# Adani Defence Inks Deal with Sparton to Assemble Anti-Submarine Systems

#### Ourbureau

Mumbai: Adani Defence & Aerospace on Sunday said it has signed a binding collaboration agreement with Sparton (De-Leon Springs LLC) to assemble anti-submarine warfare (ASW) systems, including so-nobuoys, for the Indian Navy.

Sparton (DeLeon Springs LLC), a group company of Elbit Systems headquartered in Florida, is a leading provider of advanced anti-submarine warfare systems. It will provide its electronic sensors and navigation technology, while the defence arm of the Adani group will oversee local integration for the domestic and export markets.

"Through this partnership with Sparton (DeLeon Springs LLC). Adani Defence & Aerospace becomes the first private company in India to offer indigenised sonobuoy solutions, enabling access to advanced technologies while fostering a future-ready, self-reliant defence ecosystem," said Jeet Adani, vice president of Adani Enterprises. He said Indigenised sonobuoy solutions will be "swiftly deployable, and globally competitive".

Donnelly Bohan, president and CEO of Sparton (DeLeon Springs LLC), noted the tie-up will "localise assemblage, create high-technology skill sets

Sparton will provide its

electronic sensors and navigation tech while Adani handles local integration for domestic and export markets

and deliver reliable ASW solutions tallored to the Indian Navy's needs."

Adani's defence segment also develops fighter aircraft, unmanned aerial systems, helicopters, satellites, radars, electronic-warfare systems, carbon composites and training centres. It partners with SAAB, SOLVAY, Elbit Systems and HAL, and supports small businesses such as RV Aerostructures and AutoTEC. The focus areas include system integration, MRO, sub-systems, components and R&D.

#### Adani, Sparton ink deal to manufacture Sonobuoy systems

Billionaire Gautam Adani's group subsidiary Adani Defence & Aerospace has entered into a binding collaboration agreement with Sparton (DeLeon Springs LLC), a subsidiary of Elbit Systems known for its advanced Anti-Submarine Warfare (ASW) systems, the company said on Sunday. This partnership aims to manufacture sophisticated electronic and ASW systems in India for domestic and international markets. Through this alliance, Adani Defence & Aerospace becomes the first private Indian firm to offer indigenously developed sonobuoy solutions. Sonobuoys are specialised, deployable sonar systems designed to detect and monitor underwater activity, particularly submarines.

#### Adani inks deal with US undersea warfare firm

PTI feedback@livemint.com NEW DELHI

Billionaire Gautam Adani's group has signed a deal with US undersea warfare company Sparton to develop electronic sensors and navigation systems that could be used for anti-submarine warfare, the conglomerate said on Sunday.

Adani Defence & Aerospace has signed a binding collaboration agreement with Sparton (DeLeon Springs LLC) to assemble anti-submarine warfare (ASW) solutions for the Indian Navy, it said in a statement. The partnership aims to localise the assemblage of sonobuoys and other ASW systems in India under the 'Aatmanirbhar Bharat' initiative.

It will be the first private company in India to offer indigenous Sonobuoys solutions to the Indian Navy.

Headquartered in De Leon Springs, Florida, Sparton develops, produces and supplies electronic systems to support undersea warfare for the US Navy and allied military forces. The firm was, in December 2020, acquired by Israeli defence electronics company Elbit Systems Ltd.

Prior to the current deal, the Adani Group had in 2018 set up a joint venture partnership with Israeli weapons giant Elbit Systems to manufacture lethal Hermes 900 drones. In 2020, Adani-Elbit announced 'mini' drone missile weapons production.

Adani Group has also partnered with Israel Weapon Industries to manufacture assault weapons, sniper rifles and machine guns.

Adani Defence signs pact with Sparton to indigenise ASW

Janaki Krishnan

Mumbai

Adani Defence & Aerospace has signed a binding collaboration agreement with Sparton, a group company of Elbit Systems, aimed at localising the assembly of complex electronic systems and advanced anti-submarine warfare (ASW) solutions for the Indian and global markets, a statement said.

Sonobuoys are mission-critical platforms that enhance undersea domain awareness, and are used to detect, locate and track submarines and other underwater threats.

