Airport plans to impose a higher levy on flyers from May, but likely to cut landing, parking charges

#### Arindam Majumder

New Delhi: Starting May, passengers taking their flight from Mumbai airport may have to pay higher as the Adani-owned airport has proposed to levy a fee of ₹325 on domestic flyers and increase that on international travellers to ₹650.

However, the impact on passengers may be lesser as the airport has also proposed to slash landing and parking charges for aircraft by almost 35%, officials said. At present, the airport collects ₹187 as user development fee (UDF) from international passengers while there are no charges for domestic flyers. UDF is levied by airport operators to recover expenses incurred on infrastructure

#### Managing Costs Mumbai airport To build a new

to invest over **₹10,000 cr** over next five years

upgradation.

The hike is necessary as Chhatrapati Shivaji Maharaj International Airport (CSMIA) is set to undertake a capital investment of around ₹10,000 crore to upgrade infrastructure, officials said. These include building a new domestic terminal, increasing capacity in Terminal 2, which is primarily used for international flights, building new taxiways, and increasing the capacity of the runway. "T1 is a very old infrastructure. So, we are going to completely rebuild it, and add both physical and digital infrastructure and passenger convenience," Arun Bansal, CEO of Adani Airport Holdings (AAHL), told ET. The Airport Economic Regulatory Authority (AERA) will now decide on the proposal after consultation with airlines and other stakeholders. AERA determines tariff for airports based on various parameters including operating costs, depreciation, non-aero revenues, and taxes and fixed charges through which an airport operator earns revenue. Besides Mumbai and Navi Mumbai airports, AAHL owns seven other airports — Ahmedabad, Lucknow, Mangalore, Jaipur, Guwahati and Thiruvananthapuram.

Bansal said the airport's strategy of evenly distributing the charges on flyers and airlines will result in a nominal increase in ticket fare. The yield per passenger, he said, is going up to ₹325 from ₹285, which may translate to a less than 1% increase in the final ticket price.

Mumbai airport's domestic Terminal 1 in Vile Parle is likely to be shut down for reconstruction from November. The redevelopment plan will involve demolishing the current structure and replacing it with a modern one. The entire renovation project is expected to take about three years, with the new terminal anticipated to be ready by 2028-2029. Once completed, the new Terminal1 will have a capacity to handle 20 million passengers annually, a 42% increase from current capacity.

## Mumbai airport seeks user levy on domestic flyers, and 3.5x hike for international travel **CHANGED USER**

DEEPAK PATEL New Delhi, 18 March

Mumbai International Airport Ltd (MIAL), which operates the airport in the country's financial capital, has proposed introducing a "user development fee" (UDF) of ₹325 it charges every departing domestic passenger, and increasing the UDF for international passengers to ₹650, more than three times the present rate.

As a balancing measure, MIAL, run by the Adani group, said it had proposed reducing aircraft landing and parking charges by about 35 per cent.

The tariff proposal, submitted to the Airport Economic Regulatory Authority (AERA), aims to fund infrastructure and technological enhancement at the airport.

The AERA will soon take a final decision on the tariffs airlines and passengers would pay MIAL in the fourth control period - between 2024-25 and

DEVELOPMENT FEE For Mumbai airport passengers passenger currently(in ₹) Domestic 0 325 187 650 International Source: MIAL

2028-29. "The new tariff structure proposes to strategically shift the revenue mix, with an increase in the UDF while reducing landing and parking charges. This will ensure that Mumbai airport remains a competitive and attractive aviation hub for travellers," the airport operator added.

At present, there is no UDF on domestic passengers but for each international passenger it is ₹187.

flights from Mumbai.

The operator stated the yield per passenger (YPP) at Mumbai airport stood at ₹285 and it should now be increased to ₹332, which is in line with the AERA's consultation paper issued on March 10. The YPP is calculated by dividing passenger-related revenue by

the number of passengers. The increase in YPP is primarily driven by the revised UDF structure.

The airport has two terminals - T1 and T2. T1 comprises three buildings: TIA, TIB, and TIC

T1 is scheduled to be demolished in November this year. It is "necessary" to ensure public safety, the AERA stated in its March 10 paper after a site visit and an audit by the Indian Institute of Technology Bombay, which found corrosion, seepage, and cracks in the terminal.

