Mumbai: As US-based Hindenburg Research, the controversial short-selling firm, winds down, the impact of its stinging report on the share prices of Adani Group, one of its most notable targets, still lingers. The group's total market value is still 34% below the levels when the Hindenburg report was released on January 24, 2023, accusing the conglomerate of 'stock price manipulation' and 'accounting fraud'. The silver lining is that the conglomerate's financial parameters are pointing to better health.

Out of the 11 Adani stocks listed then, seven are yet to recover to the pre-Hindenburg levels though the Nifty index has rallied 29% since then. Three stocks, such as Adani Total Gas, Adani Energy Solutions, and Adani Wilmar, are trading 50-83% lower; while NDTV, Adani Green and Adani Enterprise are down by 30-50%. Adani Power has doubled since the Hindenburg report while Adani Port gained 48%.

Amid heightened investor scrutiny on its finances after the report, the group has cut its debt, while maintaining its pace of growth. By September 2024, the group's portfolio-level net debt-to-EBITDA ratio improved significantly, dropping to 2.4 times from 3.8 times in September 2022.

During the same period, the group's gross assets surged by 49% to ₹5.53 lakh crore, while the trailing 12-month EBITDA climbed 47% to ₹83,440 crore. Cash reserves rose to ₹53,024 crore by September 2024, up from ₹29,754 crore two years earlier.

Hindenburg disbands ops, Adani shares rally

Mumbai, 16 January

US-based short-seller Hindenburg Research, whose reports on the Adani group triggered a rout in the conglomerate's shares, on Thursday announced winding up its operations.

In a statement on Hindenburg's website, its founder Nate Anderson said: "The plan has been to wind up after we finished the pipeline of ideas we were working on. And as of the last Ponzi cases we just completed and are sharing with regulators, that day is today." Anderson, however, did not

group in January 2023, the short-seller alleged stock manipulation, accounting fraud, and the use of tax havens to circumvent regulations, among other accusations. This led to the group's market capitalisation (mcap) slipping from around ₹19.2 trillion to a low of ₹6.82 trillion in February 2023.

The shares of group firms almost recouped all the losses by June 2024, regaining an mcap of around ₹19 trillion following the results of the general elections. However, in November 2024, the United States Department of Justice and Securities and Exchange Commission (SEC) charged several executives of the group. As of Thursday, the group's total mcap stood at ₹12.91 trillion. The Adani group denied the allegations by US prosecutors, saying none of its issuers was accused of wrongdoing in the legal filings.

Securities The Exchange Board of India (Sebi) issued a show-cause notice in June 2024 to the short-seller, US-based hedge fund manager Mark Kingdon, and four others, accusing them of colluding to use non-public information to build short positions against the Adani group. Sources said Sebi would continue its probe on Hindenburg even after disbandment. Hindenburg dismissed Sebi's notice as "nonsense" and claimed it barely broke even, earning a total of \$4.1 million in gross revenue through gains related to Adani shorts,

In a second report released in August 2024, Hindenburg Research alleged that Sebi Chairperson Madhabi Puri Buch and her husband, Dhaval Buch, had financial ties to offshore entities implicated in the Adani money siphoning scandal, sparking a political storm. Puri Buch and her husband refuted the allegations and issued clarifications.

The regulator had earlier informed the Supreme Court that it had carried out 24 investigations into the matter. Four Adani group firms had received show-cause notices from Sebi as of September this financial year. The group has reportedly filed for a settlement in the matter, according to people familiar with the developments.

NATE ANDERSON DISBANDS HINDENBURG RESEARCH

Man who 'shook empires that needed shaking'

SUNDAR SETHURAMAN & ABHISHEK KUMAR Mumbai, 16 January

For Hindenburg Research, the exit was as abrupt as the entry.

The short-seller, founded in 2017, shot to fame with a series of reports whose targets included Gautam Adani, Jack Dorsey, Carl Icahn, and the chief of India's market regulator, Madhabi Puri Buch. Its reports rattled investors, damaged reputations, and raised political storms. But on Thursday, its founder, Nate Anderson, announced that he is shutting the firm.

In his parting shot, Anderson said he was naïve about the dangers he would face when he started Hindenburg but was drawn to the path he chose "magnetically".

Since Hindenburg Research's establishment in 2017, Anderson has targeted dozens of companies through nearly 40 research reports and articles. Though Hindenburg Research made waves in India in 2023 with its report on the Adani group of companies, Anderson had his eyes on Indian corporations from the very start. The first two reports released in the first year of operation were "centred on then-US-listed Indian film company Eros International". according Hindenburg Research's website.

One of the most notable cases for Anderson and his firm was its 2020 report on Nikola Corporation, an electric vehicle company that promised to revolutionise the transportation industry. Hindenburg's investigation accused Nikola of misleading investors by exaggerating its technological capabilities. The report sent Nikola's stock plummeting and prompted investigations by regulators, while the company's founder, Trevor Milton, faced legal consequences.

Since Hindenburg Research's establishment in 2017, Nate Anderson has targeted dozens of companies through nearly 40 research reports and articles

Anderson hails from the state of Connecticut in the US. During his years at the University of Connecticut, he pursued international business studies. Before founding Hindenburg Research, Anderson worked in finance and data analysis. His first job was as a fact-checker for a financial data company. This job helped him develop a skill for finding mistakes and inconsistencies, which became important in his later work.

Anderson's decision to specialise in financial fraud investigations was inspired by Harry Markopolos, a financial fraud investigator who was instrumental in uncovering Bernie Madoff's \$64.8 billion investment scandal in the US in 2008.

In the note released on Wednesday announcing the closing of Hindenburg Research, Anderson attributed his success also to whistle-blower lawyer Bryan Wood.

"I would have falled right at the starting line had it not been for the support of world-class whistle-blower lawyer Bryan Wood, who took cases on despite my lack of financial resources. I had a newborn child and was facing eviction at the time. I was terrified but knew that if I stayed still, I would crumble. The only option I had was to keep moving forward," he said.

In his letter, Anderson went on to say he was not the typical elite school golf-playing, smooth-talking Wall Street insider. He spoke about the struggles he experienced when he started Hindenburg. But his letter left a lot unsaid.

Since Hindenburg's reports began hitting the headlines, questions have been raised about its functioning and the alleged backing of billionaire George Soros. Hindenburg's closure has left more room for speculation than revelation. The series of materials and videos Anderson has promised to release over the next six months, detailing how Hindenburg functions, will offer some clues.

Anderson had first started a brokerage firm catering to hedge funds, focusing on offering due diligence services and fraud assessments. However, by 2017, the firm had amassed just \$58,382 in net capital, prompting Anderson's landlord to initiate eviction proceedings. These challenges led Anderson to forgo his brokerage licence and start Hindenburg.

indenburg Research which set off a firestorm in India with withering allegations against the Adani Group is being disbanded, marking the end of the American short-seller feared for successfully targeting dozens of corporations.

Nathan Anderson, who founded the research firm seven yearsago, announced the closure but did not specify a reason for the decision.

Hindenburg Research became a household name in India after accusing the Adani Group of "pulling the largest con in corporate history", in January 2023. Despite Adani Group's strong denial and rebuttal of the allegations, the group's market value slumped over \$150 billion in the first half of 2023. However, it has clawed back most of the losses since then.

Jugeshinder 'Robbie' Singh, chief financial officer of Adani Group, posted a message on X, seen as a dig at the short-seller that hounded his group from distant shores but failed to bring it down.

"Kitne Ghazi Aaye, Kitne Ghazi Gaye (Many invaders have come and as many have perished)," Singh wrote, which appears to be a tongue-incheek response to the closure of the New York-headquartered firm.

Hindenburg's allegations had sparked a political slugfest between the ruling Bharatiya Janata Party and the opposition Congress, with both sides taking potshots at each other. Congress alleged that the ruling party was favouring the Ahmedabad-based conglomerate, while the BJP attacked Congress for destabilizing the economy.

Earlier in the day, Anderson, 40, announced the closure of Hindenburg Research, which he had set up in December

"As I've shared with family, friends and our team since late last year, I have made the decision to disband Hindenburg Research," Anderson wrote on his blog. "I write this from a place of joy. Building this has

"There is not one specific thing-no particular threat, no health issue, and no big personal issue," said Anderson.

"This news surprised me," said Nitin Mangal, a Mumbaibased independent analyst, arguably one of the first equity researchers in India to face corporate blowback. "Some of Nathan's work has been fantastic. We all learned a lot of things. But then everybody, whether the regulators or authorities, looks at short-sellers as part of some bad gang. So, it takes a toll," said Mangal, who runs Trudence Capital Advisors Pvt. Ltd, a Sebi-registered research firm.

In the late 2000s, while working for Veritas Investment Research, a Canadian firm, Mangal wrote stinging reports on many Indian companies, including Reliance Communications Ltd, DLF Ltd, and Indiabulls Group, In 2012, Indiabulls filed a police complaint, beginning his decade-long fight with the authorities. However, unlike Mangal, who only released reports on which investors could make their own decisions, Anderson's firm shared reports with hedge funds

before they were made public. This allowed the hedge funds to bet on the stock's fall, and Hindenburg profited by getting a fee.

In the Adani case, the Securities and Exchange Board of India (Sebi) found that Hindenburg had collaborated with Kingdon Capital, a New Yorkbased firm. Hindenburg did not respond to a Sebi notice to Hindenburg seeking a reply.

'Globally, there is excessive scrutiny on short-sellers," said Mangal. "To make things worse, India is a challenging place for critics. Also, making money is difficult since the country does not allow naked short-selling," said Mangal. Naked short-selling refers to selling stocks without owning

Announcement by Anderson, came just days before Donald Trump's inauguration as the new US President. While he cited the toll of the "rather intense, and at times, all encompassing" nature of the work as the reason for his decision", critics were quick to link the shutting down Hindenburg's alleged ties with George Soros and the so-called deep state being under significant pressure from the incoming Trump administration.

Nate Anderson: The self-proclaimed messiah

JOYDEEP GHOSH

THE ANNOUNCEMENT OF Hindenburg Research's closure on Thursday evoked extreme emo-tions in India - grief, and for many,

The Wall Street Journal called Nathan Anderson, or Nate, as he is popularly known, 'Wall Street's prepopularly known, wall street s pre-eminent short seller' – a significant title at a time when short sellers are getting the short shrift from both companies and governments. That, the 40-year-old was still

able to make a name for himself with just a 11-member team and in just seven years by itself a strong statement. Anderson's claim that nearly 100 individuals have been nearly foo movinuals have been charged civilly or criminally by reg-ulators at least in part through Hin-denburg's work, including billion-aires and oligarchs is quite impressive. "We shook some empires that we felt needed shak-

ing," he wrote in his farewell letter. Little is known about Anderson before he set up Hindenburg in 2017. He was born in Connecticut 2017. He was born in Connecticut and graduated from the University of Connecticut with a degree in international business. According to reports, he worked as an ambu-lance driver in Israel in 2004-2005 before the financial sector bug

He has said that his inspiration was Harry Markopolos – the finan-cial fraud investigator who helped in uncovering Bernie Madoff's investment scandal. Anderson reportedly worked with Markopo-los on the Platinum Partners inves-tigation which resulted in seven

executives being charged with securities fraud.

Before Hindenburg, he began filing whistleblower reports with US Authorities hoping to earn bounties for uncovering frauds. But its eems he wasn't quite successful. As his letter says, he had no money when he started..."and after 3 law-suits immediately out of the gate, I quickly had less than no money. I would have failed right at the startquicky had tess than no money. I would have failed right at the start-ing line had it not been for the sup-port of world-class whistleblower lawyer Bryan Wood, who took the cases on despite my lack of finan-cial resources. I had a newborn child and was facing eviction at the time. I was terrified, but knew that if I stayed still I would crumble. The only option I had was to keep mov-jor forward." ing forward.

And move forward, he did. Some of the companies and groups, which suffered at the short seller's hands, include big names like

Adani Group, Jack Dorsey's Block Inc, Carl Icahn's Incan Enterprises, Trevor Milton's Nikola Corp, Clover Health and Super Micro – not a small bounty. While all these com-Aman bounty, while all these com-panies' share prices crashed after Hindenburg's scathing reports, the Securities Exchange Commission has already found Trevor Milton guilty of securities fraud. Cur-

guity of securities flad. Currently, the Department of Justice and SEC are investing the Adani Group's company Adani Green for bribing Indian officials.

So, the decision to disband now is curious. Anderson's reply, "There is not one receifer this penal are in the control of is curious. Anderson's reply, Interest is not one specific thing—no particular threat, no health issue, and no big personal issue."

He goes on to add that early on, he felt he needed to prove some things to himself "I have

with myself, probably for the first time in my life. I probably could have had it all along had I let myself, but I needed to put myself through a bit of hell first. The inten-sity and focus has come at the cost of missing a lot of the rest of the or missing a lot of the rest of the world and the people I care about. I now view Hindenburg as a chapter in my life, not a central thing that defines me."

Not everyone is buying it with many calling him out on X. The SEC has been worried about short sell.

has been worried about short selllanuary 2, 2025, managers holding short positions exceeding \$10 mil-lion or 2.5% of a company's shares must file Form SHO (short sale report) on a monthly basis. This measure is designed to increase transparency in short selling, help-ing regulators and investors better

ing regulators and investors better detect market manipulation and mitigate systemic risks. In India, there is a debate on short sellers as well, though Helios Capital's Samir Arora thinks shorts provide valuable research and information and then readers/public may choose to agree/act or not or even take advantage of any fall, if they think price action is unjusti-fied. "We need more people willing to write negative reports, short stocks etc for better price discovery,"

he wrote on X.

At the end of the day, whether it is regulatory heat or personal choice, Anderson and Hindenburg have definitely been able to put pressure on regulatory bodies. To give him the last word, "...At a certain point a suc-cessful career becomes a selfish act." That's food for thought for many.

manipulation and accounting fraud against the Adani Group had led to a massive fall in its market capitalisation in early 2023. It has gained the lost ground since then.

In a statement on Thurs-

day, Anderson said: "The plan has been to wind up after we finished the pipeline of ideas we were working on. And as of the last Ponzi cases we just completed and are sharing with regulators, that day is today."

Adanis didn't comment on the shutdown, except for a cryptic tweet by Jugeshinder 'Robbie' Singh, chief financial officer of the group: "Kitne Ghazi Aaye, Kitne Ghazi Gaye (Many invaders have come and as many have perished)," Singh wrote, which appears to be a tongue-incheek response to the closure of the New York-headquartered company.

Shares of Adani Group rose by up to 10% on Thursday and the group's combined market capitalisation surged by ₹28,148 crore to ₹13.1 lakh crore.

Hindenburg downs shutters

Founded in 2017, Hindenburg Research, which said it specialises in forensic financial research, had made a series of allegations of stock manipulation and accounting frauds against Adani Group, just days ahead of a \$2.5-billion share offering by Adani Enterprises.

Hindenburg, which had short positions in Adani companies through US-traded bonds and non-Indian-traded derivative instruments, had said key listed companies in the group had "substantial debt", which put the entire group on a "precarious financial footing".

Anderson wrote: "The intensity and focus has come at the cost of missing a lot of the rest of the world and the people I care about. I now view Hindenburg as a chapter in my life, not a central thing that defines me"

Apart from Adanis, Hindenburg questioned the practices followed by many other companies. For example, it questioned the number of preorders that startup electric truck maker Lordstown Motors had reported for its Endurance model, leading to a shakeup in its management, according to an Associated Press Report. One of its most famous reports was a 2020 expose on Nikola, a company in the electric vehicle industry whose founder Hindenburg said made misleading claims to ink partnerships with top auto companies hungry to catch up to Tesla.

Nate Anderson's letter on closing down his firm was met with delight by many in the investment community.

In a world where many believe asset prices can go up forever, short sellers are party poopers. They often face flak for profiting when others are losing money but this reflects a fundamental misconception on the important role they play in free markets and capitalism.

To begin with, any profit is in some way, someone else's loss. Aren't investors in healthcare and hospital stocks profiting from the serious ailments of common people and the money they are losing to save their lives? Aren't investors in defence stocks profiting from war and terror or at least the threat of it? Giant corporations like Walmart and Amazon and there are many in India too - that have grown their businesses by gaining market share and obliterating small and medium businesses and impacting the livelihood of their employees. The entire futures and options trading and intra-day trading is built on one party profiting from his/her counter party's loss.

There will be a lot of defence to counter the above points — all the businesses serve a need in the economy and free competition is good.

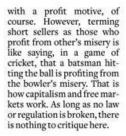

Short sellers would say the same thing. They serve the need in capital markets to fight market excesses, bubbles and accounting frauds. Of course, some amongst them could be unscrupulous but how is it different in any other field?

Whether it was the dotcom bust and consequent recession or the bursting of housing bubble that left thousands of home owners on the streets and brought global financial markets to its knees — they all reflect excesses that got too big and, in turn, caused destruction. Short sellers tried to fight it.

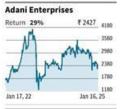

HINDENBURG-ADANI DUEL ENDS IN A DRAW

As much as Hindenburg reaped rich success in its attack against many of the global companies it targeted, its duel with the Adani Group did not end that way. One could say, it has ended in a somewhat draw. When compared to January 2023, when the report was released, Adani Group businesses have grown substan-Group company profits are significantly higher today. While leverage remains a concern in some companies like Adani Green, overall, the balance sheets of group companies are better today than they were two years ago. The Ádani Group

fought back hard and had its way.

One factor that made the allegations against the Adani Group less impactful is that it involved aspects outside the company (allegations of stock price manipulation, violation of certain laws, etc) rather than on the business or accounting side. This was a big departure from the typical Hindenburg reports that focus on accounting frauds and misrepresentations.

So why a draw and not a win for Adani? The Hindenburg attack managed to significantly dent the bloated share prices of firms like Adani Total Gas, Adani Green and Adani Transmission; the shares today languish at 60-85 per cent below peak levels. Of course, some like Adani Power and Adani Ports are trading significantly higher.

As we said when the report was first released, when a seasoned short seller takes on one of the mightiest Indian corporations, it is a case of the irresistible force meeting the immovable object paradox.

We shook empires: Anderson

SHUTTING SHOP. Decision to wind up was not due to one specific thing, it was at the cost of missing people I care for, says founder of short-seller Hindenburg Research

Janaki Krishnan

Nate Anderson, the man behind Hindenburg Research, the short seller hedge fund that was responsible for the rout in Adani Group stocks in January 2023 when it accused the group of irregularities, has decided to disband his company.

In a note, Anderson said, "As I've shared with family, friends and our team since late last year, I have made the decision to disband Hindenburg Research. The plan has been to wind up after we finished the pipeline of ideas we were working on." He added that since investigations into the last Ponzi cases were completed and shared with regulators, "that day is today".

Hindenburg Research's modus operandi was to dive deep into companies or groups identified by it, investigating them for corporate fraud, accounting jugglery, corporate governance lapses and release their findings via its website. When the shares of such companies tanked, it would purchase them having previously taken short positions in them.

HIGH PROFILE CASE

Its first and most high profile target in India was the Adani group, the allegations wiping

MAN ON A MISSION. Nate Anderson, Founder, Hindenburg Research

out over \$130 billion in market capitalisation. It also spurred investigations by Securities and Exchange Board of India as well as a Supreme Court-mandated probe, both of which remained inconclusive, virtually giving a clean chit to the group.

Companies that were a target of its investigations included Super Micro Computer, Nikola, Cover Health, Lordstown Motors, and Clover Health.

In the case of Nikola, Hindenburg Research accused the founder Trevor Milton of perpetrating an intricate fraud built on dozens of lies.

Its stock plunged 40 per cent and the US Securities and Exchange Commission opened an inquiry, that found Milton guilty of wire and securities fraud.

It also went after Icahn Enterprises, alleging that its dividend structure functioned like a Ponzi scheme. Its shares fell over 50 per cent after the disclosures.

ON JOURNEY & WORK

Writing about his journey and work, Anderson said, "It has also been rather intense, and at times, all-encompassing. I often wake up from my dreams because I've thought of a new investigative thread to pull on in my sleep, or an edit that clarifies a point I didn't realize I was troubled by during the day." "We shook some empires that we felt needed shaking," he said. His decision to disband was not due to any one specific thing - "no particu-lar threat, no health issue, and no big personal issue," but a feeling that the intensity and focus had come at the cost of missing a lot of the world and the "people I care about." Adani group CFO, Jugeshinder Robbie Singh, posted a cryptic comment on microblogging site X, "Kitne Ghazi Aaye, Kitne Ghazi Gaye".

GREY ZONE

Private investor and markets commentator Ajay Bagga in a long post on X enumerated several reasons for the closure of Hindenburg Research including that it operated in a grey zone and that some regulatory action may have taken place and shutting down would be a way to skip penalties.

"Damage has been done to companies, promoters and markets by targeted attacks from which they sought to benefit," he said, adding that it was not an altruistic, truth seeking endeavour.

"Wont be missed. Dismissed," the post ended.

There were others who lauded Anderson's efforts. Public interest lawyer and activist Prashant Bhushan write on X, "They did outstandingly detailed and meticulous research on many companies involved in criminal manipulation. Many were prosecuted and jailed due to Hindenburg's exposes done at great risk and cost. Our salute."

Political analyst Tehseen Poonawalla tweeted that the group was not a crusader "but they used the free market to destroy lives and profits."

Why has Hindenburg cut itself short?

Hari Viswanath

bl. research bureau

"It's bittersweet... Short sellers put up with weeks and months of misery, and you feel good for hours and days."

That's what famed short seller Jim Chanos said in an interview to the *Financial Times*, when asked about the estimated \$100 million in profits his fund had made by shorting German fintech Wirecard, which turned out to be a fraudulent company.

This bittersweet feeling is what appears to be reflected in Nate Anderson's decision to shutter the firm he founded — Hindenburg Research. In the Indian context, one could argue that his allegations against the Adani

Group remain unproven and give some the chance to take potshots at the short-seller but this does not by any means take away his stellar overall record with hits far outnumbering misses.

Successful and genuine short-seller success stories play out in a pattern as exemplified by Mahatma Gandhi's famous quote: "First they ignore you, then they will laugh at you, then they will fight you, then you will win."

ON SIMILAR LINES

This is how it played out for short-sellers of Enron, the US housing market during the 2002-07 bubble, and many more.

Of course, many get wiped off just before victory is round the corner, like Julian Robertson, who was forced to liquidate his fund, Tiger Management, after his short bets on overvalued technology stocks during the dotcom boom kept losing money. The irony is that the liquidation happened in March 2000, just days before the dotcom bubble burst.

Given this, it's hard to dismiss the actual reasons for shuttering Hindenburg, as explained by Anderson. While speculation is rife in India that there is more to it than meets the eye since this is happening just days before Donald Trump takes over as US President and he is doing this to avoid a joint US-India investigation, this sounds unconvincing. For, how would closing a firm grant immunity against any past misdeeds, if there were any?