For decades, India has been importing this vital naval capability from global markets, leading to increased dependence on foreign OEMs. Aligned with the 'Aatmanirbhar Bharat' and 'Make in India' initiatives, Sparton's ongoing relationship with the Indian Navy will now enable Adani Defence to indigenise the delivery of these solutions that are made in India for India, the release said.

"In an increasingly volatile maritime environment, strengthening India's undersea warfare capabilities is not merely a strategic priority but an imperative for safeguarding sovereignty and national interests," said Jeet Adani, Vice-President of Adani Enterprises.

"Sparton has a long legacy of problem-solving, advanced engineering and manufacturing of America's best maritime defence solutions," said Donnelly Bohan, President and CEO of Sparton DeLeon Springs LLC.

### Adani, Sparton partner for ASW systems

TDG NETWORK AHMEDABAD

Adani Defence & Aerospace has signed a binding collaboration agreement with Sparton (DeLeon Springs LLC), a group company of Elbit Systems and a leading provider of advanced Anti-submarine warfare systems.

According to a statement from the Adani Group company on Sunday, this partnership marks a significant step toward localizing the assembly of complex electronic systems and advanced Anti-Submarine Warfare (ASW) solutions for the Indian and global markets.

Adani Defence & Aerospace claimed that it became the first private sector company in India to offer indigenised sonobuoy solutions.

The partnership will combine Sparton's pioneering ASW technology with Adani Defence's established expertise in development, manufacturing, and suste-

nance for the Indian Navy.

Sonobuoys are missioncritical platforms for enhancing Undersea Domain Awareness (UDA), providing an effective means to detect, locate, and track submarines and other underwater threats. Playing a key role in anti-submarine warfare (ASW) and other naval operations, they support in maintaining naval security and in protecting naval carrier strike groups.

For decades, India has been importing this critical naval capability from global markets, increasing our dependency on foreign original equipment manufacturers (OEMs).

Aligned with the 'Aatmanirbhar Bharat' and 'Make in India' initiative, Sparton's ongoing relationship with the Indian Navy, will now facilitate Adani Defence to indigenise the delivery of these solutions that are made in India, for India. Jeet Adani, Vice President of Adani Enterprises, said, "In an increasingly volatile maritime environment, strengthening India's undersea warfare capabilities is not merely a strategic priority but an imperative for safeguarding sovereignty and national interests. The Indian Navy requires integrated, mission-ready ISR and anti-submarine warfare capabilities, including critical systems like sonobuoys, that are indigenously developed, swiftly deployable, and globally competitive."

Aligned with the 'Aatmanirbhar Bharat' and 'Make in India' initiative, Sparton's ongoing relationship with the Indian Navy, will now facilitate Adani Defence to indigenise the delivery of these solutions that are made in India, for India.

"Through this partnership with Sparton, Adani Defence & Aerospace becomes the first private company in India to offer indigenised sonobuoy solutions, enabling access to advanced technologies while fostering a futureready, self-reliant defence ecosystem. This initiative reflects our Group's vision of empowering India's armed forces with world-class capabilities that are designed, developed, and delivered in India, for India and the world," Jeet Adani added.

Ashish Rajvanshi, CEO, Adani Defence & Aerospace, said: "For decades, India has been dependent on imports for such critical technology. This partnership to bring world-class sonobuoy technology and integrating it with India's defence ecosystem, is a step towards building selfreliant capabilities in this critical domain." Donnelly Bohan, President and CEO, Sparton DeLeon Springs LLC, added: "Sparton has a long legacy for problem solving, advanced engineering and manufacturing of America's best maritime defense solutions. We are proud to partner with Adani Defence & Aerospace to bring our proven antisubmarine warfare (ASW) technologies to India. This partnership will enable us to localize assemblage, create high-technology skill sets, and deliver reliable ASW solutions tailored to the India Navy's needs."

# Adani Defence joins Sparton to build anti-submarine solutions

Becomes the first private company in India to offer indigenised sonobuoy solutions

AHMEDABAD

ADANI Defence and Aerospace on Sunday said it has signed a collaboration agreement with Sparton (DeLeon Springs LLC), a group company of Elbit Systems and a leading provider of advanced anti-submarine warfare (ASW) systems. This marks a significant step toward localising the assembly of complex electronic systems and advanced ASW solutions for the Indian and global markets.

