STATE SECRETS

Dadra & Nagar Haveli, Daman & Diu

If, instead of foreign holidays, you prefer to travel within India, here's a series to help you plan the best vacations in each of the 28 states and 8 Union Territories. We highlight tourist attractions, culinary choices, modes of travel, and the costs involved. In the 29th part of the series, **Riju Mehta** takes you to the Union Territory of Dadra and Nagar Haveli, and Daman & Diu.

The union territories of Dadra and Nagar Haveli, and Daman and Diu were merged in 2020, forming one of the most picturesque areas nestled between Maharashtra and Gujarat. With beautiful beaches, caves, varied wildlife, sumptuous cuisine, and colonial architecture reflecting Portuguese influence, it's a destination worth exploring. For now, there is only one airport in Diu and you will need to travel to Mumbai or Surat to reach here.

HOW TO REACH FROM DELHI...

The fastest way to reach Silvassa is by flight and taxi. Since there is no direct flight from Delhi, you can fly to either of the two closest airports, Surat or Mumbai, from where you can take a cab to Silvassa. The cheapest option is to take a train to Vapi, about 18 km from Silvassa, which can take anywhere from 14-24 hours. The sleeper class fare starts from \approx 495 and Class 2A fares start from \approx 2,100 on Ixigo.

Cost by air+taxi

₹4,990 (Delhi-Mumbai flight, 2 hrs 10 mts) + ₹2,000-4,000 (Mumbai-Silvassa cab, 4 hrs); ₹4,994 (Delhi-Surat flight, 1 hr 50 mts) + ₹2,000-3,000 (Surat-Silvassa cab, 3 hrs)

Cost by train ₹2,150 (Delhi-Vapi Class 2A, 16

*One way, per person. Flight cost on Skyscanner. Train cost on Ixigo.

SUGGESTED ITINERARY

DAYS 1-2: SILVASSA

Arrive in the capital city located on the Damanganga river. Over two days, visit the Vanganga garden, Island garden, Tribal Cultural Museum, Shri Swaminarayan temple, Our Lady of Piety Church, the Damanganga river front, Khanvel and Dudhni lake. Don't forget to shop for handicrafts and sample the local cuisine.

DAYS 3-4: DAMAN

Arrive in Daman in an hour or so and check out the various beaches, forts and churches, a reminder of the Portuguese colonial past. Visit the Jampore and Devka beaches, among others, as well as the Moti Daman and St. Jerome forts. Other places to visit are the Mirasol lake garden, Jain temple, somnath Mahadev temple, and Church of Bom Jesus.

DAYS 5-6: DIU

It's about 12 hours by train and taxi, or 16 hours by bus. You could also drive to Surat and fly to Diu in around 4-5 hours. Visit the pristine beaches, starting with Nagoa and Ghoghla. Also check the Diu fort and Naida caves, and don't miss the beautiful churches.

DAY 7: Fly to Mumbai or Surat, then to Delhi.

WHERE TO STAY...

You are likely to get cheaper stay options in Dadra and Nagar Haveli, compared to Daman and Diu. While 3-star hotels are available upwards of ₹2,000 in the former, the latter may start from ₹3,000 onwards. Besides hotels, there are resorts, villas, guest houses and hostels that are available. You can also check out the government guest houses at https://ddd.gov.in/where-to-stay/.

COST: ₹18,000 for 6 nights

WHAT TO EAT...

Culinary influences from Gujarat, Goa, Daman and local tribes have filtered into the UT's cuisine over the years. Some of the popular dishes include chicken xacuti (Daman spicy chicken curry with Goan spices); butter-garlic tiger prawns; jetty roll (type of kathi roll); khatta meetha bhaat (sweet-sour rice); undhiyu (mix of vegetables, beans, yams, herbs); Gujarati dishes like khakra, kadhi and dhokla; and various other types of seafood, including lobsters, crab and fish.

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

by Sameer Bhardwaj

fter a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-onyear in the September quarter.

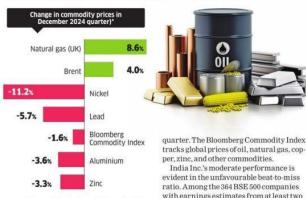

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies. 214 (52.7%) saw a year-on-year contraction in the operating profit margins,

Despite weak commodity prices, operating performance faltered

Between 30 September and 31 December 2024 Percentage change based on international USD prices

as per the Reuters-Refinitiv database. The stability in commodity prices can be gauged by looking at the benchmark Bloomberg Commodity Index, which declined by 1.6% between 30 September 2024 and 31 December 2024. On an annual basis, the index fell 3.3% to an average of 98.6 in the December 2024

with earnings estimates from at least two analysts (Reuters-Refinitiv), 59.9%, or 218 companies, missed estimates this quarter.

The lacklustre quarterly performance also led to earnings downgrades for most companies, which is contributing to the ongoing volatility. Out of the 411 stocks with 2025-26 PAT estimates from Reuters Refinitiv (based on at least two analysts). 79.1%, or 325 companies, have seen downgrades since 31 December 2024. Among

these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earn ings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, reporate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

by Sameer Bhardwaj

fter a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-onyear in the September quarter.

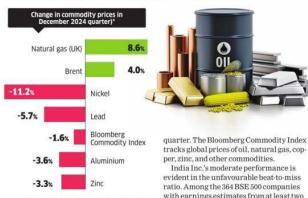

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies. 214 (52.7%) saw a year-on-year contraction in the operating profit margins,

these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earn ings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, reporate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

In the 29th part of the series, **Riju Mehta** takes you to the Union Territory of Dadra and Nagar Haveli, and Daman & Diu.

The union territories of Dadra and Nagar Haveli, and Daman and Diu were merged in 2020, forming one of the most picturesque areas nestled between Maharashtra and Gujarat. For now, there is only one airport in Diu and you will need to travel to Mumbai or Surat to reach here.

HOW TO REACH FROM DELHI...

The fastest way to reach Silvassa is by flight and taxi. Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

by Sameer Bhardwaj

fter a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-onyear in the September quarter.

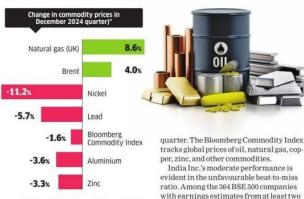

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies. 214 (52.7%) saw a year-on-year contraction in the operating profit margins,

as per the Reuters-Refinitiv database. The stability in commodity prices can be gauged by looking at the benchmark Bloomberg Commodity Index, which declined by 1.6% between 30 September 2024 and 31 December 2024. On an annual basis, the index fell 3.3% to an average of 98.6 in the December 2024

with earnings estimates from at least two analysts (Reuters-Refinitiv), 59.9%, or 218 companies, missed estimates this quarter.

The lacklustre quarterly performance also led to earnings downgrades for most companies, which is contributing to the ongoing volatility. Out of the 411 stocks with 2025-26 PAT estimates from Reuters Refinitiv (based on at least two analysts). 79.1%, or 325 companies, have seen downgrades since 31 December 2024. Among

these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earn ings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, reporate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Banks

The challenges

- Higher provisioning.
- Pressure on net interest margins (NIM) and deceleration in loan growth amid cautious stance on unsecured retail lending.

Behind the scenes

- Competition for deposits continues to remain strong and the credit to deposit ratio remains elevated.
- Private banks saw weakness in business momentum and moderation in margins.
- Public sector banks were better placed due to improvement in asset quality and healthy provision coverage ratio (PCR).

 YES Bank and Punjab & Sindh Bank. **Forecast**

• The Motilal Oswal earnings review report maintains a cautious view on margins and the delinquency cycle of unsecured loans. It expects credit costs to remain elevated for private banks. While the report has reduced the earnings growth estimates for private banks for 2025-26, it has marginally raised estimates for public sector banks.

NBFCs

The challenges

- · Mixed performance on the back of loan growth and asset quality challenge
- More competition and elevated credit

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

by Sameer Bhardwaj

fter a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-onyear in the September quarter.

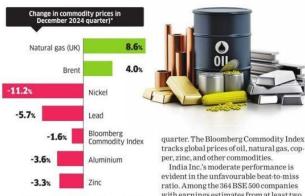

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies. 214 (52.7%) saw a year-on-year contraction in the operating profit margins,

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earn ings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, reporate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Banks

The challenges

- Higher provisioning.
- Pressure on net interest margins (NIM) and deceleration in loan growth amid cautious stance on unsecured retail lending.

Behind the scenes

- Competition for deposits continues to remain strong and the credit to deposit ratio remains elevated.
- Private banks saw weakness in business momentum and moderation in margins.
- Public sector banks were better placed due to improvement in asset quality and healthy provision coverage ratio (PCR).

YES Bank and Punjab & Sindh Bank. **Forecast**

• The Motilal Oswal earnings review report maintains a cautious view on margins and the delinquency cycle of unsecured loans. It expects credit costs to remain elevated for private banks. The union territories of Dadra and Nagar Haveli, and Daman and Diu were merged in 2020, forming one of the most picturesque areas nestled between Maharashtra and Gujarat. With beautiful beaches, caves, varied wildlife, sumptuous cuisine, and colonial architecture reflecting Portuguese influence, it's a destination worth exploring. For now, there is only one airport in Diu and you will need to travel to Mumbai or Surat to reach here.

The fastest way to reach Silvassa is by flight and taxi. Since there is no direct flight from Delhi, you can fly to either of the two closest airports, Surat or Mumbai, from where you can take a cab to Silvassa. The cheapest option is to take a train to Vapi, about 18 km from Silvassa, which can take anywhere from 14-24 hours. The sleeper class fare starts from \approx 495 and Class 2A fares start from \approx 2,100 on Ixigo.

Cost by air+taxi

₹4,990 (Delhi-Mumbai flight, 2 hrs 10 mts) + ₹2,000-4,000 (Mumbai-Silvassa cab, 4 hrs); ₹4,994 (Delhi-Surat flight, 1 hr 50 mts) + ₹2,000-3,000 (Surat-Silvassa cab, 3 hrs)

The ET Awards era kicked off with a bang in 1998 to recognise and celebrate India's best-the dreamers, achievers and disruptors. Across 25 years, in business and politics, it has become the most coveted honour for veterans and innovators. The Awards have also stood witness to the coming of age of women leaders, and has been their cheerleader and champion, busting myths and glass ceilings in India Inc's storied corner rooms

An Iconic Moment

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

by Sameer Bhardwaj

fter a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-onyear in the September quarter.

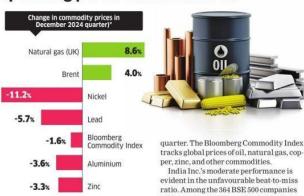

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies. 214 (52.7%) saw a year-on-year contraction in the operating profit margins,

The lacklustre quarterly performance also led to earnings downgrades for most companies, which is contributing to the ongoing volatility. Out of the 411 stocks with 2025-26 PAT estimates from Reuters Refinitiv (based on at least two analysts). 79.1%, or 325 companies, have seen downgrades since 31 December 2024. Among

these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earn ings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, reporate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

Banks

The challenges

- Higher provisioning.
- Pressure on net interest margins (NIM) and deceleration in loan growth amid cautious stance on unsecured retail lending.

Behind the scenes

- Competition for deposits continues to remain strong and the credit to deposit ratio remains elevated.
- Private banks saw weakness in business momentum and moderation in margins.
- Public sector banks were better placed due to improvement in asset quality and healthy provision coverage ratio (PCR).

 YES Bank and Punjab & Sindh Bank. **Forecast**

• The Motilal Oswal earnings review report maintains a cautious view on margins and the delinquency cycle of unsecured loans. It expects credit costs to remain elevated for private banks. While the report has reduced the earnings growth estimates for private banks for 2025-26, it has marginally raised estimates for public sector banks.

Corporate India's earnings challenges remain

Muted revenue growth, narrowing margins and downgrades weighed on companies in December quarter.

by Sameer Bhardwaj

fter a weak first half of 2024-25, corporate India saw a modest earnings recovery in the December 2024 quarter, driven by stronger consumption demand and margin expansion in some sectors.

Data from an Emkay report shows that BSE 500 companies' adjusted PAT grew 7.1% year-on-year, down from 25.8% in the December 2023 quarter. Earnings had declined 1.2% year-onyear in the September quarter.

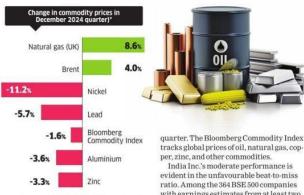

What drove the change?

The performance was largely driven by the BFSI sector. Excluding BFSI, the adjusted net profit growth of BSE 500 moderates to 4.6% year-on-year. The energy sector dragged the overall earnings growth, while the healthcare and real estate sectors managed to provide support.

Sluggish growth

The BSE 500 companies' revenue grew 5.8% year-on-year, staying in single digits for seven quarters. Most companies in the BSE 500 index saw a deterioration in EBITDA margins. Out of the 406 non-financial sector companies. 214 (52.7%) saw a year-on-year contraction in the operating profit margins,

these, 39.1%, or 161 companies, had cuts exceeding 5%. Energy, construction materials, consumer staples, automobiles and industrials are sectors where most companies have seen earnings downgrades for

Road ahead

Analysts expect further downgrades. "The expectations for 2025-26 corporate earn ings are still somewhat elevated given the underlying macro-micro backdrop, and are thus ripe for further downgrades," states an earnings review report by Motilal Oswal. The report has also expressed concern about the expensive valuations of mid caps and small caps.

Despite near-term concerns, there is optimism about a gradual recovery in domestic demand. Higher government capex allocation, reporate cut, income tax changes and likely peaking of food inflation are some of the factors that will support demand, says a recent Prabhudas Lilladher report. Here's how different sectors of the BSE 500 index have fared in the third quarter of 2024-25.

New Sebi chairman has made a promising start

he new Securities and Exchange Board of India (Sebi) chairman, Tuhin Kanta Pandey, made some encouraging remarks in his first public appearance after taking office last week. Emphasising transparency in the market, Mr Pandey noted it extended to the regulator as well. The regulator, he noted, needed to be transparent on various measures, including conflict of interest in the board. Interestingly, this bit was not in the speech uploaded on the regulator's website. However, irrespective of whether the remark was part of the prepared text, the views are now in the public domain and should be welcomed by all stakeholders. Sebi must follow this norm as quickly as possible.

The remarks on disclosures must be seen in the context of the term of Mr Pandey's predecessor, Madhabi Puri Buch. A US-based short-seller Hindenburg Research, which has since shut down, had accused Ms Buch of a conflict of interest in relation to an ongoing investigation of the Adani group, against which the firm had previously made several allegations. In response, both Ms Buch and the regulator had issued statements. Sebi has then said it had a robust mechanism for disclosures. Given the nature of the allegations, it was suggested, including by this newspaper, that Sebi adopt better norms. An August 2024 editorial, for instance, argued: "To strengthen the disclosure norms for key persons, and to quell any speculation in the future, the regulator should consider making the financial interests of such persons public." In modern financial markets, where funds — including foreign — can move in and out very quickly, all relevant disclosures must be in place for regulated entities and key persons in the regulatory body. Such discourses will boost trust in the system.

Aside from the disclosure issue, Mr Pandey made some other important points worth highlighting. The regulator will be looking for optimum regulation. If some statutes have become redundant and are not serving any purpose, Sebi will be open to reviewing them. This is a positive statement and is in sync with the government's overall thinking. Prime Minister Narendra Modi recently spoke about the idea of a Deregulation Commission to address redundant laws and regulations. Sebi can do a lot internally, which will make things easier for regulated entities. To its credit, the securities-market regulator has been working on adapting regulations to the evolving market and economic conditions. Such changes, for instance, have allowed newage technology companies to raise capital from the Indian equity market. Continued improvement in regulations will make the Indian market an attractive place to raise capital and list. This financial year till January, firms have raised a record ₹4 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

New Sebi chairman has made a promising start

he new Securities and Exchange Board of India (Sebi) chairman, Tuhin Kanta Pandey, made some encouraging remarks in his first public appearance after taking office last week. Emphasising transparency in the market, Mr Pandey noted it extended to the regulator as well. The regulator, he noted, needed to be transparent on various measures, including conflict of interest in the board. Interestingly, this bit was not in the speech uploaded on the regulator's website. However, irrespective of whether the remark was part of the prepared text, the views are now in the public domain and should be welcomed by all stakeholders. Sebi must follow this norm as quickly as possible.

The remarks on disclosures must be seen in the context of the term of Mr Pandey's predecessor, Madhabi Puri Buch. A US-based short-seller Hindenburg Research, which has since shut down, had accused Ms Buch of a conflict of interest in relation to an ongoing investigation of the Adami group, against which the firm had previously made several allegations. In response, both Ms Buch and the regulator had issued statements. Sebi has then said it had a robust mechanism for disclosures. Given the nature of the allegations, it was suggested, including by this newspaper, that Sebi adopt better norms. An August 2024 editorial, for instance, argued: "To strengthen the disclosure norms for key persons, and to quell any speculation in the future, the regulator should consider making the financial interests of such persons public." In modern financial markets, where funds — including foreign — can move in and out very quickly, all relevant disclosures must be in place for regulated entities and key persons in the regulatory body. Such discourses will boost trust in the system.

Aside from the disclosure issue, Mr Pandey made some other important points worth highlighting. The regulator will be looking for optimum regulation. If some statutes have become redundant and are not serving any purpose, Sebi will be open to reviewing them. This is a positive statement and is in sync with the government's overall thinking. Prime Minister Narendra Modi recently spoke about the idea of a Deregulation Commission to address redundant laws and regulations. Sebi can do a lot internally, which will make things easier for regulated entities. To its credit, the securities-market regulator has been working on adapting regulations to the evolving market and economic conditions. Such changes, for instance, have allowed newage technology companies to raise capital from the Indian equity market. Continued improvement in regulations will make the Indian market an attractive place to raise capital and list. This financial year till January, firms have raised a record 24 trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

Roshni Nadar Malhotra third richest Indian after stake 'gift'

BS REPORTER

Mumbai, 9 March

With the recent transfer of a 47 per cent stake from her father, Shiv Nadar, founder of the HCL Group, Roshni Nadar Malhotra has become the largest shareholder in the company and the third-richest Indian, according to *Bloomberg* Billionaires data.

As part of succession planning, Nadar gifted 47 per cent of his stake in HCL Corporation and Vama Delhi, the promoter entities, to his daughter. Once the gift deed transfer is completed, she will gain majority control over HCL Corp and Vama, making her the largest shareholder in HCL Infosystems and HCLTech.

According to the Bloomberg Billionaires – India list, Mukesh Ambani remains the richest Indian with a net worth of \$88.1 billion, followed by Gautam Adani at \$68.9 billion. New Sebi chairman has made a promising start

he new Securities and Exchange Board of India (Sebi) chairman, Tuhin Kanta Pandey, made some encouraging remarks in his first public appearance after taking office last week. Emphasising transparency in the market, Mr Pandey noted it extended to the regulator as well. The regulator, he noted, needed to be transparent on various measures, including conflict of interest in the board. Interestingly, this bit was not in the speech uploaded on the regulator's website. However, irrespective of whether the remark was part of the prepared text, the views are now in the public domain and should be welcomed by all stakeholders. Sebi must follow this norm as quickly as possible.

