NCLT Rejects Adani Ports' Late **Bid for Tuticorin Coal Terminal**

Mumbai: The Mumbai bench of the National Company Law Tribunal has dismissed an application filed by Adani Ports and Special Economic Zone to submit a delayed resolution plan for the closely held Tuticorin Coal Terminal.

The division bench of judicial member KR Saji Kumar and a technical member, Anil Raj Chellan, observed that more than four years have passed since the publication of EoI (Expression of Interest), and lenders have been considering many options for the revival of the company and resolving its insolvency.

As the debt-laden borrower, as acknowledged by the Adani group company, has shown signs of a turnaround, a broader set of investors may be interested in bidding for the asset, said the bench. At present, the lenders are evaluating a proposal by Seapol Port, the lone bidder left for the asset.

"During the arguments, the counsel for the applicant (Adani Ports) brought to our notice that the opera-

Apart from Adani Ports & SEZ, other bidders such as Seahawk Lines, Seapol Port, and Jindal Power had also shown interest in acquiring Tuticorin Coal Terminal through the insolvency resolution process.

In the case, appearing for Adani Ports & SEZ, Animesh Bisht, of Cyril Amarchand Mangaldas, argued that the company was part of the provisional and final list of bidders.

"Hence, we cannot ignore the changes in the economic conditions that would generate further interest by more participants than one.

Tuticorin Coal Terminal was admitted under the Corporate Insolvency Resolution Process (CIRP) in February 2020 after the company defaulted on its dues of about 790 crore to Bank of India. Currently, the company has admitted liabilities of more than ₹479 crore.

Tribunal cites improved financial performance which could potentially draw in more bidders

Mumbai: The Mumbai bench of the National Company Law Tribunal has dismissed an application filed by Adani Ports and Special Economic Zone to submit a delayed resolution plan for the closely held Tuticorin Coal Terminal.

Tuticorin Coal Terminal was admitted under the Corporate Insolvency Resolution Process (CIRP) in February 2020 after the company defaulted on its dues of about 190 crore to Bank of India. Currently, the company has admitted liabilities of more than ₹479 crore.

An email query to Adani Ports & SEZ remained unanswered till the time of filing the story.

"Allowing the applicant (Adani Ports & SEZ) to submit a resolution plan for the corporate debtor would aid in value maximisation of the asset," argued Adani Ports & SEZ.

"Since no resolution plan has been received from Seahawk despite being allowed by this tribunal, the CoC is presently only considering one resolution plan, which has been submitted by Seapol," argued Adani. Therefore, the grant of reliefs to the applicant will ensure fair competition and would be in furtherance of the objective of the Code i.e., to maximisation of value of the assets of the corporate debtor," argued the company.

Shloka Dikshit of Chandhiok & Mahajan appeared for the resolution professional (RP) and argued that the CoC agreed to consider the applicant's resolution plan if the requested reliefs are granted by the tribunal.

"The respondent (RP) confirms that the CoC is willing to consider the plan of the applicant (Adani Ports & SEZ), subject to this adjudicating authority (NCLT) granting permission to the applicant," added the RP.

Airlines, authorities working to ensure smooth transition back to normal functioning

New Delhi: India on Monday reopened 32 airports across north and northwestern parts of the country that were closed due to airspace restrictions following the conflict with Pakistan.

Airports which reopened in-clude Srinagar, Jammu, Chandigarh, Leh, Bikaner, and Amritsar, airport authorities said. This follows approval from the Indian Air Force to resume operations following the ceasefire between the two nuclear armed nations announced on Saturday.

"Attention flyers; reference notice issued for temporary closure of 32 Airports for civil aircraft operations till 05:29 hrs of May 15, 2025. It is informed that these airports are now available for civil aircraft operations with immediate effect," the Airports Authority of India, which operates these airports, said.

However, Amritsar and Chandigarh airports were shut again at around 9 pm after both the cities announced blackouts following drone sightings in Srinagar.

Airlines and airport authorities are now working to ensure a smooth transition back to normal operations, including reallocation of slots, staff deployment, and crowd management.

IndiGo, which has flights to al-

most all the airports, said there may still be delays and last-minute adjustments when it restarts flights. Close to 1,000 flights were cancelled in the last four days after these airports were shut for commercial operations.

Air India Express said it will start flights on Tuesday on routes such as Hindon-Bengaluru, Jammu-Delhi, Jammu-Srina-gar, Srinagar-Delhi, and Hin-

However, Indian airlines operating international flights to the Gulf and the West continue to face disruptions as the Pakistan airspace remains shut for them, forcing these carriers to take longer detours.

Air India's services to North America have been making technical stops at Vienna and Copenhagen to uplift extra fuel.

Exodus of Migrant Workers Takes a Toll on Industry

MANPOWER WOES Industrial hubs, hospitality cos, engineering & textile units come under strain

Sutanuka Ghosal &

Kolkata | Srinagar: Thousands of migrant workers have left Jam-mu & Kashmir, Punjab, Haryana and Gujarat in the past two weeks amid fears of the India-Pakistan tension escalating into a war. The hotel sector and industrial hubs in J&K, and engineering and textile units elsewhere that employ wor-kers from West Bengal, Bihar, Odisha and Uttar Pradesh don't expect them to return immediately, though New Delhi and Islama-bad have reached an understanding to halt military action.

'Around 55% of our workers in industrial units are non-locals, which is around 200,000 and around 25-30% of them moved out over the past two weeks ... it has impacted the industry here," sa-id Arun Gupta, president of the Jammu Chamber of Commerce and Industries.

and Industries.
Functioning of the hotel industry in the Jammu city and the pilgrimage town of Katra has been hit. "There are 1,000 hotels and lodges in the Jammu area which employ around 10,000 people. As much as 50% of them are migrants. All of them have left post the Pahalgam disaster," said Inderjit Khajuria, president of the All Jammu Hotel & Lodges Association.

"There are no takers, and the stock has piled up. There is no response from the market," he said.

But closure of the national highway due to heavy rains and suspension of airport operations in Srinagar have prevented many from leaving the valley. "We have 800 milgrant workers in one industrial area here and they are all here," said Javid Tenga of Kashmir Chamber of Commerce and Industries.

NCLT Rejects Adani Ports' Late Bid for Tuticorin Coal Terminal

Tribunal cites improved financial performance which could potentially draw in more bidders

Maulik Vyas

Mumbai: The Mumbai bench of the National Company Law Tribunal has dismissed an application filed by Adani Ports and Special Economic Zone to submit a delayed resolution plan for the closely held Tuticorin Coal Terminal.

The division bench of judicial member KR Saji Kumar and a technical member, Anil Raj Chellan, observed that more than four years have passed since the publication of EoI (Expression of Interest), and lenders have been considering many options for the revival of the company and resolving its insolvency.

As the debt-laden borrower, as acknowledged by the Adani group company, has shown signs of a turnaround, a broader set of investors may be interested in bidding for the asset, said the bench. At present, the lenders are evaluating a proposal by Seapol Port, the lone bidder left for the asset.

"During the arguments, the counsel for the applicant (Adani Ports) brought to our notice that the operations of the corporate debtor (Tuticorin Coal Terminal) have improved drastically during the CIRP period, and the corporate debtor has started generating profits now," observed the tribunal in its recent order. "Hence, we cannot ignore the changes in the economic conditions that would generate further interest by more participants than one." Tuticorin Coal Terminal was admitted under the Corporate Insolvency Resolution Process (CIRP) in February 2020 after the company defaulted on its dues of about ₹90 crore to Bank of India. Currently, the company has admitted liabilities of more than ₹479 crore.

An email query to Adani Ports & SEZ remained unanswered till the time of filing the story.

Apart from Adani Ports & SEZ, other bidders such as Seahawk Lines, Seapol Port, and Jindal Power had also shown interest in acquiring Tuticorin Coal Terminal through the insolvency resolution process.

In the case, appearing for Adani Ports & SEZ, Animesh Bisht, of Cyril Amarchand Mangaldas, argued that the company was part of the provisional and final list of bidders.

"Allowing the applicant (Adani Ports & SEZ) to submit a resolution plan for the corporate debtor would aid in value maximisation of the asset," argued Adani Ports & SEZ

"Since no resolution plan has been received from Seahawk despite being allowed by this tribunal, the CoC is presently only considering one resolution plan, which has been submitted by Seapol," argued Adani. Therefore, the grant of reliefs to the applicant will ensure fair competition and would be in furtherance of the objective of the Code i.e., to maximisation of value of the assets of the corporate debtor," argued the company.

Wants more bidders; tribunal to continue evaluating Seapol resolution plan

Mumbai: The Mumbai bench of the National Company Law Tribunal has dismissed an application filed by Adani Ports and Special Economic Zone to submit a delayed resolution plan for the closely held Tuticorin Coal Terminal. Instead, it said it will want more bidders/continue to evaluate the current resolution plan offered by Seapol.

Shloka Dikshit of Chandhiok & Mahajan appeared for the resolution professional (RP) and argued that the CoC agreed to consider the applicant's resolution plan if the requested reliefs are granted by the tribunal.

"The respondent (RP) confirms that the CoC is willing to consider the plan of the applicant (Adani Ports & SEZ), subject to this adjudicating authority (NCLT) granting permission to the applicant," added the RP.

New terms for highway TOT contracts soon

Centre has nearly concluded talks on monetisation of road assets

DHRUVAKSH SAHA

New Delhi, 12 May

which was put on hold over two months ago — would start soon as the Centre has nearly concluded deliberations on whether to continue with the toll-operate-transfer (TOT) mode in its current form.

Under TOT, operational national highways by the National Highways Authority of India (NHAI) are awarded to private players, who collect toll, operate and maintain the roads, and benefit from the surplus toll revenues

The model, along side Invits, has allowed several Indian and internaseveral tional investment funds to enter the infrastructure space by generating returns on opera-tional roads.

In February, Union Road Transport Minister Nitin Gadkari and

the ministry's secre-tary V Umashankar had written to NHAI, asking for a com-prehensive review of all assets awarded under TOT by the ministry, ordering a pause on all TOT bundles until a com-parative analysis between Invits and TOTs was complete. "The ministry had communicated its concerns to NHAL. The comparative analysis has been completed and multiple rounds of discussions have been undertaken. The min-istry is very close to finalising a policy on whether to contin-ue with this route," a senior government official said. Gadkari has been vocal

about his concerns with the monetisation model, claiming that concessionaires make exorbitant returns on the model, giving the government the shorter end of the stick.

"In the TOT model, the investors who took on projects promised us that they would bring their own investment, but our experience shows that they came here and took debt from Indian banks, I am also aware of the internal rate of return of some of these proj-

ects," Gadkari had said in December 2023. addressing a conference of The monetisation of road the Highway Operators assets through toll rights — Association (India). "The TOT model is more favourable for the concessionaire than it is for the National Highways Authority of India, so we will be adopting the Invit model

> government - preferred by concessionaires as well. It contributes to 38 per cent of the ministry's monetisation pipeline.

> > the ongoing monetisa

tion of TOT Bundle 15, in which Adani Enterprises had reportedly

emerged as the highest bidder.

An alternate model of five-year toll collection rights had also been mooted by the ministry in its letter.
"This can have

bearing on the safety of roads as well. There's a capital overlay needed every five years or so to revamp the highway, and it is seen that the more aggressive the bidding, the more problems with the expenditure on revamping the stretch, because mar-gins of concessionaires are thinner. Having shorter cycles of concession would mean that the roads are safer as new concessionaires would take up the work more seriously," said the official.

Industry sources said that a decision on this is keenly awaited as financial institu-tions prefer this route and need an understanding of how to plan their investments.

Government officials said that once a decision is officially made, the ministry would be banking on TOTs going forward and it has the largest asset monetisation target out of all ministries in the second asset monetisation pipeline -₹3.5 trillion by 2030. Sources said that the path going forward would see preference for Invits, but TOTs would be present in the strategy.

32 airports reopen; flight ops resume

DEEPAK PATEL New Delhi, 12 May

Indian carriers resumed flights on key domestic routes on Monday morning, soon after the government reopened 32 airports that were shut since May 7 in view of border tensions between India and Pakistan.

Largest domestic carrier IndiGo on Monday resumed operations on the Delhi-Chandigarh, Delhi-Jammu, and Delhi-Amritsar routes, while Air India and its low-cost arm Air India Express are "progressively" resuming services to cities, including Jammu, Srinagar, Leh, Jodhpur, Amritsar, and Bhuj. SpiceJet is also working to restore its network from the affected airports. According to a notice issued by the Airports Authority of India (AAI) to airmen, all 32 airports were now open. "It is informed that these airports are now available for civil aircraft operations with immediate effect. It is recommended for travellers to check flight status directly with airlines and monitor airline websites for regular updates," the AAI said.

Airports in major cities, such as Ambala, Amritsar, Bhuj, Bikaner, Chandigarh, Hindon,

Jaisalmer, Jammu, Jamnagar, Jodhpur, Leh, Ludhiana, Mundra, Porbandar, Rajkot (Hirasar), Shimla, and Srinagar, had remained shut since the launch of Operation Sindoor. The airports were initially shut until May 10, which was later extended until May 15.

According to aviation industry sources, about 1,500 flights, which were scheduled to operate to and from these 32 airports between May 7 and Monday morning, had to be cancelled due to the closure.

On Monday, India's largest carrier IndiGo said that in line with the "latest government directives", the airports were open for flight operations. "Over the course of the next few days, more flights will resume gradually across the network," it mentioned. "As services gradually return to normal, there may still be a few delays and last-minute adjustments. We sincerely appreciate your patience and understanding as our teams work diligently to restore seamless operations," the airline said, adding that change and cancellation fee waivers remain available until May 22 for travel to and from the affected airports.

"Starting tomorrow (Tuesday), services will resume on Hindon-Bengaluru, Jammu-Delhi, Jammu-Srinagar, and Srinagar-Delhi routes. Operations on the Hindon-Mumbai route are planned to resume the day after. The reinstatement of other flights, including international services from Amritsar, is expected to follow from May 15," Air India Express said.

ir travellers planning getaways during the peak summer months of May and June should brace for higher fares, with domestic fares already up by 10-15% compared to last year, according to data from travel portal EaseMyTrip.

Volatile aviation turbine fuel (ATF) prices and supply-side constraints are pushing domestic airfares skyward, with average ticket costs between major cities and popular holiday destinations seeing a 10-12% year-on-year rise in June. Domestic airfare in May are up 10-15% from a year ago.

"This is largely due to aircraft on ground situation and a reduction in flights by key players, creating supply-side constraints," Rikant Pittie, CEO & co-founder of EaseMyTrip. "The overall trend remains upward due to operational constraints, grounded planes and rising fuel expenses."

Of a fleet of 818 commercial aircraft in the country, 133 are grounded due to engine and supply-chain concerns. Union minister of state for civil aviation Murlidhar Mohol informed parliament in March that over 680 were operational.

High-traffic routes like Delhi-Mumbai, Bengaluru-Delhi, Mumbai-Chennai, Kolkata-Bengaluru and Hyderabad-Mumbai continue to see rising airfares, per

EaseMyTrip. With strong advance bookings, the routes had an average increase of ₹500-600.

Travel portal Ixigo said cooler destinations are seeing a surge in demand. EaseMyTrip has recorded a 20-30% rise in average airfare from metros to these cooler holiday spots. "We're seeing a strong surge in demand for cooler destinations like, Kullu, Dehradun, and Shimla. Flight bookings to these destinations have gone up by 50-100% YoY, this is pushing up ticket prices as passengers are preferring air travel," said Aloke Bajpai, Group CEO, Ixigo.

Data by Ease-MyTrip and Ixigo suggests Indians are packing their bags for international destinations mainly across Southeast Asia and Europe. This year, travel-

lers are showing a growing interest in new destinations like Santorini in Europe and Bora Bora in Oceanic region. Reykjavik in Iceland is also gaining attention, Amsterdam and the Maldives continue to draw visitors," said Pittie

he Union government has given Santosh Kumar Sarangi, the secretary to the union ministry of new and renewable energy, additional charge as chairman and managing director (CMD) of Solar Energy Corp. of India (SECI).

The appointment comes after the Rameshwar Prasad Gupta was removed from the post on Saturday, a month ahead of the end of his tenure—a move that the opposition Congress party on Monday sought to link to the Adani Group's indictment in the US over alleged bribery charges.

Sarangi will remain in his new post "till the appointment of a regular incumbent or until further orders, whichever is earlier," said a notification by the Department of Personnel and Training, Sarangi, an IAS officer of 1994 batch Odisha, was appointed the secretary, MNRE last month among several other bureaucratic reshuffles, following his stint as the director general of foreign trade

under the ministry of commerce and industry.

The department of personnel and training in a stronglyworded notification on Saturday, said that the appointments committee of the cabinet has approved "termination of services" of Gupta, IAS, as the CMD of SECI with immediate effect. The notification did not cite any reason for the termination.

The sudden removal of the CMD attracted criticism from the Congress party, whose general secretary and Rajya Sabha member Jairam Ramesh described the move as an "attempt to cover up" the alleged scamthat led to Adani's indictment last year.

"The public sector SECI was indicted on November 20, 2024, by US authorities in the chargesheet against Gautam Adani and his close associates. It was based on SECI's recommendation that different states entered into purchase agreements with Adani. Bribes worth ₹2,029 crore were then reportedly offered and promised to Indian Government officials in exchange for these agreements, which were then finalized," he said.

"In an implicit admission of corruption, in December 2024, SECI changed the way its issues power tenders. Now the CMD of SECI, occupied by a post-retirement bureaucrat appointed by the Modi govt, has been sacked just a month before his tenure ends. Meanwhile the Indian government has yet to respond to repeated requests by the US Securities and Exchange Commission to serve a summons to Adani and the other accused."

Data by Ease-MyTrip and Ixigo suggests Indians are packing their bags for international destinations mainly across Southeast Asia and Europe. This year, travel-

lers are showing a growing interest in new destinations like Santorini in Europe and Bora Bora in Oceanic region. Reykjavík in Iceland is also gaining attention, Amsterdam and the Maldives continue to draw visitors," said Pittie

CMD sacked, secretary takes temporary charge

ARUNIMA BHARADWAJ New Delhi, May 12

THE CENTRE'S DECISION to terminate the services of Rameshwar Prasad Gupta, chairman and managing director (CMD) of the Solar

aging director (CMD) of the Solar Energy Corporation of India (SECI), appears to be a case of delayed retribution. Although the government did not provide any official reason for the move, the abrupt suspension of Gupta's services "with immediate effect"—just a month before the end of his tenure—comes amid a series of controversies surroundseries of controversies surround-

ing the public-sector nodal agency.

On Monday, the government gave Santosh Kumar Sarangi, secretary, ministry of new & renewable energy additional charge of SECI CMD, "till the appointment

However, the agency hogged the limelight for all the wrong reasons in 2024.

Its name surfaced, though

without explicit incrimination, in the US indictment of Adani Group in November for alleged bribery of \$250 million to Andhra Pradesh's electricity distribution companies.

'Small pvt airports' capex to rise 50-60% annually over next 3 yrs'

PRESS TRUST OF INDIA Mumbai, May 12

CAPITAL EXPENDITURE (CAPEX) of small private airports is expected to rise 50-60% annually over the next three years, driven by capacity expansion on account of a substantial increase in terminal utilisation levels, ratings agency Crisil said on Monday.

On the other hand, capital expenditure (capex) at large private airports will see a decline during the same period, as much of the capacity expansion has been completed or nearing completion, it added.

However, the overall capex of private airports will slightly slow down by 10-15% to around ₹40,000 crore over the next three years, as per the ratings agency.

Crisil said its analysis is based on the capex of 11 operating private airports and two soon-to-be-operational private airports, which together account for more than 95% of India's private airport passenger traffic.

For this study, small private airports are classified as those with capacity of less than 20 million passengers per annum and located in Ahmedabad, Guwahati, Jaipur, Trivandrum, Mangalore, Lucknow and Goa, while the large private airports are classified as those with more than 20 million passengers or located in Delhi-NCR, Mumbai MMR (Mumbai Metropolitan Region), Bangalore and Hyderabad.

Capex at small private airports will be up 50-60% on average in fiscals 2026-2028 compared to the previous three fiscal years. This will be driven by capacity expansion due to a substantial increase in terminal utilisation levels, Crisil said.

On the other hand, capex at large private airports will see a decline during the same period, as much of the capacity expansion has been completed or is nearing completion.

"Small private airports are expected to embark on a significant expansion of up to 1.5 times their current base by fiscal 2028.

"This is in response to escalating travel demand and moderate capacity on the ground," said Ankit Haku, Director at Crisil Ratings.

Markets soar after ceasefire, post highest single-day gains in 4 years

Mumbai

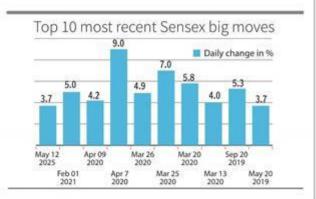

The markets logged an unprecedented rally on Monday, with benchmark indices recording their biggest single-day gains in nearly four years, driven by a cessation of hostilities between India and Pakistan. The US and China agreeing to a temporary rollback of tariffs for a 90-day period also added to the positive sentiments.

The Sensex surged 2,975.43 points (3.74 per cent) to close at 82,429.90, while the Nifty 50 jumped 916.70 points (3.82 per cent) to end at 24,924.70, logging the biggest single day gains since February 1, 2021.

"The ceasefire announcement has eased geopolitical concerns, allowing markets to reorient toward stability and policy continuity," said Arun Patel, Founder and Partner at Arunasset Investment Services. The rally was broadbased, with nearly 90 per cent of Nifty 500 stocks trading in positive territory.

Sectoral indices showed remarkable strength, with the Nifty Realty Index jumping 5.93 per cent and the IT Index surging 6.48 per cent.

Vaibhav Vidwani, Research Analyst at Bonanza,

noted, "The sharp rally was primarily driven by the announcement of a ceasefire agreement between India and Pakistan, which significantly eased geopolitical tensions." The market sentiment was bolstered by other positive developments, including forecast of early onset of the South-West monsoon and upcoming Russia-Ukraine peace talks.

ANALYSTS' TAKE

Rupak De, Senior Technical Analyst at LKP Securities, observed, "The Nifty witnessed its best day in four years... Technically, the index has broken out of recent consolidation across multiple timeframes, confirming a positive trend." Analysts suggest the index could target 25,200-25,300 levels in the short term.

Shriram Finance	(+7.16)

The commodities markets, too, saw significant movement, with gold declining sharply. Jateen Trivedi from LKP Securities reported gold prices plunging approximately ₹4,000 to ₹92,500/10 gm on the MCX.

