Volatile Times: Don't Let Profits Fool You, Track Margins, too

ET Intelligence Group: In times of higher stock market volatility and uncertain economic scenario, it will be a prudent strategy to focus on companies that have reported higher profits and improving operating profitability.

According to the latest ETIG analysis of the ET 500 list, there were 20 companies that reported higher net profit in the first-half of FY25 compared with the profit for the entire previous year. The list includes companies across sectors including Vedanta, Bharti Airtel, Tata Chemicals, Zomato, Dilip Buildcon, Ashoka Buildcon, Aster DM, Jubilant Pharmova, Voltas, and Texmaco Rail among others.

While improving bottomline is often considered as an important factor while evaluating stocks, it demands caution since net profit may shoot up due to non-operating items such as lower tax outgo,

exceptional adjustments, changes in depreciation methods and others. Therefore, it is essential to ascertain whether higher net profit coincides with either stable or improving margin at the ear-

nings before interest, tax, depreciation and amortisation (EBITDA) excluding other income. It implies that the bottomline growth is driven by improving operating performance. The com-

panies listed here were culled out from the broader samples and had either shown a steady margin or an improvement in the six months to September 2024 compared with FY24 profitability.

For instance, Bharti Airtel reported ₹7,753 crore in net profit for the first-half of FY25, exceeding the total net profit of ₹7,467 crore in the previous fiscal year led by higher tariffs. It was able to retain the EBITDA margin at around 52% for the period.

Vedanta has been reaping benefits of lower cost of production, volume growth and favourable prices across segments. It reported the highest ever half-yearly EBITDA of ₹19,773 crore excluding other income in the six months to September 2024. The EBITDA margin improved to 27% from 24% in FY24.

For Zomato, net profit in the first-half of FY25 increased to ₹429 crore from ₹351 crore in FY24 helped by improved operating leverage.

Mkts open in green for 7th year running

2025 OUTLOOK: Face headwinds from high valuations, domestic demand issues, and global uncertainties

SUNDAR SETHURAMAN
Mumbai, 1 January

Indian equity benchmarks logged gains on the first trading day of 2025, marking the seventh consecutive first session of a calendar year when the indices ended in the green. The BSE Sensex rose by up to 617 points during the session but pared its gains to close at 78,507, an increase of 368 points, or 0.5 per cent. The National Stock Exchange Nifty, on the other hand, ended the session at 23,743, a rise of 98 points, or 0.4 per cent. The gains were broad-based, with the Nifty Midcap 100 advancing 0.4 per cent and the Nifty Smallcap gaining 1.02 per cent.

Most of the Sensex gains on Wednesday were contributed by HDFC Bank, which rose 0.6 per cent. Larsen & Toubro, up 1.6 per cent, and Mahindra & Mahindra, which gained 2.5 per cent, were the other major contributors to the Sensex's performance.

Though the benchmark indices ended 2024 with gains of over 8 per cent, the year was marked by turbulence in the second half, which eroded much of the gains achieved in the first nine months.

The benchmark indices had surged by as much as 20 per cent on a year-to-date basis in September. However, a sharp sell-off by foreign portfolio investors (FPIs) — initially due to stimulus measures in China and later due to disappointing earnings — dampened sentiment.

Markets are expected to remain listless at the beginning of 2025, facing headwinds from expensive valuations, structural issues in domestic consumption demand, uncertain policy measures from the incoming US administration, and heightened geopolitical tensions.

"We note three headwinds for the Indian market in the short term: expensive valuations across caps and sectors barring financials, even as

headline market valuation has come off; earnings cuts; and continued sluggish consumption demand," said Kotak Institutional Equities in a note.

The note added that policies of the incoming US administration and rising geopolitical conflicts will impact the global economy and markets.

"India is more immune to both these issues, but global sentiment will matter for India too," the note said.

Looking ahead, corporate results for the quarter ended December and the Union Budget next month will determine the market's trajectory.

"We expect markets to remain

sideways until the start of the third-quarter result announcements, which will likely induce stock- and sector-specific action. Investors will watch out for December manufacturing PMI data for India and the US," said Siddhartha Khemka, head of research — wealth management at Motilal Oswal Financial Services.

The market breadth was strong, with 2,718 stocks advancing and 1,267 declining. More than two-thirds of Sensex stocks ended with gains. The total market capitalisation of BSE-listed firms rose by ₹2.5 trillion to ₹444.4 trillion.

Tamil Nadu cancels smart meter tender awarded to Adani Energy

PRESS TRUST OF INDIA
Chennai, 1 January

The Tamil Nadu Power Distribution Corporation has cancelled a global tender floated for procuring smart meters, citing the high cost quoted by Adani Energy Solutions Ltd (AESL).

The tenders were floated as four packages in August 2023 for providing the smart meters under the central government's revamped distribution sector scheme.

AESL, a BSE-listed firm was the lowest bidder for package 1 of the tender covering eight districts, including Chennai, and involved

installation of over 8.2 million smart meters, a source said. The tender was cancelled on December 27, 2024, as the cost quoted by AESL was reportedly higher. A re-tender is likely to be floated. Tenders for three other packages were also cancelled, he said without divulging further details.

The government's move comes in the wake of the controversy surrounding industrialist Gautam Adani, promoter of the Adani Group over allegations of being part of a scheme to pay over \$250 million (about ₹2,100 crore) bribe to Indian officials in exchange of favourable terms for solar power contracts.

Tamil Nadu cancels smart meter tender awarded to Adani Energy

PRESS TRUST OF INDIA
Chennai, 1 January

The Tamil Nadu Power Distribution Corporation has cancelled a global tender floated for procuring smart meters, citing the high cost quoted by Adani Energy Solutions Ltd (AESL).

The tenders were floated as four packages in August 2023 for providing the smart meters under the central government's revamped distribution sector scheme.

AESL, a BSE-listed firm was the lowest bidder for package 1 of the tender covering eight districts, including Chennai, and involved

installation of over 8.2 million smart meters, a source said. The tender was cancelled on December 27, 2024, as the cost quoted by AESL was reportedly higher. A re-tender is likely to be floated. Tenders for three other packages were also cancelled, he said without divulging further details.

The government's move comes in the wake of the controversy surrounding industrialist Gautam Adani, promoter of the Adani Group over allegations of being part of a scheme to pay over \$250 million (about ₹2,100 crore) bribe to Indian officials in exchange of favourable terms for solar power contracts.

2025 OUTLOOK: Face headwinds from high valuations, domestic demand issues, and global uncertainties

SUNDAR SETHURAMAN
Mumbai, 1 January

Indian equity benchmarks logged gains on the first trading day of 2025, marking the seventh consecutive first session of a calendar year when the indices ended in the green. The BSE Sensex rose by up to 617 points during the session but pared its gains to close at 78,507, an increase of 368 points, or 0.5 per cent. The National Stock Exchange Nifty, on the other hand, ended the session at 23,743, a rise of 98 points, or 0.4 per cent. The gains were broad-based, with the Nifty Midcap 100 advancing 0.4 per cent and the Nifty Smallcap gaining 1.02 per cent.

Most of the Sensex gains on Wednesday were contributed by HDFC Bank, which rose 0.6 per cent. Larsen & Toubro, up 1.6 per cent, and Mahindra & Mahindra, which gained 2.5 per cent, were the other major contributors to the Sensex's performance.

Though the benchmark indices ended 2024 with gains of over 8 per cent, the year was marked by turbulence in the second half, which eroded much of the gains achieved in the first nine months.

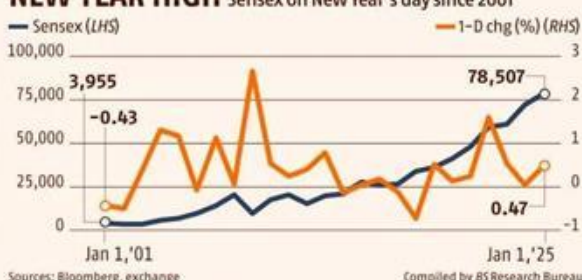

The benchmark indices had surged by as much as 20 per cent on a year-to-date basis in September. However, a sharp sell-off by foreign portfolio investors (FPIs) — initially due to stimulus measures in China and later due to disappointing earnings — dampened sentiment.

Markets are expected to remain listless at the beginning of 2025, facing headwinds from expensive valuations, structural issues in domestic consumption demand, uncertain policy measures from the incoming US administration, and heightened geopolitical tensions.

"We note three headwinds for the Indian market in the short term: expensive valuations across caps and sectors barring financials, even as

India Inc.'s QIP parade to stretch out into new year

Taste for stocks, easing liquidity to help companies shore up more from market

Prityamvada C
Prityamvada.c@livermint.com
BENGALURU

Indian companies are expected to raise more funds this year through qualified institutional placements (QIPs) of shares to finance capital-intensive projects, which could prove critical in shoring up the economy.

As many as 27 companies secured board approvals last month for raising funds from institutions, data from Prime Database showed. More companies including Shakti Pumps India Ltd and Azad Engineering Ltd are expected to secure board approval for QIPs shortly.

QIPs allow companies already listed on stock exchanges to raise funds from domestic markets to finance key projects. But even as fundraising via QIPs reached record levels in 2024, private-capital expenditure remained sluggish, forcing the government to spend huge amounts, especially on infrastructure.

As of 28 December, Indian companies had raised ₹1,37,560 crore across 95 QIPs in 2024, against ₹54,330 crore from 45 issues a year earlier, as per Prime Database.

"Fundraising through QIPs is likely to continue in the current

year, mainly driven by benign market conditions, good liquidity, and strong investor interest in the equity markets," said Mahavir Lunawat, managing director of financial services firm Pantomath Group.

He added that as companies have continued to focus on growth and reducing debt, they could use QIPs for more strategic initiatives

such as adding capacity, acquisitions, and upgrading technology.

"...The need for increased private sector capital expenditure (capex) remains a critical driver for economic expansion," said Narendra Solanki, head of fundamental research-investment services, at Anand Rath, adding that the domestic economy's strong fundamentals offer favourable condi-

tions for fundraising and growth this year.

India's robust bull market has played a key role in companies raising funds through QIPs, drawing more investors to the table. Sectors such as banking, financial services and insurance (BFSI), real estate, healthcare, consumer durables, information technology (IT) and industrials are likely to be active with QIPs this year, said Bhavesh Shah, managing director-investment banking at Equinus Capital.

However, while market experts see India's buoyant stock market performance continuing this year, some have tempered their expectations. "While the exceptional returns witnessed during the post-covid recovery phase might not be repeated, a reasonable expectation of 15-15% returns on major indices seems achievable," Solanki said.

India's stock market enjoyed a bull run over the last five years, but rising US bond yields and a risk of slowing domestic corporate earnings are likely to weigh on it in 2025. In 2024, the Nifty 50 and Senses climbed to record highs in September, but as foreign investors turned net sellers, the benchmark indices shed some of their gains, with the Nifty closing with a

gain of 8.8% during the year. Even so, Lunawat of Pantomath Group expects fundraising through QIPs to hit new records this year as companies seek more flexibility in accessing capital. QIPs allow companies to raise funds close to the market price. "Institutional investors are expected to continue participating at high levels, driven by easing monetary policies and attractive market valuations," said Lunawat.

