भाजपा सरकार मुंबईला अदानीच्या घशात घालेल

■ मुंबई

शिवसेना उद्धव बाळासाहेब ठाकरे पक्षाचा आज निर्धार मेळावा पार पडला. या मेळाव्यात बोलताना वरळीचे आमदार आदित्य ठाकरे यांनी सत्ताधाऱ्यांवर टीका केली. भाजपा सरकार मुंबईला अदानीच्या घशात घालण्याच्या तयारीत आहे. मुंबई

आदित्य ठाकरेंची टीका

महाराष्ट्राची ठेवायची असेल, तर आपल्याला लढावे लागेल. नाहीतर काही दिवसांत हे मुंबई अदानीच्या घशात घालतील.

आदित्य ठाकरे म्हणाले की, मुंबईची अवस्था आज बिकट झाली आहे. मुंबई आपल्या हातातून जाता कामा नये. मुंबई आपल्या हातातून गेली तर ही मुंबई महाराष्ट्रापासून तुटेल. भाजपा सरकार मुंबईला अदानीच्या घशात घालतील. २०२२ मध्ये या गद्दारांनी आपले सरकार पाडले. जेव्हा त्यांचे सरकार बनत होते, तेव्हा सत्ताधारी बाकावर बसले होते, त्यांनासुद्धा आश्चर्य वाटत होते. सरकार आले कसे यावर त्यांना विश्वास बसत नव्हता.

सगळे एकमेकांकडे बघत होते. मला वाटले मी पडतो, त्याला वाटले पान ७ वर

भाजपा सरकार मुंबईला अदानीच्या घशात घालेल

पान १ वरून

तो पडतो असे त्यांच्यात वातावरण होते. भाजपावाल्यांनी मतदारयादीत घोळ केला नसता तर आपण विधानसभा निवडणुकीत जिंकलो होतो. जनतेने आपले मत महाविकास आघाडीला दिले होते, ते त्यांनी फिरवले. भाजपावाल्यांनी खोटी मतदार नोंदणी करून जनतेची मते कशी खाल्ली, हे आपल्याला लोकांसमोर आणावे लागणार आहे.

पुढे ते म्हणाले की, महाराष्ट्राला त्यांनी गद्दारीची, खोकेबाजाची, धोकेबाजीची कीड लावली. लालकृष्ण अडवाणी, अटलबिहारी वाजपेयी, प्रकाश मेहता, राजपुरोहित यांची जी भाजपा होती, ती जुनी होती. आजची भाजपा ही कंत्राटदारांची आहे. सगळे काही हळूहळू सुरू आहे. मुंबईत अनेक कामे आपण केली आणि त्याचे उद्घाटन हे आता करत आहेत. कोस्टलला कुठेही मला उभे करा, मी इंचा इंचाची माहिती देऊ शकतो. पाच वर्षे आपले सरकार राहिले असते तर मुंबईचा आणखी विकास झाला असता, एवढेच माझे दुःख आहे. रस्ता घोटाळा सुरू आहे. त्याबद्दल मी वारंवार बोलत आलो आहे. पालिका एवढे रस्ते खोदत आहे की, त्यांना काहीतरी मिळणार आहे. त्यांचे सरकार आले आणि म्हणायला लागले आम्ही मुंबईला खड्डेमुक्त करू. मुंबई अजूनही खड्डेमुक्त झालेली नाही.

DGCA orders probe after IndiGo plane scrapes runway

Jagriti Chandra
NEW DELHI

The tail section of an IndiGo Airbus A321 aircraft scraped the runway at the Chennai airport on Saturday during landing, in what is at least the sixth such incident for the airline in the past two years.

The DGCA is investigating the tail strike incident, which occurred when IndiGo's 6E-5325 Mumbai-Chennai flight was making a landing. The aircraft, registered as VT-IBI, landed at 1.55 p.m. in Chennai on Saturday.

IndiGo stated in a statement that the aircraft has since been grounded and will return to operations post repairs and clearance.

A senior DGCA official explained that the investigation will look into crew technique during approach, wind conditions as well as the flap setting used for which IndiGo had received a penalty from the regulator in the past.

The same aircraft was involved in a tail strike on September 9, 2024, following which it was grounded till February 6 due to the extent of damage, which extended from the wings to the tail.

The event was categorised as a serious incident as there was a high probability of an accident, and the investigation was handed over to the Aircraft Accident Investigation Bureau (AAIB). The report into the September tail strike has not yet been released.

AAIB sources said that they have collected inputs from Airbus on the September tail strike but they are yet to determine whether the tail strike occurred in Delhi or Bengaluru. *The Hindu* reported on September 20, 2024, that though the aircraft was grounded in Bengaluru after a flight from Delhi when airline personnel noticed damage to the fuselage. However, according to multiple sources in the airline, the aircraft had arrived at the Delhi airport with the damaged belly, where engineering personnel and pilots failed to notice the scrape marks, and the aircraft was released for its flight to Bengaluru. A mandatory walkaround, or an inspection of the aircraft, was not carried out at the Delhi airport because it was raining. The airline also suspended an aircraft maintenance engineer.

The incident occurred when IndiGo's 6E-5325 Mumbai-Chennai flight was landing in Chennai on Saturday. SPECIAL ARRANGEMENT

Such a lapse poses a hazard to passenger safety as there could be potential damage to the pressurisation system located in this part of the aircraft, impacting oxygen levels in passenger cabin.

Extended length

Airbus pilots say that the A321 aircraft are more prone to tail strikes due to their extended length as compared with the Airbus A319 and A320. The A321 is 6.94 metres longer than the A320 and requires a more delicate angle of inclination at the time of landing and take-off.

In July 2023, the DGCA imposed a penalty of ₹30 lakh on IndiGo after recording at least six tail strikes involving Airbus A321 Neos. It found "systemic deficiencies pertaining to operations, training procedures and engineering procedures".

Specifically there was a concern with the use of a "flap" configuration recommended by IndiGo to its pilots in order to reduce fuel consumption and save costs. Flaps are movable surfaces on the trailing edge of an aircraft's wings that help control lift and drag [or friction].

A senior DGCA official explained that "as a company policy, the crew were asked to carry out flap 3 landing every time, which is not in line with the Airbus Flight Crew Operating Manual (FCOM) procedures".

IndiGo was advised that the "flap 3 landing" recommended by it should be left to the pilot's discretion. A flap 3 landing instead of a full flap or flap 4 landing impacts landing performance and helps achieve lower fuel burn of up to 20 kg to 30 kg per landing, some pilots say.

NAVI MUMBAI: Movie stars, billionaire businessmen and top politicians could soon fly in and out of a separate terminal dedicated exclusively to them, with the upcoming Navi Mumbai International Airport (NMIA) planning to build one in the next phase of expansion, which will begin after the commercial inauguration of the new airport, documents show.

The dedicated terminal is set to be developed by 2030, under the third phase of development at NMIA. HT has reviewed documents which confirm that the construction of the VVIP terminal will begin in FY 26 and be concluded by 2030.

"The exclusive terminal will cater to not only central and state government officials, governors, chief ministers, deputy chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity. The complete criteria for who will be deemed eligible will be determined at a later stage, the official added.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the airport," the official said, adding that general aviation operations will also happen exclusively from this terminal.

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to HT's queries on the issue.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL (a joint venture between Adani Airport Holdings Ltd [AAHL] and City and Industrial Development Corporation of Maharashtra [CIDCO]), is likely to start commercial operations after May 15.

NMIA is a greenfield airport aimed to help ease the burden on Mumbai's congested Chhatrapati Shivaji Maharaj International airport (CSMIA), which is a single runway airport. The phase 1 terminal building has a capacity of 20 million passengers per annum (PPA). NMIA is expected to handle 10-12 million PPA, with around 9 million domestic and 3 million international passengers. The airport's Terminal 2 will have a capacity of 30 million PPA and is expected to become operational by the end of 2028.

"A code E taxiway is planned to connect runway 08L/26R at NMIA to the VVIP, Defence, and GA aprons north of the runway," a second official close to the development said. Code E taxiways accommodate large aircraft with wingspans between 52 and 65 metres and tail heights up to 24 metres. This means that the taxiway will be accessible to large aircraft such as Boeing 747 or Airbus A380.

"The VVIP terminal will offer a secure and exclusive space for VVIPs and approved personnel from the Government of India and related agencies," the above official added.

"Having a VVIP terminal is required for the airport's operations," he said, adding that the terminal will be built in the third phase and will be in the northern part of the airport near the defence facility. Phase 3 will also see the permanent ATC Tower of NMIA being built adjacent to Terminal 2, to be constructed with it in Phase 3.

The ATC is essential for airport operations, required to control air traffic and provide guidance to aircraft for take-off, landing and for ground movements between the runway, apron, and the stands or parking positions.

"The midfield location between the southern and northern runway is ideal for the ATC tower as per a sighting study. Once operational, the interim ATC tower will serve as an alternative control tower for critical airport operations during unforeseen emergencies," the official said.

Navi Mumbai airport closer to operations as AAI publishes data

EXPRESS NEWS SERVICE
NAVI MUMBAI, MARCH 9

THE NAVI Mumbai International Airport (NMIA) has taken a significant step towards becoming operational with the publication of the Aeronautical Information Publication Supplement (AIPS) by the Airports Authority of India (AAI). The commercial launch of the airport is slated for mid-May.

Listed as AIPS 46/2025 on the Aeronautical Information Management India website, this document provides essential aerodrome data, a key requirement for the operationalisation of the airport and securing an aerodrome licence.

The airport operator, NMIAL, has already submitted an application for the aerodrome licence to the Directorate General of Civil Aviation (DGCA). "This certification is necessary to ensure the airport complies with aviation safety and operational standards before commercial operations can begin," said an official from NMIAL.

Airlines are preparing for operations at NMIA, with Air India planning to conduct test flights in April. The airline will continue its international flights from Mumbai Airport, while its domestic operations will gradually shift to the new airport.

IndiGo, which conducted a validation flight with an Airbus A320 in December, is expected to be among the first airlines to transition to NMIA. Other carriers, including Air India Express, SpiceJet, and Akasa Air, are currently discussing their operational shift. The transition of airlines will take place in phases, ensuring a smooth shift of domestic operations to the new airport.

Uddhav dares CM to announce increased aid from this month

Says only he can take decisions to stall projects that 'harm the state'

VALLABH OZARKAR
MUMBAI, MARCH 9

A DAY ahead of the Mahayuti government presenting its first budget, Shiv Sena UBT president Uddhav Thackeray dared chief minister Devendra Fadnavis to announce the increased financial aid of Rs 2,100 to all eligible women under the Ladki Bahin scheme from this month and to announce complete farm loan waivers. Thackeray also hit back at Fadnavis over his recent remarks that he was not Uddhav Thackeray to stall projects.

Addressing party workers at Shiv Sena (UBT)'s Nirdhaar rally, Thackeray said, "He said he is not Uddhav Thackeray to stall projects... You can never be Uddhav Thackeray because only Uddhav Thackeray can take decisions to stall projects that harm the state..."

"Devendra ji, if you want to become Uddhav Thackeray, then tomorrow while presenting the budget, make the farmers debt-free, the way I made them debt-free during the first state legislative session of my tenure... I had fulfilled the promise made in the manifesto of giving Shiv Bhojan Thali at Rs 10. Similarly you make announcement of increasing the financial aid of Rs 2,100 (under the Ladki Bahin) and then do comparison with me," he said.

The Mahayuti government had launched the Ladki Bahin Yojana in July 2024 where it provides Rs 1,500 per month to eligible women. In its poll manifesto ahead of the state Assembly elections, Mahayuti had promised to increase the amount to Rs 2,100.

Recently, while talking about stopping certain decisions taken by the previous government led by then chief minister Eknath Shinde, Fadnavis said that he was not Uddhav Thackeray who would stall the works.

In response to the remarks, Uddhav said, "I did not let the work stop during the Covid-19 pandemic, I did not let the Metro work stop and even the work of the coastal road was not allowed to stop. We had provided Maharashtra with services and facilities that you would never have provided in your life, even in hospitals. You are not Uddhav Thackeray because, I did not do any dirty work for my employers' friends..."

"I put stay on the Aarey Metro car shed because it could have been built in Kanjurmarg land, which has now been given to Adani. You are not Uddhav Thackeray and can never be," said Thackeray.

Vowing to come back to power in the state and alleging that the BJP is indulging in caste politics, the Sena UBT chief said, "We will again come to power in Maharashtra. I will not spare them. We will say *Jai Shri Ram*, but we will also make BJP say *Jai Shivaji, Jai Bhavani*. We will build a temple of Shivaji Maharaj in every district."

Claiming that it is a fake narrative that the BJP is patriotic, he said, "The Shiv Sena chief's stance was that we should not play a match with Pakistan until Pakistan takes a good stand regarding our country."

On why did Uddhav Thackeray did not go for Kumbh Mela in Prayagraj, Uddhav said, "We follow Mohan Bhagwat. We do what he does. If Mohan Bhagwat does not go, how can I go to Prayagraj."

We lost as we were careless: Uddhav

MUMBAI: Shiv Sena (UBT) chief Uddhav Thackeray on Sunday declared that the Maharashtra Vikas Aghadi (MVA) alliance lost in the assembly polls as it was "careless". Thackeray made the statement while addressing a day-long session of party workers in Mulund to prepare for the upcoming BMC polls.

"We stopped the BJP from coming to power in Maharashtra in the Lok Sabha elections and they were defeated in the Mumbai North-East constituency, which was their stronghold. I am proud of you all," he said. "But between the Lok Sabha polls and the assembly polls, we were careless. In the Lok Sabha elections, we fought to win and they (the Mahayuti) were careless. In the assembly polls, the Mahayuti were fighting to win while we in the MVA thought we had already won. Our allies had stitched new jackets, thinking they had won."

Thackeray said the MVA allies came to him after the Lok Sabha polls, and a lot of damage was wrought in the fight for distribution of assembly tickets.

The Sena (UBT) chief challenged CM Devendra Fadnavis to announce a waiver for farmers and increase the monetary assistance to underprivileged women under the Ladki Bahin scheme from ₹1,500 to ₹2,100 per month. "The BJP had promised ₹2,100 to women, and the Ladki Bahin scheme helped them come to power," he pointed out. Thackeray recalled how he had announced a waiver for farmers when he was the CM and also implemented it.

The Sena (UBT) chief said there was a "fake narrative" that the BJP was a Hindutvavadi and nationalistic party. He pointed out that senior BJP leader, the late Sushma Swaraj, had emphasised that India must not play cricket with Pakistan, as the country was into anti-India activities. "Now we are playing cricket with Pakistan and Bangladesh, which are engaged in anti-India activities, and they (BJP) are teaching us to be nationalistic and Hindutvavadi," he said sarcastically.

Thackeray launched a full-fledged attack on the RSS, saying it was sad that those who never fought in the freedom struggle were today controlling the country. "They have no connection with the fight for Samyukta Maharashtra, either," he said. "Theirs is false propaganda everywhere. Mohan Bhagwat never went to the Kumbh. I had told my workers that we will go for a dip in the Ganga if Bhagwat goes. He did not and hence I too didn't." Thackeray also criticised RSS leader Bhaiyyaji Joshi who said recently that the language of Ghatkopar and Vidyavihar was Gujarati. The Sena (UBT) chief also criticised the government for giving sops to the Adani group which is redeveloping the Dharavi slum cluster.

Sena prepares for polls

The Shiv Sena led by Eknath Shinde has formulated a ward-level strategy to secure victory in the upcoming BMC elections. Party MP and Shinde's son Shrikant Shinde held a meeting in South Mumbai on Sunday as part of the Shiv Samvad tour, where he interacted with workers from different Lok Sabha constituencies.

First piped PNG connection now online in SAIL's Riverside township

DEBAJYOTI CHAKRABORTY
BURNPUR, 9 MARCH

The days of having to carry heavy gas cylinders on shoulders in every household appear to be over. A significant step towards sustainable and convenient energy solutions was achieved on Thursday evening, when Director-in-Charge (DIC) Anirban Dasgupta inaugurated the first Piped Natural Gas (PNG) connection in Riverside Township, part of the IISCO Steel Plant of SAIL, located in Burnpur, Asansol.

In the presence of senior officers and residents of Riverside Township, he switched on the valve of the De-Compression Unit (DCU) installed by Indian Oil Adani Gas Pvt Ltd, marking the beginning of a cleaner and more efficient fuel distribution system. He also visited a residence in Riverside Township in the steel city of Burnpur to ignite the first gas burner in a kitchen connected through the new Natural Gas Pipeline infrastructure.

Describing it as the safest, most convenient, and economical fuel, Anirban Dasgupta stated that this is the first such initiative in a SAIL Township and that, in the future, all SAIL townships will be connected to piped natural gas infrastructure, reinforcing SAIL's commitment to sustainability and innovation.

Encouraging everyone to adopt PNG, Suvojit Chakraborty, the Asset Head of IndianOil Adani Gas Pvt Ltd, said that it is a low-carbon emission fuel, aligning with the global need for environmentally friendly energy solutions.

The Piped Natural Gas infrastructure in Riverside Township, Burnpur, Asansol, has been developed by IndianOil Adani Gas Pvt Ltd, authorised by the Petroleum Natural Gas Regulatory Board to lay, build, and operate the City Gas Distribution Network in East Burdwan and West Burdwan. Their office has been established in the WBPCIL Industrial Park in Panagarh.

This initiative reflects SAIL's commitment to adopting sustainable practices while enhancing the quality of life for its township residents. The successful collaboration between SAIL and IndianOil Adani Gas Pvt Ltd is a testament to the shared vision of bringing clean and green energy solutions to the forefront.

On 22 November 2018, Prime Minister Narendra Modi laid the foundation stone of this ambitious project via video conferencing from New Delhi. At the same time, the then Asansol MP and Union Minister of State for Heavy Industries and Public Sector Enterprises, Babul Supriyo, was also present at a function in Loco Stadium, Asansol.

The gas pipeline will pass through eight districts in the state, including Purulia, Burdwan East and West, Nadia, Howrah, Hooghly, East Midnapore, and North 24 Parganas. The pipeline will be 2,200 kilometres long, and approximately eighty gas stations will be established.

About £270 million will be invested to set up the much-publicised City Gas Distribution Services (CGD) in West Bengal under the City Gas Distribution Projects. The consortium of Indian Oil-Adani Gas Private Limited secured the bid in the 9th auction round. The Petroleum and Natural Gas Regulatory Board (PNGRB) has offered bids for City Gas Distribution Projects across the country.

Disclosures and regulations

New Sebi chairman has made a promising start

The new Securities and Exchange Board of India (Sebi) chairman, Tuhin Kanta Pandey, made some encouraging remarks in his first public appearance after taking office last week. Emphasising transparency in the market, Mr Pandey noted it extended to the regulator as well. The regulator, he noted, needed to be transparent on various measures, including conflict of interest in the board. Interestingly, this bit was not in the speech uploaded on the regulator's website. However, irrespective of whether the remark was part of the prepared text, the views are now in the public domain and should be welcomed by all stakeholders. Sebi must follow this norm as quickly as possible.

The remarks on disclosures must be seen in the context of the term of Mr Pandey's predecessor, Madhabi Puri Buch. A US-based short-seller Hindenburg Research, which has since shut down, had accused Ms Buch of a conflict of interest in relation to an ongoing investigation of the Adani group, against which the firm had previously made several allegations. In response, both Ms Buch and the regulator had issued statements. Sebi has then said it had a robust mechanism for disclosures. Given the nature of the allegations, it was suggested, including by this newspaper, that Sebi adopt better norms. An August 2024 editorial, for instance, argued: "To strengthen the disclosure norms for key persons, and to quell any speculation in the future, the regulator should consider making the financial interests of such persons public." In modern financial markets, where funds — including foreign — can move in and out very quickly, all relevant disclosures must be in place for regulated entities and key persons in the regulatory body. Such discourses will boost trust in the system.

Aside from the disclosure issue, Mr Pandey made some other important points worth highlighting. The regulator will be looking for optimum regulation. If some statutes have become redundant and are not serving any purpose, Sebi will be open to reviewing them. This is a positive statement and is in sync with the government's overall thinking. Prime Minister Narendra Modi recently spoke about the idea of a Deregulation Commission to address redundant laws and regulations. Sebi can do a lot internally, which will make things easier for regulated entities. To its credit, the securities-market regulator has been working on adapting regulations to the evolving market and economic conditions. Such changes, for instance, have allowed new-age technology companies to raise capital from the Indian equity market. Continued improvement in regulations will make the Indian market an attractive place to raise capital and list. This financial year till January, firms have raised a record ₹4 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

The Sebi chairman further noted the regulator was conscious about creating a conducive atmosphere to attract foreign capital and was willing to engage with stakeholders. This is again a healthy sign. If India has to grow in a sustainable manner at a higher rate, it is important that capital markets function smoothly and are in a position to channel savings into investment with minimum friction. Although Sebi has been working in this regard, it is time to streamline processes further to enhance prospects for both Indian capital markets and the economy.

The dedicated terminal is set to be developed by 2030, under the third phase of development at NMIA. HT has reviewed documents which confirm that the construction of the VVIP terminal will begin in FY 26 and be concluded by 2030.

"The exclusive terminal will cater to not only central and state government officials, governors, chief ministers, deputy chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity. The complete criteria for who will be deemed eligible will be determined at a later stage, the official added.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the airport," the official said, adding that general aviation operations will also happen exclusively from this terminal.

The Sahar police have filed an FIR against ten individuals from Uttar Pradesh and Bihar for allegedly attempting to travel to the UAE on tourist visas while planning to work there. Immigration officers intercepted them and lodged a complaint with the Sahar police. The case was registered on March 7.

According to the FIR, on March 7, around 2.00am, ten passengers arrived at Mumbai International Airport with the intention of travelling to Muscat. They submitted their passports, visas and boarding passes at various immigration counters. The immigration officer found an 'Emigration Check Required' (ECR) status on all ten passports. Subsequently, the wing-in-charge initiated an inquiry and discovered that all ten passengers were attempting to travel to Muscat to work.

Betterment charges cut in airport influence notified area

Navi Mumbai: The City and Industrial Development Corporation (Cidco) has significantly reduced betterment charges for farmers in the Navi Mumbai Airport Influence Notified Area (NAINA) after its plan to impose up to 50 per cent of the increased land value as betterment charges drew widespread opposition from landowners.

Farmers and developers argued that the high charges discouraged investment and delayed infrastructure projects in the region. The Maharashtra government intervened, directing Cidco to review its decision. After discussions, Cidco's board, in a meeting on Monday, approved a minimal charge of 0.05 per cent, bringing significant relief to farmers and landowners.

The decision came after Panvel MLA Prashant Thakur and Uran MLA Mahesh Baldi met Cidco MD Vijay Singhal, representing the plight of the farmers and the landowners. **ENS**

chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity. The complete criteria for who will be deemed eligible will be determined at a later stage, the official added.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the airport," the official said, adding that general aviation operations will also happen exclusively from this terminal.

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to HT's queries on the development.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL (a joint venture between Adani Airport Holdings Ltd [AAHL] and City and Industrial Development Corporation of Maharashtra [CIDCO]), is likely to start commercial operations after May 15.

The aviation regulator, Directorate General of Civil Aviation (DGCA), had on February 26 conducted an assessment that revealed that the airport was 90% ready, officials had said. The operator has now applied for the mandatory airport permit, officials confirmed.

NMIA is a greenfield airport aimed to help ease the burden on Mumbai's congested Chhatrapati Shivaji Maharaj International airport (CSMIA), which is a single runway airport. The phase 1 terminal building has a capacity of 20 million passengers per annum (PPA). Navi Mumbai airport is expected to handle 10-12 million PPA, with around 9 million domestic and 3 million international passengers. The airport's Terminal 2 will have a capacity of 30 million PPA and is expected to become operational by the end of 2028.

"A code E taxiway is planned to connect runway 08L/26R at NMIA to the VVIP, Defence, and GA aprons north of the runway," a second official close to the development said.

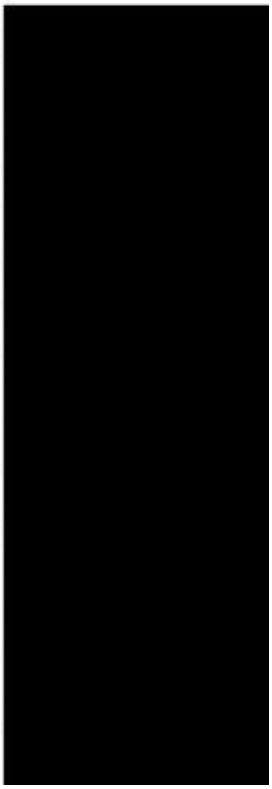

Code E taxiways accommodate large aircraft with wingspans between 52 and 65 metres and tail heights up to 24 metres. This means that the taxiway will be accessible to large aircraft such as Boeing 747 or Airbus A380.

"The VVIP terminal will offer a secure and exclusive space for VVIPs and approved personnel from the Government of India and related agencies," the above official added.

"Having a VVIP terminal is required for the airport's operations," he said, adding that the terminal will be built in the third phase and will be in the northern part of the airport near the defence facility. Phase 3 will also see the permanent ATC Tower of NMIA being built adjacent to Terminal 2, to be constructed with it in Phase 3.

The ATC is essential for airport operations, required to control air traffic and provide guidance to aircraft for take-off, landing and for ground movements between the runway, apron, and the stands or parking positions.

"The midfield location between the southern and northern runway is ideal for the ATC tower as per a sighting study. Once operational, the interim ATC tower will serve as an alternative control tower for critical airport operations during unforeseen emergencies," the official said.

Disclosures and regulations

New Sebi chairman has made a promising start

The new Securities and Exchange Board of India (Sebi) chairman, Tuhin Kanta Pandey, made some encouraging remarks in his first public appearance after taking office last week. Emphasising transparency in the market, Mr Pandey noted it extended to the regulator as well. The regulator, he noted, needed to be transparent on various measures, including conflict of interest in the board. Interestingly, this bit was not in the speech uploaded on the regulator's website. However, irrespective of whether the remark was part of the prepared text, the views are now in the public domain and should be welcomed by all stakeholders. Sebi must follow this norm as quickly as possible.

The remarks on disclosures must be seen in the context of the term of Mr Pandey's predecessor, Madhabi Puri Buch. A US-based short-seller Hindenburg Research, which has since shut down, had accused Ms Buch of a conflict of interest in relation to an ongoing investigation of the Adani group, against which the firm had previously made several allegations. In response, both Ms Buch and the regulator had issued statements. Sebi has then said it had a robust mechanism for disclosures. Given the nature of the allegations, it was suggested, including by this newspaper, that Sebi adopt better norms. An August 2024 editorial, for instance, argued: "To strengthen the disclosure norms for key persons, and to quell any speculation in the future, the regulator should consider making the financial interests of such persons public." In modern financial markets, where funds — including foreign — can move in and out very quickly, all relevant disclosures must be in place for regulated entities and key persons in the regulatory body. Such discourses will boost trust in the system.

Aside from the disclosure issue, Mr Pandey made some other important points worth highlighting. The regulator will be looking for optimum regulation. If some statutes have become redundant and are not serving any purpose, Sebi will be open to reviewing them. This is a positive statement and is in sync with the government's overall thinking. Prime Minister Narendra Modi recently spoke about the idea of a Deregulation Commission to address redundant laws and regulations. Sebi can do a lot internally, which will make things easier for regulated entities. To its credit, the securities-market regulator has been working on adapting regulations to the evolving market and economic conditions. Such changes, for instance, have allowed new-age technology companies to raise capital from the Indian equity market. Continued improvement in regulations will make the Indian market an attractive place to raise capital and list. This financial year till January, firms have raised a record ₹4 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

The Sebi chairman further noted the regulator was conscious about creating a conducive atmosphere to attract foreign capital and was willing to engage with stakeholders. This is again a healthy sign. If India has to grow in a sustainable manner at a higher rate, it is important that capital markets function smoothly and are in a position to channel savings into investment with minimum friction. Although Sebi has been working in this regard, it is time to streamline processes further to enhance prospects for both Indian capital markets and the economy.

PLAIN FACTS

Indian carriers ascend into international skies

BY HOWINDIALIVES.COM

Ahead of the summer season, India's two leading airlines are ramping up their international presence. IndiGo, the market leader in the Indian international segment, has announced four new destinations—Mauritius, Langkawi and Penang in Malaysia, and Medina in Saudi Arabia. That takes it to 38 international destinations. Air India, too, announced more flights on 10 international routes from end-March, and new or expanded tie-ups with five foreign carriers over 48 destinations.

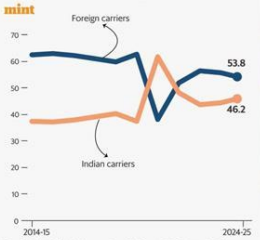

In IndiGo's last earnings call in January, its chief executive officer, Pieter Elbers, gave two reasons why his airline is keenly pursuing international expansion. The first was the relatively small numbers of Indians flying abroad and their low frequency of flying, which offered natural room for growth. The second was that foreign airlines had a greater share than Indian ones, and that competitive order could be challenged. Indeed, although Indian airlines still trail foreign carriers, they have come out on the other side of covid with a 4-6 percentage point gain in international share. They have held that gain since FY23, a period when aviation operations across the world have trended towards the normal.

In FY24, four of the top 10 airlines by passenger share in the Indian international segment were Indian. Three of these four gained share over FY20, led by IndiGo. Airlines that lost share included three West Asian carriers: Emirates, Qatar Airways and Etihad. Given that West Asia is Indian aviation's international mainstay, and had posted higher traffic, it meant that Indian airlines had weaned share away from big carriers from the region.

International Leader

MARKET LEADER IndiGo is replicating in the international segment what it did in the domestic segment—gaining share one destination at a time. Like Air India, IndiGo has also been tying up with foreign carriers, covering 49 destinations with its eight partners. In FY20, IndiGo's share of Indian international passenger traffic was 11.5%. For April to September 2024 (the latest data available), it was 18.7%. The share of international in IndiGo's revenues has risen from 14% in FY19 to 22% in FY24.

Further, the airline's FY24 annual report sees a pathway to 30% in the coming years. One reason for its confidence is India's air services agreements (ASAs)—the base document between two countries on how much commercial flight capacity is available to one another's airlines. "A large number of India's ASAs provide sufficient capacity entitlements to support the growth plans of Indian carriers," IndiGo says in its FY24 annual report.

New Heights

INDIAN AVIATION has bounced back after the covid-19 pandemic better than the world average. In FY24, both domestic and international segments crossed FY19 and FY20 levels. In FY24, India registered international passenger traffic of about 67 million, against about 61-64 annually between FY18 and FY20. The latest data on route pairings shows that the top routes are doing well. As many as nine of the top 10 routes have crossed their pre-pandemic baseline, some in significant ways.

There's active churn in the routes. On one hand, 91 routes from January-September 2019 were no longer there in January-September 2024. On the other hand, 87 new routes were added. And then, there are routes that have jumped manifold. Leading the way are Kuala Lumpur-Ahmedabad (25.5 times increase in passenger traffic), Kuwait-Hyderabad (11.7 times), San Francisco-Bengaluru (9.9 times) and Dammam-Kochi (8.8 times).

Unlocking Traffic

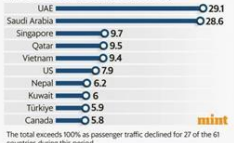

THERE'S CHURN on the airline front also. Seventeen airlines from January-September 2019 are no longer flying to India, led by Chinese carriers that were banned by India till recently. At the same time, there are 15 new airlines, including Qantas, Vietnam Airlines, VietJet Air and American Airlines. West Asia and Africa account for about 54% of India's international traffic, followed by Asia Pacific (about 28%), Europe (13%) and the Americas (3.5%).

The Middle-East and Asia have driven growth in the past five years, with Indian airlines at the forefront. IndiGo, for instance, has 456 flights per week to 12 West Asia destinations. There are also emerging countries: Vietnam has gone from zero flights in January-September 2019 to half a million passengers in the same period of 2024. Similarly, the increase for Saudi Arabia is about 1.7 times. And that's what Indian airlines are trying to ride.

NEW DELHI

Movie stars, billionaire businessmen and top politicians could soon fly in and out of a separate terminal dedicated exclusively to them, with the upcoming Navi Mumbai International Airport (NMIA) planning to build one in the next phase of expansion, which will begin after the commercial inauguration of the new airport, documents show.

The dedicated terminal is set to be developed by 2030, under the third phase of development at NMIA. *HT* has reviewed documents which confirm that the construction of the VVIP terminal will begin in FY 26 and be concluded by 2030.

"The exclusive terminal will cater to not only central and state government officials, governors, chief ministers, deputy chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the airport," the official said, adding that general aviation operations will also happen exclusively from this terminal.

Hindustan Times

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to *HT*'s queries on the issue.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL—a joint venture between Adani Airport Holdings Ltd and City and Industrial Development Corporation of Maharashtra—is likely to start commercial operations after 15 May.

The aviation regulator, Directorate General of Civil Aviation, had on 26 February conducted an assessment that revealed that the airport was 90% ready, officials had said.

The operator has now applied for the mandatory airport permit, officials confirmed.

NMIA is a greenfield airport aimed to help ease the burden on Mumbai's congested Chhatrapati Shivaji Maharaj International airport, which is a single runway airport. The phase 1 terminal building has a capacity of 20 million passengers per annum.

Navi Mumbai airport is expected to handle 10-12 million passengers per annum, with around 9 million domestic and 3 million international passengers. The airport's Terminal 2 will have a capacity of 30 million passengers per annum and is expected to become operational by the end of 2028.

Roshni Nadar Malhotra third richest Indian after stake 'gift'

BS REPORTER
Mumbai, 9 March

With the recent transfer of a 47 per cent stake from her father, Shiv Nadar, founder of the HCL Group, Roshni Nadar Malhotra has become the largest shareholder in the company and the third-richest Indian, according to *Bloomberg* Billionaires data.

As part of succession planning, Nadar gifted 47 per cent of his stake in HCL Corporation and Vama Delhi, the promoter entities, to his daughter. Once the gift deed transfer is completed, she will gain majority control over HCL Corp and Vama, making her the largest shareholder in HCL Infosystems and HCLTech.

According to the Bloomberg Billionaires – India list, Mukesh Ambani remains the richest Indian with a net worth of $88.1 billion, followed by Gautam Adani at $68.9 billion. Shiv Nadar was previously ranked third at $35.9 billion before transferring his stake to Malhotra. Additionally, Malhotra will acquire voting rights over the 12.94 per cent stake held by Vama Delhi and 49.94 per cent held by HCL Corp in HCL Infosystems. She would also be among the top in the IT sector promoters.

Among BSE IT companies, Vama Delhi has the second-highest valued promoter stake and ranks ninth among the Top 30 mid-cap companies by valuation. It has become de rigeur for brands to put out strong positive messaging around women's empowerment in the first week of March, and this year, too, there is the usual outpouring. A couple of companies have tried interesting social experiments to break through the clutter.

Her choice

Jewellery retail brand Tanishq, which was one of the early players to spark meaningful conversations around women's aspirations,

has launched 'Her Choice' — a film that challenges conventional notions of empowerment. At a time when phrases like 'independent', 'strong' are becoming clichéd, trust Tanishq to invert the expectations of a woman! Conceptualised by Autumn Grey, the film opens with shots of a woman dressing with intent. It looks as though she is getting ready for work. Yet, in a twist, it is her husband who steps out for work, while she stays behind, embracing the role of a homemaker. The campaign shifts the perspective on empowerment, honouring individuality and her right to choose.

Park the bias

Ahead of Women's Day, CARS24 launched a social experiment to check trust levels when women handle cars. At a busy parking area,

two valet attendants — a man and a woman — were assigned the job of parking vehicles. Shockingly, 97 per cent of car owners chose the male valet. When the researchers tried to shake things up by assigning a lazy, inattentive male valet or a bent, elderly male, the car owners still preferred to hand over the keys to the male valet. The film powerfully exposes the bias against women drivers.

Role models

Shemaroo Entertainment's women's day campaign, #HarRoleIsHerRole, exposes the preconceived notions we have about job

profiles. In a social experiment, it invited 10 artists and asked them to paint portraits of professionals — a chef, cricketer, scientist, army officer, wrestler, tailor, doctor, pilot, and firefighter. The result? Every artist unconsciously painted only men, revealing how gender biases are deeply rooted in our minds. Deciding that action is needed to change this, Shemaroo is distributing new occupation charts across schools and NGOs, which feature women as soldiers, pilots, engineers, et al.

She for she

Godrej Industries Group IWD campaign focuses on shared experiences across generations, identities, and professions. It features women exchanging letters, sharing their challenges, experiences, and achievements while recognising each other's journeys. Beautifully filmed, the deeply poetic lines are a call to see, hear, and champion each other.

Journey of dreams

Adani Group's narrative-driven film, created by Ogilvy India, which shows how its port helps small business owners dream big, is heartwarming. The film opens with a man and his daughter watching a ship sail into the horizon, with the daughter asking her dad, "Ships carry big things, right?" The father responds, "Ships also transport big dreams." As the plot unfolds we see how the father, a craftsman, gets a big order from international shores for his handcrafted Namda toys, a traditional wool-felting craft product from the Kutch region of Gujarat.

Fashionable self-expression

Myntra's Women's Day campaign 'Fashion ki Adalat' is light-hearted, while packing a powerful message woven around self-expression through fashion. The ad featuring actor Archana Puran Singh as a sassy judge in a face-off with digital creators Sakshi Sindwani, Ruhee Dosani and Meghna Kaur, humorously highlights the unfair scrutiny women face for their fashion choices.

Executed as a courtroom spoof, the ad shows each influencer facing trial for a 'fashion crime' — from flaunting curves to wearing bold make-up, and oversized gender-neutral clothes. After hearing their rebuttals, the judge delivers her verdict. *"Tumhe kya pehnna hai, yeh sirf TUM* decide *karogi* (You will decide what you wear)!"

has launched 'Her Choice' — a film that challenges conventional notions of empowerment. At a time when phrases like 'independent', 'strong' are becoming clichéd, trust Tanishq to invert the expectations of a woman! Conceptualised by Autumn Grey, the film opens with shots of a woman dressing with intent. It looks as though she is getting ready for work. Yet, in a twist, it is her husband who steps out for work, while she stays behind, embracing the role of a homemaker. The campaign shifts the perspective on empowerment, honouring individuality and her right to choose.

Park the bias

Ahead of Women's Day, CARS24 launched a social experiment to check trust levels when women handle cars. At a busy parking area,

two valet attendants — a man and a woman — were assigned the job of parking vehicles. Shockingly, 97 per cent of car owners chose the male valet. When the researchers tried to shake things up by assigning a lazy, inattentive male valet or a bent, elderly male, the car owners still preferred to hand over the keys to the male valet. The film powerfully exposes the bias against women drivers.

Shemaroo Entertainment's women's day campaign, #HarRoleIsHerRole, exposes the preconceived notions we have about job

profiles. In a social experiment, it invited 10 artists and asked them to paint portraits of professionals — a chef, cricketer, scientist, army officer, wrestler, tailor, doctor, pilot, and firefighter. The result? Every artist unconsciously painted only men, revealing how gender biases are deeply rooted in our minds. Deciding that action is needed to change this, Shemaroo is distributing new occupation charts across schools and NGOs, which feature women as soldiers, pilots, engineers, et al.

Journey of dreams

Adani Group's narrative-driven film, created by Ogilvy India, which shows how its port helps small business owners dream big, is heartwarming. The film opens with a man and his daughter watching a ship sail into the horizon, with the daughter asking her dad, "Ships carry big things, right?" The father responds, "Ships also transport big dreams." As the plot unfolds we see how the father, a craftsman, gets a big order from international shores for his handcrafted Namda toys, a traditional wool-felting craft product from the Kutch region of Gujarat.

Fashionable self-expression

Myntra's Women's Day campaign 'Fashion ki Adalat' is light-hearted, while packing a powerful message woven around self-expression through fashion. The ad featuring actor Archana Puran Singh as a sassy judge in a face-off with digital creators Sakshi Sindwani, Ruhee Dosani and Meghna Kaur, humorously highlights the unfair scrutiny women face for their fashion choices.

Executed as a courtroom spoof, the ad shows each influencer facing trial for a 'fashion crime' — from flaunting curves to wearing bold make-up, and oversized gender-neutral clothes. After hearing their rebuttals, the judge delivers her verdict. *"Tumhe kya pehnna hai, yeh sirf TUM decide karogi* (You will decide what you wear)!"

Navi Mumbai VVIP terminal for filmstars, politicians, others

The dedicated terminal, an exclusive building, is set to be developed by 2030

Neha LM Tripathi

NEW DELHI

Movie stars, billionaire businessmen and top politicians could soon fly in and out of a separate terminal dedicated exclusively to them, with the upcoming Navi Mumbai International Airport (NMIA) planning to build one in the next phase of expansion, which will begin after the commercial inauguration of the new airport, documents show.

The dedicated terminal is set to be developed by 2030, under the third phase of development at NMIA. *HT* has reviewed documents which confirm that the construction of the VVIP terminal will begin in FY 26 and be concluded by 2030.

"The exclusive terminal will cater to not only central and state government officials, governors, chief ministers, deputy chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the airport," the official said, adding that general aviation operations will also happen exclusively from this terminal.

Hindustan Times

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to *HT*'s queries on the issue.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL—a joint venture between Adani Airport Holdings Ltd and City and Industrial Development Corporation of Maharashtra—is likely to start commercial operations after 15 May.

The aviation regulator, Directorate General of Civil Aviation, had on 26 February conducted an assessment that revealed that the airport was 90% ready, officials had said.

The operator has now applied for the mandatory airport permit, officials confirmed.

NMIA is a greenfield airport aimed to help ease the burden on Mumbai's congested Chhatrapati Shivaji Maharaj International airport, which is a single runway airport. The phase I terminal building has a capacity of 20 million passengers per annum.

Navi Mumbai airport is expected to handle 10-12 million passengers per annum, with around 9 million domestic and 3 million international passengers. The airport's Terminal 2 will have a capacity of 30 million passengers per annum and is expected to become operational by the end of 2028.

