Adani Group Inks Pact with Bhutan Co

Mumbai: The Adani Group on Thursday said it has signed a memorandum of understanding (MoU) with Bhutan's Druk Green Power Corporation (DGPC) to jointly develop 5,000 MW of hydropower projects in Bhutan. The MoU builds on the ongoing partnership for the 570/900 MW Wangchhu Hydropower Project, in which DGPC will hold the majority 51% stake and the Adani Group will hold 49%.

hold the majority 51% stake and the Adani Group will hold 49%.

"The broader 5,000 MW initiative will encompass additional hydropower and pumped storage projects to be identified, Detailed Project Reports prepared, and taken forward for implementation in phases," the company said in a press statement.

The initiative also aligns with Bhutan's Renewable Energy Roadmap, which aims to achieve an additional 20,000 MW of generation capacity by 2040.

THE Adani Group and the Druk Green Power Corporation (DGPC) of Bhutan have signed a landmark MoU to jointly develop 5,000 MW of hydropower projects in Bhutan. The MoU was signed in Thimphu by DGPC's MD Dasho Chhewang Rinzin and Adani Green Hydro Ltd's COO (PSP & Hydro) Naresh Telgu in the presence of Prime Minister Dasho Tshering Tobgay, Minister for Energy and Natural Resources Lyonpo Gem Tshering and other senior dignitaries.

This MoU builds on the ongoing partnership for the 570/900 MW Wangchhu Hydropower Project, in which DGPC will hold a majority 51% stake and Adani will hold 49%. The broader 5,000 MW initiative will encompass additional hydropower and pumped storage projects to be identified, Detailed Project Reports prepared, and taken forward for implementation in phases.

"This partnership reflects our deep commitment to developing clean energy infrastructure that enhances regional energy security," said Naresh Telgu, COO (PSP & Hydro), Adani Green Hydro Ltd. "Together with DGPC, we are enabling Bhutan to harness its hydropower potential and export reliable green energy to India. This is a powerful example of cross-border collaboration in pursuit of shared sustainable development goals."

As part of this collaboration, Adani will ensure reliable power offtake and integration with India's commercial power markets, further reinforcing Bhutan's role in the regional energy trade. The partnership is strongly backed by the Royal Government of Bhutan and the Government of India, underscoring a shared vision for clean energy growth and economic integration.

This initiative also aligns with Bhutan's Renewable Energy Roadmap, which aims to achieve and additional 20,000 MW of generation capacity by 2040. The roadmap prioritises diversification into solar and geothermal energy, and also encourages strategic partnerships to attract investment and innovation. In a further milestone, DGPC and Adani also initialled the Shareholders' Agreement for the Wangchhu Project, marking significant progress in their collaborative efforts to advance Bhutan's hydropower sector.