With this collaboration, Adani Defence and Aerospace becomes the first private sector company in India to offer indigenised sonobuoy solutions, underscoring its commitment to bolstering the nation's selfreliance,

"In an increasingly volatile maritime environment, strengthening India's undersea warfare capabilities is not merely a strategic priority but an imperative for safeguarding sovereignty and national interests," said Jeet Adani, Vice President of Adani Enterprises.

According to him, the Indian Navy requires integrated, mission-ready ISR and antisubmarine warfare capabilities, including critical systems like sonobuoys, that are in-

digenously developed, swiftly deployable, and globally competitive.

"Through this partnership with Sparton, Adani Defence and Aerospace becomes the first private company in India to offer indigenised sonobuoy solutions, enabling access to advanced technologies while fostering a future-ready, selfreliant defence ecosystem. This initiative reflects our Group's vision of empowering India's armed forces with world-class capabilities that are designed, developed, and delivered in India, for India and the world," Jeet Adani added.

The partnership will combine Sparton's pioneering ASW technology with Adani Defence's established expertise in development, manufacturing, and sustenance for the Indian Navy.

## Adani, Sparton partner for ASW systems

TDG NETWORK

AHMEDABAD

Adani Defence & Aerospace has signed a binding collaboration agreement with Sparton (DeLeon Springs LLC), a group company of Elbit Systems and a leading provider of advanced Anti-submarine warfare systems.

According to a statement from the Adani Group company on Sunday, this partnership marks a significant step toward localizing the assembly of complex electronic systems and advanced Anti-Submarine Warfare (ASW) solutions for the Indian and global markets.

Adani Defence & Aerospace claimed that it became the first private sector company in India to offer indigenised sonobuoy solutions.

The partnership will combine Sparton's pioneering ASW technology with Adani Defence's established expertise in development, manufacturing, and suste-

nance for the Indian Navy.

Sonobuoys are missioncritical platforms for enhancing Undersea Domain Awareness (UDA), providing an effective means to detect, locate, and track submarines and other underwater threats. Playing a key role in anti-submarine warfare (ASW) and other naval operations, they support in maintaining naval security and in protecting naval carrier strike groups.

For decades, India has been importing this critical naval capability from global markets, increasing our dependency on foreign original equipment manufacturers (OEMs).

Aligned with the 'Aatmanirbhar Bharat' and 'Make in India' initiative, Sparton's ongoing relationship with the Indian Navy, will now facilitate Adani Defence to indigenise the delivery of these solutions that are made in India, for India, Jeet Adani, Vice President of Adani Enterprises, said, "In an increasingly volatile maritime environment, strengthening India's undersea warfare capabilities is not merely a strategic priority but an imperative for safeguarding sovereignty and national interests. The Indian Navy requires integrated, mission-ready ISR and anti-submarine warfare capabilities, including critical systems like sonobuoys, that are indigenously developed, swiftly deployable, and globally competitive."

Aligned with the 'Aatmanirbhar Bharat' and 'Make in India' initiative, Sparton's ongoing relationship with the Indian Navy, will now facilitate Adani Defence to indigenise the delivery of these solutions that are made in India, for India.

"Through this partnership with Sparton, Adani Defence & Aerospace becomes the first private company in India to offer indigenised sonobuoy solutions, enabling access to advanced technologies while fostering a futureready, self-reliant defence ecosystem. This initiative reflects our Group's vision of empowering India's armed forces with world-class capabilities that are designed, developed, and delivered in India, for India and the world," Jeet Adani added.

Ashish Rajvanshi, CEO, Adani Defence & Aerospace, said: "For decades, India has been dependent on imports for such critical technology. This partnership to bring world-class

sonobuoy technology and integrating it with India's defence ecosystem, is a step towards building selfreliant capabilities in this critical domain." Donnelly Bohan, President and CEO, Sparton DeLeon Springs LLC, added: "Sparton has a long legacy for problem solving, advanced engineering and manufacturing of America's best maritime defense solutions. We are proud to partner with Adani Defence & Aerospace to bring our proven antisubmarine warfare (ASW) technologies to India. This partnership will enable us to localize assemblage, create high-technology skill sets, and deliver reliable ASW solutions tailored to the India Navy's needs."

