025, the Brihanmumbai Municipal Corporation (BMC) will commence the boring of twin tunnels for the ambitious Goregaon-Mulund Link Road project. This Rs 6.548 crore initiative will connect the Western Express Highway to Mulund, significantly reducing travel time from up to 90 minutes to just 25 minutes. The 12-km project is expected to be completed by 2028, marking a major milestone in easing traffic congestion between the western and eastern suburbs.

Road concretisation

In 2022, then CM Eknath Shinde announced a project to concretise 397 km of Mumbai's roads at a cost of Rs 6,300 crore to eliminate potholes. However, progress has been slow, with work beginning in February 2024, a year after orders were issued. By monsoon, only 9 per cent of the work was completed. Civic officials are now focused on an aggressive timeline, aiming to complete 70 per cent of the project by the end of 2025. With an eight-month window excluding the monsoon, the target is to finish 1 km of road daily

Citing 'high costs' by Adani firm, TN Govt scraps smart meter tender

ARUN JANARDHANAN

CHENNAL DECEMBER 31

IN A setback for the Adani Group, the DMK-led Tamil Nadu government has cancelled its global tender for procurement of smart meters — the Adani Energy Solutions Ltd (AESL) had emeged as the "lowest bidder" for it.

The state government's Tamil Nadu Generation and Distribution Corporation (Tangedco) scrapped the smart meter procurement tender, citing "high costs" quoted by AESL — the lowest bidder for one of the four packages that covered eight districts, including Chennai, Kancheepuram and Chengalpattu.

This package alone involved the proposed installation of over 8.2 million smart meters under the Centre-funded Rs 19,000 crore Revamped Distribution Sector Scheme (RDSS), which is envisaged for installing smart meters for all electricity connections in the state barring the agricultural ones.

The Tangedco officials said the prices quoted by the AESL to bag the tender were "unacceptable despite negotiations to bring down the costs".

All four tenders, floated in August 2023, have been cancelled, including those for the remaining three packages covering other districts, due to "administrative reasons", sources in the Tangedco said, adding that the government would refloat the tenders soon.

The M K Stalin government's move comes a month after US prosecutors indicted Adani Group chairman Gautam S Adani, his nephew Sagar Adani and six others for allegedly offering Rs 2,029 crore in bribes to Indian government officials for securing "lucrative solar energy supply contracts" with state electricity distribution companies. The Adani Group has dismissed these allegations as baseless. The US indictment has at its centre the Centre-run Solar Energy Corporation of India (SECI).

Seizing on this development, the Opposition INDIA bloc, especially its leading member Congress, has escalated its attacks on the Adani Group. The DMK is a key constituent of the INDIA bloc.

In state political circles, the Stalin government's move to revoke the tenders has been attributed to the allegations surrounding the Adani Group.

Earlier this month, Stalin denied claims that he had met Gautam Adani, challenging the NDA parties, including the BJP and the PMK, to back the demand for a Joint Parliamentary Committee (JPC) probe into the Adani Group's operations.

"Neither Adani met me nor I met him. Do you need any more explanation on this?" Stalin said in the Assembly, dismissing accusations of his government's ties with the Adani Group. The CM also pointed out that the Tamil Nadu electricity board had agreements with public-sector entities like the SECI for solar power procurement, not with Adani.

A pilot project conducted in Chennai's T Nagar in 2018 saw the deployment of 1.1 lakh smart meters under the Smart City initiative, clearing the decks for its rollout across the state.

The tenders' cancellation has also raised questions about the smart meter project's cost-effectiveness. Under the DBFOOT (Design, Build, Finance, Own, Operate, Transfer) model, the Advanced Metering Infrastructure Service Providers (AMISPs) would install and maintain the smart meters, with the Tangedcorepaying costs on a per-meter-permonth basis over 10 years.

The AESL, already implementing similar projects in states like Maharashtra and Bihar, was said to have quoted a higher price for Tamil Nadu as compared to other

"The Adani Group's bid was significantly higher than the Rs 120 per meter per month it quoted elsewhere," Tangedco sources said.

Currently, Tamil Nadu is leading the RDSS initiative with a sanctioned plan for over 30 million smart meters. The installation of smart meters is projected to reduce the state's aggregate technical and commercial losses from 16% to 10%, while enhancing billing efficiency and enabling more effective tariff planning. adani

The Air Intelligence Unit (AIU) of Customs has arrested a 24-year-old man for allegedly smuggling gold worth Rs2.1 crore from Maldives. Inaamul Hassan, who is from Bhatkal in Karnataka, is said to have hid the gold in the aeroplane's lavatory. The AIU officials believe that some airport staff is in cahoots with the smuggling syndicate, and was entrusted with the retrieval of the gold and its passage out of the airport.

According to the Customs sources, specific intelligence was received on Tuesday that Hassan, a passenger travelling from Male to Mumbai, had concealed smuggled gold in the aircraft.

Upon searching the flight, the AIU claimed to have found 13 pouches containing gold hidden in the lavatory's light panel. Meanwhile, Hassan was also intercepted at the arrival hall.

"During interrogation, he confessed to concealing the gold in the lavatory of the aircraft," said a Customs source. He said that he got into the illicit business to make money, the source added. The agency sources are now probing from where Hassan had procured the gold and who was supposed to receive the said consignment.

Recently, the Directorate of Revenue Intelligence had busted a syndicate wherein certain passengers acted as carriers for gold smuggled into India. After arriving in India, they used to conceal the contraband in the aircraft waste cart, which used to be retrieved by another syndicate member. The precious metal would finally be handed over to a woman receiver, said the agency officials.

Officers of the Directorate of Revenue Intelligence (DRI) have busted a syndicate involved in smuggling gold into India without legal documentation. The sleuths recently apprehended the woman receiver in connection with a gold smuggling case valued at Rs 2.67 crore.

The DRI officials had received specific intelligence that on November 9, 2024, a assenger was travelling from Abu Dhabi to Mumbai carrying foreign origin gold. As per the intelligence, after his arrival at Mumbai airport, the passenger would be leaving the gold in the aircraft itself. The said gold would be subsequently retrieved by one airport staff A Barmare. After retrieval, the said gold would be handed over by Barmare to another airport staff member S Phoolwala who would attempt to smuggle the gold out of the airport. Acting on the said intelligence, officers intercepted Phoolwala at the airport.

During the search of Phoolwala, officials recovered two packets containing gold dust embedded in wax, weighing 3,350 grams and valued at Rs 2.67 crore. She confessed that she partici-pated in the smuggling operation because it was lucrative and carried a low risk of detection. Phoolwala was paid Rs10,000 for every consignment smuggled out of the CSMI airport, while Barmare received Rs10,000 for retriev-ing each consignment. "Further investigation

State cancels smart metering tender awarded to Adani Group

The Hindu Bureau

CHENNAI

Tamil Nadu's ambitious smart meter project to modernise electricity billing has been stalled, after the Tamil Nadu Power Distribution Corporation Limited (TNPDCL) cancelled the tender awarded to Adani Energy Solutions Limited, part of the Adani Group.

Confirming the cancellation of the tender for procuring smart meters, a senior official of Tangedco said that currently, Adani was the only company making smart meters in the country.

Officials of TNPDCL conducted negotiations with the company officials, and found that the price quoted was high.

The senior electricity official said that at a time when several States were planning to install 30 crore smart meters, with Tamil Nadu alone needing nearly 1.20 crore smart meters, it was not possible to stick to the delivery schedule.

Modernisation project

TNPDCL had planned to modernise electricity meters at a cost of ₹19,000 crore for nearly 1.20 crore customers in three phases. The smart meter project was to be implemented under the Revamped Distribution Sector Scheme (RDSS).

Adani Energy Solutions Limited has presence in various facets of the energy domain, including power transmission, distribution, smart metering, and cooling solutions.

As per an investor presentation made by Adani Energy Solutions, the company has a smart meter portfolio of 22.8 million, with a contract value of ₹27,200 crore. In an earnings call in October last year, the company said it expected the Tamil Nadu bid to be closed in a couple of months.

The tender cancellation comes in the wake of the indictment of Adani Group chairman Gautam Adani in New York over allegations of bribery and fraud. The group has denied the allegations.

The names of several State discoms, including that of Tamil Nadu, were included in the indictment.

Confirming the cancellation of the tender for procuring smart meters, a senior official said that currently, Adani was the only company making smart meters in the country.

Officials of TNPDCL conducted negotiations with the company officials, and found that the price quoted was high.

TNPDCL had planned to modernise electricity meters at a cost of ₹19,000 crore for nearly 1.20 crore customers in three phases. The Hindu • 02 Jan • Adani Airports Holdings Ltd. (AAHL)

TN scraps deal with Adani co; likely to go for retender

DC CORRESPONDENT CHENNAL JAN. 1

The Tamil Nadu Power Distribution Corporation which has scrapped all the four tenders for procuring smart electricity meters is likely to go for a retender as the electricity distribution company has to complete the tender process by March 2025 and begin installation without delay.

The process was initiated under the Union government's revamped electricity distribution sector scheme, which mandated the completion of the project in the current financial year. A failure to implement the smart meter project on time could lead to the conversion of the subsidy provided under the scheme into loans.

Playing it safe

Smart meter project is under central govt scheme.

TNPDC CANCELLED the tenders as the price quoted by the lowest bidder Adani Energy Solutions Ltd was found to be on the higher side. The company quoted lower prices in Puducherry.

The company has to complete the tender process by March 2025 and begin installation without delay.

The company cancelled the tenders as the price quoted by the lowest bidder Adani Energy Solutions Ltd (AESL) was found to be on the higher side.

The tenders were floated as four packages in August 2023 and AESL was the lowest bidder for package 1 that was for installing over 82 lakh smart meters in eight districts, including Chennai, and involved installation of over 82 lakh smart meters, a source said, adding that the cancellation happened on December 27, 2024.

The reason behind the cancellation of the tenders for all the four packages was because AESL, that initially quoted Rs 120 for a single phase meter and Rs 169 for a three-phase meter for operation and maintenance and then brought the rates down to Rs 96 and Rs 139, had quoted Rs 70 and 120 for similar meters in Puducherry.

TNPDCL may float fresh tenders soon, as deadline for project is set for March 2025

S GURUVANMIKANATHAN

@ Chennai

TAMIL NADU Power Distribution Corporation has cancelled the tenders floated as four packages in August 2023 for procuring smart meters as part of centre's Revamped Distribution Sector Scheme.

The decision was taken during the recent board meeting, though an official announcement is yet to be made. Sources indicate that the power utility is expected to float fresh tenders soon, as the deadline to implement the scheme is set for March 2025.

TNIE was the first to report on December 5, 2024 that Adani Energy Solutions was the lowest bidder in the first package of the project.

An official said, "AESL had initially quoted ₹120 for single-phase meters and ₹169 for three-phase meters as per metre per month charge for operation and maintenance. During negotiations, the company agreed to reduce the rates to ₹96 and ₹139 respectively. However, AESL had quoted ₹70 and ₹120 for similar meters in Puducherry." TNPDCL therefore decided to cancel tender, he added.

TNPDCL is yet to make progress in its target of installing 3 crore meters. "If it fails to implement the project on time, the subsidy provided may be converted into loans," the official added.

CONGRELEVANCE IN OPPN ALLIANCE

ROAD AHEAD FOR OPPN UNITY SEEMS TO BE ROCKY WITH SEVERAL INDIA BLOC ALLIES CALLING FOR INTROSPECTION BY THE GRAND OLD PARTY ON THE POLL LOSSES

Despite the good showing of Congress in the 2024 Lok Sabha elections with the support of its INDIA bloc allies, the grand old party failed to act as a glue for the grouping — A political observer

PREETHA NAIR @ New Delhi

little over six months ago, the Congress-led opposition INDIA bloc — the grouping of more than two dozen parties — was on a roll after an impressive performance in the 2024 Lok Sabha elections. However, the bloc's demoralising defeat in the recent assembly elections in Maharashtra and Haryana has once again brought internal contradictions and crucial questions on leadership to the fore.

While the main player, Congress, which sees itself as the fulcrum of the opposition unity, faces questions of its relevance and survival, the road ahead for the Opposition unity seems to be rocky. Several INDIA bloc constituents have been called for serious introspection by the Congress on the electoral losses. The latest point of friction has come from Delhi, which goes to polls early next year.

In a significant setback to the Congress, one of the critical players in the INDIA bloc, the AAP, threatened to remove the former from the bloc, putting the much-vaunted Opposition unity on shaky grounds. Significantly, they jointly fought the Lok Sabha elections in the seven seats in Delhi, which the BJP swept. The threat came on the heels of several key constituents of the INDIA bloc endorsing West Bengal Chief Minister Mamata Banerjee to lead the alliance.

Political observers say that despite the good showing of the Congress in the 2024 general elections with the support of its allies, it failed to act as a glue for the grouping. Though the INDIA bloc secured 238 seats, gaining over 100 seats, disagreements cropped up after Congress' poor show in Haryana, J&K and Maharashtra.