Devarsh Vakil from HDFC Securities highlighted key support levels, noting that the Nifty had support at 24,590 and potential resistance at 25,207.

he headlines around Operation Sindoor focused on India's assertiveness, the powerful visual of two women officers shaping the narrative, and the munitions used. However, a crucial but less discussed aspect of the operation was the quiet and significant role played by the defence innovation ecosystem in India.

A prominent defence innovation example used in Operation Sindoor was SkyStriker Loitering Munitions, which are suicide drones developed by Bengaluru-based Alpha Design Technologies. This precision-striking drone was used in covert operations, given its low noise. It could carry a 5-10 kg warhead and has a range of 100 km. It was not just about the offensive, drone innovations were crucial in playing defence too. For instance, the D-4 anti-drone system developed by the DRDO was instrumental in neutralising hostile drones by disrupting GPS signals. Indigenously developed innovations were also used for other purposes, such as surveillance and unmanned systems.

While organisations like DRDO have a long history, a key recent catalyst shaping many of the above-discussed innovations is Innovations for Defence Excellence (iDEX), a flagship initiative under the Ministry of Defence launched in 2018. This initiative brings together all the key innovation ecosystem actors, including start-ups, individual innovators, R&D institutions, and academia, to foster self-reliance in defence technologies.

FUNDING AND MANAGEMENT

A unique characteristic of iDEX is that it is funded and managed by the Defence Innovation Organisation (DIO), a Section 8 company, whose founding members were Hindustan Aeronautics Ltd (HAL) and Bharat Electronics Ltd (BEL). This structure, which has the inclusion of established defence manufacturers anchoring the ecosystem, facilitated a close strategic alignment between emerging innovators and start-ups with the existing defence industrial manufacturers in India enabling closer commercialisation links for the innovations.

A stage-gated approach to funding the innovations is another key strength of this evolving ecosystem. For early-stage prototyping, through the Support for Prototype and Research Kickstart (SPARK) framework, iDEX supports innovative start-ups with a grant

funding of ₹1.50 crore. Those innovations that develop to an advanced stage receive a larger investment support through the iDEX Prime scheme, which provides grants of up to ₹10 crore. To specifically further support Deep Tech innovations in defence, which require more capital investment, in 2024, iDEX launched the Acing Development of Innovative Technologies with iDEX (ADITI) scheme, offering grant support up to ₹25 crore. This stage-gated process ensures funding support spanning from the seed stage to integration in the defence supply chain.

iDEX adopts an open innovation approach, which calls for open participation of innovators from across the country to engage with the challenges of the defence sector. For example, through the Defence India Startup Challenge (DISC), iDEX launches challenges for start-ups to offer solutions to specific technological needs of the Indian Armed Forces. This

A unique characteristic of iDEX is that it is funded and managed by the **Defence Innovation**

Organisation, whose founding members were HAL and Bharat Electronics

challenge-driven approach ensures an alignment between the operational needs and innovative solutions developed. In addition, iDEX also conducts Open Challenges, which are more broadly scoped open innovation challenges, where innovators can propose solutions of relevance to the defence sector, not being constrained by the thematic considerations of DISC.

MULTI-LAYERED COLLABORATION

Finally, iDEX has facilitated a multi-layered collaboration structure. It involves domestic-global collaboration, for example, iDEX partners with the US Department of Defense's Innovation Unit to facilitate joint co-development of innovation between Indian and US start-ups. Similarly, the example of SkyStriker discussed earlier was developed through a joint venture between an Indian and an Israeli organisation (Elbit Security Systems). SkyStriker's example is also an illustration of an MNE (Adani Group) investment in an SME (Alpha Design Technologies) scaling up its innovations. The partnership between DRDO and IIT Delhi to create DRDO Industry Academia Centres of Excellence is a good illustration of government-industry-academia collaboration in this sector.

In essence, through multiple key strategic efforts, iDEX has accelerated the defence innovation ecosystem in

India. It has signed over 350 agreements with start-ups as of June 2024. In recognition of its significant contribution to the Indian defence innovation ecosystem, iDEX was given the prestigious Prime Minister Award for Public Policy in the Innovation Category in 2021.

The story of iDEX offers multiple lessons for fostering other similar public investment-supported Deep Tech innovation ecosystem creation. First, having an anchor orchestrator that brings in multiple domain expertise (i.e., HAL and BEL in the above case) relevant for the ecosystem provides both the functional expertise and networks relevant for commercialisation. Second, an open innovation-based challenge-driven approach creates a level playing field for innovators from across the country to participate in the ecosystem

Third, it is crucial to take a co-creation approach to innovation ecosystem development, drawing on the collaborative strengths of diverse stakeholders - international partners, MNEs, academia, and start-ups.
Applying some of these lessons to other
deep tech fields could help forge a
self-reliant and technologically advanced India that is adept in meeting the challenges of tomorrow.

MNRE Secretary to hold additional charge as SECI CMD

Our Bureau New Delhi

After unceremoniously terminating the services of RK Gupta, CMD of the crisis-hit Navratna PSU Solar Energy Corporation of India (SECI), the government on Monday assigned additional charge of the post to Ministry of New & Renewable Energy (MNRE) Secretary Santosh Kumar Sarangi.

Gupta, an IAS officer from the Gujarat cadre, had assumed charge as SEGI CMD in June 2023, with his tenure set to conclude in June 2025. Previously, he served as the Environment Secretary before his retirement.

The Appointments Committee of the Cabinet did not cite any reasons for Gupta's termination a month before his office term was to end.

SECI, under the administrative control of the MNRE, is one of the four Renewable Energy Implementing Agencies (REIAs), responsible for issuing tenders for renewable energy sources.

When contacted, Gupta did not offer any comments.

SIMMERING ISSUES

However, government sources said that issues of pending power purchase agreements (PPAs), SECI's legal battles with Reliance Power and JSW Energy, and the controversy over the allegation of industrialist Gautam Adani allegedly bribing State government power officials could be the reasons behind his termination.

The issue of Gupta's removal was thrust into the spotlight on Monday after senior Congress Leader Jairam Ramesh criticised the government, accusing it of protecting Adani by sacking Gupta.

"The public sector SECI was indicted on November

Santosh Kumar Sarangi, MNRE Secretary

20, 2024, by US authorities in the chargesheet against Gautam Adani and his close associates. It was based on SECI's recommendation that different States entered into purchase agreements with Adani. Bribes worth ₹2,029 crore were then reportedly offered and promised to Indian Government officials in exchange for these agreements, which were then finalised," Ramesh said on X.

In an implicit admission of corruption, in December 2024, SECI changed the way it issues power tenders. Now the CMD of SECI has been sacked just a month before his tenure ends, he added.

"Meanwhile, the Indian government has yet to respond to repeated requests by the US Securities and Exchange Commission (SEC) to serve a summons to Adani and the other accused. Despite the attempts at the highest levels, the Modani MegaScam cannot be covered up," he said.

PENDING DEALS

Sources said around 40 GW of RE capacities are idle due to States not signing PPAs. Of this, SECI's share is more than 10 GW.

The issue of pending PPAs has become grave with New & Renewable Energy Minister Pralhad Joshi following up with the States to sign the PPAs.

जल्द आएंगी राजमार्ग से धन जुटाने की शर्तें

धुवाक्ष साहा नई दिल्ली, 12 मई

टोल अधिकारों से सड़कों के मुद्रीकरण की योजना जल्द शुरू सकती है। केंद्र ने टोल-ऑपरेट-ट्रांसफर (टीओटी) प्रणाली को वर्तमान स्वरूप में जारी रखने को लेकर विचार-विमर्श लगभग पूरा कर लिया है। इस योजना को 2 महीने पहले रोक दिया गया था।

भारतीय राष्ट्रीय राजमार्ग प्राधिकरण (एनएचआई) के परिचालन वाले राष्ट्रीय राजमार्गों को टीओटी के तहत निजी कारोबारियों को सौंपे जाने का प्रावधान है और वे टोल इकट्ठा करने, सड़कों के परिचालन और उनके रखरखाव का काम करते हैं और अतिरिक्त टोल राजस्व से कमाई करते हैं। इस मॉडल के साथ इनविट में कुछ भारतीय व अंतरराष्ट्रीय निवेश फंडों को निवेश की अनुमति दी गई है, जिससे वे बुनियादी ढांचा क्षेत्र में निवेश कर चल रही सड़कों से मनाफा कमा सकें।

फरवरी में सड़क मंत्री नितिन गडकरी और मंत्रालय के सचिव वी उमाशंकर ने एनएचएआई को पत्र लिखकर कहा था कि टीओटी के तहत दी गई सभी संपत्तियों का समग्र मूल्यांकन किया जाए। साथ ही इनविट और टीओटी के बीच तुलनात्मक विश्लेषण पूरा होने तक सभी टीओटी खंडों पर रोक लगाने का आदेश दिया गया था।

एक वरिष्ठ अधिकारी ने कहा, 'मंत्रालय ने अपनी चिंता से एनएचएआई को अवगत करा दिया था। तुलनात्मक विश्लेषण का काम पूरा हो चुका है और इस पर कई दौर की बातचीत हुई है। मंत्रालय इस तरीके को जारी रखने के बारे में नीति को अंतिम रूप देने के बहुत करीब है।'

मुद्रीकरण मॉडल की चिंताओं को लेकर गडकरी बहुत मुखर रहे हैं। उनका कहना है कि इस मॉडल में कंसेसनायर को बहुत मुनाफा मिलता है और सरकार को इसमें से बहुत कम हिस्सा मिलता है।

हाइवे ऑपरेटर्स एसोसिएशन के एक सम्मेलन को संबोधित करते हुए गडकरी ने दिसंबर 2023 में कहा था, 'टीओटी मॉडल में जिन निवेशकों ने परियोजनाएं लीं, उन्होंने हमसे वादा किया कि वे अपना निवेश खुद लाएंगे। लेकिन हमारा अनुभव बताता है कि वे यहां आए और

भारतीय बैंकों से कर्ज लिया। मैं इनमें से कुछ परियोजनाओं की आंतरिक रिटर्न रेट से भी अवगत हूं।' गडकरी ने कहा कि टीओटी मॉडल एनएचएआई की तुलना में कंसेसनायर के पक्ष में ज्यादा है, इसकी वजह से हम इनविट मॉडल का इस्तेमाल अधिक कर रहे हैं।

टीओटी सरकार के लिए सबसे बड़े मुद्रीकरण मॉडलों में से एक है। इसे कंसेसनायर भी पसंद करते हैं। मंत्रालय की मुद्रीकरण योजना में इसकी हिस्सेदारी 38 प्रतिशत है।

अचानक रोक लगने से टीओटी की 15 योजनाओं पर असर पड़ा है। इसमें कथित तौर पर अडानी एंटरप्राइजेज सबसे अधिक बोली लगाने वाली कंपनी के रूप में उभरी थी।

मंत्रालय ने अपने पत्र में पांच साल के टोल संग्रह अधिकारों का एक वैकल्पिक मॉडल भी पेश किया था।

अधिकारी ने कहा, 'इसका असर सड़क सुरक्षा पर भी पड़ सकता है। राजमार्ग को नया रूप देने के लिए हर पांच साल में पूंजी की जरूरत होती है और यह देखा गया है कि बोली जितनी आक्रामक होगी, खंड को नया रूप देने में होने वाले खर्च में उतनी ही अधिक समस्याएं आएंगी, क्योंकि कंसेसन पाने वालों का मार्जिन कम होगा। कंसेसन की अवधि कम होने का मतलब है कि सड़कें सुरक्षित होंगी, क्योंकि नए ठेकेदार काम को अधिक गंभीरता से लेंगे।'

Kolkata: Even as diplomatic efforts appeared to have de-escalated the tensions between India and Pakistan following the declaration of a ceasefire, Kolkata's information technology (IT) sector is not letting its guard down yet.

With its sights set firmly on continuity and preparedness, the industry is actively deploying business continuity measures to safeguard operations and ensure an uninterrupted workflow.

From activating backup internet carriers to preparing for large-scale remote work and distributing work-loads across various branches in the country, the city's IT sector said it is ready for any emergency.

Sources in the industry revealed that May, June, and July typically see a surge in international visits, as foreign clients travel to India for contract renewals and project planning meetings. However, the heightened tensions caused many to reconsider their travel plans. After 32 airports reopen, some flights cancelled

New Delhi: All the 32 airports in north, west and central India that were closed for commercial operations since May 7 reopened at 10.30am Monday. Accordingly, airlines started resuming operations to their network stations in these 32 places from Monday itself and expect to restore the suspended 350-400 daily flights in the next few days.

However, amid drone intrusions over the border regions of J&K, Rajasthan and Punjab on Monday evening, IndiGo cancelled flights to and from Jammu, Amritsar, Chandigarh, Leh, Srinagar and Rajkot for Tuesday.

Airports reopen after Indo-Pak ceasefire

'Flyers Have Been Advised To Check With Airlines For Flight Updates'

TIMES NEWS NETWORK

Ahmedabad: All airports in Gujarat resumed operations following a ceasefire between India and Pakistan after days of cross-border tensions during Operation Sindoor.

Airports across Gujarat, including Rajkot, Bhuj, Jamnagar, Kandla, Porbandar, Mundra, and Keshod, reopened for civilian flights.

The temporary closure, enforced as a precaution amid cross-border tensions, disrupted travel across 32 sensitive zones near the border or key Indian Air Force (IAF) installations.

Gujarat's strategic western corridor was significantly affected, particularly given the presence of both commercial and dual-use military airports.

According to a series of NO-TAMs (notice to airmen) issued earlier, airspace restrictions

Airlines have begun rebooking and rescheduling services

were to be in force until May 15. However, with the ceasefire announcement, flight operations are being restored. With operations restarting, some delays and real-time adjustments are still expected. Passengers are advised to check with airlines for the latest flight updates.

Airports in Gujarat, including Rajkot (Hirasar), Bhuj, Jamnagar, Kandla, Mundra, Porbandar, Naliya, and Keshod, are now open. Both national carriers and private airlines have begun rebooking and rescheduling services.

IndiGo issued an advisory

on Sunday, stating, "In line with the latest govt directives, the airports are open for operations. We will progressively commence operations on the previously closed routes." The airline also extended its change and cancellation fee waiver for affected flights until May 22.

Similarly, Air India announced that flights to and from Rajkot, Bhuj, Jamnagar, and other reopened airports would resume gradually, urging passengers to monitor schedules and exercise patience as operations normalise.

While Rajkot International Airport is now open for civil operations, no scheduled flights operated on Monday. IndiGo is set to resume limited services from May 13 (Tuesday), beginning with flight on the Mumbai-Rajkot-Mumbai route.

On May 14 (Wednesday), two flights (Mumbai-Rajkot-Mumbai) and (Delhi-Rajkot-Delhi) — will be operational. Full scheduled services by IndiGo was expected to resume from May 15. Confirmation regarding Air India's operations was still awaited.

Macrotech Developers eyes Delhi-NCR expansion

Press Trust of India

feedback@livemint.com

NEW DELHI: Realty firm Macrotech Developers Ltd plans to enter the Delhi-NCR residential market and is "seriously" looking to acquire a land parcel to build group housing projects, as this region presents huge opportunities for growth, a senior company official said.

Mumbai-based Macrotech Developers, which sells properties under the 'Lodha brand', is one of the leading real estate firms in the country. At present, the company has a presence in the Mumbai Metropolitan Region (MMR), Pune and Bengaluru.

In an interview with PTI, Macrotech Developers executive director-Finance Sushil Kumar Modi said the company has entered into a growth phase in Bengaluru, and now it is in a position to do some pilot projects in a new city.

When asked about the Delhi-NCR housing market, he said, "Delhi-NCR is something which we are seriously looking at. We are looking for land. We like the market. We know that the NCR market has its own nuances so we will be more cautious".

"The NCR market is very large and it's worthwhile for a brand like Lodha to get in there and slowly build the business," Modi observed.

He said the company is in discussions with land owners to acquire land, and hopes to conclude at least one land deal this fiscal. Modi, however, said the company would do pilot projects to begin with for a better understanding of the market before shifting the gear to growth mode.

He said the company will see an "exponential growth" in Pune and Bengaluru markets from this fiscal year onwards.

Macrotech Developers has already bought a land parcel in Gurugram last fiscal to develop an industrial and logistics park.

Delhi-NCR and the MMR are the two biggest residential markets in the country.

Many developers from the South and Western regions have entered the Delhi-NCR housing markets. Godrej Properties already has a strong presence, while Sobha, Shapoorji Pallonji Group, Birla Estates and Adani Realty have built a few projects.

Recently, Prestige Group has

launched its first housing project in Delhi-NCR, while Oberoi Realty last year acquired a land parcel in Gurugram.

Among local companies, real estate major DLF, Signature Global, M3M group, Ashiana Housing, Gaurs Group and ATS Group have a significant presence in Delhi-NCR.

Macrotech Developers has been aggressively acquiring land parcels to expand its business.

In the 2024-25 fiscal year, the company acquired 10 land parcels to develop residential projects with an estimated revenue potential of ₹23,700 crore.

NEW DELHI: The Airports Authority of India (AAI) on Monday issued Notices to Airmen (NOTAMs) for the reopening of 32 airports across northern and western India for civil flight operations three days after their temporary closure was extended until Thursday next (May 15) amid escalating India-Pakistan conflict involving drones, missiles and longrange weapons that raised fears of a full-blown war. A separate NOTAM was issued for re-opening the international flight routes. The NOTAM said all 25 routes were now available.

The authorities have started reopening the airports, said two officials from the AAI. the NOTAM issuing authority. A NOTAM is a written notice to aviation stakeholders announcing a particular change in the airspace of an airport or a country. One of the NOTAMs said airports under the Mumbai region, such as Mundra, Jamnagar, Rajkot, Porbandar, Kandla, Keshod, and Bhuj, have been reopened.

NEW DELHI: The Airports Authority of India (AAI) on Monday issued Notices to Airmen (NOTAMs) for the reopening of 32 airports across northern and western India for civil flight operations three days after their temporary closure was extended until Thursday next (May 15) amid escalating India-Pakistan conflict.

A separate NOTAM issued for re-opening the international flight routes said all 25 routes were now available.

The decision to reopen airports and routes came after the Indian Air Force (IAF) early on Monday said "no activities" were reported in the border areas.

"The night remained largely peaceful across Jammu and Kashmir and other areas along the international border. No incidents have been reported, marking the first calm night in recent days," said the IAF in a statement.

The authorities have started reopening the airports, said two officials from the AAL

The NOTAMs accessed by HT said airports under the Mumbai Flight Information Region, such as Mundra, Jamnagar, Rajkot, Porbandar, Kandla, Keshod, and Bhuj, have been reopened while Srinagar, Jammu, Hindon, Sarsawa, Uttarlai, Awantipur, Ambala, Kullu, Ludhiana, Kishangarh, Patiala, Shimla, Kangra, Bathinda, Jaisalmer, Jodhpur, Bikaner, Halwara, Pathankot, Leh, and Chandigarh airports have been notified to resume operations.

announcing a particular change in the airspace of an airport or a country.

"The process of issuing [NOTAMS to] all airports is on-going and will be notified soon," an AAI official said, adding that the resumption of flight operations will depend on respective airlines. "Reopening an airport is not a time-consuming process. The airlines have to plan their flights, which takes time."

A second AAI official said the flight routes have been issued, but it will take a couple of hours for the airlines to start using them.

The operations at the Delhi airport continued, but some flight schedules were impacted, and security checks took longer due to airspace conditions and enhanced security measures as per the Bureau of Civil Aviation

Security (BCAS) orders.

The BCAS on Thursday issued an advisory for stricter security protocols at airports across the country amid tensions with Pakistan.

The measures will be effective until May 18. They barred visitors from entering airports and suspended the sale of visitor tickets.

Additional passenger and baggage checks were conducted at boarding gates for all flights apart from regular security screenings.

The airports were closed following precision strikes at nine terrorist targets in Pakistan and Pakistan-occupied Kashmir (PoK) on Wednesday. The targets were hit as part of Operation Sindoor on May 7 in retaliation to the April 22 terrorist attack in Jammu and Kashmir's Pahalgam.

After 123 Tests, 'the quiet grind...'

father of two and an undisputed batting great no longer having that famous drive to deal with the demons in the head that mess with muscle memory?

Days before the team for the England tour was to be announced, Kohli shared his decision with the world on Instagram: "There's something deeply personal about playing in whites. The quiet grind, the long days, the small moments that no one sees but that stay with you forever... As I step away from this format, it's not easy — but it feels right. I've given it everything I had... I'll always look back at my Test career with a smile."

The post had Frank Sinatra singing his 'I did it my way' song in the background, reminding that a career of 123 Tests which brought a little less than 10,000 runs too might not be totally fulfilling. "Regrets, I've had a few, But then again, too few to mention. I did what I had to do," goes the song's lyrics.

Though, of late, Kohli had been finding it tough to do what he had to. This England tour miss is actually a judicious 'well left'. It is a grim reminder of the reality of ageing. Kohli still has a gymsculpted body and is Bolt between wickets. But the fittest too can get jaded, the driven too slow down, and even Kings call it a day.

Kohli has retired, but hasn't given up. He never does, it's just that every great story has an end. Once he signs up for a cause, he never backs out. That was the original narrative around the Delhi boy when he first hit the headlines as an 18-year-old in his debut first-class season.

It was an incredibly cold December day in 2006 when he landed at the Feroze Shah Kotla (now the Arun Jaitley Stadium) in a Delhi Ranji Trophy jersey hours after his father died. In the dressing room, he broke down but quickly splashed his eyes with water to play a match-saving knock. He left early and lit his father's pyre.

It was after the sun had set on the toughest day of his life that he would tell his elder brother: "I am going to play this game at the highest level and there is nothing that can distract me from doing that." Kohli didn't just play at the highest level but will finish as one of the greatest the game has seen.

From his under-19 days, he never doubted himself or let intimidation overwhelm or undermine him. In the initial rounds of the 2008 Under-19 World Cup in Malaysia, he would swagger around the team hotel. Once when a tall well-built England player crossed him and gave him a look of disapproval, Kohli raised his eyebrows: "Why you staring?" The English boy blinked and sheepishly snuck away. "Arrey, inko dikhana padta hai (One needs to show these guys) who's the boss," he would say.

By the end of the tournament, he would make sure that the other teams conceded he was the boss. The junior India triumph would be followed by his graduation to the senior team and a phase when he lost focus. By confession, Kohli got caught in leading the 'cool life' — partying, eating unhealthy and taking cricket for granted.

Realising that he was drifting from his goal, he would take the challenge of being his old self. He changed his routine and diet. He starved. "One night I was so hungry that I had thoughts of chewing up the bedsheet," he once said. The linen was spared nor was the room service approached, but Kohli's resolve didn't break.