THE ECONOMIC TIMES AWARDS FOR CORPORATE EXCELLENCE — CELEBRATING 25 YEARS

POWER STATEMENT The who's who of India Inc were all ears when those who stood out this year had something to say

Opportunity in Each Challenge

The old rule book has been Trumped and India needs to make smart choices to secure its interests, says finance minister

Nirmala Sitharaman
FINANCE MINISTER OF INDIA

Can't Let Industry be a Victim of Dumping

Amid tariff wars and threat to free trade, India would be doubly careful in bilateral trade negotiations, says FM

Finance minister **Nirmala Sitharaman** called on stakeholders to believe in India's potential and nurture a more positive sentiment, especially as the country remains the world's fastest-growing major economy amid global turmoil. In conversation with **Sruthijith KK** at ET Awards, the minister said India needs to guard against dumping of goods in the wake of the Trump administration imposing additional tariffs on some countries. Edited excerpts:

Your budget this year created a lot of positivity, due to tax cuts, the continued support for capex and staying the fiscal consolidation course. But we face geo-economic uncertainty. What is going to be the game plan? How are we going to negotiate with the US?

In all fairness, I think I would leave it for (commerce minister) Piyush Goyal to determine how he is going to take forward the whole negotiations. He and his team are at it even as we speak. I think both sides (India and the US) should have ambition for a good treaty. And nobody can fault that, particularly for India. We still need to do a lot more to strengthen our exports. I am sure the commerce minister is quite seized of this. And he would take this (India-US) agreement to meet the ambitions that we have in terms of growth. That would guide his negotiations.

Geo-economic fragmentation is now a reality. In some ways, it's a reversal of the forces of globalisation that have created a lot of prosperity. Do you think this will impede India's growth momentum?

I see an opportunity in each of the challenges that exist—be it the geo-economic fragmentation or tariff war or some economies reaching a deflationary level or the lack of demand overseas. As our Prime Minister says, "Where there is a challenge, there could be an opportunity" and this tendency is being built into all of us in the Cabinet. And it is for us to very smartly move to make sure that this is the opportunity that India was waiting for. After all, it is another 22 years before we should reach the goal of a Viksit Bharat.

While other countries also face offensive tariff action, there is a real chance that some of them could dump their goods in India. Are we guarding against it?

Well, yes, you are already seeing signs of that dumping of excess inventory, and you largely know which country we are talking about. When such a chance exists, we will have to guard ourselves against it. We need to be smart about these sorts of things—about how carefully we can find a way to avoid it.

There are small and medium Indian manufacturers who prefer cheaper inputs.

Sweet Surprises Make Winning Moments Joyous

Team ET

Mumbai: What made ET Awards extra sweet for the winners was that their big moment was made all the more special when their family and friends were invited on stage to toast them.

Lenskart founder Peyush Bansal, winner of Entrepreneur of the Year award, could scarcely hide his surprise when host Cyrus Sahukar invited his wife, Nidhi Bansal, to share nuggets from her 20/20 vision into his life.

Nidhi talked about Bansal's innate restlessness to make things happen. She highlighted Bansal's respect for his team members, pointing out how he chose to share his big moment with Sunita Parshuram and Vibha Shukla, two Lenskart employees from Goa and Kanpur.

"Attending every parental session at school, you have made many moms look with agony at their missing husbands," she said, drawing laughs from the crowd.

When Vishakha Mulye, CEO of Aditya Birla Capital, came on stage to receive her Business-woman of the Year award, her friend—a colleague from their ICICI Bank days—the MD and CEO of IIFCL First Bank, V Vaidyanathan, shared stories of her formative years being moulded by legendary banker KV Kamath.

"The trick about Vishakha—she will always start with a yes, always make you happy, always smiling, but in the end she will get her way. Mr Birla, you are watching this, she will always say yes, she will have her way," he teased, addressing her boss Kumar Mangalam Birla, himself an awardee this time around.

With Farved Zakaria, ET's Global Indian of the Year, unable to make it to the award ceremony with action-packed days in the US, it was his niece Malika Noor Mehta who came on stage to accept the award.

She recalled how her Farved Mamu made her feel at home in the US when she moved to study there as a 14-year-old.

"Just through the process of osmosis, I learned so much about politics, policies, humanitarian issues, business and much more just by being in his presence."

Kumar Mangalam Birla, ET Business Leader of the Year, was toasted by daughter Ananya Birla who recalled how her dad's eyes were shining when he told them about getting the Award.

"My dad absolutely loves The Economic Times. All of us in the family immediately cleared our calendar, I bet papa had already started deciding what he was going to wear," she said.

She recalled how many people had written him off when he took over the reins at the family business at a young age, when his father passed away.

All of that left dad Kumar Mangalam Birla overjoyed and a bit emotional too. "It was very different, I loved the part where they wanted the family to say something. It was the biggest scale so far, so quite a surprise and quite lovely. I had an absolutely great evening. I was blank after Ananya spoke about me, and I did choke."

Mallika Srinivasan, CMD of TAFE, and wife of Venu Srinivasan of TVS Group who won the Lifetime Achievement award, eloquently talked about how her husband has always gone to great lengths to ensure the welfare of the employees on the shop floor. "Until today no one has ever asked me to talk about him," she smiled fondly.

"Until today, no one has ever asked me to talk about him," said Venu Srinivasan's wife Mallika

Deloitte. presents THE ECONOMIC TIMES AWARDS FOR CORPORATE EXCELLENCE

But even then, the larger consideration should be to allow them the access to cheaper inputs without letting them become a victim of dumping. And among the stakeholders, there are sections which prefer complete stoppage of dumped goods and some others prefer a calibrated approach to it. The government's task is to make sure that we plan for it and balance everybody's interests.

Is it time to look at a more comprehensive rationalisation of GST slabs?

It was late 2022 when we started this exercise of rationalising the Goods and Services Tax (GST)—both rationalisation of the rates as well as the number of slabs, and review of compliances and the process itself. In early 2023, some people were saying "You are not even allowing the GST to settle; after all, it was launched in 2017 and you're already starting to revamp it." So, there was an element of discouragement. But we didn't stop it.

Different groups of ministers were looking at it. And every time there is a state government election and there's a change of ministers, we revamped the committees. But that work has almost reached a finale. The groups have done excellent work, but I still have taken it upon myself to, once more, completely review each of the group's works, and then take it to the GST Council to see if we can come to a final agreement on these. So, we are very close to coming to a final call on some of the very critical issues—reduction and rationalisation of rates, looking at the number of slabs, and so on.

Is there any possibility you can give us a glimpse into what is in store any more than what you have said?

I think I was very clear about the reduction in rates. And that is not as though we are now exploitatively high in rates now. At the time when the GST was launched (in July 2017), the revenue neutral rate was somewhere around 15.8% and by 2021, we had already brought that to 11.4%. And when it was launched, the average tax was itself lower than what existed before the GST rollout. So, let me dispel any (notion) here that the GST has made life costlier. Item by item, I would challenge anyone to tell me if there is any one item for which the tax has gone up after the GST introduction. So the clue that you want is, it will come down even further.

Private investment is somewhat narrowly focused on a few sectors. What would be your expectation for a more broad-based resurgence in private investment?

If industry is investing only in some sectors and not in others—these are commercial decisions. I am not asking them to say why they are or why they are not (investing), but I would like them to talk. If they don't speak out, how will the government have any clue on how things are moving?

The PM spoke about a deregulation commission. You've also spoken about it in the budget. What kind of a body would it be? Is it going to be a permanent body?

I have not thought about it being a permanent body. For the financial sector, you have the Financial Stability Development Council. But for the non-financial regulators, and there are several of them... (there is no such forum). And between the regulators, the entities that are being regulated do have a difficulty as to who they should approach for various things. And this is one of the issues on which the coordination of inter-regulatory bodies is necessary.

The stock markets are seeing dizzying volatility. Do you see a path toward calmer markets?

It's like asking, will the world be calm? Will wars come to an end? Will the Red Sea be safer? Will there be no sea pirates? Can I comment on it or would anyone like to comment?

FPI sell-off has led to a clamour for a reduction in the capital gains tax on them. Do you see any merit in this argument?

These are taxation matters. The budget session is resuming on Monday. So, this is the most inappropriate time for a finance minister to talk on tax.

Public sector banks need capital support. Will government cut its stake below 51%?

Not specific to today's context, but that (stake) we have to reduce. We want to have more and more retail investors to be actively buying and selling shares (of state-run banks).

There has been some concerns over NBFC funding to micro-credit institutions...

There were some concerns at least a year ago. But I think the Reserve Bank of India (RBI) came in time and gave good guidance (to these entities). Sometimes people thought that (the step by the RBI) was very tight. I think now again RBI has given some relaxation. But it's not every NBFC (that had risky exposure) but some which are small and very adventurous. So, I am sure it will settle down.

BE POSITIVE

Like the markets, there is a sentiment which prevails in a country to grow. You need to have positivity

India is negotiating free trade agreements with a number of economies. What should be our guiding principles?

The first principle is putting India's interest first. In some of the agreements done earlier, the negotiations were very speedily handled—I don't want to attribute any intentional malice or anything—or the language was very loose or there were hasty understanding of the collateral (damage). So, today the commerce ministry is engaged in the review of many of these FTAs that were signed. Today ensuring India's interest in FTA negotiations is absolutely our top priority.

India is projected to grow between 6.3% and 6.8% next year. What would you say are the two or three things that need to fall into place for us to achieve one or two percentage points more in growth rate?

This is an audience which knows about the things that are going to contribute to higher growth. So, there's no point in me getting into those details. But there is one thing that I definitely would like to tell the media and make all of us think about. Like the markets, there is a sentiment which prevails in a country to grow. You need to have positivity, you need to have self-belief. And you need to be the last person to run down your own country. You need to believe in India's capacity; if anything, it is this sentiment which is missing today.

Winners in the Limelight

BUSINESS LEADER OF THE YEAR

KUMAR MANGALAM BIRLA
Chairman, Aditya Birla Group

There's much more to do, to imagine, to build, to transform, and a lot more fun to be had

Remaining competitive at a global stage entails investing rather than waiting it out in an uncertain, unstable and unorthodox world, Kumar Mangalam Birla said, accepting the ET Business Leader of the Year award. "I think this (award) is as much for the work that needs to be done. There's much more to do, to imagine, to build, to transform, and a lot more fun to be had," said the Aditya Birla Group chairman, who won the award for the third time.

ANANYA BIRLA
DAUGHTER

Your discipline, dedication, and love for your work, without having any expectation of outcome, is something that inspires us all. Your team loves you

India and North America will be the two key regions for the conglomerate, Birla said, adding that the India story remains firm. "I do think that all of us must lead our capital forward," he said.

Kumar Mangalam Birla is the sixth generation of the Birla family in business, having taken over the reins of the group nearly three decades ago at the age of under 30 years. The group recently crossed $100 billion in market capitalisation.

"How does one judge a company? Do the criteria depend solely on its profitability, its production figures, market share and product ratings? Or is there some other aspect one must consider as well," Birla said, reading from a letter written by his great grandfather GD Birla in 1973 to shareholders of Grasim Industries. "We have always believed that what really matters is how much the company cares. Not just its own employees, but also the members of the community it lives in," he said, quoting the letter.

A "symbiotic" relationship between legacy and purpose creates enduring institutions, and purpose remains a powerful driver, said Birla, now 57 years old. Thanking his team and his management cadre, Birla said: "I don't for a minute forget that I stand here because of them. I look taller because of them."

Birla dedicated the award to his mother Rajashree Birla. "My mother has been my conscience keeper. She has been my rock of Gibraltar. I've done some crazy things and she has supported me through it all," he said.

COMPANY OF THE YEAR

Mahindra Group
Group CEO and MD Anish Shah receiving the award from the FM

We stand today as custodians, accepting this award on behalf of everyone at Mahindra

"We are often asked, aren't you supposed to deliver profits for your investors? And our response is, if we lead with purpose, profits will follow. Today, with this prestigious award, it is in many ways a vindication and an inspiration for everyone who leads with purpose," said Anish Shah, MD and CEO, Mahindra Group, as he accepted the ET award for Company of the Year.

Mahindra won the award for its remarkable performance in the manufacturing sector and a stellar FY24—a landmark year for the company in multiple ways. It reported its highest-ever annual net profit of ₹21,208 crore, reflecting a three-year compound annual growth rate (CAGR) of 81.9%, while revenue grew 23.3% annually, reaching ₹1.4 lakh crore during the period. Recalling an advertisement that the company's founders had once placed in The Times of India, Shah said it didn't talk about the products but the principles on which the company was founded. "And that is the purpose that we lead with as a company," he noted.

"We stand today as custodians, accepting this award on behalf of everyone at Mahindra. I would personally like to thank Anand Mahindra for his support, guidance, and empowerment. Mr Keshub Mahindra will always be with us. Our leaders from the past talked about the principles under which the company was founded. I would personally like to thank my wife Sneha for helping me be the person I am today. And finally, thank you to the jury for bestowing this honour upon us," he concluded.

Ashwini Vaishnaw
MINISTER FOR ELECTRONICS AND IT, RAILWAYS & INFORMATION & BROADCASTING

India will Emerge Very Powerful, Very Strong

Pragmatism will help the country become a formidable leader of the Global South in a world full of uncertainties

India will not only be a leader in providing technology services but will also be a 'major creator' of technology in the age of artificial intelligence (AI), Union minister for electronics and IT, railways and information and broadcasting **Ashwini Vaishnaw** said at ET Awards, where he was conferred the Reformer of the Year honour. In conversation with ET's **Surabhi Agarwal** at the event, Vaishnaw spoke of how India's pragmatism will not only tide it through the current global uncertainties, but also help it become a formidable leader of the Global South. Edited excerpts:

On climate change and how India is walking a tightrope between growth and sustainability

I asked this question in Davos — 'A country which today has $3,000 per capita income, what do you think is the percentage of power generation capacity which comes from non-fossil fuels?' Most people in the audience said about 5% or 7%... When I shared the actual number, 45%, they were like: 'Oh! Something very different is happening in this country.'

SUSTAINABLE GROWTH
The PM is committed to the cause of saving our planet, climate change and having sustainable growth

Our Prime Minister is so committed towards the cause of saving our planet, climate change, having sustainable growth and it's reflected in every sector. In the railways, this year, we'll be having a 100% electrified network and not just Scope 1, we are also now targeting Scope 2 net zero. Scope 1, we will probably get this year itself. For Scope 2, we have already tied up about 4,000 MW of green power and about 7,000 MW is in the pipeline. So, by 2030, which is our target for having complete net zero, I think we are on track.

On Trump, tariffs and how India is safeguarding its interests

I think out of this entire geopolitical shift which is happening, India will emerge very powerful, very strong. We will come out with substantially better conditions. The reason for that is the pragmatism with which we are approaching this entire thing. We are not looking at it in an ideological way. We are looking at it from what's good for our country, what's the right way of looking at it, can we have a deal between India and the US ... We actually did an exercise. If you look at all the HSN code lines, it's actually a very complementary trade relationship between the two countries. So, I think we will come out very strong.

On export controls on AI chips and models, and how India is protecting its sovereign interests when AI could be used as a geopolitical weapon

In the world of AI, there are five layers — the chip layer, foundational model layer, application layer, data centre and hyperscaler layer, and the talent layer. We are working across all the five layers. We should have three foundational models by the end of this year. Our work on developing our own GPU (has started), we should be having it in the next three to four years. I think we are on track. A couple of days back, we launched the 14,000 GPU common compute facility. We had targeted 10,000 and we actually got 14,000 GPUs and that's a common compute facility, which is available for all startups, academia, entrepreneurs, researchers, for everybody.

And the world today is noticing our approach where we have put public funds, in a PPP (public-private partnership) model, to create a common compute facility, whereas in many other geographies, the entire compute power is actually hoarded by a few. So that's a very interesting model. Our Prime Minister always tells us that we must democratise technology. So, it's that approach with which we are working and I think we are in very good shape. Like in IT services where we emerged as a major IT services power, I think in this new industrial revolution or new knowledge revolution, India will emerge as one of the major players—not only in providing services but also in being a major technology creator in this age of AI.

Message to corporate India on how it can increase focus on building products along with services

All of you (in the audience) have done fabulously well in your lives, in your businesses. Can we actually take 25-30 products and start investing in them? For example, something as basic as the capital goods which are today going into the manufacturing of some of the basic consumer goods. For example, in mobile phone manufacturing, I know Mr Chandra (N Chandrasekaran of Tata Sons) has already done very good work getting some firms from Pune and Coimbatore to design and manufacture the capital goods there. Can we take that as a challenge and start developing some of those goods in our own fields? Let's say if it is the tech industry, can the IT industry invest in three foundational models? Can the IT industry invest in creating our own mobile phone operating system? If that is one challenge that all of us collectively take? And I will tell you, if you take one step forward, the government is there to take 10 steps with you.

On the next phase of the reform agenda for the railways

The last 11 years have been phenomenal for the Indian Railways. It has really, really transformed. In the last 10 years, we have electrified about 45,000 kilometres of railway network. In the last 11 years, we have constructed 34,000 kilometres of new railway tracks. That's more than the entire network of Germany. We are today manufacturing 1,500 locomotives a year. That's more than the entire locomotive production in North America and Europe put together. That's the pace at which we are working at and many new products are coming up.

Yes, a lot more work to be done. It requires a huge effort because it (railways) is a humongous organisation—1.15 lakh kilometres of tracks, 12.34 lakh employees now and a long legacy of more than 100 years. Changing, communicating that change, making sure that everybody is on the same page, making sure that the politics of this industry also is properly managed—it's quite a humongous task.

GLOBAL PLAY
India will emerge as one of the major players—not only in providing technology services but also in creating technology products

On how tech is being used to further make rail travel safer

We are infusing huge amounts of technology in railways, whether it is in the track inspection machines, or in the case of having Kavach (accident prevention system), making sure that the timetable gives enough time for the maintenance period, optimising that... Technology is being infused in multiple ways and the results are there.

Today, we are investing close to ₹1.14 lakh crore in the safety-related activities and the results are there. Just 10 years ago, there used to be 171 accidents a year. Now that number has come down to 30 and that's not something that we should be satisfied at. We are putting in a huge effort to get better. People are coming back with feedback and a lot of startups are joining us for this race.

Very soon we'll have some major new technological breakthroughs also and that will again make a big change in our railways. Kavach, a major automatic train protection technology which most of the major railways in the world installed in the 1980s, it was Prime Minister Modi who actually had to come and start this work in our country. Version 4.0 of Kavach is now approved, certified and now the rapid rollout is happening. So, a lot more things are happening in this field here.

RETURNING HOME
Many professionals, entrepreneurs and startups want to come back to India

On how India could harness the Indian talent in global firms and bring it back to fuel innovation in the country

We have many such examples. Dr Randhir Thakur (of Tata Electronics) is one great example in the field of semiconductors. He has come back from the US and is now leading our entire fab initiative. And there are many more people. When I talk to the professionals or entrepreneurs and startup teams in the US, a large number of them are actually coming back, they want to contribute. The opportunities are there today. Ten years ago, it was a very different conversation.

Today, our Prime Minister's policies have led to India becoming among the top three startup nations. That was unthinkable 10 years ago. So that thing has really really changed. At IIT-Kanpur, I remember I built the transformer from text to voice, text to sound, that was what we were working on in 1991-92. That time it was transformational, cutting edge, but the opportunities were very few (to build things in India). Today, opportunities are there, people are taking those risks, youngsters are having that energy and I am so positive, so optimistic about it.

Industry Leaders must Invest in a Better-informed Future

Ecology & economics are interlinked...focus should be on mitigating the loss of many species that are vanishing due to human action

Team ET

Meera Jain, founder of Times Evoke, urged business leaders to consider distributing their resources to projects and endeavours that safeguard the planet. Delivering her special address at ET Awards, she underlined the importance of mitigating the loss of many species that are vanishing due to human action.

"Our success depends on how we gather and disseminate information," she said. "Ironically, in the age of science and truth, we are veering towards an information avalanche of untruth, glorifying trivialities and stepping over the salient."

The moving address, which followed an expansive dance performance, began with Jain highlighting the urgency of the situation that humanity is facing.

"Since 1750, human activities, from agriculture to industry, have released 1.8 trillion tonnes of carbon dioxide into the atmosphere. The surface temperature has increased by 1.47 degrees Celsius since the late 19th century. The earth is now warming at its fastest pace in 10,000 years," she noted.

We live in an age which should have been shaped by rationality and truth. That idealism has much to do with the work of pioneers like Copernicus, Galileo and Kepler who, as Carl Sagan wrote, showed how even the vast cosmos could be understood correctly if people were given truthful information.

Yet that is not how things have turned out. "Planetary science, which unites us in a shared consciousness and uplifts our view of life, is under-funded and poorly celebrated," she said. "The industry of destruction, a compendium of catastrophes, an assemblage of agonies, is lavishly supported, down to the last bomb. Instead of widening our worldview and deepening our empathy, most media shrinks these through the pursuit of petty politics and personal power games."

This, she said, is made all the more complicated by the rise of technologies like artificial intelligence.

"AI will further deepen this crisis. The tragedy won't just be of outsourcing human intelligence. It will be of eroding our planet and its rich eloquence of life. Intelligence blossoms when information meets judgement—what judgement about life can a mechanism which does not live have?" she said. "The pettiness of information has diminished the grandeur of our planetary existence."

INFORMATION AGE
The pettiness of information has diminished the grandeur of our planetary existence
MEERA JAIN
Founder, Times Evoke

Even as ecology and economics are interlinked, the latter has diminished from showing reverence for nature to extracting from it, something that is impacting the planet. This gap, she underscored, needed to be addressed urgently.

She left the leaders of Indian business, rapt in attention, with one sharp takeaway: "As we confront the Anthropocene, it is imperative upon you, leaders of industry, to invest in a better-informed future."

The standout menu at ET Awards, created by renowned chef Rahul Akerkar of Aditya Birla Dining, celebrated the best of local flavours and international gourmet selections.

Guests mingled in the reception area over a high tea that included an array of summer coolers, savoury finger foods and bite-sized desserts. Chilled kokum fizz and blueberry muddles offered respite from the Mumbai heat, while guests nibbled on marinated olives and bocconcini, mushroom and ricotta pate, and sweet potato, beetroot and okra crisps. A classic cheese selection never goes amiss, and the board was laden with tomme, robiola, cheddar and emmental cheeses, on a bed of berries and crackers.

The circulating starters were a brilliant showcase of Indian culinary innovation, featuring a vibrant summer melon chaat, Manipuri black rice aranicini paired with a bold beetroot bhoot chili ketchup, and a wholesome idli podi served with roasted tomato bhokka. For a sweet take, the forest honey and Gondhoraj lemon tea cake, accompanied by pickled Mahabaleshwar strawberries, were a delightful tribute to the finest Indian ingredients.

Chef Rahul Akerkar with Rashmi Uday Singh, who curated the menu

After the evening's captivating show, guests were ready to indulge in the spread on the NCPA lawns. A breezy summer's night greeted everyone as they got ready to savour a gala buffet dinner with seasonal specialities and haute cuisine. This included spanakopita with yoghurt pesto, water chestnut and edamame dumplings with ginger soy, tandoori jaithuni khumbh drizzled with pomegranate molasses.

Rajesh Shah

Chefs added their own sense of fun and flair, with an Agra chaat counter, an Asian bowl station, as well as a sushi counter with a special truffle mushroom maki. The mains on the buffet included artichoke heart risotto with grilled fennel, Swiss chard and mascarpone, grilled dukkha cauliflower with cashew saffron purée, among other dishes. The star of the menu was the kathal (jackfruit) ki dum biryani with burhani raita.

The sprawling dessert station was an irresistible temptation for every sweet tooth in the house. It included nolen gur rossogolla, an indulgent shrikhand chocolate tart and for the health-conscious, a nachni carrot cake with gajar halva creameux, as well as sugar-free options such as fruit trifle, roasted apple and pecan crumble, and chocolate jalapeno mud cake.

The lavish feast offered the perfect finale to an evening filled with celebration, recognition and grandeur.

RATAN NAVAL TATA 28 DECEMBER 1937 - 9 OCTOBER 2024

'Where Will the Dogs Go?'

A special Jewel of India Award was bestowed posthumously by the ET Awards jury on the Tata Group patriarch for his vision of leading the group with a humane touch and commitment to the foundation of national values

Ratan Steered Group to Fresh Frontiers and Unprecedented Heights

Team ET

The respect that Ratan Tata commanded within India and on the international stage was in no small measure due to the nature of the person he was — considerate, benevolent and unpretentious, said Noel Tata. He accepted the special Jewel of India award bestowed posthumously on Ratan Tata by the ET Awards jury for his vision of leading the Tata Group with a humane touch and commitment to the foundation of national values.

"There was no dearth of challenges confronting him and doing what was right for the group. He accomplished that while steering the group to fresh frontiers and unprecedented heights," said Noel Tata, who succeeded him as chairman of Tata Trusts late last year. Ratan Tata died aged 86 in October 2024 after having led the conglomerate for over two decades.

"Left to himself, Ratan may well have chosen a different pathway to the one that saw him nurture and lead the Tata group to new horizons," said Tata, adding that Ratan Tata had studied to be an architect and wanted to be one but instead became a leader of business and industry.

A 2011 profile in The Economist said he owned less than 1% of the group that bore his family name but that he was a Tatan nonetheless, he was powerful businessman in India and one of the most influential in the world.

"While it was his achievement in business that made Ratan famous, there was a lot more to him," Noel Tata said. "His vision for the Tata Trusts has seen the institution enhance and expand its philanthropic efforts. In his individual capacity as well he was forever willing to lend a helping hand to people and causes. Empathy came naturally to him, and this was evident to the many whose lives he touched."

"There is no greatness where there is no simplicity, goodness and truth, Leo Tolstoy said. Measure Ratan Tata by these characteristics and there can be no doubting what he brought to the world he lived in and what we have lost with his passing," said Tata, half-brother of Ratan Tata.

Born in 1936 to Naval and Simone Tata, Noel is the half-brother of the late Ratan Tata and owns a 1% stake in Tata Sons.

Noel Tata currently serves on the boards of various Tata Group companies. He is chairman of Tata International, Voltas and Tata Investment Corp, and vice chairman of Tata Steel and Titan Company. Noel Tata is the first member of the Tata family since 2011 (after Ratan Tata retired) to serve simultaneously on the boards of Tata Trusts and Tata Sons.

Small Things Mattered More for Defender of the Defenceless

N CHANDRASEKARAN
CHAIRMAN, TATA GROUP

Financial details, revenues, market capitalisation or profits did not matter to him that much," said N Chandrasekaran, who joined the Tata Group in 1986 as an intern about four decades ago, with the dream of shaking hands with Ratan Tata. Chandrasekaran ended up succeeding him as chairman of Tata Sons in 2017.

In his tribute to the late Tata Group patriarch, Chandrasekaran said, "For him, the small things mattered more. He paid close attention not only to people with the big ideas but what also mattered was his attention to the small things. He cared for the people who could not defend themselves and what set him apart was that he was a defender of the defenceless. I have seen it on so many occasions that he never said anything just for the sake of it and never acted upon anything for the sake of it."

The ET Awards jury had decided unanimously to bestow a special Jewel of India honour on Ratan Tata, who died in October last year, for his stellar leadership of the Tata Group as well as business and industry in general, while being staunchly dedicated to philanthropic pursuits. Chandrasekaran said he was fortunate not only to grow in the group and succeed Tata but also to work with him closely and become his friend.

When Chandrasekharan took over as chairman, he wanted to renovate Bombay House, the Tata Group's headquarters, but was warned against it. However, when he went up to Ratan Tata, all he wanted to know was where the seven dogs that sheltered there would go if the office were temporarily relocated. "He was very reassured when I promised him that post the renovation, we would bring them back to a specially made kennel which would be a safe home for them," Chandrasekharan said.

"You can call him a businessman, a philanthropist, a startup champion or a lover of dogs. He had all these qualities but one thing that I will always remember is that sentence — where will the dogs go as we build the future?"

"For him, doing the right thing was important. Every time he made a decision, he would put himself in the shoes of others to ensure he was being fair."

CRICKET CRAZY

India's corporate elite faced a tough scheduling dilemma this weekend – attend the prestigious ET Awards on Saturday evening or jet off early to Dubai for India's much-anticipated ICC Champions Trophy final. The solution? A well-timed Sunday morning flight, ensuring they could celebrate industry excellence in Mumbai before catching the cricketing showdown live at the Dubai International Stadium. First-class seats on early Sunday flights quickly became the hottest commodity, as honchos balanced an evening of corporate prestige with the thrill of cricket fever.

SHARK TANK RECOGNITION

India's Setting the Pace, Not Just Keeping It

Team ET

India's economy stands strong and is better positioned than most to navigate global disruptions given the resilience backed by macroeconomic stability, pursued by finance minister Nirmala Sitharaman, said Romal Shetty, CEO of Deloitte South Asia.

"Our domestic consumption-driven economy, which makes up 62% of our GDP, shields us from external fluctuations. And our favourable geo-political alignment opens doors where others see barriers," Shetty said at ET Awards in Mumbai on Saturday.

Beyond these strengths, India's greatest asset is its people and with a median age of just 28, the country has a demographic dividend that will last two more decades, he said. "India's moment is now, and the world is watching," he said.

As the world's STEM capital, India houses the largest IT and innovation workforce, with global capability centres driving digital transformation. However, the rapid evolution of technology, GenAI, Agentic systems and deep tech demands immediate action. If India does not move quickly, its current advantages could become missed opportunities, he added.

The rapid evolution of GenAI, agentic systems and deep tech demands immediate action so that advantages India has don't turn into missed opportunities

"Thankfully, India is not just keeping pace — we are setting the pace. Under the visionary leadership of our prime minister and the focused execution of (Union IT minister) Ashwini Vaishnaw, India is taking decisive steps," Shetty said.

Five semiconductor plants are underway, with the first made-in-India chipset to debut in 2025. India's own large language model, optimised for efficiency and trained on diverse data, will soon be a reality. According to him, all these efforts will cement India's place among the top five AI and deep-tech nations globally. The latest budget reinforces this vision, going beyond financial planning to prioritise research & development and emerging technologies, he said.

BUSINESS REFORMER OF THE YEAR

ASHWINI VAISHNAW

Union Minister of Railways, IT & Electronics, and Information & Broadcasting

Without (PM Modi's) confidence, his trust, (and) the opportunity that he has given, it wouldn't have been possible to be here on this stage

Successfully carrying out reforms across sectors like telecom and railways to boost the country's growth required support from all quarters of government, said Ashwini Vaishnaw, union minister for railways, IT and electronics, and information and broadcasting.

He was speaking at The Economic Times Awards on Saturday, where he received the Business Reformer of the Year award.

Vaishnaw thanked Prime Minister Narendra Modi for the platform to carry out reforms. "Without his confidence, without his trust, without the opportunity that he has given, it wouldn't have been possible to be here on this stage and to be able to contribute to the country's growth," he said.

He added that reforms would also not have been possible without the support of finance minister Nirmala Sitharaman, who was chief guest at the event. "Your support on the telecom reforms was phenomenal. The way you led us, the way you guided us into the new construction of railway stations, whether it is manufacturing railway rolling stock at such a large scale, each and every step you have been a big, big source of strength," said Vaishnaw.

He also highlighted the sacrifices of his family. "When the prime minister gave me this responsibility, the first thing that my family members told me was that we are not going to shift to the official accommodation in Delhi because this is a rare opportunity the prime minister has given you, so give your 100% to the country and don't even think of us," Vaishnaw recollected.

I believe that one of my missions in life must be to help people around the world better understand India and its enormous strengths and opportunities

India has a unique opportunity to become a pivotal player on the global stage, according to Fareed Zakaria, India-born American journalist, political commentator and author.

Speaking to the audience at ET Awards in Mumbai on Saturday, Zakaria said as a rising economic power, India is critical to the West for strategic reasons while remaining well-regarded and connected with the Global South.

With its storied reputation as a democracy, a leader of the developing world and a staunch believer in democratic norms and values, India stands at a turning point. "It can leverage all these strengths into broad influence in the world, which will help India economically, position it well strategically and help move the world to greater stability, prosperity and freedom. I believe that is India's destiny," said Zakaria, who was honoured with the Global Indian of the Year Award for his work in the field of journalism and world political and geopolitical reporting.

I still remember the day a few months after Lenskart started when you came home and announced that you have booked 60 glasses that day, from there we have come a long way

"Businesses need to be built around a purpose and a mission, and sitting with India Inc's top bosses, my belief has been further reinstated today," said Bansal, who was adjudged the Entrepreneur of the Year at ET Awards.

"We are driven by the purpose of giving vision to people and I believe if you stay close to those values, rest everything will fall in place," Bansal said, adding that the recognition takes the expectations from the company higher.

A turning point in Lenskart's global strategy came in 2022 with its $400 million acquisition of Japanese eyewear brand Owndays. This move accelerated its expansion into key international markets such as Japan and Singapore, solidifying regional dominance. Lenskart closed the financial year 2024 with revenue of ₹5,500 crore and is looking to go public at a valuation of around $10 billion, as reported by ET.

BUSINESSWOMAN OF THE YEAR

Vishakha Mulye
Chief Executive Officer, Aditya Birla Capital

Behind every successful man, there is a woman. But for women to succeed, there are many things to fall in place... and I am fortunate all this fell in well for me beautifully

Vishakha Mulye, CEO of Aditya Birla Capital and ET's Businesswoman of the Year for 2024 expressed her strong belief in India's growth potential and her company's ability to seize and leverage these opportunities. She emphasised that her organisation's mission was to simplify finance and align with the vision of a 'Viksit Bharat'.

"At Aditya Birla Capital, our goal is to make finance as simple as ABCD, which is also the name of our newly launched platform this year," Mulye said after receiving the award. "We are excited about the vast opportunities in the Indian market and firmly believe that we have the right foundations in place to capitalise on them."

Mulye credited her success to her mentors including KV Kamath at ICICI Bank — where she progressed through the ranks — and Kumar Mangalam Birla, who trusted in her abilities.

"There is a famous saying that behind every successful man, there is a woman. But for women to succeed, I think there are many things to fall in place. Right from the family she is born in, the family she marries, the institutions she works with and the ecosystem in which she operates. I was extremely fortunate that all this fell in well for me beautifully," she said.

"I owe a lot to my parents for instilling strong values in me, my in-laws for their unwavering support, and Vivek (Mulye) for his unconditional love and encouragement, without which this journey wouldn't have been possible," she said.

Grasim Industries

HK AGARWAL MANAGING DIRECTOR, GRASIM INDUSTRIES

Apart from being one of the earliest companies to bring in manufacturing heft domestically, Grasim Industries has positively impacted the lives of more than 1.2 million people through its corporate social activities, managing director HK Agarwal said, receiving the ET Conscious Corporate of the Year award.

The flagship company of the Aditya Birla Group is aiming to be net-zero on emissions by 2050, with a long-term view as "responsible custodians" of the planet, Agarwal said.

"Our culture fosters responsible decision-making, emphasising efficient use of resources, ethical governance and sustainable profitability while prioritising the environment and promoting circular economy," he said. "Grasim remains dedicated to environmental stewardship by proactively addressing climate-related risks and opportunities."

Agarwal said the ET award "recognises our unwavering commitment to sustainability", which is at the core of the group's strategy across all of its industries.

"This award has been embedded in a well-defined ESG (environmental, social and governance) framework which guides our efforts to create lasting value for all stakeholders," he said.

He thanked group chairman Kumar Mangalam Birla for his leadership and vision, and Rajashree Birla for her leadership and dedication to CSR activities.

EMERGING COMPANY OF THE YEAR

Zomato
Chief Financial Officer Akshant Goyal receiving the award from Ashwini Vaishnaw

Today, 25 lakh people earn their livelihoods through the ecosystem we've built together. This award is a tribute to them

AKSHANT GOYAL CHIEF FINANCIAL OFFICER, ZOMATO

From being the first large Indian consumer internet startup to be listed in 2021 to catapulting into the prestigious BSE Sensex cohort in December last year, Zomato's rise as a public company has been rapid as it has expanded into businesses beyond food delivery over the past few years.

Adding quick commerce through its Blinkit acquisition and later buying out Paytm Insider to bulk up its going-out business, Zomato's success has emanated from combining profitability with the growth potential of its quick commerce unit and other new businesses which drove its market capitalisation to an all-time high of ₹2.75 lakh crore ($32 billion) by December 2024.

"At the core, our startup DNA still continues... and as a startup, we need to remain optimistic about the future. The enthusiasm still remains for us and we continue to run the business in the same way even today as we were before we listed," said chief financial officer Akshant Goyal.

While receiving the Emerging Company of the Year award, Goyal said Zomato is a unique business in India, in terms of the amount of direct and indirect employment the business creates.

"Today, about 25 lakh people earn their livelihoods through the ecosystem we've built together. This includes hundreds of thousands of restaurants, lakhs of delivery partners and warehouse workers," he said, adding: "This award is a tribute to them — the real backbone of our journey." "I also hope this award inspires other founders building new businesses and shaping the future of India."

UAE સ્થિત કંપનીએ અદાણીના ટેન્ડર રદ કરવાની માગ કરી : કહ્યું- ત્યાં કામ ચાલી રહ્યું છે

(એજન્સી) નવી દિલ્હી । તા. 07

શુક્રવારે સુપ્રીમ કોર્ટે ધારાવી રિડેવલપમેન્ટ પ્રોજેક્ટ (DRP) માટે ચાલી રહેલા બાંધકામ પર રોક લગાવવાનો ઇનકાર કર્યો હતો. ઉપરાંત તેણે અદાણી ગ્રુપની તરફેણમાં બોમ્બે હાઈકોર્ટના નિર્ણયને ઉથલાવી દેવાનો ઇનકાર કર્યો હતો. યુએઈ સ્થિત સેકલિંક ટેક્નોલોજીસ કોર્પોરેશન દ્વારા દાખલ કરાયેલી અરજી પર સુનાવણી કરતા કોર્ટે કહ્યું કે પ્રોજેક્ટ પર કામ શરૂ થઈ ગયું છે, જેમાં કેટલાક રેલવે ક્વાર્ટર્સને તોડી પાડવાનો પણ સમાવેશ થાય છે. સેકલિંકે સેકલિંકની અગાઉની બિડને નકારી કાઢ્યા પછી ધારાવી પ્રોજેક્ટ અદાણી પ્રોપર્ટીઝ લિમિટેડને આપવાના મહારાષ્ટ્ર સરકારના નિર્ણયને પડકાર્યો હતો. કંપનીએ કહ્યું- બોલી 20 ટકા વધારવા માટે તૈયાર ભારતના મુખ્ય ન્યાયાધીશ

(CJI) સંજીવ ખન્ના અને ન્યાયાધીશ પીવી સંજય કુમારની બેન્ચે જણાવ્યું હતું કે, બોમ્બે હાઈકોર્ટનો નિર્ણય વાજબી છે કારણ કે રેલવે લાઈનનો પણ વિકાસ કરવામાં આવશે અને તેને પ્રોજેક્ટમાં સમાવવામાં આવશે. કોર્ટે મહારાષ્ટ્ર સરકાર અને અદાણી પ્રોપર્ટીઝને નોટિસ જારી કરીને જવાબ માંગ્યો છે. આગામી સુનાવણી 25 મેના રોજ થશે. ધારાવી પ્રોજેક્ટ માટે મૂળ ૩.7200 કરોડની બોલી લગાવનાર સેકલિંક ટેક્નોલોજીસે સુપ્રીમ કોર્ટને જાણ કરી હતી કે તે તેની બોલી 20 ટકા વધારવા તૈયાર છે. બેન્ચે સેકલિંકને તેની સુધારેલી બિડની વિગતો આપતું સોગંદનામું દાખલ કરવાનો નિર્દેશ આપ્યો. હકીકતમાં મહારાષ્ટ્ર સરકારે 2019માં મુંબઈમાં ધારાવીના પુનઃવિકાસ માટે ટેન્ડર બહાર પાડ્યું હતું. સેકલિંકે 7,200 કરોડ રૂપિયાની બોલી લગાવીને પ્રોજેક્ટ જાળવી રાખ્યો. ત્યાર બાદ રાજ્ય સરકારે 2019 અને 2022 વચ્ચે આર્થિક સ્થિતિમાં ફેરફારનો હવાલો આપીને ટેન્ડર રદ કર્યું. સેકલિંકની 2019ની બિડ પણ રદ કરવામાં આવી હતી. 2022માં એક નવું ટેન્ડર બહાર પાડવામાં આવ્યું હતું, આ વખતે આ પ્રોજેક્ટ અદાણી ગ્રુપને આપવામાં આવ્યો હતો.

STATE SECRETS

Dadra & Nagar Haveli, Daman & Diu

If, instead of foreign holidays, you prefer to travel within India, here's a series to help you plan the best vacations in each of the 28 states and 8 Union Territories. We highlight tourist attractions, culinary choices, modes of travel, and the costs involved. In the 29th part of the series, **Riju Mehta** takes you to the Union Territory of Dadra and Nagar Haveli, and Daman & Diu.

CAPITAL **SILVASSA**

BEST TIME TO VISIT **OCTOBER-MARCH**

GETTY IMAGES

The union territories of Dadra and Nagar Haveli, and Daman and Diu were merged in 2020, forming one of the most picturesque areas nestled between Maharashtra and Gujarat. With beautiful beaches, caves, varied wildlife, sumptuous cuisine, and colonial architecture reflecting Portuguese influence, it's a destination worth exploring. For now, there is only one airport in Diu and you will need to travel to Mumbai or Surat to reach here.

HOW TO REACH FROM DELHI...

The fastest way to reach Silvassa is by flight and taxi. Since there is no direct flight from Delhi, you can fly to either of the two closest airports, Surat or Mumbai, from where you can take a cab to Silvassa. The cheapest option is to take a train to Vapi, about 18 km from Silvassa, which can take anywhere from 14-24 hours. The sleeper class fare starts from ₹495 and Class 2A fares start from ₹2,100 on Ixigo.

Cost by air+taxi
₹4,990 (Delhi-Mumbai flight, 2 hrs 10 mts) + **₹2,000-4,000** (Mumbai-Silvassa cab, 4 hrs); **₹4,994** (Delhi-Surat flight, 1 hr 50 mts) + **₹2,000-3,000** (Surat-Silvassa cab, 3 hrs)

Cost by train
₹2,150 (Delhi-Vapi Class 2A, 16 hrs, 9 mts).

*One way, per person. Flight cost on Skyscanner. Train cost on Ixigo.

SUGGESTED ITINERARY

DAYS 1-2: SILVASSA
Arrive in the capital city located on the Damanganga river. Over two days, visit the Vanganga garden, Island garden, Tribal Cultural Museum, Shri Swaminarayan temple, Our Lady of Piety Church, the Damanganga river front, Khanvel and Dudhni lake. Don't forget to shop for handicrafts and sample the local cuisine.