Trouble mounted for the Congress after its demanding ally, TMC chief Mamata Banerjee, expressed dissatisfaction with the INDIA bloc's functioning while signalling her intent to take charge of the alliance if given the opportunity. The TMC, which enjoys a formidable position in West Bengal, further bolstered its position by defeating the BJP in recent bypolls.

The fissures in the alliance were apparent during the just-concluded winter session of Parliament when another key player, the Samajwadi Party, flexed muscles and distanced itself from joining Congress in raising the 'Adani issue'. With 37 members in the Lok Sabha, the SP plays a vital role in the alliance.

Though another key partner in Tamil Nadu, the DMK, has not joined other parties in raising leadership questions, it stayed away from joining the Congress on the 'Adani issue' in Parliament. MK Stalin-led DMK is a key partner in the INDIA bloc with 21 seats.

CHENNAI: Tangedco's decision to scrap the smart meter procurement tenders is likely to hurt the State government financially, with the State being denied additional borrowing up to 0.5 per cent of its GDP, estimated to be around Rs 30,000 crore, for not meeting targets set under the Centre-funded Revamped Distribution Sector Scheme (RDSS).

In addition, the Rs 9,000 crore sanctioned for Tamil Nadu as gross budgetary support under RDSS could be forfeited and converted into a loan for failing to meet the set performance targets.

Out of the 19.79 crore smart meters sanctioned across the country under the scheme, Tamil Nadu was allotted the highest of 3 crore meters. But so far, it has not installed even a single one.

As DT Next reported on December 31, Tangedco cancelled all four tenders, including the first package in which Adani Energy Solution emerged as

the lowest bidder, on December 27 and 28.

Under RDSS, additional borrowing would be allowed only if the states meet the eligibility criteria for each year and then meet the performance target for each phase of the project, including awarding the contracts, and installation and commissioning of the meters.

Sources told *DT Next* that Tangedco would write to the Ministry of Power to extend the deadline for project implementation. Not only Tamil Nadu, but most states are lagging in meeting the targets set by the union government, sources said, expressing confidence that tender cancellation would not have any financial implications. "Soon a retender would be floated with more packages to ensure the participation of more bidders," sources said.

Scheme meant to boost power reforms

At the meeting of State Finance Ministers in June, Finance Minister Thangam Thennarasu urged Union Finance Minister Nirmala Sitharaman to exclude the loans taken by State governments for covering the losses of distribution companies (discoms) from the calculation of fiscal deficit and borrowing ceilings of the State.

"Currently, to get an additional borrowing space of 0.5%, which is Rs 30,000 crore, the State government should take over Rs 52,000 crore of discoms' losses," he said in the memorandum.

The five-year revamp scheme was launched in July 2021 to support distribution utilities to improve operational efficiencies and financial sustainability of the distribution sector to provide a quality and reliable supply of power. The scheme has two major components - loss reduction and smart metering.

Under the first one, Tangedco has awarded a Rs 9,307.64 crore project to take up works, including agricultural feeder segregation, high-voltage distribution system, etc.

The bids for smart meter component were floated in August 2023 to install 3 crore smart meters, 4.72 lakh distribution transformers metering, 16,974 feeder metering and 1,300 boundaries metering. Union Power Minister Manohar Lal told the Rajya Sabha on December 2 that the scheme, which links central assistance to the State's performance, was designed to nudge states to take necessary power sector reforms.

Tangedco backed off after our opposition: PMK

CHENNAI: PMK president Anbumani Ramadoss claimed on Tuesday that the cancellation of Smart Meter tenders by Tangedco was a victory for his party as it sought cancellation of the bids and urged the utility to implement the smart meter project on its own. In a statement, he said that his party on December 6 raised the question of who would bear the financial loss to be suffered by Tangedco as the prices of smart meters fell since the smart meter bids were invited in August 2023. "I had insisted that the smart meter tender should be cancelled. It has now happened. This is a victory for the PMK," he said. He demanded that instead of going for the re-tender, Tangedco should implement it on its own.

Union hails move to drop smart meter tender

- CHENNAI: The CITU-affiliated Central Organisation of Tamil Nadu Electricity Employees (COTEE) has welcomed the cancellation of the smart meters procurement tenderrs and demanded Tangedco to implement the project in a phased manner.
- Adani Energy Solutions Ltd (AESL) had bagged the contract, putting the State government under severe pressure as the promoter is in the eye of the storm over bribery allegations, as per a US government investigation. "We have been demanding the state government to stop the implementation of smart me-

ter projects based on the TOTEX model of private smart meter contracts as per the directive of the Union Ministry of Power under the Revamped Distribution Sector Scheme (RDSS). Now the utility has cancelled the tenders for the smart meter project," COTEE secretary S Kannan said.

Under the TOTEX model, the private smart meter companies would be responsible for installing, operating and maintaining the smart meter infrastructure. He said that consumers would be forced to pay rent for the smart meters for 10 years. He demanded the State government adopt the approach of the Kerala government, which has opposed the TOTEX model.

OUR SPECIAL CORRESPONDENT

Mumbai: Stock markets bid goodbye to 2024 on a not so good note with the benchmark Sensex ending lower 109 points and experts forecasting moderate returns in 2025.

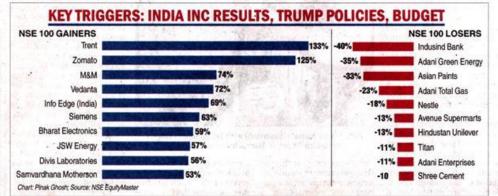

In the last session of 2024, the 30-share Sensex plummeted 687.34 points to touch a low of 77560.79. However, it recouped part of these losses to end with a loss of 109.12 points or 0.14 per cent at 78139.01. On the NSE, the broader Nifty 50 fell marginally 0.10 points to settle at 23644.80.

In 2024, the Sensex jumped 5896.75 points thereby giving a return of 8.16 per cent whereas the Nifty surged 1913.4 points or 8.80 per cent.

However, the broader markets have again outperformed with the Nifty midcap 50 index rising 21 per cent, the Nifty smallcap 50 index 25.3 per cent and the Nifty 100, 20.04 per cent

Last year, the benchmark indices had showed solid gains when they jumped 18.8 per cent and 20 per cent, respectively, over 2022.

The relatively lower returns have been attributed to expensive valuations, muted

earnings and FPI outflows. 2024 was also marked by key events that included the general elections where the ruling BJP did not get a majority on its own, and the Israel-Iran conflict.

During the year, the Sensex hit a record peak of 85978.25 on September 27 and the Nifty 50 touched a lifetime high of 26277.35.

However, they have slipped from these highs with foreign investors aggressively pressing the sell button particularly in the secondary markets.

Stocks have been rattled by the US Federal Reserve which indicated slower pace of interest rate cuts in 2025 and also the election of Trump who is expected to bring in protectionist policies leading to higher inflation.

Market analysts feel that this will increase the attractiveness of assets such as the US dollar and treasuries leading to outflows from emerging markets.

Brokerages feel in the near term, stocks will react to the earnings season which will kick off from January 13 when HCL Technologies declares numbers for the third quarter ended December 31, 2024. This will be followed by Infosys on

While the third quarter is a seasonally weak period for IT companies, analysts remain divided on whether October-December 2024 will show some improvement for other sectors on a sequential basis.

Twin developments

The earnings season will also coincide with Trump taking charge as the 47th President of the United States. Reverberation of his policies will be felt on riskier assets such as stocks and even the rupee.

This will be followed by

the Union budget. The hope is that finance minister Nirmala Sitharaman will address the issue of a slowdown in urban demand by giving tax reliefs. The stock markets are also expecting that she will give some good news on long-term capital gains tax (LTCG).

For now, brokerages are projecting that the Nifty could rise 8-10 per cent in 2025. While Citi has a December 2025 target of 25000, it is 27,000 for Goldman Sachs, 26500 for Bank of America Merrill Lynch and 26600 for Jefferies.

A note from Geojit Securities says the uncertainty surrounding Trump's economic policies and high valuation may impact the stock market in the short term, particularly in emerging markets.

"There are no signs of recession, though tapering could influence valuations. A balanced approach, including specific stocks and sectors, along with investments in gold, silver, and debt instruments, is essential for portfolio stability," the brokerage said.

It is forecasting a base target of 26300 for December 2025 suggesting a moderate return of around 11 per cent from the current levels supported by expected earnings revamp from Q3.

Swapnil Aggarwal, director, VSRK Capital, said as investors approach 2025, the domestic stock market could see a year of moderate growth, with sector-specific opportunities in capital goods and infrastructure, financial Services, IT, healthcare and pharmaceuticals.

"Investors should approach the market with caution, balancing the opportunities with the inherent risks. Overall, 2025 promises sector-specific growth, but careful navigation of the market will be key to successful investing", he said. The Tribune • 02 Jan • Adani Energy Solutions Ltd. (AESL)

NEW DELHI

The Indian stock market began the new year on a positive note, with the Sensex closing 443.09 points higher at 78,582.10, marking a strong start for 2025. The NSE Nifty too closed at 23,742.90, up by 98.10 points.

The broad market showed a mixed performance, with 37 stocks advancing and 13 declining from the Nifty 50 index.

Among the top gainers were Maruti, M&M, LT, Bajaj Finance, and Tata Motors, which saw strong upward movements, while Hindalco, Dr Reddy's, Adani Ports, ONGC, and Tata Steel struggled, contributing to the decline in the Nifty.

Vinod Nair, Head of Research at Geojit Financial Services, attributed the positive market opening to a broad-based recovery. He noted that the

sustainability of this trend would depend on earnings growth in the upcoming Q3, with expectations positive on a quarter-on-quarter basis.

"The market started on a positive note on the first day of 2025. The recovery was broad-based, while the sustainability of the trend will depend on the earnings growth in Q3, where the expectation is positive on a QoQ basis. An uptick in core sector data and the prospect of a ramp-up in capex spending by the government in the remaining part of the fiscal-aided sectors like capital goods, industrials, auto, and power," Nair added. The market's performance on the first trading day of 2025 set a positive tone, though investor sentiment will remain closely tied to the forthcoming earnings season and macroeconomic indicators. As the year progresses, the focus will likely shift to the sustainability of growth across key sectors.

The Indian stock markets began the first trading session of 2025 with slight gains and consolidated on it later in the day while most of the global markets remained closed for New Year celebrations.

Both the Sensex and Nifty 50 delivered strong performances in 2024, with each index climbing over 8%, despite recent pullbacks from their peak levels.

However, concerns over slowing consumption and sluggish capital expenditure are pressuring corporate earnings, leaving investors hopeful for stimulus measures from the government and Indian businesses to spur growth in 2025.

Tamil Nadu govt cancels Smart Meter contract to Adani over pricing issue

STATESMAN NEWS SERVICE

CHENNAI, 31 DECEMBER

In a significant development, the Tamil Nadu government has cancelled global tender for smart meters procurement despite Adani Energy Solutions Ltd (AESL) being the lowest bidder. The Tamil Nadu Generation and Distribution Corporation Ltd, has cited the high cost exceeding its budget as the reason.

It is a victory for the anti-

corruption NGO, Arappor Iyakkam, which has been campaigning for long against awarding the contract to the Adani Group, alleging huge scale corruption in it. The opposition Pattali Makkal Katchi (PMK) has also opposed the move.

According to Tamil Nadu Generation and Distribution Corporation Limited (TANGEDCO) sources, the decision was taken following failure of negotiations to bring down the price. Now,

the state-runt utility is planning to issue a fresh global tender for the smart meters. Installing smart meters is part of the Rs 19,000 crore project - Revamped Distribution Sector Scheme which excludes agricultural connections. The Union Government has offered a subsidy of Rs 900 per meter.

The Adani Group emerged as the lowest bidder for the package -1 of the project, involving 82 lakh smart meters in 8 districts including Chennai, The tenders floated for three other packages also stand cancelled. Meanwhile, Arappor Iyakkam has called for a demonstration on January 5 in Chennai to highlight the corruption in the TN Electricity Board and Adani Groups' 'involvement'. The anti corruption watchdog is spearheading a campaign to register an FIR in the coal import scam.

गिरणी कामगार हक्काच्या घरापासून वंचित

धारावी, बीडीडी चाळ पुनर्विकासात कामगारांना प्राधान्य देण्याची मागणी

मुंबई: कामगारांना हक्काचे घर मिळावे यासाठी राज्य सरकारने १५ मार्च रोजी जारी केलेला अध्यादेश तातडीने रद्द करावा. नायगाव येथील बीडीडी चाळीच्या पुनर्विकासात गिरणी कामगारांना घरे मिळावीत यासाठी प्राधान्यक्रम देण्यात यावा, अशा विविध मागण्यांच्या पूर्ततसाठी राष्ट्रीय मिल मजदूर संघ मुख्यमंत्री देवेंद्र फडणवीस यांची भेट घेणार आहे. राष्ट्रीय मिल मजदूर संघाने तसे पत्र मख्यमंत्र्यांना दिले आहे.