The remarks on disclosures must be seen in the context of the term of Mr Pandey's predecessor, Madhabi Puri Buch. A US-based short-seller Hindenburg Research, which has since shut down, had accused Ms Buch of a conflict of interest in relation to an ongoing investigation of the Adani group, against which the firm had previously made several allegations. In response, both Ms Buch and the regulator had issued statements. Sebi has then said it had a robust mechanism for disclosures. Given the nature of the allegations, it was suggested, including by this newspaper, that Sebi adopt better norms. An August 2024 editorial, for instance, argued: "To strengthen the disclosure norms for key persons, and to quell any speculation in the future, the regulator should consider making the financial interests of such persons public." In modern financial markets, where funds — including foreign — can move in and out very quickly, all relevant disclosures must be in place for regulated entities and key persons in the regulatory body. Such discourses will boost trust in the system.

Aside from the disclosure issue, Mr Pandey made some other important points worth highlighting. The regulator will be looking for optimum regulation. If some statutes have become redundant and are not serving any purpose, Sebi will be open to reviewing them. This is a positive statement and is in sync with the government's overall thinking. Prime Minister Narendra Modi recently spoke about the idea of a Deregulation Commission to address redundant laws and regulations. Sebi can do a lot internally, which will make things easier for regulated entities. To its credit, the securities-market regulator has been working on adapting regulations to the evolving market and economic conditions. Such changes, for instance, have allowed newage technology companies to raise capital from the Indian equity market. Continued improvement in regulations will make the Indian market an attractive place to raise capital and list. This financial year till January, firms have raised a record \$4\$ trillion in equity capital, which is double what was raised in the full year 2023-24. Over the years, Sebi has helped increase the penetration of mutual funds, which has helped deepen Indian capital markets.

ovie stars, billionaire businessmen and top politicians could soon fly in and out of a separate terminal dedicated exclusively to them, with the upcoming Navi Mumbai International Airport (NMIA) planning to build one in the next phase of expansion, which will begin after the commercial inauguration of the new airport, documents show.

The dedicated terminal is set to be developed by 2030, under the third phase of development at NMIA. HT has reviewed documents which confirm that the construction of the VVIP terminal will begin in FY 26 and be concluded by 2030.

"The exclusive terminal will cater to not only central and state government officials, governors, chief ministers, deputy chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the air-

port," the official said, adding that general aviation operations will also happen exclusively from this terminal.

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to HT's queries on the issue.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL—a joint venture between Adani Airport Holdings Ltd and City and Industrial Development Corporation of Maharashtra—is likely to start commercial operations after 15 May.

The aviation regulator, Directorate General of Civil Aviation, had on 26 February conducted an assessment that revealed that the airport was 90% ready, officials had said.

The operator has now applied for the mandatory airport permit, officials confirmed.

Navi Mumbai VVIP terminal for filmstars, politicians, others

The dedicated terminal, an exclusive building, is set to be developed by 2030

letters@hindustantimes.com NEW DELHI

ovie stars, billionaire businessmen and top politicians could soon fly in and out of a separate terminal dedicated exclusively to them, with the upcoming Navi Mumbai International Airport (NMIA) planning to build one in the next phase of expansion, which will begin after the commercial inauguration of the new airport, documents show.

The dedicated terminal is set to be developed by 2030, under the third phase of development at NMIA. HT has reviewed documents which confirm that the construction of the VVIP terminal will begin in FY 26 and be concluded by 2030.

The exclusive terminal will cater to not only central and state government officials, gover-

nors, chief ministers, deputy chief ministers, defence officials and other officials from the government but also act like a general aviation terminal catering to film personalities and other stars," an official said, requesting anonymity.

"The exclusive building that is currently being termed as the VVIP terminal will also be used by the family of the promoters of the air-

port," the official said, adding that general aviation operations will also happen exclusively from this terminal.

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to HT's queries on the issue.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL-a joint venture between Adani Airport Holdings Ltd and City and Industrial Development Corporation of Maharashtra-is likely to start commercial operations

Hindustan Times

The aviation regulator, Directorate General of Civil Aviation, had on 26 February conducted an assessment that revealed that the airport was 90% ready, officials had said.

The operator has now applied for the mandatory airport permit, officials confirmed.

NMIA is a greenfield airport aimed to help

ease the burden on Mumbai's congested Chhatrapati Shivaji Maharaj International airport, which is a single runway airport.

The phase I terminal building has a capacity of 20 million passengers per annum.

Navi Mumbai airport is expected to handle 10-12 million passengers per annum, with around 9 million domestic and 3 million international passengers. The airport's Terminal 2 will have a capacity of 30 million passengers per annum and is expected to become operational by the end of 2028.

ON THE CAMPAIGN TRAIL.

It has become de rigeur for brands to put out strong positive messaging around women's empowerment in the first week of March, and this year, too, there is the usual outpouring. A couple of companies have tried interesting social experiments to break through the clutter.

Her choice

Jewellery retail brand Tanishq, which was one of the early players to spark meaningful conversations around women's aspirations, has launched 'Her

omen saspirations, has launched 'Her Choice' — a film that challenges conventional notions of empowerment. At a time when phrases like 'independent',

'strong' are becoming clichéd, trust Tanishq to invert the expectations of a woman! Conceptualised by Autumn Grey, the film opens with shots of a woman dressing with intent. It looks as though she is getting ready for work. Yet, in a twist, it is her husband who steps out for work, while she stays behind, embracing the role of a homemaker. The campaign shifts the perspective on empowerment, honouring individuality and her right to choose.

Park the bias

Ahead of Women's Day, CARS24 launched a social experiment to check trust levels when women handle cars. At a busy parking area,

two valet attendants
— a man and a
woman — were
assigned the job of
parking vehicles.
Shockingly, 97 per
cent of car owners
chose the male

valet. When the researchers tried to shake things up by assigning a lazy, inattentive male valet or a bent, elderly male, the car owners still preferred to hand over the keys to the male valet. The film powerfully exposes the bias against women drivers.

Role models

Shemaroo Entertainment's women's day campaign, #HarRoleIsHerRole, exposes the preconceived notions we have about job

profiles. In a social experiment, it invited 10 artists and asked them to paint portraits of professionals — a chef, cricketer, scientist, army

Godrej Industries Group IWD campaign focuses on shared experiences across generations, identities, and professions. It

features women exchanging letters, sharing their challenges, experiences, and achievements while recognising each other's journeys.

Beautifully filmed, the deeply poetic lines are a call to see, hear, and champion each other.

Journey of dreams

Adani Group's narrative-driven film, created by Ogilvy India, which shows how its port helps small business owners dream big, is

heartwarming. The film opens with a man and his daughter watching a ship sail into the horizon, with the daughter asking her dad, "Ships carry big

things, right?" The father responds, "Ships also transport big dreams." As the plot unfolds we see how the father, a craftsman, gets a big order from international shores for his handcrafted Namda toys, a traditional wool-felting craft product from the Kutch region of Gujarat.

Fashionable self-expression

Myntra's Women's Day campaign 'Fashion ki Adalat' is light-hearted, while packing a powerful message woven around

self-expression through fashion. The ad featuring actor Archana Puran Singh as a sassy judge in a face-off with digital creators Sakshi

Sindwani, Ruhee Dosani and Meghna Kaur, humorously highlights the unfair scrutiny women face for their fashion choices.

Executed as a courtroom spoof, the ad shows each influencer facing trial for a 'fashion crime' — from flaunting curves to wearing bold make-up, and oversized gender-neutral clothes. After hearing their rebuttals, the judge delivers her verdict. "Tumhe kya pehnna hai, yeh sirf TUM decide karogi (You will decide what you wear)!"

self-expression through fashion. The ad featuring actor Archana Puran Singh as a sassy judge in a face-off with digital creators Sakshi

Sindwani, Ruhee Dosani and Meghna Kaur, humorously highlights the unfair scrutiny women face for their fashion choices.

Executed as a courtroom spoof, the ad shows each influencer facing trial for a 'fashion crime' - from flaunting curves to wearing bold make-up, and oversized gender-neutral clothes. After hearing their rebuttals, the judge delivers her verdict. "Tumhe kya pehnna hai, yeh sirf TUM decide karogi (You will decide what you wear)!"

It has become de rigeur for brands to put out strong positive messaging around women's empowerment in the first week of March, and this year, too, there is the usual outpouring. A couple of companies have tried interesting social experiments to break through the clutter.

omen saspirations, has launched 'Her Choice' — a film that challenges conventional notions of empowerment. At a time when phrases like 'independent',

'strong' are becoming clichéd, trust Tanishq to invert the expectations of a woman! Conceptualised by Autumn Grey, the film opens with shots of a woman dressing with intent. It looks as though she is getting ready for work. Yet, in a twist, it is her husband who steps out for work, while she stays behind, embracing the role of a homemaker. The campaign shifts the perspective on empowerment, honouring individuality and her right to choose.

Park the bias

Ahead of Women's Day, CARS24 launched a social experiment to check trust levels when women handle cars. At a busy parking area,

two valet attendants
— a man and a
woman — were
assigned the job of
parking vehicles.
Shockingly, 97 per
cent of car owners
chose the male

valet. When the researchers tried to shake things up by assigning a lazy, inattentive male valet or a bent, elderly male, the car owners still preferred to hand over the keys to the male valet. The film powerfully exposes the bias against women drivers.

Role models

Shemaroo Entertainment's women's day campaign, #HarRolelsHerRole, exposes the preconceived notions we have about job

profiles. In a social experiment, it invited 10 artists and asked them to paint portraits of professionals — a chef, cricketer, scientist, army

Godrej Industries Group IWD campaign focuses on shared experiences across generations, identities, and professions. It

features women exchanging letters, sharing their challenges, experiences, and achievements while recognising each other's journeys.

Beautifully filmed, the deeply poetic lines are a call to see, hear, and champion each other.

Journey of dreams

Adani Group's narrative-driven film, created by Ogilvy India, which shows how its port helps small business owners dream big, is

heartwarming. The film opens with a man and his daughter watching a ship sail into the horizon, with the daughter asking her dad, "Ships carry big

things, right?" The father responds, "Ships also transport big dreams." As the plot unfolds we see how the father, a craftsman, gets a big order from international shores for his handcrafted Namda toys, a traditional wool-felting craft product from the Kutch region of Gujarat.

Fashionable self-expression

Myntra's Women's Day campaign 'Fashion ki Adalat' is light-hearted, while packing a powerful message woven around

self-expression through fashion. The ad featuring actor Archana Puran Singh as a sassy judge in a face-off with digital creators Sakshi

प्रकटीकरण और नियमन

भी तहीब प्रतिभृति एवं शिनिमव बोर्ड (सेबी) के नए अध्वश मुहिन कोत पड़िय ने गत सप्ताह पद संभातने के बाद पहली सार्वजनिक उपस्थिति में कुछ उत्साहवर्धक टिप्पणियां की हैं। बाजार में पारदर्शिता पर जोर देते हुए पांतेव ने कहा कि यह नियामक पर भी लागू होती है। उन्होंने कहा कि नियामक को विभिन्न मोचीं पर पारदर्शी होने को आवश्यकता है। इसमें बोर्ड में हितों का टकराव भी शामिल है। दिलगस्य बात है कि यह हिस्सा नियामक की वेबसाइट पर अपलोड किए गए भाषण में शामिल नहीं है। हालांकि टिप्पणी उनके लिए तैवार किए गए भाषण का हिस्सा थी वा नहीं लेकिन अब उनके विचार सार्वजनिक मंच पर हैं और सभी को उनका स्वागत करना चाहिए। सेवी को भी जल्द से जल्द इसका पालन शुरू करना चाहिए।

प्रकटीकरण संबंधी टिप्पणियों को पांडेय की पूर्ववर्ती सेबी प्रमुख माधवी पुरी बुच के संदर्भ में देखा जाना चाहिए। एक अमेरिकी शॉर्ट सेलर हिंडनवर्ग रिसर्च जो अब बंद हो चुकी है, उसने खुच पर अदाणी समूह पर चल रही जांच को लेकर हितों के टकराव का इल्लाम लगांवा था। हिंडनवर्ग ने पहले भी अदाणी समूह पर कई इल्जाम लगाए थे। इसकी प्रतिक्रिया में खूच और नियामक दोनों ने वक्तव्य जारी किए। तब सेबी ने कहा कि उसके बरा प्रकटीकरण को ठोस व्यवस्था है। आरोपों की प्रकृति को देखते हुए (इस समाचार पत्र सहित) यह कहा नया कि सेवी को बेहतर मानक अपनाने चाहिए। उदाहरण के लिए अवस्त 2024 के संपादकीय में कहा गया था, 'प्रमुख लोगों के प्रकटीकरण मानकों को मजबती देने तथा भविष्य में किसी अटकल को समाप्त करने के लिए नियामक को ऐसे लोगों के बिलीय हितों को सार्वजनिक करना चाहिए।' आधुनिक वित्तीय बाजारी में जार्ग विलोब समेत तमाम फंड बहुत आसानी से आ और जा सकते हैं, विनियमित संस्थाओं और नियमक संस्था के प्रमुख लोगों के लिए सभी प्रासंगिक प्रकटीकरण होना चाहिए। इससे व्यवस्था में विश्वास मजबन होगा।

प्रकटीकरण के विषय से अलग पांडेय ने कुछ अन्य अहम बातें भी कहीं जिनका उल्लेख जरूरी है। निवासक अधिकतम नियमन की और देखेगा। अगर कुछ कानून ऐसे हो गए हैं जो कोई उद्देश्य पूरा नहीं कर रहे हैं तो नियामक उनकी समीक्षा को लेकर खुला रुख रखेगा। यह सकारात्मक वक्तव्य है और सरकार की समञ्जाविचार प्रक्रिया के अनुरूप भी है। प्रधानमंत्री नरेंद्र मोदी ने हाल ही में एक विनियमन आयोग के विचार का जिक्र किया ताकि पुराने कानुनों और निश्रमन से निजात पाई जा सके। सेबी आंतरिक तौर पर बहुत कुछ कर सकता है जो नियमित संस्थानों के लिए हालात सामान्य बनाएगा। इस मोचे पर प्रतिभृति बाजार निवासक ऐसे नियमन को अपनाने पर काम कर रहा है जाहां उधरती बाजार परिस्थितियों का ध्यान रखा जा सके। उदाहरण के लिए ऐसे बदलाओं ने नए जमाने की तकनीकी कंपनियों को भारतीय रोयर बाजार से पूंजी जुटाने का अवसर दिवा है। नियमन में निरंतर मुधार से भारतीय बाजार पूंजी जुटाने और सुचीबद्धता के लिहाज से बेहतर बनेया। मौजूदा वित्त वर्ष में जनवरी तक, कंपनियों ने रिकॉर्ड 4 लाख करोड़ रुपये की इवियटी पूंजी जुटाई जो 2023-24 में जुटाई गई कुल पूंजों से दोगुनी है। बोते क्यों के दौरान सेबी ने भी म्युयुअल फेड्स की गहुंच बढ़ाने में भी मदद की है जिसने देश के पूंजी बाजारों को गहन बनाया है।

सेबी के चेदरमैन ने वह भी कहा कि निवासक विदेशी पूंजी जुटाने के लिए अनुकूल माडील बनाने को लेकर सचेत है और यह आंशधारकों के साथ संवाद का इच्छुक है। वह भी एक स्वस्थ संकेत है। अगर भारत को निरंतर टिकाऊ रूप से उच्च वृद्धि हासिल करनी है तो यह अहम होगा कि पूंजी बाजार सुचार रूप से काम करें और खचत को न्यूनतम समस्या के साथ विवेश में ला सकें। हालांकि सेवी इस दिशा में काम कर रहा है लेकिन समय आ गया है कि प्रक्रियाओं को और मुसंगत बनाकर भारतीय पूंजी बाजार और अर्थव्यवस्था के लिए संभावनाओं को बेहतर बनाया जा सके।

New Mumbai Flight And Second To B'luru: Hindon Terminal Ops Expand

Ghaziabad: The civil terminal at the Hindon air force base will see a second jump in its footfall this month as two new daily flights begin operations on Monday.

Both run by Air India Express, one will be a morning flight to Bengaluru, the airline's second from the terminal, and the other a post-midday flight to Mumbai.

The introduction of the Mumbai flight means the Hindon terminal will be connected to three of the four metros all through AI Express which started a flight to Kolkata from March 1. The terminal's metro circuit will be complete later this month when AI Express begins a daily Chennai flight. Beyond metros, AI Express also has a flight to Goa from the terminal and will likely start a Bhubaneswar flight from March 30 (announced by the Odisha CM on Saturday, but yet to be con-firmed by the airline). The Chennai flight will do a Jammu-Hindon-Chennai circuit.

Opened pre-Covid in 2019, the terminal's utility has only become apparent this
month after AI Express became the first frontline airline to announce flights from
Hindon. Located in the heart
of Ghaziabad and surrounded by the urban sprawl of
NCR to Delhi's east – from
where IGI airport is 30-40km
away – its catchment is huge.
That has been evident to all
in the 10 days AI Express has
been operating from here.

The second Bengaluru flight is the result of good response to the first. "The flight from Bengaluru to Hindon was received quite well as the occupancy on this route was over 90%. So, from March 10, we decided to introduce one more service on the Hindon-Bengaluru route," an AI Express official told TOI, attributing the response to Noida's IT sector getting a direct connection to India's Silicon Valley.

the terminal at 7.40am and depart at 8.40am. The flight will touch down Owing to demand on the Bengaluru route, Air India Express from March 10 will introduce a direct flight on the route. It will arrive at Hindon at 7:40 am and will depart back to Bengaluru at 8:40 am. The other one is an afternoon flight, which departs for Bengaluru at 3.45pm.

Response to the flight to Mumbai – adding another connection from the capital, but for the first time from an airport other than IGI, to India's busiest flying route – will be closely watched. The Mumbai flight will land at 12.10pm and depart at 1.10pm.

Average occupancy on the Goa and Kolkata routes is around 65%, sources said.

For a terminal that had before this March seen only
Udan flight by second-tier air
lines, and in phases no flight
at all, this windfall is suddenly testing its capacity. With
Udan connections to five cities—Nanded, Adampur, Bhatinda, Kishaganj and Ludhian
a—the airline will from Monday have flights to nine cities,
potentially rising to 13 by
month-end.

Sources said talks are al-

so on to start flights from the Hindon terminal to Varanasi and Lucknow.

"Hindon Civil Terminal was written off, but it is showing how viable it is," said Ghaziabad MP Atul Garg, who has been actively working to get more flight routes started from the terminal, citing its large catchment area, which includes west UP. In fact, thanks to rapid rall, reaching Hindon terminal from Meerut is easy by taking a train to Ghaziabad station and from there a short cab or auto ride to the terminal.

"Local representatives went the extra mile, meeting the civil aviation minister and Airports Authority of India officials in the last few months to start flights from Hindon, and that has yielded good results," added Garg. "The terminal was developed after acquiring land from farmers from Sikandarpur village, and initially, it was supposed to serve as a stopgap arrangement because land was taken on lease for five years. But the land has been bought now."

If all flights are launched as announced, the terminal will be close to saturation by the end of the month. "Hindon Civil Terminal can manage up to 15 flight services per day with its current infrastructure." terminal director Umesh Yadav said.

Designed to accommodate
300 passengers an hour – arrival and departure combined
internal changes have been
made to take this up to 430.
The maximum possible is 500.
So arrivals and departures
need to be spaced out. "The
time gap between two flights
is about one hour, but in case
of delayed arrival or departure of flights, accommodating the footfall will be a problem "Yadays said

lem," Yadav said.

