Adani Cement will Focus on Organic Growth: CFO

NIKITA PERIWAL

Mumbai: Growth for Adani Cement will be driven through the organic route rather than acquisitions from hereon. The company is also targeting to be the lowest cost producer of the building material globally in five years, the company's senior executives said on Wednesday.

"The past 27 months, since we acquired the Holcim assets in September 2022, the growth was filled with acquisitions," Vinod Bahety, the chief financial officer for Adani Cement said. "From the March quarter onwards, you will find more and more growth coming from the organic side," he told analysts on a call.

The Adani Group acquired Ambuja Cements and its subsidiary ACC from the Holcim Group in September 2022, when it had a production capacity of 67.5 million tonne.

It has made multiple acquisitions in two years since then, and will cross 100 million tonnes in production capacity before the year end and 118 million tonne by FY26.

The group had aimed to reach 140 million tonne by 2027-28 and is confident that it will reach this target earlier.

This comes at a time when the

Co's Profit Doubles to ₹2,620 cr in Q3

The company's consolidated profit for December quarter more than doubled on year to ₹2,620 crore, including a reversal of an income tax provision. Sales volumes grew 17% on year to an all-time high of 16.5 million tonnes for quarter, while revenue from operations rose nearly 15% on year to ₹9,329 crore. The operating profit made on each tonne of cement fell to ₹1,038 from ₹1,225 a year ago, while operating margins fell to 18.4% from 21.3% a year ago.

two largest players, the company and the Aditya Birla Group-owned UltraTech Cement, have been aggressively looking at acquisitions to increase capacities and market share.

Growth through the organic route will also help Adani Cement bring down its costs of production, Bahety said.

"The organic growth will not only add to the overall capacity, but also help us increase our market share and, foremost, in terms of adding in our cost leadership journey, since the new capacities, which is almost 40-50% of our current base, will be highly efficient in capex, opex, green power and railway infrastructure," he said.

Since its acquisition in September 2022, Adani Cement has cut costs by 17%. Its operational cost per tonne stood at ₹4,618 in the December quarter. "Our end state target is to drop down the total cost to about Rs 3,700-3,800 over the next couple of years," chief executive officer Ajay Kapur said. "I would continue to believe that in the next five years, Adani Cement would not just be the lowest cost in India, but perhaps it will compete with the lowest cost in China, which is the world," he said.

A part of these cost efficiencies will come from the usage of renewable energy – Adani Cement plans to meet three-fifth of its power requirements through green energy.

Ambuja Cements' profit jumps 156% on volume growth

Adani group-promoted Ambuja Cements on Wednesday reported a 156 per cent year-on-year (Y-o-Y) rise in its consolidated net profit (attributable to the owners of the company) for the third quarter of current financial year (Q3FY25). The surge came on back of volume growth, one-time tax-related reversals and receipt of certain government incentives.

The company's net profit came in at ₹2,115 crore for the quarter under review, against ₹824 cr reported during the third quarter of FY24. Its revenue from operations soared 14.8 per cent to ₹9,329 crore during Q3FY25. The company's other income for the quarter stood at ₹1,352 crore, a nearly seven-fold rise.

It reported ₹913 crore as revenue related to government grants, including duty credits/ refunds.

In a Bloomberg poll, analysts had expected a net income adjusted of ₹656.2 crore and revenue of ₹8,593 crore. Ambuja Cements beat both profit and revenue estimates.

With a growth in profit, the company's performance was in contrast to declining profits of industry rivals like UltraTech Cement and Dalmia Bharat.

Ambuja Cements reports Q3 net profit at ₹2,620 cr

PRESS TRUST OF INDIA
New Delhi, January 29

ADANI GROUP FIRM Ambuja Cements on Wednesday reported a consolidated net profit of ₹2,620.09 crore for the third quarter ended December 2024.

The company had reported a net profit of ₹1,090.73 crore a year ago, according to a regulatory filing by Ambuja Cements (ACL). Its consolidated revenue from operations was ₹8,415.31 crore during the December 2024 quarter. It was ₹8,052.42 crore in the year-ago period.

The country's second-largest cement manufacturer's

consolidated sales volume stood at 16.5 million tonnes during the quarter.

This is the "highest-ever cement sales volume in a quarter", Ambuja Cements said in its earnings statement.

The consolidated financial results of Ambuja Cements for the December quarter are not comparable due to the acquisition of several companies, including Gujarat-based Sanghi Industries, Hyderabad-based Penna Industries, and Tamil Nadu-based MY Home Industries, whose results are included in it.

Besides, its subsidiary ACC acquired Asian Concretes and Cements.

"Accordingly, the results for the current quarter and nine months ended December 31, 2024, are not comparable with quarter and nine months ended December 31, 2023, to that extent," it said.

ACL's total expenses in the December quarter were ₹8,347.68 crore.

The total Income of ACL, which includes other income, was ₹10,680.80 crore in the third quarter.

The consolidated results of Ambuja Cements include the financial performance of its step-down firm ACC, in which, it owns around 51% stake, along with Sanghi Industries and Penna Industries.

