UTTANA PADASANA VARIATION HANDS ON FLOOR (RAISED LEGS POSE VARIATION HANDS ON FLOOR)

VARIATION HANDS ON FLOOR)

This is also called Raised Legs Pose Variation Hands On Floor which provides an intense stretch to the legs. This is practised when the back is supported supine and it engages the core muscles of the body. This is more beneficial for women as it strengthens their reproductive organs to fight symptoms related to menstruation. It also helps boost energy in the body and hence can be included in flow yoga sequences.

STEPS

- First, you can start the pose in Savasana (Corpse Pose).
- After that, exhale and lift both the legs off the floor, engaging the core muscles while tightening the abdominal area, bringing the legs to 45 degrees.
- While lifting the legs and maintaining your balance, use the support of your hands placed on the floor close to your body.
- Now, exhale, bring your legs together, and keep them in position using the abdominal muscle strength.
- You can hold it here for eight breaths or more if possible.
- While holding the pose, focus on the lower back and the abdomen because of the pressure. Try to hold the stretch at the thighs and the pelvic area.
- A proper breathing will help to maintain the pose while not finding it strenuous.
- Ensure that breathing should be slow and steady.
- Inhale and release the legs and bring them down.
- Relax and repeat this for one to two rounds, with each round holding the pose longer.
- It helps encourage the reproductive organs to practise this asana.
- Ensure the legs get enough support to keep them raised.
- Helps to support the spine and the upper body.
- Helps people who are suffering from issues related to the spine and lower back.
- Intense leg stretch pose in supine engages the core muscles and the entire lower body (legs and feet).
- Compressing the abdomen while practising helps to burn the excess fat at the belly, buttocks, thighs, side back, and hips.
- Toning flexible muscles helps in challenging poses like Chakrasana (Wheel Pose) and many others.
- This pose stimulates the internal organs like the stomach, spleen, kidney, and liver.
- The release provides a stretch to the same muscles that are compressed while practising.
- People having issues related to the reproductive organs can be encouraged to practise this.

BENEFITS

- It strengthens the quadriceps, gluteus maximus, core muscles, pelvic floor, psoas, and hips.
- Stronger muscles help support the organs and the spine.
- Builds a stronger back ensuring ease with pain and stiffness.
- This is a good pose for toning the entire body.
- Stimulates core and abdominal area, internal organs like the stomach, spleen, kidney, and liver.
- A good pose to improve digestion and the control of blood sugar.

LIMITATIONS

- People with injuries in the hamstrings, quadriceps, calves, gluteus maximus, adductors (inner thighs), or core muscles, recovering from surgeries to any part of the body, back part discomfort, and women during pregnancy, should avoid this practice.
- Those with issues related to the heart, blood pressure, severe migraine, hernia, or anything else that may cause acute discomfort, avoid exercising this asana.

How India's healthcare sector is accelerating towards Viksit Bharat 2047

P N ARORA

As India embarks on its journey toward becoming a \$35 trillion economy by 2047, the healthcare sector emerges as a critical pillar in this transformation.

As India aims to achieve its ambitious goal of becoming a \$35 trillion economy by 2047, the healthcare sector stands as the cornerstone of this transformation. With aspirations to increase the average life expectancy from 71 to over 85, India's vision of Viksit Bharat aligns closely with the sentiment of "Swasth Bharat, Viksit Bharat, and Niramaya Bharat." It considers a robust healthcare system not just as a necessity but as the foundation for a healthier, more productive nation.

A Visionary Healthcare System

As part of its vision, the government strives to establish a healthcare system capable of addressing the diverse needs of a population exceeding 1.4 billion.

Not only are efforts underway to improve physician and hospital bed ratios, expand access to affordable healthcare, and ensure universal health insurance coverage but the inclusion of senior citizens over 70 years through the Ayushman Bharat Vay Vandana Card highlights the commitment to an inclusive healthcare approach. India's

Viksit Bharat 2047 journey builds upon substantial achievements in the healthcare sector. Since independence, the nation has witnessed notable reductions in neonatal, infant, under-five, and maternal mortality rates, reflecting improved healthcare outcomes.