T1 and T2 have an annual passenger-handling capacity of 15 million and 40 million passengers.

MIAL stated the reconstruction of T1 was expected to be done by September 2028. During the reconstruction phase, about 5 million passengers of T1 would be shifted to T2, while the remaining 10 million passengers would be shifted to Navi Mumbai airport.

## User fee hike: Flying from Mumbai to become costlier

SWARAJ BAGGONKAR Mumbai, March 18

FLYING FROM MUMBAI airport is set to become costlier from the next financial year. Private airport operator, Mumbai International Airport (MIAL), a subsidiary of Adani Airport Holdings (AAHL), has proposed a steep hike of ₹463 in user development fee (UDF) for international passengers, while domestic passengers will be charged ₹325.At present, international passengers are charged a UDF of ₹187, which has been proposed to be raised to ₹650, while the domestic passengers don't have to pay any such fee.

The proposal has been placed before the Airport Economic Regulatory Authority (AERA), which regulates tariffs and other charges at airports. "MIAL has suggested a UDF of ₹325 for departing domestic passengers and ₹650 for departing international travellers to enable it to undertake infrastructure development and technological enhancement projects at the Mumbai airport," a note from MIAL said.

#### TAKING OFF

■ A steep hike of ₹463 to ₹650 in user fee for international passengers ■ International UDF of ₹187 at	
<ul> <li>MIAL plans to reduce airline landing and parking charges by about 35%</li> </ul>	<ul> <li>This is to offset &amp; mitigate the impact on passengers</li> </ul>
MIAL expect	

MIAL further said the fee hike proposal attempts to offset and mitigate the impact on passengers by simultaneously reducing airline landing and parking charges by about 35%.

"This reduction is expected to positively impact airfares from Mumbai, enabling airlines to manage costs more efficiently and maintain competitive ticket prices," the statement added.

Over the next five years, MIAL will invest ₹10,000 crore in creation of airport infrastructure and recover a total revenue of ₹7,600 crore from an expected 229 million passengers.

Among the key initiatives planned are domestic-to-domestic transfer facility at T2, a new taxiway Z to improve ontime performance, introduction of eGates to manage congestion at entry to the terminal, free inter-terminal coach transfers and FASTag-enabled parking.

The older terminals of the Chatrapati Shivaji Maharaj International Airport (CSMIA), 1A and 1B, which cater to only domestic flights, will undergo redevelopment, which is planned later in the year.

T2, the main terminal of CSMIA, will integrate technologies like self-baggage drop systems, CTIX hand baggage screening, and full-body scanners to streamline security checks and improve passenger flow. ## Mumbai airport proposes new user fee for passengers, discounts for airlines

Our Bureau Mumbai

Mumbai International Airport Ltd (MIAL) has proposed a user development fee of ₹325-650 and a reduction of landing/parking charges for airlines in line with Airport Economic Regulatory Authority (AERA) proposal for an 18 per cent increase in airport tariff.

While MIAL wants to collect ₹325 from domestic passengers, it has proposed an increase of international UDF from the current ₹187 to ₹650. At present, domestic passengers are not levied a UDF by the airport.

These rates would have to be approved by AERA which determines aeronautical charges at airport. These include UDF and charges for landing and parking of

planes. The charges are calculated by taking into account airport capex, return on investment, depreciation, tax, and so forth.

#### STRIKING A BALANCE

MIAL said its proposal attempts to mitigate the impact on passengers by reducing landing and parking charges by about 35 per cent, in order to strike a balance between infrastructure enhancement and sustain world-class airport operations. "This reduction is expected to positively impact airfares from Mumbai, enabling airlines to manage costs more efficiently and maintain competitive ticket prices," the airport operator said.

The current yield per passenger (YPP) at the airport is ₹285. The proposal submitted to AERA aims to revise the YPP to approximately ₹332, representing an 18 per cent increase, in line with consultation paper issued by AERA.

Mumbai airport had sought 675 per cent increase in tariff but the same was rejected by AERA, which also rationalised the capex proposed by the airport. AERA cited ongoing litigation in the Supreme Court for rejecting MIAL's tariff demand.