गिरणी कामगारांच्या घर बांधणीसाठी १५०० कोटी रुपये निधी देण्याचा निर्णय या आधीच्या शासनाने घेतला आहे. तर मुंबई महानगर प्रदेश क्षेत्रात "शेलू" येथे गिरणी कामगार गृह निर्माण प्रकल्प राबविण्याचा शासन निर्णय १६

पनवेल येथील घरांची सोडत कागदावरच

मुंबई महानगर प्रदेशमध्ये इंडिया बुलच्या जागेवर ३२० चौ.फुटाची २४९७ घरे सहा लाख रुपये किमतीत देण्यात आली.कोविडच्या काळात ही घरे घेण्यास गिरणी कामगारांना विलंब झाला.त्यांची किमत आजही ६ लाख रुपये आहे.त्या शिवाय टाटा हाऊसिंग, राजनोळी, ठाणे, विनय अग्रवाल शिलोटर, रायचुरी,रायगड,में.सा न्वो व्हिलेज- कोल्हे पनवेल या ठिकाणची २५२१ घरांची सोडत अद्याप काढण्यात आलेली नाही. त्यांची किमत आजही सहा लाख रुपये आहे! या या संदर्भात आम्ही म्हाडाला अनेक वेळा पत्र व्यवहार केला आहे.तेव्हा "शेलू"हे गाव कर्जत-मुंबई पासून दूरवर असल्यामुळे तीनशे फूट क्षेत्रफळाची घरे ५ लाख ५० हजार रुपये किमतीत मिळावयास हवीत,अशी मागणी राष्टीय मिल मजदर संघाने केली आहे.

सप्टेंबर २०२४ रोजी गृहनिर्माण विभागाने जाहीर केला आहे. तसेच पात्र कामगारांना घरे वितरीत करण्याचा निर्णयही घेतला आहे. मात्र या प्रकल्पात राष्ट्रीय मिल मजदूर संघाने समाविष्ट व्हायचे की नाही, या संदर्भातील निर्णय संघाच्या संयुक्त प्रतिनिधी मंडळाच्या बैठकीत होणार आहे. तत्पूर्वी राज्य सरकारने १५ मार्च २०२४ रोजी जो अध्यादेश पारीत केला आहे, त्यातील कलम १७ मधील जाचक अट म्हणजे घराचा हक्क डावलण्याचा कामगारद्रोही प्रयत्न आहे. गिरणी कामगारांचे मुंबईसाठी योगदान लक्षात घेता कलम १७ त्वरित रद्द करण्यात यावा, अशी मागणी राष्ट्रीय मिल मजदूर संघाने लावून धरली आहे.

सोडतीत घर लागले आणि ते घर जर कामगाराने नाकारले तर त्याचा अर्ज रद्द करणे, हा निर्णय मान्य नाही. घराचा हक्क कामगारांनी आपल्या लढ्यातून मिळविला आहे. तेव्हा "सेलू" येथे घर नाही, घेतले तरी त्याचा घरांचा हक्क कायम राहीला पाहिजे,अशी मागणी मुख्यमंत्री देवेंद्र फडणवीस यांना करण्यात येणार आहे.

मुंबईत आजही इंडिया युनायटेड मिल क्रं ४ च्या जागेवर ६ गिरणी कामगारांना घरे बांधण्यात येणार आहेत.

लाडक्या उद्योगपतीसाटी राजा उदार

धारावीचे पुनर्वसन करण्यासाठी बाहेरील जागा देण्याची गरज मान्य केली, तरी त्यासाठी प्रथम सर्व झोपड्यांचे सर्वेक्षण होणे गरजेचे आहे. ते पूर्ण झालेलेच नसताना स्थानिकांना धारावीबाहेर घरे देण्याचा विचार सुरू आहे. धारावीचा प्रश्न केवळ तेथील रहिवाशांपुरता मर्यादित नाही, मुंबईतली शेकडो एकर जागा एकाच 'लाडक्या' उद्योगपतीकडे जाते आणि राजकारणी गप्प राहतात, असे का?

ख. री. मुंबईकर

kharee.mumbaikar@gmail.com

सोन्याहन अधिक किंमत जेथील जिमनीला आहे अशी राज्याची राजधानी मुंबईत पुनर्विकासाच्या नावाखाली आणि धारावीच्या निमित्ताने जे काही सुरू आहे, त्यामुळे 'सैंया भए कोतवाल तो डर काहे का?' या हिंदी म्हणीची आठवण आल्याशिवाय राहात नाही.

मुळात एका लाडक्या उद्योगपतीला धारावीचा प्रकल्प दिला गेला, तो प्रकारच मजेशीर होता. याआधीची निविदा रद्द केली गेली. नव्या निविदेच्या स्वीकारलेल्या बोलीपेक्षा आधीच्या निविदेतली बोली अडीच एक हजार कोटींनी जास्त होती. तरी नवी बोलीच राज्याच्या हिताची आहे, अशी बाज सरकारनेच न्यायालयात मांडली आणि ते न्यायालयाने मान्य केले. तेवढ्यावर हा 'लाडका' समाधानी नाही. भस्म्या झाल्यासारखा तो हे, ते आणि पलीकडले खातच सुटला आहे. धारावीच्या टीडीआरचा घोळ आपण पाहिला. पढे जे काही सुरू आहे ते पाहिले की कालचा गोंधळ बरा होता, असेच म्हणावेसे वाटते.

झोपडपट्टी पुनर्वसन योजनेत, विकासक आधी भखंडावरील झोपड्या रिकाम्या करून घेतो. त्या झोपड्यांत राहणाऱ्या कुटुंबांना मासिक भाडे दिले जाते. मग त्या मोकळ्या जागी इमारत बांधण्याचे काम सुरू केले जाते. कोणत्याही झोपडपट्टी पुनर्वसन योजनेच्या एकुण खर्चात या भाड्यापोटी खर्च होणाऱ्या रकमेचा मोठा वाटा असतो. पण खास धारावीकरिता सरकारने रेल्वेची ४७.५ एकर जागा आंदण दिली. 'संबंधित कंपनीला ही जागा काही फुकट नाही दिली. त्यांनी त्याचे वट्ट १००० कोटी मोजले आहेत,' असे सांगत बाजू लावून धरली जाते, पण या एक हजार कोटींमध्ये २० एकरांवरील झोपडपट्टी असलेल्या जागेचाही समावेश आहे. नियमाप्रमाणे २० एकर झोपडपट्टीच्या जागेसाठी २०० कोटी शासनाला मिळालेच असते. म्हणजेच उरलेली २७.५ एकर मोकळी जागा ८०० कोटींना फुंकून टाकली गेली आहे. सुमारे ७५०० रुपये फूट या दराने हा व्यवहार झाला.

लक्षात घ्या, पार कर्जतजवळ गोदरेज कंपनी बंगले बांधायला जागा विकत आहे, त्याचा भाव आहे १० हजार रुपये प्रति फूट. धारावीकरिता जी जागा रेल्वेने दिली आहे ती तर भर मुंबईत माटुंग्याला आहे ! आता या 'लाडक्यां'चा डोळा काळा किल्ला व धारावी डेपोच्या मोकळ्या जागेवर आहे. एकुण साडेबारा एकरांचे हे मोकळे भुखंड आहेत. थोराघरच्या या मित्राला नाही म्हणायची आपल्या बेस्टची टाप नसणारच. अशीच चिरीमिरी बेस्टला देणार असतील बहधा. बेस्ट आणि रेल्वेच्या मिळून ४० एकर जागेवर ४५० फुटांची सुमारे १३ हजार घरे उभारली जातील. म्हणजेच तेवढ्या झोपडपट्टीवासीयांचे विनाभाडे पुनर्वसन होणार आहे. आता २० हजार दरमहा या दराने सुमारे ३६ महिन्यांचे १५ हजार जणांचे भाडेच मुळी ९३६ कोटी होते. या रकमेपुढे रेल्वेला मिळालेली आठशे कोटी आणि बेस्टला त्याच दराने मिळू शकेल अशी संभाव्य रक्कम ३५० कोटी अशा एकुण ११५० कोटी रुपयांचा हिशेब बिघतला तर शेठला जिमनी फुकटच मिळाल्या म्हणण्यास हरकत नाही. लक्षात घ्या एवट्या झोपडपट्टीवासीयांचे मोकळ्या जागेवर पुनर्वसन होणार असल्यामुळे मूळ झोपडपट्टीमध्ये तेवढी जागा विक्रीसाठी इमारती बांधण्याकरिता मिळणार आहे.

धारावीचे सर्वेक्षण तरी झाले का?

राजा उदार झाला आणि आवळ्याजागी भोपळा

दिला. तसे आपले कनवाळू सरकार या आपल्या लाडक्या शेठला मानखुर्द, मुलुंड, कुर्ला अशा वेगवेगळ्या ठिकाणी टप्प्याटप्प्याने आजपर्यंत तब्बल ५४० एकर जागा देते झाले आहे. शेठने जागेवर बोट ठेवावे आणि सरकारने ती जागा मंजर करावी असे चालले असावे, असे वाटते. मुंबईतल्या या ५४० एकरांवर ४.०० एफएसआय धरून ४५० फुटांची सुमारे १ लाख ८० हजार घरे उभी राह् शंकतात. आता मजा पाहा, अजून धारावीतल्या संपूर्ण झोपडपट्टीचे सर्वेक्षण व्हायचे

आहे. धारावीत एकंदरीत दोन लाख झोपड्या असाव्यात असा अंदाज आहे. धारावीबाहेर ज्या जागा दिल्या आहेत त्या जागांवर धारावीतल्या सगळ्या झोपडपट्टीवासीयांचे पुनर्वसन होणे सहज शक्य आहे. म्हणजे धारावीतल्या सगळ्या

झोपडपट्टीवासीयांना बाहेर काढणार की काय? मग धारावीत काय फक्त विक्री घटकाच्या इमारती

धारावीचे पुनर्वसन करण्यासाठी बाहेरील जागा द्यायची गरज जरी मान्य केली तरी त्यासाठी प्रथम सर्व झोपड्यांचे सर्वेक्षण होणे गरजेचे आहे. एकंदरीत किती जणांना घरे द्यायची आहेत ते ठरवावे लागेल. मग पुनर्वसनाचा एकात्मिक

आराखडा तयार केला पाहिजे, किती जण धारावीत सामावले जातील आणि किती जणांना बाहेर पाठवावे लागेल, हे त्या आराखड्याच्या आधारे ठरवावे लागेल. मग ज्यांना बाहेर पाठवायचे त्यांना त्याची नीट कल्पना द्यायला हवी. हे सारे झाले की बाहेर किती जागा लागेल? त्यातली कोणती जागा बाहेर जाणाऱ्यांना पसंत आहे ते ठरविले पाहिजे. मग त्या जागा या प्रकल्पासाठी दिल्या पाहिजेत. इथे सारी वरातीमागुन घोडे, अशीच स्थिती आहे. अद्याप सर्वेक्षण सुरूच आहे. निश्चित झोपड्यांची संख्या ठरलेली नाही आणि धारावी बाहेरच्या जागांवर घरे दिली जाणार आहेत.

आमदारांना सगळे समजते, पण...

महाराष्ट्रात तशी हुशार. राजकारण्यांची वानवा नाही. बरेच आमदार विकासक तरी आहेत, किंवा विकासकामांत त्यांच्या खुल्या/ छुप्या भागीदाऱ्या तरी आहेत. त्यामुळे धारावीचे जे काही सुरू आहे ते यांना समजत नाही असे म्हणणे योग्य होणार नाही. सत्ताधाऱ्यांचे सोडा, विरोधकांनीसुद्धा या मुद्द्यावर आवाज उठविल्याचे ऐकिवात नाही. नुकत्याच झालेल्या विधानसभा निवडणुकीत हा प्रचाराचा मुद्दा नीट मांडलेलाच नव्हता. विरोधक शेठला

नावापुरता विरोध करताना दिसले.

एकेकाळच्या एनरॉनला विरोधाची झालेल्या त्यानिमित्ताने आठवण झाली. वरून कीर्तन आतून तमाशा, अशीच सारी परिस्थिती आहे. सामान्य जनतेनेच अभ्यास करून या प्रकरणाचे कंगोरे

समजावून घेत आता आवाज उठवला पाहिजे. नेहमीच काही कोर्टात निकराचा लढा द्यायला बाबुराव सामंत उभे राहणार नाहीत आणि लाज वाटून राजीनामा देतील असे अंतुल्यांसारखे निर्ढावलेले राजकारणी शिल्लक नाहीत. महाराष्ट्रातील जनतेलाच मुंबईसाठी पुढे यावे लागेल, मुंबईचे एवढे देणे

वीज दरवाढीची टांगती तलवार

मुंबई: औष्णिक बीज प्रकल्पांमध्ये 'डीसल्फरायझेशन' युनिट बसविण्याची सक्ती यावर्षी अंमलात आणण्याचे निर्देश केंद्रीय पर्यावरण खात्याने दिले आहेत. यामुळे प्रति युनिट ३५-४० पैसे वीज दरवाढीची भीती असून मार्ग काढण्यासाठी ऊर्जा विभागाने उच्चस्तरीय बैठक बोलाविली आहे. पान २

प्रतियुनिट ४० पैसे वाढण्याची भीती; केंद्र सरकारकडून मार्ग काढण्याचा प्रयत्न

उमाकांत देशपांडे, लोकसत्ता

मंबर्ड : देशभरातील औष्णिक वीज प्रकल्पांमध्ये 'डीसल्फरायझेशन' युनिट बसविण्याची सक्ती यावर्षी अंमलात आणण्याचे निर्देश केंद्रीय पर्यावरण खात्याने दिल्याने प्रति यनिट ३५-४० पैसे वीज दरवाढीची भीती आहे. त्यामुळे या अडचणीतून मार्ग काढण्यासाठी केंद्रीय ऊर्जा विभागाने अन्य अजमावण्यासाठी पुढील आठवड्यात नवी दिल्लीत उच्चस्तरीय बैठक बोलाविली आहे. राज्य सरकारने केंद्राकडे या सक्तीतून सुटका करण्यासाठी पाठपुरावा न केल्यास राज्यातील औष्णिक वीजप्रकल्पांसाठीही ही युनिट बसवावी लागणार आहेत.