Among prominent QIP transactions in 2024 were Vedanta Ltd's and Zomato Ltd's \$8,500 crore fundraises, Adani Energy Solutions Ltd's \$8,373 crore issue, and Varun Beverages Ltd's \$7,500 crore share placement.

JSW Energy Ltd, Prestige Estates Projects Ltd, and Punjab National Bank each raised \$5,000 crore via QIPs. Godrej Properties Ltd launched a \$6,000 crore QIP in November. Fintech firm Zaggie Prepaid Ocean Services Ltd raised \$594.84 crore via a QIP last week.

Qualified institutional placements of shares by new-age economy companies such as Zomato and Zaggie have been few—MapMyIndia raised \$500 crore via QIP in 2023—but experts see an uptick as more startups tap the public markets.

Last year saw about a dozen startup IPOs, with Ola Electric Mobility Ltd, Swiggy Ltd, First-Cry (Brainbees Solutions Ltd), Isigo (Le Traveaux Technology Ltd), Unicommerce Solutions Ltd, and Blackbuck (Zinka Logistics Solutions Ltd) making their public market debuts. the public markets at an earlier stage, according to experts. In 2024, investors purchased a record \$1.34 trillion worth of shares in initial public offerings, surpassing the previous record of \$1.19 trillion raised in 2021.

Easing monetary policies worldwide and substantial liquidity are also expected to lure significant investor interest, increasing listing activity, Lunawat said, adding that the "growth of demand accounts to 179 million also points to increasing retail investor interest in driving more potential listings".

For 2025, 34 companies have already secured the requisite approvals from the Securities and Exchange Commission of India for IPOs, targeting a combined \$11,462 crore. Additionally, 55 companies await regulatory clearance to raise about \$98,672 crore, Lunawat said.

"The pipeline of companies from high-growth sectors such as technology, renewable energy, and consumer goods, along with favourable market conditions and improved regulatory frameworks, will keep

the trend going," Lunawat said.

Both IPOs and QIPs could likely funnel more spending by private companies into capital-intensive projects that could help fuel economic growth.

Shortly after the National Democratic Alliance returned to power, the Economic Survey made a strong case for the private sector to scale up investments and focus on job creation. Last month, Mint reported that India's first-ever private capital expenditure survey would capture spending by companies in key sectors such as infrastructure, energy, and real estate to capture their contribution to the country's economic growth.

India's real gross domestic product (GDP) grew by 5.4% in the September quarter (the second quarter of 2024-25), the slowest in nearly two years, due to a slowdown in manufacturing, urban consumption and low corporate earnings.

India's finance ministry last week said it expects the economy to grow at 6.5% in 2024-25, while the Reserve Bank of India estimates a 6.6% growth aided by rural consumption, government investment, and strong services exports.

As a result, return ratios – RoE and RoIC – are expected to improve by 563bps to 14.5 per cent and 99 bps to 11.3 per cent respectively. AEL is targeting ₹6.5-7 lakh crore in capex over the next decade for its expansion into airports, data centers, copper and green H2 & its ecosystem. This is expected to be primarily funded through debt, leading to an increase in net debt-to-equity and net debt-to-EBITDA from 1.2x/1.7x in FY24 to 1.8x/2.2x by FY27E. We recommend Buy with our SOTP-based price target of ₹3,801 (21.2X FY27 EV/EBITDA). Even if we don't consider the value of green H2 vertical, the SOTP value comes at ₹3,029.

LG Balakrishnan (LGB) manufactures roller chains and undertakes metal forming, including warm & cold forging, fine blanking and machined parts.

Bolstered by advances in metal forming business, LGB's revenue from operations rose by 8.2 per cent in the first half of the current fiscal at a time when its flagship transmission business recorded a revenue growth of just 7 per cent. Growth in transmission business has hardly been robust for the last few quarters with Q1 and Q2 registering a growth of 5.4 per cent and 8.4 per cent respectively.

The stock currently trades at 13.7x FY25e EPS of ₹91.79 and 11.9x FY26e EPS of ₹105.82.

Perpetuated by lower than expected revenues and margins, earnings for the current fiscal have been cut by slightly over 7 per cent.

Power transmission chains are not expected to show much contribution (if at all) next fiscal. Margins in transmission business would get support from pick up in two wheeler industry and value addition initiatives.

Weighing odds, we retain Accumulate rating on the stock with revised target of ₹1,482 (previous target: ₹1,484) based on 14x FY26e earnings, over a period of 6-9 months.

Markets start 2025 on a high note

NEW DAWN. Sensex, Nifty climb over 0.4 per cent in broad-based rally; auto and capital goods stocks shine

Anupama Ghosh
Mumbai

The equity markets kicked off 2025 on an optimistic note, with the benchmark indices closing higher, led by strong gains in auto stocks and capital goods sectors. The BSE Sensex ended 368.4 points or 0.47 per cent higher at 78,507.41 while the NSE Nifty50 gained 98.1 points or 0.41 per cent to close at 23,742.90.

BREADTH POSITIVE

Market breadth remained distinctly positive with 2,747 stocks advancing compared to 1,237 declines on the BSE, indicating broad-based buying interest. However, foreign portfolio investors maintained their selling spree. They offloaded shares worth ₹1,782.71 crore on New Year day. The session also saw 153 stocks hitting

their 52-week highs while 37 touched their 52-week lows.

Auto stocks emerged as the top performers with Maruti Suzuki leading the gainers' pack, surging 3.01 per cent, followed by Mahindra & Mahindra which rose 2.36 per cent. Infrastructure major Larsen & Toubro advanced 1.73 per cent while Bajaj Finance and Tata Motors gained 1.71 per cent and 1.31 per cent respectively.

On the flip side, metal and pharmaceutical stocks faced selling pressure. Hindalco Industries was the top loser, declining 1.4 per cent, followed by Dr. Reddy's Laboratories which fell 1.12 per cent.

Adani Ports shed 1.04 per cent while ONGC and Tata Steel dropped 0.98 per cent and 0.85 per cent respectively.

The broader markets also participated in the upward

POSITIVE OPENING. Majority of the stocks ended in green on the first day of 2025, giving investors some cheer

momentum, with the Nifty Next 50 gaining 259.6 points or 0.38 per cent to close at 68,247.95. The Nifty Midcap Select index added 27.45 points or 0.21 per cent to end at 12,934.75.

Banking and financial services stocks contributed to the market's positive per-

formance, with the Nifty Bank index rising 200.4 points or 0.39 per cent to 51,060.6 while the Nifty Financial Services index gained 107.15 points or 0.46 per cent to close at 23,619.95.

"The recovery was broad-based while the sustainability of the trend will depend

on the earnings growth in Q3, where the expectation is positive on a q-o-q basis," said Vinod Nair, Head of Research at Geojit Financial Services.

He added that an uptick in core sector data and prospects of increased government capex spending aided sectors like capital goods, industries, auto and power.

'BE STOCK SPECIFIC'

Ajit Mishra, SVP Research at Religare Broking Ltd, noted that the markets have entered their second week of consolidation, with current indicators suggesting this trend is likely to persist.

"We continue to advocate a stock-specific strategy, focusing on counters exhibiting relatively stronger momentum. Besides pharma and healthcare, selective opportunities are emerging in the FMCG and energy sectors," he advised.

Success of cross-border energy trade depends on terms decided: Energy Adviser to Bangladesh

bl.interview

Richa Mishra
Hyderabad

Fouzul Kabir Khan, Adviser, Ministry of Power, Energy and Mineral Resources, Government of Bangladesh, feels that cross-border trade is a win-win for all.

Khan, who is in the thick of developments happening in Bangladesh's energy space, believes that the market will mature only when the energy exchanges become more dynamic.

In a telephonic conversation, he shares his thoughts on the regional energy trade as well as the developments in Bangladesh's energy space.

Edited excerpts:

Given the recent geo-political and domestic developments across many countries, what is the future of cross-border trade in electricity?

Success of cross-border trade largely depends on the terms decided. It is mostly good for the countries involved. We would like the

India has a full-fledged power exchange but Bangladesh is yet to have one. Market issues need to be addressed before energy exchanges are established

FOUZUL KABIR KHAN

cross-border trade to expand to Nepal, Bhutan, India and beyond.

Countries and their political leaderships will realise that regional energy trade could be a win-win situation for all. This realisation will bring greater understanding as far as the energy trade is concerned.

Recently, Nepal, India and Bangladesh signed a tripartite agreement to facilitate cross-border electricity trade. Do you think it will be impacted by geopolitical issues?

According to the agreement, Nepal will export its surplus

electricity to Bangladesh via India from June 15 to November 15 every year.

India will make arrangements to supply electricity from Nepal to Bangladesh. In the first phase, Nepal will export 40 MW of hydro-electricity to Bangladesh via Indian territory.

It will work only seven months every year, mostly during summer.

I hope it will continue without any hassle. I do not see any problem because we have had proper negotiations, which would ensure that all three countries benefit from the agreement. Besides, there is room for further expansion.

Do you think a common grid (integrated grid) has a future?

My sense is that it might need some more time before it becomes a reality.

There are challenges such as putting up infrastructure for an active energy exchange.

India has a full-fledged power exchange but Bangladesh, for example, is yet to have one. There are market issues that will need to be addressed before energy exchanges are established. Besides, there are technological issues as well.

Talking about infrastructure, tariff also plays a role. For example, the Indian market is price sensitive. How will the tariff issue work?

Yes, there is a constant need for reviewing tariff. We should be continuously looking for a reduction in tariff. One way to make cheap power available is to move towards solar energy as its prices are coming down and it is not sensitive to the volatility of international fuel or gas prices.

I can tell you there are a lot

of opportunities for making cheap power available.

For example, in Bangladesh, there are a lot of wasteful expenditures that could be cut down. Also, if you promote solar and other renewable sources of energy, you can ensure cheaper tariff as well as curb cost-cutting of the utilities.

I think we should be able to provide an affordable tariff to both domestic and industrial consumers.

Is Bangladesh reviewing the tariff? And has the payment issue with power producers been streamlined? What is the status of the ongoing investigations into the projects, including that of Adani?

As you are aware, our fiscal situation has improved and even our foreign currency reserves are better placed now. We are most likely to go for tariff renegotiations not only for imported supply but also for domestic supply.

This would also help us better manage our finances and stabilise the purchase price of electricity. Pakistan has recently revised tariff.

Yes, investigations are going on currently.

Tamil Nadu annuls smart meter project tender awarded to Adani

Our Bureau
Chennai

The Tamil Nadu Power Distribution Corporation Ltd (TNPDC) has cancelled the global tender for smart electricity meters, where the Adani Group had emerged as the lowest bidder (L1) for one of the four packages, citing high costs quoted by Adani Energy Supply Ltd.

As a result, Tamil Nadu is likely to remain behind several other States in smart meter installation.

TNPDC plans to go in for retendering, which could delay the installation by at least six months, according to sources.

RDSS PROJECT

The State energy utility launched a ₹19,000 crore smart meter installation project under the Central government's Revamped Distribution Sector Scheme

(RDSS), aiming to install 3.03 crore smart meters across Tamil Nadu.

