India Partners WHO to Set Global Norms For Traditional Drugs

New Delhi: In a landmark development poised to transform the global standing of traditional medicine systems, an agreement has been signed between the Ministry of Ayush and the World Health Organization (WHO).

The agreement inked on Saturday marks the beginning of work on a dedicated Traditional Medicine module under the International Classification of Health Interventions (ICHI), the Ayush Ministry said in a statement. Highlighting the signifi-

cance of this achievement during the 122nd episode of Mann Ki Baat on Sunday, PM Narendra Modi said, "Friends, something has happened in the field of Ayurveda... Just yesterday, i.e. on 24th May, an MoU was signed in the presence of WHO Director General and my friend Tulsi Bhai." "Along with this agreement, work has started on a dedicated traditional medicine module under the International Classification of Health Interventions. This initiative will help in making Ayush reach maximum number of people across the world in a scientific manner," he added. The ICHI, complementing the WHO's International Classification of Diseases (ICD-11), documents what treatments and health interventions are administered. —PTI

India, WHO to mainstream Ayush globally, boosting traditional medicines

PIONEER NEWS SERVICE ■ New Delhi

In a landmark development poised to transform the global standing of traditional medicine systems, an agreement has been signed between the Ministry of Ayush and the World Health Organisation (WHO). The agreement inked on Saturday marks the beginning of work on a dedicated Traditional Medicine module under the International Classification of Health Interventions (ICHI), the Ayush Ministry said in a statement.

Highlighting the significance of this achievement during the 122nd episode of Mann Ki Baat on Sunday, Prime Minister Narendra Modi said, "Friends, something has happened in the field of Ayurveda. Just yesterday, that is on May 24, an MoU was signed in the presence of WHO Director General and my friend Tulsi Bhai."

"Along with this agreement, work has started on a dedicated traditional medicine

module under the International Classification of Health Interventions (ICHI). This initiative will help in making Ayush reach maximum number of people across the world in a scientific manner," he added. The ICHI, complementing the WHO's International Classification of Diseases (ICD-11), documents what treatments and health interventions are administered. With the inclusion of a traditional medicine module, therapies from Ayurveda, Yoga, Siddha and Unani systems such as Panchakarma, Yoga therapy, Unani regimens and Siddha procedures will now be recognised in globally standardised terms, the ministry statement said.

This will bring about multiple benefits such as transparent billing and fair pricing for Ayush services, smoother integration of Ayush treatments in health insurance coverage and enhanced hospital management, clinical documentation and health research.

Most importantly, it will lead to greater

global accessibility to Ayush interventions. This development aligns with India's vision of bringing its rich heritage of traditional wisdom into the global healthcare mainstream, backed by scientific classification and international standards, the statement said.

Welcoming the agreement, WHO Director-General Dr. Tedros Adhanom Ghebreyesus said on X, "Pleased to sign an agreement for a \$3 million contribution from #India to @WHO's work on traditional medicine and the International Classification of Health Interventions, with @moAyush Secretary Vaidya Rajesh Kotecha. We welcome India's continued commitment to #HealthForAll."

The combined impact of ICD-11 for diseases and the new ICHI module for interventions will ensure that Ayush becomes an integral, evidence-based, and policy-recognised part of global healthcare systems, the statement said.

Pact with WHO to help Ayush systems get global access

DC CORRESPONDENT
NEW DELHI, MAY 25

In a major development set to transform the global standing of traditional medicine systems, an agreement has been signed between the ministry of Ayush and the World Health Organisation (WHO).

In a statement, the Ayush ministry said that the agreement signed on Saturday marks the beginning of work on a dedicated traditional medicine module under the International Classification of Health Interventions.

Highlighting the significance of this achievement during the 122nd episode of Mann Ki Baat on Sunday, Prime Minister Narendra Modi said, "Friends, something has happened in the field of Ayurveda... Just yesterday, i.e. on May 24, an MoU was signed in the presence of the WHO director-general and my friend Tulsi Bhai."

