Mumbai, 23 May

India's top industrial houses, led by Reliance Industries, the Adani group, and Vedanta group, on Friday pledged a number of investments across sectors in the Northeast region.

Addressing the Rising North East Investors Summit, Prime Minister Narendra Modi said diversity of the Northeast is its biggest strength, and every state in the region is declaring its readiness for investment and leadership.

"The Northeast is emerging as a key destination for two strategic sectors — energy and semiconductors," he said.

He said the first Made-in-India chip from a Northeastbased semiconductor plant will soon be introduced, signalling a major milestone for the region that will unlock opportunities for cutting-edge technology and solidify the region's position in India's high-tech industrial growth.

He said the Northeast was once associated with "bombs, guns and blockades" that severely impacted opportunities for its youth. "Our government has a zero-tolerance policy against terrorism and insurgency," he said.

Speaking at the inaugural session of the Rising Northeast Investors Summit in New Delhi, Mukesh Ambani, chairman and managing director, Reliance Industries, said the group would more than double its investments in the region to ₹75,000 crore over five years, spanning across sectors like digital infrastructure, clean energy, retail, healthcare, and sports. "Reliance has invested around ₹30,000 crore in the past 40 years. In the next five years, we will more than double our investments," said Ambani, adding that the initiative is expected to create over 2.5 million direct and indirect

education, health care, and enterprises. Reliance Retail plans to expand procurement from local farmers and artisans while setting up FMCG factories. In the clean energy space, the conglomerate will develop 350 compressed biogas plants, turning "vast wasteland into wealth-land," said Ambani.

The group's philanthropic arm, Reliance Foundation, is expanding its presence with a 150-bed cancer hospital in Manipur, a genomic breast cancer care initiative with Mizoram University, and one of India's largest genome sequencing labs in Guwahati.

Anil Agarwal, chairman of Vedanta Group, also pledged ₹30,000 crore in investments in Arunachal Pradesh, Nagaland, Tripura, Meghalaya, and Mizoram, with plans to generate up to 100,000 jobs.

The investment will be made in the fields of oil and gas, critical minerals, refining facilities, power, optical fibre, system integration, renewable energy, transmission sectors, and data centres, Agarwal said. Earlier this year, the company had announced a ₹50,000

crore investment in Assam.

"Today, the states of the Northeast are growing in double digits. Vedanta is fully committed to investment in the region, which has the most amazing natural resources potential, from oil and gas to critical minerals, and an exceptional pool of talented human resources," said Agarwal.

Adani Group Chairman Gautam Adani announced an additional ₹50,000 crore investment over the next decade, building on a ₹50,000 crore commitment made in Assam three months ago.

"Our focus will span green energy, including smart meters, hydro, pumped storage, power transmission, roads and highways, digital infrastructure, logistics, as well as capacity-building through skilling and vocational training centres," said Adani.

"More than infrastructure, we will invest in people. Every initiative will prioritise local jobs, local entrepreneurship, and community engagement," he added.

PM: First 'Made in India' chip to come from semiconductor plant in Northeast

HITESH VYAS

NEW DELHI, MAY 23

PRIME MINISTER Narendra Modi on Friday announced that the country will soon get the first 'Made in India' chip produced at the semiconductor plant in the Northeast region.

He said the region is becoming an important destination for two sectors – energy and semiconductor.

"Today, the Northeast is playing a larger role in strengthening the country's semiconductor ecosystem. The country is soon going to get the first 'Made in India' chip from the semiconductor plant in the Northeast," Modi said in his inaugural address at the Rising Northeast Investors Summit 2025.

In August last year, the Tata Group had commenced construction of a semiconductor unit in Assam, with a total investment of Rs 27,000 crore.

The PM said that the semiconductor plant has opened doors of opportunity for the semiconductor sector and other cutting edge- technology in the region.

crores have already been distributed.

He said investors not only have an opportunity to invest in plants and infrastructure in the Northeast but have a golden chance to invest in the manufacturing sector in the region, he said. He highlighted that there was a need for large investments

in solar modules, cells, storage and research, as they are the future.

"The more we invest in the future, the lesser will be our dependence on other countries," he said.

He said the Northeast, which was once called the frontier region, has now become a frontrunner for growth.

The PM said robust roads, good power infrastructure and a logistics network are the backbone of all the industries. Trade also flourishes where connectivity is seamless. This means robust infrastructure is the first condition for any development; it is the foundation.

"This is the reason that we have started an infrastructure revolution in the Northeast. For a long time, the Northeast remained in scarcity. But now, the Northeast is becoming a land of opportunities," Modi said. The government has invested heavily to improve connectivity infrastructure; in just one decade, 11,000 km of new highways have been constructed, along with several kilometers of rail lines have been laid in the Northeast, he said.