INFAMOUS short-selling firm Hindenburg Research, which is now being disbanded as per an open letter from its founder Nate Anderson, has been under the radar of Indian regulators like the Securities and Exchange Board of India (Sebi) over its report against the Adani Group, which was dismissed by the Supreme Court.

The Adani Group always vehemently rejected allegations by Hindenburg Research as 'malicious, mischievous and manipulative selections of publicly available information' to arrive at 'pre-determined conclusions for personal profiteering with wanton disregard for facts and the law'.

"For a discredited shortseller under the scanner for several violations of Indian securities laws, Hindenburg's allegations are no more than red herrings thrown by a desperate entity," according to the Group.

The Sebi last year issued a show-cause notice to Hindenburg Research, Nate Anderson and the entities of Mauritius-based foreign portfolio investor Mark Kingdon for trading violations in the scrip of Adani Enterprises Ltd leading up to Hindenburg Report.

WASHINGTON/NEW DELHI

HINDENBURG Research, which made international waves with campaigns targeting billionaire Gautam Adani that wiped billions from market value of his group companies, will disband, its founder Nate Anderson announced on Thursday.

Announcement by Anderson, 40, who started Hindenburg in 2017, came just days before Donald Trump's inauguration as the new President of the United States. While he cited the toll of the "rather intense, and at times, all encompassing" na-ture of the work as the reason for his decision", critics were quick to link the shutting down Hindenburg's alleged ties with George Soros and the so-called deep state being under significant pressure from the incoming Trump administration.

Adani Group CFO Jugeshinder Robbie Singh in a cryptic post on X said: "Kitne Ghazi Aaye, Kitne Ghazi Gaye" Typically, short-sellers like Anderson, who managed his firm's own money, but not that of others, bet against companies they believe are plagued with mismanagement or involved in some fraud/scam. Short sellers borrow a stock to sell it in the expectation the price will fall, then repurchase the shares and pocket the difference. They book loss if the reverse happens. Hindenburg in January 2023 published a report accusing the Adani group of pulling the largest con in the corporate history", wiping out more than \$150 billion in value of the group's shares

at their lowest point. Adani group vehemently denied all the allegations including that being "engaged in a brazen stock manipulation and accounting fraud scheme over the course of decades" and improper use of offshore tax havens to shore up group share prices.

Business tycoon Adani was ranked world's fourth-richest and Asia's wealthiest person a day before the report was published. He slipped following the heavy selling witnessed in the group stocks. On Thursday, with a net worth of \$75 billion, he was ranked at No.20, behind Mukesh Ambani (ranked 17th with \$91.5 billion net worth).

"There is not one specific thing - no particular threat, no health issue and no big personal issue," Anderson wrote in a letter posted on the firm's website. The intensity and focus has come at the cost of missing a lot of the rest of the world and the people I care about. I now view Hindenburg as a chapter in my life, not a central thing that defines me."

A graduate of international business management from the University of Connecticut, Nathan (Nate) Anderson founded a 'forensic financial research' firm to specialise in spotting wrongdoings and

frauds, or what it calls manmade disasters, at companies around the globe and taking market bets against them. He named his firm after the German airship, Hindenburg, which caught fire and crashed in 1937 in what was seen as a man-made disaster as some 100 people were loaded on the balloon filled with hydrogen - the most flammable material in the universe. Hindenburg in 2020 went after electric truck maker Nikola, which led to a US jury convicting founder

Trevor Milton of fraud two years later.

This month, it went after Ernie Garcia III's Carvana Co, accusing him and his father, Ernie Garcia II, of an "accounting grift for the ages". The auto retailers denied allegations and its stock soon recovered. Hindenburg's past targets include Lordstown Motors Corp (US), Kandi (China), Clover Health (US) and Tecnoglass (Colombia). In 2023, it shorted Carl Icahn's Icahn Enterprises and Jack Dorsey-led Block.

Regulatory threat looming large over the short seller

NEW DELHI

HINDENBURG Research, the controversial activist short-selling firm founded by Nathan Anderson in 2017, has announced its own demise. The firm was infamous in financial circles for its sensational reports targeting companies it alleged were engaged in fraudulent or unethical practices, including high-profile cases involving Nikola Corporation and the Adani Group.

While the official explanation for the closure revolves around Anderson's personal decision to move on, some observers suggest the move comes ahead of anticipated changes in US

regulatory oversight, as the upcoming administration is expected to scrutinise financial entities linked to systemic disruptions in global markets.

Several analysts and commentators have repeatedly pointed out that Hindenburg Research, much like the Organized Crime and Corruption Reporting Project (OCCRP), operated as a Soros-backed deepstate tool to serve broader geopolitical objectives.

It has been suggested that these entities, under the guise of independent investigations, were strategically leveraged by the Joe Biden administration to create financial instability in targeted foreign economies.

Rajya Subha MP and Senior Advocate Mahosh jehmalani on Thursday alleged that Hindenburg Research's disbanding signals deeper implications, suggraving possible servating by U.S. authorizes or fear of investigation for is role in targeting adami Group shares. Accusing the research firm of being part of an "attempt to shabe India's conomy," Jehmalani listole the development to the "democratic deep state" led by George Soros, terming if an act of "conomic tereorism" sinced at destabilining India. The founder of the US-based short seller Hindenhung Research, Nate Anderson, annoanced on Thursday that he has decided to clone down the open-tions of his investigative firm. Anderson shared this decision through an official statement.

BJP MP Mahesh Jethmalani

He revealed that the decision to disband was not due to any external threats, personal health, or major issues, Instead, it was motivated by a desire to step back from the intensity of his work and focus on other aspects of life. In January 2023, Hindenburg published a report ac-

cosing the Adami Group of financial irregularities, leading to a significant drop in the company's stock price. The group at the time had rubbished these claims. The Adami group has repeatedly denied all the accusations in the Hindenburg Research report. In June this year, while addressing the Annual General Meeting (AGM) of Adami Enterprises, Group Chairman Gaotam Adami said they were "faced with baseless accusations made by a foreign short seller, that questioned our decades of hard work." In the face of an unprecedented attack on our integrity and reputation, we fought back and proved that so challenge could weaken the foundations on which your Group has been established," he told the gathering.

हिंडनबर्ग रिसर्च ने समेटा कारोबार

खुशबू तिवारी मुंबई, 16 जनवरी

गौतम अदाणी की अगुआई वाले अदाणी समूह पर अपनी रिपोर्ट के लिए चर्चित अमेरिका की शॉर्ट सेलिंग फर्म हिंडनबर्ग रिसर्च ने आज अपना कारोबार समेट लिया। हिंडनबर्ग की रिपोर्ट में अदाणी समूह पर कई आरोप लगाए गए थे जिससे समूह के शेयरों में भारी गिरावट आई थी।

हिंडनबर्ग रिसर्च के संस्थापक नेट एंडरसन ने इसकी वेबसाइट पर एक पोस्ट किया और बिना कोई कारण बताए इसे बंद करने

अमेरिकी फर्म के कारोबार पर ताला

- फर्म के संस्थापक नेट एंडरसन ने कारोबार बंद करने का किया ऐलान
- अदाणी समूह के खिलाफ रिपोर्ट जारी कर सुर्खियों में आई थी हिंडनबर्ग रिसर्च
- इस खबर के बाद अदाणी समूह की कंपनियों के शेयरों में आई तेजी

का ऐलान कर दिया। नोट में उन्होंने कहा, 'मैंने हिंडनबर्ग रिसर्च को बंद करने का निर्णय किया है। जो काम हम कर रहे थे, वह खत्म होने के बाद कंपनी बंद करने की योजना पहले ही थी। हमने पोंजी मामले का अपना आखिरी काम पूरा कर लिया और रिपोर्ट नियामक को दे रहे हैं, इसलिए आज वह दिन आ गया।'

यह खबर आने के बाद अदाणी समूह के मुख्य वित्त अधिकारी जुगेशिंदर रॉबी सिंह ने सोशल मीडिया प्लेटफॉर्म एक्स पर लिखा, 'कितने गाजी आए, कितने गाजी गए।' हिंडनबर्ग को अदाणी समूह पर पहली बार आरोप लगाने के करीब दो साल बाद बंद किया जा रहा है। बाजार नियामक भारतीय प्रतिभूति एवं विनिमय बोर्ड (सेबी) ने पिछले साल जून में हिंडनबर्ग, अमेरिका के हेज फंड मैनेजर मार्क किंगडन और 4 अन्य को कारण बताओ नोटिस जारी किया था। सेबी ने उन पर अदाणी समूह के शेयरों में शॉर्ट पोजीशन के लिए गोपनीय जानकारी इस्तेमाल करने के वास्ते सांठगांठ करने का आरोप लगाया था। सूत्रों ने कहा कि हिंडनबर्ग के बंद होने के बाद भी सेबी इसके खिलाफ अपनी जांच जारी रखेगा। (शेष पृष्ठ 3 पर)

हिंडनबर्ग रिसर्च ने समेटा कारोबार

पृष्ठ-1 का शेष

हिंडनबर्ग रिसर्च ने सेबी के नोटिस को 'बकवास' कहकर खारिज कर दिया था और दावा किया था कि अदाणी शेयरों में शार्ट पोजीशन से उसकी कुल आय में केवल 41 लाख डॉलर का इजाफा हुआ था, जो ब्रेकईवन तक के लिए नाकाफी था।

फर्म बंद होने की खबर से गुरुवार को अदाणी समूह की कंपनियों के शेयर 1 से 10 फीसदी तक चढ़ गए। हिंडनबर्ग के आरोपों के बाद अदाणी समूह के बाजार पूंजीकरण में भारी गिरावट आई थी। 24 जनवरी, 2023 को समूह का बाजार पूंजीकरण 19.2 लाख करोड़ रुपये था, जो फरवरी, 2023 में घटकर 6.82 लाख करोड़ रुपये रह गया। अपनी प्रमुख कंपनी अदाणी एंटरप्राइजेज के 20,000 करोड़ रुपये के नए शेयर बेचने की योजना भी समूह को इस कारण रद्द करनी पड़ी थी।

इसके बाद जून 2024 तक समूह ने अपने नुकसान की लगभग पूरी भरपाई कर ली और आम चुनाव के नतीजों के बाद अदाणी समूह का बाजार पूंजीकरण दोबारा 19 लाख करोड़ रुपये के पार पहुंच गया था। मगर नवंबर में अमेरिकी न्याय विभाग और वहां के प्रतिभूति विनिमय आयोग के नए आरोपों से अदाणी समूह पर फिर

चोट पड़ी। उसने अमेरिकी अभियोजकों के आरोपों से इनकार करते हुए कहा था कि किसी पर भी गलत काम का कोई आरोप नहीं लगा। आज समूह का कुल बाजार पूंजीकरण करीब 12.91 लाख करोड़ रुपये रहा।

पिछले साल हिंडनबर्ग ने सेबी की चेयरपर्सन माधवी पुरी बुच और उनके पित धवल बुच पर भी आरोप लगाए थे। हिंडनबर्ग के आरोपों ने बाजार नियामक के लिए राजनीतिक तूफान खड़ा कर दिया, जिसके बाद जांच में निष्पक्षता और हितों के टकराव से संबंधित सवाल उठाए गए। बुच दंपती ने इन आरोपों को बेबुनियाद बताया था और इस बारे में स्पष्टीकरण भी जारी किया था।

सूत्रों ने बताया कि सेबी ने अदाणी-हिंडनबर्ग मामले की जांच पूरी कर ली है और जहां जरूरत थी, वहां कारण बताओ नोटिस भी जारी किए हैं। बाजार नियामक ने सर्वोच्च न्यायालय में बताया था कि इस सिलसिले में वह 24 मामलों की जांच कर रहा है।

इस वित्त वर्ष में सितंबर तक अदाणी समूह की चार कंपनियों को कारण बताओ नोटिस भेजे गए थे। नोटिस मुख्य रूप से कुछ इकाइयों की शेयरधारिता को गलत ढंग से सार्वजनिक शेयरधारिता बताने के मसले पर थे। घटनाक्रम के जानकार लोगों ने बताया कि अदाणी समूह ने मामले के निपटारे के लिए आवेदन किया है।

हिंडनबर्ग को बंद करने की घोषणा रिपब्लिकन पार्टी के एक सांसद के बयान के अगले दिन आई है। सांसद ने अमेरिकी न्याय विभाग से अदाणी और उनके समूह की कंपनियों को 'निशाना बनाकर मुकदमा चलाए जाने' से जुड़े सभी दस्तावेज सुरक्षित रखने को कहा है।

नोट में एंडरसन ने बताया कि लिखा, 'हमने कुछ ऐसे साम्राज्यों को हिला दिया, जिन्हें हिलाने की हमें जरूरत महसूस हुई। नियामकों द्वारा जिन लोगों पर दीवानी या आपराधिक आरोप लगाए गए हैं, उनमें अरबपित और कुलीन वर्ग के लोग शामिल हैं। हमने कुछ सल्तनतें हिलाकर रख दीं।'

हिंडनबर्ग इलेक्ट्रिक ट्रक बनाने वाली निकोला, ब्लॉक इंक और आइकान एंटरप्राइजेज पर रिपोर्ट लाने के लिए भी जानी जाती है।

एंडरसन ने कहा, 'हम निडर नहीं हैं मगर हमें सत्य पर यकीन है और उम्मीद है कि यह हमें सही रास्ता पर चलाएगा।'

नैट एंडरसन: हिंडनबर्ग को सुर्खियों में लाने वाला शख्स

सुंदर सेतुरामन और अभिषेक कुमार मुंबई, 16 जनवरी

हिंडनबर्ग रिसर्च उसी तरह अचानक बंद हो गई है, जिस तरह अपनी शुरुआत के साथ ही वह अचानक सुर्खियों में छा गई थी। वर्ष 2017 में शुरू हुई यह शॉर्ट-सेलर फर्म गौतम अदाणी, जैक डोर्सी, कैल आइकन और भारत के बाजार नियामक सेबी की प्रमुख माधवी

पुरी बुच जैसे दिग्गजों को निशाना बनाने वाली रिपोर्टों के जिरये सुर्खियों में आई थी। उसकी रिपोर्टों ने निवेशकों को हतप्रभ कर रख दिया था, साख को नुकसान पहुंचाया और राजनीतिक तूफान खड़ा किया। लेकिन गुरुवार को इसी फर्म के संस्थापक नैट एंडरसन ने ऐलान कर दिया कि वह इसे बंद कर रहे हैं।

अपने अंतिम भाषण में एंडरसन ने कहा कि जब उन्होंने हिंडनबर्ग की शुरुआत की थी, तब उन्हें यह अंदाजा नहीं था कि उनके सामने क्या खतरा है, लेकिन वे अपने द्वारा चुने गए रास्ते की ओर 'चुंबक की तरह' खिंचे चले गए।

वर्ष 2017 में हिंडनबर्ग रिसर्च की स्थापना के बाद से एंडरसन ने करीब 40 शोध रिपोर्टों और लेखों के जिरये दर्जनों कंपनियों को निशाना बनाया। हालांकि हिंडनबर्ग रिसर्च ने अदाणी समूह की कंपनियों से संबंधित अपनी रिपोर्ट के जिरये 2023 में भारत में तूफान ला दिया था। लेकिन एंडरसन की नजर शुरू से ही भारतीय कॉरपोरेट जगत पर थी। हिंडनबर्ग रिसर्च की वेबसाइट के अनुसार शॉर्ट-सेलर द्वारा अपने पहले ही वर्ष में जारी की गईं शुरू की दो रिपोर्ट तब अमेरिका में सूचीबद्ध भारतीय फिल्म

कंपनी इरोस इंटरनैशनल पर केंद्रित थीं। एंडरसन और उनकी फर्म के लिए एक बेहद चर्चित घटनाक्रम निकोला कॉरपोरेशन पर उसकी 2020 की रिपोर्ट से जुड़ा था। इस इलेक्ट्रिक वाहन कंपनी ने परिवहन उद्योग का कायाकल्प करने का वादा किया था। हिंडनबर्ग की जांच में अमेरिकी कंपनी निकोला पर अपनी तकनीकी क्षमताओं को बढ़ा-चढ़ाकर बताकर निवेशकों को गुमराह करने का

आरोप लगाया गया। रिपोर्ट के कारण निकोला के शेयरों में भारी गिरावट आई और नियामकों ने जांच की,जबिक कंपनी के संस्थापक ट्रेवर मिल्टन को कानूनी परिणाम भुगतने पड़े थे।

एंडरसन अमेरिका के कनेक्टिकट प्रांत के हैं। कनेक्टिकट विश्वविद्यालय में उन्होंने इंटरनैशनल बिजनेस स्टडीज की पढ़ाई की। हिंडनबर्ग रिसर्च शुरू करने से पहले एंडरसन ने फाइनैंस और डेटा विश्लेषण के क्षेत्र में काम किया था। उन्होंने अपनी पहली नौकरी फाइनैंशियल डेटा कंपनी में फैक्ट-चेकर के तौर पर शुरू की थी।

वित्तीय धोखाधड़ी की जांच में विशेषज्ञता हासिल करने का एंडरसन का निर्णय हैरी मार्कोपोलोस से प्रेरित था जो वित्तीय धोखाधड़ी के जांचकर्ता थे। उन्होंने 2008 में अमेरिका में 64.8 अरब डॉलर के बर्नी मैडॉफ के निवेश घोटाले का पर्दाफाश करने में अहम योगदान दिया था।

बुधवार को हिंडनबर्ग रिसर्च को बंद करने की घोषणा करते हुए जारी नोट में एंडरसन ने अपनी सफलता का श्रेय व्हिसलब्लोअर वकील ब्रायन वुड को भी दिया।

A Chapter In My Life, Founder Anderson Says

Partha.Sinha@timesofindia.com

Mumbai: Hindenburg Research, the US-based short-seller whose reports had shaved off about \$140 billion from Adani Group's market valuation in early 2023, pushed the Indian govt and markets regulator Sebi on the backfoot, and left Indian investors divided whether to support it or oppose, is winding down. Hindenburg had also targeted Sebi chief Madhabi Puri Buch and her husband Dhaval, alleging the duo of investing in the same offshore funds that the Adani Group had used to manipulate their stock prices. The couple had denied those allegations. Announcing the decision

ver the next six months, Anderson said he would be working to release articles and videos to open-source how the team went about their business of investigating corporate frauds, corruption and malfeasance across the world. Since its founding in 2017, "nearly 100 individuals have been charged civilly or criminally by regulators at least in part through our work, including billionaires and oligarchs. We shook some empires that we

felt needed shaking," Anderson said in his note.

Almost two years to the date, Hindenburg had released a 110-page report on the Adani Group alleging various types of corporate malfeasance. Following the report's release, over the next five weeks, about \$140 billion worth of the group's market value was lost. As a result, as the net worth of Gautam Adani, the group's chairman, fell, his ranking in the Forbes billionaire list went down from third richest in the world to out of the top 25th.

Last Aug, Hindenburg had released a report against the Sebi chief. "We find it unsurprising that Sebi was reluctant to follow a trail (in the Adani affair) that may have led to its own chairperson," the Hindenburg report said.

After the report was published, several opposition lawmakers demanded Sebi chief Buch's resignation while the BJP-led governing coalition at the Centre backed her.

In Nov 2024, Adani and some of his associates were indicted by two US govt arms. The US department of justice and the Securities Exchange Commission alleged that Adani Group executives and their associates had committed wire frauds and misled investors as the conglomerate was paying about \$220 million to Indian govt officials to win business. The Adani Group has denied the allegations.

Although DoJ and SEC indictment papers didn't mention Hindenburg's research reports against the Adani Group, Indian law-makers and market players tried connecting the two.

Adani Grp Had Denied Stock Manipulation Claims By H'Burg

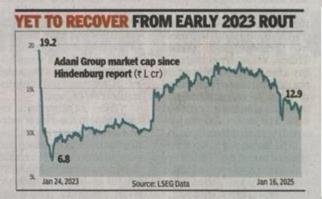

TIMES NEWS NETWORK

Mumbai: Stocks of companies belonging to the Adani group rallied as much as 10% in Thursday's market on the back of news that Hindenburg Research will close down. Nearly two-years to the day, the US-based short-seller had brought a massive crash in Adani group's stocks after it published a 110-page report alleging several corporate malfeasances by the Ahmedabad-based business house, including stock price manipulation, cooking of books etc.

Adani group had denied all the allegations and had threatened to sue Hindenburg Research in the US.

In Thursday's flat session in the overall market, the Adani group's combined market capitalisation jumped by about Rs 28,000 crore to Rs 12.9 lakh crore.

In addition to the reports of Hindenburg's clo-

sure, developments related to the temporary ceasefire in the Israel-Hamas war, also added to the positive sentiment surrounding the group's stocks, sources said. Adani group operates one of the major ports in Israel and a ceasefire is expected to lower uncertainties related to its port operations business in Israel.

In Thursday's session, among the group's stocks, NDTV closed nearly 10% higher while Ambuja Cements was up 4%, Sanghi Industries 3.5% and group flagship Adani Enterprises closed 1.7% up.

Sanghi Industries came under Adani's fold after Hindenburg's report on the group was released.

Only Adani Wilmar closed lower, down 1.2% on the day. The stock's price has been under pressure since Dec 30, the day the Adani group announced that it would exit the FMCG major.

At the close of Thursda-

Following the publication of the report, by Feb 27, its aggregate market value was at Rs 6.8 lakh crore, a loss of Rs 11.6 lakh crore or \$140 billion at the then exchange rate.

Congress & BJP cross swords as US short-seller Hindenburg shuts down

Closure not a clean chit for Adani, PM: Ramesh

TIMES NEWS NETWORK

New Delhi: Congress on Thursday said that the closure of 'Hindenburg Research' does not, in any way, mean a "clean chit" for the Adani Group and Prime Minister Narendra Modi. The Congress asserted that without an investigation by a joint parliamentary committee, "the already-compromised institutions of the Indian state will continue to act only to protect the powerful."

Congress's statement comes in the backdrop of Hindenburg Research founder Nate Anderson's announcement that the US short-seller would disband. To drive home its point, party general secretary in-charge of communications Jairam Ramesh said Hindenburg's report of January 2023 "proved serious enough to compel the Supreme Court of India to set up an expert committee to probe the allegation made in it against the Adani Group whose prime patron is none other than the present Prime Minister of India".

He alleged that the Hindenburg report covered only one part - securities laws violations - of the mega scam. "The matter goes far deeper," Ramesh alleged that it involves the "abuse of Indian foreign policy" and the "mis-

use of investigative agencies to force Indian business persons to divest critical infrastructure assets and help Adani build monopolies in airports, ports, defence and ce-ment". He further alleged that it also "involves the capture of once-respected institu- FRESH SLUGFEST tions such as SEBI".

