Dharavi redevelopment project

Grounds, parks and open spaces for all

FPJ News Service

MUMBAI

One of the major drawbacks for children growing up in Dharavi has been the lack of proper playgrounds. Dusty, makeshift open spaces have long doubled as playing turfs for gully cricket, football and other games. While these humble grounds have nurtured the dreams of many, things are about to change, thanks to India's most ambitious redevelopment project.

According to sources familiar with the planning of the Dharavi Redevelopment Project (DRP), an intercon-

nected network of green and public spaces – from large parks to smaller community playgrounds – is being proposed across the Dharavi Notified Area (DNA).

"The objective is to ensure every resident has access to vibrant, walkable open areas, and that children are closer to safe, well-maintained playgrounds – something Dharavi has lacked for generations," the source said.

Playgrounds, parks and open areas are expected to be strategically and conveniently located, offering spaces where people of all ages can engage in outdoor activities.

"Dharavi's current social infrastructure is inadequate and doesn't meet the basic needs of its residents. The overall infrastructure needs a major upgrade, and the redevelopment is designed to make the new Dharavi a future-ready neighbourhood – a modern city within a city," the source added.

As per the 2007-08 Mashal survey, there are 26 schools in Dharavi, including those in ground-floor structures. "Students are often cramped into small classrooms with very little room to move, and most schools lack proper playgrounds. The educa-

tional and recreational infrastructure needs a complete overhaul," the source noted.

The new plan includes not just upgraded educational facilities, but also the relocation of existing BMC schools within the DNA. "Planning is on for composite schools – from playgroup to Class 10 – and each school will have its own dedicated playground to promote sports and physical education," the source said. "In addition, two to four private schools of international standard are also being considered, which will be accessible to Dharavikars as well."

The exact number of schools will, however, depend on the final population residing within the DNA. "Since ineligible Dharavikars will be relocated to modern townships outside the area, the school count will be adjusted accordingly," the source added.

More open and green spaces will not only improve the quality of life but also strengthen the area's ecological resilience. A green neighbourhood with multiple playgrounds should create a vibrant, healthy and dynamic environment for all residents.

नव्या धारावीत होणार उद्यानांचे जाळे

◆ मुंबई (प्रतिनिधी) :

नव्या धारावीत म्हणजे धारावी अपिस्तुत शेतकरी मोठ्या उद्यानांचेसमूह छोट्या खेळाच्या मैदानांपर्यंत परस्पर जोडलेले सार्वजनिक हरित जाळे उभारण्याचे निवेदन आहे. नगरिकरंज मोकळ्या जागेत वावरत रावे आणि मुलांसाठी खेळाच्या मैदानांवर सुलभ खेळाचा पावे, हे या धारावी पुनर्विकास प्रकल्पाचे उद्दिष्ट आहे. धारावीत एकूण २६ शाळा आहेत, यात अनेक शाळा बेटात म्हणजे सहान यवत भरताने. बहुतेक शाळांमध्ये स्वतंत्र खेळाचे मैदानही नाही. त्यामुळे नवीन खेळनेत फक्त सैरलिक व क्रोडा सुविधांतील सुधारणाच नव्हे, तर पालिकेच्या शाळा पुनर्वसन करण्याचे निवेदन आहे.

वासडी पलेकुपसमूह १० वीपर्यंतच्या शाळांसाठी नियोजन सुरू आहे. यामध्ये प्रत्येक शाळेला स्वतंत्र खेळाचे मैदान असेल. त्यात अंतरराष्ट्रीय दर्जाचा टेनिस चार खासगी शाळा उभारण्याची विचार आहे. जे धारावीकर पात्र नाहीत, त्यांना होरकरण्या चोहेर नव्या वासाहतीमध्ये हलवले जाणार आहे. त्यानंतर लोकसंख्येच्या आधारावर शाळांची संख्या ठरवली जाणार आहे. खेळाची मैदाने, उद्याने आणि मोकळ्या जागा अशा ठिकाणी नियोजनबद्धरीत्या विकसित केले जातील. जेणेकरून सर्व वयोगटातील नागरिकांना त्यांचा लाभ घेता यावा. धारावीतील सध्याची सहायिक पायाभूत सुविधा अपुरी आणि विकृत आहे. ही संपूर्ण व्यवस्था मजबूत उभारण्याची गरज आहे.

the article outlines plans for a new green network in dharavi, mumbai, including parks and playgrounds aimed at improving safety for children and enhancing educational and sports facilities. it mentions the re-establishment of municipal schools, the addition of private international schools, and the relocation of residents to improve social infrastructure.

धारावीच्या पुनर्विकासात नवीन उद्याने, खेळाचे मैदान

■ धारावी : धारावी पुनर्विकास प्रकल्पात पायाभूत सुविधा पुरवतानाच, नियोजनात विस्तीर्ण मोकळ्या जागा ठेवण्यावर भर देण्यात आला आहे. पुनर्वसन व नूतनीकरण झालेल्या इमारतींच्या परिसरात हिरव्यागार जागा, उद्याने आणि लहान मुलांसाठी खेळाचे मैदान ठेवण्यासाठी मास्टरप्लॅनमध्ये नियोजन करण्यात आले आहे.

‘महाराष्ट्र नेचर पार्क’पासून प्रेरणा घेत मास्टर प्लॅनमध्ये धारावीत ‘हरित संकल्पना’ राबवण्यात येणार आहे. मिठी नदीजवळ विस्तीर्ण मध्यवर्ती उद्यान, पुनरुज्जीवित जलकेंद्र यांचा यामध्ये समावेश असेल. येथील जलस्रोतांचे सध्या स्वरूप पूर्णपणे बदलून, त्याला निसर्गरम्य करण्यासाठी प्रयत्न केले जातील. मनोरंजनाच्या अनुषंगाने त्यात बदल केले जातील. त्यासह नवीन आराखडा तयार करून, नजीकच्या परिसराला जोडून

लहान उद्याने, मैदानांचे जाळे तयार केले जाईल.

डीआरपी मास्टर प्लॅनमध्ये समावेशक नियोजन, पर्यावरणस्नेही दृष्टिकोन राबवण्यात येणार आहे. केंद्र सरकारच्या मार्गदर्शक तत्वांनुसार आणि मुंबई महापालिकेच्या धोरणांनुसार, पायाभूत सुविधांसाठी विशेष नियोजन मानकांची अंमलबजावणी केली जात आहे. त्यानुसार, मोकळ्या जागांप्रमाणेच रहिवाशांसाठी सांडपाणी निचऱ्याची सुयोग्य व्यवस्था, नियमित पाणीपुरवठा, अग्निसुरक्षा यंत्रणा, सार्वजनिक सुविधा उपलब्ध होतील. पुनर्वसन केलेल्या इमारतींमधील रहिवाशांना दर्जेदार जीवनमान, स्वच्छता, सार्वजनिक सुरक्षितता पुरवण्यासाठी नियोजन करण्यात आले आहे.

the article discusses india's position as the largest market for electric three-wheelers, citing a report by the international energy agency (iea). it highlights the growth in sales and policy support under the pm e-drive scheme.