The selected contractor would be responsible for installation, communication set-up, integration and maintenance for 10 years.

The tender covered four batches with varying meter quantities. Four companies participated, and Adani emerged the lowest bidder.

However, Adani's quoted price exceeded the TNPDC's budget and was higher than prices in neighbouring

States, even after reductions. Consequently, the tender process was cancelled.

FIN IMPLICATIONS

Currently, Tamil Nadu is behind at least 15 other States in smart meter installations. As of December 11, 2024, only around 1.4 lakh smart meters have been installed, including 1.3 lakh consumer meters — though none under RDSS, for which Tamil Nadu has the highest allocation of 30 million metres.

States are required to install smart meters for consumers, distribution transformers (DT) and feeders, with the Centre approving 19.79 crore consumer meters, 52 lakh DT meters and 1.88 lakh feeder meters.

A State that fails to meet the RDSS target will face financial implications, such as reduced central financial assistance and non-allowance of additional borrowing powers.

तमिलनाडु विद्युत वितरण निगम ने अदाणी एनर्जी सॉल्यूशंस लिमिटेड (एईएसएल) को जारी स्मार्ट मीटर खरीदने की वैश्विक निविदा को रद्द कर दिया है। केंद्र सरकार की पुनरीक्षित वितरण क्षेत्र योजना के तहत स्मार्ट मीटर उपलब्ध कराने के लिए अगस्त 2023 में चार पैकेज के रूप में निविदाएं जारी की गई थीं। एक सूत्र ने बताया कि बीएसई में सूचीबद्ध कंपनी एईएसएल ने चेन्नई सहित आठ जिलों को 'कवर' करने वाली निविदा के पैकेज-1 के लिए सबसे कम बोली लगाई थी। इसमें 82 लाख से अधिक स्मार्ट मीटर लगाने का काम शामिल था। हालांकि 27 दिसंबर 2024 को यह निविदा रद्द कर दी गई, क्योंकि एईएसएल द्वारा उद्धृत लागत कथित तौर पर अधिक थी। उन्होंने कहा कि दोबारा निविदा जारी किए जाने की संभावना है। सूत्रों ने बताया कि तीन अन्य पैकेज के लिए भी निविदा रद्द कर दी गई।

Officials of TNPDC conducted negotiations with the company officials, and found that the price quoted was high.

TNPDC had planned to modernise electricity meters at a cost of ₹19,000 crore for nearly 1.20 crore customers in three phases.

TN cancels tender to Adani Group citing higher pricing

HT Correspondent

letters@hindustantimes.com

CHENNAI: The Tamil Nadu government's power generation and distribution PSU, Tangedco, has cancelled the global tender for installation of smart meters after negotiations with the lowest bidder Adani Energy Solutions Ltd (AESL) to reduce price failed, officials aware of the matter said on Tuesday.

The Adani Group firm had emerged as the lowest bidder for one of the four packages of the tender, floated in August 2023, for installing 8.2 million smart meters in eight districts, including Chennai, Tiruvallur and Chengalpattu, a Tamil Nadu generation and distribution company (Tangedco) official said.

"The price quoted by the company was high. So, we decided to cancel the tender process after negotiations with the company to reduce the price failed," the official said, requesting anonymity.

"The price quoted to Tangedco was higher than ₹120 per meter per month which has

ADANI GROUP FIRM EMERGED AS THE LOWEST BIDDER FOR TENDER, FLOATED FOR INSTALLING 8.2 MILLION SMART METERS IN EIGHT DISTRICTS

been offered to other states like Andhra Pradesh."

On December 28, the PSU also cancelled the tenders for the other three packages floated in August 2023 citing "administrative reasons". "The tenders will be floated again soon," the official said.

The four tenders were floated for installation of 30 million smart meters, replacing the existing digital meters, across the southern state under the ₹19,000 crore Centre-funded Revamped Distribution Sector Scheme (RDSS).

Commenting on the cancellation of the tender, a ruling DMK

leader, requesting anonymity said: "We didn't want to give room to any controversies."

Adani Group did not respond to HT's request for a comment on the development.

The development came close on the heels of a political uproar in Tamil Nadu over the Opposition's allegation of a "secret meeting" between chief minister MK Stalin and Adani Group's founder-chairman Gautam Adani in Chennai in July 2024. Stalin and his party, the DMK, dismissed the charge and denied any ties with the business conglomerate.

"Adani did not come to meet me. I have not met Adani either," Stalin told the state assembly on December 10, while replying to the allegation levelled by GK Mani, a leader of the PMK, a BJP ally.

The allegations were made soon after the billionaire industrialist was indicted by a US court over bribery charge.

The Adani Group has strongly denied the allegations as "baseless" and vowed to "seek all possible legal recourse."

City likely to get above average rain this Jan; brace for colder days

Rajanbir Singh

rajanbir.singh@htlive.com

CHANDIGARH: With the start of 2025, the India meteorological department has issued a long-range forecast for the month of January. As per this, the city is likely to receive above average rain and see below average day temperature.

The forecast, which is prepared by using probability models for the whole country, has predicted that there is an up to 45% chance of above average rain this month. The average rain in January is 37.6 mm which is calculated by taking average of past 20 years.

Last year only 11 mm rain was recorded in the whole month, which was also there on the last day of the month. Speaking about this, IMD Chandigarh director Surender Paul said, "This has to do with western disturbances. This month we have an active WD likely to affect the city around January 5. Further we are expecting another WD in the second week of January as well." With more snowfall in the hilly reaches of Himachal Pradesh, Paul said that chilly winds will continue for at least the first two weeks of the month. "The first two weeks of January are among the coldest of the year and with some snowfall in Himachal almost daily its effects will also be felt in the plains."

WITH MORE SNOW IN HIMACHAL, CHILLY WINDS WILL CONTINUE FOR THE FIRST TWO WEEKS OF THE MONTH: IMD

While the long-range forecast also mentions that the city will have above normal minimum temperature and below normal maximum temperature, Paul said this correlates with rain as rain during the day leads to fall in temperature while cloudy weather and rain at night cause night temperature to increase. A spell of moderate to dense fog is also likely in the city during the start of the month, although as per Paul there are chances of a bit of sunlight on Thursday and Friday during the day.

Severe cold conditions continue for third day

The maximum temperature of the city fell from 11.8°C on Tuesday to 11.3°C on Wednesday, 6.9 degrees below normal. This is the third consecutive day with severe cold day conditions in the city. As per IMD, severe cold day conditions are declared when minimum temperature falls below 10°C and maximum temperature falls over 6.5 degrees below normal. Last year also

there was a long spell of severe cold day conditions at the start of the month, and the lowest that the day temperature fell was 9.4°C on January 21. Visibility fell down to 300 meters in the morning at 8.30 am as per the IMD. This is classified as moderate fog by the IMD, and visibility was able to improve to 900 meters by 11.30 am but remained below 1,200 meters during the day. The minimum temperature also fell from 9.4°C on Tuesday to 8.7°C on Wednesday, 1.5 degrees above normal. In the next three days, the maximum temperature will remain between 11°C and 15°C while the minimum temperature will remain between 9°C and 12°C.

Fog disrupts flight operations

A total of nine flights, including five arrivals, were delayed at Chandigarh International Airport on Wednesday due to fog.

Indigo 6E7718 from Jaipur landed at Chandigarh International Airport at 2.48 pm against the scheduled time of 11.20 am. AI2659 from Mumbai arrived here at 4.51 pm against the scheduled time of 2.40 pm. Indigo 6E2196 flight from Delhi landed here at 4.34 pm against the scheduled time of 4.10 pm. UT extends LOI to Kolkata firm, gives time to deposit money till January 21

HINA ROHTAKI

CHANDIGARH, JANUARY 1

THE CHANDIGARH Administration has extended the LOI (Letter of Interest) to the power privatisation firm.

While speaking to The Indian Express, Chief Engineer C B Ojha said that "the LOI has been extended until January 21".

This means that the firm has got time till January 21 to deposit its money, which is Rs 870 crore, with the UT Administration.

Only after the money is deposited, the Chandigarh Administration will be handing over the assets of UT power department to the private firm under privatisation.

Ojha added, "In fact by the extended time, even the evaluator shall submit the report."

The UT Administration had floated a tender to appoint an evaluator who will examine the PF and other dues of the incumbent employees of the power department.

There are 1,100 employees in the power department, including outsourced employees.

Recently, the apex court had dismissed the plea of UT powermen against the Punjab and Haryana High Court order, paving the way for privatisation of electricity in Chandigarh.

The Eminent Electricity

Distribution Limited, the firm, has been issued the letter of intent and will be handed over the UT power department.

The firm gave the highest bid in the power privatisation project in 2021. Employees of the power department feel that they will be losing their jobs as power would be privatised.

Has to give Rs 871 crore

The Eminent Electricity Distribution Limited, a Kolkata-based company, had quoted Rs 871 crore against Rs 175 crore reserve price of the project. It is classified as a non-govt company and is registered at Registrar of Companies, Kolkata. Its parent company is the Calcutta Electric Supply Corporation, which is the Kolkata-based flagship company of the RP-Sanjiv Goenka Group, born from the erstwhile RPG Group, under the chairmanship of businessman Sanjiv Goenka.

A total of seven companies had come forward to bid in the race. At that time, these included Adani Transmission Limited, Tata Power, Torrent Power, Sterlite Power, Renew Wind Energy, NESCI (NTPC) and Eminent Electricity Distribution Limited.

Demonstration continues

Meanwhile, the demonstration by electricity employees

continued and protests were held in all the offices during the lunch break.

Addressing the rallies, union president Amrik Singh, general secretary Gopal Dutt Joshi and others demanded cancellation of the "decision to sell the electricity department to a private company at a pittance and cancel the LOI issued to the company".

They alleged that the officials of the administration are "repeatedly flouting the rules and bidding process and are also violating the service conditions of the employees without taking the option from the employees. They are being forcibly handed over to a private company against their will".

Joshi alleged that the administration is going to hand over the department to a private company without deciding the service conditions of the employees and without taking their option.

They questioned that "how can anyone change the government status of the employees without asking them?"

Demanding complete cancellation of privatisation and cancellation of LOI, they warned that the day the department is handed over, a boycott will begin from the same day.

Time to prioritise technology, talent to determine our long-term success: Gautam Adani on New Year

AHMEDABAD, JANUARY 1

Adani Group Chairman, Gautam Adani, on Wednesday said that our true challenge lies in deploying our capital effectively and we must prioritise the two Ts that serve as the most sustainable differentiators in today's world — Technology and Talent.

In his New Year message to the company's workforce, Gautam Adani said that the focus is on "unlocking the limitless potential of our people". "Let me first talk about technology. In today's fast-evolving landscape, every company must think and act as a technology company - or risk irrelevance. Scaling effectively demands more than just implementing software tools - it requires embedding a technology-first mindset into the very fabric of our organisation," the Adani Group Chairman stressed.

"This is not optional - it is essential. And it begins with our top 100 leaders setting the tone. Each one of us must commit to becoming technologically fluent — not as a task to check off, but as a way of thinking.

In the race of relevance, technology is the racetrack, and leadership is the stride that ensures we finish first," Gautam Adani noted.