Congress further highlighted that the US department of justice has accused Adani of bribing Indian officials to secure lucrative solar power contracts. "As evidence of criminality has emerged, many countries have cancelled their Adani projects," the party claimed.

Rahul in grip of urban Naxal thinking: Prasad

TIMES NEWS NETWORK

New Delhi: On the day Hindenburg announced its closure, BJP hit out at Rahul Gandhi and asked him if he will now acquire the franchise to run

the short-seller's "shop" which "works in sync" with Congress to destabilise India. "Rahul Gandhi is in the complete grip of urban Naxals' thinking process. Now that Hindenburg is closing its shop, have you got the contract for it?" BJP leader Ravi Shankar

Prasad asked at a press conference.

He also said with Donald Trump set to take over as US president in a few days, it was a matter of time before another India-baiter, billionaire donor George Soros "who funded Hindenburg", shuttered too.

Prasad's attack came a day after

Rahul kicked up a row by declaring Congress was now fighting RSS, BJP and the Indian state itself. BJP latched on to the comments to corner Rahul, and the attacks continued on Thursday after Hindenburg's founder announced his decision to shut down the research firm.

Its reports against the Adani group and market regulator Sebi last year had ignited political firestorms in India, and Congress had repeatedly cited it to attack PM Narendra Modi. The Adani group has denied the short-selling firm's charge of business malpractice and defied the widely held estimate that it would not survive the controversy triggered by Hindenburg. Prasad alleged that Hindenburg and Congress used to work in sync to destabilise India, adding that Hindenburg repeatedly worked against the Indian state by timing its reports with Parliament's sessions. Congress, predictably, jumped on the reports to disrupt proceedings, he added.

BJP, Cong trade barbs after US short-seller announces its closure

NEW DELHI: The BJP and Congress engaged in a war of words on Thursday after Hindenburg Research, whose reports on the Adani Group and SEBI chief had triggered political firestorms in India, announced its closure.

Former Union minister and BJP leader Ravi Shankar Prasad said the US short-seller's announcement came on a day when the Congress unveiled its new headquarters and took a swipe at Rahul Gandhi, asking if he has now got the "contract" to run Hindenburg's "shop". The Congress hit back, saying the closure of Hindenburg Research does not mean a clean chit for "Modani" - referring to alleged close ties between Adani and Prime Minister Narendra Modi.

"Rahul Gandhi is in the complete grip of urban Naxals' thinking process... Now that Hindenburg is closing its shop, has Rahul Gandhi got the contract for it," Prasad told reporters, alleging that Hindenburg and the Congress used to work in sync for a designed agenda to destabilise India.

Prasad further said that the "shop" of US-based billionaire investor George Soros is also going to close down with new

administration under Donald Trump is set to take over in America. He claimed that Soros funds Hindenburg.

In a statement early on Thursday (Indian time), Hindenburg's founder Nathan Anderson announced his decision to shut down the short-selling stock research firm.

Hitting back at the BJP for "rejoicing" at the closure of Hindenburg, the Congress said it will continue to expose the Adani Group's alleged nexus with the BJP.

The Congress is a 140-yearold party. Even before people knew about Hindenburg, we had been raising the Adani issue. We will continue to expose them. The closure of Hindenburg will not impact us," party leader Pawan Khera said.

Senior Congress leader Jairam Ramesh said: "The closure of Hindenburg Research does not, in any way, mean a clean chit for Modani.

NEW DELHI: Hindenburg Research which set off a firestorm in India with withering allegations against the Adani Group is being disbanded, marking the end of the American short-seller feared for successfully targeting dozens of corporations.

Nathan Anderson, who founded the research firm seven years ago, announced the closure but did not specify a reason for the decision. Hindenburg Research became a household name in India after accusing the Adani Group of "pulling the largest con in corporate history," in January 2023. Despite Adani Group's strong denial and rebuttal of the allegations, the group's market value slumped over \$150 billion in the first half of 2023. However, it has clawed back most of the losses since then.

Jugeshinder "Robbie" Singh, chief financial officer of Adani Group, posted a message on X, seen as a dig at the short-seller that hounded his group from distant shores but failed to bring it down. "Kitne Ghazi Aaye, Kitne Ghazi Gaye (Many invaders have come and as many have perished)," Singh wrote, which appears to be a tongue-in-cheek response to the closure of the New York-headquartered firm.

Hindenburg's allegations had sparked a political slugfest between the ruling Bharatiya Janata Party and the opposition Congress, with both sides taking potshots at each other. Congress alleged that the ruling party was favouring the Ahmedabad-based conglomerate, while the BJP attacked Congress for destabilizing the economy.

Earlier in the day, Anderson, 40, announced the closure of Hindenburg Research, which he had set up in December 2017.

"As I've shared with family, friends and our team since late last year, I have made the decision to disband Hindenburg Research," Anderson wrote on his blog, "I write this from a place of joy. Building this has been a life's dream," said Anderson, who did not share a reason behind closing his venture.

that we felt needed shaking."

In a personal note on the firm's website, founder Nate Anderson said, "As I've shared with family, friends and our team since late last year, I have made the decision to disband Hindenburg Research. The plan has been to wind up after we finished the pipeline of ideas we were working on. And as of the last Ponzi cases we just completed and are sharing with regulators, that day is today."

"Nearly 100 individuals have been charged civilly or criminally by regulators at least in part through our work, including billionaires and oligarchs. We shook some empires that we felt needed shaking," he said.

Hindenburg Research sparked a firestorm in January 2023 with its report accusing the Gautam Adani-led Adani Group of "brazen stock manipulation and accounting fraud scheme". The Adani Group denied the allegations.

short seller's report wiped out billions of dollars in market value from the Adani Group's stocks. It also sparked a heated debate on corporate governance and regulatory oversight in India.

Hindenburg Research's sudden closure has raised eyebrows, with many wondering what prompted the move. The firm had built a reputation for taking on corporate giants, and its reports were closely watched by investors and regulators worldwide.

In August 2024, Hindenburg alleged that Securities and Exchange Board of India (SEBI) chairperson Madhabi Puri Buch and her husband, Dhaval Buch, had "stakes in obscure offshore funds allegedly used in the Adani money siphoning scandal". The Buchs denied the charges, calling them "malicious, mischievous and manipulative".

There was no immediate comment from the Adani Group on the shutdown announcement by Hindenburg. However, the Group's Chief Financial Officer Jugeshinder Robbie Singh, in a cryptic post on X Thursday, said, "Kitne Ghazi Aaye, Kitne Ghazi Gave."

The market capitalisation, or total market value, of ten listed Adani companies plunged by Rs 7 lakh crore from Rs 19.24 lakh crore on January 23, 2023 – a day before the Hindenburg report came out – to Rs 12.24 lakh crore on November 21 when the US court filings on bribery charges surfaced.

US prosecutors in New York charged Gautam Adani, his nephew Sagar Adani and six others for allegedly offering Rs 2,029 crore (US \$265 million) in bribes to Indian government officials for securing "lucrative solar energy supply contracts" with state elec-

tricity distribution companies.

Earlier this month, US Republican Congressman Lance Gooden wrote a letter to Attorney General Merrick B Garland, seeking clarification on why the Department of Justice (DOJ) was pursuing a case against the Adani Group.

In a letter dated January 7, Gooden wrote: "In complete abeyance of public outcry about the rising violent crimes at home, the DOJ seems to be pursuing new expeditions to target businesses for alleged injustices abroad. One such example is the recent indictment of an Indian company's executives for alleged acts conducted in India in United States v. Adani (the Adani case) before the United States District for the Eastern District of New York."

"The allegations in the Adani case, even if proven true, would still fail to make us the appropriate and final arbiter on the issue. These 'bribes' were allegedly paid to Indian State government officials, in India, by Indian executives of an Indian company, with no concrete involvement of or injury to any American party," he wrote.

Gooden suggested that it would be wise for the DOJ to pursue cases where it was certain to have appropriate and conclusive jurisdiction.

On the disbanding of Hindenburg Research, Jairam Ramesh, Congress general secretary in charge for communications, said "the closure of Hindenburg Research does not, in any way, mean a clean chit for Modani".

In a statement, Ramesh said the "Hindenburg report of January 2023 proved serious enough to compel the Supreme Court of India to set up an Expert Committee to probe the allegation made in it against the Adani Group whose prime patron is none other than the present Prime Minister of India".

BJP senior leader and former Union Minister Ravi Shankar Prasad sought to know "why the Hindenburg shop has shut", adding that it seems the "shop of George Soros" is about to weaken.

Targeting Leader of Opposition Rahul Gandhi, Prasad wondered if the Congress leader had been awarded contract of the "shop" since Hindenburg was involved in "conspiracies against the Indian State, making adverse claims just before Parliament sessions".

BJP spokesperson Shehzad Poonawalla said, "The Hindenburg report was a 'supari' taken against India's rising economic power. This report was a sponsored, organised, orchestrated and manipulated act of economic anarchism and economic terrorism."

Hindenburg, which targeted Adani, shuts shop

WASHINGTON/ NEW DELHI: Hindenburg Research, the influential short-seller that sparked global attention with its explosive report on the Adani Group last year, announced its closure on Thursday. Founder Nate Anderson, 40, cited the intense nature of the work as the reason for disbanding the firm he established in 2017. The firm gained prominence after its January 2023 report on Adani Group.

WASHINGTON/NEW

DELHI: Hindenburg Research, which made international waves with campaigns targeting billionaire Gautam Adani that wiped billions from market value of his group companies, will disband, its founder Nate Anderson announced on Thursday.

Announcement by Anderson, 40, who started Hindenburg in 2017, came just days before Donald Trump's inauguration as the new President of the United States.

While he cited the toll of the "rather intense, and at times, all encompassing" nature of the work as the reason for his decision", critics were quick to link the shutting down Hindenburg's alleged ties with George Soros and the so-called deep state being under significant pressure from the incoming Trump administration.

Adani Group CFO Jugeshinder Robbie Singh in a cryptic post on X said: "Kitne Ghazi Aaye, Kitne Ghazi Gaye"

Typically, short-sellers like Anderson, who managed his firm's own money but not that of others, bet against companies they believe are plagued with mismanagement or involved in some fraud/scam. Short sellers borrow a stock to sell it in the expectation the price will fall, then repurchase the shares and pocket the difference. They book loss if the reverse happens.

Hindenburg in January 2023 published a report accusing the Adani group of "pulling the largest con in the corporate history", wiping out more than \$150 billion in value of the group's shares at their lowest point. Adani group vehemently denied all the allegations including that being "engaged in a brazen stock manipulation and accounting fraud scheme over the course of decades" and improper use of offshore tax havens to shore up group share prices.

Business tycoon Adani was ranked world's fourth-richest and Asia's wealthiest person a day before the report was published. He slipped following the heavy selling witnessed in the group stocks. On Thursday, with a net worth of \$75 billion, he was ranked at No.20, behind Mukesh Ambani (ranked 17th with \$91.5 billion net worth).

"There is not one specific thing - no particular threat, no health issue and no big personal issue," Anderson wrote in a letter posted on the firm's website. "The intensity and focus has come at the cost of missing a lot of the rest of the world and the people I care about. I now view Hindenburg as a chapter in my life, not a central thing that defines me."

Hindenburg in 2020 went after electric truck maker Nikola, which led to a US jury convicting founder Trevor Milton of fraud two years later.

This month, it went after Ernie Garcia III's Carvana Co, accusing him and his father, Ernie Garcia II, of an "accounting grift for the ages". The auto retailers denied allegations and its stock soon recovered.

Hindenburg's past targets include Lordstown Motors Corp (US), Kandi (China), Clover Health (US) and Tecnoglass (Colombia). In 2023, it shorted Carl Icahn's Icahn Enterprises and Jack Dorsey-led Block.

Anderson said he's winding up his firm after working through the last of its ideas and handing off tips on suspected ponzi schemes to regulators.

BJP slams Rahul over Hindenburg, asks if he got 'contract' to run the firm

NEW DELHI: The BJP on Thursday took a swipe at Rahul Gandhi, asking him if he has now got the "contract" to run Hindenburg's "shop" which it said "works in sync" with the Congress to destabilise India.

"Rahul Gandhi is in the complete grip of urban naxals' thinking process... Now that Hindenburg is closing its shop, have you Rahul Gandhi got the contract for it," BJP leader Ravi Shankar Prasad told reporters.

His attack came a day after Gandhi started a row by declaring the Congress was now fighting the RSS, the BJP and the Indian State itself. The comments were used by the BJP to excoriate Gandhi, and the attacks continued on Thursday when Hindenburg's founder announced his decision to shut down the short-selling stock research firm.

Its reports against the Adani Group and market regulator SEBI last year ignited political firestorms in India, and the Congress had repeatedly cited it to attack Prime Minister Narendra Modi.

On Thursday, the Congress said Hindenburg's shutting down does not absolve either Adani or the Modi government. In turn, the BJP said this only underscores the "deepening relationship" between the company and the main opposition party.

Adani has denied the shortselling firm's charge of business malpractice.

Prasad, a former Union minister, alleged that Hindenburg and the Congress used to work in sync for a designed agenda to destabilise india.

Noting that the announcement of disbanding Hindenburg was made as the Congress unveiled its new office, he took repeated digs at Gandhi and said the Indian State represents the constitutional identity of India as a free country.

He said Hindenburg repeatedly worked against the Indian State by releasing reports days before Parliament's sessions, and the Congress would use them to create political controversies.

Prasad claimed that the definition of Indian State includes the President, Vice-President, Parliament, state assemblies and also Gandhi as the Leader of Opposition in Lok Sabha besides the media.

Closure of Hindenburg Research not clean chit for 'Modani': Congress

With Hindenburg Research set to disband, the Congress on Thursday said its closure does not mean a clean chit for "Modani" and asserted that without a JPC, the "already-compromised institutions of the Indian state will continue to act state will continue to act only to protect the powerful. The opposition party's assertion came after Hindenburg Research founder Nate Anderson announced that the US short-seller would disband. Hindenburg Research made international waves with allegations against billionaire Gautam Adani that wiped billions from the market value of his group companies.The Adani group had earlier denied all allegations against it.

Congress general secretary in-charge communications Jairam Ramesh said, "The Jairam Ramesh said, The closure of Hindenburg Research does not, in any way, mean a clean chit for Modani. "However the Hindenburg Report covered only one part of

securities laws violations of the hydra-headed Modani MegaScam. Out of the 100 questions on the Adani Mega Scam that the

Congress party had asked of the PM in the Hum Adani ke Hain Kaun (HAHK) series during January-March 2023, only 21 questions related to revelations made in the Hindenburg report." Ramesh said. "The matter yeos far deeper It involves goes far deeper. It involves the abuse of Indian foreign policy to enrich the PM's close friends at the expense of the national interest. It involves the misuse of investigative agencies to Indian businesspersons to divest critical infrastructure assets and help Adani build monopolies in airports, ports, defence and cement,"

Ramesh alleged.

He further said it involves the capture of once-respected institutions

such as SEBI whose "discredited" chairperson continues in her position despite "clear evidence" of despite "clear evidence" of conflicts of interest and financial links to Adani.It is worth noting that a SEBI investigation that the Supreme Court gave two months to present its report has conveniently dragged on for almost two years with no end in sight, Ramesh said. "Modani may have -and it has -- captured India's and it has - captured indias institutions, but criminality exposed outside the country cannot be covered up in this way. The US Department of Justice has accused Adani

of bribing Indian officials to secure lucrative solar power contracts," he said. The Swiss Public Prosecutors Office has

frozen several Adani-linked bank accounts operated by Chang Chung-Ling and Nasser Ali Shaban Ahli that are "suspected of engaging in illicit activities, including money laundering and embezzlement", Ramesh embezziement. Ramesn claimed, citing a Swiss Federal Criminal Court order.As evidence of criminality has emerged, many countries have cancelled their Adani projects, Ramesh said.

"These are all serious acts of blatant favouritism and brazen criminality that can only be fully investigated by the Joint Parliamentary Committee (JPC). Without a JPC, the already-compromised institutions of the Indian state will continue to act

only to protect the powerful and the PM's friends, while India's poor and middle classes are left to fend for themselves deteriorating economic environment," Ramesh Announcement of the

Hindenburg, which targeted Adani, shuts shop

WASHINGTON/NEW DELHI. JAN Hindenburg 16 which Research. made international waves with campaigns targeting billionaire Gautam Adani that wiped billions from market value of his group companies, will disband, its founder Nate Anderson announced on Thursday Announcement by Anderson, 40, who started Hindenburg in 2017, came just days before Donald Trump's inauguration as the new President of the United States. While he cited the toll of the "rather intense, and at times, all encompassing" nature of the work as the reason for his decision". critics were quick to link the shutting down Hindenburg's alleged ties with George Soros and the so-called deep state being under significant pressure from incoming Trump administration. Adani Group CFO Jugeshinder Robbie Singh in a cryptic post on X said: "Kitne Ghazi Aaye, Kitne Ghazi Gaye".

Typically, short-sellers like Anderson, who managed his firm's own money but not that of others, bet against companies they believe are plagued mismanagement or involved in some fraud/scam. Short sellers borrow a stock to sell it in the expectation the price will fall, then repurchase the shares and pocket the difference. They book loss if the reverse happens. Hindenburg in January 2023 published a report accusing the Adani group of "pulling the largest con in the corporate history", wiping out more than USD 150 billion in value of the group's shares at their lowest point. Adani group vehemently denied all the allegations including that being "engaged in a brazen stock manipulation and accounting fraud scheme over the course of decades" and improper use of offshore tax havens to shore up group share prices.

Business tycoon Adani was ranked world's fourth-richest and Asia's wealthiest person a day before the report was published. He slipped following the heavy selling witnessed in the group stocks.

On Thursday, with a net worth of USD 75 billion, he was ranked at No.20, behind Mukesh Ambani (ranked 17th with USD 91.5 billion net worth). "There is not one specific thing - no particular threat, no health issue and no big personal issue," Anderson wrote in a letter posted on the firm's website. "The intensity and focus has come at the cost of missing a lot of the rest of the world and the people I care about. I now view Hindenburg as a chapter in my life, not a central thing that defines me."

A graduate of international business management from the University of Connecticut, Nathan (Nate) Anderson founded a "forensic financial research" firm specialise. in spotting wrongdoings and frauds, or what it calls man-made disasters, at companies around the globe and taking market bets against them. He named his firm after the German airship, Hindenburg, which caught fire and crashed in 1937 in what was seen as a manmade disaster as some 100 people were loaded on the balloon filled with hydrogen - the most flammable material in universe. Hindenburg in 2020 went after electric truck maker Nikola, which led to a US jury convicting founder Trevor Milton of fraud two years later. This month, it went after Ernie Garcia III's Carvana Co, accusing him and his father, Ernie Garcia II, of an "accounting grift for the ages". The auto retailers denied allegations and its stock soon recovered.

Hindenburg's past targets include Lordstown Motors Corp (US), Kandi (China), Clover Health (US) and Tecnoglass (Colombia). In 2023, it shorted Carl Icahn's Icahn Enterprises and Jack Dorsey-led Block.

"We shook some empires that we felt needed shaking," Anderson wrote, adding that nearly 100 people had been charged by regulators "at least in part" because of Hindenburg's work. Those charged civilly or criminally by regulators include billionaires and oligarchs, he wrote. Anderson said he's winding up his firm after working through the last of its ideas and handing off tips on suspected ponzi schemes to regulators. Over the next six months, he plans to work on a series of videos and materials on Hindenburg's model, so others can learn how the firm conducted investigations. "For now, I will be focused on making sure everyone on our team lands where they want to be next," he said. "So over the next 6 months or so I plan to work on a series of materials and videos to open-source every aspect of our model and how we conduct our investigations."

Anderson said one at a time, and without a clear plan, he built a team of 11 incredible people. "They are all smart, focused, and fun to work with. Little to no ego. When you meet them, they are all very nice and polite. But when it comes to this field, they are ruthless assassins, capable of world-class work."

"Like me, our team didn't come from traditional finance backgrounds. My first hire often describes himself as a former bartender. We all have a shared view of the world, a mostly calm exterior, and a similar burning underlying intensity," he said. "Over time, people began to see what I hoped we could show - that having an impact is possible, no matter who you are." Outgoing US President awarding George Soros. the infamous wealth destroyer, just weeks before leaving office, and Hindenburg, another infamous wealth destroyer, closing shop in a rush just days before the outgoing president departs -- read between the lines, the message is clear, commented Deven Choksi, a political and market expert and managing director of DRChoksey

Hindenburg report against Adani led to a political storm in India. But as months passed, the Supreme Court dismissed a petition from litigators based on it while the Adani Group recovered lost ground with strong operating performance and stock recovering most of the losses. Investor and commentator Ajay Bagga said Hindenburg operated in a grey zone, publishing negative reports taking short positions, including via hedge funds who were not disclosing their positions. "Short sellers hardly ever make sustained profits. That is why the few who do, as for example in 2008, are celebrated so much. The rest make hardly any returns over the long term," he said. "Some regulatory action may have taken place and a way to skip penalties may be an agreement to quietly shut down. Hope they get prosecuted and are not let off so easily in case some regulatory or legal action is ongoing against them." (PTI)

Adani Group stock prices surge 5-10%

RAVI RANJAN PRASAD MUMBAI, JAN. 16

US-based short seller Hindenburg Research announcing closure of its activities buoyed market sentiments towards Adani Group companies, which gained 5 to 10 per cent in the morning trade before investors booked profits during the day.

Before Hindenburg's founder Nathan Anderson announced shutdown on January 15, their research reports targeting Adani Group's alleged business deals and chairperson of Securities and Exchange Board of India (Sebi) brought huge volatility in the stock prices of Group companies.

The first such scathing attack on Adani Group by Hindenburg coincided with the former's ambitious ₹20,000-crore capital raising plan in January 2023 through a follow on public offering (FPO) which had to be called off as share price fell much below the offer price of ₹3,112 to ₹3,276 per equity share.

Hindenburg's allegations on Adani Group shook investors' confidence to wipe off ₹7.35 lakh crore or 38.26 per cent of its m-cap in just six days as it fell from ₹19.21 lakh crore to ₹11.86 lakh crore.

On August 10, 2024 Hindenburg again had alleged Sebi chairperson Madhabi Puri Buch's and her husband Dhaval Buch's stake in obscure offshore entities were linked to Adani Group, which again led to huge volatility in Adani stocks. Adani Group stocks fell by up to 7 per cent the next day and investors suffered a loss of approximately ₹53,000 crore as Adani Group's market cap came down to ₹16.7 lakh crore.

