Sensex Slips Below 81k on Geopolitical Woes

Press Trust of India

Mumbai: Equity benchmark indices Sensex and Nifty tumbled nearly 1 per cent on Tuesday, weighed down by a widespread selloff amid foreign fund outflows and growing geopolitical uncertainties.

Domestic markets stayed on the back foot for the third straight session as investors offloaded energy, finance and IT stocks, traders said.

In a volatile trading session, the 30-share BSE index tanked 636.2 points, or 0.78%, to settle at 80,737.51. During the day, it dropped 798.6 points, or 0.98%, to 80,575.1.

The NSE Nifty plunged 174.10 points, or 0.70%, to 24,542.50.

As many as 2,266 stocks decli-

ned, while 1,731 advanced and 147 remained unchanged on BSE.

"The domestic market remained in negative terrain amid mixed global cues, geopolitical issues and a volatile currency market led by a weak dollar. Profit-booking is evident across sectors, except for real estate stocks, supported by expectations of an interest rate cut by RBI.

"Mid- and small-cap stocks are experiencing relatively less consolidation than large caps due to better earnings growth & moderation in premium valuation. While short-term consolidation is likely to persist, strong domestic-oriented players are estimated to provide outperformance against external volatility," Vinod Nair, head of research, Geojit In-

vestments, said.

From the Sensex firms, Adani Ports declined 2.42%. Bajaj Finserv, Bajaj Finance, Power Grid, Eternal, IndusInd Bank, Maruti, Tata Consultancy Services and UltraTech Cement were among the biggest laggards.

Mahindra & Mahindra emerged as the only gainer in the pack.

Adani Group's 11 listed companies ended lower.

Adani Group on Monday said it does not handle any cargo coming from Iran or any Iranian-owned ship at any of its ports, as it denied any deliberate engagement in sanctions evasion.

The BSE midcap gauge declined

0.52%, while the smallcap index dipped 0.07%.

Among sectoral indices, power dropped 1.50%, utilities (1.42%), bankex (0.89%), energy (0.88%), capital goods (0.87%), financial services (0.80%) and teck (0.68%).

On the other hand, commodities and realty were the gainers.

Foreign institutional investors (FIIs) offloaded equities worth ₹2,589.5 crore on Monday, according to exchange data.

In Asian markets, Shanghai's SSE Composite index and Hong Kong's Hang Seng settled in positive territory, while Japan's Nikkei 225 index ended lower. South Korean markets were closed.

European markets were trading lower. US markets ended higher on Monday.

Adani Group Faces Fresh US Scrutiny Over Alleged Iran LPG Imports, Denies Charges

Our Bureau

Mumbai: The Adani Group has once again found itself under the US Department of Justice's scanner—this time for allegedly importing Iranian liquefied petroleum gas (LPG) into India through the Mundra port, according to a Wall Street Journal (WSJ) report on Monday.

The US prosecutors are investigating whether industrialist Gautam Adani's companies violated US sanctions by importing Iranian petrochemical products into India, the report stated.

Adani Group has rejected any involvement in trade in Iranian LPG and said it is not aware of any investigation on the same. It called the allegations "baseless"

and vowed to seek "all possible legal recourse." The development comes nearly seven months after the US authorities prosecuted Adani and his nephew Sagar Adani last November, alleging that they paid bribes to secure power supply contracts and misled American investors during fundraising in the US.

The WSJ report claimed that an investigation by the newspaper found tankers travelling between Mundra port, operated by the Adani Ports and SEZ Ltd, and the Persian Gulf, adding that it exhibited traits experts say are common for ships evading sanctions. Last month, US President Donald Trump said all purchases of Iranian oil or petrochemical products should stop and threatened to impose secondary sanctions on countries buying oil from the Islamic Republic.

An Adani Enterprises spokesperson said, "Any suggestion that Adani Group entities are knowingly in contravention of US sanctions on Iran is strongly denied. Any assertion to the contrary would not only be slanderous but also deemed to be an intentional act to injure the reputation and interests of the Adani Group." "The shipment referred to in the WSJ's story was handled through a routine

commercial transaction via third-party logistics partners and was supported by documentation identifying Sohar, Oman, as the port of origin," the person said. The rights of Adani Group entities and personnel in this regard are expressly reserved, the spokesperson said. "By policy, the Adani Group does not handle any cargo from Iran at any of our ports. This includes any shipments originating from Iran or any vessels operating under the Iranian flag. Additionally, the Adani Group does not manage or facilitate any ships whose owners are Iranian. This policy is strictly adhered to across all our ports." The group said out of Adani Enterprises' consolidated revenue of over \$11,727 million in 2024-25, the LPG segment amounted to \$17.2 million, or 1.46% of the total.

"Even while LPG constitutes a very small and operationally non-material component of our overall revenue, all LPG trade conducted by Adani entities is fully compliant with applicable domestic and international laws, including US sanctions regulations. In that regard, Adani purchases LPG on contracts from reputed international suppliers," the company spokesperson said.

US prosecutors are investigating whether Indian billionaire Gautam Adani's companies imported Iranian liquefied petroleum gas into India through their Mundra port, the Wall Street Journal reported on Monday.

A WSJ investigation found tankers travelling between Mundra in the western Indian state of Gujarat and the Persian Gulf exhibited traits experts say are common for ships evading sanctions, the report said.

The US Justice Department is reviewing activities of several LPG tankers used to ship cargoes to Adani Enterprises, the WSJ said, citing people familiar with the matter.

Reuters could not immediately confirm the report.

 "Adani categorically denies any deliberate engagement in sanctions evasion or trade involving Iranian-origin

LPG," a company spokesman told the WSJ in a statement. "Further, we are not aware of any investigation by US authorities on this subject."

Adani, the US Department of Justice and the US Attorney's Office in Brooklyn did not immediately respond to Reuters request for comment.

US President Donald Trump said in May that all purchases of Iranian oil or petrochemical products must stop and any country or person buying any from the country would be immediately subject to secondary sanctions. Any inquiry into Adani would come months after US authorities indicted Adani and his nephew, Sagar Adani, alleging they paid bribes to secure power supply contracts, and misled US investors during fund-raising in the United States.

Adani Group has called the accusations "baseless" and vowed to seek "all possible legal recourse".

Benchmarks extend losses for third session in a row

SUNDAR SETHURAMAN
Mumbai, 3 June

Equity benchmark indices Sensex and Nifty tumbled nearly 1 per cent on Tuesday, weighed down by a widespread selloff amid foreign fund outflows and growing geopolitical uncertainties. Domestic markets fell for the third straight session as investors offloaded energy, finance, and IT stocks, traders said.

In a volatile trading session, the 30-share BSE index dipped 636.24 points or 0.78 per cent to settle at 80,737.51. The NSE Nifty plunged 174.1 points or 0.7 per cent to settle at 24,542.50. As many as 2,266 stocks declined, while 1,731 advanced and 147 remained unchanged on the BSE. On Tuesday, Foreign Portfolio Investors (FPIs) were the net sellers to the tune of ₹2,854 crore, while domestic institutional investors (DIIs) bought shares worth ₹5,908 crore. FPIs turned net sellers in June after making their largest net purchase of

₹19,860 crore in May, the highest in eight months.

ICICI Bank and HDFC Bank were the biggest contributors to the Sensex decline, falling 0.9 per cent and 0.4 per cent respectively. Both stocks have significant FPI ownership. The FPI selling came as the OECD

slashed its global economic growth forecasts for the second time this year, citing US trade policies. The Paris-based organisation stated that trade barriers are eroding confidence, hindering investments, and exacerbating inflationary pressures.

Adani stocks decline

Shares of Adani group companies declined following a news report alleging that US prosecutors were investigating whether Adani entities had imported Iranian LPG into India via their Mundra port.

The report highlighted that tankers travelling between the Gulf and Mundra port allegedly exhibited traits common to ships evading sanctions. The US Justice Department was reportedly reviewing the activities of several LPG tankers used to ship cargoes to Adani Enterprises. The Adani group dismissed the report as baseless and mischievous, stating they were unaware of any investigation by US authorities.

The WSJ said it had found tankers travelling between the

Gulf and billionaire Gautam Adani's Mundra port in western India exhibiting traits that experts say are common for ships evading sanctions.

It said the US Justice Department was reviewing the activities of several LPG tankers used to ship cargoes to Adani Enterprises, the group's flagship entity, citing people familiar with the matter.

Reuters could not immediately confirm the report and the US Department of Justice and the US Attorney's Office in Brooklyn did not immediately respond to requests for comment.

Adani said it did not handle any cargo from Iran at its ports, as a matter of policy.

fall on probe report

Most Adani Group units' shares fell Tuesday after a report by *The Wall Street Journal* said US prosecutors are probing the Indian conglomerate's possible dealings with sanctions-hit Iran.

MUMBAI

The Adani Group on Monday denied trading liquified petroleum gas of Iranian origin as alleged by WSJ in its report, as per a regulatory filing by the group's flagship company Adani Enterprises. The Ahmedabad-based group also said it was not aware of any ongoing US investigation into these allegations.

"Adani categorically denies any deliberate engagement in sanctions evasion or trade involving Iranian-origin LPG," read the filing, calling the allegations slanderous and an 'intentional act to injure the reputation and interests of the Adani Group'. The report appeared to be based on incorrect assumptions and speculation, it added.

The Adani Group as a policy does not handle any cargo from Iran at any of its ports spread across India's 11,000-kilometre-long coastline or overseas, the statement read. This includes any shipments originating

from Iran or any vessels operating under the Iranian flag. Adani also refrains from engaging any ships whose owners are Iranian, it said.

In FY25, LPG business accounted for less than 1.5% of Adani Enterprises' consolidated top line of \$11.7 billion, it added. "Even while LPG constitutes a very small and operationally non-material component of our overall revenue, all LPG trade conducted by Adani entities is fully compliant with applicable domestic and international laws, including US sanctions regulations."

The alleged shipment from Iran cited in the WSJ report was handled by third-party logistics partners, Adani Group said in its statement. Accompanying documentation identified Sohar, Oman, as the port of origin of the cargo. "We again state that we do not own, operate or track vessels (including the alleged SMS Bros/Neel) and cannot comment on the current or past activity of vessels we have not contracted and do not control," the statement read. "Whatever the duties and responsibilities of a bona fide importer are, we have fulfilled those."

Indian billionaire Gautam Adani comes under new scrutiny from U.S. prosecutors

Justice Department is investigating whether Adani's companies violated U.S. sanctions on Iran, after charging him in bribery case last year

Ben Foldy & Dave Michaels
feedback@livemint.com

Gautam Adani, Asia's second-richest man, is trying to get the Trump administration to drop foreign bribery charges against him. Instead, he is facing a new front in his fight with prosecutors: a probe into whether his companies are buying Iranian petrochemical products.