DAYS 3-4: DAMAN
Arrive in Daman in an hour or so and check out the various beaches, forts and churches, a reminder of the Portuguese colonial past. Visit the Jampore and Devka beaches, among others, as well as the Moti Daman and St. Jerome forts. Other places to visit are the Mirasol lake garden, Jain temple, Somnath Mahadev temple, and Church of Bom Jesus.

DAYS 5-6: DIU
It's about 12 hours by train and taxi, or 16 hours by bus. You could also drive to Surat and fly to Diu in around 4-5 hours. Visit the pristine beaches, starting with Nagoa and Ghoghla. Also check the Diu fort and Naida caves, and don't miss the beautiful churches.

DAY 7: Fly to Mumbai or Surat, then to Delhi.

WHERE TO STAY...

You are likely to get cheaper stay options in Dadra and Nagar Haveli, compared to Daman and Diu. While 3-star hotels are available upwards of ₹2,000 in the former, the latter may start from ₹3,000 onwards. Besides hotels, there are resorts, villas, guest houses and hostels that are available. You can also check out the government guest houses at *https://ddd.gov.in/where-to-stay/.*

COST: **₹18,000** for 6 nights

WHAT TO EAT...

Culinary influences from Gujarat, Goa, Daman and local tribes have filtered into the UT's cuisine over the years. Some of the popular dishes include chicken xacuti (Daman spicy chicken curry with Goan spices); butter-garlic tiger prawns; jetty roll (type of *kathi roll*); *khatta meetha bhaat* (sweet-sour rice); *undhiyu* (mix of vegetables, beans, yams, herbs); Gujarati dishes like *khakra, kadhi* and *dhokla*; and various other types of seafood, including lobsters, crab and fish.

Disclosures and regulations

New Sebi chairman has made a promising start

The new Securities and Exchange Board of India (Sebi) chairman, Tuhin Kanta Pandey, made some encouraging remarks in his first public appearance after taking office last week. Emphasising transparency in the market, Mr Pandey noted it extended to the regulator as well. The regulator, he noted, needed to be transparent on various measures, including conflict of interest in the board. Interestingly, this bit was not in the speech uploaded on the regulator's website. However, irrespective of whether the remark was part of the prepared text, the views are now in the public domain and should be welcomed by all stakeholders. Sebi must follow this norm as quickly as possible.

The remarks on disclosures must be seen in the context of the term of Mr Pandey's predecessor, Madhabi Puri Buch. A US-based short-seller Hindenburg Research, which has since shut down, had accused Ms Buch of a conflict of interest in relation to an ongoing investigation of the Adani group, against which the firm had previously made several allegations. In response, both Ms Buch and the regulator had issued statements. Sebi has then said it had a robust mechanism for disclosures. Given the nature of the allegations, it was suggested, including by this newspaper, that Sebi adopt better norms. An August 2024 editorial, for instance, argued: "To strengthen the disclosure norms for key persons, and to quell any speculation in the future, the regulator should consider making the financial interests of such persons public." In modern financial markets, where funds — including foreign — can move in and out very quickly, all relevant disclosures must be in place for regulated entities and key persons in the regulatory body. Such discourses will boost trust in the system.

Aside from the disclosure issue, Mr Pandey made some other important points worth highlighting. The regulator will be looking for optimum regulation. If some statutes have become redundant and are not serving any purpose, Sebi will be open to reviewing them. This is a positive statement and is in sync with the government's overall thinking. Prime Minister Narendra Modi recently spoke about the idea of a Deregulation Commission to address redundant laws and regulations. Sebi can do a lot internally, which will make things easier for regulated entities. To its credit, the securities-market regulator has been working on adapting regulations to the evolving market and economic conditions. Such changes, for instance, have allowed new-age technology companies to raise capital from the Indian equity market. Continued improvement in regulations will make the Indian market an attractive place to raise capital and list. This financial year till January, firms have raised a record ₹4 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

The Sebi chairman further noted the regulator was conscious about creating a conducive atmosphere to attract foreign capital and was willing to engage with stakeholders. This is again a healthy sign. If India has to grow in a sustainable manner at a higher rate, it is important that capital markets function smoothly and are in a position to channel savings into investment with minimum friction. Although Sebi has been working in this regard, it is time to streamline processes further to enhance prospects for both Indian capital markets and the economy.

This financial year till January, firms have raised a record ₹4 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

The Sebi chairman further noted the regulator was conscious about creating a conducive atmosphere to attract foreign capital and was willing to engage with stakeholders. This is again a healthy sign. If India has to grow in a sustainable manner at a higher rate, it is important that capital markets function smoothly and are in a position to channel savings into investment with minimum friction. Although Sebi has been working in this regard, it is time to streamline processes further to enhance prospects for both Indian capital markets and the economy.

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

After a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-on-year in the September quarter.

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

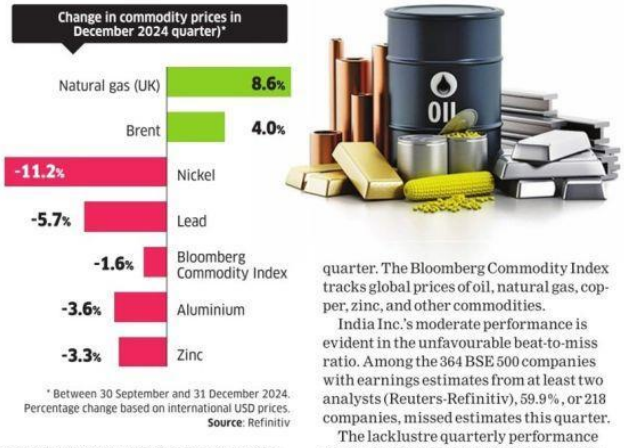

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies, 214 (52.7%) saw a year-on-year contraction in the operating profit margins, as per the Reuters-Refinitiv database. The stability in commodity prices can be gauged by looking at the benchmark Bloomberg Commodity Index, which declined by 1.6% between 30 September 2024 and 31 December 2024. On an annual basis, the index fell 3.3% to an average of 98.6 in the December 2024 quarter. The Bloomberg Commodity Index tracks global prices of oil, natural gas, copper, zinc, and other commodities.

India Inc.'s moderate performance is evident in the unfavourable beat-to-miss ratio. Among the 364 BSE 500 companies with earnings estimates from at least two analysts (Reuters-Refinitiv), 59.9%, or 218 companies, missed estimates this quarter.

The lacklustre quarterly performance also led to earnings downgrades for most companies, which is contributing to the ongoing volatility. Out of the 411 stocks with 2025-26 PAT estimates from Reuters-Refinitiv (based on at least two analysts), 79.1%, or 325 companies, have seen downgrades since 31 December 2024. Among these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for 2025-26.

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earnings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, repo rate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

GETTYIMAGES

by **Sameer Bhardwaj**

After a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-on-year in the September quarter.

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies, 214 (52.7%) saw a year-on-year contraction in the operating profit margins, these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for 2025-26.

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earnings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, repo rate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Banks

The challenges

- Higher provisioning.
- Pressure on net interest margins (NIM) and deceleration in loan growth amid cautious stance on unsecured retail lending.

Behind the scenes

- Competition for deposits continues to remain strong and the credit to deposit ratio remains elevated.
- Private banks saw weakness in business momentum and moderation in margins.
- Public sector banks were better placed due to improvement in asset quality and healthy provision coverage ratio (PCR).

Winners

- YES Bank and Punjab & Sindh Bank.

Forecast

- The Motilal Oswal earnings review report maintains a cautious view on margins and the delinquency cycle of unsecured loans. It expects credit costs to remain elevated for private banks. While the report has reduced the earnings growth estimates for private banks for 2025-26, it has marginally raised estimates for public sector banks.

NBFCs

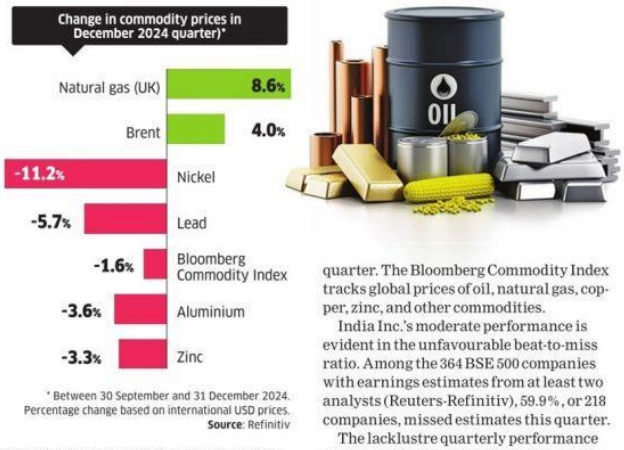

The challenges

- Mixed performance on the back of loan growth and asset quality challenges.
- More competition and elevated credit costs.

Behind the scenes

- HFC disbursements were affected by regional headwinds, whereas NBFC-MFIs

आदित्य ने मुंबई के लिए गिफ्ट सिटी जैसी सुविधाओं की मांग की

मुंबई, (भाषा)। शिवसेना (उद्धव बालासाहेब ठाकरे) नेता आदित्य ठाकरे ने रविवार को मुंबई के लिए गुजरात इंटरनेशनल फाइनेंस टेक (गिफ्ट) सिटी जैसी सुविधाओं और प्रोत्साहनों की मांग की और भारतीय जनता पार्टी (भाजपा) पर महानगर की आर्थिक स्थिति को व्यवस्थित तरीके से दुर्बल बनाने का आरोप लगाया।

यहां पार्टी के एक कार्यक्रम में ठाकरे ने मुंबई के वित्तीय महत्व को जानबूझकर कम करने का आरोप लगाया। उन्होंने दावा किया, गिफ्ट सिटी को दी जाने वाली सब्सिडी और सुविधाएं मुंबई को भी दी जानी चाहिए। भाजपा जानबूझकर मुंबई की आर्थिक स्थिति को दुर्बल बना रही है। राज्य के पूर्व मंत्री ने प्रमुख परियोजनाओं और मुख्यालयों को मुंबई से गुजरात और दिल्ली में स्थानांतरित करने की भाजपा की नीतियों की आलोचना की और महाराष्ट्र की अर्थव्यवस्था पर पड़ रहे प्रभाव को लेकर सवाल उठाया। उन्होंने कहा, कई कंपनियों के मुख्यालय मुंबई से बाहर स्थानांतरित हो गए हैं। इससे शहर को क्या फायदा होगा? झारखंड और वाराणसी में भी लोग पूछते हैं कि नई परियोजनाएं अन्य राज्यों के बजाय गुजरात में क्यों जा रही हैं। ठाकरे ने अदाणी समूह जैसी निजी संस्थाओं के तहत नवी मुंबई हवाई अड्डे के पास प्रस्तावित नवी मुंबई हवाईअड्डा प्रभाव अधिसूचित क्षेत्र (नैना) सिटी को लेकर भी चिंता व्यक्त की।

उन्होंने कहा, भाजपा को यह स्पष्ट करना चाहिए कि क्या हवाई अड्डा अदाणी को सौंपा जाएगा। हम इसका विरोध करेंगे। शिवसेना (यूबीटी) नेता ने मुंबई में तटीय सड़क, अटल सेतु और अन्य बुनियादी ढांचा परियोजनाओं में देरी की आलोचना की और शहर के सरकारी अस्पतालों में खराब होती स्वास्थ्य सेवाओं पर निराशा व्यक्त की। उन्होंने कहा, मुंबई दशकों से भारत की अर्थव्यवस्था का मजूबत स्तंभ रही है। हम इसका महत्व नहीं खोने देंगे।

शिवसेना (उद्धव बालासाहेब ठाकरे) नेता आदित्य ठाकरे ने रविवार को महाराष्ट्र सरकार पर मुंबई में धारावी के पुनर्विकास जैसी परियोजनाओं में अदाणी समूह का पक्ष लेने और शहर को आर्थिक रूप से कमजोर करने का आरोप लगाया। यहां पार्टी के एक कार्यक्रम में ठाकरे ने मुंबई के लिए गुजरात इंटरनेशनल फाइनेंस टेक (गिफ्ट) सिटी जैसी सुविधाओं और प्रोत्साहनों की मांग की और भारतीय जनता पार्टी (भाजपा) पर महानगर की आर्थिक स्थिति को व्यवस्थित तरीके से कमजोर करने का आरोप लगाया। उन्होंने कहा, गिफ्ट सिटी को दी जाने वाली सब्सिडी और सुविधाएं मुंबई को भी दी जानी चाहिए। भाजपा जानबूझकर मुंबई की आर्थिक स्थिति को कमजोर बना रही है। राज्य के पूर्व मंत्री ने प्रमुख परियोजनाओं और मुख्यालयों को मुंबई से गुजरात और दिल्ली में स्थानांतरित करने की भाजपा की नीतियों की आलोचना की और महाराष्ट्र की अर्थव्यवस्था पर पड़ रहे प्रभाव को लेकर सवाल उठाया। उन्होंने कहा, कई कंपनियों के मुख्यालय मुंबई से बाहर स्थानांतरित हो गए हैं। इससे शहर को क्या फायदा होगा? झारखंड और वाराणसी में भी लोग पूछते हैं कि नई परियोजनाएं अन्य राज्यों के बजाय गुजरात में क्यों जा रही हैं। महाराष्ट्र के पूर्व मंत्री ने यह भी आरोप लगाया कि बृहन्मुंबई विद्युत आपूर्ति एवं परिवहन (बेस्ट) उपक्रम की बस सेवाओं पर वित्तीय दबाव डालने का जानबूझकर प्रयास किया जा रहा है, जिससे इसके बेड़े की बसों की संख्या 4,000 से घटकर1,500-2,000 रह गई है। मुंबई के वर्ली से विधायक आदित्य ठाकरे ने दावा किया कि सार्वजनिक परिवहन सेवा की खराब स्थिति, लोगों को कारपोरेट घरानों द्वारा भूमि हड़पने जैसे महत्वपूर्ण मुद्दों से ध्यान हटाने की एक बड़ी रणनीति का हिस्सा है। उन्होंने सरकार पर पुनर्विकास की आड़ में मुंबई में जमीन के बड़े हिस्से को अदाणी समूह को हस्तांतरित करने का भी आरोप लगाया। ठाकरे ने दावा किया कि धारावी पुनर्विकास परियोजना के कारण 1.5 लाख परिवार विस्थापित होंगे, जिन्हें मुंबई छोड़ने के लिए मजबूर होना पड़ेगा। उन्होंने कहा, मुंबई दशकों से भारत की अर्थव्यवस्था का मजबूत स्तंभ रही है।

VOLUME XXXI NUMBER 280

NEW DELHI | MONDAY, 10 MARCH 2025

Disclosures and regulations

New Sebi chairman has made a promising start

The new Securities and Exchange Board of India (Sebi) chairman, Tuhin Kanta Pandey, made some encouraging remarks in his first public appearance after taking office last week. Emphasising transparency in the market, Mr Pandey noted it extended to the regulator as well. The regulator, he noted, needed to be transparent on various measures, including conflict of interest in the board. Interestingly, this bit was not in the speech uploaded on the regulator's website. However, irrespective of whether the remark was part of the prepared text, the views are now in the public domain and should be welcomed by all stakeholders. Sebi must follow this norm as quickly as possible.

The remarks on disclosures must be seen in the context of the term of Mr Pandey's predecessor, Madhabi Puri Buch. A US-based short-seller Hindenburg Research, which has since shut down, had accused Ms Buch of a conflict of interest in relation to an ongoing investigation of the Adani group, against which the firm had previously made several allegations. In response, both Ms Buch and the regulator had issued statements. Sebi has then said it had a robust mechanism for disclosures. Given the nature of the allegations, it was suggested, including by this newspaper, that Sebi adopt better norms. An August 2024 editorial, for instance, argued: "To strengthen the disclosure norms for key persons, and to quell any speculation in the future, the regulator should consider making the financial interests of such persons public." In modern financial markets, where funds — including foreign — can move in and out very quickly, all relevant disclosures must be in place for regulated entities and key persons in the regulatory body. Such discourses will boost trust in the system.

Aside from the disclosure issue, Mr Pandey made some other important points worth highlighting. The regulator will be looking for optimum regulation. If some statutes have become redundant and are not serving any purpose, Sebi will be open to reviewing them. This is a positive statement and is in sync with the government's overall thinking. Prime Minister Narendra Modi recently spoke about the idea of a Deregulation Commission to address redundant laws and regulations. Sebi can do a lot internally, which will make things easier for regulated entities. To its credit, the securities-market regulator has been working on adapting regulations to the evolving market and economic conditions. Such changes, for instance, have allowed new-age technology companies to raise capital from the Indian equity market. Continued improvement in regulations will make the Indian market an attractive place to raise capital and list. This financial year till January, firms have raised a record ₹4 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

The Sebi chairman further noted the regulator was conscious about creating a conducive atmosphere to attract foreign capital and was willing to engage with stakeholders. This is again a healthy sign. If India has to grow in a sustainable manner at a higher rate, it is important that capital markets function smoothly and are in a position to channel savings into investment with minimum friction. Although Sebi has been working in this regard, it is time to streamline processes further to enhance prospects for both Indian capital markets and the economy.

होली से चार दिन पहले रेल, प्लेन और बसें सब फुल, नहीं मिल रहा रिजर्वेशन, हवाई किराया आसमान पर

जयपुर, 9 मार्च (ब्यूरो) : होली के त्योहार को देखते हुए भारतीय रेलवे के उत्तर पश्चिम रेलवे मंडल ने विशेष ट्रेनों के संचालन की घोषणा की है लेकिन उसके बाद भी ट्रेनों में रिजर्वेशन के हालात विकट होते जा रहे हैं। पांच अतिरिक्त गाड़ियों के संचालन से पहले उपरे एक दर्जन से अधिक गाड़ियों में अतिरिक्त कोच लगा चुका है। लेकिन उसके बाद भी लगभग सभी गाड़ियों में वेटिंग लिस्ट 200 को पार कर गई है। ऐसे में होली के त्यौहार पर अपने गांव शहर जाने वाले लोगों को भारी परेशानी का सामना करना पड़ रहा है। खास तौर पर मुंबई, चंडीगढ़, हैदराबाद, कोलकाता, बैंग्लुरू, अहमदाबाद आदि शहरों के लिए अब होली तक ट्रेनों में सीट मिलना मुश्किल है। मुंबई के लिए रोज तीन गाड़ियों का संचालन होने के बाद भी स्थिति यह है कि वहां पर 20 मार्च तक कोई सीट नहीं

है। उपरे के अधिकारियों का कहना है कि फेस्टिवल सीजन में यात्रियों की बढ़ती संख्या को देखते हुए रेलवे ने अतिरिक्त ट्रेनों को चलाने का निर्णय लिया है, जिससे लोगों को अपने गंतव्य तक पहुंचने में सुविधा होगी। होली के अवसर पर लंबी दूरी की ट्रेनों में भारी भीड़ देखी जा रही है। खासकर महाराष्ट्र, उत्तर प्रदेश, मध्य प्रदेश, कोलकाता, मुंबई, दिल्ली, पंजाब, गुजरात और बैंगलोर जैसे बड़े स्टेशनों के लिए जाने वाली ट्रेनों में लंबी वेटिंग लिस्ट बनी हुई है। यात्रियों की सुविधा को ध्यान में रखते हुए रेलवे ने अतिरिक्त फेस्टिवल स्पेशल ट्रेनों की घोषणा की है, जिससे यात्रियों को राहत मिले लेकिन बढ़ती यात्रियों की संख्या के कारण यह संभव नहीं हो पा रहा है।

यही हाल बसों के है। राजस्थान परिवहन निगम के बेड़े में पहले ही बसों की कमी है। उस पर भी होली जैसे बड़े प्रमुख शहरों के लिए बसों का आवागमन और संचालन रोडवेज प्रशासन के लिए चुनौती बना हुआ है। खास तौर पर वोल्वो और लग्जरी बसों में तो सात दिन पहले ही अधिकांश सीटें फुल हो चुकी है। इससे दिल्ली, उदयपुर, जोधपुर, अहमदाबाद, आगरा आदि शहरों के लिए लोगों को होली के मौके पर सीट मिलना मुश्किल है।

28 हजार के पार पहुंचा हवाई किराया : उड़ानों की बात की जाए तो यहां पर हवाई किराया सातवें आसमान पर पहुंच गया है। जयपुर से मुंबई के लिए होली पर एक तरफ का किराया अभी से ही 15 हजार को पार कर गया है। यह किराया आने वाले एक दो दिनों में और अधिक बढ़ सकता है। इसी तरह होली पर बैंग्लुरू के लिए सफर करना जेब को अधिक ढ़ीली कर रहा है। यहां पर एक तरफ का किराया 22 हजार रुपए है तो कोलकाता के लिए 28 हजार रुपए किराया देना पड़ रहा है। यही नहीं दिल्ली के लिए कम से कम किराया 9 हजार रुपए है।

Indian carriers ascend into international skies

PLAIN FACTS

Indian carriers ascend into international skies

BY HOWINDIALIVES.COM

Ahead of the summer season, India's two leading airlines are ramping up their international presence. IndiGo, the market leader in the Indian international segment, has announced four new destinations—Mauritius, Langkawi and Penang in Malaysia, and Medina in Saudi Arabia. That takes it to 38 international destinations. Air India, too, announced more flights on 10 international routes from end-March, and new or expanded tie-ups with five foreign carriers over 48 destinations.

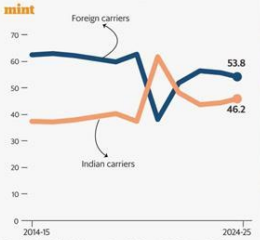

In IndiGo's last earnings call in January, its chief executive officer, Pieter Elbers, gave two reasons why his airline is keenly pursuing international expansion. The first was the relatively small numbers of Indians flying abroad and their low frequency of flying, which offered natural room for growth. The second was that foreign airlines had a greater share than Indian ones, and that competitive order could be challenged. Indeed, although Indian airlines still trail foreign carriers, they have come out on the other side of covid with a 4-6 percentage point gain in international share. They have held that gain since FY23, a period when aviation operations across the world have trended towards the normal.

In FY24, four of the top 10 airlines by passenger share in the Indian international segment were Indian. Three of these four gained share over FY20, led by IndiGo. Airlines that lost share included three West Asian carriers: Emirates, Qatar Airways and Etihad. Given that West Asia is Indian aviation's international mainstay, and had posted higher traffic, it meant that Indian airlines had weaned share away from big carriers from the region.

International Leader

MARKET LEADER IndiGo is replicating in the international segment what it did in the domestic segment—gaining share one destination at a time. Like Air India, IndiGo has also been tying up with foreign carriers, covering 49 destinations with its eight partners. In FY20, IndiGo's share of Indian international passenger traffic was 11.5%. For April to September 2024 (the latest data available), it was 18.7%. The share of international in IndiGo's revenues has risen from 14% in FY19 to 22% in FY24.

Further, the airline's FY24 annual report sees a pathway to 30% in the coming years. One reason for its confidence is India's air services agreements (ASAs)—the base document between two countries on how much commercial flight capacity is available to one another's airlines. "A large number of India's ASAs provide sufficient capacity entitlements to support the growth plans of Indian carriers," IndiGo says in its FY24 annual report.

New Heights

INDIAN AVIATION has bounced back after the covid-19 pandemic better than the world average. In FY24, both domestic and international segments crossed FY19 and FY20 levels. In FY24, India registered international passenger traffic of about 67 million, against about 61-64 annually between FY18 and FY20. The latest data on route pairings shows that the top routes are doing well. As many as nine of the top 10 routes have crossed their pre-pandemic baseline, some in significant ways.

There's active churn in the routes. On one hand, 91 routes from January-September 2019 were no longer there in January-September 2024. On the other hand, 87 new routes were added. And then, there are routes that have jumped manifold. Leading the way are Kuala Lumpur-Ahmedabad (25.5 times increase in passenger traffic), Kuwait-Hyderabad (11.7 times), San Francisco-Bengaluru (9.9 times) and Dammam-Kochi (8.8 times).

Unlocking Traffic

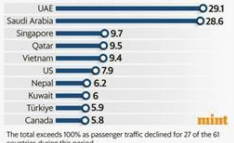

THERE'S CHURN on the airline front also. Seventeen airlines from January-September 2019 are no longer flying to India, led by Chinese carriers that were banned by India till recently. At the same time, there are 15 new airlines, including Qantas, Vietnam Airlines, VietJet Air and American Airlines. West Asia and Africa account for about 54% of India's international traffic, followed by Asia Pacific (about 28%), Europe (13%) and the Americas (3.5%).

The Middle-East and Asia have driven growth in the past five years, with Indian airlines at the forefront. IndiGo, for instance, has 456 flights per week to 12 West Asia destinations. There are also emerging countries: Vietnam has gone from zero flights in January-September 2019 to half a million passengers in the same period of 2024. Similarly, the increase for Saudi Arabia is about 1.7 times. And that's what Indian airlines are trying to ride.

The dedicated terminal, an exclusive building, is set to be developed by 2030

NEW DELHI

Movie stars, billionaire businessmen and top politicians could soon fly in and out of a separate terminal dedicated exclusively to them, with the upcoming Navi Mumbai International Airport (NMIA) planning to build one in the next phase of expansion, which will begin after the commercial inauguration of the new airport, documents show.

The dedicated terminal is set to be developed by 2030, under the third phase of development at NMIA. *HT* has reviewed documents which confirm that the construction of the VVIP terminal will begin in FY 26 and be concluded by 2030.

"The exclusive terminal will cater to not only central and state government officials, governors, chief ministers, deputy chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the airport," the official said, adding that general aviation operations will also happen exclusively from this terminal.

Hindustan Times

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to *HT*'s queries on the issue.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL—a joint venture between Adani Airport Holdings Ltd and City and Industrial Development Corporation of Maharashtra—is likely to start commercial operations after 15 May.

The aviation regulator, Directorate General of Civil Aviation, had on 26 February conducted an assessment that revealed that the airport was 90% ready, officials had said.

The operator has now applied for the mandatory airport permit, officials confirmed.

NMIA is a greenfield airport aimed to help ease the burden on Mumbai's congested Chhatrapati Shivaji Maharaj International airport, which is a single runway airport. The phase 1 terminal building has a capacity of 20 million passengers per annum.

Navi Mumbai airport is expected to handle 10-12 million passengers per annum, with around 9 million domestic and 3 million international passengers. The airport's Terminal 2 will have a capacity of 30 million passengers per annum and is expected to become operational by the end of 2028.

As part of succession planning, Nadar gifted 47 per cent of his stake in HCL Corporation and Vama Delhi, the promoter entities, to his daughter. Once the gift deed transfer is completed, she will gain majority control over HCL Corp and Vama, making her the largest shareholder in HCL Infosystems and HCLTech.

Shiv Nadar was previously ranked third at $35.9 billion before transferring his stake to Malhotra. Additionally, Malhotra will acquire voting rights over the 12.94 per cent stake held by Vama Delhi and 49.94 per cent held by HCL Corp in HCL Infosystems. She would also be among the top in the IT sector promoters.

Currently, Vama Sundari Investment holds a 44.71 per cent stake in HCLTech, valued at ₹186,782 crore. Among BSE IT companies, Vama Delhi has the second-highest valued promoter stake and ranks ninth among the Top 30 mid-cap companies by valuation. Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

by **Sameer Bhardwaj**

After a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-on-year in the September quarter.

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies, 214 (52.7%) saw a year-on-year contraction in the operating profit margins, these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for 2025-26.

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earnings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, repo rate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Banks

The challenges

- Higher provisioning.
- Pressure on net interest margins (NIM) and deceleration in loan growth amid cautious stance on unsecured retail lending.

Behind the scenes

- Competition for deposits continues to remain strong and the credit to deposit ratio remains elevated.
- Private banks saw weakness in business momentum and moderation in margins.
- Public sector banks were better placed due to improvement in asset quality and healthy provision coverage ratio (PCR).

Winners

- YES Bank and Punjab & Sindh Bank.

Forecast

- The Motilal Oswal earnings review report maintains a cautious view on margins and the delinquency cycle of unsecured loans. It expects credit costs to remain elevated for private banks. While the report has reduced the earnings growth estimates for private banks for 2025-26, it has marginally raised estimates for public sector banks.

NBFCs

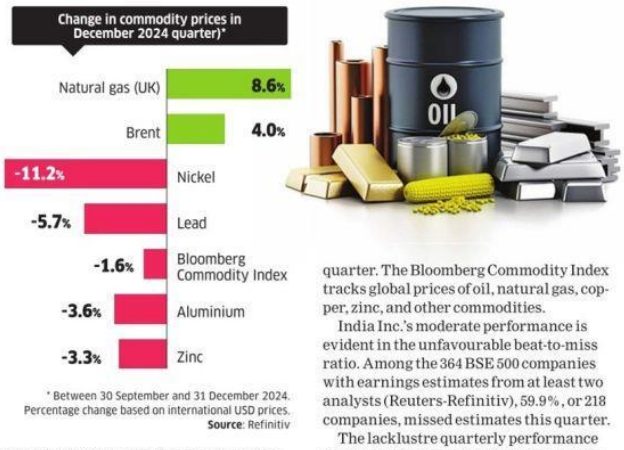

The challenges

- Mixed performance on the back of loan growth and asset quality challenges.
- More competition and elevated credit costs.

Behind the scenes

- HFC disbursements were affected by regional headwinds, whereas NBFC-MFIs

as per the Reuters-Refinitiv database. The stability in commodity prices can be gauged by looking at the benchmark Bloomberg Commodity Index, which declined by 1.6% between 30 September 2024 and 31 December 2024. On an annual basis, the index fell 3.3% to an average of 98.6 in the December 2024 quarter. The Bloomberg Commodity Index tracks global prices of oil, natural gas, copper, zinc, and other commodities.

India Inc.'s moderate performance is evident in the unfavourable beat-to-miss ratio. Among the 364 BSE 500 companies with earnings estimates from at least two analysts (Reuters-Refinitiv), 59.9%, or 218 companies, missed estimates this quarter.

The lacklustre quarterly performance also led to earnings downgrades for most companies, which is contributing to the ongoing volatility. Out of the 411 stocks with 2025-26 PAT estimates from Reuters-Refinitiv (based on at least two analysts), 79.1%, or 325 companies, have seen downgrades since 31 December 2024. Among

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

After a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-on-year in the September quarter.

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies, 214 (52.7%) saw a year-on-year contraction in the operating profit margins, as per the Reuters-Refinitiv database. The stability in commodity prices can be gauged by looking at the benchmark Bloomberg Commodity Index, which declined by 1.6% between 30 September 2024 and 31 December 2024. On an annual basis, the index fell 3.3% to an average of 98.6 in the December 2024 quarter. Among these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for 2025-26.

Despite weak commodity prices, operating performance faltered

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earnings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, repo rate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Banks

The challenges
- Higher provisioning.
- Pressure on net interest margins (NIM) and deceleration in loan growth amid cautious stance on unsecured retail lending.

Behind the scenes
- Competition for deposits continues to remain strong and the credit to deposit ratio remains elevated.
- Private banks saw weakness in business momentum and moderation in margins.
- Public sector banks were better placed due to improvement in asset quality and healthy provision coverage ratio (PCR).

Winners
- YES Bank and Punjab & Sindh Bank.

Forecast
- The Motilal Oswal earnings review report maintains a cautious view on margins and the delinquency cycle of unsecured loans. It expects credit costs to remain elevated for private banks. While the report has reduced the earnings growth estimates for private banks for 2025-26, it has marginally raised estimates for public sector banks.

NBFCs

The challenges
- Mixed performance on the back of loan growth and asset quality challenges.
- More competition and elevated credit costs.

- HFC disbursements were affected by regional headwinds, whereas NBFC-MFIs

Since the index is now sustaining on a daily and weekly closing basis above its recent resistance of 22450 the same is likely to act as support for an extension of the current leg northwards for targets of 22885/23100. Bank Nifty has been confined within a 5% range for the past 8-10 odd weeks now. The index also has a triple bottom formation near the 47800 mark on daily charts. Indian carriers ascend into international skies

PLAIN FACTS

Indian carriers ascend into international skies

BY HOWINDIALIVES.COM

Ahead of the summer season, India's two leading airlines are ramping up their international presence. IndiGo, the market leader in the Indian international segment, has announced four new destinations—Mauritius, Langkawi and Penang in Malaysia, and Medina in Saudi Arabia. That takes it to 38 international destinations. Air India, too, announced more flights on 10 international routes from end-March, and new or expanded tie-ups with five foreign carriers over 48 destinations.

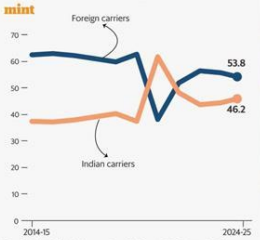

In IndiGo's last earnings call in January, its chief executive officer, Pieter Elbers, gave two reasons why his airline is keenly pursuing international expansion. The first was the relatively small numbers of Indians flying abroad and their low frequency of flying, which offered natural room for growth. The second was that foreign airlines had a greater share than Indian ones, and that competitive order could be challenged. Indeed, although Indian airlines still trail foreign carriers, they have come out on the other side of covid with a 4-6 percentage point gain in international share. They have held that gain since FY23, a period when aviation operations across the world have trended towards the normal.

In FY24, four of the top 10 airlines by passenger share in the Indian international segment were Indian. Three of these four gained share over FY20, led by IndiGo. Airlines that lost share included three West Asian carriers: Emirates, Qatar Airways and Etihad. Given that West Asia is Indian aviation's international mainstay, and had posted higher traffic, it meant that Indian airlines had weaned share away from big carriers from the region.

International Leader

MARKET LEADER IndiGo is replicating in the international segment what it did in the domestic segment—gaining share one destination at a time. Like Air India, IndiGo has also been tying up with foreign carriers, covering 49 destinations with its eight partners. In FY20, IndiGo's share of Indian international passenger traffic was 11.5%. For April to September 2024 (the latest data available), it was 18.7%. The share of international in IndiGo's revenues has risen from 14% in FY19 to 22% in FY24.

Further, the airline's FY24 annual report sees a pathway to 30% in the coming years. One reason for its confidence is India's air services agreements (ASAs)—the base document between two countries on how much commercial flight capacity is available to one another's airlines. "A large number of India's ASAs provide sufficient capacity entitlements to support the growth plans of Indian carriers," IndiGo says in its FY24 annual report.

New Heights

INDIAN AVIATION has bounced back after the covid-19 pandemic better than the world average. In FY24, both domestic and international segments crossed FY19 and FY20 levels. In FY24, India registered international passenger traffic of about 67 million, against about 61-64 annually between FY18 and FY20. The latest data on route pairings shows that the top routes are doing well. As many as nine of the top 10 routes have crossed their pre-pandemic baseline, some in significant ways.

There's active churn in the routes. On one hand, 91 routes from January-September 2019 were no longer there in January-September 2024. On the other hand, 87 new routes were added. And then, there are routes that have jumped manifold. Leading the way are Kuala Lumpur-Ahmedabad (25.5 times increase in passenger traffic), Kuwait-Hyderabad (11.7 times), San Francisco-Bengaluru (9.9 times) and Dammam-Kochi (8.8 times).

Unlocking Traffic

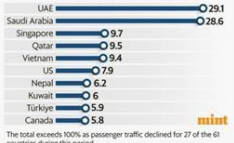

THERE'S CHURN on the airline front also. Seventeen airlines from January-September 2019 are no longer flying to India, led by Chinese carriers that were banned by India till recently. At the same time, there are 15 new airlines, including Qantas, Vietnam Airlines, VietJet Air and American Airlines. West Asia and Africa account for about 54% of India's international traffic, followed by Asia Pacific (about 28%), Europe (13%) and the Americas (3.5%).

The Middle-East and Asia have driven growth in the past five years, with Indian airlines at the forefront. IndiGo, for instance, has 456 flights per week to 12 West Asia destinations. There are also emerging countries: Vietnam has gone from zero flights in January-September 2019 to half a million passengers in the same period of 2024. Similarly, the increase for Saudi Arabia is about 1.7 times. And that's what Indian airlines are trying to ride.

Navi Mumbai VVIP terminal for filmstars, politicians, others

The dedicated terminal, an exclusive building, is set to be developed by 2030

NEW DELHI

Movie stars, billionaire businessmen and top politicians could soon fly in and out of a separate terminal dedicated exclusively to them, with the upcoming Navi Mumbai International Airport (NMIA) planning to build one in the next phase of expansion, which will begin after the commercial inauguration of the new airport, documents show.

The dedicated terminal is set to be developed by 2030, under the third phase of development at NMIA. *HT* has reviewed documents which confirm that the construction of the VVIP terminal will begin in FY 26 and be concluded by 2030.

"The exclusive terminal will cater to not only central and state government officials, governors, chief ministers, deputy chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the airport," the official said, adding that general aviation operations will also happen exclusively from this terminal.

Hindustan Times

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to *HT*'s queries on the issue.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL—a joint venture between Adani Airport Holdings Ltd and City and Industrial Development Corporation of Maharashtra—is likely to start commercial operations after 15 May.

The aviation regulator, Directorate General of Civil Aviation, had on 26 February conducted an assessment that revealed that the airport was 90% ready, officials had said.

The operator has now applied for the mandatory airport permit, officials confirmed.

NMIA is a greenfield airport aimed to help ease the burden on Mumbai's congested Chhatrapati Shivaji Maharaj International airport, which is a single runway airport. The phase 1 terminal building has a capacity of 20 million passengers per annum.

Navi Mumbai airport is expected to handle 10-12 million passengers per annum, with around 9 million domestic and 3 million international passengers. The airport's Terminal 2 will have a capacity of 30 million passengers per annum and is expected to become operational by the end of 2028.

As Buch goes, Sebimust launch a clean-up

Page no	Language	Article Dimension	Supplement	Position	AVE	Circulation
6	English	459	N/A	Top Center	550304	1.4M

INTEGRITY INTERRUPTED

As Buch goes, Sebi must launch a clean-up

The regulator will take time to recover; the best way to speed up the recovery is to order a judicial inquiry

JAGDISH RATTANANI

The decision to allow Madhabi Puri Buch to exit Sebi as the chairperson at the end of her three-year term is to be welcomed. Tenures at the three-year point can be extended, and often are, but the situation in this case was such that a decent goodbye was the easiest way to put a lid on what remains a can of worms.

It is another matter that the exit itself was embroiled in another controversy—on the alleged inaction and collusion in a share listing that dates to the time before Buch took charge.

Without being distracted by that non-event, it can be said the first woman head of India's securities market police retired under a cloud, invited flak from within Sebi, and left with a lot of questions on the credibility and reputation of the institution she led.'

Sebi can work only if it is seen as working with independence and integrity, without which its efforts to police the hot and often volatile space of India's securities markets cannot carry conviction. That loss of conviction will remain the big imprint of this tenure.

When the blowout over the Hindenburg allegations first hit Sebi and Buch, she and her husband Dhaval Buch, also caught in the storm, issued a formal clarification that began by flaunting their educational pedigree: She is an alumnus of IIM Ahmedabad; he a graduate of IIT Delhi. How do the public read this priceless nugget, its ode to elite education, and its relevance, if any, to the allegations that caused the clarification to be issued?

While there are many ways to see it, the obviously highlighted degrees were at least in part meant to set the frame and say the unstated: How do you even think we did some wrong? We come from ...

Many tend to drink the Kool Aid in an India where narratives are gift-wrapped and sold across the by-lanes of WhatsApp.

The market for these wares has been expanded in recent years—from the story that the economy is roaring, manufactured at the top of the political order, to many colours and flavours and versions sold by minions who trade in some similar stuff down the line.

None of this is to pass judgement on Buch, but to observe that there appears to be an ingrained belief that it's all about attractive wrappers for the masses to buy, even to celebrate.

Some pointers stand out in this not-so-complex case.

The first is that the low road of technical compliance is very different from the high road of integrity in public life.

Even if Buch's defence of her case is to be regarded as valid, forgetting the unmissable Buch-Adani entanglements, her defence at best has been all about how technical compliance was achieved and suitable boxes ticked.

We will need a new set of investigations to get at the truth, like indeed were required in the case of Buch's former colleague at ICICI Bank, Chanda Kochhar, who was similarly first given a clean chit based on reported compliance, and then sacked as the rottenness at India's (then)

largest private sector bank was uncovered by Justice B N Srikrishna.

Without a similar inquiry in this case, the real story of how and why REITs (Real Estate Investment Trust funds) were aggressively promoted by Sebi, how Buch's husband's employer, Blackstone, profited from these and why Sebi did not quite probe the Adani group will remain buried in the reports of compliance being bandied about.

This is not to ask other questions on the desirability and wisdom of the financialisation of housing markets via the REITs promoted by Buch, and how they impact the property market and common citizens. While the government may hope that Buch's retirement would put matters to rest, the case must and will invite a fuller probe some day.

The second is the argument offered, sometimes, that private sector players who have lived their lives on high salaries, ESOPs and bonuses will necessarily be high-net-worth individuals, and that their investments and holdings and lifestyle will necessarily reflect their super-rich status.

This is true, and while some allowance must be made, it is equally true that power and connections throw up new opportunities that work well with wilful blindness. Further, a democratic nation must also ask: What specific qualifications or regulatory experience does such a background bring?

The question will have to be weighed against an increasing tendency seen in India to hand over the levers of power to the ultra-wealthy and the connected, almost forming a controlling club where birds of a feather flock together.

This is a plutocracy rather than a meritocracy at work in the new India. The true worth of these so-called star performers and the real value of their contribution is in itself a matter for another discussion. The world needn't buy their self-proclaimed and crude ideas of talent or their markers of high achievement.

The third is the point, quite fair, that no Sebi chair can talk let alone act against a power centre like Adani in the reality of the India of today. That is indeed the political bind of the day, and its toll is being paid in the degrading of institutions across the board.

But here, it was the chair being accused of playing the game, too. Rather than high marks for professionalism, this is seeking high marks for connections and cover-ups. The distance between the regulator and the regulated stands erased for the select few.

The question that pops up is simple: Who really makes these appointments and how do they strengthen the institution? Do note that some concerns on investments and questions on disclosures dated from the time Buch was a whole-time director of Sebi, before becoming the chairperson.

All of the above normalises big-ticket misgovernance, which feeds into misgovernance of a million other kinds that the government may not bother about today, but which, small and the big together, eats into the vitals of the institution and hollows it out from the inside.

All of this is the unseen drama while stories are sold about the nuts and bolts being tightened, a focus on the trivial while the substantive issues are ignored, and the nation is taken for a ride.

The desire to bring order down the line cannot translate into action when there is no desire to clean up the line. The tensions that follow can be institution killers. They tear apart the fabric of governance. Some part of the tensions that led Sebi staffers to stage a protest against the high handedness of Buch (the reported arrogance in part flowing from her connections and the implicit political cover) may be traced to this.