That would be the recurring theme of the Virat Kohli story. In 2014, he was in a freefall on the England tour. He thought he had forgotten how to bat and would not get his touch back. He couldn't sleep. Later, he would figure out that he was dealing with depression. Kohli would reach out to Sachin Tendulkar and that would start his rehabilitation. Once he ironed out the flaws, he got back his purpose in life.

Runs would flow, he would get proclaimed as cricket's GOAT, but fame and fortune would bring bigger challenges. It is around the Covid-19 period that Kohli would face existential issues.

When the world called him Kohli, Superman, Chasemaster, he was confused about his own identity. "With your professional identity, somewhere you start losing perspective as a human being," he would articulate. To live up to the hype around him, Kohli would say that he would "fake his intensity". The world wanted him to be the scowly Kohli even when he wasn't in a mood to be that. He would share these anxieties with the world after he would return from a rare cricket break, something he had never done in his life.

Even on his return, Kohli would find it tough to meet the staggering standards he had set for himself. From January 2022 to January 2025, he would score just three Test hundreds. None memorable, nor with gravitas. Kohli, the Test batsman, was wilting but he wasn't giving up. He would train hard, even take philosophical inputs from spiritual gurus. He kept exploring, kept trying to keep the

promise he had made to his brother.

Recently during the IPL, he had spoken about how the meaning of cricket had changed for him. "You start with wanting to hit the ball and later, you go through this whole journey of being someone and dealing with expectations. But then finally again, you reach a point... and say I am here to hit the ball," he said in an RCB podcast in the middle of his dream IPL run. All his career he had been in a constant fight with odds and winning it. Now finally, it seems, he had enough.

On that magical April night in 2011, after India's World Cup win at the Wankhede Stadium, Kohli, after carrying Tendulkar on his shoulder on a victory lap, had come up with a memorable quote. "Tendulkar has carried the burden of the nation for 21 years, it was time we carried him," he said. In years to come, Kohli would go on to do a Tendulkar, be a legend after two decades of high-level batting, Now that it is time to bid him goodbye, carry him on the shoulders, it is for others to do a Kohli.

All 32 shut airports reopen; flight to Amritsar returns amid blackout

SUKALPSHARMA

NEW DELHI, MAY 12

FOLLOWING THE ceasefire understanding between India and Pakistan, New Delhi on Monday lifted the temporary closure of various airports in parts of northern and western India, making them available for regular civil flight operations.

Amid the major escalation in tensions with Pakistan last week, India had announced a temporary closure of 32 airports for civil aircraft operations till 15 5:29 am May 15, according to a series of Notices to Airmen (NOTAMs) issued on Friday by aviation authorities. Those NOTAMs were cancelled Monday morning with immediate effect.

Airlines said they were working to fully restore operations to and from the affected airports, with two IndiGo flights from Delhi to Jammu and Chandigarh operating on Monday evening,

Initially, IndiGo announced the resumption of Delhi-Chandigarh, Delhi-Jammu and Delhi-Amritsar flights from Monday evening. While the Delhi-Jammu and Delhi-Chandigarh flights operated without a hiccup, the airline's Delhi-Amritsar flight turned back to the Capital midway after a precautionary blackout was enforced in

Amritsar and a few other areas of Punjab, it is learnt. The airline did not comment on the reason for the flight diversion, but cancelled Tuesday's flights to and from Jammu, Amritsar, Chandigarh, Leh, Srinagar, and Rajkot "in light of latest developments", and keeping passengers' "safety" as priority. The closure of the 32 airports led to cancellation of over 300 flights a day, industry sources said. IndiGo, which is the country's largest airline, alone saw over 160 flight cancellations a day due to the airport closures.

The affected airports included Srinagar, Jammu, Leh, Amritsar, Chandigarh, Ambala, Ludhiana, Jodhpur, Bikaner, Jaisalmer, Uttarlai, Rajkot, Bhuj, Jamnagar, Dharamshala, Bathinda, Patiala, Pathankot, Shimla, Kishangarh, Hindon, Porbandar, Mundra, and Kandla, among others. Barring a few, the majority of these airports are located in defence airfields, with some seeing only a handful commercial flights a day. For the past few days, there was almost no civilian aircraft activity north of Delhi - with the exception of Dehradun - and in much of Rajasthan and Gujarat, where some of the sensitive airports close to the India-Pakistan border and key Indian Air Force stations are located.

Among other airlines, Air India Express has announced the resumption of flights on four routes

— Hindon–Bengaluru,
Jammu–Delhi, Jammu–Srinagar,
and Srinagar–Delhi — from
Tuesday, and Hindon–Mumbai
flight from Wednesday.

In its press statement, Air India Express said: "Air India Express will gradually reinstate flight operations from previously closed airports, following the lifting of NOTAMs by the authorities... The reinstatement of other flights, including international services from Amritsar, is expected to follow from 15th May."

Its parent Air India said that it will "progressively resume flights to and from Jammu, Srinagar, Leh, Jodhpur, Amritsar, Bhuj, Jamnagar, Chandigarh and Rajkot starting Tuesday". Budget carrier Spicejet said that its teams were "actively working to resume normal flight operations at the earliest".

In the wake of India's precision strikes at nine terror infrastructure locations in Pakistan and Pakistan-occupied Kashmir as part of 'Operation Sindoor' in the early hours of May 7, New Delhi had announced the closure of around 25 airports close to the India-Pakistan border or housed at key Indian Air Force bases, initially till Saturday 5.29 am. But with tensions escalating, the temporary closure was extended till May 15 morning and a few more airports were added to the list.

Sensex, Nifty gain nearly 4% amid India-Pak ceasefire, US-China deal

HITESH VYAS MUMBAI, MAY 12

DOMESTIC STOCK markets rallied around 4 per cent on Monday after the ceasefire agreement between India and Pakistan and as the US and China reached a trade deal.

The BSE's 30-share Sensex surged 3.74 per cent, or 2,975.43 points, to settle at 82,429.9. The NSE's Nifty 50 rose 3.82 per cent, or 916.7 points, to close at 24,924.7. This was the largest single-day gain for both the indices since February 1, 2021.

The market capitalisation, or the total value of all listed shares, of BSE-listed companies increased by Rs 16.15 lakh crore to Rs 432.56 lakh crore, "Markets were on a roll and turned buoyant after the news of a ceasefire between India and Pakistan, as that removes some kind of apprehension that wascaused by last week's tension between the two nuclear-armed neighbours," said Prashanth Tapse, senior VP (Research), Mehta Equities Ltd.

Investors turned risk-on with safe-haven gold taking a beating while equities turned out to be clear winners on the back of broad-based buying support.

and Pakistan has paved the way for a sharp rally in the market. The prime mover of the rally will be the FII buying which has been sustained for sixteen continuous days except last Friday when the conflict escalated," said VK Vijayakumar, chief investment strategist, Geojit Investments Ltd.

On Monday, foreign portfolio investors (FPIs) net purchased Rs 1,246,48 crore, while domestic institutional investors (DII) bought Rs 1,448.37 crore worth of equities, according to the BSE's provisional data.

Domestic macros like expectations of high GDP growth and revival of earnings growth in PY26 and declining inflation and interest rates augur well for the resumption of a rally in the market, he said.

On Sunday, the White House said that the US and China have reached a trade deal in Geneva after the two-day long trade talks between the two countries.

"With talks on global tariff seen on a smooth path, equities could gain traction going ahead," Tapse said.

Analysts said that if the US-China trade deal materialises, it would be good for the global economy, However, from India's standpoint, it would be slightly disappointing since the country was expecting a trade deal with the US ahead of many nations, including China.

On Monday, all major sectors contributed to the rally, with IT, realty, and metals leading the gains. Nifty IT gained nearly 7 per cent and Nifty Metal rose 5.86 per cent. The broader markets witnessed heavy buying, with each advancing nearly 4 per cent.

The NSE companies that gained the most included Adani Enterprises (7.73 percent), Infosys Ltd (7.69 per cent), Shriram Finance (7.16 per cent), Trent Ltd (6.79 per cent) and Wipro Ltd (5.99 per cent).

Experts believe that though the momentum remains strong, the market may enter a phase of consolidation in the near term as investors await concrete signs of earnings growth. In the meantime, mid and small caps are expected to maintain the optimism in the broad market.

"In light of the widespread buying momentum, a 'buy on dips' strategy remains prudent. Investors should focus on selecting stocks based on the relative strength of specific sectors and prevailing market themes," said Ajit Mishra, senior vice president (Research), Religare Broking Ltd.

Why state will soon close all 22 RTO border checkposts

SIDDHANT KONDUSKAR

MUMBAI, MAY 12

THE MAHARASHTRA government is set to close down all 22 Regional Transport Office (RTO) border checkposts in the state.

The decision is in accordance with Central instructions and the implementation of the Goods and Services Tax (GST), which has made many conventional border checks unnecessary.

Transport Minister Pratap Sarnaik confirmed the move Sunday, saying the state has done all administrative procedures and sent a positive report to Chief Minister Devendra Fadnavis.

Upon clearance, the checkposts will formally be taken down, he said. "With GST implemented and digital tracking systems improving by the day, the requirement for physical border checkposts has decreased considerably. This move will be advantageous to transporters, decrease congestion, enhance road safety, and improve the ease of doing business in Maharashtra," said Sarnaik.

The checkposts, which were first set up in 1966 to control traffic, enforce legalities, and collect state road taxes, are no longer needed, given advanced technology that allows for real-time vehicle tracking and tax adherence.

Union Minister Nitin Gadkari had previously called on state administrations to scrap the obsolete system, and Chief Minister Fadnavis made the same call during a public function earlier this year. The Transport Department's proposal involves paying a compensation of Rs 505 crore to Adani Road Transport Limited, which was operating the Integrated Check Post (ICP) project. After the payment is

made, all technological and structural assets will be handed over to the Transport Department.

A committee led by Transport Commissioner Vivek Bhimanwar assessed the impact of shutting down manual border checkposts and concluded that an electronic system can effectively replace the current mechanism for inspecting goods vehicles. Its report noted that this transformation will enhance efficiency, reduce delays, and significantly curb malpractices while strengthening enforcement through electronic monitoring. This initiative will bring Maharashtra among the 18 other states that have already adopted paperless, technology-based transport regulation systems, significantly improving governance and logistics. The last green nod from CM Fadnavis is now pending for the formal closing of the checkposts.

SEBI plans to relax proposed limits on index options

Chennai, May 12: The Securities and Exchange Board of India is likely to ease the proposed curbs on trading in Index Options, by introducing a much higher threshold for net and gross position limits, sources privy to the matter told NDTV Profit. The sources indicated that SEBI is leaning towards allowing a net end of the day limit of Rs 1,500 crore and a gross limit of Rs 10,000 crore (each side) for Index Option

Capital markets regulator, the Securities and Exchange Board of India (SEBI), is likely to ease the proposed curbs on trading in index options, It is likely to introduce a much higher threshold for net and gross position limits, an NDTV Profit report said on Sunday, citing people aware on the matter.

SEBI is likely "leaning towards allowing a net end of the day limit of Rs 1,500 crore and a gross limit of Rs 10,000 crore (each side) for Index Options". "As per the previous proposal of the regulator, the net end of

the day limit was Rs 500 crore only with a gross limit of Rs 1,500 crore," the report noted.

Intra-day trading in index options is likely to be exempt from any cap. Instead, a robust surveillance protocol will be implemented where exchanges, in coordination with SEBI, will monitor intraday positions up to four times a day.

According to the report, if a trader's exposure breaches certain thresholds, the regulator will investigate for possible concentration

or manipulation. The regulator is also moving towards a delta-based open interest metric instead of the traditional notional method.

This approach accounts for the actual economic exposure of options trades rather than their notional size, which can be misleading. Last week, SEBI introduced stricter rules to improve governance at key market infrastructure institutions (MIIs) such as stock exchanges, clearing corporations, and depositories.

Eight airports in Gujarat reopen

FPJ NEWS SERVICE

The Union government has revoked the Notices to Airmen (NOTAMs) for 32 airports across northern and northwestern India, including eight in Gujarat, which had been temporarily closed for civilian flights until May 15.

This decision comes after ceasefire agreement between India and Pakistan, announced over the weekend. On Monday morning, the Airports Authority of India (AAI), in its latest notification, stated, "Attention Flyers: Reference notice issued for the temporary closure of 32 airports for civil aircraft operations until 05:29 hrs on May 15, 2025. It is informed that these airports are now available for civil aircraft operations with immediate effect."

The Gujarat airports that were shut due to the NOTAMs included Bhuj, Jamnagar, Kandla, Keshod, Mundra (Adani), Naliya (Air Force Station), Porbandar, and Rajkot (Hirasar). With NOTAMs withdrawn, flight schedules are expected to normalise soon.

IndiGo and Air India flights set to resume

With airport operations approved, IndiGo and Air India are expected to restart flight bookings shortly. This will revive the air connectivity between Rajkot and key cities like Mumbai, Delhi, Bangalore, Hyderabad, and Goa, which had been completely suspended for nearly a week.

IndiGo operated seven flights daily from Rajkot, while Air India handled three, with a combined footfall of over 3,200 passengers per day. Passengers were left with limited options and had to switch to road or rail travel, causing significant inconvenience.

"I had to travel 12 hours by train to reach Mumbai. I welcome the airport's reopening, especially ahead of my return trip," said Neelam Joshi, a regular business traveler from Rajkot. Government employees' cancelled holidays may be reinstated. Sources indicate that a decision regarding the cancelled holidays of government employees-due to the emergency situationmight also be reconsidered following the easing of tensions.

Cyber attacks targeting India have continued even after the India-Pakistan ceasefire agreement. According to Maharashtra Cyber, these attacks primarily originate from Pakistan, Bangladesh, Indonesia, Morocco, and several Middle Eastern countries.

Yashasvi Yadav, Additional Director General of Police for Maharashtra Cyber, stated, "While the frequency of attacks has declined since the ceasefire, they have not completely stopped. Since the Pahalgam terror attack, 1.5 millions of cyber attacks have been recorded in India, with 150 confirmed instances of successful system breaches."

Following the terrorist attack on tourists in Pahalgam on April 22, Maharashtra Cyber has reported that several major cyber attacks are being planned against India. Their analytics team has uncovered evidence of a coordinated campaign, codenamed 'Roar of Sindoor', and

The report reveals that these cyber operations are not limited to technical disruption but are also part of a broader effort to create social instability through the spread of misinformation and fake narratives. This follows an earlier report titled 'Echoes of Pahalgam',

which played a key role in preventing several significant cyber threats.

According to Maharashtra Cyber, the groups responsible for these attacks have been identified. They include some of the most dangerous hacker groups in the region, such as APT-36, Team Insane PK, Mysterious Team, Hoax377 and National Pakistan Allied Group. Yadav noted, "The primary targets have been India's defense establishments, energy sector, banking infrastructure, and critical data systems. The attackers have claimed responsibility for stolen data of Mumbai Airport, Badlapur Municipal Corporation website, and a defence nursing college in Jalandhar. They have also

claimed to target the Election Commission and aviation sector."

Maharashtra Cyber has compiled a comprehensive report, which has been distributed to all relevant departments. The threat is described as part of a larger 'hybrid war'.

Yadav also warned that sleeper cells within India may be supporting these cyber and information attacks.

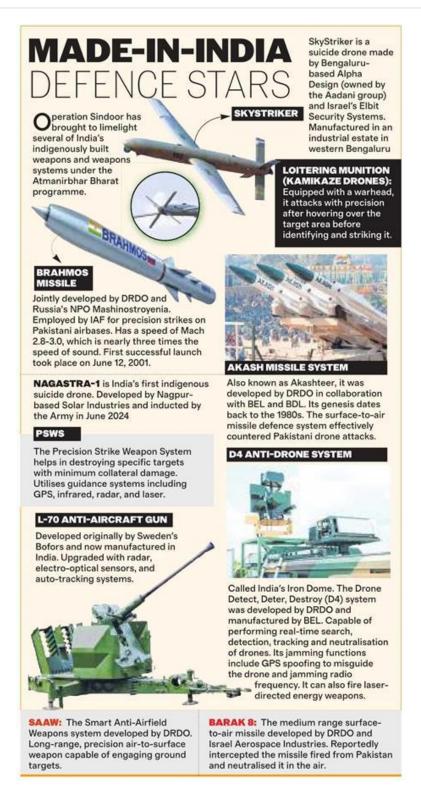

The attackers reportedly published their findings on the dark web. Maharashtra Cyber has urged all establishments to conduct mandatory cybersecurity audits, emphasising the seriousness of the hybrid warfare currently underway.

The most common tactic used by these attackers has been distributed denial of service (DDoS) attacks, which flood websites with fake traffic until they become inoperable. Other strategies include defacing government websites by altering content or inserting objectionable material, and attempting to gain unauthorised access to data centers.

The story so far: fter a decade of deliberations

towards decarbonising the maritime industry, at its 83rd session, the Marine session, the Marine Environment Protection Committee (MEPC-83) of the International Maritime Organization (IMO) was faced with the challenge of coming to a consensus on a proposed emissions levy on global shipping. The session's objective was to adopt a Market-Based Measure (IMBM) that balanced environmental effectivenes with economic fairness.

What were the proposals? Five distinct proposals were tabled in the meeting. The first was by the International Chamber of Shipping which International Chamber of Shipping which advocated for a fixed levy per every tonne of CO- emitted. Secondly, China proposed a market-driven approach where ships could trade compliance units and invest in alternative fuels. The European Union suggested a fixed Greenhouse Gas (GHG) levy, managed by an IMO-administered fund while India propositioned a 'bridging mechanism', which would target only under-compliant ships to bear the financial burden, while rewarding those using Zero or Near-Zero (ZNZ) fuels. Finally, Singapore also joined the fran by proposing an enhanced version of India* proposing an enhanced version of India's model, involving a GHG Fuel Standard (GFS) and a tiered system rewarding surplus emission units and requiring the purchase of remedial units for underperformance

underperformance.
Even before the debate on MBMs could fully unfold in the IMO, geopolitical tensions took centre-stage. The U.S.
Trump administration, which had already withdrawn from the Paris Agreement and stripped the agency that responds to disasters from their climate work related responsibilities, did not participate in the IMO deliberations. It warned of "reciprocal measures" if the EU-backed uniform carbon levy were passed.

What was decided?

The MPEC-83 of IMO voted 63 to 16 in favour of accepting Singapore's hybrid model based on India's proposal as the model based on India's proposal as the IMO's Net Zero Framework, making international shipping the first global industry to adopt a mandatory emissions levy framework. Having piloted a compromise formula amidst extremely divergent views, both India and Singapore have claimed credit for the successful outcome.

outcome.

However, the decision of the MEPC-83 is not final yet. Despite the vote, the path to implementation is far from straightforward. The MEPC-83's decision, having approved the Net Zero Framework, now needs to amend Annex VI of the MARPOL convention, which governs air pollution from ships. The amendment will undergo a six-month circulation period among all contracting parties to MARPOL. For final adoption, it parties to MARPOL. For final adoption, it requires a two-thirds majority of votes from members present and voting; this means that if all 101 parties participate, at least 67 must support the measure. Even if adopted, the amendment could still be blocked, should one-third of the parties – provided they account for at least 50% of global shipping tonnage – formally object in writing.

Currently, with 63 votes in favour, 16 against, and 22 abstentions, the outcome remains uncertain. The process ahead is critical and could reshape the dynamics

of global shipping regulation for decades to come.

What other interests were at play? The wide range of positions expresse during the MEPC-83 underscores the enduring dominance of national interests enduring dominance or nauman in global climate diplomacy. Oil-exporting countries, led by Saudi Arabia, opposed any conficant transition to green fuels,

countries, led by Saudi Arabia, opposed any significant transition to green fuels, prioritising the protection of their fossil fuel markets. In contrast, small island nations and least developed countries advocated for steep carbon levies, seeking to redirect revenues into broader green development initiatives.

Moreover, China, along with other large shipping nations, pushed for minimal levies to preserve competitiveness while focusing on investments in cleaner fuels. Norway and other Scandinavian countries have been seeking recognition for their early and costly efforts in decarbonising shipping, costly efforts in decarbonising shipping, proposing that these efforts be rewarded

proposing that these efforts be rewarded through surplus credit systems. Brazil has been advocating for a rapid shift to methanol as a primary marine fuel, shill several nations, citing a lack of viable green technologies, hoped for delayed implementation.

Even after voting, scepticism has lingered among shipowners in traditional maritime powerhouses like Greece, who question the necessity and feasibility of a green levy altogether. The range of these responses illustrates the immense challenge the IMO faces in crafting a universally acceptable emissions framework.

Why does green shipping matter?
Shipping may seem invisible to most consumers, but it plays an outsized role in global emissions. The sector emits approximately one billion metric tonnes of GHG each year, representing about 2.8% of total global emissions. If ranked as a country, international shipping would be the sixth-largest emitter in the world, between Germany and Japan Projections indicate that, without corrective action, emissions from shipping could rise by as much as 50 to 250% by 2050. Even though the sector contributes less than road transport emissions, they face heavier regulatory pressure because of their international nature.

Therefore, to align with the 13th UN

Sustainable Development Goal as well as the Paris Agreement, the IMO began implementing emissions-reduction measures in 2011, followed by the Initial GHG Strategy in 2018 and the updated IMO GHG Strategy in 2023. It has also included a technical measure such as the Energy Efficiency Design Index in Annex VI of the MARPOL convention; an

VI of the MARPOL convention; an operational measure, the Ship Energy Efficiency Management Plan, for reduction of GHG emissions from ships; and introduced mandatory recording and reporting of fuel oil consumption. Consistent with the 'Paris agreement temperature goals' it has also adopted 'levels of ambition' and guiding principles'. Between 2018 and 2023, it has agreed to fix a target for reducing carbon intensity (CO2 emissions per transport work) by at least 40% by 2000 compared to 2008 levels, and by 70% by 2040, ultimately achieving net-zero by 2050. This is notably more concrete than the This is notably more concrete than the International Civil Aviation Organization, which has only pledged a "long-term aspirational goal" of net-zero emissions by 2050 without setting interim targets.

Is it an equitable distribution?
There has been a gradual erosion of the guiding principle of 'common but differentiated responsibilities and respective capabilities (CBDR-RC) incorporated in the 2018 initial GHG strategy. The CBDR-RC is a core principle enshrined in climate agreements like UNFCCC, Kyoto Protocol and the Paris Agreement. It acknowledges that all nations must address climate change but nations must address climate change but recognise historical responsibility and unequal capacities. Developed nations, with their longer industrial histories, are expected to bear greater burdens. However, recent IMO proceedings reflect an effort by wealthier nations to shift responsibility onto developing economies, despite stark differences in income and consumption.