The terminal does not have any scope for expansion unless five acres are acquired. "Talks are already on at the highest level to acquire land," Yadav said.

Besides the holding area, the terminal has other limi-

he terminal has other limitations. It has only two parking bays for aircraft, two baggage belts and no aerobridge.

"There's a restriction as well. Flight operations from Hindon terminal can take place only between sunrise and sunset because the IAF, which has lent its airstrip for civil operations, does not allow night operations due to

security reasons," said the terminal director.

Yaday said facilities, including an aerobridge, will be added soon. "As of now, we have a 200-250 workforce, which includes security per-sonnel from UP Special Secu-rity Force, AAI and airline staff. This will be enhanced. Parking capacity within the terminal premises will also be enhanced. The current capac ity is 80-100," said Yadav. The planned capacity expansion indicates Hindon is not being merely as a standby till NCR's second international airport in Jewar becomes operational later this year Because of the size of NCR, the feeling is that there is enough space for the terminal to coexist with IGI and Jewar. Besides, all three hubs are far apart. IGI is on the Delhi-Gurgaon border in the south, and Jewar off Yamuna Expressway on the oth-

er fringe of NCR in the east. An AI Express official said, "The Hindon terminal holds a lot of potential and our airline will ensure more flights from the terminal to the eastern part of the country."

"The need of the hour is to keep upgrading infrastructure in accordance with the increase in flight services at Hindon. Amenities in and around the terminal also need to be improved at the earliest," said Rohan Das, an aviation expert.

aviation expert. The Aerodrome Advisory Committee (ADC) recently held a meeting for capacity enhancement of the terminal as well as facilities like passenger services. round-the-clock medical ambulance services, and increased police patrolling. Cabbies operating from this area give an idea of where passengers are coming from. Besides Delhi, Noida and Ghaziabad, fliers have also come from Gurgaon, Saharanpur and Meerut.

"In the last few days, I have taken passengers from Hindon terminal to Noida, Delhi and even Gurgaon. People are also going to Saharanpur, Hapur and Bulandshahr," saida cab driver with an aggregator.

MUMBAI: Shiv Sena (UBT) chief Uddhav Thackeray on Sunday declared that the Maharashtra Vikas Aghadi (MVA) alliance lost in the assembly polls as it was "careless". Thackeray made the statement while addressing a day-long session of party workers in Mulund to prepare for the upcoming BMC polls.

"We stopped the BJP from coming to power in Maharashtra in the Lok Sabha elections and they were defeated in the Mumbai North-East constituency, which was their stronghold. I am proud of you all," he said. "But between the Lok Sabha polls and the assembly polls, we were careless. In the Lok Sabha elections, we fought to win and they (the Mahayuti) were careless. In the assembly polls, the Mahayuti were fighting to win while we in the MVA thought we had already won. Our allies had stitched new jackets, thinking they had won."

Thackeray said the MVA allies came to him after the Lok Sabha polls, and a lot of damage was wrought in the fight for dis-

tribution of assembly tickets.

The Sena (UBT) chief challenged CM Devendra Fadnavis to announce a waiver for farmers and increase the monetary assistance to underprivileged women under the Ladki Bahin scheme from ₹1.500 to ₹2.100 per month. "The BJP had promised ₹2.100 to women, and the Ladki Bahin scheme helped them come to power." he pointed out. Thackeray recalled how he had announced a waiver for farmers when he was the CM and also implemented it.

The Sena (UBT) chief said

there was a "fake narrative" that the BJP was a Hindutvavadi and nationalistic party. He pointed out that senior BJP leader, the late Sushma Swaraj, had emphasised that India must not play cricket with Pakistan, as the country was into anti-India activities. "Now we are playing cricket with Pakistan and Bangladesh, which are engaged in anti-India activities, and they (BJP) are teaching us to be nationalistic and Hindutvavadi," he said sarcastically.

Thackeray launched a fullfledged attack on the RSS, saying it was sad that those who never fought in the freedom struggle were today controlling the country. "They have no connection with the fight for Samyukta Maharashtra, either," he said. Theirs is false propaganda everywhere. Mohan Bhagwat never went to the Kumbh. I had told my workers that we will go for a dip in the Ganga if Bhagwat goes. He did not and hence I too didn't.' Thackeray also criticised RSS leader Bhaiyyaji Joshi who said recently that the language of Ghatkopar and Vidyavihar was Gujarati. The Sena (UBT) chief also criticised the government for giving sops to the Adani group which is redeveloping the Dharavi slum cluster.

The Shiv Sena led by Eknath Shinde has formulated a ward-level strategy to secure victory in the upcoming BMC elections. Party MP and Shinde's son Shrikant Shinde held a meeting in South Mumbai on Sunday as part of the Shiv Samvad tour, where he interacted with workers from different Lok Sabha constituencies.

Despite repeated attempts, airport operator Navi Mumbai International Airport Ltd (NMIAL) did not respond to HT's gueries on the development.

The existing airport in Mumbai does not have a dedicated VVIP terminal. The NMIA, which is managed by NMIAL (a joint venture between Adani Airport Holdings Ltd [AAHL] and City and Industrial Development Corporation of Maharashtra [CIDCO]), is likely to start commercial operations after May 15.

The aviation regulator, Directorate General of Civil Aviation (DGCA), had on February 26 conducted an assessment that revealed that the airport was 90% ready, officials had said. The operator has now applied for the mandatory airport permit, officials confirmed

NAVI MUMBAI, MARCH 9

THE NAVI Mumbai International Airport (NMIA) has taken a significant step towards becoming operational with the publication of the Aeronautical Information Publication Supplement (AIPS) by the Airports Authority of India (AAI). The commercial launch of the airport is slated for mid-May.

Listed as AIPS 46/2025 on the Aeronautical Information Management India website, this document provides essential aerodrome data, a key requirement for the operationalisation of the airport and securing an aerodrome licence.

The airport operator, NMIAL, has already submitted an application for the aerodrome licence to the Directorate General of Civil Aviation (DGCA). "This cer-

tification is necessary to ensure the airport complies with aviation safety and operational standards before commercial operations can begin," said an official from NMIAL.

Airlines are preparing for operations at NMIA, with Air India planning to conduct test flights in April. The airline will continue its international flights from Mumbai Airport, while its domestic operations will gradually shift to the new airport.

IndiGo, which conducted a validation flight with an Airbus A320 in December, is expected to be among the first airlines to transition to NMIA. Other carriers, including Air India Express, SpiceJet, and Akasa Air, are currently discussing their operational shift. The transition of airlines will take place in phases, ensuring a smooth shift of domestic operations to the new airport.

Uddhav dares CM to announce increased aid from this month

Says only he can take decisions to stall projects that 'harm the state'

VALLABH OZARKAR MUMBAI, MARCH 9

A DAY ahead of the Mahayuti government presenting its first budget, Shiv Sena UBT president Uddhav Thackeray dared chief minister Devendra Fadnavis to announce the increased financial aid of Rs 2,100 to all eligible women under the Ladki Bahin scheme from this month and to announce complete farm loan waivers. Thackeray also hit back at Fadnavis over his recent remarks that he was not Uddhav Thackeray to stall projects.

Addressing party workers at Shiv Sena (UBT)'s Nirdhaar rally, Thackeray said, "He said he is not Uddhav Thackeray to stall projects... You can never be Uddhav Thackeray because only Uddhav Thackeray can take decisions to stall projects that harm the state..."

"Devendra ji, if you want to become Uddhav Thackeray, then tomorrow while presenting the budget, make the farmers debt-free, the way I made them debt-free during the first state legislative session of my tenure... I had fulfilled the promise made in the manifesto of giving Shiv Bhojan Thali at Rs 10. Similarly you make announcement of increasing the financial aid of Rs 2,100 (under the Ladki Bahin) and then do comparison with me," he said.

The Mahayuti government had launched the Ladki Bahin Yojana in July 2024 where it provides Rs 1,500 per month to eligible women. In its poll manifesto ahead of the state Assembly elections, Mahayuti had promised to increase the amount to Rs 2,100.

Recently, while talking about stopping certain decisions taken by the previous government led by then chief minister Eknath Shinde, Fadnavis said that he was not Uddhav Thackeray who would stall the works.

In response to the remarks, Uddhav said, "I did not let the work stop during the Covid-19 pandemic, I did not let the Metro work stop and even the work of the coastal road was not allowed to stop. We had provided Maharashtra with services and facilities that you would never

have provided in your life, even in hospitals. You are not Uddhav Thackeray because, I did not do any dirty work for my employers' friends..."

"I put stay on the Aarey Metro car shed because it could have been built in Kanjurmarg land, which has now been given to Adani. You are not Uddhav Thackeray and can never be," said Thackeray.

Vowing to come back to power in the state and alleging that the BJP is indulging in caste politics, the Sena UBT chief said, "We will again come to power in Maharashtra. I will not spare them. We will say Jai Shir Ram, but we will also make BJP say Jai Shivaji, Jai Bhavani. We will build a temple of Shivaji Maharaj in every district."

Claiming that it is a fake narrative that the BJP is patriotic, he said, "The Shiv Sena chief's stance was that we should not play a match with Pakistan until Pakistan takes a good stand regarding our country."

On why did Uddhav Thackeray did not go for Kumbh Mela in Prayagraj, Uddhav said, "We follow Mohan Bhagwat. We do what he does. If Mohan Bhagwat does not go, how can I go to Prayagraj."

Betterment charges cut in airport influence notified area

Navi Mumbai: The City and Industrial Development Corporation(Cidco) has significantly reduced betterment charges for farmers in the Navi Mumbai Airport Influence Notified Area (NAINA) after its plan to impose up to 50 per cent of the increased land value as betterment charges drew widespread opposition from landowners.

Farmers and developers argued that the high charges discouraged investment and delayed infrastructure projects in the region. The Maharashtra government intervened, directing Cidco to review its decision. After discussions, Cidco's board, in a meeting on Monday, approved a minimal charge of 0.05 per cent, bringing significant relief to farmers and landowners.

The decision came after Panyel MLA Prashant Thakur and Uran MLA Mahesh Baldi met Cidco MD Vijay Singhal, representing the plight of the farmers and the landowners. ENS

THE NAVI Mumbai International Airport (NMIA) has taken a significant step towards becoming operational with the publication of the Aeronautical Information Publication Supplement (AIPS) by the Airports Authority of India (AAI). The commercial launch of the airport is slated for mid-May.

DGCA orders probe after IndiGo plane scrapes runway

Jagriti Chandra NEW DELHI

The tail section of an Indi-Go Airbus A321 aircraft scraped the runway at the Chennai airport on Saturday during landing, in what is at least the sixth such incident for the airline in the past two years.

The DGCA is investigating the tail strike incident. which occurred when Indi-6E-5325 Mumbai-Chennai flight was making a landing. The aircraft, registered as VT-IBI, landed at 1.55 p.m. in Chennai on Saturday.

IndiGo stated in a statement that the aircraft has since been grounded and will return to operations post repairs and clearance.

A senior DGCA official explained that the investigation will look into crew technique during approach, wind conditions as well as the flap setting used for which IndiGo had received a penalty from the regulator in the past.

The same aircraft was involved in a tail strike on September 9, 2024, following which it was grounded till February 6 due to the extent of damage, which extended from the wings to the tail.

The event was categorised as a serious incident as there was a high probability of an accident, and the investigation was handed over to the Aircraft Accident Investigation Bureau (AAIB). The report into the September tail strike has not vet been released.

AAIB sources said that they have collected inputs from Airbus on the September tail strike but they are vet to determine whether the tail strike occurred in Delhi or Bengaluru. The Hindu reported on September 20, 2024, that though the aircraft was

grounded in Bengaluru after a flight from Delhi when airline personnel noticed damage to the fuselage. However, according to multiple sources in the airline, the aircraft had arrived at the Delhi airport with the damaged belly, where engineering personnel and pilots failed to notice the scrape marks, and the aircraft was released for its flight to Bengaluru. A mandatory walkaround, or an inspection of the aircraft, was not carried out at the Delhi airport because it was raining. The airline also suspended an aircraft maintenance engineer.

Such a lapse poses a hazard to passenger safety as there could be potential damage to the pressurisation system located in this part of the aircraft, impacting oxygen levels in passenger cabin.

Extended length

Airbus pilots say that the A321 aircraft are more prone to tail strikes due to their extended length as compared with the Airbus A319 and A320. The A321 is 6.94 metres longer than the A320 and requires a more delicate angle of inclination at the time of landing and take-off.

In July 2023, the DGCA imposed a penalty of ₹30 lakh on IndiGo after recording at least six tail strikes involving Airbus A321 Neos. It found "systemic deficiencies pertaining to operations, training procedures and engineering procedures".

Specifically there was a concern with the use of a "flap" configuration recommended by IndiGo to its pilots in order to reduce fuel consumption and save costs. Flaps are movable surfaces on the trailing edge of an aircraft's wings that help control lift and drag [or friction].

A senior DGCA official explained that "as a company policy, the crew were asked to carry out flap 3 landing every time, which is not in line with the Airbus Flight Crew Operating Manual (FCOM) procedures".

IndiGo was advised that the "flap 3 landing" recommended by it should be left to the pilot's discretion. A flap 3 landing instead of a full flap or flap 4 landing impacts landing performance and helps achieve lower fuel burn of up to 20 kg to 30 kg per landing, some pilots say.

In July 2023, the DGCA also imposed a penalty of ₹30 lakh on IndiGo after recording at least six tail strikes involving Airbus A321 Neos. It found "systemic deficiencies pertaining to operations, training procedures and engineering procedures".

Specifically there was a concern with the use of a "flap" configuration recommended by IndiGo to its pilots in order to reduce fuel consumption and save costs. Flaps are movable surfaces on the trailing edge of an aircraft's wings that help control lift and drag [or friction].

A senior DGCA official explained that "as a company policy, the crew were asked to carry out flap 3 landing every time, which is not in line with the Airbus Flight Crew Operating Manual

procedures".

IndiGo was advised that the "flap 3 landing" recommended by it should be left to the pilot's discretion. A flap 3 landing instead of a full flap or flap 4 landing impacts landing performance and helps achieve lower fuel burn of up to 20 kg to 30 kg per landing, some pilots say.

First piped PNG connection now online in SAIL's Riverside township

DEBAJYOTI CHAKRABORTY

BURNPUR, 9 MARCH

The days of having to carry heavy gas cylinders on shoulders in every household appear to be over. A significant step towards sustainable and convenient energy solutions was achieved on Thursday evening, when Director-in-Charge (DIC) Anirban Dasgupta inaugurated the first Piped Natural Gas (PNG) connection in Riverside Township, part of the IISCO Steel Plant of SAIL, located in Burnpur, Asansol.

In the presence of senior officers and residents of Riverside Township, he switched on the valve of the De-Compression Unit (DCU) installed by Indian Oil Adani Gas Pvt Ltd, marking the beginning of a cleaner and more efficient fuel distribution system. He also visited a residence in Riverside Township in the steel city of Burnpur to ignite the first gas burner in a kitchen connected through the new Natural Gas Pipeline infrastructure.

Describing it as the safest, most convenient, and economical fuel, Anirban Dasgupta stated that this is the first such initiative in a SAIL Township and that, in the future, all SAIL townships will be connected to piped natural gas infrastructure, reinforcing SAIL's commitment to sustainability and innovation.

Encouraging everyone to adopt PNG. Suvojit

Chakraborty, the Asset Head of IndianOil Adani Gas Pvt Ltd, said that it is a low-carbon emission fuel, aligning with the global need for environmentally friendly energy solutions.

The Piped Natural Gas infrastructure in Riverside Township, Burnpur, Asansol, has been developed by IndianOil Adani Gas Pvt Ltd, authorised by the Petroleum Natural Gas Regulatory Board to lay, build, and operate the City Gas Distribution Network in East Burdwan and West Burdwan. Their office has been established in the WBPCIL Industrial Park in Panagarh.

This initiative reflects SAIL's commitment to adopting sustainable practices while enhancing the quality of life for its township residents. The successful collaboration between SAII. and IndianOil Adani Gas Pvt Ltd is a testament to the shared vision of bringing clean and green energy solutions to the forefront.

On 22 November 2018, Prime Minister Narendra Modi laid the foundation stone of this ambitious project via video conferencing from New Delhi. At the same time, the then Asansol MP and Union Minister of State for Heavy Industries and Public Sector Enterprises, Babul Supriyo, was also present at a function in Loco Stadium, Asansol.

The gas pipeline will pass through eight districts in the state, including Purulia, Burdwan East and West, Nadia, Howrah, Hooghly, East Midnapore, and North 24 Parganas. The pipeline will be 2,200 kilometres long, and approximately eighty gas stations will be established.

About £270 million will be invested to set up the much-publicised City Gas Distribution Services (CGD) in West Bengal under the City Gas Distribution Projects. The consortium of Indian Oil-Adani Gas Private Limited secured the bid in the 9th auction round. The Petroleum and Natural Gas Regulatory Board (PNGRB) has offered bids for City Gas Distribution Projects across the country.

INTEGRITY INTERRUPTED

As Buch goes, Sebi must launch a clean-up

The regulator will take time to recover; the best way to speed up the recovery is to order a judicial inquiry

JAGDISH RATTANANI

he decision to allow Madhabi Puri Buch to exit Sebi as the chairper-son at the end of her three-year term is to be welcomed. Tenures at the three-year point can be extended, and often are, but the situation in this case was such that a decent goodbye was the easiest way to put a lid on what remains a can of worms.

It is another matter that the exit itself was embroiled in another controversy— on the alleged inaction and collusion in a share listing that dates to the time before Buch took charge.

Without being distracted by that non-event, it can be said the first woman head of India's securities market police retired under a cloud, invited flak from within Sebi, and left with a lot of questions on the credibility and reputation of the in-stitution she led.'

Sebican work only if it is seen as work-ing with independence and integrity, without which its efforts to police the hot and often volatile space of India's securities markets cannot carry conviction. That loss of conviction will remain the big

imprint of this tenure. When the blowout over the Hindenburg allegations first hit Sebi and Buch, she and her husband Dhaval Buch, also caught in the storm, issued a formal clarification that began by flaunting their ed-ucational pedigree: She is an alumnus of IIM Ahmedabad; he a graduate of IIT Delhi. How do the public read this price-

None of this is to pass judgement on

The first is that the low road of techni-

The first is that the low road of techni-cal compliance is very different from the high road of integrity in public life. Evenif Buch's defence of her case is to be regarded as valid, forgetting the un-missable Buch-Adani entanglements, her defence at best has been all about

how technical compliance was achieved and suitable boxes ticked. We will need a new set of investiga-tions to get at the truth, like indeed were required in the case of Buch's former col-league at ICICI Bank, Chanda Kochhar, who was similarly first given a clean chit based on reported compliance, and then sacked as the rottenness at India's (then)

largest private sector bank was uncovered by Justice B N Srikrishna.
Without a similar inquiry in this case, the real story of how and why REITs (Real Estate Investment Trust funds) were aggressively promoted by Sebi, how Buch's husband's employer, Blackstone, profited from these and why Sebi did not quite probe the Adani group will remain buried in the reports of compliance being bandied about.