Earlier, Sebi had issued a show cause notice to Hindenburg Research in July 2024. The notice accused the US-based short seller of violating Sebi regulations and US Securities laws. The allegations were related to Hindenburg's report on the Adani Group in 2023.

Another blow to Adani Group came from the US Department of Justice later on November 20 last year. This again jolted Adani Group stocks but subsequent clarifications by the Group led to full recovery in the stock prices.

The latest development of Hindenburg's closure led to sharp gains for Adani Group stocks. At close, Adani Enterprises was up 1.74 per cent at ₹2427. Other stocks that rose are Adani Power (2.4 per cent), Adani Port & SEZ (2 per cent), Adani Green Energy (3.3 per cent), Adani Energy Solutions (1.5 per cent), Adani Total Gas (1.7 per cent), ACC (0.7 per cent). Ambuja Cements (3.9%),

Short seller's reports led to 100 individuals being charged civilly or criminally, including billionaires, oligarchs

FALAKNAAZ SYED MUMBAI, JAN. 16

Hindenburg founder Nate Anderson while officially announcing the firm's closure on Wednesday, stated in a post that the US based shortseller's investigations have led to 100 individuals being charged civilly or criminally by regulators including billionaires and oligarchs.

"Nearly 100 individuals have been charged civilly or criminally by regulators at least in part through our work, including billionaires and oligarchs," he wrote. "We shook some empires that we felt needed shaking."

we felt needed shaking." The US short seller shot to fame in India with his scathing report on Adani Group, However, this wasn't Hindenburg's first time targeting an Indian com-pany. At its inception, the short seller's three critical research reports centered on then-US listed Indian film company Eros International alleging major accounting irregularities, including suspect ed undisclosed related party transactions, asset inflation and falsified rev-enue, among other issues. In January 2023, the company was delisted by the NYSE. Almost eight years after its initial reports, Indian securities regulator SEBI corroborated many of Hindenburg's findings, fined and barred Eros promoter and man-aging director Sunil Lulla. Over the years,

Over the years, Hindenburg acquired a reputation of publishing scathing reports targeting big companies and billionaires. It gained global attention after targeting US electric truck maker Nikola in 2020. Hindenburg's report against Nikola led to a massive stock selloff, and its founder, Trevor Milton, was sentenced to four years in prison on charges of securities and wire fraud.

In mid-2022, following Elon Musk's agreement to buy Twitter, Hindenburg announced a short position, betting that Musk, a notoriously impulsive individual, would either try to renegotiate or walk away from the deal. "Four days later, Musk attempted to walk away from the deal, sending Twitter's stock lower. We covered

our short and later went long, believing that Musk's arguments for backing out were unlikely to prevail in court. Musk later closed the deal at the originally agreed upon price, resulting in investment gains in both directions," said Hindenburg on its site.

The US short seller has released reports on more than 63 companies including Supermicro, Icahn Enterprises, Block, Clover Health, Nikola Corp among others.

In January 2023, Hindenburg released its explosive report accusing Adani group of stock manipulation, accounting fraud, and using improper tax havens and shell companies to manage funds, significantly impacting the stock market.

The Adani group consistently denied the accusations, describing them as "calculated attacks on India" while SEBI defend-

ed its competence and independence in handling the investigation. "For a discredited short-seller under the scanner for several violations of Indian securities laws, Hindenburg's allegations are no more than red herrings thrown by a desperate entity," Adani Group said.

Hindenburg to shut; Congress demands JPC: 'No clean chit'

AGE CORRESPONDENT NEW DELHI, JAN. 16

Rejecting the claims that the closure of Hindenburg Research amounts to a "clean chit" for the Adani Group, the Congress on Thursday renewed its demand for a Joint Parliamentary Committee (JPC) probe into the alleged financial irregularities of the conglomerate.

The Congress assertion came after Nate Anderson, the founder of Hindenburg Research, which had made allegations against billionaire Gautam Adani, announced that the US short-seller will disband. And the BJP attacked the Opposition party and its leaders, particularly Lok Sabha Leader of Opposition Rahul Gandhi, for "toeing the lines of urban naxals and anti-India forces".

The Hindenburg report of January 2023 proved serious enough to compel the Supreme Court of India to set up an expert committee to probe the allegation made in it against the Adani Group, "whose prime patron is none other than the present Prime Minister of India", Mr Ramesh said in a statement.

The Congress general secretary added: "However, the Hindenburg Report covered only one part of securities laws violations — of the hydra-headed Modani MegaScam. Out of the 100 questions on the Adani Mega Scam that the Congress party had asked of the PM in the Hum Adani ke Hain Kaun (HAHK) series during January-March 2023, only 21 questions related to revelations made in the Hindenburg Report."

"The matter goes far deeper. It involves the abuse of Indian foreign policy to enrich the PM's close friends at the expense of the national interest. It involves the misuse of investigative agencies to force Indian businesspersons to divest critical infrastructure assets and help Adani build monopolies in airports, ports, defence and cement," Mr Ramesh alleged.

The Congress leader further said it involves the capture of once-respected institutions such as the Sebi whose "discredited" chairperson continues in her position despite "clear evidence" of conflicts of interest and financial links to

It is worth noting that a Sebi investigation that the Supreme Court gave two months to present its report has conven iently dragged on for almost two years, with no end in sight.

"Modani may have -- and it has -- captured India's institutions, but criminality exposed outside the country cannot be covered up in this way. The US department of justice has accused Adani of bribing Indian officials to secure lucrative solar power contracts," he said.

Slamming the Hindenburg Research reports as "supari" taken against India's rising economic power, the BJP said the report was a sponsored, organised, orchestrated and manipulated act of economic anarchism and economic terrorism. The party also took a dig at Mr Gandhi, asking when he will stop his propaganda against India, as his "international alliance partner," Hindenburg, has shut its shop.

"What is your relationship with Hindenburg? Was it a Soros-sponsored report? Today, the Congress should clarify and apologise. The Congress and its ecosystem are antinational," asked BJP national spokesperson Shehzad Poonawalla.

BJP IT cell head Amit Malviya said Hindenburg Research's decision to disband comes as little surprise, coinciding with the Trump administration's transition into office.

The BJP leader further said that as the US department of justice plans to investigate the firm's operations, it's worth reflecting on how Mr Gandhi and the Congress party relied on the Hindenburg's reports.

"They frequently held press conferences and disrupted parliamentary proceedings, basing their actions on findings from this dubious George Soros-funded organisation. Hindenburg and its sponsors targeted the Indian stock market, which sees massive participation from retail investors, with the Congress party acting in alignment with their sinister agenda," Mr Malviya posted on X.

The Congress said Hinderburg's closure does not mean a clean chit for "Modani" and asserted that without a JPC, the "already-compromised" institutions of the Indian state will continue to act only to protect the powerful.

Congress general secretary in-charge communications Jairam Ramesh said, "The closure of Hindenburg Research does not, in any way, mean a clean chit for Modani."

Supari against economy

The BJP slammed Hindenburg Research, alleging that the US-based short seller's reports were 'supari' taken against India's rising economic power.

BJP Spokesperson Shehzad Poonawalla alleged that Hindenburg's report was a sponsored, organised, orchestrated and manipulated act of economic anarchism and economic terrorism.

BJP leader Amit Malviya questioned the decision to disband, noting that it came at a time when the US Department of Justice was planning an investigation into the firm's operations. Senior Advocate and BJP Rajya Sabha MP Mahesh Jethmalani alleged that Hindenburg Research's disbanding signals deeper implications, suggesting possible scrutiny by US authorities or fear of investigation for its role in targeting Adani Group

he Hindenburg Research Group's closure does not in any way mean a clean chit for the Adani Group, the Congress said on Thursday, reacting to Hindenburg founder Nate Anderson's announcement on disbanding the U.S.-based short seller. The party has reiterated its demand for a Joint Parliamentary Committee investigation into alleged "acts of blatant favouritism and brazen criminality" by the Adani Group in collusion with the government.

In January 2023, Hindenburg Research alleged that the Adani Group had indulged in "stock price manipulation". Based on its report, the Supreme Court on March 2, 2023, had asked SEBI to investigate the allegations.

The Congress has been running a sustained campaign highlighting the government's alleged bias towards Mr. Adani. Mr. Ramesh said that the Hindenburg Report only covered one part of the "hydra-headed Modani mega scam", namely securities laws violations. "Out of the 100 questions on the Adani Mega Scam that the Congress party had asked of the PM in the Hum Adani ke Hain Kaun (HAHK) series during January-March 2023, only 21 questions related to revelations made in the Hindenburg report," Mr. Ramesh said.

'Foreign policy abuse'

The matter, he said, goes far deeper. "It involves the abuse of Indian foreign policy to enrich the PM's close friends at the expense of the national interest. It involves the misuse of investigative agencies to force Indian businesspersons to divest critical infrastructure assets and help Adani build monopolies in airports, ports, defence and cement," Mr. Ramesh alleged.

He claimed that it involves the capture of oncerespected institutions such as SEBI whose "discredited" chairperson continues in her position despite "clear evidence" of conflicts of interest and financial links to Adani.

"Modani may have – and it has – captured India's institutions, but criminality exposed outside the country cannot be covered up in this way. The U.S. Department of Justice has accused Adani of bribing Indian officials to secure lucrative solar power contracts," he said.

The Swiss Public Prosecutor's Office has also frozen several Adani-linked bank accounts operated by Chang Chung-Ling and Nasser Ali Shaban Ahli that are "suspected of engaging in illicit activities, including money laundering and embezzlement," the Congress leader claimed, citing a Swiss Federal Criminal Court order. As evidence of criminality has emerged, many countries have cancelled their Adani projects, he added.

The Congress reiterated its long-standing demand for a probe by a Joint Parliamentary Committee. "These are all serious acts of blatant favouritism and brazen criminality that can only be fully investigated by the Joint Parliamentary Committee. Without a JPC, the already-compromised institutions of the Indian state will continue to act only to protect the powerful and the PM's friends, while India's poor and middle classes are left to fend for themselves in a deteriorating economic environment," Mr. Ramesh said.

U.S.-based shortseller Hindenburg Research will be disbanded, its founder Nathan Anderson has said, adding that the firm has completed the projects it was handling.

Sensex, Nifty extend gains for third day on strong global cues

PTI MI MIMBA

Equity benchmark indices Sensex and Nifty rallied for the third session on the trot on Thursday, helped by a rally in global markets after lower-than-expected consumer inflation in the US ignited hopes of more rate cuts by the Federal Reserve.

Intense buying in Reliance Industries, ICICI Bank and HDFC Bank also boosted sentiments, traders said.

The 30-share BSE index climbed 318.74 points or 0.42 per cent to revisit 77,000 level at 77,042.82. During the day, it jumped 595.42 points or 0.77 per cent to 77,319.50.

On the similar lines, the NSE Nifty rallied 98.60 points or 0.42 per cent to 23,311.80.

As many as 2,778 stocks advanced, while 1,188 declined and 101 remained unchanged on the BSE.

Unabated foreign fund inflows, weakness in the rupee and elevated global crude prices continue to weigh on domestic equity markets, traders said.

"Benchmark indices continued to trade in the positive, albeit off highs, driven by positive investor sentiment following mild US inflation data, which raised hopes for a potential rate cut by the Federal Reserve.

"Additionally, favourable developments in the Israel-Hamas ceasefire and a reduced trade deficit further boosted the market's upward movement. However, weak economic growth data from the UK dampened some of this optimism," Vinod Nair, Head of Research, Geojit Financial Services, said.

From the 30-share blue-chip pack, Adani Ports, State Bank of India, Bajaj Finsery, Bharti Airtel, Tata Motors, IndusInd Bank, NTPC, Maruti, Reliance Industries and Axis Bank were the biggest gainers.

In contrast, HCL Tech, Nestle, Infosys, Hindustan Unilever, ITC and Tata Consultancy Services were among the laggards.

IT services major Infosys on Thursday reported an 11.46 per cent year-on-year increase in consolidated net profit to Rs 6,806 crore in the October-December quarter of FY25.

Shares of Infosys slipped 1.21 per cent to settle at Rs 1,926.20 apiece on the BSE.

Meanwhile, Adani group stocks rallied on Thursday after Hindenburg Research founder Nate Anderson announced that he would disband the firm, which made international waves with campaigns targeting billionaire Gautam Adani that wiped billions from the market value of his group companies.

Hindenberg winds up political turmoil

DEEPAK KUMAR JHA/PTI NEW DELHI/ WASHINGTON

Hindenburg Research, the US investment research firm known for short-selling, which primarily targeted Indian billionaire Gautam Adani and created a flutter in the Indian political system by holding hostage the functioning of the Parliament for multiple sessions in last three years, has shut down its operations.

Announcement of the closure by Hindenberg Research founder Nate Anderson, who started in 2017, came just days before Donald Trump's inauguration as the new President of the United States. Adani Group CFO Jugeshinder Robbie Singh in a cryptic social media post: "Kitne Ghazi Aaye, Kitne Ghazi Gaye". Adani group always denied the allegations.

group always denied the allegations. The announcement of disband of Hindenberg once again ignited political duel between the Congress and the Bharatiya Janata Party (BJP). The Congress said its closure does not mean a clean chit for "Modani" and asserted that without a Joint Parliamentary Committee, the "already-compromised" institutions of the Indian state will continue to act only to protect the powerful.

The BJP alleged that Congress leader Rahul Gandhi is in the "complete grip" of the thinking process of "urban naxals", and asked if he has now got the "contract" for the Hindenburg Research's closed "shop". Former Union minister Ravi Shankar Prasad said US-based short-selling firm Hinderburg Research "shut its shop" the day the Congress inaugurated its new headquarters building.

The sudden and surprising announcement by Anderson comes within days of a Republican Congressman, a member of the House Judiciary Committee, asking the Department of Justice to preserve all the documents and communications related to the investigations of Adani and his companies.

"As I've shared with family, friends and our team since late last year, I have made the decision to disband Hindenburg Research. The plan has been to wind up after we finished the pipeline of ideas we were working on. And are sharing with regulators, that day is today," Anderson announced according to the PTI from Washington.

40 years old Anderson said he looks forward to taking up hobbies, travelling and spending time with his fiancée and their child, adding

that he has earned enough money to provide for them in the future.

BJP said it seems the "shop" of US-based billionaire investor George Soros is also going to close down with new administration under President-elect Donald Trump set to take over. Soros, he said, funds Hindenburg.

Congress chief spokesman Jairam Ramesh said the closure of Hindenburg Research does not, in any way, mean a clean chit for Modani." The Hindenburg report of January 2023 proved serious enough to compel the Supreme Court of India to set up an Expert Committee to probe the allegation made in it against the Adani Group "whose prime patron is none other than the present Prime Minister of India", he said in a statement.

"However the Hindenburg Report covered only one part of securities laws violations - of the hydra-headed Modani MegaScam. Out of the 100 questions on the Adani Mega Scam that the Congress party had asked of the PM in the Hum Adani ke Hain Kaun (HAHK) series during January-March 2023, only 21 questions related to revelations made in the Hindenburg report," Ramesh said.

"The matter goes far deeper. It involves the abuse of Indian foreign policy to enrich the PM's close friends at the expense of the national interest. It involves the misuse of investigative agencies to force Indian businesspersons to divest critical infrastructure assets and help Adani build monopolies in airports, ports, defence and cement," Ramesh alleged.

The Swiss Public Prosecutors Office has frozen several Adani-linked bank accounts operated by Chang Chung-Ling and Nasser Ali Shaban Ahli that are "suspected of engaging in illicit activities, including money laundering and embezzlement", Ramesh claimed, citing a Swiss Federal Criminal Court order.

Anderson, 40, made international waves in January 2023, publishing a report accusing Adani of "pulling the largest con in corporate history." The Indian tycoon ranked as the world's fourth-richest person at the time, according to the Bloomberg Billionaires Index. In quick succession, the bear also published reports on Dorsey's Block Inc. and Icahn's Icahn Enterprises.

All three financiers and their businesses adamantly disputed Hindenburg's assertions. Still, that year the trio saw their collective wealth swoon by as much \$99 billion while their publicly traded companies lost as much as \$173 billion of market value.

US prosecutors charged Adani with bribery in November, almost two-years after Hindenburg's original report was released. Congsays Hindenburg closure no clean chit for Adani; BJP claims Trump was to shut it

TRIBUNE NEWS SERVICE

NEWDELHI, JANUARY 16

The decision by US-based short seller Hindenburg Research to shut operations triggered a political slugfest in India, with the Congress claiming the closure didn't mean a clean chit for "Modani" while the BJP maintained the Trump administration was planning to probe the company.

Hindenburg had targeted several business entities, including the Adani group, and accused SEBI chairperson Madhabi Puri Buch of impropriety. The Congress has often used the findings by Hindenburg to target Prime Minister Narendra Modi because of his alleged close links with Adani group founder Gautam Adani. The party has coined the word "Modani" to describe what it calls an alleged nexus between PM Modi and Adani.

"The Hindenburg report of January 2023 proved serious enough to compel the Supreme Court to set up an expert committee to probe the allegations levelled against the Adani group," Jairam Ramesh, Congress general

secretary in charge of communications, said in a statement. "The Hindenburg report covered only one part—securities laws violations—of the hydraheaded 'Modani MegaScam'. Of the 100 questions on the 'Adani MegaScam' that the Congress had asked of the PM during January-March 2023, only 21 questions related to revelations made in the report," the statement said.

In August last year, the Congress held nationwide protests over Hindenburg's allegations against Buch and her husband.

BJP's IT cell chief Amit

Malviya today claimed that Hindenburg was disbanded because the US Department of Justice was planning to investigate the firm's operations once the Trump administration took over.

"It's worth reflecting on how Rahul Gandhi and the Congress relied on Hindenburg's reports. They frequently held press conferences and disrupted parliamentary proceedings. Hindenburg and its sponsors targeted the Indian stock market... the Congress acted in alignment with their sinister agenda," said Malviya.

Hindenburg, Adani wrecker, to shut shop

TRIBUNE NEWS SERVICE

CHANDIGARH, JANUARY 16

US-based short seller Hindenburg Research, which made waves with reports targeting Indian conglomerate Adani Group that battered shares of the group companies, is officially winding up its business.

Hindenburg Research, Adani wrecker, set to shut operations

"So, why disband now? There is not one specific thing — no particular threat, no health issue, and no big personal issue," he added in the note. Hindenburg gained global attention in January 2023 when it released a report alleging fraud and stock manipulation by Indian conglomerate Adani Group. The report stated that the group

was artificially boosting its share prices and was overvalued by over 80 per cent.

The report triggered a massive selloff in Adani Group shares, which led to loss in market capitalisation. This was followed by successive reports. All charges were denied by Adani and his companies.

In 2024, the short seller levelled allegations against Madhabi Puri Buch, chairperson of the Securities and Exchange Board of India (Sebi), and her husband Dhaval Buch of having a conflict of interest, claiming they held stakes in offshore entities linked to the alleged Adani money siphoning.

These allegations were based on documents provided by a whistleblower and other investigations.

The allegations by Hindenburg led to a political storm for the market regulator, which followed up with several accusations against the Sebi chairperson, questioning the objectivity in the investigation and conflict of interest.

The US-based firm was known for short selling. Short selling is a strategy where traders profit from a decline in the price of an asset, often a stock. In a short sale, investors borrow shares of a stock they believe will fall in value, sell those shares in the open market, and later buy them back at a lower price to return to the lender. In his personal note, Anderson wrote that nearly 100 individuals had been charged civilly or criminally by regulators.

Nate Anderson announced that he has decided to close down the operations of his investigative firm.

Indenburg Research, which made with campaigns targeting billionaire Gautam Adani that wiped billions from market value of his group companies, will disband, its founder Nate Anderson announced on Thursday.

The founder of the US based short Seller-Hindenburg Research, Nate Anderson announced on Thursday that he has decided to close down the operations of his investigative firm.

While he cited the toll of the "rather intense, and at times, all encompassing" nature of the work as the reason for his decision", critics were quick to link the shutting down Hindenburg's alleged ties with George Soros and the so-called deep state being under significant pressure from the incoming Trump administration.

Anderson shared this decision through an official statement, he revealed that the decision to disband was not due to any external threats, personal health, or major issues.

happens. Hindenburg in January 2023 published a report accusing the Adani group of "pulling the largest con in the corporate history", wiping out more than USD 150 billion in value of the group's shares at their lowest point. Adani group vehemently denied all the allegations including that being "engaged in a brazen stock manipulation and accounting fraud scheme over the course of decades" and improper use of offshore tax havens to shore up group share prices.

Business tycoon Adani was

ranked world's fourth-richest and Asia's wealthiest person a day before the report was published. He slipped following the heavy selling witnessed in the group stocks. On Thursday, with a net worth of USD 75 billion, he was ranked at No.20, behind Mukesh Ambani (ranked 17th with USD 91.5 billion net worth).

"There is not one specific thing - no particular threat, no health issue and no big personal issue," Anderson wrote in a letter posted on the firm's website. "The intensity and focus has come at the cost of missing a lot of the rest of the world and the people I care about. I now view Hindenburg as a chapter in my life, not a central thing that defines me." A graduate of international business management from the University of Connecticut, Nathan (Nate) Anderson founded a "forensic financial research" firm to specialise in spotting wrongdoings and frauds, or what it calls man-made disasters, at companies around the globe and taking market bets against them. He named his ship, Hindenburg, which caught fire and crashed in 1937 in what was seen as a man-made disaster as some 100 people were loaded on the balloon filled with hydrogen - the most flammable material in the universe.

Hindenburg in 2020 went after electric truck maker Nikola, which led to a US jury convicting founder Trevor Milton of fraud two years later.

This month, it went after Ernie Garcia III's Carvana Co, accusing him and his father. Ernie Garcia II, of an "accounting grift for the ages". The auto retailers denied allegations and its stock soon recovered.

Hindenburg's past targets include Lordstown Motors Corp (US), Kandi (China), Clover Health (US) and Tecnoglass (Colombia). In 2023, it shorted Carl Icahn's Icahn Enterprises and Jack Dorsey-led Block. "We shook some empires that we felt needed shaking," Anderson wrote, adding that nearly 100 people had been charged by regulators "at least in part" because of Hindenburg's work.

BJP leader Amit Malviya said that Hindenburg's decision to shutdown operation was no surprise as the new US Administration was looking to investigate the firm's operations.

The group at the time had rubbished these claims. The Adani group has repeatedly denied all the accusations in the Hindenburg Research report.

New Delhi/Mumbai: Nathan Anderson — the notorious US short seller who leapt to prominence with a report two years ago that accused the Gautam Adani-led conglomerate of stock manipulation and accounting shenanigans — has decided to disband his firm, Hindenburg Research.

The shock announcement late on Wednesday comes just four days before President-elect Donald Trump's inauguration amid speculation — with no real confirmation — that the two events might be linked.