How does India benefit?
While the carbon levy and GHG targets set by the IMO may pose short-tern challenges for certain sectors of the Indian economy, India is likely to emerge as a long-term beneficary of the new MBM framework. According to the United Nations Conference on Trade and Development, the impact of the MBM on

India's maritime logistics costs will be modest in the near term – ranging from 4.98 to 7.29% on imports and 5.92 to 8.09% on exports by 2030. By 2050, these figures are projected to rise to about 33 to 35%. However, the actual impact on trade volumes is expected to be minimal.

India currently operates nearly 236 ships over 5,000 gross tonnage, with only 135 involved in international voyages. 135 involved in international voyages. Since MBMs apply only to international shipping, India's coastal fleet remains unaffected. At present, India spends roughly \$400 million per year on fuel for its international fleet. The MBM is projected to increase this by approximately \$108 million by 2030 – a manageable rise given the scale of India's maritime economy.

Perhaps the most exciting implication of the MBM framework is the potential for India to become a global hub for clean energy exports. As the world's

India to become a global hub for clean energy exports. As the world's hird-largest importer of fossil fuels, India is now investing heavily in green hydrogen through its National Hydrogen Mission. Industrial giants such as Reliance, Adain, and JSW are planning to scale up production, while three Indian ports are preparing to offer green hydrogen bunkering services.

Under the mission's guidelines, Indian green hydrogen must meet a well-to-wake greenhouse gas fuel intensity of no more than 2 kg COse per kilogram of hydrogen, translating to about 16.7 grams of COequivalent per megajoule. This standard positions Indian hydrogen well within the IMO's reward thresholds, which are capped at 19.0 g COse/MJ until 2034 and

capped at 19.0 g CO₂e/MJ until 2034 and 14.0 g CO₂e/MJ thereafter. This alignment

14.0 g Co.e/M] thereafter. This alignment creates a significant opportunity for India to export green fuels globally and capitalise on international incentives. Global shipping now stands at a transformative moment. Despite persistent disagreements and uncertain implementation pathways, the adoption of a MBM by the IMO represents a milestone in the journey toward decarbonisation. If successful, this framework could make shipping the first truly global sector to operate under binding climate goals, setting a powerful precedent for others to follow.

MUMBAI: Maharashtra Cyber has identified seven Advanced Persistent Threat (APT) groups responsible for launching over 15 lakh cyber attacks targeting critical infrastructure websites across India following the Pahalgam terror strike.

Of these, only 150 attacks were successful, officials said on Monday.

Even after India and Pakistan reached an understanding to stop military hostilities, Indian government websites are facing a barrage of cyberattacks from the neighbouring country as well as from Bangladesh and the Middle Eastern region, they said.

Addressing reporters, a senior official of Maharashtra Cyber debunked claims of hackers stealing data from Chhatrapati Shivaji Maharaj International Airport in Mumbai, hacking aviation and

"The probe discovered that cyber attacks on (government websites in) India decreased after India-Pakistan ceased hostilities, but not fully stopped. These attacks continue from Pakistan, Bangladesh, Indonesia, Morocco, and Middle Eastern countries," he said. In a report titled 'Road of Sindoor', prepared under the military operation launched by the Indian armed forces under the same name against terrorists, the state's nodal cyber agency has detailed the cyber warfare launched by Pakistanallied hacking groups.

According to the report, these cyber attacks originated from Bangladesh, Pakistan, the Middle East, and an Indonesian group, said Yashasvi Yadav, Additional Director General of Police, Maharashtra Cyber.

The methods used included malware campaigns, Distributed Denial-of-Service (DDoS) attacks, and GPS spoofing. Defacement of Indian websites was also reported.

Many such attacks were thwarted and critical infrastructure of India was saved, he said.

'Road of Sindoor' is a follow-up to Maharashtra Cyber's earlier report 'Echoes of Pahalgam', which documented cyber attacks following the Pahalgam terror incident.

The seven hacking groups identified in the report are: APT 36 (Pakistan-based), Pakistan Cyber Force, Team Insane PK, Mysterious Bangladesh, Indo Hacks Sec, Cyber Group HOAX 1337, and National Cyber Crew (Pakistan-allied).

These groups collectively launched approximately 1.5 million targeted cyber attacks on Indian infrastructure, Yadav said.

Among the 150 successful attacks, the Kulgaon Badlapur Municipal Council website was defaced.

Small private airports' capex may rise 50-60% annually over next 3 yrs

Capex at large pvt airports will see a decline during the same period

MUMBAI: Capital expenditure (capex) of small private airports is expected to rise 50-60 per cent annually over the next three years, driven by capacity expansion on account of a substantial increase in terminal utilisation levels, ratings agency Crisil said on Monday.

On the other hand, capex at large private airports will see a decline during the same period, as much of the capacity expansion has been completed or nearing completion, it added.

However, the overall capex of private airports will slightly slow down by 10-15 per cent to around Rs 40,000 crore over the next three years, as per the ratings agency.

ings agency.

Crisil said its analysis is based on the capex of 11 operating private airports and two soon-to-be-operational private airports, which together account for more than 95 per cent of India's private airport passenger traffic.

For this study, small private airports are classified as those with capacity of less than 20 million passengers per annum and located in Ahmedabad, Guwahati, Jaipur, Trivandrum, Mangalore, Lucknow and Goa, while the large private airports are classified as those with more than 20 million passengers or located in Delhi-NCR, Mumbai MMR (Mumbai Metropolitan Region), Bangalore and Hyderabad.

Capex at small private airports will be up 50-60 per cent on average in fiscals 2026-2028 compared to the previous three fiscal years. This will be driven by capacity expansion due to a substantial increase in terminal utilisation levels, Crisil said.

On the other hand, capex at large private airports will see a decline during the same period, as much of the capacity expan-

sion has been completed or is nearing completion.

"Small private airports are expected to embark on a significant expansion of up to 1.5 times their current base by fiscal 2028. This is in response to escalating travel demand and moderate capacity on the ground," said Ankit Haku, Director at Crisil Ratings.

Strong demand leading to recovery of air traffic movement has yielded a remarkable compound annual growth rate of around 45 per cent in passenger traffic at small private airports between fiscals 2022 and 2025.

However, capacity growth at these airports has been relatively sluggish, with a modest CAGR of around 20 per cent over this period, resulting in terminal utilisation levels increasing from around 60-90 per cent and a need to build additional capacity, Haku added.

In contrast, large private airports are expected to see a significant reduction in capacity addition, following substantial expansion over the past three years, which has absorbed high traffic growth and kept terminal utilisation stable at 80-85 per cent, Crisil said.

Additionally, greenfield airports are set to become operational this fiscal year, with minimal capital expenditure required going forward. Their strategic locations in or near tier-1 cities minimise off-take risk, enabling a smooth rampup of passenger and cargo volumes.

'ADANI SCAM CANNOT BE COVERED UP': CONGRESS

NEW DELHI: With the government sacking R P Gupta as the Chairman and Managing Director of Solar Energy Corporation of India, the Congress on Monday sought to link it to charges against billionaire Gautam Adani and his associates by US authorities and said the Adani "scam" cannot be covered up.

Congress general secretary in-charge of communications, Jairam Ramesh, said the public sector SECI was indicted on November 20, 2024, by US authorities in the chargesheet against Gautam Adani and his close associates. "It was based on SECI's recommendation that different states entered into purchase agreements with Adani. Bribes worth Rs 2,029 crores were then reportedly offered and promised to Indian government officials in exchange for

these agreements, which were then finalised," Ramesh said.

In an implicit admission of corruption, in December 2024, SECI changed the way it issues power tenders, he said. "Now the CMD of SECI, occupied by a post-retirement bureaucrat appointed by Modi government, has been sacked just a month before his tenure ends," the Congress leader said. PM

MUMBAI

Even after India and Pakistan reached an understanding to stop military hostilities, Indian government websites are facing a barrage of cyber attacks from the neighbouring country as well as from Bangladesh and the Middle Eastern region, Maharashtra Cyber officials have said.

Officials revealed on Monday that 1.5 crore cyber attacks were carried out after the April 22 Pahalgam terror attack, but only 150 proved successful. Addressing reporters, a senior official of Maharashtra Cyber debunked claims of hackers stealing data from Chhatrapati Shivaji Maharaj International Airport in Mumbai, hacking aviation and municipal systems, and targeting the Election Commission website.

Maharashtra Cyber is a nodal office under the Maharashtra government re-sponsible for cybercrime investigation and maintenance of security. "The probe discovered that cyber attacks on (government websites in) India decreased after India-Pakistan ceased hostilities, but not fully stopped. These attacks continue from Pakistan, Bangladesh, Indonesia, Morocco and Middle Eastern countries," the official said. He said Maharashtra Cyber has launched a campaign against misinformation. PTI

Vehicles with 500-kg capacity to run in two shifts daily, easing traffic, cutting reliance on manual hauling in congested wards

THE Brihanmumbai Municipal Corporation (BMC) has decided to deploy e-auto rickshaws for waste collection in the narrow lanes of Fort, Colaba and Dharavi. If everything goes according to plan, the collection will begin next month.

The BMC plans to hire six e-auto rickshaws for a period of six months. The A Ward, which includes Fort and Colaba, will receive three e-autos, while the G North Ward-covering Dharavi, Mahim, and Dadar East-will get the remaining three.

"These vehicles will be used to collect waste from narrow lanes. Currently, waste is only collected from the main roads. Until now, workers had to manually carry waste from the narrow lanes to the main road. Now that vehicles can access the lanes directly, workers will no longer need to do that," a civic official said.

The official added, "Each vehicle will have a capacity of 350 to 500 kg. They will operate in two shifts: from 6.30 am to 2.30 pm and from 2.30 pm to 8.30 pm. Around 40,000 to 50,000 residents of Dharavi and 10,000 to 20,000 residents of Colaba, Fort are expected to benefit from this initiative.

At present, the BMC uses mini tempos to collect waste from narrow lanes. These tempos

have a capacity of 1.5 tonnes. However, officials noted that not yet been finalised. "We will despite being smaller vehicles, they still struggle to navigate very narrow lanes.

"If we try to take a mini tempo into such lanes, it creates traffic congestion. Also, we are following the state government's policy of using electric vehicles wherever feasible," said the of-

The cost of the project has invite tenders for shift-based operations," the official stated.

The BMC has also decided to clean roads twice a day-once in the morning and once in the evening. It has proposed a new solid waste compactor to transport the waste more efficiently.

Although the BMC has adopted the electric vehicle policy, it will still use diesel-run compactors. "These compactors have a seven tonne capacity. Electric vehicles of this size are not currently available. So we don't have an option. But we are using electric vehicles wherever possible." the official added.

ormer IAS officer Rameshwar Prasad Gupta has been removed from his position as Chairman and Managing Director of the Solar Energy Corporation of India Ltd (SECI), with the Congress party on Monday attempting to link his removal to allegations in the United States that billionaire Gautam Adani and his associates paid bribes to secure solar energy contracts.

The Appointments Committee of the Cabinet (ACC) approved the termination of Gupta's services with immediate effect, according to an order issued by the Ministry of Personnelon Saturday. The removal of

his term was scheduled to end.

No official reason has been cited for curtailing Gupta's tenure. He previously served as Environment Secretary and was appointed CMD of SECI on 15 June 2023.

Responding to the government's decision, . Congress General Secretary (Communications) Jairam Rameshalleged that Gupta's removal is connected to the bribery charges filed by US authorities against Adani and his associates.

"SECI was mentioned in the chargesheet filed by US authorities on 20 November 2024 against Gautam Adani and his close associates. Based on SECI's recommendations, several Indian states entered Gupta, a 1987-batch IAS officer, into purchase agreements with

MUMBAI: India's equity market witnessed one of its most remarkable rallies on Monday, with the bench-mark indices - BSE Sensex and NSE Nifty - surging nearly 4% each amid improved investor sentiment. The rally was primarily fueled by easing geopolitical tensions between India and Pakistan as the nations announced a ceasefire to avoid further escalation. Further, the US and China coming to a trade deal provided a big boost as it eased global trade tensions.

BSE Sensex skyrocketed 2,975 points or 3,74% to settle at 82,430, and the Nifty50 surged as much as 917 points or 3,81% to close the session at 24,925. The broader market also participated in the rally, with the Nifty MidCap index and small-cap index gaining

over 4% each.

The rally made investors richer by more than Rs 16 lakh crore as the overall market capitalisation of all companies listed on the BSE grew to Rs 432.47 lakh crore today. The figure stood at Rs 416.40 lakh crore on Friday.

All the sectoral indices closed in the green with realty, power, IT, and energy up 46%. The biggest gainers in the Nifty pack included Infosys, Adani Enterprises, Shriram Finance, Trent and HCL Technologies. "Confluence of positive geopolitical and economic developments—the ceasefire between India and Pakistan, coupled with a breakthrough trade agreement between the US and China—sparked the strongest daily market rally in recent times," said Vinod Nair, Head of Research, Geojit Investments Limited.

The US and China on Monday announced a 90-day suspension of part of their tariffs. As per the Joint Statement shared by both countries, the US will be cutting tariffs on Chinese goods to 30% from 145% for a period of 90 days. China has also announced that it will be bringing down the tariffs on US goods to 10% for a 90-day period.

Nair added that while the momentum remains strong, the market may enter a phase of consolidation in the near term as investors await concrete signs of earnings growth.

Ajit Mishra – SVP, Research, Religare Broking said that technically, the sharp rise in the Nifty marks a continuation of the uptrend following a three-week consolidation phase. "Having crossed the previous swing high of around 24,857, the index is now poised to inch towards the 25,200 level, while the 24,400-24,600 zone is expected to offer strong support on any dip," added Mishra.

Adani Defence and

Aerospace Chief Ashish Rajvanshi said, "With deep pride and gratitude, we salute our Armed Forces for 'Operation Sindoor'. Your courage inspires a united nation. At Adani Defence, we remain steadfast in our purpose -- serving those who serve India. With respect. With resolve."

Ashish Rajvanshi is the Head of Adani Defence and Aerospace and spearheads the Group's mission of playing an instrumental role in helping transform India into a destination for world class high-tech defence manufacturing, aligned to 'Make in India' initiative.

India used drones and missiles in 'Operation Sindoor' to wipe out as many as nine terrorist camps in Pakistan's Punjab and Pakistan-Occupied Kashmir and killed more than 100 terrorists to avenge the massacre of 26 tourists in

Pahalgam. This was followed up by attacks on major airbases across the border in retaliation to Pakistan drone and missile attacks on Indian civilian areas and military installations which were thwarted by India's air defence systems. Union Science and Technology Minister Jitendra Singh said on Sunday that modern warfare is entirely technology-driven and India's supremacy stands proven over the last four days. Addressing the National Technology Day, the Minister said that under the visionary leadership of Prime Minister Narendra Modi, India has successfully developed and deployed home-grown technologies that have significantly enhanced national security and defence capabilities.

"India was never short of talent, but now we have leadership that fosters innovation," he said.

REFORM IN A TEACUP

Alina Alam's MITTI Café employs only people with disabilities, and it has been endorsed by no less than the president of India

BY SUSAMMA JOY KURIAN

hat do Roman emperor Nero, veteran journalist P. Sainath and social entrepreneur Alina Alam have in common? Little to nothing in reality, but they are connected in ways only stories can.

A BURNING QUESTION

In July 64 CE, Rome went up in flames. Nero is often accused of starting the fire and playing the fiddle as the city burned. Fiddlesticks! There is no evidence backing that claim, neither was the fiddle invented by then. An account of the burning of Rome can be found in historian Tacitus's Amals.

"He [Nero] did not start the fire but he was very, very scared, and therefore he had to distract the masses," Sainath tells a group of college students in the opening scene of *Nero's Guests* (2009), Deepa Bhatia's hard-hitting documentary on Sainath's relentless and extensive coverage of the farmer

suicides in Maharashtra. "Nero held the greatest party ever seen in the ancient world. In the beautiful prose of Tacitus, the emperor offered his gardens for the spectacle. Everybody who was anybody in Rome was at this party. They had a problem. The problem was one of lighting. In that huge garden, how did you create the illumination necessary for such a gigantic party? Nero solved that-he brought many criminals and prisoners and burnt them at stake For me, the issue was never Nero; the issue was Nero's guests. Who were Nero's guests? What sort of a mindset would it require for you to pop one more fig into your mouth as another human being burst into flames?"

That question came as a jolt to Alam. It was during the final semester of her master's in development studies at the Azim Premji University, Bengaluru, that she was shown this documentary. She was 22 then, waiting for placements to get a job and earn some money. But

MITTI CAFÉ

then Nero's Guests happened. "At that point, I realised that I was one of Nero's guests. That, if you feel something about anything and if you are not willing to take action, then you have taken a side. And unfortunately, that side is that of the oppressor," recalls Alam, now 32.

She decided to forgo the placements and instead started volunteering at organisations that work in the disability inclusion space. She chose disability because she was brought up by her grandmother who had spinal cord issues and therefore had

trouble walking. "All that I could see in her as a child were abilities," says Alam. "But when I went out into the world, I just couldn't connect with how a person's disability and disability alone could define the opportunities that they got, in livelihood, in life, in love, in friendships."

That is when Alam realised that the problem was not the billion plus people with disabilities across the world, including the 70 million in India, rather "the problem was a larger statistic, which is the disability in our perceptions that stops us from seeing the magic in their abilities". She wanted to change just that. "I needed a common denominator that could connect people to people, and what better than food to do so," says Alam. Thus was born the idea for MITTI Café.

MUD & MORALS

"Mitti means mud," explains Alam,
"and irrespective of our differences
in terms of religion, race, ideologies,
geography, gender, we all come from
mitti and to mitti we will eventually
return."

With MITTI Café, Alam had two goals: one, generate sustainable livelihood opportunities for the differently abled, and second, create awareness about inclusion with every meal or beverage they serve. But she had zero startup capital and little knowledge of starting a business, that too a social enterprise. Growing up in Kolkata, she says, they didn't have a lot of money in the family. "There were festivals when we didn't have glittering attires, but we were still very happy as a family," recalls Alam. "As children, we learned very early on that money cannot be the only factor to make you happy. There are things much more important than that. Despite having limited means, I have always seen my parents engaging in activities to help those who are

in a more difficult situation than us."
She remembers her father. Sarfaraz

Alam, who had a corporate job, being pro-labour and wanting to shut down a factory because it was about to replace workers with new equipment from abroad. Sarfaraz, visibly self-conscious at the praise from his daughter, recalls starting a night school for children from the basti near their home. So when little Alam had to choose between buying puchkas with the pocket money she had saved or giving it to the man, covered in flies, lying on the road while on her way home from school, she did not hesitate to do the latter. Not that the act made her any happy, confesses Alam. She was a child, after all. But when she told her parents about what she had done, "the reinforcement that I got then, I think, whatever I am doing now is a scaled version of that emotion that I seek", says the middle child (she has an elder sister and a younger brother).

With unwavering support from her family and a firm belief in her values and dream, Alam set out to start a café that would employ only people with disabilities, be it physical, intellectual or psychiatric. But

58 THE WEEK . MAY 18, 2025

first, there were rejections—lots of them—and learning.

"I did not even know what capex (capital expenditure) and opex (operating expense) were," says Alam, who finally got her initial mentoring at IIM Bangalore's incubation cell NSRCEL. The cell also helped her connect with the Deshpande Foundation in Hubbali, north Karnataka. that provided her with the space to set up her first café. Only that space was a dilapidated, rat-infested tin shed. That is when Alam experienced the compassion and courage that exists inherently in communities. She cleaned the shed with the help of the student community and, because funds were not easy to come by, went door-to-door asking for supplies and got them, from secondhand spoons and tables to oven and fridge. With that, MITTI Café opened its doors in 2016.

WORK-LOVE BALANCE

Among the first few to walk in to the café was Kirti Kale. Only she didn't walk in; she crawled in. Kale, a paraplegic, had no wheelchair then; her

family couldn't afford one. She went on to lead the team at the Hubbali café, and today the 29-year-old is manager at another café.

MITTI Café, which now has 56 outlets across the country thanks to funding from corporate social responsibility initiatives, has given not just employment to people like Kale (more than 600 of them), but also confidence in their abilities. Take, for instance, Sabiha Sheikh, 37, who has multiple sclerosis. Alam knew she couldn't work in the kitchen because she had no control over her hands or legs, but realised she had the gift of the gab-if you came in for a ₹10 chai, she would talk you into ordering a combo meal worth ₹50 (the menu at MITTI is simple: tea. coffee and everything around that). Sheikh is no longer with MITTI Café; she has outgrown it. "She started her own kirana (grocery) shop. She deployed a person with Down syndrome, and she is one of our mentors [at MITTI's experiential training module]. Our atta-chawal (wheat flour-rice) comes from her shop," says Alam, adding that they

have trained 10 times the number of people they have employed.

There are people who have found love at work, too. Like Bhairappa Biradur, who has dwarfism with motor and mild intellectual disabilities. Before he joined MITTI, he had no friends. His mother had died giving him birth, and nobody in his village would let their children play with him. He had been rejected at more than 80 jobs. "He was also told that because of his disability, nobody will ever love him," says Alam. But at MITTI, he found work, friends and love. He met Roopa, who works at the MITTI Café in Wipro. They are now married, and Biradur, 35, leads the team at the café at the Kempegowda International Airport, Bengaluru. MITTI Café has played Cupid to 30plus couples, says Alam.

A VIP GUEST LIST

The Bengaluru airport took MITTI Café to some very interesting places. How it landed there in the first place is quite providential. The pandemic-induced lockdown was in place. That meant shutters down for MITTI Café outlets, as most of them were in and around corporate offices. But MITTI continued to raise money to send it to the accounts of its team members. "But they didn't want money sitting at home; they wanted to come back and earn with dignity," says Alam. "So, we started Karuna Meals, where if somebody cannot go to MITTI Café, the café goes to them. More than 60 lakh meals were cooked, packed and distributed along with lakhs of ration kits by our team members with disabilities for people from economically vulnerable communities, thereby changing the paradigm that persons with disabilities cannot support themselves; they can support the nation in need." MITTI also started a gifting vertical to support its team members. And because hospitals were the only institutions up and running at full steam

MITTI CAFÉ

then, it opened cafes there as well. It was at one such café that Hari Marar, MD and CEO of the Bangalore International Airport Limited, stopped by while he was at the hospital for his Covid jab. And, MITTI Café found a spot at the airport in 2022, followed by the one at Mumbai airport in 2024.

