ADANI Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said that India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses. In an interview with media, Adani said that APSEZ, the flagship company of the Adani group, will invest Rs13,000 crore in Vizhinjam International Seaport in phase 2, which will take this deep-water port's cargo handling capacity from current 1.2 million TEUs (twenty-foot equivalent units) to almost 5 million TEUs by 2028.

Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport which was completed at an estimated cost of Rs8,867 crore. "Within APSEZ, we have three big verticals that we are building on -- marine business, logistics business and agri-logistics business," he said. While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that (marine business) business up within India, as well as outside of India". On the logistics side, Adani said APSEZ is looking at building multi-model logistics parks, similar to what the Adani group has done in the ports.

TIME TO AVOID LARGE TRADING POSITIONS

However, selective buying opportunities now emerging in sectors like infra, hospitality, pharma, materials, retail and telecom

KEY FACTORS

- Signs of tiredness
- Potential consolidation at higher levels
- Traders advised to closely monitor position build-up
- Rebound follows a prolonged correction that began in late Sept 2024

Geopolitical developments on Indo-Pak border, US Fed meet on May 7, macroeconomic data and remaining set of Q4 earnings will dictate near-term direction of the market

CHERUKURI KUTUMBA RAO

DESPITE persistent geopolitical tensions between India and Pakistan that continue to pressure market sentiment, positive earnings reports and optimism over a potential India-US trade deal have contributed to FIIs making net inflows last week, supporting a positive sentiment. For the week, BSE Sensex index jumped 1,289.46 points or 1.62 per cent to finish at 80,501.99 points, and NSE Nifty gained 307.35 points or 1.2 per cent to end at 24,346.70 points. Nervousness was visible in the broader market with the Mid-cap and Small-cap indices logging losses. Among sectors, the Nifty Oil & Gas index added 4.3 per cent, the Nifty Realty index rose 2.5 per cent, Nifty Auto, IT, and Healthcare indices rose one per cent each. However, the Nifty Media index shed 1.7 per cent and the Nifty Metal index shed 0.6 per cent. For the record, in the month of April, both the benchmark indices added 3.5 per cent each. It is pertinent to observe that in April, the advance-decline ratio for BSE-all listed stocks averaged 1.26—the highest level since June 2024—signalling a broad-based recovery across segments. This rebound follows a prolonged correction that began in late September 2024, during which the Sensex and Nifty fell over 14.7 per cent and 15.6 per cent respectively, while Mid and Small-cap indices saw steeper declines of 21.8 per cent and 24.48 per cent. FIIs and DIIs remained net buyers during the week, with net purchases of Rs10,071 crore and Rs9,270 crore, respectively. The Indian Rupee appreciated 1.06 per cent during the week, breaching the 84-per-dollar mark for the first time since October 2024. Near-term direction of the market will be dictated by geopolitical developments on Indo-Pak border, US Fed meet on May 7, macroeconomic data and remaining set of Q4 earnings. The trading range is expected to be much wider than usual; avoid large trading positions. Market observers see a picture of global financial systems approaching an inflexion point, stirred not just by economic forces, but political ones, especially in the US. Bitcoin, often dismissed as a speculative play, is gaining favour among risk-tolerant investors in light of geopolitical uncertainty. Selective buying opportunities are now emerging in sectors like infrastructure, hospitality, pharmaceuticals, materials, retail, and telecom.

Five Warren Buffett quips and anecdotes from Warren Buffett's 2025 Berkshire Annual Meeting:

1. **Buffett's Longevity Secret: Coke, not crunches**
Holding two cans of Coca-Cola on stage, Buffett poked fun at his famously unconventional diet and exercise habits. "At 94 years of age, I've been able to drink whatever I like and do what I want—and I've defied all the predictions of what should've happened to me."
He added that he and his late partner Charlie Munger preserved themselves by skipping the gym rather than hitting it.
2. **Charlie's hypothetical sex change for longevity**
Buffett didn't miss a chance to joke about mortality—and Charlie Munger. "Once you get to 115, it's almost a cinch you're going to die. Especially, if you're male. All the records are held by females. I even tried to get Charlie to have a sex change so he could touch the top. And he did pretty well for being a male."
3. **No exercise mantra!**
"If you look at the career span of athletes, you might decide it's better not to be on a baseball or basketball team. Charlie and I never exercised much—we just focused on preserving ourselves."
4. **On grooming his successor (or not)**
Whether if he was holding off on investing so his successor, Greg Abel, could shine later, Buffett deadpanned: "I wouldn't do anything nearly so noble as to withhold investing myself just so that Greg could look good later on."
5. **Buffett's quip for being born lucky**
"The luckiest day in my life was the day I was born in the US If I were being born today, I'd just keep negotiating in the womb until they said I could be in the US."

Quote of the week
The individual investor should act consistently as an investor and not as a speculator
— Ben Graham

You are an investor, not someone who can predict the future. Base your decisions on real facts and analysis rather than risky, speculative forecasts.

F&O/ SECTOR WATCH

Tracking the cash markets, derivatives segment continued to witness strong stock-specific moves. It is pertinent to observe that RIL was primarily responsible for the resilience of the market in the last week. In the derivatives market, prominent Call Open Interest for Nifty seen at the 24,500 and 25,000 strikes, while the notable Put OI was at the 24,000 strike. For Bank Nifty, the prominent Call OI was seen at the 55,500 strike, whereas notable Put OI is at the 55,000 strike. Implied Volatility (IV) for Nifty's Call options settled at 16.19 per cent, while Put options conclude at 17.12 per cent. The India VIX, a key market volatility indicator, closed the week at 18.22 per cent. The Put-Call Ratio of Open Interest (PCR OI) for the week was 1.56. The geopolitical tensions between India and Pakistan remain ingrained in the market behaviour; the rise in VIX shows increased hedging activity by the market participants. Technical indicators suggest that the market is showing signs of tiredness, foretelling potential consolidation at higher levels. Traders are advised to closely monitor position build-up during the week, as it could further drive market movement. Cautious approach is recommended. The next significant resistance for the Nifty lies at 24,540. A volume breakout above 24,500 could push it toward 24,800, followed by 25,200 in the short term. On the downside, immediate support is seen at 24,200. A break below this level could lead to a slide toward the next support at 23,850.

Stocks looking good are Godrej Consumer, HDFC Life, ITC, IGL, PNB Hsg, SBI Life and PI Inds. Stocks looking weakare ACC, Bajaj Finance, Exide Inds, IOC, Glenmark, Tata Tech and PFC.

We are looking at port acquisitions in South-East Asia & Africa, says APSEZ CEO Ashwani Gupta

Avinash Nair

Adani Ports and Special Economic Zone (APSEZ), which manages overseas ports in Israel, Sri Lanka, Tanzania and Australia, is planning to acquire more international port assets in Africa and South-East Asia, company officials said.

"We are looking at some ports in Africa and South East Asia. I can't disclose more. That is where we are targeting today," Ashwani Gupta, CEO of APSEZ said, adding that the company was looking at port acquisitions overseas that have the potential to grow and expand.

"It should be a best match between what we want to do and what is available," Gupta said during an earnings call held for the fourth quarter results for 2024-25.

> It should be a best match between what we want to do and what is available

FUTURE ACQUISITIONS

The official said future acquisitions of overseas ports will be done in line with the company's strategy to acquire assets across South-East Asia, India, Middle-East Asia and Africa.

The company will also look to acquire assets where it can hold a majority stake and operate. APSEZ recently announced the acquisition of the North Queensland Export Terminal, located at the Port of Abbot Point in Australia.

It also operates ports at Colombo in Sri Lanka, Dar Es Salaam in Tanzania and Haifa in Israel.

Talking about the operations at Haifa, Gupta said, "In Haifa, we have achieved two major milestones. Firstly, we have put our President to run the operations in Haifa. We will also have our CFO in Haifa to run the business. Then there are 4-5 specialised personnel who will support Haifa and improve efficiency and effectiveness."

The second major achievement which APSEZ has done at Haifa was entering into negotiations with eight labour unions. "We have signed the union agreement till 2036, which is bringing big efficiency in productivity improvement at the port," the APSEZ official added.

CAPITAL EXPENDITURE

APSEZ is targeting a ₹12,000 crore capital expenditure for financial year 2026 and a possible port acquisition this year will only add to the investments for the current financial year. Of the proposed capex for FY26, a significant portion will be spent on beefing up infrastructure for handling containerised cargo.

"Container cargo will remain our growth driver. We are going to invest heavily on container terminals whether it is in Mundra, Vizhinjam, Colombo, Ennore or Kattupalli. We want to keep expanding our capacities everywhere. That is the number one capex driver," Gupta said, adding APEZ's market share in containers had grown from 43.8 per cent to 45.5 per cent in FY 25.

Having achieved record high cargo volume at 450 million tonnes, APSEZ, earlier this week, posted an all-time high profit after tax of ₹11,061 crore, a 37 per cent y-o-y growth.

Adani Enterprises targets ₹36,000 crore capex for FY26, 29% to be spent on airports

Avinash Nair

Adani Enterprises Ltd, the flagship company of the Adani Group, is targeting capital expenditure of over ₹36,000 crore for FY25-26, of which 29 per cent will be spent on the airports business.

"We have completed a capex of about ₹31,500 crore during FY25. We are on track in the following year for just over ₹36,000 crore," said Jugeshinder Singh, Chief Financial Officer, Adani Group, said during an earnings call held earlier this week.

Apart from airports, a large portion of the investment is expected to be spent on the green hydrogen ecosystem, roads and solar PVC. Of the total capex, ₹10,500 crore will be spent on airports, ₹9,000 crore on PVC, ₹6,200 crore on roads and ₹5,500 crore on green hydrogen ecosystem.

Jugeshinder Singh, CFO, Adani Group

The company laid bare plans to "upgrade" the T1 terminal of the Mumbai airport and operationalise the Navi Mumbai airport. The official said upgradation of T1 will not be "rushed."

STABILISE OPS

"Once we announce a proper transition to Navi Mumbai after operational stablisation, we will determine what is the best timing in consultation with the airlines. But we want to upgrade Terminal 1. It won't be rushed. It won't be near term," Singh said about the demolition of T1.

Company officials said the exact "start date" for demolition work had not been decided as the company was focused on first stabilising operations at Navi Mumbai to ensure that airlines are "comfortable" operating from the airport.

Talking about passenger demand in Mumbai, Singh said, "The capacity structure and latent demand in Mumbai far exceeds the demand in any other part or any single city in India. Consequently the latency of the demand is much higher than the current traffic numbers of passengers, possibly 100 million plus." The official said phase-2 of the Navi Mumbai airport development will start after the stablisation of phase-1. "For Navi Mumbai, we expect to start phase-2 immediately, post stablisation of phase-1. All preparations are already done. Phase-2 will take the capacity (of Navi Mumbai airport) from 20 million to 60 million passengers."

Out of an EBITA of about ₹4,000 crore for the airports business, about 45 per cent of the pie belongs to the Mumbai International Airport Ltd and the rest to the ecosystem of other airports that sit under the Adani Airports Holdings Ltd.

Under the Adani Airports Holdings Ltd, the company handles seven airports that catered to 94.4 million passengers in FY25, registering a y-o-y growth of seven per cent.

Talking about passenger demand in Mumbai, Singh said, "The capacity structure and latent demand in Mumbai far exceeds the demand in any other part or any single city in India. Consequently the latency of the demand is much higher than the current traffic numbers of passengers, possibly 100 million plus." The official said phase-2 of the Navi Mumbai airport development will start after the stablisation of phase-1. "For Navi Mumbai, we expect to start phase-2 immediately, post stablisation of phase-1. All preparations are already done. Phase-2 will take the capacity (of Navi Mumbai airport) from 20 million to 60 million passengers."

Out of an EBITA of about ₹4,000 crore for the airports business, about 45 per cent of the pie belongs to the Mumbai International Airport Ltd and the rest to the ecosystem of other airports that sit under the Adani Airports Holdings Ltd.

Under the Adani Airports Holdings Ltd, the company handles seven airports that catered to 94.4 million passengers in FY25, registering a y-o-y growth of seven per cent.

Adani Enterprises Ltd, the flagship company of the Adani Group, is targeting capital expenditure of over ₹36,000 crore for FY25-26, of which 29 per cent will be spent on the airports business.

"We have completed a capex of about ₹31,500 crore during FY25. We are on track in the following year for just over ₹36,000 crore," said Jugeshinder Singh, Chief Financial Officer, Adani Group, said during an earnings call held earlier this week.

Apart from airports, a large portion of the investment is expected to be spent on the green hydrogen ecosystem, roads and solar PVC. Of the total capex, ₹10,500 crore will be spent on airports, ₹9,000 crore on PVC, ₹6,200 crore on roads and ₹5,500 crore on green hydrogen ecosystem.

The company laid bare plans to "upgrade" the T1 terminal of the Mumbai airport and operationalise the Navi Mumbai airport. The official said upgradation of T1 will not be "rushed."

STABILISE OPS

"Once we announce a proper transition to Navi Mumbai after operational stablisation, we will determine what is the best timing in consultation with the airlines. But we want to upgrade Terminal 1. It won't be rushed. It won't be near term," Singh said about the demolition of T1.

Company officials said the exact "start date" for demolition work had not been decided as the company was focused on first stabilising operations at Navi Mumbai to ensure that airlines are "comfortable" operating from the airport.

Talking about passenger demand in Mumbai, Singh said, "The capacity structure and latent demand in Mumbai far exceeds the demand in any other part or any single city in India. Adani Ports and Special Economic Zone (APSEZ), which manages overseas ports in Israel, Sri Lanka, Tanzania and Australia, is planning to acquire more international port assets in Africa and South-East Asia, company officials said.

"We are looking at some ports in Africa and South East Asia. I can't disclose more. That is where we are targeting today," Ashwani Gupta, CEO of APSEZ said, adding that the company was looking at port acquisitions overseas that have the potential to grow and expand.

"It should be a best match between what we want to do and what is available," Gupta said during an earnings call held for the fourth quarter results for 2024-25.

FUTURE ACQUISITIONS

The official said future acquisitions of overseas ports will be done in line with the company's strategy to acquire assets across South-East Asia, India, Middle-East Asia and Africa.

The company will also look to acquire assets where it can hold a majority stake and operate. APSEZ recently announced the acquisition of the North Queensland Export Terminal, located at the Port of Abbot Point in Australia.

It also operates ports at Colombo in Sri Lanka, Dar Es Salaam in Tanzania and Haifa in Israel.

Talking about the operations at Haifa, Gupta said, "In Haifa, we have achieved two major milestones. Firstly, we have put our President to run the operations in Haifa. We will also have our CFO in Haifa to run the business. Then there are 4-5 specialised personnel who will support Haifa and improve efficiency and effectiveness."

The second major achievement which APSEZ has done at Haifa was entering into negotiations with eight labour unions. "We have signed the union agreement till 2036, which is bringing big efficiency in productivity improvement at the port," the APSEZ official added.

CAPITAL EXPENDITURE

APSEZ is targeting a ₹12,000 crore capital expenditure for financial year 2026 and a possible port acquisition this year will only add to the investments for the current financial year. Of the proposed capex for FY26, a significant portion will be spent on beefing up infrastructure for handling containerised cargo.

"Container cargo will remain our growth driver. We are going to invest heavily on container terminals whether it is in Mundra, Vizhinjam, Colombo, Ennore or Kattupalli. We want to keep expanding our capacities everywhere. That is the number one capex driver," Gupta said, adding APEZ's market share in containers had grown from 43.8 per cent to 45.5 per cent in FY 25.

Having achieved record high cargo volume at 450 million tonnes, APSEZ, earlier this week, posted an all-time high profit after tax of ₹11,061 crore, a 37 per cent y-o-y growth.

APSEZ scales up in marine, logistics

Adani Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses.

In an interview, Adani said that APSEZ will invest ₹13,000 crore in Vizhinjam International Seaport in phase 2, which will take the deep-water port's cargo handling capacity from the current 1.2 million TEUs (twenty-foot equivalent units) to almost five million TEUs by 2028.

Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport, which was completed at an estimated cost of ₹8,867 crore.

"Within APSEZ, we have three big verticals that we are building on -- marine business, logistics business and agri-logistics business," he said.

Shaping the port of the future

The Vizhinjam port is of immense significance to India's global maritime trade. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes. Many global shipping stakeholders have already appreciated the role the port is going to play in transshipment

FULL CONTEXT

Arun P.S.

The town of Vizhinjam in Kerala has played a crucial role in the history of global maritime trade. Inscriptions from the Pandya-Chola era (1129 AD) records Vizhinjam as Rajendra Chola Pattinam, a port of Kerala. Historians claim that Balita, a port with considerable commercial importance which finds mention in the first century AD historical travelogue *The Periplus of the Erythraean Sea*, is Vizhinjam's old name. However, this historical significance faded away after colonisers of India prioritised ports in other places like Cochin and Madras.

In the 1940s, the princely state of Travancore commissioned a study to explore Vizhinjam's potential to set up a world-class port. And now, after almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.

The port, located in Thiruvananthapuram district, started limited-scale operations from July last year and began commercial operations in December. The first phase of this public private partnership (PPP) project cost ₹8,867 crore and was developed by the State Government of Kerala (₹5,595 crore), with the support of concessionaire Adani Ports (₹2,454 crore) and the Union Government (which provided a Viability Gap Funding (VGF) of ₹817.8 crore with repayment conditions).

Trade boost: A view of the Vizhinjam International Seaport in Thiruvananthapuram on May 2. NIRMAL HARINDRAN

An important landmark

This port is of immense significance to India's global maritime trade. Currently, around 75% of India's transshipment cargo is handled at ports like Colombo, Singapore and Klang. The need to have a transshipment hub in India is being felt both economically and geopolitically. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes, strategically located just 10 nautical miles from the global maritime trading route. Many global shipping stakeholders have already appreciated the role of Vizhinjam on the transshipment map, and as a result, the port has already handled 6 lakh TEUs (twenty-foot equivalent units) berthing more than 280 ships, much higher than the projection of one lakh TEUs for 12 months within launch of operations, including 1.08 lakh TEUs from 51 vessels in March this year. Many large ships prefer ports with 18+ metre draft depth and Vizhinjam with a 20-metre natural draft can easily accommodate Ultra Large Container Vessels. The Mediterranean Shipping Company (MSC), one of the largest shipping companies globally, has included the port in two of their shipping services – the jade service (connecting Europe and Asia) and the dragon service (connecting Asia and the Mediterranean) after initial trial runs. This inclusion would direct more ships towards Vizhinjam.

The port has already made its presence felt through a number of milestones. This all-weather port is India's first greenfield port project. As India's first semi-automated port, it also flaunts a skilled women workforce operating automated cranes, another first in India. They were all trained at the Community Skill Park Vizhinjam, an industry-led PPP initiative launched by the Kerala government and operated by the Adani Skill Development Centre. In September last year, MSC Claude Girardet (24,116 TEUs) docked in Vizhinjam Port making it the largest cargo ship ever to dock in South Asia. Earlier, large ships would use Colombo as a transshipment hub. In October, MSC Anna's docking witnessed the Vizhinjam Port handling 10,330 containers from a single ship, a record for any Indian port. MSC Irina, the world's largest container ship, is expected to dock in Vizhinjam in May this year.

Need for a global push

While it is definitely a great start, there is a need to capitalise and surge ahead to reap maximum economic benefits. This triple engine (State, Union and concessionaire) project has the potential to make it big amongst the global players.

The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave 2025. The cover page of Kerala's State budget also featured an image of the Vizhinjam Port highlighting the significance of this project for the State's economic future. The State has signed an agreement with Adani Ports to fast-track the remaining phases, and it is set to be completed by 2028 instead of 2045. In March 2025, the Union Government granted the environmental clearance for the second and third phases. The ₹20,000 crore investment for the remaining phases will upgrade the port's handling capacity to 4.87 million TEUs from the existing one million TEUs and extend the length of the container berth from 1,200 metres to 2,000 metres.

Challenges and opportunities

However, there persist some challenges which need to be addressed urgently. Firstly, a push to develop the associated infrastructure in a fast-paced model. For instance, the arrival of 40 ships in February, resulted in delays which should be avoided in the long run. Industry stakeholders like the Container Shipping Lines Association (CSLA) have flagged the absence of an Integrated Check Post (ICP). The application for the check post is currently pending with the Union Home Ministry; the check post is crucial for generating revenue beyond transshipment through cargo operations and crew change facilities. A much-awaited Customs Office at the port was opened last month. The Kerala Steamer Agents Association had flagged the challenges owing to a delay in ICP approval in addition to the absence of a permanent Port Health Office, an important stakeholder for cargo operations.

The start of import-export operations at Vizhinjam could significantly help boost the local economy. The Kerala government had announced a Vizhinjam Development Zone with a focus on developing an industrial corridor covering the nearby regions. An IAS officer from the State could be allocated exclusively for overlooking the projects associated with the Vizhinjam Economic Growth corridor. In this year's budget, the Kerala government announced a dedicated space for other States to establish their official business centres near the port. The pace of completion of multiple projects including the National Highway 66 which connects to the port, the railway line connecting Balaramapuram to the port and the 63 km Thiruvananthapuram Outer Ring Road (ORR), would decide the fate of the future of the port.

There should also be efforts to promote allied businesses including ship building, ship repair, crew change facilities, logistics, warehousing and bunkering facilities. There is significant momentum for building a shipyard and ship repair centre in Poovar (10 kms from the Vizhinjam port). Adani Ports has announced that Vizhinjam Port will also be a global bunkering hub, supplying clean and green fuel like hydrogen and ammonia. The Kerala government's energy agency ANERT is exploring energy projects including wave power and green hydrogen projects near the port.

There is also a concerted campaign to change the name of the port to Trivandrum International Sea Port Limited, which offers a stronger value proposition from a global branding perspective and consistent with the 'IN TRV 01' location code allocated by the Directorate General of Systems and Data Management.

Special economic zone

Mahindra Group Chairman Anand Mahindra recently advocated for a Shenzhen equivalent city in India. Shenzhen used to be a quiet fishing village, like Vizhinjam, in the 1970s and became China's first Special Economic Zone in 1980. The Port of Shenzhen, established in 1980 has emerged as a top player in global maritime trade and contributed significantly in the transition of the city as the Silicon Valley of China. There is great potential for the deep sea port in Thiruvananthapuram to trigger a similar economic boom in the region, depending exclusively on how various actors including governments, the concessionaire, businesses, and local communities perceive these changes and rise to the occasion. The Kerala government should ideally fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

Maybe when the Bill is introduced in the Kerala Legislative Assembly, it should be referred to a select committee to study various best practices across the globe in port-led economies including Shenzhen. On the other hand, the Union government should reconsider the decision to have another transshipment hub 40 km away from Vizhinjam in Colachel. Probably, in the interests of the economic viability of large-scale transshipment port projects, we need a policy similar to the greenfield airport policy that prevents new transshipment ports within 750-1,000 kms. Additionally, the Kerala government and legislators across the Left and Congress parties have expressed concerns regarding the repayment terms associated with the Union government's ₹817.8 crore VGF which could potentially escalate to approximately ₹10,000 crore over time, imposing a significant burden on the State's finances. In light of the project's critical economic and strategic value, the Union government could reconsider the repayment clause

While we have a game-changing port ready, its global success will depend on strategic interventions by policymakers, swift adoption by businesses, and the pace of informed decision-making.

GO on guidelines, a shot in arm for Data Center project in Vizag

DATA ON PROJECT

- AP Data Centre Policy unveiled last year
- To add up to 1 GW capacity
- Stone laid for Tech Park in 2023
- Propel growth of the service sector

SANTOSH PATNAIK
VISAKHAPATNAM

THE plans to develop an exclusive data city in 500 acres in Visakhapatnam is expected to get traction with the TDP-led NDA Government issuing the operating guidelines to implement Andhra Pradesh Data Centre Policy (4.9) unveiled last year.

The policy envisages to add a few hundred megawatts, up to one gigawatt of additional data center capacity in Andhra Pradesh during the policy period, with a focus on attracting investments from advanced data centers equipped with artificial intelligence (AI) capabilities, and establishing the state as a preferred destination for large-scale data embassies and data center parks. After signing an MoU, the government is holding negotiations with Google for establishment of a data center in the proposed data city here.

The State Cabinet last month allotted 60 acres to URSA Clusters to set up its data center project with an investment of Rs5,278 crore in Visakhapatnam. Foundation stone was laid in 2023 for Vizag Tech Park, a subsidiary of Adani Group for an investment of Rs21,844 crore on a 300 megawatt data center and other facilities in the city. The project proponent is yet to kick-start work.

Data centres will propel growth of the service sector, tourism, technology and AI innovation, State IT, Electronics and Education Minister Nara Lokesh recently said. After allotting a large parcel of land to TCS at 99 paise for setting up a permanent campusm the government is in talks with Infosys, which has a small presence in the city, to offer it a slew of incentives to develop a huge facility. At present, Visakhapatnam, dubbed as the IT capital of Andhra Pradesh, has a turnover of around Rs.2500 crore mostly from BPM units like Conduent and Concentrix. In GO Ms. No. 12 dated May 2, 2025 issued by the IT, Electronics & Communications (Promotions) Department, the government clarified on promised incentives in the policy. It also committed to give tailor-made incentives on a case-to-case basis subject to fulfilment of eligibility criterion.

In the GO, IT, E&C Secretary Bhaskar Katamneni stated that eligible companies desirous of seeking financial assistance/concessions, beyond those already provided in the policy, must present detailed representations along with project reports to IT, E&C Department, clearly spelling out special incentives being sought with due justification before or during initial stages of implementation.

On receipt of such proposals, the IT,E&C department will examine the same with due diligence and forward it to the government through an empowered Consultative Committee for IT and Electronics. Industry constituted by the State Government.

After clearance from the committee, the proposal has to be validated by the State Investment Promotion Committee (SIPC) and State Investment Promotion Board (SIPB) for taking a suitable decision on offering tailor-made incentives. The process for approving tailor-made incentives also necessitates the submission of Detailed Project Report (DPR) to AP Economic Development Board (APEDB), which has been revamped after the new government assumed office in June, 2024. In turn, APEDB will scrutinise the DPR, assess benefits to the State and put up the case to the empowered committee for review and take it forward to SIPC and subsequently to SIPB.

The list of incentives, once approved, will be notified through separate GOs for each investor to ensure transparency. SIPC and SIPB-approved projects will be placed before the State Cabinet as per the incentives offered to mega projects cutting across all industries and sectors. This will involve projects which seek more than 50 acres. The GO refers to repetitive requests received from mega and other big ticket projects which may require standardization/policy level interventions.

Shaping the port of the future

The Vizhinjam port is of immense significance to India's global maritime trade. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes. Many global shipping stakeholders have already appreciated the role the port is going to play in transshipment

FULL CONTEXT

Arun P.S.

The town of Vizhinjam in Kerala has played a crucial role in the history of global maritime trade. Inscriptions from the Pandya-Chola era (1129 AD) records Vizhinjam as Rajendra Chola Pattinam, a port of Kerala. Historians claim that Balita, a port with considerable commercial importance which finds mention in the first century AD historical travelogue *The Periplus of the Erythraean Sea*, is Vizhinjam's old name. However, this historical significance faded away after colonisers of India prioritised ports in other places like Cochin and Madras.

In the 1940s, the princely state of Travancore commissioned a study to explore Vizhinjam's potential to set up a world-class port. And now, after almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.

The port, located in Thiruvananthapuram district, started limited-scale operations from July last year and began commercial operations in December. The first phase of this public private partnership (PPP) project cost ₹8,867 crore and was developed by the State Government of Kerala (₹5,595 crore), with the support of concessionaire Adani Ports (₹2,454 crore) and the Union Government (which provided a Viability Gap Funding (VGF) of ₹817.8 crore with repayment conditions).

An important landmark

This port is of immense significance to India's global maritime trade. Currently, around 75% of India's transshipment cargo is handled at ports like Colombo, Singapore and Klang. The need to have a transshipment hub in India is being felt both economically and geopolitically. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes, strategically located just 10 nautical miles from the global maritime trading route. Many global shipping stakeholders have already appreciated the role of Vizhinjam on the transshipment map, and as a result, the port has already handled 6 lakh TEUs (twenty-foot equivalent units) berthing more than 280 ships, much higher than the projection of one lakh TEUs for 12 months within launch of operations, including 1.08 lakh TEUs from 51 vessels in March this year. Many large ships prefer ports with 18+ metre draft depth and Vizhinjam with a 20-metre natural draft can easily accommodate Ultra Large Container Vessels. The Mediterranean Shipping Company (MSC), one of the largest shipping companies globally, has included the port in two of their shipping services – the jade service (connecting Europe and Asia) and the dragon service (connecting Asia and the Mediterranean) after initial trial runs. This inclusion would direct more ships towards Vizhinjam.

The port has already made its presence felt through a number of milestones. This all-weather port is India's first greenfield port project. As India's first semi-automated port, it also flaunts a skilled women workforce operating automated cranes, another first in India. They were all trained at the Community Skill Park Vizhinjam, an industry-led PPP initiative launched by the Kerala government and operated by the Adani Skill Development Centre. In September last year, MSC Claude Girardet (24,116 TEUs) docked in Vizhinjam Port making it the largest cargo ship ever to dock in South Asia. Earlier, large ships would use Colombo as a transshipment hub. In October, MSC Anna's docking witnessed the Vizhinjam Port handling 10,330 containers from a single ship, a record for any Indian port. MSC Irina, the world's largest container ship, is expected to dock in Vizhinjam in May this year.

Need for a global push

While it is definitely a great start, there is a need to capitalise and surge ahead to reap maximum economic benefits. This triple engine (State, Union and concessionaire) project has the potential to make it big amongst the global players.

The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave 2025. The cover page of Kerala's State budget also featured an image of the Vizhinjam Port highlighting the significance of this project for the State's economic future. The State has signed an agreement with Adani Ports to fast-track the remaining phases, and it is set to be completed by 2028 instead of 2045. In March 2025, the Union Government granted the environmental clearance for the second and third phases. The ₹20,000 crore investment for the remaining phases will upgrade the port's handling capacity to 4.87 million TEUs from the existing one million TEUs and extend the length of the container berth from 1,200 metres to 2,000 metres.

Challenges and opportunities

However, there persist some challenges which need to be addressed urgently. Firstly, a push to develop the associated infrastructure in a fast-paced model. For instance, the arrival of 40 ships in February, resulted in delays which should be avoided in the long run. Industry stakeholders like the Container Shipping Lines Association (CSLA) have flagged the absence of an Integrated Check Post (ICP). The application for the check post is currently pending with the Union Home Ministry; the check post is crucial for generating revenue beyond transshipment through cargo operations and crew change facilities. A much-awaited Customs Office at the port was opened last month. The Kerala Steamer Agents Association had flagged the challenges owing to a delay in ICP approval in addition to the absence of a permanent Port Health Office, an important stakeholder for cargo operations.

The start of import-export operations at Vizhinjam could significantly help boost the local economy. The Kerala government had announced a Vizhinjam Development Zone with a focus on developing an industrial corridor covering the nearby regions. An IAS officer from the State could be allocated exclusively for overlooking the projects associated with the Vizhinjam Economic Growth corridor. In this year's budget, the Kerala government announced a dedicated space for other States to establish their official business centres near the port. The pace of completion of multiple projects including the National Highway 66 which connects to the port, the railway line connecting Balaramapuram to the port and the 63 km Thiruvananthapuram Outer Ring Road (ORR), would decide the fate of the future of the port.

There should also be efforts to promote allied businesses including ship building, ship repair, crew change facilities, logistics, warehousing and bunkering facilities. There is significant momentum for building a shipyard and ship repair centre in Poovar (10 kms from the Vizhinjam port). Adani Ports has announced that Vizhinjam Port will also be a global bunkering hub, supplying clean and green fuel like hydrogen and ammonia. The Kerala government's energy agency ANERT is exploring energy projects including wave power and green hydrogen projects near the port.

There is also a concerted campaign to change the name of the port to Trivandrum International Sea Port Limited, which offers a stronger value proposition from a global branding perspective and consistent with the 'IN TRV 01' location code allocated by the Directorate General of Systems and Data Management.

Special economic zone

Mahindra Group Chairman Anand Mahindra recently advocated for a Shenzhen equivalent city in India. Shenzhen used to be a quiet fishing village, like Vizhinjam, in the 1970s and became China's first Special Economic Zone in 1980. The Port of Shenzhen, established in 1980 has emerged as a top player in global maritime trade and contributed significantly in the transition of the city as the Silicon Valley of China. There is great potential for the deep sea port in Thiruvananthapuram to trigger a similar economic boom in the region, depending exclusively on how various actors including governments, the concessionaire, businesses, and local communities perceive these changes and rise to the occasion. The Kerala government should ideally fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

Maybe when the Bill is introduced in the Kerala Legislative Assembly, it should be referred to a select committee to study various best practices across the globe in port-led economies including Shenzhen. On the other hand, the Union government should reconsider the decision to have another transshipment hub 40 km away from Vizhinjam in Colachel. Probably, in the interests of the economic viability of large-scale transshipment port projects, we need a policy similar to the greenfield airport policy that prevents new transshipment ports within 750-1,000 kms. Additionally, the Kerala government and legislators across the Left and Congress parties have expressed concerns regarding the repayment terms associated with the Union government's ₹817.8 crore VGF which could potentially escalate to approximately ₹10,000 crore over time, imposing a significant burden on the State's finances. In light of the project's critical economic and strategic value, the Union government could reconsider the repayment clause

While we have a game-changing port ready, its global success will depend on strategic interventions by policymakers, swift adoption by businesses, and the pace of informed decision-making.

APSEZ scales up in marine, logistics

Adani Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses.

In an interview, Adani said that APSEZ will invest ₹13,000 crore in Vizhinjam International Seaport in phase 2, which will take the deep-water port's cargo handling capacity from the current 1.2 million TEUs (twenty-foot equivalent units) to almost five million TEUs by 2028.

Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport, which was completed at an estimated cost of ₹8,867 crore.

"Within APSEZ, we have three big verticals that we are building on—marine business, logistics business and agri-logistics business," he said. PTI

Protest to prosperity: Vizhinjam port offers hope for local youth

PRESS TRUST OF INDIA ■
Thiruvananthapuram

Just a few years ago, the name Vizhinjam was at the heart of fierce protests. Now, it is being spoken of as a symbol of opportunity and progress, especially among the youth in this coastal village.

On Friday, Prime Minister Narendra Modi officially commissioned the Vizhinjam International Seaport, a project once met with strong resistance from the local fishermen community. Today, it stands as a source of pride and employment for many of those same residents.

"Who wouldn't want a good job in their hometown?" asked Rahul, a young man from the fishermen community, stepping out of the port wearing his safety helmet and uniform.

He is among the 35 per cent of port workers who are from Vizhinjam. Many more are hoping to follow his lead.

