INDIA'S FIRST DEDICATED TRANSshipment PORT

PM to Commission Vizhinjam Port Today

Seaport has received the highest ever investment from a state govt in India

PTI

Thiruvananthapuram: Prime Minister Narendra Modi will officially commission the Vizhinjam International Seaport on Friday, placing Kerala firmly on the global maritime map.

The port is expected to transform India's role in international trade and shipping.

The deep-water port has been developed by Adani Ports and Special Economic Zone Ltd (APSEZ), India's largest port developer and part of the Adani Group, under a public-private partnership.

The project was completed at an estimated cost of ₹8,867 crore. Following a successful trial run, the port received its commercial commissioning certificate

FILE PHOTO

on December 4 last year.

Kerala chief minister Pinarayi Vijayan has said this is not just the opening of a new port, but the beginning of a new era that will give Indian trade and logistics a stronger global presence.

Vizhinjam is India's first dedicated transshipment port and also the country's first semi-automated port. It sits just 10 nautical miles from a key international shipping route and has naturally deep waters, making it ideal for large cargo ships.

Until now, about 75% of India's transshipment containers were handled by Colombo Port in Sri Lanka, leading to significant losses in foreign exchange and revenue. Vizhinjam is expected to bring much of that traffic back to India.

The port has received the highest ever investment from a state government in India. The Kerala government is funding two-thirds of the project's total cost, including the full cost of building the breakwater - a key part of the infrastructure that ensures the port operates smoothly in all weather.

The breakwater at Vizhinjam is the deepest in India and stretches nearly three kilometres.

At 28 metres tall - the height of a nine-storey building - it is a major engineering achievement. Trial operations began on July 13, 2024, and full commercial operations started on December 3, 2024.

During the three-month trial phase, over 272 large vessels docked at the port, and more than 550,000 containers were handled.

PM to commission Vizhinjam port today

SHINE JACOB
Chennai, 1 May

Almost five months after starting commercial operations, Prime Minister Narendra Modi will dedicate the Vizhinjam International Seaport to the nation on Friday. This is India's first transshipment hub and first deepwater container terminal.

This comes after Karan Adani, managing director, Adani Ports and SEZ, indicated that the group will invest ₹20,000 crore more in Vizhinjam Port in addition to the already invested ₹5,000 crore. Based on an estimate, on an annual basis, the advantage due to this port will be to the tune of ₹2,500 crore.

The port's operations officially kicked off in

July 2024, when MV San Fernando, a vessel chartered by the world's second-largest shipping company, Maersk, arrived at the port.

The commercial operations of phase-I of the project started in December 2024, and phase-II to phase-IV of the project are likely to be over by December 2028.

According to the detailed project report, Vizhinjam will be competing with Cochin and Tuticorin for its gateway containerised cargo; and with international ports like Colombo in Sri Lanka, Salalah in Oman, and Singapore for container transshipment traffic. During the first phase, the Vizhinjam Port will have the capacity to handle 1 million 20-foot equivalent units (TEUs), and subsequent phases will see the addition of 6.2 million TEUs.

Modi to commission ₹8,867 cr Vizhinjam seaport today

PRESS TRUST OF INDIA
Thiruvananthapuram, May 1

PRIME MINISTER NARENDRA Modi will officially commission the Vizhinjam International Seaport on Friday, placing Kerala firmly on the global maritime map.

The port in Thiruvananthapuram district is expected to transform India's role in international trade and shipping.

The deep-water port has been developed by Adani Ports and Special Economic Zone (APSEZ), India's largest port developer and part of the Adani Group, under a public-private partnership.

The project was completed at an estimated cost of ₹8,867 crore. Following a successful trial run, the port received its commercial commissioning certificate on December 4 last year.

In a post on 'X', Kerala chief minister Pinarayi Vijayan on Thursday said, "Tomorrow marks a historic moment as Shri Narendra Modi ji, the Hon'ble Prime Minister of India, dedicates the Vizhinjam International Seaport to the nation." "This landmark project—the largest-ever state investment in any port in the country, with

two-thirds of the cost borne by the Government of Kerala — reflects the state's strong commitment to development.