In 2023, Alam got a call from Priya Hingorani, senior advocate at the Supreme Court, asking why MITTI Café didn't have an outlet at India's apex court. "She wrote to Justice D.Y. Chandrachud (then chief justice of India). And he, being him, and even his wife, Kalpana [Das] ma'am-she inaugurated our café at Hansraj college-and both of them have adopted two lovely daughters, Priyanka and Mahi, who have disabilities... whatever he did, he did from his heart." says Alam. "He inaugurated our café (in November), thereby enabling us to send across a message to the entire country about the importance of diversity, equity, inclusion."

A few days later, on Constitution Day, Justice Chandrachud brought President Droupadi Murmu to the café. And in June 2024, Rashtrapati Bhavan had its own MITTI Café. The inauguration happened to be on Murmu's birthday, and the MITTI team baked a cake for her. "We didn't expect her to cut the cake because of security reasons," recalls Alam. "She is so warm and loving-she not only cut the cake but also fed a piece to each of the team members." On December 3, MITTI Café was one of 11 institutions to be awarded the National Award for Empowerment of Persons with Disabilities.

KINDNESS ≠ EQUAL TREATMENT

The leadership of the country, be it the president or the former CJI, are inclusive and compassionate and do not shy away from showing it, says Alam. While that helps send a strong message across the country, Alam

says a lot more needs to be done. "All of us have a set of disabilities," she says. "Even now, when I look at Excel sheets, it feels like I am looking at ants crawling. I am not good at it; somebody else is. I am good at matters of the heart. Everybody has their strengths and weaknesses, and that is something one must acknowledge and that's the sensitisation one must enable at scale." And while policies are being made, Alam says they can bring results when the community is involved, and that can happen only if it is a bottom-up, participatory approach.

That is crucial because not every act of kindness translates to equal treatment; it is that thin line separating equality from equity. We start segregating people from a young age—we have special schools for children with disabilities—and many of us walk through life barely interacting with a person with disabilities. And, that shows.

So, Prof Rishikesha T. Krishnan, director of IIM Bangalore, which got its MITTI Café in late 2024, believes that an integrative approach, right from schooling, can be a game-changer. "Today, we have a lot of technological support, which makes it much easier for students with disabilities to integrate. For instance, in IIM, for students with visual disabilities, we provide them with course material in machine-readable form, and they can just put it on their computer and they will have it all in the audio format," he says. "The school system should also be equally adaptable, so

that we can have integration from an early stage. That will help us recognise each other's strengths and we will be able to work together in a more constructive way."

WOMAN, MOTHER, MINORITY

When Alam first started approaching people for MITTI Café's incubation, she was often asked what any woman with a dream is asked: what about after marriage and kids? In Alam's

case, she had to battle not just gender stereotypes but also the society's conventional outlook towards a woman from a minority community.

Alam didn't have an answer for them then, but she does now. She married Mohd Sadique Akhter, a market research entrepreneur, in 2022. They met on Muzmatch, a dating app for Muslims. "My parents were finding it difficult to find a match for me because most people would feel intimidated by what I was doing and the amount of travelling that I did for work," says Alam. "I am sure I scared quite a few of them. So I took it upon myself to find someone."

Akhter messaged her first on Muzmatch. He had seen a newspaper article on her and gushed to a colleague about the work she was doing. Three months of chatting with her, and he was in love. He wanted to marry her; his parents didn't even want to meet her. They were worried if she would have time for him and family. Nine months into dating Akhter, Alam decided to call it quits as both their parents were against their match. But Akhter persisted. They told their parents that they would get married on December 25, with or without their consent. Alam's parents gave in, Akhter's didn't. So Akhter "ran away" and got married to Alam. It took over a year for Akhter's parents to accept their marriage, and now Alam even travels with her

mother-in-law at times for work.

"My decisions have not been impacted after I got married, because I have a partner who is understanding," says Alam, who is now based in Mumbai. "I did become a mother, and there is a second one coming. Being a mother has made me so much stronger as an entrepreneur, and we have been able to scale so much more after Orhan was born." She was back at work a week after having Orhan, and takes him along everywhere she goes, with a family member or a nanny in tow. But she is not one to tell other women to follow suit-those were her choices and she is aware that not every woman has the agency that she has.

And, Alam says she knows how her choices are viewed through the lens of her community because of the misconceptions surrounding it. "A lot of people do not see a woman entrepreneur doing what she is doing, not just outside, but even people within-my close relatives are just not able to connect with what I do," she says. "But me having the faith that I do-I am a practising Muslim-it has taught me the fundamentals of peace, compassion and courage. Every religion would only teach you love, and would only glorify compassion and courage and standing up for what is right. And that's the strength that I draw from my faith as well."

कांग्रेस ने सोमवार को दावा किया कि उद्योगपति गौतम अदाणी और क्छ अन्य लोगों के खिलाफ अमेरिका में दर्ज मामले को लेकर अमेरिकी प्रतिभृति एवं विनिमय आयोग (एसईसी) द्वारा समन भेजने के लिए भारत सस्कार से बार-बार अनुरोध किया गया, लेकिन अब तक कोई जवाब नहीं दिया गया है। पार्टी महासचिव जयराम रमेश ने यह भी कहा कि उच्चतम स्तर पर किए जा रहे तमाम प्रयासों के बावजूद मोदानी महाघोटाले को दबाया नहीं जा सकता। अदाणी समृह ने अमेरिका में दर्ज मामले से संबंधित आरोपों और कांग्रेस द्वारा अतीत में लगाए गए दूसरे आरोपों को खारिज किया है। रमेश ने एक्स पर पोस्ट किया, 20 नवंबर, 2024 को सार्वजनिक क्षेत्र की कंपनी भारतीय सौर ऊर्जा निगम लिमिटेड (एसईसीआई) को अमेरिकी अधिकारियों ने गौतम अदाणी और उनके करीबी सहयोगियों के खिलाफ दायर आरोपपत्र में दोषी ठहराया। आरोप यह है कि एसईसीआई की

लहान विमानतळांवरील खर्च वाढणार

मोठ्या विमानतळांवरील खर्चात होणार घट

वृत्तसंस्था, मुंबई

येत्या तीन वर्षांत लहान विमानतळांवरील भांडवली खर्चामध्ये दरवर्षी ५० ते ६० टक्क्यांनी वाढ होण्याची शक्यता आहे, असे क्रिसिल रेटिंग्जने म्हटले आहे. याच कालावधीत मोठ्या विमानतळांवरील भांडवली

प्रवासीसंख्या दीडपटीने वाढणार

लहान विमानतळांवरील प्रवासीसंख्येत २०२२ ते २०२५मध्ये ४५ टक्के वाढ झाली असून २०२८पर्यंत सध्याच्या तुलनेत दीडपट प्रवासी वाढतील, असा क्रिसिलचा अंदाज आहे.

खर्चात मात्र घट होईल, असे या मानांकन कंपनीने नमूद केले आहे.

या सर्वेक्षणासाठी वार्षिक दोन कोटींपेक्षा कमी प्रवासी हाताळणाऱ्या लहान विमानतळांचा विचार करण्यात आला. अहमदाबाद, गुवाहटी, जयपूर, त्रिवेंद्रम, मंगळुरू, लखनऊ आणि गोवा विमानतळांचा यात समावेश आहे. या विमानतळांमध्ये पायाभूत सुविधा व अन्य आवश्यक बाबींवर खर्च करण्यास वाव असल्याने येत्या तीन वर्षांत दरवर्षी त्यांच्यावर ५० ते ६० टक्क्यांची भांडवली खर्चवाढ होईल.

दोन कोटींहून वार्षिक प्रवासी हाताळणाऱ्या विमानतळात दिल्ली, मुंबई, बंगळुरू आणि हैदराबाद विमानतळांचा त्यात समावेश आहे.

दमदार लिवाली की बदौलत शेयर बाजार में तेजी

मुंबई, 12 मई (वार्ता) भारत-पाकिस्तान के युद्धविराम समझौते से दोनों देशों के बीच तनाव कम होने से उत्साहित निवेशकों की स्थानीय स्तर पर हुई चौतरफा

 सेंसेक्स 3.74 प्रतिशत की तेजी के साथ 82,429.90 अंक पर

■ निफ्टी 3.82 प्रतिशत की छलांग लगाकर 24924.70 अंक पर बंद दमदार लिवाली की बदौलत आज शेयर बाजार पांच महीने के उच्चतम स्तर पर पहुंच गया।

बीएसई का तीस शेयरों वाला संवेदी सूचकांक सेंसेक्स जुन 2024

के बाद की सबसे बड़ी 2975.43 अंक अर्थात 3.74 प्रतिशत की तेजी के साथ पांच महीने के उच्चतम स्तर 82 हजार अंक के मनोवैज्ञानिक स्तर के पार 82,429.90 अंक पर पहुंच गया। इससे पहले 13 दिसंबर 2024 को यह 82,133.12 अंक पर रहा था। साथ ही नेशनल स्टॉक एक्सचेंज (एनएसई) का निफ्टी 916.70 अंक यानी 3.82 प्रतिशत की छलांग लगाकर 24924.70 अंक हो गया।

बीएसई की दिग्गज कंपनियों की तरह मझौली और छोटी कंपनियों में भी जमकर लिवाली हुई। इससे मिडकैप 3.85 प्रतिशत की मजबूती के साथ 43,731.60 अंक और स्मॉलकैप 4.18 प्रतिशत उछलकर 48,693.75 अंक पर बंद हुआ। इस दौरान बीएसई में कुल 4254 कंपनियों के शेयरों में कारोबार हुआ, जिनमें से 3545 में लिवाली जबिक 576 में बिकवाली हुई वहीं 133 में कोई बदलाव नहीं हुआ। इसी तरह एनएसई में कारोबार के लिए रखी

गई कुल 3010 कंपनियों के शेयरों में से 2612 में तेजी जबकि 329 में गिरावट रही वहीं 67 में टिकाव रहा।

विश्लेषकों के अनुसार, हाल के दिनों में विदेशी पोर्टफोलियो निवेश (एफपीआई) में विदेशी संस्थागत निवेशकों (एफआईआई) की निरंतर खरीददारी प्रमुख पहचान बनकर उभरी है। 08 मई को समाप्त हुए 16 कारोबारी सत्रों में एफआईआई ने एक्सचेंजों के माध्यम से कुल 48,533 करोड़ रुपये की इक्विटी खरीदी। हालांकि, 09 मई को भारत-पाक तनाव के चलते 3,798 करोड़ रुपये की बिक्री दर्ज की गई। लेकिन, अब जबिंक

युद्धविराम की घोषणा हो चुकी है तो बाजार विशेषज्ञों का मानना है कि एफआईआई द्वारा भारत में इक्विटी निवेश की गति एक बार फिर तेज हो सकती हैं।

विश्लेषकों का कहना है कि वैश्विक स्तर पर डॉलर में गिरावट और अमेरिका तथा चीन की अर्थव्यवस्थाओं में मंदी जैसे कारकों के साथ-साथ घरेलू स्तर पर उच्च सकल घरेलू उत्पाद (जीडीपी) वृद्धि, घटती महंगाई और ब्याज दरें भारतीय इक्तिटी बाजार में एफआईआई प्रवाह को बढ़ावा देने में सहायक सिद्ध हो सकते हैं। इसके विपरीत ऋण प्रवाह में कमी देखी जा रही है और निकट भविष्य में इसके कम रहने की संभावना जताई जा रही है।

शुरुआती कारोबार में सेंसेक्स 1349 अंक की दमदार तेजी के साथ 80,803.80 अंक पर खुला लेकिन बिकवाली होने से थोड़ी देर बाद ही 80,651.07 अंक के निचले स्तर पर आ गया। वहीं, इसके बाद जारी लिवाली की बदौलत यह लगातार चढ़ता हुआ कारोबार के अंतिम चरण में 82,495.97 अंक के उच्चतम स्तर पर पहुंच गया। इस दौरान सेंसेक्स में सन फार्मा और इंडसइंड बैंक की 3.57 प्रतिशत तक की गिरावट को छोडकर अन्य 28 कंपनियों में तेजी रही। इंफोसिस 7.91, एचसीएल टेक 6.35, टाटा स्टील 6.16, इटरनल 5.68, टेक महिंद्रा 5.36, टीसीएस 5.17, एक्सिस बैंक 4.40, आईसीआईसीआई बैंक 4.39, बजाज फाइनेंस 4.36, एनटीपीसी 4.35, रिलायंस 4.27, अडानी पोर्ट्स 4.27, एलटी 4.09, महिंद्रा एंड महिंद्रा 4.08 और बजाज फिनसर्व ने 4.08 प्रतिशत एचडीएफसी बैंक 3.62, अल्ट्रासिम्को 3.29, पावरग्रिड 3.17, मारुति 2.96 प्रतिशत मुनाफा कमाया।

'आप' नेते संजय सिंह यांची टीका

मित्र अदाणींमुळेच केंद्र सरकारने केली युद्धबंदी।

▶ दिल्ली, नवराष्ट्र व्युरो. पाकिस्तान आणि भारत यांच्यात युद्धबंदीची घोषणा झाल्यानंतर सरकार विरोधकांचे लक्ष्य बनले आहे. सरकारने कोणत्या दबावाखाली हा निर्णय घेतला आहे. असा प्रश्न विरोधी पक्ष वारंवार सरकारला विचारत आहे. अशा परिस्थितीत आम आदमी पक्षाचे राज्यसभा खासदार संजय सिंह यांनी सरकारला

अदाणींसाठी करण्यात आली आहे का?

यापूर्वी संजय सिंह यांनी पत्रपरिषदेत सरकारवर हल्लाबोल केला होता. ते म्हणाले की, पाकिस्तानकडून निधी मिळालेले दहशतवादी पहलगाममध्ये आले. त्यांनी २५ भारतीय आणि एका नेपाळी नागरिकाची हत्या केली आणि परतले. यानंतर, ऑपरेशन सिंदूर अंतर्गत, पाकिस्तानमधील ९ दहशतवादी तळांवर हल्ला करून १०० हून अधिक दहशतवादी मारले गेले. भारतीय सैन्याच्या शौर्याला आमही सलाम करतो. पण देशातील लोकांच्या मनात काही प्रश्न आहेत ज्यांची उत्तरे पंतप्रधान मोदींनी द्यायला हवीत.

पीओके परत घेता आले असते

भारतीय सैन्य पाकिस्तानमध्ये पुसून त्यांच्याच घरात पुसून त्यांच्यावर हल्ला करत होते. आपले सैनिक आपल्या प्राणांची आहुती देऊन पाकिस्तानच्या हल्ल्यांना योग्य उत्तर देत होते. आपण पाकव्याप्त काश्मीर परत घेऊ शकलो असतो. यामुळे बलुविस्तान पाकिस्तानपासून वेगळे होऊ शकले असते. अशा वेळी, ट्रम्प अमेरिकन भूमीवरून युद्धवेदीची घोषणा करत होते. ही भारताच्या स्वाभिमानाची आणि सामेम्प्रीमानवाची थड़ा नाही का? भारत आणि पाकिस्तानमध्ये कोणताही तिसरा देश मध्यस्थी करणार नाही अशी ७८ वर्षापासूनची वारणा आहे. मग अमेरिका मध्यस्थी करण्यासाठी कसा आला? शेवटी पंतप्रधानांना पुढे येऊन हे देशाला सांगावे लग्नेल, ट्रम्प आणि अमेरिकेकडून कोणात्या प्रकारच्या दवावामुळे युद्धवंदीचा निर्णय घेण्यात आला.

विराट के सन्यास पर पत्नी की भावुक पोस्ट

आपके आंसुओं और संघर्ष को रखुंगी याद : अनुष्का

विराट कोहली की पत्नी अनुष्का शर्मा ने इंस्टाग्राम पर एक भावुक 'पोस्ट' में कहा, 'वे रिकॉर्ड और उपलिख्यों के बारे में बात करेंगे- लेकिन मैं उन आंयुओं को याद रखूंगी जो आपने कभी नहीं दिखाए। मैं वो संघर्ष याद रखूंगी जिन्हें किसी ने नहीं देखा, खेल के इस पारूप को आपने अटूट प्यार दिया। मुझे पता है कि इन सबने आपसे कितना कुछ छीन लिया। हर टेस्ट शृंखला के बाद आप थोड़े समझदार, थोड़े विनम्र होकर लौटे और आपको इन सब से मुजरते हुए देखना सौमान्य की बात है।' उन्होंने कोहली के साथ अपनी एक तस्वीर भी साझा की और लिखा, 'मैंने हमेशा कल्पना की थी कि आप सफेंद्र कपड़ों में अंतर्राष्ट्रीय क्रिकेट से संन्यास लेंगे, लेकिन आपने हमेशा अपने दिल की बात सुनी है। इसलिए मैं बस, इतना कहना चाहती हूं कि आपने इस अलविदा के हर पल को कमाया है।'

गैरव्यवहारावर पडदा टाकता येणार नाही

अदाणीप्रकरणी काँग्रेस नेते जयराम रमेश यांची प्रतिक्रिया

सकाळ न्यूज नेटवर्क

नवी दिल्ली, ता. १२: सोलार एनर्जी कॉर्पेरेशनच्या (एसईसीआय) अध्यक्षपदावरून आर. पी. गुप्ता यांची केंद्र सरकारने हकालपट्टी केल्यानंतर राजकीय क्षेत्रात त्याचे पडसाद उमटत आहेत. गुप्ता यांना बरखास्त करण्यात आले असले तरी अदाणी गैरव्यवहारावर पडदा टाकला जाक शकत नाही, अशी प्रतिक्रिया कप्रिस राष्ट्रीय सरचिटणीय जयराम रमेश यांनी दिली आहे.

गुप्ता यांची २०२३ मध्ये एसईसीआयच्या अध्यक्षपदी नेमणूक करण्यात आली होती. विशेष म्हणजे सरकारने काही दिवसांपूर्वी आंतरराष्ट्रीय नाणेनिधीमधील वरिष्ठ पदाधिकारी के. व्ही. सुब्रम्हण्यम यांना वरखास्त केले होते. अमेरिकन प्रशासनाने नोव्हेंबर २०२४

मध्ये एसईसीआयवर गंभीर आरोप केले होते आणि हे प्रकरण उद्योगपती गौतम अदाणी तसेच त्यांच्या सहकाऱ्यांशी ओडले गेले होते. एसईसीआयच्या शिफारशीनुसार अनेक राज्यांनी अदानी समुहासोबत खरेदी करार केला होता. हे करार पार पाडण्यासाठी सरकारी अधिकाऱ्यांना २ हजार २९ कोटी रुपयांची लाच देक केल्याचा आरोप याआधी झालेला आहे. या आरोपानंतर डिसेंबर २०२४ पासून एसईसीआयने उर्जाविषयक टेंडर जारी करण्याच्या पध्दतीत बदल केला होता, असे जयराम स्मेश यांनी सोशल मीडियाच्या माध्यमातून सांगितले.

अमेरिकन सिक्युरिटीज अँड एक्सचेंज किमशाने (युएस एसईसी) अदाणी आणि इतर आरोपींना समन्स बजावण्याबावत भारत सरकारकंडे वरचेवर विनंती केली आहे. मात्र केंद्र सरकारने युएस एसईसीला अधाप कोणतेही उत्तर दिलेले नाही. अमेरिकेने वरिष्ठ स्तरावर या प्रकरणाचा पाठपुरावा केला आहे. तरीही केंद्राने त्यांना दाद दिलेली नाही. मोदी हे गैरल्यवहारावर पडदा टाकू शकत नाही, असेही रमेश यांनी नमुद केले.

युद्धविरामाला सेन्सेक्सची सलामी

२,९७५ अंशांची झेप: चार वर्षांतील सर्वांत मोठी वाढ

मुंबई, ता. १२: भारत-पाकिस्तान यांच्यातील युद्धविरामाच्या घोषणेनंतर शेअर बाजार निर्देशांकांनी सोमवारी आठवड्याच्या पहिल्या दिवशी जोरदार सलामी दिली. दिवसभरात मुंबई शेअर बाजाराच्या सेन्सेक्सने पावणेचार टक्क्यांपेक्षा जास्त वाढ नोंदवून गुंतवणूकदारांना मालामाल केले. सेन्सेक्स २.९७५.४३

अंशांच्या वाढीसह ८२,४२९.९०वर बंद झाला, तर राष्ट्रीय शेअर बाजाराच्या निफ्टी ९१६.७० अंशाची वाढ नोंदवून २४,९२४.७० वर विसावला,

गेल्या चार वर्षांतील एका दिवसातील ही सर्वात मोठी वाढ आहे. यापूर्वी १ फेब्रुवारी २०२१ रोजी सेन्सेक्स ४.७ टक्क्यांनी वाढला होता. परदेशी वित्तसंस्थांची सुरू असलेली खरेदी आणि निकाली हंगामातील कंपन्यांची चांगली कामगिरी यामुळेही तेजीला बळ मिळाले, असे सांगितले जात आहे.

आठवडाभर भारत-पाकिस्तान यांच्यातील तणावामुळे गुंतवणूकदारांचा नकारात्मक कल होता; मात्र आठवडाअखेर युद्धविरामाची घोषणा झाल्यामुळे गुंतवणूकदारांचा उत्साह वाढला आहे. त्यातच अमेरिका आणि चीन यांच्यात द्विपक्षीय व्यापार करार निश्चित झाल्यामुळेही तेजीला बळ मिळाले. यामुळे निर्यातसंघी उपलब्ध होण्याच्या शक्यतेमुळे आयटी क्षेत्राने जोरदार उसळी घेतली. भारत पाकिस्तान तणाव संपल्याने इंडिगोसारख्या विमान कंपन्या आणि इंडियन हॉटेल सारख्या हॉटेल कंपन्यांचे शेअरही दहा टक्क्यांपर्यंत वाढले. युद्ध संपले असले तरी संरक्षण क्षेत्राशी पान ७ वर >

युद्धविरामाला सेन्सेक्सची सलामी

पान १ वरून संबंधित कंपन्यांचे शेअर वधारले.

सेन्सेक्समधील सर्वच क्षेत्रीय निर्देशांक तेजीत होते. अमेरिकेतील औषधांच्या किमती ८० टक्के कमी करू, या डोनाल्ड टम्प यांच्या विधानानंतर निफ्टी फार्मा हा निर्देशांक सुरुवातीला दोन टक्क्यांनी घसरला होता. मात्र, त्यानंतर आलेल्या खरेदीच्या लाटेत त्यानेही या घसरणीतन सावरून हिरवा झेंडा फडकावला. अमेरिकेतील टॅरिफ वादामळे काही आठवडे तोट्यात असलेला निफ्टी आयटीने सर्वाधिक सात टक्के वाढ नोंदवली. अस्थिर असलेला निफ्टी रिअल्टी निर्देशांकानेही सहा टक्क्यांची दमदार वाढ नोंदवली, निफ्टी मिडकॅप आणि

स्मॉल कॅप निर्देशांकदेखील चार टक्के वधारले.