Anderson insisted in a letter posted on the Hindenburg website that there was "no particular threat, no health issue and no big personal issue" that had triggered his decision to pull the plug on his research firm that apparently made oodles of money by driving down the stock prices of the compa-

The Adani group did not comment on the development. But group CFO Jugeshinder Robbie Singh made a cryptic comment on X: "Kitne Ghazi Aaye, Kitne Ghazi Gaye (Many warriors have come, and many have gone)."

Anderson and Hindenburg have been slammed for profiting through short selling — a trading gambit that involves selling shares that one doesn't possess, certain in the belief that the prices will fall after its hatchet job on corporations and their chieftains. The short sellers make big gains when they settle their sell positions at the end of the contract.

Anderson had set up Hindenburg Research in 2017 and, for a time, submitted whistle-blower reports to the market regulator. But it did not make enough money from the US Securities and Exchange Commission's (SEC) reward system.

"Inow view Hindenburg as a chapter in my life, not a central thing that defines me," Anderson said, adding that he would share the details of its current investigations into "Ponzi cases" with the regulators.

Anderson clarified that the firm's closure was not prompted by external threats but was a planned outcome after completing its "pipeline of ideas".

Over its eight-year tenure, the firm gained notoriety for its critical reports on major companies, including auto giant Nikola, Clover Health, the Adani group and Icahn Enterprises.

Meltdown and profits

The Hindenburg report had sparked a meltdown in the Adani group stocks. At one point in February 2023, the combined market valuation of the Adani group's listed companies had swooned by almost \$150 billion.

Hindenburg had earlier claimed that it made just over \$4 million in profits from its short positions in Adani stocks. However, the firm did not publicly disclose the exact details of the securities it had shorted within the Adani group.

The Securities and Exchange Board of India (Sebi) had initiated an inquiry into Hindenburg's accusations against the Adani group. The final report on the probe has yet to be submitted to the Supreme Court.

"Nearly 100 individuals have been charged civilly or criminally by regulators at least in part through our work, including billionaires and oligarchs," Anderson wrote in his note. "We shook some empires that we felt needed shaking."

According to information on the firm's website, Hindenburg's investigations resulted in 65 individuals being charged by the SEC, while 24 others faced federal criminal charges from the US justice department.

Anderson said that over the next six months, he intended to work on a series of videos and prepare materials on Hindenburg's model so that others could learn how the firm conducted investigations.

"For now, I will be focused on making sure everyone on our team lands where they want to be next," he said.

Showcause

In June last year, Sebi had sent a 46-page showcause notice to Hindenburg for violating its rules by trying to profit from short selling positions that it had taken before coming out with its damning report against the Adani group.

The US short seller had ripped into Sebi's notice which, it said, was "concocted to serve a pre-ordained purpose: an attempt to silence and intimidate those who expose corruption and fraud perpetrated by the most powerful individuals in India".

It then went on to accuse Sebi of trying to protect Uday Kotak and Kotak Bank by failing to explicitly name them in the notice.

It stirred controversy by saying that "Kotak Bank, one of India's largest banks and brokerage firms founded by Uday Kotak,... created and oversaw the offshore fund structure used by our investor partner to bet against Adani".

Veteran investor Ajay Bagga wrote on X that Hindenburg Research operated in a grey zone, publishing negative reports and taking short positions via hedge funds that did not disclose their positions.

"Short sellers hardly ever make sustained profits. That is why the few who do... are celebrated so much. The rest make hardly any returns over the long term. Some regulatory action may have taken place and a way to skip penalties may be an agreement to quietly shut down. Hope they get prosecuted and are not let off so easily in case some regulatory or legal action is ongoing against them," Bagga observed.

"This was no altruistic, 'truth-seeking' endeavour, it was a model to benefit from issuing scathing reports against companies and promoters and simultaneously shorting them in advance of the release of these damaging reports. Won't be missed," Bagga added.

'Modani' outlives Hindenburg

J.P. YADAV AND ANITA JOSHUA

New Delhi: The BJP on Thursday sought to mock the Congress over the disbanding of Hindenburg Research, but the Opposition party stuck to its guns, saying that the closure of the US-based short seller does not mean a clean chit for "Modani".

The BJP slammed Rahul Gandhi over Hindenburg Research, which hit the head-lines in India in 2023 after making allegations of stock manipulation and accounting fraud against the Adani group, announcing the closure. The ruling party asked whether the Congress leader had now secured a "contract" from the short-selling firm "to target the Indian state".

The ruling party also targeted George Soros, wondering if the Hungarian-American philanthropist's "shop" had also turned vulnerable because of the upcoming change of regime in the US.

The BJP has repeatedly accused Soros of promoting anti-India campaigns, alleging that the Congress was working in tandem with him to "destabilise India".

Unfazed by the BJP's

swipes, the Congress underscored that Hindenburg Research covered only the "securities law violations" of the Adani group.

"The matter goes far deeper. It involves the abuse of Indian foreign policy to enrich the PM's close friends at the expense of the national interest. It involves the misuse of investigative agencies to force Indian businesspersons to divest critical infrastructure assets and help Adani build monopolies in airports, ports, defence and cement.

"It involves the capture of once-respected institutions such as Sebi whose discredited chairperson continues in her position despite clear evidence of conflicts of interest and financial links to Adani," Congress general secretary (communications) Jairam Ramesh said in a statement.

The Congress statement also details what it bills as the "criminality" of the group that was exposed overseas.

Apart from the much talked about US department of justice charge that Adani group chairman Gautam Adani and senior associates had bribed Indian officials to secure lucrative solar power contracts, the Congress cited a Swiss federal criminal court order that said the Swiss public prosecutor's office had frozen several Adani-linked bank accounts operated by Chang Chung-Ling and Nasser Ali Shaban Ahli that are "suspected of engaging in illicit activities, including money laundering and embezzlement".

The Congress also pointed out that several countries had cancelled their Adani projects as "evidence of criminality emerged", iterating the Opposition's demand for a joint parliamentary committee probe into the "Adani Mega Scam".

Prasad said: "Hindenburg is closing shop. I am wondering why the shop closed down on the day the Congress inaugurated its new headquarters?"

The former law minister went on to accuse the short-seller of indulging in "irresponsible acts against the Indian State". "Before every Parliament

"Before every Parliament session they (Hindenburg) used to come up with some report to raise a political storm. Now, that shop is getting closed," Prasad said.

On the Congress's response that the closure of Hindenburg doesn't mean a "clean chit to Modani", Prasad said the statement underscored the deep bond between the Opposition party and the short-seller.

"This only underscores the deepening relationship between Hindenburg and the Congress. They used to work in sync for a designed agenda to destabilise India. They never succeeded," Prasad said.

Targeting Soros, Prasad claimed that the billionaire used to fund Hindenburg and wondered why it had decided to close down, obliquely linking it with the return of US President-elect Donald Trump to the White House on January 20.

"Why has the Hindenburg shop shut down? This means Soros's shop, too, is on the verge of closure or turning weak. A possibility of this happening is being expressed. I am not saying anything but people are expecting such a possibility after January 20," Prasad said. Telegraph • 17 Jan • Adani Group • Adani Ports and Special Economic Zone Ltd. (APSEZ)

What is Hindenburg Research? Hindenburg Research, founded by Nathan Anderson in 2017, is a firm specialising in forensic financial research and focus on activist short selling. The company engaged in uncovering accounting irregularities unethical practices, and undisclosed financial issues within corporations. Closure of Hindenburg Research not clean chit for 'Modani', says Congress

NEW DELHI, JAN 16

WITH Hindenburg Research set to disband, the Congress said its closure does not mean a clean chit for "Modani" and asserted that without a JPC, the "alreadycompromised" institutions of the Indian state will continue to act only to protect the powerful. The opposition party's assertion came after Hindenburg Research founder Nate Anderson announced that the US short-seller would disband.

Hindenburg Research made international waves with allegations against billionaire Gautam Adani that wiped billions from the market value of his

group companies.

The Adani group had earlier denied all allegations against it. Congress general secretary in-charge communications Jairam Ramesh said, "The closure of Hindenburg Research does not, in any way, mean a clean chit for Modani."

The Hindenburg report of January 2023 proved serious enough to compel the Supreme Court of India to set up an Expert Committee to probe the allegation made in it against the Adani Group "whose prime patron is none other than the present Prime Minister of India", he said in a statement.

"However the Hindenburg Report covered only one part of securities laws violations - of the hydra-headed Modani MegaScam. Out of the 100 questions on the Adani Mega Scam that the Congress party had asked of the PM in the Hum Adani ke Hain Kaun (HAHK) series during January-March 2023, only 21 questions related to revelations made in the Hindenburg report," Ramesh said.

Has Rahul Gandhi got 'contract' of Hindenburg's closed shop, asks BJP

NEW DELHI, JAN 16

THE BJP on Thursday took a swipe at Rahul Gandhi, asking him if he has now got the "contract" to run Hindenburg's "shop" which it said "works in sync" with the Congress to destabilise India.

"Rahul Gandhi is in the complete grip of urban naxals' thinking process... Now that Hindenburg is closing its shop, have you Rahul Gandhi got the contract for it," BJP leader Ravi Shankar Prasad told reporters.

His attack came a day after Gandhi kicked up a row by declaring the

Congress was now fighting the RSS, the BJP and the Indian State itself. The comments were used by the BJP to excoriate Gandhi, and the attacks continued on Thursday when Hindenburg's founder announced his decision to shut down the short-selling stock research film.

Its reports against the Adani Group and market regulator SEBI last year ignited political firestorms in India, and the Congress had repeatedly cited it to attack PM Modi.

On Thursday, the Congress said Hindenburg's shutting down does not absolve either Adani or the Modi government. In turn, the BJP said this only underscores the "deepening relationship" between the company and the main opposition party.

Hindenburg, which targeted Gautam Adani, shuts shop

WASHINGTON/NDELHI, JAN 16

HINDENBURG Research, which made international waves with campaigns targeting billionaire Gautam Adani that wiped billions from market value of his group companies, will disband, its founder Nate Anderson announced.

Announcement by Anderson, 40, who started Hindenburg in 2017, came just days before Donald Trump's inauguration as the new President of the US.

While he cited the toll of the "rather intense, and at times, all encompassing" nature of the work as the reason for his decision", critics were quick to link the shutting down Hindenburg's alleged ties with George Soros and the so-called deep state being under significant pressure from the incoming Trump administration.

Typically, short-sellers like Anderson, who managed his firm's own money but not that of others, bet against companies they believe are plagued with mismanagement or involved in some fraud/scam. Short sellers borrow a stock to sell it in the expectation the price will fall, then repurchase the shares and pocket the difference. They book loss if the reverse happens.

With the impending change in the U.S. administration, there is growing anticipation that financial entities tied to disruptive activities, whether directly or indirectly, could face investigations. The Trump administration, known for the critical state on entities influencing global markets under the pretext of financial accountability, is expected to bring such firms under closer security.

By pre-emptively disbanding, Hindenburg Research may be seeking to shield itself and its deep state associates from potential legal and regulatory consequences. Observers also speculate that the firm's closure might help diffuse the growing scrutiny around its operational model, funding sources and possible affiliations with political actors.

Hindenburg's operations have always polaried public opinion. On the one hand, the firm was lauded for its ability to expose big names and gaint corporates. On the other hand, its acties, including amplifying, market volatility and causing financial distress, particularly in emerging markets. US short seller Hindenburg Research shuts shop

ENS ECONOMIC BUREAU @ New Delhi

HINDENBURG RESEARCH, the US-based short seller that accused India's Adani Group of manipulating stock prices and accounting fraud, on Thursday announced disbanding the firm. These allegations in late January 2023 and February 2023 led to a massive rout in the share prices of listed Adani companies.

Hindenburg Research founder Nate Anderson said, "The plan has been to wind up after we finished the pipeline of ideas we were working on. And as of the last Ponzi cases we just completed and are sharing with regulators, that day is today." He added, "We shook some empires that we felt needed shaking."

Hindenburg Research which claims that it specializes in forensic financial research was founded in 2017 and since then has published reports on a number of firms and benefitting from shorting their shares.

It became a common name in India after its scathing report on

Adani Group in January 2023. Hindenburg in 2024 questioned the conduct of the Sebi chairperson Madhabi Buch while inspecting the Adani Group. The two sides – Adani Group and Hindenburg – have exchanged serious blows against each other in the past two years.

The Adanis have called the Hindenburg report "maliciously mischievous and unresearched" and even a "calculated attack" on India. Adani Group Chief Financial Officer (CFO) Jugeshinder Singh made a cryptic post on Thursday, Singh wrote on X, "kitne ghazi aaye, kitne ghazi gaye," which roughly translates to "many conquerors came, many conquerors have gone."

WASHINGTON/NEW DELHI: Hindenburg Research, which made international waves with campaigns targeting billionaire Gautam Adani that wiped billions from market value of his group companies, will disband, its founder Nate Anderson announced on Thursday. Announcement by Anderson, 40, who started Hindenburg in 2017, came just days before Donald Trump's inauguration as the new President of the United States. While he cited the toll of the "rather intense, and at times, all encompassing* nature of the work as the reason for his decision", critics were quick to link the shutting down Hindenburg's alleged ties with George Soros and the so-called deep state being under significant pressure from the incoming Trump administration.

CPI gives call to fight against oligarchy in Trump-Modi era

HANS NEWS SERVICE HYDERABAD

THE CPI national secretary K Narayana has called upon all the Left parties to get united. He predicted that similar to 'oligarchy in USA' which was on its way to control the politics there, India's top businesses companies like Adani group would become much stronger through corrupt practices.

In a media statement on Thursday, Narayana felt that the global companies run by Elon Musk and Adani Group would not only join hands but also bolster the position of Donald Trump and Prime Minister Narendra Modi respectively in USA and India. He was referring to the farewell address of outgoing US president Joe Biden in which he warned American citizens of 'oligarchy taking shape in USA' and possible 'danger-

ous concentration of power' among a wealthy few. He said Hindenburg Research which has exposed Adani Group had announced shutting down its operations, which gives clear indication that these multinational companies were joining hands. "There is no doubt that these companies would draw complete political support from Trump in the USA and Modi in India," he pointed out.

The CPI leader held that once Trump takes office, the

corruption charges against Adani Group levelled in the USA would be dropped. Blaming former AP CM Jaganmohan Reddy for signing Power Purchase Agreements at exorbitant prices with Adani Group, he felt that because of Jagan's corruption, people of AP were enduring a financial burden of Rs 2 lakh crore. Narayana urged his counterparts heading Left parties to stay united, as 'looters' were getting united to prey on people.

The Congress on Thursday asserted that the closure of Hindenburg Research is not a clean chit for "Modani" and reiterated its demand for a Joint Parliamentary Committee (JPC) probe into the Adani issue. The Adani Group had refuted the allegations.

'Kitne ghazi aaye, kitne ghazi gaye': Adani Group CFO on Hindenburg Research

STATESMAN NEWS SERVICE

NEW DELHI, 16JANUARY:

The Chief Financial Officer (CFO) of the Adani Group, Jugeshinder Singh, made a cryptic social media post on Thursday, hours after Hindenburg Research announced its sudden shutdown.

In a post on social media platform, X, Singh wrote "kitne ghazi aaye, kitne ghazi gaye," which loosely translates to "many conquerors came, many conquerors have gone."

The announcement by US-

based short-seller, Hindenburg Research, founder Nate Anderson on Thursday caught many by surprise. "I have made the decision to disband Hindenburg Research. The plan has been to wind up after we finished the pipeline of ideas we were working on," Anderson said.

"Nearly 100 individuals have been charged civilly or criminally by regulators at least in part through our work, including billionaires and oligarchs. We shook some empires that we felt needed shaking," he said

At that time, the Chief Financial Officer of the Adani Group, had called the report a "malicious combination of selective misinformation and stale, baseless and discredited allegations".

The timing of Hindenburg's closure has also sparked speculation. It comes days before Donald Trump's anticipated inauguration as the US President. Adani group stocks were ruling higher in stock market trade after the shutdown report came. Adani group stocks

surged up to 9 percent intraday.

Adani Power soared by 9 per cent to Rs 599.90, with Adani Green Energy up 8.8 per cent, Adani Enterprises rising 7.7 per cent, and Adani Total Gas gaining 7 per cent.

Hindenburg, infamous for its reports on global business giants, including the Adani Group, played a controversial role in shaping market narratives. Their allegations of financial mismanagement against the Adani Group triggered massive market losses

and global headlines.

Adani had denied the claims, calling them calculated attacks on India's growth. The Supreme Court of India eventually cleared the conglomerate, branding the allegations baseless. Nate Anderson has studied international business management at the University of Connecticut and lived in Jerusalem before returning to the United States where he took a consulting job with a financial software company. Later he founded Hindenburg Research.

The founder of the US based short Seller-Hindenburg Research, Nate Anderson (photo) announced on Thursday that he has decided to close down the operations of his investigative firm.

Mr Anderson, in an open letter, said the decision to disbandwasnotdue to any external threats, personal health, or major issues. Instead, it was motivated by a desire to step back from the intensity of his work and focus on other aspects of life. The timing of Hindenburg's closure, however, has sparked speculation. It comes days before Donald Trump's anticipated inauguration as the US President, with the upcoming administration expected to scrutinise financial entities linked to systemic disruptions in global markets. In January 2023, Hinden-

In January 2023, Hindenburg Research published a report accusing the Adani Group of financial irregularities,

leading to a significant drop in the company's stock price. The group at the time had rubbished these claims. Hindenburg Research later accused Securities and Exchange Bureau of India (SEBI) chief Madhabi Buch and her husband of having held "stakes in both the obscure offshore funds used in the Adami money siphoning scandal." The Buchs, too, have denied the charges.

Reacting to Mr Anderson's announcement, the ruling BJP said that the US-based short seller's reports were 'supari' taken against India's rising economic power. Speaking to ANI, BJP spokesperson Shehzad Poonawalla alleged that Hindenburg's report was sponsored, organised, orchestrated and manipulated act of economic anarchism and economic terrorism, "Hindenburg report was 'supari' taken against India's rising economic power ... Rahul Gandhi, your international alliance partner Hindenburghas shut its shop, now when will you stop your propaganda against India? What is your relationship with Hindenburg? Was it a Sorossponsored report? Today, Congress should clarify and apologise. Congress and its ecosystem are anti-national," Mr Poonawalla said.

Meanwhile, Congress leader Jairam Ramesh, in a statement on 'X' said: "The closure of Hindenburg Research does not, in any way, mean a clean chit for Modani." He pointed out that the Hindenburg report, which accused Adani of financial irregularities, was serious enough to prompt the Supreme Court to set up an Expert Committee. "The matter goes far deeper. It involves the abuse of Indian foreign policy to enrich the PM's close friends at the expense of the national interest. WASHINGTON

Hindenburg Research, a US investment research firm known for short-selling, and whose reports resulted in wiping out billions of dollars of Indian billionaire Gautam Adani and his companies, has been shut down, its founder Nate Anderson announced Wednesday.

"I have made the decision to disband Hindenburg Research. The plan was to wind up after we finished the pipeline of ideas we were working on," Anderson said in a note on the Hindenburg website.

In an announcement that comes days before Donald Trump assumes office, Anderson has also clarified there has been no particular threat or personal issue behind this decision to wind up.

The short seller's move follows an influential Republican lawmaker calling out the US government's decision to probe the Adani Group companies. In a letter to Attorney General Merric B Garland earlier this month, Congressman Lance Gooden had ques-

tioned the need for resorting to the move that risked straining America's global alliances.

Hindenburg had also targeted Indian markets regulator chief Madhavi Puri Buch and her husband, who had called it an "attempt at character assassination".

The Adani Group consistently rejected all accusations, maintaining their innocence. Although the initial impact caused them substantial loss in market value, they were able to recover it subsequently.

According to an ET report, the Hindenburg report published in January 2023 sparked a massive \$150 billion decline in Adani Group's shares

Adani group stocks rallied on Thursday after the Hindenburg shutdown was announced. Shares of NDTV surged 9.15 per cent, Ambuja Cements jumped 3.88 per cent, Adani Green Energy rallied 3.35 per cent, Sanghi Industries climbed 3.34 per cent and Adani Power went up by 2.45 per cent on the BSE.

In an interview to The Wall Street Journal, Anderson said he looks forward to taking up hobbies, travelling and spending time with his fiancée and their child, adding that he has earned enough money to provide for them in the future. He said he plans to invest his money in index funds and other low-stress investments.

Anderson said for now, he will be focused on making sure everyone on his team lands where they want to be next.

"Some are going to start their own research firm, which I will strongly and publicly encourage, even as I will have no personal involvement. There are others on our team who are now free agents—so feel free to reach out to me if you have a need for anyone who is brilliant, focused, and easy to work with, as they all are," he said.

Not a clean chit to Adani: Congress

Gaurav Vivek Bhatnagar NEW DELHI

The Congress on Thursday said the closure of the Hindenburg Research does not in any way mean that a clean chit for the allegations levelled by it against Prime Minister Narendra Modi and his alleged support to some industrial groups.

In a statement, party general secretary Jairam Ramesh referred to how the Hindenburg report of January 2023 was "serious enough to compel the Supreme Court of India to set up an Expert Committee to probe the allegations made in it against the Adani group".

Stating that Hindenburg report had only covered the part of securities laws violation, Ramesh insisted that the Congress allegation went beyond it saying, "Out of the 100 questions on the Adani Mega Scam that the Congress party had asked of the PM in the Hum Adani ke Hain Kaun (HAHK) series during January-March 2023, only 21 questions related to revelations made in the Hindenburg report".

The Congress general sec-

retary charged that "the matter goes far deeper" and insisted that it "involves the abuse of Indian foreign policy to enrich the PM's close friend at the expense of national interest".

He also claimed that there was "misuse of investigative agencies to force Indian businesspersons to divest critical infrastructure assets" and that "once-respected institutions such as SEBI" were used to help the business of the group.

In August last year it had also attacked SEBI chairperson Madhabi P. Buch after another Hindenburg report had accused her of conflict of interest and financial links with Adani", a charge that was denied by both the official and the industrial house.

On this Ramesh said, "it is worth noting that a SEBI investigation that the Supreme Court gave two months to present its report has conveniently dragged on for almost two years with no end in sight". Referring to cases against the Adani group abroad, Ramesh said, "criminality exposed outside the country cannot be covered up in this way".

While he cited the toll of the 'rather intense, and at times, all encompassing" nature of the work as the reason for his decision", critics were quick to link the shutting down Hindenburg's alleged ties with George Soros and the socalled deep state being under significant pressure from the incoming Trump admin.

