AIRPORT TO BE INAUGURATED ON APRIL 17

Flight Ops from Navi Mumbai Int'l Airport May Start in May

NITIN SONAWANE

VALIDATION FLIGHT IndiGo aircraft lands at Navi Mumbai Int'l Airport on Sunday

Our Bureau

Mumbai: Navi Mumbai International Airport (NMIA) will be inaugurated on April 17, with domestic flights starting in late May and international operations commencing in July. Arun Bansal, CEO of Adani Airport Holdings, said on Sunday.

Initially, the airport will handle 8-10 million passengers, with its capacity expanding to 20 million by December 2025, he told reporters.

He was speaking on a day an IndiGo A320 validation flight landed at NMIA at 1:32 PM. The flight, without passengers, was part of the aerodrome certification process, assessing safety, landing, and takeoff operations. "The first validation flight happened today (December 29). We now need to get a formal aerodrome licence from the DGCA," Bansal said. The airport plans to apply for the aerodrome permit in February.

Following the April inauguration, a four-week security and procedural review will be conducted. "This is why we are looking at the second half of May 2025 for domestic operations," Bansal added. Interestingly Noida Airport too is set to be inaugurated on April 17.

The validation flight will allow NMIA's procedures to be included in the global Electronic Aeronautical Information Publication (eAIP). The airport has successfully calibrated its instrument landing system (ILS) and precision approach path indicator (PAPI), ensuring safe operations during low visibility.

NMIA will be the second airport serving the Mumbai Metropolitan Region, complementing the existing Chhatrapati Shivaji Maharaj International Airport (CSMIA). Currently, CSMIA handles over 50 million passengers annually.

Navi Mumbai airport set to begin commercial ops in May 2025: AAHL

International operations to start by July next year; project expected to cost around ₹18,000 crore

AJINKYA KAWALE

Mumbai, 29 December

Navi Mumbai International Airport (NMIAL) is set to be inaugurated in April next year, followed by the launch of commercial operations in May, said a senior executive from the Adani Airport Holdings (AAHL), after the first commercial validation test was conducted at the under-construction airport on Sunday.

The airport will start international operations by July next year, said Arun Bansal, chief executive officer, AAHL, a subsidiary of Adani Enterprises, the flagship company of Adani group.

"After the inauguration on April 17, we need roughly about four weeks for security sweep and other requirements of the airport procedures which is why we are looking at the second half of May 2025 for domestic operations," he told reporters after the IndiGo A320 6E916S aircraft with no passengers on board touched down at 1.32 pm at NMIAL on Sunday.

The plane took off from Chhatrapati Shivaji Maharaj International Airport (CSMIA) in Mumbai at around 12.30 pm.

"The first validation flight has

The IndiGo aircraft that landed as part of a validation test at the Navi Mumbai International Airport on Sunday

PHOTO: AJINKYA KAWALE

happened today. We now need to get a formal aerodrome licence from the DGCA," Bansal said. The airport would apply for the aerodrome permit in February.

A validation landing assesses new flight instruments installed at an aerodrome. It confirms operational safety for aircraft pro-

cedures as part of an aerodrome certification process.

"A historic milestone as Navi Mumbai International Airport welcomed its first commercial validation flight! Proud of our team's hard work and grateful for our stakeholders' unwavering support," said Jeet Advani,

Director, AAHL in a post on social media platform X.

In its first phase of operations, the airport will have a capacity of handling 20 million passengers annually. It is projected to handle about eight to 10 million passengers for domestic operations within the first six months of its launch.

NMIAL will be the second airport to serve the Mumbai Metropolitan Region. Currently, CSMIA is the only operational airport serving the Mumbai region. The CSMIA handles over 50 million passengers annually.

"There is a pent-up demand of almost 60-65 million today which means that 15 million passengers from Mumbai region travel to other airports. Navi Mumbai Airport will cater to and augment that capacity," the executive added.

Following the landing of the commercial jet, "NMIAL's established flight procedures will be published in the Electronic Aeronautical Information Publication for international promulgation," the airport said in a release. The airport conducted the flight calibration of the Instrument Landing System and Precision Approach Path Indicator, subsequently drafting

instrument approach procedures to prepare itself for the arrival of the validation flight.

In October, the Airbus C-295 of the Indian Air Force landed at the airport, marking the first touchdown of any flight at the aerodrome. Earlier, aviation consultancy firm CAPA, in its report published in October 2023, stated that Navi Mumbai airport's construction was facing delays, and therefore, was likely to commence commercial operations in 2025 instead of 2024.

In January, former civil aviation minister Jyotiraditya Scindia revised the timeline for the airport's operational launch to March 2025 from December 2024. With the latest announcement, the operational launch has been pushed further to May 2025.

The entire construction of the airport is expected to be completed in five phases. The project is expected to cost around ₹18,000 crore. It is the first airport in the country to have multi-modal connectivity. This includes a linkage to the project via road, rail, and a metro system. In the near future, it is set to be connected via a waterway. NMIAL is a jointly owned subsidiary with MIAL holding 74 per cent, and the rest by Cidco.

First commercial flight test at NMIA

The upcoming Navi Mumbai International Airport (NMIA) is set to be functional from early next fiscal year with the expected inauguration of the facility on 17 April, a senior Adani Group official said on Sunday.

Earlier in the day, an IndiGo A320 passenger aircraft landed successfully at runway 26/08 of the under-construction Navi Mumbai International Airport, paving the way for securing an aerodrome licence to start commercial operations.

"Our ambition is to do the commercial inauguration of the airport by 17 April," Adani Airport Holdings Ltd chief executive Arun Bansal told media after the successful trial landing of the first civil passenger aircraft.

Bansal said that the domestic operations will start from the second half of May as after the inaugural flight some procedures will have to be followed which will take about four weeks.

"This is a momentous day for Navi Mumbai International Airport. The successful completion of the validation flight is a major milestone," said Bansal. PTI

Navi Mumbai airport conducts flight test

PRESS TRUST OF INDIA
Mumbai, December 29

THE UPCOMING NAVI Mumbai International Airport is set to be functional from early next fiscal year with the expected inauguration of the facility on April 17, a senior Adani Group official said on Sunday.

Earlier in the day, an IndiGo A320 passenger aircraft landed successfully at 1.32 pm at runway 08/26 of the under-construction Navi Mumbai International Airport, paving the way for the Navi Mumbai International Airport Ltd (NMIAL) to seek an aerodrome licence from the aviation safety regulator Directorate General of Civil Aviation (DGCA) to start commercial flight services.

"Our ambition is to do the commercial inauguration of the airport by April 17," Adani Airport Holdings CEO Arun

Bansal told the media after the successful trial landing of the first civil passenger aircraft.

NMIAL is a 74:26 joint venture between Adani Airport Holdings Limited (AAHL) and City and Industrial Development Corporation of Maharashtra (CIDCO).

Bansal said that the domestic operations will start from the second half of May as after the inaugural flight some procedures will have to be followed which will take about four weeks.

And by the end of July, he said, "we expect to start international operations." "A historic milestone as Navi Mumbai International Airport welcomed its first commercial validation flight! Proud of our team's hard work and grateful for our stakeholders' unwavering support," said Jeet Advani, director, AAHL in a post on X formerly Twitter.

Navi Mumbai airport to launch service by May

Aneesh Phadnis

Mumbai

Navi Mumbai airport will start operations next May and construction of its second passenger terminal will commence two months later in July, with the Adani

group accelerating the development plans.

Adani Airport Holdings Limited CEO Arun Bansal disclosed this on Sunday after successful completion of a validation flight to test the approach and landing procedure at the airport.

An IndiGo Airbus A320 aircraft operated the trial flight.

Bansal said the ambition is to inaugurate the airport by April 17. Domestic passenger and cargo operations are expected to start from mid-May and international operations from July-end.

ising safety at every step," Bansal said.

Bansal said the ambition is to inaugurate the airport by April 17. Domestic passenger and cargo operations are expected to start from mid-May and international operations from July-end. Discussions are already underway with airlines for

development of schedules.

FIRST PHASE

The airport's first phase will see the opening of one runway and a terminal with passenger handling capacity of 20 million passengers per year.

Construction of the second terminal with annual

handling capacity of 30 million passengers was supposed to start in 2026. Now the construction is being advanced by a year. This is to cater for high traffic volume that is anticipated due to the planned renovation of Mumbai airport's terminal T1. As a result Navi Mumbai airport expected to handle 20 million passengers by March 2026.

While 25-30 per cent of existing traffic from T1 will shift to Mumbai airport's T2 terminal, the remainder will move to Navi Mumbai.

While this will create terminal capacity challenges (the second terminal in Navi Mumbai is expected to be ready in 3-4 years), the Adani group plans to address the issue through efficient slot management and automation.

‘Navi Mumbai airport operations to begin in May’

TDG NETWORK
NAVI MUMBAI

Arun Bansal, CEO of Adani Airports Holdings Ltd, on Sunday, said they are fairly confident of inaugurating the Navi Mumbai airport sometime in April next year, and commercial flights in the second half of May 2025.

The Navi Mumbai airport took a monumental step toward becoming operational with its first commercial flight validation test on Sunday, in the presence of regulators from the domestic aviation sector. The runway 08/26 at the under-construction Navi Mumbai International Airport came alive as an A320 aircraft from Indigo Airlines successfully touched down, marking a historic milestone in the international airport’s journey toward becoming fully operational, Navi Mumbai International Airport Private Limited said in a statement Sunday.