Flagship initiatives such as Ayushman Bharat Health and Wellness Centres, the establishment of new AIIMS, and a growing network of medical colleges have bolstered healthcare delivery. Moreover, digital advancements through initiatives like CoWIN, the Ayushman Bharat Digital Mission, and e-Sanjeevani have revolutionized healthcare accessibility, particularly in rural areas.

Role of the Pharmaceutical Sector

India's pharmaceutical leadership has further solidified the country's position as a global healthcare contributor. As a leading producer of vaccines and generic medicines, the nation plays a pivotal role in ensuring global healthcare equity. Coupled with its steadily increasing medical tourism industry, India continues to attract patients worldwide, offering advanced care at affordable costs.

The private sector continues to play a crucial role in complementing public healthcare efforts. Innovation, R&D, and cost-effective healthcare models spearheaded by private players have extended quality healthcare to remote and underserved regions. Technological advancements, from AI and robotics to telemedicine and wearables, are shaping the future of healthcare delivery, making it more accessible.

Roadmap of Viksit Bharat 2047: Looking ahead, the roadmap to Viksit Bharat 2047 includes priorities such as workforce development through the expansion of medical and nursing colleges, further integration of cutting-edge technologies, and an

emphasis on preventive care, mental health, and holistic wellness. The transition from mass-produced to biotech-based personalized medicine, supported by advancements in CRISPR and nano-technology, is set to redefine pharmaceutical practices.

India's healthcare system is also poised to transform its business models, shifting from predominantly out-of-pocket expenses to public and insurance-funded frameworks. This evolution will not only strengthen the healthcare sector but also ensure equity and affordability for all. As India strives toward its 2047 goals, public-private partnerships and an unwavering commitment to equitable healthcare are vital. India's healthcare providers remain dedicated to contributing to this transformative journey. By fostering innovation, enhancing accessibility, and ensuring quality care for all, the sector aims to play an integral role in building a healthier, stronger, and more prosperous India.

Auto ride, Ayurveda: Hungarian PM's Kerala visit sparks buzz

ARJUN RAGHUNATH
THIRUVANANTHAPURAM, DHNS

Hungarian Prime Minister Viktor Orbán's "strictly private" visit to Kerala is drawing a lot of attention, with pictures of his autorickshaw ride at Fort Kochi going viral on social media.

Orbán has been vacationing in Kerala with his wife and two daughters since last week.

The visit comes in the wake of ongoing reports of US sanctions on a Hungarian minister and Poland's decision not to invite Hungary to the launch of the European Union presidency.

Orbán's visit also triggered rumours about his health and that he has come here for treatment, as he is being accompanied by a Keralite running an Ayurveda centre in Hungary.

Orbán dismissed the rumours. "I'm healthy as a rock," he was quoted as saying by Hungarian daily *Blikk*.

There were also reports that his wife is undergoing Ayurveda therapy at a luxury resort in Alappuzha.

Orbán said that he was visiting

Hungarian PM Viktor Orbán with autorickshaw drivers in Kochi. FACEBOOK

Kochi because Vasco da Gama, his favourite explorer, died in Kochi.

When asked if he would recommend India to others for recreation, he told *Blikk*, "India is not known for

being a tourist paradise. If you want luxury, go to an Austrian ski resort or the Bahamas. If you are interested in culture, come to India!"

Thekkady Wildlife Sanctuary and Munnar in Idukki are reportedly part of his itinerary.

He is scheduled to leave Kerala by January 16.

Even though government officials said the Hungarian PM's visit is strictly private and no official discussions are involved, it wouldn't be surprising if the Kerala tourism industry tries to make use of Orbán's visit for its promotion.