U.S. prosecutors are investigating whether Adani's companies imported Iranian liquefied petroleum gas, or LPG, into India through the company's Mundra port. A Wall Street Journal investigation into tankers that regularly traveled between Mundra and the Persian Gulf found their behavior often exhibited traits seen by ships seeking to evade sanctions.

"Adani categorically denies any deliberate engagement in sanctions evasion or trade involving Iranian-origin LPG," a company spokesman said in a statement. "Further, we are not aware of any investigation by U.S. authorities on this subject."

The expanding scrutiny by the U.S. Attorney's Office in Brooklyn could prove problematic for Adani's rehabilitation effort. President Trump is rolling back enforcement of longstanding laws punishing overseas bribery, but has also taken aim at purchasers of Iranian oil and gas products.

"Any Country or person who buys ANY AMOUNT of OIL or PETROCHEMICALS from Iran will be subject to, immediately, Secondary Sanctions," Trump wrote on social-media platform Truth Social last month. "They will not be allowed to do business with the United States of America in any way, shape, or form."

Adani is a close ally of Indian Prime Minister Narendra Modi and sits atop a group of infrastructure companies bearing his name that has been integral to India's recent economic growth. The public companies have a valuation around \$150 billion, yielding Adani and his family

one of the world's largest fortunes.

In January 2023, short-selling firm Hindenburg Research published a 33,000-word report alleging the Adani Group had violated Indian securities laws by having Adani family members secretly control swaths of shares through offshore vehicles. The companies' stocks plunged but have recovered some of their losses.

In November, the group faced a new headwind when U.S. prosecutors charged Adani with fraud, alleging he orchestrated roughly \$250 million in bribes to Indian officials to secure lucrative solar-power supply contracts in India.

Adani Group called the short seller's report "nothing but a lie," and the government allegations against it "baseless."

Adani has hired high-powered legal firms Kirkland & Ellis and Quinn Emanuel, according to lobbying disclosures. Adani's lawyers also met with prosecutors in March in hopes of having the case dropped, according to people familiar with the matter.

Six Republican members of Congress have publicly argued Adani's indictment is at odds with Trump's foreign-policy priorities, including a strong trading relationship with India. Trump also issued an executive order "pausing" prosecutions under the Foreign Corrupt Practices Act.

While the case grew out of an FCPA investigation, Adani was charged with conspiracy and securities fraud over alleged bribes, not with violating the act itself.

The investigation into shipments

Prosecutors are reviewing the activities of several LPG tankers used to ship cargoes to Adani Enterprises, the people said.

The Adani spokesman said that importing LPG has been a small but growing part of the company's business, contributing 1.46% of its \$11.7 billion in revenue last fiscal year.

A Journal investigation into a group of LPG tankers making journeys between

the Adani-run Mundra port and the Persian Gulf since early 2024 found they showcase signs that ship trackers say are typically evidence of ships attempting to obscure their activities.

A common tactic includes manipulating the ship's automatic identification system, or AIS, which shares a ship's position, according to Tomer Raanan, a maritime risk analyst at Lloyd's List Intelligence who tracks LPG tankers.

One journey in April of last year undertaken by a ship that carried an LPG cargo for Adani, the Panamanian-flagged SMS Bros, demonstrates some of the patterns.

The ship was docked at Khor al Zubair in southern Iraq on April 3, 2024, according to its AIS, which the Journal analyzed using Lloyd's List's Seasearcher platform.

Satellite images from April 3 don't show the SMS Bros at its reported berth in Iraq. But a satellite did capture images of a ship matching the SMS Bros's characteristics and length docked roughly 315 miles to the southeast at an LPG terminal in Tonbuk, Iran.

The ship docked in Tonbuk was the SMS Bros, according to Samir Madani, whose service TankerTrackers.com has indexed more than 9,000 ships from satellite imagery.

By April 7, the SMS Bros's AIS data showed it off the coast of the United Arab Emirates. Its data was adjusted at that time to show it riding lower in the water, which would indicate it had taken on cargo. Its AIS data shows that it departed the night of April 8, heading south, and by the following day anchored offshore near Sohar, Oman.

On April 10, documents purport that Adani Global IPTE contracted the ship to load roughly 11,250 metric tons of LPG at Sohar and ship it to Mundra in India. The ship never appears to have docked in Sohar's port, according to the Journal's analysis of AIS data.

From there, the SMS Bros sailed to Mundra, where customs records reviewed

by the Journal show that on April 17, Adani Enterprises imported a load matching the cargo described in the shipping documents with a declared value just over \$7 million.

Purchasers of Iranian oil and gas products often use forged documents from Oman and Iraq, according to several people familiar with the trade.

The Adani spokesman said the SMS Bros shipment was handled through a third-party logistics company and documentation identifies the shipment as originating from Sohar.

Adani companies check the vessels they contract for red flags but don't own, operate or track vessels and can't comment on the activity of vessels they don't control, he added.

"Whatever the duties of and responsibilities of a bona fide importer are, we have fulfilled those," the spokesman said.

Other discrepancies

The SMS Bros, which changed its name to the Neel last year, has shown other discrepancies. A Bangladeshi port record from last June shows the SMS Bros as importing a load of LPG originating in Iran for an unknown importer, yet its AIS data reports making the same journey to Iraq that it did in April.

At several other points over the past year, satellite images don't show the SMS Bros at its reported AIS position, according to Bjorn Bergman, a data analyst who tracks AIS spoofing at the nonprofits Global Fishing Watch and SkyTruth.

Three other LPG tankers show some elements of obfuscation while making runs between Adani's Mundra port and the Persian Gulf, according to the Journal's review of their data.

One tanker operated by the same company that managed the SMS Bros showed similar signs of spoofing its AIS. That ship was also named on a list of tankers suspected of shipping Iranian oil and gas by a bipartisan group of U.S. senators.

The company operating the ships, as well as the captain of the SMS Bros on its

April 2024 journey, didn't respond to requests for comment.

A third ship appears to have used similar tactics around its trips to Mundra, broadcasting via AIS a stop in Khor al Zubair that can't be seen on simultaneous satellite images of the port.

A fourth tanker in the group often mak-

ing deliveries to Mundra was listed in a 2024 report by the U.S. Energy Department as being involved in the export of Iranian petroleum products.

In May, the Journal found that ship was reporting its position on the railroad tracks of the port in Khor al Zubair.

FINANCIALS AND IT stocks dragged Indian shares down on Tuesday on worries of foreign outflows amid strong US Treasury yields and trade uncertainty, while Adani Group shares slipped after a Wall Street Journal report on a US probe into Iranian LPG imports.

The Nifty 50 dipped 0.70% to 24,542.5, while the BSE Sensex fell 0.78% to 80,737.51.

Twelve of 13 major sectors logged losses. Heavyweight financials and private banks lost 0.7% and 1.2% respectively, while IT index fell 0.7%.

Foreign portfolio investors (FPIs), who have higher holdings in financials and IT, turned net sellers of Indian shares in the last two sessions after a five-day buying streak.

Adani under fresh scrutiny in US over Iranian LPG supply

● Group denies allegations, says WSJ report based on speculation

RAGHAVENDRA KAMATH
Mumbai, June 2

US PROSECUTORS ARE investigating whether Adani Group companies imported Iranian liquefied petroleum gas (LPG) into the country through their Mundra port in Gujarat, the *Wall Street Journal* reported on Monday.

A *WSJ* investigation found tankers travelling between Mundra and the Persian Gulf exhibited traits experts say are common for ships evading sanctions, the report said.

US President Donald Trump said in May that all purchases of Iranian oil or petrochemical products must stop and any country or person buying any from the country would be immediately subject to secondary sanctions. Any investigation into Adani would come months after US authorities indicted Adani and his nephew Sagar Adani, alleging they paid bribes to secure power supply contracts, and misled US investors during fundraising in the US.

When contacted, a Adani Group spokesperson said, "The *WSJ* story appears to be based entirely on incorrect assumptions and speculation. Adani categorically denies any deliberate engagement in sanctions

IN THE DOCK

■ A company spokesperson has said, "Adani categorically denies any deliberate engagement in sanctions evasion or trade involving Iranian-origin LPG."

■ The new scrutiny comes months after US authorities charged Adani and his nephew Sagar Adani with paying bribes to secure power supply contracts

evasion or trade involving Iranian-origin LPG. Further, we are not aware of any investigation by US authorities on this subject."

Any suggestion that Adani Group entities are knowingly in contravention of US sanctions on Iran is strongly denied. Any assertion to the contrary would not only be slanderous but also deemed to be an intentional act to injure the reputation and interests of the Adani Group, the spokesperson said.

Adani under scrutiny...

BY POLICY, THE Adani Group does not handle any cargo from Iran at any of its ports. This includes any shipments originating from Iran or any vessels operating under the Iranian flag, the spokesperson said, adding that the Adani Group does not manage or facilitate any ships whose owners are Iranian.

In Adani Enterprises' consolidated revenue of over \$11,727 million in FY25, the revenue from the LPG segment amounted to just \$171.2 million — barely 1.46% of the total. Even while LPG constitutes a very small and operationally non-material component of our overall revenue, all LPG trade conducted by Adani entities is fully compliant with applicable domestic and international laws, including US sanctions regulations, the spokesperson said.

"Adani purchases LPG on contracts from reputed international suppliers. As an importer of LPG, the appropriate due diligence and KYC of the suppliers is undertaken to ensure that the entities/persons are not on the OFAC sanctions list," the spokesperson said.

Adani under scrutiny in US: Report

Reuters

Prosecutors in the US are investigating whether Indian billionaire and business tycoon Gautam Adani's companies imported Iranian liquefied petroleum gas into India through their Mundra port, the *Wall Street Journal* reported on Monday.

A WSJ investigation found tankers travelling between Mundra in Gujarat and the Persian Gulf exhibited traits experts say are common for ships evading sanctions, the report said. The US Justice

Reuters could not immediately confirm the report.

CLAIM DENIED

"Adani categorically denies any deliberate engagement in sanctions evasion or trade involving Iranian-origin LPG," a company spokesman told the WSJ in a statement. "Further, we are not aware of any investigation by US authorities on this subject."

Adani, the US Department of Justice and the US Attorney's Office in Brooklyn did not immediately respond to Reuters request for comment.

TRUMP'S THREAT

US President Donald Trump said in May that all purchases of oil from Iran or petrochemical products must stop, and any country or person buying from the country would be immediately subject to secondary sanctions.