"The commissioning of Vizhinjam port marks the beginning of a new chapter in India's maritime journey, placing the nation firmly on the global map," Vijayan said.

Earlier, he said this is not just the opening of a new port, but the beginning of a new era that will give Indian trade and logistics a stronger global presence.

Vizhinjam is India's first dedicated transshipment port and also the country's first semi-automated port.

It sits just 10 nautical miles from a key international ship-

ping route and has naturally deep waters, making it ideal for large cargo ships.

Until now, about 75% of India's transshipment containers were handled by Colombo Port in Sri Lanka, leading to significant losses in foreign exchange and revenue. Vizhinjam is expected to bring much of that traffic back to India.

The port has received the highest ever investment from a state government in India.

The Kerala government is funding two-thirds of the project's total cost, including the full cost of building the breakwater—a key part of the infrastructure that ensures the port operates smoothly in all

weather.

The breakwater at Vizhinjam is the deepest in India and stretches nearly three kilometres. At 28 metres tall—the height of a nine-storey building—it is a major engineering achievement.

Trial operations began on July 13, 2024, and full commercial operations started on December 3, 2024. During the three-month trial phase, over 272 large vessels docked at the port, and more than 550,000 containers were handled.

Vizhinjam is equipped with fully automated yard cranes and remotely operated ship-to-shore cranes for faster and safer operations. It also features India's first home-built, AI-powered Vessel Traffic Management System, developed with IIT Madras.

With the signing of the Viability Gap Funding agreement, all formal steps for the first phase of the project have been completed, the chief minister has said.

In early 2025, Vizhinjam topped the list of ports on India's southern and western coasts for container cargo handling, managing over 100,000 TEUs (twenty-foot equivalent units) per month.

PM Modi to inaugurate Rs 8,900 crore Vizhinjam seaport today

TGG NETWORK

THIRUVANANTHAPURAM

Prime Minister Narendra Modi will inaugurate the 'Vizhinjam International Deepwater Multipurpose Seaport' worth Rs 8,900 crore today.

It is the country's first dedicated container transshipment port, representing the transformative advancements being made in India's maritime sector as

part of the unified vision of Viksit Bharat.

The Vizhinjam Port, which is strategically important, has been identified as a key priority project that will contribute to strengthening India's position in global trade, enhancing logistics efficiency, and reducing reliance on foreign ports for cargo transshipment. Its natural deep draft of nearly 20 meters and location near one of the

world's busiest sea trade routes further strengthen India's position in global trade.

Meanwhile, Kerala Ports Minister VN Vasavan addressed a media briefing on Wednesday ahead of the commissioning of the Vizhinjam International Seaport, which is scheduled to be inaugurated by Prime Minister Narendra Modi on May 2 at 11:00 AM.

In the presence of state

ministers V Sivankutty, GR Anil, and Thiruvananthapuram Mayor Arya Rajendran, Minister Vasavan

Governor Rajendra Vishwanath Arlekar, Chief Minister Pinarayi Vijayan, Union Shipping Minis-

ter Sarbananda Sonowal, Union Ministers Suresh Gopi and George Kurian, State Ministers Saji Cheriyan, V Sivankutty, GR Anil, Opposition leader V D Satheesan, MPs Shashi Tharoor and A.A. Rahim, Mayor Arya Rajendran, and former Union Minister Rajeev Chandrasekhar.

"Our nation is about to witness an unforgettable moment. On May 2nd at 11 AM, the Prime Minister will commission the Vizhinjam International Seaport. This is a historic occasion. A list of invitees including the Governor, Chief Minister, Union Shipping Minister, Union Ministers Suresh Gopi and George Kurian, State Ministers Saji Cheriyan, V Sivankutty, GR Anil, Opposition Leader, MPs Shashi Tharoor and A.A. Rahim, Mayor, and former Union Minister Rajeev Chandrasekhar.

smoothly in all weather.

The breakwater at Vizhinjam is the deepest in India and stretches nearly three kilometres. At 28 metres tall -- the height of a nine-storey building -- it is a major engineering achievement.