Ambuja Cements Q3 net more than doubles to ₹2,620 crore on govt sops

Our Bureau

Mumbai

Ambuja Cements, part of the Adani Group, has reported that its net profit more than doubled this December quarter to ₹2,620 crore against ₹1,091 crore logged in the corresponding period last year on the back of sops from the government.

The company's revenue was up four per cent at ₹8,415 crore against ₹8,052 crore logged in the same period last year.

In addition, the company registered revenue of ₹913 crore (₹76 crore) as government grants, including duty credits and refunds. It also registered a net tax credit of ₹284 crore.

POSITIVE RESULTS

The management has assessed that there are no appeals in matters against refunds received against certain assessment years in the past years.

Accordingly, interest received and interest provision were reversed, said the company.

EBITDA was down at ₹1,712 crore (₹1,732 crore) while realisation per tonne was down at ₹1,038

Increased use of low-cost imported petcoke and efforts to reduce the cost of domestic coal helped to reduce the kiln fuel cost by 10%

(₹1,225). Increased use of low-cost imported petcoke and efforts to reduce the cost of domestic coal has helped to reduce the kiln fuel cost by 10 per cent from ₹1.84 to ₹1.66 per 1000 Kcal.

INVESTMENT PLANS

Waste heat recovery system power share increased from 12.6 per cent to 16.6 per cent and solar power mix increased to 4.4 per cent from 2.5 per cent, taking the green power share up to 21 per cent from 15 per cent. The

company has a roadmap and investment commitments to achieve 60 per cent green power by FY28.

Logistics costs reduced 5 per cent to ₹1,228 a tonne, driven by efficiency improvement journey.

Ambuja Cements has deployed five BCFC (bogie covered fly ash/cement) rakes against the order for 26 rakes placed earlier for transportation of dry fly ash. It plans to order another 32 BCFC rakes to cater to the rising fly ash demand of existing and upcoming plants.

Supply from the Krishnapatnam grinding unit to the Kochi and Mangaluru markets through sea route has commenced, and this will help in optimising freight costs and boost profitability. The Penna plant's operations are getting stabilised and clinker capacity utilisation has gone up to 85 per cent.

Ajay Kapur, Whole Time Director and CEO, Ambuja Cements, said strategic acquisitions had significantly increased market presence and this will be dovetailed with ongoing expansion projects to propel the company in achieving over 104 mtpa capacity by Q4 FY25 and 118 mtpa by FY26.

Ambuja Cements reports Q3 net profit of ₹2,620 Crore

PTI ■ NEW DELHI

Adani Group firm Ambuja Cements Ltd (ACL) on Wednesday reported a consolidated net profit of ₹2,620.09 crore for the third quarter ended December 2024.

The company had reported a net profit of ₹1,090.73 crore a year ago, according to a regulatory filing by ACL. Its consolidated revenue from operations was ₹8,415.31 crore during the December 2024 quarter. It was ₹8,052.42 crore in the year-ago period. The country's second-largest cement manufacturer's consolidated sales volume stood at 16.5 million tonnes during the quarter.

This is the "highest-ever cement sales volume in a quarter," Ambuja Cements said in its earnings statement. ACL's total expenses in the December quarter were ₹8,347.68 crore.

The total Income of ACL, which includes other income,

was ₹10,680.80 crore in the third quarter.

The consolidated results of Ambuja Cements include the financial performance of its step-down firm ACC Ltd, in which, it owns around 51 per cent stake, along with Sanghi Industries and Penna Industries.

On a standalone basis, Ambuja Cements reported a profit after tax of ₹1,758.03 crore in the December quarter. It was ₹ 513.68 crore in the year-ago quarter.

Its standalone revenue from operations was ₹4,850.02 crore in the third quarter of FY25.

On a standalone basis, its sales volume of Cement and Clinker was 10.1 MT.

Its Whole Time Director and CEO Ajay Kapur said ACL is entering into new territories with a focus on innovation, digitisation, customer satisfaction, and ESG.

"Our strategic acquisitions have significantly increased our capacity and market presence. This will be dovetailed with our ongoing expansion projects, delivering exceptional value for our stakeholders and propelling us towards achieving over 104 MTPA capacity by Q4 FY25 and 118 MTPA by FY26," he said.

With the expansion of Sindri, Farakka and Sankrail grinding units in the advanced stage and completion of the Orient Cements transaction, operational capacities will reach 104 MTPA by Q4 FY25, the company said.

It has added 631 million metric tonnes of new limestone reserves in Q3 FY25.

Ambuja Cements profit jumps on strong volume growth

Ambuja Cements posted a jump in third-quarter profit on Wednesday, as higher-than-anticipated volume growth helped cushion the impact from lacklustre cement prices.

Ambuja's revenue rose 9.7% in the quarter ended December 31, topping analysts' average estimate.

The Adani-owned company recorded a one-time tax gain of Rs 825 crore in the reported quarter. Despite this, profit before tax climbed 59% to Rs 1,084 crore.

A boost in cement volumes helped Ambuja join Adani-owned peer ACC and larger rival UltraTech in reporting upbeat results in a seasonally sluggish quarter, while lacklustre pricing dampened earnings of smaller players in the sector.

Ambuja's standalone volumes jumped 23%, exceeding the 8.5%-15% growth range anticipated by analysts from four brokerages.