The top industrialist stressed that moments of transformation "do not wait for us", but they demand that "we rise to them with vision, courage and the will to act".

"In an AI-driven world, the future is about reimagining how we operate and how we achieve our goals. I challenge each of you to embrace technology as a lever to innovate, disrupt and set new standards of excellence. Your career growth depends on it. Our collective success depends on it," he said.

On talent, Gautam Adani said the war for talent is the defining challenge of our

times and it will determine our long-term success.

"Talent is not about mere resumes or credentials — it is about the drive to adapt, innovate and lead. This year, we are doubling down on our commitment to building a powerhouse of potential, first by "nurturing in-house talent".

"Our goal is to unlock the full potential of every individual. The greatest investment we can make is not just in systems or strategies, but in unlocking the limitless potential of our people who dare to lead and innovate," the Adani Group Chairman added.

He further stated that the Group is strengthening its presence at premier campuses to attract ambitious young professionals who will lead us into the future.

"Beyond recruitment, we are establishing robust engineering and management career tracks to ensure everyone has the tools to excel. We are also creating opportunities for you to network, collaborate and build relationships that will power your growth and success," Gautam Adani said. **IAN S**

The Air Intelligence Unit (AIU) of Customs has arrested a 24-year-old man for allegedly smuggling gold worth Rs2.1 crore from Maldives. Inaamul Hassan, who is from Bhatkal in Karnataka, is said to have hid the gold in the aeroplane's lavatory. The AIU officials believe that some airport staff is in cahoots with the smuggling syndicate, and was entrusted with the retrieval of the gold and its passage out of the airport.

According to the Customs sources, specific intelligence was received on Tuesday that Hassan, a passenger travelling from Male to Mumbai, had concealed smuggled gold in the aircraft.

Upon searching the flight, the AIU claimed to have found 13 pouches containing gold hidden in the lavatory's

light panel. Meanwhile, Hassan was also intercepted at the arrival hall.

"During interrogation, he confessed to concealing the gold in the lavatory of the aircraft," said a Customs source. He said that he got into the illicit business to make money, the source added. The agency sources are now probing from where Hassan had procured the gold and who was supposed to receive the said consignment.

Recently, the Directorate of Revenue Intelligence had busted a syndicate wherein certain passengers acted as carriers for gold smuggled into India. After arriving in India, they used to conceal the contraband in the aircraft waste cart, which used to be retrieved by another syndicate member. The precious metal would finally be handed over to a woman receiver, said the agency officials.

NAVI MUMBAI

Even as the first commercial flight made its landing at the proposed Navi Mumbai International Airport (NMIA) on December 29, 2024, the City and Industrial Development Corporation (CIDCO) has pulled up its sleeves to provide smooth connectivity between NMIA and the existing Chhatrapati Shivaji Maharaj International Airport (CSMIA) in Mumbai. Plans are afoot to expedite the process to make the Airport Express Line Metro a reality soon.

While interacting with reporters on the sidelines of the function to mark commercial flight landing at NMIA, CIDCO vice chairman and managing director, Vijay Singhal said that the planning agency is committed to provide inter-airport metro connectivity to the people for smooth and hassle-free com-

muting. Asked about the status of the project, a senior CIDCO official said that the detailed project report (DPR) for Airport Express Line Metro is under preparation. "We will

be completing the preparation of DPR within three months for the 33-km-long metro line between two airports. Once the DPR is ready, we will start with the tendering process and ensure that the metro line gets operational at the earliest," the official added. Asked whether the metro will be an elevated one or underground or combination of both, the official said that

some parts of the metro will be underground while some will be elevated. "We are deliberating on the same while preparing the DPR and hope to finalise the route alignment soon," the official said. The route is likely to have eight metro stations and the trains will run within a frequency of 15 minutes. The Rs15,000 crore metro line is likely to have a daily ridership of nine lakh passengers once the existing and the proposed airport is connected. CIDCO is working in coordination with another state body Mumbai Metropolitan Region Development Authority (MMRDA) for the project. MMRDA, through Delhi Metro Rail Corporation (DMRC) will build metro line 8 from CSMIA to Mankhurd, which is a stretch of 11.1km while CIDCO will connect Mankhurd to the proposed NMIA.

State cancels smart metering tender awarded to Adani Group

The Hindu Bureau
CHENNAI

Tamil Nadu's ambitious smart meter project to modernise electricity billing has been stalled, after the Tamil Nadu Power Distribution Corporation Limited (TNPDC) cancelled the tender awarded to Adani Energy Solutions Limited, part of the Adani Group.

Confirming the cancellation of the tender for procuring smart meters, a senior official of Tangedco said that currently, Adani was the only company making smart meters in the country.

Officials of TNPDC conducted negotiations with the company officials, and found that the price quoted was high.

The senior electricity official said that at a time when several States were planning to install 30 crore smart meters, with Tamil Nadu alone needing nearly 1.20 crore smart meters, it was not possible to stick to the delivery schedule.

Modernisation project
TNPDC had planned to modernise electricity meters at a cost of ₹19,000 crore for nearly 1.20 crore customers in three phases. The smart meter project was to be implemented under the Revamped Distribution Sector Scheme (RDSS).

Adani Energy Solutions Limited has presence in various facets of the energy domain, including power transmission, distribu-

tion, smart metering, and cooling solutions.

As per an investor presentation made by Adani Energy Solutions, the company has a smart meter portfolio of 22.8 million, with a contract value of ₹27,200 crore. In an earnings call in October last year, the company said it expected the Tamil Nadu bid to be closed in a couple of months.

The tender cancellation comes in the wake of the indictment of Adani Group chairman Gautam Adani in New York over allegations of bribery and fraud. The group has denied the allegations.

The names of several State discoms, including that of Tamil Nadu, were included in the indictment.

TN scraps deal with Adani co; likely to go for retender

DC CORRESPONDENT
CHENNAI, JAN. 1

The Tamil Nadu Power Distribution Corporation which has scrapped all the four tenders for procuring smart electricity meters is likely to go for a retender as the electricity distribution company has to complete the tender process by March 2025 and begin installation without delay.

The process was initiated under the Union government's revamped electricity distribution sector scheme, which mandated the completion of the project in the current financial year. A failure to implement the smart meter project on time could lead to the conversion of the subsidy provided under the scheme into loans.

Playing it safe

Smart meter project is under central govt scheme.

TNPDC CANCELLED the tenders as the price quoted by the lowest bidder Adani Energy Solutions Ltd was found to be on the higher side. The company quoted lower prices in Puducherry.

The company has to complete the tender process by March 2025 and begin installation without delay.

The company cancelled the tenders as the price quoted by the lowest bidder Adani Energy Solutions Ltd (AESL) was found to be

on the higher side.

The tenders were floated as four packages in August 2023 and AESL was the lowest bidder for package 1 that was for installing over 82 lakh smart meters in eight districts, including Chennai, and involved installation of over 82 lakh smart meters, a source said, adding that the cancellation happened on December 27, 2024.

The reason behind the cancellation of the tenders for all the four packages was because AESL, that initially quoted Rs 120 for a single phase meter and Rs 169 for a three-phase meter for operation and maintenance and then brought the rates down to Rs 96 and Rs 139, had quoted Rs 70 and 120 for similar meters in Puducherry.

SMART METER

Cancelling Adani tender may cost TN Rs 30,000 cr

■ G JAGANNATH

CHENNAI: Tangedco's decision to scrap the smart meter procurement tenders is likely to hurt the State government financially, with the State being denied additional borrowing up to 0.5 per cent of its GDP, estimated to be around Rs 30,000 crore, for not meeting targets set under the Centre-funded Revamped Distribution Sector Scheme (RDSS).

In addition, the Rs 9,000 crore sanctioned for Tamil Nadu as gross budgetary support under RDSS could be forfeited and converted into a loan for failing to meet the set performance targets.

Out of the 19.79 crore smart meters sanctioned across the country under the scheme, Tamil Nadu was allotted the highest of 3 crore meters. But so far, it has not installed even a single one.

As *DT Next* reported on December 31, Tangedco cancelled all four tenders, including the first package in which Adani Energy Solution emerged as the lowest bidder, on December 27 and 28.

Under RDSS, additional borrowing would be allowed only if the states meet the eligibility criteria for each year and then meet the performance target for each phase of the project, including awarding the contracts, and installation and commissioning of the meters.

Sources told *DT Next* that Tangedco would write to the Ministry of Power to extend the deadline for project implementation. Not only Tamil Nadu, but most states are lagging in meeting the targets set by the union government, sources said, expressing confidence that tender cancellation would not have any financial implications. "Soon a retender would be floated with more packages to ensure the participation of more bidders," sources said.

Scheme meant to boost power reforms

At the meeting of State Finance Ministers in June, Finance Minister Thangam Thennarasu urged Union Finance Minister Nirmala Sitharaman to exclude the loans taken by State governments for covering the losses of distribution companies (discoms) from the calculation of fiscal deficit and borrowing ceilings of the State.

"Currently, to get an additional borrowing space of 0.5%, which is Rs 30,000 crore, the State government should take over Rs 52,000 crore of discoms' losses," he said in the memorandum.

The five-year revamp scheme was launched in July 2021 to support distribution utilities to improve operational efficiencies and financial sustainability of the distribution sector to provide a quality and reliable supply of power. The scheme has two major components — loss reduction and smart metering.

Under the first one, Tangedco has awarded a Rs 9,307.64 crore project to take up works, including agricultural feeder segregation, high-voltage distribution system, etc.

The bids for smart meter component were floated in August 2023 to install 3 crore smart meters, 4.72 lakh distribution transformers metering, 16,974 feeder metering and 1,300 boundaries metering. Union Power Minister Manohar Lal told the Rajya Sabha on December 2 that the scheme, which links central assistance to the State's performance, was designed to nudge states to take necessary power sector reforms.

Markets end on a positive note on first trading session of 2025

TDG NETWORK
NEW DELHI

The Indian stock market began the new year on a positive note, with the Sensex closing 443.09 points higher at 78,582.10, marking a strong start for 2025. The NSE Nifty too closed at 23,742.90, up by 98.10 points.

The broad market showed a mixed performance, with 37 stocks advancing and 13 declining from the Nifty 50 index.

Among the top gainers were Maruti, M&M, LT, Bajaj Finance, and Tata Motors, which saw strong upward movements, while Hindalco, Dr Reddy's, Adani Ports, ONGC, and Tata Steel struggled, contributing to the decline in the Nifty.

Vinod Nair, Head of Research at Geojit Financial Services, attributed the positive market opening to a broad-based recovery. He noted that the

sustainability of this trend would depend on earnings growth in the upcoming Q3, with expectations positive on a quarter-on-quarter basis.

"The market started on a positive note on the first day of 2025. The recovery was broad-based, while the sustainability of the trend will depend on the earnings growth in Q3, where the expectation is positive on a QoQ basis. An uptick in core sector data and the prospect of a ramp-up in capex spending by the government in the remaining part of the fiscal-aided sectors like capital goods, industrials, auto, and power," Nair added. The market's performance on the first trading day of 2025

set a positive tone, though investor sentiment will remain closely tied to the forthcoming earnings season and macro-economic indicators. As the year progresses, the focus will likely shift to the sustainability of growth across key sectors.