Manju.V@timesofindia.com

Mumbai: Flying out of Mumbai airport is likely to cost more in the coming months. The airport, in a proposal sent to the govt, has sought the intro-duction of a User Develop-ment Fee (UDF) of Rs 325 for domestic embarking passeng-ers. For international passengers, it has sought an up ward revision of the existing UDF from Rs 187 to Rs 650.

Like taxes and fuel sur-charges, UDF is embedded in the cost of an airline ticket. In the past, when airports intro-duced or hiked such fees, airlines have passed them down to the passenger. The proposal sent to the Airport Economic Re gulatory Authority (AERA) will be taken up for discussion at a stakeholder consultation meeting on March 25. Mumbai Inter

International Airport Ltd (MIAL), in a press statement, said it has attempted "to mitigate the impact on passengers by simultaneously reducing airline landing and parking charges by about 35 percent". "This reduction is expected to positively impact airfares from Mumbai, enabling airlines to manage costs more efficiently and maintain competitive ticket prices," sa-id MIAL. Whether airlines will pass on the savings to the ngers remains to be seen.

(AERA)

in 2009

smaller

> For

MIAL said it plans to "strengthen Mumbai's posi-tion as a global aviation hub".

'Over the next five year the airport will invest Rs 10,000 crore in the creation of airport infrastructure and recover a total revenue of Rs 7,600 crore from an expected 229 million passengers, which translates to a balanced approach in reve-nue recovery," said MIAL.

The current Yield Per Passenger (YPP) at Mumbai airport stands at Rs 285. The proposal submitted to AERA aims to revise the YPP to approximately Rs 332, representing an 18% increase, in line with the consultation paper issued by AE-RA on March 10, 2025, it added. Mumbai airport, the seco-

nd busiest in the country, ope rates out of a single runway and two terminal buildings, handling about 55 million pas-sengers per annum. In Nov, MIAL plans to demolish terminal 1, which handles 15 mil-

million annual passenger handling capacity. Mumbai airpo-rt's terminal 2, along with Navi Mumbai International Airport, scheduled to be operational later this year, will manage the capacity gap created by the

and operated by MIAL, a joint venture company comprising Adani group (74% stake) and the govt-owned Airports Auth-ority of India (26%). In June last year, MIAL submitted a Multi-Year Tariff Proposal projects such as new runway, terminal building, etc. In Jan

(MYTP) document to AERA seeking revision of tariffs for aeronautical services at the airport from April 1, 2024, to Ma-rch 31, 2029. The last date for stakeholders to submit their comments and counter-comments on the proposal to AERA is April 9 and 19, respectively.

## Flying out of city could cost more as MIAL proposes user fee

#### **Yogesh Naik**

yogesh naik@hindustantimes.com

MUMBAI: Flying out of Mumbai airport could cost more, with Mumbai International Airport Limited (MIAL), which operates the Mumbai airport, proposing to introduce a User Development Fee (UDF) for domestic passengers and a steep increase in the fee for international passengers.

MIAL has submitted a proposal to the Airport Economic Regulatory Authority (AERA), for the imposition of ₹325 for departing domestic passengers and a ₹463 increase in the fee for international travellers. The fee, says MIAL, will enable it to undertake infrastructure development and technological enhancement projects at the Mumbai airport.

At present, there is no UDF for domestic travellers, while international travellers will have to pay ₹650, up from ₹187 at present. The fee relates to departing passengers only. MIAL, a joint venture between Adani Airports and the Airports Authority of India, is planning a makeover of Mumbai's Terminal L.

MIAL sources, however, claimed the proposed UDF will not impact ticket prices as it will be offset by a simultaneous reduction in airline landing and parking charges by about 35%. All these charges are factored into airline tickets.

An MIAL spokesperson said that, over the next five years, MIAL will invest ₹10,000 crore in the creation of airport infrastructure and recover a total continued on →11

#### **AIRPORT USER FEE**

revenue of ₹7,600 crore from an expected 229 million passengers. "The new tariff structure proposes to strategically shift the revenue mix, with an increase in UDF, while reducing landing and parking charges by 35%. This proposal aligns with the tariff structures of other major airports in India and will enhance revenue stability as well as improve the overall passenger experience, ensuring that CSMIA remains a competitive and attractive aviation hub for travellers," the spokesperson said.