Modi said in the coming decade, the Northeast is going to see a manifold increase in its trade potential. Today, the trade volume between India and ASEAN is nearly \$1.25 billion. This trade volume will cross \$200 billion in the coming years, and the Northeast is going to become a strong bridge for this. It will become a trade gateway for ASEAN, he said.

Speaking on occasion, Adani Group's Chairman, Gautam Adani, announced that his group will invest an additional Rs 50,000 crore across the Northeast over the next 10 years. The group had pledged an investment of Rs 50,000 crore in Assam three months ago.

"In the next five years, we will more than double our investments, with our target at Rs 75,000 crore," Ambani said. He said Reliance Retail will vastly increase its procurement of staples, fruits, and vegetables to boost the income of farmers of the region.

Inaugurates Rising Northeast Investors Summit

HANS NEWS SERVICE NEW DELHI

PRIME Minister Narendra Modi on Friday described the Northeast as the "most diverse part of our diverse nation" and hailed it as India's new growth engine, while inaugurating the first-ever Rising Northeast Investors Summit in New Delhi.

Speaking to a gathering of policymakers, investors, and industry leaders, Modi said the region, once seen merely as a frontier, is now emerging as a frontrunner in national development.

"For us, east is not just a direction. For us, east means Empower, Act, Strengthen and Transform," the prime minister said, emphasizing the government's focus on infrastructure and connectivity to unlock the Northeast's economic potential.

"From trade to tradition, from textile to tourism, the diversity of the Northeast is its strength. Northeast means bio-economy, bamboo, tea production, petroleum, sports, skill, an emerging hub of eco-tourism, and a new world for organic products. Northeast is the powerhouse of energy. Northeast is 'Ashta Lakshmi' for us," he added. Backing this vision with numbers, minister for communications and development of northeastern region, Jyotiraditya M. Scindia, said the government's sustained efforts over the past decade had driven a historic transformation.

"It is our very own prime minister who, over the past ten years, has increased the gross budgetary support from 10% to enable an investment of nearly \(\text{\text{\text{\text{M}}}} \) (7.5 lakh crore in the northeastern region," Scindia said, calling it a game changer that has redefined the region's growth trajectory and turned it into a land of opportunity.

Even before the Prime Minister's address, industry leaders announced major investment commitments that could reshape the region's economy. Reliance Industries chairman and managing director Mukesh Ambani pledged \(\tilde{275},000\) crore over the next five years, targeting agriculture, telecommunications, digital services, and local enterprise development.

"We see immense poten-

tial in the Northeast and are committed to contributing to its transformation into a modern economic zone," Ambani said.

"Our expansion in the Northeast will prioritise local jobs, local entrepreneurship, and community engagement," Adani said, underscoring the group's focus on sustainable and inclusive development.

Vedanta Group chairman Anil Agarwal announced an additional ⊠30,000 crore investment in the Northeast, expanding on the company's earlier \(\text{\tinx}\text{\tinx}\text{\texi\text{\texi}\text{\text{\text{\tetx{\text{\text{\text{\text{\text{\text{\text{\text{\text{\text{\t

The summit marks a major pivot in investor interest toward the Northeast, a region long viewed as strategic but underdeveloped. With government backing and increasing corporate commitments, it is now being positioned as a corridor for growth, innovation, and green transformation.

"From trade to tradition, from textile to tourism, the diversity of the Northeast is its strength. Northeast means bio-economy, bamboo, tea production, petroleum, sports, skill, an emerging hub of eco-tourism, and a new world for organic products. Northeast is the powerhouse

of energy. Northeast is 'Ashta Lakshmi' for us," the prime minister added.

He said the Northeast was earlier synonymous with bombs, guns and rockets, which took away many opportunities from youths there. "Over 10,000 youths in the Northeast have given up violence in the last decade," he said.

Reliance Industries chairman and managing director Mukesh Ambani pledged Rs 75,000 crore over the next five years, targeting agriculture, telecommunications, digital services, and local enterprise development.

Similarly, Adani Group chairperson Gautam Adani also announced an additional Rs 50,000 crore investment over the next decade in green energy, roads, and digital infrastructure.

आतंकी हों या नक्सली, सरकार उनके सफाए के लिए प्रतिबद्ध : पीएम मोदी

राइजिंग नॉर्थ ईस्ट इन्वेस्टर्स सिमट : पीएम ने कहा-बम, बंदूक और बंद नहीं, पूर्वोत्तर अब विकास का बन चुका पर्याय, पिछले 10 वर्षों में 10,000 युवाओं ने शांति के लिए हथियार छोड़े