The port has slowly changed public opinion in the area. Years of protests, supported by the local Church, brought life in Vizhinjam to a standstill for over four months.

It was only after a meeting with Kerala Chief Minister Pinarayi Vijayan that the strikes were called off, with a promise of jobs and development.

Prime Minister Narendra Modi, Kerala Governor Rajendra Arlekar, Chief Minister Pinarayi Vijayan, Adani Group Chairman Gautam Adani and others at the Vizhinjam International Seaport in Thiruvananthapuram PTI

Now, those promises are beginning to materialise. Roshin, another young local who now works at the port, said, "This port is a game changer. Most youths here only had fishing as an option. Now they have a new future."

The Kerala government had made it clear during its agreement with the Adani Group that local youth must be given priority in hiring.

To support this, a Community Skill Park was set up in Vizhinjam under the Additional Skill Acquisition Programme (ASAP), offering training tailored to port jobs.

Among the most notable changes is the employment of nine local women as crane operators.

These women, trained at the local skill centre, now handle the massive Cantilever Rail Mounted Gantry cranes, which unload containers from ships.

According to port officials, this is the first time women have been given such a role in any Indian port.

Training doesn't stop there. Two groups of intermodal truck drivers trained at the skill park have already been hired, and 150 more young people are currently undergoing training.

Manoj Nair, managing director of a mooring company at the port, confirmed they have already hired 24 local workers and plan to recruit more as the port expands.

"This port will change not just Vizhinjam but all of Kerala," he said.

The deep-water port has been developed by Adani Ports and Special Economic Zone Ltd (APSEZ), India's largest port developer and part of the Adani Group, under a public-private partnership.

The project was completed at an estimated cost of Rs 8,867 crore.

In early 2025, Vizhinjam topped the list of ports on India's southern and western coasts for container cargo handling, managing over 100,000 TEUs (twenty-foot equivalent units) per month.

A major milestone came when Vizhinjam berthed the MSC Turkey, one of the largest cargo ships to ever reach India.

By 2028, the next phase of construction is expected to be complete, giving the port an annual capacity of at least 3 million TEUs. This phase will cost Rs 10,000 crore, which will be fully funded by Adani Ports.

Adani Enterprises targets ₹36,000 crore capex for FY26, 29% to be spent on airports

Adani Enterprises Ltd, the flagship company of the Adani Group, is targeting capital expenditure of over ₹36,000 crore for FY25-26, of which 29 per cent will be spent on the airports business.

"We have completed a capex of about ₹31,500 crore during FY25. We are on track in the following year for just over ₹36,000 crore," said Jugeshinder Singh, Chief Financial Officer, Adani Group, said during an earnings call held earlier this week.

Apart from airports, a large portion of the investment is expected to be spent on the green hydrogen ecosystem, roads and solar PVC. Of the total capex, ₹10,500 crore will be spent on airports, ₹9,000 crore on PVC, ₹6,200 crore on roads and ₹5,500 crore on green hydrogen ecosystem.

The company laid bare plans to "upgrade" the T1 terminal of the Mumbai airport and operationalise the Navi Mumbai airport. The official said upgradation of T1 will not be "rushed."

STABILISE OPS

"Once we announce a proper transition to Navi Mumbai after operational stablisation, we will determine what is the best timing in consultation with the airlines. But we want to upgrade Terminal 1. It won't be rushed. It won't be near term," Singh said about the demolition of T1.

Company officials said the exact "start date" for demolition work had not been decided as the company was focused on first stabilising operations at Navi Mumbai to ensure that airlines are "comfortable" operating from the airport.

Talking about passenger demand in Mumbai, Singh said, "The capacity structure and latent demand in Mumbai far exceeds the demand in any other part or any single city in India. Consequently the latency of the demand is much higher than the current traffic numbers of passengers, possibly 100 million plus." The official said phase-2 of the Navi Mumbai airport development will start after the stablisation of phase-1. "For Navi Mumbai, we expect to start phase-2 immediately, post stablisation of phase-1. All preparations are already done. Phase-2 will take the capacity (of Navi Mumbai airport) from 20 million to 60 million passengers."

Out of an EBITA of about ₹4,000 crore for the airports business, about 45 per cent of the pie belongs to the Mumbai International Airport Ltd and the rest to the ecosystem of other airports that sit under the Adani Airports Holdings Ltd.

Under the Adani Airports Holdings Ltd, the company handles seven airports that catered to 94.4 million passengers in FY25, registering a y-o-y growth of seven per cent.

Adani Ports and Special Economic Zone (APSEZ), which manages overseas ports in Israel, Sri Lanka, Tanzania and Australia, is planning to acquire more international port assets in Africa and South-East Asia, company officials said.

"We are looking at some ports in Africa and South East Asia. I can't disclose more. That is where we are targeting today," Ashwani Gupta, CEO of APSEZ said, adding that the company was looking at port acquisitions overseas that have the potential to grow and expand.

"It should be a best match between what we want to do and what is available," Gupta said during an earnings call held for the fourth quarter results for 2024-25.

FUTURE ACQUISITIONS

The official said future acquisitions of overseas ports will be done in line with the company's strategy to acquire assets across South-East Asia, India, Middle-East Asia and Africa.

The company will also look to acquire assets where it can hold a majority stake and operate. APSEZ recently announced the acquisition of the North Queensland Export Terminal, located at the Port of Abbot Point in Australia.

It also operates ports at Colombo in Sri Lanka, Dar Es Salaam in Tanzania and Haifa in Israel.

Talking about the operations at Haifa, Gupta said, "In Haifa, we have achieved two major milestones. Firstly, we have put our President to run the operations in Haifa. We will also have our CFO in Haifa to run the business. Then there are 4-5 specialised personnel who will support Haifa and improve efficiency and effectiveness."

The second major achievement which APSEZ has done at Haifa was entering into negotiations with eight labour unions. "We have signed the union agreement till 2036, which is bringing big efficiency in productivity improvement at the port," the APSEZ official added.

CAPITAL EXPENDITURE

APSEZ is targeting a ₹12,000 crore capital expenditure for financial year 2026 and a possible port acquisition this year will only add to the investments for the current financial year. Of the proposed capex for FY26, a significant portion will be spent on beefing up infrastructure for handling containerised cargo.

"Container cargo will remain our growth driver. We are going to invest heavily on container terminals whether it is in Mundra, Vizhinjam, Colombo, Ennore or Kattupalli. We want to keep expanding our capacities everywhere. That is the number one capex driver," Gupta said, adding APEZ's market share in containers had grown from 43.8 per cent to 45.5 per cent in FY 25.

Having achieved record high cargo volume at 450 million tonnes, APSEZ, earlier this week, posted an all-time high profit after tax of ₹11,061 crore, a 37 per cent y-o-y growth.

Adani Enterprises targets ₹36,000 crore capex for FY26, 29% to be spent on airports

Avinash Nair
Ahmedabad

Adani Enterprises Ltd, the flagship company of the Adani Group, is targeting capital expenditure of over ₹36,000 crore for FY25-26, of which 29 per cent will be spent on the airports business.

"We have completed a capex of about ₹31,500 crore during FY25. We are on track in the following year for just over ₹36,000 crore," said Jugeshinder Singh, Chief Financial Officer, Adani Group, said during an earnings call held earlier this week.

Apart from airports, a large portion of the investment is expected to be spent on the green hydrogen ecosystem, roads and solar PVC. Of the total capex, ₹10,500 crore will be spent on airports, ₹9,000 crore on PVC, ₹6,200 crore on roads and ₹5,500 crore on green hydrogen ecosystem.

Jugeshinder Singh, CFO, Adani Group

The company laid bare plans to "upgrade" the T1 terminal of the Mumbai airport and operationalise the Navi Mumbai airport. The official said upgradation of T1 will not be "rushed."

STABILISE OPS

"Once we announce a proper transition to Navi Mumbai after operational stablisation, we will determine what is the best timing in consultation with the airlines. But we want to upgrade Terminal 1. It won't be rushed. It won't be near term," Singh said about the demolition of T1.

Company officials said the exact "start date" for demolition work had not been decided as the company was focused on first stabilising operations at Navi Mumbai to ensure that airlines are "comfortable" operating from the airport.

Talking about passenger demand in Mumbai, Singh said, "The capacity structure and latent demand in Mumbai far exceeds the demand in any other part or any single city in India. Consequently the latency of the demand is much higher than the current traffic numbers of passengers, possibly 100 million plus." The official said phase-2 of the Navi Mumbai airport development will start after the stablisation of phase-1. "For Navi Mumbai, we expect to start phase-2 immediately, post stablisation of phase-1. All preparations are already done. Phase-2 will take the capacity (of Navi Mumbai airport) from 20 million to 60 million passengers."

Out of an EBITA of about ₹4,000 crore for the airports business, about 45 per cent of the pie belongs to the Mumbai International Airport Ltd and the rest to the ecosystem of other airports that sit under the Adani Airports Holdings Ltd.

Under the Adani Airports Holdings Ltd, the company handles seven airports that catered to 94.4 million passengers in FY25, registering a y-o-y growth of seven per cent.

Adani Enterprises pegs FY26 capex at ₹36,000 crore

- Firm earlier revised capex downwards for two consecutive yrs

SWARAJ BAGGONKAR
Mumbai, May 4

ADANI GROUP FLAGSHIP Adani Enterprises (AEL) has announced a capex plan of ₹36,000 crore for FY26 in a post Q4FY25 earnings call. This amount is lower than its average annual capital spend forecast earlier. Previously also, the firm had significantly revised its capex downwards for two consecutive years – FY24 and FY25.

In its spending plan announced in 2022, the company had said it would incur a capex of $49 billion (₹3.92 lakh crore) spread over five years starting with FY25, an average of nearly $10 billion (₹80,000 crore) every year.

Over the last two consecutive years (FY24 and FY25), AEL's actual capex has been much lower than what it had declared earlier. While the capex guidance for FY24 was $5.4 billion (₹43,200 crore), it closed the year at ₹33,600 crore.

SPENDING PLANS

- Adani Enterprises executives during the Q3FY25 analyst call had said that fall in capex for the whole of FY25 was partially due to the change in the date of opening of the Navi Mumbai airport
- The capex guidance for FY24 was **$5.4 billion** (₹43,200 crore), it closed the year at **₹33,600 crore**
- For FY25, from a guidance of **₹92,000 crore**, the capex plan was brought down to ₹80,000 cr before finally ending the year at **₹31,500 cr**
- In its spending plan announced in 2022, the company had said it would incur a capex of **$49 billion** (₹3.92 lakh crore) spread over five years

For FY25, from a guidance of ₹92,000 crore, the capex plan was brought down to ₹80,000 crore before finally ending the year at ₹31,500 crore, or one-third the initial projection.

"We have completed capex of just over ₹31,500 in FY25 and we are on track in the following year of roughly, just over ₹36,000 crore, " said Jugeshinder Singh, chief financial officer, Adani Enterprises on the call.

The capex for AEL's green hydrogen ecosystem will be ₹5,500 crore, while the fledgling airports business will be at ₹10,500 crore in FY26. The roads business will see ₹6,200 crore capex while for the PVC business, ₹9,000 crore has been earmarked as capex in FY26.

"A majority of the capex will occur in these categories," Singh added.

AEL executives during the Q3FY25 analyst call had said that fall in capex for the whole of FY25 was partially due to the change in the date of opening of the Navi Mumbai airport. There has been a delay in the opening of the Navi Mumbai airport by at least 6 months which led to a shift in capex accounting of ₹11,000 crore to ₹12,000 crore to FY26. The Navi Mumbai airport, which was originally set to start operations in December, was later rescheduled for inauguration in March.

Adani Airports Holdings (AAHL) the umbrella company responsible for the airports business then rescheduled the opening to April. It was subsequently rescheduled to June. With seven operational airports, comprising airports in Mumbai, Ahmedabad and Lucknow, Adani Airport Holdings (AAHL) is the second largest airport operator in the country after GMR Airports Infrastructure.

For FY25, from a guidance of ₹92,000 crore, the capex plan was brought down to ₹80,000 crore before finally ending the year at ₹31,500 crore, or one-third the initial projection.

"We have completed capex of just over ₹31,500 in FY25 and we are on track in the following year of roughly, just over ₹36,000 crore, " said Jugeshinder Singh, chief financial officer, Adani Enterprises on the call.

The capex for AEL's green hydrogen ecosystem will be ₹5,500 crore, while the fledgling airports business will be at ₹10,500 crore in FY26. The roads business will see ₹6,200 crore capex while for the PVC business, ₹9,000 crore has been earmarked as capex in FY26.

"A majority of the capex will occur in these categories," Singh added.

AEL executives during the Q3FY25 analyst call had said that fall in capex for the whole of FY25 was partially due to the change in the date of opening of the Navi Mumbai airport. There has been a delay in the opening of the Navi Mumbai airport by at least 6 months which led to a shift in capex accounting of ₹11,000 crore to ₹12,000 crore to FY26. The Navi Mumbai airport, which was originally set to start operations in December, was later rescheduled for inauguration in March.

Adani Airports Holdings (AAHL) the umbrella company responsible for the airports business then rescheduled the opening to April. It was subsequently rescheduled to June. With seven operational airports, comprising airports in Mumbai, Ahmedabad and Lucknow, Adani Airport Holdings (AAHL) is the second largest airport operator in the country after GMR Airports Infrastructure.

Mumbai, May 4

ADANI GROUP FLAGSHIP Adani Enterprises (AEL) has announced a capex plan of ₹36,000 crore for FY26 in a post Q4FY25 earnings call. This amount is lower than its average annual capital spend forecast earlier. Previously also, the firm had significantly revised its capex downwards for two consecutive years – FY24 and FY25.

In its spending plan announced in 2022, the company had said it would incur a capex of $49 billion (₹3.92 lakh crore) spread over five years starting with FY25, an average of nearly $10 billion (₹80,000 crore) every year.

Over the last two consecutive years (FY24 and FY25), AEL's actual capex has been much lower than what it had declared earlier. While the capex guidance for FY24 was $5.4 billion (₹43,200 crore), it closed the year at ₹33,600 crore.

SPENDING PLANS

- Adani Enterprises executives during the Q3FY25 analyst call had said that fall in capex for the whole of FY25 was partially due to the change in the date of opening of the Navi Mumbai airport
- The capex guidance for FY24 was **$5.4 billion** (₹43,200 crore), it closed the year at **₹33,600 crore**
- For FY25, from a guidance of **₹92,000 crore**, the capex plan was brought down to ₹80,000 cr before finally ending the year at **₹31,500 cr**
- In its spending plan announced in 2022, the company had said it would incur a capex of **$49 billion** (₹3.92 lakh crore) spread over five years

For FY25, from a guidance of ₹92,000 crore, the capex plan was brought down to ₹80,000 crore before finally ending the year at ₹31,500 crore, or one-third the initial projection.

"We have completed capex of just over ₹31,500 in FY25 and we are on track in the following year of roughly, just over ₹36,000 crore, " said Jugeshinder Singh, chief financial officer, Adani Enterprises on the call.

The capex for AEL's green hydrogen ecosystem will be ₹5,500 crore, while the fledgling airports business will be at ₹10,500 crore in FY26. The roads business will see ₹6,200 crore capex while for the PVC business, ₹9,000 crore has been earmarked as capex in FY26.

"A majority of the capex will occur in these categories," Singh added.

AEL executives during the Q3FY25 analyst call had said that fall in capex for the whole of FY25 was partially due to the change in the date of opening of the Navi Mumbai airport. There has been a delay in the opening of the Navi Mumbai airport by at least 6 months which led to a shift in capex accounting of ₹11,000 crore to ₹12,000 crore to FY26. The Navi Mumbai airport, which was originally set to start operations in December, was later rescheduled for inauguration in March.

Adani Airports Holdings (AAHL) the umbrella company responsible for the airports business then rescheduled the opening to April. It was subsequently rescheduled to June. With seven operational airports, comprising airports in Mumbai, Ahmedabad and Lucknow, Adani Airport Holdings (AAHL) is the second largest airport operator in the country after GMR Airports Infrastructure.

Over the last two consecutive years (FY24 and FY25), AEL's actual capex has been much lower than what it had declared earlier. While the capex guidance for FY24 was $5.4 billion (₹43,200 crore), it closed the year at ₹33,600 crore.

SPENDING PLANS

- Adani Enterprises executives during the Q3FY25 analyst call had said that fall in capex for the whole of FY25 was partially due to the change in the date of opening of the Navi Mumbai airport
- The capex guidance for FY24 was **$5.4 billion** (₹43,200 crore), it closed the year at **₹33,600 crore**
- For FY25, from a guidance of **₹92,000 crore**, the capex plan was brought down to ₹80,000 cr before finally ending the year at **₹31,500 cr**
- In its spending plan announced in 2022, the company had said it would incur a capex of **$49 billion** (₹3.92 lakh crore) spread over five years

For FY25, from a guidance of ₹92,000 crore, the capex plan was brought down to ₹80,000 crore before finally ending the year at ₹31,500 crore, or one-third the initial projection.

"We have completed capex of just over ₹31,500 in FY25 and we are on track in the following year of roughly, just over ₹36,000 crore, " said Jugeshinder Singh, chief financial officer, Adani Enterprises on the call.

The capex for AEL's green hydrogen ecosystem will be ₹5,500 crore, while the fledgling airports business will be at ₹10,500 crore in FY26. The roads business will see ₹6,200 crore capex while for the PVC business, ₹9,000 crore has been earmarked as capex in FY26.

"A majority of the capex will occur in these categories," Singh added.

There has been a delay in the opening of the Navi Mumbai airport by at least 6 months which led to a shift in capex accounting of ₹11,000 crore to ₹12,000 crore to FY26. The Navi Mumbai airport, which was originally set to start operations in December, was later rescheduled for inauguration in March.

Adani Airports Holdings (AAHL) the umbrella company responsible for the airports business then rescheduled the opening to April. It was subsequently rescheduled to June. With seven operational airports, comprising airports in Mumbai, Ahmedabad and Lucknow, Adani Airport Holdings (AAHL) is the second largest airport operator in the country after GMR Airports Infrastructure.

The capex for AEL's green hydrogen ecosystem will be ₹5,500 crore, while the fledgling airports business will be at ₹10,500 crore in FY26. The roads business will see ₹6,200 crore capex while for the PVC business, ₹9,000 crore has been earmarked as capex in FY26.

"A majority of the capex will occur in these categories," Singh added.

AEL executives during the Q3FY25 analyst call had said that fall in capex for the whole of FY25 was partially due to the change in the date of opening of the Navi Mumbai airport. There has been a delay in the opening of the Navi Mumbai airport by at least 6 months which led to a shift in capex accounting of ₹11,000 crore to ₹12,000 crore to FY26. The Navi Mumbai airport, which was originally set to start operations in December, was later rescheduled for inauguration in March.

Adani Airports Holdings (AAHL) the umbrella company responsible for the airports business then rescheduled the opening to April. It was subsequently rescheduled to June. With seven operational airports, comprising airports in Mumbai, Ahmedabad and Lucknow, Adani Airport Holdings (AAHL) is the second largest airport operator in the country after GMR Airports Infrastructure.

Sea link to Far East Russia turns vital

FRESH ENERGY. Chennai-Vladivostok eastern maritime corridor is busier than ever, with shiploads of crude oil and coal

TE Raja Simhan

The Chennai-Vladivostok eastern maritime corridor (EMC) is now a strategic sea link connecting ports on India's East Coast and Russia's Far East. Data show a significant increase in cargo volumes on the EMC, with coal shipments rising by 87 per cent and crude oil transport growing by 48 per cent year-on-year in FY 2024–25. The EMC is likely to see more volumes in the future, as the long-drawn Red Sea crisis forces many ships on the western sea route to avoid the Suez Canal and take the longer route via the Cape of Good Hope in South Africa.

The distance between Mumbai port and the Russian port of St Petersburg, via the Suez Canal, is 8,675 nautical miles (16,066 km). In comparison, the distance from Chennai port to Vladivostok port, via the EMC, is shorter at 5,647 nautical miles (10,458 km).

STRATEGIC START

It all started on September 4, 2019, with the signing of a memorandum of intent (MoI) in Vladivostok between the Indian Ministry of Ports, Shipping and Waterways and the Russian Ministry of Transport to enhance maritime connectivity between Chennai port and Vladivostok port.

The Chennai Port Authority (ChPT) engaged CRISIL to conduct a feasibility study on the corridor. The finding was that the Chennai-Vladivostok sea link is 45 per cent shorter than the Mumbai–St Petersburg route, with potential to reduce ocean freight cost and transit time. The study identified coal, crude oil, LNG, fertilizers and containers as key cargo for this route.

In May 2023, Sunil Paliwal, Chairman, ChPA and Kamarajar Port Ltd, presented the findings at the third India-Russia Joint Maritime Commission in Moscow. In January 2024, ChPA organised an Indo-Russia joint workshop on EMC. The rest is history as more cargo, especially crude oil and coal, started to flow through the corridor.

STRONG MOMENTUM

The strong growth in cargo volume reflects the corridor's growing relevance as a viable alternative trade route. Additionally, coal handling at non-major ports such as Dhamra, Gangavaram and Krishnapatnam has shown significant progress, as indicated in the trade discussions, Paliwal said.

To further boost the cargo traffic, sources said, ChPA is working on understanding the consumption pattern in Far East Russia. On the aggregation points for containerised cargo, it is understood from trade sources that demand for a minimum of 100 containers per week is needed to start a dedicated vessel service between Chennai and Vladivostok. Chennai port can act as a cargo/container aggregation point for the different ports on the East Coast of India, he said.

Further, financial institutions should establish mechanisms to enable trade between India and Russia in rupee and rouble. As a long-term measure, Russia could explore the setting up of fertilizer production and LNG export facilities in its eastern region, given the high demand for them in India, he said.

The potential is in terms of both volumes and timelines. Shipping of coking coal can start immediately; since Russia has good quantities, it can export from its Far East region, he said. "We have steel plants on the East Coast of India. When we get coking coal from Far East Russia, it is much cheaper than what we can get from Australia and other countries. Similarly, when we get crude from Russia, it will be cheaper for us. We have seen substantial growth in trade not only on the East but also the West Coast," he said.

EURASIAN TRADE

An official with a leading maritime research firm pointed to India's heavy reliance on imported coking coal, with Australia being a primary supplier. While Australia's share in India's coking coal imports has historically been high (70-75 per cent), it has recently dipped (about 60 per cent) with more steel mills exploring alternative suppliers like Russia and the United States.

As the East Coast of India accounts for more than 70 per cent of India's crude steel capacity, the Chennai-Vladivostok route is expected to cater to the growth in the import of coking coal from Russia to Indian ports such as Haldia, Dhamra, Paradip, Visakhapatnam, Gangavaram and Kakinada, he said.

A faculty member at a large maritime institute said that, for India's East Coast, the link opens doors to new export markets, industrial growth near ports and job creation. While challenges like Vladivostok's harsh winters and container imbalances remain, both nations are working together to address them.

As the corridor matures, India is poised to evolve from a user of global trade lanes to a key architect, with the Chennai-Vladivostok route serving as a symbol of its strategic and economic aspirations in Eurasian trade, he said.

The Chennai-Vladivostok eastern maritime corridor (EMC) is now a strategic sea link connecting ports on India's East Coast and Russia's Far East. Data show a significant increase in cargo volumes on the EMC, with coal shipments rising by 87 per cent and crude oil transport growing by 48 per cent year-on-year in FY 2024–25. The EMC is likely to see more volumes in the future, as the long-drawn Red Sea crisis forces many ships on the western sea route to avoid the Suez Canal and take the longer route via the Cape of Good Hope in South Africa.

The distance between Mumbai port and the Russian port of St Petersburg, via the Suez Canal, is 8,675 nautical miles (16,066 km). In comparison, the distance from Chennai port to Vladivostok port, via the EMC, is shorter at 5,647 nautical miles (10,458 km).

STRATEGIC START

It all started on September 4, 2019, with the signing of a memorandum of intent (MoI) in Vladivostok between the Indian Ministry of Ports, Shipping and Waterways and the Russian Ministry of Transport to enhance maritime connectivity between Chennai port and Vladivostok port.

The Chennai Port Authority (ChPT) engaged CRISIL to conduct a feasibility study on the corridor. The finding was that the Chennai-Vladivostok sea link is 45 per cent shorter than the Mumbai–St Petersburg route, with potential to reduce ocean freight cost and transit time. The study identified coal, crude oil, LNG, fertilizers and containers as key cargo for this route.

In May 2023, Sunil Paliwal, Chairman, ChPA and Kamarajar Port Ltd, presented the findings at the third India-Russia Joint Maritime Commission in Moscow. In January 2024, ChPA organised an Indo-Russia joint workshop on EMC. The rest is history as more cargo, especially crude oil and coal, started to flow through the corridor.

STRONG MOMENTUM

The strong growth in cargo volume reflects the corridor's growing relevance as a viable alternative trade route. Additionally, coal handling at non-major ports such as Dhamra, Gangavaram and Krishnapatnam has shown significant progress, as indicated in the trade discussions, Paliwal said.

To further boost the cargo traffic, sources said, ChPA is working on understanding the consumption pattern in Far East Russia. On the aggregation points for containerised cargo, it is understood from trade sources that demand for a minimum of 100 containers per week is needed to start a dedicated vessel service between Chennai and Vladivostok. Chennai port can act as a cargo/container aggregation point for the different ports on the East Coast of India, he said.

Further, financial institutions should establish mechanisms to enable trade between India and Russia in rupee and rouble. As a long-term measure, Russia could explore the setting up of fertilizer production and LNG export facilities in its eastern region, given the high demand for them in India, he said.

The potential is in terms of both volumes and timelines. Shipping of coking coal can start immediately; since Russia has good quantities, it can export from its Far East region, he said. "We have steel plants on the East Coast of India. When we get coking coal from Far East Russia, it is much cheaper than what we can get from Australia and other countries. Similarly, when we get crude from Russia, it will be cheaper for us. We have seen substantial growth in trade not only on the East but also the West Coast," he said.

EURASIAN TRADE

An official with a leading maritime research firm pointed to India's heavy reliance on imported coking coal, with Australia being a primary supplier. While Australia's share in India's coking coal imports has historically been high (70-75 per cent), it has recently dipped (about 60 per cent) with more steel mills exploring alternative suppliers like Russia and the United States.

As the East Coast of India accounts for more than 70 per cent of India's crude steel capacity, the Chennai-Vladivostok route is expected to cater to the growth in the import of coking coal from Russia to Indian ports such as Haldia, Dhamra, Paradip, Visakhapatnam, Gangavaram and Kakinada, he said.

A faculty member at a large maritime institute said that, for India's East Coast, the link opens doors to new export markets, industrial growth near ports and job creation. While challenges like Vladivostok's harsh winters and container imbalances remain, both nations are working together to address them.

The potential is in terms of both volumes and timelines. Shipping of coking coal can start immediately; since Russia has good quantities, it can export from its Far East region, he said. "We have steel plants on the East Coast of India. When we get coking coal from Far East Russia, it is much cheaper than what we can get from Australia and other countries. Similarly, when we get crude from Russia, it will be cheaper for us. We have seen substantial growth in trade not only on the East but also the West Coast," he said.

EURASIAN TRADE

An official with a leading maritime research firm pointed to India's heavy reliance on imported coking coal, with Australia being a primary supplier. While Australia's share in India's coking coal imports has historically been high (70-75 per cent), it has recently dipped (about 60 per cent) with more steel mills exploring alternative suppliers like Russia and the United States.

As the East Coast of India accounts for more than 70 per cent of India's crude steel capacity, the Chennai-Vladivostok route is expected to cater to the growth in the import of coking coal from Russia to Indian ports such as Haldia, Dhamra, Paradip, Visakhapatnam, Gangavaram and Kakinada, he said.

A faculty member at a large maritime institute said that, for India's East Coast, the link opens doors to new export markets, industrial growth near ports and job creation. While challenges like Vladivostok's harsh winters and container imbalances remain, both nations are working together to address them.

As the corridor matures, India is poised to evolve from a user of global trade lanes to a key architect, with the Chennai-Vladivostok route serving as a symbol of its strategic and economic aspirations in Eurasian trade, he said.

The Chennai-Vladivostok eastern maritime corridor (EMC) is now a strategic sea link connecting ports on India's East Coast and Russia's Far East. Data show a significant increase in cargo volumes on the EMC, with coal shipments rising by 87 per cent and crude oil transport growing by 48 per cent year-on-year in FY 2024–25. The EMC is likely to see more volumes in the future, as the long-drawn Red Sea crisis forces many ships on the western sea route to avoid the Suez Canal and take the longer route via the Cape of Good Hope in South Africa.

The distance between Mumbai port and the Russian port of St Petersburg, via the Suez Canal, is 8,675 nautical miles (16,066 km). In comparison, the distance from Chennai port to Vladivostok port, via the EMC, is shorter at 5,647 nautical miles (10,458 km).

STRATEGIC START

It all started on September 4, 2019, with the signing of a memorandum of intent (MoI) in Vladivostok between the Indian Ministry of Ports, Shipping and Waterways and the Russian Ministry of Transport to enhance maritime connectivity between Chennai port and Vladivostok port.

The Chennai Port Authority (ChPT) engaged CRISIL to conduct a feasibility study on the corridor. The finding was that the Chennai-Vladivostok sea link is 45 per cent shorter than the Mumbai–St Petersburg route, with potential to reduce ocean freight cost and transit time. The study identified coal, crude oil, LNG, fertilizers and containers as key cargo for this route.

In May 2023, Sunil Paliwal, Chairman, ChPA and Kamarajar Port Ltd, presented the findings at the third India-Russia Joint Maritime Commission in Moscow. In January 2024, ChPA organised an Indo-Russia joint workshop on EMC. The rest is history as more cargo, especially crude oil and coal, started to flow through the corridor.

STRONG MOMENTUM

The strong growth in cargo volume reflects the corridor's growing relevance as a viable alternative trade route. Additionally, coal handling at non-major ports such as Dhamra, Gangavaram and Krishnapatnam has shown significant progress, as indicated in the trade discussions, Paliwal said.

To further boost the cargo traffic, sources said, ChPA is working on understanding the consumption pattern in Far East Russia. On the aggregation points for containerised cargo, it is understood from trade sources that demand for a minimum of 100 containers per week is needed to start a dedicated vessel service between Chennai and Vladivostok. Chennai port can act as a cargo/container aggregation point for the different ports on the East Coast of India, he said.

Further, financial institutions should establish mechanisms to enable trade between India and Russia in rupee and rouble. As a long-term measure, Russia could explore the setting up of fertilizer production and LNG export facilities in its eastern region, given the high demand for them in India, he said.

The potential is in terms of both volumes and timelines. Shipping of coking coal can start immediately; since Russia has good quantities, it can export from its Far East region, he said. "We have steel plants on the East Coast of India. When we get coking coal from Far East Russia, it is much cheaper than what we can get from Australia and other countries. Shaping the port of the future

The Vizhinjam port is of immense significance to India's global maritime trade. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes. Many global shipping stakeholders have already appreciated the role the port is going to play in transshipment

FULL CONTEXT

Arun P.S.

The town of Vizhinjam in Kerala has played a crucial role in the history of global maritime trade. Inscriptions from the Pandya-Chola era (1129 AD) records Vizhinjam as Rajendra Chola Pattinam, a port of Kerala. Historians claim that Balita, a port with considerable commercial importance which finds mention in the first century AD historical travelogue *The Periplus of the Erythraean Sea*, is Vizhinjam's old name. However, this historical significance faded away after colonisers of India prioritised ports in other places like Cochin and Madras.

In the 1940s, the princely state of Travancore commissioned a study to explore Vizhinjam's potential to set up a world-class port. And now, after almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.

The port, located in Thiruvananthapuram district, started limited-scale operations from July last year and began commercial operations in December. The first phase of this public private partnership (PPP) project cost ₹8,867 crore and was developed by the State Government of Kerala (₹5,595 crore), with the support of concessionaire Adani Ports (₹2,454 crore) and the Union Government (which provided a Viability Gap Funding (VGF) of ₹817.8 crore with repayment conditions).

Trade boost: A view of the Vizhinjam International Seaport in Thiruvananthapuram on May 2. NIRMAL HARINDRAN

An important landmark

This port is of immense significance to India's global maritime trade. Currently, around 75% of India's transshipment cargo is handled at ports like Colombo, Singapore and Klang. The need to have a transshipment hub in India is being felt both economically and geopolitically. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes, strategically located just 10 nautical miles from the global maritime trading route. Many global shipping stakeholders have already appreciated the role of Vizhinjam on the transshipment map, and as a result, the port has already handled 6 lakh TEUs (twenty-foot equivalent units) berthing more than 280 ships, much higher than the projection of one lakh TEUs for 12 months within launch of operations, including 1.08 lakh TEUs from 51 vessels in March this year. Many large ships prefer ports with 18+ metre draft depth and Vizhinjam with a 20-metre natural draft can easily accommodate Ultra Large Container Vessels. The Mediterranean Shipping Company (MSC), one of the largest shipping companies globally, has included the port in two of their shipping services – the jade service (connecting Europe and Asia) and the dragon service (connecting Asia and the Mediterranean) after initial trial runs. This inclusion would direct more ships towards Vizhinjam.

The port has already made its presence felt through a number of milestones. This all-weather port is India's first greenfield port project. As India's first semi-automated port, it also flaunts a skilled women workforce operating automated cranes, another first in India. They were all trained at the Community Skill Park Vizhinjam, an industry-led PPP initiative launched by the Kerala government and operated by the Adani Skill Development Centre. In September last year, MSC Claude Girardet (24,116 TEUs) docked in Vizhinjam Port making it the largest cargo ship ever to dock in South Asia. Earlier, large ships would use Colombo as a transshipment hub. In October, MSC Anna's docking witnessed the Vizhinjam Port handling 10,330 containers from a single ship, a record for any Indian port. MSC Irina, the world's largest container ship, is expected to dock in Vizhinjam in May this year.

Need for a global push

While it is definitely a great start, there is a need to capitalise and surge ahead to reap maximum economic benefits. This triple engine (State, Union and concessionaire) project has the potential to make it big amongst the global players.

The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave 2025. The cover page of Kerala's State budget also featured an image of the Vizhinjam Port highlighting the significance of this project for the State's economic future. The State has signed an agreement with Adani Ports to fast-track the remaining phases, and it is set to be completed by 2028 instead of 2045. In March 2025, the Union Government granted the environmental clearance for the second and third phases. The ₹20,000 crore investment for the remaining phases will upgrade the port's handling capacity to 4.87 million TEUs from the existing one million TEUs and extend the length of the container berth from 1,200 metres to 2,000 metres.

