Mumbai: India's top private thermal power producer, Adani Power, is exploring options of investing ₹20,000 crore to set up a coal-fired ultra-supercritical thermal power plant in Bihar, Pranav Adani, director at Adani Enterprises, said at the Bihar Business Connect Summit Friday.

"We are also exploring investment avenues in Bihar's energy sector. Our plan is to invest around ₹20,000 crore to set up an ultra-supercritical thermal power plant,' Pranav Adani said.

He added that the company expects such a massive project to open up at least 12,000 jobs in the pre-commissioning phase - and also lead to around 1,500 skilled jobs during the operational phase.

Adani's Bihar capacity is likely to be a 1.600 MW (2×800 MW) green field ultra-supercritical thermal power plant

Adani Enterprises houses the group's incubation projects before they are transferred to operating companies. Adani Power is targeting to double its thermal power capacity to 30.67 GW by 2029-30 from the 15 GW currently.

Adani did not specify the capacity of the power plant it may set up in Bihar but sources said it could be a 1,600 MW (2×800 MW) greenfieldultra-supercritical thermal power plant like the company is building at Mirzapur, Uttar Pradesh.

Although Bihar doesn't have coal

mines, neighbouring states of Jharkhand and West Bengal produce ample coal.

Adani added that in three sectors, logistics, gas distribution, and agri-logistics, Adani group has invested around ₹850 crore, creating 25,000 direct and indirect jobs.

"We are now going to invest another ₹2,300 crore in these sectors. This investment will not only massively increase our warehousing and handling capacity and expand our presence in the EV, city gas gas space but will also generate an additional 27,000 direct and indirect local job opportunities," added Adani.

The group has already started work on its greenfield cement plant at Warisaliganj and now plans to invest another ₹2,500 crore in Bihar to set up a cement manufacturing capacity of 10 MMTPA in multiple phases, creating at least 9,000 direct and indirect jobs in the state.

Pranav Adani added that the group was working closely with the state government to potentially invest another ₹1,000 crore in developing strategic infrastructure in the state, like Gati Shakti Railway Terminals, ICDs (Inland Container Depots) and Industrial Warehousing Parks.

The Group also plans to invest ₹2,100 crore to manufacture and install over 2.8 million smart meters to automate power-consumption-monitoring in five cities Siwan, Gopalganj, Vaishali, Saran, and Samastipur - and this will generate at least 4,000 local jobs in this technology segment, Adani said.

THE Bihar government on Friday said it has attracted record investment proposals of nearly Rs1.81 lakh crore across different sectors such as renewable energy, food processing and manufacturing from an array of corporates, including the Adani Group, Sun Petrochemicals, and others.

At the end of the two-day global investors' summit Bihar Business Connect-2024, Industries Secretary Bandana Preyashi said the Bihar government has signed MoUs for setting up 423 units with an investment of Rs1,80,899 crore.

"We are overwhelmed with the response from corporates. It is beyond our expectations. We have received investment proposals of over Rs1.8 lakh crore," she told reporters here. Sun Petrochemicals and Adani Group were among an array of industrial houses that lined up a record Rs1.8 lakh crore investments across sectors in Bihar, more than triple of Rs50,300 crore the state received at its maiden investor meet last year. Preyashi said Sun Petrochemicals will invest Rs36,700 crore in renewable energy, including pump hydro and solar plants. Asked about Adani Group investment, Preyashi said the group has announced an investment of Rs27,900 crore. Although the Adani Group has not signed MoUs, it has announced the investment and it has been included in the total investment propos-

# बिहार में बड़ा निवेश करेगा अदाणी समूह

भाषा पटना, 20 दिसंबर

उद्योगपित गौतम अदाणी की अगुआई वाला अदाणी समूह बिहार में अत्याधुनिक बिजलीघर स्थापित करने के साथ सीमेंट उत्पादन क्षमता बढ़ाने, खाद्य प्रसंस्करण और लॉजिस्टिक क्षेत्र में करीब 28,000 करोड़ रुपये का निवेश करेगा। अदाणी एंटरप्राइजेज के निदेशक प्रणव अदाणी ने यहां वैश्विक निवेशक सम्मेलन 'बिहार बिजनेस कनेक्ट' को संबोधित करते हुए यह घोषणा की।