It will take a long time for Sebi to recover. The best way to shorten this time span is to order a judicial inquiry into all that has just gone by. That would be the best way to showcase a "robust regulatory framework that not only aligns with best global practices but also ensures protection of investors", to quote a Sebi statement issued to counter the Hindenburg allegations against Buch.

'फडणवीस, आप कभी उद्धव ठाकरे बन भी नहीं सकते'

■ TNN, मुंबई

शिवसेना (यूबीटी) प्रमुख उद्धव ठाकरे ने रविवार को मुख्यमंत्री देवेंद्र फडणवीस के बयान पर पलटवार किया, जिसमें उन्होंने कहा था कि वह चालू काम को बंद करने वाले उद्धव नहीं हैं। उद्धव ने कहा कि फडणवीस उद्धव नहीं बन सकते, क्योंकि उन्होंने अपने बॉस के दोस्तों का गंदा काम नहीं किया।

उन्होंने कहा, 'मैंने कोरोना काल के दौरान काम रुकने नहीं दिया। मैंने मेट्रो का काम रुकने नहीं दिया। मैंने तटीय सड़क का काम रुकने नहीं दिया। हमने महाराष्ट्र को ऐसी सेवाएं और सुविधाएं प्रदान कीं, जो आपके जीवन में कभी नहीं थीं, यहां तक कि अस्पतालों में भी। सिर्फ इसलिए कि मैंने आपके बॉस के दोस्तों का गंदा काम नहीं किया, इसलिए आप उद्धव ठाकरे नहीं हैं... और बन भी नहीं सकते हैं।'

उद्धव ने फडणवीस को चुनौती भी दी कि वह सोमवार को पेश किए जाने वाले बजट में किसानों की पूरी कर्ज माफी की घोषणा करें और लाडली बहिन योजना में भुगतान को 1,500 रुपये से बढ़ाकर 2,100 रुपये करें। उन्होंने कहा, 'यह लड़ाई किसी पार्टी की नहीं है।

उन्होंने कहा कि यह राजनीतिक लड़ाई नहीं है, बल्कि यह हमारी मातृभाषा और महाराष्ट्र की पहचान की लड़ाई है। 2012 में हमने मुंबई (बीएमसी चुनाव) सिर्फ दो शब्दों करून दाखवला (हमने कर दिखाया) के साथ जीत लिया था, हमने 2017 में भी यही किया।

फडणवीस को बताया जाना चाहिए कि कोस्टल रोड आपकी उपलब्धि नहीं है, यह मेरी शिवसेना की उपलब्धि है। मैंने इसके लिए नींव का पत्थर रखा था। भले ही आपने शिवडी-वर्ली कनेक्टर लिंक रोड शुरू किया हो, इसका पहला गर्डर मैंने मुख्यमंत्री के रूप में रखा था।'

RSS प्रमुख भागवत पर भी कसा तंज

उद्धव ने आरएसएस प्रमुख मोहन भागवत पर तंज कसते हुए कहा, 'हम मोहन भागवत का अनुसरण करते हैं। हम वही करते हैं, जो वह करते हैं। अगर भागवत नहीं जाते, तो मैं कैसे प्रयागराज जाकर वहां डुबकी लगा सकता हूं? अगर वह वहां जाते, तो हम सब भी जाते और उसी स्थान पर डुबकी लगाते, जहां भागवत लगाते'। विधायक आदित्य ठाकरे ने महायुति सरकार पर आरोप लगाया कि वह मुंबई में धारावी के पुनर्विकास जैसे परियोजनाओं में अडानी समूह का पक्ष ले रही है शहर की आर्थिक प्रमुखता को कम कर रही है। आदित्य ने मुंबई के लिए गुजरात के गिफ्ट सिटी (गुजरात इंटरनेशनल फाइनेंस टेक-सिटी) जैसी सुविधाएं की मांग की, जबकि महानगर की वित्तीय महत्ता को जानबूझकर कम करने का आरोप लगाया।

THE ECONOMIC TIMES AWARDS FOR CORPORATE EXCELLENCE

CELEBRATING 25 YEARS

The ET Awards era kicked off with a bang in 1998 to recognise and celebrate India's best – the dreamers, achievers and disruptors. Across 25 years, in business and politics, it has become the most coveted honour for veterans and innovators. The Awards have also stood witness to the coming of age of women leaders, and has been their cheerleader and champion, busting myths and glass ceilings in India Inc's storied corner rooms

An Iconic Moment
Dhirubhai Ambani and Verghese Kurien

Ambani, the 'son of a village schoolmaster' and Kurien, the 'doodhwala of Anand', shared the Lifetime Achievement Award in 2001. Ambani urged everyone to dream and dare as he'd done, while Kurien said he accepted the award on behalf of farmers, the shareholders of Amul.

Family Ties
The Historic Handshake, 2004

The Economic Times got Ambani and Ambani together again. At the star-studded night of the Awards for Corporate Excellence on a windy Saturday in Mumbai, Mukesh and Anil Ambani smiled, then firmly shook hands, ending months of a frosty silence.

"We have ambitions only for India. We want to change people's lives. That is the legacy we want to leave behind"

Mukesh Ambani, Chairman & MD, Reliance Industries

In 2007, the same honour was bestowed, along with a standing ovation, on Infosys founder NR Narayana Murthy (Above).

Blending Youth and Experience
Kumar Mangalam Birla and Azim Premji

In 2003, the Chairman of the Aditya Birla Group (Above) was the youngest ever to be chosen Business Leader of the Year at 36 years of age.

Azim Premji (Right) won the Lifetime Achievement Award in 2013.

ET managed quite a coup, it seems, in convincing the legendary singer from Pakistan to perform at the 2002 ceremony. Begum Parveen mesmerised the audience, including KM Birla's wife Neerja and Hero Honda managing director Pawan Munjal. Arun Shourie's sister Nalini Singh too was delighted to find Parveen seated next to her.

Break in the decline; hope for a U-turn in the market

Page no	Language	Article Dimension	Supplement	Position	AVE	Circulation

घसरणीला ब्रेक; बाजारात यू टर्नची आशा

सप्टेंबर महिन्याच्या अखेरीस निफ्टीने नोंदवलेल्या २६२७७.३५ या आजपर्यंतच्या सार्वकालीक उच्चांकापासून गेली पाच महिने भारतीय बाजाराने जी भयंकर घसरण अनुभवली, तिचा परमोच्च बिंदू ४ मार्च रोजी २१९६४.६० हा नीचांक होता. २२००० चाही स्तर निफ्टीने तोडला तेव्हा आता मार्केट २०,००० पर्यंत कोसळते की काय, अशी भीती निर्माण झाली. कारण, २६००० पासून २२००० पर्यंत अनेक आधारपातळ्यांचे बुरूज ढासळताना बाजाराने अनुभवले. परंतु, पुढील दोन दिवस निफ्टीने ६५० पॉईंट्सची जोरदार रॅली दाखवली. (शुक्रवारचा हाय २२६३३.८०) आणि सप्ताहाच्या अखेरीसही निफ्टी २२५०० च्या वर टिकून राहण्यात यशस्वी झाला.

कोणत्या कारणांमुळे बाजाराने असा यू टर्न घेतला ?

१) फेब्रुवारी महिन्यातील GST संकलनामध्ये ९.१ टक्क्यांनी वाढ होऊन ते १.८४ ट्रीलियन रुपयांवर पोहोचले. GST मध्ये वाढ म्हणजे लोकांच्या Consumption मध्ये वाढ.

२) चीनने Stimulus जाहीर केल्यामुळे Asian markets मध्ये तेजी आली. चीनबरोबरच हाँगकाँगचा हँगसेंग आणि जपानचा निक्केई वाढले.

३) डॉलर आणि क्रूड ऑईलचे दर मागील सप्ताहात घसरले. डॉलरचा दर ८७.४६ वरून ८६.८८ पर्यंत आणि ब्रेन्ट क्रूड ऑईलचा दर ७३.१८ वरून ६९.३० वर आला.

४) आणि सर्वांत महत्त्वाचे कारण म्हणजे अमेरिकेचे कॉमर्स सेक्रेटरी हॉवर्ड लूटनिक यांनी मेक्सिको आणि कॅनडाबरोबर टॅरीफ कमी करण्याबाबत चर्चा केली जाण्याच्या शक्यतेचे सूतोवाच केले.

अनिश्चितता हेच शेअर बाजाराचे सौंदर्य आहे. निफ्टी २२००० च्या खाली गेल्यावर गुंतवणूकदारांना बाजार Oversold वाटला आणि पुढील दोन दिवस गुंतवणूकदारांनी Value Buying साठी झुंबड उडवली. निफ्टी ५० इंडेक्समधील चाळीस शेअर्सनी सप्ताहाअखेरीस तेजीमध्ये Closing दिले. Metal आणि PSU शेअर्सनी तेजीचे नेतृत्व केले. Bel, Tata Steel, BPCL, Hindalco, Adani, Enterprises आणि Adani Ports हे शेअर्स चांगले वधारले.

मिडकॅप निर्देशांक तीन टक्के वाढला. त्यामध्ये India Cements, Adani Energy, Alembic Pharma आणि HPCL हे आघाडीवर राहिले.

Opec या क्रूड ऑईल निर्यात करणाऱ्या देशांच्या संघटनेने एप्रिलपासून ऑईलचे उत्पादन वाढवण्याचा निर्णय घेतला आहे. त्यामुळे ७० डॉलरच्या खाली गेलेले क्रूड ऑईलचे दर नजीकच्या काळात वाढण्याची शक्यता कमी आहे. ज्या उद्योगांमध्ये कच्चा माल म्हणून क्रूड ऑईलचा मुख्यत्वे वापर होतो. त्यामध्ये रंग निर्मिती करणाऱ्या कंपन्या, हवाई वाहतूक कंपन्या, टायर कंपन्या, प्लास्टिक पॉलिमर्स कंपन्या यांचा समावेश होतो. त्यामुळे अल्पकाळासाठी गुंतवणूक किंवा ट्रेडिंग करणाऱ्यांनी पुढील कंपन्यांच्या शेअर्सवर लक्ष ठेवावे. एशियन पेंटस्, बर्जर पेंटस, इंडिगो, बाळकृष्ण इंडस्ट्रीज, एफआरएफ, सुप्रीम इंडस्ट्रीज, अँस्ट्रल, कॅन्साई नेरोलॅक पेंटस, विनती सायन्स & टेक्नॉलॉजी, क्लीन सायन्स & टेक्नॉलॉजी.

परंतु, निफ्टीने आता तळ गाठला आहे आणि इथून पुढे तेजी अवतरेल, असे मानायचे काय? जोपर्यंत ट्रम्प अमेरिकेच्या अध्यक्षपदी आहेत तोपर्यंत बाजारात हेलकावे बसत राहतील. आता JM Financials चा एक रिपोर्ट प्रसिद्ध झाला आहे. त्यानुसार चालू वर्षामध्ये निफ्टीमधील ६० टक्के कंपन्यांचे Earning per Share मोठ्या प्रमाणावर कमी होईल. त्यामध्ये बँक, सिमेंट, कंज्युमर कंपन्यांचा समावेश आहे. ऑईल अँड गॅस कंपन्याही वरील यादीत आहेत. याउलट मेटल, टेलिकॉम, माइनिंग, इन्शूरन्स कंपन्यांचे भवितव्य चालू वर्षासाठी तरी उज्ज्वल आहे, असे हा रिपोर्ट सांगतो.

सर्वाधिक Bullish हा रिपोर्ट भारती एअरटेल वर आहे. मंदीनंतर बाजारात जेव्हा तेजी सुरू होते तेव्हा सर्वांत जास्त तेजी कोणत्या सेक्टर्समध्ये येते? तर ज्या सेक्टरमध्ये गुंतवणूकदारांना Cheap Valuations दिसतात, ज्या सेक्टरमध्ये सरकारचे पाठबळ अधिक मिळणार आहे आणि ज्या सेक्टरमध्ये मागणी वाढल्यामुळे Earnings Growth होणार आहे. त्यामध्ये तेजी सर्वांत प्रथम आणि सर्वांत अधिक येते या दृष्टीने विचार करता जी तीन सेक्टर्स सर्वाधिक तेजीप्रवण दिसतात. त्यामध्ये प्रथम क्रमांकावर आहे. NBFC आणि Micro Loans पुरविणाऱ्या कंपन्या. याचे कारण असे, RBI चे नवनियुक्त गव्हर्नर संजय मल्होत्रा यांनी दोन अतिशय महत्त्वाचे निर्णय घेतले. ज्यामुळे अशा कंपन्यांचे Risk Weightage 125 टक्क्यांवरून १०० टक्क्यांपर्यंत खाली येणार आहे. त्यामुळे रु. ४ लाख करोड इतकी Liquidity या सेक्टरमध्ये निर्माण होईल. याचा फायदा credit Access Grameen, L & T Finance, Ujjivan Small Finance Bank यांना होईल.

घसरणीला ब्रेक; बाजारात यू टर्नची आशा

सप्टेंबर महिन्याच्या अखेरीस निफ्टीने नोंदवलेल्या २६२७७.३५ या आजपर्यंतच्या सार्वकालीक उच्चांकापासून गेली पाच महिने भारतीय बाजाराने जी भयंकर घसरण अनुभवली, तिचा परमोच्च बिंदू ४ मार्च रोजी २१९६४.६० हा नीचांक होता. २२००० चाही स्तर निफ्टीने तोडला तेव्हा आता मार्केट २०,००० पर्यंत कोसळते की काय, अशी भीती निर्माण झाली. कारण, २६००० पासून २२००० पर्यंत अनेक आधारपातळ्यांचे बुरूज ढासळताना बाजाराने अनुभवले. परंतु, पुढील दोन दिवस निफ्टीने ६५० पॉईंट्सची जोरदार रॅली दाखवली. (शुक्रवारचा हाय २२६३३.८०) आणि सप्ताहाच्या अखेरीसही निफ्टी २२५०० च्या वर टिकून राहण्यात यशस्वी झाला.

कोणत्या कारणांमुळे बाजाराने असा यू टर्न घेतला ?

१) फेब्रुवारी महिन्यातील GST संकलनामध्ये ९.१ टक्क्यांनी वाढ होऊन ते १.८४ ट्रीलियन रुपयांवर पोहोचले. GST मध्ये वाढ म्हणजे लोकांच्या Consumption मध्ये वाढ.

२) चीनने Stimulus जाहीर केल्यामुळे Asian markets मध्ये तेजी आली. चीनबरोबरच हाँगकाँगचा हँगसेंग आणि जपानचा निक्केई वाढले.

३) डॉलर आणि क्रूड ऑईलचे दर मागील सप्ताहात घसरले. डॉलरचा दर ८७.४६ वरून ८६.८८ पर्यंत आणि ब्रेन्ट क्रूड ऑईलचा दर ७३.१८ वरून ६९.३० वर आला.

४) आणि सर्वांत महत्त्वाचे कारण म्हणजे अमेरिकेचे कॉमर्स सेक्रेटरी हॉवर्ड लूटनिक यांनी मेक्सिको आणि कॅनडाबरोबर टॅरीफ कमी करण्याबाबत चर्चा केली जाण्याच्या शक्यतेचे सूतोवाच केले.

अनिश्चितता हेच शेअर बाजाराचे सौंदर्य आहे. निफ्टी २२००० च्या खाली गेल्यावर गुंतवणूकदारांना बाजार Oversold वाटला आणि पुढील दोन दिवस गुंतवणूकदारांनी Value Buying साठी झुंबड उडवली. निफ्टी ५० इंडेक्समधील चाळीस शेअर्सनी सप्ताहाअखेरीस तेजीमध्ये Closing दिले. Metal आणि PSU शेअर्सनी तेजीचे नेतृत्व केले. Bel, Tata Steel, BPCL, Hindalco, Adani, Enterprises आणि Adani Ports हे शेअर्स चांगले वधारले.

मिडकॅप निर्देशांक तीन टक्के वाढला. त्यामध्ये India Cements, Adani Energy, Alembic Pharma आणि HPCL हे आघाडीवर राहिले.

Opec या क्रूड ऑईल निर्यात करणाऱ्या देशांच्या संघटनेने एप्रिलपासून ऑईलचे उत्पादन वाढवण्याचा निर्णय घेतला आहे. त्यामुळे ७० डॉलरच्या खाली गेलेले क्रूड ऑईलचे दर नजीकच्या काळात वाढण्याची शक्यता कमी आहे. ज्या उद्योगांमध्ये कच्चा माल म्हणून क्रूड ऑईलचा मुख्यत्वे वापर होतो. त्यामध्ये रंग निर्मिती करणाऱ्या कंपन्या, हवाई वाहतूक कंपन्या, टायर कंपन्या, प्लास्टिक पॉलिमर्स कंपन्या यांचा समावेश होतो. त्यामुळे अल्पकाळासाठी गुंतवणूक किंवा ट्रेडिंग करणाऱ्यांनी पुढील कंपन्यांच्या शेअर्सवर लक्ष ठेवावे. एशियन पेंटस्, बर्जर पेंटस, इंडिगो, बाळकृष्ण इंडस्ट्रीज, एफआरएफ, सुप्रीम इंडस्ट्रीज, अँस्ट्रल, कॅन्साई नेरोलॅक पेंटस, विनती सायन्स & टेक्नॉलॉजी, क्लीन सायन्स & टेक्नॉलॉजी.

परंतु, निफ्टीने आता तळ गाठला आहे आणि इथून पुढे तेजी अवतरेल, असे मानायचे काय? जोपर्यंत ट्रम्प अमेरिकेच्या अध्यक्षपदी आहेत तोपर्यंत बाजारात हेलकावे बसत राहतील. आता JM Financials चा एक रिपोर्ट प्रसिद्ध झाला आहे. त्यानुसार चालू वर्षामध्ये निफ्टीमधील ६० टक्के कंपन्यांचे Earning per Share मोठ्या प्रमाणावर कमी होईल. त्यामध्ये बँक, सिमेंट, कंज्युमर कंपन्यांचा समावेश आहे. ऑईल अँड गॅस कंपन्याही वरील यादीत आहेत. याउलट मेटल, टेलिकॉम, माइनिंग, इन्शूरन्स कंपन्यांचे भवितव्य चालू वर्षासाठी तरी उज्ज्वल आहे, असे हा रिपोर्ट सांगतो.

सर्वाधिक Bullish हा रिपोर्ट भारती एअरटेल वर आहे. मंदीनंतर बाजारात जेव्हा तेजी सुरू होते तेव्हा सर्वांत जास्त तेजी कोणत्या सेक्टर्समध्ये येते? तर ज्या सेक्टरमध्ये गुंतवणूकदारांना Cheap Valuations दिसतात, ज्या सेक्टरमध्ये सरकारचे पाठबळ अधिक मिळणार आहे आणि ज्या सेक्टरमध्ये मागणी वाढल्यामुळे Earnings Growth होणार आहे. त्यामध्ये तेजी सर्वांत प्रथम आणि सर्वांत अधिक येते या दृष्टीने विचार करता जी तीन सेक्टर्स सर्वाधिक तेजीप्रवण दिसतात. त्यामध्ये प्रथम क्रमांकावर आहे. NBFC आणि Micro Loans पुरविणाऱ्या कंपन्या. याचे कारण असे, RBI चे नवनियुक्त गव्हर्नर संजय मल्होत्रा यांनी दोन अतिशय महत्त्वाचे निर्णय घेतले. ज्यामुळे अशा कंपन्यांचे Risk Weightage 125 टक्क्यांवरून १०० टक्क्यांपर्यंत खाली येणार आहे. त्यामुळे रु. ४ लाख करोड इतकी Liquidity या सेक्टरमध्ये निर्माण होईल. याचा फायदा credit Access Grameen, L & T Finance, Ujjivan Small Finance Bank यांना होईल.

ऑटो सेक्टर सध्या २५ टक्के खाली आहे. परंतु, २०२५-२६ बजेटमध्ये Auto Components सेक्टरला शासनाच्या PLI Scheme चा फायदा सर्वाधिक होईल. पूर्वीच्या बजेटमध्ये ही तरतूद ३४६.८७ कोटी रु. होती. ती आता रु. २८१८.५५ कोटींपर्यंत वाढवण्यात आली आहे. हा एक फायदा आणि दुसरी गोष्ट म्हणजे आयकरात मिळणाऱ्या मोठ्या सवलतीमुळे Two Wheelers ची विक्री वाढेल. TVS Motor, Eicher Motor, Bajaj Auto, Heromoto हे शेअर्स या दृष्टीने जरूर अभ्यासावेत.

Can't invoke arbitration clause for matters already adjudicated

'Can't invoke arbitration clause for matters already adjudicated'

The High Court has ruled that the Arbitration clause in lease agreements cannot be invoked for matters previously adjudicated and concluded by both the Arbitral Tribunal and competent courts.

Justice Sachin Shankar Magadum delivered this judgement whilst dismissing a petition by Starlog Enterprises Limited, which sought appointment of a sole arbitrator for disputes with New Mangalore Port Trust.

The court stated, "Given that both critical issues, the legality of the contract's termination and the refund of amounts claimed have attained finality through due legal process, the petitioner cannot invoke the arbitration clause again on the same grounds. The petitioner's attempt to initiate fresh arbitration proceedings under Section 21 of the Arbitration and Conciliation Act is therefore fundamentally misconceived and legally impermissible."

After the port trust cancelled the lease deed, the petitioner sought appointment of a sole arbitrator through the High Court, which was granted. On February 8, 2017, the Arbitrator upheld the lease deed cancellation but instructed the respondent to refund the security deposit and perimeter fencing costs.

The respondent contested the award in the District and Sessions Court under Section 34 of the Arbitration and Conciliation Act, 1996. The court set aside the award, saying that the Lease Deed did not stipulate refund of deposit or reimbursement of perimeter wall costs. The Supreme Court upheld this decision. **BMB**

Indian carriers ascend into international skies

BY HOWINDIALIVES.COM

Ahead of the summer season, India's two leading airlines are ramping up their international presence. IndiGo, the market leader in the Indian international segment, has announced four new destinations—Mauritius, Langkawi and Penang in Malaysia, and Medina in Saudi Arabia. That takes it to 38 international destinations. Air India, too, announced more flights on 10 international routes from end-March, and new or expanded tie-ups with five foreign carriers over 48 destinations.

In IndiGo's last earnings call in January, its chief executive officer, Pieter Elbers, gave two reasons why his airline is keenly pursuing international expansion. The first was the relatively small numbers of Indians flying abroad and their low frequency of flying, which offered natural room for growth. The second was that foreign airlines had a greater share than Indian ones, and that competitive order could be challenged. Indeed, although Indian airlines still trail foreign carriers, they have come out on the other side of covid with a 4-6 percentage point gain in international share. They have held that gain since FY23, a period when aviation operations across the world have trended towards the normal.

In FY24, four of the top 10 airlines by passenger share in the Indian international segment were Indian. Three of these four gained share over FY20, led by IndiGo. Airlines that lost share included three West Asian carriers: Emirates, Qatar Airways and Etihad. Given that West Asia is Indian aviation's international mainstay, and had posted higher traffic, it meant that Indian airlines had weaned share away from big carriers from the region.

International Leader

MARKET LEADER IndiGo is replicating in the international segment what it did in the domestic segment—gaining share one destination at a time. Like Air India, IndiGo has also been tying up with foreign carriers, covering 49 destinations with its eight partners. In FY20, IndiGo's share of Indian international passenger traffic was 11.5%. For April to September 2024 (the latest data available), it was 18.7%. The share of international in IndiGo's revenues has risen from 14% in FY19 to 22% in FY24.

Further, the airline's FY24 annual report sees a pathway to 30% in the coming years. One reason for its confidence is India's air services agreements (ASAs)—the base document between two countries on how much commercial flight capacity is available to one another's airlines. "A large number of India's ASAs provide sufficient capacity entitlements to support the growth plans of Indian carriers," IndiGo says in its FY24 annual report.

New Heights

INDIAN AVIATION has bounced back after the covid-19 pandemic better than the world average. In FY24, both domestic and international segments crossed FY19 and FY20 levels. In FY24, India registered international passenger traffic of about 67 million, against about 61-64 annually between FY18 and FY20. The latest data on route pairings shows that the top routes are doing well. As many as nine of the top 10 routes have crossed their pre-pandemic baseline, some in significant ways.

There's active churn in the routes. On one hand, 91 routes from January-September 2019 were no longer there in January-September 2024. On the other hand, 87 new routes were added. And then, there are routes that have jumped manifold. Leading the way are Kuala Lumpur-Ahmedabad (25.5 times increase in passenger traffic), Kuwait-Hyderabad (11.7 times), San Francisco-Bengaluru (9.9 times) and Dammam-Kochi (8.8 times).

Unlocking Traffic

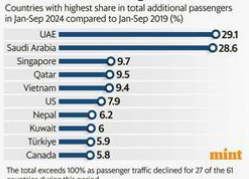

THERE'S CHURN on the airline front also. Seventeen airlines from January-September 2019 are no longer flying to India, led by Chinese carriers that were banned by India till recently. At the same time, there are 15 new airlines, including Qantas, Vietnam Airlines, VietJet Air and American Airlines. West Asia and Africa account for about 54% of India's international traffic, followed by Asia Pacific (about 28%), Europe (13%) and the Americas (3.5%).

The Middle-East and Asia have driven growth in the past five years, with Indian airlines at the forefront. IndiGo, for instance, has 456 flights per week to 12 West Asia destinations. There are also emerging countries: Vietnam has gone from zero flights in January-September 2019 to half a million passengers in the same period of 2024. Similarly, the increase for Saudi Arabia is about 1.7 times. And that's what Indian airlines are trying to ride.

International Leader

MARKET LEADER IndiGo is replicating in the international segment what it did in the domestic segment—gaining share one destination at a time. Like Air India, IndiGo has also been tying up with foreign carriers, covering 49 destinations with its eight partners. In FY20, IndiGo's share of Indian international passenger traffic was 11.5%. For April to September 2024 (the latest data available), it was 18.7%. The share of international in IndiGo's revenues has risen from 14% in FY19 to 22% in FY24.

Further, the airline's FY24 annual report sees a pathway to 30% in the coming years. One reason for its confidence is India's air services agreements (ASAs)—the base document between two countries on how much commercial flight capacity is available to one another's airlines. "A large number of India's ASAs provide sufficient capacity entitlements to support the growth plans of Indian carriers," IndiGo says in its FY24 annual report.

New Heights

INDIAN AVIATION has bounced back after the covid-19 pandemic better than the world average. In FY24, both domestic and international segments crossed FY19 and FY20 levels. In FY24, India registered international passenger traffic of about 67 million, against about 61-64 annually between FY18 and FY20. The latest data on route pairings shows that the top routes are doing well. As many as nine of the top 10 routes have crossed their pre-pandemic baseline, some in significant ways.

There's active churn in the routes. On one hand, 91 routes from January-September 2019 were no longer there in January-September 2024. On the other hand, 87 new routes were added. And then, there are routes that have jumped manifold. Leading the way are Kuala Lumpur-Ahmedabad (25.5 times increase in passenger traffic), Kuwait-Hyderabad (11.7 times), San Francisco-Bengaluru (9.9 times) and Dammam-Kochi (8.8 times).

Unlocking Traffic

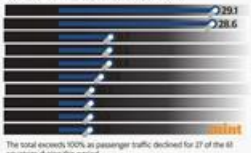

THERE'S CHURN on the airline front also. Seventeen airlines from January-September 2019 are no longer flying to India, led by Chinese carriers that were banned by India till recently. At the same time, there are 15 new airlines, including Qantas, Vietnam Airlines, VietJet Air and American Airlines. West Asia and Africa account for about 54% of India's international traffic, followed by Asia Pacific (about 28%), Europe (13%) and the Americas (5.5%).

The Middle-East and Asia have driven growth in the past five years, with Indian airlines at the forefront. IndiGo, for instance, has 456 flights per week to 12 West Asia destinations. There are also emerging countries: Vietnam has gone from zero flights in January-September 2019 to half a million passengers in the same period of 2024. Similarly, the increase for Saudi Arabia is about 1.7 times. And that's what Indian airlines are trying to ride.

Indian carriers ascend into international skies

BY HOWINDIALIVES.COM

Ahead of the summer season, India's two leading airlines are ramping up their international presence. IndiGo, the market leader in the Indian international segment, has announced four new destinations—Mauritius, Langkawi and Penang in Malaysia, and Medina in Saudi Arabia. That takes it to 38 international destinations. Air India, too, announced more flights on 10 international routes from end-March, and new or expanded tie-ups with five foreign carriers over 88 destinations.

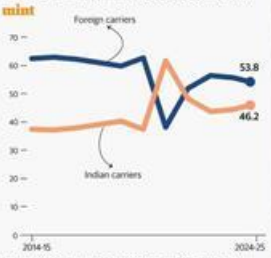

In IndiGo's last earnings call in January, its chief executive officer, Pieter Elbers, gave two reasons why his airline is keenly pursuing international expansion. The first was the relatively small numbers of Indians flying abroad and their low frequency of flying, which offered natural room for growth. The second was that foreign airlines had a greater share than Indian ones, and that competitive order could be challenged. Indeed, although Indian airlines still trail foreign carriers, they have come out on the other side of covid with a 4-6 percentage point gain in international share. They have held that gain since FY23, a period when aviation operations across the world have trended towards the normal.

In FY24, four of the top 10 airlines by passenger share in the Indian international segment were Indian. Three of these four gained share over FY20, led by IndiGo. Airlines that lost share included three West Asian carriers: Emirates, Qatar Airways and Etihad. Given that West Asia is Indian aviation's international mainstay, and had posted higher traffic, it meant that Indian airlines had weaned share away from big carriers from the region.

Navi Mumbai VVIP terminal for filmstars, politicians, others

The dedicated terminal, an exclusive building, is set to be developed by 2030

Neha LM Tripathi
letters@hindustantimes.com
NEW DELHI

Movie stars, billionaire businessmen and top politicians could soon fly in and out of a separate terminal dedicated exclusively to them, with the upcoming Navi Mumbai International Airport (NMIA) planning to build one in the next phase of expansion, which will begin after the commercial inauguration of the new airport, documents show.

The dedicated terminal is set to be developed by 2030, under the third phase of development at NMIA. *HT* has reviewed documents which confirm that the construction of the VVIP terminal will begin in FY 26 and be concluded by 2030.

"The exclusive terminal will cater to not only central and state government officials, governors, chief ministers, deputy chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the airport," the official said, adding that general aviation operations will also happen exclusively from this terminal.

Hindustan Times

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to *HT*'s queries on the issue.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL—a joint venture between Adani Airport Holdings Ltd and City and Industrial Development Corporation of Maharashtra—is likely to start commercial operations after 15 May.

The aviation regulator, Directorate General of Civil Aviation, had on 26 February conducted an assessment that revealed that the airport was 90% ready, officials had said.

The operator has now applied for the mandatory airport permit, officials confirmed.

NMIA is a greenfield airport aimed to help ease the burden on Mumbai's congested Chhatrapati Shivaji Maharaj International airport, which is a single runway airport. The phase 1 terminal building has a capacity of 20 million passengers per annum.

Navi Mumbai airport is expected to handle 10-12 million passengers per annum, with around 9 million domestic and 3 million international passengers. The airport's Terminal 2 will have a capacity of 30 million passengers per annum and is expected to become operational by the end of 2028.

The union territories of Dadra and Nagar Haveli, and Daman and Diu were merged in 2020, forming one of the most picturesque areas nestled between Maharashtra and Gujarat. With beautiful beaches, caves, varied wildlife, sumptuous cuisine, and colonial architecture reflecting Portuguese influence, it's a destination worth exploring. For now, there is only one airport in Diu and you will need to travel to Mumbai or Surat to reach here.

HOW TO REACH FROM DELHI...

The fastest way to reach Silvassa is by flight and taxi. Since there is no direct flight from Delhi, you can fly to either of the two closest airports, Surat or Mumbai, from where you can take a cab to Silvassa. The cheapest option is to take a train to Vapi, about 18 km from Silvassa, which can take anywhere from 14-24 hours. The sleeper class fare starts from ₹495 and Class 2A fares start from ₹2,100 on Ixigo.

Cost by air+taxi
₹4,990 (Delhi-Mumbai flight, 2 hrs 10 mts) + ₹2,000-4,000 (Mumbai-Silvassa cab, 4 hrs); ₹4,994 (Delhi-Surat flight, 1 hr 50 mts) + ₹2,000-3,000 (Surat-Silvassa cab, 3 hrs)

What Glass Ceiling?
Women Power. Pillars of Strength

NGO workers, film stars and cooperatives' heads have nothing in common –except their gender and the ET Awards. Whether it was Ela Bhatt (Top extreme right) or Priyanka Chopra (Top left) or Jaswantiben Popat (first winner of a separate award for women), their presence was crowd-stirring. Bankers were curious about SEWA Bank, invitees queued up to shake Chopra's hands, a la Raveena Tandon who posed with Lijjat Papad founder Popat.

Matched Note for Note

ET managed quite a coup, it seems, in convincing the legendary singer from Pakistan to perform at the 2002 ceremony. Begum Parveen mesmerised the audience, including KM Birla's wife Neerja and Hero Honda managing director Pawan Munjal. Arun Shourie's sister Nalini Singh too was delighted to find Parveen seated next to her.

"Mere paas lufz hain, saaz hain, awaaz hain (I have the words, music and voice), par tum, tum sirf apni ankhon se ishq kaise farmate ho (but how do you, with a mere glance of your eyes, express love)"

They came, they saw, they wowed their seniors. New generation has been marked in its attendence at the Awards in the form of Ambani, Adani scions and Murthy siblings, daughters, sons and nephews. New Mumbai Flight And Second To B'luru: Hindon Terminal Ops Expand

Ghaziabad: The civil terminal at the Hindon air force base will see a second jump in its footfall this month as two new daily flights begin operations on Monday.

Both run by Air India Express, one will be a morning flight to Bengaluru, the airline's second from the terminal, and the other a post-midday flight to Mumbai.

The introduction of the Mumbai flight means the Hindon terminal will be connected to three of the four metros, all through AI Express which started a flight to Kolkata from March 1. The terminal's metro circuit will be complete later this month when AI Express begins a daily Chennai flight. Beyond metros, AI Express also has a flight to Goa from the terminal and will likely start a Bhubaneswar flight from March 30 (announced by the Odisha CM on Saturday, but yet to be confirmed by the airline). The Chennai flight will do a Jammu-Hindon-Chennai circuit.

Opened pre-Covid in 2019, the terminal's utility has only become apparent this month after AI Express became the first frontline airline to announce flights from Hindon. Located in the heart of Ghaziabad and surrounded by the urban sprawl of NCR to Delhi's east – from where IGI airport is 30-40km away – its catchment is huge. That has been evident to all in the 10 days AI Express has been operating from here.

The second Bengaluru flight is the result of good response to the first. "The flight from Bengaluru to Hindon was received quite well as the occupancy on this route was over 90%. So, from March 10, we decided to introduce one more service on the Hindon-Bengaluru route," an AI Express official told **TOI**, attributing the response to Noida's IT sector getting a direct connection to India's Silicon Valley.

From March 10, the Bengaluru flight will arrive at the terminal at 7.40am and depart at 8.40am. The flight will touch down Owing to demand on the Bengaluru route, Air India Express from March 10 will introduce a direct flight on the route. It will arrive at Hindon at 7:40 am and will depart back to Bengaluru at 8:40 am. The other one is an afternoon flight, which departs for Bengaluru at 3.45pm.

Response to the flight to Mumbai – adding another connection from the capital, but for the first time from an airport other than IGI, to India's busiest flying route – will be closely watched. The Mumbai flight will land at 12.10pm and depart at 1.10pm.

Average occupancy on the Goa and Kolkata routes is around 65%, sources said.

For a terminal that had before this March seen only Udan flight by second-tier airlines, and in phases no flight at all, this windfall is suddenly testing its capacity. With Udan connections to five cities – Nanded, Adampur, Bhatinda, Kishaganj and Ludhiana – the airline will from Monday have flights to nine cities, potentially rising to 13 by month-end.

Sources said talks are also on to start flights from the Hindon terminal to Varanasi and Lucknow.

"Hindon Civil Terminal was written off, but it is showing how viable it is," said Ghaziabad MP Atul Garg, who has been actively working to get more flight routes started from the terminal, citing its large catchment area, which includes west UP. In fact, thanks to rapid rail, reaching Hindon terminal from Meerut is easy by taking a train to Ghaziabad station and from there a short cab or auto ride to the terminal.

"Local representatives went the extra mile, meeting the civil aviation minister and Airports Authority of India officials in the last few months to start flights from Hindon, and that has yielded good results," added Garg. "The terminal was developed after acquiring land from farmers from Sikandarpur village, and initially, it was supposed to serve as a stopgap arrangement because land was taken on lease for five years. But the land has been bought now."

If all flights are launched as announced, the terminal will be close to saturation by the end of the month. "Hindon Civil Terminal can manage up to 15 flight services per day with its current infrastructure," terminal director Umesh Yadav said.

Designed to accommodate 300 passengers an hour – arrival and departure combined – internal changes have been made to take this up to 430. The maximum possible is 500. So arrivals and departures need to be spaced out. "The time gap between two flights is about one hour, but in case of delayed arrival or departure of flights, accommodating the footfall will be a problem," Yadav said.

The terminal does not have any scope for expansion unless five acres are acquired. "Talks are already on at the highest level to acquire land," Yadav said.

Besides the holding area, the terminal has other limitations. It has only two parking bays for aircraft, two baggage belts and no aerobridge. "There's a restriction as well. Flight operations from Hindon terminal can take place only between sunrise and sunset because the IAF, which has lent its airstrip for civil operations, does not allow night operations due to security reasons," said the terminal director.

Yadav said facilities, including an aerobridge, will be added soon. "As of now, we have a 200-250 workforce, which includes security personnel from UP Special Security Force, AAI and airline staff. This will be enhanced. Parking capacity within the terminal premises will also be enhanced. The current capacity is 80-100," said Yadav. The planned capacity expansion indicates Hindon is not being merely as a standby till NCR's second international airport in Jewar becomes operational later this year. Because of the size of NCR, the feeling is that there is enough space for the terminal to coexist with IGI and Jewar. Besides, all three hubs are far apart. IGI is on the Delhi-Gurgaon border in the south, and Jewar off Yamuna Expressway on the other fringe of NCR in the east.

An AI Express official said, "The Hindon terminal holds a lot of potential and our airline will ensure more flights from the terminal to the eastern part of the country."

"The need of the hour is to keep upgrading infrastructure in accordance with the increase in flight services at Hindon. Amenities in and around the terminal also need to be improved at the earliest," said Rohan Das, an aviation expert.

The Aerodrome Advisory Committee (ADC) recently held a meeting for capacity enhancement of the terminal as well as facilities like passenger services, round-the-clock medical and ambulance services, and increased police patrolling. Cabbies operating from this area give an idea of where passengers are coming from. Besides Delhi, Noida and Ghaziabad, fliers have also come from Gurgaon, Saharanpur and Meerut.

"In the last few days, I have taken passengers from Hindon terminal to Noida, Delhi and even Gurgaon. People are also going to Saharanpur, Hapur and Bulandshahr," said a cab driver with an aggregator.

More than 200 smallcaps surge over 10% in rebound

TEAM FINANCE | THE GOAN

After a tough February with heavy selling in smallcap stocks, the first week of March brought some signs of recovery. During this period, only four smallcap stocks saw double-digit losses, while more than 200 gained over 10%, hinting at a possible shift in market sentiment.

The benchmark Sensex closed the week 1.6% higher, while the smallcap index jumped nearly 6%. This rebound was mainly supported by strong domestic economic data, as GDP growth picked up compared to the previous quarter.

A decline in the dollar index also boosted investor confidence in emerging markets, even as US stocks fell due to concerns over Trump's economic policies.

On the tariff front, the much-anticipated trade duties were introduced but later postponed, adding to market uncertainty.

Among smallcap stocks, Anupam Rasayan, Sandur Manganese, Man Industries (India), Vadilal Industries, Triveni Turbine, and Coffee Day Enterprises recorded the highest gains, rising as much as 40% in a week.

On the losing side, Gensol Engineering, EKI Energy Services, Jindal Worldwide, and Suratwwala Business Group saw the biggest declines. Gensol's stock dropped nearly 40% due to credit rating downgrades from major agencies, driven by financial challenges and high credit risk.

Midcap stocks followed a similar pattern, with no major losses. Around seven stocks, including Biocon, Suzlon Energy, GSK, and ZEE, gained up to 13% over the week.

In the largecap segment, 22 out of 30 Sensex stocks ended on a positive note. The top performers included M&M, NTPC, SBI, Adani Ports, and Tata Steel.

Will the rally continue?

Analysts believe the market has started recovering from oversold levels, but a strong and lasting uptrend will depend on corporate earnings growth and reduced uncertainty around tariffs.

Investors will also be watching US payroll data and inflation figures for clues on interest rate trends.

"The high valuation of broader indices might limit a full market recovery in the short term, while largecap stocks seem more attractive," said Vinod Nair, Head of Research at Geojit Financial Services.

"We expect the market to trade within a wide range, though volatility may persist due to global uncertainties," said Siddhartha Khemka, Head of Research, Wealth Management at Motilal Oswal.

From a technical perspective, analysts remain optimistic about short-term gains. "Resistance is at 22,700–22,750, while support is at 22,400. If the index falls below this level, momentum may weaken," said Rupak De, Senior Technical Analyst at LKP Securities.

विमानोड्डाणात अडथळ्यांचा तळ

नवी मुंबई विमानतळाच्या मार्गात ३०० अडचणी; पाण्याच्या टाक्या, मोबाइल टॉवरचा समावेश

म. टा. खास प्रतिनिधी, मुंबई

व्यावसायिक उड्डाणे सुरू होण्याच्या बेतात असलेल्या, नवी मुंबई विमानतळाच्या मार्गात ३००हून अधिक अडथळे असल्याचे परवान्यासंबंधीच्या सर्वेक्षण अभ्यासात समोर आले आहे. त्यातील २८ अडथळे हे दखलपात्र श्रेणीतील आहेत.

देशातील सर्वांत मोठ्या विमानतळांपैकी एक असलेल्या नवी मुंबई विमानतळाची परवाना प्रक्रिया अंतिम टप्प्यात आहे. या प्रक्रियेसाठी नागरी हवाई वाहतूक महासंचालनालय (डीजीसीए) व भारतीय विमानतळ प्राधिकरणाने (एएआय) अलीकडेच सर्वेक्षण केले. त्यामध्ये हे अडथळे समोर आले.