Challenges and opportunities

However, there persist some challenges which need to be addressed urgently. Firstly, a push to develop the associated infrastructure in a fast-paced model. For instance, the arrival of 40 ships in February, resulted in delays which should be avoided in the long run. Industry stakeholders like the Container Shipping Lines Association (CSLA) have flagged the absence of an Integrated Check Post (ICP). The application for the check post is currently pending with the Union Home Ministry; the check post is crucial for generating revenue beyond transshipment through cargo operations and crew change facilities. A much-awaited Customs Office at the port was opened last month. The Kerala Steamer Agents Association had flagged the challenges owing to a delay in ICP approval in addition to the absence of a permanent Port Health Office, an important stakeholder for cargo operations.

The start of import-export operations at Vizhinjam could significantly help boost the local economy. The Kerala government had announced a Vizhinjam Development Zone with a focus on developing an industrial corridor covering the nearby regions. An IAS officer from the State could be allocated exclusively for overlooking the projects associated with the Vizhinjam Economic Growth corridor. In this year's budget, the Kerala government announced a dedicated space for other States to establish their official business centres near the port. The pace of completion of multiple projects including the National Highway 66 which connects to the port, the railway line connecting Balaramapuram to the port and the 63 km Thiruvananthapuram Outer Ring Road (ORR), would decide the fate of the future of the port.

There should also be efforts to promote allied businesses including ship building, ship repair, crew change facilities, logistics, warehousing and bunkering facilities. There is significant momentum for building a shipyard and ship repair centre in Poovar (10 kms from the Vizhinjam port). Adani Ports has announced that Vizhinjam Port will also be a global bunkering hub, supplying clean and green fuel like hydrogen and ammonia. The Kerala government's energy agency ANERT is exploring energy projects including wave power and green hydrogen projects near the port.

There is also a concerted campaign to change the name of the port to Trivandrum International Sea Port Limited, which offers a stronger value proposition from a global branding perspective and consistent with the 'IN TRV 01' location code allocated by the Directorate General of Systems and Data Management.

Special economic zone

Mahindra Group Chairman Anand Mahindra recently advocated for a Shenzhen equivalent city in India. Shenzhen used to be a quiet fishing village, like Vizhinjam, in the 1970s and became China's first Special Economic Zone in 1980. The Port of Shenzhen, established in 1980 has emerged as a top player in global maritime trade and contributed significantly in the transition of the city as the Silicon Valley of China. There is great potential for the deep sea port in Thiruvananthapuram to trigger a similar economic boom in the region, depending exclusively on how various actors including governments, the concessionaire, businesses, and local communities perceive these changes and rise to the occasion. The Kerala government should ideally fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

Maybe when the Bill is introduced in the Kerala Legislative Assembly, it should be referred to a select committee to study various best practices across the globe in port-led economies including Shenzhen. On the other hand, the Union government should reconsider the decision to have another transshipment hub 40 km away from Vizhinjam in Colachel. Probably, in the interests of the economic viability of large-scale transshipment port projects, we need a policy similar to the greenfield airport policy that prevents new transshipment ports within 750-1,000 kms. Additionally, the Kerala government and legislators across the Left and Congress parties have expressed concerns regarding the repayment terms associated with the Union government's ₹817.8 crore VGF which could potentially escalate to approximately ₹10,000 crore over time, imposing a significant burden on the State's finances. In light of the project's critical economic and strategic value, the Union government could reconsider the repayment clause

While we have a game-changing port ready, its global success will depend on strategic interventions by policymakers, swift adoption by businesses, and the pace of informed decision-making.

Adani Enterprises targets ₹36,000 crore capex for FY26, 29% to be spent on airports

Adani Enterprises Ltd, the flagship company of the Adani Group, is targeting capital expenditure of over ₹36,000 crore for FY25-26, of which 29 per cent will be spent on the airports business.

"We have completed a capex of about ₹31,500 crore during FY25. We are on track in the following year for just over ₹36,000 crore," said Jugeshinder Singh, Chief Financial Officer, Adani Group, said during an earnings call held earlier this week.

Apart from airports, a large portion of the investment is expected to be spent on the green hydrogen ecosystem, roads and solar PVC. Of the total capex, ₹10,500 crore will be spent on airports, ₹9,000 crore on PVC, ₹6,200 crore on roads and ₹5,500 crore on green hydrogen ecosystem.

The company laid bare plans to "upgrade" the T1 terminal of the Mumbai airport and operationalise the Navi Mumbai airport. The official said upgradation of T1 will not be "rushed."

STABILISE OPS

"Once we announce a proper transition to Navi Mumbai after operational stablisation, we will determine what is the best timing in consultation with the airlines. But we want to upgrade Terminal 1. It won't be rushed. It won't be near term," Singh said about the demolition of T1.

Company officials said the exact "start date" for demolition work had not been decided as the company was focused on first stabilising operations at Navi Mumbai to ensure that airlines are "comfortable" operating from the airport.

Talking about passenger demand in Mumbai, Singh said, "The capacity structure and latent demand in Mumbai far exceeds the demand in any other part or any single city in India. Consequently the latency of the demand is much higher than the current traffic numbers of passengers, possibly 100 million plus." The official said phase-2 of the Navi Mumbai airport development will start after the stablisation of phase-1. "For Navi Mumbai, we expect to start phase-2 immediately, post stablisation of phase-1. All preparations are already done. Phase-2 will take the capacity (of Navi Mumbai airport) from 20 million to 60 million passengers."

Out of an EBITA of about ₹4,000 crore for the airports business, about 45 per cent of the pie belongs to the Mumbai International Airport Ltd and the rest to the ecosystem of other airports that sit under the Adani Airports Holdings Ltd.

Under the Adani Airports Holdings Ltd, the company handles seven airports that catered to 94.4 million passengers in FY25, registering a y-o-y growth of seven per cent.

We are looking at port acquisitions in South-East Asia & Africa, says APSEZ CEO Ashwani Gupta

Adani Ports and Special Economic Zone (APSEZ), which manages overseas ports in Israel, Sri Lanka, Tanzania and Australia, is planning to acquire more international port assets in Africa and South-East Asia, company officials said.

"We are looking at some ports in Africa and South East Asia. I can't disclose more. That is where we are targeting today," Ashwani Gupta, CEO of APSEZ said, adding that the company was looking at port acquisitions overseas that have the potential to grow and expand.

"It should be a best match between what we want to do and what is available," Gupta said during an earnings call held for the fourth quarter results for 2024-25.

FUTURE ACQUISITIONS

The official said future acquisitions of overseas ports will be done in line with the company's strategy to acquire assets across South-East Asia, India, Middle-East Asia and Africa.

The company will also look to acquire assets where it can hold a majority stake and operate. APSEZ recently announced the acquisition of the North Queensland Export Terminal, located at the Port of Abbot Point in Australia.

It also operates ports at Colombo in Sri Lanka, Dar Es Salaam in Tanzania and Haifa in Israel.

Talking about the operations at Haifa, Gupta said, "In Haifa, we have achieved two major milestones. Firstly, we have put our President to run the operations in Haifa. We will also have our CFO in Haifa to run the business. Then there are 4-5 specialised personnel who will support Haifa and improve efficiency and effectiveness."

The second major achievement which APSEZ has done at Haifa was entering into negotiations with eight labour unions. "We have signed the union agreement till 2036, which is bringing big efficiency in productivity improvement at the port," the APSEZ official added.

CAPITAL EXPENDITURE

APSEZ is targeting a ₹12,000 crore capital expenditure for financial year 2026 and a possible port acquisition this year will only add to the investments for the current financial year. Of the proposed capex for FY26, a significant portion will be spent on beefing up infrastructure for handling containerised cargo.

"Container cargo will remain our growth driver. We are going to invest heavily on container terminals whether it is in Mundra, Vizhinjam, Colombo, Ennore or Kattupalli. We want to keep expanding our capacities everywhere. That is the number one capex driver," Gupta said, adding APEZ's market share in containers had grown from 43.8 per cent to 45.5 per cent in FY 25.

Having achieved record high cargo volume at 450 million tonnes, APSEZ, earlier this week, posted an all-time high profit after tax of ₹11,061 crore, a 37 per cent y-o-y growth.

Adani Enterprises targets ₹36,000 crore capex for FY26, 29% to be spent on airports

Adani Enterprises Ltd, the flagship company of the Adani Group, is targeting capital expenditure of over ₹36,000 crore for FY25-26, of which 29 per cent will be spent on the airports business.

"We have completed a capex of about ₹31,500 crore during FY25. We are on track in the following year for just over ₹36,000 crore," said Jugeshinder Singh, Chief Financial Officer, Adani Group, said during an earnings call held earlier this week.

Apart from airports, a large portion of the investment is expected to be spent on the green hydrogen ecosystem, roads and solar PVC. Of the total capex, ₹10,500 crore will be spent on airports, ₹9,000 crore on PVC, ₹6,200 crore on roads and ₹5,500 crore on green hydrogen ecosystem.

Jugeshinder Singh, CFO, Adani Group

The company laid bare plans to "upgrade" the T1 terminal of the Mumbai airport and operationalise the Navi Mumbai airport. The official said upgradation of T1 will not be "rushed."

STABILISE OPS

"Once we announce a proper transition to Navi Mumbai after operational stablisation, we will determine what is the best timing in consultation with the airlines. But we want to upgrade Terminal 1. It won't be rushed. It won't be near term," Singh said about the demolition of T1.

Company officials said the exact "start date" for demolition work had not been decided as the company was focused on first stabilising operations at Navi Mumbai to ensure that airlines are "comfortable" operating from the airport.

Talking about passenger demand in Mumbai, Singh said, "The capacity structure and latent demand in Mumbai far exceeds the demand in any other part or any single city in India. Consequently the latency of the demand is much higher than the current traffic numbers of passengers, possibly 100 million plus." The official said phase-2 of the Navi Mumbai airport development will start after the stablisation of phase-1. "For Navi Mumbai, we expect to start phase-2 immediately, post stablisation of phase-1. All preparations are already done. Phase-2 will take the capacity (of Navi Mumbai airport) from 20 million to 60 million passengers."

Out of an EBITA of about ₹4,000 crore for the airports business, about 45 per cent of the pie belongs to the Mumbai International Airport Ltd and the rest to the ecosystem of other airports that sit under the Adani Airports Holdings Ltd.

Under the Adani Airports Holdings Ltd, the company handles seven airports that catered to 94.4 million passengers in FY25, registering a y-o-y growth of seven per cent.

अदाणी पोर्ट्स का ध्यान समुद्री, लॉजिस्टिक्स और कृषि-लॉजिस्टिक्स कारोबार को बढ़ाने पर : करण अदाणी

नई दिल्ली, (भाषा)। अदाणी पोर्ट्स एंड स्पेशल इकनॉमिक जोन (एपीएसईजेड) के प्रबंध निदेशक करण अदाणी ने कहा है कि भारत की सबसे बड़ी निजी बंदरगाह परिचालक अपने समुद्री, लॉजिस्टिक और कृषि-लॉजिस्टिक कारोबार को बढ़ाने पर ध्यान केंद्रित कर रही है। अदाणी ने पीटीआई-भाषा को दिए साक्षात्कार में कहा कि अदाणी समूह की प्रमुख कंपनी एपीएसईजेड विडणिगम अंतरराष्ट्रीय बंदरगाह में दूसरे चरण में 13,000 करोड़ रुपये का निवेश करेगी, जिससे इस गहरे पानी वाले बंदरगाह की माल ढुलाई क्षमता मौजूदा 12 लाख टीईयू (बीस फुट समकक्ष इकाइयों) से बढ़कर 2028 तक लगभग 50 लाख टीईयू हो जाएगी।

प्रधानमंत्री नरेन्द्र मोदी ने दो मई को विडणिगम अंतरराष्ट्रीय बंदरगाह का उद्घाटन किया, जिसका निर्माण 8,867 करोड़ रुपये की अनुमानित लागत से पूरा हुआ है। उन्होंने कहा, एपीएसईजेड के भीतर, हमारे पास तीन बड़े कारोबारी क्षेत्र-समुद्री व्यवसाय, लॉजिस्टिक्स व्यवसाय और कृषि-लॉजिस्टिक्स व्यवसाय हैं, जिनपर हम काम कर रहे हैं। उन्होंने इस बात की ओर इशारा किया कि एपीएसईजेड़ देश में समुद्री व्यापार में सबसे बड़ी संचालक है। अदाणी ने कहा, अब विचार यह है कि भारत के भीतर और साथ ही भारत के बाहर भी उस (समुद्री व्यापार) व्यवसाय को बढ़ाया जाए।

लॉजिस्टिक्स के मामले में, अदाणी ने कहा कि एपीएसईजेड़ बहु-मॉडल लॉजिस्टिक्स पार्क बनाने पर विचार कर रही है, जैसा अदाणी समूह ने बंदरगाहों में किया है। उन्होंने कहा, हम बड़े, बहु-मॉडल लॉजिस्टिक्स पार्क बनाना चाहते हैं, और फिर मात्रा बढ़ाने के साथ-साथ दक्षता बढ़ाने में मदद करना चाहते हैं। कृषि-लॉजिस्टिक्स कारोबार का उल्लेख करते हुए, अदाणी ने कहा कि आज भारत में जो अनाज संग्रहीत किया जाता है, उसका भंडारण उचित तरीके से नहीं किया जाता है। उन्होंने कहा, इसलिए हम साइलो बनाने और उन्हें संग्रहीत करने पर विचार कर रहे हैं। यह पूछे जाने पर कि विडणिगम अंतरराष्ट्रीय बंदरगाह एपीएसईजेड के अन्य बंदरगाहों से किस तरह अलग है, अदाणी ने बताया कि अदाणी समूह के बंदरगाह मुख्य रूप से घरेलू माल और आयात-निर्यात माल का कारोबार करते हैं, उनमें से कोई भी पारगमन वाली वस्तुओं का कारोबार नहीं करता है।

DGCA asks NMIA to stop activities which attract bird at airport

DGCA asks NMIA to stop activities which attract bird at airport

PIONEER NEWS SERVICE ■ MUMBAI

Apprehending bird strike threats to aircraft due to illegal open slaughtering of animals in the vicinity of the Navi Mumbai International Airport (NMIA), the Directorate General of Civil Aviation (DGCA) has asked the airport operator to stop all activities which attract bird activity in the vicinity of the project.

The DGCA's directive to the airport operators comes in the run-up to the opening of the NMIA where the flight operations are expected to start within a month.

Responding to a complaint by the NatConnect Foundation — an organisation crusading for migrating flamingos, mangroves, wetlands and biodiversity in Navi Mumbai, DGCA's director Amit Gupta said: "The Aerodrome Operator has been advised to take necessary steps to stop all activities, including slaughtering of animals, which attract bird activity in the vicinity of aerodrome".

On February 24, NatConnect Foundation Director B N Kumar had lodged a complaint with the DGCA through the Prime Minister's public grievance portal against unchecked slaughtering of goats and chicken at Ulwe, barely three km from the airport runway as the crow flies.

The Aerodrome Operator has been advised to take necessary steps to stop all activities, including slaughtering of animals, which attract bird activity in the vicinity of aerodrome

In his complaint, Kumar had said that the allowing of animal slaughter within 10 km radius of any airport was a violation of the aircraft norms framed by the DGCA.

This DGCA norm figures prominently in the Government Resolution (GR) issued by the Maharashtra Government while appointing the Aerodrome Environment Management Committee (AEMC) for the NMIA.

The City and Industrial Development Corporation of Maharashtra Ltd (CIDCO), which heads the AEMC, administers the Ulwe node.

"Despite repeated complaints, the action from CIDCO so far has been less than cosmetic as some shops were demolished and they sprang back as if with vengeance, Santosh Kate, president of Ulwe city NCP (Ajit Pawar) said.

Kate has also written to CIDCO, the Raigad district collector and other officials against the menace of open selling of goat mutton and chicken meat, in gross violation of all norms of hygiene. "It is also risky in these days of bird flu and GBS virus threats It is shocking that the officials have been turning a blind eye to the blatant violations," he said.

Kumar expressed surprise that the DGCA had taken over two months to respond, that too after two reminders, on such a critical issue.

Initially, A X Joseph, Director Air Safety, had informed NatConnect that the concerns raised have been forwarded to the Aerodrome Directorate of DGCA.

With no news of further development, the activist sent a protest note on April 13 stating that "it is astonishing and rather disturbing that even after two months of alert citizens raising their voice of concern about these illegal animal slaughter and sale of mutton and chicken meat, the authorities remain unconcerned as the business thrives even today on a much-enlarged scale. And the airport in question will soon be functional."

A local resident Karan Chawla, who has also taken up the issue with the Chief Minister Devendra Fadnavis, said about 15 to 30 goats were illegally slaughtered daily at sector 19 in Ulwe. "I have sent a complaint to the Additional Chief Secretary (Home) Dr I S Chahal and Urban Development-II Secretary Govind Raj," Chawla said.

The DGCA directive to the operator has come as a big relief to the activists fighting for the ban on slaughtering of animals in the vicinity of the NMIA.

Following the ban on the slaughtering activity around NMIA, the activists have urged the Navi Mumbai Municipal Corporation (NMMC) to set up a slaughter house in Navi Mumbai with strict adherence to hygiene and other safety norms for the benefit of non-vegetarian food lovers.

Shaping the port of the future

The Vizhinjam port is of immense significance to India's global maritime trade. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes. Many global shipping stakeholders have already appreciated the role the port is going to play in transshipment

FULL CONTEXT

Arun P.S.

The town of Vizhinjam in Kerala has played a crucial role in the history of global maritime trade. Inscriptions from the Pandya-Chola era (1129 AD) records Vizhinjam as Rajendra Chola Pattinam, a port of Kerala. Historians claim that Balita, a port with considerable commercial importance which finds mention in the first century AD historical travelogue *The Periplus of the Erythraean Sea*, is Vizhinjam's old name. However, this historical significance faded away after colonisers of India prioritised ports in other places like Cochin and Madras.

In the 1940s, the princely state of Travancore commissioned a study to explore Vizhinjam's potential to set up a world-class port. And now, after almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.

The port, located in Thiruvananthapuram district, started limited-scale operations from July last year and began commercial operations in December. The first phase of this public private partnership (PPP) project cost ₹8,867 crore and was developed by the State Government of Kerala (₹5,595 crore), with the support of concessionaire Adani Ports (₹2,454 crore) and the Union Government (which provided a Viability Gap Funding (VGF) of ₹817.8 crore with repayment conditions).

Trade boost: A view of the Vizhinjam International Seaport in Thiruvananthapuram on May 2. NIRMAL HARINDRAN

An important landmark

This port is of immense significance to India's global maritime trade. Currently, around 75% of India's transshipment cargo is handled at ports like Colombo, Singapore and Klang. The need to have a transshipment hub in India is being felt both economically and geopolitically. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes, strategically located just 10 nautical miles from the global maritime trading route. Many global shipping stakeholders have already appreciated the role of Vizhinjam on the transshipment map, and as a result, the port has already handled 6 lakh TEUs (twenty-foot equivalent units) berthing more than 280 ships, much higher than the projection of one lakh TEUs for 12 months within launch of operations, including 1.08 lakh TEUs from 51 vessels in March this year. Many large ships prefer ports with 18+ metre draft depth and Vizhinjam with a 20-metre natural draft can easily accommodate Ultra Large Container Vessels. The Mediterranean Shipping Company (MSC), one of the largest shipping companies globally, has included the port in two of their shipping services – the jade service (connecting Europe and Asia) and the dragon service (connecting Asia and the Mediterranean) after initial trial runs. This inclusion would direct more ships towards Vizhinjam.

The port has already made its presence felt through a number of milestones. This all-weather port is India's first greenfield port project. As India's first semi-automated port, it also flaunts a skilled women workforce operating automated cranes, another first in India. They were all trained at the Community Skill Park Vizhinjam, an industry-led PPP initiative launched by the Kerala government and operated by the Adani Skill Development Centre. In September last year, MSC Claude Girardet (24,116 TEUs) docked in Vizhinjam Port making it the largest cargo ship ever to dock in South Asia. Earlier, large ships would use Colombo as a transshipment hub. In October, MSC Anna's docking witnessed the Vizhinjam Port handling 10,330 containers from a single ship, a record for any Indian port. MSC Irina, the world's largest container ship, is expected to dock in Vizhinjam in May this year.

Need for a global push

While it is definitely a great start, there is a need to capitalise and surge ahead to reap maximum economic benefits. This triple engine (State, Union and concessionaire) project has the potential to make it big amongst the global players.

The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave 2025. The cover page of Kerala's State budget also featured an image of the Vizhinjam Port highlighting the significance of this project for the State's economic future. The State has signed an agreement with Adani Ports to fast-track the remaining phases, and it is set to be completed by 2028 instead of 2045. In March 2025, the Union Government granted the environmental clearance for the second and third phases. The ₹20,000 crore investment for the remaining phases will upgrade the port's handling capacity to 4.87 million TEUs from the existing one million TEUs and extend the length of the container berth from 1,200 metres to 2,000 metres.

Challenges and opportunities

However, there persist some challenges which need to be addressed urgently. Firstly, a push to develop the associated infrastructure in a fast-paced model. For instance, the arrival of 40 ships in February, resulted in delays which should be avoided in the long run. Industry stakeholders like the Container Shipping Lines Association (CSLA) have flagged the absence of an Integrated Check Post (ICP). The application for the check post is currently pending with the Union Home Ministry; the check post is crucial for generating revenue beyond transshipment through cargo operations and crew change facilities. A much-awaited Customs Office at the port was opened last month. The Kerala Steamer Agents Association had flagged the challenges owing to a delay in ICP approval in addition to the absence of a permanent Port Health Office, an important stakeholder for cargo operations.

The start of import-export operations at Vizhinjam could significantly help boost the local economy. The Kerala government had announced a Vizhinjam Development Zone with a focus on developing an industrial corridor covering the nearby regions. An IAS officer from the State could be allocated exclusively for overlooking the projects associated with the Vizhinjam Economic Growth corridor. In this year's budget, the Kerala government announced a dedicated space for other States to establish their official business centres near the port. The pace of completion of multiple projects including the National Highway 66 which connects to the port, the railway line connecting Balaramapuram to the port and the 63 km Thiruvananthapuram Outer Ring Road (ORR), would decide the fate of the future of the port.

There should also be efforts to promote allied businesses including ship building, ship repair, crew change facilities, logistics, warehousing and bunkering facilities. There is significant momentum for building a shipyard and ship repair centre in Poovar (10 kms from the Vizhinjam port). Adani Ports has announced that Vizhinjam Port will also be a global bunkering hub, supplying clean and green fuel like hydrogen and ammonia. The Kerala government's energy agency ANERT is exploring energy projects including wave power and green hydrogen projects near the port.

There is also a concerted campaign to change the name of the port to Trivandrum International Sea Port Limited, which offers a stronger value proposition from a global branding perspective and consistent with the 'IN TRV 01' location code allocated by the Directorate General of Systems and Data Management.

Special economic zone

Mahindra Group Chairman Anand Mahindra recently advocated for a Shenzhen equivalent city in India. Shenzhen used to be a quiet fishing village, like Vizhinjam, in the 1970s and became China's first Special Economic Zone in 1980. The Port of Shenzhen, established in 1980 has emerged as a top player in global maritime trade and contributed significantly in the transition of the city as the Silicon Valley of China. There is great potential for the deep sea port in Thiruvananthapuram to trigger a similar economic boom in the region, depending exclusively on how various actors including governments, the concessionaire, businesses, and local communities perceive these changes and rise to the occasion. The Kerala government should ideally fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

Maybe when the Bill is introduced in the Kerala Legislative Assembly, it should be referred to a select committee to study various best practices across the globe in port-led economies including Shenzhen. On the other hand, the Union government should reconsider the decision to have another transshipment hub 40 km away from Vizhinjam in Colachel. Probably, in the interests of the economic viability of large-scale transshipment port projects, we need a policy similar to the greenfield airport policy that prevents new transshipment ports within 750-1,000 kms. Additionally, the Kerala government and legislators across the Left and Congress parties have expressed concerns regarding the repayment terms associated with the Union government's ₹817.8 crore VGF which could potentially escalate to approximately ₹10,000 crore over time, imposing a significant burden on the State's finances. In light of the project's critical economic and strategic value, the Union government could reconsider the repayment clause

While we have a game-changing port ready, its global success will depend on strategic interventions by policymakers, swift adoption by businesses, and the pace of informed decision-making.

Shaping the port of the future

The Vizhinjam port is of immense significance to India's global maritime trade. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes. Many global shipping stakeholders have already appreciated the role the port is going to play in transshipment

FULL CONTEXT

Arun P.S.

The town of Vizhinjam in Kerala has played a crucial role in the history of global maritime trade. Inscriptions from the Pandya-Chola era (1129 AD) records Vizhinjam as Rajendra Chola Pattinam, a port of Kerala. Historians claim that Balita, a port with considerable commercial importance which finds mention in the first century AD historical travelogue *The Periplus of the Erythraean Sea*, is Vizhinjam's old name. However, this historical significance faded away after colonisers of India prioritised ports in other places like Cochin and Madras.

In the 1940s, the princely state of Travancore commissioned a study to explore Vizhinjam's potential to set up a world-class port. And now, after almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.

The port, located in Thiruvananthapuram district, started limited-scale operations from July last year and began commercial operations in December. The first phase of this public private partnership (PPP) project cost ₹8,867 crore and was developed by the State Government of Kerala (₹5,595 crore), with the support of concessionaire Adani Ports (₹2,454 crore) and the Union Government (which provided a Viability Gap Funding (VGF) of ₹817.8 crore with repayment conditions).

Trade boost: A view of the Vizhinjam International Seaport in Thiruvananthapuram on May 2. NIRMAL HARINDRAN

An important landmark

This port is of immense significance to India's global maritime trade. Currently, around 75% of India's transshipment cargo is handled at ports like Colombo, Singapore and Klang. The need to have a transshipment hub in India is being felt both economically and geopolitically. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes, strategically located just 10 nautical miles from the global maritime trading route. Many global shipping stakeholders have already appreciated the role of Vizhinjam on the transshipment map, and as a result, the port has already handled 6 lakh TEUs (twenty-foot equivalent units) berthing more than 280 ships, much higher than the projection of one lakh TEUs for 12 months within launch of operations, including 1.08 lakh TEUs from 51 vessels in March this year. Many large ships prefer ports with 18+ metre draft depth and Vizhinjam with a 20-metre natural draft can easily accommodate Ultra Large Container Vessels. The Mediterranean Shipping Company (MSC), one of the largest shipping companies globally, has included the port in two of their shipping services – the jade service (connecting Europe and Asia) and the dragon service (connecting Asia and the Mediterranean) after initial trial runs. This inclusion would direct more ships towards Vizhinjam.

The port has already made its presence felt through a number of milestones. This all-weather port is India's first greenfield port project. As India's first semi-automated port, it also flaunts a skilled women workforce operating automated cranes, another first in India. They were all trained at the Community Skill Park Vizhinjam, an industry-led PPP initiative launched by the Kerala government and operated by the Adani Skill Development Centre. In September last year, MSC Claude Girardet (24,116 TEUs) docked in Vizhinjam Port making it the largest cargo ship ever to dock in South Asia. Earlier, large ships would use Colombo as a transshipment hub. In October, MSC Anna's docking witnessed the Vizhinjam Port handling 10,330 containers from a single ship, a record for any Indian port. MSC Irina, the world's largest container ship, is expected to dock in Vizhinjam in May this year.

Need for a global push

While it is definitely a great start, there is a need to capitalise and surge ahead to reap maximum economic benefits. This triple engine (State, Union and concessionaire) project has the potential to make it big amongst the global players.

The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave 2025. The cover page of Kerala's State budget also featured an image of the Vizhinjam Port highlighting the significance of this project for the State's economic future. The State has signed an agreement with Adani Ports to fast-track the remaining phases, and it is set to be completed by 2028 instead of 2045. In March 2025, the Union Government granted the environmental clearance for the second and third phases. The ₹20,000 crore investment for the remaining phases will upgrade the port's handling capacity to 4.87 million TEUs from the existing one million TEUs and extend the length of the container berth from 1,200 metres to 2,000 metres.

Challenges and opportunities

However, there persist some challenges which need to be addressed urgently. Firstly, a push to develop the associated infrastructure in a fast-paced model. For instance, the arrival of 40 ships in February, resulted in delays which should be avoided in the long run. Industry stakeholders like the Container Shipping Lines Association (CSLA) have flagged the absence of an Integrated Check Post (ICP). The application for the check post is currently pending with the Union Home Ministry; the check post is crucial for generating revenue beyond transshipment through cargo operations and crew change facilities. A much-awaited Customs Office at the port was opened last month. The Kerala Steamer Agents Association had flagged the challenges owing to a delay in ICP approval in addition to the absence of a permanent Port Health Office, an important stakeholder for cargo operations.

The start of import-export operations at Vizhinjam could significantly help boost the local economy. The Kerala government had announced a Vizhinjam Development Zone with a focus on developing an industrial corridor covering the nearby regions. An IAS officer from the State could be allocated exclusively for overlooking the projects associated with the Vizhinjam Economic Growth corridor. In this year's budget, the Kerala government announced a dedicated space for other States to establish their official business centres near the port. Adani Ports Focussing on Scaling Up Marine, Logistics & Agri-Logistics Biz

'Adani Ports Focussing on Scaling Up Marine, Logistics & Agri-Logistics Biz'

Idea is to keep scaling up marine biz within India, as well as outside: Karan Adani

PTI

New Delhi: Adani Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said that India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses.

In an interview with PTI, Adani said that APSEZ, the flagship company of the Adani group, will invest ₹13,000 crore in Vizhinjam International Seaport in phase 2, which will take this deep-water port's cargo handling capacity from current 1.2 million TEUs (twenty-foot equivalent units) to almost 5 million TEUs by 2028.

Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport which was completed at an estimated cost of ₹8,867 crore.

"Within APSEZ, we have three big verticals that we are building on — marine business, logistics business and agri-logistics business," he said.

While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that (marine business) business up within India, as well as outside of India".

On the logistics side, Adani said APSEZ is looking at building multi-model logistics parks, similar to what the Adani group has done in the ports. "We want to build large, multi-modal logistics parks, and then to help it bring in volume, as well as to drive efficiency," he said.

Referring to the agri-logistics business, Adani said the grains which are stored today in India, are not stored in a proper manner. "So we are looking at silos, building silos and storing them," he said.

APSEZ MD Karan Adani

Asked how Vizhinjam International Seaport is different from APSEZ's other ports, Adani explained that Adani group's ports are predominantly doing the domestic volume and the import -export volume, none of them do transshipment volume.

"Vizhinjam International Seaport is the first one in the country with 100% transshipment volume — currently all the cargo which is moving from our ports are going to Singapore and to Colombo, those are the ones (cargo) which we are targeting to bring into Vizhinjam port," he said.

Currently, 75% of India's transshipment cargo is handled at ports outside India and Indian ports lose up to $200-220 million of potential revenue each year on transshipment handling of cargo originating/destined for India.

The Vizhinjam project is intended primarily to bring home the Indian cargo transshipment presently being undertaken at the foreign ports of Singapore, Colombo, Salalah and Dubai.

A transshipment port is a kind of transit hub where cargo from one ship is transferred to another ship on the way to its final destination.

Protest to prosperity: Vizhinjam port offers hope for local youth

Protest to prosperity: Vizhinjam port offers hope for local youth

PRESS TRUST OF INDIA
Thiruvananthapuram

Just a few years ago, the name Vizhinjam was at the heart of fierce protests. Now, it is being spoken of as a symbol of opportunity and progress, especially among the youth in this coastal village.

On Friday, Prime Minister Narendra Modi officially commissioned the Vizhinjam International Seaport, a project once met with strong resistance from the local fishermen community. Today, it stands as a source of pride and employment for many of those same residents.

"Who wouldn't want a good job in their hometown?" asked Rahul, a young man from the fishermen community, stepping out of the port wearing his safety helmet and uniform.

He is among the 35 per cent of port workers who are from Vizhinjam. Many more are hoping to follow his lead.

The port has slowly changed public opinion in the area. Years of protests, supported by the local Church, brought life in Vizhinjam to a standstill for over four months.

It was only after a meeting with Kerala Chief Minister Pinarayi Vijayan that the strikes were called off, with a promise of jobs and development.

Prime Minister Narendra Modi, Kerala Governor Rajendra Arlekar, Chief Minister Pinarayi Vijayan, Adani Group Chairman Gautam Adani and others at the Vizhinjam International Seaport in Thiruvananthapuram PTI

Now, those promises are beginning to materialise. Roshin, another young local who now works at the port, said, "This port is a game changer. Most youths here only had fishing as an option. Now they have a new future."

The Kerala government had made it clear during its agreement with the Adani Group that local youth must be given priority in hiring.

To support this, a Community Skill Park was set up in Vizhinjam under the Additional Skill Acquisition Programme (ASAP), offering training tailored to port jobs.

Among the most notable changes is the employment of nine local women as crane operators.

These women, trained at the local skill centre, now handle the massive Cantilever Rail Mounted Gantry cranes, which unload containers from ships.

According to port officials, this is the first time women have been given such a role in any Indian port.

Training doesn't stop there. Two groups of intermodal truck drivers trained at the skill park have already been hired, and 150 more young people are currently undergoing training.

Manoj Nair, managing director of a mooring company at the port, confirmed they have already hired 24 local workers and plan to recruit more as the port expands.

"This port will change not just Vizhinjam but all of Kerala," he said.

The deep-water port has been developed by Adani Ports and Special Economic Zone Ltd (APSEZ), India's largest port developer and part of the Adani Group, under a public-private partnership.

The project was completed at an estimated cost of Rs 8,867 crore.

In early 2025, Vizhinjam topped the list of ports on India's southern and western coasts for container cargo handling, managing over 100,000 TEUs (twenty-foot equivalent units) per month.

A major milestone came when Vizhinjam berthed the MSC Turkey, one of the largest cargo ships to ever reach India.

By 2028, the next phase of construction is expected to be complete, giving the port an annual capacity of at least 3 million TEUs. This phase will cost Rs 10,000 crore, which will be fully funded by Adani Ports.

The cover page of Kerala's State budget also featured an image of the Vizhinjam Port highlighting the significance of this project for the State's economic future. The State has signed an agreement with Adani Ports to fast-track the remaining phases, and it is set to be completed by 2028 instead of 2045. In March 2025, the Union Government granted the environmental clearance for the second and third phases. The ₹20,000 crore investment for the remaining phases will upgrade the port's handling capacity to 4.87 million TEUs from the existing one million TEUs and extend the length of the container berth from 1,200 metres to 2,000 metres.