The Airbus C295 successfully lands during the runway test of Navi Mumbai Airport, in Mumbai on Oct 11, 2024. ANI

The aircraft was welcomed with the traditional water salute by fire tenders.

The first commercial flight validation test exercise includes technical assessment, and landing and take-off manoeuvres, paving the way for the DGCA to validate the data collected from the flight and for the airport to receive the aerodrome license, which is essential to operate the airport.

Post the successful landing, the airport’s established flight procedures will be published in the Electronic Aeronautical

Information Publication (eAIP) for international promulgation.

Prior to the landing of the validation flight, NMIA successfully conducted the flight calibration of the Instrument Landing System (ILS) and Precision Approach Path Indicator (PAPI), subsequently drafting instrument approach procedures to prepare itself for the arrival of the validation flight. The greenfield Navi Mumbai airport will have two parallel runways, enabling two aircraft to land and take off simultaneously.

नवी मुंबई हवाई अड्डे से मई तक वाणिज्यिक परिचालन

नवी मुंबई अंतरराष्ट्रीय हवाई अड्डे (एनमायल) का उद्घाटन अगले साल अप्रैल में होगा और उसके एक महीने बाद मई से वहां वाणिज्यिक संचालन शुरू किया जाएगा। यह जानकारी आज अदाणी एयरपोर्ट होल्डिंग्स लिमिटेड (एएचएल) के एक अधिकारी ने दी। कंपनी के मुख्य कार्य अधिकारी अरुण बंसल ने कहा, 'निर्माणाधीन हवाई अड्डे पर अंतरराष्ट्रीय परिचालन अगले साल जुलाई में शुरू किया जाएगा।'

बंसल ने कहा, 'अगले साल 17 अप्रैल को उद्घाटन होने के बाद हमें सुरक्षा और हवाई अड्डे की अन्य जरूरी प्रक्रियाओं के लिए करीब चार हफ्ते लगेंगे। इसलिए हम घरेलू परिचालन के लिए मई के दूसरे

पखवाड़े की उम्मीद कर रहे हैं।'

एनमायल पर रविवार को एक वाणिज्यिक विमान के उतरने के बाद बंसल ने संवाददाता सम्मेलन में ये बातें कहीं। इस निर्माणाधीन हवाई अड्डे पर पहली बार कोई यात्री विमान उतरा था। इंडिगो का ए320 6ई 9165 विमान दोपहर 1.32 बजे नवी मुंबई हवाई अड्डे पर उतरा। हालांकि, उसमें कोई यात्री सवार नहीं था। विमान ने दोपहर करीब 12.30 बजे मुंबई के छत्रपति शिवाजी महाराज अंतरराष्ट्रीय हवाई अड्डे (सीएसएमआईए) से उड़ान भरी थी।

बंसल ने कहा, 'आज पहली बार विमान उतरा। अब हमें डीजीसीए से औपचारिक एरोड्रम लाइसेंस से लेना होगा।'

After first civilian test flight landing, Navi Mumbai airport set for May ops

Manju.V@timesofindia.com

Mumbai: The Navi Mumbai airport missed its much-touted March-end deadline, but not by much as the city's second commercial flights airport is expected to be inaugurated on April 17. Access to the public will begin four weeks later, in the second half of May, when airlines commence domestic flights, along with cargo operations. By the end of July, international flights will start, said Arun Bansal, CEO, Adani Airports Holdings Ltd on Sunday.

Given that the Navi Mumbai International Airport (NMIA) is a greenfield airport—built on undeveloped land—and built in 2024-25, it will have “all the modern amenities from day one like biometrics, connectivity between terminals,” said Bansal.

On Sunday, around 12.30pm, an IndiGo A320 aircraft took off from Mumbai airport and spent an hour circling over Karjat, Pen, carrying out technical assessment and missed approach manoeuvres as part of the “validation flight” process.

At 1.32pm, the aircraft did a touchdown on runway 08-26, becoming the first airline jet to land at NMIA. The data collected from the validation flight will be submitted to the aviation regulator for grant of the mandatory aerodrome licence.

On Oct 11, an Indian Air Force C-295, a large multi-role tactical airlifter, carried out an inaugural landing on the NMIA runway.

The phase-1 terminal building has a capacity of 20 million passengers per annum (ppa). To put that in perspective, last fiscal, airports like Chennai and Kolkata handled about 20 million ppa. Mumbai airport handled 52.8 million ppa, while Delhi, the busiest airport in the country, handled 73.6 million ppa. “Navi Mumbai airport will start with 10-12 million ppa, with 8-9 million domestic and about 2-3 million international passengers,” said Bansal. By mid-2026, it will reach 20 million capacity. “NMIA's terminal 2 will have 30 million ppa capacity and will go live by the end of 2028,” Bansal elaborated.

When commissioned, the

TEST FLIGHTS

Dec 29, 12.30pm: IndiGo A320 aircraft takes off from Mumbai airport, circles over Karjat for an hour as part of the validation flight process

1.32pm: Aircraft touches down on runway 08-26, is first airline jet to land at Navi Mumbai airport

Oct 11: An Indian Air Force C-295, a large multi-role tactical airlifter, carries out inaugural landing on the NMIA runway

Mumbai or Navi Mumbai airport? Flyers to choose

When booking an air ticket, passengers can compare fares for flights operating out of Mumbai and Navi Mumbai airports. They can then choose which airport they want to go to

much-awaited NMIA will share the burden of the congested Mumbai airport,

The Navi Mumbai airport is set to begin domestic operations from May and international flights by July-end

Validation flight done, what other clearances needed?

➤ Technical data collected by the validation flight will be submitted to the DGCA for procurement of an aerodrome licence

➤ On Feb 6, NMIA will submit docus needed for Aeronautical Information Publication, which gives info on air navigation, local regulations, airport limitations, etc

➤ 70 days needed to get all approvals done, which is why NMIA has planned inauguration on April 17. After that, four weeks are needed for security processes to be completed, after which domestic flights will begin

➤ NMIA is in talks with airlines for slots, offices, and parking bays

Single runway is not a limiting factor

A single runway can handle flights that carry up to 50 million passengers per annum (ppa). But NMIA phase-1 terminal has a capacity of 20 million ppa, which is expected to be reached by mid-2026. In phase-II, terminal 2 with a capacity of 30 million ppa is expected to be ready by 2028 end

which is served by a single runway. “About 15 million passengers from the Mumbai re-

gion are travelling to nearby states or other airports,” Bansal said. ations,” he said.

craft took off from Mumbai airport and spent an hour circling over Karjat, Pen, carrying out technical assessment and missed approach manoeuvres as part of the “validation flight” process. At 1.32pm, the aircraft did a touchdown on runway 08-26, becoming the first airline jet to land at NMIA. The data collected from the validation flight will be submitted to the aviation regulator for grant of the mandato-

ry aerodrome licence.

On Oct 11, an Indian Air Force C-295, a large multi-role tactical airlifter, carried out an inaugural landing on the NMIA runway.

The phase-1 terminal building has a capacity of 20 million passengers per annum (ppa). To put that in perspective, last fiscal, airports like Chennai and Kolkata handled about 20 million ppa. Mumbai airport handled 52.8 million ppa, while Delhi, the busiest airport in the country, handled 73.6 million ppa. “Navi Mumbai airport will start with 10-12 million ppa, with 8-9 million domestic and about 2-3 million international passengers,” said Bansal. By mid-2026, it will reach 20 million capacity. “NMIA's terminal 2 will have 30 million ppa capacity and will go live by the end of 2028,” Bansal elaborated.

When commissioned, the

much-awaited NMIA will share the burden of congested Mumbai airport, which is served by a single runway. “About 15 million passengers from the Mumbai region are travelling to nearby states or other airports,” Bansal said. “Airlines are very keen to move to Navi Mumbai to capture that additional passenger growth from Mumbai,” he said, adding that all domestic airlines are big enough, and so they won't move their entire operations to NMIA.

“But certain international airlines with only a few flights per day might decide to have all their operations either out of Mumbai or Navi Mumbai,” he added.

Bansal said, “We're very hopeful that the last-mile connectivity will continue to improve. There is a proposal for a new Metro line from Navi Mumbai to the existing Mumbai airport.”

hmmetro@hindustantimes.com

PANVEL: The first commercial flight, an Indigo Airbus 320, landed successfully at the under-construction Navi Mumbai International Airport (NMIA) on Sunday afternoon, taking it a step closer to operationalisation by mid-May. Officials from the Directorate General of Civil Aviation (DGCA) and Airports Authority of India (AAI) validated the instrument approach procedure and touchdown of the aircraft on NMIA's southern runway at 1.38pm, paving the way for an aerodrome license clearance in the coming weeks.

The flight, which took off from Mumbai airport at 12.32pm, was welcomed with traditional water salute by two crash fire tenders (CFT) amidst a picnic-like environment, with senior officials from the DGCA, AAI, Adani Airport Holdings Limited (AAHL), customs and other stakeholders and their families camping at the site.

"The landing today is important for us to get requisite permissions for operations by March. With work progressing well, we have planned a grand inauguration on April 17," said the chief executive officer of NMIA, BVJK Sharma.

The airport will be handed over to the Central Industrial Security Force (CISF) following the inauguration and it will take a month for security arrangements to be put in place. "So we are confident of starting domestic passenger and cargo operations by mid-May," said Sharma.

Operations will begin with domestic flights followed by international flights around six months later, said Vijay Singhal, vice-chairman and managing director of City and Industrial Development Corporation (CIDCO), which is developing the airport jointly with Adani Airports Holdings Limited (AAHL) under a private public partnership.