औष्णिक वीज प्रकल्पांमधून मोठ्या प्रमाणावर प्रदूषण होते. त्याला आळा घालण्यासाठी व विशेषतः सल्फर डाय ऑक्साईडचे उत्सर्जन कमी करण्यासाठी 'डीसल्फरायझेशन' युनिट राज्यातील औष्णिक वीज प्रकल्पांमध्ये बहुतांश देशी कोळसाव वापरला जातो व आयात कोळसा वापरण्याचे प्रमाण खूपव कमी आहे. देशी कोळशामध्ये सल्फरची मात्रा वुलनेने खूप कमी असते. त्यामुळे आता डीसल्फरायझेशनची सक्ती करावी की अन्य पद्धतीचा वापर करावा, यासंदर्भात केंद्रीय पर्यावरण, ऊर्जा विभाण, राष्ट्रीय विज्ञान संस्थेतील तज्ञ आदी संबंधितांची बैठक १० जानेवारी रोजी नवी दिल्लीत होणार आहे, असे उच्चपदस्थ सूत्रांनी 'लोकसत्ता'ला सांगितले. ' डीसल्फरायझेशन' (एफजीडी) युनिट बसविण्याची भाती आहे. या पद्धतीची गरज नसल्याचा राष्ट्रीय विज्ञान संस्थेच्या तज्ञांचा अहवाल असून राज्य सरकारने केंद्राकडे पाठपुरावा करणे गरजेचे आहे. तरच राज्यातील औष्णिक वीजनिर्मिती कंपन्यांची या सक्तीतून सुटका होऊ शकेल व ग्राहकांवर वीजदरवादीचा बोजा येणार नाही, -अशोक पेंडसे, वीजवज्ञ

बसविण्याच्या सूचना २०१९ पासून वीज प्रकल्पांना देण्यात आल्या होत्या. केंद्रीय ऊर्जा खात्याने आयआयटी (दिल्ली) कडून याबाबत अभ्यास अहवालही मार्गविला होता. आयआयटीने दोन वर्षांपूर्वी अहवाल दिला. औष्णिक वीज प्रकल्पापासून ३० किमी परिसरात सल्फरडाय ऑक्साईडचे प्रमाण खुप वाढलेले असते, तर ६० किमीच्या पुढील परिसरात मात्र हे प्रदूषण रहात नाही, असे अहवालात नमूद करण्यात आले होते. त्यामुळे ज्या प्रकल्पांपासून ३० किमीच्या क्षेत्रात शहरे किंवा मोठी गावे आहेत, त्या प्रकल्पांसाठी 'डीसल्फरायझेशन' युनिट बसविण्याची सक्ती करणे आवश्यक असल्याचे दिसून आले होते.

हे युनिट बसविण्यासाठी प्रति मेगावॉट सुमारे एक कोटी रुपये खर्च येतो. राष्ट्रीय औष्णिक ऊर्जा महामंडळाची (एनटीपीसी) स्थापित क्षमता सुमारे ६० हजार मेगावॉट असून राज्याला सुमारे सहा हजार मेगावॉट वीज दिली जाते. एनटीपीसीने सुमारे सहा हजार मेगावॉट क्षमतेच्या प्रकल्पांमध्ये हे युनिट बसविले असून त्यापैकी राज्याला दोन-तीन हजार मेगावॉट वीज मिळते. हे युनिट बसविण्यासाठीचा खर्च ग्राहकांकडून वसूल करण्यासाठी केंद्रीय वीज प्राधिकरणाने एनटीपीसीला परवानगीही दिली आहे.

महानिर्मिती कंपनी समारे सहा-सात हजार मेगावॉट औष्णिक वीज उपलब्ध करते व त्या प्रकल्पांमध्ये हे युनिट बसविलेले नाही, तर अदानी, रतन इंडिया अशा काही खासगी वीज कंपन्यांनी मात्र हे युनिट बसविण्यास सुरुवात केली आहे. हे युनिट बसविल्याने खर्च वाढत असल्याने वीजनिर्मिती व वितरण कंपन्यांचा त्यास विरोध आहे. त्यामुळे हे युनिट बसविण्यासाठीची मुदत पर्यावरण खात्याने काहीवेळा वाढवन दिली. यासंदर्भात अभ्यास करण्यासाठी पर्यावरण खात्याने विज्ञान संस्थेला विनंती केली होती, त्यानसार वेगळी वैज्ञानिक पद्धत सुचविण्यात आली

બદલાતો ટ્રેન્ડ અમદાવાદમાં હવાઈ અને રેલવે યાત્રીઓની સંખ્યામાં ઉતાર-ચઢાવની આવક પર અસર

રેલવે ડાઉન

બે વર્ષમાં હવાઈ યાત્રી વધ્યા છતાં કમાણી 408 કરોડ ઘટી, રેલવેમાં યાત્રી ઘટ્યા છતાં આવક વધી

ભારકર Analysis

લવકુશમિશ્રા સરત

ગુજરાતમાં છેલ્લા કેટલાક વર્ષોથી જાહેર ટ્રાન્સપોર્ટ સેક્ટરમાં આશ્ચર્યજનક ઉતાર-ચઢાવ જોવા મળ્યો છે. અમદાવાદમાં ગત વર્ષે રેલવેમાં પ્રવાસીઓની સંખ્યા ઓછી થઈ છે. જ્યારે હવાઈ યાત્રીઓની સંખ્યા 60 લાખ વધી ગઈ છે. હવે લોકોમાં આરામદાયક અને લગ્ઝરી મુસાફરીનું ચલણ વધ્યું છે. જેના પગલે તેઓ વધુ ખર્ચ કરવામાં અચકાતા નથી. આ જ કારણ છે કે રાજ્યમાં છેલ્લા બે વર્ષોમાં વિમાનમાં મુસાફરી કરનાર લોકોની સંખ્યામાં મોટો ઉછાળો જોવા મળ્યો છે.

જોકે, એરપોર્ટ પર મુસાફરોની સંખ્યા ભલે વધી હોય પરંત એરપોર્ટની આવક વધવાને બદલે 408 કરોડઘટી છે. જ્યારે રેલવેમાં મુસાફરોની સંખ્યા ઘટવા છતાં પણ આવક વધી છે. માત્ર અમદાવાદ જ નહીં સુરત, વડોદરામાં પણ હવાઈ મુસાફરોની સંખ્યા વધી છે. આ તમામ એરપોર્ટની કમાણીમાં ગાબડં પડ્યું છે. જ્યારે છેલ્લા સાત વર્ષોમાં અમદાવાદ, સુરત, વડોદરા

નોંધઃ મુસાફરો ઘટ્યા પણ રેલવેની કમાણી વધી…કારણ કે એસી-સ્લીપર ક્લાસમાં મુસાફરી કરનાર વર્ગોની સંખ્યા વધી. વર્ષ 2023-24માં માત્ર અમદાવાદમાંથી 1 કરોડ 82 લાખ યાત્રીઓમાંથી 1 કરોડથી વધુ મુસાફરોએ એસી-સ્લીપરની ટિકિટમાં યાત્રા કરી

મુખ્ય સ્ટેશનોમાં આ કારણે મુસાફરો ઘટ્યા

રાજ્યના રેલવેના સ્ટેશનોમાં મુસાફરોની સંખ્યામાં ઘટાડો નોંધાયો છે. 2016-17માં અમદાવાદ રેલવે સ્ટેશનમાં 1.99 કરોડલોકોએ મુસાફરી કરી હતી. જ્યારે 2023-24માં મુસાફરોની સંખ્યા ઘટીને 1.82 કરોડ પહોંચી ગઈ છે.

'8 घंटे घर पर रहोगे तो बीवी भाग जाएगी'

नई दिल्ली (एजेंसी)। इन दिनों वर्क-लाइफ बैलेंस काफी चर्चा में है। इन्फोसिस के फाउंडर नारायण मर्ति कई बार वर्क कल्चर को लेकर बयान दे चके हैं। वह सप्ताह में 70 घंटे काम करने की वकालत करते हैं। अब अडानी समृह के चेयरमैन गौतम अडानी ने भारतीय कॉरपोरेट जगत में चल रहे बहुचर्चित वर्क-लाइफ बैलेंस के विषय पर एक मजेदार और मजाकिया अंदाज में बात की है। अडानी ने इस बात पर जोर दिया कि वर्क-लाइफ बैलेंस हासिल करने के लिए अपने काम का आनंद लेना बहुत जरूरी है। उन्होंने मीडिया को दिए एक इंटरव्यू में कहा, आठ घंटे परिवार के साथ बिताएंगे तो बीवी भाग जाएगी। अडानी ने कहा कि वर्क-लाइफ बैलेंस व्यक्तिगत पसंद का मामला है। उन्होंने आगे कहा, वर्क-लाइफ बैलेंस का आपका विचार मुझ पर नहीं थोपा जाना चाहिए और वर्क-लाइफ बैलेंस का मेरा विचार आप पर नहीं थोपा जाना चाहिए। मान लीजिए. कोई व्यक्ति परिवार के साथ 4 घंटे बिताता है और उसमें आनंद पाता है। या यदि कोई अन्य व्यक्ति 8 घंटे बिताता है

नारायण मूर्ति के बाद वर्क-लाइफ बैलेंस पर अडानी का बयान

और उसका आनंद लेता है, तो यह उसका वर्क-लाइफ बैलेंस है। हालांकि, यदि आप अपने परिवार के साथ 8 घंटे बिताते हैं, तो बीवी भाग जाएगी।

मूर्ति के बाद अडानी की टिप्पणी

मालूम हो कि अडानी समूह के अध्यक्ष की टिप्पणी इंफोसिस के सह-संस्थापक नारायण मूर्ति के 70 घंटे के कार्य सप्ताह के सुझाव पर चल रही वहस और चर्चाओं के बीच आई है। मूर्ति ने पहले अपने करियर के दौरान सप्ताह में 90 घंटे तक काम करने की बात कही हैं और कड़ी मेहनत को उन लोगों के लिए एक जिम्मेदारी के रूप में रखा है, जिन्हें सरकारी सब्सिडी वाली शिक्षा का लाभ मिला है। उन्होंने जोर देकर कहा कि वर्क-लाइफ बैलेंस तब प्राप्त होता है जब व्यक्ति उन गतिविधियों में संलग्न होता है। अडानी ने इंटरव्यू में कहा, हमारे पास इसके अलावा कोई दुनिया नहीं है. हमारे बच्चे भी यही देखते हैं और इसे अपनाते हैं। वे भी उतने ही मेहनती हैं।

अडानी ने इंटरव्यू में आगे कहा, जब आप वह काम करते हैं जो आपको पसंद हैं, तो आपका काम और जीवन संतुलित होता है। हमारे लिए या तो परिवार है या काम। हमारे पास इसके अलावा कोई दुनिया नहीं है। हमारे बच्चे भी यही देखते हैं और इसे अपनाते हैं। वे भी उतने ही मेहनती हैं।

अडानी ने बताया कैसे जीवन हो जाता है सरल

उन्होंने इंटरच्यू में आगे कहा, व्यक्तिगत चरित्र और विनम्रता सबसे महत्वपूर्ण चीजें हैं। मेरे हिसाब से बाकी सब बनावटी है, जिसमें आपकी संपत्ति भी शामिल है।

आप जो खाते हैं, मैं भी वही खाता हूं। पैसा आपको यह तय करने की शिक्त देता है कि आप इसका उपयोग करके क्या और कैसे प्रभाव डाल सकते हैं। हर कोई जीवन की यात्रा से गुजर रहा है। कोई भी यहां स्थायी रूप से जीने के लिए नहीं है। जब कोई व्यक्ति यह समझ जाता है, तो जीवन सरल हो जाता है।

70 घंटे काम पर चल रही बहस में कूदे अदाणी

सबका वर्क-लाइफ बैलेंस अलग, इसे थोप नहीं सकते

बिजनेस संवाददाता | मुंबई

हफ्ते में 70 घंटे काम और वर्क-लाइफ बैलेंस को लेकर बहस पर मशहर उद्योगपित गौतम अदाणी ने

अपनी राय रखी है। उनका मानना है कि सबके लिए वर्क-लाइफ बैलेंस एक जैसा नहीं होता। आप जो