MIAL said it has launched many new initiatives, including the Domestic-to-Domestic Transfer Facility at T2; new Taxiway Z to improve on-time performance; the introduction of eGates to manage congestion at entry points to the terminal; free inter-terminal coach transfers; and FASTag-enabled parking, among other passengercentric advancements. # Proposal to increase user fee for international passengers at CSMIA

#### SIDDHANT KONDUSKAR MUMBAI, MARCH 18

THE MUMBAI International Airport Limited (MIAL) has proposed to increase the User Development Fee (UDF) for international passengers at the Chhatrapati Shivaji Maharaj International Airport to Rs 650.

It has also proposed a UDF of Rs 325 for domestic passengers who currently do not have to pay the fee. UDF is a charge collected by airlines on behalf of airport operators to fund infrastructure development, modernisation, and maintenance.

Currently, CSMIA levies one

Mumbai airport. File

of the lowest UDF rates in the country- Rs 187 for international departures.

MIAL has submitted a proposal to the Airport Economic Regulatory Authority (AERA) for the fee revision.

To balance this increase,

MIAL is also proposing a 35 per cent reduction in airline landing and parking charges, which could help airlines manage operational costs and maintain competitive ticket prices. However, the actual impact on airfares will depend on airlines, which have the discretion to absorb or pass on the additional cost to passengers.

MIAL's proposal aligns with AERA's Consultation Paper issued on March 10, and aims to increase the Yield Per Passenger (YPP) at CSMIA from Rs 285 to Rs 332, marking an 18 per cent rise.

Over the next five years, Rs 10,000 crore will be invested in airport infrastructure, with an estimated Rs 7,600 crore expected to be recovered through the revised tariff structure.

The additional revenue from UDF will support key projects, including the redevelopment of Terminal 1, digitalisation at Terminal 2, expansion of smart passenger technology, and sustainability initiatives such as transitioning to electric vehicles and achieving net zero emissions by 2029.

While the UDF hike is now set to be implemented, the final decision on fare adjustments will be left to airlines and implementation will come in effect only after AERA approves MIAL's proposal.

## Development fee hike for all fliers sought by MIAL

#### EXPRESS NEWS SERVICE @ Mumbai

The Adani-run Mumbai International Airport (MIAL) has proposed a sharp hike in user development fees (UDF) for passengers. While domestic passengers currently pay no UDF, MIAL plans to charge ₹325 per departure. The fee for international passengers may rise from ₹187 to ₹650. To offset this, MIAL has proposed a 35% reduction in airline landing and parking charges.

Adani Airports Holdings (AAHL) also plans to invest ₹10,000 crore in redeveloping Terminal 1 and other infrastructure over five years. The Airport Economic Regulatory Authority (AERA) initiated MI-AL's tariff revision process last year. If approved, this will be the first UDF proposal since the Adanis took over from GVK in 2021.

AAHL said the move balances infrastructure enhancement with world-class operations. "This reduction is expected to positively impact airfares from Mumbai," it stated. UDF is directly borne by passengers, while airlines adjust fares based on operating costs.

## Flying from Mumbai to become costlier

#### MUMBAI

Flying from Mumbai International Airport is set to become costlier from next financial year with the private airport operator MIAL proposing a steep hike of Rs 463 in User Development Fee for international passengers, while domestic passengers will be charged a UDF of Rs 325.

At present, international passengers are charged Rs 187, which has been proposed to be raised to Rs 650, while domestic passengers don't have to pay any such fee. "The proposed tariff card, which has been submitted to the Airport Economic Regulatory Authority (AERA) for its approval, is in line with what the regulator has approved for MIAL," a source told PTI.

At the same time, however, in a big relief to airlines, MIAL has also proposed a 35 per cent reduction in the landing and parking charges at its facility for the fourth control period (FY2024-2029), as per the AERA website. AERA has the mandate to determine all tariffs for major airports in the country. An airport which has or is designated to have a capacity of 3.5 million passengers per annum or above falls in the category of major airports.