"Along with this agree-

THERAPIES FROM
Ayurveda, Yoga, Siddha and Unani systems such as Panchakarma, yoga therapy, Unani regimens and Siddha procedures will now be recognised in globally standardised terms.

ment, work has started on a dedicated traditional medicine module under the International Classification of Health Interventions. This initiative will help in making Ayush reach the maximum number of people across the world in a scientific manner," he added.

The ICHI, complementing the WHO's International Classification of Diseases (ICD-11), documents what treatments and health interventions are administered.

The ministry said that with the inclusion of a traditional medicine module, therapies from Ayurveda, Yoga, Siddha and Unani systems such as Panchakarma. ■ P5

PACT WITH WHO TO HELP AYUSH SYSTEMS GET GLOBAL ACCESS

FROM PG 1

Yoga therapy, Unani regimens and Siddha procedures will now be recognised in globally standardised terms.

This will bring about multiple benefits, such as transparent billing and fair pricing for Ayush services, smoother integration of Ayush treatments in health insurance coverage and enhanced hospital management, clinical documentation and health research. It will also lead to greater global accessibility to Ayush interventions.

The development is in sync with India's vision of bringing its rich heritage of traditional wisdom into the global healthcare mainstream, backed by scientific classification and international standards, the statement said.

In his post on X, WHO Director-General Dr Tedros Adhanom Ghebreyesus said: "Pleased to sign an agreement for a \$3 million contribution from #India to @WHO's work on traditional medicine and the International Classification of Health Interventions.

भारत ने पारंपरिक चिकित्सा हस्तक्षेप पर डब्ल्यूएचओ के साथ ऐतिहासिक समझौता किया

नई दिल्ली, (भाषा) . भारत की पारंपरिक चिकित्सा प्रणालियों को वैश्विक पहचान और समर्थन मिले, इसके लिये आयुष मंत्रालय और विश्व स्वास्थ्य संगठन (डब्ल्यूएचओ) के बीच एक समझौते पर हस्ताक्षर किए गए हैं। आयुष मंत्रालय ने एक बयान में यह जानकारी दी। बयान के मुताबिक, इस समझौते पर शनिवार को हस्ताक्षर किए गए। यह समझौता स्वास्थ्य हस्तक्षेपों का अंतरराष्ट्रीय वर्गीकरण (आईसीएचआई) के तहत एक समर्पित पारंपरिक चिकित्सा मॉड्यूल पर काम की शुरुआत का प्रतीक है। मन की बात की 122वीं कड़ी के दौरान इस उपलब्धि के महत्व पर प्रकाश डालते हुए प्रधानमंत्री नरेन्द्र मोदी ने कहा, "साथियों, आयुर्वेद के क्षेत्र में भी कुछ ऐसा हुआ है, जिसके बारे में जानकर आपको बहुत खुशी होगी। कल ही, यानी 24 मई को, डब्ल्यूएचओ के महानिदेशक और मेरे मित्र तुलसी भाई की उपस्थिति में एक समझौता ज्ञापन पर हस्ताक्षर किए गए। इस समझौते के साथ ही, स्वास्थ्य हस्तक्षेपों का अंतरराष्ट्रीय वर्गीकरण (आईसीएचआई) के तहत एक समर्पित पारंपरिक चिकित्सा मॉड्यूल पर काम शुरू हो गया है। इस पहल से आयुष को वैज्ञानिक तरीके से दुनिया भर में अधिकतम लोगों तक पहुंचाने में मदद मिलेगी।" आईसीएचआई, डब्ल्यूएचओ के रोगों का अंतरराष्ट्रीय वर्गीकरण (आईसीडी-11) का पूरक है, जो यह बताता है कि कौन से उपचार और स्वास्थ्य हस्तक्षेप किए जाते हैं।

Delhi

आयुष को विश्व पटल पर ले जाने के लिए डब्ल्यूएचओ के साथ साझेदारी

पायनियर समाचार सेवा। नई दिल्ली

आयुष को वैश्विक पारंपरिक चिकित्सा प्रणालियों को वैश्विक स्तर पर ले जाने के क्रम में आयुष मंत्रालय ने विश्व स्वास्थ्य संगठन (डब्ल्यूएचओ) के बीच एक समझौते पर हस्ताक्षर किया गया है। आयुष मंत्रालय ने एक बयान में कहा कि शनिवार को हस्ताक्षरित यह समझौता अंतरराष्ट्रीय स्वास्थ्य हस्तक्षेप वर्गीकरण (आईसीएचआई) के तहत एक समर्पित पारंपरिक चिकित्सा मॉड्यूल पर काम का शुरुआत का प्रतीक है। रविवार को मन की बात के 122वें एपिसोड के दौरान इस उपलब्धि के महत्व पर प्रकाश