The Indian stock markets began the first trading session of 2025 with slight gains and consolidated on it later in the day while most of the global markets remained closed for New Year celebrations.

Both the Sensex and Nifty 50 delivered strong performances in 2024, with each index climbing over 8%, despite recent pullbacks from their peak levels.

However, concerns over slowing consumption and sluggish capital expenditure are pressuring corporate earnings, leaving investors hopeful for stimulus measures from the government and Indian businesses to spur growth in 2025.

അദാനിക്ക് തിരിച്ചടി; തമിഴ്നാട് ടെൻഡർ റദ്ദാക്കി

ചെന്നൈ: വൈദ്യുതി സ്മാർട്ട് മീറ്ററുകൾ വാങ്ങാനുള്ള ആഗോള ടെൻഡർ ഡിഎംകെ നേതാവ് എം.കെ. സ്റ്റാലിൻ നയിക്കുന്ന സംസ്ഥാന സർക്കാർ റദ്ദാക്കി. കരാർ തുക അധികമാണെന്നു ചൂണ്ടിക്കാട്ടിയാണ് നടപടി. ഏറ്റവും കുറഞ്ഞ തുകക്ക് സ്മാർട്ട് മീറ്റർ നൽകാനുള്ള ടെൻഡറാണ് അദാനി എനർജി സൊല്യൂഷൻസ് ലിമിറ്റഡ് നൽകിയിരുന്നത്. ഇതിനിടയിൽ തന്നെയാണ് ടെൻഡർ റദ്ദാക്കൽ.

82 ലക്ഷം സ്മാർട്ട് മീറ്ററുകൾ സ്ഥാപിക്കുന്നതിനുള്ള 19,000 കോടി രൂപയുടെ കേന്ദ്ര സഹായ പദ്ധതിയാണ് ചെന്നൈ, കാഞ്ചീപുരം, ചെങ്കൽപെട്ട് എന്നിവ അടക്കം എട്ടു ജില്ലകളിൽ നടപ്പാക്കുന്നത്. കാർഷികേതര കണക്ഷനുകൾ എല്ലാം സ്മാർട്ട് മീറ്ററാക്കാനാണ് ഉദ്ദേശ്യം.

ആഗോള ടെൻഡറിൽ കുറഞ്ഞ തുക ക്ലോട്ട് ചെയ്ത അദാനി ഗ്രൂപ്പിനാണ് കരാർ നൽകിയിരുന്നത്. എന്നാൽ,

ഉയർന്ന ചെലവാണ് ടെൻഡർ റദ്ദാക്കാൻ കാരണമായി പറയുന്നത്. തുക കുറയ്ക്കാനായി പല ചർച്ചകൾ നടത്തിയെങ്കിലും അദാനി എനർജി സൊല്യൂഷൻസ് കാണിച്ച തുക കുറക്കാൻ തയ്യാറായില്ലെന്ന് തമിഴ്നാട് ഊർജ്ജോത്പാദന-വിതരണ കോർപ്പറേഷൻ വിശദീകരിച്ചു. ഭരണപരമായ കാരണങ്ങൾ വിശദീകരിച്ച് മറ്റു മൂന്നു ടെൻഡറുകളും ഇതിനൊപ്പം റദ്ദാക്കി.

വിവിധ കരാറുകൾ നേടുന്നതിനായി ഇന്ത്യയിലെ ഉദ്യോഗസ്ഥർക്ക് കൈക്കൂലി നൽകിയെന്നാരോപിച്ച് അദാനി ഗ്രൂപ്പ് ചെയ്

ർമാൻ ഗൗതം അദാനി, സാഗർ അദാനി, മറ്റ് ആറുപേർ എന്നിവർക്കെതിരെ യുഎസ് കോടതി കുറ്റപത്രം സമർപ്പിച്ചിരുന്നു. ആ ആരോപണങ്ങൾ അടിസ്ഥാനരഹിതമെന്നായിരുന്നു അദാനി ഗ്രൂപ്പിന്റെ വാദം. ഇതിനു പിന്നാലെയാണ് തമിഴ്നാട് സർക്കാരിന്റെ ടെൻഡർ റദ്ദാക്കൽ.

അദാനിയുടെ ഇടപാടുകളെക്കുറിച്ച് ജെ. പി.സി അന്വേഷണം ആവശ്യപ്പെട്ട് പ്രതിപക്ഷം സമര മുഖത്താണ്. കോൺഗ്രസ് നയിക്കുന്ന ഇന്ത്യ സഖ്യത്തിൽ പ്രധാന സഖ്യ കക്ഷിയാണ് ഡിഎംകെ.

നേരത്തെ ഗൗതം അദാനിയുമായി കൂടി ഓഴ്ച നടത്തിയെന്ന പ്രതിപക്ഷ ആരോപണം മുഖ്യമന്ത്രി സ്റ്റാലിൻ നിഷേധിച്ചിരുന്നു. “അദാനി എന്നെ കാണുകയോ കൂടി ഓഴ്ച നടത്തുകയോ ചെയ്തിട്ടില്ല. ഇതിൽ കൂടുതൽ വിശദീകരണം വേണോ” സ്റ്റാലിൻ സംസ്ഥാന നിയമസഭയിൽ വ്യക്തമാക്കി. തമിഴ്നാട് വൈദ്യുതി ബോർഡിന് എസ്ഇസിഐ പോലുള്ള പൊതുമേഖല സ്ഥാപനങ്ങളുമായി കരാറുണ്ട്. എന്നാൽ അദാനിയുമായില്ലെന്ന് സ്റ്റാലിൻ പറഞ്ഞു.

അദാനി എനർജി സൊല്യൂഷൻസ് സമാനമായ പദ്ധതികൾ മഹാരാഷ്ട്രയിലും ബിഹാറിലും നടപ്പാക്കി വരുന്നുണ്ട്. ഇവിടങ്ങളിൽ നൽകിയതിനേക്കാൾ ഉയർന്ന നിരക്കാണ് തമിഴ്നാട്ടിൽ സ്മാർട്ട് മീറ്റർ ടെൻഡറിന് ക്ലോട്ട് ചെയ്തതെന്നു ചൂണ്ടിക്കാണിക്കപ്പെടുന്നുണ്ട്.

वीजदरवाढीची टांगती तलवार

प्रतियुनिट ४० पैसे वाढण्याची भीती; केंद्र सरकारकडून मार्ग काढण्याचा प्रयत्न

उमाकांत देशपांडे, लोकसत्ता

मुंबई : देशभरातील औष्णिक वीज प्रकल्पांमध्ये 'डीसल्फरायझेशन' युनिट बसविण्याची सक्ती यावर्षी अंमलात आणण्याचे निर्देश केंद्रीय पर्यावरण खात्याने दिल्याने प्रति युनिट ३५-४० पैसे वीज दरवाढीची भीती आहे. त्यामुळे या अडचणीतून मार्ग काढण्यासाठी केंद्रीय ऊर्जा विभागाने अन्य पर्याय अजमावण्यासाठी पुढील आठवड्यात नवी दिल्लीत उच्चस्तरीय बैठक बोलाविली आहे. राज्य सरकारने केंद्राकडे या सक्तीतून सुटका करण्यासाठी पाठपुरावा न केल्यास राज्यातील औष्णिक वीजप्रकल्पांसाठीही ही युनिट बसवावी लागणार आहेत.

औष्णिक वीज प्रकल्पांमधून मोठ्या प्रमाणावर प्रदूषण होते. त्याला आळा घालण्यासाठी व विशेषतः सल्फर डाय ऑक्साईडचे उत्सर्जन कमी करण्यासाठी 'डीसल्फरायझेशन' युनिट

नवी दिल्लीत १० जानेवारीला बैठक

राज्यातील औष्णिक वीज प्रकल्पांमध्ये बहुतांश देशी कोळसाच वापरला जातो व आयात कोळसा वापरण्याचे प्रमाण खूपच कमी आहे. देशी कोळशामध्ये सल्फरची मात्रा तुलनेने खूप कमी असते. त्यामुळे आता डीसल्फरायझेशनची सक्ती करावी की अन्य पद्धतीचा वापर करावा, यासंदर्भात केंद्रीय पर्यावरण, ऊर्जा विभाग, राष्ट्रीय विज्ञान संस्थेतील तज्ञ आदी संबंधितांची बैठक १० जानेवारी रोजी नवी दिल्लीत होणार आहे, असे उच्चपदस्थ सूत्रांनी 'लोकसत्ता'ला सांगितले.

'डीसल्फरायझेशन' (एफजीडी) युनिट बसविण्याची सक्ती केल्यास वीजदरवाढ प्रति युनिट ३५-४० पैसे वाढ होण्याची भीती आहे. या पद्धतीची गरज नसल्याचा राष्ट्रीय विज्ञान संस्थेच्या तज्ञांचा अहवाल असून राज्य सरकारने केंद्राकडे पाठपुरावा करणे गरजेचे आहे. तरच राज्यातील औष्णिक वीजनिर्मिती कंपन्यांची या सक्तीतून सुटका होऊ शकेल व ग्राहकांवर वीजदरवाढीचा बोजा येणार नाही. -अशोक पेंडसे, वीजतज्ञ

बसविण्याच्या सूचना २०१९ पासून वीज प्रकल्पांना देण्यात आल्या होत्या. केंद्रीय ऊर्जा खात्याने आयआयटी (दिल्ली) कडून याबाबत अभ्यास अहवालही मागविला होता. आयआयटीने दोन वर्षांपूर्वी अहवाल दिला. औष्णिक वीज प्रकल्पापासून ३० किमी परिसरात सल्फरडाय ऑक्साईडचे प्रमाण खूप वाढलेले असते, तर ६०

किमीच्या पुढील परिसरात मात्र हे प्रदूषण रहात नाही, असे अहवालात नमूद करण्यात आले होते. त्यामुळे ज्या प्रकल्पांपासून ३० किमीच्या क्षेत्रात शहरे किंवा मोठी गावे आहेत, त्या प्रकल्पांसाठी 'डीसल्फरायझेशन' युनिट बसविण्याची सक्ती करणे आवश्यक असल्याचे दिसून आले होते.

हे युनिट बसविण्यासाठी प्रति मेगावॉट सुमारे एक कोटी रुपये खर्च येतो. राष्ट्रीय औष्णिक ऊर्जा महामंडळाची (एनटीपीसी) स्थापित क्षमता सुमारे ६० हजार मेगावॉट असून राज्याला सुमारे सहा हजार मेगावॉट वीज दिली जाते. एनटीपीसीने सुमारे सहा हजार मेगावॉट क्षमतेच्या प्रकल्पांमध्ये हे युनिट बसविले असून त्यापैकी

राज्याला दोन-तीन हजार मेगावॉट वीज मिळते. हे युनिट बसविण्यासाठीचा खर्च ग्राहकांकडून वसूल करण्यासाठी केंद्रीय वीज प्राधिकरणाने एनटीपीसीला परवानगीही दिली आहे.