Trial operations began on July 13, 2024, and full commercial operations started on December 3, 2024. During the three-month trial phase, over 272 large vessels docked at the port, and more than 550,000 containers were handled.

Vizhinjam is equipped with fully automated yard cranes and remotely operated ship-to-shore cranes for faster and safer operations. It also features India's first home-built, AI-powered Vessel Traffic Management System, developed with IIT Madras.

In early 2025, Vizhinjam topped the list of ports on India's southern and western coasts for container cargo handling, managing over 100,000 TEUs (20-foot equivalent units) per month.

A major milestone came when Vizhinjam berthed the

MSC Turkey, one of the largest cargo ships to ever reach India.

Another significant development is Vizhinjam's inclusion in the Jade Service of MSC, the world's largest shipping company. This major cargo route connects Europe and Asia via South Africa's Cape of Good Hope. Vizhinjam is now becoming the main hub for South Asia on this route.

MSC includes only high-capacity ports in its key services, making Vizhinjam's inclusion during its trial phase a major achievement. The port now joins global giants like Qingdao, Shanghai, Busan, and Singapore.

Ships in the Jade Service will sail from Singapore to Vizhinjam, then continue to ports in Spain and Italy. This means more containers coming to India will arrive directly at Vizhinjam and be distributed to other ports using smaller feeder ships.

By 2028, the next phase of construction is expected to be complete, giving the port an annual capacity of at least 3 million TEUs.

Vizhinjam port set to boost South Asia's maritime trade

PM Narendra Modi to dedicate the project to the nation today; the seaport will have an AI-driven control room; the new port is expected to reduce India's dependence on international facilities

Dhinesh Kallungal
THIRUVANANTHAPURAM

The Vizhinjam International Seaport, an all-weather port which is poised to be a pivotal hub for India's maritime transshipment, will script a new history in the annals of Indian maritime trade on Friday with Prime Minister Narendra Modi dedicating the ambitious port project to the country by 11 a.m. Leveraging cutting-edge technology, the Vizhinjam port is expected to be a game-changer in South Asia's maritime trade.

The Prime Minister arrived at Thiruvananthapuram International Airport on Thursday evening to of-

Cordial welcome: CM Pinarayi Vijayan receiving PM Narendra Modi in Thiruvananthapuram on Thursday. SPECIAL ARRANGEMENT

ficially commission the project. The formal commissioning of the port will be attended by Kerala Governor Rajendra Vishwanath Arlekar, Chief Minister Pinarayi Vijayan, Union Shipping Minister Sarbananda Sonowal, Union Ministers of State George Ku-

rien and Suresh Gopi, State Ministers, Opposition Leader and others.

Armed with an AI-driven control room and Vessel Traffic Management System (VTMS) developed by IIT-M and Maritime Technology Pvt Ltd, the port could track ships ap-

proaching the port using radar and sensors, providing real-time location and movement updates to nearby vessels and optimising port traffic flow and berthing assignments.

The port is also expected to reduce the dependence of the country on other international ports. Around 75% of the country's transshipment cargo is being handled at international ports, resulting in a loss of up to \$200-220 million of potential revenue each year, rendering the Indian industries vulnerable to an increase in costs, potential inefficiencies and congestion issues, and creating long-term risks for India's trade competitiveness.

PM Modi to inaugurate Vizhinjam port

Prime Minister Narendra Modi will inaugurate India's first international deepwater container trans-shipment terminal at Vizhinjam near Thiruvananthapuram on Friday. Built by Adani Ports, the ₹18,000 crore project positions India as a key global maritime hub. The port, just 10 nautical miles from international shipping lanes, can host the world's largest ships. Political rivalry flares as both CPI(M) and Congress claim credit, despite prior opposition. Since trial runs began in July 2024, the port has handled 240 ships and generated ₹43.74 crore in GST. Security has been tightened ahead of the PM's visit. The dedication ceremony is set for 11 am, with Modi expected to address the nation.

The deep-water port has been developed by Adani Ports and Special Economic Zone Ltd (APSEZ), India's largest port developer and part of the Adani Group, under a public-private partnership.