काम करते हैं यदि उसमें मजा आता है तो आपके पास वर्क-लाइफ बैलेंस है। लेकिन आपकी सहूलियत किसी और पर नहीं थोपी जानी चाहिए। अदाणी ने एक इंटरव्यू में कहा कि आप जो काम कर रहे हैं, यदि उसे थोपा नहीं गया है तो आप काम और निजी जीवन के बीच संतुलन बिठाकर चल रहे हैं। आपको केवल ये ध्यान रखना है कि आप परिवार के साथ कितना वक्त बिता रहे हैं। उन्होंने कहा, 'मैं परिवार के साथ 4 घंटे बिताकर खुश हूं। किसी और के लिए ये 8 घंटे हो सकता है।'

इन्फोसिस के नारायणमूर्ति ने शुरू की थी ये बहस

- देश में हर हफ्ते 70 घंटे काम की जरूरत सबसे पहले इन्फोसिस के सह-संस्थापक नारायण मूर्ति ने जताई थी। उन्होंने कई मौकों पर भारत को चीन जैसी बड़ी अर्थव्यवस्थाओं के साथ प्रतिस्पर्धा करने के लिए विशाल आबादी का फायदा उठाने की वकालत की है।
- जोहो कॉपोरेशन के सीईओ श्रीधर वेम्बू के मुताबिक, ज्यादा से ज्यादा कम की संस्कृति आबादी में गिरावट की वजह बनती है। दूसरी तरफ ओला के सीईओ भाविश अग्रवाल का कहना है कि देश को आगे ले जाना है तो एक पीढ़ी को तो तपस्या करनी ही पड़ेगी।
- मनीपाल ग्लोबल एजुकेशन के चेयरमैन मोहनदास पई का कहना है कि नारायण मूर्ति की सलाह 30 साल से कम उम्र के युवाओं के लिए थी। हमें यह समझना होगा कि समृद्धि के लिए कड़ी मेहनत जरूरी है।

एविएशन • इस साल फ्लाइट के विकल्प बढ़ेंगे, पर किराया घटने की उम्मीद कम

पहली बार देश में विमानों की फ्लीट 900 पार होगी, 17 करोड़ हवाई यात्री

बिजनेस संवाददाता | नई दिल्ली

हमारी एयरलाइन इंडस्ट्री अगले साल करीब 20% ट्रैफिक ग्रोथ देख सकती है। घरेलू मार्गों पर यात्रियों की आवाजाही 7 से 10% बढकर रिकॉर्ड 17 करोड़ तक पहुंचने का अनुमान है। इसकी तुलना में इंटरनेशनल टैफिक 15-20% की दोगुनी रफ्तार से बढ सकता है। कंपनियों के प्लान और डिमांड को देखते हए रेटिंग एजेंसी इक्रा ने यह अनुमान लगाया है। इसका कहना है कि भारत में नए विमानों की डिलीवरी बढ़ने, नए एयरपोर्ट खुलने और कुछ मौजूदा एयरपोर्ट अपग्रेड होने से एयरलाइन इंडस्टी का बिजनेस बढेगा। हालांकि एजेंसी का यह भी कहना है कि एयरलाइंस की क्षमता तो बढेगी, लेकिन बढ़ी हुई लागत उन्हें किराए में ज्यादा कटौतीं से रोकेगी।

नई ऊंचाई: पहली बार 2024 में घरेलू यात्रियों की संख्या 15 करोड़ पार पहुंची

• 3 माह में नए 40 प्लेनः भारतीय एयलाइन इंडस्ट्री ने 1,600 विमानों के ऑर्डर दे रखे हैं। इस साल के शुरुआती तीन महीनों में 40 नए विमान जुड़ सकते हैं। इससे अगले दो वर्षों में फ्लीट का आकार 1 हजार हो जाएगा। अभी देश में 800 से

ज्यादा विमानों की फ्लीट है।

 3 नई कंपनियों की सर्विस : देश में तीन नई एयलाइंस शुरू होंगी। एयर केरला, अलिहंदएयर और शंख एयर की सर्विस शुरू हो सकती है। इन्हें मंजुरी मिल चुकी हैं।

2 बड़े नए एयरपोर्ट देंगे रफ्तारः

इस साल नवी मुंबई और जेवर (नोएडा) एयरपोर्ट खुल जाएंगे। दिल्ली और मुंबई जैसे कुछ एयरपोर्ट अपग्रेड होंगे। इससे इंडस्ट्री को 2027-28 तक सालाना 12% ग्रोथ के लिए अतिरिक्त सपोर्ट मिलेगा।

विस्तार के बीच विमानों की डिलीवरी बढ़ाना बड़ी चुनौती

भास्कर एक्सपर्ट

किंजल शाह सीनियर वाइस प्रसिडेंट, इक्रा

अंतरराष्ट्रीय ऑपरेशन में विस्तार के साथ देश में हवाई यात्री तेजी से बढ़ रहे हैं। इसके चलते भारतीय एविएशन सेक्टर नई ऊंचाइयां छू रहा है। सप्लाई चेन में बाधाओं और बढ़ती ऑपरेशन लागत जैसी चुनौतियों के बावजूद विमानन उद्योग वित्त वर्ष 2025 में मध्यम वृद्धि के लिए तैयार है। इस बीच एयरलाइन इंडस्ट्री का क्षमता विस्तार जारी रहेगा। लेकिन एयरक्राफ्ट मैन्युफैक्चरिंग कंपनियों से विमानों की डिलीवरी में दिक्कत आ सकती है। खास तौर पर बोइंग 737 मैक्स जैसे विमानों की डिलीवरी धीमी पड़ सकती है। भारतीय विमानन कंपनियों ने वित्त वर्ष 2027-28 तक सालाना 14% कम्पाउंडेड रेट (सीएजीआर) से इंटरनेशनल ट्रैफिक विस्तार का लक्ष्य रखा है। यदि इन्हें समय पर विमानों की डिलीवरी मिले तो यह लक्ष्य आसानी से हासिल हो सकता है।

குடும்பத்துடன் 8 மணி கேரம் செலவிட்டால் உங்கள் மனைவி வீட்டை விட்டே ஓடிவிடுவார் கவுதம் அதானி ககைச்சுவை கருத்து

ய புதுடெல்லி

அதானி குமுமத்தின் தலைவர் கவுதம் அதானி கூறியதாவது: வேலை மற்றும் வாழ்க்கை சமநிலை பற்றிய உங்களது யோசனையை என்னிடம் திணிக்க கூடாது. அதேபோன்று, என் னுடையபோசனை உங்கள்மிது திணிக்கப்பட கூடாது. சிலருக்கு குடும் பத்துடன் 4 மணி நேரம் செலவிட்டாலே அவர்களுக்கு தேவையான மகிழ்ச்சி கிடைத்துவிடும். இன்னும் சிலருக்கு 8 மணி நேரம் குடும்பத் துடன் இருந்தால்தான் முழு திருப்தி கிடைக்கும். இதுதான் அவர வர் வேலை-வாழ்க்கை சமநிலை. இருப்பினும், 8 மணி நேரம் நீங்கள் குடும்பத்துடன் இருந்தால் உங்களது மனைவி வீட்டை விட்டே ஒடிவிடுவார்.

நமக்கு குடும்பம், வேலையை தவிர வேறு உலகம் இல்லை. செல்வம் உட்பட அனைத்துமே செயற்கையானவை. நீங்கள் சாப் பிடுவதைத்தான் நானும் சாப்பிடுகிறேன். யாருக்கும் இந்த உலகம் நிரந்தரம் கிடையாது. இதைப் புரிந்து கொண்டாலே வாழ்க்கை என்பது எளிதாகிவிடும். இவ்வாறு அதானி கூறியுள்ளார்.

स्टालिन सरकार का अडानी विरोध या कुछ और?

मिलनाडु की एमके स्टालिन सरकार ने स्मार्ट मीटर का टेंडर रद्द कर दिया है। कहा गया है कि मीटर के दाम बहुत ज्यादा कोट किए गए थे इसलिए सरकार ने उन्हें रद्द कर दिया है। सबसे दिलचस्म बात यह है कि अभी सिर्फ एक टेंडर की बोली सामने आई थी, जिसमें गौतम अडानी की कंपनी अडानी एनर्जी लिमिटेड एल वन थी। यानी अडानी की कंपनी ने सबसे कम बोली लगाई थी। फिर भी स्टालिन सरकार को वह बोली बहुत ज्यादा लगी और इस आधार पर उसने टेंडर रद्द कर दिए। सवाल है कि सचमुच टेंडर में बोली ज्यादा की थी या अडानी की वजह से इसे रद्द किया गया?

यह सवाल इसलिए है क्योंकि तमिलनाडु सरकार ने ग्लोबल टॅडर निकाला था। ऐसा टॅडर, जिसमें दुनिया भर की कंपनियां हिस्सा ले सकती थीं। कुल चार टॅडर निकाले गए थे। उसमें से एक टॅडर, जिसमें 80 लाख से कुछ ज्यादा मीटर सप्लाई करने थे, उसे खोला गया और अडानी समृह की बोली सबसे कम होने के बाद उसे और साथ साथ वाकी तीन टेंडर भी रह कर दिए गए। अगर ग्लोबल टेंडर में अडानी की बोली सबसे कम है तो राज्य सरकार को पता होगा कि इससे कम बोली नहीं लगने वाली है। फिर भी सरकार ने टेंडर रह किया है तो कारण यह लग रहा है कि वह अभी अडानी को कोई टेका देना नहीं चाहती है। इससे केंद्र सरकार के ऊपर क्रोनी केपिटलिज्म का आरोप लगाना मुश्किल हो जाएगा। राज्य में अगले साल विधानसभा के चुनाव होने वाले हैं। इसलिए हो सकता है कि सरकार इसे थोड़े समय लंबित करके रखे।

নতুন বছরে উড়ান ভাড়া 'সস্তা' হওয়ার আশা কম

এই সময়: ২০২৫-এ ভারতের বিমান পরিবহণ ক্ষেত্র বৃদ্ধির জন্য প্রস্তুত। নতুন বিমানবন্দর যেমন আসছে, তেমনই একগুছে বিমান হাতে পাবে ভারতীয় উড়ান সংস্থাগুলি। এতে খরচ বাড়বে এবং যার ফলশ্রুতি হিসেবে যাত্রীদের পকেটই কাটা যাবে বলে মনে করছে বিশেষজ্ঞমহল।

ভারতীয় উড়ান সংস্থাগুলি সব মিলিয়ে ১৬০০-র বেশি নতুন বিমানের বরাত দিয়েছে। ৯১০টি বিমান নিয়ে সেই তালিকায় এক নম্বরে ইন্ডিলো। এয়ার ইন্ডিয়া ও আকাশ এয়ার যথাক্রমে ৫৭০ ও ১৫০টি নতুন বিমান কেনার চুক্তি করেছে। উল্লেখ্য, ভারতীয় উড়ান সংস্থাগুলি যে বিপুল সংখ্যক বিমানের বরাত দিয়েছে, সেগুলি তারা সরাসরি কিনবে না। বিমানের বিভিন্ন ইজারাদার সংস্থাকে ওই বরাত দিয়ে তাদের থেকে ওই বিমানগুলিই ফের লিজে নিয়ে চালাবে। সারা বিশ্বে এই মডেলেই উড়ান সংস্থাগুলি বিমান নিয়ে উড়ান পরিষেবা চালায়।

২০২৬-এর ৩১ মার্চের মধ্যে ইন্ডিপোর বিমান সংখ্যা দাঁড়াবে ৪১০। ওই একই সময়ে এয়ার ইন্ডিয়ার হাতে থাকবে ২৪৩টি বিমান। তবে বিমান নির্মাতা সংস্থাগুলির সরবরাহ সমস্যা, বিশেষ করে বোয়িংয়ের ৭৩৭ ম্যাক্স দিতে বিলম্ব ডেলিভারি শ্লথ করতে পারে। রেটিং সংস্থা ইক্রা–র কিঞ্জল শাহ বলেন, 'ভারতের বিমান পরিবহণ ক্ষেত্রে নতুন বিমান আসা অব্যাহত থাকবে। তবে

বিমান নির্মাতা সংস্থাগুলির সরবরাহ সমস্যা থাকার জন্য নতুন বিমান আসার গতি শ্লথ হবে।'

চলতি অর্থবছরে ১৯০টি ও আগামী অর্থবছরে ১২৬টি নতুন বিমান ভারতীয় উড়ান সংস্থাগুলি হাতে পাবে বলে আশা করা হচ্ছে। সে ক্ষেত্রে তাদের হাতে থাকা মোট বিমানের সংখ্যা এখনকার তলনায় শ্বিগুণ হবে।

ভারতে ঘরোয়া উড়ান যাত্রীর সংখ্যা ৭-১০% বেড়ে ১৬৪-১৭০ মিলিয়নে পৌছবে বলেও পূর্বাভাস রয়েছে। বিভিন্ন দেশের সরল ভিসা নীতির কারণে ভারত থেকে আন্তজাতিক যাত্রীর সংখ্যা ১৫-২০ শতাংশ বৃদ্ধির আশা করা হচ্ছে।

নবি মুম্বই ও জেওয়ারে নতুন বিমানবন্দর ২০২৫–এই চালু হবে। পাশাপাশি, দিল্লি ও মুম্বই বিমানবন্দরের সম্প্রসারণের ফলে ২০২৭–২৮ অর্থবছর পর্যন্ত উড়ান যাত্রী সংখ্যা ১২ শতাংশ

বাডতে পারে। 2029-28 অর্থবছর পর্যন্ত ভারতীয় উডান সংস্থাগুলি আন্তজাতিক রুটগুলিতে যাত্রী সংখ্যা প্রতি বছর ১৪% হারে বাড়ানোর লক্ষ্যমাত্রা নিয়েছে। এ জন্য তারা যেমন বেশি সংখ্যক ওয়াইড-বডি বিমান চালানোর কৌশল নিয়েছে. তেমনই বাক, তাসখন্ত, রাস আল খাইমাহ-এর মতো জনপ্রিয় 'অফ-বিট' ডেস্টিনেশনগুলিতে উড়ান বাড়িয়েছে। তবে সরকারের মধ্যে হওয়া চুক্তি অনুযায়ী, দুবাই ও সিঙ্গাপুরের মতো গুরুত্বপূর্ণ দেশে ভারতীয় সংস্থাগুলির উড়ান বাড়ানোর সযোগ তেমন একটা নেই।

टेक्नोलॉजी को प्राथमिकता देने का समय, टैलेंट से ही निर्धारित होगी भविष्य की सफलता गौतम अदाणी

अहमदाबाद। अदाणी समृह के चेबरमैन गौतम अदाणी ने बुधवार को कहा कि हमारी असली चुनौती अपनी पूंजी को प्रभावी ढंग से तैनात करने की है और हमें उन दो 'टी' को प्राथमिकता देनी चाहिए जो आज की

अदानी म्हणतात... तर बायको पळून जाईल!