आयुष्मान कार्ड पर चिकित्सा न मिलने की शिकायतें

आम जनता के लिए यह एक सुसंवाद था कि वरिष्ठजनों के लिए एक सम्पूर्ण सुरक्षा की दिलासा थी, जब पिछले वर्ष यह घोषणा की गई कि 70 वर्ष से ऊपर के सभी वरिष्ठजनों को 5 लाख रुपये तक का इलाज मुफ्त कर दिया जाएगा। चुनावों के करीब चुनावी एजेंडे जारी होते हैं। दिल्ली में चुनाव 5 फरवरी को होने जा रहे हैं। प्रतियोगी दलों ने फ्री इलाज की सीमा बढ़ानी शुरू कर दी है। कांग्रेस के एजेंडे में फ्री इलाज की सुविधा 5 लाख से बढ़ाकर 25 लाख कर दी गई है। उपचार की मुफ्त सुविधा के लिए कैंप लगाए जा रहे हैं जहां आम जनता और वरिष्ठजनों को आयुष्मान कार्ड बांटे जा रहे हैं।

वरिष्ठों के संतोष का अंत नहीं क्योंकि निजी अस्पतालों में इलाज करवाना इतना महंगा हो गया है कि अपनी जेब से इलाज करवा पाना संभव नहीं रहा। 2024-25 के बजट में यह घोषणा हुई थी और प्रधानमंत्री ने पिछले वर्ष धनतेरस के दिन इस योजना का शुभारम्भ किया था। लोगों के पास आयुष्मान कार्ड आ गए लेकिन इन कार्डों पर वास्तविक रूप से इलाज नहीं हो पा रहा। पंजाब को ही ले लें, वरिष्ठों के आयुष्मान कार्ड्स की बात छोड़िए, पिछले दिनों पंजाब के निजी अस्पतालों ने यह घोषणा कर दी थी कि हम आयुष्मान कार्ड स्वीकार करके इलाज नहीं कर पाएंगे क्योंकि सरकार की ओर से इस मुफ्त उपचार के बदले जो भुगतान करना है, वह नहीं हो पा रहा।

करोड़ों रुपये के बकाए इकट्ठे हो गए हैं। राज्य सरकारों ने भुगतान की इस लेटलतपी का जिम्मा केन्द्र पर लगाया और केन्द्र ने राज्य सरकारों पर। पंजाब सरकार ने यह कहा कि हम जल्द से जल्द सब बकाए देने का प्रयास कर रहे हैं ताकि आयुष्मान योजना या मुफ्त उपचार योजना सुचारू रूप से चल सके। लेकिन यहां भी अभी वरिष्ठ लोगों के आयुष्मान कार्ड स्वीकार नहीं किए जा रहे क्योंकि निजी क्षेत्र या अर्द्धसरकारी क्षेत्र के अस्पतालों का यह कहना है कि हमें अभी तक आदेश सा सर्कुलर ही नहीं मिले हैं कि वरिष्ठ रोगियों का इलाज मुफ्त कर दिया जाए और उनका भुगतान सरकार दे दे।

निश्चय ही इस कमी की ओर समय की सरकारों को ध्यान देना होगा। अगर वरिष्ठजनों को मुफ्त उपचार देना है और एक-दूसरे से बढ़कर देना है तो पहले वे सर्कुलर तो जारी हो जाने चाहिए जिनके अधीन वरिष्ठजनों को निजी क्षेत्र में या सरकारी क्षेत्र में मुफ्त इलाज मिल जाएगा। केवल आयुष्मान कार्ड जारी हो जाने से उपचार और सेहत समस्याओं का समाधान नहीं हो जाता।

सीएम से मिले डॉक्टर, आयुष्मान के ₹200 करोड़ मंजूर

चंडीगढ़ | आईएमए से जुड़े डॉक्टरों ने सीएम नाथब सिंह सैनी से भेंट की। जिसके बाद उनके आयुष्मान के बकाया 200 करोड़ रुपए की मंजूरी मिल गई है। आईएमए के अनुसार सरकार पर उनका 400 करोड़ रुपए बकाया है। विस चुनाव के बाद पैसा नहीं दिया गया। सरकार द्वारा 360