'Anderson was operating in grey zone'

Investor and commentator Ajay Bagga said Nate Anderson's Hindenburg operated in a grey zone, publishing negative reports and taking short positions, including via hedge funds who were not disclosing their positions. "Short sellers hardly ever make sustained profits. That is why the few who do, as for example in 2008, are celebrated so much. The rest make hardly any returns over the long term," he said. "Some regulatory action may have taken place and a way to skip penalties may be an agreement to quietly shut down. Hope they get prosecuted and are not let off so easily in case some regulatory or legal action is ongoing against them."

The stock of Adani Ports climbed 5.48 per cent, Ambuja Cements jumped 4.55 per cent, ACC increased by 4.14 per cent, Sanghi Industries (3.77 per cent) and Adani Wilmar (0.54 per cent).

Typically, short-sellers like Anderson, who managed his firm's own money but not that of others, bet against companies they believe are plagued with mismanagement or involved in some fraud/scam.

"We shook some empires that we felt needed shaking," Anderson wrote, adding that nearly 100 people had been charged by regulators "at least in part" because of Hindenburg's work.

Hindenburg in January 2023 published a report accusing the Adani group of "pulling the largest con in the corporate history", wiping out more than \$150 billion in value of the group's shares at their lowest point.

Business tycoon Adani was ranked world's fourth-richest and Asia's wealthiest person a day before the report was published. On Thursday, with a net worth of \$75 billion, he was ranked at No. 20, behind Mukesh Ambani (ranked 17th with \$91.5 billion net worth).

Shutdown no clean chit for BJP: Ramesh Rahul still deep in urban naxal mindset: BJP

NEW DELHI: With Hindenburg Research set to disband, the Congress on Thursday said its closure does not mean a clean chit for "Modani" and asserted that without a JPC, the already-compromis institutions of the Indian state will continue to act only to protect the powerful.

The opposition party's assertion came after Hindenburg Research founder Nate Anderson an-nounced that the US short-seller would disband.

Hindenburg Research made in-ternational waves with allegations against billionaire Gautam Adani that wiped billions from the market value of his group

companies.

The Adani group had earlier denied all allegations against it.

Congress general secretary in-charge communications Jairam Ramesh said, "The closure of Hindenburg Research does not, in any way, mean a clean chit for Modani."

It involves the misuse of investigative agencies to force Indian businesspersons to divest critical infrastructure assets and help Adani build monopolies in airports, ports, defence and cement," Ramesh alleged.

NEW DELHI: The BJP alleged on Thursday that Congress leader Rahul Gandhi is in the 'complete grip" of the thinking process of "urban naxals", and asked if he has now got the "contract" for the Hindenburg Research's closed "shop".

BJP leader and former Union minister Ravi Shankar Prasad also slammed Gandhi for his comments that the Congress is "now fighting the BJP, the RSS and the Indian State itself," and asserted the Indian State represents the constitutional identity of India as

a free country.

Prasad lauded the RSS as a nationalist organisation which, he said, has been working for society and for spreading patriotism, and asked Gandhi to reflect on where his party has reached and what the RSS and BJP have become.

Taking a swipe, Prasad said US-based short-selling firm Hinderburg Research "shut its shop" the day the Congress inaugurated its

new headquarters building here. "Has Rahul Gandhi now got the contract of this shop," he asked at a press conference here. "Rahul Gandhi is in complete grip of ur; ban naxals' thinking process."

एंडरसन ने सोशल मीडिया प्लेटफॉर्म एक्स पर यह ऐलान किया। उन्होंने लिखा, "हमारी योजना थी कि हम जिन विचारों पर काम कर रहे थे, उन्हें पूरा करने के बाद कंपनी को बंद कर दिया जाए और वह दिन आज शेयर 80 प्रतिशत तक गिर गए थे। आ गया है।" यह फर्म ग्राऊंड ब्रेकिंग फाइनैशियल इन्वैस्टिगेशन का काम करती थी। इसकी स्थापना साल 2017 में हुई थी। एंडरसन ने अपनी पोस्ट में लिखा, "हमने कुछ साम्राज्यों को हिला दिया, जिन्हें हमें लगा कि हिलाने की जरूरत है।"

हिंदनवर्ग की यह रिपोर्ट राजनीतिक गलियारों में भी काफी गरमाई थी। हालांकि, अहानी घूप ने इन आरोपों को पूरी तरह खारिज किया। बाद में सेबी की जांच में भी कुछ सामने नहीं आया। जब आरोपों में सच्चाई नहीं निकली तो अहानी प्रूप जांच में कुछ नहीं आया सामने की कंपनियों के शेयर फिर से ऊपर आ गए। गीतम अहानी ने कहा था साल 2023 के पहले महीने में कि हिंडनवर्ग की रिपोर्ट न सिर्फ प्रुप

को अस्थिर करने के लिए आई, चल्कि भारत को राजनीतिक रूप से बदनाम करने के लिए भी लाई गई।

इन कपंनियों पर भी पब्लिश की थी रिपोर्ट

अडानी ग्रुप के अलावा हिंडनवर्ग रिसर्च डोरसी के ब्लॉक इंक और इकान के इकान एंटरप्राइवेज जैसी कई बड़ी फर्म्स पर रिपोर्ट पब्लिश कर चुकी है। ब्लुमबर्ग के अनुसार उस साल इन तीनों कंपनियों की कुल संपत्ति को 99 अरब डॉलर का झटका लगा,जबकि इन ग्रुप्स की लिस्टेड कंपनियों के मार्कीट कैप में से 173 अरब डॉलर गिर गए।

एंडरसन ने अपनी पोस्ट में कंपनी के सफर और संघर्षों के बारे में बताया है। हिंडनबर्ग रिसर्च को 3 मुकदमों और वित्तीय चुनौतियों का भी सामना करना पढ़ा। एंडरसन ने हिंडनबर्ग द्वारा डिवेलप रिसर्च और प्रोसैस को ओपन-सोर्स करने का प्लान भी शेयर किया है।

ਅਡਾਣੀ ਖਿਲਾਫ ਰਿਪੋਰਟ ਜਾਰੀ ਕਰਨ ਵਾਲੀ ਹਿੰਡਨਬਰਗ ਰਿਸਰਚ ਦਾ ਹੋਇਆ ਅੰਤ

ਵਾਸ਼ਿੰਗਟਨ, 16 ਜਨਵਰੀ (ਭਾਸ਼ਾ)-ਜਨਵਰੀ 2023 'ਚ ਅਡਾਣੀ ਗਰੁੱਪ 'ਤੇ ਕਈ ਗੰਭੀਰ ਦੇਸ਼ ਲਗਾ ਚੁੱਕੀ ਅਮਰੀਕਾ ਦੀ ਸ਼ਾਰਟ ਸੇਲਿੰਗ ਫਰਮ ਹਿੰਡਨਬਰਗ ਰਿਸਰਚ ਦਾ ਹੁਣ ਅੰਤ ਹੋ ਗਿਆ ਹੈ। ਕੰਪਨੀ ਦੇ ਫਾਊਂਡਰ ਨਾਥਨ ਐਂਡਰਸਨ ਨੇ ਖੁਦ ਕਿਹਾ ਹੈ ਕਿ ਉਨ੍ਹਾਂ ਨੇ ਕੰਪਨੀ ਨੂੰ ਬੰਦ ਕਰਨ ਦਾ ਫੈਸਲਾ ਲਿਆ ਹੈ।

ਐਂਡਰਸਨ ਨੇ ਸੌਸ਼ਲ ਮੀਮੀਡੀਆ ਪਲੇਟਫਾਰਮ 'ਐਕਸ' 'ਤੇ ਇਹ ਐਲਾਨ ਕੀਤਾ। ਉਨ੍ਹਾਂ ਲਿਖਿਆ, "ਸਾਡੀ ਯੋਜਨਾ ਸੀ ਕਿ ਅਸੀਂ ਜਿਨ੍ਹਾਂ ਵਿਚਾਰਾਂ 'ਤੇ ਕੰਮ ਕਰ ਰਹੇ ਸੀ, ਉਨ੍ਹਾਂ ਨੂੰ ਪੂਰਾ ਕਰਨ ਤੋਂ ਬਾਅਦ ਕੰਪਨੀ ਨੂੰ ਬੰਦ ਕਰ ਦਿੱਤਾ ਜਾਵੇ ਅਤੇ ਉਹ ਦਿਨ ਅੱਜ ਆ ਗਿਆ ਹੈ।"

ਇਹ ਫਰਮ ਗਰਾਊਂਡ ਬਰੇਕਿੰਗ ਫਾਈਨਾਂਸ਼ੀਅਲ ਇਨਵੈਟਿਗੇਸ਼ਨ ਦਾ ਕੰਮ ਕਰਦੀ ਸੀ। ਇਸ ਦੀ ਸਥਾਪਨਾ ਸਾਲ 2017 'ਚ ਹੋਈ ਸੀ। ਐਂਡਰਸਨ ਨੇ ਆਪਣੀ ਪੋਸਟ 'ਚ ਲਿਖਿਆ, "ਅਸੀਂ ਕੁਝ ਸਾਮਰਾਜਾਂ ਨੂੰ ਹਿਲਾ ਦਿੱਤਾ, ਜਿਨ੍ਹਾਂ ਨੂੰ ਸਾਨੂੰ ਲੱਗਾ ਕਿ ਹਿਲਾਉਣ ਦੀ ਲੋੜ ਹੈ।"

ਜਾਂਚ 'ਚ ਕੁਝ ਨਹੀਂ ਆਇਆ ਸਾਹਮਣੇ

ਸਾਲ 2023 ਦੇ ਪਹਿਲੇ ਮਹੀਨੇ 'ਚ ਹਿੰਡਨਬਰਗ ਰਿਸਰਚ ਨੇ ਅਡਾਣੀ ਗਰੁੱਪ 'ਤੇ ਇਕ ਰਿਪੋਰਟ ਪਬਲਿਸ਼ ਕੀਤੀ ਸੀ। ਇਸ ਰਿਪੋਰਟ 'ਚ ਅਡਾਣੀ ਗਰੁੱਪ ਨਾਲ ਜੁੜੀਆਂ ਕੰਪਨੀਆਂ 'ਤੇ ਕਈ ਦੇਸ਼ ਲਾਏ ਗਏ ਸਨ। ਗੌਤਮ ਅਡਾਣੀ ਉਸ ਸਮੇਂ ਦੁਨੀਆ ਦੇ ਚੌਥੇਸਭ ਤੋਂ ਅਮੀਰ ਵਿਅਕਤੀ ਸਨ। ਇਸ ਰਿਪੋਰਟ ਤੋਂ ਬਾਅਦ ਅਡਾਣੀ ਗਰੁੱਪ ਦੀਆਂ ਕੰਪਨੀਆਂ ਦੇ ਸ਼ੇਅਰ 80 ਫ਼ੀਸਦੀ ਤੱਕ ਡਿੱਗ ਗਏ ਸਨ।

ਹਿੰਡਨਬਰਗ ਦੀ ਇਹ ਰਿਪੌਰਟ ਸਿਆਸੀ ਗਲਿਆਰਿਆਂ 'ਚ ਵੀ ਕਾਫ਼ੀ ਗਰਮਾਈ ਸੀ। ਹਾਲਾਂਕਿ, ਅਡਾਣੀ ਗਰੁੱਪ ਨੇ ਇਨ੍ਹਾਂ ਦੋਸ਼ਾਂ ਨੂੰ ਪੂਰੀ ਤਰ੍ਹਾਂ ਖਾਰਿਜ ਕੀਤਾ। ਬਾਅਦ 'ਚ ਸੇਬੀ ਦੀ ਜਾਂਚ 'ਚ ਵੀ ਕੁਝ ਸਾਹਮਣੇ ਨਹੀਂ ਆਇਆ। ਜਦੋਂ ਦੋਸ਼ਾਂ 'ਚ ਸੱਚਾਈ ਨਹੀਂ ਨਿਕਲੀ ਤਾਂ ਅਡਾਣੀ ਗਰੁੱਪ ਦੀਆਂ ਕੰਪਨੀਆਂ ਦੇ ਸ਼ੇਅਰ ਫਿਰ ਤੋਂ ਉੱਪਰ ਆ ਗਏ। ਗੌਤਮ ਅਡਾਣੀ ਨੇ ਕਿਹਾ ਸੀ ਕਿ ਹਿੰਡਨਬਰਗ ਦੀ ਰਿਪੋਰਟ ਨਾ ਸਿਰਫ ਗਰੁੱਪ ਨੂੰ ਅਸਥਿਰ ਕਰਨ ਲਈ ਆਈ, ਸਗੋਂ ਭਾਰਤ ਨੂੰ ਸਿਆਸੀ ਤੌਰ 'ਤੇ ਬਦਨਾਮ ਕਰਨ ਲਈ ਵੀ ਲਿਆਂਦੀ ਗਈ।

ਇਨ੍ਹਾਂ ਕਪੰਨੀਆਂ 'ਤੇ ਵੀ ਪਬਲਿਸ਼ ਕੀਤੀ ਸੀ ਰਿਪੋਰਟ

ਅਭਾਣੀ ਗਰੁੱਪ ਤੋਂ ਇਲਾਵਾ ਹਿੰਡਨਬਰਗ ਰਿਸਰਚ ਡੌਰਸੀ ਦੇ ਬਲਾਕ ਇੰਕ ਅਤੇ ਇਕਾਹਨ ਦੇ ਇਕਾਹਨ ਇੰਟਰਪ੍ਰਾਈਜ਼ਿਜ਼ ਵਰਗੀਆਂ ਕਈ ਵੱਡੀਆਂ ਫਰਮਾਂ 'ਤੇ ਰਿਪੌਰਟ ਪਬਲਿਸ਼ ਕਰ ਚੁੱਕੀ ਹੈ। ਬਲੂਮਬਰਗ ਅਨੁਸਾਰ ਉਸ ਸਾਲ ਇਨ੍ਹਾਂ ਤਿੰਨਾਂ ਕੰਪਨੀਆਂ ਦੀ ਕੁੱਲ ਜਾਇਦਾਦ ਨੂੰ 99 ਅਰਬ ਡਾਲਰ ਦਾ ਝੱਟਕਾ ਲੱਗਾ, ਜਦੋਂ ਕਿ ਇਨ੍ਹਾਂ ਗਰੁੱਪਾਂਦੀਆਂ ਲਿਸਟਿਡ ਕੰਪਨੀਆਂ ਦੇ ਮਾਰਕੀਟ ਕੈਪ 'ਚੋਂ 173 ਅਰਬ ਡਾਲਰ ਡਿੱਗ ਗਏ।

अचानक काम समेटा • अमेरिकी शॉर्ट सेलिंग फर्म ने फिर चौंकाया

अदाणी पर खुलासा कर सनसनी फैलाने वाली हिंडनबर्ग अब बंद

भारकर न्यूज नई दिल्ली

अपने खुलासों से दुनियाभर में सनसनी फैलाकर कई बड़ी व नामी कंपनियों के अरबों डॉलर डुबोने वाली अमेरिकी शॉर्ट सेलिंग फर्म हिंडनबर्ग रिसर्च ने काम बंद कर दिया है। इसके संस्थापक नाथन एंडरसन ने गुरुवार को इसकी घोषणा की। हिंडरबर्ग की 2017 में शुरुआत करने वाले एंडरसन ने बताया कि कंपनी बंद करने का फैसला काफी सोच कर लिया है। एंडरसन ने ऐसा करने के पीछे कोई ठोस वजह नहीं बताई। उनका यह कदम अमेरिका में राष्ट्रपति जो बाइडेन के कार्यकाल के अंत और डोनाल्ड टम्प के नए राष्ट्रपति के रूप में शपथ ग्रहण से एक हफ्ते पहले आया है।

हिंडनबर्ग वही फर्म है, जिसके खुलासों से भारतीय बिजनेसमैन गौतम अदाणी को अरबों डॉलर का नुकसान हुआ था। इसके बंद होने की खबर के बाद वीरवार को अदाणी समूह की सभी कंपनियों के शेयर 10% तक चढ गए। हालांकि कांग्रेस ने इस पर सवाल उठाए। सांसद जयराम रमेश ने कहा कि हिंडनबर्ग के बंद होने का मतलब अडाणी समूह को क्लीन चिट नहीं है। यह मामला कहीं अधिक गहरा है। इसमें राष्ट्रीय हितों की कीमत पर प्रधानमंत्री के करीबी दोस्तों को लाभ पहुंचाने के लिए भारतीय विदेश नीति का दुरुपयोग करना शामिल है। इस बीच, अदाणी समूह के सीएफओ जुगेशिंदर रॉबी सिंह ने कहा-'कितने गाजी आए, कितने गाजी गए।'

आखिरी संदेश- मेरा काम पुरा हुआ

 मैंने इस बारे में पिछले साल के अंत से ही अपने परिवार, दोस्तों और टीम को बताया था। योजना थी कि हम जिन विचारों पर काम कर रहे थे, उनके पूरे होते ही हिंडनबर्ग को बंद कर देंगे। अब वो काम पुरे हो गए हैं। मैं यह सब खुशी से कर रहा हूं। (हिंडनबर्ग के टिवटर पर जारी 4 पेज के पत्र के अंश)

दा रिपोर्ट अदाणी समूह पर, अरबीं डुबी दिए

- हिंडनबर्ग रिसर्च ने करीब डेढ़ साल में अदाणी समृह पर दो रिपोर्ट सार्वजनिक कीं। पहली 24 जनवरी 2023 को आई। इसमें अदाणी समृह पर कॉर्पोरेट इतिहास की सबसे बडी धोखाधडी का आरोप लगाया। इस रिपोर्ट से अदाणी समृह के शेयरों का मार्केट कैप 10 लाख करोड़ रु. से ज्यादा गिर चुका था। रिपोर्ट आने के पहले अदाणी एशिया के सबसे अमीर व्यक्ति थे, लेकिन अगले दो दिन में वह 20वें नंबर पर पहुंच गए थे। इस आरोप का खंडन करते हुए अदाणी समूह ने 413 पन्नों की प्रतिक्रिया जारी की थी, जिसमें इस रिपोर्ट को 'भारत पर हमला' करार दिया था।
- दूसरी रिपोर्ट 10 अगस्त 2024 को आई। इसमें हिंडनबर्ग ने सेबी चेयरमैन माधबी बुच पर अदाणी समूह को फायदा पहुंचाने का आरोप लगाया। हालांकि दोनों ही रिपोर्ट को अदाणी समूह ने सिरे से खारिज कर दिया। बाद में सुप्रीम कोर्ट ने भी जांच के बाद आरोपों को खारिज कर दिया था।

अदाणी पर खुलासा कर सनसनी फैलाने वाली हिंडनबर्ग अब बंद

भारकर न्यूज नई दिल्ली

अपने खुलासों से दुनियाभर में सनसनी फैलाकर कई बड़ी व नामी कंपनियों के अरबों डॉलर डुबोने वाली अमेरिकी शॉर्ट सेलिंग फर्म हिंडनबर्ग रिसर्च ने काम बंद कर दिया है। इसके संस्थापक नाथन एंडरसन ने गुरुवार को इसकी घोषणा की। हिंडरबर्ग की 2017 में शुरुआत करने वाले एंडरसन ने बताया कि कंपनी बंद करने का फैसला काफी सोच कर लिया है। एंडरसन ने ऐसा करने के पीछे कोई ठोस वजह नहीं बताई। उनका यह कदम अमेरिका में राष्ट्रपति जो बाइडेन के कार्यकाल के अंत और डोनाल्ड टम्प के नए राष्ट्रपति के रूप में शपथ ग्रहण से एक हफ्ते पहले आया है।

हिंडनबर्ग वही फर्म है, जिसके खुलासों से भारतीय बिजनेसमैन गौतम अदाणी को अरबों डॉलर का नुकसान हुआ था। फिलहाल इसके बंद होने की खबर के बाद गुरुवार को अदाणी समूह की सभी कंपनियों के शेयर 10% तक चढ गए। हालांकि कांग्रेस ने इस पर सवाल उठाए। सांसद जयराम रमेश ने कहा कि हिंडनबर्ग के बंद होने का मतलब अडाणी समृह को क्लीन चिट नहीं है। यह मामला कहीं अधिक गहरा है। इसमें राष्ट्रीय हितों की कीमत पर प्रधानमंत्री के करीबी दोस्तों को लाभ पहुंचाने के लिए भारतीय विदेश नीति का दुरुपयोग करना शामिल है। इस बीच, अदाणी समूह के सीएफओ जगेशिंदर रॉबी सिंह ने कहा- 'कितने गाजी आए, कितने गाजी गए।'

आखिरी संदेश- मेरा काम पुरा हुआ

 मैंने इस बारे में पिछले साल के अंत से ही अपने परिवार, दोस्तों और टीम को बताया था। योजना थी कि हम जिन विचारों पर काम कर रहे थे, उनके पूरे होते ही हिंडनबर्ग को बंद कर देंगे। अब वो काम पूरे हो गए हैं। मैं यह सब खुशी से कर रहा हं। (हिंडनबर्ग के टिवटर पर जारी 4 पेज के पत्र के अंश)

अदानीला हादरवणारी हिंडेनबर्ग अचानक बंद

भारतीय उद्योगपती गौतम अदानी यांच्या अदानी समूहाच्या घोटाळ्याचा अहवाल देऊन खळबळ उडवणाऱ्या हिंडेनबर्ग रिसर्चच्या संस्थापकांनी कंपनी बंद करण्याचा निर्णय घेतला आहे. संचालक नाथन अँडरसन यांनी एक्सवर एक पोस्ट करून याबाबत माहिती दिली आहे. घोटाळ्याचे गौप्यस्फोट करून जगभरातील अनेक मोठ्या कंपन्यांना हादखणाऱ्या हिंडेनबर्गने अचानक हा निर्णय घेतल्याने आश्चर्य व्यक्त केले जात आहे.

न्युयॉर्क

हिंडेनबर्ग रिसर्च ही अमेरिकन कंपनी २०१६ मध्ये स्थापन झाली. शेअर बाजार, इटी, क्रेडिट आणि डेरिव्हेटिव्ह यांच्यावर संशोधन करणे हा या कंपनीचा हेतू होता. शेअर बाजाराधील पैशाचा बेकायदा वापर, आपल्या फायद्यासाठी बड्या कंपन्यांकडून खात्यांचे गैरव्यवस्थापन, सट्टेबाजीतून इतर कंपन्यांचे नुकसान, निधी इतरत्र वळवणे अशा विषयांवर संशोधन करून कंपनी अहवाल

प्रसिद्ध करत असे. हिंडेनबर्गने २०१६ ते २०२४ दरम्यान अमेरिकेच्या आरडी लीगल, पिर्शिंग गोल्ड, ओपको हेल्थ, रॉयट व्लॉकचेन, निकलो, ट्वीटर, ब्लूम एनर्जी, एचएफ फूडस आणि कॅनडाची एफ्रिया यांचा घोटाळा उघड आहे. त्याचा या कंपन्यांना मोठा फटका बसला. भारतीय कंपनी अदानीबाबत गौप्यस्फोट केल्याने या कंपनीलाही मोठा आर्थिक फटका बसला.