सेन्सेक्समध्ये इन्फोसिस सुमारे आठ टक्के वाढला. टाटा स्टील आणि एचसीएल टेक सहा टक्क्यांपेक्षा जास्त वाढते. एटर्नल साडेपाच टक्के, टेक महिंद्र सव्वापाच टक्के आणि टीसीएस टक्के वाढला. पोर्ट, ॲक्सिस बँक, बजाज फिन्सर्व्ह, बजाज फायनान्स, आवसीआयसीआय बँक, लार्सन अँड ट्रब्रो, महिंद्र आणि महिंद्र, एनटीपीसी, रिलायन्स इंडस्टीज यांचे भावही चार टक्क्यांपेक्षा जास्त वाढले. केवळ सन फार्मा सञ्वातीन टक्के घसरला तर इंडसइंड बँक साडेतीन टक्के घसरला.

भारत-पाकिस्तान युद्ध संपल्यामुळे आणि अमेरिका चीन व्यापार युद्ध संपल्यामुळे आयात- निर्यातीच्या अनेक संधी खुल्या झाल्याने व्यवसाय वाढतील या अपेक्षेत आज परदेशी वित्त संस्थांप्रमाणेच छोट्या गुंतवणूकदारांनीही खरेदी केली. कंपन्यांचे निकाल स्पष्ट होईपर्यंत गुंतवणूकदार सावध राहिल्याने निर्देशांक याच पातळीवर स्थिरावतील.

ભારત અને પાકિસ્તાન વચ્ચે ૭થી ૧૦ આવેલાં વિમાનોની અવરજવરને મૅનેજ એટલે એરપોર્ટનું કામકાજ સરળતાથી મે દરમ્યાન એસ્સ્પેસનું ટેન્શન વધવાને કરવા માટે ATCમાં વધુ રડાર કન્ટ્રોલરને ચાલી શક્યું હતું. લીધે અસંખ્ય કલાઇટ ડાઇવર્ટ કરવામાં આવી હતી. આમાંની મોટા ભાગની ફ્લાઇટ મુંબઈના છત્રપતિ શિવાજી મહારાજ ઇन्टरनेशनव ॲरपोर्ट (CSMIA) तरक વાળવામાં આવતાં મુંબઈ એર ટ્રાફિક કન્ટ્રોલ (ATC) પર દરરોજની નિયમિત 330 કલાઇટ ઉપરાંત વધુ ૧૨૦- કહ્યાઇટનું સંચાલન કરવાની જવાબદારી આવી પડી હતી. આ જવાબદારી ATCએ ક્શળતાપૂર્વક નિભાવી હોવાથી એવિષેશન વિભાગે એની પીઠ થાબડી છે. કટોક્ટીના સમયમાં મુંબઈના એરપોર્ટ પર દરરોજ ૪૫૦ કલાઈટે ટેક-ઓફ અને લેન્ડિંગ કર્યું હતું.

પાકિસ્તાને એની એરસ્પેસ બંધ કરી દીધા બાદ ગુજરાત અને મહારાષ્ટ્રના આકાશમાં વિમાનોનો ટ્રાફિક જેમ થયો હતો. જોકે મુંબઈ ATCએ વધારાની ૧૨૦ ક્લાઇટનું યોગ્ય રીતે સંચાલન કરવાથી મુશ્કેલી ટળી હોવાનું જાણવા મળ્યું હતું. મુંબઈ તરફ ડાઇવર્ટ કરવામાં કામે લગાવવામાં આવ્યાં હતાં.

રાજ્ય કશાના સિવિલ એવિયેશન મુંબઈ ATCએ દરરોજ ૪૦૦થી ૪૫૦ ક્લાઇટનું સંચાલન કર્યું હતું. ખુબ સરસ રીતે આ કામ પાર પાડવામાં આવ્યું હતું

વીરરસના જયથોષ સાથે શરૂ થયેલું વોર નામનું નાનકડું છમકલું સરવાળે શરમજનક પ્રહસન સ્વરૂપે પૂરું થયું છે. હવે ચાપલુસ મીડિયા નવા નાકે સીઝકાયરના ગુલગાન શરૂ કરશે. આ સમગ્ર ઘટનાક્રમમાં એક વાત ચોક્કસ પુરવાર થઈ ગઈ છે કે ભારતીય મીડિયા આની નોંધ લેશે. મીડિયાએ ઇસ્લામાબાદ, કરાચી, રાવલપિંડી સહિત અડધાથી વધુ પાકિસ્તાનનો ખાતમો બોલાવી દીધો હતો. ભારતનો કબજો બતાવી દીધો હતો ત્યાં हास विश्रपोत्सवना नामनो श्रान यासी રહ્યો છે, આ બધું જોઈને હૈયું ચિરાઈ રહ્યું છે. POK કબજે કરવાનાં સપનાં દેખાડી લોકોને સીઝફાયરની ક્યારેય ન ખપે એવી ભેટ આપનારાંની ઇતિહાસ બેશક નોંધ લેશે. પહલગામના આતંકવાદીઓ આજેય સહીસલામત છે, જીવતા છે, તેમને સજા વધાવતાં શેરબજાર સોમવારે જબર્ડ હરખાયું

સીઝફાયરના ક્ષોભ વચ્ચે બજાર સવાચાર વર્ષની મોટી તેજામાં

સેન્સેક્સ ઇન્ટ્રા-ડેમાં ૩૦૪૨ પોઇન્ટના ઉછાળા બાદ ૨૯७૫ પોઇન્ટની છલાંગ લગાવી ૮૨,૪૩૦ બંધ, ૨૦૨૧ની પહેલી કેબ્રુઆરી પછીનો મોટો જમ્પ : બન્ને બજારનાં તમામ સેક્ટોરલ પ્લસ. માર્કેટકૅપમાં ૧૬.૦૬ લાખ કરોડનો ઉમેરો : ઓટો, આઇટી, ટેલિકૉમ, પાવર, ચુટિલિટીઝ, એનર્જી, ઓઇલ-ગૅસ, મેટલ, રિયલ્ટી, કન્ઝયુમર ડ્યુરેબલ્સ, નિફ્ટી મીડિયા જેવા ઇન્ડેક્સના બધા જ શૅર વધીને બંધ: માર્કેટ બ્રેડ્થ સ્ટ્રૉન્ગ, બજારમાં એક શૅર ઘટ્યો સામે સાત વધ્યાનો ઘાટ : પાકિસ્તાની શૅરબજારે સાડાનવ ટકા કે ૧૦.૧૧૯ પોઇન્ટના ઉછાળે સીઝકાયરનો જશન મનાવ્યો

અને તેના માલિકો માટે ડિક્શનરીમાં અકસોસ છે. દરમ્યાન કેટલાંક મીડિયામાં નહીં (એક અગ્રણી ગુજરાતી અખબારે તો આની લીડ સ્ટોરી બનાવી છે.) જો આ વાત ખરેખર સાચી હોય, POK પાછું લેવાનો સરકારનો અડગ નિર્ધાર હોય તો પછી ચાઇના સાથે વૉર અવશ્ય થશે કેમ કે POK હવે પાકિસ્તાન ઑક્યુપાઇડ કાશ્મીર નથી રહ્યું એ COK અર્થાત ચાઇના ઓક્યુપાઇડ કાશ્મીર બની ગયું છે. ચીનના બહુ મોટા હિત POK સાથે સંકળાયેલાં છે.

जयराम ने सरकार को घेरा, ब्रह्मोस पर भी सवाल

 दिल्ली, नवभारत ब्युरो. विपक्ष अब सरकार को हर मद्दे पर घेर रही है, कांग्रेस पार्टी अब अदाणी सोलर एनर्जी कॉरपोरेशन ऑफ इंडिया और अमेरिकी सिक्योरिटीज एंड एक्सचेंज कमीशन के साथ ब्रह्मोस मिसाइल के मुद्दे पर सरकार के ऊपर हमलावर है. कांग्रेस के महासचिव जयराम रमेश ने दोनों मुद्दों को लेकर सरकार पर हमला बोला है. अदाणी को लेकर जयराम रमेश ने सवाल पुछा है सरकार अदाणी से जुड़े भ्रष्टाचार के मामले में क्या कर रही है. इसके साथ ही अमेरिकी सिक्योरिटीज एंड एक्सचेंज कमीशन के सरकार से किए गए अनुरोध पर क्या किया है. इसके साथ ही जयराम ने ब्रह्मोस को लेकर मौजूदा सरकार पर हमला बोलते हुए कहा है सरकार इस पर गलत गुमराह कर रही है. कांग्रेस महासचिव जयराम रमेश ने सोशल मीडिया प्लेटफार्म एक्स पर टिप्पणी करते हुए कहा 20 नवंबर 2024 को सार्वजनिक क्षेत्र की कंपनी सोलर एनजीं कॉरपोरेशन ऑफ इंडिया को अमेरिकी अधिकारियों ने गौतम अदाणी और उनके करीबी सहयोगियों के खिलाफ दायर आरोपपत्र में दोषी ठहराया. आरोप यह है सोलर एनर्जी कॉरपोरेशन ऑफ इंडिया की सिफारिश के आधार पर विभिन्न राज्य सरकारों ने अदाणी समृह के साथ बिजली खरीद समझौते किए. इन समझौतों के बदले भारतीय सरकारी अधिकारियों को 2029 करोड़ रुपये की रिश्वत देने और उसका वादा किए जाने की बात सामने आई है. जिसके बाद दिसंबर 2024 में सोलर एनर्जी कॉरपोरेशन ऑफ इंडिया ने

क्या अदाणी के कारण सीजफायर :

पाकिस्तान और भारत के बीच सीजफायर । की घोषणा के बाद विपक्ष के निशाने पर सरकार आ गई है. विपक्ष की ओर से बार बार सरकार से सवाल पुछा जा रहा है आखिर किस दबाव में आकर सरकार ने यह फैसला लिया है, ऐसे में आम आदमी पार्टी से राज्यसभा सांसद संजय सिंह ने सरकार से कई सवाल पूछते हुए कहा, 'देश सवाल पुछ रहा है मोदी जी क्या दोस्त के लिए आपने देश के स्वाभिमान से समझौता किया है.' संजय सिंह ने सोशल मीडिया प्लेटफार्म एक्स पर टिप्पणी करते हुए कहा 5 मई को अदाणी की टीम ने अदाणी के खिलाफ घसखोरी का मामला खत्म करने के लिए दंप प्रशासन से बातचीत शरू की उसके बाद 10 मई को मोदी से बात करके टम्प ने

अपने टेंडर प्रक्रिया के तौर-तरीकों में बदलाव किया. यह बात भ्रष्टाचार की एक अप्रत्यक्ष स्वीकारोक्ति मानी जा रही है. उधर सोलर एनर्जी कॉरपोरेशन ऑफ इंडिया के सीएमडी को कार्यकाल खत्म होने के पहले पद से हटा दिया गया है. इधर अमेरिकी सिक्योरिटीज एंड एक्सचेंज कमीशन की ओर से गौतम अदाणी और अन्य आरोपियों को समन भेजने के लिए भारत सरकार से बार-बार अनुरोध किया जा रहा है लेकिन अब तक कोई जवाब नहीं मिला है. उच्चतम स्तर पर किए जा रहे तमाम प्रयासों के बावजूद मोदानी

कांग्रेस लगातार इस मुद्दे को सरकार के सामने उठा रही है. इसके साथ ही जयराम रमेश ने ब्रह्मोस को लेकर सरकार पर हमला बोला है और कहा सरकार स्वयं वाहवाही लूटने में लगी है, जबकि यह शासन की निरंतरता का प्रमाण है. इसको लेकर जयराम ने एक्स सोशल मीडिया प्लेटफार्म पर टिप्पणी करते हुए कहा ब्रह्मोस इन दिनों काफी चर्चा में हैं. इसका नाम भारत की ब्रह्मपुत्र नदी और रूस की मोस्कवा नदी के नामों को मिलाकर रखा गया है.

কোহলিকে আবেগঘন বাৰ্তা দিলেন অনুষ্কা

মুম্বই। ১২ মে

বরাট কোহলি অবসর
নিয়েছেন টেস্ট ক্রিকেট
থেকে। ১৪ বছর ভারতের
হয়ে সাদা জার্সিতে খেলে
থামার সিদ্ধান্ত নিয়েছেন তিনি।
খেলোয়াড়জীবনে বরাবর স্ত্রী
অনুষ্কা শর্মাকে নিজের সেরা
সমর্থক বলেছেন কোহলি।
এ-ও জানিয়েছেন, কঠিন
সময়ে কীভাবে অনুষ্কা তাঁর
পাশে থেকেছেন। কোহলির
অবসরের পর মুখ খুলেছেন
অনুষ্কা। কোহলিকে আবেগঘন
বাতা দিয়েছেন তিনি।

সমাজমাধ্যমে একটি ছবি দিয়েছেন অনুষ্কা। সেখানে দেখা যাচ্ছে, ক্রিকেট মাঠে হাসিমূখে তাঁরা দু`জন। কোহলি টেস্ট জার্সি পরে রয়েছেন। অনুষ্কা লেখেন, 'ওরা রেকর্ড ও মাইলফলক নিয়ে কথা বলবে। কিন্তু আমি মনে রাখব সেই চোখের জল, যা তুমি কারও সামনে ফেলোনি। সেই সব লড়াই, যা কেউ দেখেনি। মনে রাখব এই ফরম্যাটকে কতটা ভালোবাসা তুমি দিয়েছ। আমি জানি তার জন্য তোমাকে কতটা ত্যাগ করতে হয়েছে। প্রতিটা টেস্ট সিরিজের পরে তুমি ফিরে এসেছ আরও পরিণত, আরও নম্র হয়ে। এই সময়ে তোমার পরিবর্তনের সাক্ষী থেকেছি।

অনুষ্কা ভেবেছিলেন, সবশেষে টেস্ট ক্রিকেট থেকে অবসর নেবেন কোহলি। কিন্তু তিনি আগেই তা করে ফেললেন। এখনও এক দিনের ক্রিকেট খেলবেন

কোহলি। অনুষ্কা লেখেন,
'কেন জানি না, আমার মনে
হত, টেস্টেই আন্তজাতিক
ক্রিকেট থেকে অবসর নেবে
তুমি। কিন্তু তুমি সব সময়
নিজের মনের কথা শুনেছ।
আমি শুধু এটুকুই বলতে
চাই, এই বিদায়ের প্রতিটা
মুহর্ত তুমি অর্জন করেছ।'

কোইলির সঙ্গে বিয়ের পর মাঝেমাঝেই মাঠে দেখা গিয়েছে অনুষ্ণাকে। ২০২৩ সালে দেশের মাটিতে এক দিনের বিশ্বকাপের ফাইনালে স্বপ্নভঙ্গের পর সকলের আগে অনুষ্কাকে জড়িয়ে ধরে কেঁদেছিলেন কোহলি। আবার কোহলির চ্যাম্পিয়ন্স টুফি জয়ের সাক্ষী থেকেছেন তিনি। জীবনের প্রতি পদে একে অপরের সঙ্গে হেঁটেছেন তাঁরা। টেস্ট কেরিয়ারের শেষ মহর্তেও কোহলির পাশেই থাকলেন অনুষ্কা। এদিকে, টেস্ট ক্রিকেট থেকে অবসর ঘোষণার ঠিক

আগে মুম্বই বিমানবন্দরে

স্ত্রী অনুদ্ধাও। তাঁরা কোথায়
যাচ্ছেন, জানা যায়নি তখন।
তৈরি হয় জল্পনা। কয়েক
ঘণ্টা পর তাঁদের দেখা মিলল
দেশের অন্য এক শহরে।

গত শুক্রবার আইপিএল এক সপ্তাহের জন্য স্থগিত হয়ে যাওয়ার পর রয়্যাল চ্যালেঞ্জার্স বেঙ্গালুরুর ক্রিকেটারদের সঙ্গে লখনউ থেকে বেঙ্গালুরু ফিরেছিলেন কোহলি। প্ৰতিযোগিতা স্থগিত হওয়ায় পরে মুম্বইয়ের বাড়িতে চলে যান। সোমবার সকালে তাঁকে আবার দেখা যায় মুম্বই বিমানন্দরে। হাসি মুখে স্ত্রী অনুষ্কাকে নিয়ে বিমান ধরতে আসেন। তখন বোঝা যায়নি তাঁদের গন্তব্য। এর কয়েক ঘণ্টা পর বিরুদ্ধার দেখা মিলেছে দিল্লিতে মুম্বইয়ের বাড়ি থেকে কোইলির দিল্লির বাড়িতে গিয়েছেন বিরুষ্কা। দিল্লিতে তাঁদের দেখা পাওয়ার পর অবসান হয় কয়েক ঘণ্টার জল্পনার।

সোমবার সকালে মুস্বই
বিমানবন্দরে বিরুদ্ধাকে দেখতে
পাওয়ার কয়েক মিনিটের
মধ্যেই সমাজমাধ্যমে ভেসে
ওঠে টেস্ট ক্রিকেট থেকে
কোহলির অবসরের ঘোষণা।
ফলে জল্পনা তৈরি হতে
দেরি হয়নি। দিল্লিতে তাঁদের
দেখতে পাওয়ার পর কমেছে
কোহলি ভক্তদের উৎকণ্ঠা।
সকালের মতো বিরুদ্ধার
দুপুরের ভিডিয়োও ভাইরাল
হয়েছে সমাজমাধ্যমে।

આગના ફોટા અને વીડિયો સાથે ઘણા પાકિસ્તાની સોશિયલ મીડિયા હેન્ડલ્સમાં દાવો કરવામાં આવ્યો છે કે ગુજરાતમાં અદાણીના

ભારતના ઓપરેશન સિંદૂર કરવામાં આવ્યો છે. કેટલાક પછી પાકિસ્તાનમાં ભારે અરાજકતા પાકિસ્તાની મીડિયા અને ટ્વિટર છે. પરંતુ પાકિસ્તાનના મીડિયા અને 🛮 હેન્ડલ્સે તો એવો પણ દાવો કર્યો હતો 🤇 સોશિયલ મીડિયા આ આઘાત કે પાકિસ્તાની વાયુસેનાએ શ્રીનગર છુપાવવા માટે શ્રેષ્ઠ પ્રયાસ કરી રહ્યા એરબેઝ પર હુમલો કર્યો છે અને ભારતીય સેનાના બ્રિગેડ હેડક્વાર્ટરનો નાશ કરવામાં આવ્યો છે. પરંત પાછળથી ખબર પડી કે આ બધા કોટા, વીડિયો અને સમાચાર સંપૂર્ણપણે ખોટા હતા.

> ગુગલ ઇમેજ સર્ચનો ઉપયોગ કરીને આ વિડિઓના મુખ્ય ફ્રેમ્સ શોધી કાઢવામાં આવ્યા છે. અને ચાર વર્ષ પહેલાં ઠ પર અપલોડ કરાયેલા વિડિઓની એક્સેસ મેળવી. આ એ જ વીડિયો છે જે પાકિસ્તાનીઓ શેર કરી રહ્યા છે. ૮ જુલાઈ, ૨૦૨૧ ના રોજ કરવામાં આવેલા આ ટ્વિટમાં લખ્યું છે કે, 'દુબઈના જેબેલ અલી બંદર પર વિસ્ફોટ સ્થળ પરથી નવા ફ્ટેજ સામે આવ્યા છે.' વિસ્ફોટ કોઈ બંધાયેલા જહાજમાંથી થયો હોય તેવું

નવી દિલ્હી, તા. ૧૦ બંદર પર હુમલો કરીને તેનો નાશ લાગતું હતું. તે એક તેલ ટેકર હોવાનું માનવામાં આવે છે (સ્થાનિક મીડિયા) અધિકારીઓનું કહેવું છે કે હાલમાં કોઈ જાનહાનિ નથી.

આ પછી અમે ગુગલ પર 'દુબઈ જેબેલ અલી બંદર વિસ્ફોટ' શબ્દ સર્ચ મારવામાં આવ અનેક ફ્ટેજ અને વીડિયો મળી આવ્યા હતા. ત્યારબાદ જાણવા મળ્યું કે ૮ જુલાઈ, ૨૦૨૧ ના રોજ, વિશ્વભરની મીડિયા ચેનલોએ ત્યાં થયેલા વિસ્ફોટની જાણ કરી હતી. આ વિડીયોનો ઉપયોગ ઘણા સમાચારોમાં પણ થયો છે. નિષ્કર્ષ- પાકિસ્તાનીઓનો આ દાવો સંપૂર્ણપણે ખોટો હોવાનું જાણવા મળ્યું. ભારત સરકારે કહ્યું છે કે પાકિસ્તાને ભારતના અનેક શહેરોને નિશાન બનાવવાનો પ્રયાસ કર્યો છે. પરંતુ તેના દરેક પ્રયાસને નિષ્ફળ બનાવવામાં આવ્યા છે. જમ્મુ-કાશ્મીર અને પંજાબમાં સરહદે આવેલા ગામડાઓમાં ચોક્કસ નુકસાન થયું છે.

धारावी बनणार मुंबईचे नवे 'हिरवे श्वासकेंद्र'

लोकमत न्यूज नेटवर्क

मुंबई: दाट वस्ती असलेल्या धारावीच्या मध्यवर्ती भागाला नवे जीवन देण्याच्या दिशेने महत्त्वपूर्ण टप्पा गाठण्यात येत आहे. येथील पुनर्विकासासाठी तयार होणाऱ्या मास्टर प्लॅनमुळे केवळ आधुनिक पायाभूत सुविधा उभारण्यात येणार नाहीत, तर हरित म्हणजे पर्यावरणाला सकारात्मक जोड देतील असे घटक घडवण्यावर भर दिला जाणार आहे. यातून धारावीला शहराचे नवे 'हिरवे श्वासकेंद्र' बनविण्याचा प्रयत्न केला जाणार आहे.

