Adani Airports Raises \$750 m via ECB to Fund Capex, Refinance Debt

Forum Gandhi

Mumbai: Adani Airports Holdings (AAHL), a subsidiary of Adani Enterprises, has raised \$750 million through external commercial borrowings (ECB). The ECB, the exact tenures of which were not immediately known, had been secured "at an interest rate of around 7.5%", said a person aware of the loan pricing.

The loan was raised from a consortium of international banks led by First Abu Dhabi Bank, Barclays and Standard Chartered.

The five-year US Treasury yielded 3.95% Wednesday evening India time. AAHL has the option to buy back the debt after five years, with an additional option to re-subscribe for three more years thereafter, said sources. The funds will be used to refinance existing debt, upgrade infrastructure and expand capacity at six airports: Ahmedabad, Lucknow, Mangaluru, Jaipur, Guwahati and Thiruvananthapuram. The money will also go toward expanding non-aeronautical businesses like retail, food and beverage, duty-free, and other services across the airport network.

In FY25, Adani Airports Holdings handled 94 million passengers, with a total capacity of 110 million. The company plans to triple this to 300 million passengers a year by 2040 through phased expansion.

As part of this plan, the Navi Mumbai International Airport is set to begin operations soon. Its first phase will handle 20 million passengers annually, eventually scaling up to 90 million.

Adani Airports raises \$750 mn from banks to fund expansion

JADEN MATHEW PAUL

Alappuzha, 4 June

Adani Airports (AAHL) has raised \$750 million offshore to serve debt and fund expansion as it looks to triple its passenger-handling capacity by 2040, said the company on Wednesday.

The funding in the form of external commercial borrowings (ECB) was made by a consortium led by First Abu Dhabi Bank, Barclays, and Standard Chartered Bank. The deal will help refinance \$400 million of existing obligations and the rest earmarked for infrastructure upgrades and non-aeronautical business growth at six airports, said a statement.

AAHL is a subsidiary of Adani Enterprises and it is India's largest private airport operator. It is channeling fresh capital for improving its airports in Ahmedabad, Lucknow, Mangaluru, Jaipur, Guwahati, and Thiruvananthapuram.

It is also working to scale up ancillary revenue streams of duty-free retail, food and beverages, and other airport services.

"AAHL is well on its path to deliver exceptional customer experiences, leveraging technology for seamless operations, and prioritising sustainability and community engagement across its airport network," said Arun Bansal, chief executive officer of AAHL.

"The trust placed in us by leading global financial institutions underscores the long-term value and potential of India's aviation infrastructure," he said.

The company handled 94 million passengers in FY25, compared to a capacity of 110 million. It aims to increase the number to 300 million by 2040, through phased expansion. The opening of Navi Mumbai International Airport is expected to add 20 million in capacity in its first phase, eventually ramping up to 90 million annually, the company said.

AAHL operates eight airports, including a controlling stake in Mumbai International Airport and its facility in Navi Mumbai will be ready by August. The portfolio represents 23 per cent of India's passenger traffic and 29 per cent of cargo throughout, making the company a critical player in India's aviation infrastructure.

Earlier, US-based financial services giant Apollo Global Management was in advanced talks to invest \$750 million in bonds to be issued by Mumbai International Airport Limited (MIAL), according to people familiar with the matter.

The financing deal, finalised with First Abu Dhabi Bank, Barclays PLC and Standard Chartered Bank as lead arrangers, is set to accelerate AAHL's development plans across its airport portfolio, which includes six key facilities in Ahmedabad, Lucknow, Mangaluru, Jaipur, Guwahati and Thiruvananthapuram.

AAHL's expansion signals larger trends in India's aviation sector, which continues to see strong growth driven by rising demand and Government focus on modernising infrastructure

AAHL said the capital will support infrastructure upgrades, boost airport capacity and scale up its non-aeronautical businesses, such as retail, food and beverage, duty-free, and other passenger services.

The operator handled 94 million passengers in fiscal year 2024-25 across its current network, which has an installed

capacity of 110 million passengers annually. AAHL aims to triple this to 300 million passengers per year by 2040 through phased development.

A key part of this growth strategy includes the Navi Mumbai International Airport, which is slated to become operational shortly. The airport will initially handle 20 million passengers annually, with plans to scale up to 90 million over time, strengthening aviation infrastructure in the Mumbai metropolitan region.

"The trust placed in us by leading global financial institutions underscores the long-term value and potential of India's aviation infrastructure," said Arun Bansal, CEO of AAHL. "We are committed to delivering world-class airport experiences,

leveraging technology for efficiency and sustainability while engaging with communities meaningfully."

अदाणी एयरपोर्ट्स ने विकास के अगले चरण के लिए 750 मिलियन अमेरिकी डॉलर का वैश्विक फंड जुटाया

एजेंसी/नवज्योति, नई दिल्ली। अदाणी एंटरप्राइजेज लिमिटेड की सहायक कंपनी अदाणी एयरपोर्ट्स होल्डिंग्स लिमिटेड (एएचएल) ने अंतर्राष्ट्रीय बैंकों के एक समूह से 750 मिलियन अमेरिकी डॉलर की फंडिंग जुटाई है। यह फंडिंग ईसीबी के माध्यम से की गई है। इस फंडिंग का नेतृत्व फर्स्ट अबू धाबी बैंक, बार्कलेज पीएलसी और स्टैंडर्ड चार्टर्ड बैंक ने किया है। इस फंडिंग का उपयोग 400 मिलियन डॉलर के पुराने कर्ज को चुकाने और अहमदाबाद, लखनऊ, मंगलुरु, जयपुर, गुवाहाटी और तिरुवनंतपुरम हवाई अड्डों में इन्फ्रास्ट्रक्चर और सुविधाओं को बेहतर बनाने में किया जाएगा। साथ ही, रिटेल, फूड एंड बेवरेज, इयूटी फ्री और अन्य सेवाओं जैसे गैर-एविएशन बिजनेस को भी मजबूत किया जाएगा।

कंपनी का लक्ष्य चरणबद्ध विकास

वित्त वर्ष 2024-25 में एएचएल ने 94 मिलियन यात्रियों को सेवा दी, जबकि इसकी कुल क्षमता 110 मिलियन यात्रियों की है। इसके अलावा कंपनी का लक्ष्य चरणबद्ध विकास के माध्यम से 2040 तक इसे बढ़ाकर 300 मिलियन यात्रियों सालाना तक पहुंचाना है। इस योजना का एक अहम हिस्सा नवी मुंबई इंटरनेशनल एयरपोर्ट है, जो जल्द ही चालू होगा। पहले चरण में इसकी क्षमता 20 मिलियन यात्रियों की होगी, जिसे बाद में चरणबद्ध तरीके से बढ़ाकर 90 मिलियन तक किया जाएगा, जिससे मुंबई क्षेत्र के एविएशन इन्फ्रास्ट्रक्चर को काफी बढ़ावा मिलेगा।