This is not to ask other questions on the desirability and wisdom of the finan-cialisation of housing markets via the REITs promoted by Buch, and how they impact the property market and com-moncitizens. While the government may hope that Buch's retirement would put

hope that Buch's retirement would put matters to rest, the case must and will invite a fuller probe some day. The second is the argument offered, sometimes, that private sector players who have lived their lives on high sala-ries, ESOPs and bonuses will necessari-ily be high-net-worth individuals, and that their investments and holdings and lifestyle will necessarily reflect their sulifestyle will necessarily reflect their su-

This is true, and while some allowance must be made, it is equally true that power and connections throw up new opportunities that work well with wilful blindness. Further, a democratic nation must also ask: What specific qualifications or regulatory experience does

The question will have to be weighed against an increasing tendency seen in India to hand over the levers of power to the ultra-wealthy and the connected, almost forming a controlling club where birds of a feather flock together.

This is a plutocracy rather than a meri-tocracy at work in the new India. The true worth of these so-called star performers and the real value of their contribution is in itself a matter for another discussion. The world needn't buy their self-pro claimed and crude ideas of talent or their

markers of high achievement.
The third is the point, quite fair, that no
Sebi chair can talk let alone act against
a power centre like Adani in the reality of the India of today. That is indeed the political bind of the day, and its toll is be-ing paid in the degrading of institutions across the board.

across the board.

But here, it was the chair being accused of playing the game, too. Rather than high marks for professionalism, this is seeking high marks for connections and cover-ups. The distance between the regulator and the regulated stands erased for the select few.

The question that pops up is simple: Who really makes these appointments and how do they strengthen the institu-tion? Do note that some concerns on investments and questions on disclosures dated from the time Buch was a whole-time director of Sebi, before becoming

the chairperson.

All of the above normalises big-ticket misgovernance, which feeds into misgovernance of a million other kinds that the government may not bother about today but which, small and the big together eats into the vitals of the institution and hollows it out from the inside.

All of this is the unseen drama while stories are sold about the nuts and bolts being tightened, a focus on the trivial while the substantive issues are ignored, and the nation is taken for a ride.

The desire to bring order down the line cannot translate into action when there is no desire to clean up the line. The tensions that follow can be institution killers. They tear apart the fabric of governance. Some part of the tensions that led Sebi staffers to stage a protest against the high handedness of Buch (the reported arrogance in part flowing from her connections and the implicit political

her connections and the implicit pointeal cover) may be traced to this. It will take along time for Sebi to recover. The best way to shorten this time span is to order a judicial inquiry into all that has just gone by. That would be the best way to showcase a "robust regulatory framework that not only aligns with hear calculations of the state of the sta best global practices but also ensures protection of investors", to quote a Sebi statement issued to counter the Hinden-burg allegations against Buch.

'Can't invoke arbitration clause for matters already adjudicated'

N/A

he High Court has ruled that the Arbitration clause in lease agreements cannot be invoked for matters previously adjudicated and concluded by both the Arbitral Tribunal and competent courts.

147

Justice Sachin Shankar Magadum delivered this judgement whilst dismissing a petition by Starlog Enterprises Limited, which sought appointment of a sole arbitrator for disputes with New Mangalore Port Trust.

The court stated, "Given that both critical issues, the legality of the contract's termination and the refund of amounts claimed have attained finality through due legal process, the petitioner cannot invoke the arbitration clause again on the same grounds. The petitioner's attempt to initiate fresh arbitration proceedings under Section 21 of the Arbitration and

Conciliation Act is therefore fundamentally misconceived and legally impermissible."

Middle Center

After the port trust cancelled the lease deed, the petitioner sought appointment of a sole arbitrator through the High Court, which was granted. On February 8, 2017, the Arbitrator upheld the

lease deed cancellation but instructed the respondent to

refund the security deposit and perimeter fencing costs.

The respondent contested the award in the District and Sessions Court under Section 34 of the Arbitration and Conciliation Act, 1996. The court set aside the award, saying that the Lease Deed did not stipulate refund of deposit or reimbursement of perimeter wall costs. The Supreme Court upheld this decision.

More than 200 smallcaps surge over 10% in rebound

TEAM FINANCE | THE GOAN

fter a tough February with heavy selling in smallcap stocks, the first week of March brought some signs of recovery. During this period, only four smallcap stocks saw double-digit losses, while more than 200 gained over 10%, hinting at a possible shift in market sentiment.

The benchmark Sensex closed the week 1.6% higher, while the smallcap index jumped nearly 6%. This rebound was mainly supported by strong domestic economic data, as GDP growth picked up compared to the previous quarter.

A decline in the dollar index also boosted investor confidence in emerging markets, even as US stocks fell due to concerns over Trump's economic policies.

On the tariff front, the much-anticipated trade duties were introduced but later postponed, adding to market uncertainty.

Among smallcap stocks, Anupam Rasayan, Sandur Manganese, Man Industries (India), Vadilal Industries, Triveni Turbine, and Coffee Day Enterprises recorded the highest gains, rising as much as 40% in a week.

On the losing side, Gensol Engineering, EKI Energy Services, Jindal Worldwide, and Suratwwala Business Group saw the biggest declines. Gensol's stock dropped nearly 40% due to credit rating downgrades from major agencies, driven by financial challenges and high credit risk.

Midcap stocks followed a similar pattem, with no major losses. Around seven stocks, including Biocon, Suzlon Energy, GSK, and ZEE, gained up to 13% over the week.

In the largecap segment, 22 out of 30 Sensex stocks ended on a positive note. The top performers included M&M, NTPC, SBI, Adani Ports, and Tata Steel.

Will the rally continue?

Analysts believe the market has started recovering from oversold levels, but a strong and lasting uptrend will depend on corporate earnings growth and reduced uncertainty around tariffs.

Investors will also be watching US payroll data and inflation figures for clues on interest rate trends.

"The high valuation of broader indices might limit a full market recovery in the short term, while largecap stocks seem more attractive," said Vinod Nair, Head of Research at Geojit Financial Services.

"We expect the market to trade within a wide range, though volatility may persist due to global uncertainties," said Siddhartha Khemka, Head of Research, Wealth Management at Motilal Oswal.

From a technical perspective, analysts remain optimistic about short-term gains. "Resistance is at 22,700–22,750, while support is at 22,400. If the index falls below this level, momentum may weaken," said Rupak De, Senior Technical Analyst at LKP Securities.

Revanth's flip-flops on Modi, Gujarat continue

CM's contradictory statements leave many in political circles, including Congress, amused

S SANDEEP KUMAR Hyderabad

Chief Minister A Revanth Reddy's contradictory statements on key issues and flipflops over Prime Minister Narendra Modi continue unabated, leaving many in political circles, including Congress leaders, amused.

Consider this. On March 2, the Chief Minister took many by surprise when he said the Prime Minister was prepared to support Telangana and address pending issues but Union Minister G Kishan Reddy was blocking projects. The issue was not at the Centre but here in Telangana as the Union Minister was blocking development, he alleged at a public meeting in Wanaparthy.

Contradicting his statements at the India Today conclave on March 7, he alleged that the PM was diverting prospective investors to Gujarat. Investors were being given undue advantage for investing in Gujarat's Gift City but the same was not being extended to Hyderabad, he had said.

Interestingly, on March 4 last year, at a public meeting in Adilabad, the CM had said if Telangana was to develop comprehensively, it had to follow the Gujarat model. He had even called the PM "Bade Bhai" (big brother) and sought his support for Telangana.

Again in sharp contrast to his statements, Revanth at the India Today conclave said the Gujarat model was outdated. It was like Test cricket and the Telangana model was 20-20 cricket, he likened, adding that, unlike Gujarat model, the Telangana model was all about welfare and development.

The contradictions were not limited to the Prime Minister but to a few other issues as well. On August 23 last year, the Chief Minister participated in a protest against the Adani Group in the city as per the Congress party's directions. "When the party gives a call, irrespective of their designations, one has to follow. That's the reason I am participating in this protest," Revanth Reddy had said.

At the India Today conclave, when he was asked about the Congress high command getting irritated about the Chief Minister's bonhomie with the Prime Minister, Revanth Reddy replied: "Government is different and the party is different. There is a difference between party politics and government. Being a Chief Minister, I have to respect the Prime Minister and politically I will follow the party's orders."

On declining Gautam Adani's Rs 100 crore donation to Skill University after the Congress party's objection, the Chief Minister said: "Party did not object, but opposition objected."

SS (UBT) leader alleges that the state is favouring Adani Group

feedback@punemirror.com

hiv Sena (UBT) leader Aaditya Thackeray (in pic) on Sunday accused the Maharashtra government of favouring the Adami Group in projects like redevelopment of Dharavi in Mumbai and systematically undermining the city's economic prominence. Speaking at a party event, Thackeray also demanded facilities and incentives like Gujarat's GIFT City (Gujarat International Finance Tec-City) for Mumbai, while alleging a deliberate erosion of the metropolis' financial importance.

Further targeting the ruling BJP, he claimed major projects and headquarters of some companies have been shifted from Mumbai to Gujarat and Delhi.

Thackeray questioned its detrimental impact on Maharashtra's economy.

"How will Mumbai benefit when its economic backbone is being deliberately weakened? Even in Jharkhand and Varanasi (in Uttar Pradesh), people ask why new pro-

jects are going to Gujarat instead of other states," he said.

The former state minister also alleged that there was a deliberate attempt to put financial strain on the Brihamumbai Electric Supply and Transport (BEST) undertaking's bus services here, reducing its fleet from 4,000 buses to 1,500-2,000.

By 2027, we had planned to introduce 10,000 electric buses, including 900 double-decker buses. Now, even the iconic red buses are disappearing. The red bus was a symbol of Mumbai, but today you cannot distinguish it from an advertisement hoarding," he said.

The MLA from Worli in Mumbai claimed the poor state of the public transport service was part of a larger strategy to keep people distracted from critical issues such as land grabs by corporate entities.

He also accused the government of transferring vast tracts of land in Mumbai to the Adani Group under the 'guise' of redevelopment.

The Sena (UBT) claimed the Dharavi redevelopment project would lead to the displacement of 1.5 lakh families who would be forced to leave Mumbai.

"Residents will receive only 305 square feet homes that will be placed in ways which will destroy their livelihood," Thackeray claimed.

"This is not redevelopment; it's exploitation," he charged. Dharavi, one of the world's densest urban sprawls, is a slum colony having a mix of residential and small industrial units.

ધારાવી પ્રોજેક્ટ પર સ્ટે મૂકવાનો સુપ્રીમ કોર્ટેનો ઇનકાર

UAE સ્થિત કંપનીએ અદાણીના ટેન્ડર રદ કરવાની માગ કરી : કહ્યું- ત્યાં કામ ચાલી રહ્યું છે

(એજન્સી) નવી દિલ્હી 1 તા. 07

શુક્રવારે સુપ્રીમ કોર્ટે ધારાવી રિડેવલપમેન્ટ પ્રોજેક્ટ (DRP) માટે ચાલી રહેલા બાંધકામ પર રોક લગાવવાનો ઇનકાર કર્યો હતો. ઉપરાંત તેણે અદાણી ગ્રુપની તરફેણમાં બોમ્બે હાઈકોર્ટના નિર્ણયને ઉથલાવી દેવાનો ઇનકાર કર્યો હતો. યુએઈ સ્થિત સેકલિંક ટેક્નોલોજીસ કોર્પોરેશન દ્વારા દાખલ કરાયેલી અરજી પર સુનાવણી કરતા કોર્ટે કહ્યું કે પ્રોજેક્ટ પર કામ શરૂ થઈ ગયું છે, જેમાં કેટલાક રેલવે ક્વાર્ટર્સને તોડી પાડવાનો પણ સમાવેશ થાય છે. સેકલિંકે સેકલિંકની અગાઉની બિડને નકારી કાઢ્યા પછી ધારાવી પ્રોજેક્ટ અદાણી પ્રોપર્ટીઝ લિમિટેડને આપવાના મહારાષ્ટ્ર સરકારના નિર્ણયને પડકાર્યો હતો. કંપનીએ કહ્યું- બોલી 20 ટકા વધારવા માટે તૈયાર ભારતના મુખ્ય ન્યાયાધીશ

(CJI) સંજીવ ખન્ના અને ન્યાયાધીશ પીવી સંજય કુમારની બેન્ચે જણાવ્યું હતું કે, બોમ્બે હાઈકોર્ટનો નિર્ણય વાજબી છે કારણ કે રેલવે લાઇનનો પણ વિકાસ કરવામાં આવશે અને તેને પ્રોજેક્ટમાં સમાવવામાં આવશે. કોર્ટે મહારાષ્ટ્ર સરકાર અને અદાણી પ્રોપર્ટીઝને નોટિસ જારી કરીને જવાબ માંગ્યો છે. આગામી સુનાવણી 25 મેના રોજ થશે. ધારાવી પ્રોજેક્ટ માટે મૂળ રૂ.7200 કરોડની બોલી લગાવનાર સેકલિંક ટેક્નોલોજીસે સુપ્રીમ કોર્ટને જાણ કરી હતી કે તે તેની બોલી 20 ટકા વધારવા તૈયાર છે. બેન્ચે સેકલિંકને તેની સુધારેલી બિડની વિગતો આપતું સોગંદનામું દાખલ કરવાનો નિર્દેશ આપ્યો. હકીકતમાં મહારાષ્ટ્ર સરકારે 2019માં મુંબઈમાં ધારાવીના પુનઃવિકાસ માટે ટેન્ડર બહાર પાડ્યું હતું. સેકલિંકે 7,200 કરોડ રૂપિયાની બોલી લગાવીને પ્રોજેક્ટ જાળવી રાખ્યો. ત્યાર બાદ રાજ્ય સરકારે 2019 અને 2022 વચ્ચે આર્થિક સ્થિતિમાં ફેરફારનો હવાલો આપીને ટેન્ડર રદ કર્યું. સેકલિંકની 2019ની બિંડ પણ રદ કરવામાં આવી હતી. 2022માં એક નવું ટેન્ડર બહાર પાડવામાં આવ્યું હતું, આ વખતે આ પ્રોજેક્ટ અદાણી ગ્રુપને આપવામાં આવ્યો હતો.

आदित्य ने मुंबई के लिए गिफ्ट सिटी जैसी सुविधाओं की मांग की

मुंबई, (भाषा)। शिवसेना (उद्धव बालासाहेब ठाकरे) नेता आदित्य ठाकरे ने रविवार को मुंबई के लिए गुजरात इंटरनेशनल फाइनेंस टेक (गिफ्ट) सिटी जैसी सुविधाओं और प्रोत्साहनों की मांग की और भारतीय जनता पार्टी (भाजपा) पर महानगर की आर्थिक स्थित को व्यवस्थित तरीके से दुर्बल बनाने का आरोप लगाया।

यहां पार्टी के एक कार्यक्रम में ठाकरे ने मुंबई के वित्तीय महत्व को जानबूझकर कम करने का आरोप लगाया। उन्होंने दावा किया, गिफ्ट सिटी को दी जाने वाली सब्सिडी और सुविधाएं मुंबई को भी दी जानी चाहिए। भाजपा जानबूझकर मुंबई की आर्थिक स्थित को दुर्बल बना रही है। राज्य के पूर्व मंत्री ने प्रमुख परियोजनाओं और मुख्यालयों को मुंबई से गुजरात और दिल्ली में स्थानांतरित करने की भाजपा की नीतियों की आलोचना की और महाराष्ट्र की अर्थव्यवस्था पर पड़ रहे प्रभाव को लेकर सवाल उठाया। उन्होंने कहा. कंपनियों के मुख्यालय मुंबई से बाहर स्थानांतरित हो गए है। इससे शहर को क्या फायदा होगा? झारखंड और वाराणसी में भी लोग पृछते हैं कि नई परियोजनाएं अन्य राज्यों के बजाय गुजरात में क्यों जा ठाकरे ने अदाणी समृह जैसी निजी संस्थाओं के तहत नवी मुंबई हवाई अड्डे के पास प्रस्तावित नवी मुंबई हवाईअड्डा प्रभाव अधिसूचित क्षेत्र (नैना) सिटी को लेकर भी चिंता व्यक्त की।

उन्होंने कहा, भाजपा को यह स्पष्ट करना चाहिए कि क्या हवाई अड्डा अदाणी को सौंपा जाएगा। हम इसका विरोध करेंगे। शिवसेना (यूबीटी) नेता ने मुंबई में तटीय सड़क, अटल सेतु और अन्य बुनियादी ढांचा परियोजनाओं में देरी की आलोचना की और शहर के सरकारी अस्पतालों में खराब होती स्वास्थ्य सेवाओं पर निराशा व्यक्त की। उन्होंने कहा, मुंबई दशकों से भारत की अर्थव्यवस्था का मजूबत स्तंभ रही है। हम इसका महत्व नहीं खोने देंगे।

आदित्य ठाकरे ने भाजपा पर मुंबई को आर्थिक रूप से कमजोर करने का आरोप लगाया

शिवसेना (उद्धव बालासाहेब ठाकरे) नेता आदित्य ठाकरे ने रविवार को महाराष्ट्र सरकार पर मुंबई में धारावी के पनर्विकास जैसी परियोजनाओं में अदाणी समूह का पक्ष लेने और शहर को आर्थिक रूप से कमजोर करने का आरोप लगाया। यहां पार्टी के एक कार्यक्रम में ठाकरे ने मुंबई के लिए गजरात इंटरनेशनल फाइनेंस टेक (गिफ्ट) सिटी जैसी सुविधाओं और प्रोत्साहनों की मांग की और भारतीय जनता पार्टी (भाजपा) पर महानगर की आर्थिक स्थिति को व्यवस्थित तरीके से कमजोर करने का आरोप लगाया। उन्होंने कहा, गिफ्ट सिटी को दी जाने वाली सब्सिडी और सुविधाएं मुंबई को भी दी जानी चाहिए। भाजपा जानबुझकर मुंबई की आर्थिक स्थिति को कमजोर बना रही है। राज्य के पूर्व

मंत्री ने प्रमुख परियोजनाओं और मुख्यालयों को मुंबई से गुजरात और दिल्ली में स्थानांतरित करने की भाजपा की नीतियों की आलोचना की और महाराष्ट्र की अर्थव्यवस्था पर पड रहे प्रभाव को लेकर सवाल उठाया। उन्होंने कहा, कई कंपनियों के मुख्यालय मुंबई से बाहर स्थानांतरित

हो गए हैं। इससे शहर को क्या फायदा होगा? झारखंड और वाराणसी में भी लोग पूछते हैं कि नई परियोजनाएं अन्य राज्यों के बजाय गुजरात में क्यों जा रही हैं। महाराष्ट्र के पूर्व मंत्री ने यह भी आरोप लगाया कि बृहनमुंबई विद्युत आपूर्ति एवं परिवहन (बेस्ट) उपक्रम की बस सेवाओं पर वित्तीय

दबाव डालने का जानबुझकर प्रयास किया जा रहा है, जिससे इसके बेडे की बसों की संख्या 4,000 से घटकर।,500-2,000 रह गई है। मुंबई के वर्ली से विधायक आदित्य ठाकरे ने दावा किया कि सार्वजनिक परिवहन सेवा की खराब स्थिति, लोगों को कारपोरेट घरानों द्वारा भूमि हड़पने जैसे महत्वपूर्ण मुद्दों से ध्यान हटाने की एक बड़ी रणनीति का हिस्सा है। उन्होंने संस्कार पर पुनर्विकास की आड में मुंबई में जमीन के बड़े हिस्से को अदाणी समृह को हस्तांतरित करने का भी आरोप लगाया। ठाकरे ने दावा किया कि धारावी पुनर्विकास परियोजना के कारण 1.5 लाख परिवार विस्थापित होंगे, जिन्हें मुंबई छोड़ने के लिए मजबूर होना पड़ेगा। उन्होंने कहा, मुंबई दशकों से भारत की अर्थव्यवस्था का मजूबत स्तंभ Virat Vaibhav • Delhi • 10 Mar, 2025

