Reliance Industries will invest Rs 50,000 crore across five different verticals, including nuclear energy and hospitality sector, in Assam over the next five years, its chairman Mukesh Ambani said on Tuesday.

Speaking at the 'Advantage Assam' business summit, Ambani said the money will be invested to make Assam technology and AI ready.

"At the 2018 investment summit, I announced an investment of Rs 5,000 crore. Since then, the investments have crossed Rs 12,000 crore. This amount will quadruple and we will invest Rs 50,000 crore in the next five years," he said.

The areas where this amount will be pumped in

include green and nuclear energy, the supply chain of food and non-food products, and expanding the footprint of Reliance's retail stores, he added.

Talking about Prime Minister Narendra Modi's thrust to develop the Northeast, Ambani said, "You have brought Assam and the rest of Northeast from the periphery to the centre of India's developmental map. You have yourself visited the region over 70 times -- more than any other PM in the past." He said that Assam has the potential to develop so fast that South East Asia and East Asia will begin to look westwards towards the Indian state as the land of growth opportunities.

Recalling his meeting with Assam Chief Minister Himanta Biswa Sarma in Mumbai, Ambani said the CM's words convinced him that the future of Assam is bold and extraordinary.

"And I said to myself -when Assam is setting such an ambitious goal for itself, how can Reliance in the industry stay behind?" the business tycoon said.

Elaborating on the five areas of future investments in Assam, he said that Reliance's first priority is to make Assam tech-ready and Al-ready.

## Prime Minister unveils design for Guwahati's new integrated terminal building

Hans News Service Guwahati

THE Adani Group has announced a massive Rs 50,000 crore investment in Assam, marking one of the largest-ever commitments by a business conglomerate in the state.

Speaking at the Advantage Assam 2.0 Investment & Infrastructure Summit 2025 in Guwahati, Adani Group Chairman Gautam Adani highlighted that the investment will cover key sectors, including airports, aero cities, city gas distribution, power transmission, cement, and road projects.

Adani emphasised Assam's transformation under the leadership of Prime Minister Narendra Modi and Chief Minister Dr Himanta Biswa Sarma.

The Advantage Assam 2.0

Investment Summit 2025 in Guwahati has brought together global investors, policymakers, and industry leaders, aiming to unlock the state's economic potential through strategic invest-

ments in infrastructure, energy, and technology. Adani recalled how Prime Minister Modi's initiative to launch the Vibrant Gujarat Global Summit two decades ago had ignited a national move-

ment, inspiring states across India to adopt investmentdriven economic transformation.

At the summit, Prime Minister Narendra Modi unveiled the 'Bamboo Orchids' design of the New Integrated Terminal Building (NITB) at Guwahati's Lokpriya Gopinath Bordoloi International (LGBI) Airport. Inspired by Assam's rich natural heritage, the design symbolises biodiversity, strength, and sustainability.

Currently under construction, the NITB will have the capacity to handle 13.1 million passengers per annum (MPPA), making it the first airport terminal of its kind in Northeast India. The terminal is expected to be operational in the last quarter of 2025, further enhancing regional connectivity and infrastructure.

સર્જનને નોંધપાત્ર રીતે વેગ આપશે. તેમણે ઉમેર્યું હતું કે ''અદાણી ગ્રુપ રાજ્યની વધતી જતી ઉર્જા માંગને પહોંચી વળવા માટે આસામમાં પરમાણુ ઉર્જા પ્રોજેક્ટના વિકાસ માટે સક્રિયપણે વિચાર કરી રહ્યું છે, જે ટકાઉ ઉર્જા ઉકેલો પ્રત્યેની તેમની લાંબા ગાળાની પ્રતિબદ્ધતા દર્શાવે છે''.
