Navi Mumbai Airport will Open in June, says Adani

Mumbai: Mumbai's second international airport will open in June, Gautam Adani, chairman, Adani Group said on Sunday.

The latest timeline marks a delay of about two months for the opening of the Navi Mumbai International Airport. In December, the Adani Group—which is building the airport—had announced an April 17 inauguration, with domestic and international operations starting in May and June respectively.

Meanwhile, the Noida International Airport in Jewar in Uttar Pradesh is also delayed, running six months behind schedule. Zurich Airport International, tasked with building and operating the airport, now expects to inaugurate the facility in the June quarter.

These two airports would be

among the two largest greenfield airports to open in recent years in India.

"Visited the Navi Mumbai International Airport site today—a world-class airport taking shape. Set for inauguration this June, it will redefine connectivity and growth," Adani wrote on social media platform X, sharing visuals from his visit to the airport.

A commercial aircraft had conducted a test landing at the Navi Mumbai airport last December. At the time, Arun Bansal, chief executive officer of AAHL, a subsidiary of Adani

Enterprises, the flagship company of the Adani Group, said, "After the inauguration on April 17th, we need roughly about four weeks for security sweep and other requirements of the airport procedures, which is why we are looking at the second half of May 2025 for domestic operations."

The airport's construction spans four phases, with an estimated cost of ₹18,000 crore. It will be India's first airport with multi-modal connectivity, linking to roads, rail, and metro, with plans for a future waterway connection. Navi Mumbai International Airport (NMIAL) is jointly owned by Adani Airports Holdings (AAHL) and the Airports Authority of India (AAI).

People familiar with the matter said the airport is likely to take a few months for starting commercial operations as the operator is working on connectivity leading up to the airport.

Navi Mumbai International Airport's (NMIAL's) inauguration has now been deferred to June, from the earlier deadline of April.

The Adani group chairman, Gautam Adani (*pictured*), visited the NMIAL site on Sunday to review progress of the project.

"Visited the Navi Mumbai International Airport site today — a world-class airport taking shape. Set for inauguration this June, it will redefine connectivity & growth. A true gift to India," he said on social media plat-

form X (formerly Twitter).

The team from NMIAL and representatives from partner and stakeholder companies were also present at the site for review, an airport spokesperson said.

Among others, Priti Adani, Jeet Adani and Diva Adani along with Arun Bansal, chief executive officer (CEO), Adani Airport Holdings, and BVJK

Sharma, CEO, NMIAL., participated in the review.

Initially, the airport was expected to be inaugurated in the second week of April, followed by the launch of domestic commercial operations in May. Last month, the Directorate General of Civil Aviation (DGCA) met airport officials to examine the aerodrome's readiness. A full day inspection of the airport was conducted by the Airports Authority of India (AAI) and DGCA teams.

In December, an IndiGo flight with no passengers onboard touched down at the airport, making it the first commercial jet to land at the airport.

NMIAL conducted flight calibration of the instrument landing system (ILS) and precision approach path indicator (PAPI), subsequently drafting instrument approach procedures to prepare for the arrival of the validation flight.

In October 2024, an Airbus C-295 of the Indian Air Force (IAF) landed at the airport, marking the first touchdown of any flight at the aerodrome.

In its first phase of operations, the airport will have the capacity to handle 20 million passengers annually. It is projected to handle about 8-10 million domestic passengers within the first six months of its launch.

Navi Mumbai airport to be inaugurated in June: Adani

PRESS TRUST OF INDIA
Mumbai, March 16

THE UPCOMING NAVI Mumbai International Airport will be inaugurated in June, Adani Group chairman Gautam Adani said on Sunday.

Earlier, it was set for inauguration on April 17.

The greenfield airport — the second such facility in the Mumbai Metropolitan Region after the Chhatrapati Shivaji Maharaj International Airport — is being developed by a special purpose vehicle, NMIAL, which is a 74:26 joint venture between Adani Airport Holdings (AAHL) and City and Industrial Development Corporation of Maharashtra (CIDCO).