हिंडेनबर्ग रिसर्चने अचानक गाशा गुंडाळण्याच्या निर्णयामागे विशेष कारण नाही,

नाथन अँडरसनची भावूक पोस्ट

मागील वर्षीच मी माझे कुटुंब, मित्र आणि आमच्या टीममधील सगळ्यांना ही गोष्ट सांगितली होती की, मी हिंडेनवर्ग दिसर्च बंद करण्याचा निर्णय घेत आहे. आम्ही जे ठरवले होते ते पूर्ण झाल्यानंतर कंपनी बंद करण्याचा आमचा निर्णय आधीच झाला होता. आज हे सर्व तुमच्यासोबत शेअर करण्याचा दिवस आला आहे.

सुरुवातीला मला माहीत बद्हते की, समाधानकारक मार्ग शोधणे शक्य होईल की नाही. हा एक सोपा पर्याय नव्हता. परंतु मी धोका असूनही त्याकडे दुर्लक्ष केले आणि या कामाकडे लक्ष केंद्रित करून रद्रूप लवकर पूर्व केले. भी है काम सुरू केले तेव्हा मला शेका होती की, भी ते करू शकेन की नाही. मला वित्तीय क्षेत्राची पार्श्वभूमी नव्हती. या क्षेत्रात माझे कोणीही नातेवाईक नव्हते. मी सरकारी शाळेत शिकलो. मी हुशार विक्रेता नाही. मला योग्य कपडे घालायचे हेही माहीत नाही. मेला योग्य कपडे घालायचे हेही माहीत नाही. मी गोल्फ रवेळू शकत नाही. केवळ ४ तास झोप घेऊन काम करू शकेन असा मनुष्य भी नाही.

आतापर्यंत मी जिथे बोकरी केली तिथे मी चांगला कर्मचारी होतो. पण अनेक कंपन्यांमध्ये मला दुर्लिशत करण्यात आले. जेव्हा मी हे काम सुरू केले तेव्हा माझ्याकडे पैसे बव्हते. तीन तीन केसेसमध्ये गुन्हा दाखल झाल्यानंतर, माझ्याकडील सर्व पैसे संपले होते. मला जागतिक दर्जाचे वकील ब्रायन वूढ़ यांचा पार्टिबा मिळाला नसता, त्यांनी माझ्याकडे पैसे नसतानाही केस चालवली नसती, तर मी सरुवातीच्या टप्प्यातच अपयशी ठरलो असती.

भी जणू एका नवजात मुलाचा पिता होतो, तेव्हाच मला बाहेर काढण्यात आले. भी घाबरलो होतो, पण जर भी पुढे गेलो नाही तर भी तुटून पडेन हे मला माहीत होते. माझ्याकडे एकमेव पर्याय होता तो म्हणजे पुढे जात राहणे. नकारात्मक विचारांना बळी पडणे आणि इतरांच्या विचारांवर विश्वास ठेवणे खूप सोपे असते. विशेषतः सगळे वाईट घडते आहे. असे वाटते. परंतु यावर मात करणे शक्य असते. मी भय आणि असुरक्षिततेला न जुमानता पुढे गेलो. मग हळूहळू

आम्ही आताच काम बंद का केले? तर त्याचे काही विशेष कारण नाही. कोणापासून धोका नाही, आजारपण नाही किंवा कोणताही मोठा वैयक्तिक मुद्दाही नाही. मला कुणीतरी एकदा सांगितले की, एका विशिष्ट टप्प्यानंतर यशस्वी करिअर एक स्वार्थी कृती बनते. सुरुवातीला मला वाटले की, मला स्वतःला काही गोष्टी सिद्ध करण्याची गरज आहे. आता मला रचत:साठी थोडा आराम मिळाला आहे. कदाचित माझ्या आयष्यात पहिल्यांदाच तो मिळाला आहे. मी माझ्या कुटुंबासोबत वेळ घालवण्यासाठी, माझे छंद जोपासण्यासाठी आणि प्रवास करण्यास उत्सुक आहे. मी त्यांच्यासाठी पैसे कमावले आहेत. मी माझे पैसे इंडेक्स फंड आणि कमी तणावाच्या गोष्टींमध्ये गुंतवण्याचा विचार करत आहे. सध्या मी माझ्या टीममधील प्रत्येकाला जिथे असायला हवे, तिथे पोहोचवण्यावर लक्ष केंद्रित करत आहे.

कृत्रिमरित्या वाढवून गुंतवणूकदारांचे नुकसान केले, वाढीव किमतीच्या शेअरच्या आधारे मोठमोठी कर्ज घेऊन घोटाळा केला असा आरोप केला गेला. हा अहवाल प्रसिद्ध होताच अदानीं कंपन्यांच्या शेअरमध्ये मोठी घसरण झाली आणि गौतम अदानींच्या वैयक्तिक संपत्तीतहीं मोठी घट झाली. २० हजार कोटींची इनिशियल पब्लिक ऑफर (आयपीओ) मागे सेबीकडून अदानी समूहाला क्लीनिघट देण्यात आली. गेल्या वर्षी हिंडेनबर्गने आणखी एक अहवाल प्रसिद्ध करून असा दावा केला की, सेबीच्या प्रमुख माधबी पुरी बुच यांनी अदानी सम्ह्राशी संबंधित विदेशी संस्थांमध्ये गुंतवणूक केली आहे. बुच आणि त्यांचे पती धवल बुच यांची अशा ऑफशोअर फंडात भागीदारी होती, ज्यामध्ये गीतम अदानी यांचे भाऊ विनोद अदानी

असे नाथन अँडरसन यांनी म्हटले आहे. मात्र त्यांच्या या निर्णयानंतर अनेक तर्क-वितर्क लढवले जात आहेत. दरम्यान, हिंडेनवर्ग रिसचीन त्यांचे कामकाज बंद करण्याची घोषणा करताच आज शेअर बाजारात अदानी उद्योग समूहाच्या कंपन्यांमध्ये जोरदार, अदानी ग्रीन एनर्जी, अदानी ग्रेटरप्रायझेसच्या शेअरसध्ये ८ टक्क्यांपर्यंत वाढ झाली.

गौतम अदाणी को निशाना बनाने वाली हिंडनबर्ग रिसर्च फर्म बंद

ट्रंप के राष्ट्रपति पद संभालने से पहले संस्थापक ने किया एलान

एजेंसी/ब्यूरो

वाशिंगटन/नई दिल्ली। अरवपति कारोबारी गौतम अदाणी को निशाना बनाने वाली अमेरिका की हिंडनबर्ग रिसर्च फर्म बंद हो गई। फर्म के संस्थापक नैट एंडरसन ने बृहस्पतिवार को इसकी घोषणा की। अदाणी समूह को लेकर हिंडनबर्ग की रिपोर्ट ने अंतरराष्ट्रीय स्तर पर हलचल मचाई थी और समूह की कंपनियों की बाजार पूंजी को अरबों डॉलर का नुकसान पहुंचाया था।

एंडरसन ने 2017 में शॉर्ट सेलिंग फर्म हिंडनबर्ग रिसर्च की शुरुआत की थी। नवनिर्वाचित राष्ट्रपति डोनाल्ड ट्रंप के पदभार संभालने से पहले कंपनी बंद करने के पीछे एंडरसन ने कोई खास कारण नहीं बताया है। हालांकि आलोचकों का दावा है कि जॉर्ज सोरोस से हिंडनबर्ग के संबंध व डीप स्टेट पर अदाणी समूह ने कहा, कितने गाजी आए, कितने गए ..अदाणी समूह के सीएफओ जुगेशिंदर रॉबी सिंह ने सोशल मीडिया पोस्ट में लिखा, कितने गाजी आए, कितने गाजी गए। अदाणी के खिलाफ हिंडनबर्ग रिपोर्ट ने भारत में राजनीतिक तूफान खड़ा कर दिया था। रिपोर्ट आने के बाद समूह के शेयरों में भारी गिराबट भी दर्ज की गई थी।

हमने कुछ साम्राज्यों को हिला

एंडरसन ने लिखा कि हमारे काम की तीव्रता व गंभीरता बाकी दुनिया व उन लोगों को खोने की कीमत पर है जिनकी मुझे फिक्र है। अब मैं हिंडनबर्ग को जीवन के सिर्फ एक अध्याय के रूप में देखता हूं, न कि केंद्र बिंदु की तरह जो मुझे परिभाषित करे। हमने कुछ ऐसे साम्राज्यों को हिला दिया, जिन्हें हिलाने की जरूरत थी।

आगामी ट्रंप प्रशासन का दबाव प्रमुख कारण हैं। फर्म की वेबसाइट पर एंडरसन ने लिखा, कोई खास बात नहीं है, कोई खतरा भी नहीं है। न ही सेहत की समस्या है।

एंडरसन ने कंपनी की वेबसाइट पर साझा किए एक पत्र में लिखा इसके पीछे कोई खास वजह नहीं है. .कोई खतरा नहीं, कोई स्वास्थ्य समस्या नहीं और कोई व्यक्तिगत समस्या नहीं है। हमने कुछ ऐसे साम्राज्यों को हिला दिया, जिन्हें हिलाने की हमें जरूरत महसूस हुई। अगले छह महीनों में वह हिंडनबर्ग के मॉडल पर वीडियो और सामग्रियों की एक शृंखला पर काम करने की योजना बना रहे हैं, ताकि अन्य लोग जान सकें कि कंपनी ने जांच कैसे की।

कथित संबंधों और आगामी ट्रम्प प्रशासन के भारी दबाव को इसकी मुख्य वजह करार दिया है। इस खबर के आने के बाद अडानी समूह के मुख्य वित्त अधिकारी (सीएफओ) जुगेशिंदर रॉबी सिंह ने सोशल मीडिया मंच 'एक्स'पर लिखा कि कितने गाजी आए, कितने गाजी गए।'

हिंडनबर्ग ने जनवरी, 2023 में एक रिपोर्ट में अडानी समूह पर 'कॉरपोरेट इतिहास में सबसे बड़ा घोटाला करने' का आरोप लगाया गया था। इस रिपोर्ट के आने के बाद समूह की कंपनियों के बाजार मूल्यांकन में 150 अरब अमरीकी डॉलर की गिरावट आई थी। अडानी समूह ने इन सभी आरोपों का खंडन किया था। adani

हिंडनबर्ग रिसर्च ने कारोबार समेटा

दीपक कमार झा/पीटीआई। नई दिल्ली/वाशिंगटन

शॉर्ट-सेलिंग के लिए जानी जाने वाली अमेरिकी निवेश शोध फर्म हिंडनवर्ग रिसर्च, जिसने मुख्य रूप से भारतीय अरबपित गाँतम अदाणी को निशाना बनाया और पिछले तीन वर्षों में कई सत्रों के लिए संसद के कामकाज को बंधक बनाकर भारतीय राजनीतिक व्यवस्था में हलचल पैदा की, बंद हो गई है। 2017 में शुरू हुए हिंडनवर्ग रिसर्च के संस्थापक नैट एंडरसन द्वारा बंद करने की घोषणा, संयुक्त राज्य अमेरिका के नए राष्ट्रपति के रूप में डोनाल्ड ट्रम्प के सत्ता संभालने से कुछ ही दिन पहले हुई। अदाणी समूह के सीएफओ जजिंदर रोबी सिंह ने एक सोशल मीडिया पोस्ट में लिखा, 'कितने गाजी आए, कितने गाजी गए।' अदाणी समूह ने अभी भी आरोपों से इनकार किया है।

हिंडनबर्ग के विघटन की घोषणा ने एक बार फिर कांग्रेस और भारतीय जनता पार्टी (भाजपा) के बीच राजनीतिक दुंद्र को जन्म दे दिया। कांग्रेस ने कहा कि मामले के बंद होने का मतलब 'मोदानी' को क्लीन चिट मिलना नहीं है। भाजपा ने आरोप लगाया कि कांग्रेस नेता राहुल गांधी 'अर्बन नक्सलियों' की सोच की 'पूरी तरह से पकड़' में हैं और पूछा कि क्या अब उन्हें हिंडनबर्ग रिसर्च की बंद 'दुकान' का 'टेका' मिल गया है। पूर्व केन्द्रीय मंत्री रिवशंकर प्रसाद ने कहा कि अमेरिका स्थित शॉर्ट-सेलिंग कंपनी हिंडरबर्ग रिसर्च ने उसी दिन अपनी दुकान बंद कर दी, जिस दिन कांग्रेस ने अपने नए मुख्यालय भवन का उदघाटन किया।

एंडरसन की यह अचानक और आश्चर्यजनक घोषणा, हाउस ज्यूडिशियरी कमेटी के एक सदस्य, रिपब्लिकन कांग्रेसमैन द्वारा न्याय विभाग से अदाणी और उनकी कंपनियों की जांच से संबंधित सभी दस्तावेजों और संचार को सुरक्षित रखने के अनुरोध के कुछ दिनों के भीतर आई है। वाशिंगटन से पीटीआई के अनुसार एंडरसन ने घोषणा की कि 'जैसा कि मैंने पिछले वर्ष के अंत में परिवार, मित्रों और हमारी टीम के साथ साझा किया था, मैंने हिंडनवर्ग रिसर्च को भंग करने का निर्णय लिया है। हम जिन विचारों पर काम कर रहे थे, उनकी पाइपलाइन पूरी होने के बाद यह योजना समाप्त हो गई है और पिछले पोंजी मामलों के अनुसार, जिन्हें हमने अभी पूरा किया है और नियामकों के साथ साझा कर रहे हैं, वह दिन आज है।'

40 वर्षीय एंडरसन ने कहा कि वह अपने शौक पूरे करने, यात्रा करने और अपनी मंगेतर तथा बच्चे के साथ समय बिताने के लिए उत्सुक हैं। उन्होंने कहा कि उन्होंने भविष्य में उनके लिए पर्याप्त धन अर्जित कर लिया है।

भाजपा ने कहा कि ऐसा लगता है कि अमेरिका स्थित अरवपति निवेशक जॉर्ज सोरोस की 'दुकान' भी बंद होने जा रही है, क्योंकि नवनिर्वाचित राष्ट्रपति डोनाल्ड ट्रम्प के नेतृत्व में नया प्रशासन सत्ता संभालने वाला है। उन्होंने कहा कि सोरोस हिंडनबर्ग को वित्तपोषित करते हैं।

कांग्रेस के मुख्य प्रवक्ता जयराम रमेश ने कहा कि हिंडनवर्ग रिसर्च को बंद करने का मतलब किसी भी तरह से मोदानी को क्लीन चिट नहीं है। जनवरी 2023 की हिंडनवर्ग रिपोर्ट इतनी गंभीर साबित हुई कि भारत के सर्वोच्च न्यायालय को जांच के लिए एक विशेषज्ञ समिति गठित करने के लिए मजबूर होना पडा। उन्होंने एक बयान में कहा कि अदाणी समृह के खिलाफ लगाए गए आरोपों की कड़ी निंदा की जानी चाहिए, 'जिसका मुख्य संरक्षक कोई और नहीं बल्कि भारत के वर्तमान प्रधानमंत्री हैं।' रमेश ने कहा, हालाँकि हिंडनबर्ग रिपोर्ट ने प्रतिभृति कानुनों के उद्घंघन के केवल एक हिस्से को कवर किया - वह है मोदीनी मेगा घोटाले का मामला। कांग्रेस पार्टी ने हम अदाणी के हैं कौन में प्रधानमंत्री से अदाणी मेगा घोटाले पर 100 सवाल पूछे थे। रमेश ने कहा, जनवरी-मार्च 2023 के दौरान 2023 के लिए 21 प्रश्न पुछे जाएंगे, जिनमें से केवल 21 प्रश्न हिंडनवर्ग रिपोर्ट में किए गए खुलासे से संबंधित होंगे। मामला कहीं ज्यादा गहरा है। इसमें राष्ट्रीय हितों की कीमत पर प्रधानमंत्री के करीबी दोस्तों को फायदा पहुँचाने के लिए भारतीय विदेश नीति का दुरुपयोग शामिल है। इसमें जाँच एजेंसियों का दुरुपयोग करके भारतीय व्यापारियों को महत्वपूर्ण बुनियादी ढाँचा परिसंपत्तियों को बेचने और अदाणी को एकाधिकार बनाने में मदद करने के लिए मजबूर करना शामिल है। रमेश ने आरोप लगाया, 'हवाई अड्डों, बंदरगाहों, रक्षा और सीमेंट में भ्रष्टाचार की घटनाएं बढ रही हैं।'

हिंडनवर्ग रिसर्च : भेड़िया आया ... चला गया

भेड़िया आया ... शिकार किया ... और चला गया। अमेरिकी नागरिक नाथन एंडरसन पर यह उक्ति सटीक बैठती है। अमेरिकी वित्तीय शोध कंपनी हिंडनबर्ग रिसर्च ने बुधवार को अचानक अपनी दकान बंद कर दी है। 2017 में

राधा रम

नाथन एंडरसन नामक अमेरिकी नागरिक द्वारा स्थापित इस संस्था ने महज आठ साल के अंदर न सिर्फ भारत बल्कि दुनिया के कई देशों के शेयर बाजार में भयानक उथल-पृथल मचाई थी। हिंडनबर्ग रिसर्च के काम करने का तरीका बिलकुल अलग था। यह रिपोर्ट तैयार करने के बाद अपनी वेबसाइट के माध्यम से दुनियाभर में जारी करती थी। रिपोर्ट में वित्तीय अनियमितता का जिरू होता था। चूंकि हर व्यापारिक समूह मुनाफे के लिए ही कारोबार करता है। इसलिए तत्काल किसी को शक भी नहीं होता है। लोगबाग उस रिपोर्ट को सच मान लेते हैं। उस देश की विपक्षी पार्टियां हवा देने लगती हैं। सरकार किंकर्तव्यविमृद् हो जाती है। जिस किसी व्यापारिक समूह के खिलाफ यह रिपोर्ट होती थी, जब तक वह संभलता तब तक उसके शेयर बाजार में भूचाल आ चुका होता था। उसके हजारों-लाखों करोड़ रुपये अथवा डॉलर डब चुके होते थे। इसने अपनी रिपोर्ट से देश के अग्रणी उद्योग समृह अडाणी को भी लाखों करोड रुपये की चपत लगा दी थी। इसके अलावा निकोला समूह, क्लोवर हेल्थ, कंडी और लार्डस्टाउन मोटर्स आदि कई प्रमुख कंपनियां हैं जिन्होंने हिंडनबर्ग रिसर्च की रिपोर्ट जारी होने से अपनी जमा पूंजी गंवाई है।

खास बात यह कि अमेरिका के नये राष्ट्रपति डोनाल्ड टंप के शपथ लेने और पद भार ग्रहण करने के पहले नाथन एंडरसन ने अपनी दुकान बंद कर दी। हिंडनबर्ग रिसर्च के खिलाफ अमेरिकी अदालतों में कई मुकदमें चल रहे हैं। अमेरिका का डिपार्टमेंट ऑफ़ जस्टिस जाँच कर रहा है। हालाँकि रिपोर्ट जारी करने के पहले हिंडनबर्ग रिसर्च दावा करता था कि 'वह धोखाधड़ी उजागर करके निवेशकों को नुकसान से बचाने के लिए ऐसा कर रहा है। इससे किसी को इस पर शक भी नहीं होता था। लेकिन आरोप है कि रिपोर्ट जारी करके नाथन एंडरसन करोडों रुपये (डॉलर) कमाते थे। जब उन्हें लगा कि कार्यभार ग्रहण करने के बाद डोनाल्ड ट्रंप उनके खिलाफ एक्शन ले सकते हैं तो कारोबार समेटकर एंडरसन संत बनने का दिखावा कर रहे हैं। एंडरसन कहते हैं कि 'कंपनी बंद करने का फैसला काफी बातचीत और सोच समझ कर लिया है। हमने उन एम्पायर्स को हिला दिया जिन्हें हिलाने की जरूरत थी।

उन्होंने लिखा कि कोई खास बात नहीं है। कोई खास खतरा भी नहीं है। स्वास्थ्य की कोई समस्या नहीं है और कोई बड़ा व्यक्तिगत मुद्दा भी नहीं है। मैंने वह सब हासिल कर लिया है जो हमने टारगेट किया था। मैंने पिछले 8 साल का ज्यादातर समय किसी लड़ाई में या अगली लड़ाई की तैयारी में बिताया है। अब मैं अपने शौक पूरे करने, घूमने, अपनी मंगेतर और बच्चों के साथ समय बिताने के लिए उत्सुक हूँ। मैंने फ्यूचर के लिए काफी पैसा भी कमा लिया है।

नाथन एंडरसन की भोली प्रतिक्रिया और कारोबार समेटने से मुझे एक बार फिर बिहार के कुख्यात ठग मिथिलेश श्रीवास्तव उर्फ़ नटवर लाल की कही बातें याद आती है। एक बार अपनी गिरफ्तारी के बाद पत्रकारों से उसने कहा था कि दुनिया में जब तक लालची रहेंगे, ठग भूखा नहीं रहेगा। लालच चाहे सत्ता की हो अथवा सामान की, दोनों हितकारक नहीं कही जा सकती। एंडरसन ने तो दूसरों पर दोषारोपण करके अपना घर भर लिया। लेकिन नाथन एंडरसन के आरोपों को सही मानकर और उलझकर हमने यह क्या कर लिया? क्या हमारे नेता अमेरिकी अरबपति जार्ज सोरोस को लेकर भी वही गलती तो नहीं कर रहे हैं? आलोचकों का दावा है कि सोरोस की ओपन सोसायटी फाउंडेशन ने कई देशों में राजनीतिक अस्थिरता को बढावा दिया है। दावा तो यह भी है कि अब उसके निशाने पर भारत है। भारत के एक सियासी परिवार से सोरोस की नजदीकियां जगजाहिर है दोनों के कई फोटोग्राफ भी पब्लिक डोमेन में आ चुके हैं।

मुझे पूछने दीजिए कि जिस हिंडनबर्ग की रिपोर्ट को लेकर कांग्रेस पार्टी और नेता प्रतिपक्ष राहुल गाँधी ने संसद से लेकर सड़क तक सरकार और गौतम अडाणी के खिलाफ हो-हल्ला मचाया था, अब क्या कहेंगे? क्या हिंडनबर्ग की जिस रिपोर्ट से गौतम अडाणी के 7 लाख करोड़ से अधिक की पूंजी डूब गई, उसे कांगेस पार्टी अब वापस दिलाने की पहल करेगी? क्या सरकार की छवि पर अडाणी को लेकर जो दाग लगा है, उसकी भरपाई हो सकेगी?