अमर उजाला ब्यूरो

नई दिल्ली। प्रधानमंत्री नरेंद्र मोदी ने कहा कि शांति और कानून व्यवस्था किसी भी क्षेत्र के विकास के लिए सबसे महत्वपूर्ण कारक हैं। हमारी सरकार की आतंकवाद और उग्रवाद के प्रति शून्य-सहिष्णुता की नीति है। उन्होंने कहा कि पूर्वोत्तर एक समय बम, बंदूक और नाकाबंदी के संघर्ष से जूझ रहा था, जिसने यहां के युवाओं के अवसरों को गंभीर रूप से प्रभावित किया। पिछले 10-11 वर्षों में 10,000 से अधिक युवाओं ने शांति को अपनाने के लिए हथियार छोड़े हैं। इस बदलाव ने क्षेत्र के भीतर नए रोजगार और उद्यमशीलता के अवसरों को खोल दिया है।

प्रधानमंत्री नरेंद्र मोदी ने शुक्रवार को राष्ट्रीय राजधानी स्थित भारत मंडपम में राइजिंग नॉर्थ ईस्ट इन्बेस्टर्स समिट 2025 का उद्घाटन किया। पीएम मोदी ने कहा, पूर्वोत्तर हमारे विविधतापूर्ण राष्ट्र का सबसे विविध क्षेत्र है। व्यापार, परंपरा, बस्त्र और पर्यटन में व्याप्त संभावनाओं में इस क्षेत्र की विविधता इसकी सबसे बड़ी शक्ति है।

पूर्वोत्तर एक संपन्न जैवअर्थव्यवस्था, बांस उद्योग, चाय
उत्पादन और पेट्रोलियम तथा खेल और
कौशल के साथ-साथ इको-ट्रिज्म के
लिए एक उभरते हुए केंद्र का पर्याय है।
यह क्षेत्र न सिर्फ जैविक उत्पादों का
मार्ग प्रशस्त कर रहा है बिल्क ऊर्जा के
एक पावरहाउस के रूप में अपनी
उपस्थित दर्ज करा रहा है। उन्होंने
कहा कि पूर्वोत्तर अष्टलक्ष्मी का सार
है, जो समृद्धि और अवसर लाता है।

दिल्ली के भारत मंडपम में राइजिंग नॉर्थ ईस्ट इन्वेस्टर्स सिमिटि में पीएम मोदी।

विकसित भारत के लक्ष्य में पूर्वी
भारत की भूमिका महत्वपूर्ण
पीएम ने कहा, विकसित भारत के
लक्ष्य को प्राप्त करने में पूर्वी भारत
की भूमिका महत्वपूर्ण। हमारे लिए,
पूर्वी क्षेत्र सिर्फ एक दिशा नहीं है,
बल्कि एक दृष्टि है और इसे सशक्त
बनाना, इसके लिए कार्य करना, इसे
मजबूत बनाना और इसमें बदलाव
लाना, इस क्षेत्र के लिए नीतिगत
रूपरेखा को परिभाषित करता है।
इस दृष्टिकोण ने पूर्वी भारत, विशेष
रूप से पूर्वीत्तर को भारत के विकास
पथ के केंद्र में रखा है।

मुद्रा योजना ने लाखों युवाओं को हजारों करोड़ की मदद दी

पीएम ने कहा, मुद्रा योजना ने लाखों युवाओं को हजारों करोड़ रुपये की मदद दी है। शिक्षण संस्थानों की बढ़ती संख्या से कौशल विकास में मदद मिली। आज यहां के युवा, सिर्फ इंटरनेट उपभोकता नहीं, बल्कि डिजिटल इनोवेटर बन रहे हैं। 13 हजार किलोमीटर से ज्यादा ऑप्टिकल फाइबर, 4जी, 5जी कवरेज, टेक्नोलॉजी में उभरती संभावनाएं तराश रही है। अब ये घर या अपने शहर में बड़े-बडे स्टार्टअप्स शुरू कर पा रहे हैं। इसी कारण नॉर्थ ईस्ट भारत का डिजिटल गेटवे बनकर उभरा है।

पीएम मोदी ने कहा, मेघालय और मिजोरम में लैंड कस्टम स्टेशनों की स्थापना से अंतरराष्ट्रीय व्यापार के अवसरों का और विस्तार हो रहा है। उन्होंने इस बात पर बल दिया कि ये प्रगति पूर्वोत्तर को भारत-प्रशांत देशों के साथ व्यापार में एक उभरती हुई शक्ति के रूप में स्थापित कर रही है, जिससे निवेश और आर्थिक विकास के नए मार्ग प्रशस्त हो रहे हैं। पीएम ने कहा, वैश्विक स्वास्थ्य और कल्याण में भारत समाधान प्रदाता बन रहा है। हील इन इंडिया पहल को एक विश्वव्यापी आंदोलन के रूप में विकसित किया जा रहा है। उन्होंने पूर्वोत्तर की समृद्ध जैव विविधता, प्राकृतिक पर्यावरण और जैविक जीवन शैली पर भी अपने विचार व्यक्त करते हए इसे कल्याण के लिए एक आदर्श गंतव्य बताया।