The project was completed at an estimated cost of ₹8,867 crore. Following a successful trial run, the port received its commercial commissioning certificate on December 4 last year.

Kerala Chief Minister Pinarayi Vijayan has said this is not just the opening of a new port, but the beginning of a new era that will give Indian trade and logistics a stronger global presence.

Vizhinjam is India's first dedicated transshipment port and also the country's first semi-automated port. It sits just 10 nautical miles from a key international shipping route and has naturally deep waters, making it ideal for large cargo ships. Until now, about 75 per cent of India's transshipment containers were handled by Colombo Port in Sri Lanka, leading to significant losses in foreign exchange and revenue. Vizhinjam is expected to bring much of that traffic back to India.

The port has received the highest ever investment from a State Government in India. The Kerala Government is funding two-thirds of the project's total cost, including the full cost of building the breakwater—a key part of the infrastructure that ensures the port operates smoothly in all weather.

The breakwater at Vizhinjam is the deepest in India and stretches nearly three kilometres. At 28 metres tall — the height of a nine-storey building — it is a

major engineering achievement.

Trial operations began on July 13, 2024, and full commercial operations started on December 3, 2024. During the three-month trial phase, over 272 large vessels docked at the port, and more than 550,000 containers were handled.

Vizhinjam is equipped with fully automated yard cranes and remotely operated ship-to-shore cranes for faster and safer operations. It also features India's first home-built, AI-powered Vessel Traffic Management System, developed with IIT Madras.

With the signing of the Viability Gap Funding agreement, all formal steps for the first phase of the project have been completed, the Chief Minister has said.

In early 2025, Vizhinjam topped the list of ports on India's southern and western coasts for container cargo handling, managing over 100,000 TEUs (twenty-foot equivalent units) per month. A major milestone came when Vizhinjam berthed the MSC Turkey, one of the largest cargo ships to ever reach India.

Another significant development is Vizhinjam's inclusion in the Jade Service

of MSC, the world's largest shipping company. This major cargo route connects Europe and Asia via South Africa's Cape of Good Hope.

Vizhinjam is now becoming the main hub for South Asia on this route.

MSC includes only high-capacity ports in its key services, making Vizhinjam's inclusion during its trial phase a major achievement. The port now joins global giants like Qingdao, Shanghai, Busan, and Singapore.

Ships in the Jade Service will sail from Singapore to Vizhinjam, then continue to ports in Spain and Italy. This means more containers coming to India will arrive directly at Vizhinjam and be distributed to other ports using smaller feeder ships.

By 2028, the next phase of construction is expected to be complete, giving the port an annual capacity of at least 3 million TEUs. This phase will cost ₹ 10,000 crore, which will be fully funded by Adani Ports.

Vizhinjam is also being developed as a multi-modal hub, with direct road access to National Highway 66 and Kerala's first cloverleaf interchange to handle future cargo growth.

Delhi

PM Modi to inaugurate Vizhinjam port

Prime Minister Narendra Modi will inaugurate India's first international deepwater container trans-shipment terminal at Vizhinjam near Thiruvananthapuram on Friday. Built by Adani Ports, the ₹18,000 crore project positions India as a key global maritime hub. The port, just 10 nautical miles from international shipping lanes, can host the world's largest ships. Political rivalry flares as both CPI(M) and Congress claim credit, despite prior opposition. Since trial runs began in July 2024, the port has handled 240 ships and generated ₹43.74 crore in GST. Security has been tightened ahead of the PM's visit. The dedication ceremony is set for 11 am, with Modi expected to address the nation.

FULL REPORT ON P5

PM to dedicate Vizhinjam Port to nation

KUMAR CHELLAPPAN ■ Kochi

Prime Minister Narendra Modi will dedicate to the nation on Friday the International Deepwater Multipurpose Seaport at Vizhinjam near Thiruvananthapuram.

The port built by Adani Ltd is India's first automated, deep-water international container trans-shipment terminal and is a major step towards making India a global maritime powerhouse.