आठवड्याला ७० तास काम करण्यावरून उद्योगजगतात मतमत

नवी दिल्ली, दि. ३१ (वृत्तसंस्था) - 'आठवड्याला ७० तास काम केले पाहिजे, तरच देशाची उन्नती होईल,' असे इन्फोसिसचे संस्थापक नारायण मूर्ती यांनी अलीकडेच म्हटले होते. यावरून आता कामाच्या संतुलनाबाबत वादविवाद सुरू झाले आहेत. उद्योजक गौतम अदानी यांनी, 'कामाचे संतुलन साधताना कुटुंबालाही वेळ द्यायला हवा, असे म्हटले आहे. हे सांगताना, 'जर आठ तास बायकोसोबत घालवले, तर बायको पळून जाईल,' असे विधान त्यांनी केले.

मिळत असेल तर तुम्ही खऱ्या अर्थाने आनंदी आयुष्य जगत आहात. बाकी

आहात, त्यामुळे तुम्हाला आनंद

'आयुष्यात तुम्ही जे करत

तुमचे कामाचे संतुलन माझ्यावर लादता येणार नाही आणि माझे कामाचे संतुलन तुमच्यावर लादता येणार नाही. तुम्ही हे पाहिलेच असेल की, दिवसातले चार तास तुम्ही कुटुंबासोबत घालवत आहात आणि तुम्हाला आनंद मिळत आहे. काही लोक बायकोसोबत आठ तास घालवतात. जर तुम्ही बायकोसोबत आठ तास घालवले तर तुमची बायको पळून जाईल,' असे अदानी म्हणाले.

आपली मुले आपल्याकडे पाहूनच शिकतात

'काम आणि वैयक्तिक आयुष्याचा ताळमेळ तेव्हाच साधता येईल, जेव्हा तुम्हाला जी गोष्ट आवडते आणि ती तुम्ही करता. आपल्यासाठी कुटुंब आणि आपले काम इतकेच जग आहे. आपली मुलेही आपल्याकडेच पाहन शिकतात. येथे कोणीही कायमचा आलेला नाही. ही गोष्ट ज्याला समजली त्याचे आयुष्य सोपे होईल,' असेही अदानी म्हणाले.

काय म्हणाले होते नारायण मूर्ती?

'देशात ८० कोटी लोक गरीब आहेत. कारण त्यांना रेशनमधून मोफत अन्नधान्य दिले जाते. त्यामुळे आपल्याला आपल्या अपेक्षा आणखी वाढवल्या पाहिजेत. त्यासाठी युवकांनी आठवड्यात ७० तास काम केले पाहिजे,' असे इन्फोसिसचे सहसंस्थापक नारायण मूर्ती म्हणाले होते. 'आपण कठोर मेहनत करून देशाला क्रमांक एकवर नेले पाहिजे. आर्थिक विकास साध्य करण्यासाठी मोठ्या प्रमाणावर रोजगार निर्मिती होण्याची मोठी गरज आहे. यासाठी जर आपण कठोर मेहनत करणार नसू तर कोण करणार?' असा सवालही त्यांनी केला होता. 'गरिबीसारख्या समस्या सोडवण्यासाठी तरुणांनी त्यांच्या महत्त्वाकांक्षा आणखी वाढवायला हव्यात आणि त्या पूर्ण करण्यासाठी झटून काम करायला हवे,' असेही त्यांनी नमूद केले होते.

वर्क-लाइफ

काम में आनंद है तो आपकी वर्क-लाइफ बैलेंस, ये किसी पर थोपा नहीं जा सकता

अडाणी बोले- 8 घंटे घर रहने पर भी बीबी भाग जाएगी

नई दिल्ली / आरएनएन

वर्क-लाइफ बैलेंस पर गौतम अडाणी ने कहा, आपका वर्क-लाइफ बैलेंस मेरे ऊपर और मेरा आपके ऊपर थोपा नहीं जाना चाहिए। मान लीजिए, कोई व्यक्ति अपने परिवार के साथ चार घंटे बिताता है और उसमें आनंद पाता है, या कोई और व्यक्ति आठ घंटे बिताता है और उसमें आनंद लेता है, तो यह उसका बैलेंस है। इसके बावजूद, अगर आप आठ घंटे बिताते हैं, तो बीवी भाग जाएगी।

अडाणी ने कहा कि संतुलन तब महसूस होता है जब कोई व्यक्ति वह काम करता है जो उसे पसंद है। उन्होंने यह भी कहा कि जब व्यक्ति यह स्वीकार कर लेता है कि उसे कभी न कभी यह काम छोड़ना ही है, तो उसका जीवन आसान हो जाता है। यह बयान इंफोसिस के फाउंडर

नारायण मूर्ति के सप्ताह में 70 घंटे काम करने के विवादास्पद बयान के संदर्भ में आया है। हाल ही में मूर्ति ने कहा था, इंफोसिस में हमने तय किया था कि हम दुनिया की टॉप कंपनियों के साथ अपनी तुलना करेंगे। भारतीयों को ज्यादा मेहनत करनी होगी, क्योंकि 80 करोड़ भारतीय गरीब हैं। अगर हम कड़ी मेहनत नहीं करना चाहते, तो कौन करेगा? (शेष पृष्ठ 8 पर)

लंबे वर्किंग ऑवर्स से 7.45 लाख लोगों की मौत

काम के लंबे घंटों के स्वास्थ्य पर प्रभाव को जानने के लिए 194 देशों पर एक शोध किया गया। इसमें पाया गया कि 55 घंटे या उससे ज्यादा काम करने वाले 7.45 लाख लोग दिल की बीमारियों और स्ट्रोक के कारण मारे गए। महिलाओं के लिए भी 40 घंटे से ज्यादा काम करने से डायबिटीज, कैंसर, गठिया और दिल की बीमारियों का खतरा बढ़ जाता है। डॉ. सुमन भंडारी के अनुसार, लंबे काम के घंटे, नींद की कमी और काम का दबाव दिल और दिमाग पर भारी असर डालते हैं। इससे तनाव, मानसिक स्वास्थ्य समस्याएं और शरीर में बदलाव जैसे मोटाण, उच्च रक्तचाप और दिल की बीमारियां हो सकती हैं।

भारत में काम के घंटे सबसे ज्यादा, सैलरी कम

भारत में कर्मचारी पहले से ही वर्कलोड के शिकार हैं। अंतरराष्ट्रीय श्रम संगठन की रिपोर्ट के अनुसार, भारत दुनिया के उन पांच देशों में शामिल है, जहां काम के घंटे सबसे ज्यादा होते हैं, लेकिन सैलरी कम होती है।

कोरोना के बाद बढ़े काम के घंटे

कोविड-19 के बाद, वर्क फ्रॉम होम और नौकरी से जुड़ी तनावपूर्ण स्थितियों के कारण कर्मचारियों पर काम का बोझ बढ़ गया है। इसके परिणामस्वरूप कर्मचारियों का पर्सनल स्पेस खत्म हो गया है और उन्हें बिना शिकायत काम करते रहने की उम्मीद की जाती है।

40 साल बाद हटेगा भोपाल ...

गैस राहत विभाग ने कहा, प्रक्रिया पूरी तरह सुरक्षित : संचालक गैस राहत एसके सिंह ने बताया कि मध्यप्रदेश में औद्योगिक इकाइयों में निकलने वाले रासायनिक तथा अन्य अपशिष्ट के निष्पादन के लिए धार जिले के पीथमपुर में एकमात्र प्लांट है, जहां पर भरमीकरण से अपशिष्ट पदार्थों का विनष्टीकरण किया जाता है। यह प्लांट प्रदेश के औद्योगिक क्षेत्र में स्थापित उद्योगों द्वारा जनित खतरनाक एवं रासायनिक अपशिष्ट के सुरक्षित निष्पादन के लिए स्थापित किया गया है। यह प्लांट सेन्ट्रल पॉल्युशन कंट्रोल बोर्ड के निर्देशानुसार संवालित है। शेष बचे 337 मीट्रिक टन रासायनिक अपशिष्ट पदार्थी का निष्पादन सर्वोच्च न्यायालय तथा उच्च न्यायालय द्वारा समय-समय पर पारित आदेशों के अनुक्रम में तथा उच्च न्यायालय द्वारा गठित ओवर साइट कमेटी/टास्क फोर्स कमेटी के निर्णय 19 जून 2023 के अनुसार किया जा रहा है। देश में पीथमपुर जैसे 42 संयंत्र हैं, जिसमें ऐसे रासायनिक अपशिष्ट पदार्थों का उपचार उपरांत निपटान किया जाता है। अत: यहां कचरे को नष्ट करने की प्रक्रिया पूरी तरह से सुरक्षित है।

3 जनवरी को बंद रहेगा पीथमपुर: इघर कचरा जलाने के विरोध में 10 से ज्यादा संगठनों ने 3 जनवरी को पीथमपुर बंद का आह्वान किया है। पीथमपुर क्षेत्र रक्षा मंच, पीथमपुर ट्रेड यूनियन संघर्ष समिति, माप्र किसान सभा सहित कई संगठनों का कहना है कि भोपाल का कचरा अमेरिका भेजा जाए। वहीं पीथमपुर बचाओ समिति 2 जनवरी को दिल्ली के जंतर मंतर पर प्रदर्शन करने की तैयारी में है। इसके साथ ही इंदौर के महात्मा गांधी मेमोरियल हॉस्पिटल एल्युमिनी एसोसिएशन ने पीथमपुर में यूनियन कार्बोइड का 337 मीट्रिक टन जहरीला कचरा जलाने के खिलाफहाईकोर्ट में याचिका दायर की है।

अडाणी बोले- 8 घंटे घर ...

महिलाओं पर अधिक बोझ : ओहियो स्टेट यूनिवर्सिटी की रिसर्च के अनुसार, हफ्ते में 40 घंटे से ज्यादा काम करने वाली महिलाओं को कई गंभीर बीमारियों का सामना करना पड़ता है। विशेष रूप से, यदि वे 60 घंटे या उससे ज्यादा काम करती हैं तो इन बीमारियों का खतरा तीन गुना बढ़ जाता है।

मणिपुर हिंसा पर...