लिया है, जिससे लोगों को अपने गंतव्य तक पहुंचने में सुविधा होगी। होली के अवसर पर लंबी दूरी की टेनों में भारी भीड़ देखी जा रही है। ट्रना में भारी भाई देखा जा रहा है। खासकर महाराष्ट्र उत्तर प्रदेश, मध्य प्रदेश, कोलकाता, मुंबई, दिल्ली, पंजाब, गुजरात और बैंगलोर जैसे बड़े स्टेशनों के लिए जाने वाली ट्रेनों में लंबो वेटिंग लिस्ट बनी हुई है। यात्रियों

यही हाल बसों के है। राजस्थान परिवहन निगम के बेडे में पहले ही बसों की कमी है। उस पर भी होली जैसे बड़े प्रमुख शहरों के लिए बसों का आवागमन और संचालन रोडवेज प्रशासन के लिए चुनौती बना हुआ है।खास तौर पर वोल्वो और लग्जरी

फडणवीस, आप कभी उद्धव ठाकरे बन भी नहीं सब

■ TNN, मुंबई

शिवसेना (युबीटी) प्रमुख उद्धव ठाकरे ने रविवार को मुख्यमंत्री देवेंद्र फडणवीस के बयान पर पलटवार किया, जिसमें उन्होंने कहा था कि वह चालु काम को बंद करने वाले उद्धव नहीं हैं। उद्धव ने कहा कि फडणवीस उद्धव नहीं बन सकते, क्योंकि उन्होंने अपने बॉस के दोस्तों का गंदा काम नहीं किया।

उन्होंने कहा, 'मैंने कोरोना काल के दौरान काम रुकने नहीं दिया। मैंने मेटो का काम रुकने नहीं दिया। मैंने तटीय सडक का काम रुकने नहीं दिया। हमने महाराष्ट्र को ऐसी सेवाएं और सुविधाएं प्रदान कीं, जो आपके जीवन में कभी नहीं थीं, यहां तक दो शब्दों करून दाखवला (हमने कर कि अस्पतालों में भी। सिर्फ इसलिए कि मैंने दिखाया) के साथ जीत लिया था, हमने आपके बॉस के दोस्तों का गंदा काम नहीं 2017 में भी यही किया। किया, इसलिए आप उद्धव ठाकरे नहीं हैं... और बन भी नहीं सकते हैं।'

में भुगतान को 1,500 रुपये से बढ़ाकर मुख्यमंत्री के रूप में रखा था।

2.100 रुपये करें। उन्होंने कहा, 'यह लडाई किसी पार्टी की नहीं है।

उन्होंने कहा कि यह राजनीतिक लडाई नहीं है, बल्कि यह हमारी मातृभाषा और महाराष्ट्र की पहचान की लड़ाई है। 2012 में हमने मुंबई (बीएमसी चुनाव) सिर्फ

फडणवीस को बताया जाना चाहिए कि कोस्टल रोड आपकी उपलब्धि नहीं है, उद्भव ने फडणवीस को चुनौती भी दी यह मेरी शिवसेना की उपलब्धि है। मैंने कि वह सोमवार को पेश किए जाने वाले इसके लिए नींव का पत्थर रखा था। भले बजट में किसानों की पूरी कर्ज माफी की ही आपने शिवडी-वर्ली कनेक्टर लिंक रोड घोषणा करें और लाडली बहिन योजना शुरू किया हो, इसका पहला गर्डर मैंने

RSS प्रमख भागवत पर भी कसा तंज

उद्धव ने आरएसएस प्रमुख मोहन भागवत पर तंज कसते हुए कहा, 'हम मोहन भागवत का अनुसरण करते हैं। हम वहीं करते हैं, जो वह करते हैं। अगर भागवत नहीं जाते, तो मैं कैसे प्रयागराज जाकर वहां ड्बकी लगा सकता हं? अगर वह वहां जाते, तो हम सब भी जाते और उसी स्थान पर डुबकी लगाते, जहां भागवत लगाते'। विधायक आदित्य ठाकरे ने महायुति सरकार पर आरोप लगाया कि वह मुंबई में धारावी के पुनर्विकास जैसे परियोजनाओं में अडानी समृह का पक्ष ले रही है शहर की आर्थिक प्रमुखता को कम कर रही है। आदित्य ने मुंबई के लिए गुजरात के गिफ्ट सिटी (गुजरात इंटरनैशनल फाइनेंस टेक-सिटी) जैसी सुविधाएं की मांग की, जबकि महानगर की वित्तीय महत्ता को जानबुझकर कम करने का आरोप लगाया।

घसरणीला ब्रेक; बाजारात यू टर्नच

प्टेंबर महिन्याच्या अखेरीस निफ्टीने नींदवलेल्या २६२७७.३५ या आजपर्यंतच्या सार्वकालीक उच्चांकापासन गेली पाच महिने भारतीय बाजाराने जी भयंकर घसरण अनुभवली, तिचा परमोच्च बिंदू ४ मार्च रोजी २१९६४.६० हा नीचांक होता. २२००० चाही स्तर निफ्टीने तोडला तेव्हा आता मार्केट २०,००० पर्यंत कोसळते की काय, अशी भीती निर्माण झाली. कारण, २६००० पासून २२००० पर्यंत अनेक आधारपातळ्यांचे बुरूज डासळताना बाजाराने अनुभवले. परंतु, पढील दोन दिवस निफ्टीने ६५० पॉईटसूची जोरदार रॅली दाखवली. (शुक्रवारचा हाय २२६३३.८०) आणि सप्ताहाच्या अखेरीसही निफ्टी २२५०० च्या वर टिकृन राहण्यात यशस्वी झाला.

कोणत्या कारणांमुळे बाजाराने असा यु टर्न

१) फेब्रुवारी महिन्यातील संकलनामध्ये ९.१ टक्क्यांनी वाढ होऊन ते १.८४ ट्रीलियन रुपयांवर पोहोचले. GST मध्ये वाढ म्हणजे लोकांच्या Consumption मध्ये वाढ.

२) चीनने Stimulus जाहीर केल्यामुळे Asian markets मध्ये तेजी आली. चीनवरोवरच हाँगकाँगचा हँगसेंग आणि जपानचा निक्केई वाढले.

३) डॉलर आणि क्रड ऑईलचे दर मागील सप्ताहात घसरले. डॉलरचा दर ८७.४६ वरून ८६.८८ पर्यंत आणि ब्रेन्ट क्रुड ऑईलचा दर ७३.१८ वरून ६९.३० वर आला.

४) आणि सर्वांत महत्त्वाचे कारण म्हणजे अमेरिकेचे कॉमर्स सेक्रेटरी हॉवर्ड लूटनिक यांनी मेक्सिको आणि कॅनडाबरोबर टॅरीफ कमी करण्याबाबत

चर्चा केली जाण्याच्या शक्यतेचे मुतोबाच केले.

अनिश्चितता हेच शेअर बाजाराचे साँदर्य आहे. निफ्टी २२००० च्या खाली गेल्यावर गृंतवणुकदारांना बाजार Oversold वाटला आणि पढील दोन दिवस ग्तवणूकदारांनी Value Buying साठी झंबड उडवली. निफ्टी ५० इंडेक्समधील चाळीस शेअर्सनी सप्ताहाअखेरीस तेजीमध्ये Closing दिले. Metal आणि PSU शेअर्सनी तेजीचे नेतृत्व केले. Bel, Tata Steel, BPCL, Hindalco, Adani, Enterprises आणि Adani Ports हे शेआर्स चांगले वधारले.

मिडकॅप निर्देशांक तीन टक्के वाढला, त्यामध्ये

India Cements, Adani Energy, Alembic Pharma आणि HPCL हे आघाडीवर राहिले.

Opec या क्रुड ऑईल निर्यात करणाऱ्या देशांच्या संघटनेने एप्रिलपासून ऑईलचे उत्पादन बाढवण्याचा निर्णय घेतला आहे. त्यामुळे ७० डॉलरच्या खाली गेलेले कुड ऑईलचे दर नजीकच्या काळात वादण्याची शक्यता कमी आहे.

ज्या उद्योगांमध्ये कच्चा माल म्हणून क्रूड ऑईलचा मुख्यत्वे वापर होतो. त्यामध्ये रंग निर्मिती करणाऱ्या कंपन्या, हवाई वाहतूक कंपन्या, टायर कंपन्या, प्लास्टिक पॉलिमर्स कंपन्या यांचा समावेश होतो. त्यामुळे अल्पकाळासाठी गुंतवणूक किंवा ट्रेडिंग

करणाऱ्यांनी पुढील कंपन्यांच्या शेअर्सवर लक्ष ठेवावे. एशियन पेंटस्, बर्जर पेंटस, इंडिगो, बाळकृष्ण इंडस्ट्रीज, एफआरएफ, सुप्रीम इंडस्ट्रीज, ॲस्ट्रल, कॅन्साई नेरोलॅंक पेंटस, विनती सायन्स & टेक्नॉलॉजी, क्लीन सायन्स & टेक्नॉलॉजी.

परंतु, निफ्टीने आता तळ गाठला आहे आणि इथ्न पुढे तेजी अबतरेल, असे मानायचे काय? जोपर्यंत ट्रम्प अमेरिकेच्या अध्यक्षपदी आहेत तोपर्यंत बाजारात हेलकावे बसत राहतील. आता JM Financials चा एक रिपोर्ट प्रसिद्ध झाला आहे. त्यानुसार चाल् वर्षामध्ये निफ्टीमधील ६० टक्के कंपन्यांचे Earning per Share मोठ्या प्रमाणावर कमी होईल. त्यामध्ये

> बैंक, सिमेंट, कंज्यूमर कंपन्यांचा समावेश आहे. ऑईल अँड गॅस कंपन्याही वरील यादीत आहेत. याउलट मेटल, टेलिकॉम, माइनिंग, इन्श्रूरन्स कंपन्यांचे भवितव्य चालू वर्षासाठी तरी उज्ज्वल आहे, असे हा रिपोर्ट सांगतो.

सर्वाधिक Bullish हा रिपोर्ट भारती एअरटेल वर आहे. मंदीनंतर बाजारात जेव्हा तेजी सुरू होते तेव्हा सर्वात जास्त तेजी

कोणत्या सेक्टर्समध्ये येते? तर ज्या सेक्टरमध्ये गृतवणकदारांना Cheap Valuations दिसतात. ज्या सेक्टरमध्ये सरकारचे पाठबळ अधिक मिळणार आहे आणि ज्या सेक्टरमध्ये मागणी वाढल्यामुळे Earnings Growth होणार आहे. त्यामध्ये तेजी सर्वात प्रथम आणि सर्वात अधिक येते या दृष्टीने विचार करता जी तीन सेक्टर्स सर्वाधिक तेजीप्रवण दिसतात. त्यामध्ये प्रथम क्रमांकावर आहे. NBFC आणि Micro Loans पुरविणाऱ्या कंपन्या. याचे कारण असे, RBI चे नवनियुक्त गव्हर्नर संजय मल्होत्रा यांनी दोन अतिशय महत्त्वाचे निर्णय घेतले. ज्यामुळे अशा कंपन्यांचे Risk Weightage 125 टक्क्यांवरून १०० टक्क्यांपर्यंत खाली येणार आहे. त्यामुळे रु. ४ लाख करोड इतकी Liquidity या सेक्टरमध्ये निर्माण होईल. याचा फायदा credit Access Grameen, L & T Finance, Ujjivan Small Finance Bank यांना होईल.

ऑटो सेक्टर सध्या २५ टक्के खाली आहे. परंतु, २०२५-२६ बजेटमध्ये Auto Components सेक्टरला शासनाच्या PLI Scheme चा फायदा सर्वाधिक होईल. पूर्वीच्या बजेटमध्ये ही तरतृद ३४६.८७ कोटी रु. होती. ती आता रु. २८१८.५५ कोटीपर्यंत वाढवण्यात आली आहे. हा एक फायदा आणि दसरी गोष्ट म्हणजे आयकरात मिळणाऱ्या मोठ्या सवलतीमुळे Two Wheelers ची विक्री वाहेल. TVS Motor, Eicher Motor, Bajaj Auto, Heromoto हे शेअर्स या दृष्टीने जरुर

EMS म्हणजे Electronics Manufacturing Services हे सेक्टर शासनाच्या PLI Scheme चे आणखी एक मोठे लापार्घी सेक्टर! या सेक्टरचीही तरतृद बजेटमध्ये ५,७७७ कोटी रुपयांवरून ९,००० कोटी रुपये करण्यात आलेली आहे. खालील कंपन्यांना याचा लाभ होईल. Amber Enterprises, Avalon Techno logies, Syrma, SGS Technology, PG Electroplast, Kaynes Technology.

घसरणीला ब्रेक; बाजारात यू टर्नच

प्टेंबर महिन्याच्या अखेरीस निफ्टीने नींदवलेल्या २६२७७.३५ या आजपर्यंतच्या सार्वकालीक उच्चांकापासन गेली पाच महिने भारतीय बाजाराने जी भयंकर घसरण अनुभवली, तिचा परमोच्च बिंदू ४ मार्च रोजी २१९६४.६० हा नीचांक होता. २२००० चाही स्तर निफ्टीने तोडला तेव्हा आता मार्केट २०,००० पर्यंत कोसळते की काय, अशी भीती निर्माण झाली. कारण, २६००० पासून २२००० पर्यंत अनेक आधारपातळ्यांचे बुरूज डासळताना बाजाराने अनुभवले. परंतु, पढील दोन दिवस निफ्टीने ६५० पॉईटसूची जोरदार रॅली दाखवली. (शुक्रवारचा हाय २२६३३.८०) आणि सप्ताहाच्या अखेरीसही निफ्टी २२५०० च्या वर टिकृन राहण्यात यशस्वी झाला.

कोणत्या कारणांमुळे बाजाराने असा यु टर्न

१) फेब्रुवारी महिन्यातील संकलनामध्ये ९.१ टक्क्यांनी वाढ होऊन ते १.८४ ट्रीलियन रुपयांवर पोहोचले. GST मध्ये वाढ म्हणजे लोकांच्या Consumption मध्ये वाढ.

२) चीनने Stimulus जाहीर केल्यामुळे Asian markets मध्ये तेजी आली. चीनवरोवरच हाँगकाँगचा हँगसेंग आणि जपानचा निक्केई वाढले.

३) डॉलर आणि क्रड ऑईलचे दर मागील सप्ताहात घसरले. डॉलरचा दर ८७.४६ वरून ८६.८८ पर्यंत आणि ब्रेन्ट क्रुड ऑईलचा दर ७३.१८ वरून ६९.३० वर आला.

४) आणि सर्वांत महत्त्वाचे कारण म्हणजे अमेरिकेचे कॉमर्स सेक्रेटरी हॉवर्ड लूटनिक यांनी मेक्सिको आणि कॅनडाबरोबर टॅरीफ कमी करण्याबाबत

चर्चा केली जाण्याच्या शक्यतेचे मुतोबाच केले.

अनिश्चितता हेच शेअर बाजाराचे साँदर्य आहे. निफ्टी २२००० च्या खाली गेल्यावर गृंतवणुकदारांना बाजार Oversold वाटला आणि पढील दोन दिवस ग्तवणूकदारांनी Value Buying साठी झंबड उडवली. निफ्टी ५० इंडेक्समधील चाळीस शेअर्सनी सप्ताहाअखेरीस तेजीमध्ये Closing दिले. Metal आणि PSU शेअर्सनी तेजीचे नेतृत्व केले. Bel, Tata Steel, BPCL, Hindalco, Adani, Enterprises आणि Adani Ports हे शेआर्स चांगले वधारले.

मिडकॅप निर्देशांक तीन टक्के वाढला, त्यामध्ये

India Cements, Adani Energy, Alembic Pharma आणि HPCL हे आघाडीवर राहिले.

Opec या क्रुड ऑईल निर्यात करणाऱ्या देशांच्या संघटनेने एप्रिलपासून ऑईलचे उत्पादन बाढवण्याचा निर्णय घेतला आहे. त्यामुळे ७० डॉलरच्या खाली गेलेले कुड ऑईलचे दर नजीकच्या काळात वादण्याची शक्यता कमी आहे.

ज्या उद्योगांमध्ये कच्चा माल म्हणून क्रूड ऑईलचा मुख्यत्वे वापर होतो. त्यामध्ये रंग निर्मिती करणाऱ्या कंपन्या, हवाई वाहतूक कंपन्या, टायर कंपन्या, प्लास्टिक पॉलिमर्स कंपन्या यांचा समावेश होतो. त्यामुळे अल्पकाळासाठी गुंतवणूक किंवा ट्रेडिंग

करणाऱ्यांनी पुढील कंपन्यांच्या शेअर्सवर लक्ष ठेवावे. एशियन पेंटस्, बर्जर पेंटस, इंडिगो, बाळकृष्ण इंडस्ट्रीज, एफआरएफ, सुप्रीम इंडस्ट्रीज, ॲस्ट्रल, कॅन्साई नेरोलॅंक पेंटस, विनती सायन्स & टेक्नॉलॉजी, क्लीन सायन्स & टेक्नॉलॉजी.

परंतु, निफ्टीने आता तळ गाठला आहे आणि इथ्न पुढे तेजी अबतरेल, असे मानायचे काय? जोपर्यंत ट्रम्प अमेरिकेच्या अध्यक्षपदी आहेत तोपर्यंत बाजारात हेलकावे बसत राहतील. आता JM Financials चा एक रिपोर्ट प्रसिद्ध झाला आहे. त्यानुसार चाल् वर्षामध्ये निफ्टीमधील ६० टक्के कंपन्यांचे Earning per Share मोठ्या प्रमाणावर कमी होईल. त्यामध्ये

सर्वाधिक Bullish हा रिपोर्ट भारती एअरटेल वर आहे. मंदीनंतर बाजारात जेव्हा तेजी सुरू होते तेव्हा सर्वात जास्त तेजी

विमानोड्डाणात अडथळ्यांचा तळ

नवी मुंबई विमानतळाच्या मार्गात ३०० अडचणी; पाण्याच्या टाक्या, मोबाइल टॉवरचा समावेश

म. टा. खास प्रतिनिधी, मुंबई

व्यावसायिक उड्डाणे सुरू होण्याच्या बेतात असलेल्या, नवी मुंबई विमानतळाच्या मार्गात ३००हून अधिक अडथळे असल्याचे परवान्यासंबंधीच्या अभ्यासात समोर आले आहे. त्यातील २८ अडथळे हे दखलपात्र श्रेणीतील आहेत.

देशातील सर्वात मोठ्या विमानतळांपैकी एक असलेल्या नवी मुंबई विमानतळांची परवाना प्रक्रिया अंतिम टप्प्यात आहे. या प्रक्रियेसाठी नागरी हवाई विद्यालया हिन्से हिन्से साठी नागरी हवाई विज्ञासीए) व भारतीय विमानतळ प्राधिकरणाने (एएआय) अलीकडेच सर्वेक्षण केले. त्यामध्ये हे अडथळे समोर आले.