विमानतळ परिसरातील या अडथळ्यांबाबत 'एएआय'कडून एअरोनॉटिकल इन्फॉर्मेशन सर्व्हिस (एआयपी) अहवाल तयार केला जातो. यात या अडथळ्यांबाबत माहिती दिली आहे. त्यानुसार, असे ३०० अडथळे निदर्शनास आले आहेत. त्यातील एकूण २८ अडथळे हे विमाने खाली उतरण्याच्या किंवा हवेत झेपावण्याच्या रेषेतील आहेत. उर्वरित अडथळे हे विमानतळ व धावपट्टीच्या परिघातील आहेत. याबाबत 'एएआय'मधील उच्चाधिकाऱ्यांनी 'महाराष्ट्र टाइम्स' सांगितले की, अशाप्रकारचे अडथळे हे प्रत्येक विमानतळ परिसरात असतातच. मात्र, विमानांची ये-जा करण्यावर परिणाम होणाऱ्या प्रमुख अथडळ्यांचा विचार करणे आवश्यक असते. त्यातही कृत्रिम अडथळे असल्यास ते काढण्यास स्थानिक प्रशासनाला सांगितले जाईल. त्यामध्ये काही इमारतींवर पाण्याच्या टाक्या आहेत. त्या काढण्यास सांगण्यात आल्या आहेत. तरीही हे अडथळे चिंता करण्याइतके धोकादायक नाहीत.

'एआयपी' अंतर्गत सर्वसाधारण अडथळे, विमानतळाकडे येणाऱ्या आकाशी मार्गांमधील अडथळे व प्रत्यक्ष विमानतळाशी संबंधित अडथळे, या तीन प्रकारच्या अथडळ्यांचा अभ्यास केला जातो. प्राथमिक सर्वेक्षणानंतर हे अडथळे काढून टाकण्यास सांगितले जाते. त्यानंतर सुधारित अहवाल प्रकाशित केला जातो. नवी मुंबई विमानतळाबाबत हा सुधारित अहवाल दोन दिवस आधी 'एआयपी'च्या संकेतस्थळावर प्रकाशि केला आहे.

सर्वाधिक उंच अडथळा ३७९ फूट

२८ दखलपात्र अडथळ्यांमध्ये सर्वाधिक उंचीचा अडथळा ३७९ फुटांचा असून, तो एक मोबाइल टॉवर आहे. हा टॉवर विमानतळाच्या परिघात आहे. त्या शेजारीच एक ३७७ फूट उंचीचा दुसरा मोबाइल टॉवरही आहे. तर विमानतळाच्या धावपट्टीच्या दिशेने येणाऱ्या हवाई मार्गांवरील सर्वांत उंच अडथळा इमारतीच्या रूपात १६५ फुटांचा आहे. त्याठिकाणी १६५ फूट उंचीवर एक पाण्याची टाकी आहे. असे अन्य तीन अडथळे अनुक्रमे १४२, १४१ व १४१ फुटांवर असून, त्या सर्व ठिकाणी पाण्याची टाकी आहे. आता ती पाण्याची टाकी काढण्याची सूचना स्थानिक प्रशासनाला देण्यात आल्याची माहिती एएआयमधील सूत्रांनी दिली.

आपत्कालीन लँडिंगच्या दृष्टीने महत्त्वपूर्ण

सुधारित पुरवणी अहवालात नमूद हे सर्व अडथळे वास्तवात विमानतळाच्या दैनंदिन कामकाजात किंवा प्रवासी विमानांना (मध्यम आकार ते मोठे) ये-जा करण्याच्या दृष्टीने धोकादायक नाहीत. यामध्ये तब्बल १३०० फुटांहून उंच टेकडीचाही अडथळा म्हणून समावेश आहे. परंतु, टेकडीची उंची कमी करता येत नाही. तर दुसरीकडे, हेलिकॉप्टर किंवा लहान आकाराच्या विमानाचे आपत्कालीन लँडिंग करायचे असल्यास संबंधित विमानाला कमी उंचीवर यावे लागते. त्यादृष्टीने अडथळे दूर केले जातील, अशी माहिती संबंधित सूत्रांनी दिली.

Revanth's flip-flops on Modi, Gujarat continue

CM's contradictory statements leave many in political circles, including Congress, amused

S SANDEEP KUMAR
Hyderabad

Chief Minister A Revanth Reddy's contradictory statements on key issues and flip-flops over Prime Minister Narendra Modi continue unabated, leaving many in political circles, including Congress leaders, amused.

Consider this. On March 2, the Chief Minister took many by surprise when he said the Prime Minister was prepared to support Telangana and address pending issues but Union Minister G Kishan Reddy was blocking projects. The issue was not at the Centre but here in Telangana as the Union Minister was blocking development, he alleged at a public meeting in Wanaparthy.

Contradicting his statements at the India Today conclave on March 7, he alleged that the PM was diverting prospective investors to Gujarat. Investors were being given undue advantage for investing in Gujarat's Gift City but the same was not being extended to Hyderabad, he had said.

Interestingly, on March 4 last year, at a public meeting in Adilabad, the CM had said if Telangana was to develop comprehensively, it had to follow the Gujarat model. He had even called the PM "Bade Bhai" (big brother) and sought his support for Telangana.

Again in sharp contrast to his statements, Revanth at the India Today conclave said the Gujarat model was outdated. It was like Test cricket and the Telangana model was 20-20 cricket, he likened, adding that, unlike Gujarat model, the Telangana model was all about welfare and development.

The contradictions were not limited to the Prime Minister but to a few other issues as well. On August 23 last year, the Chief Minister participated in a protest against the Adani Group in the city as per the Congress party's directions. "When the party gives a call, irrespective of their designations, one has to follow. That's the reason I am participating in this protest," Revanth Reddy had said.

At the India Today conclave, when he was asked about the Congress high command getting irritated about the Chief Minister's bonhomie with the Prime Minister, Revanth Reddy replied: "Government is different and the party is different. There is a difference between party politics and government. Being a Chief Minister, I have to respect the Prime Minister and politically I will follow the party's orders."

On declining Gautam Adani's Rs 100 crore donation to Skill University after the Congress party's objection, the Chief Minister said: "Party did not object, but opposition objected."

Disclosures and regulations

New Sebi chairman has made a promising start

The new Securities and Exchange Board of India (Sebi) chairman, Tuhin Kanta Pandey, made some encouraging remarks in his first public appearance after taking office last week. Emphasising transparency in the market, Mr Pandey noted it extended to the regulator as well. The regulator, he noted, needed to be transparent on various measures, including conflict of interest in the board. Interestingly, this bit was not in the speech uploaded on the regulator's website. However, irrespective of whether the remark was part of the prepared text, the views are now in the public domain and should be welcomed by all stakeholders. Sebi must follow this norm as quickly as possible.

The remarks on disclosures must be seen in the context of the term of Mr Pandey's predecessor, Madhabi Puri Buch. A US-based short-seller Hindenburg Research, which has since shut down, had accused Ms Buch of a conflict of interest in relation to an ongoing investigation of the Adani group, against which the firm had previously made several allegations. In response, both Ms Buch and the regulator had issued statements. Sebi has then said it had a robust mechanism for disclosures. Given the nature of the allegations, it was suggested, including by this newspaper, that Sebi adopt better norms. An August 2024 editorial, for instance, argued: "To strengthen the disclosure norms for key persons, and to quell any speculation in the future, the regulator should consider making the financial interests of such persons public." In modern financial markets, where funds — including foreign — can move in and out very quickly, all relevant disclosures must be in place for regulated entities and key persons in the regulatory body. Such discourses will boost trust in the system.

Aside from the disclosure issue, Mr Pandey made some other important points worth highlighting. The regulator will be looking for optimum regulation. If some statutes have become redundant and are not serving any purpose, Sebi will be open to reviewing them. This is a positive statement and is in sync with the government's overall thinking. Prime Minister Narendra Modi recently spoke about the idea of a Deregulation Commission to address redundant laws and regulations. Sebi can do a lot internally, which will make things easier for regulated entities. To its credit, the securities-market regulator has been working on adapting regulations to the evolving market and economic conditions. Such changes, for instance, have allowed new-age technology companies to raise capital from the Indian equity market. Continued improvement in regulations will make the Indian market an attractive place to raise capital and list. This financial year till January, firms have raised a record ₹4 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

The Sebi chairman further noted the regulator was conscious about creating a conducive atmosphere to attract foreign capital and was willing to engage with stakeholders. This is again a healthy sign. If India has to grow in a sustainable manner at a higher rate, it is important that capital markets function smoothly and are in a position to channel savings into investment with minimum friction. Although Sebi has been working in this regard, it is time to streamline processes further to enhance prospects for both Indian capital markets and the economy.

Navi Mumbai airport closer to operations as AAI publishes data

EXPRESS NEWS SERVICE
NAVI MUMBAI, MARCH 9

THE NAVI Mumbai International Airport (NMIA) has taken a significant step towards becoming operational with the publication of the Aeronautical Information Publication Supplement (AIPS) by the Airports Authority of India (AAI). The commercial launch of the airport is slated for mid-May.

Listed as AIPS 46/2025 on the Aeronautical Information Management India website, this document provides essential aerodrome data, a key requirement for the operationalisation of the airport and securing an aerodrome licence.

The airport operator, NMIAL, has already submitted an application for the aerodrome licence to the Directorate General of Civil Aviation (DGCA). "This certification is necessary to ensure the airport complies with aviation safety and operational standards before commercial operations can begin," said an official from NMIAL.

Airlines are preparing for operations at NMIA, with Air India planning to conduct test flights in April. The airline will continue its international flights from Mumbai Airport, while its domestic operations will gradually shift to the new airport.

IndiGo, which conducted a validation flight with an Airbus A320 in December, is expected to be among the first airlines to transition to NMIA. Other carriers, including Air India Express, SpiceJet, and Akasa Air, are currently discussing their operational shift. The transition of airlines will take place in phases, ensuring a smooth shift of domestic operations to the new airport.

This financial year till January, firms have raised a record ₹4 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

The Sebi chairman further noted the regulator was conscious about creating a conducive atmosphere to attract foreign capital and was willing to engage with stakeholders. This is again a healthy sign. If India has to grow in a sustainable manner at a higher rate, it is important that capital markets function smoothly and are in a position to channel savings into investment with minimum friction. Although Sebi has been working in this regard, it is time to streamline processes further to enhance prospects for both Indian capital markets and the economy.

नवी मुंबई से शीघ्र उड़ेंगे विमान

एएआई ने प्रमाणन के लिए जारी की प्रमुख वैमानिकी सूचना

■ **मुंबई, (का.प्र)** नवी मुंबई अंतरराष्ट्रीय हवाई अड्डा से जल्द विमान उड़ान भरने लगेंगे. हवाई अड्डे की तैयारी पूरी होने वाली है. भारतीय विमानपत्तन प्राधिकरण (एएआई) ने हवाई अड्डे के लिए वैमानिकी सूचना अनुपूरक (एआईपीएस) प्रकाशित किया है. एयरोनॉटिकल इंफॉर्मेशन मैनेजमेंट इंडिया वेबसाइट पर एआईपीएस 46/2025 के रूप में सूचीबद्ध यह महत्वपूर्ण दस्तावेज आवश्यक एयरोड्रोम डेटा प्रदान करता है और एयरोड्रोम लाइसेंस प्राप्त करने के लिए एक महत्वपूर्ण आवश्यकता है.

15 मई से परिचालन शुरू होने की उम्मीद : नवी मुंबई इंटरनेशनल एयरपोर्ट लिमिटेड के एक प्रवक्ता ने इस बारे में पुष्टि करते हुए कहा कि हमें हवाई अड्डे को चालू करने के लिए आवश्यक एयरोड्रोम लाइसेंस प्राप्त करने की दिशा में एक कदम और आगे ले जाता है. एनएमआईएएल ने नागरिक उड्डयन महानिदेशालय से एयरोड्रोम लाइसेंस के लिए औपचारिक रूप से आवेदन किया है, जो वाणिज्यिक उड़ानों की मेजबानी करने से पहले यह

सुनिश्चित करने के लिए आवश्यक प्रमाण पत्र है कि हवाई अड्डा विमानन सुरक्षा और परिचालन मानकों को पूरा करता है. हालांकि अधिकारियों ने मंजूरी के लिए अपेक्षित समय सीमा निर्दिष्ट नहीं की है, लेकिन सूत्रों से संकेत मिलता है कि 15 मई, 2025 को परिचालन शुरू होने से पहले हवाई अड्डे को प्रमाण पत्र प्राप्त होने की संभावना है. डीजीसीए और एएआई के अधिकारियों द्वारा हाल ही में किए गए निरीक्षण में एयर ट्रैफिक कंट्रोल टावर, बैगेज हैंडलिंग सिस्टम और यात्री स्क्रीनिंग सुविधाओं सहित बुनियादी ढांचे में उल्लेखनीय प्रगति देखी गई. हालांकि, अधिकारियों ने डेवलपर्स से यात्रियों की सुगम आवाजाही सुनिश्चित करने के लिए टर्मिनल पहुंच में सुधार लाने का आग्रह किया है.

मुंबई के हवाई अड्डे का दबाव होगा कम

अडानी एयरपोर्ट होल्डिंग्स लिमिटेड और सिडको द्वारा 74:26 की साझेदारी में संयुक्त रूप से विकसित, नवी मुंबई अंतरराष्ट्रीय हवाई अड्डा छत्रपति शिवाजी महाराज अंतर्राष्ट्रीय हवाई अड्डे पर भीड़भाड़ को कम करने में महत्वपूर्ण भूमिका निभाने के लिए तैयार है. संचालन का पहला चरण सालाना 12 मिलियन यात्रियों को समायोजित करेगा, जिसमें दो रनवे और चार टर्मिनलों द्वारा समर्थित क्षमता को प्रति वर्ष 90 मिलियन यात्रियों तक बढ़ाने की दीर्घकालिक योजनाएं हैं.

एयर इंडिया की अप्रैल में परीक्षण उड़ान

- एयरलाइंस सक्रिय रूप से बदलाव की तैयारी कर रही है. जानकारी के अनुसार एयर इंडिया अप्रैल 2025 में परीक्षण उड़ानें संचालित करने वाली है.
- इंडिगो, जिसने दिसंबर में एयरबस ए 320 का उपयोग करके एक सत्यापन उड़ान भरी थी, उसे इस बदलाव का नेतृत्व करने की उम्मीद है, जबकि एयर इंडिया एक्सप्रेस, स्पाइसजेट और अकासा एयर पूर्ण पैमाने पर परिचालन कदम के लिए चर्चा कर रहे हैं.
- एयर इंडिया की अंतरराष्ट्रीय उड़ानें मुंबई के सीएसएमआईए में जारी रहेंगी, इसके घरेलू संचालन धीरे-धीरे नवी मुंबई हवाई अड्डे पर स्थानांतरित हो जाएंगे.

Aaditya slams BJP

SS (UBT) leader alleges that the state is favouring Adani Group

#MUMBAI
feedback@punemirror.com

Shiv Sena (UBT) leader **Aaditya Thackeray (in pic)** on Sunday accused the Maharashtra government of favouring the Adani Group in projects like redevelopment of Dharavi in Mumbai and systematically undermining the city's economic prominence. Speaking at a party event, Thackeray also demanded facilities and incentives like Gujarat's GIFT City (Gujarat International Finance Tec-City) for Mumbai, while alleging a deliberate erosion of the metropolis' financial importance.

Further targeting the ruling BJP, he claimed major projects and headquarters of some companies have been shifted from Mumbai to Gujarat and Delhi.

Thackeray questioned its detrimental impact on Maharashtra's economy.

"How will Mumbai benefit when its economic backbone is being deliberately weakened? Even in Jharkhand and Varanasi (in Uttar Pradesh), people ask why new projects are going to Gujarat instead of other states," he said.

The former state minister also alleged that there was a deliberate attempt to put financial strain on the Brihamumbai Electric Supply and Transport (BEST) undertaking's bus services here, reducing its fleet from 4,000 buses to 1,500-2,000.

"By 2027, we had planned to introduce 10,000 electric buses, including 900 double-decker buses. Now, even the iconic red buses are disappearing. The red bus was a symbol of Mumbai, but today you cannot distinguish it from an advertisement hoarding," he said.

The MLA from Worli in Mumbai claimed the poor state of the public transport service was part of a larger strategy to keep people distracted from critical issues such as land grabs by corporate entities.

He also accused the government of transferring vast tracts of land in Mumbai to the Adani Group under the 'guise' of redevelopment.

The Sena (UBT) claimed the Dharavi redevelopment project would lead to the displacement of 1.5 lakh families who would be forced to leave Mumbai.

"Residents will receive only 305 square feet homes that will be placed in ways which will destroy their livelihood," Thackeray claimed.

"This is not redevelopment; it's exploitation," he charged. Dharavi, one of the world's densest urban sprawls, is a slum colony having a mix of residential and small industrial units. **PTI**

DGCA orders probe after IndiGo plane scrapes runway

Jagriti Chandra
NEW DELHI

The tail section of an IndiGo Airbus A321 aircraft scraped the runway at the Chennai airport on Saturday during landing, in what is at least the sixth such incident for the airline in the past two years.

The DGCA is investigating the tail strike incident, which occurred when IndiGo's 6E-5325 Mumbai-Chennai flight was making a landing. The aircraft, registered as VT-IBI, landed at 1.55 p.m. on Saturday at Chennai.

IndiGo stated in a statement that the aircraft has since been grounded and will return to operations post repairs and clearance.

A senior DGCA official explained that the investigation will look into crew technique during approach, wind conditions as well as the flap setting used for which IndiGo has also received a penalty from the regulator in the past.

The same aircraft was also involved in a tail strike on September 9, 2024, following which it was grounded till February 6 due to the extent of damage, which extended from the wings to the tail.

The event was categorised as a serious incident as there was a high probability of an accident, and the investigation was handed over to the Aircraft Accident Investigation Bureau (AAIB).

The report into the September tail strike has not yet been released.

AAIB sources said that they have collected inputs from Airbus on the September tail strike but they are yet to determine whether the tail strike occured in Delhi or Bengaluru. *The Hindu* reported on September 20, 2024, though the aircraft was grounded in Bengaluru after a flight from Delhi, where airline personnel noticed damage to the fuselage. However, according to multiple sources in the airline, the aircraft had arrived at the Delhi airport with the damaged belly, where engineering personnel and pilots failed to notice the scrape marks, and the aircraft was released for its flight to Bengaluru. A mandatory walkaround or an inspection of the aircraft was not carried out at the Delhi airport because it was raining. The airline also suspended an aircraft maintenance engineer.

The incident occurred when IndiGo's 6E-5325 Mumbai-Chennai flight was landing in Chennai on Saturday. SPECIAL ARRANGEMENT

Such a lapse poses a hazard to passenger safety as there could be potential damage to the pressurisation system located in this part of the aircraft, impacting oxygen levels in passenger cabin.

Extended length

Airbus pilots say that the A321 aircraft are more prone to tail strikes due to their extended length as compared with the Airbus A319 and A320. The A321 is 6.94 metres longer than the A320 and requires a more delicate angle of inclination at the time of landing and take-off.

In July 2023, the DGCA also imposed a penalty of ₹30 lakh on IndiGo after recording at least six tail strikes involving Airbus A321 Neos. It found "systemic deficiencies pertaining to operations, training procedures and engineering procedures".

Specifically there was a concern with the use of a "flap" configuration recommended by IndiGo to its pilots in order to reduce fuel consumption and save costs. Flaps are movable surfaces on the trailing edge of an aircraft's wings that help control lift and drag [or friction].

A senior DGCA official explained that "as a company policy, the crew were asked to carry out flap 3 landing every time, which is not in line with the Airbus Flight Crew Operating Manual (FCOM) procedures".

IndiGo was advised that the "flap 3 landing" recommended by it should be left to the pilot's discretion. A flap 3 landing instead of a full flap or flap 4 landing impacts landing performance and helps achieve lower fuel burn of up to 20 kg to 30 kg per landing, some pilots say.

Disclosures and regulations

New Sebi chairman has made a promising start

The new Securities and Exchange Board of India (Sebi) chairman, Tuhin Kanta Pandey, made some encouraging remarks in his first public appearance after taking office last week. Emphasising transparency in the market, Mr Pandey noted it extended to the regulator as well. The regulator, he noted, needed to be transparent on various measures, including conflict of interest in the board. Interestingly, this bit was not in the speech uploaded on the regulator's website. However, irrespective of whether the remark was part of the prepared text, the views are now in the public domain and should be welcomed by all stakeholders. Sebi must follow this norm as quickly as possible.

The remarks on disclosures must be seen in the context of the term of Mr Pandey's predecessor, Madhabi Puri Buch. A US-based short-seller Hindenburg Research, which has since shut down, had accused Ms Buch of a conflict of interest in relation to an ongoing investigation of the Adani group, against which the firm had previously made several allegations. In response, both Ms Buch and the regulator had issued statements. Sebi has then said it had a robust mechanism for disclosures. Given the nature of the allegations, it was suggested, including by this newspaper, that Sebi adopt better norms. An August 2024 editorial, for instance, argued: "To strengthen the disclosure norms for key persons, and to quell any speculation in the future, the regulator should consider making the financial interests of such persons public." In modern financial markets, where funds — including foreign — can move in and out very quickly, all relevant disclosures must be in place for regulated entities and key persons in the regulatory body. Such discourses will boost trust in the system.

Aside from the disclosure issue, Mr Pandey made some other important points worth highlighting. The regulator will be looking for optimum regulation. If some statutes have become redundant and are not serving any purpose, Sebi will be open to reviewing them. This is a positive statement and is in sync with the government's overall thinking. Prime Minister Narendra Modi recently spoke about the idea of a Deregulation Commission to address redundant laws and regulations. Sebi can do a lot internally, which will make things easier for regulated entities. To its credit, the securities-market regulator has been working on adapting regulations to the evolving market and economic conditions. Such changes, for instance, have allowed new-age technology companies to raise capital from the Indian equity market. Continued improvement in regulations will make the Indian market an attractive place to raise capital and list. This financial year till January, firms have raised a record ₹4 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

The Sebi chairman further noted the regulator was conscious about creating a conducive atmosphere to attract foreign capital and was willing to engage with stakeholders. This is again a healthy sign. If India has to grow in a sustainable manner at a higher rate, it is important that capital markets function smoothly and are in a position to channel savings into investment with minimum friction. Although Sebi has been working in this regard, it is time to streamline processes further to enhance prospects for both Indian capital markets and the economy.

चीन आखिर तक लड़ने को तैयार!

छ ह मार्च 2025 की तारीख चीन और विश्व राजनीति में निश्चित ही याद रहेगी। कोई न माने इस बात को लेकिन चीन ने इस दिन अपने को विश्व की प्रथम महाशक्ति घोषित किया। कथित नंबर एक महाशक्ति अमेरिका और उसके राष्ट्रपति डोनाल्ड ट्रंप से उसने कहा, हमदि अमेरिका युद्ध चाहता है, फिर वह टैरिफ युद्ध हो, व्यापार युद्ध हो या किसी अन्य प्रकार का भी युद्ध हो, हम अंत तक लड़ने के लिए तैयार हैं"। सोचें, कोई देश इस वाक्य से ज्यादा किसी देश को सार्वजनिक तौर पर क्या चुनौती दे सकता है? नोट करें, डोनाल्ड ट्रंप, अमेरिकी विदेश मंत्री ने अभी तक पलट कर जवाब नहीं दिया है। जबकि चीन ने ट्रंप के टैरिफ के फैसले के जवाब में उन अमेरिकी निर्यातक कंपनियों को भी ब्लैकलिस्ट किया है जो चीन को चिकन से लेकर सोयाबीन बेचती हैं।

इतना ही नहीं वाशिंगटन के अमेरिकी दूतावास ने भी 'अंत तक लड़ने के लिए तैयार' की घोषणा के ट्विट को दोहराया। साफ है चीन ने बताया है कि उसे अमेरिका की परवाह नहीं है। वह लड़ने को तैयार है। सन् 2008 में चीन ने ओलंपिक खेलों का आयोजन कर दुनिया को अपनी समृद्धि और ताकत से रूबरू कराया था। कोई 17 वर्ष बाद वह अमेरिका को हर तरह की प्रतिस्पर्धा, युद्ध की चुनौती देते हुए है! इससे आगे की विश्व राजनीति के कई सिनेरियो हैं।

क्या है भविष्य? चीन की हॉन सभ्यता अपनी धुरी पर पश्चिमी सभ्यता, हिंदू और इस्लामी सभ्यताओं के सभी देशों पर दबदबा बनाने की ओर है। 1962 को याद करें। चीन ने भारत को, प्रधानमंत्री जवाहरलाल नेहरू की बड़बोली विदेश नीति, कथित वैश्विक गुरूता, ताकत का कैसा कचूमर निकाला था। उसने भारत की हजारों वर्गमील जमीन कब्जाई। माओ और चाऊ एन लाई का वह पैंतरा, जहां भारत को हैसियत बतलाना था वहीं एशिया की एकमेव महाशक्ति की डुगडुगी भी थी।

सन् 1948 के बाद चीन ने रूस से झगड़ा किया। भारत और वियतनाम पर हमला किया तो चेकोस्लोवाकिया में उस मंच राष्ट्रीयता, सभ्यता, संस्कृति का वह दर्प, वह अहंकार था, जिसमें चीन का बादशाह अपने को विश्व की धुरी, केंद्र बिंदु समझता है। इतिहास में उसने हमेशा अपने साम्राज्य को मिडल किंगडम माना तथा बाकी देशों को दोयम दर्जे का अपना अधीनस्थ। अमेरिका से पूंजी, तकनीक पाने के लिए माओ और देंग ने जब हेनरी किसिंजर, निक्सन प्रशासन को पटाया तब भी ये बातचीत में भारत को गाय, रूस को चेकार बताते थे।

इसलिए मानव सभ्यता के इतिहास के इस सत्य को गांठ बांधे रहना चाहिए कि चाइनीज सभ्यता, संस्कृति यदि प्राचीन है तो वह अपने अतीत के गौरव बोध की मनोवृत्तियों का निचोड़ भी है। अर्थात चाइनीज थिंकटैंक, सत्ता वर्ग जहां अपने को सर्वोत्तम मानते हैं वहीं उन्हें दुनिया अपनी मर्जी, अपने स्वार्थों में चलानी है। निश्चित है राष्ट्रपति शी जिनपिंग और उनका कुलीन वर्ग लोगों के कंफ्यूशियस अनुशासन, व्यवहार, मंच राष्ट्रीयता के साथ साम्यवाद और पूंजीवाद के मिक्स के फायदों से चीन को एडवांटेज की स्थिति में मानता है तो नेतृत्व वह अहंकारी, पैना और महत्वाकांक्षी रोडमैप बनाए हुए है, जिससे दुनिया जीतनी ही है!

इस महत्वाकांक्षा और रोडमैप को बूझने में बाकी सभ्यताएं फेल हैं। डोनाल्ड ट्रंप ने 'अमेरिका फर्स्ट' के नारे पर अमेरिकियों को जैसा बहकाया और मूर्ख बनाया है उसकी जड़ में चीन है याकि रिपब्लिकन पार्टी के निक्सन से रोनाल्ड रीगन आदि का प्रशासन जिम्मेदार था। सोचें, अमेरिका अब क्यों नहीं 'फर्स्ट' रहा? इसलिए क्योंकि चीन ने उसका मैन्यूफैक्चरिंग, निर्माण क्षेत्र खाया। और अमेरिका स्वयं चीनी सामानों से पट गया। अमेरिकियों के काम धंधे, उद्योग, रोजगार खत्म हुए। अमेरिकी कंपनियों ने ही चीन में फैक्टरियां लगा कर अमेरिका को सामान बेचा तो दुनिया को भी बेचा और इससे अमेरिका का निर्यात घटा। उसका विदेश व्यापार हर तरह असंतुलित व घाटे का सौदा हुआ।

चीन का यह खेला सभी देशों के साथ, पूरी दुनिया में हुआ। जैसा अमेरिका के साथ हुआ, वैसा भारत के साथ हुआ, रूस के साथ हुआ। रूस अब चीन का पिछलग्गू है। एक वक्त वह चीन से बहुत आगे, विश्व महाशक्ति था। अब वह एक छोटे से देश यूक्रेन की लड़ाई में चीन पर आश्रित है, उत्तर कोरिया के भाड़े के सैनिकों के भरोसे है। और 1947 व 1948 में क्रमशः स्वतंत्र हुए भारत और चीन की तुलना की यह हकीकत भी जान लें कि अंग्रेजों ने चीन की दशा के मुकाबले भारत को बेहतर छोड़ा था। भारत कई मामलों में आगे था जबकि अब भारत चीन की आर्थिकी पर आश्रित है! चीन उत्पादक, व्यापारी है तथा भारत उसका बाजार!

ऐसे में चीन क्यों न अमेरिका को औकात बताए कि आ, जाओ मैदान में, कोई भी युद्ध लड़ लो! यह आत्मविश्वास इस बात का प्रमाण है कि चीन अब अपनी विश्व व्यवस्था, वित्तीय व्यवस्था बनाने के लिए कमर कस चुका है। वह आदर्श समय आया मान रहा है। डोनाल्ड ट्रंप की मूर्खताओं से पश्चिमी सभ्यता में दरार पैदा हो गई है। हालांकि मेरा मानना है कि यह अच्छा भी है। अमेरिका से सतर्क हो कर ब्रिटेन, फ्रांस, जर्मनी और यूरोपीय संघ अपनी महाशक्ति को अमेरिका से स्वतंत्र व स्वायत्त बनाने का मिशन बना बैठे है। नए चांसलर की कमान में जर्मनी बहुत जल्दी एटमी महाशक्ति बनने का निर्णय करेगा। फ्रांस, जर्मनी और ब्रिटेन पूरे यूरोपीय संघ याकि महाद्वीप की रक्षा का परमाणु कवच बनाएंगे। ऐसा होना चीन, रूस की योजना के लिए कतई सही नहीं होगा। इनके लिए संकट ही होगा।

सवाल है चीन यदि यूरोपीय देशों को साथ ले कर यूक्रेन मसले में रूस को शांति के लिए मजबूर करे तो क्या यूरोपीय देश उससे आश्वस्त नहीं होंगे, उसके कायल नहीं होंगे? अर्थात नाटो देशों की जमात में डोनाल्ड ट्रंप के उत्पात का चीन फायदा उठा सकता है। पुतिन व शी जिनपिंग दोनों के लिए मौका है जो यूक्रेन की लड़ाई रोक कर यूरोपीय संघ से साझेदारी पाएं। रूस का खलिस्कार खत्म हो तथा अमेरिकी विश्व व्यवस्था के आगे चीन की आवश्यकताओं में यूरोपीय संघ सहजय हो जाए। आखिर चीन काप्राथमिक मकसद अमेरिका केंद्रित वैश्विक वित्तीय व्यवस्था को कमजोर या खत्म करना है। अपनी नई विश्व व्यवस्था बनानी है।

यह नामुमकिन नहीं मगर फिलहाल संभव नहीं लगता। आखिर पुतिन तानाशाह, अहंकारी राष्ट्रपति हैं। इसलिए वे डोनाल्ड ट्रंप पर फोकस रखेंगे। फिर सबसे बड़ी बात ब्रिटेन, फ्रांस, पोलैंड, जर्मनी आदि देशों की सीमा या पड़ोस में रूस का खतरा स्थायी है। अनुभवजन्य है। हालिया घटनाओं से अलग यह साबित हुआ है कि कुछ भी हो, ब्रिटेन, फ्रांस, नीदरलैंड, स्कैंडिनेवियाई देश मानव स्वतंत्रता, लोकतांत्रिक मूल्यों के ठोस संस्कारों में रचे बसे हैं बनिस्पत अमेरिका के। इसलिए चीन और रूस से यूरोपीय देशों की भरोसेमंद केमिस्ट्री बने यह न लंदन, पेरिस में सोचा जा सकता है और न बीजिंग और मास्को में!

तभी चीन यूरोप में झगड़ा बनवाए रखने, अमेरिका बनाम यूरोप के विवाद को हवा देगा। आखिर लोकतांत्रिक देश जितने बिखरेंगे, आपस में लड़ेंगे और लोगों का लोकतंत्र पर विश्वास जितना डगमगाएगा उतना ही चाइनीज सभ्यता को लिए मौका बनेगा। चीन ने एशिया, अफ्रीका, इस्लामी देशों, लातिनी अमेरिका में अपना इतना गहरा तानाबाना बना लिए है। उसे अगले कदम के लिए इतनी भर जरूरत है कि दूसरे महायुद्ध के बाद जो चला आ रहा था वह बिखरे। व्यवस्था में अराजकता आए और चीन को देशों को बचाने, उनकी व्यवस्था बनवाने का जिम्मा मिले। चीन के इरादों का एक ताजा प्रमाण यह भी है जो वह भारत को फुसला रहा है। उसे भारत की भीड़, भीड़ के बाजार की संरक्षा चाहिए।

-शेष हाल-फिलहाल पेज पर

पेज एक का शेष...

चीन आखिर तक लड़ने को तैयार!

चाइनीज संसद याकि नेशनल पीपुल्स कांग्रेस की बैठक के बाद चीन के विदेश मंत्री वांग यी का यह कहना मामूली नहीं है कि, ₹ड्रैगन और हाथी को साथ नचाना (भारत और चीन की दोस्ती) ही एकमात्र सही विकल्प है₹।....₹एक दूसरे को नीचा दिखाने के बजाय समर्थन करना और एक दूसरे से बचने के बजाय सहयोग को मजबूत करना हमारे बुनियादी हितों में है"। उन्होंने यह भी कहा कि यदि एशिया की दो सबसे बड़ी अर्थव्यवस्थाएं आपस में मिल जाएं तो ₹अंतरराष्ट्रीय संबंधों के लोकतंत्रीकरण के साथ साथ 'ग्लोबल साउथ' के विकास तथा सुदृढ़ीकरण का भविष्य उज्जवल होगा"।

पर भारत में ऐसा कुछ भी नहीं है, जिससे वह कदमताल में चीन के साथ नाचें! वह ड्रैगन की पूंछ पकड कर उसके रहमोकरम में उड़ता भले रह सकता है। पर शाकाहारी हाथी आग उगलते ड्रैगन से मर्यादा व समानता की उम्मीद नहीं कर सकता। चीन ने पिछले 78 वर्षों में हर मोड़ पर विस्तारवादी सोच दर्शाई है। मेरा मानना है चीन भविष्य में अमेरिका से पंगा बढ़ा कर ताइवान पर कब्जा करेगा। जापान, दक्षिण कोरिया देखते रहे जाएंगे। इससे डोनाल्ड ट्रंप का अमेरिका दुनिया के आगे नाकारा और असमर्थ समझा जाने लगेगा। उससे भरोसा खत्म होगा। फिर चीन का अगला लक्ष्य भारत का अरूणाचल प्रदेश, सिक्किम व लद्दाख होंगे। बशर्ते भारत उसके वैसे ही अधीनस्थ न हो जाए जैसे नेपाल, पाकिस्तान, श्रीलंका अब लगभग हैं। ड्रैगन को येन केन प्रकारेण भारत को अपने नियंत्रण में लेना है। ललचा कर, आश्रित बना कर या डरा कर वह 145 करोड़ की भारत भीड़ को अपना पुछल्ला बनाने के जतन जरूर करेगा।

मेरा मानना है बीजिंग नेशनल पीपुल्स कांग्रेस के दौरान चीनी नेताओं ने डोनाल्ड ट्रंप और परिस्थितियों का आकलन करके ही अमेरिका को ललकारा है कि आ जाओ, हम तैयार हैं किसी भी तरह की लड़ाई के लिए। स्वाभाविक है तब यह भी सोचा गया होगा कि ऐसी नौबत में किस किस से लड़ना है, किसे तटस्थ बनाना है और कौन साथ होगा और कौन दुश्मन?

सवाल है प्रधानमंत्री नरेंद्र मोदी (भारत में एक ही तो सर्वज्ञ हैं) क्या सोच रहे होंगे? अंबानी, अडानी के हित क्या बोल रहे होंगे? मेरा मानना है कि शायद इतना भर कि, हमें दुनिया से क्या लेना देना, हमें तो धंधा करना है। सबसे धंधा करो, सबको खुश रखो! और यह सोच चीन भी जानता होगा! सो तय माने चीनी सभ्यता भविष्य में कई देशों को बिना जीते भी गुलाम और आश्रित बनाए हुए होगी!

THE ECONOMIC TIMES AWARDS FOR CORPORATE EXCELLENCE

CELEBRATING 25 YEARS

The ET Awards era kicked off with a bang in 1998 to recognise and celebrate India's best—the dreamers, achievers and disruptors. Across 25 years, in business and politics, it has become the most coveted honour for veterans and innovators. The Awards have also stood witness to the coming of age of women leaders, and has been their cheerleader and champion, busting myths and glass ceilings in India Inc's storied corner rooms

THE ECONOMIC TIMES AWARDS FOR CORPORATE EXCELLENCE

CELEBRATING 25 YEARS

The ET Awards era kicked off with a bang in 1998 to recognise and celebrate India's best – the dreamers, achievers and disruptors. Across 25 years, in business and politics, it has become the most coveted honour for veterans and innovators. The Awards have also stood witness to the coming of age of women leaders, and has been their cheerleader and champion, busting myths and glass ceilings in India Inc's storied corner rooms

"Dream & Dare. Let no one demoralise you. Do not allow anyone to deter you"
Dhirubhai Ambani
Founder, Reliance Industries

An Iconic Moment
Dhirubhai Ambani and Verghese Kurien

Ambani, the 'son of a village schoolmaster' and Kurien, the 'doodhwala of Anand', shared the Lifetime Achievement Award in 2001. Ambani urged everyone to dream and dare as he'd done, while Kurien said he accepted the award on behalf of farmers, the shareholders of Amul.

Family Ties
The Historic Handshake, 2004

The Economic Times got Ambani and Ambani together again. At the star-studded night of the Awards for Corporate Excellence on a windy Saturday in Mumbai, Mukesh and Anil Ambani smiled, then firmly shook hands, ending months of a frosty silence.

"We have ambitions only for India. We want to change people's lives. That is the legacy we want to leave behind"
Mukesh Ambani, Chairman & MD, Reliance Industries

Gestures speak louder than words at times and they are seen in abundance at the Awards huddles. Corporates are seen happily exchanging notes, arms around shoulders, hand clasped in bonhomie and back being patted. Some make their point with emphasis while others hang on to every word.

What Glass Ceiling?
Women Power. Pillars of Strength

NGO workers, film stars and cooperatives' heads have nothing in common – except their gender and the ET Awards. Whether it was Ela Bhatt (Top extreme right) or Priyanka Chopra (Top left) or Jaswantiben Popat (first winner of a separate award for women), their presence was crowd-stirring. Bankers were curious about SEWA Bank, invitees queued up to shake Chopra's hands, a la Raveena Tandon who posed with Lijjat Papad founder Popat.

Ela Bhatt, Founder, SEWA (2003)

Cross-border Melody
Matched Note for Note

ET managed quite a coup, it seems, in convincing the legendary singer from Pakistan to perform at the 2002 ceremony. Begum Parveen mesmerised the audience, including KM Birla's wife Neerja and Hero Honda managing director Pawan Munjal. Arun Shourie's sister Nalini Singh too was delighted to find Parveen seated next to her.

"Mere paas lufz hain, saaz hain, awaaz hain (I have the words, music and voice), par tum, tum sirf apni ankhon se ishq kaise farmate ho (but how do you, with a mere glance of your eyes, express love)"

They came, they saw, they wowed their seniors. New generation has been marked in its attendence at the Awards in the form of Ambani, Adani scions and Murthy siblings, daughters, sons and nephews. They spoke and were spoken about. The generational shift in India Inc has been all too evident in recent editions of the Awards.

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

After a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-on-year in the September quarter.

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies, 214 (52.7%) saw a year-on-year contraction in the operating profit margins, these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for 2025-26.

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earnings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, repo rate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Banks

The challenges

- Higher provisioning.
- Pressure on net interest margins (NIM) and deceleration in loan growth amid cautious stance on unsecured retail lending.

Behind the scenes

- Competition for deposits continues to remain strong and the credit to deposit ratio remains elevated.
- Private banks saw weakness in business momentum and moderation in margins.
- Public sector banks were better placed due to improvement in asset quality and healthy provision coverage ratio (PCR).

Winners

- YES Bank and Punjab & Sindh Bank.

Forecast

- The Motilal Oswal earnings review report maintains a cautious view on margins and the delinquency cycle of unsecured loans. It expects credit costs to remain elevated for private banks. While the report has reduced the earnings growth estimates for private banks for 2025-26, it has marginally raised estimates for public sector banks.

NBFCs

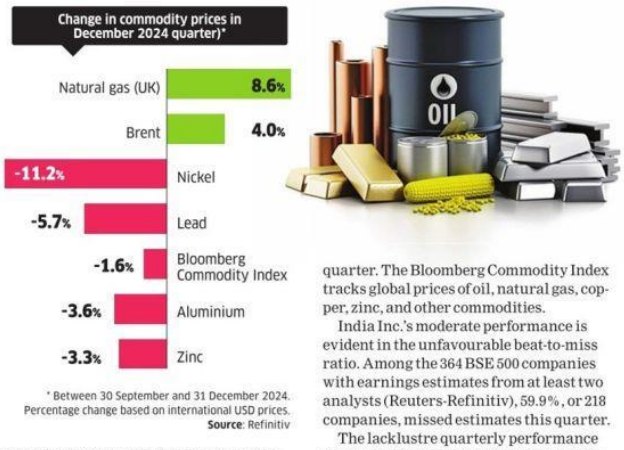

The challenges

- Mixed performance on the back of loan growth and asset quality challenges.
- More competition and elevated credit costs.

Behind the scenes

- HFC disbursements were affected by regional headwinds, whereas NBFC-MFIs

as per the Reuters-Refinitiv database. The stability in commodity prices can be gauged by looking at the benchmark Bloomberg Commodity Index, which declined by 1.6% between 30 September 2024 and 31 December 2024. On an annual basis, the index fell 3.3% to an average of 98.6 in the December 2024 quarter. The Bloomberg Commodity Index tracks global prices of oil, natural gas, copper, zinc, and other commodities.

India Inc.'s moderate performance is evident in the unfavourable beat-to-miss ratio. Among the 364 BSE 500 companies with earnings estimates from at least two analysts (Reuters-Refinitiv), 59.9%, or 218 companies, missed estimates this quarter.