Mumbai International Airport, which is the second busiest airport in the country, is operated and managed by a joint venture company Mumbai International Airport Ltd (MIAL) which is 74 per cent owned by the Adani group while the remaining 26 per cent stake is held by the Airports Authority of India.

MIAL in June 2024 had submitted the multi-year tariff plan to the AERA proposing a 675 per cent hike in user fee from October 1, 2024.

The regulator has called for a stakeholders' meeting in New Delhi on March 25, to elicit their views before taking a final call on MIAL's tariff proposal. ## MIAL unveils vision to ageing modernise infra and facilitate development at CSMIA

MUMBAI: Mumbai International Airport Ltd (MIAL), a subsidiary of Adani Airport Holdings Ltd (AAHL), operator of Chatrapati Shivaji Maharaj International Airport (CSMIA) is taking a strategic step to transform passenger amenities for a harmonious and streamlined experience.

In a proposal placed before the Airport Economic Regulatory Authority (AERA), MIAL has suggested a User Development Fee (UDF) of Rs 325 for departing domestic passengers and Rs 650 for departing international travellers to enable MIAL to undertake infrastructure development and technological enhancement projects at Mumbai airport.

MIAL's proposal attempts to offset this change and mitigate the impact on passengers by

simultaneously reducing airline landing and parking charges by about 35 per cent, in order to strike a balance between infrastructure enhancement and sustain world-class airport operations. The current Yield Per Passenger (YPP) at CSMIA stands at Rs 285.

The proposal submitted to AERA aims to revise the YPP to approximately Rs 332, representing an 18 per cent increase, in line with Consultation Paper issued by AERA on 10 March 2025. MIAL to Strengthen Over next five years, the airport will invest Rs 10,000 crore in creation of airport infra

Mumbai's Position as a Global Aviation Hub.

Over the next five years, the airport will invest Rs 10,000 crore in creation of airport infrastructure and recover a total revenue of Rs 7,600 crore from an expected 229 million passengers. The new tariff structure proposes to strategically shift the revenue mix, with an increase in UDF while reducing landing and parking charges by 35 percent.

This proposal aligns with the tariff structures of other major airports in India and will enhance revenue stability as well as improve the overall passenger experience, ensuring that CSMIA remains a competitive and attractive aviation hub for travellers.

MIAL has been committed to consistently improving passenger convenience, operational efficiency, and the long-term sustainability of one of India's landmark aviation hubs.

Key initiatives include the Domestic-to-Domestic Transfer Facility at T2, the new Taxiway Z to improves on-time performance and supports sustainable airport operations introduction of eGates to manage congestion at entry to the terminal, free inter-terminal coach transfers, and FASTag-enabled parking, among other passenger-centric advancements. # **SKY-HIGH PRICES?** | Airport operator submits revised proposal seeking to impose user development fee on airlines

# MIAL proposal to likely hit air fares from June

#### Dhairya Gajara MUMBAI

MOMBA

Mumbai International Airport Ltd (MIAL), operator of Chhatrapati Shivaji Maharaj International Airport, has submitted a revised proposal to the Airports Economic Regulatory Authority of India (AERA) seeking to impose a user development fee on airlines.

If accepted, this might result in passengers having to pay more for tickets, according to an official.

Last week, AERA had rejected MIAL's proposal for a 675% increase in UDF. The revised proposal suggests introducing a UDF of Rs325 for domestic passengers and increasing the fee for international passengers from Rs187 to Rs650.

The proposal is for the fourth control period (fiveyear plans for which tariffs are decided) of the airport – from April 1, 2024, to March 31, 2029.

According to the proposal document, accessed by The Free Press Journal, this is the first time that MIAL has demanded tariff revision since the Adani Group took over the operations of Mumbai

Airport in February 2021.

MIAL said it has tried to strike a balance by proposing to reduce airline landing and parking charges by 35%.

AERA will conduct due diligence and consider the views of various stakeholders before taking a decision on the proposal. The stakeholders will meet at Indian Aviation Academy in Delhi on March 25 to finalise the decision.