विमानतळ परिसरातील य

अडथळ्यांबाबत 'एएआय'कडून एअरोनॉटिकल इन्फॉर्मेशन सर्व्हिस (एआयपी) अहवाल तयार केला जातो. यात या अडथळ्यांबाबत माहिती दिली आहे. त्यानुसार, असे ३०० अडथळे निदर्शनास आले आहेत. त्यातील एकूण २८ अडथळे हे विमाने खाली उत्तरण्याच्या किंवा हवेत झेपावण्याच्या रेषेतील आहेत. उर्विरत अडथळे हे विमानतळ व धावपट्टीच्या परिघातील आहेत. याबाबत 'एएआय'मधील उच्चाधिकाऱ्यांनी 'महाराष्ट्र टाइम्स' सांगितले की, अशाप्रकारचे अडथळे हे प्रत्येक विमानतळ परिसरात असतातच. मात्र, विमानांची ये-जा करण्यावर परिणाम होणाऱ्या प्रमुख अथडळ्यांचा विचार करणे आवश्यक असते. त्यातही

सर्वाधिक उंच अडथळा ३७९ फूट

२८ दखलपात्र अडथळ्यांमध्ये सर्वाधिक उंचीचा अडथळा ३७९ फुटांचा असून, तो एक मोबाइलटॉवर आहे. हा टॉवर विमानतळाच्या परिघात आहे. त्या शेजारीच एक ३७७ फूट उंचीचा दुसरा मोबाइल टॉवरही आहे. तर विमानतळाच्या धावपट्टीच्या दिशेने येणाऱ्या हवाई मार्गावरील सर्वात उंच अडथळा इमारतीच्या रूपात १६५ फुटांचा आहे. त्याठिकाणी १६५ फूट उंचीवर एक पाण्याची टाकी आहे. असे अन्य तीन अडथळो अनुक्रमे १४२, १४१ व १४१ फुटांवर असून, त्या सर्व ठिकाणी पाण्याची टाकी ओहे. आता ती पाण्याची टाकी काढण्याची सूचना स्थानिक प्रशासनाला देण्यात आल्याची माहिती एएआयमधील सूत्रांनी दिली.

कृत्रिम अडथळे असल्यास ते काढण्यास स्थानिक प्रशासनाला सांगितले जाईल. त्यामध्ये काही इमारतींवर पाण्याच्या टाक्य आहेत. त्या काढण्यास सांगण्यात आल्या आहेत. तरीही हे अडथळे चिंता करण्याइतके धोंकादायक नाहीत.

'एआयपी' अंतर्गत सर्वसाधारण अडथळे, विमानतळाकडे येणाऱ्या आकाशी मार्गांमधील अडथळे व प्रत्यक्ष विमानतळाशी संबंधित अडथळे, या तीन प्रकारच्या अथडळ्यांचा अभ्यास केला जातो. प्राथमिक सर्वेक्षणानंतर हे अडथळे काढून टाकण्यास सांगितले जाते. त्यानंतर सुधारित अहवाल प्रकाशित, केला जातो. नवी मुंबई विमानतळाबाबत हा सुधारित अहवाल दोन दिवस आधी 'एआयपी'च्या संकेतस्थळावर प्रकाशि केला आहे.

आपत्कालीन लॅंडिंगच्या दृष्टीने महत्त्वपूर्ण

सुधारित पुरवणी अहवालात नमूद सर्व अडथळे विमानतळाच्या दैनंदिन कामकाजात किंवा प्रवासी विमानांना (मध्यम आकार ते मोठे) ये-जा करण्याच्या दुष्टीने धोकादायक नाहीत. यामध्ये तब्बल १३०० फुटांहून उंच टेकडीचाही अडथळा म्हणून समावेश आहे. परंतु, टेकडीची उंची कमी करता येत नाही. तर दुसरीकडे, हेलिकॉप्टर किंवा लहान आकाराच्या विमानाचे आपत्कालीन लॅंडिंग करायचे असल्यास संबंधित विमानाला कमी उंचीवर यावे लागते. त्यादृष्टीने अडथळे दूर केले जातील, अशी माहिती संबंधित सूत्रांनी दिली.

एएआई ने प्रमाणन के लिए जारी की प्रमुख वैमानिकी सूचना

■ मुंबई, (का.प्र) नवी मुंबई अंतरराष्ट्रीय हवाई अड्डा से जल्द विमान उड़ान भरने लगेंगे. हवाई अड्डे की तैयारी पूरी होने वाली है. भारतीय विमानपत्तन प्राधिकरण (एएआई) ने हवाई अड्डे के लिए वैमानिकी सूचना अनुपूरक (एआईपीएस) प्रकाशित किया है. एयरोनॉटिकल इंफॉर्मेशन मैनेजमेंट इंडिया वेबसाइट पर एआईपीएस 46/2025 के रूप में सूचीबद्ध यह महत्वपूर्ण दस्तावेज आवश्यक एयरोड्रोम डेटा प्रदान करता है और एयरोड्रोम लाइसेंस प्राप्त करने के लिए एक महत्वपूर्ण आवश्यकता है.

15 मई से परिचालन शुरू होने की उम्मीद: नवी मुंबई इंटरनेशनल एयरपोर्ट लिमिटेड के एक प्रवक्ता ने इस बारे में पृष्टि करते हुए कहा कि हमें हवाई अड्डे को चालू करने के लिए आवश्यक एयरोड़ोम लाइसेंस प्राप्त करने की दिशा में एक कदम और आगे ले जाता है. एनएमआईएएल ने नागरिक उड्डयन महानिदेशालय से एयरोड़ोम लाइसेंस के लिए औपचारिक रूप से आवेदन किया है, जो वाणिज्यिक उडानों की मेजबानी करने से पहले यह

सुनिश्चित करने के लिए आवश्यक प्रमाण पत्र है कि हवाई अड्डा विमानन सुरक्षा और पिरचालन मानकों को पूरा करता है. हालांकि अधिकारियों ने मंजूरी के लिए अपेक्षित समय सीमा निर्दिष्ट नहीं की है, लेकिन सूत्रों से संकेत मिलता है कि 15 मई, 2025 को परिचालन शुरू होने से पहले हवाई अड्डे को प्रमाण पत्र प्राप्त होने की संभावना है. डीजीसीए और एएआई के अधिकारियों द्वारा हाल ही में किए गए निरीक्षण में एयर ट्रैफिक कंट्रोल टावर, बैगेज हैंडलिंग सिस्टम और यात्री स्कीनिंग सुविधाओं सहित बुनियादी ढांचे में उल्लेखनीय प्रगति देखी गई. हालांकि, अधिकारियों ने डेवलपर्स से यात्रियों की

सुगम आवाजाही सुनिश्चित करने के लिए टर्मिनल पहुंच में सुधार लाने का आग्रह किया है.

मुंबई के हवाई अड्डे का दबाव होगा कम

पेन एक का शेष...

चीन आखिर तक लड़ने को तैयार!

चाइनीज संसद यािक नेशनल पीपुल्स कांग्रेस की बैठक के बाद चीन के विदेश मंत्री वांग यी का यह कहना मामूली नहीं है कि, ₹ड्रैगन और हाथी को साथ नचाना (भारत और चीन की दोस्ती) ही एकमात्र सही विकल्प हे₹।....₹एक दूसरे को नीचा दिखाने के बजाय समर्थन करना और एक दूसरे से बचने के बजाय सहयोग को मजबूत करना हमारे बुनियादी हितों में है"। उन्होंने यह भी कहा कि यदि एशिया की दो सबसे बड़ी अर्थव्यवस्थाएं आपस में मिल जाएं तो ₹अंतरराष्ट्रीय संबंधों के लोकतंत्रीकरण के साथ साथ 'ग्लोबल साउथ' के विकास तथा सदुढ़ीकरण का भविष्य उज्जवल होगा"।

पर भारत में ऐसा कुछ भी नहीं है, जिससे वह कदमताल में चीन के साथ नाचे! वह ड्रैगन की पूंछ पकड कर उसके रहमोकरम में उड़ता भले रह सकता है। पर शाकाहारी हाथी आग उगलते हैगन से मर्यादा व समानता की उम्मीद नहीं कर सकता। चीन ने पिछले 78 वर्षों में हर मोड पर विस्तारवादी सोच दर्शाई है। मेरा मानना है चीन भविष्य में अमेरिका से पंगा वढा कर ताइवान पर कब्जा करेगा। जापान, दक्षिण कोरिया देखते रहे जाएंगे। इससे डोनाल्ड ट्रंप का अमेरिका दनिया के आगे नाकारा और असमर्थ समझा जाने लगेगा। उससे भरोसा खत्म होगा। फिर चीन का अगला लक्ष्य भारत का अरूणाचल प्रदेश, सिक्किम व लहाख होंगे। वशते भारत उसके वैसे ही अधीनस्थ न हो जाए जैसे नेपाल, पाकिस्तान, श्रीलंका अब लगभग हैं। डैगन को येन केन प्रकारेण भारत को अपने नियंत्रण में लेना है। ललचा कर, आश्रित बना कर या डरा कर वह 145 करोड़ की भारत भीड़ को अपना पुछल्ला बनाने के जतन जरूर करेगा।

मेरा मानना है बीजिंग नेशनल पीपुल्स कांग्रेस के दौरान चीनी नेताओं ने डोनाल्ड ट्रंप और परिस्थितियों का आकलन करके ही अमेरिका को ललकारा है कि आ जाओ, हम तैयार हैं किसी भी तरह की लड़ाई के लिए। स्वाभाविक है तब यह भी सोचा गया होगा कि ऐसी नोबत में किस किस से लड़ना है, किसे तटस्थ बनाना है और कौन साथ होगा और कौन दुश्मन?

सवाल है प्रधानमंत्री नरेंद्र मोदी (भारत में एक ही तो सर्वज्ञ हैं) क्या सोच रहे होंगे? अंबानी, अडानी के हित क्या बोल रहे होंगे? मेरा मानना है कि शायद इतना भर कि, हमें दुनिया से क्या लेना देना, हमें तो धंधा करना है। सबसे धंधा करो, सबको खुश रखो! और यह सोच चीन भी जानता होगा! सो तय माने चीनी सभ्यता भविष्य में कई देशों को बिना जीते भी गुलाम और आश्रित बनाए हुए होगी!

રિલીફ રેલી સાથે રોકાણકારોની સંપત્તિમાં ₹ ૧૪.૨૮ લાખ કરોડની વૃદ્ધિ

(વાણિજ્ય પ્રતિનિધિ તરફથી)

મુંબઇઃ શેરબજારે અનેક મહિનાની પછડાટ બાદ રાહતનો શ્વાસ લીધો છે અને આગળના દિવસોમાં અમેરિકાના પ્રમુખ ટ્રમ્પ ટેરિફને મામલે પીછેહઠ કરે છે કે પછી અડીયલ વલણ અપનાવે છે તેના પર આધાર છે. કેનેડા અને મેક્સિકો પર ટેરિક લાદવાનું બીજી એપ્રિલ સુધી મુલતવી રાખવાના તાજેતરના નિર્ણય સાથે ટ્રમ્પ ટેરિફ પર વિલંબ કરી રહ્યા છે તેની બજારોએ ગંભીર નોંધ લીધી છે. જિયોજિતના સીઆઇએસ ડો. વી. કે. વિજયકૃમાર કહે છે કે, યુએસ પ્રેસિડેન્ટની આ હરકતથી બજારોને લાગે છે કે ટ્રમ્પ લાંબા ગાળા માટે ઊંચા ટેરિફને વળગી રહેવાને બદલે વાટાઘાટો કરવા આતુર છે. આ એ હકીકતની સ્વીકૃતિ છે કે લાંબા ગાળા માટે ઊંચા ટેરિફ દર ખુદ અમેરિકાના અર્થતંત્ર પર પણ નકારાત્મક અસર કરશે. યુએસ શેરબજારોમાં વેચવાલી પણ એ સંકેત આપે છે કે ટ્રમ્પની નીતિઓ યુએસમાં વૃદ્ધિ અને કમાણીને અસર કરી શકે છે.

આ ઉપરાંત ચીન અને જર્મની ટ્રમ્પની નીતિઓથી તેમના સ્થાનિક અર્થતંત્રને ઉત્તેજીત કરવા માટે સુધારા અમલમાં મૂકી રહ્યા છે. વૈશ્વિક રચનામાં આ ફેરફાર શેરબજારોને અસર કરી શકે છે. ડોલર ઇન્ડેક્સ સતત નરમ પડી રહ્યો છે.

અમેરિકા દ્વારા ટેરિફ લાદવાની કવાયત અને તેના ટ્રેડ પાર્ટનર્સ તરફથી તેના વળતા જવાબની પ્રતિક્રિયાઓને કારણે વૈશ્વિક ઇક્વિટી બજાર અનિશ્ચિતતામાં વધારો અનુભવી રહ્યું છે. આ અસ્પષ્ટતાને કારણે જોખમ ટાળવામાં વધારો થયો

છે અને ઇક્વિટીના આકર્ષણમાં ઓટ આવી છે. ખાસ કરીને ઇમર્જિંગ માર્કેટ્સ પર અસર પડી છે, તેઓ નોંધપાત્ર આઉટફ્લોનો અનુભવ કરી રહ્યા છે. તાજેતરમાં, એસએન્ડપી ૫૦૦ ઇન્ડેક્સ તીવ્ર કડાકાના સંકેતો દર્શાવે છે, જે અમેરિકન અર્થતંત્ર પર ટેરિફની સંભવિત અસર વિશે ચિંતાઓને પ્રતિબિંબિત કરે છે. તેનાથી વિપરીત, ભારતીય બજારોએ વેપાર યુદ્ધની સંભાવના હોવા છતાં મોડેથી સ્થિતિસ્થાપકતા દર્શાવી છે. જ્યારે કોર્પોરેટ કમાણીમાં સુધારો સ્થાનિક ભાવનાઓમાં નોંધપાત્ર સુધારો કરી શકે છે. કમાણીમાં સ્થિરતા અને મૂલ્યાંકનમાં સુધારો થવાને કારણે રોકાણકારો લાર્જ કેપ્સમાં ઓક્સઝપોઝર વધારી શકે છે. દરમિયાન, નાના શેરોમાં ફરી લેવાલીનો સળવળાટ વધ્યો હતો. સ્મોલ કેપ શેરોમાં જોરદાર બાઉન્સબેક જોવા મળ્યું હતું. એકંદર માગમાં મંદીને કારણે ક્રુડ ઓઇલના ભાવમાં સુધારો થવા ઉપરાંત ચીને જાહેર કરેલા આર્થિક સ્ટિમ્યુલસને કારણે એનર્જી અને મેટલ સેક્ટરમાં આશાવાદ જાગ્યો છે. ચીને ૧.૩ ટ્રિલિયન યુઆનના અલ્ટ્રા લોંગ ટર્મ સ્ટિમ્યુલસ બોન્ડ જારી કરવાની જાહેરાત કરી છે.

ભારતનો આર્થિક વિકાસ સુધરી રહ્યો છે અને શેરબજારનું મૂલ્યાંકન હવે વાજબી છે. સ્થાનિક કંડોની ખરીદી કરતાં વિદેશી કંડોની વેચવાલી વધુ હોવા છતાં, બજાર ઉપર જઈ રહ્યું છે જે રિટેલ, એચએનઆઇ અને યુએચએનઆઇની લેવાલીમાં વધારો દર્શાવે છે. આ વલણ ચાલુ રહી શકે છે, એવો અભિપ્રાય તેમણે વ્યક્ત કર્યો હતો. જોકે, નોંધવું રહ્યું કે, ટ્રમ્પે બીજી એપ્રિલથી ભારત સહિતના દેશોને લક્ષ્ય બનાવીને પારસ્પરિક ટેરિફની જાહેરાત કરી છે. આ પગલાથી ભારતના નિકાસ ક્ષેત્રોને અસર થઈ શકે છે, જેના કારણે વાર્ષિક સાત અબજ ડોલરનું નુકસાન થઈ શકે છે. શેરબજારમાં એકધારી પીછેહઠને આખરે બ્રેક લાગી છે. સમીક્ષા હેઠળના પાછલા સપ્તાહે શેરબજારમાં રિકવરી જોવા મળી હતી અને સેન્સેક્સ-નિફ્ટીએ જોરદાર વાપસી સાથે લગભગ બે ટકાનો ઉછાલો નોંધાવ્યો હતો. સાનુકૂળ વૈશ્વિક અને સ્થાનિક સીકતોને કારણે બજાર સુધર્યું હતું, જેના કારણે રોકાણકારોમાં વિશ્વાસ વધ્યો હતો.

એકધારી લાંબી મંદી અને પછડાટ બાદ સ્થાનિક શેરબજાર સાતમી માર્ચે પૂરા થયેલા સપ્તાહ દરમિયાન સાપ્તાહિક ધોરણે વધારા સાથે બંધ થવામાં સફળ રહ્યું. સોમવારથી શુક્રવાર એટલે કે ત્રીજીથી સાતમી માર્ચ સુધીના ટ્રેડિંગ પછી, બીએસઈ સેન્સેક્સ ૧,૧૩૪.૪૮ પોઈન્ટ અથવા ૧.૫૪ ટકાના વધારા સાથે ૭૪,૩૩૨.૫૮ પોઈન્ટ પર બંધ થયો.

એ જ રીતે, એનએસઈ નો નિફ્ટી ગયા સપ્તાહના ટ્રેડિંગમાં ૪૨૭.૮૦ પોઈન્ટ એટલે કે ૧.૯૩ ટકાના વધારા સાથે ૨૨,૫૫૨.૫૦ પોઈન્ટ પર બંધ થયો. સ્થાનિક બજારમાં આ વધારો એટલા માટે પણ મહત્વપૂર્ણ છે કારણ કે ગયા અઠવાડિયે અમેરિકામાં ટેરિફ વોર અને વેપાર નીતિ અંગે અનિશ્ચિતતાને કારણે વૈશ્વિક બજારમાં ઉથલપાથલ અને અફડાતફડી ચાલુ રહી હતી. શુક્રવાર, ૭ માર્ચે પૂરા થયેલા સપ્તાહમાં બધા ક્ષેત્રીય સૂચકાંકો વધારા સાથે ગ્રીન ઝોનમાં બંધ થયા હતા. નિફ્ટી મેટલ ઇન્ડેક્સ ૮.૬ ટકા વધ્યો. તેવી જ રીતે, નિફ્ટી મીડિયા ઇન્ડેક્સ ૭.૩ ટકા વધ્યો, અને નિફ્ટી એનર્જી ઇન્ડેક્સ ૬ ટકા વધ્યો.

આ ઉપરાંત, નિક્ટીનો ઓઇલ એન્ડ ગેસ ઇન્ડેક્સ પ. 3 ટકાના સાપ્તાહિક વધારા સાથે અને પીએસયુ બેંક ઇન્ડેક્સ પાંચ ટકાના સાપ્તાહિક વધારા સાથે બંધ થવામાં સફળ રહ્યો. આ અઠવાડિયે બજારમાં આવેલા વધારાને કારણે શેરબજારના રોકાણકારોની સંપત્તિમાં લગભગ ૧૪ લાખ કરોડ રૂપિયાનો વધારો થયો છે.

સોમવાર-શુક્રવારના ટ્રેડિંગ પછી બીએસઈ-લિસ્ટેડ કંપનીઓનું બજાર મૂડીકરણ વધીને રૂ. ૩૯૮.૨૪ લાખ કરોડ (કામચલાઉ) થયું. જ્યારે પાછલા સપ્તાહમાં તેનું બજાર મૂડીકરણ રૂ. ૩૮૪.૨૮ લાખ કરોડ હતું. આ રીતે, આખા અઠવાડિયાના વેપાર પછી, રોકાણકારોની સંપત્તિમાં લગભગ ૧૪.૨૮ લાખ કરોડ રૂપિયાનો વધારો નોંધાયો છે.