The Rs 20,000-crore airport, launched by prime minister Narendra Modi in 2018, will have two parallel runways and two full-length parallel taxiways, catering annually to 90 million passengers and 2.6 million tons of cargo when complete. The first two of five phases of construction, comprising the runway and terminal on the southern side, are nearing com-

Steady Progress

NMIA is the largest greenfield airport in the country

Phase 3-5: Under design >>> June-July 2025: Start of construction of terminal >>> March 2029: Operationalization of terminal

ARUN BANSAL, Group CEO
Adani Airport Holdings Ltd.

We are talking to all airlines, both domestic and international, to operate here because Mumbai airport has limited capacity. It is already handling 50 million passengers while there is pent up demand of 65 million passengers – the extra 15 million passengers we will cater to. A runway here can handle 48 air traffic movements per hour, so runway capacity won't be a limiting factor. Only the terminal capacity will be limited to 20 mn pax.

CAPTAIN B V J K SHARMA,
CEO NMIA

The landing today is important for us to get the requisite licence and permissions for operations from DGCA by March. With work progressing well, we have planned a grand inauguration with a large number of guests on April 17. Once that is done, the airport will be cleared and handed over to the CISF, which will have 1,840 personnel here. Formalities and security arrangements will take around a month, so we are confident of starting operations by mid-May.

VIJAY SINGHAL, CIDCO
Vice chairman and managing director

Work on the airport is proceeding on a war footing and we are confident of commercial operations starting in the first half of 2025. Domestic flights will be followed by international flights. The airport will be powered by solar energy and allow easy mobility between terminals. A 32-km metro line connected with other metro corridors has also been proposed to connect the Mumbai and Navi Mumbai airports.

pletion, said officials.

Sunday's landing was preceded by the successful landing of an Indian Air Force aircraft on the 3,700-metre runway on October 11. On December 12, the runway's PAPI (Precision Approach Path Indicator) equipment – a critical component of the aeronautical ground lighting system which assists pilots in maintaining the correct glide slope during landing – was calibrated and validated by AAI's flight inspection unit.

The landing by a commercial aircraft holds much more significance than that of the IAF

aircraft, as NMIA is a civil airport. Unlike during the IAF aircraft landing, no ministers were present during Sunday's event, reportedly because of the mourning period for former prime minister Manmohan Singh, who passed away on December 26.

"This is an important day for the airport named after our leader DB Patil as it confirms operational readiness," said Uran MLA Mahesh Baldi. Patil, a leader and activist associated with the Peasants and Workers Party, had played a key role in helping farmers in Navi Mum-

bai get a fair price when their land was acquired by CIDCO and other government entities.

"The airport will increase the state's GDP (gross domestic product) by 1% and provide ample job opportunities to people here who gave their land for the project. We have been holding meetings with the authorities towards ensuring this and are confident about it," said Baldi.

With demand for air travel rising, NMIA is expected to reduce the burden on Mumbai airport, the second busiest airport in the country.

APR 17 INAUGURATION

Navi Mumbai airport conducts 1st flight test

The upcoming Navi Mumbai International Airport is set to be functional from next year with the expected inauguration of the facility on April 17, a senior Adani Group official said on Sunday. Earlier in the day, an IndiGo A320 passenger aircraft landed successfully at 1.32pm at runway 08/26 of the under-construction airport, paving the way for the Navi Mumbai International Airport Ltd to seek an aerodrome licence from the aviation safety regulator Directorate General of Civil Aviation to start commercial flight services.

MUMBAI, DECEMBER 29

THE MUCH-AWAITED Navi Mumbai International Airport (NMIA) is set to be inaugurated on April 17, marking a significant step in addressing the air travel demand of the Mumbai Metropolitan Region (MMR). The announcement came after the airport had its first commercial aircraft landing on Sunday, with an Indigo A320 passenger aircraft that took off from the Mumbai airport landed successfully on its new 08/26 runway at 1.32 pm. "We have set the target of April

17 for the inauguration of NMIA. This comes 70 days after getting the AOP (Air Operator Permit) which we are supposed to get on February 6," Adani Airport Holdings Ltd CEO Arun Bansal told media after the successful trial landing of the first civil passenger aircraft, paving the way for securing an aerodrome licence to start commercial operations. The aircraft was welcomed with the traditional water salute by two Crash Fire Tenders (CFT) of NMIA. "This is a momentous day for Navi Mumbai International Airport. The successful completion of the validation flight is a major milestone, and we are now one step closer to

ALL ABOUT MUMBAI AIRPORT

An overview of the Mumbai airport and the need for a new airport in Navi Mumbai

■ The Chhatrapati Shivaji Maharaj International Airport (CSMIA) in Mumbai has two terminals – T1 Santacruz airport and T2 Sahar airport.

TERMINAL 1 (T1): Formerly known as 'B', renamed in January 2017 to avoid passenger confusion, features an X-shaped structure, located opposite the 5-star

Sahara Star Hotel.

■ India's second-busiest airport after Delhi in total and international passenger traffic.

■ Operated by Mumbai International Airport Limited (MIAL), a public-private partnership of Adani airport holdings limited and the Airports Authority of India (AAI).

November passenger traffic (2024)

47.7 LAKH
Number of passengers in the month (44.2 lakh in October)
Domestic: **34 lakh**
International: **13.7 lakh**

27,200

Flight movements in Nov

Domestic: 19,696 movements (includes freighters)

International: 7,504 movements (includes cargo freighters)

Busiest day: November 27 with 941 flights handled

NEED FOR AN AIRPORT AT NAVI MUMBAI
Due to space constraints and increased traffic at the Mumbai airport for further expansion, a new airport was considered at Navi Mumbai.

● New airport at Navi Mumbai

operationalising the airport, prioritising safety at every step," said Bansal. The successful landing came weeks after the Airports Authority of India (AAI) validated the Precision Approach Path Indicator (PAPI) system at NMIA. The PAPI system, important for guiding pilots during landings, was rigorously tested under day-and-night conditions to ensure operational safety.

Earlier, Navi Mumbai International Airport Private Limited was seeking a vendor to supply aviation turbine fuel (JET A-1) for testing purposes at the upcoming airport. It had issued a request for proposal to invite bids from vendors authorised by the Government of India and the Directorate General of Civil Aviation (DGCA) to distribute and sell aviation turbine fuel in the country.

The selected vendor will play a crucial role in supporting the airport's operational readiness by providing fuel for essential testing at the airport's fuel farm.

In October, an Indian Air Force (IAF) C-295 aircraft successfully landed on the south runway, demonstrating the airport's ability to handle diverse types of aircraft, testing the runway, taxiways, air traffic control systems and overall handling procedures.

The NMIA, which began construction in August 2021, is expected to be operational by early 2025. Once completed, it will become one of the largest greenfield international airports in the country, with a capacity to handle 60 million passengers and 1.5 million tonnes of cargo annually, as outlined in its Concession Agreement.

Spread across 1,160 hectares, NMIA will initially operate Terminal 1, which can handle 20 million passengers annually. Terminal 2, planned for future phases, will add capacity for another 30 million passengers per year. It will feature two parallel runways, capable of simultaneous and independent aircraft operations, and three passenger terminals, in addition to state-of-the-art infrastructure.

Phase 2 of NMIA is set to begin in July next year, with designs already underway. This phase will further expand the airport's infrastructure and operational capacity, reinforcing its role as a key aviation hub.

Speaking about the second terminal, Bansal said, "The design works for the second terminal has already started and the construction is slated to begin by June or July next year."

A separate cargo terminal is also part of the project, designed to handle up to 2.6 million tonnes of cargo annually.

"By 2029, NMIA is expected to accommodate 50 million passengers annually with both terminals operational," added Bansal. The infrastructure includes two parallel runways, full-length taxiways, and parking facilities for 350 aircraft.

Developed at a cost of Rs 18,000 crore, NMIA is a public-private partnership between Adani Airports Holdings Limited and CIDCO. The airport is named after Dinkar Bala Pant, a late activist and former MP who played a pivotal role in advocating for the rights of local communities during land acquisition protests in the 1970s and 1980s.

Speaking during the landing event, Vijay Singhal, managing director of CIDCO, said, "This milestone highlights the airport's capability to facilitate safe operations and represents a significant leap toward its operationalisation."

After its April inauguration, NMIA will begin domestic operations by the end of May 2025. International operations are slated to commence by the end of July, following regulatory approvals, including licensing from the Directorate General of Civil Aviation (DGCA). The airport's readiness includes securing verification and DGCA certifications, essential for ensuring safety and operational compliance.

The airport's development aligns with broader goals to enhance connectivity and alleviate congestion at Mumbai's Chhatrapati Shivaji Maharaj International Airport, which handled 52.8 million passengers in this fiscal starting from April.

Residents of Navi Mumbai and neighbouring regions have long awaited the airport's operationalisation. NMIA is expected to boost the local economy, generate employment, and strengthen global connectivity. "NMIA is not just an airport; it is an economic enabler for the region. It will significantly enhance connectivity and create numerous opportunities for growth," added Singhal.

The new airport will function alongside CSMIA as part of an urban-dual airport system. "The airport is a testament of regional development and modern infrastructure. We are ensuring that it is well connected and there is absolute ease for the passengers by every means," Singhal added.

MPOST BUREAU

MUMBAI: The Navi Mumbai International Airport is expected to become operational early in the next fiscal year, with its inauguration slated for April 17, a senior official from the Adani Group announced on Sunday.