अदाणी समूह आक्रामक रूप से बिहार में कारोबार को आगे बढ़ाने की रणनीति पर काम कर रहा है। समूह एक तरफ अपने मुख्य कारोबार का विस्तार कर रहा है जबिक दूसरी तरफ उसे नये अवसरों की तलाश भी है। प्रणव अदाणी ने कहा, 'हम बिहार के ऊर्जा क्षेत्र में निवेश के रास्ते भी तलाश रहे हैं। हमारी योजना अत्याधुनिक बिजलीघर स्थापित करने की है। इसके लिए हम लगभग 20,000 करोड़ रुपये का निवेश करेंगे।' अदाणी ने कहा, 'हमें उम्मीद परियोजना इस क्रियान्वयन-पूर्व चरण में करीब 12,000 नौकरियां सुजित होंगी जबिक परिचालन शुरू होने पर लगभग 1,500 कुशल रोजगार पैदा होंगे।'हालांकि उन्होंने प्रस्तावित बिजलीघर की क्षमता और उसकी जगह के बारे में जानकारी नहीं दी। 'अल्ट्रा सुपरक्रिटिकल यानी अत्याधनिक बिजलीघर 1,980 मेगावाट क्षमता के हो सकते हैं। ये संयंत्र बिजली उत्पादन करने के लिए कोयले का इस्तेमाल करते हैं।

बिहार में वर्तमान में बिजली उत्पादन क्षमता की कमी है। इसकी क्षमता 6,400 मेगावॉट है जबिक मांग 8,000 मेगावॉट से अधिक है। ऐसे में प्रस्तावित संयंत्र न केवल राज्य में बिजली की मांग और आपूर्ति के अंतर को पाटने में मदद करेगा बल्कि पड़ोसी राज्यों को भी बिजली की आपूर्ति करेगा।

### Bihar has potential to become major growth engine: Minister

PTI PATNA

Bihar Industries and Tourism Minister Nitish Mishra on Friday asserted that the state is poised to play a key role in the country's growth engine, as he announced a record Rs 1.8 lakh crore investments across sectors, more than triple the amount received at its maiden investor meet last year. Detailing the investment pro-

posals received at the end of the two-day 'Bihar Business Connect 2024' investor summit, Mishra said several memorandums of understanding (MoUs) entailing investment of over Rs 1.8 lakh crore have been signed. Sun Petrochemicals will invest Rs 36,700 crore in renewable energy, including pump hydro and solar plants. Adani Group is looking to invest Rs 20,000 crore in setting up an ultrasupercritical thermal power plant. Besides, the group also announced investment towards expanding the cement capacity as well as in

the warehousing and logistics

At the summit, leading companies such as NHPC (Rs 5,500 crore for renewable energy sector), SLMG Beverages (Rs 3,000 crore for food processing sector), Shree Cements (Rs 800 crore in general manufacturing category), and Haldiram Snacks Pvt Ltd (Rs 300 crore for food processing sector) also inked

MoUs with the state.

"The state government is committed to develop Bihar into a major destination for investment in the country. I express my heartfelt gratitude to all those who participated and became a part of this new journey of Bihar... I am fully confident that Bihar has the potential to become a major growth engine of the country. We signed MoUs

with different investors worth Rs 1.80 lakh crore in different sectors... It's a huge achievement for Bihar," Mishra said. "Our Prime Minister Narendra Modi has already said that Bihar is advancing... We are moving ahead strongly in that direction," he asserted.

Speaking on the occasion, Deputy Chief Minister Vijay Kumar Sinha said Bihar is the "land of history and future of the country".

"After Independence, large investments were made in Jamshedpur (which was then a part of united Bihar) and Rohtas. Bihar has always been providing an industrial base," Sinha said.

"Today, Bihar is also working in the field of exploration of heavy mines and minerals... In Jamui and Rohtas, Gaya and Jehanabad," he added. Bihar Chief Minister, Nitish Kumar, who was scheduled to address the concluding day of the summit, could not attend the event due to illness, officials said.

The state's Energy Minister Bijendra Prasad Yadav, however, read out a message on behalf of the CM.

"The Bihar government has made several policies for development of industries. It is a matter of happiness that now you (investors) are working towards the development of Bihar. I am confident that people of the state will receive the benefits of the environment that is being created for industrial development in the state," the chief minister's message said.