करोड़ बाकी बताए गए। आईएमए हरियाणा के पूर्व अध्यक्ष डॉ. अजय महाजन ने कहा कि बाकी कई मुद्दे थे। जिनके लिए सीएम के मुख्य प्रधान सचिव आरके खुल्लर की अध्यक्षता में कमेटी का गठन हुआ है। जिसमें भाजपा महामंत्री डॉ. अर्चना गुप्ता व आईएमए के 5-6 प्रतिनिधि होंगे।

आयुष्मान योजना के 400 करोड़ बकाया, सीएम से मुलाकात के बाद 200 करोड़ जारी करने के आदेश आयुष्मान से जुड़ी अन्य समस्याओं को दूर करने के लिए कमेटी गठित

अमर उजाला ब्यूरो

चंडीगढ़। आयुष्मान-चिरायु योजना के तहत गरीबों का मुफ्त इलाज करने वाले निजी अस्पतालों का करीब 400 करोड़ रुपये राज्य सरकार पर बकाया है। पिछले चार महीने से राज्य सरकार की ओर से यह राशि निजी अस्पतालों को नहीं दी गई है। इससे निजी अस्पतालों के सामने संकट खड़ा हो गया है। काफी कोशिश के बाद आईएमए के डॉक्टरों ने सीएम नायब सिंह सैनी से मुलाकात की और बकाया राशि समेत कई मुद्दे उनके सामने रखे।

सीएम ने मौके पर ही 200 करोड़ रुपये रिलीज करने के जारी कर दिए हैं। वहीं, बाकी मुद्दों के लिए सीएम ने कमेटी गठित कर दी है। कमेटी में आईएमए के सदस्य, भाजपा की महामंत्री अर्चना गुप्ता व सीएम के मुख्य प्रधान सचिव राजेश खुल्लर को शामिल किया गया है। आईएमए के पूर्व प्रधान डॉ. अजय महाजन ने

1200 से ज्यादा निजी और सरकारी अस्पतालों को पैनल में रखा

बताया, पिछले चार महीने से राज्य सरकार की ओर से आयुष्मान व चिरायु योजना की राशि निजी अस्पतालों को जारी नहीं की गई है। इससे निजी अस्पतालों को इलाज में दिक्कत आने लगी है।

निजी अस्पतालों को करीब 400 करोड़ रुपये बकाया है। हालांकि सरकार 360 करोड़ रुपये का दावा कर रही है। यह पहली बार नहीं है, जब सरकार की ओर से आयुष्मान की राशि जारी करने में देरी की गई है। पिछले साल भी राशि रुकी रही और

यह भी समस्याएं बताईं

वहीं, आईएमए के डॉक्टरों का कहना है कि कई बार देखा गया है कि मरीज पहले इलाज करवा देता है और बाद में कहता है कि उसके पास आयुष्मान का कार्ड है। इससे काफी परेशानी आती है और कई बार अराजकता की भी स्थिति बनती है।

■ वहीं, बिना ठोस कारण के मरीजों के इलाज के बिलों में कटौती कर दी जाती है। बिल बलीयर होने में काफी समय लगता है। योजना में हरियाणा के 1200 से ज्यादा अस्पतालों को पैनल में रखा है। इसमें 700 से ज्यादा सरकारी और 500 निजी अस्पताल हैं। इनमें मरीजों का पांच लाख तक मुफ्त इलाज किया जाता है। निजी अस्पताल मरीज के बिलों को सरकार के पास भेजते हैं और सरकार भुगतान करती है।

राशि जारी करवाने के लिए आईएमए को दो बार इलाज बंद कर आंदोलन करना पड़ा और उसके बाद सरकार ने राशि की गई।
