MDPH to launch cow dung-based Gauved portfolio of products

Subramani Ra Mancombu
Chennai

Mysore Deep Perfumery House (MDPH), which is among the top three incense sticks manufacturers in the country, will launch its Gauved portfolio of products that have cow dung as raw material, starting with *sambrani* (benzoin) this week.

"We will launch the *Gauved sambrani* cups this week, and by next month we will launch *Gauved agarbatti*, *dhoop* (incense in cups) and *dhoop* cones," said Anshul Agrawal, Director of MDPH, which markets under the brand names Zed Black, Manthan, Coach and Orva.

Gauved will be another of MDPH's brands. The company makes a powder from cow dung after drying it, before including it in its products.

"It (cow dung) is understood to have good air purification properties and is a natural product compared to other products," Agarwal told *businessline* in an online interaction.

RECENT LAUNCHES

MDPH has recently launched handwash, dish-wash and shining powder. It is coming up with eau de toilette (EDT) perfume, and it will likely be launched next month under its La Riva brand, he said.

Last week, the company launched Zed Black 3-in-1 *agarbattis*, a premium product. The package has inscriptions that say the incense sticks are specially made for Tamil Nadu.

The company has recently launched 8-inch bamboo-less incense sticks in the market, after having introduced six-inch bamboo-less incense sticks earlier, by upgrading its technology. Us-

ally, a bamboo stick holds the incense together.

The bamboo-less incense sticks come with a special stand, and they can be lit anywhere. "The product has been well received. Ultimately, it is for the people to decide on what they want," he said.

BUSINESS DIVISIONS

MDPH has divided its busi-

ness into four divisions, and the *agarbatti* and *dhoop* and hygiene divisions are performing well in the domestic market.

The other two are candy and food production.

"We are seeing high growth in *dhoop* and bamboo-less incense sticks. In exports, there has been tremendous growth this year. The US and Mexico are our top markets, of around 40-plus where we ship our consignments to," said Agarwal.

The hygiene division is also doing well with its camphor being accepted well in the market.

He said the *pooja* (worship) portfolio under "Samarpan" series with *pooja* oil and camphor has grown over 50 per cent.

MDPH's new factory in Kshipra, launched post-Covid, in Madhya Pradesh, has been expanded to 3.5 lakh sq ft from 2 lakh sq ft, with 1,700 being employed.

"We have converted the plant into a solar facility, and it is being run by solar power," Agarwal said.

EXPANSION PLANS

The company, which has cricketer MS Dhoni and Hindi actor Hrithik Roshan for Zed Black as its ambassadors for the past eight and four years, respectively, has Doraemon as its brand ambassador for its confectionery brand DinDin.

The company, which sources its bamboo from the North-East, has smelled success with the launch of Blunt Black air freshener abroad. "It is doing extremely well in the US, where we witnessed 158 per cent growth in line with our overall export market growth," he said.

Agarwal said the company was opening more depots with Goa and Lucknow likely to join the list soon. It has been listed on Swiggy and Big Basket.