वैश्विक चिंताओं से लुढ़का बाजार

बीएस संवाददाता/रॉयटर्स
मुंबई, 3 जून

भारतीय शेयर बाजार मंगलवार को भी गिरावट के शिकार हुए, क्योंकि विदेशी पोर्टफोलियो निवेशकों (एफपीआई) ने वैश्विक वृद्धि की चिंताओं के बीच मुनाफावसूली की। सेंसेक्स 636 अंक या 0.8 फीसदी गिरकर 80,738 पर बंद हुआ, जबकि निफ्टी 174 अंक या 0.7 फीसदी के नुकसान के साथ 24,543 पर बंद हुआ।

मंगलवार को, एफपीआई 2,854 करोड़ रुपये के शुद्ध विक्रेता थे, जबकि घरेलू संस्थागत निवेशकों (डीआईआई) ने 5,908 करोड़ रुपये के शेयर खरीदे। एफपीआई मई में 19,860 करोड़ रुपये की सबसे बड़ी शुद्ध खरीदारी करने के बाद जून में शुद्ध बिकवाली की भूमिका में दिख रहे हैं।

सेंसेक्स की गिरावट में आईसीआईसीआई बैंक और एचडीएफसी बैंक का बड़ा योगदान रहा। इन शेयरों में 0.9 फीसदी और 0.4 फीसदी की गिरावट आई। दोनों शेयरों में एफपीआई की महत्वपूर्ण हिस्सेदारी है। एफपीआई की बिकवाली तब हुई जब ओईसीडी ने अमेरिकी व्यापार नीतियों का हवाला देते हुए इस साल दूसरी बार अपने वैश्विक आर्थिक वृद्धि के पूर्वानुमानों में कटौती की। पेरिस स्थित इस संगठन ने कहा कि व्यापार बाधाएं विश्वास को कम कर रही हैं, निवेश में बाधा डाल रही हैं और

वित्त, आईटी कंपनियों के शेयरों में आई ज्यादा गिरावट

मुद्रास्फीति के दबाव को बढ़ा रही हैं।

अमेरिकी अभियोजकों द्वारा जांच से संबंधित आरोपों वाली एक खबर के बाद अदाणी समूह की कंपनियों के शेयर गिर गए। अदाणी पोर्ट्स में 2.4 फीसदी की बड़ी गिरावट आई।

New Delhi: The Adani group has denied the Wall Street Journal report, alleging links between its entities and Iranian LPG as "baseless and mischievous".

"Further, we are not aware of any investigation by US authorities on this subject. The WSJ's story appears to be based entirely on incorrect assumptions and speculation. Adani under new scrutiny from US prosecutors: WSJ

US prosecutors are investigating whether billionaire Gautam Adani's companies imported Iranian liquefied petroleum gas into India through their Mundra port, the Wall Street Journal reported on Monday.

A WSJ investigation found tankers travelling between Mundra in the western Indian state of Gujarat and the Persian Gulf exhibited traits experts say are common for ships evading sanctions, the report said.

'GAS IMPORTS FROM IRAN'

The US Justice Department is reviewing activities of several LPG tankers used to ship cargoes to Adani Enterprises, the WSJ said, citing people familiar with the matter. An Adani spokesperson called the report "baseless and mischievous" in a statement. Reuters could not immediately confirm the report and the US Department of Justice and the US Attorney's Office in Brooklyn did not immediately respond to requests for comment.

Adani said it did not handle any cargo from Iran at its ports, as a matter of policy. It said all its LPG trade, which accounts for nearly 1.5% of Adani Enterprises' total revenue, was fully compliant with domestic and international laws, including US sanctions regulations. A shipment referred to by the WSJ was handled as a "routine commercial transaction" via third-party logistics partners and supported by documentation identifying Sohar, Oman, as the port

of origin, the company said.

ADANI DENIES REPORT ON IRAN LPG IMPORTS

Press Trust of India

NEW DELHI: The Adani Group on Monday said it does not handle any cargo coming from Iran or any Iranian-owned ship at any of its ports, as it denied any deliberate engagement in sanctions evasion.

In a stock exchange filing, the group said reports of links between any of its entities and Iranian LPG are "baseless and mischievous".

The filing was in response to a *Wall Street Journal (WSJ)* report that said US prosecutors were investigating if Adani group companies imported Iranian LPG into India through their Mundra port in Gujarat.

"By policy, the Adani Group does not handle any cargo from Iran at any of our ports. This includes any shipments originating from Iran or any vessels operating under the Iranian flag," the conglomerate said in the filing.

It went on to state that the group "does not manage or facilitate any ships whose owners are Iranian. This policy is strictly adhered to across all our ports".

The *WSJ* report claimed that its investigation had found tankers travelling between Mundra and the Persian Gulf exhibited traits experts say are common for ships evading sanctions.

Purchase of Iranian oil or products is sanctioned over Tehran's suspected nuclear programme.

Calling the report "baseless and mischievous", the Adani group said it "categorically denies any deliberate engagement in sanctions evasion or trade involving Iranian-origin LPG".

It went on to add that it was "not aware of any investigation by US authorities on this subject".

The report, it said, "appears to be based entirely on incorrect assumptions and speculation".

"Any suggestion that Adani Group entities are knowingly in contravention of US sanctions on Iran is strongly denied. Any assertion to the contrary would not only be slanderous but also deemed to be an intentional act to injure the reputation and interests of the Adani Group. The rights of Adani Group entities and personnel in this regard are expressly reserved," it added.

bribery and sanctions evasion.

Tankers travelling between Mundra in Gujarat and the Persian Gulf exhibited traits common to ships evading sanctions, the WSJ report said. The US Justice Department is reviewing the activities of several LPG tankers used to ship cargoes to Adani Enterprises, it said.

In a statement, the Adani Group said the report was “baseless and mischievous”. “Adani categorically denies any deliberate engagement in sanctions evasion or trade involving Iranian-origin LPG. Further, we are not aware of any investigation by US authorities on this subject,” it said.

“The WSJ’s story appears to be based entirely on incorrect assumptions and speculation. Any suggestion that Adani Group entities are knowingly in contravention of US sanctions on Iran is strongly denied. Any assertion to the contrary would not only be slanderous but also deemed to be an intentional act to injure the reputation and interests of the Adani Group,” the statement said. “The rights of Adani Group entities and personnel in this regard are expressly reserved.”

Earlier, US President Donald Trump had warned that any country or person buying oil or petrochemicals from Iran would face immediate secondary sanctions, effectively barring them from doing business with the US. Trump made this statement in a post on his social media platform, Truth Social, emphasising that such entities would not be allowed to engage in any form of business with the US.

This warning is apparently part of Trump’s “maximum pressure” campaign against Iran, aimed at completely shutting down the country’s oil exports. Trump accused Iran of financing militant groups and emphasised the need to prevent Iran from developing a nuclear bomb.

His comments appear to be directed at China, which imports over 1 million barrels per day from Iran. But US sanctions are unlikely to impact Iranian oil flowing to China, unless the

White House targets Beijing’s state-owned enterprises and infrastructure.

Trump has taken a tough stand on Iran, including pulling the US out of the nuclear agreement negotiated by former President Barack Obama. This move is consistent with his earlier decision to impose secondary tariffs on countries buying oil from Venezuela, another OPEC member. The implications of these sanctions and tariffs will likely have far-reaching consequences for the global oil market and US relations with key players like China and Iran.

The investigation into the Adani Group’s alleged import of Iranian LPG comes at a time when the US administration is easing enforcement of white-collar crimes. The rollback on the enforcement of certain types of white-collar crimes, including cases related to foreign bribery, public corruption, money laundering and crypto markets, came after Trump signed an executive order directing the US Justice Department to halt prosecuting Americans accused of bribing foreign officials to secure overseas business deals.

At the Justice Department, Attorney General Pam Bondi has ordered prosecutors to focus their anti-money-laundering and sanctions-evasion attention on drug cartels and international crime organisations. It says the administration is effectively redefining what constitutes a crime in some business conduct cases. These decisions aim to provide relief to US citizens, but may also benefit companies and executives facing charges in US courts, like key executives of the Adani Group who are currently facing bribery charges.

According to sources, the new policy could potentially provide relief to Azure Power – which had a contract (a build, operate and transfer deal) with an Adani Group firm for building a solar project that had come under the scanner for alleged bribery allegations – and, by extension, the Adani Group.

From the Sensex firms, Adani Ports declined 2.42 per cent. Bajaj Finserv, Bajaj Finance, Power Grid, Eternal, IndusInd Bank, Maruti, Tata Consultancy Services and UltraTech Cement were among the biggest laggards.

Mahindra & Mahindra

emerged as the only gainer in the pack.

Adani Group dismisses reports as baseless

LPG imports under US scanner

Mumbai, June 2: The US prosecutors are investigating whether Gautam Adani's companies imported Iranian liquefied petroleum gas into India through their Mundra port, the Wall Street Journal reported on Monday.

However, Adani Group denied any deliberate engagement in sanctions evasion or trade involving Iranian-origin liquefied petroleum gas.

An Adani spokesperson called the report baseless and mischievous in a statement, adding: "We are not aware of any investigation by US authorities on this

subject."

The report said it had found tankers travelling between the Gulf and Gautam Adani's Mundra port in western India exhibiting traits that experts say are common for ships evading sanctions.

It said the US justice department was reviewing the activities of several LPG tankers used to ship cargoes to Adani Enterprises the group's flagship entity

Adani Group said it did not handle any cargo from Iran at its ports, as a matter of policy. It said all its LPG trade, which accounts

for 1.46 per cent of Adani Enterprises' total revenue, was fully compliant with domestic and international laws, including US sanctions regulations.

A shipment referred to by the WSJ was handled as a routine commercial transaction via third-party logistics partners and sup-

ported by documentation identifying Sohar, Oman, as the port of origin, Adani said.

The US President Donald Trump said in May that any party buying Iranian oil or petrochemical products would be subject to secondary sanctions.

Last November, US authorities indicted Adani and his nephew, Sagar Adani, on suspicion of paying bribes to secure power supply contracts and misleading US investors during fund-raising in the US. Though, Adani Group has denied accusations. — Reuters

Mkt falls for 3rd session amid global cues, profit booking

ARSHAD KHAN @ New Delhi

DOMESTIC equity markets extended their decline for a third straight session on Tuesday, dragged down by broad-based selling pressure and profit booking at elevated levels. Weak global cues, lingering geopolitical tensions, and currency market volatility-fuelled by a softening US dollar further dampened investor sentiment.

Despite a positive opening, market sentiment turned weak in the second half. The Nifty 50, after hitting an intraday high of 24,845, settled at 24,542.50, down 174 points or 0.70%, from the previous day's closing. The BSE Sensex mirrored similar trends, closing at 0.78% lower at 80,737.51. The benchmarks have fallen about 1.4% each in the past three sessions.