Earlier that day, an IndiGo A320 aircraft successfully landed on runway 26/08 of the under-construction air-

port, marking a significant milestone toward obtaining an aerodrome licence for commercial operations.

Continued on P4

Mumbai

"Our ambition is to do the commercial inauguration of the airport by April 17," Adani Airport Holdings Ltd CEO Arun Bansal told media after the successful trial landing of the first civil passenger aircraft. Bansal said that the domestic operations will start from the second half of May as after the inaugural flight some procedures will have to be followed which will take about four weeks time.

And by the end of July, he said, "we expect to start international operations."

Navi Mumbai International Airport (NMAI) took a further step toward becoming operational with its first commercial flight validation test, with the successful touchdown at 1.32 pm at runway 26/08, it said. The aircraft was welcomed with the traditional water salute by two Crash Fire

Tenders (CFT) of NMIA.

"This is a momentous day for Navi Mumbai International Airport. The successful completion of the validation flight is a major milestone, and we are now one step closer to operationalising the airport, prioritising safety at every step," said Bansal.

The touchdown of a commercial aircraft validates and establishes the synchronised functioning of Instrument Approach Procedures at NMIA.

The exercise includes technical assessment, landing and take-off manoeuvres, paving the way for the DGCA to validate the data collected from the flight and for NMIA to receive the aerodrome license, which is essential to operate the airport.

Post the successful landing, NMIA's established flight procedures will be published in the Electronic Aeronautical Information Publication (eAIP) for international promulgation.

Prior to the landing of the validation flight, NMIA successfully conducted the flight calibration of the Instrument Landing System (ILS) and Precision Approach Path Indicator (PAPI), subsequently drafting instrument approach procedures to prepare itself for the arrival of the validation flight.

Navi Mumbai International Airport successfully conducts first flight validation test

NAVI MUMBAI, DECEMBER 29

Ahead of its commercial launch in early 2025, the Navi Mumbai International Airport (NMIA), on Sunday, carried out its first commercial flight validation test as an A320 aircraft from Indigo Airlines successfully touched down on the runway.

The flying test on the runway 08/26 was supervised by senior officials from the Directorate General of Civil Aviation (DGCA), Airports Authority of India (AAI), Customs, Immigration, Central Industrial Security Force (CISF), City and Industrial Development Corporation of Maharashtra Limited (CIDCO), India Meteorological Department (IMD), Bureau of Civil Aviation Security (BCAS), as well as Adani Airport Holdings Limited (AAHL) and other key stakeholders.

"This is a momentous day for Navi Mumbai International Airport. The successful completion of the validation flight is a major milestone, and we are now one step

closer to operationalising the airport, prioritising safety at every step. We are grateful to the DGCA and all the agencies involved in making the validation flight trial successful. NMIA will not only offer world-class aviation facilities, it will also enable the overall development of the region," said Arun Bansal, Chief Executive Officer, Adani Airport Holdings Limited.

The touchdown of a commercial aircraft validates and establishes the synchronised functioning of Instrument Approach Procedures at NMIA. The exercise includes technical assessment, landing and take-off manoeuvres, paving the way for the DGCA to validate the data collected from the flight and for NMIA to receive the aerodrome li-

cense, which is essential to operate the airport. Post the successful landing, NMIA's established flight procedures will be published in the Electronic Aeronautical Information Publication (eAIP) for international promulgation, reads the release issued by the Navi Mumbai International Airport Private Limited (NMIAL) which is a special purpose vehicle established for the development, construction, operation, and maintenance of the green-field international airport project at Navi Mumbai.

NMIAL is part of Adani Airports Holdings Limited and is owned by Mumbai International Airport Limited (MIAL) (74 per cent shareholding) and CIDCO (26 per cent shareholding). **IANs**

Passengers to board flights at Navi Mumbai International Airport from May 2025: Officials

After the successful trial of the first commercial flight at Navi Mumbai International Airport (NMIA), airport officials called it a historic moment and said commercial operations will begin at the airport in May 2025.

Speaking to IANS, Adani Airport Holding CEO, Arun Bansal said that landing a commercial flight at Navi Mumbai International Airport is historic.

"Now we have moved one step further towards starting the airport. We will inaugurate the first terminal of the airport around April 17, 2025, and commercial operations will start on it in May. The capacity of the first terminal

will be around 2 crore passengers per year." He further said that India's aviation market will grow 5X from here. Now, it is necessary to have such greenfield airports in the country. This will create thousands of job opportunities.

According to Bansal, after the completion of all phases, NMIA's capacity will be 9 crore passengers per year.

Along with this, the capacity to handle 30 lakh tonnes of cargo per year is also being developed

in the airport. Out of this, 8 lakh tonnes of capacity will be started in the first phase.

CIDCO, MD, Vijay Singhal said that the NMIA is well-connected. It is connected to South Mumbai via Atal Setu. Apart from this, it is also connected to other Metro lines, due to which the entire Mumbai Metropolitan Region (MMR) will get access to the airport.

He further said that the construction of this airport will support the development of this area and a large number of jobs will be created in many sectors.

Navi Mumbai Airport, CEO, BVJK Sharma said that this is a milestone.

"When we started the work,

there were many villagers and a large mountain. To build this airport, first, the land was prepared and then the terminal was built."

This airport will be inaugurated on April 17.

All major airlines will start their air services here. **IANS**

Mumbai

NMIA AIRPORT | First commercial flight validation test a smashing success All set for take-off in May 2025

Bhalchandra Chorghade and Raina Assanar

NAVI MUMBAI

Navi Mumbai International Airport (NMIA) will be inaugurated on April 17, 2025, and the facility will start operations from the second week of May. Arun Bansal, Group CEO of Adani Airports Holding Ltd (AAHL), said on Sunday.

Bansal was speaking to journalists at the first landing at the airport by a commercial aircraft.

The IndiGo A320 aircraft, which landed at the airport at 1.38pm, had taken off from Mumbai, making it possibly the shortest flight ever from the city airport. It was welcomed with the traditional water salute by two crash fire tenders.

"We are keen to welcome passengers right after the inauguration. The application for the aerodrome permit will be submitted on February 6, and we expect to receive it within 70 days," Bansal said.

Highlighting the strategic importance NMIA in addressing the burgeoning demand for air travel in the region, Bansal said, "We are in discussions with all major airlines, both domestic and international, to ensure comprehensive connectivity for our passengers."

The airport's state-of-the-art amenities will be highly attractive to airlines and passengers alike, Bansal said. "We have incorporated modern facilities to enhance the passenger experience and meet their diverse requirements. Capacity will not be a problem for us," he said.

During the initial phase, the airport will be able to handle eight to nine million passengers, Bansal said.

However, he noted that the

current terminal at NMIA is designed to handle up to 20 million passengers annually. To accommodate growth, construction of a second ter-

minial is slated to commence in March 2028. "By the end of July, we aim to start international operations. Last-minute connectivity arrangements are still under discussion, but we are confident of resolving these soon," he said.

Uran MLA Mahesh Baldi, vice chairman and managing director of CIDCO, Vijay Singhal, CEO of Navi Mumbai International Airport Ltd (NMIAL), Captain BVJK Sharma; and other dignitaries were also present on the occasion.

Terminal work is over

April 17, 2025
First of four terminals to be inaugurated

Shortest flight from Mumbai?

Even as first commercial landing took place at Navi Mumbai International Airport (NMIA) on Sunday, aviation expert Vipul Saxena said this was the shortest aerial distance covered by a passenger aircraft from the Chhatrapati Shivaji Maharaj International Airport (CSMIA). Until now, the shortest distance covered from CSMIA was to Pune. However, sources from NMIAL said the flight was not very short as it was in the air for a long time before finally landing. All the calibration and testing happened before it hit the ground, they said.

Singhal said metro connectivity between CSMIA and NMIA has also been planned to make it easier for Mumbai residents to reach the airport (the distance between the two is around 35 kilometres).

He said 70% of terminal work is over and the first of four terminals will be inaugurated on April 17, 2025."

NAVI MUMBAI GETS WINGS

Ajay Awtaney
NAVI MUMBAI

The touchdown of the first commercial flight at the Navi Mumbai International Airport (NMIA) on Sunday marks a pivotal moment for the Mumbai Metropolitan Region (MMR). This achievement, following a successful validation flight, represents a key milestone toward the airport's full-scale operation, slated for inauguration on April 17, 2025.

Developed at a cost of Rs 18,000 crore, the new airport is set to significantly alleviate congestion at the already overcrowded Chhatrapati Shivaji Maharaj International Airport (CSMIA), which has been operating at full capacity, handling 52.8 million passengers this fiscal year alone.

NMIA is poised to play a

critical role in boosting regional connectivity and economic growth, easing the pressure on the city's sole international gateway while strengthening Mumbai's position as a global hub.

Vijay Singhal, Managing Director of CIDCO, emphasized the importance of this milestone, stating, "The successful landing of a commercial flight today not only underscores the readiness of NMIA's infrastructure but also marks a major step toward operationalization. This airport is not just a transportation hub; it's a key enabler for the region's growth."

As a public-private partnership between Adani Airports Holdings Limited and CIDCO, NMIA promises to be a catalyst for the local economy.

▶ Contd on | nation

Navi Mumbai...

The airport is expected to create thousands of jobs and stimulate substantial growth in surrounding areas like Panvel and Kharghar, driving real estate development and infrastructure projects.

The first commercial flight, an IndiGo A320, showcased the airport's preparedness for operations. The successful flight test has brought the airport one step closer to securing its aerodrome permit, expected by February 6, 2025. Domestic operations are anticipated to commence in May 2025.