The lacklustre quarterly performance also led to earnings downgrades for most companies, which is contributing to the ongoing volatility. Out of the 411 stocks with 2025-26 PAT estimates from Reuters-Refinitiv (based on at least two analysts), 79.1%, or 325 companies, have seen downgrades since 31 December 2024. Among

प्रकटीकरण और नियमन

भारतीय प्रतिभूति एवं विनिमय बोर्ड (सेबी) के नए अध्यक्ष तुहिन कांत पांडेय ने गत सप्ताह पद संभालने के बाद पहली सार्वजनिक उपस्थिति में कुछ उत्साहवर्धक टिप्पणियां की हैं। बाजार में पारदर्शिता पर जोर देते हुए पांडेय ने कहा कि यह नियामक पर भी लागू होती है। उन्होंने कहा कि नियामक को विभिन्न मोर्चों पर पारदर्शी होने की आवश्यकता है। इसमें बोर्ड में हितों का टकराव भी शामिल है। दिलचस्प बात है कि यह हिस्सा नियामक की वेबसाइट पर अपलोड किए गए भाषण में शामिल नहीं है। हालांकि टिप्पणी उनके लिए तैयार किए गए भाषण का हिस्सा थी या नहीं लेकिन अब उनके विचार सार्वजनिक मंच पर हैं और सभी को उनका स्वागत करना चाहिए। सेबी को भी जल्द से जल्द इसका पालन शुरू करना चाहिए।

प्रकटीकरण संबंधी टिप्पणियों को पांडेय की पूर्ववर्ती सेबी प्रमुख माधबी पुरी बुच के संदर्भ में देखा जाना चाहिए। एक अमेरिकी शॉर्ट सेलर हिंडनबर्ग रिसर्च जो अब बंद हो चुकी है, उसने बुच पर अदाणी समूह पर चल रही जांच को लेकर हितों के टकराव का इल्जाम लगाया था। हिंडनबर्ग ने पहले भी अदाणी समूह पर कई इल्जाम लगाए थे। इसकी प्रतिक्रिया में बुच और नियामक दोनों ने वक्तव्य जारी किए। तब सेबी ने कहा कि उसके यहां प्रकटीकरण की ठोस व्यवस्था है। आरोपों की प्रकृति को देखते हुए (इस समाचार पत्र सहित) यह कहा गया कि सेबी को बेहतर मानक अपनाने चाहिए। उदाहरण के लिए अगस्त 2024 के संपादकीय में कहा गया था, 'प्रमुख लोगों के प्रकटीकरण मानकों को मजबूती देने तथा भविष्य में किसी अटकल को समाप्त करने के लिए नियामक को ऐसे लोगों के वित्तीय हितों को सार्वजनिक करना चाहिए।' आधुनिक वित्तीय बाजारों में जहां वित्तीय समेत तमाम फंड बहुत आसानी से आ और जा सकते हैं, विनियमित संस्थाओं और नियामक संस्था के प्रमुख लोगों के लिए सभी प्रासंगिक प्रकटीकरण होना चाहिए। इससे व्यवस्था में विश्वास मजबूत होगा।

प्रकटीकरण के विषय से अलग पांडेय ने कुछ अन्य अहम बातें भी कहीं जिनका उल्लेख जरूरी है। नियामक अधिकतम नियमन की ओर देखेगा। अगर कुछ कानून ऐसे हो गए हैं जो कोई उद्देश्य पूरा नहीं कर रहे हैं तो नियामक उनकी समीक्षा को लेकर खुला रुख रखेगा। यह सकारात्मक वक्तव्य है और सरकार की समग्र विचार प्रक्रिया के अनुरूप भी है। प्रधानमंत्री नरेंद्र मोदी ने हाल ही में एक विनियमन आयोग के विचार का जिक्र किया ताकि पुराने कानूनों और नियमन से निजात पाई जा सके। सेबी आंतरिक तौर पर बहुत कुछ कर सकता है जो नियमित संस्थानों के लिए हालात सामंजस्य बनाएगा। इस मोर्चे पर प्रतिभूति बाजार नियामक ऐसे नियमन को अपनाने पर काम कर रहा है जहां उभरती बाजार परिस्थितियों का ध्यान रखा जा सके। उदाहरण के लिए ऐसे बदलावों ने नए जमाने की तकनीकी कंपनियों को भारतीय शेयर बाजार से पूंजी जुटाने का अवसर दिया है। नियमन में निरंतर सुधार से भारतीय बाजार पूंजी जुटाने और सूचीबद्धता के लिहाज से बेहतर बनेगा। मौजूदा वित्त वर्ष में जनवरी तक, कंपनियों ने रिकॉर्ड 4 लाख करोड़ रुपये की इक्विटी पूंजी जुटाई जो 2023-24 में जुटाई गई कुल पूंजी से दोगुनी है। छोटे वर्षों के दौरान सेबी ने भी म्युचुअल फंडों की पहुंच बढ़ाने में भी मदद की है जिससे देश के पूंजी बाजारों को गहन बनाया है।

सेबी के चेयरमैन ने यह भी कहा कि नियामक विदेशी पूंजी जुटाने के लिए अनुकूल माहौल बनाने को लेकर सचेत है और यह अंशधारकों के साथ संवाद का इच्छुक है। यह भी एक स्वस्थ संकेत है। अगर भारत को निरंतर टिकाऊ रूप से उच्च वृद्धि हासिल करनी है तो यह अहम होगा कि पूंजी बाजार सुचारु रूप से काम करें और बचत को न्यूनतम समस्या के साथ निवेश में ला सकें। हालांकि सेबी इस दिशा में काम कर रहा है लेकिन समय आ गया है कि प्रक्रियाओं को और सुसंगत बनाकर भारतीय पूंजी बाजार और अर्थव्यवस्था के लिए संभावनाओं को बेहतर बनाया जा सके।

મુંબઇઃ શેરબજારે અનેક મહિનાની પછડાટ બાદ રાહતનો શ્વાસ લીધો છે અને આગળના દિવસોમાં અમેરિકાના પ્રમુખ ટ્રમ્પ ટેરિફને મામલે પીછેહઠ કરે છે કે પછી અડીયલ વલણ અપનાવે છે તેના પર આધાર છે. કેનેડા અને મેક્સિકો પર ટેરિફ લાદવાનું બીજી એપ્રિલ સુધી મુલતવી રાખવાના તાજેતરના નિર્ણય સાથે ટ્રમ્પ ટેરિફ પર વિલંબ કરી રહ્યા છે તેની બજારોએ ગંભીર નોંધ લીધી છે. જિયોજિતના સીઆઇએસ ડો. વી. કે. વિજયકુમાર કહે છે કે, યુએસ પ્રેસિડેન્ટની આ હરકતથી બજારોને લાગે છે કે ટ્રમ્પ લાંબા ગાળા માટે ઊંચા ટેરિફને વળગી રહેવાને બદલે વાટાઘાટો કરવા આતુર છે. આ એ હકીકતની સ્વીકૃતિ છે કે લાંબા ગાળા માટે ઊંચા ટેરિફ દર ખૂદ અમેરિકાના અર્થતંત્ર પર પણ નકારાત્મક અસર કરશે. યુએસ શેરબજારોમાં વેચવાલી પણ એ સંકેત આપે છે કે ટ્રમ્પની નીતિઓ યુએસમાં વૃદ્ધિ અને કમાણીને અસર કરી શકે છે.

આ ઉપરાંત ચીન અને જર્મની ટ્રમ્પની નીતિઓથી તેમના સ્થાનિક અર્થતંત્રને ઉત્તેજીત કરવા માટે સુધારા અમલમાં મૂકી રહ્યા છે. વૈશ્વિક રચનામાં આ ફેરફાર શેરબજારોને અસર કરી શકે છે. ડોલર ઇન્ડેક્સ સતત નરમ પડી રહ્યો છે.

અમેરિકા દ્વારા ટેરિફ લાદવાની કવાયત અને તેના ટ્રેડ પાર્ટનર્સ તરફથી તેના વળતા જવાબની પ્રતિક્રિયાઓને કારણે વૈશ્વિક ઇક્વિટી બજાર અનિશ્ચિતતામાં વધારો અનુભવી રહ્યું છે. આ અસ્પષ્ટતાને કારણે જોખમ ટાળવામાં વધારો થયો છે અને ઇક્વિટીના આકર્ષણમાં ઓટ આવી છે. ખાસ કરીને ઇમર્જિંગ માર્કેટ્સ પર અસર પડી છે, તેઓ નોંધપાત્ર આઉટફ્લોનો અનુભવ કરી રહ્યા છે. તાજેતરમાં, એસએન્ડપી ૫૦૦ ઇન્ડેક્સ તીવ્ર કડાકાના સંકેતો દર્શાવે છે, જે અમેરિકન અર્થતંત્ર પર ટેરિફની સંભવિત અસર વિશે ચિંતાઓને પ્રતિબિંબિત કરે છે. તેનાથી વિપરીત, ભારતીય બજારોએ વેપાર યુદ્ધની સંભાવના હોવા છતાં મોંઘી સ્થિતિસ્થાપકતા દર્શાવી છે. જ્યારે કોર્પોરેટ કમાણીમાં સુધારો સ્થાનિક ભાવનાઓમાં નોંધપાત્ર સુધારો કરી શકે છે. કમાણીમાં સ્થિરતા અને મૂલ્યાંકનમાં સુધારો થવાને કારણે રોકાણકારો લાર્જ કેપ્સમાં ઓક્સઝપોઝર વધારી શકે છે. દરમિયાન, નાના શેરોમાં ફરી લેવાલીનો સળવળાટ વધ્યો હતો. સ્મોલ કેપ શેરોમાં જોરદાર બાઉન્સબેક જોવા મળ્યું હતું. એકંદર માગમાં મંદીને કારણે ફૂડ ઓઇલના ભાવમાં સુધારો થવા ઉપરાંત ચીને જાહેર કરેલા આર્થિક સ્ટિમ્યુલસને કારણે એનર્જી અને મેટલ સેકટરમાં આશાવાદ જાગ્યો છે. ચીને ૧.૩ ટ્રિલિયન યુઆનના અલ્ટ્રા લોંગ ટર્મ સ્ટિમ્યુલસ બોન્ડ જારી કરવાની જાહેરાત કરી છે.

ભારતનો આર્થિક વિકાસ સુધરી રહ્યો છે અને શેરબજારનું મૂલ્યાંકન હવે વાજબી છે. સ્થાનિક ફંડોની ખરીદી કરતાં વિદેશી ફંડોની વેચવાલી વધુ હોવા છતાં, બજાર ઉપર જઈ રહ્યું છે જે રિટેલ, એચએનઆઇ અને યુએચએનઆઇની લેવાલીમાં વધારો દર્શાવે છે. આ વલણ ચાલુ રહી શકે છે, એવો અભિપ્રાય તેમણે વ્યક્ત કર્યો હતો. જોકે, નોંધવું રહ્યું કે, ટ્રમ્પે બીજી એપ્રિલથી ભારત સહિતના દેશોને લક્ષ્ય બનાવીને પારસ્પરિક ટેરિફની જાહેરાત કરી છે. આ પગલાથી ભારતના નિકાસ ક્ષેત્રોને અસર થઈ શકે છે, જેના કારણે વાર્ષિક સાત અબજ ડોલરનું નુકસાન થઈ શકે છે. શેરબજારમાં એકધારી પીછેહઠને આખરે બ્રેક લાગી છે. સમીક્ષા હેઠળના પાછલા સપ્તાહે શેરબજારમાં રિકવરી જોવા મળી હતી અને સેન્સેક્સ-નિફ્ટીએ જોરદાર વાપસી સાથે લગભગ બે ટકાનો ઉછાલો નોંધાવ્યો હતો. સાનુકૂળ વૈશ્વિક અને સ્થાનિક સંકેતોને કારણે બજાર સુધર્યું હતું, જેના કારણે રોકાણકારોમાં વિશ્વાસ વધ્યો હતો.

એકધારી લાંબી મંદી અને પછડાટ બાદ સ્થાનિક શેરબજાર સાતમી માર્ચે પૂરા થયેલા સપ્તાહ દરમિયાન સાપ્તાહિક ધોરણે વધારા સાથે બંધ થવામાં સફળ રહ્યું. સોમવારથી શુક્રવાર એટલે કે ત્રીજીથી સાતમી માર્ચ સુધીના ટ્રેડિંગ પછી, બીએસઈ સેન્સેક્સ ૧,૧૩૪.૪૮ પોઈન્ટ અથવા ૧.૫૪ ટકાના વધારા સાથે ૭૪,૩૩૨.૫૮ પોઈન્ટ પર બંધ થયો.

એ જ રીતે, એનએસઈ નો નિફ્ટી ગયા સમાહના ટ્રેડિંગમાં ૪૨૭.૮૦ પોઈન્ટ એટલે કે ૧.૯૩ ટકાના વધારા સાથે ૨૨,૫૫૨.૫૦ પોઈન્ટ પર બંધ થયો. સ્થાનિક બજારમાં આ વધારો એટલા માટે પણ મહત્વપૂર્ણ છે કારણ કે ગયા અઠવાડિયે અમેરિકામાં ટેરિફ વોર અને વેપાર નીતિ અંગે અનિશ્ચિતતાને કારણે વૈશ્વિક બજારમાં ઉથલપાથલ અને અફડાતફડી ચાલુ રહી હતી.

શુક્રવાર, ૭ માર્ચે પૂરા થયેલા સમાહમાં બધા ક્ષેત્રીય સૂચકાંકો વધારા સાથે ગ્રીન ઝોનમાં બંધ થયા હતા. નિફ્ટી મેટલ ઇન્ડેક્સ ૮.૬ ટકા વધ્યો. તેવી જ રીતે, નિફ્ટી મીડિયા ઇન્ડેક્સ ૭.૩ ટકા વધ્યો, અને નિફ્ટી એનર્જી ઇન્ડેક્સ ૬ ટકા વધ્યો.

આ ઉપરાંત, નિફ્ટીનો ઓઇલ એન્ડ ગેસ ઇન્ડેક્સ ૫.૩ ટકાના સામાહિક વધારા સાથે અને પીએસયુ બેંક ઇન્ડેક્સ પાંચ ટકાના સામાહિક વધારા સાથે બંધ થવામાં સફળ રહ્યો. આ અઠવાડિયે બજારમાં આવેલા વધારાને કારણે શેરબજારના રોકાણકારોની સંપત્તિમાં લગભગ ૧૪ લાખ કરોડ રૂપિયાનો વધારો થયો છે.

સોમવાર-શુક્રવારના ટ્રેડિંગ પછી બીએસઈ-લિસ્ટેડ કંપનીઓનું બજાર મૂડીકરણ વધીને રૂ. ૩૯૮.૨૪ લાખ કરોડ (કામચલાઉ) થયું. જ્યારે પાછલા સમાહમાં તેનું બજાર મૂડીકરણ રૂ. ૩૮૪.૨૮ લાખ કરોડ હતું. આ રીતે, આખા અઠવાડિયાના વેપાર પછી, રોકાણકારોની સંપત્તિમાં લગભગ ૧૪.૨૮ લાખ કરોડ રૂપિયાનો વધારો નોંધાયો છે.

આખા અઠવાડિયાના કામકાજ પછી, બીએસઈનો લાર્જ કેપ ઇન્ડેક્સ ૨.૪૧ ટકાના વધારા સાથે બંધ થયો. આ ઇન્ડેક્સમાં સમાવિષ્ટ વેદાંત, ભારત ઇલેક્ટ્રોનિક્સ, અદાણી એનર્જી સોલ્યુશન્સ, હિન્દુસ્તાન એરોનોટિક્સ લિમિટેડ, પાવર ફાઇનાન્સ કોર્પોરેશન, આરઈસી, વરૂણ બેવરેજીસ, સિમેન્સ અને ટાટા સ્ટીલના શેરમાં ૧૦થી ૧૫ ટકાનો વધારો નોંધાયો હતો.

મુંબઈનું આર્થિક મહત્ત્વ ઓછું કરવામાં આવી રહ્યું છેઃ આદિત્ય ઠાકરેનો આરોપ

મુખ્ય પ્રોજેક્ટો અને અનેક કંપનીઓનાં વડાંમથક ગુજરાત- દિલ્હીમાં ખસેડાયાં

ભાસ્કર ન્યૂઝ | મુંબઈ

શિવસેના (યુબીટી)ના નેતા આદિત્ય ઠાકરેએ રવિવારે મહારાષ્ટ્ર સરકાર પર મુંબઈમાં ધારાવીના રિડેવલપમેન્ટ જેવા પ્રોજેક્ટોમાં અદાણી ગ્રુપની તરફેણ કરવાનો અને પદ્ધતિસર રીતે મુંબઈનું આર્થિક મહત્ત્વ ઓછું કરવાનો આરોપ કરવામાં આવ્યો હતો. પક્ષના કાર્યક્રમમાં તેમણે જણાવ્યું કે ગુજરાતની ગિફ્ટ સિટી (ગુજરાત ઈન્ટરનેશનલ ફાઈનાન્સ ટેક- સિટી) જેવાં જ એકમો અને પ્રોત્સાહનો મુંબઈમાં સ્થાપવાં જોઈએ. જોકે આ મહાનગરના આર્થિક દરજ્જાને જાણીબૂજીને ઘસારો પહોંચાડવામાં આવી રહ્યો છે.

ભાજપ મુખ્ય પ્રોજેક્ટો અને અનેક કંપનીનાં વડાંમથક મુંબઈમાંથી ગુજરાત અને દિલ્હીમાં ખસેડી રહ્યો છે. આને કારણે મહારાષ્ટ્રની અર્થવ્યવસ્થા પર નકારાત્મક અસર થશે. જો મુંબઈનો આધાર જ કમજોર કરવામાં આવે તો મુંબઈને કઈ રીતે લાભ થશે. ઝારખંડ અને વારાણસી (ઉત્તર પ્રદેશ)ના લોકો પણ નવા પ્રોજેક્ટો અન્ય રાજ્યને બદલે ગુજરાતમાં કેમ જઈ રહ્યા છે એવું પૂછી રહ્યા છે.

સરકાર બૃહદમુંબઈ ઈલેક્ટ્રિક સપ્લાય એન્ડ ટ્રાન્સપોર્ટ (બેસ્ટ) ઉપક્રમની બસ સેવા પર પણ આર્થિક તાણ લાવી રહી છે, જે કાફલો 4000 પરથી ઘટીને હવે 1500થી 2000 પર આવી ગયો છે. 2027 સુધી અમે 10,000 ઈલેક્ટ્રિક બસ રજૂ કરવાની યોજના બનાવી હતી, જેમાં 900 ડબલ ડેકર બસનો સમાવેશ થતો હતો. જોકે હવે લાલ બસ ગાયબ થઈ રહી છે. લાલ બસ મુંબઈનું પ્રતિક છે, પરંતુ જાહેરાતના હોર્ડિંગમાં હવે તેને તમે ઓળખી નહીં શકશો, એમ વરલી મતવિસ્તારના વિધાનસભ્ય આદિત્યએ જણાવ્યું હતું.

કોર્પોરેટ કંપનીઓ દ્વારા જમીનો પચાવી પાડવામાં આવી રહી છે, જે મુદ્દા તરફથી લોકોનું ધ્યાન વિચલિત કરવા માટે વ્યાપક વ્યૂહરચનાના ભાગરૂપ જાહેર પરિવહનની સ્થિતિ કમજોર કરવામાં આવી રહી છે. સરકાર રિડેવલપમેન્ટને નામે મુંબઈની મોટી મોટી જમીનો અદાણી ગ્રુપને આપી રહી છે. ધારાવી રિડેવલપમેન્ટ પ્રોજેક્ટથી 1.5 લાખ પરિવારો વિસ્થાપિત થશે, જેઓ મુંબઈ છોડી જવા મજબૂર બનશે. નિવાસીઓને ફક્ત 305 ચો.ફૂટનાં ઘરો અપાશે. તેમની આજીવિકા છિનવાઈ જશે. આ રિડેવલપમેન્ટ નથી, પરંતુ શોષણ છે.ધારાવી સૌથી સઘન વસતિ ધરાવતો શહેરી વિસ્તાર છે, જે ઝૂંપડપટ્ટીમાં નિવાસી અને વેપારી એકમો પણ છે.

पद गेले, पण मुंबई खड्डेमुक्त झाली नाही आदित्य ठाकरेंचा एकनाथ शिंदेंना टोला

मुंबई - आगामी मुंबई महानगरपालिका निवडणुकीच्या पार्श्वभूमीवर शिवसेना ठाकरे गटाचे निर्धार शिबिर रविवारी (९ मार्च) ईशान्य मुंबईतील कालिदास नाट्यगृहात पार पडले. या शिबिरात ठाकरेंच्या युवा सेनेचे प्रमुख आदित्य ठाकरे यांनी उपमुख्यमंत्री एकनाथ शिंदे यांची मिमिक्री करत जोरदार हल्लाबोल केला. जुने भाजपवाले अजूनही सांगतात की, आपले सरकार आले कसे? असे म्हणत त्यांनी भाजपवरही निशाणा साधला. तसेच लोकसभा निवडणुकीतील यश आणि विधानसभा निवडणुकीतील पराभवावरही आदित्य ठाकरेंनी भाष्य केले आहे. एकनाथ शिंदेंवर घणाघाती प्रहार करताना आदित्य ठाकरे यांनी मुंबईतील रस्त्यांवरील खड्ड्यांचा मुद्दा उपस्थित केला. पद (मुख्यमंत्री) गेले, पण मुंबई खड्डेमुक्त झाली नाही, असा टोला आदित्य ठाकरेंनी शिंदेंना उद्देशून लगावला.

निर्धार शिबिरात बोलताना आदित्य ठाकरे म्हणाले की, मास्टर क्लास झाल्यानंतर आपण काय बोलायचे? दिवाकर रावते यांनी आमच्या चार पिढ्यांसोबत काम केले आहे. त्यांच्यासोबत सभागृहामध्ये काम करण्याची संधी मिळाली. सुभाष देसाई यांचा अनुभव मला हा दावोसला आला होता. उद्धव साहेब मुख्यमंत्री असताना सुभाष देसाई यांनी पक्षात जबाबदारी घेतली. राजन विचारे यांच्यावर किती दबाव आहे, हे सर्वांनी सांगितले. राजन विचारेंना त्रास दिला, पण उभे राहिले.

आदित्य ठाकरे पुढे म्हणाले की, लोकसभेत आपले यश आपण मानतो. त्यानंतर पदवीधर आणि सिनेट निवडणूक आपण जिंकलो. विधानसभा निवडणुकीत व्होटर फ्रॉड झाला तो आपण समोर आणत आहोत. इथून पुढे मुंबई, ठाणे, नागपूरला जाऊन लोकांना समजावून सांगितले पाहिजे.

मुंबईत अनेक कामे आपण केली आहेत. त्याचे उद्घाटन हे आता करत आहेत. कोस्टलला कुठेही मला उभे करा, मी इंचाइंचाची माहिती देऊ शकतो. कोस्टल रोड झाल्यामुळे दीड तासाचा वेळ पंधरा मिनिटांवर आला आहे. विधानभवनात जाताना मी उद्धव साहेबांना सांगतो की, तुमच्यामुळे मी विधानसभेत लवकर पोहोचू शकतो. कोस्टल रोडचे काम लवकर पूर्ण झाले पाहिजे होते. माझे दुःख एवढे आहे की, पाच वर्षे आपले सरकार राहिले असते, तर मुंबईचा आणखी विकास झाला असता, असेही आदित्य ठाकरे यांनी म्हटले. माझा लढा या टक्केवारीविरोधात आहे. मुंबईला विकणाऱ्या भाजपविरोधात आहे. गेल्या दोन वर्षांत मिंधे सरकार आणि भाजप सरकारच्या काळात पालिका रुग्णालयात औषध मिळत नाही. खेकडेफेम मंत्र्यांनी किती घोटाळे केले? हे तुम्हाला माहिती आहेच, असेही आदित्य ठाकरेंनी सांगितले. मी कोणाला मुंबई लुटू देणार नाही. नवी मुंबई विमानतळ होतोय, पण त्याला अजूनही दि. बा. पाटील यांचे नाव दिलेले नाही. काही दिवसांनी तेही अदानीकडे दिले जाईल, पण आपण हे होऊ देणार नाही. तुम्हाला नगरसेवक पदाची तिकिटे दिली जातील. पदे विकली जातील. पण मी एकटा लढेन. लढताना रक्तबंबाळ झालो तरी चालेल, पण मुंबईसाठी लढणार एवढे नक्की. असेच शिबिर सत्ताधारी नगरसेवकांचे घ्यायचे असेल तर आपल्याला लढायला हवे, असे आवाहन आदित्य ठाकरेंनी शिवसैनिकांना केले.

તમામ 170 પેસેન્જરને સુરક્ષિત નીચે ઉતારાયા

દિલ્હીથી આવેલી ફ્લાઈટને બર્ડહિટ, નોઝનો ભાગ ડેમેજ

દિલ્હીની પરત ટ્રીપ માટે બીજું વિમાન મગાવવું પડ્યું

ભાવિન પટેલ | અમદાવાદ

ઈન્ડિગોની રવિવારે દિલ્હીથી અમદાવાદ આવતી ફ્લાઈટને જોરદાર બર્ડહિટ થયું હતું. જેના કારણે આ ફ્લાઈટને અન્ય એરપોર્ટ પર ડાઈવર્ટ કરવાના બદલે અમદાવાદ એરપોર્ટ પર લવાઈ હતી. 170 બેઠેલા તમામ પ્રવાસીને સુરક્ષિત રીતે નીચે ઉતારાયા હતા. એક્રાફ્ટને ટેકનિશિયનોએ ચેક કરતા વિમાનનો આખો આગળનો (નોઝ) ભાગ ડેમેજ થઈ ગયો હતો. ફ્લાઈટ ઉડાન ભરે તેમ ન હોવાથી રદ કરાઈ હતી.

આ ફ્લાઈટ બપોરે અમદાવાદથી દિલ્હી માટે ટેકઓફ થવાની હોવાથી 160 પેસેન્જરો બપોરે 12 વાગે પહોંચી ગયા હતા. દરમિયાન એરલાઈનના ગ્રાઉન્ડ સ્ટાફે એનાઉન્સ કર્યું કે આ ફ્લાઈટમાં ટેકનિકલ ખામી સર્જાઈ હોવાથી ગ્રાઉન્ડ કરાયું છે જેથી હવે બીજી ફ્લાઈટ દિલ્હીથી આવશે. આજ ફ્લાઈટમાં ઘણાંય પેસેન્જરો ઈન્ટરનેશનલ કનેક્ટિંગવાળા સવાર હોવાથી અટવાઈ પડ્યા હતા.

એરલાઈનને દિલ્હીથી બીજી ફ્લાઈટ મંગાવીને અમદાવાદ એરપોર્ટ પર સાંજે 6.10 વાગે લેન્ડ થયા બાદ 7.14 કલાકે દિલ્હી માટે રવાના થઈ હતી.

30 હજાર ફૂટ ઊંચે ફ્લાઈટનું એન્જિન ફેલ

એર ઈન્ડિયાની શનિવારે રાત્રે મુંબઈથી દિલ્હી માટે રવાના થયેલી ફ્લાઈટ 30 હજાર ફૂટ ઊંચે હતી ત્યારે એન્જિન ફેલ થઈ ગયું હતું. પેસેન્જરની સુરક્ષાના કારણોસર પાઈલોટે તાત્કાલિક એટીસીનો સંપર્ક કરીને ફ્લાઈટને અમદાવાદ એરપોર્ટ પર ડાઈવર્ટ કરવાની ફરજ પડી હતી. ફ્લાઈટમાં સવાર 126 થી વધુ પેસેન્જરો રીતસરના ગભરાઈ ગયા હતા. ફ્લાઈટ ઉડાન ભરે તેવી સ્થિતિમાં ન હોવાથી ગ્રાઉન્ડ કરવામાં આવી હતી.

RISK-OFF SENTIMENT

- Risky assets weighing on

Markets look to global factors, rely on upcoming Q4 corporate earnings

CHERUKURI KUTUMBA RAO

DESPITE volatile global markets due to uncertainty around US trade policy and flat macroeconomic data on the home front; the Indian market snapped three week losing streak to record biggest weekly gain in 2025 in the week ended. BSE Sensex index added 1,134.48 points or 1.54 per cent to end at 74,332.58, and Nifty rose 427.8 points or 1.93 percent to finish at 22,552.50. Pullback from oversold conditions saw the BSE Mid-cap Index add 3.3 percent and the BSE Small-cap index rise nearly six per cent. FIIs continued their selling in the current month also as they sold equities worth Rs15,501.57 crore during the week ended. Continuing their support, DIIs bought equities worth Rs20,950.89 crore. The cumulative FII equity outflows for 2025 have already reached over Rs1.30 lakh crore, reflecting a sustained risk-off sentiment among foreign investors. The continued outperformance of Chinese equities has been a key factor diverting FII flows from India. Chinese stocks have seen big buying triggered by attractive valuations and expectations from the recent positive initiatives by the Chinese government towards their big businesses. However, there are now signs of slight decline in the intensity of FII selling in the last few trading sessions indicating stabilization in Indian equities if macroeconomic conditions improve. Investors are cautious as they watch global factors and rely on the upcoming Q4 corporate earnings to assess whether foreign investor sentiment will turn favourable in the coming months. Escalating trade tensions, coupled with signs of weakness in the US economy, weighed on risky assets, while most commodities found relief due to bullish growth estimates from China and a sharp weakness in the US dollar.

The Indian rupee added 63 paise to end at 86.88 per dollar during the week ended, one of its best weeks in recent times. International crude oil prices have hit a six-month low following OPEC+'s decision to increase production and persistent growth concerns in the US A decline in crude prices is beneficial for India, a major oil importer, as it helps curb inflation and improves corporate profit margins, particularly for energy-intensive industries. All the sectoral indices ended in the green with Nifty Metal index surged 8.6 percent, Nifty Media index added 7.3 percent, Nifty Energy index rose six per cent, Nifty Oil & Gas index jumped 5.3 percent and Nifty PSU Bank index added 5 per cent. The market capitalization (mcap) of BSE-listed companies rose more than Rs14 lakh crore. Weekend comments from Finance Minister over changes in GST may provide succour to beleaguered bulls. During next fortnight, the release of the Index of Industrial Production (IIP) and Consumer Price Index (CPI) inflation data will provide insights into economic momentum of Indian economy. Additionally, investors will track US inflation data, non-farm payroll figures, and developments on US trade tariffs, all of which could impact global market sentiment.

MOST COMMODITIES FOUND RELIEF DUE TO BULLISH GROWTH ESTIMATES FROM CHINA AND A SHARP WEAKNESS IN THE US DOLLAR

Quote of the week

It's not how much money you make, but how much money you keep, how hard it works for you, and how many generations you keep it for

— Robert Kiyosaki

If you're a millionaire by the time you're 30, but blow it all by age 40, you've gained nothing. Grow and protect your investment portfolio by carefully diversifying it, and you may find yourself funding many generations to come.

F&O / SECTOR WATCH

Mirroring the bounce-back in the cash market, the derivatives market witnessed a sharp rebound from lower levels accompanied by robust volumes and ended the week on a positive note. Nifty snapped three week losing streak, but the Bank Nifty ended nearly unchanged over the week. Expectedly, the Metal and PSU segments were among top gainers. In the options segment, highest Call Open Interest was seen at 23,000 followed by 23,500. Marginal Put writing was observed at 22,500 strike, while Call writers seen shifting at 22,800 strike with highest Open Interest concentration. Implied Volatility (IV) for Nifty's Call options settled at 12.73 per cent, while Put options concluded at 13.20 per cent. The India VIX, a key market volatility indicator, closed the week at 13.73 per cent. The Put-Call Ratio of Open Interest (PCR OI) stood at 1.17 for the week. For markets to rise from here on, a possible trigger could be resurgence in buying interest in major banking stocks, which have mostly remained on the side-lines during the recent rebound.

In near term, the Nifty has a major support now in the band of 22,300-22,000 and for Bank Nifty 48,000-47,800 zone would act as a support area. Expect the heightened volatility to continue with global uncertainties weighing on sentiments. Fresh short selling is not advised for present; advise traders to maintain positive bias with cautious stance.

Stocks looking good are Adani Energy, Eicher Motors, IIFL, Jindal Steel, SRF, Tata Technologies and Marico. Stocks looking weak Apollo Hosp, AU Bank, Balakrishna Inds, Jubilant Foods, Policybazar, MCX and Paytm.

सुप्रीम कोर्ट से अडानी ग्रुप को मिली राहत

धारावी प्रोजेक्ट पर रोक लगाने से इंकार किया, जानें पूरा मामला

नई दिल्ली, 9 मार्च. दुबई की कंपनी सेक्लिंक टेक्नोलॉजीज कॉर्प ने इस प्रोजेक्ट को अडानी ग्रुप को देने के महाराष्ट्र सरकार के फैसले को चुनौती दी थी. इसी के बाद यह मामला सुप्रीम कोर्ट पहुंचा. इसे एशिया का सबसे बड़ा शहरी पुनर्वास कार्यक्रम माना जा रहा है.

मुख्य न्यायाधीशसंजीव खन्ना की अध्यक्षता वाली पीठ ने सेक्लिंक से यह सुनिश्चित करने को कहा है कि उसकी 8,640 करोड़ रुपये की बोली अडानी की 5,069 करोड़ रुपये की बोली से काफी ज्यादा है.हालांकि कोर्ट ने यह भी स्पष्ट किया कि सेक्लिंक को अडानी की ओर से पहले से तय की गई सभी शर्तों का पालन करना होगा. इनमें रेलवे को 1000 करोड़ रुपये का लीज भुगतान, 2800 करोड़ रुपये का क्षतिपूर्ति

ડીઆરઆઈએ ₹3.40 કરોડના હીરાના આઠ પેકેટ જપ્ત કર્યાં

એર એશિયાની ફ્લાઈટમાં સોનું-હીરાની દાણચોરી કરનાર ઝડપાયો

- ત્રણ દિવસમાં હીરાની દાણચોરી પકડાયાની બીજી ઘટના બાદ કસ્ટમ વિભાગ એલર્ટ થયું

નવગુજરાત સમય > અમદાવાદ

અમદાવાદના સરદાર વલ્લભભાઈ પટેલ આંતરરાષ્ટ્રીય એરપોર્ટ બેંગકોકના ડોન મુઆંગથી એર એશિયાની ફ્લાઈટમાં દાણચોરીના હીરા અને સોનું અન્ડરવેરમાં છુપાવીને લાવતા અમરેલીના જય હિતેશકુમાર બાંભરોલિયાની ડીઆરઆઈએ ધરપકડ કરી છે. પકડાયેલા જય હિતેશકુમાર બાંભરોલિયાને બેંગકોકમાં રહેતા પિયુષ પરસોતમભાઈબરવલિયાએ અંડરવેરમાં છુપાવીને લઈ જવા માટે આપ્યા હતા. ડીઆરઆઈએ જય હિતેશકુમાર પાસેથી રૂ.૩.૪૦ કરોડના હીરાના આઠ પેકેટ અને સફેદ રોડિયમથી કોટેડ બેલ્ટ બકલ ૧૫૦ ગ્રામ વજનના મળી આવ્યા હતા. ડીઆરઆઈએ આરોપી જયનું કસ્ટમ એકટ મુજબ નિવેદન લઈને જેલમાં મોકલી આપ્યો છે. ઉલ્લેખનીય છે કે, સુરતના નવનીત મકવાણા પાસેથી દક્ષી માર્ચના રોજ ૩.૫૩ કરોડના હીરાના પેકેટ ડીઆરઆઈએ પકડ્યા હતા. આમ હવે અમદાવાદ એરપોર્ટ ઉપર ત્રણ દિવસમાં હીરા પકડાયાના બીજી ઘટના બનતા ડીઆરઆઈ અને કસ્ટમ અધિકારીઓએ સઘન ચેકિંગ ચાલુ કરી દીધુ છે.ડીઆરઆઈના અધિકારીઓને માહિતી મળી હતી કે, એર એશિયાની ફ્લાઈટમાં દાણચોરીના હીરા અને સોનું મુસાફર લાવી રહ્યો છે. તેના આધારે અમદાવાદના ટર્મિનલ ૨ ખાતેના આગમન હોલના ગ્રીન ચેનલ વિસ્તાર નજીક તમામ મુસાફરો પર ગુપ્ત રીતે નજર રાખી હતી. આ સમયે જય હિતેશકુમાર બાંભરોલિયાને ગ્રીન ચેનલ પાસે સ્થાપિત ડોર ફ્રેમ મેટલ ડિટેક્ટર મશીનમાંથી પસાર કરવામાં આવ્યા હતા. જો કે, તે વખતે કોઈ બીપ અવાજ સંભળાયો નહોતો. પછી બેગેજ સ્કીનિંગ મશીનમાંથી બેલ્ટ અને પર્સ ધરાવતી પ્લાસ્ટિક ટ્રે પસાર કરતા બેલ્ટ બકલમાં વાંધાજનક ધાતુ દેખાતી હતી. આ પછી જય બાંભરોલિયાની પૂછપરછ કરતા અંડરવેરમાં હીરાના આઠ પેકેટ અને ૧૫૦ ગ્રામ સફેદ રોડિયમથી કોટેડ બેલ્ટ બકલ મળી આવ્યુ હતુ. ડીઆરઆઈના અધિકારીઓએ જય હિતેશકુમારની પુછપરછ કરતા બેંગકોકમાં પીયૂષ બરવલિયાએ હીરાના પેકેટ અને સોનું અંડરવેરમાં છુપાવીને લઈ જવા માટે આપ્યા હતા. ડીઆરઆઈએ જયનો મોબાઈલ કબજે કરીને તેના વોટસએપ મેસેજોના આધારે તપાસ ચાલુ કરી છે.

ડીઆરઆઈનાં સૂત્રોએ જણાવ્યું કે, છેલ્લા ત્રણ દિવસમાં જપ્ત કરવામાં આવેલા ડાયમંડની વેલ્યૂ સાત કરોડ થવા જાય છે, પરંતુ અત્યાર સુધીમાં કેટલા ડાયમંડ કેરીયરો લાવ્યા તેની તપાસ બાદ માહિતી બહાર આવશે. અમદાવાદનું ઈન્ટરનેશનલ એરપોર્ટ દાણચોરીનું હબ બની જતાં અમદાવાદના ઈન્ટરનેશનલ એરપોર્ટનો ડીઆરઆઈ અને કસ્ટમ સ્ટાફ એલર્ટ થઈ ગયો છે.

Since the index is now sustaining on a daily and weekly closing basis above its recent resistance of 22450 the same is likely to act as support for an extension of the current leg northwards for targets of 22885/23100. નવા AOCC માં APOC (એરપોર્ટ ઓપરેશન્સ કંટ્રોલ) નું એરપોર્ટ-વિશિષ્ટ ઉદાહરણ છે. તે એરસાઇડ સિચ્યુએશનલ અવેરનેસ ટર્મિનલ સિચ્યુએશનલ અવેરનેસ, ડેટા અને વિડીયો ફીડ્સ, ઓન-ગ્રાઉન્ડ એનાલિટિક્સ, પ્રિડિક્શન કેપેબિલિટી, એરસાઇડ અને ટર્મિનલ સાઇડમાં નિરીક્ષણનો રીઅલ ટાઇમ વ્યૂ, એસેટ ટ્રેકિંગ અને હેલ્થ મોનિટરિંગ જેવી સુવિધાઓ સાથે એરપોર્ટ કામગીરીને ટેકો આપશે. aviio પ્લેટફોર્મ AAHL ના તમામ વર્તમાન સાત એરપોર્ટ તેમજ નવી મુંબઈ ખાતેના તેના આગામી એરપોર્ટને પૂરી પાડશે.

ಸೆಬಿ 'ಮಿತ್ರ' ಹೂಡಿಕೆದಾರರಿಗೆ ಆಪ್ತ

ಬಂಡವಾಳ ಮಾರುಕಟ್ಟೆ

ಕಾವ್ಯ ಡಿ.

ಹೂಡಿಕೆ ಮಾಡಿ ಮೆರೆತು ಹೋಗಿರುವ, ಚಾಲ್ತಿಯಲ್ಲಿ ಇರದೆ ನಿಷ್ಕ್ರಿಯಗೊಂಡಿರುವ ಹಾಗೂ ವಾರಸುದಾರರನ್ನು ಪತ್ತೆ ಹಚ್ಚಲು ಸಾಧ್ಯವಾಗದ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ (ಎಂ.ಎಫ್) ಹೂಡಿಕೆ ಖಾತೆಗಳ ಪತ್ತೆಗೆ ಅನುವಾಗುವಂತೆ ಭಾರತೀಯ ಪೇರುಪೇಟೆ ನಿಯಂತ್ರಣ ಮಂಡಳಿಯು (ಸೆಬಿ) 'ಮಿತ್ರ' ಹೆಸರಿನ ವೇದಿಕೆಯನ್ನು ರೂಪಿಸಿದೆ.

ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಇನ್‌ವೆಸ್ಟ್‌ಮೆಂಟ್ ಟ್ರೇಸಿಂಗ್ ಮತ್ತು ರಿಟ್ರೀವಲ್ ಅಸಿಸ್ಟೆಂಟ್ ಎಂಬುದು 'ಮಿತ್ರ'ದ ವಿಸ್ತೃತ ರೂಪ. ಹಲವಾರು ಹಳೆಯ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಖಾತೆಗಳು ಚಾಲ್ತಿಯಲ್ಲಿರದ ಕಾರಣ ಹೂಡಿಕೆದಾರರು ಅಥವಾ ಅವರ ವಾರಸುದಾರರು ಹಣ ಪಡೆಯುವುದು ಕಷ್ಟಕರವಾಗಿದೆ. ಸೆಬಿ ಪ್ರಕಾರ ಬರೋಬ್ಬರಿ ₹500 ಕೋಟಿ ಮೊತ್ತವು ಯಾರೂ ದಿಕ್ಕಿಲ್ಲದ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಕಂಪನಿಗಳ ಬಳಿ ಕೊಳೆಯುತ್ತಿದೆ.

ಅಂತಹ ಕ್ಲೇಮು ಮಾಡದ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳನ್ನು ಪತ್ತೆ ಹಚ್ಚಲು ಮತ್ತು ದುಡ್ಡನ್ನು ಅರ್ಹರು ಮರಳಿ ಪಡೆದುಕೊಳ್ಳಲು 'ಮಿತ್ರ' ನೆರವಿಗೆ ಬರುತ್ತದೆ. ಅಲ್ಲದೆ, ಕೆವೈಸಿ ಪೂರ್ಣಗೊಳಿಸದ, ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಖಾತೆಗಳನ್ನು ಅಪ್‌ಡೇಟ್ ಮಾಡಿ ಸಂಭಾವ್ಯ ವಂಚನೆ ತಪ್ಪಿಸಲು ಸಹ ಸಹಾಯ ಮಾಡಲಿದೆ.