The broader indices showed a mixed trend — the smallcap index closed almost flat, while midcap lost nearly half a percent. Sectorally, most indices closed in the red. The Nifty Realty index was the outlier, gaining 1%, supported by investor interest in housing and

"Mid- and small-cap stocks are seeing relatively less consolidation than large caps due to better earnings growth & moderation in premium valuation. While short-term consolidation is likely to persist, strong domes-

tic oriented players are estimated to provide outperformance against external volatility," added Nair. Ajit Mishra – SVP, research, Religare Broking, said the ongoing foreign fund outflows, coupled with weak global cues like geopolitical tensions and uncertainty over trade deals, are adding pressure to the markets.

Bajaj Broking said the Nifty index has formed a bear candle signalling profit booking at higher levels as index failed to sustain above 24,800 and gave up its initial gains to close near the low. "The index closed below 20 days EMA for the first time since April 15, 2025. We expect the index to extend the last 15 sessions consolidation in 24,400–25,080 zone," added the brokerage. Among individual stocks, shares of Adani Group firms fell up to 2.5% on Tuesday following a Wall Street Journal report which stated US prosecutors were probing whether Adani group firms imported Iranian LPG into India via their Mundra port in Gujarat. An Adani spokesperson called the report "baseless and mischievous".

THE Adani Group on Monday denied a Wall Street Journal (WSJ) report which said that US prosecutors are investigating whether billionaire Gautam Adani's company imported Iranian liquefied petroleum gas (LPG) into India through the Mundra port, potentially violating US sanctions.

"Adani categorically denies any deliberate engagement in sanctions evasion or trade involving Iranian-origin LPG. Further, we are not aware of any investigation by US authorities on this subject," said Adani Group flagship company-Adani Enterprises Ltd (AEL) - in an exchange filing on Monday.

It added that WSJ's story appears to be based entirely on incorrect assumptions and speculation. "By policy, Adani Group doesn't handle any cargo from Iran at any of our ports. This includes shipments originating from Iran or vessels operating under Iranian flag. The Group does not manage or facilitate ships whose

owners are Iranian. This policy is adhered to across all our ports," stated AEL's statement.

The WSJ reported on Monday the US Justice Department is reviewing activities of several tankers suspected of shipping Iranian-origin LPG to Adani Enterprises. Its report stated ships traveling between Adani's Mundra port in Gujarat and the Persian Gulf showed patterns consistent with sanctions evasion, including ship-to-ship transfers and signal blackouts.

LPG imports under US scanner

Mumbai, June 2: The US prosecutors are investigating whether Gautam Adani's companies imported Iranian liquefied petroleum gas into India through their Mundra port, the Wall Street Journal reported on Monday.

However, Adani Group denied any deliberate engagement in sanctions evasion or trade involving Iranian-origin liquefied petroleum gas.

An Adani spokesperson called the report baseless and mischievous in a statement, adding: "We are not aware of any investigation by US authorities on this

subject."

The report said it had found tankers travelling between the Gulf and Gautam Adani's Mundra port in western India exhibiting traits that experts say are common for ships evading sanctions.

It said the US justice department was reviewing the activities of several LPG tankers used to ship cargoes to Adani Enterprises the group's flagship entity

Adani Group said it did not handle any cargo from Iran at its ports, as a matter of policy. It said all its LPG trade, which accounts

for 1.46 per cent of Adani Enterprises' total revenue, was fully compliant with domestic and international laws, including US sanctions regulations.

A shipment referred to by the WSJ was handled as a routine commercial transaction via third-party logistics partners and sup-

ported by documentation identifying Sohar, Oman, as the port of origin, Adani said.

The US President Donald Trump said in May that any party buying Iranian oil or petrochemical products would be subject to secondary sanctions.

Last November, US authorities indicted Adani and his nephew, Sagar Adani, on suspicion of paying bribes to secure power supply contracts and misleading US investors during fund-raising in the US. Though, Adani Group has denied accusations. — Reuters

The Adani Group dubbed the reports of links between any of its entities and Iranian LPG as "baseless and mischievous". In its investigation, the *WSJ* said it had "found tankers travelling between the Gulf and Mundra Port (operated by Adani's firm), exhibiting traits that experts claimed were common for ships evading sanctions".

The US Justice Department is reviewing activities of several LPG tankers used to ship cargos to Adani Enterprises, the *WSJ* said, citing people familiar with the matter.

The Adani Group said it did not handle any cargo coming from Iran or any Iranian-owned ship at any of its ports and denied any deliberate engagement in evasion of sanctions.

“Adani categorically denies any deliberate engagement in sanctions evasion or trade involving Iranian-origin LPG,” a company spokesman told the WSJ in a statement. Any inquiry into Adani would come months after the US authorities indicted Adani and his nephew, Sagar Adani, alleging they paid bribes to secure power supply contracts and misled US investors. — Reuters/PTI

RBI के फैसले का इंतजार : एक्सपर्ट

Geojit Investments के रिसर्च हेड विनोद नायर का कहना है कि दुनियाभर के बाजारों में उतार-चढ़ाव, राजनीतिक तनाव और डॉलर के कमजोर होने की वजह से भारत के शेयर बाजार में भी गिरावट आई। अधिकतर सेक्टर में प्रॉफिट बुकिंग हुई, सिर्फ रियल एस्टेट शेयर्स थोड़े ऊपर चढ़े। क्योंकि RBI के ब्याज दरें कम करने की उम्मीद है। निवेशकों को इस फैसले का इंतजार है।

अदाणी समूह ने ईरान से एलपीजी के आयात की खबरों का किया खंडन

नई दिल्ली, रायटर : अदाणी समूह ने प्रतिबंधों से बचने या ईरान से तरलीकृत पेट्रोलियम गैस (एलपीजी) से जुड़े व्यापार में "किसी भी तरह की भागीदारी" से इन्कार किया है। वाल स्ट्रीट जर्नल की रिपोर्ट के अनुसार, अमेरिकी अधिकारी इस बात की जांच कर रहे हैं कि क्या अदाणी समूह ने अपने मुंद्रा पोर्ट के माध्यम से भारत में ईरान से एलपीजी का आयात किया था। अदाणी के प्रवक्ता ने अपने एक बयान में इस रिपोर्ट को 'निराधार' और 'शरारती' बताया है।

उन्होंने कहा, "हमें इस विषय में अमेरिकी अधिकारियों द्वारा किसी भी जांच की जानकारी नहीं है।" वाल स्ट्रीट जर्नल की रिपोर्ट में कहा गया है कि उसने खाड़ी और पश्चिमी भारत में उद्योगपति गौतम अदाणी के मुंद्रा बंदरगाह के बीच आवागमन करने वाले टैंकरों में ऐसी विशेषताएं पाई हैं, जिनके बारे में विशेषज्ञों का कहना है कि प्रतिबंधों से बचने वाले जहाजों के लिए यह आम बात है।

वाल स्ट्रीट जर्नल ने इस मामले के विशेषज्ञों का हवाला देते हुए कहा कि अमेरिकी न्याय विभाग अदाणी समूह की प्रमुख इकाई अदाणी एंटरप्राइजेज को कार्गो भेजने के लिए इस्तेमाल किए जाने वाले कई एलपीजी टैंकरों की गतिविधियों की समीक्षा कर रहा है। हालांकि, रायटर ने इस रिपोर्ट की पुष्टि नहीं की है। अमेरिकी न्याय विभाग और ब्रुकलिन स्थित अमेरिकी अटार्नी कार्यालय ने भी इस बाबत टिप्पणी के लिए अनुरोधों का कोई जवाब नहीं दिया है।

अदाणी समूह ने ईरान से एलपीजी के आयात की खबरों का किया खंडन

नई दिल्ली, रायटर : अदाणी समूह ने प्रतिबंधों से बचने या ईरान से तरलकृत पेट्रोलियम गैस (एलपीजी) से जुड़े व्यापार में 'किसी भी तरह की भागीदारी' से इन्कार किया है। वाल स्ट्रीट जर्नल की रिपोर्ट के अनुसार, अमेरिकी अधिकारी इस बात की जांच कर रहे हैं कि क्या अदाणी समूह ने अपने मुंद्रा पोर्ट के माध्यम से भारत में ईरान से एलपीजी का आयात किया था। अदाणी के प्रवक्ता ने अपने एक बयान में इस रिपोर्ट को 'निराधार' और 'शरारती' बताया है।

उन्होंने कहा, 'हमें इस विषय में अमेरिकी अधिकारियों द्वारा किसी भी जांच की जानकारी नहीं है।' वाल स्ट्रीट जर्नल की रिपोर्ट में कहा गया है कि उसने खाड़ी और पश्चिमी भारत में उद्योगपति गौतम अदाणी के मुंद्रा बंदरगाह के बीच आवागमन करने वाले टैंकरों में ऐसी विशेषताएं पाई हैं, जिनके बारे में विशेषज्ञों का कहना है कि प्रतिबंधों से बचने वाले जहाजों के लिए यह आम बात है।

वाल स्ट्रीट जर्नल ने इस मामले के विशेषज्ञों का हवाला देते हुए कहा कि

ट्रंप ने मई में कहा था, ईरान से तेल, पेट्रोकेमिकल उत्पाद खरीदने पर लगाए जाएंगे प्रतिबंध

अमेरिकी न्याय विभाग अदाणी समूह की प्रमुख इकाई अदाणी एंटरप्राइजेज को कार्गो भेजने के लिए इस्तेमाल किए जाने वाले कई एलपीजी टैंकरों की गतिविधियों की समीक्षा कर रहा है। हालांकि, रायटर ने इस रिपोर्ट की पुष्टि नहीं की है। अमेरिकी न्याय विभाग और ब्रुकलिन स्थित अमेरिकी अटार्नी कार्यालय ने भी इस बाबत टिप्पणी के लिए अनुरोधों का कोई जवाब नहीं दिया है। बहरहाल, अदाणी ने कहा कि हमने अपनी नीति के तहत अपने बंदरगाह पर ईरान से कोई कार्गो नहीं मंगाया। हमारा सारा एलपीजी व्यापार अमेरिकी प्रतिबंध विनियमों सहित घरेलू और अंतरराष्ट्रीय कानूनों का पूरी तरह से अनुपालन करता

है। उल्लेखनीय है कि एलपीजी व्यापार अदाणी एंटरप्राइजेज के कुल राजस्व का 1.46 प्रतिशत है। अदाणी ने यह भी कहा कि वाल स्ट्रीट जर्नल ने जिस शिपमेंट की बात कही है, उसे दरअसल 'नियमित वाणिज्यिक आवागमन' के तहत तीसरे पक्ष के लाजिस्टिक्स पार्टनरों के माध्यम से हैंडिल किया गया था। जिस मूल बंदरगाह से यह रवाना हुआ था, उसकी पहचान ओमान के सोहार बंदरगाह के रूप में की गई है। गौरतलब है कि अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप ने मई में कहा था कि ईरान से तेल या पेट्रोकेमिकल उत्पाद खरीदने वाले किसी भी पक्ष पर तुरंत प्रतिबंध लगाए जाएंगे। पिछले साल नवंबर में अमेरिकी अधिकारियों ने अदाणी और उनके भतीजे सागर अदाणी पर बिजली आपूर्ति अनुबंध हासिल करने के लिए रिश्वत देने और अमेरिका में धन उगाही के दौरान वहां के निवेशकों को गुमराह करने का आरोप लगाया था। हालांकि, अदाणी समूह ने इन आरोपों को खारिज किया है और उनसे लड़ने की प्रतिबद्धता जताई है।