If the AERA accepts the proposals, passengers will

have to pay more for flight tickets, as carriers seek to pass on the extra burden to the consumers.

While the charges will be applicable on tickets issued on or after June 1, passengers including children under the age of two as well as on-duty diplomats, airline crew, defence personnel and United Nations officials will be exempt from the fee.

MIAL said tariff revision will enable it to undertake infrastructure development and technological enhancement projects at Mumbai airport. While the current yield per passenger (YPP) at the airport stands at Rs285, the proposal aims to revise the YPP to Rs332, representing an 18% increase.

Over the next five years, the airport operator has claimed to invest Rs10,000 crore to create infrastructure and recover a total revenue of Rs7,600 crore from an expected 229 million airline passengers. # Mumbai Airport proposes to collect User Development Fee

#### TDG NETWORK MUMBAI

Mumbai International Airport has proposed to collect a User Development Fee (UDF) of Rs 325 for departing domestic passengers and Rs 650 for departing international travellers to enable it to undertake infrastructure development and technological enhancement projects at the airport.

In a statement Tuesday, Mumbai International Airport Limited (MIAL), a subsidiary of Adani Airport Holdings Limited (AAHL), and the operator of Chatrapati Shivaji Maharaj International Airport (CSMIA), said that it is taking a strategic step to transform passenger amenities.

A proposal has been placed before the Airport Economic Regulatory Authority (AERA), the statement added.

The Mumbai airport's proposal, as per the statement, attempts to offset this change and mitigate the impact on passengers by simultaneously reducing airline landing and parking charges by about 35 per cent.

It believes that this reduction is expected to positively impact airfares from Mumbai, enabling airlines to manage costs more efficiently and maintain competitive ticket prices.

## ముంబై ఎయిర్ప్లార్ట్ నుంచి ప్రయాణాలు మరింత భారం

## భాలీగా యూడీఎఫ్ పెంపు ప్రతిపాదనలు

ముంటి: వచ్చే ఆర్థిక సంవత్సరం నుంచి ముంటే విమానాశ్రయం ద్వారా ప్రయాణాలు మరింత భారం కానున్నాయి. యూజర్ డెవలప్మెంట్ ఫీజును (యూడీఎఫ్) భారీగా పెంచేలా ఎయిర్పోర్ట్ ఆపరేటరు ఎంఐఏఎల్ ప్రతిపాదనలు చేయడమే ఇందుకు కారణం. వీటి ప్రకారం ఇంట ర్నేషనల్ ప్యాసింజర్లకు యూడీఎఫ్ రూ. 187 నుం చి ఏకంగా రూ. 650కి పెరగనుంది. ప్రస్తుతం దేశీ ప్వాసింజర్లకు యూడీఎఫ్ లేకపోయినప్పటికీ ఇకపై వారిపై కూడా రూ. 325 మేర యూడీఎఫ్ వడించ నున్నారు. ప్రతిపాదిత టారిఫ్ కార్తును ఎయిర్పోర్ట్ ఎకనమిక్ రెగ్యులేటరీ ఆథారిటీ (ఏఈఆర్ఏ) అను మతుల కోసం సంస్థ సమర్పించినట్ల సంబంధిత వర్గాలు తెలిపాయి. నియంత్రణ సంస్థ నిబంధన లకు అనుగుణంగానే ఈ ప్రతిపాదనలు ఉన్నట్లు వివరించాయి. వీటిపై తుది నిర్ణయానికి ముందు