Challenges and opportunities

However, there persist some challenges which need to be addressed urgently. Firstly, a push to develop the associated infrastructure in a fast-paced model. For instance, the arrival of 40 ships in February, resulted in delays which should be avoided in the long run. Industry stakeholders like the Container Shipping Lines Association (CSLA) have flagged the absence of an Integrated Check Post (ICP). The application for the check post is currently pending with the Union Home Ministry; the check post is crucial for generating revenue beyond

The start of import-export operations at Vizhinjam could significantly help boost the local economy. The Kerala government had announced a Vizhinjam Development Zone with a focus on developing an industrial corridor covering the nearby regions. An IAS officer from the State could be allocated exclusively for overlooking the projects associated with the Vizhinjam Economic Growth corridor. In this year's budget, the Kerala government announced a dedicated space for other States to establish their official business centres near the port. The pace of completion of multiple projects including the National Highway 66 which connects to the port, the railway line connecting Balaramapuram to the port and the 63 km Thiruvananthapuram Outer Ring Road (ORR), would decide the fate of the future of the port.

There should also be efforts to promote allied businesses including ship building, ship repair, crew change facilities, logistics, warehousing and bunkering facilities. There is significant momentum for building a shipyard and ship repair centre in Poovar (10 kms from the Vizhinjam port). Adani Ports has announced that Vizhinjam Port will also be a global bunkering hub, supplying clean and green fuel like hydrogen and ammonia. The Kerala government's energy agency ANERT is exploring energy projects including wave power and green hydrogen projects near the port.

There is also a concerted campaign to change the name of the port to Trivandrum International Sea Port Limited, which offers a stronger value proposition from a global branding perspective and consistent with the 'IN TRV 01' location code allocated by the Directorate General of Systems and Data Management.

Special economic zone

Mahindra Group Chairman Anand

There is great potential for the deep sea port in Thiruvananthapuram to trigger a similar economic boom in the region, depending exclusively on how various actors including governments, the concessionaire, businesses, and local communities perceive these changes and rise to the occasion. The Kerala government should ideally fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

Maybe when the Bill is introduced in the Kerala Legislative Assembly, it should be referred to a select committee to study various best practices across the globe in port-led economies including Shenzhen. On the other hand, the Union government should reconsider the decision to have another transshipment hub 40 km away from Vizhinjam in Colachel. Probably, in the interests of the economic viability of large-scale transshipment port projects, we need a policy similar to the greenfield airport policy that prevents new transshipment ports within 750-1,000 kms. Additionally, the Kerala government and legislators across the Left and Congress parties have expressed concerns regarding the repayment terms associated with the Union government's ₹817.8 crore VGF which could potentially escalate to approximately ₹10,000 crore over time, imposing a significant burden on the State's finances. In light of the project's critical economic and strategic value, the Union government could reconsider the repayment clause

While we have a game-changing port ready, its global success will depend on strategic interventions by policymakers, swift adoption by businesses, and the pace of informed decision-making.

'Adani Ports Focussing on Scaling Up Marine, Logistics & Agri-Logistics Biz'

Idea is to keep scaling up marine biz within India, as well as outside: Karan Adani

PTI

New Delhi: Adani Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said that India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses.

In an interview with PTI, Adani said that APSEZ, the flagship company of the Adani group, will invest ₹13,000 crore in Vizhinjam International Seaport in phase 2, which will take this deep-water port's cargo handling capacity from current 1.2 million TEUs (twenty-foot equivalent units) to almost 5 million TEUs by 2028.

Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport which was completed at an estimated cost of ₹8,867 crore.

"Within APSEZ, we have three big verticals that we are building on — marine business, logistics business and agri-logistics business," he said.

While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that (marine business) business up within India, as well as outside of India".

On the logistics side, Adani said APSEZ is looking at building multi-model logistics parks, similar to what the Adani group has done in the ports. "We want to build large, multi-modal logistics parks, and then to help it bring in volume, as well as to drive efficiency," he said.

Referring to the agri-logistics business, Adani said the grains which are stored today in India, are not stored in a proper manner. "So we are looking at silos, building silos and storing them," he said.

APSEZ MD Karan Adani

Asked how Vizhinjam International Seaport is different from APSEZ's other ports, Adani explained that Adani group's ports are predominantly doing the domestic volume and the import -export volume, none of them do transshipment volume.

"Vizhinjam International Seaport is the first one in the country with 100% transshipment volume — currently all the cargo which is moving from our ports are going to Singapore and to Colombo, those are the ones (cargo) which we are targeting to bring into Vizhinjam port," he said.

Currently, 75% of India's transshipment cargo is handled at ports outside India and Indian ports lose up to $200-220 million of potential revenue each year on transshipment handling of cargo originating/destined for India.

The Vizhinjam project is intended primarily to bring home the Indian cargo transshipment presently being undertaken at the foreign ports of Singapore, Colombo, Salalah and Dubai.

A transshipment port is a kind of transit hub where cargo from one ship is transferred to another ship on the way to its final destination.

Protest to prosperity: Vizhinjam port offers hope for local youth

PRESS TRUST OF INDIA
Thiruvananthapuram

Just a few years ago, the name Vizhinjam was at the heart of fierce protests. Now, it is being spoken of as a symbol of opportunity and progress, especially among the youth in this coastal village.

On Friday, Prime Minister Narendra Modi officially commissioned the Vizhinjam International Seaport, a project once met with strong resistance from the local fishermen community. Today, it stands as a source of pride and employment for many of those same residents.

"Who wouldn't want a good job in their hometown?" asked Rahul, a young man from the fishermen community, stepping out of the port wearing his safety helmet and uniform.

He is among the 35 per cent of port workers who are from Vizhinjam. Many more are hoping to follow his lead.

The port has slowly changed public opinion in the area. Years of protests, supported by the local Church, brought life in Vizhinjam to a standstill for over four months.

It was only after a meeting with Kerala Chief Minister Pinarayi Vijayan that the strikes were called off, with a promise of jobs and development.

Now, those promises are beginning to materialise. Roshin, another young local who now works at the port, said, "This port is a game changer. Most youths here only had fishing as an option. Now they have a new future."

The Kerala government had made it clear during its agreement with the Adani Group that local youth must be given priority in hiring.

To support this, a Community Skill Park was set up in Vizhinjam under the Additional Skill Acquisition Programme (ASAP), offering training tailored to port jobs.

Among the most notable changes is the employment of nine local women as crane operators.

These women, trained at the local skill centre, now handle the massive Cantilever Rail Mounted Gantry cranes, which unload containers from ships.

According to port officials, this is the first time women have been given such a role in any Indian port.

Training doesn't stop there. Two groups of intermodal truck drivers trained at the skill park have already been hired, and 150 more young people are currently undergoing training.

Manoj Nair, managing director of a mooring company at the port, confirmed they have already hired 24 local workers and plan to recruit more as the port expands.

"This port will change not just Vizhinjam but all of Kerala," he said.

The deep-water port has been developed by Adani Ports and Special Economic Zone Ltd (APSEZ), India's largest port developer and part of the Adani Group, under a public-private partnership.

The project was completed at an estimated cost of Rs 8,867 crore.

In early 2025, Vizhinjam topped the list of ports on India's southern and western coasts for container cargo handling, managing over 100,000 TEUs (twenty-foot equivalent units) per month.

A major milestone came when Vizhinjam berthed the MSC Turkey, one of the largest cargo ships to ever reach India.

By 2028, the next phase of construction is expected to be complete, giving the port an annual capacity of at least 3 million TEUs. This phase will cost Rs 10,000 crore, which will be fully funded by Adani Ports.

Shaping the port of the future

The Vizhinjam port is of immense significance to India's global maritime trade. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes. Many global shipping stakeholders have already appreciated the role the port is going to play in transshipment

FULL CONTEXT

Arun P.S.

The town of Vizhinjam in Kerala has played a crucial role in the history of global maritime trade. Inscriptions from the Pandya-Chola era (1129 AD) records Vizhinjam as Rajendra Chola Pattinam, a port of Kerala. Historians claim that Balita, a port with considerable commercial importance which finds mention in the first century AD historical travelogue *The Periplus of the Erythraean Sea*, is Vizhinjam's old name. However, this historical significance faded away after colonisers of India prioritised ports in other places like Cochin and Madras.

In the 1940s, the princely state of Travancore commissioned a study to explore Vizhinjam's potential to set up a world-class port. And now, after almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.

The port, located in Thiruvananthapuram district, started limited-scale operations from July last year and began commercial operations in December. The first phase of this public private partnership (PPP) project cost ₹8,867 crore and was developed by the State Government of Kerala (₹5,595 crore), with the support of concessionaire Adani Ports (₹2,454 crore) and the Union Government (which provided a Viability Gap Funding (VGF) of ₹817.8 crore with repayment conditions).

Trade boost: A view of the Vizhinjam International Seaport in Thiruvananthapuram on May 2. NIRMAL HARINDRAN

last year, MSC Claude Girardet (24,116 TEUs) docked in Vizhinjam Port making it the largest cargo ship ever to dock in South Asia. Earlier, large ships would use Colombo as a transshipment hub. In October, MSC Anna's docking witnessed the Vizhinjam Port handling 10,330 containers from a single ship, a record for any Indian port. MSC Irina, the world's largest container ship, is expected to dock in Vizhinjam in May this year.

transshipment through cargo operations and crew change facilities. A much-awaited Customs Office at the port was opened last month. The Kerala Steamer Agents Association had flagged the challenges owing to a delay in ICP approval in addition to the absence of a permanent Port Health Office, an important stakeholder for cargo operations.

The start of import-export operations

Mahindra recently advocated for a Shenzhen equivalent city in India. Shenzhen used to be a quiet fishing village, like Vizhinjam, in the 1970s and became China's first Special Economic Zone in 1980. The Port of Shenzhen, established in 1980 has emerged as a top player in global maritime trade and contributed significantly in the transition of the city as the Silicon Valley of China. There is great potential for the deep sea

THE GIST

- After almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.
- The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave.
- The Kerala government should fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

An important landmark

This port is of immense significance to India's global maritime trade. Currently, around 75% of India's transshipment cargo is handled at ports like Colombo, Singapore and Klang. The need to have a transshipment hub in India is being felt both economically and geopolitically. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes, strategically located just 10 nautical miles from the global maritime trading route. Many global shipping stakeholders have already appreciated the role of Vizhinjam on the transshipment map, and as a result, the port has already handled 6 lakh TEUs (twenty-foot equivalent units) berthing more than 280 ships, much higher than the projection of one lakh TEUs for 12 months within launch of operations, including 1.08 lakh TEUs from 51 vessels in March this year. Many large ships prefer ports with 18+ metre draft depth and Vizhinjam with a 20-metre natural draft can easily accommodate Ultra Large Container Vessels. The Mediterranean Shipping Company (MSC), one of the largest shipping companies globally, has included the port in two of their shipping services – the jade service (connecting Europe and Asia) and the dragon service (connecting Asia and the Mediterranean) after initial trial runs. This inclusion would direct more ships towards Vizhinjam.

The port has already made its presence felt through a number of milestones. This all-weather port is India's first greenfield port project. As India's first semi-automated port, it also flaunts a skilled women workforce operating automated cranes, another first in India. They were all trained at the Community Skill Park Vizhinjam, an industry-led PPP initiative launched by the Kerala government and operated by the Adani Skill Development Centre. In September in Vizhinjam in May this year.

Need for a global push

While it is definitely a great start, there is a need to capitalise and surge ahead to reap maximum economic benefits. This triple engine (State, Union and concessionaire) project has the potential to make it big amongst the global players.

The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave 2025. The cover page of Kerala's State budget also featured an image of the Vizhinjam Port highlighting the significance of this project for the State's economic future. The State has signed an agreement with Adani Ports to fast-track the remaining phases, and it is set to be completed by 2028 instead of 2045. In March 2025, the Union Government granted the environmental clearance for the second and third phases. The ₹20,000 crore investment for the remaining phases will upgrade the port's handling capacity to 4.87 million TEUs from the existing one million TEUs and extend the length of the container berth from 1,200 metres to 2,000 metres.

Challenges and opportunities

However, there persist some challenges which need to be addressed urgently. Firstly, a push to develop the associated infrastructure in a fast-paced model. For instance, the arrival of 40 ships in February, resulted in delays which should be avoided in the long run. Industry stakeholders like the Container Shipping Lines Association (CSLA) have flagged the absence of an Integrated Check Post (ICP). The application for the check post is currently pending with the Union Home Ministry; the check post is crucial for generating revenue beyond

The start of import-export operations at Vizhinjam could significantly help boost the local economy. The Kerala government had announced a Vizhinjam Development Zone with a focus on developing an industrial corridor covering the nearby regions. An IAS officer from the State could be allocated exclusively for overlooking the projects associated with the Vizhinjam Economic Growth corridor. In this year's budget, the Kerala government announced a dedicated space for other States to establish their official business centres near the port. The pace of completion of multiple projects including the National Highway 66 which connects to the port, the railway line connecting Balaramapuram to the port and the 63 km Thiruvananthapuram Outer Ring Road (ORR), would decide the fate of the future of the port.

There should also be efforts to promote allied businesses including ship building, ship repair, crew change facilities, logistics, warehousing and bunkering facilities. There is significant momentum for building a shipyard and ship repair centre in Poovar (10 kms from the Vizhinjam port). Adani Ports has announced that Vizhinjam Port will also be a global bunkering hub, supplying clean and green fuel like hydrogen and ammonia. The Kerala government's energy agency ANERT is exploring energy projects including wave power and green hydrogen projects near the port.

There is also a concerted campaign to change the name of the port to Trivandrum International Sea Port Limited, which offers a stronger value proposition from a global branding perspective and consistent with the 'IN TRV 01' location code allocated by the Directorate General of Systems and Data Management.

Special economic zone

Mahindra Group Chairman Anand

There is great potential for the deep sea port in Thiruvananthapuram to trigger a similar economic boom in the region, depending exclusively on how various actors including governments, the concessionaire, businesses, and local communities perceive these changes and rise to the occasion. The Kerala government should ideally fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

Maybe when the Bill is introduced in the Kerala Legislative Assembly, it should be referred to a select committee to study various best practices across the globe in port-led economies including Shenzhen. On the other hand, the Union government should reconsider the decision to have another transshipment hub 40 km away from Vizhinjam in Colachel. Probably, in the interests of the economic viability of large-scale transshipment port projects, we need a policy similar to the greenfield airport policy that prevents new transshipment ports within 750-1,000 kms. Additionally, the Kerala government and legislators across the Left and Congress parties have expressed concerns regarding the repayment terms associated with the Union government's ₹817.8 crore VGF which could potentially escalate to approximately ₹10,000 crore over time, imposing a significant burden on the State's finances. In light of the project's critical economic and strategic value, the Union government could reconsider the repayment clause

While we have a game-changing port ready, its global success will depend on strategic interventions by policymakers, swift adoption by businesses, and the pace of informed decision-making.

Gujarat's ro-pax service loses money

Avinash Nair

It's been seven long years since Gujarat proudly launched its ferry service across the Gulf of Khambhat — a dream project meant to link rural Saurashtra with the vibrant city of Surat and its famed textiles and diamonds. Backed by the Centre's Sagarmala initiative and boasting sleek new ro-pax ships — capable of ferrying vehicles and passengers — from South Korea and Japan, you'd think it would be smooth sailing.

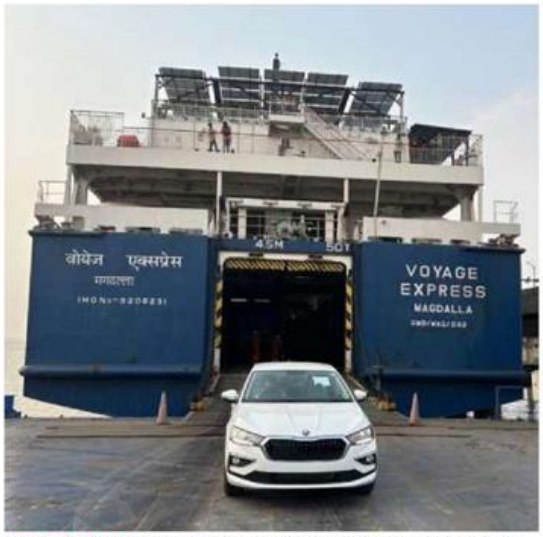

But the reality is quite different. The ambitious venture is losing money. The project's first ship, 'Island Jade', was brought in with great hope by a Surat businessman in 2017 to launch the service between Ghogha, on the western flank of the Gulf of Khambhat, and Hazira on the eastern side.

"Despite achieving 55 per cent capacity utilisation in transporting passengers and an impressive 87 per cent in cargo capacity utilisation, we are unable to meet the cost of operating the ferry service. We now have a net loss of ₹325 crore," says Chetan Contractor, the promoter and Chairman of the Surat-based Detox Group, which operates the ferry through a subsidiary, Indigo Seaways Pvt Ltd.

In November 2020, the Union Ministry of Ports, Shipping and Waterways operationalised ro-pax ferry service between Ghogha and Hazira after Prime Minister Narendra Modi flagged it off with great fanfare. It has since transported 12.59 lakh passengers and 4.5 lakh vehicles. Compared to road transport, the ferry service cuts travel between Ghogha in Bhavnagar district and Hazira in Surat district by 400 km.

"Till date, we have unsecured loans totalling ₹242 crore, and we have no clue how to repay it. Even after selling the two vessels, a huge amount will be outstanding," says Contractor. He adds that the ₹90 crore cost incurred on terminal operations has not been reimbursed by government agencies, as per the tripartite agreement inked between Indigo Seaways, Deendayal Port Authority and the Gujarat Maritime Board.

"The cost of operating the ferry terminals is not our responsibility. Secondly, we had bought a second ferry from Japan as we were expecting to bag the proposed Pipavav-Hazira and Pipavav-Mumbai ferry services. However, both projects did not take off and we were forced to deploy the ferry on the Ghogha-Hazira route in November 2022, after it remained idling for 1.5 years at Pipavav port," he says.

HOW IT ROLLS. The ro-pax ferry service between Ghogha and Hazira has transported 4.5 lakh vehicles till date

The ferry operator has now sought viability gap funding from the government. "The ro-pax ferries are competing with road and rail transport of the government, which operate on subsidies. We have written to the GoI for support, without which the project is not financially viable, making it impossible to continue operating the service," Contractor says.

To attract more traffic to the ferry service, the company had fixed the average ticketing price at ₹400-600 per passenger, which is half of the actual ticket cost.

BACKSTORY

The history of the ferry service across the Gulf of Khambhat is much older. The project had been on the drawing board since 1995. However, it was in June 2010 that the project received Coastal Regulation Zone clearance for construction activities and operation of ferry service. It was originally planned to be operated between Ghogha and Dahej, which lies north of Hazira, to provide a crucial link to Bharuch and Surat.

Work on the project began in 2012, when Modi, as Gujarat Chief Minister, performed the 'bhoomi pujan' at Ghogha. After more than ₹600 crore spent on the project, spearheaded by the Gujarat Maritime Board, it was commissioned in October 2017. Modi, as PM, sailed aboard the passenger-only 'Island Jade' on the occasion.

In October 2018, Gujarat Chief Minister Vijay Rupani inaugurated a new ro-pax vessel, 'Voyage Symphony', replacing Island Jade on the Ghogha-Dahej route. Until September 2019, the vessel had transported 2.8 lakh passengers, 45,000 cars, 12,500 trucks, and 26,000 two-wheelers. After three major breakdowns, the service was suspended due to heavy siltation at Dahej terminal, which is close to the mouth of Narmada river.

In January 2020, GMB informed the Centre that it was giving up the project as dredging costs had increased four times, leaving the project bleeding. The board wanted the Centre to take over the project. GMB had spent close to ₹250 crore on capital dredging and four maintenance dredging campaigns on the Ghogha-Dahej route. About a month later, Deendayal Port Trust (formerly Kandla Port Trust), on behalf of the Modi government, finally floated a tender to start a new Ghogha-Hazira ro-pax ferry route.

In November 2020, the Union Ministry of Ports, Shipping and Waterways operationalised ro-pax ferry service between Ghogha and Hazira after Prime Minister Narendra Modi flagged it off with great fanfare. It has since transported 12.59 lakh passengers and 4.5 lakh vehicles. Compared to road transport, the ferry service cuts travel between Ghogha in Bhavnagar district and Hazira in Surat district by 400 km.

"Till date, we have unsecured loans totalling ₹242 crore, and we have no clue how to repay it. Even after selling the two vessels, a huge amount will be outstanding," says Contractor. He adds that the ₹90 crore cost incurred on terminal operations has not been reimbursed by government agencies, as per the tripartite agreement inked between Indigo Seaways, Deendayal Port Authority and the Gujarat Maritime Board.

"The cost of operating the ferry terminals is not our responsibility. Secondly, we had bought a second ferry from Japan as we were expecting to bag the proposed Pipavav-Hazira and Pipavav-Mumbai ferry services. However, both projects did not take off and we were forced to deploy the ferry on the Ghogha-Hazira route in November 2022, after it remained idling for 1.5 years at Pipavav port," he says.

HOW IT ROLLS. The ro-pax ferry service between Ghogha and Hazira has transported 4.5 lakh vehicles till date

The ferry operator has now sought viability gap funding from the government. "The ro-pax ferries are competing with road and rail transport of the government, which operate on subsidies. We have written to the GoI for support, without which the project is not financially viable, making it impossible to continue operating the service," Contractor says.

To attract more traffic to the ferry service, the company had fixed the average ticketing price at ₹400-600 per passenger, which is half of the actual ticket cost.

BACKSTORY

The history of the ferry service across the Gulf of Khambhat is much older. The project had been on the drawing board since 1995. However, it was in June 2010 that the project received Coastal Regulation Zone clearance for construction activities and operation of ferry service. It was originally planned to be operated between Ghogha and Dahej, which lies north of Hazira, to provide a crucial link to Bharuch and Surat.

Work on the project began in 2012, when Modi, as Gujarat Chief Minister, performed the 'bhoomi pujan' at Ghogha. After more than ₹600 crore spent on the project, spearheaded by the Gujarat Maritime Board, it was commissioned in October 2017. Modi, as PM, sailed aboard the passenger-only 'Island Jade' on the occasion.

In October 2018, Gujarat Chief Minister Vijay Rupani inaugurated a new ro-pax vessel, 'Voyage Symphony', replacing Island Jade on the Ghogha-Dahej route. Until September 2019, the vessel had transported 2.8 lakh passengers, 45,000 cars, 12,500 trucks, and 26,000 two-wheelers. After three major breakdowns, the service was suspended due to heavy siltation at Dahej terminal, which is close to the mouth of Narmada river.

In January 2020, GMB informed the Centre that it was giving up the project as dredging costs had increased four times, leaving the project bleeding. The board wanted the Centre to take over the project. GMB had spent close to ₹250 crore on capital dredging and four maintenance dredging campaigns on the Ghogha-Dahej route. About a month later, Deendayal Port Trust (formerly Kandla Port Trust), on behalf of the Modi government, finally floated a tender to start a new Ghogha-Hazira ro-pax ferry route.

Gujarat's ro-pax service loses money

It's been seven long years since Gujarat proudly launched its ferry service across the Gulf of Khambhat — a dream project meant to link rural Saurashtra with the vibrant city of Surat and its famed textiles and diamonds. Backed by the Centre's Sagarmala initiative and boasting sleek new ro-pax ships — capable of ferrying vehicles and passengers — from South Korea and Japan, you'd think it would be smooth sailing.

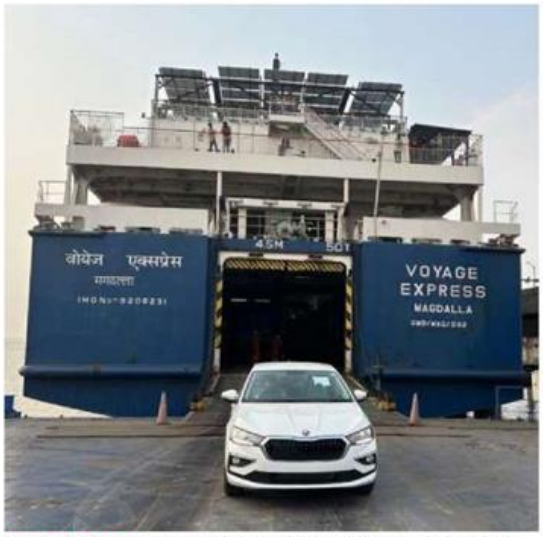

But the reality is quite different. The ambitious venture is losing money. The project's first ship, 'Island Jade', was brought in with great hope by a Surat businessman in 2017 to launch the service between Ghogha, on the western flank of the Gulf of Khambhat, and Hazira on the eastern side.

"Despite achieving 55 per cent capacity utilisation in transporting passengers and an impressive 87 per cent in cargo capacity utilisation, we are unable to meet the cost of operating the ferry service. We now have a net loss of ₹325 crore," says Chetan Contractor, the promoter and Chairman of the Surat-based Detox Group, which operates the ferry through a subsidiary, Indigo Seaways Pvt Ltd.

After three major breakdowns, the service was suspended due to heavy siltation at Dahej terminal, which is close to the mouth of Narmada river.

In January 2020, GMB informed the Centre that it was giving up the project as dredging costs had increased four times, leaving the project bleeding. The board wanted the Centre to take over the project. GMB had spent close to ₹250 crore on capital dredging and four maintenance dredging campaigns on the Ghogha-Dahej route. About a month later, Deendayal Port Trust (formerly Kandla Port Trust), on behalf of the Modi government, finally floated a tender to start a new Ghogha-Hazira ro-pax ferry route.

New terms for sharing credit

Version 2.0 of co-lending is set to rise, but its earlier avatar continues to cast a shadow, report **RAGHU MOHAN** & **ABHIJIT LELE**

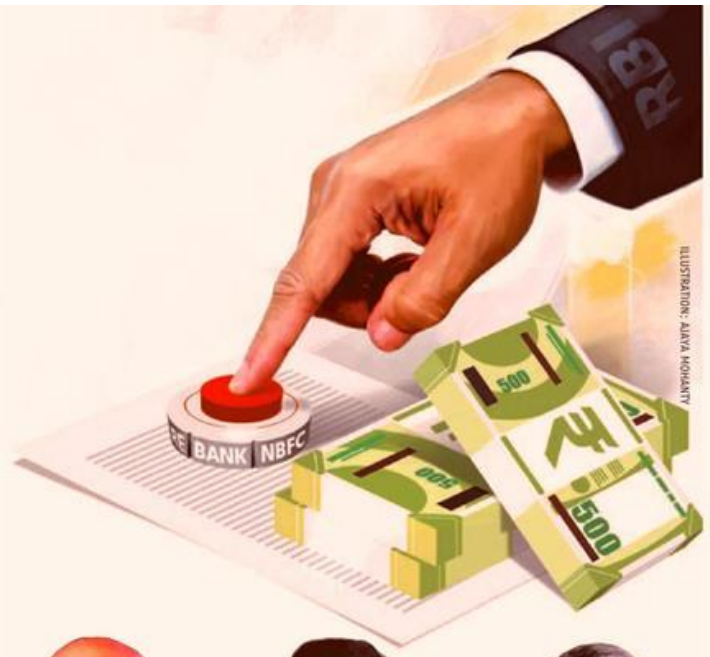

ILLUSTRATION: AJAYA MOHANTY

Almost seven years after it was rolled out, the Reserve Bank of India (RBI) has hit the reset button on co-lending. The new draft framework goes beyond banks and non-banking financial companies (NBFCs) to cover all regulated entities (REs), and segments outside priority-sector loans.

Will version 2.0 fire?

The reality is that co-lending did not take off because banks and NBFCs had to dance around issues after blowouts in shadow banking, and iron out the finer aspects of the model. And even now, there's no data from Mint Road on the outstanding loans under this arrangement. A report by Crisil put NBFCs' assets under co-lending as nearing ₹1 trillion at end-December 2023; another by Icra put it at ₹50,000 crore in FY24. But both numbers are not to be taken as the total assets under this facility of banks and NBFCs.

The pain points

"I think everybody is struggling. Fundamentally, it means your underwriting standards should be aligned with those of the originator: NBFCs," says a candid Prashant Kumar, managing director (MD) and chief executive officer (CEO) of Yes Bank. Asked if the draft framework addresses these issues, he points to the fact that it now covers arrangements across all REs and segments. Or take microfinance institutions, some of whom are under stress. As Jiji Mammen, executive director and CEO of Sa-Dhan — the self-regulatory body for the business — views it, the risk appetite of the partners will be different and "accordingly, will opt for their share in the arrangement. The perception of each entity will also reflect in their individual pricing."

So, how do REs get on the same page?

A model document may have to be worked out to be agreed upfront between them. For example, banks are more comfortable funding fleet operators and NBFCs are happier with new-to-credit commercial vehicle owners. Banks service largely out of branches; NBFCs are fine with field decisions. Just that the differences will cover a wider lot of REs here on. Again, the RBI has made it clear that since the borrower remains the same, if an RE classifies its exposure as non-performing, the same shall be applicable to other RE too.

Ultimate responsibility

The other aspect to be factored is the RBI's master direction on 'Managing Risks and Code of Conduct in Outsourcing of Financial Services'. It's categorical that outsourcing of any activity by an RE does not diminish its obligations, as also that of its board/senior management, which have the ultimate responsibility for the outsourced activity. That REs must ensure the service provider employs the same high standard of care while performing the services as would be employed by them — that is if the activities were conducted by the REs and not outsourced.

Then, there is the issue of the first-loss default guarantee (FLDG) — where its issuer compensates another in a lending relationship for the first losses incurred on a loan portfolio due to defaults, up to a predetermined percentage. It is capped at five per cent now. Shachindra Nath, founder and MD of UGRO Capital, says: "We have been asking for uniformity between digital lending-business correspondent arrangement and co-lending. Given that FLDGs have been allowed, it will make banks open up to co-lending because the spread they would allow to NBFCs would ensure that they have minimal credit cost."

According to Gaurav Gupta, founder, MD & CEO of Tyger Capital (the erstwhile Adani Capital): "There is little difference between the interest charged by banks and NBFCs for co-lending. If banks are now going to ask for FLDG, will the lending rate be lower?"

Put differently, FLDGs involve a cost to the issuer (it's a contingent liability): how is it to be factored in co-lending? Remember, the borrower pays a blended rate; and to the extent FLDG is in play, its issuer has to make it good. The irony here is that a section of REs was all along for FLDGs even as Mint Road was a bit wary of the product: the fear being REs will seek comfort through FLGDs, rather than put their skin in the game, and this may run counter to its view on outsourcing in the master direction.

Co-lending version 2.0 will go through birth pangs.

'Adani Ports Focussing on Scaling Up Marine, Logistics & Agri-Logistics Biz'

Idea is to keep scaling up marine biz within India, as well as outside: Karan Adani

PTI

New Delhi: Adani Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said that India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses.

In an interview with PTI, Adani said that APSEZ, the flagship company of the Adani group, will invest ₹13,000 crore in Vizhinjam International Seaport in phase 2, which will take this deep-water port's cargo handling capacity from current 1.2 million TEUs (twenty-foot equivalent units) to almost 5 million TEUs by 2028.

Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport which was completed at an estimated cost of ₹8,867 crore.

"Within APSEZ, we have three big verticals that we are building on — marine business, logistics business and agri-logistics business," he said.

While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that (marine business) business up within India, as well as outside of India".

On the logistics side, Adani said APSEZ is looking at building multi-model logistics parks, similar to what the Adani group has done in the ports. "We want to build large, multi-modal logistics parks, and then to help it bring in volume, as well as to drive efficiency," he said.

Referring to the agri-logistics business, Adani said the grains which are stored today in India, are not stored in a proper manner. "So we are looking at silos, building silos and storing them," he said.

APSEZ MD Karan Adani

Asked how Vizhinjam International Seaport is different from APSEZ's other ports, Adani explained that Adani group's ports are predominantly doing the domestic volume and the import -export volume, none of them do transshipment volume.

"Vizhinjam International Seaport is the first one in the country with 100% transshipment volume — currently all the cargo which is moving from our ports are going to Singapore and to Colombo, those are the ones (cargo) which we are targeting to bring into Vizhinjam port," he said.

Currently, 75% of India's transshipment cargo is handled at ports outside India and Indian ports lose up to $200-220 million of potential revenue each year on transshipment handling of cargo originating/destined for India.

The Vizhinjam project is intended primarily to bring home the Indian cargo transshipment presently being undertaken at the foreign ports of Singapore, Colombo, Salalah and Dubai.

A transshipment port is a kind of transit hub where cargo from one ship is transferred to another ship on the way to its final destination.

Doctor to Philanthropist:
Transforming Lives with Compassion

ANGELS OF MUMBAI
Presented by adani

Malad-based Dr Girish Trivedi had always been keen on philanthropy and believed in paying it forward. A general physician for over 17 years, he decided in 1999 to fuse philanthropy with his medical experience to assist people in various aspects of health.

"Around the end of the 1990s and early 2000s, the cases of HIV and AIDS in India were quite high and there was a lot of fear, stigma and discrimination associated with it. There were very few doctors who were supporting these patients and so he felt that it was the need of the hour. So I decided to help patients who were battling with it and guide them in whatever way I can," explains Dr Trivedi, founder-trustee of Aids Combat International, adding that he was able to do this due to the constant support of his wife, Mamta.

Although he had been helping patients since 1999, he officially established his not-for-profit Aids Combat International (ACI) in 2002. His organisation assisted patients with breast cancer, those needing cataract and retina surgery, brain stroke and cardiac issues. There were also programmes for eye, skin and organ donation, and people requiring dialysis. However, ACI's flagship project remained focused on HIV and AIDS.

"We found widows infected with HIV and AIDS who were struggling to take care of themselves and also raise kids, while also facing discrimination and judgement for being infected," he explains. ACI gave these women the expensive medicines for free along with monthly groceries that included protein-rich foods to strengthen their immunity. But the work did not stop there, as he also made sure that the education of these widows' children was taken care of, so that they could build a life for themselves.

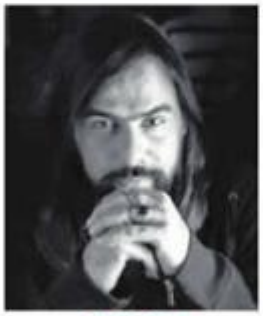

Taking another step towards women's health was ACI's breast cancer programme, which was launched in 2022. Seeing a rise in the number of breast cancer patients, Dr Trivedi thought that it was necessary to work in this segment, as early detection could save lives. "An early detection with timely treatment and surgery can not only save the woman's life, but she can also live a healthy life," he explains. Collaboration with a corporate partner enabled funding of hundreds of breast cancer surgeries.

Because of this noble work, there were quite a few doctors who agreed to conduct the surgery at a reasonable cost. "Usually, after surgery, when it comes to post-surgery care and treatment like chemotherapy, most people's savings are drained in spite of help from us or others," he explained. As a doctor, he understood the need for early detection and so his organisation periodically conducted breast cancer screening at various locations by deploying mobile mammography vans—all free of cost.