धारावी पुनर्विकास प्रकल्प पायाभूत सुविधांच्या सुधारणांवर भर दिला जात असला तरी त्याच्या नियोजनात विस्तीर्ण मोकळ्या जागांचा समावेश करण्याचा प्रयत्न आहे. नवीन धारावी अधिसूचित क्षेत्रांचा मास्टरप्लॅन म्हणजेच नियोजन

आरखडा सध्याची गर्दीने गजबजलेल्या जागा सर्वसमावेशक आणि निसर्गाने समृद्ध शहरी वातावरणात बदलण्याचा प्रयत्न आहे. मिठी नदीजवळील जंगल असलेल्या महाराष्ट्र नेचर पार्कपासून या पुनर्विकास योजनेला प्रेरणा मिळाली आहे. या योजनेंतर्गत, मिठी नदीकाठी मध्यवर्ती उद्यान आणि पुनरुज्जीवित जलकेंद्र प्रस्तावित आहे. याट्यतिरिक्त, नवीन आराखड्यात परिसराला लागून छोटी उद्याने आणि खेळाच्या मैदानांचे जाळे तयार केले जाईल. ज्यामुळे मुंबईच्या शहरी रचनेत अभावानेच आढळणाऱ्या आणि रहिवाशांना अत्यंत आवश्यक असलेल्या मोकळा श्वास घेण्याच्या जागा मिळणार आहे.

नागरी सुविधांवर भर

पुनर्विकासामुळे धारावीच्या रहिवाशांना सध्या भेडसावणाऱ्या नागरी सुविधांची कमतरता दूर होतील. सध्याच्या ठिकाणी सांडपाणी निचऱ्याची योग्य व्यवस्था, नियमित पाणीपुरवठा, अग्निसुरक्षा यंत्रणा आणि पुरेशा सार्वजनिक सुविधांचा अभाव आहे. मास्टरप्लॅनमध्ये सार्वजनिक सुरक्षितता, चांगली स्वच्छता आणि सुधारित राहणीमान सुनिश्चित करण्यासाठी या क्षेत्रांमध्ये व्यापक सुधारणा केल्या जाणार आहेत.

सुविधांसाठी नियोजन

धारावी अधिसूचित क्षेत्र हे अतिशय दाट वस्तीचे ब्राउनफिल्ड पुनर्विकास प्रकल्प असल्याने, केंद्र सरकारच्या मार्गदर्शक तत्त्वांनुसार व महापालिकेने नमूद केल्याप्रमाणे सामाजिक पायाभूत सुविधांसाठी नियोजन केले जात आहे.

दिबांचे नाव विमानतळाला देणार की हवेत विरणार?

नवी मुंबई आंतरराष्ट्रीय विमानतळ जून २०२५ मध्ये सुरू होण्याची चर्चा आहे. या विमानतळाला लोकनेते दि. बा. पाटील यांचे नाव देण्याची अनेक वर्षांपासून मागणी आहे. पण अजून ती पूर्ण झालेली नाही. त्यामुळे केंद्र सरकारची नक्की भूमिका काय, ते दि. बा. पाटील यांचे विमानतळाला नाव देण्यासाठी इतका वेळ का लावत आहेत, असे प्रश्न उपस्थित होत आहेत. त्याचवेळी विमानतळाला खरोखरच नाव देणार की विमानतळाच्या मुख्य प्रवेशद्वाराला दि. बा. पाटील यांचे नाव देऊन नवी मुंबईतील आगरी-कोळी तसेच सर्वपक्षीय कृती समितीची बोळवण करणार, असा सवाल आता स्थानिक विचारू लागले आहेत.

वी मुंबई शहराला आकार देण्यात जसा सिडको आणि राज्य सरकारचा मोठा वाटा आहे तेवढाच किंवा किंबहना त्याहन मोठा वाटा लोकनेते दि. बा. पाटील यांचा येथील स्थानिकांना त्यांचा हक्क मिळवून देण्यात आहे. म्हणूनच दिनकर बाळू पाटील म्हणजेच दि. बा. पाटील यांना लोकनेते म्हटले जाते. अत्यंत नि:स्वार्थी आणि तेवढेच अभ्यासू नेते ही त्यांची प्रतिमा कायम राहिली आहे. नवी मुंबईतील प्रकल्पग्रस्त दि. बा. पाटील यांच्या कायम ऋणात आहेत. कारण दिबांमुळेच त्यांच्या हक्काचे संरक्षण झाले, त्यांची बाजू भक्कम झाली आणि विशेष म्हणजे दिबांमुळेच जमिनीच्या बदल्यात योग्य मोबदला शेतकऱ्यांना मिळाला. दि. बा. पाटील हे प्रकल्पग्रस्तांचे नेते होतेच शिवाय ते राज्यातील एक महत्त्वाचे नेते होते. त्यांचे काम खूप मोठे आहे. हे सर्व सांगण्याचे कारण म्हणजे नवी मुंबईतील आंतरराष्ट्रीय विमानतळ, या विमानतळाला दिबांचे नाव देण्याची मागणी अनेक वर्षांपासून होत आहे. महाविकास आघाडीचे सरकार असताना त्यांनी बाळासाहेब ठाकरे यांचे नाव देण्याचे ठरवले होते. मात्र, लोकरेट्यामुळे मविआचे सरकार जाण्याच्या एक दिवस आधी (२९ जून २०२२) मंत्रिमंडळाने दि. बा. पाटील यांच्या नावाला मंजुरी देऊन केंद्र सरकारकडे प्रस्ताव पाठवला होता. या प्रस्तावाला तीन वर्षे होत आली तरी दिबांचे नाव विमानतळाला दिलेले नाही, विशेष म्हणजे त्यानंतर एकनाथ शिंदे मुख्यमंत्री असताना महायुती सरकारनेही दि. बा. पाटील यांच्या नावाला संमती दिली आणि विधिमंडळाच्या दोन्ही सभागृहांनीही मंजुरी दिली. केंद्राकडे प्रस्ताव पाठवला. त्यानंतरही आजपर्यंत दिबांचे नाव विमानतळाला दिलेले नाही, त्यामळे आपली फसवणूक केली जात असल्याची भावना नवी मुंबईतील स्थानिकांमध्ये वाढू लागली आहे

वर्षभरात नवी मुंबई आंतरराष्ट्रीय विमानतळाबाबत अनेक महत्त्वाच्या घडामोडी घडल्या. मे २०२४ मध्ये आयटा (IATA) या विमान कंपन्यांच्या व्यावसायिक संघटनेने नवी मुंबई आंतरराष्ट्रीय विमानतळाला तीन अक्षरी कोड दिला. नवी मुंबई विमानतळासाठी एनएमआय (NMI) असा कोड आहे. म्हणजे नवी मुंबई इंटरनॅशनल, याचाच अर्थ या विमानतळाला आधीच दि. बा. पाटील यांचे नाव दिले असते तर याचा कोड वेगळा असता. मुंबईतील छत्रपती शिवाजी महाराज आंतरराष्ट्रीय विमानतळाचा कोड बीओएम (BOM) म्हणजेच बॉम्बे आहे. कारण पूर्वी बॉम्बे एअरपोर्ट अशी ओळख होती. हा कोड खुप महत्त्वाचा असतो. याच कोडने तिकीटविक्री केली जाते. विमानतळाचे हे जागतिक कोडिंग

असते. त्यामुळे नंतर नाव बदलले असले तरी कोड बदलत नाही, हे लक्षात घ्यावे लागेल. शिवाय ११ ऑक्टोबर २०२४ रोजी या ग्रीन फिल्ड विमानतळावर पहिले विमान लेंड झाले होते. हवाईदलाच्या सी-२९५ विमानाचे यशस्वी लेंडिंग झाल्यानंतर २९ डिसेंबर २०२४ रोजी इंडिगोचे पहिले प्रवासी विमान नवी मुंबई विमानतळावर उतरले होते. त्यानंतर १७ एप्रिल २०२५ रोजी विमानतळ सुरू होईल, असे सांगण्यात आले. त्यानंतर गैतम अदानी यांच्या पाहणीनंतर जूममध्ये नवी मुंबई विमानतळावरून देशांतर्गर्गत वाहतूळ सुरू होईल, अशे होईल, अशो चर्चा सुरू झाली.

दिल्यानंतर सर्वपक्षीय कृती समिती खूश झाली. पुढे विधानसभा निवडणूक झाली. पुन्हा महायुती सरकार सत्तेत आले. आश्वासनाला ७ महिने झाले तरी विमानतळाला दि. बा. पाटील यांचे नाव दिलेले नाही. त्यामुळे केंद्र सरकारच्या मनात दिबांबद्दल खरंच आदर आहे की निव्वळ आश्वासन देऊन बोळवण करण्याचे धोरण आहे. असा प्रश्न उपस्थित होत आहे.

लोकनेते दि. बा. पाटील यांच्या निधनाला २४ जून २०२५ रोजी १२ वर्षे म्हणजेच एक तप होणार आहे. २४ जून २०१३ रोजी त्यांचे निधन झाले. दि. बा. पाटील यांचा जन्म १३ जानेवारी १९२६ रोजी झाला. त्यावेळी शेतकऱ्यांच्या मदतीला आमदार दि. बा. पाटील धावले आणि एकरी ४० हजार रुपयांची मागणी लावून धरली. यासाठी त्यांनी विधिमंडळातील आयुर्धांचा वापर केला. तत्कालीन मुख्यमंत्री वसंतदादा पाटील, शरद पवार, बं. ए. आर. अंतुले यांनी दिबांच्या मागणीला दाद दिली नाही. अखेर उरण तालुक्यातील जासईमध्ये ९१८४ चे ऐतिहासिक आंदोलन झाले. हजारो शेतकरी दिबांच्या नेतृत्वाखाली जमले होते. त्यावेळी झालेल्या संघर्षात न्यायहक्कासाठी लढणाऱ्या केशव पाटील, रघुनाथ ठाकूर (धुतुम), नामदेव घरत (चिलें), महादेव पाटील (पाहोटे) आणि कमळाकर तांडेल (पागोटे) या पाच

शेतकऱ्यांचा पोलिसांच्या गोळीबारात आणि लाठीचार्जमध्ये मृत्यू झाला. या घटनेने संपूर्ण महाराष्ट्रात खळबळ उडाली. या रक्तरंजित घटनेनंतर नमलेल्या सरकारने दिबांशी चर्चा केली. त्यातून पुढे साडेबार टक्के योजनेचा जन्म झाला. ही योजना संपूर्ण महाराष्ट्रातील प्रकल्पग्रस्तांच्या फायद्याची ठरली. याचे सारे श्रेय दिबांना जाते. या योजनेप्रमाणे ज्या शेतकऱ्याची जमीन प्रकल्पासाठी संपादित केली जाईल त्याला एकरी भाव आणि सोबतच त्याच भागात जमिनीच्या साडेबारा

टक्के विकसित भूखंड शेतकऱ्याला देण्याचा क्रांतिकारी निर्णय झाला.

प्रकल्पग्रस्त, तळागाळातील लोक, मागासवर्गीय, ओबीसी यांच्यासाठी दिबांनी प्रचंड काम केले आहे. त्यासाठी त्यांनी प्रचंड अभ्यास केला, सरकारशी संघर्ष केला. मात्र, या नेत्याचे नाव विमानतळाला देण्याची वेळ आल्यानंतर टाळाटाळ सुरू झाली आहे. वास्तविक राज्यात आणि केंद्रात एकाच पक्षाचे सरकार आहे. निर्णय घ्यायला कितीसा वेळ लागणार आहे? मराठी भाषेला अभिजात भाषेचा दर्जा देण्याचा निर्णयही असाच दहा वर्षे खितपत होता. गेल्या वर्षी विधानसभा निवडणुकीपूर्वी केंद्रीय कॅबिनेटने निर्णय घेतला आणि मराठी भाषेला अभिजात दर्जा मिळाला. नवी मुंबई आंतरराष्ट्रीय विमानतळाबाबतही दि. बा. पाटील यांचे नाव देण्यासाठी स्थानिकांना असेच रखडवत, तिष्ठत ठेवून नंतर तुमच्यासाठी खुप केले असे दाखवायचे आहे काय?

तत्पूर्वी म्हणजे विधानसभा निवडणुकीपूर्वी (नोव्हेंबर २०२४) विमानतळाला दिबांचे नाव देण्यासाठी सर्वपक्षीय कृती समिती आक्रमक झाली होती. या संदर्भातील सर्वपक्षीय कृती समितीने दिल्लीत नागरी विमान वाहतूक मंत्री किंजरापू राम मोहन नायडू यांची भेट घेतली, तो दिवस होता ७ ऑक्टोबर २०२४, या बैठकीत नागरी विमान वाहतूक राज्यमंत्री मुरलीधर मोहोळ, तत्कालीन सार्वजनिक बांधकाम मंत्री रवींद्र चव्हाण, माजी केंद्रीय राज्यमंत्री कपिल पाटील, खासदार श्रीरंग बारणे, खासदार धैर्यशील पाटील, समितीचे अध्यक्ष दशरथ पाटील, उपाध्यक्ष रामशेठ ठाकूर, कार्याध्यक्ष आमदार प्रशांत ठाकूर, तत्कालीन आमदार राजू पाटील, माजी खासदार सर्वश्री जगन्नाथ पाटील, संजीव नाईक, दि. बा. पाटील यांचे पुत्र अतुल पाटील, जेएम म्हात्रे, जेडी तांडेल आदी या बैंठकीला उपस्थित होते. विमानतळाला दिबांचेच नाव दिले जाईल, असे आश्वासन नायडू यांनी

स्वातंत्र्याच्या लढाईत म्हणजे १९४२ च्या चळवळीत त्यांचा सहभाग होता. संयुक्त महाराष्ट्राच्या चळवळीतही त्यांचे योगदान होते. लोकर्ल बोर्डाचा राजीनामा देऊन ते चळवळीत उतरले होते. महाराष्ट्रातल्या धरणग्रस्तांसाठी त्यांनी विधिमंडळात उठवलेला आवाज खूप महत्त्वाचा होता. शेतकरी, आदिवासी, महिलांच्या प्रश्नांसाठी विधिमंडळात वेळोवेळी आवाज उठवला. ते पाच वेळा आमदार आणि एकदा खासदार होते. त्यांची राहणी साधी होती. हल्ली नगरसेवक झाल्यानंतर लगेच आर्थिक परिस्थिती बदलते. दिबा आमदार-खासदार राहनही पनवेलमधील ५२ बंगला परिसरात त्यांचे साधे घर होते. त्याच घरात त्यांचे शेवटपर्यंत वास्तव्य होते. सिडकोच्या स्थापनेनंतर (१७ मार्च १९७७) ठाणे-बेलापूर पट्टा, पनवेल आणि उरण तालुक्यातील ९५ गावांमधील हजारो हेक्टर जमीन संपादित करण्याचा निर्णय झाला. तेव्हा एकरी १५ हजार रुपये देण्याचा सरकारने निर्णय घेतला.

धारावी रीडिवेलपमेंटः कमर्शल स्ट्रक्चर को 225 वर्गफीट जगह ही मुफ्त मिलेगी

2000 के पहले बने स्ट्रक्चर ही पात्र, अतिरिक्त जगह के लिए देने होंगे पैसे

Pankaj.Pandey@Timesofindia.com

 मंबई : धारावी में 1 जनवरी, 2000 से पहले बने कमशिंयल स्ट्रक्चर को ही धारावी रीडेवलपमेंट प्रॉजेक्ट (DRP) का लाभ मिलेगा। DRP के अनुसार, पात्र कमर्शियल स्ट्रक्चर को रीडेवलपमेंट के तहत 225 वर्ग फीट की जगह मुफ्त में उपलब्ध कराई जाएगी। अतिरिक्त जगह लेने के लिए स्ट्रक्चर के मालिक को कंस्ट्रक्शन कॉस्ट चुकानी होगी। यह रकम कितनी होगी, इसका फैसला सरकार करेगी। करीब 600 एकड परिसर में फैले धारावी में छोटे-बड़े करीब 10 हजार से अधिक कमशिंयल स्टब्चर हैं। धारावी बिजनेस वेलफेयर असोसिएशन ने कमशिंयल स्ट्रक्चर के लिए साल 2000 तक की सीमा तय करने का विरोध किया है। धारावी के सभी मौजुदा कमिशंयल स्ट्रक्चर को प्रॉजेक्ट के लिए पात्र करने की मांग की है। असोसिएशन के वाइस प्रेजिडेंट अनसर अहमद शेख के अनुसार, धारावी में होने वाले व्यवसाय से हजारों लोगों का रोजगार जुड़ा है। परिसर के महत्व को ध्यान में रखते हुए जिनके पास जितनी जमीन है, उतना तो उनको मिलना ही चाहिए। इंडस्टियल हब के तौर पर परिसर को विकसित कर सभी कमशिंयल स्टक्चर को एक ही स्थान पर जगह मिलनी चाहिए।

धारावी बिजनेस वेलफेयर असोसिएशन एक्टिव

रीडेवलपमेंट प्रॉजेक्ट के तहत सरकार ने कमर्शियल स्ट्रक्चर को 225 वर्ग फीट की जगह मुफ्त देने का ऐलान किया है। जबिक यहां के कई व्यापारियों के पास काफी बड़े आकर के स्ट्रक्चर हैं। ऐसे में इन्हें रीडेवलपमेंट के नाम पर अपनी बड़ी जगह गंवाने का डर सताने लगा है। इस कारण से अब धारावी बिजनेस वेलफेयर असोसिएशन एक्टिव हो गया है।

सभी को 225 वर्ग फुट क्यों?

25 साल से धारावी में गारमेंट बिजनेस चला रहे वीरेंद्र कुमार यादव के अनुसार, धारावी में तमाम लोगों के 3 से 4 हजार वर्ग फीट के भी कमिशंयल स्ट्रक्चर है। ऐसे में सभी को 225 वर्ग फुट की जगह देने का निर्णय गलत है। घरों के मामले में सरकार लोगों को एसआरए की तुलना में बड़े आकर का घर देने का फैसला ले सकती है, तो कमिशंयल स्ट्रक्चर के बारे में भी सरकार को दोबारा सोचना चाहिए। धारावी रीडेवलपमेंट प्रॉजेक्ट के तहत 15 नवंबर 2022 के घरों को डीआरपी विभिन्न योजना के तहत घर उपलब्ध करा रही है, तो कमिशंयल स्ट्रक्चर के मामले में 1 जनवरी 2000 की शर्त क्यों रखी जा रही है। धारावी का हर घर किसी न किसी उद्योग से जुड़ा है, ऐसे में कमिशंयल स्ट्रक्चर के नियमों के बारे में दोबारा विचार करने की जल्ठरत है।

दिवसाला विक्रमी १२०० उड्डाणे करून मुंबई विमानतळाची मोठी कामगिरी

मुंबई : पुढारी डेस्क

भारत आणि पाकिस्तान यांच्यातील युध्दादरम्यानच्या चार दिवसांच्या काळात मुंबई आंतरराष्ट्रीय विमानतळाने मोठी कामिगरी बजावली. या काळात देशातील ३२ विमानतळे बंद असल्याने त्यांचा बहुतांश भार मुंबई विमानतळावर पडला. साधारणपणे या विमानतळावरून दररोज ९५० ह्न अधिक विमाने ये-जा करतात ही संख्या बाढून १२०० वर गेली होती. हा सर्व ताण विमानतळ व्यवस्थापनाने अत्यंत सफाईदारपणे हाताळला.

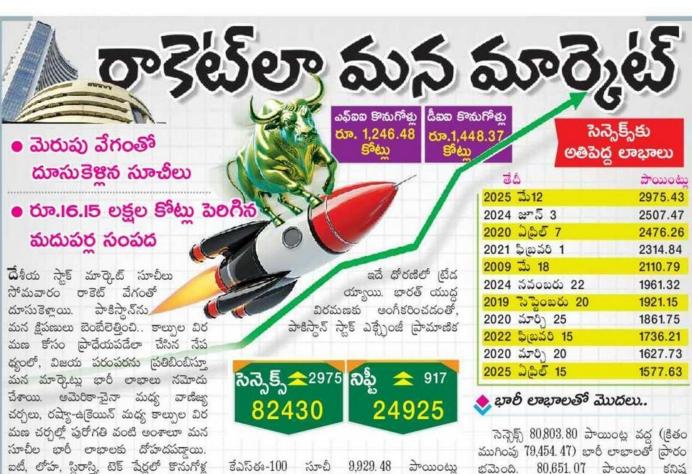

७ में ते १० में या काळात उत्तर भारतातील बहुतांश विमानतळ सुरक्षेच्या कारणास्तव बंद ठेवण्यात आले होते. त्याचबरोयर भारत-पाकने आपापली हवाई हइ एकमेकांसाठी बंद केल्याने आंतरराष्ट्रीय प्रवास करणाऱ्या विमानांनी देखील आपला मार्ग अन्यत्र वळवला. त्याचाही परिणाम मुंबईच्या हवाई वाहतुकीवर झाला. साधारणपणे मुंबईच्या आकाशातृन २ हजारांह्न अधिक विमानांची ये-जा होते. ती या काळात वाहून ३ हजारांवर गेली. या सर्व हवाई वाहतुकीचे अत्यंत कोशल्यपूर्ण नियोजन मुंबई विमानतळ व्यवस्थापनाने केले. एकूण मुंबईच्या आकाशातील वाहतुक ६० टक्क्यांनी वाहली होती.

या काळात मुंबई विमानतळ प्राधिकरणाने आपल्या सर्व कर्मचारी आणि अधिकाऱ्यांच्या रजा रद्द केल्या होत्याच शिवाय त्यांच्या कामाची वेळही १२ ते १६ तासांपर्यंत वाढवली होती. त्यामुळेच इतकी प्रचंड हवाई वाहतृक रहदारी नियंत्रित केली गेली. प्रवाशांना तीन तास आधी विमानतळावर येण्याचे आवाहन करण्यात आले होते. कारण सुरक्षा व्यवस्था अत्यंत कडक करण्यात आली होती. प्रत्येक प्रवाशाच्या तपासणीचा वेळ त्यामुळे वाढला होता.

अडानी के लिए बंद हुईं जकात की चौकियां!