सड़कों पर प्रदर्शन भी नहीं हो रहे हैं। सरकारी दफ्तर नियमित रूप से खुल रहे हैं और स्कूलों में बच्चों की संख्या बढ़ रही है।

200 मौतें, हजारों एफआईआर और बड़ी मात्रा में बरामदगी: सीएम बीरेन सिंह ने कहा, अब तक लगभग 200 लोग इस हिंसा में मारे गए हैं। 12,247 एफआईआर दर्ज की गई हैं और 625 आरोपियों को गिरफ्तार किया गया है। इसके अलावा, 5,600 से ज्यादा हथियार, विस्फोटक और 35,000 से अधिक गोला-बारूद बरामद किए गए हैं। केंद्र सरकार ने विस्थापित परिवारों की मदद के लिए सुरक्षा बल और आर्थिक सहायता उपलब्ध कराई है। विस्थापितों के लिए नए घर बनाने के लिए भी धन दिया गया है।

सेना का ऑपरेशन क्लीनः राज्य में सेना द्वारा चलाए जा रहे

ऑपरेशन क्लीन के कारण पिछले एक महीने में कई हथियार और गोला-बारूद जब्त किए गए हैं। साथ ही उग्रवादी संगठनों के 20 से ज्यादा कैडरों को गिरफ्तार किया गया है। सेना के एक विरष्ठ अधिकारी ने बताया कि उनका मुख्य फोकस उग्रवाद प्रभावित बफर इलाकों को न्यूट्ल करना है। इन इलाकों में पिछले डेढ़ साल से कोई जाने की हिम्मत नहीं कर रहा था।

अफरपा लागू होने के बाद खतात में सुधार : सेना को अफरपा (सरास्त्र वल विशेषाधिकार अधिनियम) लागू होने के बाद बड़ी कार्रवाई का पावर मिला। इंफाल वैली के 5 थाना क्षेत्रों में अफरपा लागू होने के बाद से लोग खुद ही हथियार लीटाने के लिए आगे आ रहे हैं। इस हिंसा के दौरान 1,500 से ज्यादा लोग घायल हुए. 60,000 से अधिक लोग घर छोड़कर राहत शिविरों में रह रहे हैं। अब तक 11,000 एफआईआर दर्ज की गई हैं और 500 लोगों को गिरपतार किया गया है।

2025 का ग्रैंड वेलकम... न्यूजीलैंड ...

जापान में परंपरा के अनुसार, बौद्ध मंदिरों में 108 बार घंटियां बजाकर नए साल का स्वागत किया गया। राजधानी टोक्यों के प्रसिद्ध त्सुकिजी मंदिर के बाहर हजारों लोग इस शुभ मौके पर जुटे। दक्षिण कोरिया ने हाल ही में हुए प्लेन क्रैश में 179 लोगों की मौत के कारण नए साल के जरन को रद्द कर दिया है या सीमित रूप से मनाया है।

1 जनवरी को ही नया साल क्यों? : रोम के राजा नूमा पोपिलस ने 673 ईसा पूर्व में जनवरी से नया साल मनाने का सुझाव दिया। जनवरी का नाम रोम के देवता जानूस के नाम पर रखा गया, जो नई शुरुआत के देवता माने जाते थे। 2637 साल पहले रोम में नया साल मार्च से मनाया जाता था। जूलियस सीजर ने 46 ईसा पूर्व में रोमन कैलेंडर में सुधार कर इसे जनवरी से शुरू किया। इसके बाद पूरी दुनिया ने 1 जनवरी को नया साल मनाना शुरू कर

नए साल की शुरुआत टाइम जोन के अनुसार : न्यूजीलैंड में नया साल भारत से 7 घंटे 30 मिनट पहले आता है, जबिक अमेरिका में 9 घंटे 30 मिनट बाद। दुनियाभर के अलग-अलग टाइम जोन के कारण भारत से पहले 41 देश नए साल का स्वागत करते हैं। इनमें किरिवाती, समोआ, टोंगा, ऑस्ट्रेलिया, पापुआ न्यू गिनी, जापान, इंडोनेशिया, नेपाल और बॉग्लादेश जैसे देश शामिल हैं।

टाइम जोन का विज्ञान और इतिहास: पृथ्वी अपने अक्ष पर घूमने और सूरज के चवकर लगाने से समय का निर्धारण करती है। पृथ्वी के घूमने के कारण अलग-अलग हिस्सों में सुब्ह, दोपहर और रात होती है। इस्रतिए दुनियाभर को 24 टाइम जोन में बांटा गया।

कैसे हुई टाइम जोन की शुरुआत: 1876 में कनाडा के रेलये इंजीनियर सर सैनफोर्ड फ्लेमिंग ने टाइम जोन का विचार प्रस्तुत किया। उन्होंने पृथ्वी के 360 डिग्री को 24 हिस्सों में बांटा, जिससे हर टाइम जोन 15 डिग्री का हो गया। यह तय किया गया कि हर एक डिग्री 4 मिनट के बराबर होगा। 1884 में ग्रीनविच को अंतरराष्ट्रीय प्राइम मेरिडियन चुना गया, जिसे 0 डिग्री पर रखा गया। इसने दुनियाभर में समय का मानक तय किया।

अडानी रिश्वतखोरी के आरोपों से लेकर पेटीएम बैंक प्रतिबंध, 2024 में भारत इन मुद्दों ने भारत को हिलाया

जलतेदीप, नई दिल्ली

भारतीय उद्योग जगत के लिए वर्ष 2024 काफी उतार चढ़ाव भरा रहा है। इस पूरे वर्ष में देश को कई चुनौतियों का सामना करना पड़ा है। कई प्रमुख इंडस्टी ग्रप से लेकर हाई प्रोफाइल उद्योगपतियों और समूहों ने अलग अलग तरह के बदलाव इस साल देखे हैं। इस साल कई चुनौतियों से कॉपॅरिट जगत को जुझना पड़ा है। इस साल भी कई ऐसी घटनाएं सुर्खियों में रही जिन्होंने लंबे समय तक अपना प्रभाव छोडा है। नवंबर 2023 में, भारत के सबसे धनी व्यवसायियों में से एक गौतम अडानी की संपत्ति 12.4 बिलियन डॉलर से कम हो गई, जब अमेरिकी शॉर्ट-सेलर हिंडनबर्ग रिसर्च ने अनियमितताओं के गंभीर आरोप लगाए। अडानी समूह उस प्रकरण के वित्तीय और प्रतिष्ठा संबंधी नतीजों से मुश्किल से उबर पाया था, जब 250 मिलियन डॉलर के रिश्वत घोटाले से संबंधित नए आरोप सामने आए। नए मामले में, एक अमेरिकी अदालत ने समृह के चेयरमैन गौतम अडानी, उनके भतीजे सागर अडानी और अडानी ग्रीन एनर्जी के सीईओ विनीत जैन समेत अन्य पर बिजली आपूर्ति अनुबंध हासिल करने के लिए रिश्वतखोरी की योजना बनाने का आरोप लगाया है, जिसमें फर्जी दस्तावेजों के जरिए 2 बिलियन डॉलर से अधिक की रकम जुटाई गई। अमेरिकी प्रतिभृति और विनिमय आयोग (एसईसी) ने कथित रिश्वत के मामले में गौतम और सागर अदानी को तलब किया। अदानी समृह ने आरोपों को निराधार बताते हुए खारिज कर दिया, लेकिन वह शेयर की कीमतों में 20 प्रतिशत की गिरावट को रोक नहीं सका। उल्लेखनीय रूप से, इन आरोपों के केंद्र में समृह के स्वामित्व वाली सहायक कंपनी अडानी ग्रीन एनर्जी ने आरोपों की खबर आने के बाद से सात कारोबारी दिनों के भीतर सभी नुकसानों की भरपाई कर ली। इस मामले के महत्वपूर्ण पहलु, जिसमें अडानी पर अमेरिका में मुकदमा चलाया जा सकता है या नहीं, अभी भी अस्पष्ट हैं। हालाँकि, इस मुद्दे पर लगातार राजनीति के कारण यह सुर्खियों में बना हुआ है। हिंडनबर्ग-सेबी प्रमुख माधबी पुरी बच विवादहिंडनबर्ग रिसर्च ने भारतीय प्रतिभृति एवं विनिमय बोर्ड (सेबी) की अध्यक्ष माधबी बुच पर भी आरोप लगाए हैं, जिसमें आरोप लगाया गया है कि उनके और उनके पति के पास अडानी मनी साइफनिंग घोटाले से जुडे अस्पष्ट ऑफशोर फंड में हिस्सेदारी है। एक ब्लॉग पोस्ट में हिंडनबर्ग ने दावा किया कि अदानी समूह के चेयरमैन गौतम अदानी के भाई विनोद अदानी द्वारा नियंत्रित इन संस्थाओं का इस्तेमाल राउंड-ट्रिप फंड और स्टॉक की कीमतों को बढ़ाने के लिए किया जाता था। अमेरिकी शॉर्ट-सेलर ने कहा कि दंपति के निवेश बरमडा और मॉरीशस फंड में थे जो कथित अदानी गलत कामों में शामिल थे। हिंडनबर्ग ने व्हिसलब्लोअर दस्तावेजों का हवाला देते हुए संकेत दिया कि माधबी बुच के पति धवल बुच ने 2017 में, उनकी सेबी नियुक्ति से ठीक पहले, मॉरीशस के एक फंड प्रशासक को पत्र लिखकर उनके ऑफशोर खातों पर एकमात्र नियंत्रण रखने के लिए कहा था। रिपोर्ट में बच को विनोद अडानी द्वारा इस्तेमाल किए गए जटिल फंड ढांचे से जोडने वाले दस्तावेजों की ओर भी इशारा किया गया है।

वर्क-लाइफ बैंलेंस पर गौतम अडाणी ने कहा-बीवी भाग जाएगी, घर पर 8 घंटे रहना काफी

नई दिखी। वर्क-लाइफ बैलेंस पर गौतम अडाणी ने कहा है कि आपका वर्क-लाइफ बैलेंस मेरे ऊपर और मेरा आपके ऊपर थोपा नहीं जाना चाहिए। मान लीजिए, कोई व्यक्ति अपने परिवार के साथ चार घंटे बिताता है और उसमें आनंद पाता है, या कोई अन्य व्यक्ति आठ घंटे बिताता है और उसमें आनंद लेता है, तो यह उसका बैलेंस है। इसके बावजूद यदि आप आठ घंटे बिताते हैं, तो बीवी भाग जाएगी।

अडाणी ने कहा है कि संतुलन तब महसूस होता है जब कोई व्यक्ति वह काम करता है जो उसे पसंद है। जब कोई व्यक्ति यह स्वीकार कर लेता है कि उसे कभी ना कभी जाना है, तो उसका जीवन आसान हो जाता है।

नारायण मूर्ति ने कहा था- 80 करोड़ लोगों को सरकार राशन दे रही

गौतम अडाणी का यह बयान इंफोसिस के फाउंडर नारायण मूर्ति के

सप्ताह में 70 घंटे काम करने वाले डिबेट के बीच आया है। इंफोसिस के चेयरमैन नारायण मूर्ति ने हाल ही में 70 घंटे वर्क कल्चर पर कहा था, इंफोसिस में मैंने कहा था, हम दुनिया के टॉप कंपनियों के साथ अपनी तुलना करेंगे।

मैं तो आपको बता सकता हं कि

हम भारतीयों के पास करने के लिए बहुत कुछ है। हमें अपने एस्पिरेशन ऊंची रखनी होंगी क्योंकि 80 करोड़ लोगों को मुफ्त राशन मिलता है। इसका मतलब है कि 80 करोड़ भारतीय गरीबी में हैं। अगर हम कड़ी मेहनत करना नहीं चाहते, तो कौन करेगा कड़ी 1986 में 6 दिन वर्किंग वीक से 5 दिन के बदलाव से निराश थे

इंफोसिस के को-फाउंडर नारायण मुर्ति ने हफ्ते में 70 घंटे काम करने वाले अपने विवादास्पद बयान का बचाव किया है। उन्होंने कहा कि भारत की प्रगति के लिए कड़ी मेहनत बहत जरूरी है। सीएनबीसी ग्लोबल लीडरशिप समिट में मूर्ति ने कहा -मझे खेद है, मैंने अपना दृष्टिकोण नहीं बदला है। मैं इसे अपने साथ कब्र तक ले जाऊंगा।उन्होंने कहा कि वह 1986 में भारत के 6 दिन वर्किंग वीक से 5 दिन वीक के बदलाव से निराश थे। भारत के विकास के लिए त्याग की आवश्यकता है, न कि आराम की। प्रधानमंत्री नरेंद्र मोदी के हफ्ते में 100 घंटे काम करने की ओर ध्यान आकर्षित करते हुए उन्होंने कहा, जब प्रधानमंत्री मोदी इतनी मेहनत कर रहे हैं, तो हमारे आसपास जो भी हो रहा है, उसे हम अपने काम के जरिए ही एप्रीशिएट कर सकते हैं।

 दिल्ली, वृत्तसंस्था. अलीकडेच इन्फोसिसचे संस्थापक नारायण मूर्ती म्हणाले होते की, देशातील तरुणांनी आठवड्यातून ७० तास काम केले पाहिजे. त्यामुळे देश वेगाने प्रगती करेल. यानंतर वर्क-लाइफ बॅलन्सबाबत देशात वाद सुरू झाला. या चर्चेंदरम्यान अदाणी समूहाँचे अध्यक्ष गौतम अदाणी यांचे वक्तव्य समोर आले आहे. गौतम अदाणी म्हणाले की, माणसाला जे आवडते ते करताना संतुलन जाणवते. माणसाने आपण नश्वर असल्याचे मान्य केले तर जीवन जगणेही सोपे होते. एका मुलाखतीत ते म्हणाले की, तुम्ही जे काही करता त्याचा आनंद घेत असाल तर तुमच्या आयुष्यात वर्क-लाइफ बॅलन्स आहे. तुमचा वर्क-लाइफ बॅलन्स

माझ्यावर लादला जाऊ नये आणि माझे वर्क-लाइफ बॅल-स तुमच्यावर लादले जाऊ नये. ते किमान चार तास कुटुंबासोबत घालवतात हे पाहावे. त्याचवेळी ते गमतीने म्हणाले की, असे असूनही कोणी आठ तास कामावर घालवले तर बायको पळून जाईल ही वेगळी गोष्ट आहे. अदाणी समूहाचे अध्यक्ष गौतम अदाणी म्हणाले की, वर्क-लाइफ बॅल-सचे सार स्वतःच्या आणि प्रियजनांच्या आनंदात आहे.