अमेरिका में अदानी की कंपनी फिर से जाँच में

अमेरिकी अखबार 'वॉल स्ट्रीट जर्नल' ने अपनी रिपोर्ट में दावा किया है कि अमेरिकी अभियोजक ये जांच कर रहे हैं कि क्या भारतीय कारोबारी गौतम अदानी की कंपनियों ने मुद्रा पोर्ट के रास्ते भारत में ईरानी लिक्विफाइड पेट्रोलियम गैस (एलपीजी) का आयात किया था।

हालाँकि, अदानी एंटरप्राइजेज ने एक बयान में इस रिपोर्ट को 'बेवुनियाद और नुकसान पहुंचाने वाला' बताया है। कंपनी के एक प्रवक्ता ने कहा है कि हमें इस मामले पर अमेरिकी अधिकारियों की ओर से की गई किसी जांच के बारे में जानकारी नहीं है।

वॉल स्ट्रीट जर्नल ने कहा है कि उसे गुजरात के मुंद्रा बंदरगाह और फ़ारस की खाड़ी के बीच चलने वाले टैंकरों में कुछ ऐसे संकेत दिखे हैं, जो एक्सपर्ट्स के अनुसार प्रतिबंधों से बचने वाले जहाजों में आम होते हैं।

मामले के जानकारों के हवाले से वॉल स्ट्रीट जर्नल ने अपनी रिपोर्ट में ये भी कहा है कि अमेरिका का न्याय विभाग अदानी समूह की प्रमुख इकाई अदानी एंटरप्राइजेज को माल भेजने के लिए इस्तेमाल किए जा रहे कई एलपीजी टैंकरों की गतिविधियों की समीक्षा कर रहा है।

यह जांच ऐसे समय में हो रही है जब अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप ने मई में ईरान से तेल और पेट्रोकेमिकल प्रोडक्ट्स की खरीद को पूरी तरह रोकने का आदेश दिया था और कहा था कि जो भी देश या व्यक्ति ईरान से खरीदारी करेगा, उस पर तुरंत सैंकड़ों डॉलर लगाए जाएंगे।

रिपोर्ट में क्या कहा गया है?

अमेरिकी जर्नल ने अपनी रिपोर्ट की शुरुआत में लिखा है कि एशिया के दूसरे सबसे अमीर शख्स गौतम अदानी अपने खिलाफ़ अतीत में लगे आरोपों को खारिज करवाने की कोशिशों में जुटे हैं। बीते साल नवंबर में ही गौतम अदानी पर अमेरिका में धोखाधड़ी और रिश्वत का मुकदमा दायर किया गया था।

अखबार ने लिखा है कि ब्रुकलिन में अमेरिकी अदालतों का कार्यालय की ओर से की जा रही जांच अदानी के लिए समस्या साबित हो सकती है। साथ ही खबर में अदानी को भारत के प्रधानमंत्री नरेंद्र मोदी का करीबी सहयोगी भी बताया गया है।

वॉल स्ट्रीट जर्नल के अनुसार उन्होंने बीते साल की शुरुआत में मुद्रा पोर्ट से फ़ारस की खाड़ी जाने वाले जहाजों की गतिविधियों को जांचा था। जहाजों को ट्रैक करने वाले एक्सपर्ट्स का कहना है कि इस आवाजाही के दौरान ऐसे संकेत मिले जो आमतौर पर ऐसे जहाजों में देखे जाते हैं जो आवाजाही के दौरान अपनी पहचान स्पष्ट नहीं रखते।

एलपीजी टैंकरों को ट्रैक करने वाली लॉयड्स लिस्ट इंटरलैजेंस में मैरिटाइम रिस्क एनालिसिस टॉपर रानन के अनुसार, जहाजों के ऑटोमैटिक आईडेंटिफिकेशन सिस्टम या एआईएस से छेड़छाड़ एक आम तरीका है। ये सिस्टम जहाज की पोजिशन के बारे में जानकारी देता है रिपोर्ट में बीते साल अप्रैल महीने में

वॉल स्ट्रीट जर्नल ने कहा है कि उसे गुजरात के मुंद्रा बंदरगाह और फ़ारस की खाड़ी के बीच चलने वाले टैंकरों में कुछ ऐसे संकेत दिखे हैं, जो एक्सपर्ट्स के अनुसार प्रतिबंधों से बचने वाले जहाजों में आम होते हैं। मामले के जानकारों के हवाले से वॉल स्ट्रीट जर्नल ने अपनी रिपोर्ट में ये भी कहा है कि अमेरिका का न्याय विभाग अदानी समूह की प्रमुख इकाई अदानी एंटरप्राइजेज को माल भेजने के लिए इस्तेमाल किए जा रहे कई एलपीजी टैंकरों की गतिविधियों की समीक्षा कर रहा है।

अदानी के लिए एलपीजी लेकर आने वाले पनामा के झंडे वाले एएसएमएस ब्रोस कार्गो शिप में कुछ ऐसे ही पैटर्न देखे जाने की बात कही गई है।

जर्नल ने लॉयड्स लिस्ट के सीसचर प्लेटफॉर्म का इस्तेमाल करके जहाज के एआईएस का विश्लेषण किया। इसमें पाया गया कि जहाज तीन अप्रैल 2024 को दक्षिणी इराक के खोर अल-जुबैर में खड़ा था रिपोर्ट में बताया गया है कि तीन अप्रैल 2024 को सेटेलाइट तस्वीरों में एएसएमएस ब्रोस इराक में अपनी जगह पर नहीं दिख रहा है। लेकिन एक सेटेलाइट ने एएसएमएस ब्रोस से मेल खाते एक जहाज की तस्वीरें ली हैं, जो ईरान के टॉनबुक में एलपीजी टर्मिनल पर डॉक किया गया था।

इस खबर में सेटेलाइट इमेजरी से जुड़े एक्सपर्ट के हवाले से ये भी पुष्टि की गई है कि ईरान में खड़ा जहाज एएसएमएस ब्रोस ही था।

अदानी गुप का जवाब

वॉल स्ट्रीट जर्नल की रिपोर्ट पर अदानी समूह ने बॉम्बे स्टॉक एक्सचेंज को जानकारी दी है। इसमें कहा गया है, अदानी समूह की कंपनियों और ईरानी एलपीजी के बीच संबंध का आरोप लगाने वाली वॉल स्ट्रीट जर्नल की रिपोर्ट निराधार और नुकसान पहुंचाने वाली है। अदानी जानबूझकर किसी भी तरह के प्रतिबंधों से बचने या ईरानी एलपीजी से जुड़े व्यापार में संलिप्तता से साफ़ इनकार करता है। हमें इस विषय पर अमेरिकी अधिकारियों द्वारा किसी भी जांच की जानकारी नहीं है।

बयान में वॉल स्ट्रीट जर्नल की रिपोर्ट को पूरी तरह से गलत धारणाओं और अटकलों पर आधारित बताया गया है। इसमें कहा गया है, रहम इस दावे का खंडन करते हैं कि अदानी समूह जानबूझकर ईरान पर अमेरिकी प्रतिबंधों का उल्लंघन कर रहा है।

पॉलिसी के मुताबिक, अदानी समूह अपने किसी भी बंदरगाह पर ईरान से आए माल को नहीं हैंडल करता है। इसमें ईरान से आने वाले कोई भी शिपमेंट या ईरानी झंडे के तले चलने वाले जहाज भी शामिल हैं।

अदानी समूह किसी भी ऐसे जहाज का प्रबंधन नहीं देखता न तो कोई सुविधा देता है, जिसके मालिक ईरानी हों। इस पॉलिसी का हमारे सभी पोर्ट्स पर सख्ती से पालन किया जाता है।

बयान में कहा गया है कि वॉल स्ट्रीट जर्नल की कहानी में जिस शिपमेंट का हवाला दिया गया है, वो थर्ड पार्टी लॉजिस्टिक पार्टनर की देखरेख में हुई गतिविधि थी। इसकी पुष्टि दस्तावेजों से होती है, जिसके मुताबिक, जहाज ओमान के सोहर से रवाना हुआ था। अदानी एंटरप्राइजेज ने ये भी कहा है कि हम एएसएमएस ब्रोस समेत किसी जहाज का संचालन नहीं करते और न तो ये हमारे हैं। इसलिए इन जहाजों की मौजूदा या अतीत में की गई गतिविधियों पर हम टिप्पणी नहीं कर सकते।

अदानी पर अमेरिका में पुराने मामले

बीते साल अमेरिका में अदानी पर अपनी एक कंपनी को कॉन्ट्रैक्ट दिलाने के लिए 25 करोड़

डॉलर की रिश्वत देने और इस मामले को छिपाने का आरोप लगा था। हालाँकि अदानी समूह ने एक बयान जारी कर इन आरोपों का खंडन किया और कहा था कि सभी आरोप बेवुनियाद हैं।

अदानी पहले भारतीय कारोबारी हैं, जिन पर अमेरिका में इस तरह के गंभीर आरोप लगे थे। उस समय ईस्टर्न डिस्ट्रिक्ट ऑफ़ न्यूयॉर्क के अमेरिकी अदालतों के कार्यालय ने अपने बयान में कहा था कि गौतम अदानी और उनके भतीजे सागर के अलावा छह अन्य लोगों पर एक सोलर एनर्जी सप्लायर का कॉन्ट्रैक्ट हासिल करने के लिए भारत सरकार के अधिकारियों को 25 करोड़ डॉलर रिश्वत देने का आरोप तय हुआ है।

बीते महीने ही ब्लूमबर्ग ने अपनी एक रिपोर्ट में दावा किया था कि गौतम अदानी के कुछ प्रतिनिधियों ने डोनाल्ड ट्रंप प्रशासन के कुछ अधिकारियों से मुलाकात की, जिसमें गौतम अदानी पर लगे आपराधिक मामलों को खारिज करने के बारे में चर्चा हुई। इस बैठक का जिक्र वॉल स्ट्रीट जर्नल ने अपनी रिपोर्ट में भी किया है।

