Adani Group firm's revenue rises 17%, Ebitda margins lower than market expectations

Our Bureau

Mumbai: Adani Group-owned cement maker ACC on Thursday reported a 4% on-year rise in consolidated net profit at ₹375 crore for the quarter to June, aided by a 12% on-year growth in sales volumes.

The bottomline, though, was lower than market expectations.

Shares of ACC closed 2.97% down at ₹1,893.4 apiece on the BSE on Thursday. The company announced its earnings during market hours.

ACC had a sales volume of 11.5 million tonnes during the three months to June, its highest ever for the fiscal first quarter. This helped the consolidated revenue for the

quarter rise 17% on-year to ₹6,087 crore. Higher sales of premium products as a proportion of trade also aided the revenue, the company said in a statement.

While operating earnings before interest, tax, depreciation and amortisation (Ebitda) rose 15% as compared to the previous year to ₹778 crore, operating margins were 30 basis points lower at 12.8%. The company made an operating Ebitda of ₹678 on every tonne of cement it sold, up from ₹664 a year ago. The operating Ebitda was, though, lower than market expectations.

Total tax expenses for the quarter surged 51% on-year to ₹187.5 crore. This included a deferred tax liability of ₹33 crore for the quarter as compared to ₹1.7 crore a year ago.

Mumbai

ACC Ltd, a leading cement company of the Adani Group, has reported that its net profit in the June quarter was up four per cent at ₹375 crore against ₹360 crore logged in the same period last year.

Revenue increased to ₹6,036 crore as against ₹5,113 crore in the year-ago period. Overall expenditure was up 17 per cent at ₹5,594 crore (₹4,788 crore). Sales volume increased 12 per cent to 11.5 million tonne year-on-year (y-o-y) supported by increase in trade volumes and higher premium products. EBITDA was up 15 per cent to ₹778 crore (₹659 crore). Realisation was up at ₹678 (₹664) a tonne.

Power and fuel cost decreased substantially to ₹859 crore (₹1,000 crore) on addition of green energy into the portfolio.

GOING GREEN

Share of waste heat recovery system power increased from 9.9 per cent to 13.9 per cent, solar power share was up from 3.4 per cent to 11.3 per cent, taking the green power share up 11.9 percent-

age points to 26.2 per cent. The company aims to achieve 60 per cent green power share by FY28.

Optimised fuel basket, with use of low-cost imported petcoke, improved linkage and captive coal consumption and synergies with Group companies, have resulted in 10 per cent reduction in Kiln fuel cost from ₹1.73 to ₹1.56 per 1,000 Kcal.

Logistics costs was down 5 per cent at ₹972 a tonne, driven by efficiency improvement. Through various freight negotiation initiatives, road PTPK (pet tonne per km) cost decreased 1 per cent to ₹4.15 a tonne.

DEMAND TO REMAIN

Cement demand in the quarter remained strong at 4 per cent amid favourable macro-economic situations and sustained demand from housing and infrastructure segments, it said.

Overall in FY26, the demand is expected to grow to 7 per cent due to rise in demand for affordable housing (rural and urban), higher spending on infrastructure and commercial sector, which includes increased investment in core and allied infrastructure sectors.