Feroz Khan, choreographer and music video director, who has known Dr Trivedi for over two decades, shares, "Dr Trivedi has been lending a helping hand to people with HIV, AIDS and breast cancer, who face dire situations in life. He and his family have also been using their homes for this noble work that shows passion and dedication."

FLIGHT TURBULENCE | MIAL's decision to shut down freight operations and slot cuts in flights of West Asian airlines met with anger; IATA urges airport operator to engage with the industry

Airlines & freight operators cry foul as new airport takes wings

Dhairya Gajara
MUMBAI

The Navi Mumbai International Airport (NMIA) will be inaugurated on June 1 and operations are expected to commence in the second half of August. Even as the inauguration is less than a month away, uncertainties loom over airlines shifting operations from Mumbai's Chhatrapati Shivaji Maharaj International Airport (CSMIA) to the new facility.

In January, CSMIA and NMIA's operator, Mumbai International Airport Ltd (MIAL), announced the redevelopment of CSMIA's Terminal 1, to enhance capacity to manage 20 million passengers annually. The 'modernisation' of T1 is expected to begin in a phased manner in November and is expected to be completed in 2028-29. MIAL had announced that the capacity gap created by the redevelopment work will be managed by T2 and NMIA.

On April 21, MIAL informed cargo operators that it is going to temporarily shut down freight operations from August 16 until further notice. The airport operator justified the move by saying that it needs to carry out multiple airside works, including construction of a new taxiway for runway 14/32.

"MIAL has always ensured that any infrastructure upgrade is created in a fair and transparent manner. MIAL had therefore carried out consultation on March 13, 2024, on intended infrastructure upgrade giving all relevant stakeholders adequate notice period," the airport said in its letter to the cargo operators.

MIAL also announced slot cuts in flights of West Asian airlines for the winter season. The move faced severe backlash from airlines and Airline Operators Committee-Mumbai (AOC-Mumbai) complained to the Ministry of Civil Aviation. The airlines believe that this is yet another attempt to push the operations to NMIA.

"Such a significant operational decision, which directly impacts airline schedules, connectivity and passenger experience, cannot and must not be imposed without stakeholder engagement," read the letter by AOC-Mumbai.

Following these two decisions by MIAL, the International Air Transport Association (IATA) intervened. In a statement, John Middleton, the head for worldwide airport slots at IATA, said that MIAL had failed to adhere to MoCA's guidelines for slot allocation.

It urged MIAL to immediately withdraw the cuts and instead urgently engage with the airline industry in consultations to minimise disruptions to airline operations, inconvenience to passengers, and loss of air connectivity for Mumbai. "We hope that the operator of the two-airport system in Mumbai is not using this situation to pressure airlines to move their operations to their upcoming airport. We fear that this is an example of airport capacity gaming which will harm aviation throughout India and beyond," he said.

MIAL also issued a statement in which it refuted IATA's assertions, claiming that the adjustments to cargo operations and slot allocations have followed a transparent, consultative and regulator-driven process.

"Airlines have full autonomy over network planning, and there has been no attempt to steer traffic from CSMIA to NMIA. MIAL continues to respect international best practices, including the guidelines issued by the Worldwide Airport Slot Board (WASB), and remains committed to maintaining fair and equitable coordination with all stakeholders," MIAL said.

Industry experts have raised concerns regarding these developments. They believe that MIAL is also planning to shift chartered flights to NMIA as the airport had announced that the non-scheduled flights will not get parking space at CSMIA from the end of the year.

Sandip Jadhav, a Saudi Arabia-based logistics manager, said, "This major update will impact the logistics and supply chain industry significantly. Freighters like Boeing 777s and 747s, carrying 100+ tonnes, will be grounded. Belly cargo on passenger flights will take over, but capacity may fall short. This change demands quick adaptability and close coordination with customers, partners, and airlines."

Vipul Saxena, a Mumbai-based former defence pilot and an aviation expert, said, "It will be inconvenient for the residents of south and north Mumbai to reach NMIA without a convenient mode of transport. The ministry should intervene and find a workable solution also focusing on the targetted development of T1 for increased passenger capacity."

CSMIA is India's second-busiest cargo hub handling 24% of the country's freight. It handles around four to five freighter aircraft daily, mainly facilitating import and export from the Middle-East, US and UK.

CSMIA records more than 120 daily flights to and from West Asia. Among them, more than 40 flights are operated by West Asian carriers

Nepali man held with fake passport at airport

Megha Kuchik
MUMBAI

A 40-year-old Nepali citizen who had been living illegally in India for 40 years was intercepted on May 2 at Mumbai airport while attempting to travel to Rome on an Indian passport obtained fraudulently. An immigration officer filed a complaint with the Sahar police, and a case was registered the same day.

According to the FIR, at 2am, Vipin Basnet approached the immigration counter to board IndiGo flight 6E-1303 to Doha at 4.20am, with plans to travel onward to Rome. During passport verification, the officer noted frequent travel to Nepal and that his appearance and surname resembled those typically found in Nepal.

This raised suspicion, prompting an inquiry. Basnet claimed his parents migrated from Nepal to India in 1976 and that he was born and educated in India. However, checks on his mobile phone revealed photos of Nepali citizenship documents belonging to him and his father, along with his Nepali marriage certificate and his daughter's birth certificate.

Basnet had acquired an Indian passport in 2005 using a birth certificate and had renewed it twice. Since 2024, he had been working as a seaman and was now trying to go to Rome for similar employment. He currently resides in Kandivali East, Mumbai.

Protest to prosperity: Vizhinjam port offers hope for local youth

Protest to prosperity: Vizhinjam port offers hope for local youth

PRESS TRUST OF INDIA ■
Thiruvananthapuram

Just a few years ago, the name Vizhinjam was at the heart of fierce protests. Now, it is being spoken of as a symbol of opportunity and progress, especially among the youth in this coastal village.

On Friday, Prime Minister Narendra Modi officially commissioned the Vizhinjam International Seaport, a project once met with strong resistance from the local fishermen community. Today, it stands as a source of pride and employment for many of those same residents.

"Who wouldn't want a good job in their hometown?" asked Rahul, a young man from the fishermen community, stepping out of the port wearing his safety helmet and uniform.

He is among the 35 per cent of port workers who are from Vizhinjam. Many more are hoping to follow his lead.

The port has slowly changed public opinion in the area. Years of protests, supported by the local Church, brought life in Vizhinjam to a standstill for over four months.

It was only after a meeting with Kerala Chief Minister Pinarayi Vijayan that the strikes were called off, with a promise of jobs and development.

Prime Minister Narendra Modi, Kerala Governor Rajendra Arlekar, Chief Minister Pinarayi Vijayan, Adani Group Chairman Gautam Adani and others at the Vizhinjam International Seaport in Thiruvananthapuram PTI

Now, those promises are beginning to materialise. Roshin, another young local who now works at the port, said, "This port is a game changer. Most youths here only had fishing as an option. Now they have a new future."

The Kerala government had made it clear during its agreement with the Adani Group that local youth must be given priority in hiring.

To support this, a Community Skill Park was set up in Vizhinjam under the Additional Skill Acquisition Programme (ASAP), offering training tailored to port jobs.

Among the most notable changes is the employment of nine local women as crane operators.

These women, trained at the local skill centre, now handle the massive Cantilever Rail Mounted Gantry cranes, which unload containers from ships.

According to port officials, this is the first time women have been given such a role in any Indian port.

Training doesn't stop there. Two groups of intermodal truck drivers trained at the skill park have already been hired, and 150 more young people are currently undergoing training.

Manoj Nair, managing director of a mooring company at the port, confirmed they have already hired 24 local workers and plan to recruit more as the port expands.

"This port will change not just Vizhinjam but all of Kerala," he said.

The deep-water port has been developed by Adani Ports and Special Economic Zone Ltd (APSEZ), India's largest port developer and part of the Adani Group, under a public-private partnership.

The project was completed at an estimated cost of Rs 8,867 crore.

In early 2025, Vizhinjam topped the list of ports on India's southern and western coasts for container cargo handling, managing over 100,000 TEUs (twenty-foot equivalent units) per month.

A major milestone came when Vizhinjam berthed the MSC Turkey, one of the largest cargo ships to ever reach India.

By 2028, the next phase of construction is expected to be complete, giving the port an annual capacity of at least 3 million TEUs. This phase will cost Rs 10,000 crore, which will be fully funded by Adani Ports.

We are looking at port acquisitions in South-East Asia & Africa, says APSEZ CEO Ashwani Gupta

Adani Ports and Special Economic Zone (APSEZ), which manages overseas ports in Israel, Sri Lanka, Tanzania and Australia, is planning to acquire more international port assets in Africa and South-East Asia, company officials said.

"We are looking at some ports in Africa and South East Asia. I can't disclose more. That is where we are targeting today," Ashwani Gupta, CEO of APSEZ said, adding that the company was looking at port acquisitions overseas that have the potential to grow and expand.

"It should be a best match between what we want to do and what is available," Gupta said during an earnings call held for the fourth quarter results for 2024-25.

FUTURE ACQUISITIONS

The official said future acquisitions of overseas ports will be done in line with the company's strategy to acquire assets across South-East Asia, India, Middle-East Asia and Africa.

The company will also look to acquire assets where it can hold a majority stake and operate. APSEZ recently announced the acquisition of the North Queensland Export Terminal, located at the Port of Abbot Point in Australia.

It also operates ports at Colombo in Sri Lanka, Dar Es Salaam in Tanzania and Haifa in Israel.

Talking about the operations at Haifa, Gupta said, "In Haifa, we have achieved two major milestones. Firstly, we have put our President to run the operations in Haifa. We will also have our CFO in Haifa to run the business. Then there are 4-5 specialised personnel who will support Haifa and improve efficiency and effectiveness."

The second major achievement which APSEZ has done at Haifa was entering into negotiations with eight labour unions. "We have signed the union agreement till 2036, which is bringing big efficiency in productivity improvement at the port," the APSEZ official added.

CAPITAL EXPENDITURE

APSEZ is targeting a ₹12,000 crore capital expenditure for financial year 2026 and a possible port acquisition this year will only add to the investments for the current financial year. Of the proposed capex for FY26, a significant portion will be spent on beefing up infrastructure for handling containerised cargo.

"Container cargo will remain our growth driver. We are going to invest heavily on container terminals whether it is in Mundra, Vizhinjam, Colombo, Ennore or Kattupalli. We want to keep expanding our capacities everywhere. That is the number one capex driver," Gupta said, adding APEZ's market share in containers had grown from 43.8 per cent to 45.5 per cent in FY 25.

Having achieved record high cargo volume at 450 million tonnes, APSEZ, earlier this week, posted an all-time high profit after tax of ₹11,061 crore, a 37 per cent y-o-y growth.

MD Karan Adani says APSEZ to invest ₹13kcr in Vizhinjam International Seaport in phase 2

New Delhi: Adani Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said that India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses.

In an interview with PTI, Adani said that APSEZ, the flagship company of the Adani group, will invest ₹13,000 crore in Vizhinjam International Seaport in phase 2, which will take this deep-water port's cargo handling capacity from current 1.2 million TEUs (twenty-foot equivalent units) to almost 5 million TEUs by 2028.

Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport which was completed at an estimated cost of ₹8,867 crore.

APSEZ managing director Karan Adani

"Within APSEZ, we have three big verticals that we are building on -- marine business, logistics business and agri-logistics business," he said.

While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that business (marine) up within India, as well as outside of India".

On the logistics side, Adani said APSEZ is looking at building multi-model logistics parks, similar to what the Adani group has done in the ports. "We want to build large, multi-modal logistics parks, and then to help it bring in volume, as well as to drive efficiency," he said.

Referring to agri-logistics business, Adani said the grains which are stored today in India, are not stored in a proper manner. "So we are looking at silos, building silos and storing them," he said.

Asked how is Vizhinjam International Seaport is different from APSEZ's other ports, Adani explained that Adani group's ports are predominantly doing the domestic volume and the import-export volume, none of them do transshipment volume.

"Vizhinjam International Seaport is the first one in the country with 100% transshipment volume -- currently all the cargo which is moving from our ports are going to Singapore and to Colombo, those are the ones (cargo) which we are targeting to bring into Vizhinjam port," he said.

Currently, 75% of India's transshipment cargo is handled at ports outside India and Indian ports lose up to $200-220 million of potential revenue each year on transshipment handling of cargo originating/destined for India. — **PTI**

Vizhinjam to sail a long way for local youth

THIRUVANANTHAPURAM: Just a few years ago, the name Vizhinjam was at the heart of fierce protests. Now, it is being spoken of as a symbol of opportunity and progress, especially among the youth in this coastal village.

On Friday, Prime Minister Narendra Modi officially commissioned the Vizhinjam International Seaport, a project once met with strong resistance from the local fishermen community. Today, it stands as a source of pride and employment for many of those same residents.

Years of protests, supported by the local Church, brought life in Vizhinjam to a standstill for over four months.

It was only after a meeting with Kerala Chief Minister Pinarayi Vijayan that the strikes were called off, with a promise of jobs and development.

Now, those promises are beginning to materialise. Roshin, another young local who now works at the port, said, "This port is a game changer. Most youths here only had fishing as an option. Now they have a new future."

The Kerala government had made it clear during its agreement with the Adani Group that local youth must be given priority in hiring. To support this, a Community Skill Park was set up in Vizhinjam under the Additional Skill Acquisition Programme (ASAP), offering training tailored to port jobs.

Among the most notable changes is the employment of nine local women as crane operators. These women, trained at the local skill centre, now handle the massive Cantilever Rail Mounted Gantry cranes, which unload containers from ships.

According to port officials, this is the first time women have been given such a role in any Indian port. Two groups of intermodal truck drivers trained at the skill park have already been hired, and 150 more young people are currently undergoing training.

Manoj Nair, managing director of a mooring company at the port, confirmed they have already hired 24 local workers and plan to recruit more as the port expands.

"This port will change not just Vizhinjam but all of Kerala," he said.By 2028, the next phase of construction is expected to be complete, giving the port an annual capacity of at least 3 million TEUs (twenty-foot equivalent units).

'Adani Ports Focussing on Scaling Up Marine, Logistics & Agri-Logistics Biz'

New Delhi: Adani Ports and Special Economic Zone (APSEZ) managing director **Karan Adani** has said that India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses.

In an interview with PTI, Adani said that APSEZ, the flagship company of the Adani group, will invest ₹13,000 crore in Vizhinjam International Seaport in phase 2, which will take this deep-water port's cargo handling capacity from current 1.2 million TEUs (twenty-foot equivalent units) to almost 5 million TEUs by 2028. Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport which was completed at an estimated cost of ₹8,867 crore.

"Within APSEZ, we have three big verticals that we are building on – marine business, logistics business and agri-logistics business," he said. While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that (marine business) business up within India, as well as outside of India". - **PTI**

While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that business (marine) up within India, as well as outside of India".

On the logistics side, Adani said APSEZ is looking at building multi-model logistics parks, similar to what the Adani group has done in the ports. "We want to build large, multi-modal logistics parks, and then to help it bring in volume, as well as to drive efficiency," he said.

Referring to agri-logistics business, Adani said the grains which are stored today in India, are not stored in a proper manner. "So we are looking at silos, building silos and storing them," he said.

Asked how is Vizhinjam International Seaport is different from APSEZ's other ports, Adani explained that Adani group's ports are predominantly doing the domestic volume and the import-export volume, none of them do transshipment volume.

"Vizhinjam International Seaport is the first one in the country with 100% transshipment volume -- currently all the cargo which is moving from our ports are going to Singapore and to Colombo, those are the ones (cargo) which we are targeting to bring into Vizhinjam port," he said.

Currently, 75% of India's transshipment cargo is handled at ports outside India and Indian ports lose up to $200-220 million of potential revenue each year on transshipment handling of cargo originating/destined for India. — **PTI**

Shaping the port of the future

The Vizhinjam port is of immense significance to India's global maritime trade. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes. Many global shipping stakeholders have already appreciated the role the port is going to play in transshipment

FULL CONTEXT

Arun P.S.

The town of Vizhinjam in Kerala has played a crucial role in the history of global maritime trade. Inscriptions from the Pandya-Chola era (1129 AD) records Vizhinjam as Rajendra Chola Pattinam, a port of Kerala. Historians claim that Balita, a port with considerable commercial importance which finds mention in the first century AD historical travelogue *The Periplus of the Erythraean Sea*, is Vizhinjam's old name. However, this historical significance faded away after colonisers of India prioritised ports in other places like Cochin and Madras.

In the 1940s, the princely state of Travancore commissioned a study to explore Vizhinjam's potential to set up a world-class port. And now, after almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.

The port, located in Thiruvananthapuram district, started limited-scale operations from July last year and began commercial operations in December. The first phase of this public private partnership (PPP) project cost ₹8,867 crore and was developed by the State Government of Kerala (₹5,595 crore), with the support of concessionaire Adani Ports (₹2,454 crore) and the Union Government (which provided a Viability Gap Funding (VGF) of ₹817.8 crore with repayment conditions).

THE GIST

- After almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.
- The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave.
- The Kerala government should fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

An important landmark

This port is of immense significance to India's global maritime trade. Currently, around 75% of India's transshipment cargo is handled at ports like Colombo, Singapore and Klang. The need to have a transshipment hub in India is being felt both economically and geopolitically. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes, strategically located just 10 nautical miles from the global maritime trading route. Many global shipping stakeholders have already appreciated the role of Vizhinjam on the transshipment map, and as a result, the port has already handled 6 lakh TEUs (twenty-foot equivalent units) berthing more than 280 ships, much higher than the projection of one lakh TEUs for 12 months within launch of operations, including 1.08 lakh TEUs from 51 vessels in March this year. Many large ships prefer ports with 18+ metre draft depth and Vizhinjam with a 20-metre natural draft can easily accommodate Ultra Large Container Vessels. The Mediterranean Shipping Company (MSC), one of the largest shipping companies globally, has included the port in two of their shipping services – the jade service (connecting Europe and Asia) and the dragon service (connecting Asia and the Mediterranean) after initial trial runs. This inclusion would direct more ships towards Vizhinjam.

The port has already made its presence felt through a number of milestones. This all-weather port is India's first greenfield port project. As India's first semi-automated port, it also flaunts a skilled women workforce operating automated cranes, another first in India. They were all trained at the Community Skill Park Vizhinjam, an industry-led PPP initiative launched by the Kerala government and operated by the Adani Skill Development Centre. In September last year, MSC Claude Girardet (24,116 TEUs) docked in Vizhinjam Port making it the largest cargo ship ever to dock in South Asia. Earlier, large ships would use Colombo as a transshipment hub. In October, MSC Anna's docking witnessed the Vizhinjam Port handling 10,330 containers from a single ship, a record for any Indian port. MSC Irina, the world's largest container ship, is expected to dock in Vizhinjam in May this year.

Need for a global push

While it is definitely a great start, there is a need to capitalise and surge ahead to reap maximum economic benefits. This triple engine (State, Union and concessionaire) project has the potential to make it big amongst the global players.

The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave 2025. The cover page of Kerala's State budget also featured an image of the Vizhinjam Port highlighting the significance of this project for the State's economic future. The State has signed an agreement with Adani Ports to fast-track the remaining phases, and it is set to be completed by 2028 instead of 2045. In March 2025, the Union Government granted the environmental clearance for the second and third phases. The ₹20,000 crore investment for the remaining phases will upgrade the port's handling capacity to 4.87 million TEUs from the existing one million TEUs and extend the length of the container berth from 1,200 metres to 2,000 metres.

Challenges and opportunities

However, there persist some challenges which need to be addressed urgently. Firstly, a push to develop the associated infrastructure in a fast-paced model. For instance, the arrival of 40 ships in February, resulted in delays which should be avoided in the long run. Industry stakeholders like the Container Shipping Lines Association (CSLA) have flagged the absence of an Integrated Check Post (ICP). The application for the check post is currently pending with the Union Home Ministry; the check post is crucial for generating revenue beyond transshipment through cargo operations and crew change facilities. A much-awaited Customs Office at the port was opened last month. The Kerala Steamer Agents Association had flagged the challenges owing to a delay in ICP approval in addition to the absence of a permanent Port Health Office, an important stakeholder for cargo operations.

The start of import-export operations at Vizhinjam could significantly help boost the local economy. The Kerala government had announced a Vizhinjam Development Zone with a focus on developing an industrial corridor covering the nearby regions. An IAS officer from the State could be allocated exclusively for overlooking the projects associated with the Vizhinjam Economic Growth corridor. In this year's budget, the Kerala government announced a dedicated space for other States to establish their official business centres near the port. The pace of completion of multiple projects including the National Highway 66 which connects to the port, the railway line connecting Balaramapuram to the port and the 63 km Thiruvananthapuram Outer Ring Road (ORR), would decide the fate of the future of the port.

There should also be efforts to promote allied businesses including ship building, ship repair, crew change facilities, logistics, warehousing and bunkering facilities. There is significant momentum for building a shipyard and ship repair centre in Poovar (10 kms from the Vizhinjam port). Adani Ports has announced that Vizhinjam Port will also be a global bunkering hub, supplying clean and green fuel like hydrogen and ammonia. The Kerala government's energy agency ANERT is exploring energy projects including wave power and green hydrogen projects near the port.

There is also a concerted campaign to change the name of the port to Trivandrum International Sea Port Limited, which offers a stronger value proposition from a global branding perspective and consistent with the 'IN TRV 01' location code allocated by the Directorate General of Systems and Data Management.

Special economic zone

Mahindra Group Chairman Anand Mahindra recently advocated for a Shenzhen equivalent city in India. Shenzhen used to be a quiet fishing village, like Vizhinjam, in the 1970s and became China's first Special Economic Zone in 1980. The Port of Shenzhen, established in 1980 has emerged as a top player in global maritime trade and contributed significantly in the transition of the city as the Silicon Valley of China. There is great potential for the deep sea port in Thiruvananthapuram to trigger a similar economic boom in the region, depending exclusively on how various actors including governments, the concessionaire, businesses, and local communities perceive these changes and rise to the occasion. The Kerala government should ideally fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

Maybe when the Bill is introduced in the Kerala Legislative Assembly, it should be referred to a select committee to study various best practices across the globe in port-led economies including Shenzhen. On the other hand, the Union government should reconsider the decision to have another transshipment hub 40 km away from Vizhinjam in Colachel. Probably, in the interests of the economic viability of large-scale transshipment port projects, we need a policy similar to the greenfield airport policy that prevents new transshipment ports within 750-1,000 kms. Additionally, the Kerala government and legislators across the Left and Congress parties have expressed concerns regarding the repayment terms associated with the Union government's ₹817.8 crore VGF which could potentially escalate to approximately ₹10,000 crore over time, imposing a significant burden on the State's finances. In light of the project's critical economic and strategic value, the Union government could reconsider the repayment clause

While we have a game-changing port ready, its global success will depend on strategic interventions by policymakers, swift adoption by businesses, and the pace of informed decision-making.

'Adani Ports Focussing on Scaling Up Marine, Logistics & Agri-Logistics Biz'

MD Karan Adani says APSEZ to invest ₹13kcr in Vizhinjam International Seaport in phase 2

New Delhi: Adani Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said that India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses.

In an interview with PTI, Adani said that APSEZ, the flagship company of the Adani group, will invest ₹13,000 crore in Vizhinjam International Seaport in phase 2, which will take this deep-water port's cargo handling capacity from current 1.2 million TEUs (twenty-foot equivalent units) to almost 5 million TEUs by 2028.

Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport which was completed at an estimated cost of ₹8,867 crore.

APSEZ managing director Karan Adani

"Within APSEZ, we have three big verticals that we are building on -- marine business, logistics business and agri-logistics business," he said.

While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that business (marine) up within India, as well as outside of India".

On the logistics side, Adani said APSEZ is looking at building multi-model logistics parks, similar to what the Adani group has done in the ports. "We want to build large, multi-modal logistics parks, and then to help it bring in volume, as well as to drive efficiency," he said.

Referring to agri-logistics business, Adani said the grains which are stored today in India, are not stored in a proper manner. "So we are looking at silos, building silos and storing them," he said.

Asked how is Vizhinjam International Seaport is different from APSEZ's other ports, Adani explained that Adani group's ports are predominantly doing the domestic volume and the import-export volume, none of them do transshipment volume.

"Vizhinjam International Seaport is the first one in the country with 100% transshipment volume -- currently all the cargo which is moving from our ports are going to Singapore and to Colombo, those are the ones (cargo) which we are targeting to bring into Vizhinjam port," he said.

Currently, 75% of India's transshipment cargo is handled at ports outside India and Indian ports lose up to $200-220 million of potential revenue each year on transshipment handling of cargo originating/destined for India. — **PTI**

Shaping the port of the future

The Vizhinjam port is of immense significance to India's global maritime trade. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes. Many global shipping stakeholders have already appreciated the role the port is going to play in transshipment

FULL CONTEXT

Arun P.S.

The town of Vizhinjam in Kerala has played a crucial role in the history of global maritime trade. Inscriptions from the Pandya-Chola era (1129 AD) records Vizhinjam as Rajendra Chola Pattinam, a port of Kerala. Historians claim that Balita, a port with considerable commercial importance which finds mention in the first century AD historical travelogue *The Periplus of the Erythraean Sea*, is Vizhinjam's old name. However, this historical significance faded away after colonisers of India prioritised ports in other places like Cochin and Madras.

In the 1940s, the princely state of Travancore commissioned a study to explore Vizhinjam's potential to set up a world-class port. And now, after almost eight decades of delays and uncertainties, India's first deep water and container transshipment port at Vizhinjam has been officially inaugurated by Prime Minister Narendra Modi.

The port, located in Thiruvananthapuram district, started limited-scale operations from July last year and began commercial operations in December. The first phase of this public private partnership (PPP) project cost ₹8,867 crore and was developed by the State Government of Kerala (₹5,595 crore), with the support of concessionaire Adani Ports (₹2,454 crore) and the Union Government (which provided a Viability Gap Funding (VGF) of ₹817.8 crore with repayment conditions).

An important landmark

This port is of immense significance to India's global maritime trade. Currently, around 75% of India's transshipment cargo is handled at ports like Colombo, Singapore and Klang. The need to have a transshipment hub in India is being felt both economically and geopolitically. Amongst all existing Indian ports, Vizhinjam is the closest to international shipping routes, strategically located just 10 nautical miles from the global maritime trading route. Many global shipping stakeholders have already appreciated the role of Vizhinjam on the transshipment map, and as a result, the port has already handled 6 lakh TEUs (twenty-foot equivalent units) berthing more than 280 ships, much higher than the projection of one lakh TEUs for 12 months within launch of operations, including 1.08 lakh TEUs from 51 vessels in March this year. Many large ships prefer ports with 18+ metre draft depth and Vizhinjam with a 20-metre natural draft can easily accommodate Ultra Large Container Vessels. The Mediterranean Shipping Company (MSC), one of the largest shipping companies globally, has included the port in two of their shipping services – the jade service (connecting Europe and Asia) and the dragon service (connecting Asia and the Mediterranean) after initial trial runs. This inclusion would direct more ships towards Vizhinjam.

The port has already made its presence felt through a number of milestones. This all-weather port is India's first greenfield port project. As India's first semi-automated port, it also flaunts a skilled women workforce operating automated cranes, another first in India. They were all trained at the Community Skill Park Vizhinjam, an industry-led PPP initiative launched by the Kerala government and operated by the Adani Skill Development Centre. In September last year, MSC Claude Girardet (24,116 TEUs) docked in Vizhinjam Port making it the largest cargo ship ever to dock in South Asia. Earlier, large ships would use Colombo as a transshipment hub. In October, MSC Anna's docking witnessed the Vizhinjam Port handling 10,330 containers from a single ship, a record for any Indian port. MSC Irina, the world's largest container ship, is expected to dock in Vizhinjam in May this year.

Need for a global push

While it is definitely a great start, there is a need to capitalise and surge ahead to reap maximum economic benefits. This triple engine (State, Union and concessionaire) project has the potential to make it big amongst the global players.

The Kerala government is aggressively pushing this prestige project to stakeholders across the globe. It has showcased the port at the World Economic Forum 2025, the Invest Kerala Global Summit 2025 and through a dedicated Vizhinjam Conclave 2025. The cover page of Kerala's State budget also featured an image of the Vizhinjam Port highlighting the significance of this project for the State's economic future. The State has signed an agreement with Adani Ports to fast-track the remaining phases, and it is set to be completed by 2028 instead of 2045. In March 2025, the Union Government granted the environmental clearance for the second and third phases. The ₹20,000 crore investment for the remaining phases will upgrade the port's handling capacity to 4.87 million TEUs from the existing one million TEUs and extend the length of the container berth from 1,200 metres to 2,000 metres.

Challenges and opportunities

However, there persist some challenges which need to be addressed urgently. Firstly, a push to develop the associated infrastructure in a fast-paced model. For instance, the arrival of 40 ships in February, resulted in delays which should be avoided in the long run. Industry stakeholders like the Container Shipping Lines Association (CSLA) have flagged the absence of an Integrated Check Post (ICP). The application for the check post is currently pending with the Union Home Ministry; the check post is crucial for generating revenue beyond transshipment through cargo operations and crew change facilities. A much-awaited Customs Office at the port was opened last month. The Kerala Steamer Agents Association had flagged the challenges owing to a delay in ICP approval in addition to the absence of a permanent Port Health Office, an important stakeholder for cargo operations.

The start of import-export operations at Vizhinjam could significantly help boost the local economy. The Kerala government had announced a Vizhinjam Development Zone with a focus on developing an industrial corridor covering the nearby regions. An IAS officer from the State could be allocated exclusively for overlooking the projects associated with the Vizhinjam Economic Growth corridor. In this year's budget, the Kerala government announced a dedicated space for other States to establish their official business centres near the port. The pace of completion of multiple projects including the National Highway 66 which connects to the port, the railway line connecting Balaramapuram to the port and the 63 km Thiruvananthapuram Outer Ring Road (ORR), would decide the fate of the future of the port.

There should also be efforts to promote allied businesses including ship building, ship repair, crew change facilities, logistics, warehousing and bunkering facilities. There is significant momentum for building a shipyard and ship repair centre in Poovar (10 kms from the Vizhinjam port). Adani Ports has announced that Vizhinjam Port will also be a global bunkering hub, supplying clean and green fuel like hydrogen and ammonia. The Kerala government's energy agency ANERT is exploring energy projects including wave power and green hydrogen projects near the port.

There is also a concerted campaign to change the name of the port to Trivandrum International Sea Port Limited, which offers a stronger value proposition from a global branding perspective and consistent with the 'IN TRV 01' location code allocated by the Directorate General of Systems and Data Management.

Special economic zone

Mahindra Group Chairman Anand Mahindra recently advocated for a Shenzhen equivalent city in India. Shenzhen used to be a quiet fishing village, like Vizhinjam, in the 1970s and became China's first Special Economic Zone in 1980. The Port of Shenzhen, established in 1980 has emerged as a top player in global maritime trade and contributed significantly in the transition of the city as the Silicon Valley of China. There is great potential for the deep sea port in Thiruvananthapuram to trigger a similar economic boom in the region, depending exclusively on how various actors including governments, the concessionaire, businesses, and local communities perceive these changes and rise to the occasion. The Kerala government should ideally fast-track the Vizhinjam Special Investment Region (SIR) Bill to create an economic zone, ensuring fair compensation and rehabilitation to the landowners and dwellers in cases of land pooling/acquisition.

Maybe when the Bill is introduced in the Kerala Legislative Assembly, it should be referred to a select committee to study various best practices across the globe in port-led economies including Shenzhen. On the other hand, the Union government should reconsider the decision to have another transshipment hub 40 km away from Vizhinjam in Colachel. Probably, in the interests of the economic viability of large-scale transshipment port projects, we need a policy similar to the greenfield airport policy that prevents new transshipment ports within 750-1,000 kms. Additionally, the Kerala government and legislators across the Left and Congress parties have expressed concerns regarding the repayment terms associated with the Union government's ₹817.8 crore VGF which could potentially escalate to approximately ₹10,000 crore over time, imposing a significant burden on the State's finances. In light of the project's critical economic and strategic value, the Union government could reconsider the repayment clause

While we have a game-changing port ready, its global success will depend on strategic interventions by policymakers, swift adoption by businesses, and the pace of informed decision-making.

'मिठागरा'वर 'एसआरए'चा फलक; मुलुंडकरांमध्ये संताप

मुंबई, ता. ४ : मुलुंड येथील शासनाच्या मिठागराच्या जागेवर झोपडपट्टी पुनर्वसन प्राधिकरणाचा (एसआरए) फलक लावला आहे. या प्रकारामुळे मुलुंडकरांमध्ये तीव्र संताप निर्माण झाला आहे.

केंद्र सरकारने धारावीकरांचे पुनर्वसन करण्यासाठी मुलुंडमधील मिठागरची कित्येक एकर जागा ताब्यात घेत आहे. याचा मूलुंडकरांनी विरोध केला आहे. राज्य सरकार धारावी पुनर्विकास प्रकल्पाच्या अंतर्गत ही जागा अदानी समूहाला हस्तांतरित करत असल्याचा आरोप नागरिकांनी केला आहे. धारावीकरांचे पुनर्वसन मुलुंडमध्ये केल्यास वाहतूक, आरोग्य आणि नागरी सुविधा यांच्यावर मोठा ताण पडेल, असा इशारा स्थानिकांनी दिला आहे. त्यामुळे धारावीकरांचे पुनर्वसन धारावीतच करावे, अशी मागणी जोर धरत आहे. या पार्श्वभूमीवर नागरिकांच्या वतीने तीव्र आंदोलन करण्यात आले आहे. सामाजिक कार्यकर्ते अॅड. सागर देवरे म्हणाले, हे निर्णय वरच्या पातळीवर घेतले जातात. स्थानिक आमदार, खासदारांना याची माहिती असते. त्यांनी आवाज उठवायला हवा होता. या संदर्भात जनहित याचिका दाखल केली आहे, असे त्यांनी सांगितले.

