68% of sustainability executives see noticeable AI skills gaps according to a report by Deloitte. It's clear that the sustainability workforce needs up skilling. I see evidence of this every day while talking to clients and hearing their frustrations. The data agrees. But why is there such a skills gap? AI isn't super new anymore – developers have been working on language and image processing models since the '80s. The fact is AI is advancing so rapidly that our sustainability workforce just can't keep up. According to Reuters "barely a day goe... [See post](#)

Ótima análise sobre a Reforma Tributária e seus desdobramentos o texto levanta pontos cruciais que merecem nossa atenção.A simplificação tributária é um passo importante mas a alíquota de 278% é preocupante. Segundo dados da OECD - OCDE isso colocaria o Brasil entre os 5 países com maior carga tributária sobre consumo. Para empresários e executivos isso significa um desafio adicional na gestão de custos e competitividade.Um aspecto não abordado é o impacto na terceirização. Com a unificação de impostos as empresas podem reavaliar suas estratégias... [See post](#)

Indian Jewelry Market Set to Triple by FY35 Projected to Reach \$245 BnThe Indian jewelry market valued at \$80-85 billion in FY24 is poised for remarkable growth with projections estimating a value of \$225-245 billion by FY35. Rising disposable incomes rapid urbanization and a shift in consumer preferences toward branded and sustainable products fuel this growth. Despite challenges such as supply chain disruptions and fluctuating gold prices the sector's cultural significance and expanding luxury segment driven by India's growing high-net-worth ...