The first phase of NMIA's Terminal 1, capable of handling 20 million passengers annually, is nearing completion. Expansion will continue with Terminal 2, slated for construction from July 2025, which will add capacity for an additional 30 million passengers. By 2029, the airport is expected to accommodate 50 million passengers annually, with the full network of four terminals ultimately

handling up to 90 million passengers per year.

This new airport is a crucial addition to the Mumbai Metropolitan Region, where passenger traffic currently stands at 65 million. The addition of NMIA will allow the region to meet rising demand, offering a seamless travel experience for passengers who might otherwise need to travel to other airports.

Beyond passenger services, NMIA will boast two parallel runways, parking for 350 aircraft, and a cargo terminal capable of handling 2.6 million tonnes of goods annually. The airport's catchment area spans Navi Mumbai, Raigad, and Pune, with plans to connect the two major airports in the region via road, rail, and metro systems, ensuring a seamless travel experience for passengers.

As the countdown to its full operational launch begins, NMIA is set to reshape the future of air travel and economic development in the MMR, ushering in a new era of connectivity for the region.

‘Navi Mumbai airport
operations to begin in May’

TGG NETWORK

NAVI MUMBAI

Arun Bansal, CEO of Adani Airports Holdings Ltd, on Sunday, said they are fairly confident of inaugurating the Navi Mumbai airport sometime in April next year, and commercial flights in the second half of May 2025.

The Navi Mumbai airport took a monumental step toward becoming operational with its first commercial flight validation test on Sunday, in the presence of regulators from the domestic aviation sector. The runway 08/26 at the under-construction Navi Mumbai International Airport came alive as an A320 aircraft from Indigo Airlines successfully touched down, marking a historic milestone in the international airport's journey toward becoming fully operational. Navi Mumbai International Airport Private Limited said in a statement Sunday.

The Airbus C295 successfully lands during the runway test of Navi Mumbai Airport, in Mumbai on Oct 11, 2024. ANI

The aircraft was welcomed with the traditional water salute by fire tenders.

The first commercial flight validation test exercise includes technical assessment, and landing and take-off manoeuvres, paving the way for the DGCA to validate the data collected from the flight and for the airport to receive the aerodrome license, which is essential to operate the airport.

Post the successful landing, the airport's established flight procedures will be published in the Electronic Aeronautical

Information Publication (eAIP) for international promulgation.

Prior to the landing of the validation flight, NMIA successfully conducted the flight calibration of the Instrument Landing System (ILS) and Precision Approach Path Indicator (PAPI), subsequently drafting instrument approach procedures to prepare itself for the arrival of the validation flight. The greenfield Navi Mumbai airport will have two parallel runways, enabling two aircraft to land and take off simultaneously.

Historic first landing at Navi Mumbai airport

IndiGo Airbus A320 touches down on RW26, marking a key milestone ahead of the airport's opening in 2025

PRASUN CHOUDHARI

prasun.choudhari@mid-day.com

THE Navi Mumbai International Airport (NMIA) witnessed its most anticipated first commercial landing on the southern runway (RW26) with an IndiGo airline Airbus A320 aircraft on Sunday. "We conducted the commercial landing to ensure that we are ready to land and take off aircraft from the runway and make the airport operational by the stipulated date of completion," said Airport Authority of India (AAI) officials.

The official also disclosed, "The test was conducted by us (AAI) in coordination with Air Traffic Controllers (ATC), NMIA, CIDCO."

The IndiGo A320 departed from Mumbai Airport at 12.23 pm and landed NMIA around 2.00 pm. On board were DGCA officials and the IndiGo crew. The pilots performed at least

The Airbus A320 aircraft at Navi Mumbai International Airport. PIC/NIMESH DAVE

three go-arounds (landing abort procedures) before successfully landing the aircraft on the runway.

The aircraft received a traditional water salute from two Crash Fire Tenders (CFT). Senior representatives from DGCA, AAI, Customs, Immigration, Central Industrial Security Force (CISF), CIDCO, IMD, Bureau of Civil Aviation Security (BCAS), and Adani Airport Holdings Ltd (AAHL) were present among the many gathered to witness this milestone. A bystander said, "This

'We conducted the commercial landing to ensure that we are ready to land and take off aircraft from the runway and make the airport operational by the stipulated date of completion' The AAI officials

is a historic occasion. We are lucky enough to witness this landing. We hope that the airport becomes operational soon so that the people residing here do not have to travel all the way to Mumbai to catch a flight."

Another AAI official told mid-day, "Once the commercial operations start here (NMIA), the air traffic congestion at Mumbai airport will be relieved. This is a big relief for Mumbai airport and even for the airlines, as the reduction in air traffic congestion will also mean improved on-time performance, which will benefit the passengers."

This development came a fortnight after AAI had successfully conducted Precision Approach Path Indicator (PAPI) validation at the airport. On December 12, AAI conducted PAPI system validation, which is crucial for guiding pilots

during landing. The system was validated by AAI's Flight Inspection Unit (FIU).

"This system uses a series of lights perpendicular to the runway, emitting red and white signals to help pilots maintain the correct glide path, which is essential to bring the aircraft to the runway threshold for landing. The validation process is essential for pilot safety and involves trials and analysis under both day and night conditions," said sources from AAI FIU.

Previously, on October 11, an Indian Air Force (IAF) C295 aircraft successfully conducted the first test landing at NMIA. This was followed by a fly-past of the IAF Sukhoi SU30, which included a two-round left-hand circuit pattern sortie (two rounds in an anticlockwise direction over the airport), after which the Sukhoi SU30 returned to Pune Air Force Base.

set to take flight by 2025

Inauguration slated for April, with operations starting by May; 20-30 air traffic movements per hour expected in phase one

PRASUN CHOUDHARI
prasun.choudhari@mid-day.com

NAVI Mumbai International Airport is expected to be inaugurated on April 17, 2025, and become operational by the second half of May 2025. After the first phase of its opening, it is expected to handle approximately 20 to 30 air traffic movements per hour and cater to 20 million (200 lakh) passengers per year. Arun Bansal, CEO of Adani Airport Holdings Ltd (AAHL), specifically spoke to the print media and said, "To-day (Sunday, December 29), we witnessed the landing of the first commercial aircraft, which is an integral part of the process to make the airport operational. We will now need to procure an aerodrome license from the DGCA. We are expecting to inaugurate the airport on April 17, 2025. After the inauguration, a 4-week time frame is required for the security sweep of the airport and to procure other documentation before it becomes operational."

He added, "Domestic operations will begin in the second half of May 2025. We are in talks with both domestic and international airlines. Chhatrapati Shivaji Maharaj International Airport in Mumbai is facing some issues due to the single runway situation. The current

'Radar systems, like the ground radar and some other radars, still need to be installed at the airport. There are a few more technical instruments that also need to be installed'

Sources, AAI

Mumbai airport handles around 50 million passengers every year. Airlines are very eager to move some of their operations to Navi Mumbai airport to capture the additional passenger growth that Mumbai airport is seeing."

"This is a new airport, and it will have all the modern amenities, such as biometrics, terminal connectivity, and other state-of-the-art features. A single runway can handle almost 50 air traffic movements (ATMs) per hour, which is also the case at Mumbai airport. Extrapolating from this data, the terminal capacity will be a key factor in determining the number of ATMs per day. At Mumbai, the single runway is a constraint, whereas here, the capacity of the terminal will be a constraint until the next phase of the airport becomes operational. We are expecting an average of 20 to 30 ATMs per hour once phase one is operational," Bansal disclosed.

Meanwhile, sources from the Airport Authority of India (AAI) told **mid-day**, "Radar systems, like the ground radar and some other radars, still need to be installed at the airport. There are a few more technical instruments that also need to be installed. The work on the terminal building is in full swing and will be completed according to the timeline. However, these instruments require proper calibration, which takes time. The airport can still become operational before these systems are installed by using the Mumbai (VABB) radar in the initial stages until all the technical systems are installed and properly calibrated."

Flight tests at Navi Mumbai Airport

MUMBAI: The upcoming Navi Mumbai International Airport is set to be functional from early next fiscal year with the expected inauguration of the facility on April 17, a senior Adani Group official said on Sunday.

Earlier in the day, an IndiGo A320 passenger aircraft landed successfully at runway 26/08 of the under-construction Navi Mumbai International Airport, paving the way for securing an aerodrome licence to start commercial operations.

“Our ambition is to do the commercial inauguration of the airport by April 17,” Adani Airport Holdings Ltd CEO Arun Bansal told media after the successful trial landing of the first civil passenger aircraft.