अदाणी पोर्ट्स का ध्यान समुद्री, लॉजिस्टिक्स और कृषि-लॉजिस्टिक्स कारोबार को बढ़ाने पर : करण अदाणी

एजेंसी

नई दिल्ली . अदाणी पोर्ट्स एंड स्पेशल इकनॉमिक जोन (एपीएसईजेड) के प्रबंध निदेशक करण अदाणी ने कहा है कि भारत की सबसे बड़ी निजी बंदरगाह परिचालक अपने समुद्री, लॉजिस्टिक और कृषि-लॉजिस्टिक कारोबार को बढ़ाने पर ध्यान केंद्रित कर रही है।

अदाणी ने कहा कि अदाणी समूह की प्रमुख कंपनी एपीएसईजेड विड़िण्गम अंतरराष्ट्रीय बंदरगाह में दूसरे चरण में 13,000 करोड़ रुपए का निवेश करेगी, जिससे इस गहरे पानी वाले बंदरगाह की माल ढुलाई क्षमता मौजूदा 12 लाख टीईयू (बीस फुट समकक्ष इकाइयों) से बढ़कर 2028 तक लगभग 50 लाख टीईयू हो जाएगी।

प्रधानमंत्री नरेन्द्र मोदी ने दो मई को विड़िण्गम अंतरराष्ट्रीय बंदरगाह का उद्घाटन किया, जिसका निर्माण 8,867 करोड़ रुपए की अनुमानित लागत से पूरा हुआ है।

उन्होंने कहा कि एपीएसईजेड के भीतर, हमारे पास तीन बड़े कारोबारी क्षेत्र-समुद्री व्यवसाय, लॉजिस्टिक्स व्यवसाय और कृषि-लॉजिस्टिक्स व्यवसाय हैं, जिनपर हम काम कर रहे हैं। उन्होंने इस बात की ओर इशारा किया कि एपीएसईजेड देश में समुद्री व्यापार में सबसे बड़ी संचालक है। अदाणी ने कहा कि

अब विचार यह है कि भारत के भीतर और साथ ही भारत के बाहर भी उस (समुद्री व्यापार) व्यवसाय को बढ़ाया जाए।

लॉजिस्टिक्स के मामले में, अदाणी ने कहा कि एपीएसईजेड बहु-मॉडल लॉजिस्टिक्स पार्क बनाने पर विचार कर रही है, जैसा अदाणी समूह ने बंदरगाहों में किया है।

उन्होंने कहा कि हम बड़े, बहु-मॉडल लॉजिस्टिक्स पार्क बनाना चाहते हैं, और फिर मात्रा बढ़ाने के साथ-साथ दक्षता बढ़ाने में मदद करना चाहते हैं।

कृषि-लॉजिस्टिक्स कारोबार का उल्लेख करते हुए, अदाणी ने कहा कि आज भारत में जो अनाज संग्रहीत किया जाता है, उसका भंडारण उचित तरीके से नहीं किया जाता है। इसलिए हम साइलो बनाने और उन्हें संग्रहीत करने पर विचार कर रहे हैं।

यह पूछे जाने पर कि विड़िण्गम अंतरराष्ट्रीय बंदरगाह एपीएसईजेड के अन्य बंदरगाहों से किस तरह अलग है, अदाणी ने बताया कि अदाणी समूह के बंदरगाह मुख्य रूप से घरेलू माल और आयात-निर्यात माल का कारोबार करते हैं, उनमें से कोई भी पारगमन वाली वस्तुओं का कारोबार नहीं करता है।

उन्होंने कहा कि विड़िण्गम अंतरराष्ट्रीय बंदरगाह देश का पहला बंदरगाह है, जहां 100 प्रतिशत पारगमन कारोबार है। वर्तमान में हमारे बंदरगाहों से आने-जाने वाला सारा माल सिंगापुर और कोलंबो जा रहा है, यही वे (माल) हैं जिन्हें हम विड़िण्गम बंदरगाह पर लाने का लक्ष्य बना रहे हैं।

वर्तमान में, भारत के 75 प्रतिशत पारगमन माल का संचालन भारत के बाहर के बंदरगाहों पर किया जाता है और भारतीय बंदरगाहों को भारत से आने वाले/जाने वाले कार्गो के पारगमन संचालन पर प्रति वर्ष 20-22 करोड़ डॉलर तक के संभावित राजस्व का नुकसान होता है।

दादर धारावी नाल्याची सफाई की, डोळ्यात धुळफेक?

पान : महामुंबई

मशिन उतरवली, पुढे काय? रहिवाशांचे प्रश्न

दादर धारावी नाल्याची सफाई की, डोळ्यात धुळफेक?

◆ मुंबई (खास प्रतिनिधी):

मुंबईतील नालेसफाईच्या कामाला सुरुवात करण्यात आली असून आतापर्यंत नालेसफाईचे काम तब्बल ३७ टक्के पूर्ण झाल्याचा दावा महापालिका प्रशासनाकडून केला जात आहे. मात्र, या नालेसफाई अंतर्गत माटुंगा पश्चिम रेल्वे स्थानक परिसरात तुंबण्याच्या पाण्याला कारणीभूत ठरणाऱ्या दादर धारावी नाल्याच्या सफाईला मागील ३ एप्रिल रोजी सुरुवात झाली आणि या सफाईसाठी दादरच्या दिशेने मशिनही नाल्यात उतरवण्यात आली होती. मात्र, नाल्याचा अर्धा किलोमीटरच्या परिसरात आजही सफाई झालेली नसून नाल्यात उतरलेले वाहन गेले कुठे? अदृश्य झाले का असा प्रश्न येथील नागरिकांना पडू लागला आहे. तब्बल महिनाभरापूर्वी हे वाहन सफाईसाठी नाल्यात उतरूनही या नाल्याची सफाई न झाल्याने केवळ अधिकाऱ्यांना दाखवण्यासाठी हे केले जाते की खरोखरच सफाई केली जाते असा सवाल उपस्थित केला जात आहे.

दादर धारावी नाल्याच्या सफाईला सुरुवात केल्याचे चित्र निर्माण केले जात असले तरी प्रत्यक्षात या नाल्याची सफाईच अद्याप झालेली नाही. या नाल्याच्या शेजारी कमला रामन नगर वसाहत, माटुंगा पश्चिम रेल्वे अधिकारी वसाहत तसेच पुढील बाजुस मध्य रेल्वे आणि पश्चिम रेल्वे वसाहत आणि आझाद नगर, मेघवाडी आदी वसाहती येत आहेत. त्यामुळे पावसाळ्यात या नाल्याला जोडणाऱ्या उपनाल्यांमुळे आसपासच्या परिसरात पाणी तुंबले तसेच रेल्वे मार्गावर पाणी तुंबले असे प्रकार घडत असतात. माटुंगा रेल्वे स्थानक परिसरात तुंबणाऱ्या पाण्यामुळे या नाल्याची सफाई ही महत्वाची मानली जाते आणि नाल्यामुळे कमला रामन नगर वसाहतीतील प्रत्येक घरात पाणी शिरुन त्यांचे संसार वाहून जात असतात. परंतु प्रत्येकवेळी या नाल्याच्या सफाईचा प्रश्न उपस्थित होत असतो. बऱ्याचदा नाल्यातील गाळ काढूला करुन ठेवला जातो किंवा पुढे ढकलून आणून बाहेर काढला जातो.

परंतु पंधरा २ एप्रिल रोजीच या नाल्यात मशिन उतरवले गेले होते, तरी छायाचित्रेही पर्जन्य जलवाहिनी विभागाचे शहराचे उपप्रमुख अभियंता यांना कंत्राटदार आणि अधिकाऱ्यांनी पाठवले होते. परंतु आजतागायत नाल्यात उतरलेले हे वाहन पुढील भागांत कुणाला दिसले नाही की या भागातील सफाई झाल्याचे कुठे दिसून आले नाही. त्यामुळे या माटुंगा पश्चिम येथील या नाल्याची सफाई खरोखरच कंत्राटदाराला करायची आहे की या वर्षात पाणी शिरुन लोकांचे संसार वाहून जावे अशी अधिकाऱ्यांची इच्छा आहे असा प्रश्न उपस्थित केला जात आहे. त्यामुळे येथील भागांमध्ये जर पावसाळ्यात पाणी शिरल्यास जबाबदार कोण असा प्रश्न उपस्थित होत असून महापालिका अधिकाऱ्यांची दिशाभूल करणाऱ्या कंत्राटदारावर कडक कारवाई करण्याची गरज आसल्याचेही रहिवाशांचे म्हणणे आहे.

Pranav Adani, accused by Sebi of insider trading, 'seeking to settle

Pranav Adani, accused by Sebi of insider trading, 'seeking to settle'

Gautam Adani's nephew said he was seeking to settle the matter without admission or denial of allegations

NEW DELHI

Sebi has accused **Pranav Adani**, director in multiple Adani Group companies and nephew of billionaire founder Gautam Adani, of violating insider trading laws according to a Reuters report. The Sebi notice, issued last year, alleges that Pranav Adani shared unpublished price-sensitive information (UPSI) regarding Adani Green's 2021 acquisition of SoftBank-backed SB Energy Holdings with his brother-in-law Kunal Shah before the deal was made public.

Call records and trading patterns were analysed during the investigation. Sebi claims the Shah brothers Kunal and Nrupal, subsequently traded Adani Green shares and made profits exceeding Rs 90 lakh. Pranav Adani told Reuters that he was seeking to settle the matter "without admission or denial of the allegations" and asserted he had "not violated any securities law". The report further quoted a source confirming that settlement discussions are ongoing.

The Shah brothers, through their law firm, denied wrongdoing, claiming the trades were not based on any UPSI and that the information "was already generally available in the public domain."

This investigation adds to the growing regulatory scrutiny surrounding the Adani Group. US authorities last year indicted Gautam Adani and two Adani Green executives over unrelated bribery allegations, which the group has dismissed as "baseless".

Adani Green's acquisition of SB energy on May 17, 2021 at an enterprise value of $3.5 billion is the largest acquisition in the renewable energy sector in India so far.

Pranav Adani became aware of the impending acquisition two-three days prior to May 16, 2021, when the deal was finalised, Sebi said.

Sebi had proposed that Kunal and Nrupal Shah also settle, but the brothers chose to contest the allegations as they found the terms too onerous, the Reuters report further said. Pranav Adani's settlement plea would be taken up after Sebi's ongoing review of its settlement process is over.

Adani Ports focussing on scaling up marine, logistics and agri-logistics businesses: Karan Adani

NEW DELHI, MAY 4 /--/ Adani Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said that India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses. In an interview with PTI, Adani said that APSEZ, the flagship company of the Adani group, will invest Rs 13,000 crore in Vizhinjam International Seaport in phase 2, which will take this deep-water port's cargo handling capacity from current 1.2 million TEUs (twenty-foot equivalent units) to almost 5 million TEUs by 2028. Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport which was completed at an estimated cost of Rs 8,867 crore. "Within APSEZ, we have three big verticals that we are building on -- marine business, logistics business and agri-logistics business," he said. While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that (marine business) business up within India, as well as outside of India".

On the logistics side, Adani said APSEZ is looking at building multi-model logistics parks, similar to what the Adani group has done in the ports. "We want to build large, multi-modal logistics parks, and then to help it bring in volume, as well as to drive efficiency," he said. Referring to agri-logistics business, Adani said the grains which are stored today in India, are not stored in a proper manner. "So we are looking at silos, building silos and storing them," he said. Asked how is Vizhinjam International Seaport is different from APSEZ's other ports, Adani explained that Adani group's ports are predominantly doing the domestic volume and the import -export volume, none of them do transshipment volume. "Vizhinjam International Seaport is the first one in the country with 100 per cent transshipment volume -- currently all the cargo which is moving from our ports are going to Singapore and to Colombo, those are the ones (cargo) which we are targeting to bring into Vizhinjam port," he said.

Currently, 75 per cent of India's transshipment cargo is handled at ports outside India and Indian ports lose up to USD 200-220 million of potential revenue each year on transshipment handling of cargo originating/destined for India. The Vizhinjam project is intended primarily to bring home the Indian cargo transshipment presently being undertaken at the foreign ports of Singapore, Colombo, Salalah and Dubai. A transshipment port is a kind of transit hub where cargo from one ship is transferred to another ship on the way to its final destination. Asked how Vizhinjam International Seaport would compete with Colombo and Singapore ports in terms of tariffs, he said that Vizhinjam ports will have to compete on the international level. "So we will have to compete on all aspects, not just tariff. We will have to compete on efficiency, we will have to compete on operations as well as productivity," he said. Responding to a question on APSEZ's international acquisitions plan, he said South East Asia and East Africa regions are areas of interest for APSEZ. "We keep evaluating opportunities... We are looking at high growth countries. We are looking at opportunities where we can scale up. "We are looking at countries where India has historically done a lot of trade, but that trade has moved to other countries," Adani said. Responding to a question on India-Middle East-Europe Economic Corridor (IMEC), he said, "IMEC is a very critical project from a strategic perspective, from being self-reliant on supply chain as well as to have a de-risking strategy from a supply chain perspective." Forgetting Oommen Chandy during Vizhinjam event bad: Congress MP Shashi Tharoor

Forgetting Oommen Chandy during Vizhinjam event bad: Congress MP Shashi Tharoor

KOCHI, MAY 4 /--/ Congress MP Shashi Tharoor on Saturday said it was bad that none of the speakers at the Vizhinjam seaport commissioning event mentioned the contributions of former Kerala Chief Minister Oommen Chandy in making the project a reality. Tharoor also remarked that the LDF, which was initially opposed to the project, and the BJP, which had no presence in the area at the time, now want to take all the credit for the port. "There is a saying in English-success has many fathers, failure is an orphan. Had the project failed, they would have said, 'Look, we told you it was a bad idea.' Now that it has succeeded, everyone wants credit for it," he told reporters.

The Congress MP from Thiruvananthapuram made the remarks after visiting the family of N Ramachandran (65), who was killed in the recent Pahalgam terror attack. Tharoor said he had been unable to visit the family earlier as he was in Thiruvananthapuram. "Today, I met his widow, son, daughter and other family members, shared in their grief and conveyed my condolences. They have borne their loss with great strength, and everyone has appreciated them for that. "I, too, wanted to tell them how deeply sorry I was and to console them, even though it is always difficult to console someone after a loss. I only came to express my condolences-nothing more," he said.

On the omission of Chandy's contributions to the Vizhinjam project, Tharoor said it was during the late Congress leader's tenure as Chief Minister that the first commissioning agreement was signed and the first viable bid was received. He noted that during the V S Achuthanandan-led government, two bids were received, but the qualified companies had Chinese links, and the Central government did not approve them. "When Oommen Chandy was Chief Minister, he once met Gautam Adani on a flight, discussed the project with him, and convinced him to bid for it. After the flight landed, Adani said he would call his company and ask them to buy the tender documents," Tharoor said.

He added that Chandy carried out all the negotiations, signed the agreement, inaugurated the project, and got a rehabilitation package for those affected by the port passed in the state cabinet. "He did all that and paved the way for the project to move forward. To forget him, in my opinion, is not right," he said.

Tharoor said both Chandy and Pinarayi Vijayan, as Chief Ministers, played roles in advancing the project, and the Narendra Modi-led central government also extended support, with the Prime Minister eventually inaugurating the port. "It was a joyful occasion with everyone's participation. In my view, omitting Oommen Chandy's name was unnecessary. Acknowledging everyone's contributions is the decent thing to do. "I would say to this (Left) government: do what you must, but do not forget what others before you have done," he said.

Tharoor also recalled that during the UDF government's time, the LDF had strongly criticised the port project. "They accused us of corruption and claimed it was a massive scam. Those who said such things are now celebrating the Vizhinjam port with immense joy," he said, adding that the Congress had only worked for the people and to bring about development. (PTI)

अदाणी पोर्ट्स 13,000 करोड़ का निवेश करेगी

महानगर नेटवर्क

विड़िण्गम

अदाणी पोर्ट्स एंड स्पेशल इकनॉमिक जोन (एपीएसईजेड) के प्रबंध निदेशक करण अदाणी ने कहा है कि भारत की सबसे बड़ी निजी बंदरगाह परिचालक अपने समुद्री, लॉजिस्टिक और कृषि-लॉजिस्टिक कारोबार को बढ़ाने पर ध्यान केंद्रित कर रही है। अदाणी ने कहा कि अदाणी समूह की प्रमुख कंपनी एपीएसईजेड विड़िण्गम अंतरराष्ट्रीय बंदरगाह में दूसरे चरण में 13,000 करोड़ रुपये का निवेश करेगी, जिससे इस गहरे पानी वाले बंदरगाह की माल ढुलाई क्षमता मौजूदा 12 लाख टीईयू (बीस फुट समकक्ष इकाइयों) से बढ़कर 2028 तक लगभग 50 लाख टीईयू हो जाएगी। प्रधानमंत्री नरेन्द्र मोदी ने दो मई को विड़िण्गम अंतरराष्ट्रीय बंदरगाह का उद्घाटन किया, जिसका निर्माण 8,867 करोड़ रुपये की अनुमानित लागत से पूरा हुआ है। उन्होंने कहा कि एपीएसईजेड के भीतर, हमारे पास तीन बड़े कारोबारी क्षेत्र-समुद्री व्यवसाय, लॉजिस्टिक्स व्यवसाय और कृषि-लॉजिस्टिक्स व्यवसाय हैं, जिनपर हम काम कर रहे हैं।" उन्होंने इस बात की ओर इशारा किया कि एपीएसईजेड देश में समुद्री व्यापार में सबसे बड़ी संचालक है। अदाणी ने कहा, "अब विचार यह है कि भारत के भीतर और साथ ही भारत के बाहर भी उस (समुद्री व्यापार) व्यवसाय को बढ़ाया जाए।" उन्होंने कहा, "हम बड़े, बहु-मॉडल लॉजिस्टिक्स पार्क बनाना चाहते हैं, और फिर मात्रा बढ़ाने के साथ-साथ दक्षता बढ़ाने में मदद करना चाहते हैं।" कृषि-लॉजिस्टिक्स कारोबार का उल्लेख करते हुए, अदाणी ने कहा कि आज भारत में जो अनाज संग्रहीत किया जाता है, उसका भंडारण उचित तरीके से नहीं किया जाता है। उन्होंने कहा, "इसलिए हम साइलो बनाने और उन्हें संग्रहीत करने पर विचार कर रहे हैं।"

सामना संवाददाता / मुंबई

नई मुंबई अंतर्राष्ट्रीय हवाई अड्डे के रनवे से सिर्फ ३ किमी दूर उल्वे क्षेत्र में मांस की बिक्री और पशु वध के बारे में पिछले महीने पर्यावरणविदों ने शिकायत की थी। इस शिकायत का संज्ञान लेते हुए नागरिक विमानन महानिदेशालय (डीजीसीए) ने हवाईअड्डा परिसर में मांस की बिक्री पर प्रतिबंध लगाने का आदेश दिया है। पर्यावरणविदों ने यह शिकायत दर्ज कराई थी कि विमानन नियमों का उल्लंघन किया जा रहा है। पर्यावरणविदों ने अपनी शिकायत में उल्लेख किया था कि मांस की बिक्री से कौवे और कौओं जैसे पक्षी इस क्षेत्र की ओर आकर्षित हो रहे हैं। नियम यह है कि किसी भी हवाई अड्डे के १० किलोमीटर के दायरे में पशुओं का वध नहीं किया जाना चाहिए। इसके अलावा एयरोड्रम पर्यावरण

प्रबंधन समिति (एईएमसी) के नियमों में यह नियम भी शामिल है कि हवाई अड्डे के १० किलोमीटर के दायरे में पशुओं का वध नहीं किया जाना चाहिए। पर्यावरणविद् और नैटकनेक्ट फाउंडेशन के बी. एन. कुमार ने २४ फरवरी को नागरिक उड्डयन मंत्रालय में शिकायत दर्ज कराई थी। इस शिकायत का संज्ञान लेते हुए डीजीसीए की विमानन सुरक्षा शाखा ने मार्च में जांच शुरू की थी। यह शिकायत डीजीसीए के तहत हवाई सुरक्षा निदेशक ए. एक्स. के समक्ष दर्ज कराई गई थी। इसे जोसेफ के पास भेजा गया था।

চিপ নির্মাণ প্রকল্প স্থগিত আদানিদের

এই সময়: চাহিদা নিয়ে নিশ্চিত না হওয়ায় ইজরায়েলের টাওয়ার সেমিকন্ডাক্টরের সঙ্গে ভারতে ১০ বিলিয়ন ইউএস ডলারের চিপ প্রকল্প নিয়ে আলোচনা আপাতত স্থগিত করে দিল আদানি গোষ্ঠী। দুই সূত্রকে উদ্ধৃত করে এ খবর জানিয়েছে রয়টার্স।

গত বছরের সেপ্টেম্বরে মহারাষ্ট্র সরকার ঘোষণা করেছিল যে আদানি ও টাওয়ারের প্রস্তাবিত যৌথ প্রকল্পকে তারা অনুমোদন দিয়েছে। মহারাষ্ট্র সরকার আরও জানিয়েছিল, প্রস্তাবিত চিপ কারখানায় মাসে ৮০ হাজার ওয়েফার উৎপাদিত হবে এবং সেখানে সৃষ্টি হবে ৫ হাজার কর্মসংস্থান।

আদানি গোষ্ঠী আগে জানিয়েছিল তারা প্রকল্পটি পর্যালোচনা করছে। এখন টাওয়ারের সঙ্গে তারা আলোচনা স্থগিত করেছে। কারণ, আদানি গোষ্ঠীর নিজেদের পর্যালোচনাতে এই ব্যবসা কতটা চাহিদা তৈরি করবে, বিশেষ করে ভারতে তা নিয়ে অনিশ্চয়তা রয়েছে।

প্রথম সূত্র বলেন, 'এটা কৌশলগত সিদ্ধান্ত। আদানিরা পর্যালোচনা করে সিদ্ধান্ত নিয়েছে। এখন অপেক্ষা করতে হবে।' তবে তিনি এ-ও জানিয়েছেন যে পরবর্তীকালে আলোচনা ফের শুরু হতে পারে।

দ্বিতীয় সূত্র জানিয়েছেন, প্রস্তাবিত প্রকল্পে টাওয়ারের লগ্নির পরিমাণ নিয়ে সন্তুষ্ট নয় আদানি গোষ্ঠী। তিনি বলেন, 'প্রকল্পে টাওয়ার প্রযুক্তিগত সহায়তা দেবে বলে জানিয়েছে। তবে আদানি গোষ্ঠী চাইছে তারা আর্থিক লগ্নি করুক।'

এ ব্যাপারে আদানি গোষ্ঠী ও টাওয়ারের কোনও প্রতিক্রিয়া মেলেনি।

ইজরায়েলের চুক্তি ভিত্তিক চিপ নির্মাতা সংস্থাটি অ্যানালগ ও মিক্সড-সিগন্যাল সেমিকন্ডাক্টর তৈরি করে, যা মূলত গাড়িতে ব্যবহৃত হয়।

বিশেষজ্ঞমহলের মতে, আদানি গোষ্ঠীর এই সিদ্ধান্ত সেমিকন্ডাক্টর ক্ষেত্রে প্রধানমন্ত্রী নরেন্দ্র মোদীর 'মেক ইন ইন্ডিয়া' পরিকল্পনায় একটি বড় ধাক্কা। প্রসঙ্গত, ইলেকট্রনিক্স উৎপাদনে ভারতকে বিশ্বের অন্যতম হাব হিসেবে গড়ে তুলতে মোদীর অগ্রাধিকারের তালিকায় চিপ নির্মাণ অন্যতম।

তবে ভারতে এখনও কোনও চিপ কারখানা গড়ে ওঠেনি। বেদান্ত ও তাইওয়ানের ফক্সকন ১৯.৫ বিলিয়ন ইউএস ডলারের চিপ নির্মাণ প্রকল্পের ঘোষণা করলেও ২০২৩ সালের জুলাইতে তা বাতিল হয়ে যায়। তবে এখন টাটা গোষ্ঠীর একটি ১১ বিলিয়ন ইউএস ডলারের চিপ নির্মাণ কারখানা ও আরও একটি চিপ টেস্টিং প্লান্ট তৈরির কাজ চলছে। এ ছাড়া ইউএস সংস্থা মাইক্রনও ভারতে ২.৭ বিলিয়ন ইউএস ডলারের চিপ প্যাকেজিং ইউনিট গড়ে তোলার ঘোষণা করেছে।

প্রথম সূত্র জানিয়েছেন, আদানিদের পর্যালোচনা অনুযায়ী, ভারতে চিপ তৈরি করার পর তার প্যাকেজিং করে বিক্রি করার ক্ষেত্রে চাহিদা তেমন একটা না-ও হতে পারে, বিশেষ করে ঘরোয়া বাজারে। ওই সূত্র বলেন, 'চিনের তুলনায় ভারতের বাজার এখনও অত্যন্ত প্রাথমিক পর্যায়ে রয়েছে।'

বিশ্বে সেমিকন্ডাক্টরের সবথেকে বেশি চাহিদা রয়েছে ইউএস ও চিনে। বিশ্বে মোট উৎপাদিত সেমিকন্ডাক্টরের ৫৪% এই দুই দেশে বিক্রি হয়। ইউবিএস-এর হিসেবে, সেখানে এ বছর বিশ্বের সেমিকন্ডাক্টর বাজারে ভারতের অংশীদারি হবে ৬.৫%।

ফক্সকন

এই সময়: উত্তরপ্রদেশে কারখানা তৈরি করার পরিকল্পনা করছে ফক্সকন। সূত্র উদ্ধৃত করে সংবাদসংস্থা জানিয়েছে, ফক্সকনের প্রস্তাবিত ইলেকট্রনিক্স ম্যানুফ্যাকচারিং ইউনিট গড়ে তুলতে যমুনা এক্সপ্রেসওয়ে ইন্ডাস্ট্রিয়াল অথরিটির আওতায় ৩০০ একর জমি দেওয়ার প্রস্তাব দিয়েছে উত্তরপ্রদেশ সরকার। ওই সূত্র বলেন, 'আলোচনা একেবারেই প্রাথমিক পর্যায়ে রয়েছে। কী ধরনের পণ্যের উৎপাদন হবে, তা নিয়ে ফক্সকনের সঙ্গে কোনও আলোচনা হয়নি।' ভারতে আইফোনের বৃহত্তম নির্মাতা সংস্থা ফক্সকন। কেন্দ্রীয় তথ্যপ্রযুক্তি মন্ত্রী অশ্বিনী বৈষ্ণব জানিয়েছেন, গত অর্থবছরে ভারত থেকে মোট দেড় লক্ষ কোটি টাকা মূল্যের আইফোন রপ্তানি হয়েছে।

धारावी में दूसरा बीकेसी बनाने की साजिश

शिवराज मैदान में धारावी बचाओ आंदोलन की सभा

महानगर संवाददाता

मुंबई

धारावी बचाव आंदोलन की तरफ से धासवी के शिवराज मैदान में एक बड़ी सभा का आयोजन किया गया। सभा को संबोधित करते हुए पूर्व विधायक और धारावी बचाव आंदोलन के नेता बाबूराव माने ने आरोप लगाया कि धारावी के एक लाख झोपड़े, दुकान और गालों को अपात्र ठहरा कर अडानी कंपनी यहां दूसरा बांद्रा-कुर्ला कांप्लेक्स (बीकेसी) बनाने की साजिश कर रही है। माने ने कहा कि आंदोलन से जुड़े नामचीन इंजीनियर ने छाती ठोक कर कहा कि धारावी 540 एकड़ भूमि पर फैली है। इस क्षेत्र में 1 लाख 10 हजार झुग्गियां, मकान, दुकानें और झोपड़ियां हैं। अगर इन झुग्गियों, घरों, दुकानों और झोपड़ियों को 500 वर्ग फीट जगह भी दे दी जाए, तो भी पूरी धारावी की आबादी का पुनर्वास यही पर हो सकता है। उन्होंने चुनौती देते हुए कहा कि अडानी के इंजीनियर को हमारे इंजीनियर के सामने यह बात कहनी चाहिए कि धारावी में ही सभी धारावी के निवासियों का पुर्नवास नहीं हो सकता। माने ने कहा कि वर्ली में राज्य सरकार 140-150 वर्ग फुट के घर मालिकों को 500 वर्ग फुट का घर दे रही है, लेकिन यहां 150, 200 और 300 वर्ग फुट से अधिक के घरों, गालों को 500 वर्ग फुट का घर क्यों नहीं दिया जा रहा है? उन्होंने आरोप लगाया कि धारावी के एक लाख निवासियों को हटाकर यहां दूसरा बीकेसी बनाने की बात अब छिपी नहीं रह गई है। सभा में स्थानीय विधायक ज्योति गायकवाड, उबाठा के सुरेश सावंत, जोसेफ कोली, सतीश कटके, आनंद भोसले सहित बड़ी संख्या में स्थानीय लोग उपस्थित थे।

धारावी बचाव आंदोलन की तरफ से धासवी के शिवराज मैदान में एक बड़ी सभा का आयोजन किया गया। सभा को संबोधित करते हुए पूर्व विधायक और धारावी बचाव आंदोलन के नेता बाबूराव माने ने आरोप लगाया कि धारावी के एक लाख झोपड़े, दुकान और गालों को अपात्र ठहरा कर अडानी कंपनी यहां दूसरा बांद्रा-कुर्ला कांप्लेक्स (बीकेसी) बनाने की साजिश कर रही है। माने ने कहा कि आंदोलन से जुड़े नामचीन इंजीनियर ने छाती ठोक कर कहा कि धारावी 540 एकड़ भूमि पर फैली है। इस क्षेत्र में 1 लाख 10 हजार झुग्गियां, मकान, दुकानें और झोपड़ियां हैं। अगर इन झुग्गियों, घरों, दुकानों और झोपड़ियों को 500 वर्ग फीट जगह भी दे दी जाए, तो भी पूरी धारावी की आबादी का पुनर्वास यही पर हो सकता है। उन्होंने चुनौती देते हुए कहा कि अडानी के इंजीनियर को हमारे इंजीनियर के सामने यह बात कहनी चाहिए कि धारावी में ही सभी धारावी के निवासियों का पुर्नवास नहीं हो सकता। माने ने कहा कि वर्ली में राज्य सरकार 140-150 वर्ग फुट के घर मालिकों को 500 वर्ग फुट का घर दे रही है, लेकिन यहां 150, 200 और 300 वर्ग फुट से अधिक के घरों, गालों को 500 वर्ग फुट का घर क्यों नहीं दिया जा रहा है? उन्होंने आरोप लगाया कि धारावी के एक लाख निवासियों को हटाकर यहां दूसरा बीकेसी बनाने की बात अब छिपी नहीं रह गई है। सभा में स्थानीय विधायक ज्योति गायकवाड, उबाठा के सुरेश सावंत, जोसेफ कोली, सतीश कटके, आनंद भोसले सहित बड़ी संख्या में स्थानीय लोग उपस्थित थे।

श्रेयाच्या बंदरावर...

देशाला स्वातंत्र्य मिळण्याच्या आठ वर्षे आधी एखाद्या प्रकल्पाची चर्चा सुरू होते नि तो स्वातंत्र्याच्या अमृतमहोत्सवास तीन वर्षे उलटल्यानंतर पूर्ण होतो असे केरळमधील विहिंजम येथील बंदराबाबत घडलेले आहे. साधारण १९४०च्या दशकात या बंदराच्या उभारणीबाबत प्राथमिक चर्चा सुरू झाली. गेल्या आठवड्यात पंतप्रधान नरेंद्र मोदी यांच्या हस्ते या बंदराचे उद्घाटन झाले. दरम्यान जवळपास ८५ वर्षे जाण्यामागील कारणे अनेक. हाती पैसा नसणे, विकासाबद्दलची अनास्था, दूरदृष्टीचा अभाव, कायदेशीर व पर्यावरणविषयक अडचणी, राजकारण... अशी ही कारणांची यादी आणखीही लांबवता येईल. आणि ही यादी देशातील अनेक प्रकल्पांच्या विलंबासाठीही लागू पडेल! अर्थात, ८५ वर्षांनंतर का होईना, विहिंजम बंदर सुरू झाले ही आनंदाची व स्वागताची बाब. देशातील जहाज वाहतूक क्षेत्राचा चेहरा बदलून टाकण्याची क्षमता ८९०० कोटी रुपये खर्चून उभारलेल्या या बंदरात आहे. तेथील २० मीटरच्या नैसर्गिक खोलीमुळे अवाढव्य अशी जहाजे येथे नांगर टाकू शकतील. आशियाला युरोपशी जोडणारा आंतरराष्ट्रीय सागरी मार्ग या बंदरापासून केवळ १० सागरी मैलांवर आहे. या वैशिष्ट्यांमुळे सागरी वाहतुकीपायी खर्च होणारे जवळपास २२० दशलक्ष डॉलर भारत दर वर्षी वाचवेल. त्यासोबतच तेथे प्रत्यक्ष-अप्रत्यक्ष असे लक्षावधी रोजगार निर्माण होतील. महत्त्वाचे म्हणजे, या संदर्भातील इतर देशांवरील भारताचे अवलंबित्व मोठ्या प्रमाणात कमी होईल. आता या इतक्या महत्त्वाच्या प्रकल्पाच्या उद्घाटनावेळी राजकारण न रंगते तरच नवल! केंद्रातील सत्ताधारी भारतीय जनता पक्षाचे म्हणणे, 'हे आमच्यामुळेच होतेय.' केरळमधील सत्ताधारी मार्क्सवादी कम्युनिस्ट पक्षाचे म्हणणे, 'हे बंदर झाले ते आमच्या पाठपुराव्यामुळे.' तर, 'या बंदराचा शिलान्यास आमच्याच सत्ताकाळात झाला होता,' हे म्हणणे काँग्रेसचे. त्यात या बंदराच्या उभारणीत अदानी समूहाचा वाटा मोठा. पंतप्रधान मोदी यांची उद्घाटन कार्यक्रमातील टिप्पणी, त्यास काँग्रेसचे उत्तर हे सारे अगदी प्रचलित राजकारणास धरूनच झाले. हे असे होणे अपरिहार्य. त्याचे कारण पुढील वर्षात होऊ घातलेल्या केरळ विधानसभेच्या निवडणुका. या निवडणुकांच्या पार्श्वभूमीवर विहिंजम येथील श्रेयाच्या बंदराला आपलेच जहाज लागावे, असे केरळमधील सत्ताधारी माकप, काँग्रेस नि भाजप या तिघांनाही वाटणारच. अर्थात, कुणाच्या प्रार्थनेने सूर्य उगवतोय, हे सामान्यांच्या दृष्टीने महत्त्वाचे नाही; सूर्य उगवणे महत्त्वाचे. विहिंजम बंदराच्या रूपाने तो उगवला आहे. त्याचे स्वागत.

We are looking at port acquisitions in South-East Asia & Africa, says APSEZ CEO Ashwani Gupta

Adani Ports and Special Economic Zone (APSEZ), which manages overseas ports in Israel, Sri Lanka, Tanzania and Australia, is planning to acquire more international port assets in Africa and South-East Asia, company officials said.

"We are looking at some ports in Africa and South East Asia. I can't disclose more. That is where we are targeting today," Ashwani Gupta, CEO of APSEZ said, adding that the company was looking at port acquisitions overseas that have the potential to grow and expand.

"It should be a best match between what we want to do and what is available," Gupta said during an earnings call held for the fourth quarter results for 2024-25.

FUTURE ACQUISITIONS

The official said future acquisitions of overseas ports will be done in line with the company's strategy to acquire assets across South-East Asia, India, Middle-East Asia and Africa.