डिजिटल सिस्टम से बदलाव

परिवहन आयुक्त की अध्यक्षता में एक समिति गठित की गई थी। इस समिति ने अपनी रिपोर्ट में कहा कि ऑनलाइन और इलेक्ट्रॉनिक प्रणाली के कारण मौठिक जांच की आवश्यकता समाप्त हो गई है। परिवहन विभाग के मुताबिक, इससे काम में तेजी आएगी, देरी कम होगी और गड़बड़ियों पर रोक लगेगी।

• महायुति सरकार का अडानी को लाभ पहुंचाने का दांव

• 504 करोड़ रुपए का सरकार देगी मुआवजा

सामना संवाददाता / मुंबई

केंद्र सरकार के निर्देश और जीएसटी प्रणाली के कार्यान्वयन के चलते राज्य सरकार ने महाराष्ट्र की सभी मोटर परिवहन सीमा जांच चौकियों को स्थाई रूप से बंद करने का फैसला किया है। दावा किया गया है कि इससे अंतर्राज्यीय वाहन यातायात आसान होगा और व्यावसायिक वाहनों को होने वाली बायाएं दूर होंगी। इसी के साथ ही महायुति सरकार ने अडानी समूह को ५०४ करोड़ रुपए का मुआवजा देकर एक बार फिर से लाभ पहुंचाने का दांव चला है। इस फैसले ने एक बार फिर से सरकार की नीयत को एक्सपोज कर दिया है।

उल्लेखनीय है कि सन १९६६ में इन जांच चौकियों की स्थापना की गई थी। उस समय वाहनों की आवाजाही को नियंत्रित करना, परिवहन नियमों का पालन सुनिश्चित करना और रोड टैक्स बसुलना इनका मुख्य उद्देश्य था। लेकिन जीएसटी लागू होने के बाद और परिवहन पर डिजिटल निगरानी प्रणाली आ जाने से इन चेकपोस्ट की आवश्यकता समाप्त हो गई है। इसके बाद केंद्रीय सड़क परिवहन मंत्री नितिन गड़करी और मुख्यमंत्री देवेंद्र फडणवीस ने भी इन चेकपोस्ट को बंद करने के निर्देश दिए थे। इसके अलावा ट्रांसपोर्ट यूनियन ने भी इस संबंध में कई बार मांग की थी। इसके अनुसार परिवहन विभाग ने सभी खामियों को दूर कर मुख्यमंत्री कार्यालय को रिपोर्ट भेजी है। मंजूरी मिलने के बाद ये चेकपोस्ट बंद कर दिए जाएंगे।

अडानी को ५०४ करोड़ रुपए का मुआवजा

पहले एकीकृत जांच के लिए इंटीग्रेटेड चेकपोस्ट योजना चलाई गई थी, जिसके लिए अडानी प्राइवेट लिमिटेड को नियुक्त किया गया था। लेकिन अब चेकपोस्ट बंद होने के कारण सरकार को इस कंपनी को ५०४ करोड़ रुपए का मुआक्जा देना होगा। यह राशि मरने के बाद संबंधित प्रौद्योगिकी और अचल संपत्ति सरकार के स्वामित्व में आ जाएगी।

সরানো হল সোলার এনার্জির কর্তাকে

নয়াপিরা, ১২ মে: আমেরিকায় আদানি
গোষ্ঠীর বিকক্ষে যুবের অভিযোগের
সঙ্গে নাম জড়িয়েছিল রাষ্ট্রায়ন্ত
সোলার এনার্জি কর্পোরেশনের।
সোমবার সেই সংস্থার সিএমডি-র
পদ থেকে আচমকাই রামেশ্বর প্রসাদ
গুপ্তকে সরিয়ে দিল মোদী সরকার।
বিরোধী কংগ্রেসের কটাক্ষ, এ ভাবে
আদানির কেলেঙ্কারি ও নরেন্দ্র মোদীর
সঙ্গে গৌতম আদানির আঁতাত
ধামাচাপা দেওয়া যাবে না।

গুজরাত ক্যাড়ারের আইএএস অফিসার গুপ্ত পরিবেশ মন্ত্রকের সচিব পদ থেকে অবসর নেওয়ার পরে তাঁকে সোলার এনার্জি কর্পোরেশনের শীর্ষপদে বসানো হয়েছিল। কেন্দ্রীয় মন্ত্রিসভার নিয়োগ কমিটি কভা ভাষায় বিজ্ঞপ্তি জারি করে তাঁকে পদ থেকে সরানোর সিদ্ধান্ত জানিয়েছে। রাষ্ট্রায়ত্ত সংস্থাটি ২০ গিগাওয়াট পরিবেশ বদ্ধ বিদ্যুৎ প্রকল্পের বরাত বিলি করতে চলেছে। কিন্তু সম্প্রতি আদানি গোষ্ঠীর বিরুদ্ধে অন্ধ্রপ্রদেশের মতো রাজ্যে ঘূষ দিয়ে বিদ্যুৎ বেচার বরাত আদায়ের সঙ্গে তাদের নাম জড়ায়। অভিযোগ ছিল, এই সংস্থাই আদানিদের বরাত পাইয়ে দেওয়ার বন্দোবন্ত করেছিল। আমেরিকার শেয়ার বাজার নিয়ন্ত্রকের অভিযোগেও সংস্থার নাম উঠে আসে।

এ দিন কংগ্রেসের প্রধান মুখপাত্র জয়রাম রমেশ বক্তব্য, গত নভেম্বরে গৌতম আদানি ও তার সহযোগীদের বিক্রছে চার্জশিটে সোলার এনার্জির নাম ছিল। সংস্থার সুপারিশেই আদানি গোষ্ঠীর সঙ্গে বিভিন্ন রাজ্য চুক্তি করে। বিনিময়ে ২০২৯ কোটি টাকা ঘুষ দেয় আদানিরা। এখন মেয়াদ শেষের আগেই সোলার এনার্জির সিএমডি-কে সরানো হচ্ছে। এ সব করেও 'মোদানি' কেলেজারি ধামাচাপা দেওয়া যাবে না।

অনুষ্কা মনে রাখছেন বিরাটের চোখের জল

নিজম্ব প্রতিবেদন

১২ মে: তাঁর সেরা সমর্থক কেং

বিরাট কোহলি অনেক সময়ই বলেছেন, সেই ব্যক্তিটি তাঁর স্ত্রী অনুষা শর্মা। জীবনের কঠিন সময়গুলি অভিনেত্রী স্ত্রী-ই যে তাঁর পাশে থেকেছেন বলতে ভোলেননি। সোমবারই সমাজমাধ্যমে কিংবদন্তি কোহলি জানিয়েছেন, আর টেস্ট ক্রিকেট খেলবেন না!

ধবরটা অবশ্য আগে থেকেই শোনা যাচ্ছিল। ইংল্যান্ড সকরের আলে তিনি স্বয়ং বোর্ডকে জানিয়েছিলেন, আর টেস্ট খেলবেন না। এ দেশের ক্রিকেট কর্তারা সিদ্ধান্ত পুনর্বিবেচনার অনুরোধ করেছিলেন বারবার। সিদ্ধান্ত বদলাননি বিরাট। শুধু ভারত নয়, গোটা বিশ্বের ক্রিকেটপ্রেমীদের বিষয় করে সমাজমাধ্যমে বিরাট লিখেছেন, "১৪ বছর আগে প্রথম টেস্ট ক্রিকেটের সেই সব লড়াই, যা কেউ দেখেনি। নীল ব্যাগি টুপি পরেছিলাম। সত্যি মনে রাখব, এই ধরনের ক্রিকেটকে বলতে তখন জানতাম না, ক্রিকেটের কতটা ভালবাসা তুমি দিয়েছ। আমি এই ফর্মাট আমাকে কতটা এগিয়ে জানি তার জন্য তোমাকে কতটা নিয়ে যাবে। কল্পনাও করিনি। এই ত্যাগ করতে হয়েছে। প্রতিটি টেস্ট ফর্ম্যাট আমার পরীক্ষা নিয়েছে। সিরিজের পরে তুমি ফিরে এসেছ আমাকে তৈরি করেছে। আমাকে শিক্ষা দিয়েছে। সারাজীবন এই শিক্ষা সময়ে তোমার পরিবর্তনের সাক্ষী বহন করব।"

এ হেন আবেগঘন মৃহুর্তে পাওয়া গিয়েছে অনুষার বার্তাও। হাসিমুখের ছবিও

মহানায়ক: মুম্বই বিমানবন্দরে 'বিরুষ্কা'। সোমবার। পিটিআই

আরও পরিণত, আরও নম্র হয়ে। এই থেকেছি।"

এখানেই শেষ নয়।

বলিউডের জনপ্রিয় অভিনেত্রীর সমাজমাধ্যমে নিজের সঙ্গে বিরাটের আরও প্রতিক্রিয়া, "কেন জানি না, পিয়েছেন। আমার মনে হত, টেস্টে থেকেই অনুষা লিখেছেন, "ওরা রেকর্ড ও আন্তর্জাতিক ক্রিকেটকে চিরবিদায় মাইলফলক নিয়ে কথা বলবে। কিন্তু জানাবে তুমি। কিন্তু তুমি সবসময় আমি মনে রাখব সেই চোখের জল, নিজের মনের কথা শুনেছ। আমি যা তুমি কারও সামনে ফেলোনি। শুধু এটুকুই বলতে চাই, এই বিদায়ের প্রতিটা মুহুর্ত তুমি অর্জন করেছ।"

কোহলি নিজে জানিয়েছেন, টেস্ট ক্রিকেট থেকে অবসরের সিদ্ধান্ত নেওয়াটা সহজ ছিল না। বিরাটের কিছু ব্যক্তিগত গভীর বিষয় থাকে। শান্ত পরিবেশ, দীর্ঘ সময় খেলা, ছোট ছোট মুহুৰ্তগুলো কেউ দেৰতে পায় ঠিকই মনে হচ্ছে। আমার সব কিছু ২৬৯ নম্বর টুপির যাত্রা শেষ হল।"

এই টেস্টের জন্য দিয়েছি। যা আশা করেছিলাম, তার থেকে অনেক বেশি ফিরে পেয়েছি।"

বার্তার শেষে বিরাট দিয়েছেন কথায়, "সাদা পোশাকে খেলার মধ্যে ভালবাসার ইমোজি। শেষ করেছেন, "কৃতজ্ঞতায় ভরা হৃদয় নিয়ে বিদায় নিচ্ছি। যাদের সঙ্গে মাঠ ভাগ করে নিয়েছি এবং এই যাত্রাপথে যাদের না। তবে এগুলি চিরকাল আমার সাহায্য পেয়েছি, সকলের কাছে আমি সঙ্গে থাকবে। টেস্ট ক্রিকেটের থেকে কৃতজ্ঞ। সবসময় হাসিমুখে নিজের সরে যাওয়া সহজ নয়। তবু সিদ্ধান্তটা টেস্ট জীবনের দিকে ফিরে দেখব।

নন–অস্ট্রেলিয়ানদের মধ্যে বিরাটই সেরা অজ়ি'

এই সময়: বিরাট কোহলিকে বর্তমান ও ভবিষাতের ভারতীয় ক্রিকেটারদের ব্র-প্রিন্ট বলে ব্যাখ্যা করলেন গ্রেগ চ্যাপেল। শুধু তাই নয়। অস্ট্রেলিয়ার কিংবদন্তি ক্রিকেটার ও ক্যাপ্টেনের মতে, বিরাট শুধু ভারতকে সাফল্যই এনে দেননি, বরং এ দেশের ক্রিকেটারদের মানসিকতাও বদলে দিয়েছেন।

বিরাট কোহলির টেস্ট অবসরের পরে তাঁকে নিয়ে আবেগের জোয়ারে ভেসেছে ক্রিকেট মহল। সেই স্রোতে গা ভাসিয়েছেন চ্যাপেলও। একটি নামী ক্রিকেট ওয়েবসাইটে বিরাটকে নিয়ে নিজের কলামে চ্যাপেল লিখেছেন, 'নন-অস্টেলিয়ানদের মধ্যে আমি যাদের দেখেছি, তাদের মধ্যে বিরাটকেই সবচেয়ে বড় অস্ট্রেলিয়ান বলে মনে হয়েছে। ও একজন বুক চিতিয়ে লডাই করা যোদ্ধা। যে মাঠে একটা ইঞ্চি ছাডতে রাজি নয়। সেটা শুধু প্রতিপক্ষের বোলারদেরই নয়, বরং ফিল্ডার এমনকী গোটা প্রতিপক্ষের সঙ্গে ওর এই লড়াইটা জারি থাকে।

এখানেই শেষ নয়। কোনও কোনও

সুস্বই বিমানবন্দরে অনুষ্কার সঙ্গে বিরাট। সোমবার

ক্ষেত্রে বিরাটকে প্রভাবে সচিনের চেয়েও এগিয়ে রাখতে চান চ্যাপেল। বলছেন, 'সচিন তেভুলকরের অবসরে যেমন একটা যুগের অবসান হয়েছিল. বিরাট কোহলির অবসরেও তেমনই হলো। সব মিলিয়ে সাহস, জেদ, ঔদ্ধত্যে ঘেরা একটা যুগের অবসান

হলো। কোনও কোনও জায়গায় সচিনের চেয়ে বিরাট করে এগিয়ে রাখতে হবে। ও যে ভাবে মানসিক ভাবে প্রতিপক্ষকে চাপে রাখে, ভারতীয় ক্রিকেটে তা বড় প্রভাব ফেলেছে।' বিরাটকে একুশ শতকে ভারতীয় ক্রিকেটের হৃদয় বলতেও শ্বিধা নেই চ্যাপেলের। বলে দিচ্ছেন, 'ওর চলে যাওয়ার মধ্যে দিয়ে শুধু যে পরিসংখ্যানগত শূন্যতা শেষ হলো তা নয়, আসলে একটা বিপল এনার্জি যেন কেঁপে উঠল।' তার পরে বিরাটকে কার্যত সেরার তকমা দেওয়ার **ঢঙে চ্যাপেলের সংযোজন, 'আমার** মনে হয় না. ওর মতো আর কেউ কখনও আসবে।

ক্যাপ্টেন বিরাটকে সার্টিফিকেট দিতে গিয়ে চ্যাপেলের সংযোজন. 'ভারতীয় ক্রিকেটে একটা সময়ে বিদেশের মাটিতে ঘমপাড়ানি ক্রিকেট খেলত। সৌরভ গঙ্গোপাধ্যায় ক্যাপ্টেন হয়ে ভারতীয় ক্রিকেটের মেরদণ্ড শক্ত করেছিল। মহেন্দ্র সিং ধোনি ঠান্ডা মাথার ক্যাপ্টেন। সাদা-বলের ক্রিকেটেই ওর নেতৃত্বে সাফল্য বেশি। কিন্তু বিরাট কোহলি কোনও চিত্রনাট্য মানেনি। এমন অধ্যায় লিখেছে, যেখানে ভারত শুধু বিদেশের মাটিতে লড়াই করেছে তা নয়, জিতেওছে। একই সঙ্গে প্রতি ম্যাচে ক্রিকেটপ্রেমীদের মনে এই আশা জাগিয়েছে যে. ভারত জিতবেই।

পাক আকাশ এড়িয়ে লন্ডন-দিল্লি রুটের ঝক্কি

কুণাল ঘোষ লভন থেকে ফিরে

কলকাতা থেকে প্রেট ব্রিটেন বা মার্কিন মূলুক যাতারাত, ভায়া দিল্লি, আপাতত বেশ শ্বন্ধির। কারণ সংঘর্বের কারণে পাকিস্তানের আকাশ এড়িছে বিকল্প যাত্রাপথ। আপাত্রত যতদিন এই পথে উড়ান, ততদিন যাত্রীদের আগাম তৈরি থাকাই ভালো। বিমানের ভিতরের এয়ার শো ক্যামেরা লাইভ দেখিয়ে

দিচ্ছে যাত্রাপথ, সেই মানচিত্র

বলে দিচ্ছে আকাশপথে বাড়তি দক্ষিণে এসে ভারতপ্রবেশ, এবং ফের উত্তরমুখী হয়ে দিল্লি।

এই ঝক্তি মূলত এরার ইভিরার দিল্লি হয়ে যাতারাত করা উড়ানের। কলকাতা থেকে লগুনের সরাসরি উড়ান ছিল পাকিস্তানের আকাশ দিয়ে। এখন সেটা বন্ধ। দেশের অন্য শহর হয়ে যাওয়া যায়। তবে দিল্লি রুট সহজতর। কলকাতা দিল্লি ফুটা দুই। তারপর কানেকটিং ফ্লাইটে লভন ঘণ্টা আইেক। ফেরার পথেও গড়ে কমবেশি তা-ই, হয়তো টেল এয়ার-সহ কিছু কারণে সামান্য একট্ট কম। এয়ার ইভিয়ার এই উড়ান দিল্লি হয়ে। এমিরেটস উড়ান দুবাই হয়ে যায়। ফলে ওজরাতের আকাশ দিয়ে দুবাই, আরব সাগর পার হয়ে। সেই রুটে সমস্যা নেই।

্রবংন পরিবর্তিত রুটে এই ভায়া দিল্লি যাতায়াত

■ উডানের ভিতরে লাইভ ম্যাপ। পাক আকাশ এডিয়ে লভন থেকে দিল্লি ফেরার বিকল্প রুট। ছবি: দেবক

করে এয়ার ইভিয়ার সূত্রে যা পেলাম, এর ঝামেলা তিন রকম। এক, সময় বেশি লাগছে, প্রায় পৌনে দুঘণ্টা। দুই, এর ফলে টাইম শিভিউল খেঁটে গিয়েছে। প্রতিটা উড়ান বিলম্বিত। তিন, য়াত্রীরা বছ ক্ষেত্রেই ফেরার সময়ে লভন-দিল্লি উড়ানের দেরির ঝাঁরদে পরবর্তী কানেকটিং দিল্লি-কলকাতা উড়ান মিস করছেন। ফলে দিল্লিতে তাঁদের খাওয়া এবং বিকল্প বিমানের ব্যবস্থা করে দিতে হচ্ছে এয়ার ইভিয়াকে। নতুন বোর্ডিং পাস ইস্যা। চার, লভন দিল্লি বিকল্প পথ বড় হওয়ায় জ্বালানি বেশি লাগছে। টিকিটের দাম বাড়ার দিকে যাছে বিষয়টা। পাঁচ, দীর্ঘতর আকাশপথের কারণে উড়ানে বাড়তি পাইলট দেওয়ার প্রয়োজন থাকছে। সেটা সংখ্যার কারণে বেশ কঠিন হয়ে যাছে। ছয়, পানীয় জল-সহ কিছু বস্তু অতিরিক্ত মজুত রাখতে হছে। পাকিস্তানের আকাশ এড়ানোর জন্য এখন এতরকম অস্তি হাজির।

সাধারণভাবে দিল্লি-শন্তন রুট ছিল তেহরান দিয়ে, কাবুলের দক্ষিণ থেকে পাকিন্তানের আকাশ ব্যবহার করে। ম্যাপ বলছে, এখন তেহরান- বাগদাদের মাঝামাঝি থেকে অনেকটা দক্ষিণে আবু ধাবি হয়ে সরাসরি পূর্বে আরব সাগর অতিক্রম করে গুজরাতের নিচ দিয়ে ভারতে চুকছে বিমান, তারপর উত্তরমুখী হয়ে দিল্লি।

এর নিট ফল, এখনও পর্যন্ত কলকাতা এবা গন্তন, দুই প্রান্ত থেকেই এয়ার ইন্ডিয়ার উড়ান ছাডতে দেরি হচ্ছে অনেকটা। আর দিল্লিতে একটা জগাথিচুড়ি। এই এয়ার ইন্ডিয়ার উড়ানে আরেকটা সমস্যা হল যাওয়ার সময় ইমিগ্রেশন কলকাতায়, পাসপোর্টে ছাপ, 'চেক্ল ইন' লাগেজ জমা দিলে একদম লন্ডনে পাবেনী। দিল্লিতে বিমানবদল হলেও লাগেজ বইবার ঝামেলা নেই। ফেরার সময় দিল্লিতে ইমিগ্রোশন, কাসটমস। লন্ডনের লাগেজ ইন্টারন্যাশনাল বিভাগ থেকে নিয়ে ডোমেস্টিক কানেকটিং উড়ানে নতুন করে লাগেজ দিয়ে উঠতে হবে। এটা সময়সাপেক্ষ। ফলে লন্ডনের উড়ানের দেরির কারণে নিকটতম কানেকটিং কলকাতা ফ্লাইট মিস নিশ্চিত। আবার যাওয়ার সময় উপ্টো। তখন কলকাতা খেকেও দেরি, আবার দিল্লি বিমানবন্দরে গন্তন উড়ানের দীর্ঘ অপেক্ষা, বিলম্ব। কারণ লভন-দিল্লি দেরিতে চলছে। যদিও এই বিষয়টাতে এয়ার ইন্ডিয়ার বিশেষ কিছুই করণীয় নেই। এটা পাকিস্তানের আকাশ এড়াতে বিকল্প ক্রটের অবধারিত ঝঞ্জি। ফলে আপাতত লন্ডন গেলে ভায়া দিল্লির বদলে মুম্বই বা অন্য শহর দিয়ে

পাঁচের পাতায়

পাক আকাশ এড়িয়ে লন্ডন

একের পাতার পর মজার কথা, এই বিকল্প ম্যাপের ছবিটা আমি এক্স ও ফেসবুকে পোস্ট করেছিলাম আকাশপথ থেকেই। আধুনিক প্রযুক্তির বিমানে কিছ্কাল আগে থেকেই ওয়াইকাই কাজ করছে, মানে আপনাকে বিমানই এই সুয়োগ নিচ্ছে। হোয়াটআাপ কল, সাধারণ কল, পোস্ট সবই সম্ভব। নিতানতুন যুগো ঢুকছি আমরা। বিশেষ কিছু রুটে বিশেষ কিছু এয়ারক্র্যাফটে এই সুবিধা থাকছে। ফোন নেটওয়ার্ক অনেক আগেই চালু। এখন এবার তো ফেস বুক পোস্টও করলাম। তখন রাতের উড়ানে এক ঘুম দিয়ে ভারতের আকাশে ঢুকেছি। সামনের স্ক্রিনে লাইভ ম্যাপ। ছবিটা তুলে পোস্ট

তবে এয়ার ইন্ডিয়াকে কিছ বিষয়ে সতর্ক থেকে যাত্রী পরিষেবা বাডাতে হবে। ম্যানেজমেন্ট বদলের পর কিছ উন্নতি অবশ্য হয়েছে। তবু কিছু পুরনো বিমানের হাল খারাপ। পুরনো এয়ার ইন্ডিয়ার বিমানে বহু টিভি সার্ভিস খারাপ। ক্রিন চালুই হয় না। বলা ভালো অধিকাংশই খারাপ। ফলে গোটা যাত্রাপথে ম্যাপ, গান, সিনেমা কিছুই নেই, বন্ধ। ওয়াইফাই লিঙ্ক দিয়ে ফোনে টানার চেষ্টা, সেটাও বিদ্বিত। তবে ভিন্তারার যে আধুনিক বিমান ছিল, বা নতুন এয়ারক্র্যাক্ট, সেগুলিতে সমস্যা নেই। যাওয়ার সময়ে ভগলেও, ক্ষেরার সময়ে এ-ওয়ান। আর মোটের উপর বিষয়টা হল, সীমান্ত সমস্যার উত্তেজনা যতদিন চলবে, ততদিন উড়ানে ভায়া দিল্লি রুট এড়িয়ে বিলেতের টিকিট কাটাই বৃদ্ধিমানের কাজ।