Bandana Preyashi, Secretary, Industries Department, said compared to last year, the state received significantly more investment proposals in the 2024 summit.

"Last year, the sum was Rs 53,000 crore. Investments will be made in food processing and general manufacturing, health, information technology, logistics, plastics and rubber, real estate, renewable energy, textiles, leather and hospitality and skill development sectors," she said.

# Adanis win Dharavi redevelopment case

#### OUR SPECIAL CORRESPONDENT

Mumbai: The Bombay High Court has upheld the Maharashtra government's decision to award the Dharavi slum redevelopment project in Mumbai to Adani Properties Pvt Ltd (APPL).

A division bench of Chief Justice D.K. Upadhyaya and Justice Amit Borkar on Friday dismissed a petition filed by UAE-based Seclink Technologies Corp (Seclink) which had emerged as the highest bidder in the tender for the project that was floated in 2018 but subsequently scrapped.

The court said: "The grounds urged in support of the petition lack force and, accordingly, the challenge to the impugned action on the part of the authorities, whereby the earlier tender process was cancelled and fresh tender process has been resorted to, fails."

It was on November 11, 2018 that the Devendra Fadnavis-led BJP government had issued the Dharavi Redevelopment Project (DRP) tender. Subsequently, in 2019, the state government signed an MoU with Indian Railways for the inclusion of 45 acres of railway land in the Mahim-Matunga area.

In March that year, the CEO of the Dharavi Redevelopment Project (DRP) had written a letter to the Seclink Consortium informing it that they were the preferred bidder. Seclink had put in a bid for ₹7,200 crore.

However, the state government decided to seek fresh bids after the state's advocate general (AG) said the inclusion of the railway land amounted to a substantial change in tender conditions.

On November 28, 2019, the Uddhav Thackeray-led MVA government assumed office and, in October 2020, the state cabinet accepted advice of the Committee of Secretaries (COS) and cancelled the 2018 tender.

In November 2020, the state government issued a GR confirming the cancellation of the 2018 tender and announced

Dharavi. File picture

plans to seek fresh bids for the project. This prompted Seclink to file a writ petition in the High Court challenging the decision.

In October 2022, the Mahayuti government led by Eknath Shinde issued a fresh tender for the project. When the bids were opened in December, APPL was declared as the preferred bidder based on its offer of ₹5,069 crore.

#### Funds for Bihar

The Adani group is planning to invest about ₹20,000 crore to set up an ultra-super critical thermal power plant in Bihar.

Outlining the group's investment plans at the Bihar Business Connect 2024', Adani Enterprises director Pranav Adani said: "We intend to invest <2,500 crore in Bihar to set up a cement manufacturing capacity of 10 million tonnes per annum in multiple phases; this has the potential to create at least 9,000 direct and indirect jobs."

The cement plant will come up in Warisaliganj.

Adani did not give any further details on the power plant.

Adani Enterprises has already invested around ₹850 crore in three sectors: logistics, gas distribution and agri-logistics, creating about 25,000 direct and indirect jobs.

"We are now going to invest another ₹2,300 crore in these sectors."

Adani said the conglomerate was also looking to invest another ₹1,000 crore in strategic infrastructure, like Gati Shakti Railway Terminals and ICDs (Inland Container Depots).

It plans to invest ₹2,100 crore in a smart metering project.

### Adani Group to invest ₹20,000 cr for thermal power plant in Bihar

#### STATESMAN NEWS SERVICE

NEW DELHI, 20 DECEMBER

The Adani Group has planned to invest Rs 20,000 crore in setting up a super critical thermal power plant in Bihar. The development comes amid its plans for expands its cement, food processing and logistics business in the state.

Pranav Adani, Director, Adani Enterprises Ltd, while speaking at the Bihar Business Connect 2024 said the portsto-energy conglomerate is invested in three sectors in Bihar - logistics, gas distribution and agri logistics, where it has already invested around Rs 850 crore.

"We are now going to invest another Rs 2,300 crore in these sectors. This investment will not only massively increase our warehousing and handling capacity and expand our presence in the EV, city gas distribution (CGD) and compressed biogas (CBG)

space but will also generate an additional 27,000 direct and indirect local job opportunities," he said.

