Women envoys hail diverse workforce at Adani Green Energy

PRESS TRUST OF INDIA ■ Khavda

A delegation of women envoys from nine countries, including those from Luxembourg, Romania and Slovenia, took stock of Adani Group's renewable energy and other projects in Gujarat and lauded female workforce participation at these facilities.

While interacting with women engineers at Adani Green Energy's 30-GW clean energy plant at Khavda in Kutch district, the delegates emphasised how implementation of diversity at workplaces is key to the economic growth of a country.

During their tour to the facility on Wednesday, ahead of the International Women's Day, the seven ambassadors and two high commissioners also interacted with women members of Self Help Groups (SHG) supported by Adani Foundation, the philanthropic arm of the ports-to-energy conglomerate.

"The ambassadors saw firsthand how the renewables project is integrating cutting-edge technology with sustainable development, including the Energy Network Operations Centre (ENOC) overseen by women engineers," the Adani group said in a statement.

At Mundra Port, which handles nearly 11 per cent of the country's maritime cargo and 33 per cent of its container traffic, the visiting envoys explored the Electronics Manufacturing Cluster (EMC) in the Mundra Special Economic Zone (SEZ), where global players are investing in advanced manufacturing.

The delegation members included Ina Krisnamurthi, Ambassador of Indonesia to India, Marje Luup (Estonia), Diana Mickeviciene (Lithuania), Ana Taban (Moldova), Mateha Vodeb Ghosh (Slovenia), Sena Latif (Romania), and Peggy Frantzen (Luxembourg).

Besides, Seychelles High Commissioner Lalatiana Accouche and Lesotho High Commissioner Lebohlang Valentine Mochaba were also part of the delegation.

"It was impressive to see the workforce of the Adani Foundation. We saw young engineers just recruited from the campus

and brought to laboratories here. They are contributing to their family welfare but. To the whole social and economical development of India. It is a very good news for the whole world," Romanian Ambassador Latif said while sharing her experiences.

She said the Adani group has transformed a non-cultivable land into solar plants, manufacturing sites and functional cities that not only created jobs but provided energy for the region and India.

She further said Romania is looking for opportunities to cooperate with India.

"My message to you is that as a woman you are engineer of the society you are living in, engineer of your family. You have to be brave, you have to be focused, and have lead the nation in important roles," Lesotho's High Commissioner Mochaba told the women engineers.

Mickeviciene, Ambassador of Lithuania, said it was "very inspiring" to see how a barren, waste land has suddenly become a platform to serve the country - not just the limited community but to entire India.

"Women are working at all positions in the group from operational level to the top management. So it's empowering that women are at forefront of green transformation of India," she said, adding that the group is also supporting SHGs women who make various handicraft items and are able to support their families.

Seychelles Ambassador Accouche said she is the first women from her country to become a high commissioner in India.

"I thank management (Adani Group's) for this. Women will play most important role in the education and growth of children."

Estonia's Ambassador Luup also said, "It was very interesting to see woman working in diverse areas. It was impressive to see production of solar panel at such a large scale and participation of women in it."

On International Women's Day she said her message to Indian women will be "it is always important to dream big to achieve them one day".

नौ देशों की महिला राजदूतों ने अदाणी की स्वच्छ ऊर्जा परियोजना को सराहा

खावड़ामुंद्रा, (भाषा)। लक्जमबर्ग, रोमानिया और स्लोवेनिया सहित नौ देशों की महिला राजदूतों के एक प्रतिनिधिमंडल ने गुजरात में अदाणी समूह की नवीकरणीय ऊर्जा और अन्य परियोजनाओं का दौरा किया। प्रतिनिधिमंडल ने इन संयंत्रों में महिला कार्यबल की भागीदारी की सराहना की।

कच्छ जिले के खावड़ा में अदाणी ग्रीन एनर्जी के 30 गीगावाट क्षमता वाले स्वच्छ ऊर्जा संयंत्र में महिला इंजीनियरों के साथ बातचीत करते हुए, प्रतिनिधियों ने इस बात पर जोर दिया कि कार्यस्थलों पर विविधता को बढ़ावा देना किसी देश के आर्थिक विकास की कुंजी है। अंतर्राष्ट्रीय महिला दिवस से पहले बुधवार को संयंत्र के दौरे के दौरान सात राजदूतों और दो उच्चायुक्तों ने समूह की परमार्थ इकाई अदाणी फाउंडेशन द्वारा समर्थित स्वयं सहायता समूहों

(एसएचजी) की महिला सदस्यों के साथ भी बातचीत की।

अदाणी समूह ने एक बयान में कहा, राजदूतों ने प्रत्यक्ष रूप से देखा कि किस तरह नवीकरणीय ऊर्जा परियोजना अत्याधुनिक प्रौद्योगिकी को टिकाऊ वृद्धि के साथ जोड़ रही है। इसमें महिला इंजीनियरों द्वारा संचालित ऊर्जा नेटवर्क संचालन केंद्र (ईएनओसी) भी शामिल है। मुंद्रा बंदरगाह पर आने वाले राजदूतों ने मुंद्रा विशेष आर्थिक क्षेत्र (एसईजेड) में इलेक्ट्रॉनिक्स विनिर्माण क्लस्टर (ईएमसी) का दौरा भी किया, जहां वैश्विक कंपनियां उन्नत विनिर्माण में निवेश कर रही हैं।

रोमानियाई राजदूत सेना लतीफ ने पीटीआई-भाषा से कहा, अदाणी फाउंडेशन के कार्यबल को देखना प्रभावशाली था। हमने देखा कि युवा इंजीनियरों को कैपस से भर्ती करके यहां प्रयोगशालाओं में लाया गया है।