Prime Minister Narendra Modi, in February 2018, had laid the foundation stone for the new airport, which is coming up at an investment of ₹16,700 crore with an aim to reduce the congestion at the capacity-constrained Mumbai Airport, along with meeting the soaring demand for air travel in the country.

for inauguration this June, it will redefine connectivity & growth. A true gift to India!" Adani said in a post on X. "Kudos to the Adani Airports team & partners for making this vision a reality," he added.

Earlier, late last December, Adani Airport Holdings CEO Arun Bansal had told the media that "our ambition is to do the commercial inauguration of the airport by April 17".

Domestic operations would start from the second half of May and

international operations were expected to commence from the end of July, Jalan had said after the successful trial landing of the first civil passenger aircraft at the under-construction airport on December 29, 2024.

With two runways and four terminals, Navi Mumbai International Airport will have a capacity to cater to 90 million passengers per annum once all the five phases of the projects are completed.

Navi Mumbai airport is set for inauguration in June, nearly two months behind schedule. The airport announced the June opening after an inspection by Gautam Adani, Chairman of Adani group, on Sunday.

Earlier, the opening was set for April 18, but it has been pushed back as work on terminal building is pending. Passenger operations could begin from July after a security sweep of facilities.

CHECK-IN TESTED

The Navi Mumbai airport is being developed by the Adani group with a capacity to handle 20 million passengers and 0.8 million tonnes of cargo in the first phase.

New Delhi: The Navi Mumbai International Airport (NMIA) will be inaugurated in June, Gautam Adani, chairman of Adani Group that is building this upcoming hub, said on Sunday after visiting the site.

An airport gets operational a month or so after the ribbon cutting as multiple agencies, including security and stakeholders, like airlines, start setting up systems after inauguration, a process which takes time. Goa's second airport at Mopa, for instance, was inaugurated on Dec 11, 2022. Domestic flights there started on Jan 5, 2023, and international ones on July 21, 2023. The Union aviation ministry had recently reviewed progress at the Navi Mumbai and Greater Noida airports that were initially expected to get inaugurated in May. Since both these secondary airports still need more work, the same will now happen a little later this summer. It is learnt in Navi Mumbai's case, there was work remaining on the terminal side and taxiways among other areas.

Originally, NMIA was to

NAVI MUMBAI: The upcoming Navi Mumbai International Airport (NMIA), which was supposed to be inaugurated in April, will now be opened in June, Gautam Adani, chairman of the Adani group which is constructing the airport, said on Sunday.

"A glimpse into India's aviation future," Adani said in a post of social media platform X on Sunday, sharing photos of his visit to the airport. "Set for inauguration this June, it will

redefine connectivity and growth. A true gift to India!"

The Adani group chairman was accompanied by his wife Priti Adani, son Jeet Adani and daughter-in-law Diva Adani.

NMIA is a greenfield airport aimed to help ease the burden on Mumbai's congested Chhatrapati Shivaji Maharaj International airport (CSMIA), which is a single runway airport. Navi Mumbai airport is expected to handle 10-12 million passengers per annum, with around 9 million domestic and 3 million international passengers.

Arun Bansal, chief executive officer (CEO), Adani Airport Holdings Ltd (AAHL), and Captain BVJK Sharma, chief executive officer (CEO), Navi Mumbai International Airport Ltd were also part of the Adani-led team that reviewed progress of the airport.

On December 29, following the successful landing of the first commercial flight at the under-construction airport, the NMIA CEO had stated that the facility would be inaugurated on April 17 and operations would begin by mid-May.

Vijay Singhal, vice-chairman and managing director of City and Industrial Development Corporation (CIDCO),

Gautam Adani (centre) visited the airport on Sunday. He was accompanied by officials from Adani Airport Holdings Ltd and Navi Mumbai International Airport Ltd.

'India's aviation future'

Gautam Adani visited the airport on Sunday to review progress of work

which is developing the airport jointly with Adani Airport Holdings Ltd under a private public partnership had then said, "Operations will begin with domestic flights followed by international flights around six months later."

With the launch date now pushed back by nearly two months, actual domestic flight and cargo operations are expected to begin only in July once security arrangements are in place.

International flights are likely to start by the end of

the year or early next year, said officials.