इससे पहले, अमेरिकी रिसर्च कंपनी हिंडनबर्ग ने साल 2023 में अदानी पर एक रिपोर्ट जारी की थी। इसमें अदानी समूह के मालिक गौतम अदानी और विनोद अदानी पर गंभीर आरोप लगाए गए थे। रिपोर्ट में कहा गया था कि अदानी समूह के मालिक गौतम अदानी ने 2020 से ही अपनी सात लिस्टेड कंपनियों के शेयरों में हेरफेर के जरिये 100 अरब डॉलर कमाए। रिपोर्ट में गौतम अदानी के भाई विनोद अदानी पर भी गंभीर आरोप लगाए गए थे और कहा गया था कि वो 37 शेल कंपनियाँ चलाते हैं, जिनका इस्तेमाल मनी लॉन्ड्रिंग में हुआ है।

रिपोर्ट आने के एक ही महीने के भीतर अदानी की नेटवर्थ में 80 बिलियन डॉलर यानी 6.63 लाख करोड़ रुपये से ज्यादा की गिरावट आई थी। गौतम अदानी रईसों की टॉप 20 लिस्ट से भी बाहर हो गए थे। हालाँकि, हिंडनबर्ग रिसर्च कंपनी इस साल जनवरी में बंद हो गई।

फारस की खाड़ी के रास्ते ईरान से एलपीजी आयात का मामला अमेरिकी अभियोजकों ने शुरू की अडाणी की कंपनियों की जांच

जनसत्ता ब्यूरो
नई दिल्ली, 2 जून।

अमेरिकी अभियोजकों ने यह जांच शुरू की है कि क्या भारतीय उद्योगपति गौतम अडाणी की कंपनियों ने अपने मुंद्रा बंदरगाह के माध्यम से भारत में ईरान से तरलीकृत पेट्रोलियम गैस (एलपीजी) का आयात किया था? गुजरात के मुंद्रा बंदरगाह तक फारस की खाड़ी के रास्ते तेल टैंकर लाए गए। अमेरिकी अखबार वाल स्ट्रीट जर्नल ने सोमवार को यह खबर छपी है।

अखबार के मुताबिक, प्रतिबंधों से बचने के लिए अक्सर समुद्री जहाज इस रास्ते का इस्तेमाल करते हैं। अमेरिका का न्याय विभाग अडाणी एंटरप्राइजेज के एलपीजी टैंकरों के परिवहन के मार्ग की समीक्षा कर रहा है।

अडाणी समूह ने कहा कि उसने ईरान ने कोई माल नहीं मंगाया। एलपीजी का उनका कारोबार अडाणी एंटरप्राइजेज के कुल राजस्व का 1.46% है और कंपनी पूरी तरह से अंतरराष्ट्रीय और देश के कानूनों का पालन करती है।

अमेरिका को है ईरान से एलपीजी आयात का शक अमेरिका में नई जांच; अदाणी ग्रुप बोला- कोई गड़बड़ी नहीं

एजेंसी | नई दिल्ली

एशिया के दूसरे सबसे अमीर व्यक्ति गौतम अदाणी के खिलाफ अमेरिका में नई जांच शुरू होने का दावा किया गया है। 'वॉल स्ट्रीट जर्नल' की एक रिपोर्ट के अनुसार अमेरिकी न्याय विभाग यह जांच कर रहा है कि क्या अदाणी समूह ने ईरान से भारत में एलपीजी आयात की है। वहीं, अदाणी समूह ने इस रिपोर्ट को खारिज करते हुए ऐसी किसी जांच से अनभिज्ञता जताई है।

वॉल स्ट्रीट जर्नल के मुताबिक- 'ऐसे टैंकरों की पहचान हुई है, जो मुंद्रा और फारस की खाड़ी के बीच नियमित यात्रा करते हैं। इनकी गतिविधियों में ऐसे सभी संकेत मिले हैं जो अंतरराष्ट्रीय प्रतिबंधों से बचने की कोशिश करते रहते हैं।

अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप ने पिछले महीने से ईरान से पेट्रोकेमिकल की खरीद करने वाले देश या व्यक्ति पर प्रतिबंध लगाने का ऐलान किया था।

यह रिपोर्ट शरारती और निराधार है: अदाणी ग्रुप

अदाणी ग्रुप ने कहा, हम अपने किसी बंदरगाह पर ईरान या ईरानी स्वामित्व वाले जहाज से आने वाले कार्गो नहीं संभालते। हमने ईरान पर लगे प्रतिबंध को जानबूझकर नहीं तोड़ा। हमारी किसी इकाई और ईरानी एलपीजी के बीच संबंधों की रिपोर्ट 'निराधार और शरारती' हैं।

इराण एलपीजी व्यापाराशी 'अदानी'चा संबंध ?

अमेरिकेकडून चौकशी

सुरू असल्याचे वृत्त

वृत्तसंस्था, बंगळूरु

अब्जाधीश उद्योगपती गौतम अदानी यांच्या कंपन्यांनी भारतात इराणमधून एलपीजी गॅस आयात केला आहे का याची चौकशी अमेरिका करत असल्याचे वृत्त 'वॉल स्ट्रीट जर्नल'ने सोमवारी दिले. अदानी समुहाने मात्र हे वृत्त फेटाळले असून हा आरोप पूर्णपणे निराधार आणि खोडसाळ

उद्योग समूहाने आरोप फेटाळले

इराणी एलपीजीशी संबंधित निर्बंधांचे उल्लंघन केल्याचा किंवा या व्यापारात जाणूनबुजून सहभाग असल्याचा आरोप 'अदानी समूहा'ने नाकारला. कंपनीच्या प्रवक्त्याने एका निवेदनात सांगितले की या विषयावर अमेरिकी अधिकारी चौकशी करत असल्याची कोणतीही माहिती आमच्याकडे नाही. हे आरोप निराधार असून कायदेशीर मार्गांनी उत्तर देण्यात येणार आहे.

असल्याचे त्यांनी सांगितले.

अदानी समूहाच्या मुंद्रा बंदरामार्गे इराणमधून एलपीजी भारतात आयात झाला आहे का, याचा शोध घेण्याचा प्रयत्न अमेरिकी अधिकारी करत आहेत. काही टँकर नियमितपणे मुंद्रा आणि पर्शियन

गल्फ आखातादरम्यान ये-जा करत होते. या टँकरच्या हालचालींवरून असे दिसून आले की ते निर्बंधांचे उल्लंघन करत आहेत, असे या वृत्तात म्हटले आहे.

अमेरिकी न्याय विभाग अदानी समूहाला मालवाहतूक करण्यासाठी

वापरल्या जाणाऱ्या अनेक एलपीजी टँकरच्या क्रियाकलापांचा आढावा घेत आहे, असे या प्रकरणाशी परिचित असलेल्या लोकांचा हवाला देत 'वॉल स्ट्रीट जर्नल'ने वृत्त दिले आहे. अमेरिकी अध्यक्ष डॉनाल्ड ट्रम्प यांनी कोणत्याही देशाने किंवा व्यक्तीने इराणी तेल किंवा पेट्रोकेमिकल उत्पादनांची खरेदी केल्यास त्यांच्यावर तात्काळ दुय्यम निर्बंध लादले जातील, असा इशारा दिला होता. या पार्श्वभूमीवर अमेरिकेत प्रकाशित झालेल्या या वृत्ताला महत्त्व प्राप्त झाले आहे.

वॉल स्ट्रीट जनरल के ईरानी एलपीजी की ढुलाई के दावे को अदाणी समूह ने किया खारिज

ईरान का कोई भी सामान नहीं ढो रहे : अदाणी

वाशिंगटन। अमेरिकी अखबार द वॉल स्ट्रीट जनरल की तरफ से ईरान की एलपीजी ढुलाई के दावे को अदाणी समूह ने साफ तौर पर खारिज किया है। अदाणी समूह ने दो टूक कहा है कि वह ईरान का कोई भी सामान नहीं ढो रहा है।

अमेरिकी अखबार द वॉल स्ट्रीट जनरल के मुताबिक जांच में पाया गया कि गुजरात के मुंद्रा बंदरगाह और फारस की खाड़ी के बीच यात्रा करने वाले टैंकरों में वे विशेषताएं पाई गईं, जो प्रतिबंधों से बचने वाले जहाजों में आम होती हैं। मामले से जुड़े लोगों के हवाले से अखबार ने लिखा, अमेरिकी

न्याय विभाग अदाणी एंटरप्राइजेज के लिए माल ढोने वाले टैंकरों की गतिविधियों की समीक्षा कर रहा है। हालांकि, रिपोर्ट की स्वतंत्र रूप से पुष्टि नहीं हुई है।

समूह ने भेजा जवाब...अदाणी समूह के एक प्रवक्ता ने वॉल स्ट्रीट जनरल को भेजे बयान में कहा, समूह ईरान आधारित किसी भी व्यापार में शामिल होने के आरोपों से इन्कार करता है। हमें अमेरिका की ओर से इस संबंध में की जा रही किसी जांच के बारे में भी कोई जानकारी नहीं है। एजेंसी

ऊर्जा आपूर्ति में रिश्तखोरी का भी था आरोप

गौतम अदाणी और उनके भतीजे सागर अदाणी पर इससे पहले अमेरिकी अधिकारियों ने ऊर्जा आपूर्ति ठेके में रिश्तखोरी के आरोप में जांच आरंभ की थी। तब उनपर अमेरिकी निवेशकों से पैसा लेने के लिए उन्हें गुमराह करने का आरोप लगाया गया था। हालांकि अदाणी समूह ने आरोपों को आधारहीन करार दिया था और इसके जवाब में सभी कानूनी विकल्प आजमाने की बात कही थी।

ट्रंप ने दे रखी है सेकेंडरी प्रतिबंधों की चेतावनी

अमेरिकी राष्ट्रपति डोनाल्ड ट्रंप ने मई में कहा था कि ईरान से तेल और पेट्रोलियम पदार्थों की सभी खरीद तत्काल प्रभाव से रोक दी जानी चाहिए। जो भी देश या व्यक्ति ईरान से ऐसी खरीद करते पाए जाएंगे उनपर तत्काल प्रभाव से सेकेंडरी प्रतिबंध लगा दिया जाएगा।

अडानी ग्रुप फिर मुसीबत में कहीं ईरान से एलपीजी तो आयात नहीं किया?