महानिर्मिती कंपनी सुमारे सहा-सात हजार मेगावॉट औष्णिक वीज उपलब्ध करते व त्या प्रकल्पांमध्ये हे युनिट बसविलेले नाही. तर अदानी, रतन इंडिया अशा काही खासगी वीज कंपन्यांनी मात्र हे युनिट बसविण्यास सुरुवात केली आहे. हे युनिट बसविल्याने खर्च वाढत असल्याने वीजनिर्मिती व वितरण कंपन्यांचा त्यास विरोध आहे. त्यामुळे हे युनिट बसविण्यासाठीची मुदत पर्यावरण खात्याने काहीवेळा वाढवून दिली. यासंदर्भात अभ्यास करण्यासाठी पर्यावरण खात्याने राष्ट्रीय विज्ञान संस्थेला विनंती केली होती. त्यानुसार वेगळी वैज्ञानिक पद्धत सुचविण्यात आली आहे.

लाडक्या उद्योगपतीसाठी राजा उदार

धारावीचे पुनर्वसन करण्यासाठी बाहेरील जागा देण्याची गरज मान्य केली, तरी त्यासाठी प्रथम सर्व झोपड्यांचे सर्वेक्षण होणे गरजेचे आहे. ते पूर्ण झालेलेच नसताना स्थानिकांना धारावीबाहेर घरे देण्याचा विचार सुरू आहे. धारावीचा प्रश्न केवळ तेथील रहिवाशांपुरता मर्यादित नाही, मुंबईतली शेकडो एकर जागा एकाच 'लाडक्या' उद्योगपतीकडे जाते आणि राजकारणी गप्प राहतात, असे का?

ख. री. मुंबईकर

kharee.mumbaikar@gmail.com

सोन्याहून अधिक किंमत जेथील जमिनीला आहे अशी राज्याची राजधानी मुंबईत पुनर्विकासाच्या नावाखाली आणि धारावीच्या निमित्ताने जे काही सुरू आहे, त्यामुळे 'सैंया भए कोतवाल तो डर काहे का?' या हिंदी म्हणीची आठवण आल्याशिवाय राहात नाही.

मुळात एका लाडक्या उद्योगपतीला धारावीचा प्रकल्प दिला गेला, तो प्रकारच मजेशीर होता. याआधीची निविदा रद्द केली गेली. नव्या निविदेच्या स्वीकारलेल्या बोलीपेक्षा आधीच्या निविदेतली बोली अडीच एक हजार कोटींनी जास्त होती. तरी नवी बोलीच राज्याच्या हिताची आहे, अशी बाजू सरकारनेच न्यायालयात मांडली आणि ते न्यायालयाने मान्य केले. तेवढ्यावर हा 'लाडका' समाधानी नाही. भस्म्या झाल्यासारखा तो हे, ते आणि पलीकडले खातच सुटला आहे. धारावीच्या टीडीआरचा घोळ आपण पाहिला. पुढे जे काही सुरू आहे ते पाहिले की कालचा गोंधळ बरा होता, असेच म्हणावेसे वाटते.

झोपडपट्टी पुनर्वसन योजनेत, विकासक आधी भूखंडावरील झोपड्या रिकाम्या करून घेतो. त्या झोपड्यांत राहणाऱ्या कुटुंबांना मासिक भाडे दिले जाते. मग त्या मोकळ्या जागी इमारत बांधण्याचे काम सुरू केले जाते. कोणत्याही झोपडपट्टी पुनर्वसन योजनेच्या एकूण खर्चात या भाड्यापोटी खर्च होणाऱ्या रकमेचा मोठा वाटा असतो. पण खास धारावीकरिता सरकारने रेल्वेची ४७.५ एकर जागा आंदण दिली. 'संबंधित कंपनीला ही जागा काही फुकट नाही दिली. त्यांनी त्याचे वट्ट १००० कोटी मोजले आहेत,' असे सांगत बाजू लावून धरली जाते, पण या एक हजार कोटींमध्ये २० एकरांवरील झोपडपट्टी असलेल्या जागेचाही समावेश आहे. नियमाप्रमाणे २० एकर झोपडपट्टीच्या जागेसाठी २०० कोटी शासनाला मिळालेच असते. म्हणजेच उरलेली २७.५ एकर मोकळी जागा ८०० कोटींना फुकून टाकली गेली आहे. सुमारे ७५०० रुपये फूट या दराने हा व्यवहार झाला.

लक्षात घ्या, पार कर्जतजवळ गोदरेज कंपनी बंगले बांधायला जागा विकत आहे, त्याचा भाव आहे १० हजार रुपये प्रति फूट. धारावीकरिता जी जागा रेल्वेने दिली आहे ती तर भर मुंबईत माटुंग्याला आहे! आता या 'लाडक्या'चा डोळ काळा किल्ला व धारावी डेपोच्या मोकळ्या जागेवर आहे. एकूण साडेबारा एकरांचे हे मोकळे भूखंड आहेत. थोराघरच्या या मित्राला नाही म्हणायची आपल्या बेस्टची टाप नसणारच. अशीच चिरीमिरी बेस्टला देणार असतील बहुधा. बेस्ट आणि रेल्वेच्या मिळून ४० एकर जागेवर ४५० फुटांची सुमारे १३ हजार घरे उभारली जातील. म्हणजेच तेवढ्या झोपडपट्टीवासीयांचे विनाभाडे पुनर्वसन होणार आहे. आता २० हजार दरमहा या दराने सुमारे ३६ महिन्यांचे १५ हजार जणांचे भाडेच मुळी ९३६ कोटी होते. या रकमेपुढे रेल्वेला मिळालेली आठशे कोटी आणि बेस्टला त्याच दराने मिळू शकेल अशी संभाव्य रक्कम ३५० कोटी अशा एकूण ११५० कोटी रुपयांचा हिशेब बघितला तर शेटला जमिनी फुकटच मिळाल्या म्हणण्यास हरकत नाही. लक्षात घ्या एवढ्या झोपडपट्टीवासीयांचे मोकळ्या जागेवर पुनर्वसन होणार असल्यामुळे मूळ झोपडपट्टीमध्ये तेवढी जागा विक्रीसाठी इमारती बांधण्याकरिता मिळणार आहे.

धारावीचे सर्वेक्षण तरी झाले का?

राजा उदार झाला आणि आवळ्याजागी भोपळा

दिला. तसे आपले कनवाळू सरकार या आपल्या लाडक्या शेटला मानखुर्द, मुलुंड, कुर्ला अशा वेगवेगळ्या ठिकाणी टप्प्याटप्प्याने आजपर्यंत तब्बल ५४० एकर जागा देते झाले आहे. शेटने जागेवर बोट ठेवावे आणि सरकारने ती जागा मंजूर करावी असे चालले असावे, असे वाटते. मुंबईतल्या या ५४० एकरांवर ४.०० एफएसआय धरून ४५० फुटांची सुमारे १ लाख ८० हजार घरे उभी राहू शकतात. आता मजा पाहा, अजून धारावीतल्या संपूर्ण झोपडपट्टीचे सर्वेक्षण व्हायचे बाकी आहे. धारावीत एकंदरीत दोन लाख झोपड्या असाव्यात असा अंदाज आहे. धारावीबाहेर ज्या जागा दिल्या आहेत त्या जागांवर धारावीतल्या सगळ्या झोपडपट्टीवासीयांचे पुनर्वसन होणे सहज शक्य आहे. म्हणजे धारावीतल्या सगळ्या झोपडपट्टीवासीयांना बाहेर काढणार की काय? मग धारावीत काय फक्त विक्री घटकाच्या इमारती होणार काय?

धारावीचे पुनर्वसन करण्यासाठी बाहेरील जागा द्यायची गरज जरी मान्य केली तरी त्यासाठी प्रथम सर्व झोपड्यांचे सर्वेक्षण होणे गरजेचे आहे. एकंदरीत किती जणांना घरे द्यायची आहेत ते ठरवावे लागेल. मग पुनर्वसनाचा एकात्मिक

आराखडा तयार केला पाहिजे. किती जण धारावीत समावले जातील आणि किती जणांना बाहेर पाठवावे लागेल, हे त्या आराखड्याच्या आधारे ठरवावे लागेल. मग ज्यांना बाहेर पाठवायचे त्यांना त्याची नीट कल्पना द्यायला हवी. हे सारे झाले की बाहेर किती जागा लागेल? त्यातली कोणती जागा बाहेर जाणाऱ्यांना पसंत आहे ते ठरविले पाहिजे. मग त्या जागा या प्रकल्पासाठी दिल्या पाहिजेत. इथे सारी वरतीमागून घोडे, अशीच स्थिती आहे. अद्याप सर्वेक्षण सुरूच आहे. निश्चित झोपड्यांची संख्या ठरलेली नाही आणि धारावी बाहेरच्या जागांवर घरे दिली जाणार आहेत.

आमदारांना सगळे समजते, पण...

महाराष्ट्रात तशी हूशार, अभ्यासू राजकारण्यांची वानवा नाही. बरेच आमदार विकासक तरी आहेत, किंवा विकासकामांत त्यांच्या खुल्या/छुप्या भागीदारी तरी आहेत. त्यामुळे धारावीचे जे काही सुरू आहे ते यांना समजत नाही असे म्हणणे योग्य होणार नाही. सत्ताधऱ्यांचे सोडा, विरोधकांनी सुद्धा या मुद्द्यावर आवाज उठविल्याचे ऐकित नाही. नुकत्याच झालेल्या विधानसभा निवडणुकीत हा प्रचाराचा मुद्दा नीट मांडलेलाच नव्हता. विरोधक शेटला नावापुरता विरोध करताना दिसले.

एकेकाळच्या एनर्गनला झालेल्या विरोधाची त्यानिमित्ताने आठवण झाली. वरून कीर्तन आतून तमाशा, अशीच सारी परिस्थिती आहे. सामान्य जनतेनेच अभ्यास करून या प्रकरणाचे कंगोरे

समजावून घेत आता आवाज उठवला पाहिजे. नेहमीच काही कोर्टात निकाराचा लढा द्यायला बाबूराव सामंत उभे राहणार नाहीत आणि लाज वाटून राजीनामा देतील असे अंतुल्यांसारखे कमी निडावलेले राजकारणी आता शिल्लक नाहीत. महाराष्ट्रातील जनतेलाच मुंबईसाठी पुढे यावे लागेल, मुंबईचे एवढे देणे आपण लागतोच.

લવકુશ મિશ્રા | સુરત

ગુજરાતમાં છેલ્લા કેટલાક વર્ષોથી જાહેર ટ્રાન્સપોર્ટ સેક્ટરમાં આશ્ચર્યજનક ઉતાર-ચઢાવ જોવા મળ્યો છે. અમદાવાદમાં ગત વર્ષે રેલવેમાં પ્રવાસીઓની સંખ્યા ઓછી થઈ છે. જ્યારે હવાઈ યાત્રીઓની સંખ્યા 60 લાખ વધી ગઈ છે. હવે લોકોમાં આરામદાયક અને લગ્ગરી મુસાફરીનું ચલણ વધ્યું છે. જેના પગલે તેઓ વધુ ખર્ચ કરવામાં અચકાતા નથી. આ જ કારણ છે કે રાજ્યમાં છેલ્લા બે વર્ષોમાં વિમાનમાં મુસાફરી કરનાર લોકોની સંખ્યામાં મોટો ઉછાળો જોવા મળ્યો છે.