Bansal said that the domestic operations will start from the second half of May. ^{PTI}

नवी मुंबई हवाई अड्डे ने वाणिज्यिक उड़ान परीक्षण किया, अगले वित्त वर्ष में होगा चालू

सवेरा न्यूज/एजेंसी (मुंबई): नवी मुंबई अंतर्राष्ट्रीय एयरपोर्ट का संचालन अगले वित्त वर्ष से शुरू होने वाला है और 17 अप्रैल को इसका उद्घाटन होने की उम्मीद है। अदाणी समूह के एक वरिष्ठ अधिकारी ने रविवार को यह जानकारी दी। इससे पहले दिन में इंडिगो ए320 यात्री विमान को निर्माणाधीन नवी मुंबई अंतर्राष्ट्रीय एयरपोर्ट के रनवे पर सफलतापूर्वक उतरा गया। इससे हवाई अड्डे के वाणिज्यिक परिचालन शुरू करने के लिए एयरोड्रम लाइसेंस हासिल करने का रास्ता साफ हो गया। अदाणी एयरपोर्ट होल्डिंग्स लिमिटेड के सीईओ अरुण बंसल ने पहले नागरिक यात्री विमान के सफल परीक्षण के बाद मीडिया से कहा, 'हमारी महत्वाकांक्षा 17 अप्रैल तक हवाई अड्डे का वाणिज्यिक उद्घाटन करने की है।' बंसल ने कहा कि घरेलू परिचालन मई के दूसरे पखवाड़े से शुरू होगा, क्योंकि उद्घाटन उड़ान के बाद कुछ प्रक्रियाओं का पालन करना होगा, जिसमें लगभग चार सप्ताह का समय लगेगा। उन्होंने कहा कि जुलाई के अंत तक, 'हमें अंतर्राष्ट्रीय परिचालन शुरू करने की उम्मीद है।' एक बयान के मुताबिक नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे (एनएमएआई) ने अपने पहले वाणिज्यिक उड़ान सत्यापन परीक्षण के साथ परिचालन की दिशा में एक और कदम बढ़ाया है। रविवार को दोपहर डेढ़ बजे रनवे 26/08 पर सफल लैंडिंग हुई।

ਨਵੀ ਮੁੰਬਈ ਹਵਾਈ ਅੱਡੇ 'ਤੇ ਪਹਿਲੀ ਕਮਰਸ਼ੀਅਲ ਫਲਾਈਟ ਨੂੰ ਸਫਲਤਾਪੂਰਵਕ ਉਤਾਰਿਆ

ਮੁੰਬਈ, 29 ਦਸੰਬਰ (ਭਾਸ਼ਾ)-ਨਵੀ ਮੁੰਬਈ ਅੰਤਰਰਾਸ਼ਟਰੀ ਹਵਾਈ ਅੱਡੇ ਦਾ ਸੰਚਾਲਨ ਅਗਲੇ ਵਿੱਤੀ ਸਾਲ ਤੋਂ ਸ਼ੁਰੂ ਹੋਣ ਵਾਲਾ ਹੈ ਅਤੇ 17 ਅਪ੍ਰੈਲ ਨੂੰ ਇਸ ਦਾ ਉਦਘਾਟਨ ਹੋਣ ਦੀ ਉਮੀਦ ਹੈ।

ਅਡਾਣੀ ਸਮੂਹ ਦੇ ਇਕ ਉੱਚ ਅਧਿਕਾਰੀ ਨੇ ਐਤਵਾਰ ਨੂੰ ਇਹ ਜਾਣਕਾਰੀ ਦਿੱਤੀ। ਇਸ ਤੋਂ ਪਹਿਲਾਂ ਦਿਨ ਵੇਲੇ ਇੰਡੀਗੋ ਦੇ ਏ-320 ਯਾਤਰੀ ਜਹਾਜ਼ ਨੂੰ ਨਿਰਮਾਣ ਅਧੀਨ ਇਸ ਹਵਾਈ ਅੱਡੇ ਦੇ ਰਨਵੇਅ 'ਤੇ ਸਫਲਤਾਪੂਰਵਕ ਉਤਾਰਿਆ ਗਿਆ।

ਐਤਵਾਰ ਨੂੰ ਦੁਪਹਿਰ ਡੇਢ ਵਜੇ ਰਨਵੇਅ 26/08 'ਤੇ ਇਹ ਸਫਲ ਲੈਂਡਿੰਗ ਹੋਈ। ਇਸ ਨਾਲ ਹਵਾਈ ਅੱਡੇ ਦੇ ਕਮਰਸ਼ੀਅਲ ਸੰਚਾਲਨ ਸ਼ੁਰੂ ਕਰਨ ਲਈ ਏਅਰੋਡਰਮ ਲਾਇਸੈਂਸ ਹਾਸਲ ਕਰਨ ਦਾ ਰਾਹ ਪੱਧਰਾ ਹੋ ਗਿਆ।

ਅਡਾਣੀ ਏਅਰਪੋਰਟ ਹੋਲਡਿੰਗਸ ਲਿਮਟਿਡ ਦੇ ਸੀ. ਈ. ਓ. ਅਰੁਣ ਬਾਂਸਲ ਨੇ ਪਹਿਲੇ ਨਾਗਰਿਕ

ਯਾਤਰੀ ਜਹਾਜ਼ ਦੇ ਸਫਲ ਪ੍ਰੀਖਣ ਤੋਂ ਬਾਅਦ ਮੀਡੀਆ ਨੂੰ ਕਿਹਾ ਸਾਡੀ ਇੱਛਾ 17 ਅਪ੍ਰੈਲ ਤੱਕ ਹਵਾਈ ਅੱਡੇ ਦਾ ਕਮਰਸ਼ੀਅਲ ਉਦਘਾਟਨ ਕਰਨ ਦਾ ਹੈ। ਬਾਂਸਲ ਨੇ ਕਿਹਾ ਕਿ ਘਰੇਲੂ ਸੰਚਾਲਨ ਮਈ

ਦੇ ਦੂਜੇ ਪੰਦਰਵਾਜ਼ੇ ਤੋਂ ਸ਼ੁਰੂ ਹੋਵੇਗਾ, ਕਿਉਂਕਿ ਉਦਘਾਟਨ ਉਡਾਣ ਤੋਂ ਬਾਅਦ ਕੁਝ ਪ੍ਰਕਿਰਿਆਵਾਂ ਦੀ ਪਾਲਣਾ ਕਰਨਾ ਹੋਵੇਗਾ, ਜਿਸ 'ਚ ਲੱਗਭਗ 4 ਹਫ਼ਤੇ ਦਾ ਸਮਾਂ ਲੱਗੇਗਾ। ਉਨ੍ਹਾਂ ਕਿਹਾ ਕਿ ਜੁਲਾਈ ਦੇ ਅੰਤ ਤੱਕ ਸਾਨੂੰ ਕੌਮਾਂਤਰੀ ਸੰਚਾਲਨ ਸ਼ੁਰੂ ਕਰਨ ਦੀ ਉਮੀਦ ਹੈ।

नवी मुंबई इंटरनेशनल एयरपोर्ट पर पहला फ्लाइट वैलिडेशन टेस्ट सफल

नई मुंबई, (पंजाब केसरी): अगले वर्ष 2025 की शुरुआत में कमर्शियल लॉन्च से पहले नवी मुंबई इंटरनेशनल एयरपोर्ट ने रविवार को पहला कमर्शियल फ्लाइट वैलिडेशन टेस्ट पूरा किया। इसके लिए इंडिगो

एयरलाइन का ए320 विमान सफलतापूर्वक रनवे पर उतरा। रनवे 08/26 पर हुए इस उड़ान परीक्षण की निगरानी नागरिक उड्डयन महानिदेशालय (डीजीसीए), भारतीय विमानपत्तन प्राधिकरण (एएआई), सीमा शुल्क, इमिग्रेशन, केंद्रीय औद्योगिक सुरक्षा बल

(सीआईएसएफ), महाराष्ट्र नगर एवं औद्योगिक विकास निगम लिमिटेड (सिडको), भारत मौसम विज्ञान विभाग (आईएमडी), नागरिक उड्डयन सुरक्षा ब्यूरो (बीसीएस) के साथ-साथ अडानी एयरपोर्ट होल्डिंग्स लिमिटेड (एएचएल) और अन्य प्रमुख

हितधारकों के वरिष्ठ अधिकारियों द्वारा की गई थी। अडानी एयरपोर्ट होल्डिंग्स लिमिटेड के मुख्य कार्यकारी अधिकारी (सीईओ), अरुण बंसल ने कहा, यह नवी मुंबई इंटरनेशनल एयरपोर्ट के लिए एक महत्वपूर्ण दिन है।

वैलिडेशन उड़ान का सफल समापन एक बड़ी उपलब्धि है और अब हम एयरपोर्ट को चालू करने के एक कदम और करीब हैं। हम हर कदम पर सुरक्षा को प्राथमिकता दे रहे हैं। वैलिडेशन फ्लाइट ट्रायल को सफल बनाने के लिए हम डीजीसीए और सभी एजेंसियों के आभारी हैं।

नवी मुंबई एयरपोर्ट पर पहली कमर्शियल टेस्ट फ्लाइट

उद्घाटन 17
अप्रैल को

मुंबई | निर्माणाधीन नवी मुंबई इंटरनेशनल एयरपोर्ट पर रविवार को पहली कमर्शियल फ्लाइट की टेस्टिंग सफल रही। इंडिगो की फ्लाइट रनवे पर उतरी, तो यात्रियों ने फोटो खिंचवाए। सीईओ बीवी जेके शर्मा ने कहा कि वाटर सैल्यूट से फ्लाइट का स्वागत किया गया।

- एयरपोर्ट का उद्घाटन अगले साल 17 अप्रैल को होगा। इसके बाद टर्मिनल जनता के लिए खोलने में एक माह लगेगा। कमर्शियल फ्लाइट मई 2025 में शुरू हो सकती है।
- फ्लाइट टेस्ट के दौरान डीजीसीए, एयरपोर्ट्स अथॉरिटी, कस्टम, इमिग्रेशन, मौसम विभाग, एविएशन सिक्युरिटी ब्यूरो और अदाणी एयरपोर्ट होल्डिंग्स के अफसर मौजूद रहे।