ಮಿತ್ರ ಪೋರ್ಟಲ್ ಏಕೆ ಆಗತ್ಯ?: ಆರಂಭಿಕ ಹಂತಗಳಲ್ಲಿ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳ ಡಿಜಿಟಲೀಕರಣ ಆಗಿರಲಿಲ್ಲ. ಪತ್ರದ ರೂಪದಲ್ಲಿ ಹೂಡಿಕೆ ದಾಖಲೆಗಳನ್ನು ಹೂಡಿಕೆದಾರನಿಗೆ ನೀಡಲಾಗುತ್ತಿತ್ತು. ತಂತ್ರಜ್ಞಾನದ ಬೆಳವಣಿಗೆ ಮತ್ತು ಕೆವೈಸಿ ಪದ್ಧತಿ ಪರಿಚಯಿಸಿದ ನಂತರ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆ ಕಂಪನಿಗಳು ಡಿಜಿಟಲ್ ದಾಖಲೆಗಳ ವಿತರಣೆಗೆ ಮುಂದಾದವು.

ಆದರೆ, ಅನೇಕರು ತಂತ್ರಜ್ಞಾನದ ಆಳವಡಿಕೆ ನಂತರವೂ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳ ಕೆವೈಸಿ ಮತ್ತು ಡಿಜಿಟಲೀಕರಣ ಮಾಡಿಕೊಳ್ಳಲಿಲ್ಲ. ಇದರ ಪರಿಣಾಮ ಹಲವರಿಗೆ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆ ವಿವರವನ್ನು ಟ್ರ್ಯಾಕ್ ಮಾಡಲು ಸಾಧ್ಯವಾಗುತ್ತಿಲ್ಲ. ಅಲ್ಲದೆ, 10 ವರ್ಷಕ್ಕಿಂತಲೂ ಹೆಚ್ಚಿನ ಕಾಲದಿಂದ ವಹಿವಾಟು ನಡೆಸದ ಹಲವು ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಖಾತೆಗಳು ನಿಷ್ಕ್ರಿಯವಾಗಿವೆ. ಅವೆಲ್ಲವನ್ನೂ ಪತ್ತೆ ಮಾಡಬೇಕಾದರೆ 'ಮಿತ್ರ' ಪೋರ್ಟಲ್ ನೆರವಾಗುತ್ತದೆ.

ಹೂಡಿಕೆ ಪತ್ತೆ ಹೇಗೆ?: ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಸೆಂಟ್ರಲ್ ಡಾಟ್ ಕಾಂಗೆ (https://www.mfcentral.com/) ಭೇಟಿ ನೀಡಿದರೆ ಅಲ್ಲಿ 'ಮಿತ್ರ' ಎನ್ನುವ ಹೈಪರ್ ಲಿಂಕ್ ಇದೆ. ಅದರ ಮೇಲೆ ಕ್ಲಿಕ್ ಮಾಡಿದರೆ ನಿಮ್ಮ ಪ್ಯಾನ್ ಕಾರ್ಡ್ ನಂಬರ್ ಮತ್ತು ಮೊಬೈಲ್ ನಂಬರ್ ನಮೂದಿಸುವಂತೆ ಕೇಳುತ್ತದೆ. ಮೊಬೈಲ್ ನಂಬರ್ ನಮೂದಿಸಿದ ನಂತರ ನಿಮ್ಮ ಮೊಬೈಲ್‌ಗೆ ಬರುವ ಒಟಿಪಿ ನಮೂದಿಸಿದರೆ 'ಮಿತ್ರ' ಪೋರ್ಟಲ್‌ಗೆ ನೀವು ಲಾಗಿನ್ ಆಗುತ್ತೀರಿ.

ಮೊದಲನೇ ಬಾಕ್ಸ್‌ನಲ್ಲಿ ಹೂಡಿಕೆದಾರರ ಹೆಸರನ್ನು ಬರೆಯಬೇಕಾಗುತ್ತದೆ. ಹೂಡಿಕೆದಾರರ ಪ್ಯಾನ್ ನಂಬರ್, ಇ-ಮೇಲ್ ವಿಳಾಸ, ಮೊಬೈಲ್ ನಂಬರ್, ಹುಟ್ಟಿದ ದಿನಾಂಕ, ಬ್ಯಾಂಕ್ ಖಾತೆ ಸಂಖ್ಯೆ, ಪ್ಯಾನ್ ಎಕ್ಸೆಂಪ್ಟ್ ಕೆವೈಸಿ ರೆಫರೆನ್ಸ್ ನಂಬರ್ (ಪಿಕೆಆರ್‌ಎನ್) ಬಳಸಿ ಹುಡುಕಲು ಸಾಧ್ಯವಿದೆ.

ಹೂಡಿಕೆದಾರರ ವಿಳಾಸ ಗೊತ್ತಿದ್ದರೆ ವಿಳಾಸ, ಇಲ್ಲ ನಾಮಿನಿ ಹೆಸರು, ಅದೂ ಗೊತ್ತಿಲ್ಲ ಅಂದರೆ ನಗರ ಅಥವಾ ಪಿನ್‌ಕೋಡ್ ನಮೂದಿಸಬಹುದಾಗಿದೆ. ಒಂದೊಮ್ಮೆ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಯ ಫೋಲಿಯೊ ನಂಬರ್ ಇದ್ದರೆ ಅಥವಾ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆ ಮಾಡಿರುವ ಕಂಪನಿಯ ಹೆಸರು ಗೊತ್ತಿದ್ದರೆ ನಮೂದಿಸಬಹುದಾಗಿದೆ. 'ಮಿತ್ರ'ದಲ್ಲಿ ಕಳೆದು ಹೋಗಿರುವ, ನಿಷ್ಕ್ರಿಯವಾಗಿರುವ ನಿಮ್ಮದೇ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳು ಅಥವಾ ಬೇರೆಯವರು ಕಳೆದುಕೊಂಡಿರುವ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಯನ್ನು ಹುಡುಕಲು ಸಾಧ್ಯವಿದೆ.

ಒಬ್ಬ ವ್ಯಕ್ತಿ ಲಾಗಿನ್ ಆದರೆ ಗರಿಷ್ಠ 25 ಬಾರಿ ಹುಡುಕಾಟ ನಡೆಸಲು ಅವಕಾಶ ನೀಡಲಾಗಿದೆ. ನಿಮ್ಮ ಅಥವಾ ನಿಮ್ಮವರ ಹೆಸರಿನಲ್ಲಿ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಇದೆ ಎನ್ನುವ ಸಂದೇಶ ಬಂದರೆ ಪ್ಯಾನ್ ನಂಬರ್, ವಿಳಾಸ ದೃಢೀಕರಣ, ಆಧಾರ್, ಫೋಟೊ, ಬ್ಯಾಂಕ್ ಪಾಸ್‌ಬುಕ್ ಸೇರಿದಂತೆ ಇನ್ನಿತರ ಸೂಚಿತ ದಾಖಲೆಗಳೊಂದಿಗೆ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಕಚೇರಿ, ಕೇಫಿನ್ ಕಚೇರಿ ಅಥವಾ ಕ್ಯಾಮ್ಸ್ ಕಚೇರಿಗೆ ಭೇಟಿ ನೀಡಬೇಕಾಗುತ್ತದೆ. ಎಲ್ಲಾ ದಾಖಲೆಗಳನ್ನು ಪರಿಶೀಲಿಸಿದ ಬಳಿಕ ನಿಮ್ಮ ಹೂಡಿಕೆಯಿಂದ ಬರಬೇಕಾದ ಮೊತ್ತ ನಿಮಗೆ ಲಭಿಸುತ್ತದೆ.

ಜಾಗತಿಕ ಮಾರುಕಟ್ಟೆಗಳಲ್ಲಿ ಕಂಡು ಬರುತ್ತಿರುವ ಮಂದಗತಿಯ ವಹಿವಾಟು, ಅಮೆರಿಕ ಅಧ್ಯಕ್ಷ ಡೊನಾಲ್ಡ್ ಟ್ರಂಪ್ ಕೆನಡಾ, ಮೆಕ್ಸಿಕೊ ಮತ್ತು ಚೀನಾ ಮೇಲೆ ಸುಂಕ ಸಮರ ಸಾರಿರುವುದು, ಅದಕ್ಕೆ ಪ್ರತಿಯಾಗಿ ಚೀನಾ, ಕೆನಡಾ ದೇಶಗಳು ಅಮೆರಿಕದ ಮೇಲೆ ಸುಂಕ ಹಾಕಿರುವುದು ಸೇರಿದಂತೆ ಹಲವು ಅಂಶಗಳು ಮಾರುಕಟ್ಟೆಯ ಮೇಲೆ ಪರಿಣಾಮ ಬೀರುತ್ತಿವೆ.

ವಲಯವಾರು ಪ್ರಗತಿಯಲ್ಲಿ ಲೋಹ ಶೇ 8.61, ಮಾಧ್ಯಮ ಶೇ 7.36, ಎನರ್ಜಿ ಶೇ 5.9, ಸರ್ಕಾರಿ ಸ್ವಾಮ್ಯದ ಬ್ಯಾಂಕ್ ಶೇ 4.94, ಫಾರ್ಮಾ ಶೇ 2.85, ಆಟೊ ಶೇ 2.49, ಎಫ್‌ಎಂಸಿಜಿ ಶೇ 2.37, ರಿಯಲ್ ಎಸ್ಟೇಟ್ ಶೇ 2.31, ಮಾಹಿತಿ ತಂತ್ರಜ್ಞಾನ ಶೇ 1.35, ಸರ್ವಿಸಸ್ ಶೇ 0.88, ಫೈನಾನ್ಸ್ ಶೇ 0.47 ಮತ್ತು ಬ್ಯಾಂಕ್ ಶೇ 0.32ರಷ್ಟು ಗಳಿಸಿಕೊಂಡಿವೆ.

ಮುನ್ನೋಟ: ಅಮೆರಿಕದ ಸುಂಕ ಸಮರದಿಂದ ಜಾಗತಿಕವಾಗಿ ಮಾರುಕಟ್ಟೆಗಳು ಅನಿಶ್ಚಿತ ಸ್ಥಿತಿ ಎದುರಿಸುತ್ತಿವೆ. ಈ ಕಾರಣದಿಂದಾಗಿ ಹೂಡಿಕೆದಾರರು ಪೇರುಗಳ ಮೇಲೆ ತೊಡಗಿಸಲು ಹಿಂದೇಟು ಹಾಕುತ್ತಿದ್ದಾರೆ. ಸದ್ಯದ ಪರಿಸ್ಥಿತಿಯಲ್ಲಿ ಭಾರತದ ಮಾರುಕಟ್ಟೆಗಳು ಒಂದಷ್ಟು ಚೇತರಿಕೆ ಕಂಡಿದ್ದರೂ ಅನಿಶ್ಚಿತ ವಾತಾವರಣ ಹೂಡಿಕೆದಾರರನ್ನು ಆತಂಕಕ್ಕೆ ತಳ್ಳಿದೆ. ಮುಂದಿನ ದಿನಗಳಲ್ಲಿ ಕಂಪನಿಗಳ ತ್ರೈಮಾಸಿಕ ಫಲಿತಾಂಶಗಳು ಸಕಾರಾತ್ಮಕವಾಗಿ ಕಂಡುಬಂದರೆ ಪರಿಸ್ಥಿತಿ ಸುಧಾರಿಸುವ ಸಾಧ್ಯತೆಯಿದೆ.

ಸೆಬಿ 'ಮಿತ್ರ' ಹೂಡಿಕೆದಾರರಿಗೆ ಆಪ್ತ

ಬಂಡವಾಳ ಮಾರುಕಟ್ಟೆ

ಕಾವ್ಯ ಡಿ.

ಹೂಡಿಕೆ ಮಾಡಿ ಮೆರೆತು ಹೋಗಿರುವ, ಚಾಲ್ತಿಯಲ್ಲಿ ಇರದೆ ನಿಷ್ಕ್ರಿಯಗೊಂಡಿರುವ ಹಾಗೂ ವಾರಸುದಾರರನ್ನು ಪತ್ತೆ ಹಚ್ಚಲು ಸಾಧ್ಯವಾಗದ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ (ಎಂ.ಎಫ್) ಹೂಡಿಕೆ ಖಾತೆಗಳ ಪತ್ತೆಗೆ ಅನುವಾಗುವಂತೆ ಭಾರತೀಯ ಪೇರುಪೇಟೆ ನಿಯಂತ್ರಣ ಮಂಡಳಿಯು (ಸೆಬಿ) 'ಮಿತ್ರ' ಹೆಸರಿನ ವೇದಿಕೆಯನ್ನು ರೂಪಿಸಿದೆ.

ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಇನ್‌ವೆಸ್ಟ್‌ಮೆಂಟ್ ಟ್ರೇಸಿಂಗ್ ಮತ್ತು ರಿಟ್ರೀವಲ್ ಅಸಿಸ್ಟೆಂಟ್ ಎಂಬುದು 'ಮಿತ್ರ'ದ ವಿಸ್ತೃತ ರೂಪ. ಹಲವಾರು ಹಳೆಯ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಖಾತೆಗಳು ಚಾಲ್ತಿಯಲ್ಲಿರದ ಕಾರಣ ಹೂಡಿಕೆದಾರರು ಅಥವಾ ಅವರ ವಾರಸುದಾರರು ಹಣ ಪಡೆಯುವುದು ಕಷ್ಟಕರವಾಗಿದೆ. ಸೆಬಿ ಪ್ರಕಾರ ಬರೋಬ್ಬರಿ ₹500 ಕೋಟಿ ಮೊತ್ತವು ಯಾರೂ ದಿಕ್ಕಿಲ್ಲದ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಕಂಪನಿಗಳ ಬಳಿ ಕೊಳೆಯುತ್ತಿದೆ.

ಅಂತಹ ಕ್ಲೇಮು ಮಾಡದ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳನ್ನು ಪತ್ತೆ ಹಚ್ಚಲು ಮತ್ತು ದುಡ್ಡನ್ನು ಅರ್ಹರು ಮರಳಿ ಪಡೆದುಕೊಳ್ಳಲು 'ಮಿತ್ರ' ನೆರವಿಗೆ ಬರುತ್ತದೆ. ಅಲ್ಲದೆ, ಕೆವೈಸಿ ಪೂರ್ಣಗೊಳಿಸದ, ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಖಾತೆಗಳನ್ನು ಅಪ್‌ಡೇಟ್ ಮಾಡಿ ಸಂಭಾವ್ಯ ವಂಚನೆ ತಪ್ಪಿಸಲು ಸಹ ಸಹಾಯ ಮಾಡಲಿದೆ.

ಮಿತ್ರ ಪೋರ್ಟಲ್ ಏಕೆ ಆಗತ್ಯ?: ಆರಂಭಿಕ ಹಂತಗಳಲ್ಲಿ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳ ಡಿಜಿಟಲೀಕರಣ ಆಗಿರಲಿಲ್ಲ. ಪತ್ರದ ರೂಪದಲ್ಲಿ ಹೂಡಿಕೆ ದಾಖಲೆಗಳನ್ನು ಹೂಡಿಕೆದಾರನಿಗೆ ನೀಡಲಾಗುತ್ತಿತ್ತು. ತಂತ್ರಜ್ಞಾನದ ಬೆಳವಣಿಗೆ ಮತ್ತು ಕೆವೈಸಿ ಪದ್ಧತಿ ಪರಿಚಯಿಸಿದ ನಂತರ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆ ಕಂಪನಿಗಳು ಡಿಜಿಟಲ್ ದಾಖಲೆಗಳ ವಿತರಣೆಗೆ ಮುಂದಾದವು.

ಆದರೆ, ಅನೇಕರು ತಂತ್ರಜ್ಞಾನದ ಆಳವಡಿಕೆ ನಂತರವೂ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳ ಕೆವೈಸಿ ಮತ್ತು ಡಿಜಿಟಲೀಕರಣ ಮಾಡಿಕೊಳ್ಳಲಿಲ್ಲ. ಇದರ ಪರಿಣಾಮ ಹಲವರಿಗೆ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆ ವಿವರವನ್ನು ಟ್ರ್ಯಾಕ್ ಮಾಡಲು ಸಾಧ್ಯವಾಗುತ್ತಿಲ್ಲ. ಅಲ್ಲದೆ, 10 ವರ್ಷಕ್ಕಿಂತಲೂ ಹೆಚ್ಚಿನ ಕಾಲದಿಂದ ವಹಿವಾಟು ನಡೆಸದ ಹಲವು ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಖಾತೆಗಳು ನಿಷ್ಕ್ರಿಯವಾಗಿವೆ. ಅವೆಲ್ಲವನ್ನೂ ಪತ್ತೆ ಮಾಡಬೇಕಾದರೆ 'ಮಿತ್ರ' ಪೋರ್ಟಲ್ ನೆರವಾಗುತ್ತದೆ.

ಹೂಡಿಕೆ ಪತ್ತೆ ಹೇಗೆ?: ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಸೆಂಟ್ರಲ್ ಡಾಟ್ ಕಾಂಗೆ (https://www.mfcentral.com/) ಭೇಟಿ ನೀಡಿದರೆ ಅಲ್ಲಿ 'ಮಿತ್ರ' ಎನ್ನುವ ಹೈಪರ್ ಲಿಂಕ್ ಇದೆ. ಅದರ ಮೇಲೆ ಕ್ಲಿಕ್ ಮಾಡಿದರೆ ನಿಮ್ಮ ಪ್ಯಾನ್ ಕಾರ್ಡ್ ನಂಬರ್ ಮತ್ತು ಮೊಬೈಲ್ ನಂಬರ್ ನಮೂದಿಸುವಂತೆ ಕೇಳುತ್ತದೆ. ಮೊಬೈಲ್ ನಂಬರ್ ನಮೂದಿಸಿದ ನಂತರ ನಿಮ್ಮ ಮೊಬೈಲ್‌ಗೆ ಬರುವ ಒಟಿಪಿ ನಮೂದಿಸಿದರೆ 'ಮಿತ್ರ' ಪೋರ್ಟಲ್‌ಗೆ ನೀವು ಲಾಗಿನ್ ಆಗುತ್ತೀರಿ.

ಮೊದಲನೇ ಬಾಕ್ಸ್‌ನಲ್ಲಿ ಹೂಡಿಕೆದಾರರ ಹೆಸರನ್ನು ಬರೆಯಬೇಕಾಗುತ್ತದೆ. ಹೂಡಿಕೆದಾರರ ಪ್ಯಾನ್ ನಂಬರ್, ಇ-ಮೇಲ್ ವಿಳಾಸ, ಮೊಬೈಲ್ ನಂಬರ್, ಹುಟ್ಟಿದ ದಿನಾಂಕ, ಬ್ಯಾಂಕ್ ಖಾತೆ ಸಂಖ್ಯೆ, ಪ್ಯಾನ್ ಎಕ್ಸೆಂಪ್ಟ್ ಕೆವೈಸಿ ರೆಫರೆನ್ಸ್ ನಂಬರ್ (ಪಿಕೆಆರ್‌ಎನ್) ಬಳಸಿ ಹುಡುಕಲು ಸಾಧ್ಯವಿದೆ.

ಹೂಡಿಕೆದಾರರ ವಿಳಾಸ ಗೊತ್ತಿದ್ದರೆ ವಿಳಾಸ, ಇಲ್ಲ ನಾಮಿನಿ ಹೆಸರು, ಅದೂ ಗೊತ್ತಿಲ್ಲ ಅಂದರೆ ನಗರ ಅಥವಾ ಪಿನ್‌ಕೋಡ್ ನಮೂದಿಸಬಹುದಾಗಿದೆ. ಒಂದೊಮ್ಮೆ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಯ 'ಫೋಲಿಯೊ ನಂಬರ್' ಇದ್ದರೆ ಅಥವಾ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆ ಮಾಡಿರುವ ಕಂಪನಿಯ ಹೆಸರು ಗೊತ್ತಿದ್ದರೆ ನಮೂದಿಸಬಹುದಾಗಿದೆ. 'ಮಿತ್ರ'ದಲ್ಲಿ ಕಳೆದು ಹೋಗಿರುವ, ನಿಷ್ಕ್ರಿಯವಾಗಿರುವ ನಿಮ್ಮದೇ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳು ಅಥವಾ ಬೇರೆಯವರು ಕಳೆದುಕೊಂಡಿರುವ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಯನ್ನು ಹುಡುಕಲು ಸಾಧ್ಯವಿದೆ.

ಒಬ್ಬ ವ್ಯಕ್ತಿ ಲಾಗಿನ್ ಆದರೆ ಗರಿಷ್ಠ 25 ಬಾರಿ ಹುಡುಕಾಟ ನಡೆಸಲು ಅವಕಾಶ ನೀಡಲಾಗಿದೆ. ನಿಮ್ಮ ಅಥವಾ ನಿಮ್ಮವರ ಹೆಸರಿನಲ್ಲಿ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಇದೆ ಎನ್ನುವ ಸಂದೇಶ ಬಂದರೆ ಪ್ಯಾನ್ ನಂಬರ್, ವಿಳಾಸ ದೃಢೀಕರಣ, ಆಧಾರ್, ಫೋಟೊ, ಬ್ಯಾಂಕ್ ಪಾಸ್‌ಬುಕ್ ಸೇರಿದಂತೆ ಇನ್ನಿತರ ಸೂಚಿತ ದಾಖಲೆಗಳೊಂದಿಗೆ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಕಚೇರಿ, ಕೇಫಿನ್ ಕಚೇರಿ ಅಥವಾ ಕ್ಯಾಮ್ಸ್ ಕಚೇರಿಗೆ ಭೇಟಿ ನೀಡಬೇಕಾಗುತ್ತದೆ. ಎಲ್ಲಾ ದಾಖಲೆಗಳನ್ನು ಪರಿಶೀಲಿಸಿದ ಬಳಿಕ ನಿಮ್ಮ ಹೂಡಿಕೆಯಿಂದ ಬರಬೇಕಾದ ಮೊತ್ತ ನಿಮಗೆ ಲಭಿಸುತ್ತದೆ.

घसरणीला ब्रेक; बाजारात यू टर्नची आशा

सप्टेंबर महिन्याच्या अखेरीस निफ्टीने नोंदवलेल्या २६२७७.३५ या आजपर्यंतच्या सार्वकालीक उच्चांकापासून गेली पाच महिने भारतीय बाजाराने जी भयंकर घसरण अनुभवली, तिचा परमोच्च बिंदू ४ मार्च रोजी २१९६४.६० हा नीचांक होता. २२००० चाही स्तर निफ्टीने तोडला तेव्हा आता मार्केट २०,००० पर्यंत कोसळते की काय, अशी भीती निर्माण झाली. कारण, २६००० पासून २२००० पर्यंत अनेक आधारपातळ्यांचे बुरूज ढासळताना बाजाराने अनुभवले. परंतु, पुढील दोन दिवस निफ्टीने ६५० पॉईंटस्ची जोरदार रॅली दाखवली. (शुक्रवारचा हाय २२६३३.८०) आणि सप्ताहाच्या अखेरीसही निफ्टी २२५०० च्या वर टिकून राहण्यात यशस्वी झाला.

कोणत्या कारणांमुळे बाजाराने असा यू टर्न घेतला ?

१) फेब्रुवारी महिन्यातील GST संकलनामध्ये ९.१ टक्क्यांनी वाढ होऊन ते १.८४ ट्रीलियन रुपयांवर पोहोचले. GST मध्ये वाढ म्हणजे लोकांच्या Consumption मध्ये वाढ.

२) चीनने Stimulus जाहीर केल्यामुळे Asian markets मध्ये तेजी आली. चीनबरोबरच हॉंगकॉंगचा हॅंगसेंग आणि जपानचा निक्केई वाढले.

३) डॉलर आणि क्रूड ऑईलचे दर मागील सप्ताहात घसरले. डॉलरचा दर ८७.४६ वरून ८६.८८ पर्यंत आणि ब्रेन्ट क्रूड ऑईलचा दर ७३.१८ वरून ६९.३० वर आला.

४) आणि सर्वांत महत्त्वाचे कारण म्हणजे अमेरिकेचे कॉमर्स सेक्रेटरी हॉवर्ड लूटनिक यांनी मेक्सिको आणि कॅनडाबरोबर टॅरीफ कमी करण्याबाबत चर्चा केली जाण्याच्या शक्यतेचे सूतोवाच केले.

अनिश्चितता हेच शेअर बाजाराचे सौंदर्य आहे. निफ्टी २२००० च्या खाली गेल्यावर गुंतवणूकदारांना बाजार Oversold वाटला आणि पुढील दोन दिवस गुंतवणूकदारांनी Value Buying साठी झुंबड उडवली. निफ्टी ५० इंडेक्समधील चाळीस शेअर्सनी सप्ताहाअखेरीस तेजीमध्ये Closing दिले. Metal आणि PSU शेअर्सनी तेजीचे नेतृत्व केले. Bel, Tata Steel, BPCL, Hindalco, Adani, Enterprises आणि Adani Ports हे शेअर्स चांगले वधारले.

मिडकॅप निर्देशांक तीन टक्के वाढला. त्यामध्ये India Cements, Adani Energy, Alembic Pharma आणि HPCL हे आघाडीवर राहिले.

Opec या क्रूड ऑईल निर्यात करणाऱ्या देशांच्या संघटनेने एप्रिलपासून ऑईलचे उत्पादन वाढवण्याचा निर्णय घेतला आहे. त्यामुळे ७० डॉलरच्या खाली गेलेले क्रूड ऑईलचे दर नजीकच्या काळात वाढण्याची शक्यता कमी आहे. ज्या उद्योगांमध्ये कच्चा माल म्हणून क्रूड ऑईलचा मुख्यत्वे वापर होतो. त्यामध्ये रंग निर्मिती करणाऱ्या कंपन्या, हवाई वाहतूक कंपन्या, टायर कंपन्या, प्लास्टिक पॉलिमर्स कंपन्या यांचा समावेश होतो. त्यामुळे अल्पकाळासाठी गुंतवणूक किंवा ट्रेडिंग करणाऱ्यांनी पुढील कंपन्यांच्या शेअर्सवर लक्ष ठेवावे. एशियन पेंटस्, बर्जर पेंटस्, इंडिगो, बाळकृष्ण इंडस्ट्रीज, एफआरएफ, सुप्रीम इंडस्ट्रीज, ॲस्ट्रल, कॅन्साई नेरोलॅक पेंटस्, विनती सायन्स & टेक्नॉलॉजी, क्लीन सायन्स & टेक्नॉलॉजी.

परंतु, निफ्टीने आता तळ गाठला आहे आणि इथून पुढे तेजी अवतरेल, असे मानायचे काय? जोपर्यंत ट्रम्प अमेरिकेच्या अध्यक्षपदी आहेत तोपर्यंत बाजारात हेलकावे बसत राहतील. आता JM Financials चा एक रिपोर्ट प्रसिद्ध झाला आहे. त्यानुसार चालू वर्षामध्ये निफ्टीमधील ६० टक्के कंपन्यांचे Earning per Share मोठ्या प्रमाणावर कमी होईल. त्यामध्ये बँक, सिमेंट, कंज्युमर कंपन्यांचा समावेश आहे. ऑईल अँड गॅस कंपन्याही वरील यादीत आहेत. याउलट मेटल, टेलिकॉम, माइनिंग, इन्शूरन्स कंपन्यांचे भवितव्य चालू वर्षासाठी तरी उज्ज्वल आहे, असे हा रिपोर्ट सांगतो.

सर्वाधिक Bullish हा रिपोर्ट भारती एअरटेल वर आहे. मंदीनंतर बाजारात जेव्हा तेजी सुरू होते तेव्हा सर्वांत जास्त तेजी कोणत्या सेक्टर्समध्ये येते? तर ज्या सेक्टरमध्ये गुंतवणूकदारांना Cheap Valuations दिसतात, ज्या सेक्टरमध्ये सरकारचे पाठबळ अधिक मिळणार आहे आणि ज्या सेक्टरमध्ये मागणी वाढल्यामुळे Earnings Growth होणार आहे. त्यामध्ये तेजी सर्वांत प्रथम आणि सर्वांत अधिक येते या दृष्टीने विचार करता जी तीन सेक्टर्स सर्वाधिक तेजीप्रवण दिसतात. त्यामध्ये प्रथम क्रमांकावर आहे. NBFC आणि Micro Loans पुरविणाऱ्या कंपन्या. याचे कारण असे, RBI चे नवनियुक्त गव्हर्नर संजय मल्होत्रा यांनी दोन अतिशय महत्त्वाचे निर्णय घेतले. ज्यामुळे अशा कंपन्यांचे Risk Weightage 125 टक्क्यांवरून १०० टक्क्यांपर्यंत खाली येणार आहे. त्यामुळे रु. ४ लाख करोड इतकी Liquidity या सेक्टरमध्ये निर्माण होईल. याचा फायदा credit Access Grameen, L & T Finance, Ujjivan Small Finance Bank यांना होईल.

ऑटो सेक्टर सध्या २५ टक्के खाली आहे. परंतु, २०२५-२६ बजेटमध्ये Auto Components सेक्टरला शासनाच्या PLI Scheme चा फायदा सर्वाधिक होईल. पूर्वीच्या बजेटमध्ये ही तरतूद ३४६.८७ कोटी रु. होती. ती आता रु. २८१८.५५ कोटींपर्यंत वाढवण्यात आली आहे. हा एक फायदा आणि दुसरी गोष्ट म्हणजे आयकरात मिळणाऱ्या मोठ्या सवलतीमुळे Two Wheelers ची विक्री वाढेल. TVS Motor, Eicher Motor, Bajaj Auto, Heromoto हे शेअर्स या दृष्टीने जरुर अभ्यासावेत.

EMS म्हणजे Electronics Manufacturing Services हे सेक्टर शासनाच्या PLI Scheme चे आणखी एक मोठे लाभार्थी सेक्टर! या सेक्टरचीही तरतूद बजेटमध्ये ५,७७७ कोटी रुपयांवरून ९,००० कोटी रुपये करण्यात आलेली आहे. खालील कंपन्यांना याचा लाभ होईल. Amber Enterprises, Avalon Technologies, Syrma, SGS Technology, PG Electroplast, Kaynes Technology.

परंतु, निफ्टीने आता तळ गाठला आहे आणि इथून पुढे तेजी अवतरेल, असे मानायचे काय? जोपर्यंत ट्रम्प अमेरिकेच्या अध्यक्षपदी आहेत तोपर्यंत बाजारात हेलकावे बसत राहतील. आता JM Financials चा एक रिपोर्ट प्रसिद्ध झाला आहे. त्यानुसार चालू वर्षामध्ये निफ्टीमधील ६० टक्के कंपन्यांचे Earning per Share मोठ्या प्रमाणावर कमी होईल. त्यामध्ये बँक, सिमेंट, कंज्युमर कंपन्यांचा समावेश आहे. ऑईल अँड गॅस कंपन्याही वरील यादीत आहेत. याउलट मेटल, टेलिकॉम, माइनिंग, इन्शूरन्स कंपन्यांचे भवितव्य चालू वर्षासाठी तरी उज्ज्वल आहे, असे हा रिपोर्ट सांगतो.

सर्वाधिक Bullish हा रिपोर्ट भारती एअरटेल वर आहे. मंदीनंतर बाजारात जेव्हा तेजी सुरू होते तेव्हा सर्वांत जास्त तेजी कोणत्या सेक्टर्समध्ये येते? तर ज्या सेक्टरमध्ये गुंतवणूकदारांना Cheap Valuations दिसतात, ज्या सेक्टरमध्ये सरकारचे पाठबळ अधिक मिळणार आहे आणि ज्या सेक्टरमध्ये मागणी वाढल्यामुळे Earnings Growth होणार आहे. त्यामध्ये तेजी सर्वांत प्रथम आणि सर्वांत अधिक येते या दृष्टीने विचार करता जी तीन सेक्टर्स सर्वाधिक तेजीप्रवण दिसतात. त्यामध्ये प्रथम क्रमांकावर आहे. NBFC आणि Micro Loans पुरविणाऱ्या कंपन्या. याचे कारण असे, RBI चे नवनियुक्त गव्हर्नर संजय मल्होत्रा यांनी दोन अतिशय महत्त्वाचे निर्णय घेतले. ज्यामुळे अशा कंपन्यांचे Risk Weightage 125 टक्क्यांवरून १०० टक्क्यांपर्यंत खाली येणार आहे. त्यामुळे रु. ४ लाख करोड इतकी Liquidity या सेक्टरमध्ये निर्माण होईल. याचा फायदा credit Access Grameen, L & T Finance, Ujjivan Small Finance Bank यांना होईल.

ऑटो सेक्टर सध्या २५ टक्के खाली आहे. परंतु, २०२५-२६ बजेटमध्ये Auto Components सेक्टरला शासनाच्या PLI Scheme चा फायदा सर्वाधिक होईल. पूर्वीच्या बजेटमध्ये ही तरतूद ३४६.८७ कोटी रु. होती. ती आता रु. २८१८.५५ कोटींपर्यंत वाढवण्यात आली आहे. हा एक फायदा आणि दुसरी गोष्ट म्हणजे आयकरात मिळणाऱ्या मोठ्या सवलतीमुळे Two Wheelers ची विक्री वाढेल. TVS Motor, Eicher Motor, Bajaj Auto, Heromoto हे शेअर्स या दृष्टीने जरुर अभ्यासावेत.

EMS म्हणजे Electronics Manufacturing Services हे सेक्टर शासनाच्या PLI Scheme चे आणखी एक मोठे लाभार्थी सेक्टर! या सेक्टरचीही तरतूद बजेटमध्ये ५,७७७ कोटी रुपयांवरून ९,००० कोटी रुपये करण्यात आलेली आहे. खालील कंपन्यांना याचा लाभ होईल. Amber Enterprises, Avalon Technologies, Syrma, SGS Technology, PG Electroplast, Kaynes Technology.

● या सप्ताहात रुपया डॉलरच्या तुलनेत बऱ्यापैकी सावरला. शुक्रवारच्या सत्रात रुपया प्रतिडॉलर ८६.८८ रुपये पातळीवर बंद झाला. एका संपूर्ण सप्ताहाचा विचार करता डॉलरच्या तुलनेत ०.७ टक्के मजबूत झाला आणि शुक्रवारच्या सत्रात सुमारे ०.३ टक्के म्हणजे सुमारे २० पैसे मजबुतीसह बंद झाला. फेब्रुवारी २०२३ नंतरचे मागील दोन वर्षांतील हे रुपया चलनाचे सर्वोत्तम प्रदर्शन असल्याचे म्हटले जाते. याचा सकारात्मक परिणाम दोन्ही निर्देशांकांवर झाला. दोन्ही निर्देशांकांमध्ये मागील तीन महिन्यांत एकाच सप्ताहात झालेली ही सर्वाधिक वाढ आहे. यामध्येदेखील मिडकॅप निर्देशांकाने ३.३६ टक्के तर स्मॉलकॅप निर्देशांकाने ५.८६ टक्क्यांची वाढ दर्शवली. आठवड्याभरात बीएसई (मार्केट कॅप) भांडवल बाजारमूल्य १४.३ लाख कोटींनी वाढले.

● महाराष्ट्र राज्यावर कर्जाचा बोजा वाढता. मार्च २०२५ अखेर राज्याच्या कर्जभारामध्ये सुमारे १०.१ टक्क्यांची वाढ होण्याची शक्यता आहे. या आर्थिक वर्षात कर्जाचा बोजा ७ लाख ८२ हजार ९९१ कोटींवर जाण्याचा अंदाज आहे. मागील वर्षी राज्यावरील कर्जाचा बोजा ७ लाख ११ हजार २७८ कोटी होता. यावर्षी कर्जबोजामध्ये सुमारे ७० हजार कोटींची भर पडणार असल्याचे समजते. आतापर्यंत काढलेल्या कर्जाचे व्याज फेडण्यासाठी मागील वर्षी ४८ हजार कोटी भरावे लागले, तर यावर्षी व्याजापोटी तब्बल ५६,७२७ कोटींपर्यंत भरावे लागण्याची शक्यता आहे. आर्थिक पाहणी अहवालातील माहितीनुसार राज्याचा महसुली खर्च यावर्षी ५ लाख १९ हजार ५१४ कोटींवर जाण्याची शक्यता आहे.

● टाटा समूहाचे 'टाटा प्ले' डीटीएच उद्योग आणि एअरटेल यांचे एकत्रीकरण होण्याची शक्यता. सध्या डीटीएच (म्हणजेच डायरेक्ट टू होम) क्षेत्रात टाटा प्ले एक प्रमुख कंपनी आहे. ब्रॉडबँड आणि मनोरंजन क्षेत्रातील सेवा या कंपनीमार्फत पुरवल्या जातात. मागील महिन्यात एकत्रीकरणासंबंधी माहिती एअरटेलने स्टॉक एक्स्चेंजला कळवली. यापूर्वी एअरटेलने २०१९ मध्ये टाटांचा दूरसंचार व्यवसाय (टेलिकॉम बिझनेस) डोकोमो खरेदी केला होता. सप्टेंबर २०२४ च्या आकडेवारीनुसार टाटांचे सध्या ५.९१ दशलक्ष ग्राहक आहेत. एकत्रीकरण झाल्यास हे सर्व ग्राहक एअरटेलकडे हस्तांतरित होतील.

● टाटा समूहाची वित्तसंबंधी सेवा पुरवणारी कंपनी टाटा कॅपिटल लवकरच 'आयपीओ'द्वारे भांडवल बाजारात येणार. या आयपीओद्वारे सुमारे २ अब्ज डॉलर्स (सुमारे १६ ते १७ हजार कोटी) उभारणीचे टाटा कॅपिटलचे लक्ष्य आहे. या कंपनीचे बाजारमूल्य जवळपास ११ अब्ज डॉलर्स असण्याचा अर्थविश्लेषकांचा अंदाज. टाटा कॅपिटलच्या सध्या देशभरात ९०० शाखा आहेत. टाटा कॅपिटलसोबतच एलजी इंडियाचा १.५ अब्ज डॉलर्सचा आयपीओ आणि आयसीआयसीआय प्रुडेन्शियलचा सुमारे १ अब्ज डॉलर्सचा आयपीओ यावर्षी भांडवल बाजारात येण्याची शक्यता आहे.

● 'सेबी' या बाजारनियामक संस्थेच्या माजी प्रमुख माधवी पुरी बुच यांना उच्च न्यायालयाचा अंतरिम दिलासा. माधवी पुरी बुच यांच्यासह मुंबई शेअर बाजाराच्या इतर वरिष्ठ अधिकाऱ्यांवर गुन्हा दाखल करण्याचे सत्र न्यायालयाने आदेश दिले होते. हा आदेश रद्दबातल करण्याच्या दृष्टीने माधवी पुरी बुच व इतरांनी उच्च न्यायालयात धाव घेतली. आता सर्वांचा युक्तिवाद ऐकून माननीय उच्च न्यायालयाने गुन्हा दाखल करण्याच्या आदेशास चार आठवड्यांची अंतरिम स्थगिती दिली. सेबीचे नियम तोडून नियमबाह्य पद्धतीने स्टॉक एक्स्चेंजवर लिस्टींग केल्याचा आरोप त्यांच्यावर ठेवण्यात आला आहे. १९९४ सालच्या लिस्टींग संबंधीचे हे प्रकरण आहे.

● साल २०२४ मध्ये भारतातील अब्जपतींची संख्या १९१ पर्यंत गेली. या वर्षात २६ नवे अब्जपती भारतात तयार झाले. मागील वर्षीच्या तुलनेत अब्जपतींच्या संख्येत २६ टक्क्यांची वाढ नोंदवली गेली. नाईट फ्रँकच्या अहवालानुसार भारतात सध्या ८५,६९८ अतिश्रीमंत व्यक्ती राहतात. सर्वाधिक अतिश्रीमंत (हायनेटवर्थ इंडिव्हिज्युअल) व्यक्तींच्या संख्येच्या यादीत भारत सध्या जगात चौथ्या स्थानी आहे. अमेरिकेत सर्वाधिक ९ लाख, त्यानंतर चीनमध्ये सुमारे ४.७१ लाख, जपानमध्ये १.२२ लाख व्यक्ती अतिश्रीमंत या प्रकारात मोडतात.

● आंतरराष्ट्रीय बाजारात खनिज तेलाच्या किमतींनी मागील चार वर्षांचा तळ गाठला. गतसप्ताहात अमेरिकेचे नायमॅक्स फ्रूड सुमारे ४ टक्के कोसळून ६५.५३ डॉलर प्रतिबॅरल किमतीपर्यंत खाली गेले होते. ब्रेंट क्रूडने देखील ७० डॉलर प्रतिबॅरलची पातळी तोडली होती. खनिज तेल उत्पादक संघटना ओपेक प्लसने एप्रिलमध्ये दररिवशी १.३८ लाख बॅरल अधिक खनिज तेल उत्पादनाचा निर्णय घेतला. आता उत्पादन वाढण्याच्या शक्यतेने तेलाच्या किमती कोसळल्या. यापूर्वी २०२२ मध्ये खनिज तेलाच्या किमती वाढल्या टेवण्याच्या दृष्टीने ओपेक प्लसने दररिवशी ५.८५ दशलक्ष बॅरल उत्पादन कपातीचा निर्णय घेतला होता. परंतु, ट्रम्प आल्यानंतर अमेरिका आणि सौदी अरेबिया यांनी एकत्रित येऊन खनिज तेलाच्या किमती खाली आणण्याचे प्रयत्न सुरू केले. भारतासाठी किमती खाली येणे दिलासादायक आहे. कारण, भारत आपल्या वापरासाठी लागणारे ८५ टक्के खनिज तेल परदेशातून आयात करतो.

● फेब्रुवारीमध्ये वाहन विक्रीत ७ टक्क्यांची पसरण. गेल्या महिन्यात भारतीय बाजारपेठेत एकूण १८,९९ लाख वाहनांची विक्री झाली. याच महिन्यात मागील वर्षी २०.४६ लाख वाहने विकली गेली होती, अशी माहिती फेडरेशन ऑफ ऑटोमोबाईल डिलर्स असोसिएशन या संघटनेने दिली.