#### NEWDIH, May 18(PII)

BILLIONAIRE Gautam Adani's group has signed a deal with a US undersea warfare company Sparton to develop electronic sensors and navigation systems that could be used for anti-submarine warfare, the conglomerate said on Sunday.

Adani Defence & Aerospace has signed a binding collaboration agreement with Sparton (DeLeon Springs LLC) to assemble antisubmarine warfare (ASW) solutions for the Indian Navy, it said in a statement.

The partnership aims to localise the assemblage of sonobuoys and other ASW systems in India under the 'Aatmanir bhar Bharat' initiative. It will be the first private company in India to offer indigenous

Sonobuoys solutions to the Indian Navy.

Headquartered in De Leon Springs, Florida, Sparton develops, produces and supplies electronic systems to support undersea warfare for the US Navy and allied

military forces. The firm was, in December 2020, acquired by Israeli defence electronics company Elbit Systems Ltd. Prior to the current deal, the Adani Group had in 2018 set up a joint venture partnership with Israeli weapons giant Elbit Systems to manufacture lethal Hermes 900 drones. In

2020, Adani-E l b i t announced 'mini' drone m is sile weapons production.

Adani Group has also partnered with Israel Weapon Industries to manufacture

assaultweapons, sniper rifles and machine guns.

In a statement on Sunday, Adani Defence & Aerospace said it "has signed a binding collaboration agreement with Sparton (DeLeon Springs LLC), a group company of Elbit Systems and a leading provider of advanced anti-submarine warfare systems. This partnership marks a significant step toward localising the assembly of complex electronic systems and advanced Anti-Submarine Warfare (ASW) solutions for the Indian and global markets".

The partnership will combine Sparton's pioneering ASW technology with Adani Defence's established expertise in development, manufacturing, and sustenance for the Indian Navy.

## 'अदानी'कडून नौदलासाठी प्रणाली

वृत्तसंस्था, नवी दिल्ली

पाणबुडीविरोधी युद्धप्रकारात (एएसडब्ल्यू) भारतीय नौदलाला उपयुक्त ठरू शकेल अशा प्रकारच्या प्रणालीच्या उत्पादनासाठी अदानी समुहाने अमेरिकी कंपनीशी करार केला आहे.

युद्धकाळात सागरी सीमांचे रक्षण वाढावी यासाठी पाण्याखालील भूसुरुंगांचा तपास करून ते नष्ट करू शकणारे, शत्रुच्या पाणबुडीकडून सोडल्या जाणाऱ्या वीजलहरींचा अचूक वेध घेत पाणवुडीचा नाश करू शकणाऱ्या सोनोबॉय या प्रणालीचे उत्पादन भारतात करता येईल,अशा आशयाचा करार अदानी डिफेन्स अँड एअरोस्पेस या अदानी पहिलीच भारतीय कंपनी ठरणार

#### अमेरिकी कंपनीशी उत्पादनासाठी करार

समुहाच्या कंपनीने स्पार्टन या अमेरिकास्थित कंपनीशी केला आहे.

पाणबुडीविरोधी युद्धप्रकारातील करताना नौदलाची प्रहारक्षमता हा अतिशय महत्त्वाचा करार असल्याचे अदानी समूहाने म्हटले आहे. यासंदर्भात माहिती देणारे पत्रक कंपनीतर्फे रविवारी जारी करण्यात आले. 'आत्मनिर्भर भारत' या उपक्रमांतर्गत हा करार करण्यात आला असून स्वदेशी बनावटीची सोनोबॉय प्रणाली भारतीय नौदलाला देऊ करणारी अदानी डिफेन्स ही

पाणब्डीविरोधी युद्धप्रकारातील हे एक अत्यंत प्रगत असे तंत्रज्ञान असून त्यामुळे भारतीय नौदलाची प्रहारक्षमता वाढणार आहे, असे कंपनीने पत्रकात नमूद केले

स्पार्टन (डी लिऑन स्प्रिंग्ज) या कंपनीचे मुख्यालय अमेरिकेतील फ्लोरिडा येथे स्थित आहे. ही कंपनी डिसेंबर, २०२० मध्ये इस्रायलच्या अलबिट सिस्टीम्स लिमिटेड या कंपनीने खरेदी केली. समुद्राखालील युद्धात उपयुक्त ठरू शकतील अशा उपकरणांची निर्मिती करून ती अमेरिकी नौदलाला पुरविण्याचे काम स्पार्टन कंपनी करते. याआधी अदानी डिफेन्स कंपनीने अलविट कंपनीशी २०१८ मध्ये करार करून हमेंस या ड्रोन्सची निर्मिती केली होती.