આખા અઠવાડિયાના કામકાજ પછી, બીએસઈનો લાર્જ કેપ ઇન્ડેક્સ ૨.૪૧ ટકાના વધારા સાથે બંધ થયો. આ ઇન્ડેક્સમાં સમાવિષ્ટ વેદાંત, ભારત ઇલેક્ટ્રોનિક્સ, અદાણી એનર્જી સોલ્યુશન્સ, હિન્દુસ્તાન એરોનોટિક્સ લિમિટેડ, પાવર ફાઇનાન્સ કોર્પોરેશન, આરઈસી, વરૂણ બેવરેજીસ, સિમેન્સ અને ટાટા સ્ટીલના શેરમાં ૧૦થી ૧૫ ટકાનો વધારો નોંધાયો હતો.

મુંબઈનું આર્થિક મહત્ત્વ ઓછું કરવામાં આવી રહ્યું છેઃ આદિત્ય ઠાકરેનો આરોપ

મુખ્ય પ્રોજેક્ટો અને અનેક કંપનીઓનાં વડાંમથક ગુજરાત- દિલ્હીમાં ખસેડાયાં

ભારકર ન્યૂઝ મુંબઇ

શિવસેના (યુબીટી)ના નેતા આદિત્ય ઠાકરેએ રવિવારે મહારાષ્ટ્ર સરકાર પર મુંબઈમાં ધારાવીના રિડેવલપમેન્ટ જેવા પ્રોજેક્ટોમાં અદાણી સુપની તરકેણ કરવાનો અને પદ્ધતિસર રીતે મુંબઈનું આર્થિક મહત્ત્વ ઓછું કરવાનો આરોપ કરવામાં આવ્યો હતો. પક્ષના કાર્યક્રમમાં તેમણે જણાવ્યું કે ગુજરાતની ગિફ્ટ સિટી (ગુજરાત ઈન્ટરનેશનલ ફાઈનાન્સ ટેક- સિટી) જેવાં જ એકમો અને પ્રોત્સાહનો મુંબઈમાં સ્થાપવાં જોઈએ. જોકે આ મહાનગરના આર્થિક દરજ્જાને જાણીબૂજીને ઘસારો પહોંચાડવામાં આવી રહ્યો છે.

ભાજપ મુખ્ય પ્રોજેક્ટો અને અનેક કંપનીનાં વડાંમથક મુંબઈમાંથી ગુજરાત અને દિલ્હીમાં ખસેડી રહ્યો છે. આને કારણે મહારાષ્ટ્રની અર્થવ્યવસ્થા પર નકારાત્મક અસર થશે. જો મુંબઈનો આધાર જ કમજોર કરવામાં આવે તો મુંબઈને કઈ રીતે લાભ થશે. ઝારખંડ અને વારાણસી (ઉત્તર પ્રદેશ)ના લોકો પણ નવા પ્રોજેક્ટો અન્ય રાજ્યને બદલે ગુજરાતમાં કેમ જઈ રહ્યા છે એવું પૂછી રહ્યા છે.

સરકાર બૃહદમુંબઈ ઈલેક્ટ્રિક સપ્લાય એન્ડ ટ્રાન્સપોર્ટ (બેસ્ટ) ઉપક્રમની બસ સેવા પર પણ આર્થિક તાલ લાવી રહી છે, જે કાકલો 4000 પરથી ઘટીને હવે 1500થી 2000 પર આવી ગયો છે. 2027 સુધી અમે 10,000 ઈલેક્ટ્રિક બસ રજૂ કરવાની યોજના બનાવી હતી, જેમાં 900 ડબલ ડેકર બસનો સમાવેશ થતો હતો. જોકે હવે લાલ બસ ગાયબ થઈ રહી છે. લાલ બસ મુંબઈનું પ્રતિક છે, પરંતુ જાહેરાતના હોર્ડિંગમાં હવે તેને તમે ઓળખી નહીં શકશો, એમ વરલી મતવિસ્તારના વિધાનસભ્ય આદિત્યએ જણાવ્યું હતું.

કોર્પોરેટ કંપનીઓ દ્વારા જમીનો પચાવી પાડવામાં આવી રહી છે. જે મુદ્દા તરફથી લોકોનું ધ્યાન વિચલિત કરવા માટે વ્યાપક વ્યૂહરચનાના ભાગરૂપ જાહેર પરિવહનની સ્થિતિ કમજોર કરવામાં આવી રહી છે. સરકાર રિડેવલપમેન્ટને નામે મુંબઈની મોટી મોટી જમીનો અદાજ્ઞી ગ્રુપને આપી રહી છે. ધારાવી રિડેવલ૫મેન્ટ પ્રોજેક્ટથી 1.5 લાખ પરિવારો વિસ્થાપિત થશે, જેઓ મુંબઈ છોડી જવા મજબૂર બનશે. નિવાસીઓને ફક્ત 305 ચો.ફ્ટનાં ઘરો અપાશે. તેમની આજીવિકા છિનવાઈ જશે. આ રિડેવલપમેન્ટ નથી, પરંતુ શોષણ છે.ધારાવી સૌથી સધન વસતિ ધરાવતો શહેરી વિસ્તાર છે, જે ઝૂંપડપટ્ટીમાં નિવાસી અને વેપારી એકમો પણ છે.

ઇન્ટરનેશનલ કનેક્ટિંગવાળા સવાર હોવાથી અટવાઈ પડ્યા હતા.

નબળાઇના સંકેત ● ડો જોન્સે નવેમ્બર 2024થી શરૂ થયેલી સપોર્ટ લાઇન તોડી

યુદ્ધસ્ય કથા રમ્યાઃ ડિફેન્સ શેરોમાં ઉછાળો કેપિટલ માર્કેટ ઇન્ડેક્સ, BSE શેરમાં ગાબડાં

મીક્ષા હેઠળના સપ્તાહમાં ડૉ જૉન્સ 2.37%ના સાપ્તાહિક શુક્રવારે અડધો ટકો વધીને 42801.72ના સ્તરે બંધ રહ્યો હતો. એસએન્ડપી 500એ તો 1 સપ્તાહમાં 3.10%ના લોસે અમાસના લો ભાવ 5837.66થી નીચે પણ દૈનિક 0.55% વધી 5954.50 અને નાસદાકે દૈનિક 0.70% ના ગેઇને સાપ્તાહિક 3.45% ગુમાવી અમાસના લો લેવલ 18372.99થી નીચે 18196.22 બંધ આપ્યું હતુ. બ્રોડર ઇન્ડેક્સ રસેલ 2000 તો 1 વીકમાં 4.11 ટકાનું નુકસાન કરી, દૈનિક 0.37%સુધરી અમાસના 2126.08ના લૉ થી નીચે 2074.10ના સ્તરે વિરમ્યો હતો. ટમ્પના બેજવાબદાર નિવેદનો ચાલુ જ હતાં. લેટેસ્ટ કેનેડાથી થતી.

દૂધની આયાતો પર અઢીસો ટકા ટેરિફ લગાવવાની ધમકી આપી હતી. મસ્કનો ટેસ્લા 1 સપ્તાહમાં 11 ટકાના ગાબડાંએ અને એના વિક્રમી હાઇથી 50

ટકા તૂટી 263 \$ થઇ ગયો હતો. 17મી ડિસેમ્બરે એ 479\$ની ટોચે હતો. ટ્રમ્પનો જાદૂ ઓસરવા સાથે મસ્કનાં મસ્કા-પોલીશ ચાલતાં ન હોવાનો આ સ્પષ્ટ પુરાવો છે અને આ મસ્ક ભાઈને હવે ભારતમાં ટેસ્લા લાવીને કમાઈ લેવું છે! ડૉ 2024નું 45073નું ટોપ જાન્યુઆરી 2025નું 45054નું ટોપ ક્રોસ કરી શક્યો નથી. કેબ્રુઆરીમાં 44966-43100ની રેન્જમાં રમી ડબલ ટોપ્સની વચ્ચેનું 41844નું બોટમ તોડવાની તૈયારીમાં છે. આમ સપ્ટેમ્બર 2022થી આ આંકમાં શરૂ થયેલો તેજીનો એક મહત્વનો તબક્કો 2024ના ટોપ પર જ પૂરો થયો હોય એવો પુરાવો નવેમ્બર 2024થી બનેલી દૈનિક ચાર્ટ પરની 43005ના લેવલે રહેલી સપોર્ટ લાઇનથી નીચે બંધ આપીને ડૉ જોન્સ ઇન્ડેક્સે આપ્યો છે.

ધર આંગણે નિક્ટી 22633.80 સુધી વધી સપ્તાહાંતે 22552.50ના સ્તરે દૈનિક 0.03%, સાપ્તાહિક 1.93% સુધરી 22613.30ના અમાસના હાઇથી ઉપર બંધ રહ્યો એ પ્રત્યાધાતી ઉછાળા માટે પ્રોત્સાહક ગણાય. એક ઉદાહરણ

4 ટેસ્ટમાં ખરા ઉતરેલા આ 5 શેર વોચ લિસ્ટમાં રાખજો, તકનું સર્જન કરશે

" ફેબ્રુઆરીમાં બજેટ આવે તે પહેલાં બજાર બેઠું થવાના ચાન્સ ઓછા" એવા સબહેડીંગ સાથે ટ્રમ્પની જીતના સમાચાર પછી સ્પષ્ટ જણાવ્યું હતુ કે "સેન્સેક્સ 71થી 74 હજારની રેન્જમાં જઇ શકે છે અને નિફ્ટી 21800થી 22800ની રેન્જમાં જવાની ગણત્રી ફિબોનાચી થિયરી પ્રમાણે બેસે છે." સેન્સેક્સ 4થી માર્ચ 72633ના તળિયે પહોંચ્યો હતો અને નિફ્ટી એ જ દિવસે 21964 થયો હતો. થ્રી ચીયર્સ ફોર ધ પ્રેડીક્શન, મોર ધેન થ્રી મન્થ્સ ઇન એડવાન્સ!

આ શેર્સ પર વોચ રાખો

કારણ: (1) ભાવ તેજી માટેના પ્રોપર ક્રમમાં રહેલી બધી જ એવરેજોથી ઉપર (2) ગુરૂવારની સરખામણીએ પાંચ રૂપિયા-ઓછામાં ઓછા એક ટકાના પ્રમાણમાં શુક્રવારે સુધર્યો છે.(3) બંધ ભાવ અમાસના હાઇ ભાવથી ઉપર છે (4)

દૈનિક સુધારાના ટકા કરતાં સાપ્તાહિક સુધારાના ટકા વધારે છે.

(1) નિપ્પોન ઇન્ડીયા રૂ. 445.43(2) જિંદાલ દ્રીલીંગ રૂ. 898 (3) કામથ હોટેલ્સ રૂ. 312 (4) શ્રી જગદંબા પોલિમર્સ રૂ. 804 અને (5) સોમ ડીસ્ટીલરીઝ એન્ડ બ્રુવરીઝ રૂ. 124 શુક્રવારની ધૂળેટીની રજા પૂર્વે જ આપના પોર્ટફોલિયો આપના ગમતા રંગે રંગાઇ જાય એવી શુભેચ્છા.

જોઇએ તો અદાણી એન્ટરપ્રાઇસનો અમાસનો હાઇ 2149 હતો. મંગળવાર 4થી માર્ચના રોજ આ હાઇ ક્રોસ થયો. શુક્રવારે બંધ 2247, 4 દિવસમાં અંદાજે 100 રૂ.નો ફાયદો થયો. બે મહીના જૂની રેસીસ્ટન્સ લાઇન 2320ના સ્તરે છે, એ વટાવે તો 2400, 2570 અને 2644ના ઐતિહાસિક અવરોધો આવે છે. 22-11-24ના 2025ના બોટમ સામે 03-03-25ના રોજ 2026નું બોટમ બનાવી ડબલ બોટમ ફોર્મેશન થયું હોય એવું જણાય છે, તેથી જ તેજીનો સ્ટોપલોસ 2025 ગણવો. 2644નું ઇન્ટરિમ ટોપ વટાવે તો વધ 200-225 રૂપિયા વધી શકે છે!

ઉપલબ્ધ ડેટા પરથી જોઇએ તો નિફ્ટી ડિફેન્સ ઇન્ડેક્સે 5356નો અમાસ હાઇ વટાવી સાપ્તાહિક 10.69% અને શુક્રવારે 2.96% સુધરી 5680.40 બંધ આપ્યું છે. યુદ્ધસ્ય કથા રમ્યા, શાંતિની વાતોની સીમા આવી ગઇ હોય અને શસ્ત્રોના સોદાગરો પોતાનો રોટલો શેકવા અન્ય દેશોની આહુતિ આપવાની તૈયારી કરતાં હોય ત્યારે આપણે પણ સ્વબચાવ માટેડિફેન્સનો સહારો તો લેવો જ પડશે ને ?આ સેક્ટરના શેરો પર ધ્યાન રાખજો. વિપરિત ઉદાહરણ લઇએ તો કેપીટલ માર્કેટ ઇન્ડેક્સ સાપ્તાહિક 1 ટકો અને દૈનિક 0.30 ટકાના ઘટાડા સાથે 3063.05ના અમાસના લો ભાવથી નીચે 3060.30ના સ્તરે વિરમ્યો છે તેથી આ ઇન્ડેક્સના ઘટક શેરો પર અને ખાસ તો બીએસઇ પર નજર રાખવી જોઇએ. ઇન્ડેક્સનો અમાસ હાઇ 3352.15 અને બીએસઇનો અમાસ હાઇ 5524 અને લો ભાવ રૂ. 4551 છે. આ લેવલ્સનો ઉપયોગ સ્ટોપલોસ તરીકે કરી શકાય. નફામાં થતું નુકશાન અટકાવવાં અમાસના લોનો સ્ટોપલોસ રાખીને નફો થતો હોય તો એન્જોય કરી શકો છો, સોદો તમારો છે, મરજી પણ તમારી જ ચાલે! ગત સપ્તાહે હેડલાઇનમાં રિલાયન્સ અને એચડી એફસી બેન્કનો ઉલ્લેખ કર્યો હતો. રિલાયન્સનો અમાસ હાઇ 1217.35 અને લો 1193.30 હતો. kanudave3@yahoo.com

पद गेले, पण मुंबई खड्डेमुक्त झाली नाही आदित्य ठाकरेंचा एकनाथ शिंदेंना टोला

महानगरपालिका निवडणुकीच्या पार्श्वभूमीवर शिवसेना ठाकरे गटाचे निर्धार शिबिर रविवारी (९ मार्च) ईशान्य मुंबईतील कालिदास नाट्यगृहात पार पडले. या शिबिरात ठाकरेंच्या युवा सेनेचे प्रमुख आदित्य ठाकरे यांनी उपमुख्यमंत्री एकनाथ शिंदे यांची मिमिक्री करत जोरदार हल्लाबोल केला. जुने भाजपवाले अजूनही सांगतात की, आपले सरकार आले कसे? असे म्हणत त्यांनी भाजपवरही निशाणा साधला. तसेच लोकसभा निवडणुकीतील यश आणि राजन विचारे यांच्यावर किती विधानसभा निवडणुकीतील पराभवावरही आदित्य ठाकरेंनी भाष्य केले आहे. एकनाथ शिंदेंवर घणाघाती प्रहार करताना आदित्य ठाकरे यांनी मुंबईतील रस्त्यांवरील खड्ड्यांचा मुद्दा उपस्थित केला. पद (मुख्यमंत्री) गेले, पण मुंबई

मुंबई - आगामी मुंबई आदित्य ठाकरेंनी शिंदेंना उद्देशून फ्रॉड झाला तो आपण समोर लगावला.

> निर्धार शिबिरात बोलताना आदित्य ठाकरे म्हणाले की, मास्टर क्लास झाल्यानंतर आपण काय बोलायचे? दिवाकर रावते यांनी आमच्या चार पिढ्यांसोबत काम

केले आहे. त्यांच्यासोबत सभागृहामध्ये काम करण्याची संधी मिळाली. सुभाष देसाई यांचा अनुभव मला हा दावोसला आला होता. उद्धव साहेब

मुख्यमंत्री असताना सुभाष देसाई यांनी पक्षात जबाबदारी घेतली. दबाव आहे, हे सर्वांनी सांगितले. राजन विचारेंना त्रास दिला, पण उभे राहिले.

आदित्य ठाकरे पुढे म्हणाले की, लोकसभेत आपले यश आपण मानतो. त्यानंतर पदवीधर आणि सिनेट निवडणुक आपण जिंकलो. खड्डेमुक्त झाली नाही, असा टोला विधानसभा निवडणुकीत व्होटर

आणत आहोत. इथून पुढे मुंबई, ठाणे, नागपूरला जाऊन लोकांना आणि भाजप सरकारच्या काळात समजावून सांगितले पाहिजे.

केली आहेत. त्याचे उदघाटन हे आता करत आहेत. कोस्टलला

> कुठेही मला उभे करा, मी इंचाइंचाची माहिती देऊ शकतो. कोस्टल रोड झाल्यामुळे दीड तासाचा वेळ पंधरा मिनिटांवर आला आहे.

विधानभवनात जाताना मी उद्भव साहेबांना सांगतो की, तुमच्यामुळे मी विधानसभेत लवकर पोहोच् शकतो. कोस्टल रोडचे काम लवकर पूर्ण झाले पाहिजे होते. माझे दुःख एवढे आहे की, पाच वर्षे आपले सरकार राहिले असते, तर मुंबईचा आणखी विकास झाला असता, असेही आदित्य ठाकरे यांनी म्हटले. माझा लढा या टक्केवारीविरोधात आहे. मुंबईला

विकणाऱ्या भाजपविरोधात आहे. गेल्या दोन वर्षांत मिंधे सरकार पालिका रुग्णालयात औषध मिळत मुंबईत अनेक कामे आपण नाही. खेकडेफेम मंत्र्यांनी किती घोटाळे केले? हे तुम्हाला माहिती आहेच, असेही आदित्य ठाकरेंनी सांगितले. मी कोणाला मुंबई लुटू देणार नाही. नवी मुंबई विमानतळ होतोय, पण त्याला अजुनही दि. बा. पाटील यांचे नाव दिलेले नाही. काही दिवसांनी तेही अदानीकडे दिले जाईल, पण आपण हे होऊ देणार नाही. तुम्हाला नगरसेवक पदाची तिकिटे दिली जातील. पदे विकली जातील. पण मी एकटा लढेन. लढताना रक्तबंबाळ झालो तरी चालेल, पण मुंबईसाठी लढणार एवढे नक्की. असेच शिबिर सत्ताधारी नगरसेवकांचे घ्यायचे असेल तर आपल्याला लढायला हवे, असे आवाहन आदित्य ठाकरेंनी शिवसैनिकांना केले.

ಹೂಡಿಕೆ ಮಾಡಿ ಮೆರತು ಹೋಗಿರುವ, ಚಾಲ್ತಿಯಲ್ಲಿ ಇರದೆ ನಿಷ್ಕಿ ಯಗೊಂಡಿರುವ ಹಾಗೂ ವಾರಸುದಾರರನ್ನು ಪತ್ತೆ ಹಚ್ಚಲು ಸಾಧ್ಯವಾಗದ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ (ಎಂ.ಎಫ್) ಹೂಡಿಕೆ ಖಾತೆಗಳ ಪತ್ರೆಗೆ ಅನುವಾಗುವಂತೆ ಭಾರತೀಯ ಷೇರುಪೇಟೆ ನಿಯಂತ್ರಣ ಮಂಡಳಿಯು (ಸೆಬಿ) 'ಮಿತ್ರ' ಹೆಸರಿನ ವೇದಿಕೆಯನ್ನು ರೂಪಿಸಿದೆ.

ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಇನ್ ವೆಸ್ಕ್ ಮೆಂಟ್ ಟ್ರೇಸಿಂಗ್ ಮತ್ತು ರಿಟ್ರೀವಲ್ ಅಸಿಸ್ಸೆಂಟ್ ಎಂಬುದು 'ಮಿತ್ರ'ದ ವಿಸ್ಕೃತ ರೂಪ. ಹಲವಾರು ಹಳೆಯ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಖಾತೆಗಳು *සා*වුಯಲ್ಲಿರದ ಕಾರಣ ಹೂಡಿಕೆದಾರರು ಅಥವಾ ಅವರ ವಾರಸುದಾರರು ಹಣ ಪಡೆಯುವುದು ಕಷ್ಟಕರವಾಗಿದೆ. ಸೆಬಿ ಪ್ರಕಾರ ಬರೋಬ್ಬರಿ ₹500 ಕೋಟಿ ಮೊತ್ತವು ಯಾರೂ ಮತ್ತು ಮೊಬೈಲ್ ನಂಬರ್ ನಮೂದಿಸುವಂತೆ ದಿಕ್ಕಿಲ್ಲದೆ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಕಂಪನಿಗಳ ಬಳಿ ಕೊಳೆಯುತ್ತಿದೆ.

ಅಂತಹ ಕ್ಷೇಮು ಮಾಡದ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳನ್ನು ಪತ್ತೆ ಹಚ್ಚಲು ಮತ್ತು ದುಡ್ಡನ್ನು ಅರ್ಹರು ಮರಳಿ ಪಡೆದುಕೊಳ್ಳಲು 'ಮಿತ್ರ' ನೆರವಿಗೆ ಬರುತ್ತದೆ. ಅಲ್ಲದೆ, ಕವ್ರಸಿ ಪೂರ್ಣಗೊಳಿಸದ, ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಖಾತೆಗಳನ್ನು ಅಪ್**ಡೇಟ್ ಮಾಡಿ ಸಂಭಾವ್ಯ** ವಂಚನೆ ತಪ್ಪಿಸಲು ಸಹ ಸಹಾಯ ಮಾಡಲಿದೆ.

ಮಿತ್ರ ಪೋರ್ಟಲ್ ಏಕೆ ಅಗತ್ಯ?: ಆರಂಭಿಕ ಹಂತಗಳಲ್ಲಿ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳ ಡಿಜಿಟಲೀಕರಣ ಆಗಿರಲಿಲ್ಲ. ಪತ್ರದ ರೂಪದಲ್ಲಿ. ಎಕ್ರೆಂಪ್ಟ್ ಕೆವೈಸಿ ರೆಫರೆನ್ಡ್ ಹೂಡಿಕೆ ದಾಖಲೆಗಳನ್ನು ಹೂಡಿಕೆದಾರನಿಗೆ ನಂಬರ್ (ಪಿಇಕೆಆರ್ಎನ್) ನೀಡಲಾಗುತ್ತಿತ್ತು, ತಂತ್ರಜ್ಞಾನದ ಬೆಳವಣಿಗೆ ಬಳಸಿ ಹುಡುಕಲು ಸಾಧ್ಯವಿದೆ. - ಮತ್ತು ಕೆವೈಸಿ ಪದ್ಧತಿ ಪರಿಚಯಿಸಿದ ನಂತರ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆ ಕಂಪನಿಗಳು ಇಲ್ಲ ನಾಮಿನಿ ಹೆಸರು, ಅದೂ ಗೊತ್ತಿಲ್ಲ ಅಂದರೆ ಡಿಜಿಟಲ್ ದಾಖಲೆಗಳ ವಿತರಣೆಗೆ ಮುಂದಾದವು.

ಆದರೆ, ಅನೇಕರು ತಂತ್ರಜ್ಞಾನದ ಅಳವಡಿಕೆ ನಂತರವೂ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆಗಳ ಕವ್ರಸಿ ಮತ್ತು ಡಿಜಿಟಲೀಕರಣ ಮಾಡಿಕೊಳ್ಳಲಿಲ್ಲ. ಇದರ ಪರಿಣಾಮ ಹಲವರಿಗೆ ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಹೂಡಿಕೆ ವಿವರವನ್ನು ಟ್ಯಾಕ್ ಮಾಡಲು ನಮೂದಿಸಬಹುದಾಗಿದೆ. 'ಮಿತ್ರ'ದಲ್ಲಿ ಕಳೆದು ಸಾಧ್ಯವಾಗುತ್ತಿಲ್ಲ. ಅಲ್ಲದೆ, 10 ವರ್ಷಕ್ಕಿಂತಲೂ ಹೆಚ್ಚಿನ ಕಾಲದಿಂದ ವಹಿವಾಟು ನಡೆಸದ ಹಲವು ಮ್ಯೂಚುವಲ್ ಫಂಡ್ ಖಾತೆಗಳು ನಿಷ್ಕಿಯ ವಾಗಿವೆ. ಅವೆಲ್ಲವನ್ನೂ ಪತ್ತೆ ಮಾಡಬೇಕಾದರೆ 'ಮಿತ್ರ' ಪೋರ್ಟಲ್ ನೆರವಾಗುತ್ತದೆ.

महंगाई आंकड़ों पर रहेगी बाजार की नजर

मुंबई, 9 मार्च (एजेंसियां)। अमेरिकी टैरिफ में राहत दिये जाने के संकेत के बीच चीन की जवाब कार्रवाई में प्रोत्साहिन पैकेज और भारतीय रिजर्व बैंक (आरबीआई) के बैंकिंग तंत्र में तरलता बढ़ाने की घोषणा से स्थानीय स्तर पर हुई जबरदस्त लिवाली की बदौलत बीते सप्ताह डेढ़ प्रतिशत से अधिक उछले घरेलू शेयर बाजार की अगले सप्ताह वैश्विक रुख और फरवरी के महंगाई आंकड़ों पर नजर रहेगी। बीते सप्ताह बीएसई का तीस शेयरों वाला संवेदी सूचकांक सेंसेक्स 1134.48 अंक अर्थात 1.55 प्रतिशत की छलांग लगाकर सप्ताहांत पर 74332.58 अंक पर पहुंच गया। इसी तरह नेशनल स्टॉक एक्सचेंज (एनएसई) का निफ्टी 427.8 अंक यानी 1.93 प्रतिशत

की मजबती के साथ 22552.50 अंक पर रहा। समीक्षाधीन सप्ताह में बीएसई की दिग्गज कंपनियों के मुकाबले मझौली और छोटी कंपनियों में लिवाली की रफ्तार अधिक तेज रही। इससे मिडकैप 1296.27 अंक अर्थात 3.4 प्रतिशत उछलकर समाहांत पर 39888.29 अंक और स्मॉलकैप 2523.96 अंक यानी 5.6 प्रतिशत की तेजी के साथ 45606.86 अंक हो गया। विश्लेषकों के अनुसार, बीते सप्ताह अमेरिकी कॉमर्स सेक्रेटरी हॉवर्ड लटनिक ने संकेत दिया है कि ट्रंप सरकार कुछ टैरिफ में राहत दे सकती है, खासतीर पर कनाडा और मैक्सिको से आने वाले उत्पादों पर टैक्स में कटौती संभव है। इस घोषणा के बाद वैश्विक बाजार में सकारात्मक रुख देखने को मिला, जिससे भारतीय बाजार में भी तेजी आई। ट्रंप प्रशासन की नीतियों जवाब में चीन द्वारा घोषित राहत पैकेज के कारण चीनी और जापानी बाजारों में मजबूती देखने को मिली। इसका असर भारतीय बाजारों पर भी पड़ा, जिससे सकारात्मक सेंटीमेंट बना रहा। इसके साथ ही अमेरिका द्वारा चीन, मैक्सिको और कनाडा पर लगाए गए भारी टैरिफ भारतीय निर्यातकों के लिए फायदेमंद साबित हो सकते हैं। इससे भारतीय कृषि उत्पादों, मशीन टुल्स, टेक्सटाइल्स, केमिकल्स और लेदर प्रोडक्ट्स की अमेरिकी बाजार में मांग बढ़ने की उम्मीद है, जिससे भारत को व्यापारिक लाभ मिल सकता है। साथ ही आरबीआई ने बुधवार को घोषणा की है कि बैंकिंग तंत्र में तरलता बढ़ाने के लिए वह इस वर्ष 12 मार्च और 18 मार्च को दो अलग—अलग चरण में एक लाख करोड़ रुपये की सरकारी प्रतिभूति खरीदेगा। साथ ही 24 मार्च को 10 अरब डॉलर/रुपये की खरीद/बिक्री स्वैप ऑक्शन करेगा। इससे निवेशकों में खासा उत्साह रहा और जबरदस्त लिवाली से बाजार को बल मिला। अगले सप्ताह इन कारकों के साथ ही स्थानीय स्तर पर फरवरी 2025 के महंगाई आंकड़ों पर निवेशकों की पैनी नजर रहेगी। अगले सप्ताह थोक मृत्य सुचकांक आधारिक थोक महंगाई और उपभोक्ता मृल्य

सुचकांक आधारित खुदरा महंगाई के आंकड़े आने वाले हैं। साथ ही अगले सप्ताह विदेशी संस्थागत निवेशकों के रुख का भी बाजार पर असर रहेगा। एफआईआई मार्च में अबतक कुल 15,501.57 करोड़ रुपये की बिकवाली कर चुके हैं। हालांकि घरेलू संस्थागत निवेशकों (डीआईआई) की जारी लिवाली ने बाजार को संतुलित रखने में मदद की है। डीआईआई इस महीने अबतक कुल 20,950.89 करोड़ रुपये के लिवाल रहे हैं। अगले सप्ताह 14 मार्च को होली के अवकाश के कारण बाजार में चार दिन कारोबार होगा। बीते सप्ताह सोमवार को वैश्विक स्तर से मिले सकारात्मक सेंकेतों के बीच घरेलू स्तर पर रिलायंस इंडस्ट्रीज, टाटा स्टील, टाटा मोटर्स, एचडीएफसी बैंक, अडानी पोर्ट्स जैसी दिगाज कंपनियों में हयी बिकवाली के कारण शेयर बाजार पर बिकवाली का दबाव रहा है। सेंसेक्स 210 अंक गिरकर 72988 अंक और निफ्टी 45 अंक फिसलकर 22080 अंक पर रहा। विश्व बाजार में आई गिरावट के दबाव में स्थानीय स्तर पर बजाज फिनसर्व, एचसीएल टेक, मारुति, रिलायंस, टाटा मोटर्स और एनटीपीसी समेत 18 दिग्गज कंपनियों में हुई बिकवाली से सेंसेक्स नौ महीने बाद 73 हजार अंक से नीचे 72,989.93 अंक और निफ्टी 36.65 अंक फिसलकर 22,082.65 अंक पर बंद हुआ।

एविएशन क्षेत्र: 90 के दशक में शुरू हुईं अधिकांश एविएशन कंपनियां या तो बंद हो गईं या फिर उनका विलय हो गया

ई अड्डे तो बनते जा रहे हैं, एयरलाइंस

इ स साल दो बड़े अंतरराष्ट्रीय हवाई अड्डे चालू होने जा रहे हैं। एक है जेवर हवाई अटट और— मुंबई। दोनों ही भारत सरकार तथा राज्य सरकारों की महत्वाकांक्षी योजनाओं का परिणाम है। नोएडा में 7200 एकड़ में बनने वाले जेवर अंतरराष्ट्रीय हवाई अड्डे पर 29,650 करोड़ रुपए खर्च होने का अनुमान है, वहीं नवी मुंबई अंतरराष्ट्रीय हवाई अड्डे पर 16,700 करोड़ रुपए खर्च होंगे और यह 1160 एकड़ में बन रहा है। ये दोनों आधनिकतम सविधाओं से लैस और दनिया के बेहतरीन हवाई अड्डों में से होंगे। मुंबई हवाई अड्डे की सालाना यात्रियों के लाने ले जाने की क्षमता जहां दो करोड़ सालाना होगी, वहीं जेवर की योजना प्रतिदिन 65 उड़ानें संचालित करने की है जिनमें 62 घरेलू, 2 अंतरराष्ट्रीय और 1 कार्गी उड़ान। इसकी क्षमता कुल 7 करोड़ यात्रियों को लाने ले जाने की है। अभी देश में करीब 150 हवाई अड्डे हैं जबकि 2014 में यह आंकड़ा 70 था। अब सवाल उठता है कि इतने यात्री आएंगे कहां से और कितनी एयरलाइंस उनके लिए चाहिए?

90 के दशक में जब देश में उदारीकरण शुरू हुआ तो इसका असर हवाई यात्रा पर भी पड़ा और कई विमानन कंपनियां अस्तित्व में आईं। इनमें ईस्ट वेस्ट एयरलाइंस, जेट एयरवेज, दमानिया, मोदीलुफ्त, एनईपीसी, सहारा थीं। उस समय ये बहुत कम किराये पर यात्रियों को लाने ले जाने की सुविधा उपलब्ध करा रही थीं। 2000 के बाद एयर डेक्कन, गो एयर और किंगफिशर भी उतरीं। यानी भारतीय आकाश में एयरलाइंसों का जलवा हो गया। हवाई अड्डे छोटे पड़ने लगे और हवाई अड्डों की ओर जाने वाले मधुरेन्द्र सिन्हा वरिष्ठ पत्रकार एवं स्तंभकार

विमानन क्षेत्र में स्पर्धा खत्म सी हो गई है और टिकट महंगे हो गए हैं। ग्राहकों के लिए अब ज्यादा विकल्प भी नहीं बचे और वे ज्यादा किराया देने के लिए बाध्य भी हो रहे हैं। इससे एविएशन क्षेत्र में विस्तार की संभावना पर सवाल उठ खड़े हुए हैं।

यात्रियों की तादाद बढती चली गई। लेकिन बाद में एयरलाइंस एक के बाद एक गायब होने लगीं। नब्बे के दशक में शुरू हुईं एविएशन कंपनियां या तो बंद हो गईं या फिर उनका विलय हो गया। किंगफिशर और जेट एयरवेज के बंद हो जाने से एविएशन इंडस्ट्री को बड़ा धक्का लगा। बड़े पैमाने पर लोगों का रोजगार छिन गया। सिर्फ जेट एयरवेज के बंद हो जाने से 20,000 लोगों का रोजगार छिन गया। 2005 में शुरू हुई किंगफिशर एयरलाइंस शुरू से ही घाटे में चल रही थी और इसका अंत अक्टूबर 2012 में हो गया जब यह कंपनी कर्ज में डूब गई और इसके प्रमोटर विजय माल्या ने देश छोड दिया।

एक और बड़ी एयरलाइंस विस्तारा जो टाटा समह और सिंगापुर एयरलाइंस के बीच समझौते से बनी थी, 2024 में एयर इंडिया का हिस्सा बन गई क्योंकि एयर इंडिया को टाटा समूह ने खरीद लिया था और वह दो एयरलाइंस चलाना नहीं चाहते थे। टाटा ने जो एयर एशिया को भारत में मलेशियाई कंपनी के साथ मिलकर चला रही थी, घरेल उड़ानों के लिए बंद कर दिया। अब भारत के आकाश में मुख्य रूप से एयर इंडिया के अलावा बजट एयरलाइंस इंडिगो और स्पाइस जेट ही हैं। शेयर बाजार के दिग्गज राकेश झुनझुनवाला ने अकासा एयर स्थापित किया था। उनके निधन के बाद हालांकि यह चल रही है लेकिन सीमित रूटों पर। एयर इंडिया एक्सप्रेस भारत सरकार की ही कंपनी थी जो टाटा समूह को बेच दी गई थी। अब यह कुछ ही रूट पर दिख रही है और इसकी किसी से स्पर्धा नहीं है। इतनी सारी एयरलाइंस के अस्तित्व से गायब हो जाने के कारण सबसे बड़ी समस्या तो यात्रियों के सामने आ खड़ी हुई जो कम किराये पर यात्रा करते रहे थे। पिछले साल से हवाई किराया काफी बढ़ गया है और कुछ रूट पर तो आसमान छने लगा है। इससे मिडिल क्लास को बडा धक्का लगा क्योंकि उसे हवाई यात्रा की आदत पडती जा रही थी। लेकिन उससे भी ज्यादा बड़ी बात यह थी कि इतने सारे हवाई अड्डों के निर्माण और विस्तार के बारे में सोचने का वक्त आ गया है।

सवाल यह भी उठ रहे हैं कि सरकार ने 'उड़े देश का हर नागरिक' (उड़ान) योजना के तहत देश के कोने-कोने में हवाई अड्डे बनाना शुरू किया था, उसका क्या हश्र होगा? इतनी बड़ी जनसंख्या को विमान यात्रा कराने के लिए जितने विमान और एयरलाइंस चाहिए वो इस समय उपलब्ध नहीं है। विमानन क्षेत्र में स्पर्धा खत्म सी हो गई है और टिकट महंगे हो गए हैं। ग्राहकों के लिए अब ज्यादा विकल्प भी नहीं बचे और वे ज्यादा किराया देने के लिए बाध्य भी हो रहे हैं। इससे एविएशन क्षेत्र में विस्तार की संभावना पर सवाल उठ खड़े हुए हैं। यह सही है कि ये जो तीन प्रमुख एयरलाइंस हैं वे मजबूत हो रही हैं और वैश्विक स्पर्धा में तनकर खड़ी हो रही हैं लेकिन घरेलू यात्रियों के लिए यह कठिन परिस्थिति है। इसके साथ ही सरकार के लिए भी क्योंकि जितनी ज्यादा विमानन कंपनियां होंगी, उतना ही टैक्स भी मिलेगा।

वैसे सरकार के लिए यह राहत की बात है कि उसने एयर इंडिया से छुटकारा पा लिया है जिसे जिंदा रखने के लिए 60,000 करोड़ रुपए से भी ज्यादा खर्च किए थे। जो अन्य एयरलाइंस बंद हो गईं, उनसे भी सरकार को धक्का लगा क्योंकि उन्हें सरकारी बैंकों से भारी ऋण मिला था। अब देश में कई ऐसे हवाई अड्डे मसलन तेजू, कुल्लू वगैरह ऐसे हैं जिनमें कोई नियमित विमान सेवा ही नहीं है। अब और नए एयरपोर्ट बनते तो जा रहे हैं लेकिन एयरलाइंस की कमी साफ दिख रही है। एयरलाइंस का बिजनेस बेहद खर्चीला है और इसमें मुनाफे के लिए वर्षों टिके रहना पड़ता है। यह बहुत कठिन हैं और इसमें सरकार की मदद चाहिए। सरकार को मदद के तीर पर टैक्सों में कटौती करनी होगी। हवाई जहाजों में इस्तेमाल होने वाले फ्यूल की ड्यूटी कम करनी होगी। बिना इंसेटिव दिए नए एयरलाइंस मैदान में उतरेंगी नहीं और ये विशालकाय एयरपोर्ट ऐसे ही आधे खाली पड़े रहेंगे।