नवी मुंबई हवाई अड्डे के सत्यापन के लिए पहला यात्री विमान उतरा

नवी मुंबई, 29 दिसम्बर (एजेंसियां)। अडानी समूह द्वारा विकसित किया जा रहे नवी मुंबई अंतरराष्ट्रीय हवाई अड्डे के परिचालन की तैयारी के सत्यापन के लिए रविवार को पहली वाणिज्यिक उड़ान का सफलतापूर्वक परिचालन आयोजित किया। समूह का कहना है कि यह हवाई अड्डा अंतरराष्ट्रीय मानकों के अनुसार परिचालन के लिए तैयार है। उसे अब विनियामक से लाइसेंस की प्रतीक्षा है। नव विकसित हवाई अड्डे पर उड़ानों के आवागमन में सहायक प्रणालियों और सुविधाओं के सत्यापन पहले ही किया जा चुके थे।

वाणिज्यिक उड़ान की सत्यापन प्रक्रिया में आज इंडिगो एयरलाइंस का एक ए 320 विमान इस हवाई अड्डे की उड़ान पट्टी 08/ 26 पर उतारा गया। हवाई अड्डे का विकास और परिचालन करने के लिए गठित कंपनी नवी मुंबई इंटरनेशनल एयरपोर्ट (एन एम आई ए) की ओर से जारी एक विज्ञप्ति के अनुसार विमान के हवाई पट्टी की ओर आने और हवाई पट्टी

■ हवाई अड्डा अंतरराष्ट्रीय मानकों के अनुसार परिचालन के लिए तैयार

पर उतरने की प्रक्रिया और प्रणालियों के सत्यापन के साथ इसे हवाई अड्डा विनियामक डीजीसीए (नागर विमानन महानिदेशालय) से परिचालन का लाइसेंस मिलने का रास्ता साफ हो गया है। विज्ञप्ति के अनुसार हवाई अड्डे पर पहले वाणिज्य विमान की सत्यापन उड़ान को देखने के लिए वहां डीजीसीए और उन एजेंसियों के अधिकारी भी उपस्थित थे। इंडिगो के विमान के हवाई पट्टी पर उतरने पर दोनों ओर से दो दमकल मशीनों द्वारा पानी की फुहार से परंपरागत तरीके से स्वागत किया गया।

नवी मुंबई विमानतळावर पहिल्या व्यावसायिक विमानाचे यशस्वी लँडिंग

१७ एप्रिल २०२५ मध्ये पहिले प्रवासी आणि कार्गो विमान होणार सुरू

◆ नवी मुंबई (प्रतिनिधी):

नवी मुंबई आंतरराष्ट्रीय विमानतळावर रविवारी पहिली व्यावसायिक उड्डाण प्रमाणीकरण चाचणी रविवारी दुपारी यशस्वीरीत्या पार पडली. इंडिगो एअरलाइन्सचे ए ३२० विमान धावपट्टीवर

उतरले. यामुळे आता विमानतळ पूर्णपणे कार्यान्वित होण्याच्या प्रवासातील एक महत्वाचा टप्पा गाठला आहे. पुढील वर्षात नवी मुंबईकरांना हक्काचं विमानतळ मिळणार आहे. नव्या वर्षात १७ एप्रिल २०२५ मध्ये पहिले प्रवासी आणि कार्गो विमान सुरू होणार असल्याची माहिती सूत्रांकडून देण्यात आली. विमान धावपट्टीवर आल्यानंतर दोन क्रेश फायर

टेंडर्स (सीएफटी)द्वारे पारंपारिक वॉटर सॅल्यूटने स्वागत केले. नागरी विमान वाहतूक महासंचालनालय, भारतीय विमानतळ प्राधिकरण आणि इतर प्रमुख एजन्सींसह भारताच्या विमान वाहतूक क्षेत्रातील वरिष्ठ अधिकाऱ्यांची यावेळी प्रमुख

उपस्थिती होती. मिळालेल्या माहितीनुसार, नवी मुंबई आंतरराष्ट्रीय विमानतळाचे काम ३१ मार्च २०२५ पर्यंत पूर्ण होईल. नंतर हे विमानतळ कार्यान्वित होणार आहे. या विमानातून एका वर्षाला ९ कोटींहून अधिक प्रवासी प्रवास करतील अशी माहिती असून, विमानतळाच्या टर्मिनल इमारतीचे काम अंतिम टप्प्यात आहे.

नवी मुंबई विमानतळ उद्घाणासाठी सज्ज, १७ एप्रिलला उद्घाटन

नवी मुंबई : मुंबईतील छत्रपती शिवाजी महाराज आंतरराष्ट्रीय विमानतळावरील ताण कमी करण्यासाठी आणि नवी मुंबईच्या विकासाच्या दृष्टीने महत्वाचे असलेले नवी मुंबई विमानतळ आता लोकांना सेवा देण्यासाठी सज्ज झाले आहे. नवी मुंबई आंतरराष्ट्रीय विमानतळाचे (एनएमआयए) उद्घाटन १७ एप्रिल २०२५ रोजी केले जाणार असून ते २०२५ पासून उद्घाणांना सुरुवात होणार आहे. अदानी एअरपोर्ट होल्डिंग लिमिटेडचे समूह मुख्य कार्यकारी अधिकारी अरुण वन्सल यांनी

रविवारी याबाबतची माहिती दिली. रविवारी नवी मुंबई विमानतळावर पहिले व्यावसायिक विमान यशस्वीपणे उतरवण्यात आले. मुंबई विमानतळावरून सुटलेले इंडिगो एअरलाईन्सचे 'ए३२०' विमान रविवारी दुपारी १.४० वाजता नवी मुंबई विमानतळावर लँड झाले. त्यामुळे आता नवी मुंबई विमानतळावरून लवकरच सेवा सुरू करण्यासाठी गेल्या काही महिन्यांपासून वेगाने काम सुरू आहे. नवी मुंबई विमानतळावरून व्यावसायिक सेवांना मे महिन्याच्या दुसऱ्या आठवड्यापासून सुरुवात

होणार आहे, तर या विमानतळाचे उद्घाटन १७ एप्रिलला करण्याचा विचार आहे. "उद्घाटन झाल्यानंतर आम्ही प्रवाशांच्या सेवेसाठी सज्ज असू. एरोट्रोमच्या परवानगीसाठी आम्ही ६ फेब्रुवारी रोजी अर्ज करणार आहोत. ७० दिवसांच्या आत आमाला ही परवानगी मिळू शकते," असे वन्सल यांनी सांगितले. "देशांतर्गत आणि आंतरराष्ट्रीय उड्डाणे घेणाऱ्या महत्वाच्या एअरलाईन्सशी आम्ही चर्चा करत असून प्रवाशांना उत्तमोत्तम सुविधा देण्याचे आमचे ध्येय आहे. अतिरिक्त प्रवाशांचा भार

पेलण्यासाठी नवी मुंबई आंतरराष्ट्रीय विमानतळ सर्व सुविधांनी युक्त आहे. त्यामुळे मुंबईच्या छत्रपती शिवाजी महाराज आंतरराष्ट्रीय विमानतळावरील ताण कमी होईल," असेही वन्सल यांनी सांगितले. नवीन विमानतळावर आधुनिक सोयीसुविधा उपलब्ध करण्यात आल्या असून प्रवाशांसाठी हे विमानतळ आकर्षणाचे केंद्रबिंदू ठरणार आहे. "प्रवाशांचा आनंद द्विगुणित करण्यासाठी आम्ही उच्च दर्जाच्या सुविधा उभारल्या आहोत. त्यामुळे उद्घाण घेण्यासाठी प्रवाशांची तोंबा गदीं" **संमिश्र पानावर**

मे २०२५ पासून
उद्घाणांना सुरुवात

नवी मुंबई विमानतळाविषयी

- दरवर्षी २० दशलक्ष प्रवाशांना हाताळण्याची क्षमता
- मार्च २००८ मध्ये विमानतळाच्या उभारणीस प्रारंभ
- जुलै २०२५ पासून आंतरराष्ट्रीय उद्घाणांना सुरुवात
- शेवटच्या क्षणी उद्घाणे घेण्यासाठी चर्चा सुरू
- दरवर्षी २.५ दशलक्ष टन कामी वाहतूक होणार
- मुंबई महानगर प्रदेशातील दुसरे आंतरराष्ट्रीय विमानतळ

नवी मुंबई विमानतळ उड्डाणासाठी सज्ज, १७ एप्रिलला उद्घाटन

ते पुणे इतक्या छोट्या अंतराचा प्रवास करण्यात आला होता.

उसळली तरी आम्हाला कोणतीच अडचण येणार नाही," असेही त्यांनी सांगितले.

रविवारी नवी मुंबई विमानतळाच्या उत्तर प्रवेशद्वाराजवळ व्यावसायिक विमान उतरवण्यात आले, त्यावेळी उरणचे आमदार महेश बालदी, सिडकोचे उपाध्यक्ष आणि व्यवस्थापकीय संचालक विजय सिंघल, नवी मुंबई आंतरराष्ट्रीय एअरपोर्ट लिमिटेडचे मुख्य कार्यकारी अधिकारी कॅप्टन बीबीजेके शर्मा तसेच अन्य मान्यवर उपस्थित होते. यावेळी सिंघल म्हणाले की, "मुंबई आणि नवी मुंबई विमानतळामधील अंतर हे फक्त ३५ किलोमीटरचे असल्यामुळे मुंबईच्या रहिवाशांनाही नवी मुंबई विमानतळावरून प्रवास करण्यासाठी आम्ही सोयीसुविधा उभारत आहोत.