જોકે, એરપોર્ટ પર મુસાફરોની સંખ્યા ભલે વધી હોય પરંતુ એરપોર્ટની આવક વધવાને બદલે 408 કરોડ ઘટી છે. જ્યારે રેલવેમાં મુસાફરોની સંખ્યા ઘટવા છતાં પણ આવક વધી છે. માત્ર અમદાવાદ જ નહીં સુરત, વડોદરામાં પણ હવાઈ મુસાફરોની સંખ્યા વધી છે. આ તમામ એરપોર્ટની કમાણીમાં ગાબડું પડ્યું છે. જ્યારે છેલ્લા સાત વર્ષોમાં અમદાવાદ, સુરત, વડોદરા

વડોદરા	1,55,67,264	258.90
રાજકોટ	39,92,012	101.85

નોંધ: મુસાફરો ઘટ્યા પણ રેલવેની કમાણી વધી...કારણ કે એસી-સ્લીપર ક્લાસમાં મુસાફરી કરનાર વર્ગોની સંખ્યા વધી. વર્ષ 2023-24માં માત્ર અમદાવાદમાંથી 1 કોટી 82 લાખ યાત્રીઓમાંથી 1 કરોડથી વધુ મુસાફરોએ એસી-સ્લીપરની ટિકિટમાં યાત્રા કરી

મુખ્ય સ્ટેશનોમાં આ કારણે મુસાફરો ઘટ્યા

રાજ્યના રેલવેના સ્ટેશનોમાં મુસાફરોની સંખ્યામાં ઘટાડો નોંધાયો છે. 2016-17માં અમદાવાદ રેલવે સ્ટેશનમાં 1.99 કરોડ લોકોએ મુસાફરી કરી હતી. જ્યારે 2023-24માં મુસાફરોની સંખ્યા ઘટીને 1.82 કરોડ પહોંચી ગઈ છે. સુરતમાં 2016-17માં યાત્રીઓની સંખ્યા 2.4 કરોડથી ઘટીને 2.22 કરોડ થઈ ગઈ છે. જ્યારે વડોદરામાં મુસાફરોની સંખ્યા 1.55 કરોડથી ઘટીને 1.06 કરોડ અને રાજકોટમાં 40 લાખથી ઘટીને 35 લાખ થઈ ગઈ હતી. રેલવેનું માનવું છે કે છેલ્લા કેટલાક વર્ષોમાં જનરલ શ્રેણીના કોચ ઘટ્યા અને એસી કોચની સંખ્યા વધી છે. આ સિવાય વેઈટિંગ યાત્રીઓ પર કડકાઈ.

... અને મુસાફરો ઘટ્યા છતાં રેલવેને કમાણી વધી

રેલવેમાં મુસાફરોની સંખ્યા ઘટી હોવા છતાં રેલવેની કમાણી વધી છે. અમદાવાદ રેલવે સ્ટેશનની આવક 2016-17માં 681 કરોડ રૂપિયા હતી જે યાત્રીઓ ઘટવા છતાં પણ આવક વધીને 1010 કરોડ રૂપિયા પહોંચી ગઈ છે. સુરત રેલવે સ્ટેશનની આવક 410 કરોડથી વધીને 835 કરોડ થઈ છે.

■ આ નાણાકીય વર્ષ 2024-25ની વાત કરીએ તો અત્યાર સુધી અમદાવાદ એરપોર્ટથી અત્યાર સુધી 60 લાખ 24 હજાર મુસાફરોએ ડોમેસ્ટિક મુસાફરી કરી જ્યારે 4 લાખ 70 હજાર યાત્રીએ વિદેશી માટે ઉડાન ભરી.

રાજ્યમાં વિમાન પ્રવાસ પ્રત્યે લોકોનો ઝોક વધ્યો

तामिळनाडू सरकारने रद्द केले अदानीचे मीटर खरेदीचे कंत्राट

लवकरच नव्याने
निविदा काढणार

■ चेन्नई

चेन्नईसह तामिळनाडूच्या इतर आठ जिल्ह्यांमध्ये स्मार्ट वीज मीटर खसवण्यासाठीची अदानी समूहाची जागतिक निविदा तामिळनाडू सरकारने रद्द केली आहे. अमेरिकेत अदानीवर झालेल्या लाखोरोच्य आरोपाच्या पार्श्वभूमीवर हे कंत्राट रद्द केल्याने अदानी ग्रुपला मोठा फटका खसला आहे. अदानी ग्रुपने स्मार्ट मीटरचे दर अधिक लावल्याचे कारण देत हे कंत्राट रद्द केले आहे.

तामिळनाडू राज्यात ८ कोटी २० लाख स्मार्ट मीटर लावण्यासाठी १९००० कोटी रुपयांचा निधी केंद्र सरकारकडून देण्यात आला होता, त्यानुसार राज्यातील शेतीसह सर्वथ वीज मीटर स्मार्ट करण्यात येणार होते. तामिळनाडू वीज वितरण विभागाच्या अधिकाऱ्यांनी सांगितले की, अदानीचे दर हे सर्वाधिक होते. हे दर कमी करण्यासाठी वाटाघाटी करण्यात आल्या होत्या मात्र तरीही दर कमी झाले नव्हते. अखेर हे कंत्राट रद्द करण्यात आले

आहे. २०२३ च्या ऑगस्ट महिन्यात काढलेल्या सर्व निविदाही रद्द करण्यात आल्या असून लवकरच नव्याने निविदा काढण्यात येतील. तामिळनाडूचे मुख्यमंत्री एम.के. स्टॅलिन यांनी अदानीबरोबर कोणत्याही प्रकारची बैठक झाली नसल्याचे म्हटले असून तामिळनाडूतील सीरकृजा प्रकल्पासाठी सेकी या कंपनीला कंत्राट दिल्याची माहितीही दिली आहे. या कंपनीकडून २०१८ मध्ये १ कोटी १ लाख स्मार्ट मीटर लावण्यात आले होते.

जयपुर से पुणे व अहमदाबाद जाने वाली फ्लाइट्स कोहरे के कारण रद्द करनी पड़ी

चंडीगढ़ से जयपुर पहुंची फ्लाइट भी करीब आधे घंटे तक आसमान में रही, बताया जा रहा है कि घने कोहरे के कारण वह फ्लाइट जयपुर एयरपोर्ट पर लैंड नहीं कर पा रही थी

जयपुर (कांस)। राजधानी जयपुर में शीतलहर और घना कोहरा छाने से जनजीवन अस्त-व्यस्त हो रहा है। बुधवार को जयपुर से पुणे व अहमदाबाद जाने वाली 2 फ्लाइट को बुधवार सुबह घने कोहरे के कारण रद्द कर दिया गया। वहीं विजिबिलिटी कम होने के कारण चंडीगढ़ से जयपुर आई फ्लाइट करीब आधा घंटा तक आसमान में रही। घने कोहरे के कारण वह जयपुर एयरपोर्ट पर लैंड नहीं कर पा रही थी।

सूत्रों की मानें तो जयपुर एयरपोर्ट से स्पाइसजेट एयरलाइंस की फ्लाइट को सुबह 5.35 बजे पुणे के लिए उड़ान भरने वाली थी। आखिरी वक्त पर तकनीकी कारणों का हवाला देकर फ्लाइट को रद्द कर दिया गया। इसी तरह स्पाइसजेट एयरलाइंस की अन्य फ्लाइट अहमदाबाद के लिए सुबह 8.05 बजे उड़ान भरने वाली थी। परंतु उड़ान से कुछ देर पहले ही इसे भी रद्द करने का फैसला किया गया। माना जा रहा है कि दोनों फ्लाइट घने कोहरे के कार रद्द किए गए हैं।

बताया जा रहा है कि बुधवार को घने कोहरे के कारण फ्लाइट अपने निर्धारित समय पर जयपुर एयरपोर्ट पर

राजधानी जयपुर में इन दिनों शीतलहर के साथ-साथ रात के समय ओस की बूंदें भी गिर रही हैं। विद्याधर नगर स्थित स्वर्ण जयंती पार्क में लगे शेड पर बुधवार सुबह ओस की बूंदें जमी हुई मिली, ऐसा लगा जैसे कुल्लु-मनाली की तरह बर्फबारी हुई हो। जैसे ही धूप खिली तो घास पर ओस की बूंदें मोतियों की तरह चमकती नज़र आईं। फोटो : राष्ट्रदूत

■ शीतलहर और कोहरे की चादर में लिपटा नज़र आया जयपुर, दृश्यता 40 मीटर से कम होने के कारण सुबह 8-9 बजे तक वाहनों को भी हैडलाइटें जलाकर निकलना पड़ा

लैंड नहीं हो पाई। इंडिगो एयरलाइंस की चंडीगढ़ से जयपुर की फ्लाइट को लगभग 30 मिनट लैंडिंग के इंतजार में आसमान में ही चक्कर काटना पड़ा। मौसम साफ होने के बाद फ्लाइट

जयपुर एयरपोर्ट पर लैंड हुई।

बुधवार को नए साल पर भी जयपुर शहर कोहरे की चादर में लिपटा नज़र आया। सुबह करीब 8-9 बजे तक सड़कों पर कुछ नज़र नहीं आ रहा था।

सड़कों पर निकलने वाले वाहन चालकों को भी दिन में भी हैडलाइटें जलानी पड़ी। इस दौरान विजिबिलिटी 40 मीटर से भी कम रही है।

इन दिनों घने कोहरे और शीतलहर से पूरे उत्तर-पूर्वी राजस्थान में कड़ाके की सर्दी रही। सबसे सर्द दोपहर कल सीकर, अलवर, हनुमानगढ़ और गंगानगर में रही, जहां दिन का अधिकतम तापमान 12 से 13 डिग्री सेल्सियस के बीच दर्ज हुआ।

हनुमानगढ़ में कल अधिकतम तापमान 12.3, अलवर में 12.4, सीकर में 12.5 और गंगानगर में 12.8 डिग्री सेल्सियस दर्ज हुआ। इसी तरह धौलपुर में 13.9 और जयपुर-फतेहपुर में अधिकतम तापमान 14 डिग्री सेल्सियस दर्ज हुआ। उधर राजधानी जयपुर में दिन में हिल स्टेशन माउंट आबू से भी ज्यादा ठंडक रही। माउंट आबू में कल दिन का अधिकतम तापमान 17 डिग्री सेल्सियस दर्ज

हुआ, जबकि जयपुर में तापमान 14 डिग्री सेल्सियस से नीचे ही रहा। जयपुर के अधिकांश हिस्सों में मंगलवार शाम 4 बजे तक लोगों को सूरज नहीं दिखा। आसमान में घना कोहरा छाने के साथ ही सर्द हवाएं चलने से ठिठुरन रही। जयपुर मौसम केन्द्र ने आज प्रदेश के शहरों में शीतलहर का हल्का प्रभाव रहने और उत्तरी राजस्थान में कहीं-कहीं हल्का कोहरा छाने की संभावना जताई है।

स्टालिन सरकार का अडानी विरोध या कुछ और?