● डालमिया इंडिया या सिमेंट उत्पादक कंपनीची महाराष्ट्र व कर्नाटकमध्ये ३,५२० कोटींची गुंतवणूक. यामध्ये पुण्यात कंपनी २ दशलक्ष टन प्रतिवर्ष क्षमतेचे ग्राईंडिंग युनिट उभारणार. तसेच बेळगाव या ठिकाणी ३.६ दशलक्ष टनचे क्लिंकर युनिट व ३ दशलक्ष टन प्रतिवर्ष क्षमतेचे ग्राईंडिंग युनिट उभारणार. यामुळे एकूण ६ दशलक्ष टन सिमेंट उत्पादन क्षमता वाढणार आहे. २०२८ सालापर्यंत एकूण ७५ दशलक्ष टन प्रतिवर्ष सिमेंट उत्पादन क्षमता तयार करण्याचे या कंपनीचे उद्दिष्ट आहे.

● २८ फेब्रुवारी रोजी संपलेल्या सप्ताहात भारताची विदेश चलन गंगाजळी १.८ अब्ज डॉलर्सनी वधारून ६३८.७ अब्ज डॉलर्सवर गेली.

THE ECONOMIC TIMES AWARDS FOR CORPORATE EXCELLENCE

CELEBRATING 25 YEARS

The ET Awards era kicked off with a bang in 1998 to recognise and celebrate India's best – the dreamers, achievers and disruptors. Across 25 years, in business and politics, it has become the most coveted honour for veterans and innovators. The Awards have also stood witness to the coming of age of women leaders, and has been their cheerleader and champion, busting myths and glass ceilings in India Inc's storied corner rooms

An Iconic Moment
Dhirubhai Ambani and Verghese Kurien

Ambani, the 'son of a village schoolmaster' and Kurien, the 'doodhwala of Anand', shared the Lifetime Achievement Award in 2001. Ambani urged everyone to dream and dare as he'd done, while Kurien said he accepted the award on behalf of farmers, the shareholders of Amul.

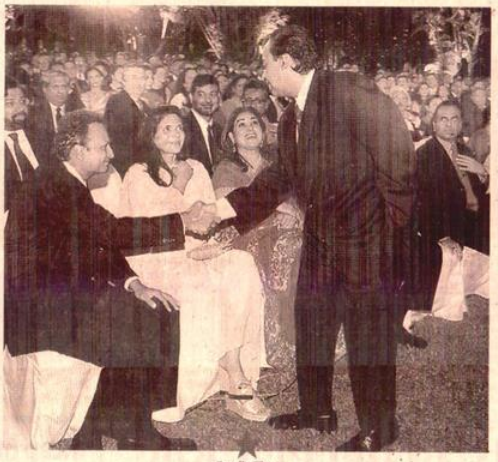

Blending Youth and Experience
Kumar Mangalam Birla and Azim Premji

In 2003, the Chairman of the Aditya Birla Group (Above) was the youngest ever to be chosen Business Leader of the Year at 36 years of age.

Azim Premji (Right) won the Lifetime Achievement Award in 2013.

"Success is achieved twice. Once in the mind and second time in the real world..."
Azim Premji, Chairman, Wipro

Family Ties
The Historic Handshake, 2004

The Economic Times got Ambani and Ambani together again. At the star-studded night of the Awards for Corporate Excellence on a windy Saturday in Mumbai, Mukesh and Anil Ambani smiled, then firmly shook hands, ending months of a frosty silence.

"We have ambitions only for India. We want to change people's lives. That is the legacy we want to leave behind"
Mukesh Ambani, Chairman & MD, Reliance Industries
Business Leader of the Year, 2006

Private Play
Joining $5-trillion club

Union Home Minister Amit Shah assures industry captains of the government's full support, while seeking complete co-operation from them in taking India to the $5-trillion club.

"The Indian industry has taken an oath to move ahead and you will have to fulfil that"
Union Home Minister Amit Shah at the 2019 ET Awards ceremony

Seeding Dreams
Narayana Murthy & MS Swaminathan

It's all in the genes. MS Swaminathan (Right, with Jaswant Singh) famous as the father of Green Revolution, marked a lifetime's achievement in 2002 at the Awards ceremony.

In 2007, the same honour was bestowed, along with a standing ovation, on Infosys founder NR Narayana Murthy (Above).

Capital Flow
ICICI Bank's KV Kamath is all ears as Adani Group Chairman Gautam Adani makes a point in 2014

World is Their Village
Indra Nooyi, Satya Nadella, LN Mittal and Ram Charan

High on confidence, feet on the ground – that's what's made them names to reckon with internationally. Steel magnate Mittal wowed the gathering in 2005 while mother Shantha Krishnamurty received the award on behalf of Nooyi in 2006. Other winners have been as diverse as Ram Charan in 2009, whose life is as storied as the many companies he works with, and Satya Nadella in 2014.

"It is particularly rewarding to be honoured in your home country"

Lakshmi Niwas Mittal, Chairman & CEO, ArcelorMittal

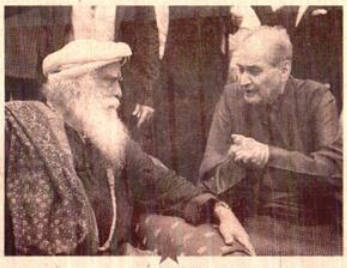

Camera Roll and Cut
Business and All that Jazz

The Jury was unanimous in its choice of Bihar Chief Minister Nitish Kumar as the Business Reformer of the Year in 2009. He, however, seemed reluctant under the spotlight.

"We have proved that Bihar can be governed. The rest is up to Pranabda"

Nitish Kumar, Business Reformer of the Year, 2009 with Pranab Mukherjee and Kamal Nath

Word's Worth
A Spiritual Discourse

Sadhguru Jaggi Vasudev and Rahul Bajaj at ET Awards 2019

"The battle is first fought and won in the mind. One may fight and still lose; but the very process of fighting creates its own opportunities"

Rahul Bajaj, Lifetime Achievement Award Winner, 2004

Remembering the Bravehearts
The Terror Attacks, 2008

A Special Corporate Citizen of the Year Award for 2008 was shared by employees of Taj and Trident hotels in Mumbai. The award honoured them for conducting themselves with heroism and dignity in the four days of the terror attacks in 2008, when their hotels were under siege.

"We were all ordinary people – be it at the Taj, Trident or Cama – with extraordinary courage, who went beyond the call of duty"

Karambir Kang, General Manager, Taj Mahal Palace and Tower, (2009) with Manmohan Singh (Top Right)

Yes, Minister!
Holding Keys to the Exchequer

An array of finance ministers have graced the award ceremonies over the years. Party affiliations notwithstanding, they have all been a success with the corporates.

"I congratulate the winners. My best wishes for even more success"

Devendra Fadnavis, Chief Minister of Maharashtra, with Arun Jaitley (2014)

Mix & Match
Mingling In

Bankers, CEOs, chairmen and owners talk about everything under the sun at the Awards as business sectors mingle. It's a once-in-a-year occasion when India Inc stops to take a breath and conversation flows freely.

"None should be denied medication. This is a fundamental right"

Yusuf K Hamied, Lifetime Achievement Award Winner, 2014, with PRS Oberoi (Above Left)

Hand Signals
Talking Business

Gestures speak louder than words at times and they are seen in abundance at the Awards huddles. Corporates are seen happily exchanging notes, arms around shoulders, hand clasped in bonhomie and back being patted. Some make their point with emphasis while others hang on to every word.

"Loved the underlying sense of optimism"

Piyush Pandey, shares a secret with his namesake minister Piyush Goyal (2013)

What Glass Ceiling?
Women Power. Pillars of Strength

NGO workers, film stars and cooperatives' heads have nothing in common –except their gender and the ET Awards. Whether it was Ela Bhatt (Top extreme right) or Priyanka Chopra (Top left) or Jaswantiben Popat (first winner of a separate award for women), their presence was crowd-stirring. Bankers were curious about SEWA Bank, invitees queued up to shake Chopra's hands, a la Raveena Tandon who posed with Lijjat Papad founder Popat.

"This is our Doosri Azadi. When we began, I realised that till economic freedom reached the common man, political freedom would not mean much"

Ela Bhatt, Founder, SEWA (2003)

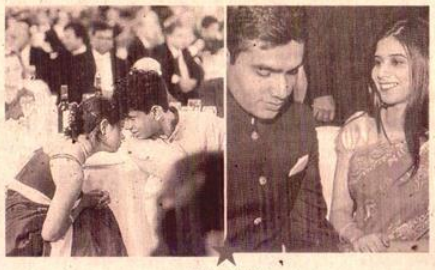

Cross-border Melody
Matched Note for Note

ET managed quite a coup, it seems, in convincing the legendary singer from Pakistan to perform at the 2002 ceremony. Begum Parveen mesmerised the audience, including KM Birla's wife Neerja and Hero Honda managing director Pawan Munjal. Arun Shourie's sister Nalini Singh too was delighted to find Parveen seated next to her.

"Mere paas lufz hain, saaz hain, awaaz hain (I have the words, music and voice), par tum, tum sirf apni ankhon se ishq kaise farmate ho (but how do you, with a mere glance of your eyes, express love)"

Abida Parveen, Sufi Singer

Family Tree!
Chips Off the Old Block

They came, they saw, they wowed their seniors. New generation has been marked in its attendence at the Awards in the form of Ambani, Adani scions and Murthy siblings, daughters, sons and nephews. They spoke and were spoken about. The generational shift in India Inc has been all too evident in recent editions of the Awards.

"My dad's the black sheep of the family"

Rohan Murthy, (Above Left) on his father not following the family tradition of teaching. (Above Right) Karan and Paridhi Adani.

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

GETTYIMAGES

by **Sameer Bhardwaj**

After a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-on-year in the September quarter.

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

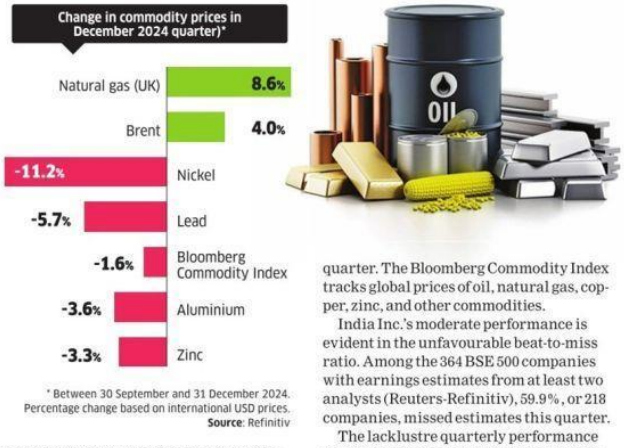

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies, 214 (52.7%) saw a year-on-year contraction in the operating profit margins, as per the Reuters-Refinitiv database. The stability in commodity prices can be gauged by looking at the benchmark Bloomberg Commodity Index, which declined by 1.6% between 30 September 2024 and 31 December 2024. On an annual basis, the index fell 3.3% to an average of 98.6 in the December 2024 quarter. The Bloomberg Commodity Index tracks global prices of oil, natural gas, copper, zinc, and other commodities.

India Inc.'s moderate performance is evident in the unfavourable beat-to-miss ratio. Among the 364 BSE 500 companies with earnings estimates from at least two analysts (Reuters-Refinitiv), 59.9%, or 218 companies, missed estimates this quarter.

The lacklustre quarterly performance also led to earnings downgrades for most companies, which is contributing to the ongoing volatility. Out of the 411 stocks with 2025-26 PAT estimates from Reuters-Refinitiv (based on at least two analysts), 79.1%, or 325 companies, have seen downgrades since 31 December 2024. Among these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for 2025-26.

Despite weak commodity prices, operating performance faltered

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earnings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, repo rate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Banks

The challenges
- Higher provisioning.
- Pressure on net interest margins (NIM) and deceleration in loan growth amid cautious stance on unsecured retail lending.

Behind the scenes
- Competition for deposits continues to remain strong and the credit to deposit ratio remains elevated.
- Private banks saw weakness in business momentum and moderation in margins.
- Public sector banks were better placed due to improvement in asset quality and healthy provision coverage ratio (PCR).

Winners
- YES Bank and Punjab & Sindh Bank.

Forecast
- The Motilal Oswal earnings review report maintains a cautious view on margins and the delinquency cycle of unsecured loans. It expects credit costs to remain elevated for private banks. While the report has reduced the earnings growth estimates for private banks for 2025-26, it has marginally raised estimates for public sector banks.

NBFCs

The challenges
- Mixed performance on the back of loan growth and asset quality challenges.
- More competition and elevated credit costs.

Behind the scenes
- HFC disbursements were affected by regional headwinds, whereas NBFC-MFIs

saw further deterioration in asset quality.
- Tepid commercial vehicle (CV) demand amid weak government spending.

Winners
- Capri Global Capital and Shriram Finance reported the most year-on-year jump in consolidated net profits.
- Jump in total income (88.4% jump in PAT) helped Capri Global Systems.
- Firm resale prices of CVs and stable credit costs helped Shriram Finance.

Forecast
- Brokerage AnandRathi expects easing of liquidity and rate cut to benefit NBFCs.
- Macroeconomic shocks can affect consumption.
- Relentless competition by banks in various product segments like loan against shares, small business loans, housing finance and microfinance are key risks for the sector.

Insurance

Behind the scenes
- Decent premium growth.
- A shift in product mix towards Ulips led to a contraction in value of new business (VNB) margins.
- Low automobile sales impacted the performance of general insurance companies.
- Health insurance companies continue to see steady demand.

Winners

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

After a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-on-year in the September quarter.

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies, 214 (52.7%) saw a year-on-year contraction in the operating profit margins, these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for 2025-26.

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earnings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, repo rate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Banks

The challenges

- Higher provisioning.
- Pressure on net interest margins (NIM) and deceleration in loan growth amid cautious stance on unsecured retail lending.

Behind the scenes

- Competition for deposits continues to remain strong and the credit to deposit ratio remains elevated.
- Private banks saw weakness in business momentum and moderation in margins.
- Public sector banks were better placed due to improvement in asset quality and healthy provision coverage ratio (PCR).

Winners

- YES Bank and Punjab & Sindh Bank.

Forecast

- The Motilal Oswal earnings review report maintains a cautious view on margins and the delinquency cycle of unsecured loans. It expects credit costs to remain elevated for private banks. While the report has reduced the earnings growth estimates for private banks for 2025-26, it has marginally raised estimates for public sector banks.

NBFCs

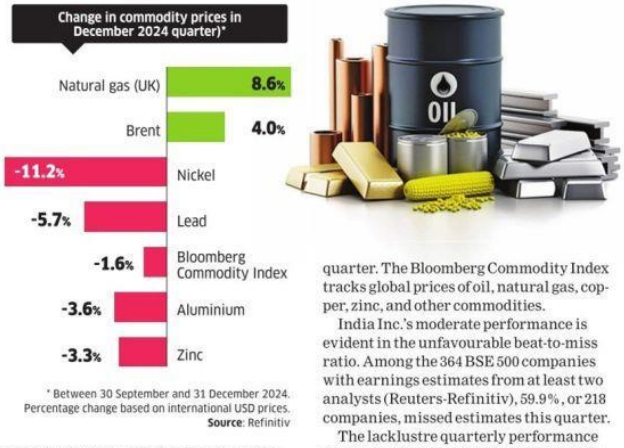

The challenges

- Mixed performance on the back of loan growth and asset quality challenges.
- More competition and elevated credit costs.

Behind the scenes

- HFC disbursements were affected by regional headwinds, whereas NBFC-MFIs

as per the Reuters-Refinitiv database. The stability in commodity prices can be gauged by looking at the benchmark Bloomberg Commodity Index, which declined by 1.6% between 30 September 2024 and 31 December 2024. On an annual basis, the index fell 3.3% to an average of 98.6 in the December 2024 quarter. The Bloomberg Commodity Index tracks global prices of oil, natural gas, copper, zinc, and other commodities.

India Inc.'s moderate performance is evident in the unfavourable beat-to-miss ratio. Among the 364 BSE 500 companies with earnings estimates from at least two analysts (Reuters-Refinitiv), 59.9%, or 218 companies, missed estimates this quarter.

The lacklustre quarterly performance also led to earnings downgrades for most companies, which is contributing to the ongoing volatility. Out of the 411 stocks with 2025-26 PAT estimates from Reuters-Refinitiv (based on at least two analysts), 79.1%, or 325 companies, have seen downgrades since 31 December 2024. Among

- Capri Global Capital and Shriram Finance reported the most year-on-year jump in consolidated net profits.
- Jump in total income (88.4% jump in PAT) helped Capri Global Systems.
- Firm resale prices of CVs and stable credit costs helped Shriram Finance.

Forecast
- Brokerage AnandRathi expects easing of liquidity and rate cut to benefit NBFCs.
- Macroeconomic shocks can affect consumption.
- Relentless competition by banks in various product segments like loan against shares, small business loans, housing finance and microfinance are key risks for the sector.

Insurance

Behind the scenes
- Decent premium growth.
- A shift in product mix towards Ulips led to a contraction in value of new business (VNB) margins.
- Low automobile sales impacted the performance of general insurance companies.
- Health insurance companies continue to see steady demand.

Winners

महंगाई आंकड़ों पर रहेगी बाजार की नजर

मुंबई, 9 मार्च (एजेंसियां)। अमेरिकी टैरिफ में राहत दिये जाने के संकेत के बीच चीन की जवाब कार्रवाई में प्रोत्साहिन पैकेज और भारतीय रिजर्व बैंक (आरबीआई) के बैंकिंग तंत्र में तरलता बढ़ाने की घोषणा से स्थानीय स्तर पर हुई जबरदस्त लिवाली की बदौलत बीते सप्ताह डेढ़ प्रतिशत से अधिक उछले घरेलू शेयर बाजार की अगले सप्ताह वैश्विक रुख और फरवरी के महंगाई आंकड़ों पर नजर रहेगी। बीते सप्ताह बीएसई का तीस शेयरों वाला संवेदी सूचकांक सेंसेक्स 1134.48 अंक अर्थात 1.55 प्रतिशत की छलांग लगाकर सप्ताहांत पर 74332.58 अंक पर पहुंच गया। इसी तरह नेशनल स्टॉक एक्सचेंज (एनएसई) का निफ्टी 427.8 अंक यानी 1.93 प्रतिशत की मजबूती के साथ 22552.50 अंक पर रहा। समीक्षाधीन सप्ताह में बीएसई की दिग्गज कंपनियों के मुकाबले मझौली और छोटी कंपनियों में लिवाली की रफ्तार अधिक तेज रही। इससे मिडकैप 1296.27 अंक अर्थात 3.4 प्रतिशत उछलकर सप्ताहांत पर 39888.29 अंक और स्मॉलकैप 2523.96 अंक यानी 5.6 प्रतिशत की तेजी के साथ 45606.86 अंक हो गया। विश्लेषकों के अनुसार, बीते सप्ताह अमेरिकी कॉमर्स सेक्रेटरी हॉवर्ड लटनिक ने संकेत दिया है कि ट्रंप सरकार कुछ टैरिफ में राहत दे सकती है, खासतौर पर कनाडा और मैक्सिको से आने वाले उत्पादों पर टैक्स में कटौती संभव है। इस घोषणा के बाद वैश्विक बाजार में सकारात्मक रुख देखने को मिला, जिससे भारतीय बाजार में भी तेजी आई। ट्रंप प्रशासन की नीतियों जवाब में चीन द्वारा घोषित राहत पैकेज के कारण चीनी और जापानी बाजारों में मजबूती देखने को मिली। इसका असर भारतीय बाजारों पर भी पड़ा, जिससे सकारात्मक सेंटीमेंट बना रहा। इसके साथ ही अमेरिका द्वारा चीन, मैक्सिको और कनाडा पर लगाए गए भारी टैरिफ भारतीय निर्यातकों के लिए फायदेमंद साबित हो सकते हैं। इससे भारतीय कृषि उत्पादों, मशीन टूल्स, टेक्सटाइल्स, केमिकल्स और लेदर प्रोडक्ट्स की अमेरिकी बाजार में मांग बढ़ने की उम्मीद है, जिससे भारत को व्यापारिक लाभ मिल सकता है। साथ ही आरबीआई ने बुधवार को घोषणा की है कि बैंकिंग तंत्र में तरलता बढ़ाने के लिए वह इस वर्ष 12 मार्च और 18 मार्च को दो अलग-अलग चरण में एक लाख करोड़ रुपये की सरकारी प्रतिभूति खरीदेगा। साथ ही 24 मार्च को 10 अरब डॉलर/रुपये की खरीद/बिक्री स्वैप ऑक्शन करेगा। इससे निवेशकों में खासा उत्साह रहा और जबरदस्त लिवाली से बाजार को बल मिला। अगले सप्ताह इन कारकों के साथ ही स्थानीय स्तर पर फरवरी 2025 के महंगाई आंकड़ों पर निवेशकों की पैनी नजर रहेगी। अगले सप्ताह थोक मूल्य सूचकांक आधारित थोक महंगाई और उपभोक्ता मूल्य सूचकांक आधारित खुदरा महंगाई के आंकड़े आने वाले हैं। साथ ही अगले सप्ताह विदेशी संस्थागत निवेशकों के रुख का भी बाजार पर असर रहेगा। एफआईआई मार्च में अबतक कुल 15,501.57 करोड़ रुपये की बिकवाली कर चुके हैं। हालांकि घरेलू संस्थागत निवेशकों (डीआईआई) की जारी लिवाली ने बाजार को संतुलित रखने में मदद की है। डीआईआई इस महीने अबतक कुल 20,950.89 करोड़ रुपये के लिवाल रहे हैं। अगले सप्ताह 14 मार्च को होली के अवकाश के कारण बाजार में चार दिन कारोबार होगा। बीते सप्ताह सोमवार को वैश्विक स्तर से मिले सकारात्मक संकेतों के बीच घरेलू स्तर पर रिलायंस इंडस्ट्रीज, टाटा स्टील, टाटा मोटर्स, एचडीएफसी बैंक, अडानी पोर्ट्स जैसी दिग्गज कंपनियों में हुयी बिकवाली के कारण शेयर बाजार पर बिकवाली का दबाव रहा है। सेंसेक्स 210 अंक गिरकर 72988 अंक और निफ्टी 45 अंक फिसलकर 22080 अंक पर रहा। विश्व बाजार में आई गिरावट के दबाव में स्थानीय स्तर पर बजाज फिनसर्व, एचसीएल टेक, मारुति, रिलायंस, टाटा मोटर्स और एनटीपीसी समेत 18 दिग्गज कंपनियों में हुई बिकवाली से सेंसेक्स नौ महीने बाद 73 हजार अंक से नीचे 72,989.93 अंक और निफ्टी 36.65 अंक फिसलकर 22,082.65 अंक पर बंद हुआ।

भाजपा सरकार मुंबईला अदानीच्या घशात घालेल

■ मुंबई

शिवसेना उद्धव बाळासाहेब ठाकरे पक्षाचा आज निर्धार मेळावा पार पडला. या मेळाव्यात बोलताना वरळीचे आमदार आदित्य ठाकरे यांनी सत्ताधाऱ्यांवर टीका केली. भाजपा सरकार मुंबईला अदानीच्या घशात घालण्याच्या तयारीत आहे. मुंबई महाराष्ट्राची ठेवायची असेल, तर आपल्याला लढावे लागेल. नाहीतर काही दिवसांत हे मुंबई अदानीच्या घशात घालतील.

आदित्य ठाकरे म्हणाले की, मुंबईची अवस्था आज बिकट झाली आहे. मुंबई आपल्या हातातून जाता कामा नये. मुंबई आपल्या हातातून गेली तर ही मुंबई महाराष्ट्रापासून तुटेल. भाजपा सरकार मुंबईला अदानीच्या घशात घालतील. २०२२ मध्ये या गद्दारांनी आपले सरकार पाडले. जेव्हा त्यांचे

आदित्य ठाकरेंची टीका

सरकार बनत होते, तेव्हा सत्ताधारी बाकावर बसले होते, त्यांनासुद्धा आश्चर्य वाटत होते. सरकार आले कसे यावर त्यांना विश्वास बसत नव्हता. सगळे एकमेकांकडे बघत होते. मला वाटले मी पडतो, त्याला वाटले तो पडतो असे त्यांच्यात वातावरण होते. भाजपावाल्यांनी मतदारयादीत घोळ केला नसता तर आपण विधानसभा निवडणुकीत जिंकलो होतो. जनतेने आपले मत महाविकास आघाडीला दिले होते, ते त्यांनी फिरवले. भाजपावाल्यांनी खोटी मतदार नोंदणी करून जनतेची मते कशी खाल्ली, हे आपल्याला लोकांसमोर आणावे लागणार आहे. महाराष्ट्राला त्यांनी गद्दारीची, खोकेबाजाची, धोकेबाजीची कीड लावली. लालकृष्ण अडवाणी, अटलबिहारी वाजपेयी, प्रकाश मेहता, राजपुरोहित यांची जी भाजपा होती, ती जुनी होती. आजची भाजपा ही कंत्राटदारांची आहे.

424 तक जाएगा अडानी विल्मर का शेयर, एक्सपर्ट बोले- मुनाफा चाहिए तो खरीद लो

नई दिल्ली, एजेंसी। गौतम अडानी समूह की कई ऐसी कंपनियां हैं जिसके शेयर पिछले कुछ दिनों से सुस्त पड़े हैं। ऐसा ही एक शेयर अडानी विल्मर का है। 2025 में अब तक शेयर में 20 प्रतिशत से ज्यादा गिरावट आई है। वर्तमान में शेयर की कीमत 260 रुपये के करीब है। हालांकि, एक्सपर्ट इसको लेकर बुलिश नजर आ रहे हैं।

दरअसल, नुवामा इंस्टीट्यूशनल इक्विटीज ने अडानी विल्मर लिमिटेड पर अपनी खरीदें रेटिंग बरकरार रखी है और शेयर पर 12 महीने का टारगेट प्राइस 424 रुपये रखा है, जो मौजूदा शेयर मूल्य से 60 प्रतिशत ज्यादा उछाल के संकेत देता है। नुवामा ने कहा कि अडानी विल्मर की पूरे भारत में, विशेष रूप से उत्तर भारत में उपस्थिति है और जीडी फूड्स मैन्युफैक्चरिंग के अधिग्रहण के बाद कंपनी अपनी वितरण क्षमताओं का और अधिक लाभ उठा सकेगी तथा परिचालन बढ़ा सकेगी।

जीडी फूड्स मैन्युफैक्चरिंग का अधिग्रहण-

हाल ही में अडानी विल्मर लिमिटेड ने टॉप्स ब्रांड का संचालन करने वाली कंपनी जीडी फूड्स मैन्युफैक्चरिंग का अधिग्रहण करने का ऐलान किया। फॉर्च्यून ब्रांड के तहत खाद्य तेल और अन्य खाद्य उत्पादों की बिक्री करने वाली अडानी विल्मर ने बताया कि यह अधिग्रहण कई किस्तों में पूरा किया जाएगा। इसमें 80 प्रतिशत शेयर पहली किस्त में जबकि शेष 20 प्रतिशत शेयर अगले तीन साल में हासिल किए जाएंगे। वर्ष 1984 में स्थापित जीडी फूड्स के स्वामित्व वाला ब्रांड 'टॉप्स' पिछले 40 साल में उत्तर भारत में एक घरेलू ब्रांड के रूप में स्थापित रहा है। इस कंपनी की बिक्री मुख्य रूप से उत्तर भारत के सात राज्यों में केंद्रित है जिसकी खुदरा उपस्थिति 1,50,000 से अधिक दुकानों में है।

कैसे रहे दिसंबर तिमाही के नतीजे- चालू वित्त वर्ष की तीसरी अक्टूबर-दिसंबर की तिमाही में अडानी विल्मर का नेट प्रॉफिट दोगुने से अधिक होकर 410.93 करोड़ रुपये पर पहुंच गया। कंपनी ने एक साल पहले इसी अवधि में 200.89 करोड़ रुपये का मुनाफा दर्ज किया था। वित्त वर्ष 2024-25 की दिसंबर तिमाही के दौरान कंपनी की कुल आय सालाना आधार पर 12,887.21 करोड़ रुपये से बढ़कर 16,926 करोड़ रुपये हो गई।

FOR CORPORATE EXCELLENCE

25 YEARS

The ET Awards era kicked off with a bang in 1998 to recognise and celebrate India's best – the dreamers, achievers and disruptors. Across 25 years, in business and politics, it has become the most coveted honour for veterans and innovators. The Awards have also stood witness to the coming of age of women leaders, and has been their cheerleader and champion, busting myths and glass ceilings in India Inc's storied corner rooms

An Iconic Moment
Dhirubhai Ambani and Verghese Kurien

Ambani, the 'son of a village schoolmaster' and Kurien, the 'doodhwala of Anand', shared the Lifetime Achievement Award in 2001. Ambani urged everyone to dream and dare as he'd done, while Kurien said he accepted the award on behalf of farmers, the shareholders of Amul.

Family Ties
The Historic Handshake, 2004

The Economic Times got Ambani and Ambani together again. At the star-studded night of the Awards for Corporate Excellence on a windy Saturday in Mumbai, Mukesh and Anil Ambani smiled, then firmly shook hands, ending months of a frosty silence.

"We have ambitions only for India. We want to change people's lives. That is the legacy we want to leave behind"

Mukesh Ambani, Chairman & MD, Reliance Industries
Business Leader of the Year, 2006

Seeding Dreams
Narayana Murthy & MS Swaminathan

It's all in the genes. MS Swaminathan (Right, with Jaswant Singh) famous as the father of Green Revolution, marked a lifetime's achievement in 2002 at the Awards cermony.

In 2007, the same honour was bestowed, along with a standing ovation, on Infosys founder NR Narayana Murthy (Above).

Blending Youth and Experience
Kumar Mangalam Birla and Azim Premji

In 2003, the Chairman of the Aditya Birla Group (Above) was the youngest ever to be chosen Business Leader of the Year at 36 years of age.

Azim Premji (Right) won the Lifetime Achievement Award in 2013.

Other winners have been as diverse as Ram Charan in 2009, whose life is as storied as the many companies he works with, and Satya Nadella in 2014.

"It is particularly rewarding to be honoured in your home country"

What Glass Ceiling?
Women Power. Pillars of Strength

NGO workers, film stars and cooperatives' heads have nothing in common –except their gender and the ET Awards. Whether it was Ela Bhatt (Top extreme right) or Priyanka Chopra (Top left) or Jaswantiben Popat (first winner of a separate award for women), their presence was crowd-stirring. Bankers were curious about SEWA Bank, invitees queued up to shake Chopra's hands, a la Raveena Tandon who posed with Lijjat Papad founder Popat.

ET managed quite a coup, it seems, in convincing the legendary singer from Pakistan to perform at the 2002 ceremony. Begum Parveen mesmerised the audience, including KM Birla's wife Neerja and Hero Honda managing director Pawan Munjal. Arun Shourie's sister Nalini Singh too was delighted to find Parveen seated next to her.

"Mere paas lufz hain, saaz hain, awaaz hain (I have the words, music and voice), par tum, tum sirf apni ankhon se ishq kaise farmate ho (but how do you, with a mere glance of your eyes, express love)"

Gestures speak louder than words at times and they are seen in abundance at the Awards huddles. Corporates are seen happily exchanging notes, arms around shoulders, hand clasped in bonhomie and back being patted. Some make their point with emphasis while others hang on to every word.

Family Tree!
Chips Off the Old Block

They came, they saw, they wowed their seniors. New generation has been marked in its attendence at the Awards in the form of Ambani, Adani scions and Murthy siblings, daughters, sons and nephews. They spoke and were spoken about. The generational shift in India Inc has been all too evident in recent editions of the Awards.

"My dad's the black sheep of the family"

राजस्थान में अपनापन महसूस होता है

बॉबी देओल ने 'जमानम' डायलॉग के साथ मौजूद लोगों का स्वागत किया। उन्होंने कहा, 'मेरे पिता धर्मेंद्र ने राजस्थान के कई इलाकों में शूटिंग की है। यहां मैं बचपन से आ रहा हूं। राजस्थान में जहां भी जाता हूं, अपनापन सा लगता है। यह बहुत खूबसूरत शहर है।'

तू राजस्थान का, तो मैं हरियाणा का

पाताललोक देवसीरिज फेम जयदीप अहलावत ने कहा, 'आईफा के तहत मैंने कोटा में रिवर फ्रंट समेत कई लोकेशन पर शूटिंग की। पाताल लोक के डायलॉग 'तू राजस्थान का, तो मैं हरियाणा का' को काफी चर्चा मिली।'

राजस्थान से खास लगाव

कृति सनॉन ने सबसे पहले 'ब्ब्मा घणी' कहा। वह बोलीं कि आईफा आमतौर पर स्टार्स को इंडिया से बाहर परफॉर्म करने के लिए ले जाता है।

लोक कलाकारों के साथ थिरकीं श्रेया घोषाल

सिंगर श्रेया घोषाल ने कहा, 'मेरे करियर में राजस्थान की बहुत बड़ी भूमिका रही है। मेरी परवरिश यहां हुई है। जब मुझे पता चला कि मैं आईफा में नॉमिनेट हुई हूं, तो मेरी खुशी का ठिकाना नहीं रहा। श्रेया ने 'मन ये राहिब जी' और 'धीमे-धीमे चले पुरवैया' जैसे गाने गाए।

एविएशन क्षेत्र: 90 के दशक में शुरू हुईं अधिकांश एविएशन कंपनियां या तो बंद हो गईं या फिर उनका विलय हो गया

हवाई अड्डे तो बनते जा रहे हैं, एयरलाइंस कहां हैं?

विमानन क्षेत्र में स्पर्धा खत्म सी हो गई है और टिकट महंगे हो गए हैं। ग्राहकों के लिए अब ज्यादा विकल्प भी नहीं बचे और वे ज्यादा किराया देने के लिए बाध्य भी हो रहे हैं। इससे एविएशन क्षेत्र में विस्तार की संभावना पर सवाल उठ खड़े हुए हैं।

इस साल दो बड़े अंतरराष्ट्रीय हवाई अड्डे चालू होने जा रहे हैं। एक है जेवर हवाई अड्डा और दूसरा नवी मुंबई। दोनों ही भारत सरकार तथा राज्य सरकारों की महत्वाकांक्षी योजनाओं का परिणाम हैं। नोएडा में 7200 एकड़ में बनने वाले जेवर अंतरराष्ट्रीय हवाई अड्डे पर 29,650 करोड़ रुपए खर्च होने का अनुमान है, वहीं नवी मुंबई अंतरराष्ट्रीय हवाई अड्डे पर 16,700 करोड़ रुपए खर्च होंगे और यह 1160 एकड़ में बन रहा है। ये दोनों आधुनिकतम सुविधाओं से लैस और दुनिया के बेहतरीन हवाई अड्डों में से होंगे। मुंबई हवाई अड्डे की सालाना यात्रियों के लाने ले जाने की क्षमता जहां दो करोड़ सालाना होगी, वहीं जेवर की योजना प्रतिदिन 65 उड़ानें संचालित करने की है जिनमें 62 घरेलू, 2 अंतरराष्ट्रीय और 1 कार्गो उड़ान। इसकी क्षमता कुल 7 करोड़ यात्रियों को लाने ले जाने की है। अभी देश में करीब 150 हवाई अड्डे हैं जबकि 2014 में यह आंकड़ा 70 था। अब सवाल उठता है कि इतने यात्री आएंगे कहां से और कितनी एयरलाइंस उनके लिए चाहिए?

90 के दशक में जब देश में उदारीकरण शुरू हुआ तो इसका असर हवाई यात्रा पर भी पड़ा और कई विमानन कंपनियां अस्तित्व में आईं। इनमें ईस्ट वेस्ट एयरलाइंस, जेट एयरवेज, दमानिया, मोदीलुफ्त, एनईपीसी, सहारा थीं। उस समय ये बहुत कम किराये पर यात्रियों को लाने ले जाने की सुविधा उपलब्ध करा रही थीं। 2000 के बाद एयर डेक्कन, गो एयर और किंगफिशर भी उतरीं। यानी भारतीय आकाश में एयरलाइंसों का जलवा हो गया। हवाई अड्डे छोटे पड़ने लगे और हवाई अड्डों की ओर जाने वाले यात्रियों की तादाद बढ़ती चली गई। लेकिन बाद में एयरलाइंस एक के बाद एक गायब होने लगीं। नब्बे के दशक में शुरू हुईं एविएशन कंपनियां या तो बंद हो गईं या फिर उनका विलय हो गया। किंगफिशर और जेट एयरवेज के बंद हो जाने से एविएशन इंडस्ट्री को बड़ा धक्का लगा। बड़े पैमाने पर लोगों का रोजगार छिन गया। सिर्फ जेट एयरवेज के बंद हो जाने से 20,000 लोगों का रोजगार छिन गया। 2005 में शुरू हुई किंगफिशर एयरलाइंस शुरू से ही घाटे में चल रही थी और इसका अंत अक्टूबर 2012 में हो गया जब यह कंपनी कर्ज में डूब गई और इसके प्रमोटर विजय माल्या ने देश छोड़ दिया।

एक और बड़ी एयरलाइंस विस्तारा जो टाटा समूह और सिंगापुर एयरलाइंस के बीच समझौते से बनी थी, 2024 में एयर इंडिया का हिस्सा बन गई क्योंकि एयर इंडिया को टाटा समूह ने खरीद लिया था और वह दो एयरलाइंस चलाना नहीं चाहते थे। टाटा ने जो एयर एशिया को भारत में मलेशियाई कंपनी के साथ मिलकर चला रही थी, घरेलू उड़ानों के लिए बंद कर दिया। अब भारत के आकाश में मुख्य रूप से एयर इंडिया के अलावा बजट एयरलाइंस इंडिगो और स्पाइस जेट ही हैं। शेयर बाजार के दिग्गज राकेश झुनझुनवाला ने अकासा एयर स्थापित किया था। उनके निधन के बाद हालांकि यह चल रही है लेकिन सीमित रूटों पर। एयर इंडिया एक्सप्रेस भारत सरकार की ही कंपनी थी जो टाटा समूह को बेच दी गई थी। अब यह कुछ ही रूट पर दिख रही है और इसकी किसी से स्पर्धा नहीं है। इतनी सारी एयरलाइंस के अस्तित्व से गायब हो जाने के कारण सबसे बड़ी समस्या तो यात्रियों के सामने आ खड़ी हुई जो कम किराये पर यात्रा करते रहे थे। पिछले साल से हवाई किराया काफी बढ़ गया है और कुछ रूट पर तो आसमान छूने लगा है। इससे मिडिल क्लास को बड़ा धक्का लगा क्योंकि उसे हवाई यात्रा की आदत पड़ती जा रही थी। लेकिन उससे भी ज्यादा बड़ी बात यह थी कि इतने सारे हवाई अड्डों के निर्माण और विस्तार के बारे में सोचने का वक्त आ गया है।

सवाल यह भी उठ रहे हैं कि सरकार ने 'उड़े देश का हर नागरिक' (उड़ान) योजना के तहत देश के कोने-कोने में हवाई अड्डे बनाना शुरू किया था, उसका क्या हश्र होगा? इतनी बड़ी जनसंख्या को विमान यात्रा कराने के लिए जितने विमान और एयरलाइंस चाहिए वो इस समय उपलब्ध नहीं है। विमानन क्षेत्र में स्पर्धा खत्म सी हो गई है और टिकट महंगे हो गए हैं। ग्राहकों के लिए अब ज्यादा विकल्प भी नहीं बचे और वे ज्यादा किराया देने के लिए बाध्य भी हो रहे हैं। इससे एविएशन क्षेत्र में विस्तार की संभावना पर सवाल उठ खड़े हुए हैं। यह सही है कि ये जो तीन प्रमुख एयरलाइंस हैं वे मजबूत हो रही हैं और वैश्विक स्पर्धा में तनकर खड़ी हो रही हैं लेकिन घरेलू यात्रियों के लिए यह कठिन परिस्थिति है। इसके साथ ही सरकार के लिए भी क्योंकि जितनी ज्यादा विमानन कंपनियां होंगी, उतना ही टैक्स भी मिलेगा।

वैसे सरकार के लिए यह राहत की बात है कि उसने एयर इंडिया से छुटकारा पा लिया है जिसे जिंदा रखने के लिए 60,000 करोड़ रुपए से भी ज्यादा खर्च किए थे। जो अन्य एयरलाइंस बंद हो गईं, उनसे भी सरकार को धक्का लगा क्योंकि उन्हें सरकारी बैंकों से भारी ऋण मिला था। अब देश में कई ऐसे हवाई अड्डे मसलन तेजू, कुल्लू वगैरह ऐसे हैं जिनमें कोई नियमित विमान सेवा ही नहीं है। अब और नए एयरपोर्ट बनते तो जा रहे हैं लेकिन एयरलाइंस की कमी साफ दिख रही है। एयरलाइंस का बिजनेस बेहद खर्चीला है और इसमें मुनाफे के लिए वर्षों टिके रहना पड़ता है। यह बहुत कठिन है और इसमें सरकार की मदद चाहिए। सरकार को मदद के तौर पर टैक्सों में कटौती करनी होगी। हवाई जहाजों में इस्तेमाल होने वाले फ्यूल की ड्यूटी कम करनी होगी। बिना इंसेंटिव दिए नए एयरलाइंस मैदान में उतरेंगी नहीं और ये विशालकाय एयरपोर्ट ऐसे ही आधे खाली पड़े रहेंगे।

Adani Green Energy refinances $1.06 bn to develop mega solar-wind cluster in Rajasthan

Ahmedabad, (IANS)Adani Green Energy Ltd (AGEL) on Monday announced it has refinanced $1.06 billion to develop India's largest solar-wind hybrid renewable cluster in Rajasthan -- achieving another milestone in its capital management journey.India's largest renewable energy company successfully refinanced its maiden construction facility with an outstanding amount of $1.06 billion taken in 2021.The long-term financing raised to refinance its construction facility has a door-to-door tenor of 19 years, with a fully amortised debt structure emulating the underlying asset life, the company said in a statement.On the back of the strong operational performance track record, the construction facility has been rated AA+/stable by three domestic rating agencies.With this breakthrough, AGEL has successfully completed its capital management programme for the underlying asset portfolio, which involves securing long-term facilities that are perfectly aligned with the cash flow lifecycle of that portfolio.The framework of this programme provides significant benefits through deep access to diverse pools of capital, securing large sums with long duration."This approach not only enhances financial stability but also ensures AGEL's ability to continue its growth trajectory and deliver sustainable value creation to its stakeholders," said the company.AGEL currently has an operating renewable portfolio of 12.2 GW, the largest in the country, spread across 12 states. The company has set a target of achieving 50 GW by 2030, aligned to India's decarbonisation goals.