नवी मुंबई विमानतळावर ११ ऑक्टोबर २०२४ रोजी भारतीय वायु दलाचे सी-२९५ या विमानाची यशस्वी चाचणी घेण्यात आली होती. वायुदलाच्या अनुभवी चालकांनी ही मोहीम यशस्वीपणे राबवली होती. आता रविवारी मुंबई ते नवी मुंबई या मोजक्या अंतराचे यशस्वी लँडिंग या विमानतळावर करण्यात आले. यापूर्वी नवी मुंबई

रनवे पर उतरा सफलता पूर्वक विमान

17 अप्रैल से उड़ान
भरेंगे विमान
अदाणी समूह कर रहा है
तेजी से निर्माण

परीक्षण के बाद अधिकारियों ने कहा, तय समय पर शुरू होगा एयरपोर्ट

■ नवी मुंबई, (का.प्र) नवी मुंबई में बन रहे इंटरनेशनल हवाई अड्डे पर रविवार एक बड़े कार्गो विमान को सफलतापूर्वक उतारा गया. इस बहुप्रतीक्षित आधुनिक एयरपोर्ट को अप्रैल 2025 में कार्गो विमान के लिए खोलने की तैयारी की जा रही है. इसके लिए रविवार को इंडिगो का एक A320 विमान इंटरनेशनल एयरपोर्ट पर सफलता पूर्वक उतारा गया. इस विमान को सफलतापूर्वक उतरने के परीक्षण के बाद अधिकारियों का कहना है कि यह

विमानतल अपने निर्धारित समय पर शुरू कर दिया जाएगा. इस हवाई अड्डे पर पहला यात्री और मालवाहक विमान 17 अप्रैल 2025 में लॉन्च किया जाएगा. इस बात की जानकारी नवी मुंबई एयरपोर्ट के सीईओ ने दी है. सीईओ ने बताया कि पहली व्यावसायिक उड़ान आज नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे पर उतारी गयी है. पता हो कि इंडिगो एयरलाइंस की एक वाणिज्यिक उड़ान रविवार दोपहर नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे के रनवे पर सफलता पूर्वक उतारी गयी. जानकारी के

अनुसार नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डे के रनवे, सिग्नल सिस्टम जैसे सभी महत्वपूर्ण काम लगभग पूरे हो चुके हैं और हवाई अड्डे के टर्मिनल भवन का काम अंतिम चरण में है. गौरतलब है कि एक माह पहले सेना के विमान का सफल लैंडिंग परीक्षण किया गया था. इसलिए कमर्शियल विमान की लैंडिंग सीधे कराई गई है. विमान की लैंडिंग के समय सिडको और नवी मुंबई इंटरनेशनल एयरपोर्ट लिमिटेड कंपनी के अधिकारी मौजूद थे.

पहला कार्गो और यात्री विमान भरेगा उड़ान

नवी मुंबई इंटरनेशनल एयरपोर्ट के सीईओ बी.वी. जेके शर्मा के मुताबिक, पहली यात्री और कार्गो उड़ान 17 अप्रैल, 2025 को शुरू होगी. इसके लिए युद्ध स्तर पर काम चल रहा है. साथ ही मार्च तक सभी परमिट मिल जायेंगे. उन्होंने यह भी बताया है कि अगर 17 अप्रैल को घरेलू उड़ान सेवा का उद्घाटन किया

जाएगा तो जून में अंतर्राष्ट्रीय उड़ान सेवा का उद्घाटन किया जाएगा. इस हवाई अड्डे के परिचालन के बाद मुंबई के छत्रपति शिवाजी महाराज अंतर्राष्ट्रीय हवाई अड्डे पर भार कम हो जाएगा. अदाणी समूह की कंपनी अदानी एयरपोर्ट सिडको के सहयोग से इस एयरपोर्ट का निर्माण तेजी से कर रही है.

मुंबई के हवाई अड्डे का बोझ कम करने का प्रयास

3.7 किमी रनवे वाला रनवे 350 विमानों, 76 निजी जेटों की मेजबानी करेगा. परीक्षण उड़ानें 31 दिसंबर, 2024 के लिए निर्धारित हैं और नियमित संचालन अप्रैल 2025 में शुरू होगा. मुंबई के मौजूदा हवाई अड्डे पर यातायात के बोझ

को कम करने के लिए नवी मुंबई के हवाई अड्डे को डिजाइन किया गया है. यह हवाई अड्डा अत्याधुनिक सुविधा के साथ साथ हवाई यात्रा में क्रांति लाने और स्थानीय अर्थव्यवस्था को बढ़ावा देने वाला साबित होगा.

नवी मुंबई के रनवे की विशेषताएं

- 3.7 किलोमीटर का रनवे परिचालन के लिए तैयार है, जल्द ही दूसरा रनवे बनाने की योजना है.
- यात्री क्षमता: एक बार पूरी तरह से चालू होने पर, हवाई अड्डे से सालाना 90 मिलियन यात्रियों का आवागमन होगा.
- कार्गो हब: इसमें देश की सबसे बड़ी कार्गो प्रणाली होगी, जिससे अंतर्राष्ट्रीय व्यापार बढ़ेगा और स्थानीय व्यवसायों को लाभ होगा.

350
विमान
और
76
जेट
विमान
खड़े
करने की
क्षमता

1160 वर्ग किलोमीटर में बनाया जा रहा है हवाई अड्डा

यह हवाई अड्डा नवी मुंबई में पनवेल के पास बनाया गया है. जो मुंबई से 40 किमी दूर है. हवाई अड्डा 1,160 हेक्टेयर क्षेत्र में बनाया गया है. नवी मुंबई एयरपोर्ट दुनिया के प्रमुख शहरों से जुड़ेगा. साथ ही नवी मुंबई एयरपोर्ट को मेट्रो, लोकल, बस और निजी वाहनों से जोड़ा जाएगा. साथ ही मुंबई से नवी मुंबई एयरपोर्ट तक वॉटर टैक्सी चलाने पर भी विचार किया जा रहा है.

हवाई अड्डा निर्बाध कनेक्टिविटी देगा

- भूमिगत मेट्रो ■ एक्सप्रेसवे
- अटल सेतु ब्रिज
- बुलेट ट्रेन सेवाएं तथा इस तरह के कई परिवहन विकल्प हवाई अड्डे तक पहुंचने के लिए सरल मार्ग बनाएंगे और यात्रियों के लिए यात्रा के समय को कम करेंगे.
- स्थानीय व्यवसायों को अंतर्राष्ट्रीय बाजारों से जोड़कर बढ़ावा देना.
- क्षेत्र में रोजगार के महत्वपूर्ण अवसर उपलब्ध होंगे.
- क्षेत्र के बुनियादी ढांचे और अर्थव्यवस्था को बढ़ाने वाले शॉपिंग मॉल और पांच सितारा होटल जैसी परियोजनाएं यहां आएंगी.
- अपने अत्याधुनिक डिजाइन और विश्व स्तरीय सुविधाओं के साथ, नवी मुंबई अंतर्राष्ट्रीय हवाई अड्डा क्षेत्र में हवाई यात्रा और आर्थिक विकास का एक प्रमुख केंद्र बनने की ओर अग्रसर है.

नवी मुम्बई एयरपोर्ट पर पहली कमर्शियल फ्लाइट को सफलतापूर्वक उतारा

मुम्बई, 29 दिसम्बर (एजेंसी): नवी मुम्बई अंतरराष्ट्रीय एयरपोर्ट का संचालन अगले वित्त वर्ष से शुरू होने वाला है और 17 अप्रैल को इसका उद्घाटन होने की उम्मीद है। अडानी समूह के एक वरिष्ठ अधिकारी ने रविवार को यह जानकारी दी।

इससे पहले दिन में इंडिगो ए320 यात्री विमान को निर्माणाधीन नवी मुम्बई अंतरराष्ट्रीय एयरपोर्ट के रनवे पर सफलतापूर्वक उतरा गया। इससे हवाई अड्डे के वाणिज्यिक परिचालन शुरू करने के लिए एयरोड्रम लाइसेंस हासिल करने का रास्ता साफ हो गया। अडानी एयरपोर्ट होल्डिंग्स

नवी मुम्बई : अंतरराष्ट्रीय हवाई अड्डे पर रविवार को उतरा इंडिगो का विमान। नवी मुम्बई में पहली बार वाणिज्यिक विमान उतारा गया।

लिमिटेड के सी.ई.ओ. अरुण बंसल ने पहले नागरिक यात्री विमान के सफल परीक्षण के बाद मीडिया से

कहा हमारी महत्वाकांक्षा 17 अप्रैल तक हवाई अड्डे का वाणिज्यिक उद्घाटन करने की है।" बंसल ने

कहा कि घरेलू परिचालन मई के दूसरे पखवाड़े से शुरू होगा, क्योंकि उद्घाटन उड़ान के बाद कुछ प्रक्रियाओं का पालन करना होगा, जिसमें लगभग 4 सप्ताह का समय लगेगा।

उन्होंने कहा कि जुलाई के अंत तक हमें अंतरराष्ट्रीय परिचालन शुरू करने की उम्मीद है। एक बयान के मुताबिक नवी मुम्बई अंतरराष्ट्रीय हवाई अड्डे (एनएमएआई) ने अपने पहले वाणिज्यिक उड़ान सत्यापन परीक्षण के साथ परिचालन की दिशा में एक और कदम बढ़ाया है। रविवार को दोपहर डेढ़ बजे रनवे 26/08 पर सफल लैंडिंग हुई।