- अमेरिका ने शुरू की जांच
- मुंद्रा पोर्ट और पर्शियन खाड़ी के बीच जहाजों के चक्कर लगाने का खुलेगा राज

सामना संवाददाता / नई दिल्ली

अडानी ग्रुप की कंपनियां ईरानी पेट्रोकेमिकल उत्पादों खासकर एलपीजी के आयात में शामिल रही हैं या नहीं, इसको लेकर अमेरिकी अधिकारी जांच कर रहे हैं। ऐसे में अडानी ग्रुप की मुसीबतें एक बार फिर से बढ़ने वाली हैं। 'वॉल स्ट्रीट जर्नल' की रिपोर्ट के अनुसार, अमेरिकी अधिकारी यह पता लगाने की कोशिश कर रहे हैं कि क्या अडानी ग्रुप की कंपनियों ने मुंद्रा पोर्ट के जरिए ईरान से लिक्विफाइड पेट्रोलियम गैस का आयात भारत में किया है? रिपोर्ट में कहा गया है कि कुछ टैंकर जो नियमित रूप से मुंद्रा और पर्शियन गल्फ के बीच आवाजाही कर रहे थे, उन्होंने ऐसी गतिविधियां दिखाई हैं, जो आमतौर पर उन जहाजों द्वारा की जाती हैं जो प्रतिबंधों से बचने की कोशिश करते हैं।

रिश्वतखोरी के आरोप

इससे पहले भी अमेरिकी अभियोजकों ने अडानी ग्रुप के अधिकारियों पर रिश्वतखोरी में शामिल होने का आरोप लगाया था। अधिकारियों

अभियोजकों का आरोप है कि कंपनी ने इस साल की शुरुआत में अमेरिकी जांच को लेकर अपनी जानकारी के संबंध में भ्रामक बयान जारी किए थे।

का दावा था कि अडानी और उनके साथ सात अन्य व्यक्तियों, जिनमें उनके भतीजे सागर अडानी भी शामिल हैं, ने भारतीय अधिकारियों को लगभग २६५ मिलियन डॉलर (करीब २,२०० करोड़ रुपये) की घूस देने पर सहमति जताई थी।

यह कथित रूप से ऐसे कॉन्ट्रैक्ट हासिल करने के लिए किया गया था, जिनसे अगले २० वर्षों में करीब २ अरब डॉलर (लगभग १६,६०० करोड़ रुपये) का मुनाफा होने की उम्मीद थी। यह भारत की सबसे बड़ी सोलर पावर परियोजना के निर्माण को आसान बनाने के उद्देश्य से किया गया था।

पारदर्शिता पर सवाल

इसके अलावा, अभियोजकों ने यह भी आरोप लगाया कि अडानी परिवार और अडानी ग्रीन एनर्जी के पूर्व सीईओ ने ३ अरब डॉलर से ज्यादा के लोन और बॉन्ड हासिल किए, जबकि उन्होंने यह भ्रष्टाचार ऋणदाताओं और निवेशकों से छिपाया। यह घूसखोरी विवाद अडानी ग्रुप की मार्केट और पब्लिक डिस्कलोजर की प्रक्रियाओं को लेकर भी सवाल खड़े करता है।

ஈரான் மீதான தடைகளை மீறி வர்த்தகம் செய்ததாக புகார்

அதானி குழுமம் மீது அமெரிக்கா விசாரணை

ரூ.2 ஆயிரம் கோடி லஞ்சம் கொடுத்த புகாரை தொடர்ந்து 2வது குற்றச்சாட்டு

நியூயார்க், ஜூன் 3: இந்தியாவைச் சேர்ந்த தொழில் அதிபர் கவுதம் அதானி மீது அமெரிக்காவில் கடந்த 7-ஆண்டு குற்றச்சாட்டுகள் 'பதிவு செய்யப்பட்டுள்ளது.

இந்தியாவில் அதானி யின் புதுப்பிக்கத்தக்க ஆற்றல் நிறுவனம் சில சூரிய மின்சக்தி ஒப்பந்தங்களை கைப்பற்ற இந்திய அதிகாரிகளுக்கு லஞ்சம் கொடுக்க ஒப்புக்கொண்டதாகவும், அந்த ஒப்பந்தங்களைக் கான முதலீட்டை அமெரிக்க மற்றும் சர்வதேச முதலீட்டாளர்களிடம் பெற்று வழங்கியதாக குற்றம்சாட்டப்பட்டது. சுமார் ரூ.2 ஆயிரம் கோடி லஞ்சம் கொடுத்ததாக அதானி குழுமம் மீது அமெரிக்கா முதன்முறையாக குற்றச்சாட்டுகளை பதிவு செய்தது.

துறைமுகங்கள், விமான நிலையங்கள், புதுப்பிக்கத்தக்க ஆற்றல் உள்ளிட்ட துறைகளில் வர்த்தகம் மேற்கொண்டு வரும் அதானி குழுமத்தின் மீது வைக்கப்பட்டுள்ள இந்த குற்றச்சாட்டுகள் அந்த நிறுவனத்திற்கு பெரும் நெருக்கடியையும் பின்னடைவையும் ஏற்படுத்தியது. இந்த வழக்கில் அதானி மட்டுமின்றி, வினித் எஸ் ஜெயன் ரஞ்சித் குப்தா உட்பட 7 நபர்களின் பெயர்களும் இடம் பெற்றுள்ளது. இந்த வழக்கில் அதானி குழுமம் மட்டுமின்றி அஜுர் என்ற நிறுவனத்தின் பெயரும் இணைக்கப்பட்டுள்ளது. இந்த குற்றச்சாட்டுகளை அதானி குழுமம் மறுத்து, இந்தக் குற்றச்சாட்டுகள் ஆதாரமற்றவை என்றும் கூறியுள்ளது. இதுபற்றிய

அதானி குழுமம் மறுப்பு

அமெரிக்கா விசாரணை குறித்து அதானி குழுமத்தின் செய்தித் தொடர்பாளர் கூறுகையில், அதானி குழுமம் ஈரான் நாட்டில் இருந்து எல்பிஜி இறக்குமதி செய்ததை திட்டவாடமாக மறுக்கிறது. இதற்காக அதானி நிறுவனம் ஒரு மூன்றாம் தரப்பு கப்பலை பயன்படுத்தியதாக கூறப்படும் புகாரில் உண்மை இல்லை. இந்த குற்றச்சாட்டு ஆதாரமற்றது. குறும்புத்தனமானது. இந்த விசயத்தில் அமெரிக்காவின் விசாரணை பற்றி எங்களுக்குத் தெரியாது' என்று தெரிவித்தார்.

விசாரணை நடந்து வருகிறது.

இந்த சூழலில் அமெரிக்காவின் பிடியில் மீண்டும் ஒரு முறை அதானி நிறுவனம் சிக்கியுள்ளது. ஈரான் மீது அமெரிக்கா விதித்த தடையை மீறி அந்த நாட்டிடம் இருந்து அதானி குழுமம் வர்த்தகம் செய்ததாக தற்போது குற்றச்சாட்டு எழுந்துள்ளது. தி வால் ஸ்ட்ரீட் ஜர்னல் நாளேடு வெளியிட்ட செய்தியின் படி ஈரானில் இருந்து குறிப்பிடப்பட்ட ஒரு சரக்கு போக்குவரத்து மூன்றாம் தரப்பு மூலம் வழக்கமான வணிகப்பரிவர்த்தனையாக கையாளப்பட்டது. அந்த சரக்கு அதானிக்கு சொந்தமான குஜராத்தில் உள்ள முந்தரா துறைமுகத்திற்கு வந்துள்ளது என்று தெரிவித்துள்ளது. ஈரானிய எண்ணெய் அல்லது பெட்ரோ கெமிக்கல் பொருட்களை வாங்கும் எந்தவொரு தரப்பினரும் உடனடியாக இரண்டாம் நிலை தடைகளுக்கு உட்படுத்தப்படுவார்கள் என்று அமெரிக்க அதிபர் டிரம்ப் கூறினார்.

ஈரான் நாட்டின் அணுசக்தி திட்டத்தைத் தடுக்கும் முயற்சியின் ஒரு பகுதியாக ஈரான் நாட்டுள் வர்த்தகம் செய்ய அமெரிக்கா தடை விதித்துள்ளது.

காசா மேதலுக்குப் பிறகு, ஹமாஸ், ஹவுத் திகன், ஹிஸ்பொல்லா போன்ற குழுக்களின் முக்கிய ஆதரவாளராகக் கருதப்படும் ஈரான் மீது அமெரிக்கா மேலும் தடைகளை விதித்துள்ளது.

அதையும் மீறி அதானி குழுமம் வர்த்தகத்தில் ஈடுபட்டதாக தற்போது புகார் எழுந்து, அதன் அடிப்படையில் அதானி குழுமம் மீது அமெரிக்கா 2வது முறையாக விசாரணையை தொடங்கி உள்ளது.

அதானிக்கு சொந்தமான குஜராத்தில் உள்ள முந்தரா துறைமுகம் வழியாக இந்தியாவிற்கு ஈரானிய எல்பிஜி கேஸ் இறக்குமதி செய்ததாகவும், அதானி எண்டர்பிரைஸ்ஸுடன் இணைக்கப்பட்ட கப்பல்கள் மூலம் இவை இறக்குமதி செய்யப்பட்டதாகவும் தான் தற்போது புகார் எழுந்து உள்ளது.

இதை அமெரிக்கா ஆய்வு செய்து வருகின்றது. மேலும் அதானி எண்டர்பிரைஸ்ஸுக்கு சரக்குகளை அனுப்புவதாக சந்தேகிக்கப்படும எல்பிஜி டேங்கர்களை அமெரிக்க நிதித்துறை விசாரித்து வருவதாக தி வால் ஸ்ட்ரீட் கூறியுள்ளது. ஈரான் எல்பிஜி டேங்கர்களை இந்தியாவிற்கு கொண்டு செல்ல போலி ஆவணங்களைப் பயன்படுத்தியிருக்கலாம் என்ற குற்றச்சாட்டும் எழுந்துள்ளது.

ஏனெனில் அமெரிக்கா விசாரணையில், பெயரிடப்பட்ட ஒரு முக்கிய கப்பல் எஸ்எம்எஸ் பிராஸ், இப்போது நீல் என மறு பெயரிடப்பட்டுள்ளது. இந்த கப்பல் வழித்தட தகவல்களை மறைக்கும் அறிஞர்கள் விசாரணையில் கண்டுபிடிக்கப்பட்டுள்ளன. இந்த பதிவுகள் மூலம் பார்க்கும் போது

இந்த கப்பல் கடந்த 2024 ஏப்ரல் 3 அன்று ஈரானில் நிறுத்தப்பட்டிருப்பதைக் காட்டியிருந்தாலும், செயற்கைக்கோள் படங்கள் அதற்கு பதிலாக கப்பலை ஈரானில் நிறுத்தி வைக்கப்பட்டு இருப்பதை காட்டுகிறது. பின்னர் அந்தக் கப்பல் முந்தரா துறைமுகத்திற்கு சரக்குகளை வழங்கியுள்ளது. ஆனால் சரக்கு கொண்டு செல்லப்பட்ட கப்பல் ஆவணங்கள் மூன்று நாட்டின் சோஹர் என்று குறிப்பிடுகின்றன. ஆனால் கப்பல் வழித்தட தகவல்கள் மூன்று சென்றதாக குறிப்பிடவில்லை.