The company will also look to acquire assets where it can hold a majority stake and operate. APSEZ recently announced the acquisition of the North Queensland Export Terminal, located at the Port of Abbot Point in Australia.

It also operates ports at Colombo in Sri Lanka, Dar Es Salaam in Tanzania and Haifa in Israel.

Talking about the operations at Haifa, Gupta said, "In Haifa, we have achieved two major milestones. Firstly, we have put our President to run the operations in Haifa. We will also have our CFO in Haifa to run the business. Then there are 4-5 specialised personnel who will support Haifa and improve efficiency and effectiveness."

The second major achievement which APSEZ has done at Haifa was entering into negotiations with eight labour unions. "We have signed the union agreement till 2036, which is bringing big efficiency in productivity improvement at the port," the APSEZ official added.

CAPITAL EXPENDITURE

APSEZ is targeting a ₹12,000 crore capital expenditure for financial year 2026 and a possible port acquisition this year will only add to the investments for the current financial year. Of the proposed capex for FY26, a significant portion will be spent on beefing up infrastructure for handling containerised cargo.

"Container cargo will remain our growth driver. We are going to invest heavily on container terminals whether it is in Mundra, Vizhinjam, Colombo, Ennore or Kattupalli. We want to keep expanding our capacities everywhere. That is the number one capex driver," Gupta said, adding APEZ's market share in containers had grown from 43.8 per cent to 45.5 per cent in FY 25.

Having achieved record high cargo volume at 450 million tonnes, APSEZ, earlier this week, posted an all-time high profit after tax of ₹11,061 crore, a 37 per cent y-o-y growth.

ಉದ್ಯೋಗ ಬದಲಾವಣೆ: ಈ ಕೆಲಸ ಮರೆಯಬೇಡಿ

ಬಂಡವಾಳ ಮಾರುಕಟ್ಟೆ

ಕಾವ್ಯ ದಿ.

ಈಗ ಇರುವ ಕೆಲಸಕ್ಕಿಂತ ಉತ್ತಮ ವೇತನ ಇರುವ ಮತ್ತೊಂದು ಕೆಲಸ ಸಿಕ್ಕಿದರೆ ಉದ್ಯೋಗಿಗಳು ಖುಷಿಯ ಅಲೆಯಲ್ಲಿ ತೇಲುತ್ತಾರೆ. ಆದರೆ ಹೊಸ ಕೆಲಸ ಸಿಕ್ಕಿದೆ, ಸಂಬಳವೂ ಹೆಚ್ಚಾಗಿದೆ ಎನ್ನುವ ಖುಷಿಯಲ್ಲಿ ತೆರಿಗೆ ನಿರ್ವಹಣೆ, ವಿಮೆ ಖಾತರಿ, ಕಾರ್ಮಿಕರ ಭವಿಷ್ಯ ನಿಧಿ (ಇಪಿಎಫ್) ವರ್ಗಾವಣೆ, ಸಾಲ ನಿರ್ವಹಣೆಯಂತಹ ಪ್ರಮುಖ ವಿಚಾರವನ್ನು ಮರೆತು ಬಿಡುತ್ತಾರೆ. ಬನ್ನಿ, ಉದ್ಯೋಗ ಬದಲಿಸುವಾಗ ಯಾವೆಲ್ಲಾ ಅಂಶಗಳು ಗಮನದಲ್ಲಿ ಇರಬೇಕು ಎಂಬ ಬಗ್ಗೆ ತಿಳಿಯೋಣ.

ತೆರಿಗೆ ನಿರ್ವಹಣೆ ಮರೆಯಬೇಡಿ: ಕೆಲಸ ಬದಲಾಯಿಸಿದಾಗ ನಿಮ್ಮ ಹೊಸ ಉದ್ಯೋಗದಾತ ಸಂಸ್ಥೆಗೆ ಹಳೆಯ ಕಂಪನಿಯಲ್ಲಿ ಎಷ್ಟು ತೆರಿಗೆ ಕಡಿತ ಮಾಡುತ್ತಿದ್ದರು ಎನ್ನುವ ವಿವರ ಒದಗಿಸಿ. ಈ ಮಾಹಿತಿ ಕೊಡದಿದ್ದರೆ ಹೊಸ ಉದ್ಯೋಗದಾತ ಸಂಸ್ಥೆಯು ಅಗತ್ಯಕ್ಕಿಂತ ಹೆಚ್ಚಿನ ತೆರಿಗೆ ಕಡಿತ ಮಾಡಲು ಮುಂದಾಗಬಹುದು. ಕೆಲಸ ಬದಲಾಯಿಸಿದಾಗ ಸಂಬಳವೂ ಹೆಚ್ಚಳವಾಗಿರುತ್ತದೆ. ಈ ವೇಳೆ ಹಳೆಯ ವೇತನ ಎಷ್ಟಿತ್ತು? ಅದಕ್ಕೆ ತಕ್ಕಂತೆ ಪಾವತಿಸುತ್ತಿದ್ದ ಆದಾಯ ತೆರಿಗೆ ಎಷ್ಟು? ಎನ್ನುವ ವಿವರ ಒದಗಿಸುವುದು ಅತ್ಯಗತ್ಯ.

ಈ ಮಾಹಿತಿ ಸಿಕ್ಕಾಗ ನಿಮ್ಮ ವೇತನಕ್ಕೆ ತಕ್ಕಂತೆ ಪ್ರಸ್ತುತ ಉದ್ಯೋಗದಾತ ಸಂಸ್ಥೆಯು ತೆರಿಗೆ ಕಡಿತ ಮಾಡುತ್ತದೆ. ತೆರಿಗೆ ಕಡಿತವು ನಿಮ್ಮ ಆದಾಯಕ್ಕೆ ತಕ್ಕಂತೆ ಆಗುತ್ತಿದೆ ಎನ್ನುವುದನ್ನು ಖಾತರಿಪಡಿಸಿಕೊಳ್ಳಲು ಫಾರಂ 12ಬಿ ಅನ್ನು ಭರ್ತಿ ಮಾಡಿಕೊಡಿ. ಇಲ್ಲದಿದ್ದರೆ ನಿಮ್ಮ ಹಿಂದಿನ ಸಂಸ್ಥೆಯ ಸ್ಯಾಲರಿ ಸ್ಲಿಪ್ (ವೇತನ ಚೀಟಿ) ಕೊಡಿ. ಕೆಲಸ ಬದಲಾಯಿಸಿದಾಗ ಹಳೆಯ ಸಂಸ್ಥೆಯಿಂದ ಮತ್ತು ಹೊಸ ಸಂಸ್ಥೆಯಿಂದ ನಿಮ್ಮ ಫಾರಂ 16 ಪಡೆದುಕೊಳ್ಳುವುದನ್ನು ಮರೆಯದಿರಿ.

ಫಾರಂ 16 ಇದ್ದರೆ ಆದಾಯ ತೆರಿಗೆ ವಿವರ ಸಲ್ಲಿಕೆ ಸುಲಭ. ಇನ್ನು ವೇತನ ಹೆಚ್ಚಳವಾದಾಗ ತೆರಿಗೆ ಬಾಬ್ತು ಹೆಚ್ಚಾಗುತ್ತದೆ. ಆದಾಯ ತೆರಿಗೆ ಇಲಾಖೆ ನೀಡಿರುವ ವಿನಾಯಿತಿ ಬಳಸಿಕೊಂಡು ತೆರಿಗೆ ಉಳಿತಾಯ ಹೆಚ್ಚಿಸಿಕೊಳ್ಳುವುದು ಹೇಗೆ ಎನ್ನುವುದನ್ನು ಯೋಜಿಸಿ. ನಿಮ್ಮ ಮಾನವ ಸಂಪನ್ಮೂಲ ಅಧಿಕಾರಿ ಜೊತೆಗೆ ಮಾತನಾಡಿ. ಅಗತ್ಯವಿದ್ದರೆ ತೆರಿಗೆ ತಜ್ಞರ ನೆರವು ಪಡೆಯಿರಿ.

ಆರೋಗ್ಯ ವಿಮೆ ಕವರೇಜ್ ಬಗ್ಗೆ ಗಮನಕೊಡಿ: ಕೆಲಸ ಬದಲಾಯಿಸುವ ವೇಳೆ ಗಮನಿಸಿಕೊಳ್ಳಬೇಕಾದ ಪ್ರಮುಖ ವಿಚಾರ ಆರೋಗ್ಯ ವಿಮೆ. ಸಾಮಾನ್ಯವಾಗಿ ಬಹುತೇಕ ಕಂಪನಿಗಳು ಆರೋಗ್ಯ ವಿಮೆ ಕವರೇಜ್ ಒದಗಿಸಿರುತ್ತವೆ. ಆದರೆ, ಕೆಲಸ ಬದಲಿಸುವಾಗ ಹೊಸ ಕಂಪನಿಯು ನಿಮಗೆ ಮತ್ತು ನಿಮ್ಮ ಕುಟುಂಬಕ್ಕೆ ಸೂಕ್ತ ಮೊತ್ತದ ಹೆಲ್ತ್ ಇನ್ಶೂರೆನ್ಸ್ ಕವರೇಜ್ ಒದಗಿಸುತ್ತಿದೆಯೇ ಎಂಬುದನ್ನು ನೋಡಿಕೊಳ್ಳಿ. ಒಂದೊಮ್ಮೆ ಹೊಸ ಕಂಪನಿಯಲ್ಲಿ ಉತ್ತಮ ಕವರೇಜ್ ಸಿಗುತ್ತಿಲ್ಲ ಎನ್ನುವುದು ಗಮನಕ್ಕೆ ಬಂದರೆ ನಿಮ್ಮ ವೈಯಕ್ತಿಕ ಆರೋಗ್ಯ ವಿಮೆಯ ಕವರೇಜ್ ಮೊತ್ತವನ್ನು ಹೆಚ್ಚಿಸಿಕೊಳ್ಳಬೇಕಾಗುತ್ತದೆ.

ಇಪಿಎಫ್ ನಗದೀಕರಣ ಬೇಡ: ಕೆಲಸ ಬದಲಾಯಿಸುವಾಗ ಕಾರ್ಮಿಕರ ಭವಿಷ್ಯ ನಿಧಿಯ ಬಾಕಿ ಮೊತ್ತವನ್ನು ನಗದೀಕರಣ ಮಾಡಬೇಡಿ. ಬದಲಿಗೆ ಹೊಸ ಖಾತೆಗೆ ಅದನ್ನು ವರ್ಗಾಯಿಸಿಕೊಳ್ಳಿ. ಇಪಿಎಫ್ ವರ್ಗಾವಣೆ ಸುಗಮಗೊಳಿಸಿಕೊಳ್ಳಲು ನಿಮ್ಮ ಯುಎಎನ್ ನಂಬರ್ ನೀಡಿ. ಕೆಲಸ ಬದಲಾಯಿಸಿದ ಸಂದರ್ಭದಲ್ಲೆಲ್ಲಾ ಕಾರ್ಮಿಕರ ಭವಿಷ್ಯ ನಿಧಿಯಲ್ಲಿರುವ ಮೊತ್ತವನ್ನು ಬಿಡಿಸಿಕೊಂಡರೆ ತೆರಿಗೆ ಹೊರೆ ಹೆಚ್ಚಾಗುವ ಜೊತೆಗೆ ನಿವೃತ್ತಿ ಜೀವನಕ್ಕೆ ಉಳಿತಾಯ ಇಲ್ಲವಾಗುತ್ತದೆ.

ಸಾಲ ನಿರ್ವಹಣೆ: ಕೆಲಸ ಬದಲಾಯಿಸಿದಾಗ ಸಿಗುವ ವೇತನ ಹೆಚ್ಚಳವನ್ನು ಹೆಚ್ಚು ಬಡ್ಡಿ ಇರುವ ಸಾಲಗಳನ್ನು ತೀರಿಸಿದಾಗ ಆರ್ಥಿಕ ಪರಿಸ್ಥಿತಿ ಸುಧಾರಿಸುತ್ತದೆ. ಒಂದೊಮ್ಮೆ ಯಾವುದೇ ಸಾಲ ಇಲ್ಲ ಎಂದಾದಲ್ಲಿ ಆದಾಯ ಹೆಚ್ಚಳದ ಮೊತ್ತವನ್ನು ತುರ್ತು ನಿಧಿ ನಿರ್ಮಿಸಿಕೊಳ್ಳಲು ಬಳಸಿ. ನಿಮ್ಮ ಮೂರರಿಂದ ಆರು ತಿಂಗಳ ಖರ್ಚಿನ ಬಾಬ್ತು ತುರ್ತು ನಿಧಿಯಲ್ಲಿ ಇದ್ದಾಗ ಧುತ್ತೆಂದು ಬರುವ ಆರ್ಥಿಕ ಖರ್ಚುಗಳನ್ನು ನಿಭಾಯಿಸುವುದು ಸುಲಭ.

ಖರ್ಚು ಹೆಚ್ಚಿಸಿಕೊಳ್ಳಬೇಡಿ: ಒಂದು ಕಂಪನಿ ತೊರೆದು ಮತ್ತೊಂದು ಕಂಪನಿಗೆ ಸೇರಿದಾಗ ಸಾಮಾನ್ಯವಾಗಿ ವೇತನ ಹೆಚ್ಚಳವಾಗುತ್ತದೆ. ಆದರೆ, ವೇತನ ಹೆಚ್ಚಳಕ್ಕೆ ತಕ್ಕಂತೆ ಜೀವನ ಮಟ್ಟವನ್ನು ಏರಿಸಿಕೊಳ್ಳಬೇಡಿ. ಜೀವನ ಶೈಲಿಯ ಖರ್ಚುಗಳನ್ನು ಹೆಚ್ಚಿಸಿಕೊಂಡಾಗ ಕೈಯಲ್ಲಿ ಹಣ ನಿಲ್ಲುವುದಿಲ್ಲ. ಹೀಗಾದಾಗ ವೇತನ ಹೆಚ್ಚಿದರೂ ಉಳಿತಾಯ ಮತ್ತು ಹೂಡಿಕೆಯನ್ನು ಸುಧಾರಿಸಲು ಸಾಧ್ಯವಾಗುವುದಿಲ್ಲ.

Adani Enterprises targets ₹36,000 crore capex for FY26, 29% to be spent on airports

Adani Enterprises Ltd, the flagship company of the Adani Group, is targeting capital expenditure of over ₹36,000 crore for FY25-26, of which 29 per cent will be spent on the airports business.

"We have completed a capex of about ₹31,500 crore during FY25. We are on track in the following year for just over ₹36,000 crore," said Jugeshinder Singh, Chief Financial Officer, Adani Group, said during an earnings call held earlier this week.

Apart from airports, a large portion of the investment is expected to be spent on the green hydrogen ecosystem, roads and solar PVC. Of the total capex, ₹10,500 crore will be spent on airports, ₹9,000 crore on PVC, ₹6,200 crore on roads and ₹5,500 crore on green hydrogen ecosystem.

Jugeshinder Singh, CFO, Adani Group

The company laid bare plans to "upgrade" the T1 terminal of the Mumbai airport and operationalise the Navi Mumbai airport. The official said upgradation of T1 will not be "rushed."

STABILISE OPS

"Once we announce a proper transition to Navi Mumbai after operational stablisation, we will determine what is the best timing in consultation with the airlines. But we want to upgrade Terminal 1. It won't be rushed. It won't be near term," Singh said about the demolition of T1.

Company officials said the exact "start date" for demolition work had not been decided as the company was focused on first stabilising operations at Navi Mumbai to ensure that airlines are "comfortable" operating from the airport.

Talking about passenger demand in Mumbai, Singh said, "The capacity structure and latent demand in Mumbai far exceeds the demand in any other part or any single city in India. Consequently the latency of the demand is much higher than the current traffic numbers of passengers, possibly 100 million plus." The official said phase-2 of the Navi Mumbai airport development will start after the stablisation of phase-1. "For Navi Mumbai, we expect to start phase-2 immediately, post stablisation of phase-1. All preparations are already done. Phase-2 will take the capacity (of Navi Mumbai airport) from 20 million to 60 million passengers."

Out of an EBITA of about ₹4,000 crore for the airports business, about 45 per cent of the pie belongs to the Mumbai International Airport Ltd and the rest to the ecosystem of other airports that sit under the Adani Airports Holdings Ltd.

Under the Adani Airports Holdings Ltd, the company handles seven airports that catered to 94.4 million passengers in FY25, registering a y-o-y growth of seven per cent.

धारावीत दुसरी बीकेसी उभारण्याचा अदानीचा डाव हाणून पाडू!

धारावी बचाव आंदोलनाच्या सभेत एल्गार

मुंबई, दि. ४ (प्रतिनिधी) – मुंबईचे मध्यवर्ती ठिकाण असलेल्या धारावीच्या आजूबाजूला सात रेल्वे स्थानके आहेत. शाळा, कॉलेज, रुग्णालये अशा सर्व नागरी सोयीसुविधा एकाच ठिकाणी मुंबई महापालिका देत आहे. धारावीत अनेक उद्योग असून त्यामुळे एक अब्जाहून जास्त उलाढाल होते. त्यातून सरकारला मोठ्या प्रमाणात करही मिळतो. मात्र आता मुंबईचे काळीज असलेल्या धारावीतून एक लाख झोपड्या, घरे, दुकाने, गाळे यांना अपात्र ठरवून येथे दुसरे बीकेसी उभारण्याचा अदानीचा डाव आहे, मात्र हा डाव हाणून पाडू, असा एल्गार धारावी बचाव आंदोलनाचे नेते आणि माजी आमदार बाबूराव माने यांनी केला.

धारावीमधील शिवराज मैदानावर धारावी बचाव आंदोलन समितीची विशाल जनसभा झाली, त्यावेळी बाबूराव माने बोलत होते. धारावी ५४० एकर जमिनीवर पसरलेली आहे आणि या क्षेत्रावर १ लाख १० हजार झोपड्या, घरे, दुकाने, गाळे आहेत. या झोपड्या घरे, दुकाने गाळ्यांना ५०० चौरस फूट इतकी जागा दिली तरी संपूर्ण धारावीकरांचे पुनर्वसन इथेच होऊ शकते, असे धारावी बचाव आंदोलनातील नामांकित इंजिनीअरने अभ्यास करून छातीठोकपणे सांगितलेले आहे, असे माने यांनी धारावीकरांच्या लक्षात आणून दिले. धारावी बचाव आंदोलनाचे समन्वयक राजेंद्र कोरडे, काँग्रेस आमदार ज्योती गायकवाड यांची भाषणे झाली.

यावेळी विधानसभा प्रमुख सुरेश सावंत, जोसेफ कोळी, शाखाप्रमुख सतीश कटके, आनंद भोसले, किरण काळे, मनीकडंन, भास्कर पिल्ले, महिला आघाडीच्या कविता जाधव, माया जाधव, देवयानी कोळी, मंजू वीर, युवासेनेचे सनी शिंदे, रोहित शिंदे, राष्ट्रवादीचे उल्लेश गजाकोश, सपाचे राहुल गायकवाड, बसपचे श्यामलाल जैस्वार, 'आप'चे राफेल पॉल, शाम्या कोरडे आदींसह धारावीकर मोठ्या संख्येने उपस्थित होते.

बीडीडीतील घरांपेक्षा धारावीतील घरे मोठी

वरळी बीडीडी पुनर्विकास प्रकल्पाअंतर्गत १४० ते १५० चौरस फुटांची घरे असलेल्यांना राज्य सरकार ५०० चौरस फुटांपेक्षा जास्त आकाराची घरे देणार आहेत. मग इथे तर १५० पासून ते ३०० चौरस फुटांपेक्षा जास्त आकाराच्या झोपड्या, घरे, गाळे आहेत. असे असताना राज्य सरकार, अदानी कंपनी आम्हाला ५०० चौरस फुटांची घरे का देत नाही, असा सवालही माने यांनी केला.

नवी मुंबई एयरपोर्ट के पास मांस की बिक्री पर रोक

भास्कर संवाददाता | नवी मुंबई

नवी मुंबई अंतरराष्ट्रीय हवाई अड्डा (एनएमआईए) जल्द ही परिचालन शुरू करने की तैयारी कर रहा है। नागरिक विमानन महानिदेशालय (डीजीसीए) ने हवाई अड्डा संचालक को हवाई अड्डे के निकट पक्षियों को आकर्षित करने वाली गतिविधियों पर रोक लगाने का निर्देश दिया है, जिसमें पशुओं का अवैध कत्ल भी शामिल है। यह कदम हवाई अड्डा के आस-पास जानवरों के कत्ल से यहां बढ़ने वाली पक्षियों की संख्या को देखते हुए पर्यावरणविद् की शिकायत पर उठाया गया है। डीजीसीए ने हवाईअड्डा संचालकों से उलवे और एयरपोर्ट परिसर के इर्द-गिर्द पशुओं का खुलेआम कत्ल, बूचड़खाने और मांस विक्रेताओं की बिक्री पर पूरी तरह पाबंदी लगाने की हिदायत दी है।

डीजीसीए ने यह कदम इसलिए उठाया है क्योंकि नवी मुंबई अंतरराष्ट्रीय हवाई अड्डा जल्द ही शुरू होने की तैयारी में है। 'नेटकनेक्ट फाउंडेशन' के निदेशक बीएन कुमार ने उलवे क्षेत्र में बकरी और मुर्गियों के कत्ल के बारे में शिकायत दर्ज कराई थी, जो हवाई अड्डे के रनवे से महज तीन किमी की दूरी पर है। दरअसल कुमार ने 24 फरवरी को प्रधानमंत्री जन शिकायत पोर्टल के माध्यम से डीजीसीए में शिकायत दर्ज कराई थी। कुमार ने अपनी शिकायत में कहा है कि यह विमानन नियमों का पूरी तरह से उल्लंघन है, जो किसी भी हवाई अड्डे के 10 किमी के दायरे में पशुओं के कत्ल पर प्रतिबंध है। शिकायत के बाद डीजीसीए के निदेशक अमित गुप्ता ने हवाई अड्डा संचालक से कहा है कि वह पशुओं के कत्ल सहित सभी गतिविधियों को रोकने के लिए आवश्यक कदम उठाएं।

'Adani Ports Focussing on Scaling Up Marine, Logistics & Agri-Logistics Biz'

Karan Adani says idea is to keep scaling up marine business within India, as well as outside

New Delhi: Adani Ports and Special Economic Zone (APSEZ) managing director Karan Adani has said that India's biggest private port operator is focusing on scaling up its marine, logistics and agri-logistics businesses.

In an interview with PTI, Adani said that APSEZ, the flagship company of the Adani group, will invest ₹13,000 crore in Vizhinjam International Seaport in phase 2, which will take this deep-water port's cargo handling capacity from current 1.2 million TEUs (twenty-foot equivalent units) to almost 5 million TEUs by 2028.

Prime Minister Narendra Modi on May 2 commissioned the Vizhinjam International Seaport which was completed at an estimated cost of ₹8,867 crore.

APSEZ managing director Karan Adani

"Within APSEZ, we have three big verticals that we are building on – marine business, logistics business and agri-logistics business," he said.

While pointing out that APSEZ is the the largest operator in the country in marine business, Adani said, "the idea now is to keep scaling that (marine business) business up within India, as well as outside of India".

On the logistics side, Adani said APSEZ is looking at building multi-model logistics parks, similar to what the Adani group has done in the ports. "We want to build large, multi-modal logistics parks, and then to help it bring in volume, as well as to drive efficiency," he said.

Referring to agri-logistics business, Adani said the grains which are stored today in India, are not stored in a proper manner. "So we are looking at silos, building silos and storing them," he said.

Asked how is Vizhinjam International Seaport is different from APSEZ's other ports, Adani explained that Adani group's ports are predominantly doing the domestic volume and the import-export volume, none of them do transshipment volume.

"Vizhinjam International Seaport is the first one in the country with 100% transshipment volume – currently all the cargo which is moving from our ports are going to Singapore and to Colombo, those are the ones (cargo) which we are targeting to bring into Vizhinjam port," he said.

Currently, 75% of India's transshipment cargo is handled at ports outside India and Indian ports lose up to $200-220 million of potential revenue each year on transshipment handling of cargo originating/destined for India. — PTI

Referring to agri-logistics business, Adani said the grains which are stored today in India, are not stored in a proper manner. "So we are looking at silos, building silos and storing them," he said.

Asked how is Vizhinjam International Seaport is different from APSEZ's other ports, Adani explained that Adani group's ports are predominantly doing the domestic volume and the import-export volume, none of them do transshipment volume.

"Vizhinjam International Seaport is the first one in the country with 100% transshipment volume – currently all the cargo which is moving from our ports are going to Singapore and to Colombo, those are the ones (cargo) which we are targeting to bring into Vizhinjam port," he said.

Currently, 75% of India's transshipment cargo is handled at ports outside India and Indian ports lose up to $200-220 million of potential revenue each year on transshipment handling of cargo originating/destined for India. — PTI

लोकमत न्यूज नेटवर्क

नवी मुंबई : ड्रग्जमाफियांनी कस्टम, पोलिस यंत्रणाच पोखरल्याचे नवी मुंबई पोलिसांनी नुकतेच उघडकीस आणले. विमानतळावर ड्रग्जचे पार्सल क्लियर करण्यासाठी किलोमागे कमिशन घेतले जात असल्याचे चौकशीत समोर आले. यासाठी ९० टक्के कमिशन कस्टम अधिकाऱ्याला, तर १० टक्के पोस्ट अधिकाऱ्याला दिले जात होते.

नवी मुंबईत ड्रग्ज तस्करीचे रॅकेट चालवणाऱ्यांपैकी एक केके उर्फ कमल चांदवाणी (५६) याला अटक केल्यानंतर अमली पदार्थविरोधी पथकाने ही साखळी उघडकीस आणली. या कारवायामुळे पोलिस दलांमध्ये चर्चा रंगू लागली असून, आणखी किती जणांवर कारवाई होणार याकडे सर्वांचे लक्ष लागले आहे.

मुंबई विमानतळावरील कस्टम अधिकारी, पोलिस अधिकारी यांनाच हाताशी धरून विदेशातून मुंबईत ड्रग्ज आणले जात होते. हे ड्रग्ज विक्रीचे रॅकेट नवी मुंबईत सुरळीत चालवण्यासाठी त्याने काही पोलिसांना हाताशी धरले होते. त्यापैकी दोघांना अमली पदार्थविरोधी पथकाने अटक केली आहे. ड्रग्ज तस्करांना पाठीशी घालणाऱ्या खाकीवरच हात टाकण्याचे धाडस वरिष्ठ निरीक्षक संदीप निगडे यांच्या पथकाने केले.

७ पोलिस पथके तयार

गौरला अटक केल्याचे समजताच रवी सुट्टी टाकून उदयपूर येथे मूळगावी निघून गेला होता. त्याचाही सहभाग निष्पन्न होताच त्याला अटक झाली. या गुन्ह्यात आतापर्यंत ११ जणांना अटक झाली आहे. इतरांवरही कारवाईची टांगती तलवार आहे. पोलिसांनी ७ पथके तयार केली आहेत. दोन पथके राज्याबाहेरील साखळी शोधण्याच्या प्रयत्नात आहेत.

...अशा व्हायच्या वाटाघाटी

अधिक चौकशीत या रॅकेटमध्ये कस्टम अधीक्षक प्रशांत गौर याला मिळालेला पोस्ट अधिकारी रवी श्रीपालला उदयपूरमधून अटक केली आहे.

चांदवणीच्या इशाऱ्यावरून तो थायलंडमधून येणाऱ्या ड्रग्जची माहिती विमानतळावरील गौर याला देऊन ते सुखरूप बाहेर काढले जायचे. यासाठी कस्टम अधीक्षक गौर याला किलोमागे कमिशन मोजले जात होते.

ड्रग्ज कोणत्या प्रकारचे आहे, त्यावरून हा आकडा निश्चित व्हायचा. त्यानुसार गौर याने किलोमागे ५० हजार ते ८० हजार घेऊन लाखो रुपये खिशात घातल्याचे समोर आले आहे.

धारावीत दुसरी बीकेसी उभारण्याचा अदानीचा डाव हाणून पाडू!

धारावी बचाव आंदोलनाच्या सभेत एल्गार

मुंबई, दि. ४ (प्रतिनिधी) – मुंबईचे मध्यवर्ती ठिकाण असलेल्या धारावीच्या आजूबाजूला सात रेल्वे स्थानके आहेत. शाळा, कॉलेज, रुग्णालये अशा सर्व नागरी सोयीसुविधा एकाच ठिकाणी मुंबई महापालिका देत आहे. धारावीत अनेक उद्योग असून त्यामुळे एक अब्जाहून जास्त उलाढाल होते. त्यातून सरकारला मोठ्या प्रमाणात करही मिळतो. मात्र आता मुंबईचे काळीज असलेल्या धारावीतून एक लाख झोपड्या, घरे, दुकाने, गाळे यांना अपात्र ठरवून येथे दुसरे बीकेसी उभारण्याचा अदानीचा डाव आहे, मात्र हा डाव हाणून पाडू, असा एल्गार धारावी बचाव आंदोलनाचे नेते आणि माजी आमदार बाबूराव माने यांनी केला.

धारावीमधील शिवराज मैदानावर धारावी बचाव आंदोलन समितीची विशाल जनसभा झाली, त्यावेळी बाबूराव माने बोलत होते. धारावी ५४० एकर जमिनीवर पसरलेली आहे आणि या क्षेत्रावर १ लाख १० हजार झोपड्या, घरे, दुकाने, गाळे आहेत. या झोपड्या घरे, दुकाने गाळ्यांना ५०० चौरस फूट इतकी जागा दिली तरी संपूर्ण धारावीकरांचे पुनर्वसन इथेच होऊ शकते, असे धारावी बचाव आंदोलनातील नामांकित इंजिनीअरने अभ्यास करून छातीठोकपणे सांगितलेले आहे, असे माने यांनी धारावीकरांच्या लक्षात आणून दिले. धारावी बचाव आंदोलनाचे समन्वयक राजेंद्र कोरडे, काँग्रेस आमदार ज्योती गायकवाड यांची भाषणे झाली.

यावेळी विधानसभा प्रमुख सुरेश सावंत, जोसेफ कोळी, शाखाप्रमुख सतीश कटके, आनंद भोसले, किरण काळे, मनीकडंन, भास्कर पिल्ले, महिला आघाडीच्या कविता जाधव, माया जाधव, देवयानी कोळी, मंजू वीर, युवासेनेचे सनी शिंदे, रोहित शिंदे, राष्ट्रवादीचे उल्लेश गजाकोश, सपाचे राहुल गायकवाड, बसपचे श्यामलाल जैस्वार, 'आप'चे राफेल पॉल, शाम्या कोरडे आदींसह धारावीकर मोठ्या संख्येने उपस्थित होते.

बीडीडीतील घरांपेक्षा धारावीतील घरे मोठी

वरळी बीडीडी पुनर्विकास प्रकल्पाअंतर्गत १४० ते १५० चौरस फुटांची घरे असलेल्यांना राज्य सरकार ५०० चौरस फुटांपेक्षा जास्त आकाराची घरे देणार आहेत. मग इथे तर १५० पासून ते ३०० चौरस फुटांपेक्षा जास्त आकाराच्या झोपड्या, घरे, गाळे आहेत. असे असताना राज्य सरकार, अदानी कंपनी आम्हाला ५०० चौरस फुटांची घरे का देत नाही, असा सवालही माने यांनी केला.

नवी मुंबई एयरपोर्ट के पास मांस की बिक्री पर रोक

भास्कर संवाददाता | नवी मुंबई

नवी मुंबई अंतरराष्ट्रीय हवाई अड्डा (एनएमआईए) जल्द ही परिचालन शुरू करने की तैयारी कर रहा है। नागरिक विमानन महानिदेशालय (डीजीसीए) ने हवाई अड्डा संचालक को हवाई अड्डे के निकट पक्षियों को आकर्षित करने वाली गतिविधियों पर रोक लगाने का निर्देश दिया है, जिसमें पशुओं का अवैध कत्ल भी शामिल है। यह कदम हवाई अड्डा के आस-पास जानवरों के कत्ल से यहां बढ़ने वाली पक्षियों की संख्या को देखते हुए पर्यावरणविद् की शिकायत पर उठाया गया है। डीजीसीए ने हवाईअड्डा संचालकों से उलवे और एयरपोर्ट परिसर के इर्द-गिर्द पशुओं का खुलेआम कत्ल, बूचड़खाने और मांस विक्रेताओं की बिक्री पर पूरी तरह पाबंदी लगाने की हिदायत दी है।

डीजीसीए ने यह कदम इसलिए उठाया है क्योंकि नवी मुंबई अंतरराष्ट्रीय हवाई अड्डा जल्द ही शुरू होने की तैयारी में है। 'नेटकनेक्ट फाउंडेशन' के निदेशक बीएन कुमार ने उलवे क्षेत्र में बकरी और मुर्गियों के कत्ल के बारे में शिकायत दर्ज कराई थी, जो हवाई अड्डे के रनवे से महज तीन किमी की दूरी पर है। दरअसल कुमार ने 24 फरवरी को प्रधानमंत्री जन शिकायत पोर्टल के माध्यम से डीजीसीए में शिकायत दर्ज कराई थी। कुमार ने अपनी शिकायत में कहा है कि यह विमानन नियमों का पूरी तरह से उल्लंघन है, जो किसी भी हवाई अड्डे के 10 किमी के दायरे में पशुओं के कत्ल पर प्रतिबंध है। शिकायत के बाद डीजीसीए के निदेशक अमित गुप्ता ने हवाई अड्डा संचालक से कहा है कि वह पशुओं के कत्ल सहित सभी गतिविधियों को रोकने के लिए आवश्यक कदम उठाएं।

FROM PROTEST TO PROSPERITY

Vizhinjam port offers hope for local youth

PRESS TRUST OF INDIA

Thiruvananthapuram, May 4: Just a few years ago, the name Vizhinjam was at the heart of fierce protests. Now, it is being spoken of as a symbol of opportunity and progress, especially among the youth in this coastal village.

Prime Minister Narendra Modi officially commissioned the Vizhinjam International Seaport, a project once met with strong resistance from the local fishermen community Friday. Today, it stands as a source of pride and employment for many of those same residents.

"Who wouldn't want a good job in their hometown?" asked Rahul, a young man from the fishermen community, stepping out of the port wearing his safety helmet and uniform.

He is among the 35 per cent of port workers who are from Vizhinjam. Many more are hoping to follow his lead.

The port has slowly changed public opinion in the area. Years of protests, supported by the local Church, brought life in Vizhinjam to a standstill for over four months.

It was only after a meeting with Kerala Chief Minister Pinarayi Vijayan that the strikes were called off, with a promise of jobs and development.