A Navi Mumbai International Airport Ltd spokesperson confirmed that the airport would be inaugurated in June, but did not share any date for commencement of operations.

THE upcoming Navi Mumbai International Airport is set to be inaugurated in June, Adani Group Chairman Gautam Adani announced on Sunday. Initially, the inauguration was scheduled for April 17.

The greenfield airport, the second such facility in the Mumbai Metropolitan Region after Chhatrapati Shivaji Maharaj International Airport, is being developed by Navi Mumbai International Airport Limited (NMIAL). This special purpose vehicle is a joint venture between Adani Airport Holdings Ltd (AAHL), which holds a 74% stake, and the City and Industrial Development Corporation of Maharashtra (CIDCO), which holds 26%.

Prime Minister Narendra Modi laid the foundation stone for the airport in February 2018. The project, with an investment of Rs 16,700 crore, aims to ease congestion at the capacity-constrained Mumbai Airport while addressing the growing demand for air travel in India.

"A glimpse into India's aviation future! Visited the Navi Mumbai International Airport site today — a world-class airport taking shape. Set

NAVI MUMBAI

The much-anticipated Navi Mumbai International Airport Ltd (NMIA) is set to be inaugurated in June, with commercial operations expected to commence a month later. The airport, which is being developed by Adani Group, is progressing rapidly towards completion.

Adani Group Chairman Gautam Adani visited the airport site along with his family to review the project's progress. Accompanying him were Dr Priti Adani, Jeet Adani, and Diva Adani, along with senior officials, including Arun Bansal, CEO of Adani Airport Holdings Ltd, and Capt BVJK Sharma, CEO of Navi Mumbai International Airport Ltd.

"A glimpse into India's aviation future! Visited the Navi Mumbai International Airport site today – a world-class airport taking shape. Set for inauguration this June, it

will redefine connectivity & growth. A true gift to India!" Adani said in a post on X. "Kudos to the Adani Airports team & partners for making this vision a reality," he added.

Representatives from partner companies and key stakeholders were also present during the visit, said the

NMIA spokesperson.

The NMIA is expected to transform connectivity and economic growth in the region, serving as a critical gateway for domestic and international travel.

A spokesperson from NMIA said, "The project is on a fast-track course for com-

Navi Mumbai International Airport a true gift to India: Gautam Adani

Gautam Adani, the Chairperson of the Adani Group, on Sunday said the Navi Mumbai International Airport, set for inauguration this June, will redefine connectivity and growth.

The billionaire industrialist, who visited the Navi Mumbai International Airport Ltd (NMIAL) site and met teams behind it - along with sharing a short video film on his social media platforms -- said the upcoming airport is a "true gift to India".

"A glimpse into India's aviation future! Visited the Navi Mumbai International Airport site today - a world-class airport taking shape," Gautam Adani posted.

"Set for inauguration this June, it will redefine connectivity and growth. A true gift to India," the Adani Group Chairperson further stated.

"Kudos to the Adani Airports team and partners for making this vision a reality," Gautam Adani, mentioned.

In December last year, the

NMIAL successfully carried out its first commercial validation flight with the touchdown of an IndiGo Airlines A 320 plane, paving the way for the Greenfield airport to become operational soon.

The validation flight moment witnessed by senior officials from the Directorate General of Civil Aviation (DGCA), the Airports Au-

thority of India (AAI), as well as the Adani Airport Holdings Limited (AAHL), marks the airport's alignment with global aviation standards.

The NMIAL had earlier successfully conducted the flight calibration of the Instrument Landing System (ILS) and Precision Approach Path Indicator (PAPI),

subsequently drafting instrument approach procedures to prepare itself for the arrival of the validation flight of the airport.

NMIAL is part of Adani Airports Holdings Limited (AAHL) and is owned by Mumbai International Airport Limited (MIAL) (74 per cent shareholding) and CIDCO (26 per cent shareholding).

Once fully operational, the airport will have the capacity to manage over 90 million passengers per annum (MPPA). In the initial phase, the airport is implementing a passenger capacity of 20 MPPA and 8,00,000 tonnes per annum of cargo handling capacity. **IANIS**