ఎయిర్పోర్ట్ సంబంధిత వర్గాల నుంచి అభిప్రా యాలు తీసుకునేందుకు ఏఈఆర్ఏ మార్చి 25న సమావేశం కానుంది. మరోవైపు, ఎయిర్లైన్స్రే భారీగా ఊరటనిచ్చే దిశగా ఏఈఆర్ఏ వెబిసైట్ ప్రకారం 2024–2029 అర్ధిక సంవత్సరాల మధ్య కాలానికి ల్యాండింగ్, పార్కింగ్ చార్జీలను 35 శాతం తగ్గించేలా ఎంఐఏఎల్ ప్రతిపాదనలు సమ ర్పించింది. దేశంలోనే అత్యంత రద్దీగా ఉండే విమా నాశ్రయాల జాబితాలో రెండో స్థానంలో ఉండే ముంబై విమానాశ్రయాన్ని ముంబై ఇంటర్నేషనల్ ఎయిర్పోర్ట్ (ఎంఐఏఎల్) నిర్వహిస్తోంది. ఇం దులో ఆదానీ (గూప్ నకు 74 శాతం, ఎయిర్పోర్ట్) అధారిటీ ఆఫ్ ఇండియాకు 26 శాతం వాటాలు ఉన్నాయి. ముంబై ఎయిర్పోర్టులో ఏటా 5.5 కోట్ల మంది ప్రయాణికుల సామర్థ్యంతో రెండు టెరి ్మనల్స్ ఉన్నాయి.

విమానాశ్రయ మౌలిక సదుపాయాలను, సాం కేతికతను మెరుగుపర్పుకునేందుకు ప్రతిపాదిత ఫీజులు ఉపయోగపడతాయని ఎంఐఏఎల్ ఒక ప్రకటనలో తెలిపింది. ప్రస్తుతం ఒక్కో ప్రయాణికు డిపై రాబడి (వైపీపీ) రూ. 285గా ఉండగా సుమారు రూ. 832కి (18 శాతం) పెరగనుంది. వచ్చే అయిదేళ్లలో విమానాశ్రయంపై ఎంఐఏఎల్ రూ. 10,000 కోట్లు ఇన్పెస్ట్ చేయనుంది.

# अप्रैल से मुंबई एयरपोर्ट पर ज्यादा ढीली होगी यात्रियों की जेब

यूजर्स डेवलपमेंट चार्ज में बढ़ोतरी के प्रस्ताव से मुसाफिरों को खर्च करनी पड़ेगी ज्यादा रकम

#### नई दिल्ली (भाषा)।

मुंबई अंतरराष्ट्रीय हवाई अड्डे से उडान भरना अगले वित्त वर्ष 2025-26 से महंगा हो जाएगा क्योंकि निजी हवाई अडडा परिचालक मुंबई अंतरराष्ट्रीय हवाई अडडा लिमिटेड (एमआईएएल) ने अंतरराष्ट्रीय यात्रियों के लिए उपयोगकर्ता विकास शल्क (यडीएफ) में 463 रुपये की भारी वृद्धि का प्रस्ताव किया है, जबकि घरेल यात्रियों से

325 रुपये का शुल्क वसुला जाएगा।

यात्रियों से वर्तमान में 187 रुपये का उपयोगकर्ता विकास शुल्क (यूडीएफ) लिया जाता है, जिसे बढाकर 650 रुपये करने का प्रस्ताव है, जबकि घरेल यात्रियों

अंतरराष्ट्रीय को ऐसा कोई शुल्क नहीं देना पडता है। एक सुत्र ने कहा,

'प्रस्तावित शुल्क कार्ड, जिसे हवाई अडडा आर्थिक नियामक

प्राधिकरण (एईआरए) के पास मंजरी के लिए भेजा गया है,

नियामक द्वारा एमआईएएल के लिए स्वीकत किए गए शल्क के

अनरूप है। एईआरए की वेबसाइट के अनुसार, इसके साथ हो विमानन कंपनियों को बडी राहत देते हए एमआईएएल ने चौथी नियंत्रण अवधि (वित्त वर्ष 2024-2029)

के लिए अपनी सुविधा पर लैडिंग व पार्किंग शुल्क में 35 प्रतिशत की

कटौती का प्रस्ताव दिया है।

मुंबई अंतरराष्ट्रीय हवाई अड्डा देश का दुसरा सबसे व्यस्त हवाई अडडा है। इसका परिचालन तथा प्रबंधन संयुक्त उद्यम कंपनी मुंबई अंतरराष्ट्रीय हवाई अड्डा लिमिटेड (मायल) द्वारा किया जाता है।

मायल की 74 प्रतिशत हिस्सेदारी अडाणी समूह के पास है, जबकि शेष 26 प्रतिशत हिस्सेदारी भारतीय विमानपत्तन प्राधिकरण के पास है।