Now, those promises are beginning to materialise. Roshin, another young local who now works at the port, said, "This port is a game changer. Most youths here only had fishing as an option. Now they have a new future."

The Kerala government had made it clear during its agreement with the Adani Group that local youth must be given priority in hiring.

To support this, a Community Skill Park was set up in Vizhinjam under the Additional Skill Acquisition Programme (ASAP), offering training tailored to port jobs.

Among the most notable changes is the employment of nine local women as crane operators.

These women, trained at the local skill centre, now handle the massive Cantilever Rail Mounted Gantry cranes, which unload containers from ships.

According to port officials, this is the first time women have been given such a role in any Indian port.

Training doesn't stop there. Two groups of intermodal truck drivers trained at the skill park have already been hired, and 150 more young people are currently undergoing training.

Manoj Nair, managing director of a mooring company at the port, confirmed they have already hired 24 local workers and plan to recruit more as the port expands.

Now, those promises are beginning to materialise. Roshin, another young local who now works at the port, said, "This port is a game changer. Most youths here only had fishing as an option. Now they have a new future."

The Kerala government had made it clear during its agreement with the Adani Group that local youth must be given priority in hiring.

To support this, a Community Skill Park was set up in Vizhinjam under the Additional Skill Acquisition Programme (ASAP), offering training tailored to port jobs.

Among the most notable changes is the employment of nine local women as crane operators.

These women, trained at the local skill centre, now handle the massive Cantilever Rail Mounted Gantry cranes, which unload containers from ships.

According to port officials, this is the first time women have been given such a role in any Indian port.

Training doesn't stop there. Two groups of intermodal truck drivers trained at the skill park have already been hired, and 150 more young people are currently undergoing training.

Manoj Nair, managing director of a mooring company at the port, confirmed they have already hired 24 local workers and plan to recruit more as the port expands.

अदाणी पोर्ट्स का ध्यान समुद्री, लॉजिस्टिक्स और कृषि-लॉजिस्टिक्स कारोबार को बढ़ाने पर: करण अदाणी

नयी दिल्ली : अदाणी पोर्ट्स एंड स्पेशल इकनॉमिक ज़ोन (एपीएसईज़ेड) के प्रबंध निदेशक करण अदाणी ने कहा है कि भारत की सबसे बड़ी निजी बंदरगाह परिचालक अपने समुद्री, लॉजिस्टिक और कृषि-लॉजिस्टिक कारोबार को बढ़ाने पर ध्यान केंद्रित कर रही है।अदाणी ने पीटीआई-भाषा को दिए साक्षात्कार में कहा कि अदाणी समूह की प्रमुख कंपनी एपीएसईज़ेड विड़िण्णम अंतरराष्ट्रीय बंदरगाह में दूसरे चरण में 13,000 करोड़ रुपये का निवेश करेगी, जिससे इस गहरे पानी वाले बंदरगाह की माल ढुलाई क्षमता मौजूदा 12 लाख टीईयू (बीस फुट समकक्ष इकाइयों) से बढ़कर 2028 तक लगभग 50 लाख टीईयू हो जाएगी। प्रधानमंत्री नरेन्द्र मोदी ने दो मई को विड़िण्णम अंतरराष्ट्रीय बंदरगाह का उद्घाटन किया, जिसका निर्माण 8,867 करोड़ रुपये की अनुमानित लागत से पूरा हुआ है। उन्होंने कहा, एपीएसईज़ेड के भीतर, हमारे पास तीन बड़े कारोबारी क्षेत्र-समुद्री व्यवसाय, लॉजिस्टिक्स व्यवसाय और

कृषि-लॉजिस्टिक्स व्यवसाय हैं, जिनपर हम काम कर रहे हैं। उन्होंने इस बात की ओर इशारा किया कि एपीएसईज़ेड देश में समुद्री व्यापार में सबसे बड़ी संचालक है। अदाणी ने कहा, अब विचार यह है कि भारत के भीतर और साथ ही भारत के बाहर भी उस (समुद्री व्यापार) व्यवसाय को बढ़ाया जाए। लॉजिस्टिक्स के मामले में, अदाणी ने कहा कि एपीएसईज़ेड बहु-मॉडल लॉजिस्टिक्स पार्क बनाने पर विचार कर रही है, जैसा अदाणी समूह ने बंदरगाहों में किया है।उन्होंने कहा, हम बड़े, बहु-मॉडल लॉजिस्टिक्स पार्क बनाना चाहते हैं, और फिर मात्रा बढ़ाने के साथ-साथ दक्षता बढ़ाने में मदद करना चाहते हैं।कृषि-लॉजिस्टिक्स कारोबार का उल्लेख करते हुए, अदाणी ने कहा कि आज भारत में जो अनाज संग्रहीत किया जाता है, उसका भंडारण उचित तरीके से नहीं किया जाता है। उन्होंने कहा, इसलिए हम साइलो बनाने और उन्हें संग्रहीत करने पर विचार कर रहे हैं। यह पूछे जाने पर कि विड़िण्णम अंतरराष्ट्रीय बंदरगाह एपीएसईज़ेड के अन्य बंदरगाहों से किस तरह अलग है, अदाणी ने बताया कि अदाणी समूह के बंदरगाह मुख्य रूप से घरेलू माल और आयात-निर्यात माल का कारोबार करते हैं, उनमें से कोई भी पारगमन वाली वस्तुओं का कारोबार नहीं करता है।

અમદાવાદ ક્રાઈમ બ્રાન્ચે ચોક્કસ તત્ત્વોને આઇડેન્ટિફાઇ કર્યા, આગામી દિવસમાં ધડાકો કરાશે

ઈન્ડિગોની ફ્લાઈટમાં ચોક્કસ કર્મચારીઓ દ્વારા જ બોમ્બની ધમકી અપાતી હોવાનો ઘટસ્ફોટ

ઈન્ડિગોનો સ્ટાફ અને ક્રૂ મેમ્બર કંપનીથી નારાજ હોવાથી બોમ્બના મેસેજ કરી રહ્યા હોવાની વિગતો ખૂલી

- **તપાસ માટે ફ્લાઈટ ચાર પાંચ કલાક ગ્રાઉન્ડ કરાય તો એરલાઈન્સને 50 લાખનું નુકસાન થાય**

નવગુજરાત સમય > અમદાવાદ

થોડા દિવસ પહેલાં જ કોંગ્રેસના રાષ્ટ્રીય અધિવેશનમાં આવવા માટે દિલ્હીથી રવાના થયેલા રાહુલ ગાંધીનું પ્લેન અમદાવાદ એરપોર્ટ પર લેન્ડ થવાનું હતું ત્યારે એર ઈન્ડિયાની લંડનથી અમદાવાદ આવી રહેલી ફ્લાઈટમાં બોમ્બ હોવાની ચિઠ્ઠી મળી અને તમામ એજન્સીઓ દોડતી થઈ ગઈ. રાહુલ ગાંધીને પણ સુરક્ષાના કારણોસર થોડા સમય માટે હવામાં ચક્કર લગાવવા પડ્યા. એર ઈન્ડિયાની ફ્લાઈટ 8:30 વાગે એરપોર્ટ પર લેન્ડ થઈ કે તરત જ તમામ એજન્સીઓ દ્વારા ત્રણ કલાક સુધી ફ્લાઈટને ચકાસવામાં આવી અને તમામ મુસાફરોના હેન્ડ રાઈટિંગના સેમ્પલ લઈને એફએસએલ દ્વારા તપાસ શરૂ કરવામાં આવી.

એર ઈન્ડિયાની ફ્લાઈટમાં તો પહેલી વખત બોમ્બ હોવાની ચિઠ્ઠી મળી પરંતુ ઈન્ડિગોની ફ્લાઈટમાં વારંવાર બોમ્બ હોવાની ચિઠ્ઠી ફ્લાઈટના ટોઈલેટમાંથી, ફ્લાઈટની સીટ પરથી અથવા એરપોર્ટના ટોઈલેટ પરથી મળતી હોય છે. ગણતરીના મહિનાઓમાં જ લગભગ ત્રણ વખત આવી રીતે ધમકી મળી. આ ધમકી મળે એટલે ડોગ સ્ક્વોડ, બોમ્બ સ્ક્વોડ ઉપરાંત ક્રાઈમ બ્રાન્ચની ટીમ તપાસમાં જોડાતી હોય છે. અગાઉ ત્રણેય વખત ઈન્ડિગોની ફ્લાઈટમાં તપાસ કર્યા બાદ કંઈ વાંધાજનક મળ્યું ન હતું પરંતુ ફ્લાઈટને તપાસ માટે ચારથી પાંચ કલાક સુધી ગ્રાઉન્ડ કરી દેવામાં આવી હતી. અમદાવાદ ક્રાઈમ બ્રાન્ચના સિનિયર અધિકારીએ આ પ્રકરણની તપાસના મુદ્દે પ્રકાશ પાડતા જણાવ્યું હતું કે ઈન્ડિગોનો સ્ટાફ કોઈ કારણસર કંપનીથી નારાજ છે અને તેના કારણે ચોક્કસ તત્ત્વો દ્વારા આવી રીતે બોમ્બ હોવાની ચિઠ્ઠી મૂકીને અફવા ફેલાવવામાં આવે એટલે ફ્લાઈટને તપાસ માટે ગ્રાઉન્ડ કરી દેવામાં આવે અને ફ્લાઈટ ચાર પાંચ કલાક ગ્રાઉન્ડ થઈ જાય એટલે એરલાઈન્સને 50 લાખનું નુકસાન થતું હોય છે. કર્મચારીઓ દ્વારા એરલાઈન્સને નુકસાન કરાવવા માટે જ આવા લખાણ લખેલી ચિઠ્ઠી મૂકી દેવામાં આવતી હોય છે. તપાસમાં ચોક્કસ તત્ત્વો દ્વારા જ આવી ચિઠ્ઠી લખવામાં આવતી હોવાનું ક્રાઈમ બ્રાન્ચે શોધી કાઢ્યું છે આગામી દિવસમાં તેનો ધડાકો કરવામાં આવશે.

દર વખત મુસાફરોના હેન્ડરાઇટિંગ સેમ્પલ લેવામાં આવે છે પરંતુ FSLમાં તપાસ જ શરૂ થઈ નથી

એર ઇન્ડિયાની ફ્લાઇટ ગ્રાઉન્ડ કરી દીધા બાદ અધિકારીઓએ તપાસ કરી અને એફએસએલની ટીમ દ્વારા ફ્લાઇટમાં આવેલા અઢીસોથી વધારે મુસાફરો અને ક્રૂ મેમ્બરના હેન્ડરાઇટિંગના સેમ્પલ લેવામાં આવ્યા હતા. જે ચિઠ્ઠીમાં મળેલા હસ્તાક્ષર સાથે સરખાવવામાં આવશે. જોકે એર ઇન્ડિયાની ફ્લાઇટના અઢીસો મુસાફર ઉપરાંત અગાઉ ઇન્ડિગોની ફ્લાઇટના પણ તમામ મુસાફરોના અને હેન્ડરાઇટિંગના સેમ્પલ લેવામાં આવ્યા છે. એવા પણ કેટલાક મુસાફર હતા કે જે લખી શકતા નહોતા, તેમની પાસેથી પણ સેમ્પલ લેવામાં આવ્યા હતા. એફએસએલમાં દેશભરના સેન્સિટિવ કેસની તપાસ ચાલતી હોય છે માટે હજુ આ સેમ્પલ કરતા મહત્ત્વના કેસની તપાસ ચાલી રહી છે અને હાલ ત્રણેક વર્ષ પહેલાના કેસની તપાસ ચાલી રહી હોવાથી હજુ આ વિમાનમાં બોમ્બ છે તેવું લખનારના હસ્તાક્ષર સાથે લીધેલા સેમ્પલોના હસ્તાક્ષરની તપાસ શરૂ થતા જ લાંબો સમય લાગી જશે.

- गतसप्ताहात निफ्टी व सेन्सेक्स निर्देशांकांमध्ये अनुक्रमे एकूण ३०७.३५ अंक आणि ९२८९.४६ अंकांची वाढ होऊन दोन्ही निर्देशांक २४३४६.७ अंक तसेच ८०५७१.९९ अंकांच्या पातळीवर बंद झाले. निफ्टीमध्ये १.२८ टक्के तसेच सेन्सेक्समध्ये १.६३ टक्क्यांची वाढ नोंदवली गेली. सर्वाधिक वाढ होणाऱ्या समभागांमध्ये रिलायन्स इंडस्ट्रीज (९.४ टक्के), अदानी पोर्टस (६.२ टक्के), मारुती सुझुकी इंडिया (६.१ टक्के), भारत इलेक्ट्रॉनिक्स (४.६ टक्के), एसबीआय लाईफ इन्शुरन्स (४.१ टक्के) या कंपन्यांचा समावेश झाला. तर सर्वाधिक घट होणाऱ्या कंपन्यांमध्ये श्रीराम फायनान्स (-७.८ टक्के), जेएसडब्ल्यू स्टील (-५.४ टक्के), अल्ट्राटेक सिमेंट (-४.९ टक्के), बजाज फिनसर्व्ह (-४.३ टक्के), हिरोमोटो कॉर्प (-४.० टक्के) या समभागांचा समावेश झाला. गेले तीन सप्ताह दोन्ही निर्देशांकांनी सातत्याने वाढ दर्शवली आहे. रुपया चलनाने डॉलरच्या तुलनेत मागील ७ महिन्यांचा उच्चांक दर्शवला. शुक्रवारच्या सत्रात रुपयाने ८३.७६ रुपये प्रतिडॉलरची उच्चांकी पातळी दर्शवली. त्यानंतर सत्राअखेर ८४.५५ रुपये प्रतिडॉलर स्तरावर बंद झाला. सत्रादरम्यान रिझर्व्ह बँकेने ३ अब्ज डॉलर्सची खरेदी करून हस्तक्षेप केला. जानेवारी २०२५ पासून रुपया डॉलरच्या तुलनेत आतापर्यंत १.२६ टक्के मजबूत झाला आहे.
- सर्वोच्च न्यायालयाचा जेएसडब्ल्यू स्टील कंपनीला धक्का. चार वर्षांपूर्वी जेएसडब्ल्यू स्टीलने दिवाळखोर भूषण पॉवर अँड स्टीलचे अधिग्रहण केले होते. मार्च २०२१ मध्ये करण्यात आलेल्या अधिग्रहणाचा निर्णय सर्वोच्च न्यायालयाने आता रद्दबातल ठरवला. या व्यवहारामध्ये दिवाळखोरी अधिग्रहणासंबंधी नियमांचे पालन केले न गेल्याचे न्यायालयाचे म्हणणे आहे. कर्जदात्या समितीनेदेखील या अधिग्रहणाला मान्यता देताना नियमावलीकडे कानाडोळा केल्याचे न्यायालयाने म्हटले आहे. २०१९ मध्ये भूषण पॉवर अँड स्टील कंपनीला खरेदी करण्यासाठी जेएसडब्ल्यू स्टीलने १९ हजार कोटींची सर्वाधिक बोली लावली होती. परंतु, आता जेएसडब्ल्यू स्टीलचे चेअरमन सज्जन जिंदाल यांनी माननीय सर्वोच्च न्यायालयाचे निकालपत्र पूर्ण वाचून मग पुढील दिशा ठरवणाचे स्पष्ट केले.
- पंतप्रधान नरेंद्र मोदींकडून केळळमधील विझिंन्जम बंदराचे उद्घाटन केले. सागरी बड्डया जहाजांना सेवा पुरवणारे हे देशातील सर्वांत मोठे बंदर असून, या प्रकल्पासाठी ८८०० कोटींचा खर्च आला. अदानी पोर्टस अँड सेझ कंपनीकडून बांधा, वित्तपुरवठा, वापरा आणि हस्तांतरित करा या तत्त्वावर हा प्रकल्प उभारला गेला आहे. हा प्रकल्प ८६८६ कोटींचा असून, केळळ सरकारची ५३७०.८६ कोटींची तर अदानी समूहाची २४९७ कोटींची गुंतवणूक आहे. यासाठी केंद्राने ८१८ कोटींचा निधी पुरवला आहे. या बंदामुळे दरवर्षी भारताचा २२० दशलक्ष डॉलर्स (सुमारे १९०० कोटी) महसूल वाचणार आहे. सध्या भारताकडे अजस्त्र कंटेनरची वाहतूक करणाऱ्या जहाजांमधून माल उतरवणारी बंदरे नव्हती. त्यामुळे या बड्डया जहाजातून येणारा माल उतरवण्यासाठी श्रीलंकेचे कोलंबो, सिंगापूर, दुबई या ठिकाणच्या बंदरावर अवलंबून राहावे लागे. भारतातील सागरी वाहतूकीमधील सुमारे ७५ टक्के माल या बंदरातून ने-आण करावा लागतो. याबदल्यात भारताला या देशांना पैसे मोजावे लागतात. परंतु, आता भारताकडे स्वत:कडे या सोयी उपलब्ध झाल्याने विदेशी चलनाची आणि वेळाची बचत होईल.
- निर्मिती क्षेत्राचा मागील १० महिन्यांचा उच्चांक. एप्रिल महिन्यात निर्मिती क्षेत्र निर्देशांक ५८.२ अंकांवर पोहोचला. उत्पादन मागणी वृद्धी, नवीन उत्पादने आणि ऑर्डर्स यांच्या जोरावर जून २०२४ नंतर निर्मिती क्षेत्र निर्देशांकाने (मॅन्युफॅक्चरिंग पीएमआय) ही भरारी घेतली. जगात अमेरिका आणि चीन यांच्यामध्ये चालू झालेल्या व्यापार युद्धामुळे चीनची अर्थव्यवस्था मंदीत सापडत आहे. परंतु, चीनला पर्याय म्हणून भारतीय उत्पादनांना जागतिक बाजारपेठेत सुगीचे दिवस येत असल्याचे संकेत मिळत आहेत.
- अमेरिकेच्या कालर्हिल या गुंतवणूकदार कंपनीने पीएनबी हाऊसिंग फायनान्स कंपनीमधील आपला १०.४४ टक्क्यांचा संपूर्ण हिस्सा विक्री केला. एकूण २७.१ दशलक्ष समभागांची २७१२ कोटींना विक्री झाली. सरासरी १०००.२० रुपये दराचा समभागांची विक्री करण्यात आली.
- देशातील महत्त्वाची सिमेंट उत्पादक कंपनी अंबुजा सिमेंटचा गतआर्थिक वर्षाच्या चौथ्या तिमाहीचा नफा मागील वर्षाच्या तिमाहीच्या तुलनेत १०५१ कोटींवरून ९ टक्के घट्ट ९५६ कोटींवर आला. कंपनीचा महसूल ८७८५ कोटींवरून ११.६ टक्के वधारून ९८०२ कोटी झाले.
- नॅशनल स्टॉक एक्स्चेंजवरील समभागातील गुंतवणूकीमध्ये स्थानिक गुंतवणूकदारांचे (डोमेस्टिक इन्व्हेस्टर्स) प्राबल्य वाढले. ३१ मार्च २०२५ च्या आकडेवारीनुसार स्थानिक संस्थात्मक गुंतवणूकदारांचा (डीआयआय शेअर) वाटा १७.६२ टक्के होता. तसेच परदेशी संस्थात्मक गुंतवणूकदाराचा (एफआयआय) वाटा १७.२२ टक्के होता. तब्बल १५ वर्षांनंतर स्थानिक गुंतवणूकदारांनी बाजारात वर्चस्व मिळवले. स्थानिक म्युच्युअल फंड, इन्शुरन्स कंपन्यांकडून येणाऱ्या सातत्यपूर्ण गुंतवणूकीमुळे भारतीय भांडवल बाजारात परदेशी गुंतवणूकदारांचा प्रभाव ओसरला. पूर्वी परदेशी गुंतवणूकदारांनी त्यांचे हितसंबंध जपण्यासाठी भारतीय बाजारातून पैसे काढायला सुरुवात केल्यावर भारतीय शेअरबाजार पत्त्यांप्रमाणे कोसळायचे. २०१५ मध्ये तर स्थानिक संस्थात्मक गुंतवणूकदारांच्या दुप्पट गुंतवणूक परदेशी संस्थात्मक गुंतवणूकदारांकडे होती. परंतु, गेल्या दहा वर्षांत स्थानिक सर्वसामान्य नागरिक भांडवलबाजार गुंतवणूकीकडे वळल्याने विदेशी गुंतवणूकीवरील आपले अवलंबित्व कमी झाले.
- अदानी समूहाचे प्रमुख गौतम अदानी यांचे पुतणे प्रणव अदानी यांच्यावर इनसायडर ट्रेडिंगचे आरोप. कंपनीशी संबंधित संवेदनशील माहिती वापरून स्वत: समभागांमध्ये नफा कमावण्याच्या देण्याने व्यवहार करण्यास कंपनीच्या उच्चपदस्थांना मनाई असते. भांडवल बाजार नियामक सेबीने यासंबंधी ठपका ठेवल्याचे रॉयटर्सच्या हाती लागलेल्या दस्तावेजानुसार सूचित होते. अदानी ग्रीनच्या समभागांसंबंधी २०२१ मधील हे प्रकरण आहे. प्रणव अदानी यांचे मेहुणे कुणाल शहा आणि नंतर नूपाल शहा यांनी कंपनीच्या अंतर्गत माहितीनुसार समभागांमध्ये व्यवहार केले आणि १७ लाखांचा बेकायदेशीर नफा मिळवल्याचा आरोप सेबीने केला.
- एप्रिल महिन्यात मुंबई भांडवल बाजाराचे सूचीबद्ध कंपन्यांचे मूल्य तब्बल १०.५३ लाख कोटींनी वाढले. या महिन्यात सेन्सेक्स २८२७.३२ अंक म्हणजे ३.६५ टक्के, तर निफ्टी ८१४.८५ अंक म्हणजेच ३.४६ टक्के वाढला. महिनाअखेर सूचीबद्ध कंपन्यांचे भांडवल बाजारमूल्य तब्बल ४२३.२४ लाख कोटींवर गेले.
- २५ एप्रिलअखेर संपलेल्या सप्ताहात भारताची विदेश चलन गंगाजळी १.९८३ अब्ज डॉलर्सनी वधारून ६८८.९२१ अब्ज डॉलर्सवर पोहोचली. गंगाजळीत सलग भर पडण्याचा हा आठवा आठवडा ठरला.

प्रीतम मांडके (मांडके फिनकॉर्प)

या पुरवणीत देण्यात येणारे गुंतवणुकीचे सल्ले लेखक अभ्यास करून देत असतात; पण गुंतवणूकीत जोखीम ही असतेच. ती लक्षात घेऊनच गुंतवणूकदारांनी गुंतवणुकीचा निर्णय आपल्या जबाबदारीवर घ्यावा.

- सर्वोच्च न्यायालयाचा जेएसडब्ल्यू स्टील कंपनीला धक्का. चार वर्षांपूर्वी जेएसडब्ल्यू स्टीलने दिवाळखोर भूषण पॉवर अँड स्टीलचे अधिग्रहण केले होते. मार्च २०२१ मध्ये करण्यात आलेल्या अधिग्रहणाचा निर्णय सर्वोच्च न्यायालयाने आता रद्दबातल ठरवला. या व्यवहारामध्ये दिवाळखोरी अधिग्रहणासंबंधी नियमांचे पालन केले न गेल्याचे न्यायालयाचे म्हणणे आहे. कर्जदात्या समितीनेदेखील या अधिग्रहणाला मान्यता देताना नियमावलीकडे कानाडोळा केल्याचे न्यायालयाने म्हटले आहे. २०१९ मध्ये भूषण पॉवर अँड स्टील कंपनीला खरेदी करण्यासाठी जेएसडब्ल्यू स्टीलने १९ हजार कोटींची सर्वाधिक बोली लावली होती. परंतु, आता जेएसडब्ल्यू स्टीलचे चेअरमन सज्जन जिंदाल यांनी माननीय सर्वोच्च न्यायालयाचे निकालपत्र पूर्ण वाचून मग पुढील दिशा ठरवण्याचे स्पष्ट केले.
- पंतप्रधान नरेंद्र मोदींकडून केळळमधील विझिंन्जम बंदराचे उद्घाटन केले. सागरी बड्या जहाजांना सेवा पुरवणारे हे देशातील सर्वांत मोठे बंदर असून, या प्रकल्पासाठी ८८०० कोटींचा खर्च आला. अदानी पोर्टस अँड सेझ कंपनीकडून बांधा, वित्तपुरवठा, वापरा आणि हस्तांतरित करा या तत्त्वावर हा प्रकल्प उभारला गेला आहे. हा प्रकल्प ८६८६ कोटींचा असून, केळळ सरकारची ५३७०.८६ कोटींची तर अदानी समूहाची २४९७ कोटींची गुंतवणूक आहे. यासाठी केंद्राने ८१८ कोटींचा निधी पुरवला आहे. या बंदामुळे दरवर्षी भारताचा २२० दशलक्ष डॉलर्स (सुमारे १९०० कोटी) महसूल वाचणार आहे. सध्या भारताकडे अजस्र कंटेनरची वाहतूक करणाऱ्या जहाजांमधून माल उतरवणारी बंदरे नव्हती. त्यामुळे या बड्या जहाजातून येणारा माल उतरवण्यासाठी श्रीलंकेचे कोलंबो, सिंगापूर, दुबई या ठिकाणच्या बंदरावर अवलंबून राहावे लागे. भारतातील सागरी वाहतूकीमधील सुमारे ७% टक्के माल या बंदरातून ने-आण करावा लागतो. याबदल्यात भारताला या देशांना पैसे मोजावे लागतात. परंतु, आता भारताकडे स्वत:कडे या सोयी उपलब्ध झाल्याने विदेशी चलनाची आणि वेळाची बचत होईल.
- निर्मिती क्षेत्राचा मागील १० महिन्यांचा उच्चांक. एप्रिल महिन्यात निर्मिती क्षेत्र निर्देशांक ५८.२ अंकांवर पोहोचला. उत्पादन मागणी वृद्धी, नवीन उत्पादने आणि ऑर्डर्स यांच्या जोरावर जून २०२४ नंतर निर्मिती क्षेत्र निर्देशांकाने (मॅन्युफॅक्चरिंग पीएमआय) ही भरारी घेतली. जगात अमेरिका आणि चीन यांच्यामध्ये चालू झालेल्या व्यापार युद्धामुळे चीनची अर्थव्यवस्था मंदीत सापडत आहे. परंतु, चीनला पर्याय म्हणून भारतीय उत्पादनांना जागतिक बाजारपेठेत सुगीचे दिवस येत असल्याचे संकेत मिळत आहेत.
- अमेरिकेच्या कालर्हील या गुंतवणूकदार कंपनीने पीएनबी हाऊसिंग फायनान्स कंपनीमधील आपला १०.४४ टक्क्यांचा संपूर्ण हिस्सा विक्री केला. एकूण २७.१ दशलक्ष समभागांची २७१२ कोटींना विक्री झाली. सरासरी १०००.२० रुपये दरावर समभागांची विक्री करण्यात आली.
- देशातील महत्त्वाची सिमेंट उत्पादक कंपनी अंबुजा सिमेंटचा गतआर्थिक वर्षाच्या चौथ्या तिमाहीचा नफा मागील वर्षाच्या तिमाहीच्या तुलनेत १७५१ कोटींवरून ९ टक्के घटून १५६ कोटींवर आला. कंपनीचा महसूल ८७८५ कोटींवरून ११.६ टक्के वधारून ९८०२ कोटी झाले.
- नॅशनल स्टॉक एक्स्चेंजवरील समभागातील गुंतवणूकीमध्ये स्थानिक गुंतवणूकदारांचे (डोमेस्टिक इन्व्हेस्टर्स) प्राबल्य वाढले. ३१ मार्च २०२५ च्या आकडेवारीनुसार स्थानिक संस्थात्मक गुंतवणूकदारांचा (डीआयआय शेअर) वाटा १७.६२ टक्के होता. तसेच परदेशी संस्थात्मक गुंतवणूकदाराचा (एफआयआय) वाटा १७.२२ टक्के होता. तब्बल १५ वर्षांनंतर स्थानिक गुंतवणूकदारांनी बाजारात वर्चस्व मिळवले. स्थानिक म्युच्युअल फंड, इन्शुरन्स कंपन्यांकडून येणाऱ्या सातत्यपूर्ण गुंतवणूकीमुळे भारतीय भांडवल बाजारात परदेशी गुंतवणूकदारांचा प्रभाव ओसरला. पूर्वी परदेशी गुंतवणूकदारांनी त्यांचे हितसंबंध जपण्यासाठी भारतीय बाजारातून पैसे काढायला सुरुवात केल्यावर भारतीय शेअरबाजार पत्त्यांप्रमाणे कोसळायचे. २०१५ मध्ये तर स्थानिक संस्थात्मक गुंतवणूकदारांच्या दुप्पट गुंतवणूक परदेशी संस्थात्मक गुंतवणूकदारांकडे होती. परंतु, गेल्या दहा वर्षांत स्थानिक सर्वसामान्य नागरिक भांडवलबाजार गुंतवणूकीकडे वळल्याने विदेशी गुंतवणूकीवरील आपले अवलंबित्व कमी झाले.
- अदानी समूहाचे प्रमुख गौतम अदानी यांचे पुतणे प्रणव अदानी यांच्यावर इनसायडर ट्रेडिंगचे आरोप. कंपनीशी संबंधित संवेदनशील माहिती वापरून स्वत: समभागांमध्ये नफा कमावण्याच्या देण्याने व्यवहार करण्यास कंपनीच्या उच्चपदस्थांना मनाई असते. भांडवल बाजार नियामक सेबीने यासंबंधी ठपका ठेवल्याचे रॉयटर्सच्या हाती लागलेल्या दस्तावेजानुसार सूचित होते. अदानी ग्रीनच्या समभागांसंबंधी २०२१ मधील हे प्रकरण आहे. प्रणव अदानी यांचे मेहुणे कुणाल शहा आणि नंतर नूपाल शहा यांनी कंपनीच्या अंतर्गत माहितीनुसार समभागांमध्ये व्यवहार केले आणि ९० लाखांचा बेकायदेशीर नफा मिळवल्याचा आरोप सेबीने केला.
- एप्रिल महिन्यात मुंबई भांडवल बाजाराचे सूचीबद्ध कंपन्यांचे मूल्य तब्बल १०.५३ लाख कोटींनी वाढले. या महिन्यात सेन्सेक्स २८२७.३२ अंक म्हणजे ३.६५ टक्के, तर निफ्टी ८१४.८५ अंक म्हणजेच ३.४६ टक्के वाढला. महिनाअखेर सूचीबद्ध कंपन्यांचे भांडवल बाजारमूल्य तब्बल ४२३.२४ लाख कोटींवर गेले.
- २५ एप्रिलअखेर संपलेल्या सप्ताहात भारताची विदेश चलन गंगाजळी १.९८३ अब्ज डॉलर्सनी वधारून ६८८.९२१ अब्ज डॉलर्सवर पोहोचली. गंगाजळीत सलग भर पडण्याचा हा आठवा आठवडा ठरला.

या पुरवणीत देण्यात येणारे गुंतवणुकीचे सल्ले लेखक अभ्यास करून देत असतात; पण गुंतवणूकीत जोखीम ही असतेच. ती लक्षात घेऊनच गुंतवणूकदारांनी गुंतवणुकीचा निर्णय आपल्या जबाबदारीवर घ्यावा.

धारावीत दुसरी बीकेसी उभारण्याचा अदानीचा डाव हाणून पाडू!

धारावी बचाव आंदोलनाच्या सभेत एल्गार

मुंबई, दि. ४ (प्रतिनिधी) – मुंबईचे मध्यवर्ती ठिकाण असलेल्या धारावीच्या आजूबाजूला सात रेल्वे स्थानके आहेत. शाळा, कॉलेज, रुग्णालये अशा सर्व नागरी सोयीसुविधा एकाच ठिकाणी मुंबई महापालिका देत आहे. धारावीत अनेक उद्योग असून त्यामुळे एक अब्जाहून जास्त उलाढाल होते. त्यातून सरकारला मोठ्या प्रमाणात करही मिळतो. मात्र, आता मुंबईचे काळीज असलेल्या धारावीतून एक लाख झोपड्या, घरे, दुकाने, गाळे यांना अपात्र ठरवून येथे दुसरे बीकेसी उभारण्याचा अदानीचा डाव आहे, मात्र हा डाव हाणून पाडू, असा एल्गार धारावी बचाव आंदोलनाचे नेते आणि माजी आमदार बाबूराव माने यांनी केला.

धारावीमधील शिवराज मैदानावर धारावी बचाव आंदोलन समितीची विशाल जनसभा झाली, त्यावेळी बाबूराव माने बोलत होते. धारावी ५४० एकर जमिनीवर पसरलेली आहे आणि या क्षेत्रावर १ लाख १० हजार झोपड्या, घरे, दुकाने, गाळे आहेत. या झोपड्या घरे, दुकाने गाळ्यांना ५०० चौरस फूट इतकी जागा दिली तरी संपूर्ण धारावीकरांचे पुनर्वसन इथेच होऊ शकते, असे धारावी बचाव आंदोलनातील नामांकित इंजिनीअरने अभ्यास करून छातीठोकपणे सांगितलेले आहे, असे माने यांनी धारावीकरांच्या लक्षात आणून दिले. धारावी बचाव आंदोलनाचे समन्वयक राजेंद्र कोरडे, काँग्रेस आमदार ज्योती गायकवाड यांची भाषणे झाली.

यावेळी विधानसभा प्रमुख सुरेश सावंत, जोसेफ कोळी, शाखाप्रमुख सतीश कटके, आनंद भोसले, किरण काळे, मनीकडंन, भास्कर पिल्ले, महिला आघाडीच्या कविता जाधव, माया जाधव, देवयानी कोळी, मंजू वीर, युवासेनेचे सनी शिंदे, रोहित शिंदे, राष्ट्रवादीचे उल्लेश गजाकोश, सपाचे राहुल गायकवाड, बसपचे श्यामलाल जैस्वार, 'आप'चे राफेल पॉल, शाम्या कोरडे आदींसह धारावीकर मोठ्या संख्येने उपस्थित होते.

बीडीडीतील घरांपेक्षा धारावीतील घरे मोठी

वरळी बीडीडी पुनर्विकास प्रकल्पाअंतर्गत १४० ते १५० चौरस फुटांची घरे असलेल्यांना राज्य सरकार ५०० चौरस फुटांपेक्षा जास्त आकाराची घरे देणार आहेत. मग इथे तर १५० पासून ते ३०० चौरस फुटांपेक्षा जास्त आकाराच्या झोपड्या, घरे, गाळे आहेत. असे असताना राज्य सरकार, अदानी कंपनी आम्हाला ५०० चौरस फुटांची घरे का देत नाही, असा सवालही माने यांनी केला.