எல்பிஜி இறக்குமதி என்பது அதானி யின் வணிகத்தின் ஒரு சிறிய பகுதியாகும். ஆனால் குஜராத்தில் உள்ள முந்தரா துறைமுகத்திற்கும், பாரசிக் வளைகுடா விற்கும் இடையில் இயங்கும் பல கப்பல் டேங்கர்கள் வர்த்தக தடைகளை மீறியிருக்கலாம் என்று அமெரிக்கா விசாரணையில் தெரிய வந்துள்ளது. இதன் மூலம் ஈரானில் இருந்து எல்பிஜி டேங்கர்கள் இந்த வழித்தடங்கள் வழியாக கொண்டு செல்லப்பட்டிருக்கலாம் என்று அமெரிக்கா சந்தேகப்படுகிறது.

2025 நிதியாண்டில் அதானி வருவாயில் 1.46% பங்களிக்கிறது என்றாலும் ஈரான் மீதான தடையை மீறி அதானி குழுமம் வர்த்தகம் செய்துள்ளதாக அமெரிக்கா தற்போது விசாரணை நடத்தி வருகிறது. இது அதானி குழுமத்திற்கு சிக்கலை ஏற்படுத்தி உள்ளது.

আদানিদের বিরুদ্ধে নতুন তদন্ত ট্রাম্প-প্রশাসনের

এই সময়: ভারতে মুম্বা বন্দরের মাধ্যমে গৌতম আদানির সংস্থাগুলি ইরান থেকে এলপিজি ভারতে রপ্তানি করেছে কি না, তার তদন্ত করছেন ইউএস প্রসিকিউটররা। সোমবার 'দ্য ওয়াল স্ট্রিট জার্নাল'-এর একটি রিপোর্ট উদ্ধৃত করে এ খবর জানিয়েছে রয়টার্স।

ওই রিপোর্ট অনুযায়ী, গুজরাটের মুম্বা বন্দর ও পারস্য উপসাগরের মধ্যে সমুদ্রপথে অনেক ট্যাঙ্কার চলাচল করেছে। ট্যাঙ্কারগুলির চলাচলের বৈশিষ্ট্য দেখে বিশেষজ্ঞমহলের বক্তব্য, নিষেধাজ্ঞা এড়িয়ে যাওয়া জাহাজগুলির ক্ষেত্রে এটা সাধারণ ভাবে দেখা যায়।

সূত্র উদ্ধৃত করে 'দ্য ওয়াল স্ট্রিট জার্নাল' জানিয়েছে, আদানি এন্টারপ্রাইজের জন্য পণ্য নিয়ে আসার কাজে ব্যবহৃত বহু এলপিজি ট্যাঙ্কারের কার্যকলাপ খতিয়ে দেখছে ইউএস জাস্টিস ডিপার্টমেন্ট।

আদানি গোষ্ঠীর তরফে সোমবার এক বিবৃতিতে শেয়ারবাজারকে বলা হয়েছে, '২ জুন ২০২৫ তারিখে ওয়াল স্ট্রিট জার্নালের বেন ফোল্ডি

এবং ডেভ মাইকেলসের লেখা প্রতিবেদনে আদানি গোষ্ঠীর বিভিন্ন সংস্থা এবং ইরানের এলপিজির মধ্যে যে যোগসূত্রের অভিযোগ আনা হয়েছে, তা ভিত্তিহীন এবং ক্ষতিকারক। আদানি ইরানে উৎপাদিত এলপিজির সঙ্গে ইচ্ছাকৃতভাবে নিষেধাজ্ঞা এড়িয়ে যাওয়ার বা বাণিজ্যে জড়িত থাকার কথা স্পষ্টভাবে অস্বীকার করেছেন। এ ছাড়া, এ বিষয়ে মার্কিন কর্তৃপক্ষের কোনও তদন্তের বিষয়ে আমরা অবগত নই।'

বিবৃতিতে আরও বলা হয়েছে,

ইরানের এলপিজি

'নীতি অনুযায়ী, আদানি গোষ্ঠী আমাদের কোনও বন্দরে ইরান থেকে কোনও পণ্য পরিবহন করে না। এর মধ্যে ইরান থেকে আসা কোনও জাহাজ বা ইরানের পতাকা থাকা সমস্ত জাহাজ অন্তর্ভুক্ত। এছাড়াও, আদানি গোষ্ঠী এমন কোনও জাহাজ পরিচালনা বা সহায়তা করে না যার মালিক ইরানের। এই নীতি আমাদের সমস্ত বন্দরে কঠোরভাবে মানা হয়।'

এর আগে আদানি গোষ্ঠীর এক মুখপাত্র 'দ্য ওয়াল স্ট্রিট জার্নাল'-কে বলেছেন, 'আদানি ইরানে উৎপাদিত

এলপিজি সম্পর্কিত নিষেধাজ্ঞা এড়িয়ে বা বাণিজ্যে ইচ্ছাকৃতভাবে জড়িত থাকার কথা স্পষ্টভাবে অস্বীকার করেছেন।' তাঁর সংযোজন, 'এ ব্যাপারে মার্কিন কর্তৃপক্ষের কোনও তদন্তের কথা আমরা জানি না।'

এ বিষয়ে আদানি, ইউএস জাস্টিস ডিপার্টমেন্ট এবং প্রক্সিনি ইউএস অ্যাটর্নি অফিস রয়টার্সকে কোনও প্রতিক্রিয়া দেয়নি।

ইউএস প্রেসিডেন্ট ডোনাল্ড ট্রাম্প গত মাসে বলেছিলেন যে ইরানের তেল বা পেট্রোকেমিক্যাল পণ্যের কেনা সম্পূর্ণ বন্ধ করতে হবে এবং কোনও দেশ বা ব্যক্তি দেশ থেকে ইরান থেকে পেট্রোপণ্য কিনলে অবিলম্বে নিষেধাজ্ঞার আওতায় পড়বে।

উল্লেখ্য কয়েক মাস আগে গৌতম আদানি ও তাঁর ভাই সাগরকে বিন্যূৎ সরবরাহ সংক্রান্ত চুক্তি নিশ্চিত করার জন্য ভারতের সরকারি আধিকারিকদের ঘুষ দেওয়া এবং ইউএস-এতে তহবিল সংগ্রহের সময়ে এ ব্যাপারে মার্কিন লম্বিকারীদের বিভ্রান্ত করার অভিযোগে অভিযুক্ত করেছিল ইউএস প্রশাসন। যদিও আদানি গোষ্ঠী এই সমস্ত অভিযোগ 'ভিত্তিহীন' বলে দাবি করেছে।

अमरीकी जांच से अदाणी ग्रुप का इनकार

वॉल स्ट्रीट जर्नल की रिपोर्ट के अनुसार, अदाणी ग्रुप की कंपनियां ईरानी पेट्रोकेमिकल उत्पादों के आयात में शामिल रही हैं या नहीं, इसको लेकर अमरीकी अधिकारी जांच कर रहे हैं। अमरीकी अधिकारी यह पता लगाने की कोशिश कर रहे हैं कि क्या अदाणी ग्रुप की कंपनियों ने मुंद्रा पोर्ट के जरिए ईरान से लिक्विफाइड पेट्रोलियम गैस (एलपीजी) का आयात भारत में किया है। हालांकि अदाणी समूह ने इस रिपोर्ट को निराधार बताया। अदाणी ग्रुप ने कहा कि ईरानी एलपीजी से जुड़े अमरीकी अधिकारियों की ओर से किसी भी जांच की कोई जानकारी नहीं है। यह खबर पूरी तरह से गलत और अटकलों पर आधारित है।

అదానీ కంపెనీపై అమెరికా ప్రాసిక్యూటర్లు దర్యాప్తు

ముంబై: అదానీ గ్రూప్ సంస్థల ట్రెజరీ గౌరవ్ అదానీ కంపెనీలు తమ ముంద్రా పోర్టు ద్వారా ఇరాన్ నుంచి ద్రవీ కృత పెట్రోలియం గ్యాస్ ను భారత్ లోకి దిగుమతి చేసు కుంటున్నారా లేదా అనే దానిపై అమెరికా ప్రాసిక్యూటర్లు దర్యాప్తు చేస్తున్నారని వాల్ స్ట్రీట్ జర్నల్ సోమవారం నాడు ఒక వార్త కథనంలో తెలిపింది. గుజరాత్ లోని ముంద్రా పోర్టు నుంచి పర్షియన్ గల్ఫ్ మధ్య ఆంక్షలను తప్పించు కుని తిరగడం సాధారణమేనని నిపుణులు తెలిపినట్లు ఈ కథనంలో పేర్కొంది.

అదానీ ఎంటర్ ప్రైజెస్ సరకు రవాణా చేసే అనేక ఎల్ పీజీ ట్యాంకర్ల కార్యకలా పాలపై అమెరికా న్యాయ శాఖ సమీక్షి స్తోందని వాల్ స్ట్రీట్ జర్నల్ తెలిపింది. ఇరాన్ కు చెందిన కంపెనీతో ఆంక్షలకు భిన్నంగా ఎల్ పీజీ

బిజినెస్ చేసినట్లు వచ్చిన వార్తలను అదానీ ఎంటర్ ప్రైజెస్ ప్రతినిధి ఒకరు ఖండించారు. దీనిపై అమెరికా అధికారులు దర్యాప్తు చేస్తున్న విషయం తమకు తెలియని చెప్పారు. ఇరాన్ నుంచి ఆయిల్, పెట్రోకెమికల్ ఉత్పత్తులను ఏ దోమైనా, లేదా కంపెనీలైనా కొనుగోలు చేస్తే వెంటనే ఆంక్షలు విధిస్తామని అమెరికా అధ్యక్షుడు ట్రంప్ మే నెలలో స్పష్టం చేశారు.

గతంలో గౌరవ్ అదానీ, ఆయన మేనల్లుడు సాగర్ అదానీ విద్యుత్ సరఫరా కాంట్రాక్టులు పొందేందుకు లంచాలు ఇచ్చారని, అమెరికాలో నిధుల సమీకరణ సమ యంలో దీన్ని దాచిపెట్టి ఇన్వెస్టర్లను తప్పుదారి పట్టించా రన్న అభియోగాలపై అక్కడి అధికారులు కేసులు నమోదు చేసి, దర్యాప్తు చేస్తున్నారు. ఈ క్రమంలో తాజాగా ఇరాన్ నుంచి ఎల్ పీజీ గ్యాస్ ను నిబంధనలకు విరుద్ధంగా తరలి స్తున్నారన్న అభియోగాలపై దర్యాప్తు జరుగుతోంది.