▶ नवी मुंबई: नवी मुंबईतील आंतरराष्ट्रीय विमानतळावरून येत्या चार महिन्यात म्हणजेच साधारणतः एप्रिल महिन्यात विमानसेवा सुरळीतपणे सुरू होणार आहे. त्यामुळे १७ एप्रिल २०२५ पासून या विमानतळावरून प्रवासी व मालवाहतुकीसाठीचा उड्डाणे सुरू करण्याचा निर्धार व्यवस्थापनाने व्यक्त केला आहे. रविवारी २९ डिसेंबर २०२४ रोजी या विमानतळावर पहिल्या व्यावसायिक विमानाचे यशस्वीरित्या लॉडिंग करण्यात आले. इंडिंगे A३२० प्रवासी विमान ०१ वाजून ३८ मिनीटांनी लॅंड झाले आणि विमानतळावर एकच जल्लोष झाला. त्यामुळे आता नवी मुंबईतील हे विमानतळ चालू होण्याची उत्सुकता सर्वांनाच लागून राहिलेली आहे, परंतु या विमानतळाचा सर्वाधिक फायदा हा पुणेकरांना होणार आहे. कारण या विमानतळामुळे पुणेकरांच्या वेळेत मोठी बचत होणार आहे.

पुणेकर सध्या विमान प्रवास करण्यासाठी मुंबई आंतरराष्ट्रीय विमानतळाचा वापर करतात. परंतु, पुण्यावरून मुंबईला येण्याकरिता साधारणात ४ ते ५ तासांचा वेळ लागतो. मात्र, पुणे ते नवी मुंबई हा प्रवास केवळ ०२ तासांचा वेळ लागतो. मात्र, पुणे ते नवी मुंबई हा प्रवास केवळ ०२ तासा २० मिनटांमध्ये पार करता येते. त्यातही एक्सप्रेस वेवरून नवी मुंबई आंतरराष्ट्रीय विमानतळ गाठणे तर आणखीच सोपे आहे. या विमानतळामुळे पुणेकरांचा राष्ट्रीय व आंतरराष्ट्रीय प्रवास अधिक सुलम आणि सुखकर होणार आहे. याचमुळे पुणेकरांच्या वेळेची बचत तर होणारच आहे, पण त्याह्नही महत्त्वाचे मह्णजे या आंतरराष्ट्रीय विमानतळामुळे पुणेकरांचा प्रवासही कमी करावा लागणार आहे. असे नाही की पुण्यात विमानतळ नाही. पुणेकरांसाठी लोहगाव विमानतळ आहे, जे सर्वात

जवळ आहे. पण या ठिकाणाहून मर्यादित विमानसेवा असल्याने याचा फारशा पुणेकरांना फायदा होत नाही.

लोहगाव विमानतळावरून फक्त दुबई, सिंगापूर आणि बँकॉक या तीन ठिकाणीच आंतरराष्ट्रीय विमाने उड्डाण धेतात. यासंदर्भात हवाई वाहतूक तज्ज्ञ धैर्यशित लांदेकर यांनी एका वृत्तसंस्थेला माहिती देत म्हटले की, पुण्यातल्या लोहगाव विमानतळावर आंतरराष्ट्रीय उड्डाणांसाठी मर्यादा आहेत. तिथल्या धावपट्ट्या कमी आहेत. त्यामुळे युरोप आणि अमेरिकेत तिथून विमान उड्डाणे होत नाहीत. त्यामुळे आंतरराष्ट्रीय विमानांसाठी प्रवाशांना हैदराबाद, बंगळुरू किंवा दिल्लीला जावे लागते. बाणेरमध्ये राहणाऱ्या व्यक्तीला तर जेवढा वेळ लोहगा विमानतळावर जायला लागेल, तेवढाच किंवा त्यापेक्षा किंचित जास्त वेळात ती व्यक्ती थेट नवी मुंबई विमानतळापर्यंत पोहोचेल.

तर, पुणे आंतरराष्ट्रीय विमानतळावर कार्गों विमानांसाठी पुरेशी सुविधा उपलब्ध नसल्यामुळे उद्योग-व्यावसायिकांसाठीही वेगळे पर्याय शोधणे आवश्यक ठरते. पण नवी मुंबई विमानतळामुळे ही अडचण दूर होऊ शकते. नाशिवंत मालाची आयात-निर्यात करणाऱ्या शेतकऱ्यांसाठी नवी मुंबई विमानतळ हा चांगला पर्याय ठरू शकतो. पुण्याजळच्या चाकण व तळेगावमधील उद्योगांसाठी नवी मुंबई विमानतळाप्यंत पोहोचण्याचा कमी वेळ महत्त्वाचा ठरू शकतो.

विशेष उड़ान से मुंबई भेजकर युवक को प्रत्यारोपित किए बुजुर्ग के हाथ

इंदौर, 31 दिसंबर (भाषा)।

इंदौर में मरणोपरांत अंगदान करने वाले 69 वर्षीय कारोबारी के दोनों हाथ मुंबई के 28 साल के व्यक्ति को प्रत्यारोपित किए गए हैं, जिससे युवक को नई जिंदगी मिलने की राह आसान हो गई है। अधिकारियों ने मंगलवार को यह जानकारी दी।

अधिकारियों ने बताया कि इंदौर के टाइल्स व्यापारी सुरेंद्र पोरवाल (69) का शहर के एक निजी अस्पताल में 23 दिसंबर को अपेंडिक्स का आपरेशन किया गया था जिसके बाद मस्तिष्क आघात होने से उन्हें दिमागी रूप से मृत घोषित कर दिया गया। उन्होंने बताया कि दो साल पहले ब्रेन हेमरेज के कारण पोरवाल की सर्जरी की गई थी।

अधिकारियों ने बताया कि जैन समुदाय से ताल्लुक रखने वाले पोरवाल की अंतिम इच्छा के अनुसार उनके परिजन उनके मरणोपरांत अंगदान के लिए खुद आगे आए।

उन्होंने बताया कि शल्य चिकित्सकों ने 69 वर्षीय कारोबारी के दिमागी तौर पर मृत शरीर से दोनों हाथ, यकृत (लिवर) और दोनों गुर्दे (किडनी) सोमवार शाम हासिल कर लिए। इंदौर सोसायटी फार आर्गन डोनेशन के संस्थापक सचिव डा. संजय दीक्षित ने बताया, 'पोरवाल के मरणोपरांत अंगदान से मिले दोनों हाथों को विशेष उड़ान के जरिये मुंबई भेजा गया। इन हाथों को मुंबई के एक निजी अस्पताल में 28 वर्षीय व्यक्ति के शरीर में सफलतापूर्वक प्रत्यारोपित किया गया।' उन्होंने बताया कि इस व्यक्ति को कुछ साल पहले बिजली का तेज झटका लगा था जिसके बाद उसके दोनों हाथों ने काम करना बंद कर दिया था।

বুচ-তথ্য দিল না সেবি, প্রশ্নে বিশ্বাসযোগ্যতা

নিজম্ব সংবাদদাতা

নয়াদিল্লি, ৩১ ডিসেম্বর: শেয়ার বাজার নিয়ন্ত্রক সেবি-র প্রধান মাধবী পুরী বুচ কবে কবে নিজের আর্থিক সম্পত্তি ও বিনিয়োগের কথা বিস্তারিত ভাবে তাদের জানিয়েছেন, তথ্যের অধিকার আইনে সেই তথ্যও দিতে অশ্বীকার করল সেবি।

তথ্যের অধিকার অবসরপ্রাপ্ত কমোডোর লোকেশ বাত্রা সেবি-র কাছে ওই বিষয়টি জানতে চেয়েছিলেন। সম্পত্তির বিষয় নয়, তাঁর প্রশ্ন ছিল শুধুমাত্র তথ্যগুলি জানানোর তারিখ নিয়ে। আদানি গোষ্ঠীর বিরুদ্ধে শেয়ার বাজারে কারচুপির অভিযোগের পরে মাধবীর বিরুদ্ধে স্বার্থের সংঘাতের অভিযোগ ওঠে। অভিযোগ করা হয়, আদানিদের সঙ্গে মাধবীর নিজের ব্যবসায়িক স্বার্থ জড়িত রয়েছে। এই ধরনের স্বার্থের সংঘাতের বিষয় থেকে সেবি প্রধান সরে দাঁড়িয়ে থাকলে, তারও বিস্তারিত তথ্য সেবির কাছে জানতে চেয়েছিলেন বাত্রা। কিন্তু শেয়ার বাজার নিয়ন্ত্রক একে ব্যক্তিগত গোপন তথ্য বলে এড়িয়ে গিয়েছে। জানিয়েছে, এই তথ্যে সঙ্গে সাধারণ মানুষের স্বার্থের কোনও সম্পর্ক নেই।

সেবি-র এই অবস্থানের পরে তথ্যের অধিকার কর্মীদের বক্তব্য, শেয়ার বাজারের সঙ্গে সাধারণ লগ্নিকারীদের স্বার্থ জড়িত। একটি ব্যবসায়ী গোষ্ঠীর বিরুদ্ধে নিজেদের শেয়ার দর ফুলিয়ে ফাঁপিয়ে তোলার অভিযোগ রয়েছে। সেবি সেখানে তদন্ত করেছে। অথচ সেই ব্যবসায়ী সংস্থার সঙ্গে যদি সেবি প্রধানের ব্যবসায়িক স্বার্থ জড়িয়ে থাকে, তা হলে তাঁকে সেই ব্যবসায়িক লগি থেকে সরে দাঁড়াতে হবে। সেই বিষয়েই জানতে চাওয়া হয়েছিল। সেবি কোনও তথ্য প্রকাশ না করে নিজের বিশ্বাসযোগ্যতা নিয়েই সংশয় তৈরি করছে।

আট ঘণ্টার বেশি কাজ করলে বউ পালাবে, মন্তব্য আদানির

নয়াদিন্তি: দেশে উন্নতির জনা তরুণদের সাক্ষাৎকারে তিনি বলেছেন, নিজের निजान দিয়েছিলেন ইনফোসিসের প্রতিষ্ঠাতা নারায়ণ মূর্তি। বেষেছে। এই বিতর্কে মুখ খুললেন জানিয়েছেন। ভারতের প্রথম সারির শিল্পপতি গৌতম আদানিও। তিনি সাফ দেওয়া খুবই জরুরি। তাঁর পরামর্শ, জানিয়েছেন, এব্যাপারে কারও উপর দিনে প্রত্যেকের অস্তত চার ঘন্টা কোনও কিছু চাপিয়ে দেওয়া তাঁর একেবারেই নাপসন্দ। এই প্রসঙ্গে তাঁর সময় না দেওয়ার পরিণতি বোঝাতে সরস মন্তব্য, বাডিতে সময় না দিলে তো বউ ছেড়ে পালিয়ে যাবে।

নিয়ে চলতি বিতর্কে আদানির মন্তব্য কোনও কাঞ্জ করে যদি কেউ খুশি নয়া মাত্রা যোগ করল। এক্ষেত্রে কান্ধ ও ব্যক্তিগত তথা পারিবারিক জীবনে ভারসাম্যের উপর গুরুত্ব দিয়েছেন আদানি গোষ্ঠীর কর্ণধার। ব্যক্তিবিশেষে এব্যাপারে ফারাক রয়েছে বলেও মন্তব্য করেছেন তিনি। সংবাদসংস্থাকে জীবনটা সরল হয়ে যায়।

আরও বেশি সময় কাঞ্চ করা উচিত। পছন্দ অনুযায়ী চলা গেলে কাঞ্চ ও এই যুক্তিতে সম্প্রতি সপ্তাহে ৭০ ঘণ্টা ব্যক্তিগত জীবনের সামঞ্জস্য থাকে। কাজ ও জীবনের সামঞ্জস্য নিয়ে কারও ব্যক্তিগত ধারণা অন্যের উপর চাপিয়ে তাঁর এই পরামর্শ ঘিরে তীর বিতর্ক দানা দেওয়া যায় না বলেও তিনি সাফ

আদানি বলেছেন, পরিবারকে সময় বাড়িতে সময় দেওয়া দরকার। বাড়িতে গিয়ে মজার ছলে তিনি বলেন, ৮ ঘন্টার বেশি কাজ করলে তো বউ ছেড়ে মজার ছলে বললেও কাজের সময় চলে যাবে। তিনি আরও বলেছেন, থাকে, তাহলে কর্মক্ষেত্র ও ব্যক্তিগত জীবনে ভারসাম্য থাকে। আমাদের কাছে পরিবার ও কাজের বাইরে অন্য কোনও জগত নেই। এখানে কেউ চিরদিন থাকবে না। একথা বুঝে নিলেই