## अदाणी डिफेंस की स्पार्टन के साथ साझेदारी, नौसेना की बढ़ेगी ताकत

## भारत में ही होगा सोनोबॉयज का उत्पादन

■ दिल्ली, न्यूज एजेंसियां. समंदर में भारत की ताकत में इजाफा होने वाला है. समुद्री युद्ध क्षमता को मजबूत करने के लिए एक बड़ा कदम उठाया गया है. अदाणी समूह की शीर्ष कंपनी अदाणी एंटरप्राइजेज की सहायक कंपनी अदाणी छिफेंस एंड एयरोस्पेस ने अमेरिका की कंपनी स्पार्टन के साथ साझेदारी की है. यह कंपनी एलबिट सिस्टम्स की सहायक कंपनी है. यह एंटी-सबमरीन वॉरफेयर (एएसडब्ल्यू) सिस्टम बनाने की दिग्गज है. इस साझेदारी से भारत में ही सोनोबॉयज का उत्पादन होगा. सोनोबॉयज एक तरह के इलेक्ट्रॉनिक

सिस्टम होते हैं. इनका इस्तेमाल पनडुब्बियों का पता लगाने और उन्हें ट्रैक करने के लिए किया जाता है. यह भारत के निजी क्षेत्र के लिए पहली बार है. इस समझौते का लक्ष्य भारत में ही आधुनिक एएसडब्ल्य सॉल्यूशंस को बनाना है. इससे विदेशी सामान पर निर्भरता कम होगी. यह कदम सरकार की 'आत्मिनर्भर भारत' और 'मेक इन इंडिया' योजनाओं के साथ मेल खाता है. इससे एक महत्वपूर्ण क्षेत्र में देश की क्षमता बढ़ेगी. अदाणी एंटरप्राइजेज के वाइस प्रेंसिडेंट जीत अदाणी ने कहा कि यह विकास भारत की समुद्री तैयारी के लिए बहुत जरूरी है. उन्होंने कहा, 'एक अस्थिर समुद्री माहौल में भारत की समुद्री युद्ध क्षमता को मजबूत करना सिर्फ रणनीतिक प्राथमिकता नहीं है, बल्कि देश की सुरक्षा और राष्ट्रीय हितों के लिए जरूरी है.' ## Adani Defence joins Sparton to indigenise anti-submarine warfare solutions for India

#### IANS Ahmedabad

Adani Defence and Aerospace on Sunday said it has signed a collaboration agreement with Sparton (DeLeon Springs LLC), a group company of Elbit Systems and a leading provider of advanced antisubmarine warfare (ASW) systems. This marks a significant step toward localising the assembly of complex electronic systems and advanced ASW solutions for the Indian and global markets.

With this collaboration, Adani Defence and Aerospace becomes the first private sector company in India to offer indigenised sonobuoy solutions, underscoring its commitment to bolstering the nation's self-reliance.

"In an increasingly volatile maritime environ-

ment, strengthening India's undersea warfare capabilities is not merely a strategic priority but an imperative for safeguarding sovereignty and national interests," said Jeet Adani, Vice President of Adani Enterprises.

According to him, the Indian Navy requires integrated, mission-ready ISR and anti-submarine warfare capabilities, including critical systems like sonobuoys, that are indigenously developed, swiftly deployable, and globally competitive.

"Through this partnership with Sparton, Adani Defence and Aerospace becomes the first private company in India to offer indigenised sonobuoy solutions, enabling access to advanced technologies while fostering a future-ready, self-reliant defence ecosystem. This initiative reflects our Group's vision of empower-

ing India's armed forces with world-class capabilities that are designed, developed, and delivered in India, for India and the world," Jeet Adani added. The partnership will combine Sparton's pioneering ASW technology with Adani Defence's established expertise in development, manufacturing, and sustenance for the Indian Navy.