यकीन मानिए, मैं सरकार अथवा गौतम अडाणी की बेगुनाही का कोई दस्तावेज नहीं दिखा रहा हूँ, न ही मैं दोनों में से किसी का प्रतिनिधि हूँ। मैं पत्रकार हूँ और 35 वर्षों से पत्रकारिता ही कर रहा हूँ। मेरा तो बस इतना ही कहना है कि बिना किसी ठोस सबूत के, हमें किसी पर दोषारोपण करने अथवा किसी की छवि बिगाइने का हक नहीं है। कीचड़ अगर हाथ में लेकर हम आसमान पर उछालेंगे तो वह हमारे ही सिर और चेहरे पर गिरेगा। अडाणी, अंबानी, टाटा, बिड़ला हों या कोई और उद्योगपित, राष्ट्र के निर्माण और इसके विकास में उनका योगदान सरकार से कमतर नहीं होता। सडक, रेल, एयरपोर्ट, पोर्ट, संचार, इंटरनेट, शिक्षा, चिकित्सा, बिजली, बांध. रोजगार से लेकर खानपान की सुविधा तक सभी सुलभ कराने में हमारे उद्योगपतियों का योगदान अहम् है। देश की अर्थव्यवस्था के वही रीढ होते हैं। इसलिए मेरा मानना है कि उनकी आलोचना सुधार के लिए होनी चाहिए, विरोध के लिए नहीं। कहीं ऐसा न हो कि अकारण उनको कोसते-कोसते हम अपना अहित कर लें। हम 21 वीं सदी में जी रहे हैं। हमें अपनी सोच बड़ी रखनी होगी। तभी हम विकसित भारत की परिकल्पना को साकार कर सकते हैं।

हिंडनबर्ग के बंद होने का मतलब यह नहीं है कि मोदानी को क्लीन चिट मिल गई : कांग्रेस

नई दिल्ली, (वीअ)। कांग्रेस ने बृहस्पतिवार को कहा कि अमेरिकी निवेश एवं अनुसंधान कंपनी हिंडनबर्ग रिसर्च के बंद होने का मतलब यह नहीं है कि मोदानी को क्लीन चिट मिल गई है। पार्टी महासचिव जयराम रमेश ने अदाणी समूह और भारतीय प्रतिभूति विनिमय बोर्ड (सेबी) से जुड़े मामलों का उल्लेख करते हुए यह भी कहा कि ये गंभीर अपराधिक कृत्य है जिनकी पूरी तरह से जांच केवल संयुक्त संसदीय समिति (जेपीसी) द्वारा ही की जा सकती है।

अमेरिकी निवेश एवं अनुसंधान कंपनी हिंडनबर्ग रिसर्च को बंद कर दिया गया है। इसके संस्थापक नैट एंडरसन ने बुधवार को यह जानकारी दी। उद्योगपित गौतम अदाणी और उनके समूह के खिलाफ रिपोर्ट जारी करने के बाद यह कंपनी चर्चा में आ गई थी। रमेश ने एक बयान में कहा, हिंडनबर्ग रिसर्च के बंद होने का किसी भी तरह से यह मतलब नहीं है कि मोदानी को क्लीन चिट मिल गई है। उन्होंने कहा,

जनवरी 2023 में आई हिंडनबर्ग रिपोर्ट इतनी गम्भीर साबित हुई थी कि भारत के उच्चतम न्यायालय को उसमें अदाणी समृह, जिसे किसी और का नहीं, खुद प्रधानमंत्री का संरक्षण प्राप्त है, के खिलाफ सामने आए आरोपों की जांच के लिए एक विशेषज्ञ समिति का गठन करने के लिए कांग्रेस नेता ने कहा कि मजबूर होना पडा। हिंडनबर्ग रिपोर्ट में मोदानी महाघोटाले के केवल एक हिस्से, प्रतिभूति कानूनों के उल्लंघन को ही कवर किया गया था। रमेश ने दावा किया, यह मामला और भी ज्यादा गंभीर है। इसमें राष्ट्रीय हित की कीमत पर प्रधानमंत्री के करीबी मित्रों को और समृद्ध करने के लिए भारत की विदेश नीति का दुरुपयोग शामिल है। इसमें भारत के व्यवसायियों को अपनी महत्वपूर्ण संपत्तियों को बेचने के लिए मजबुर करने और अदाणी को हवाई अड्डों, बंदरगाहों, रक्षा एवं सीमेंट जैसे क्षेत्रों में एकाधिकार बनाने में मदद करने के लिए जांच एजेंसियों का दुरुपयोग शामिल है।

हिण्डनबर्ग पर ताला

अमेरिकी निवेश एवं अनुसंधान कम्पनी हिण्डनबर्ग के संस्थापक नैट एण्डर्सन ने बृहस्पतिवार को अपना कारोबार समेट कर काफी लोगों को निराश किया। हिण्डन बर्ग अनुसंधान की रिपोर्ट को अपने विरोधियों के खिलाफ इस्तेमाल करने की जो प्रवृत्ति विकसित हुई थी, उसे निश्चित रूप से गहरा धक्का लगा है। नैट एण्डर्सन के खिलाफ तो पहले भी धोखाधड़ी के मामले दर्ज हुए हैं किन्तु चूंकि उसकी रिपोर्ट की वजह से भारत में विपक्ष की पार्टियों का हित जुड़ा था, इसलिए काफी महत्व दिया गया। नैट एण्डर्सन ने भारतीय उद्योगपित गौतम अडाणी को नुकसान पहुंचाने के आशय से ही नहीं 2023 में रिपोर्ट जारी की थी, बल्कि उसका उद्देश्य यह भी था कि वह ऐसा करके मालामाल हो सके। हिण्डनबर्ग को रिपोर्ट के कारण ही अडाणी समूह को 150 अरब अमेरिकी डालर का नुकसान हुआ तो ब्लूम बर्ग के अनुसार हिण्डनबर्ग को अडाणी स्टाक पर अपनी शार्ट सेलिंग स्थिति से चार मिलियन डालर से अधिक कमाई भी हुई।

हकीकत तो यह है कि अमेरिकी राष्ट्रपति पद की डोनाल्ड टंप के शपथ लेने से चार दिन पहले ही नैट एण्डर्सन का कारोबार समेटना इस बात का परिचायक है कि दूसरे देशों के व्यवसायियों को निशाना बनाने के लिए उसे अमेरिका में डीप स्टेट का पुरा समर्थन था जो बिडेन सरकार के वक्त ज्यादा ही सिक्रय रहते थे। भारत विरोधी डीप स्टेट वहां के विदेश मंत्रालय और राष्ट्रपति भवन में काफी सक्रिय रहे हैं। युं ही अमेरिकी निवेशक और दूसरे देशों की सरकारों को अस्थिर करने वाले जार्ज सोरोस को बिडेन सरकार ने सम्मानित किया है। जार्ज सोरोस ने ही हिण्डनबर्ग को आर्थिक मदद दी थी। सोरोस ने तो खुलेआम कहा था कि वह नरेन्द्र मोदी का विरोध करते हैं इसलिए अडाणी को हिण्डनबर्ग की रिपोर्ट के माध्यम से नुकसान पहुंचाया। बहरहाल जो लोग नैट एण्डर्सन के हिण्डनबर्ग के कारोबार का तार बिडेन प्रशासन से जोड रहे हैं, उनके आंकलन तार्किक एवं मजबृत आधार है। अमेरिकी सांसद और न्याय समिति के सदस्य रीपलांस गुड़ेन ने तो यहां तक कह दिया कि हिण्डन बर्ग के दस्तावेज जब्त करके उनकी जांच की जानी चाहिए ताकि उसके वास्तविक आशय का खुलासा हो सके। लब्बोलुआब तो यह है कि अडाणी ने तो अपनी कम्पनियों को संभाल लिया किन्तु हिण्डनबर्ग पर ताला लग गया।

अडाणी के खिलाफ रपट जारी करने वाली हिंडनबर्ग रिसर्च ने कारोबार समेटा

जनसत्ता ब्यूरो नई दिल्ली, 16 जनवरी।

अमेरिकी निवेश एवं अनुसंधान कंपनी हिंडनबर्ग रिसर्च ने अपना कारोबार समेट लिया है। इसके संस्थापक नैट एंडरसन ने गुरुवार को यह जानकारी दी। उद्योगपति गौतम अडाणी और उनके समृह के खिलाफ रपट जारी करने के बाद यह कंपनी भारत में चर्चा में आ गई थी। हिंडनबर्ग की शुरुआत 2017 में की गई थी। एंडरसन ने कहा कि अगले छह महीनों में वह हिंडनबर्ग के माडल पर वीडियो

की खबर के बाद अडाणी की कंपनियों के शेयरों में उछाल।

और सामग्रियों की एक कारोबार समेटने शृंखला पर काम करने की योजना बना रहे हैं, ताकि लोग जान सकें कि कंपनी ने जांच कैसे की।

एंडरसन (40) ने यह घोषणा डोनाल्ड ट्रंप के अमेरिका के नए राष्ट्रपति के रूप में शपथ लेने से कुछ ही दिन पहले की है। हालांकि, उन्होंने अपने निर्णय के पीछे काम में गहन संलिप्तता को कारण बताया है. लेकिन आलोचकों ने जार्ज सोरोस के साथ हिंडनबर्ग के कथित संबंधों और आगामी ट्रंप प्रशासन के भारी दबाव को इसकी मुख्य वजह करार दिया है। हिंडनबर्ग रिसर्च के बंद होने की सुचना के बाद समृह की कंपनियों के शेयरों में तेजी आई। इस खबर के आने के बाद अदाणी समृह के मुख्य वित्त अधिकारी (सीएफओ) जुगेशिंदर राबी सिंह ने सोशल मीडिया मंच 'एक्स' पर लिखा, 'कितने गाजी आए, कितने गाजी गए।'

हिंडनबर्ग ने जनवरी, 2023 में एक रपट प्रकाशित की थी, जिसमें अडाणी समूह पर 'कारपोरेट बाकी पेज 8 पर

अडाणी के खिलाफ रपट जारी करने वाली हिंडनबर्ग रिसर्च ने कारोबार समेटा

इतिहास में सबसे बड़ा घोटाला करने' का आरोप लगाया गया था। समूह पर शेयरों के भाव में हेराफेरी तथा वित्तीय गड़बड़ियों का आरोप लगाया गया था। इस रपट के आने के बाद समूह की कंपनियों के बाजार मूल्यांकन में 150 अरब अमेरिकी डालर की गिरावट आई थी।

अडाणी समूह ने हालांकि इन सभी आरोपों का खंडन किया था। एंडरसन ने कंपनी की वेबसाइट पर साझा किए एक पत्र में लिखा, 'इसके पीछे कोई खास वजह नहीं है..कोई खतरा नहीं, कोई स्वास्थ्य समस्या नहीं और कोई व्यक्तिगत समस्या नहीं है। इस काम में जो अत्यधिक संलिप्तता से मैं बाकी दुनिया और उन लोगों से दूर हो रहा था जिनकी मुझे परवाह है। अब मैं हिंडनबर्ग को अपने जीवन का एक अध्याय मानता हूं, न कि कोई ऐसी चीज जो मुझे परिभाषित करती है।' एंडरसन ने लिखा, 'हमने कुछ ऐसे साम्राज्यों को हिला दिया, जिन्हें हिलाने की हमें जरूरत महसूस हुई। उन्होंने लिखा कि नियामकों द्वारा जिन लोगों पर दीवानी या आपराधिक आरोप लगाए गए हैं, उनमें अरबपित और कुलीन वर्ग के लोग शामिल हैं। अगले छह महीनों में वह हिंडनबर्ग के माडल पर वीडियो और सामग्रियों की एक शृंखला पर काम करने की योजना बना रहे हैं, ताकि अन्य लोग जान सकें कि कंपनी ने जांच कैसे की।

उन्होंने कहा, 'फिलहाल मैं यह सुनिश्चित करने पर ध्यान केंद्रित करूंगा कि हमारे दल का हर सदस्य वहां पहुंचे जहां वे आगे बढ़ना चाहते हैं। इसलिए अगले छह महीने में, मैं हमारे माडल के हर पहलू और हम अपनी जांच कैसे करते हैं, इसके बारे में 'ओपन–सोसं' के लिए सामग्री तथा वीडियो की एक श्रृंखला पर काम करने की योजना बना रहा हं। 'वाल स्टीट जर्नल' को दिए गए एक साक्षात्कार में एंडरसन ने कहा कि वह अपने शौक पूरे करने, यात्रा करने और अपनी मंगेतर तथा उनके बच्चे के साथ समय बिताने के लिए उत्साहित हैं। उन्होंने भविष्य के लिए पर्याप्त धन जोड़ लिया है। वह अपने पैसे को कम तनाव वाले निवेश में लगाने की योजना बना रहे हैं।

अमेरिका संसद की न्यायिक समिति के सदस्य रीप लांस गुड़ेन के अमेरिकी न्याय मंत्रालय से उद्योगपित गौतम अडाणी और उनके समूह की कंपनियों के खिलाफ जो बाइडेन प्रशासन में चलाए गए 'चुनिंदा अभियोजन' के संबंध में सभी रेकार्ड सुरक्षित रखने का अनुरोध करने के कुछ दिन बाद एंडरसन ने कंपनी को बंद करने की घोषणा की है। अडाणी के खिलाफ हिंडनबर्ग रपट ने भारत में राजनीतिक तूफान खड़ा कर दिया था। हालांकि, उच्चतम न्यायालय ने इसपर आधारित वादियों की याचिका को

खारिज कर दिया था और समय के साथ अदाणी समूह ने मजबूत परिचालन प्रदर्शन तथा शेयरों में हुए नुकसान की भरपाई के साथ खोई हुई जमीन वापस पा ली। हिंडनबर्ग रिसर्च के बंद होने की सूचना के बाद समूह की अडाणी समूह की कंपनियों के शेयरों में गुरुवार को तेजी आई।

इसकी रपट आने के बाद अडाणी समूह की कंपनियों का बाजार मूल्यांकन अरबों डालर घट गया था। बीएसई पर एनडीटीवी के शेयर में 9.15 फीसद, अंबुजा सीमेंट्स में 3.88 फीसद, अडाणी ग्रीन एनजीं में 3.35 फीसद, सांघी इंडस्ट्रीज में 3.34 फीसद तथा अडाणी पावर में 2.45 फीसद की बढ़ोतरी हुई। अडाणी पोट्स (2.03 फीसद), अडाणी टोटल गैस (1.78 फीसद), अडाणी टोटल गैस (1.78 फीसद), अडाणी एंट्स्प्राइजेज (1.74 फीसद), अडाणी एनजीं साल्यूशंस (1.54 फीसद) और एसीसी (0.77 फीसद) भी बढ़त में रहे।

हिंडनबर्ग पर सियासी घमासान बंद होने का मतलब 'क्लीन चिट' नहीं : कांग्रेस, भाजपा का तंज - क्या अब राहुल को मिल गया 'ठेका'

नई दिल्ली, 16 जनवरी (ब्यूरो)।

हिंडनबर्ग रिसर्च बंद होने की खबर को लेकर कांग्रेस और भाजपा में तलवारें खिंच गई हैं। दोनों दलों के नेताओं ने एक-दूसरे पर कटाक्ष करने और आरोप-प्रत्यारोप लगाने शुरू कर दिए हैं। कांग्रेस नेता जयराम रमेश ने गुरुवार को कहा, 'अमेरिकी निवेश एवं अनुसंधान कंपनी के बंद होने का मतलब यह नहीं है कि 'मोदानी' को क्लीन चिट मिल गई है।'दूसरी ओर भाजपा नेता रविशंकर प्रसाद ने नेता प्रतिपक्ष राहुल गांधी पर 'शहरी नक्सलियों' की सोच की 'पूरी तरह गिरफ्त' में होने का आरोप लगाया और उनसे सवाल किया कि क्या अब उन्हें हिंडनबर्ग रिसर्च की बंद हो चुकी 'दुकान' का 'ठेका' मिल गया है?

कांग्रेस के महासचिव जयराम रमेश ने अडाणी समूह और सेबी से जुड़े मामलों का उल्लेख करते हुए यह भी कहा कि ये गंभीर अपराधिक कृत्य हैं जिनकी पूरी तरह से जांच केवल संयुक्त संसदीय समिति (जेपीसी) द्वारा ही की जा सकती है। रमेश ने एक बयान में कहा, 'जनवरी 2023 में आई हिंडनबर्ग रपट इतनी गंभीर साबित हुई थी कि भारत के उच्चतम न्यायालय को उसमें अदाणी समूह, जिसे किसी और का नहीं, खुद प्रधानमंत्री का संरक्षण प्राप्त है, के खिलाफ सामने आए आरोपों की जांच के लिए एक विशेषज्ञ समिति का गठन करने के लिए मजबूर होना पड़ा।' कांग्रेस नेता ने कहा कि इसमें सेबी जैसी संस्थानों पर कब्जा किए जाने का मुद्दा शामिल है, जिसकी प्रमुख (माधवी बुच) अडाणी के साथ हितों के टकराव और वित्तीय संबंधों के स्पष्ट सबृत होने के बावजृद अपने पद पर बनी हुई हैं।

इसके बाद भाजपा नेता और पूर्व केंद्रीय मंत्री रविशंकर प्रसाद ने तंज कसते हुए कहा कि अमेरिका की शार्ट सेलिंग कंपनी हिंडनबर्ग रिसर्च ने उसी दिन अपनी कंपनी बंद करने की घोषणा की, जिस दिन कांग्रेस ने यहां अपने नए मुख्यालय भवन का उद्घाटन किया। उन्होंने एक संवाददाता सम्मेलन में पूछा, 'क्या राहुल गांधी को अब इस दुकान का ठेका मिल गया है? राहुल गांधी शहरी नक्सिलयों की सोच प्रक्रिया की पूरी तरह से गिरफ्त में हैं।' प्रसाद ने कहा कि ऐसा लगता है कि अमेरिका में रहने वाले अरबपित निवेशक जार्ज सोरोस की 'दुकान' भी बंद होने जा रही है क्योंकि डोनाल्ड ट्रंप के नेतृत्व में नया प्रशासन कार्यभार संभालने जा रहा है। उन्होंने दावा किया कि सोरोस, हिंडनबर्ग को फंड करता है।

जारी करने के बाद यह कम्पनी चर्चा में आ गई थी। एंडरसन ने कहा, 'जैसा कि मैंने पिछले साल के अंत से ही अपने परिवार, दोस्तों और अपने दल के साथ यह जानकारी साझा की थी कि मैंने हिंडनबर्ग रिसर्च को बंद करने का निर्णय लिया है। योजना मौजूदा विषयों पर जारी काम को पूरा करने के बाद इसे बंद करने की है। पोंजी मामलों पर काम हमने पूरा कर लिया है और इसे विनियामकों के साथ साझा कर रहे हैं।' हिंडनबर्ग रिसर्च पिछले कुछ वर्षों से अडानी समूह के खिलाफ अभियान चला रही थी। इसकी 2023 में प्रकाशित रिपोर्ट में अडानी समूह पर शेयरों के भाव में हेराफेरी तथा वित्तीय गड़बड़ियों का आरोप लगाया था। उस समय इससे भारतीय अरबपित को अरबों डॉलर का नुकसान हुआ था। अडानी तथा उनकी कम्पनियों ने हालांकि सभी आरोपों से इन्कार किया था।

अडानी समुह पर साधा था निशाना

हिंडनबर्ग रिसर्च का अध्याय समाप्त

एंडरसन ने कंपनी की वेबसाइट पर की बंद करने की घोषणा

एजेंसी/नई दिल्ली। भारतीय अरबपति गौतम अडानी की कंपनियों के खिलाफ अपनी विवादास्पद वित्तीय रिपोर्टों के लिए चर्चा में आई अमेरिकी फर्म हिंडनबर्ग रिसर्च के प्रवर्तक ने अचानक अपनी फर्म को बोरिया बिस्तर समेटने की घोषणा कर दी है। कंपनी के प्रवर्तक और प्रतिभति बाजार के चर्चित मंदिडया शॉर्ट सेलर नेट एंडरसन ने हिंडनबर्ग रिसर्च को बंद करने की घोषणा कंपनी की वेबसाइट पर बुधवार को की। उन्होंने कहा कि वह अपनी छोटी लेकिन प्रसिद्ध फर्म हिंडनबर्ग रिसर्च को बंद कर रहे हैं।

कोई खास वजह नहीं

एंडरसन ने कंपनी 2017 में शुरू की बी।उसने कंपनी की बेबसाइट पर अपने इस निर्णय के बारे में लिखा है कि इसके पीछे कोई खास वजह या व्यक्तिगत कारण नहीं है। उन्होंने कहा कि कोई विशेष बात नहीं है। कोई विशेष खतरा नहीं, कोई स्वास्थ्य समस्या नहीं और कोई बड़ा व्यक्तिगत मुद्दा नहीं है।

कंपनी ने विनियामकों को दी जानकारी

उन्होंने अपने कारोबार के बारे में लिखा कि गहनता और ध्यान की लागत चुकानी पड़ी जिसमें मैने दुनिया के बाकी हिस्सों और ऐसे लोगों की कमी झेली है जिनकी मुझे बहुत परवाह है। 'हिंडनबर्ग' अब उनके जीवन का एक अध्याय बन गया है। उन्होंने कहा कि हिंडनबर्ग अब ऐसी केंद्रीय महत्व की चीज नहीं है जो मुझे परिभाषित करती हो है। उन्होंने यह भी कहा है कि कंपनी ने विनियामकों को इसकी जानकारी दे दी है और उनके साथ काम करने वाले अपनी नई राह, नयी दिशा चुनने के लिए आजाद हैं।

अडानी, जैक डोर्सी और कार्ल इकान जैसे उद्यमियों की कंपनियों को निशाना बनाया

उल्लेखनीय है कि हिंडनबर्ग रिसर्च ने अडानी और जैक डोर्सी और कार्ल इकान जैसे उद्यमियों की कंपनियों को निशाना बनाया था। हिंडनबर्ग की रिपोर्टों में अडानी समूह की कंपनियों पर विदेशी पूंजी निवेश की कथित तिकड़मबाजी से अपनी शेयरों की बाजार कीमतों में तेजी लाने का आरोप लगाया था। इन रिपोर्टों में भारतीय शेयर बाजार विनियामक सेबी की वर्तमान प्रमुख को भी घेरा गया। अडानी समूह और सेबी हिंडनबर्ग की रिपोर्टों को आधी-अधूरी बातें, मनगढ़ंत, द्वेष और निहित स्वार्स्थ प्रेरित प्रोपगंडा बता कर इन्हें खारिज कर चुका है।