डालते हुए, प्रधान मंत्री नरेंद्र मोदी ने कहा, मित्रों, आयुर्वेद के क्षेत्र में कई को, डब्ल्यूएचओ के महानिदेशक और मेरे मित्र तुलसी भाई की उपस्थिति में एक समझौता ज्ञापन पर हस्ताक्षर किया गया।

इस समझौते के साथ, अंतरराष्ट्रीय स्वास्थ्य हस्तक्षेप वर्गीकरण के तहत एक समर्पित पारंपरिक चिकित्सा मॉड्यूल पर काम शुरू हो गया है। उन्होंने कहा, इस पहल से आयुष को वैज्ञानिक तरीके से दुनिया भर में अधिकतम लोगों तक पहुंचाने में मदद मिलेगी। आईसीएचआई, डब्ल्यूएचओ के अंतरराष्ट्रीय रोग वर्गीकरण (आईसीडी-11) का पूरक है, जो

बताता है कि कौन से उपचार और स्वास्थ्य हस्तक्षेप किए जाते हैं। मंत्रालय के बयान में कहा गया, पारंपरिक चिकित्सा मॉड्यूल को शामिल करने से आयुर्वेद, योग, सिद्ध और यूनानी प्रणालियों जैसे पंचकर्म, योग चिकित्सा, यूनानी आहार और सिद्ध प्रक्रियाओं को अब वैश्विक रूप से मानकीकृत शर्तों में मान्यता मिलेगी।

इससे आयुष सेवाओं के लिए पारदर्शी विलिंग और उचित मूल्य निर्धारण, स्वास्थ्य बीमा कवरेज में आयुष उपचारों का सहज एकीकरण और बेहतर अस्पताल प्रबंधन, नैदानिक दस्तावेजीकरण और स्वास्थ्य अनुसंधान जैसे कई लाभ होंगे। सबसे महत्वपूर्ण बात

यह है कि इससे आयुष हस्तक्षेपों को वैश्विक पहुंच बढ़ेगी। बयान में कहा गया है कि यह विकास वैज्ञानिक वर्गीकरण और अंतरराष्ट्रीय मानकों द्वारा समर्थित पारंपरिक ज्ञान की अपनी समृद्ध विरासत को वैश्विक स्वास्थ्य सेवा मुख्यधारा में लाने के भारत के दृष्टिकोण के अनुरूप है।

समझौते का स्वागत करते हुए, विश्व स्वास्थ्य संगठन के महानिदेशक डॉ. टेड्रोस एडर्नाम गेब्रेयसस ने एक्स पर कहा, आयुष सचिव वैद्य राजेश कोटेचा के साथ पारंपरिक चिकित्सा और स्वास्थ्य हस्तक्षेपों के अंतरराष्ट्रीय वर्गीकरण पर डब्ल्यूएचओ के काम में भारत से 3 मिलियन के योगदान के लिए

एक समझौते पर हस्ताक्षर करके प्रसन्नता हुई। हम सभी के लिए स्वास्थ्य के लिए भारत की निरंतर प्रतिबद्धता का स्वागत करते हैं। बयान में कहा गया है कि कोमारियों के लिए आईसीडी-11 और आईसीएचआई मॉड्यूल का संयुक्त प्रभाव यह सुनिश्चित करेगा कि आयुष वैश्विक स्वास्थ्य सेवा आधारित और नीति-मान्यता प्राप्त हिस्सा बन जाए। यह एक कोडिंग अपडेट से कहीं अधिक है, यह भारत की पारंपरिक प्रणालियों के माध्यम से सस्ती, सुलभ और विश्वसनीय स्वास्थ्य सेवा की ओर एक परिवर्तनकारी कदम है।