The Vizhinjam Port, capable of accommodating the world's largest container ships, was the brainchild of Adani Ports and Logistics. What makes the port unique is the fight between the CPI(M)-led Left Democratic Front and the Congress-led United Democratic Front which are fighting for the credit for building the project even as union minister for surface transport Sarbananda Sonowal would have the last laugh.

The LDF while in opposition (during 2011-2016) had opposed the project and the present Chief Minister Pinarayi Vijayan had termed it as a real estate deal

worth ₹6,000 crore. He had also declared that there was no need of such a massive port in this part of the country.

The port built by Adani Ltd is India's first automated, deep-water international container trans-shipment terminal and is a major step towards making India a global maritime powerhouse

But Vijayan made a vault face after coming to power in 2016 while VD Satheeshan, Leader of the Opposition, unleashing an attack against the BJP and the CPI(M) for going ahead with the port project. Satheeshan gave vent to his grief over the Pinarayi Vijayan's government cold shouldering him and ignoring him for the inaugural ceremony.

The main attraction of the new port is its closeness to the international shipping route. "Vizhinjam Port is hardly 10 nautical miles from the international shipping

route and the channel has a depth of 18-20 meters. The first ship to call on the port on Friday would be Selestino Maraca, a mother ship with a length of 400 meters and width of 60 meters," said a marine pilot at the Port.

The port envisages an investment of ₹18,000 crore when all the phases turn operational by 2028. The Port has handled 240 ships since July 2024 when it commenced its trial run. According to a release issued by the port authorities the exchequer got ₹ 43.74 crore as GST till March 2025. This will go up to ₹80 crore once the first phase works are completed and by 2028 the same would cross ₹240 crore per year.

At the time of going to Press, Thiruvananthapuram city has come under a security blanket in the backdrop of Prime Minister's visit. He is expected to reach the capital city late evening and would camp at the Raj Bhavan. The dedication ceremony is scheduled for 11 am Friday and the Prime Minister is expected to address the nation after the inauguration ceremony.

Vizhinjam all set to open new chapter in Kerala's development

THIRUVANANTHAPURAM, DHNS: Kerala is likely to witness major development initiatives in the coming days as Prime Minister Narendra Modi formally commissions the Vizhinjam international seaport — India's first deep-water container trans-shipment port — on Friday.

Situated on the southern tip of India, the port has already proved its significance in the global maritime map by attracting around 285 ships, including the biggest ones in the world, and handling around 5.9 lakh Twenty-foot Equivalent Units (TEU) of containers ever since it started trial operations in July 2024.

Since the port's road and rail connectivity has yet to be es-

tablished, it will initially act as a transshipment hub. Once that is done, the port is expected to open for gateway cargo.

The state government has already announced projects like a 78-km outer area growth corridor and a Vizhinjam-Kollam-Punalur industrial corridor spanning 1,456 sq km to tap the investment opportunities the port opens up.

Trivandrum Chamber of Commerce and Industry president SN Raghuchandran Nair told *DH* that many private investments were in the pipeline, and there could be major developments once the port was formally commissioned.

"Kerala — especially Thiruvananthapuram — will develop as a major global port city in the coming days," he said.

Bomb threat on eve of PM visit

HD Bureau

KOCHI

Authorities have heightened security in Vizhinjam following a bomb threat received just a day before Prime Minister Narendra Modi is scheduled to inaugurate the Vizhinjam International Seaport. The threat, conveyed through a message to a centre in Malappuram, has prompted immediate action from law enforcement agencies, including the deployment of bomb squads and comprehensive area searches.

The Prime Minister is expected to arrive in Thiruvananthapuram Thursday evening after concluding his visit to Andhra Pradesh. He will stay at the

Raj Bhavan overnight and is scheduled to reach Vizhinjam by helicopter at 10 a.m. tomorrow. The inauguration ceremony is set to commence at 11 a.m. and will last approximately one and a half hours. Following the event, the Prime Minister will depart at around 12:30 p.m.

In response to the threat, security measures have been significantly intensified in and around the port area. The bomb squad has been actively conducting searches to ensure the safety of the venue and its surroundings. Traffic restrictions have also been implemented. This incident is part of a series of bomb threats that have been reported across Kerala in the past few weeks. Thiruvananthapuram alone