Sonobuoys are missioncritical platforms for enhancing Undersea Domain Awareness (UDA), providing an effective means to detect, locate, and track submarines and other underwater threats. Playing a key role in antisubmarine warfare (ASW) and other naval operations, they support in maintaining naval security and in protecting naval carrier strike groups.

#### अदाणी ने पनडुब्बी रोधी युद्ध समाधान विकसित करने के लिए स्पार्टन के साथ साझेदारी की

नयी दिल्ली: अरबपति गौतम अदाणी के समूह ने अमेरिका की समुद्र के अंदर के युद्ध उपकरण बनाने वाली कंपनी स्पार्टन के साथ इलेक्ट्रॉनिक सेंसर और नेविगेशन सिस्टम विकसित करने के लिए एक समझौते पर हस्ताक्षर किए हैं। इनका इस्तेमाल पनडुब्बी रोधी युद्ध के लिए किया जा सकता है। अदाणी समूह ने रविवार को कहा कि अदाणी डिफेंस एंड एयरोस्पेस ने एक बयान में कहा कि उसने भारतीय नौसेना के लिए पनडब्बी रोधी युद्ध (एएसडब्ल्यू) समाधान जुटाने के लिए स्पार्टन (डीलियोन स्प्रिंग्स एलएलसी) के साथ एक बाध्यकारी सहयोग समझौते पर हस्ताक्षर किए हैं। इस साझेदारी का उद्देश्य 'आत्मनिर्भर भारत' पहल के तहत भारत में सोनोबॉय और अन्य एएसडब्ल्यू प्रणालियों के संयोजन को स्थानीय बनाना है। यह भारतीय नौसेना को स्वदेशी सोनोबॉय समाधान प्रदान करने वाली भारत की पहली निजी कंपनी होगी।

## अदाणी ने पनडुब्बी रोधी युद्ध समाधान विकसित करने के लिए स्पार्टन के साथ साझेदारी की

नई दिल्ली, (भाषा)। अरबपित गौतम अदाणी के समूह ने अमेरिका की समुद्र के अंदर के युद्ध उपकरण बनाने वाली कंपनी स्पार्टन के साथ इलेक्ट्रॉनिक सेंसर और नेविगेशन सिस्टम विकसित करने के लिए एक समझौते पर हस्ताक्षर किए हैं। इनका इस्तेमाल पनडुब्बी रोधी युद्ध के लिए किया जा सकता है।

अदाणी समूह ने रिववार को कहा कि अदाणी डिफेंस एंड एयरोस्पेस ने एक बयान में कहा कि उसने भारतीय नौसेना के लिए पनडुब्बी रोधी युद्ध (एएसडब्ल्यू) समाधान जुटाने के लिए स्पार्टन (डीलियोन स्प्रिंग्स एलएलसी) के साथ एक बाध्यकारी सहयोग

साझेदारी के बाद दस्तावेजों का आदान-प्रदान करते हुए अधिकारी।

समझौते पर हस्ताक्षर किए है।

इस साझेदारी का उद्देश्य आत्मनिर्भर भारत पहल के तहत भारत में सोनोबॉय और अन्य एएसडब्ल्यू प्रणालियों के संयोजन को स्थानीय बनाना है। यह भारतीय नौसेना को स्वदेशी सोनोबॉय समाधान प्रदान करने वाली भारत की पहली निजी कंपनी होगी।

फ्लोरिडा के डे लियोन स्प्रिंग्स में मुख्यालय वाली स्पार्टन अमेरिकी नौसेना और संबद्ध सैन्य बलों के लिए समुद्री युद्ध का समर्थन करने के लिए इलेक्ट्रॉनिक सिस्टम विकसित, उत्पादन और आपूर्ति करती है। दिसंबर, 2020 में इस कंपनी को इजरायली रक्षा इलेक्टॉनिक्स कंपनी एल्बिट सिस्टम्स लिमिटेड ने अधिग्रहित कर लिया था। मौजुदा समझौते से पहले, अदाणी समूह ने 2018 में इजरायली हथियार कंपनी एल्बिट सिस्टम्स के साथ घातक हर्मीस 900 ड्रोन बनाने के लिए एक संयुक्त उद्यम साझेदारी स्थापित की थी।