The Director of Adani Enterprises said that another sector that the group is investing in is smart meter manufacturing. "As Bihar migrates from conventional electric meters to smart meters, we will invest Rs 2,100 crore to manufacture and install over 28 lakh smart meters to automate power-consumption-

monitoring in five cities--? Siwan, Gopalganj, Vaishali, Saran and Samastipur-- and this will generate at least 4,000 local jobs in this technology segment," he said.

He shared that the group is also looking to potentially invest another Rs 1,000 crore in developing strategic infrastructure in Bihar, like Gati Shakti Railway Terminals, ICDs (Inland Container Depots) and Industrial Warehousing Parks.

अदाणी समूह बिहार में 28,000 करोड़ रुपये का निवेश करेगा

ऊर्जा परियोजनाओं में 36,700 करोड़ रुपये का निवेश करेगी।

राज्य में सबसे बड़े निजी निवेशक अदाणी समूह ने भी अत्याधुनिक बिजलीघर लगाने के साथ-साथ सीमेंट उत्पादन क्षमता, खाद्य प्रसंस्करण और लॉजिस्टिक कारोबार के विस्तार में लगभग 28,000 करोड़ रुपये का निवेश करने की प्रतिबद्धता जतायी है।

इसके अलावा, सार्वजनिक क्षेत्र की एनटीपीसी की नवीकरणीय ऊर्जा इकाई एनटीपीसी ने स्वच्छ ऊर्जा परियोजनाओं में 10,000 करोड़ रुपये का निवेश करने का प्रस्ताव दिया है। एसजेवीएन भी ने पंप स्टोरेज परियोजना के लिए इतनी ही राशि का निवेश करने की प्रतिबद्धता जतायी है।

वहीं निर्माण और इंजीनियरिंग प्रमुख

अशोका विल्डकॉन ने राज्य में एक हरित हाइड्रोजन इकाई स्थापित करने में 9,000 करोड रुपये के निवेश का प्रस्ताव दिया है।

देश की सबसे बड़ी जलविद्युत उत्पादक कंपनी एनएचपीसी ने 1,000 मेगाबाट की सौर परियोजना स्थापित करने को लेकर 5,500 करोड़ रुपये का निवेश करने का प्रस्ताव किया है, जबिक एसएलएमजी वेवरेजेज (कोका-कोला के लिए वोतल बनाने वाली कंपनी) ने 3,000 करोड़ रुपये, श्री सीमेंट्स ने 800 करोड़ रुपये और हल्दीराम स्नैक्स प्राइवेट लि. ने 300 करोड़ रुपये निवेश करने की प्रतिबद्धता जताई है।

टाटा समूह ने हालांकि किसी निवेश प्रतिबद्धता पर हस्ताक्षर नहीं किए हैं, लेकिन उसने राज्य में कार्यबल को हुनरमंद बनाने की प्रतिबद्धता जतायी।

मिश्रा ने कहा, "राज्य सरकार बिहार को देश में निवेश के लिए एक प्रमुख गंतव्य के रूप में विकसित करने के लिए प्रतिवद्ध है। मैं उन सभी लोगों के प्रति अपनी हार्दिक कृतज्ञता व्यक्त करता हूं जिन्होंने निवेशक सम्मेलन में भाग लिया और बिहार की इस नई यात्रा का हिस्सा बने।"

उन्होंने कहा, 'मुझे पूरा विश्वास है कि विहार में देश का एक प्रमुख विकास इंजन बनने की क्षमता है। हमने विभिन्न क्षेत्रों में 1.80 लाख करोड़ रुपये से अधिक के विभिन्न निवेशकों के साथ समझौता ज्ञापन पर हस्ताक्षर किए... यह बिहार के लिए एक बड़ी उपलब्धि है।'

इस मौके पर उपमुख्यमंत्री विजय कुमार सिन्छ ने कहा, "विहार इतिहास और देश के भविष्य की भूमि है"

दो दिवसीय सम्मेलन के समापन पर उद्योग सचिव बंदना प्रेयसी ने संवाददाताओं को बताया कि विद्युर सरकार ने 1,80,899 करोड़ रुपये के निवेश के साथ 423 इकाइयां स्थापित करने के लिए एमओयू पर हस्ताक्षर किए हैं। उन्होंने कहा, "हम कंपनियों से मिली प्रतिक्रिया से अभिभृत हैं।