तमिलनाडु की एमके स्टालिन सरकार ने स्मार्ट मीटर का टेंडर रद्द कर दिया है। कहा गया है कि मीटर के दाम बहुत ज्यादा कोट किए गए थे इसलिए सरकार ने उन्हें रद्द कर दिया है। सबसे दिलचस्प बात यह है कि अभी सिर्फ एक टेंडर की बोली सामने आई थी, जिसमें गौतम अडानी की कंपनी अडानी एनर्जी लिमिटेड एल वन थी। यानी अडानी की कंपनी ने सबसे कम बोली लगाई थी। फिर भी स्टालिन सरकार को वह बोली बहुत ज्यादा लगी और इस आधार पर उसने टेंडर रद्द कर दिए। सवाल है कि सचमुच टेंडर में बोली ज्यादा की थी या अडानी की वजह से इसे रद्द किया गया?

यह सवाल इसलिए है क्योंकि तमिलनाडु सरकार ने ग्लोबल टेंडर निकाला था। ऐसा टेंडर, जिसमें दुनिया भर की कंपनियां हिस्सा ले सकती थीं। कुल चार टेंडर निकाले गए थे। उसमें से एक टेंडर, जिसमें 80 लाख से कुछ ज्यादा मीटर सप्लाई करने थे, उसे खोला गया

और अडानी समूह की बोली सबसे कम होने के बाद उसे और साथ साथ बाकी तीन टेंडर भी रद्द कर दिए गए। अगर ग्लोबल टेंडर में अडानी की बोली सबसे कम है तो राज्य सरकार को पता होगा कि इससे कम बोली नहीं लगने वाली है। फिर भी सरकार ने टेंडर रद्द किया है तो कारण यह लग रहा है कि वह अभी अडानी को कोई ठेका देना नहीं चाहती है। इससे केंद्र सरकार के ऊपर क्रोनी कैपिटलिज्म का आरोप लगाना मुश्किल हो जाएगा। राज्य में अगले साल विधानसभा के चुनाव होने वाले हैं। इसलिए हो सकता है कि सरकार इसे थोड़े समय लंबित करके रखे।

सेंसेक्स 368 अंक चढ़ा, निफ्टी 23,700 अंक के पार

मुंबई ■ भाषा/डेस्क

स्थानीय शेयर बाजार में नये साल के पहले दिन तेजी लौटी और बीएसई सेंसेक्स 368 अंक से अधिक बढ़कर बंद हुआ। एनएसई निफ्टी भी 23,700 अंक के पार निकल गया। उतार-चढ़ाव भरे कारोबार में प्रमुख कंपनियों के शेयरों में लिवाली से बाजार में तेजी रही।

बीएसई के 30 शेयरों पर आधारित मानक सूचकांक सेंसेक्स में दो दिन से जारी गिरावट पर विराम लगा और यह साल 2025 के पहले दिन 368.40 अंक यानी 0.47 प्रतिशत चढ़कर 78,507.41 अंक पर बंद हुआ। कारोबार के दौरान यह एक समय 617.48 अंक तक उछल गया था।

नेशनल स्टॉक एक्सचेंज (एनएसई) का सूचकांक निफ्टी भी 98.10 अंक यानी 0.41 प्रतिशत की बढ़त के साथ 23,742.90 अंक पर बंद हुआ। सेंसेक्स के शेयरों में मारुति में सबसे अधिक 3.26 प्रतिशत का लाभ रहा। इसका कारण कंपनी की थोक बिक्री में वृद्धि

है। यह दिसंबर में 30 प्रतिशत बढ़कर 1,78,248 इकाई रही। इसके अलावा महिंद्रा एंड महिंद्रा, लार्सन एंड टुब्रो, बजाज फाइनेंस, टाटा मोटर्स, इंडसइंड बैंक, एशियन पेट्रोल, पावर ग्रिड, एचडीएफसी बैंक और एक्सिस बैंक के शेयर भी लाभ में रहे। दूसरी तरफ, नुकसान में रहने वाले शेयरों में टाटा स्टील, अदाणी पोर्ट्स, एचसीएल टेक, भारतीय स्टेट बैंक, हिंदुस्तान यूनिलीवर और टेक महिंद्रा शामिल हैं। रेलिगेयर ब्रॉकिंग लि. के वरिष्ठ उपाध्यक्ष (शोध) अजित मिश्रा ने कहा, साल के पहले दिन बाजार की शुरुआत करीब आधे प्रतिशत की तेजी से हुई।

அதானி நிறுவனத்துக்கு வழங்கப்பட்ட ஸ்மார்ட் மீட்டர் டெண்டரை ரத்து செய்தது தமிழ்நாடு அரசு

சென்னை, ஜன. 02- அதானி எனர்ஜி சொல்யூஷன்ஸ் நிறுவனத்திற்கு(ஏஇஎஸ்எல்) வழங்கப்பட்ட ஸ்மார்ட் மீட்டர் டெண்டரை தமிழக அரசு ரத்து செய்துள்ளது.

மத்திய அரசின் புதுப்பிக்கப்பட்ட விநியோகத் துறை திட்டத்தின் கீழ் ஸ்மார்ட் மீட்டர்களை கொள்முதல் செய்வதற்காக தமிழக அரசின் தமிழ்நாடு மின்பகிர்மானக் கழகம் சார்பில் கடந்த 2023 ஆகஸ்ட்டில் நான்கு தொகுப்புகளாக

டெண்டர்கள் வெளியிடப்பட்டன.

பிஎஸ்இ-பட்டியலிடப்பட்ட நிறுவனமான ஏஇஎஸ்எல், சென்னை உட்பட எட்டு மாவட்டங்களை உள்ளடக்கிய முதல் தொகுப்புக்கான டெண்டரை மிகக் குறைந்த ஏலத்தில் எடுத்தது. இந்நிறுவனம் 82 லட்சத்துக்கும் அதிகமான ஸ்மார்ட் மீட்டர்களை நிறுவுவதற்கான பணியில் ஈடுபட்டிருந்ததாக தகவல் வெளியாகி உள்ளது.

இந்நிலையில், ஏஇஎஸ்

எல் நிறுவனத்துக்கு வழங்கப்பட்ட டெண்டரை கடந்த மாதம் 27ம் தேதி தமிழ்நாடு மின்பகிர்மானக் கழகம் ரத்து செய்தது. ஏஇஎஸ்எல் மேற்கோள் காட்டிய விலை அதிகமாக இருந்ததால் டெண்டர் ரத்து செய்யப்பட்டதாகக் கூறப்படுகிறது. இதையடுத்து, மறு டெண்டர் விடவாய்ப்பு உள்ளது. மற்ற மூன்று தொகுப்புகளுக்கான டெண்டர்களும் ரத்து செய்யப்பட்டுள்ளன.

அதானி குழுமம் உற்பத்தி

செய்யும் சூரிய சக்தி மின்சாரத்தை கொள்முதல் செய்ய தொழிலதிபர் கவுதம் அதானி இந்திய அதிகாரிகளுக்கு 250 மில்லியன் அமெரிக்க டாலர்கள் (சுமார் ரூ. 2,100 கோடி) லஞ்சமாகக் கொடுத்ததாக அமெரிக்க நீதிமன்றத்தில் குற்றம் சாட்டப்பட்ட நிலையில், தமிழக அரசு இந்த நடவடிக்கையை எடுத்துள்ளது. எனினும், தங்கள் நிறுவனத்தின் மீதான இந்த குற்றச்சாட்டை அதானி நிறுவனம் மறுத்துள்ளது.

टेक्नोलॉजी को प्राथमिकता देने का समय, टैलेंट से ही निर्धारित होगी भविष्य की सफलता गौतम अदाणी

अहमदाबाद। अदाणी समूह के चेयरमैन गौतम अदाणी ने बुधवार को कहा कि हमारी असली चुनौती अपनी पुंजी को प्रभावी ढंग से तैनात करने की है और हमें उन दो 'टी' को प्राथमिकता देनी चाहिए जो आज की

दुनिया में सबसे बड़े डिफ्रेंशिएटर को तौर पर काम रहे हैं, वो हैं 'टेक्नोलॉजी' और 'टैलेंट'। कंपनी के कर्मचारियों को अपने नववर्ष संदेश में गौतम अदाणी ने कहा कि हमारा ध्यान अपने लोगों की असीम क्षमता को अनलॉक करने पर है। अदाणी ग्रुप के चेयरमैन ने कहा, "सबसे पहले मैं टेक्नोलॉजी के बारे में बात करूंगा। आज के तेजी से विकसित हो रहे परिदृश्य में हर कंपनी को एक टेक्नोलॉजी कंपनी के रूप में सोचना और कार्य करना चाहिए या महत्वहीन होने का जोखिम उठाना चाहिए। प्रभावी ढंग से

स्केलिंग के लिए केवल सॉफ्टवेयर टूल लागू करने से कहीं अधिक की आवश्यकता होती है। इसके लिए हमारे संगठन के मूल ढांचे में टेक्नोलॉजी फ्रंट की मानसिकता को शामिल करना आवश्यक है।" गौतम अदाणी ने आगे कहा, "यह वैकल्पिक नहीं है, बल्कि आवश्यक है और इसकी शुरुआत हमारे शीर्ष 100 लीडर्स द्वारा माहौल तय करने से होती है। हममें से हर एक को टेक्नोलॉजी रूप से कुशल होने के लिए प्रतिबद्ध होना चाहिए और यह किसी विशेष कार्य को पूरा करने के लिए नहीं, बल्कि सोचने के तरीके के रूप में भी है। आवश्यक होने की दौड़ में तकनीक ही रेसट्रेक है और नेतृत्व वह कदम है, जो सुनिश्चित करता है कि हम पहले स्थान पर रहें।" शीर्ष उद्योगपति ने इस बात पर जोर दिया कि परिवर्तन का समय "हमारा इंतजार नहीं करते", बल्कि वे मांग करते हैं कि "हम दूरदृष्टि, साहस और कार्य करने की इच्छाशक्ति के साथ उनका सामना करें।" गौतम अदाणी ने कहा, "एआई-संचालित दुनिया में भविष्य इस बारे में है कि हम कैसे काम करते हैं और अपने लक्ष्यों को कैसे प्राप्त करते हैं। मैं आप सभी को चुनौती देता हूँ कि आप इनोवेशन करने और उत्कृष्टता के नए स्टैंडर्ड स्थापित करने के लिए टेक्नोलॉजी को एक लीवर के रूप में अपनाएं। आपका करियर विकास और हमारी सामूहिक सफलता इस पर निर्भर करती है।" टैलेंट के बारे में गौतम अदाणी ने कहा कि यह हमारे समय की सबसे बड़ी चुनौती है और यह हमारी दीर्घकालिक सफलता का निर्धारण करेगी। टैलेंट केवल रिज्यूमे या क्रेडेंशियल्स नहीं है, बल्कि यह एडिप्ट, इनोवेशन और लीडरशीप है। इस वर्ष, हम इन-हाउस टैलेंट को पोषित करके सबसे पहले क्षमता का एक पावरहाउस बनाने की अपनी प्रतिबद्धता को दोगुना कर रहे हैं।
